NUMBER 43

Election of the president of the United States by popular vote is now being pushed as a proposed amendment to the constitution. Lots of politicians were perturbed in the 1968 election over the thought that the third party candidate, George Wallace, came very near to attaining the balance of power in the electoral college and they are determined not to take the same risk again.

We recall the situation very well. If the two major candidates had both failed to get a majority of electoral votes Wallace would have been in a position for hard bargaining. He could have become very influential in the selection of the president. And liberals, with very good reason, assumed that any such decisions would be detrimental to themselves.

Understandably they want to get rid of the Electoral College system of electing. But in doing so they are trying to set up a less desirable system. While a popular vote election would end in a positive selection, it would also disregard the separate states and further strengthen a federal government which is already too strong. Continuation of that policy would eventually result in figure-head governors and helpless state legislatures who can be pushed around as the Washington powers please.

Actually the trend has already gone too far in that direction. It needs to be halted, not prodded on by another provision that is damaging to the states. To our way of thinking the idea ought to be scratched and efforts should be initiated to restore some of the influence and prestige and power that the states had in former days.

For instance, education all over the country could be improved wonderfully if each state were permitted to take over control of its schools. The country was suckered into accepting handouts from Washington, but next it found itself being pushed around by the professional educationists. The same applies in welfare, civil rights and other programs. People at the grass roots did not gain when the centralized bureaucrats took over.

The Washington crowd has completely changed the nation's original concept of government. The founding fathers' intention was to have a federation of separate states dedicated to the harmony and prosperity of all but allowing each to run its own affairs. In fact the constitution provided that powers not specifically assigned to the central government are reserved to the states. Hardly anyone needs to be reminded that many of those powers have since been taken over by the federal government.

As regards the election of a president, our founding fathers were careful to preserve the influence of the states. Each state cast its vote in accordance with the outcome of its own election. Varying the number of electoral votes was a matter of proper regard for varying populations but did not alter the fact that each state's electoral vote reflected the majority vote of its own people.

In recent years people have been bugged by the thought that the most popular man does not necessarily get elected. A candidate may barely win in a number of states while his opponent wins big in one state. The one would be ahead in electoral votes while the opponent is ahead in popular votes.

A still bigger objection to the system was the problem posed in 1968 when Wallace elected would have been able to vote as they pleased in the electoral college, and certainly not as the voters had indicated.

We must admit that the possibility of electing a president in spite of a lower popular vote, and the possibility of having an election controlled by a minor candidate with a balance of power doesn't seem like the best method. But to correct it by a simple popular election seems like over simplification. It might create worse problems than it eliminates. We can easily imagine that the liberal element dominating the densely populated North and East would soon become dominant in presidential elections and national politics. The country has a better chance of preserving the original intent of its founders by guarding the in-

A Proclamation

WHEREAS, there are over 1,400 servicemen held as prisoners in Southeast Asia by North Vietnam and her allies; and

WHEREAS, North Vietnam, despite appeals from neutral sources such as the International Red Cross, has consistently refused to divulge any information about the men on their health and well being, including even naming those they are holding, or even permitting such groups to inspect North Vietnamese prison camps to determine if they meet the minimum standards of care and treatment embodied in the Geneva Convention; and

WHEREAS, such callous disregard for long-established international rules for humane treatment of such prisoners is causing unbearable anguish among these American prisoners and their families at home;

THEREFORE, I, Michael E. Sloan, Mayor of the City of Muenster, do proclaim September 20-26, 1970, as "V.F.W. Freedom Signature Week" and urge all citizens of this community to demonstrate their obligation to these fellow Americans by signing petitions requesting the immediate release of all Americans held prisoner by the North Vietnam government and by Communist political front groups in Southeast Asia.

Signed, Michael E. Sloan

Signature Week on Petition to Reds Sponsored by Muenster VFW Post

Freedom and humane treatment for American servicemen held prisoners in Southeast Asia will be the object of petitions which members of Post 6205 of Muenster will circulate among local citizens Sept. 20-26, Commander John H. Wimmer announced this week.

Commander Wimmer said signed petitions obtained during "V.F.W. Freedom Signature Week" will be forwarded to V.F.W. Commander-in-Chief Herbert R. Rainwater who will personally seek to deliver them in October to the North Vietnam delegation at the Paris Peace Talks.

"If this fails," Commander Wimmer said, "then Commander-in-Chief Rainwater will present them to U. N. Secretary General U Thant and ask that the world organization bring pressure on Hanoi to assure that our men are treated humanely and the sick and injured are released."

Over 1,400 American fighting men are believed to be held in Southeast Asia by the North Vietnamese, Viet Cong and other Communists, Commander Wimmer reported.

"Reports from the handful of prisoners released by Hanoi and from those who have escaped tell us that our servicemen are being held prisoners without proper food or medical care in callous disregard for the standards set up by the Geneva Convention," he said.

"My Post believes that all Americans have a special obligation to these men," Commander Wimmer continued, "and feel that these petitions will vividly demonstrate to North Vietnam that the nation is united solidly on this issue and that the cruel and inhuman treatment they are inflicting will only serve to prolong the conflict in Southeast Asia."

Petitions will be available at the VFW Post Home, at Hofbauer's, Fisher's, Pagel's, Ray's Drive in grocery stores, and at Muenster State Bank.

Tigers Trample Panthers 36-14

It was a grand opening of the football season at Sacred Heart last Friday night as the Tigers mauled the favored Saint Jo Panthers 36-14.

They took charge early in the game and kept it going their way in three of the four quarters. During the third it was the visitors had a hot streak and trimmed the margin down to 6 points. But then the Tigers relieved the tension by putting the game on ice early in the fourth quarter.

A source of lots of joy to Coach Tom Joy was the discovery that he had made the perfect move in shifting Fred Fuhrmann from the line to backfield. Fred seems to have stepped into the shoes that were worn by Babe Schilling last year. He took on the job of backfield workhorse and did it superbly.

However, the game also had its dark side. John Bartush sustained a broken arm that will keep him out of action (Continued on page 4)

Muenster Native Tony J. Fipp, 68 Dies in Gainesville

Anton Joseph (Tony) Fipp, 68, died suddenly at 8:30 at his home in Gainesville Wednesday morning.

He was born June 13, 1902, in Muenster and moved to Gainesville with his parents in 1908. He recently retired as assistant cashier for the Gainesville National Bank where he began work in 1925. He was a director of the bank, a member of St. Mary's Parish and a member of Gainesville Volunteer Fire Dept.

He married the former Perinia Del Signore in 1945. She survives.

Funeral arrangements were pending at the Geo. J. Carroll & Son Funeral Home Wednesday.

Bake Sale

The Sophomores of Sacred Heart High will sponsor a bake sale Saturday, the 19th, in Fisher's, Pagel's and Hofbauer's Stores.

10,837 Swimmers Visit Pool in '70

Muenster's municipal swimming pool had 10,837 customers during the summer and closed the season with a deficit of \$470.32, according to reports this week from Dan Hamric, pool operator, and Steve Mosler, city superintendent.

Hamric said the best month was June with 4174 patrons and the biggest day was June 14 with 434. July total was 3653 and August 3010. The drop in August can be explained partly by weekend business only after school started.

Mosler said total revenue was \$2728.81 and operation cost was 2685.21, leaving the account \$43.60 in the clear. However the paint and equipment cost before opening, including circulating pump, diving board and paint, was \$513.92.

Best year in the pool's operation, since it opened in 1956, was 1961 with total receipts of \$2975. 1969 was next high with \$2914.

J & L Will Close Muenster Store

The Jones and Laughlin oil field supply store, which has operated in Muenster since the early days of the community's oil activity, will quit business as of October 1.

Carl Walterscheid, store manager, said he has instructions not to open on that day. The stock is to be transferred to other J & L stores. Walterscheid said he has not decided what his next job will be.

When the store opened in the thirties it was known as Frick-Reid Supply. Several years later it became a unit of the J & L System. Walterscheid has been store manager for three years, an employee in the store for ten years.

Elm Red District Sponsors Contest In Grass Judging

The 21st annual grass judging contest sponsored by the Upper Elm Red Soil and Water Conservation District has been scheduled for Tuesday, September 29, at Cooke County Junior College.

Harold Skaggs, chairman of the board of directors, announced the contest last week and said it is open to all 4-H and FFA members in the 3-county Elm-Red District. Registration will begin at 1 o'clock and judging will begin at 2. The directors expect 100 or more students to compete.

Skaggs added that the contest is unique in that it is based on a knowledge of 50 plants growing on farms and ranches of the district. The plants are identified by their common names and classified according to grazing value, wildlife value, annual or perennial, native or introduced, adapted to cool or warm season.

Students usually prepare for the contest by several days of study and practice with their advisers, thereby becoming familiar with characteristics of the area's plants. The information can be helpful later to those who own and operate farms.

The contest will have a junior division for first year ag students and a senior division for advanced students. A team is made up of four students and the three high scores are added to determine the team score.

After the contest the teams and their coaches will be luncheon guests of the directors. During the meal awards will be presented to the winning teams and high scoring individuals.

Removal of Katy Rails, Ties Begins

The job of removing rails and ties from the Missouri-Kansas and Texas Railroad's right of way between Wichita Falls and Whitesboro is under way.

An item in a Wichita Falls paper last Saturday revealed that a salvage company from Dallas had been moving equipment into Nocona preparatory to picking up materials of the abandoned track.

About 25 men are expected to work on the project, picking up the rails first and the cross ties later. Time required was estimated at several months.

Hornets Favored In Tussle with Saint Jo Panthers

The Muenster Hornets, after squeezing out a slim 35-30 victory over Valley View last week, will be the favorites again this week as they encounter the Panthers of Saint Jo. On the basis of Saint Jo's one sided loss to Sacred Heart the Hornets are rated as strong favorites.

Coach Glenn Richardson says however that it's not a game to take for granted and he certainly hopes not to see a repeat of the Hornets' first half performance last week. He said there were too many mistakes and not enough hustle while the Eagles were piling up their 15 point lead. He also felt that some of the boys might have looked better in other positions. So, the game Friday night will show some changes of assignment and perhaps a few rough spots while the fellows are getting accustomed to their new jobs.

Physical condition of the team is fine. Despite their rugged second half at Valley View the boys came through without an injury.

The game will be played at Saint Jo, starting at 8 p.m.

Drought Busted by 5.79 Inches of Rain

That long awaited moisture finally arrived. And How! The combined measure of readings on Monday, Wednesday and Thursday was 5.79 inches — which was sufficient not only to break a three months drought but also to give the

Boy, 14, Dies in Oil Storage Tank

A 14-year-old resident of Buckner Boy's Ranch south of Muenster lost his life Wednesday afternoon after curiosity led him to crawl into an oil storage tank near the home.

The victim is Douglas Roberts of Midland. He was exploring the countryside with a companion Tom Lee, 14, of Irving. The tragedy occurred about 1:10 p.m. and Roberts' body was recovered in seven feet of heavy crude oil in the tank at 6:35 p.m.

It is believed that the youngster was overcome by fumes and fell from the ladder inside the tank. Peace Justice Carl Burchfield ruled accidental death.

The body was taken to Geo. J. Carroll & Son Funeral Home.

Boys Invited to Join Cub Scouts At Sept. 28 Meet

Muenster Cubmaster Chuck Bartush this week issues an invitation to all boys between the ages of eight and ten to join in Cub Scouting.

He asks them to join in the fun of Pack 664 Monday night, September 28, 7:30 in the VFW Hall. At the same time he reminds the youngsters that they must be accompanied by their parents to sign application forms. Membership is \$1.00. Slips have been handed out at both local schools.

Prospective members, parents and families are urged to join with Pack 664 for an interesting meeting and refreshments on Sept. 28.

Plans for the meeting were made at a gathering of leaders and officers at the Bartush home Thursday evening. Mrs. Bartush served refreshments to 12 present.

Hornets Outlast Valley View 35-30

The Muenster Hornets started their football season like they ended their last one, by wearing down the nerves of their fans.

After an early lead they dropped back to a 2 touchdown deficit, regained the lead again and were in serious trouble just before the game ended. It was a bad night for ulcers of the Hornet supporters.

The start of the game seemed like a Hornet picnic. They went from midfield to the goal in a dozen plays, Tim Hennigan knifing through for the last 7 yards and Jim Endres kicking an extra point.

But then it was the Eagles' turn, and they indicated promptly that they intended to dump the favored MHS boys. Rex Ford made 11 in two plays, Larry Hill went for 27 and a penalty gave free yardage to the 13. Six plays later Hill went over from the 2 and Barthold followed over for bonus points. The Eagles led 8-7.

The Hornets came back with three first downs but had to kick on the fourth series. Valley View gained two first downs and stalled, and Muenster stalled on its first series. Then Barthold's 31 yard pass to Calhoun gave the Eagles a set up on the 12. Four tries netted a first down on the 1 and Ford scored on the next play.

Shortly before half time the Eagles struck again. Following an interception at midfield (Continued on page 8)

Car Wash Saturday

Sacred Heart High juniors have announced they will sponsor a car wash Saturday, Sept. 19, on the school grounds. A complete job, inside and out, will be two dollars, while outside only will be \$1.50. Persons who want their cars picked up and delivered are asked to call 759-2992.

Paper Pickup Saturday

Sacred Heart High seniors will conduct a scrap paper drive Saturday with pickup from 2 to 4 p.m. Persons with paper to give are reminded to have it out at the curb by 1:30 p.m.

soil a deep down thorough soaking.

Little if any of the rain ran off. It fell slowly Sunday night when all of 2.33 inches soaked in. Tuesday night's drizzle added one tenth of an inch and Wednesday's rain, starting about 3 p.m., fell in a number of short showers. It measured 3.36 in.

Along with measures of .33 and .30 on September 1 and 2, this brings the month's total to 6.42 inches. The year's total to now is 24.24 inches.

The week's rains measure more than twice as much as all the rain in the previous three months. June and July had 1.09 each and August had .13, a total of 2.31.

B. J. Swirczynski Seriously Hurt in Oil Field Accident

Bernard J. Swirczynski sustained a broken arm and leg and body burns in an oil field accident at about 2:30 Wednesday afternoon and was rushed to Muenster Hospital by a Geo. J. Carroll & Son ambulance.

He was hot-oil-treating a tank on the McWilliams lease northeast of Muenster when a spark caused an explosion that knocked him from the tank to the ground. He crawled 200 feet to his truck cab and radioed for help.

Muenster Fire Department hurried to the scene and extinguished the tank blaze.

Swirczynski was undergoing further examination at the hospital Thursday morning.

82 Liquor Bought By John Wimmer

John H. Wimmer, manager of 82 Liquor almost since the day of its opening, announced this week that he has bought the store from Willie Walterscheid.

Wimmer said that his wife will be his assistant and the rest of the store's personnel will remain as is. Albert Schilling and Wayne Trachta are part time helpers.

Wimmer started working at 82 Liquor on November 3, 1959. The store's opening date was October 23.

Tigers Will Host Trinity Valley in First TISC Tilt

Encouraged by a strong start in their game with Saint Jo last week, the Sacred Heart Tigers are fired up for a second win in their contest with Trinity Valley here Friday night.

Furthermore they have a special desire for this one because it's something special, the opener of their TISC schedule, and, they hope, the beginning of a good conference record.

The game will be played on Tiger field, starting at 8 o'clock. Preceding it the Tiger Cubs will tangle with seventh and eighth grade kids of Trinity Valley. Kickoff time for that one will be 5:30.

Coach Tom Joy is optimistic as his youngsters get set for the visiting Trojans. Intelligence reports, as he reads them, rate Trinity Valley as about equal to Saint Jo in speed and size, indicating that the two teams should be evenly matched. He's making allowance for the fact that the difference between teams last week was not as big as the score indicated. Saint Jo had more mistakes and bad breaks whereas Sacred Heart got along with very few troubles.

The game will be the second on the conference schedule for Trinity Valley. It lost to Fort Worth Christian 20-6 and in doing so showed a defense that will demand lots of respect from the Tigers.

Physical condition of the Tigers is somewhat below par. John Bartush is out with a broken arm, Tim Bindel is hobbling with a pulled legament in his leg and Alan Hess hasn't fully recovered from several days of illness.

Sacred Heart High seniors will conduct a scrap paper drive Saturday with pickup from 2 to 4 p.m. Persons with paper to give are reminded to have it out at the curb by 1:30 p.m.

Columbia the Gem of the Viet Cong

In the current (summer) issue of the "THE NEW GUARD", the official publication of Young Americans for Freedom, one David Carpenter has a few bitter words to say in an "open letter" to the Trustees of Columbia University in New York. Writes Mr. Carpenter:

"Gentlemen: Four years and over 8,000 dollars ago, I came to Columbia College expecting to be able to get a good liberal arts education, and in general spend my college years in the peaceful pursuit of this goal. Well, we all have our dreams!

In four years at Columbia I have witnessed the destruction of a once honorable institution. I have seen a once

great university become a third-rate political tool for a mob of Viet Cong flag waving animals who trample the rights of anyone who dares to disagree with them. This mob rules while the spineless "leaders" of the university cringe under their desks (when they can get into the buildings) and talk about whether they are relevant or not. I have seen a once honored Columbia degree become a worthless scrap of paper. I have seen many of the best faculty members pack their bags and leave in frustration of fear or simply because they don't relish the thought of having their files burned.

I have seen the last three spring semesters disrupted with the disrupters getting only a slap on the wrist. I have had my life repeatedly threatened. I have been told that I should try and finish my papers, but the last time I tried to get into the library I met a barrage of obscenities and was threatened with a club if I attempted to get to the doors. You may mail my diploma to my home address.

If you deny my B. A. degree for any reason, I am prepared to take Columbia to Court. This is not meant as a threat, merely a statement of fact. I will not allow you to penalize me because of your inability to keep the University open, which is your legal duty.

Gentlemen, I am angry and bitter not at the leftists who do what is predictable, but with you gentlemen. You have failed me and every other student who came to Columbia for an education."

Down with the Nit Pickers!

In a letter to the editor of the Seattle Times, a reader, Mr. L. F. Buchanan, says that he is "disgusted with nitpickers and with Ralph Nader in particular."

"In 1922," wrote Mr. Buchanan, "I paid \$34 for an automobile battery and it lasted 18 months — maybe. Now the battery that comes with the car lasts for years.

"In 1922 I had to have an engine overhaul at 10,000 miles. Now I drive 50,000 to 75,000 miles without a major overhaul. A tire that went 4,000 miles in those days was good. Now I get 30,000 to 40,000 miles. Vibration, then held my speed to 40 miles an hour. Today I sail along at 70.

"I don't believe Nader nitpickers were responsible for those changes. Nor do I need Nader to tell me when I am being 'rooked' on a product. I know a business fails or prospers through services rendered. That is why we have the highest standard of living and more conveniences than any other people on earth — and I know this was not brought about by the nitpickers.

"My shoes last longer than they did a few years ago. My electricity costs less per unit and service is more dependable by far. My radio in 1924 cost \$138. It had three tuning dials and batteries. Tuning in a station was quite an accomplishment. Now I can get a portable for \$25 and it does a much greater job.

"I feel people should be told much more about the history of such accomplishments than about faults found by the nitpickers."

Mr. Buchanan has a point. We would add this: it seems to us that Mr. Nader has what might be called a fairly safe operation. Improvements have not only been made in the past; they will continue to be made in the future. These improvements will come about because of the built-in imperative of business to satisfy the needs and demands of the consumers in a free competitive economy, where people have the right to choose the best buy at the best price. None of this will be the result of anything said or done by Nader's noisy raiders — but what is to prevent him from making that claim? And how much do you want to bet that he won't?

St. Stephen's Crown

The Soviet puppets in Hungary are making noises — again — over possession of St. Stephen's crown.

The royal crown, which symbolizes authority over all of Hungary, was turned over to U.S. armed forces for safekeeping near the end of World War II. Shortly thereafter the Soviet Union forcefully imposed communist power in Hungary, and ever since then the Reds have been trying to get their itchy fingers on the holy crown.

Stephen was the first ruler to muster the quarreling tribes of Hungary into a national whole. Legend has it that the holy crown was sent to Stephen by Pope Sylvester II for his coronation in the year 1,000. Ever since then, the sacred relic has symbolized leg-

itimate rule over the Hungarian people.

The Reds figure that they would gain respectability by having the crown in their possession — and, from time to time, weak holdover sisters in the U. S. State Department blushing admit that the crown is still here and hint that they would be relieved to get rid of it. One anonymous State Department employee recently tried to claim that "the United States is embarrassed" because we still have the crown. No reason for the alleged "embarrassment" was given, nor can we see any reason.

In the last free election of the Hungarian people — in November, 1945 — the Communists polled only 17% of the votes. But the Soviet Union insisted upon a "coalition government" (exactly as they are now insisting for South Vietnam) and that was the end of freedom for the Hungarian people. Today the iron curtain rings the country with barbed wire, watch towers, plowed land — and inside the deadly ring are thousands of Soviet troops to assure that the people remain slaves of the Soviet system.

The time to send back St. Stephen's crown will be when the iron curtain is torn down, the Red Army is sent to Moscow, when they have a free press, and the Hungarian people choose their own leaders.

CCJC and TP&L Experimenting on Grass Qualities

The Agriculture Department of Cooke County Junior College and Texas Power and Light Corporation are cooperating in an experimental farm project involving cool season grasses and legumes.

Dr. Aaron Baxter, farm and ranch representative of Texas Power and Light, and Tom Davidson of Cooke County Junior College have arranged to plant thirteen varieties of grasses and small grains and seven varieties of legumes in ten by twenty foot duplicated plots on the west side of the Cooke County Junior College campus. Texas Power and Light has agreed to furnish all seed and fertilizer, and will pay wages to students involved in caring for the test plots.

The objectives of the project include determining the adaptability of certain legumes and grasses to this particular locale and to gain information concerning proper fertilization procedures. Extensive tests to determine per acre yield and protein content of the various plants will also be conducted. Summary reports detailing the results will be issued at the end of the project. Persons interested in the project are invited to inspect the test plots at their convenience.

According to Davidson, a similar project involving warm season grasses will be initiated in the early spring.

SS Beneficiaries Urged to Check on Earnings Limits

"Social security beneficiaries who are working may be eligible for some or all of their benefits," stated Gus Jones, social security district manager in Sherman.

Beneficiaries earning \$1680 or less in a calendar year will receive all benefits. Those earning more than \$1680 but less than \$2880 in a year, will give up \$1 of benefits for every \$2 earned over \$1680. Those earning more than \$2880 in a year will give up \$1 of benefits for every \$1 earned over \$2880.

There is an exception to this general rule, explained Jones. Although earnings may be over \$1680 in a year, benefits will be paid for any month in which the worker neither earns more than \$140 in wages nor renders substantial services in self-employment.

Regardless of total earnings in the year in which a person becomes 72, benefits are payable for the month he turns 72 and all later months. However, earnings for the entire year in which a person is 72 are used to determine if benefits can be paid for months in that year before age 72.

A representative may be contacted in Gainesville each Tuesday and Thursday from 9:30 a.m. to 12:00 noon at the Federal Building.

Mexico Vacation For Jerry Sicking

A four-day holiday in Acapulco, Mexico, was vacation this year for Mr. and Mrs. Jerry Sicking. They were on a flying trip with a Southwestern Beauty Supply group of 168. Mrs. Sicking represented Evelyn's Styleroom.

Conducted tours showed places of interest, there was a party every night including oceanside beach parties and dinners, a two and a half hour cruise on a Fiesta yacht, a ride in a horse-drawn carriage with a fringe on top, dining and dancing at night clubs, Mexican food and fresh flower leis, an opportunity to shop and midnight swims in

the ocean.

Morning seminars were held for beauty shop operators. Side trips were to La Perla to watch high divers and to San Gabriel night-clubbing. It was there that Jerry Sicking celebrated his birthday at the Paradise Club, everybody was decorated with leis and the band dedicated the Anniversary Waltz to Jerry.

Also exciting for Evelyn and Jerry was the DC-8 jet flight. It was their first air travel. While they were away their young sons Michael and Darwin divided time between their grandparents, the Conrad Flusches at Decatur and the Johnny Sicking's.

It pays to advertise with the Muenster Enterprise.

CDA Installation Of New Officers Features Meeting

September meeting of Muenster court Catholic Daughters of America featured formal installation of new officers conducted by Mrs. Ann Chancellor of Wichita Falls.

The gavel was in the hands of Mrs. Ed Schmitt who assumed duties as grand regent, and presided for the business session.

Father Bede Mitchel attended and gave a short spiritual talk.

Members admired a new small electric organ the court bought for CDA functions and stainless steel tableware they bought for benevolent dinners which the court sponsors.

Mrs. Tony Hess, program chairman, reported that next month's program will be a demonstration on tin craft.

A memorial service and draping of the charter was

held for Mrs. T. L. Anderson, recently deceased member.

A bazaar committee was appointed to get started on the court's annual benefit bazaar, planned tentatively for early October. Needlework, clothing and a bake sale will be bazaar features.

Committee members are Mmes. James Mollenkopf, Alfons Reiter, Al Schmitt, Don Flusche and Tony Hess.

After adjournment refreshments were served to 30 members, Mrs. Chancellor and Miss Genevieve Rogan who accompanied her from Wichita Falls, and Father Bede.

Mrs. Joe Schnitker of Denison and Mrs. Al Schnitker of Pottsboro spent the weekend here with relatives to visit at the bedside of their sister Mrs. Matt Muller at Muenster Hospital. Sunday Steve Bruno and children Phillip and Nancy of Denison joined them and they returned to their homes together.

Muenster Firemen Go to Electra for District Meeting

Muenster Volunteer Fire Department was represented by nine members at the West Texas Firemen's and Fire Marshals' Association District Convention in Electra Sunday. Wives and children attending made a total of 17 present from Muenster. And they carried off a large portion of the prizes which were given away.

The local firemen made a good showing in the races but missed getting a trophy. They participated in the two-man and six-man hookup and water polo.

And they won the cash award from traveling the farthest to attend.

Present for the program and evening meal were Fire Chief and Mrs. Alvin Hartman and children Monica, Robert and Kenneth, Herbie Knabe, Ricky Stewart, Herby, Bobby and Junior Walterscheid, Ed Schneider and Messrs. and Mmes. Jim Vogel and Dink Hudspeth accompanied by the Ray Vogels.

Prize winners in the drawings for gifts provided by Electra businessmen were Herbie Knabe, Herbie, Bobby and Junior Walterscheid, Mr. and Mrs. Dink Hudspeth, Jim Vogel, Mrs. Ray Vogel and Alvin Hartman.

Several hundred firemen and family members of the district were present.

Local News BRIEFS

Mindy Rae Klement, infant daughter of Mr. and Mrs. Lloyd Klement of Richardson was baptized Sept. 6 in St. Mary's Church at Gainesville by Father Grant assisted by Mrs. Robert Russell of Muenster and Dale Klement of Denton as godparents for their niece. Relatives attending the service included the grandparents, Mr. and Mrs. Ray Klement of Muenster and Mrs. Herbie Herr and Mr. Herr of Gainesville, also the baby's great-grandmother Mrs. Paul Arendt Sr. of Lindsay, Mr. and Mrs. Gerald Hess and children Glenn, Penny and Laurie, and Robert Russell of Muenster and Milton Fette and a friend from Denton. Mr. and Mrs. Herr were hosts for the christening dinner in their home.

Funeral services were held Friday at 10:30 a.m. in St. Mary's Church at Ardmore for Mrs. Anna Herr, widow of Frank Herr a former Muenster resident. Mrs. Herr died Wednesday.

Visiting Sunday and overnight with Mr. and Mrs. J. A. Klement were their son David Klement and his friend Bill Diews, both of Detroit, Mich. They stopped over here enroute to Mexico City on a flying vacation. Joining them Sunday for dinner were Mr. and Mrs. Dick Schleicher and children Cliff and Susan of Fort Worth and Mr. and Mrs. Harold Bindel and daughters Debbie and Darla.

Mr. and Mrs. Fred Knabe and children have moved into their new home on North Cedar St. It's a brick veneer house with attached garage, three bedrooms, two baths, central air conditioning and heating.

Visiting with Mr. and Mrs. Don Lester at Gainesville has been her former roommate at college, Miss Loretta Droll of Dallas. The three were dinner guests one evening in the home of Mrs. Lester's parents, the Bruno Fleitmans in Muenster. It was a farewell visit for Miss Droll who has gone to New York to teach IBM for three months, sent there by the company she works for in Dallas.

Mrs. T. S. Myrick is back at home after summering in Mexico, Maine, with her daughter Margaret and family, the Arthur Bordeaus. From Maine she went to Aurora, N. C., to visit her son John Myrick and family and there got acquainted with her first great-grandchild, infant Donald Lee Jr., then flew home. Meeting her at Dallas airport were her daughter Mrs. Pat Stelzer and daughters Rene and Kristy and grandchildren Jill and Julie Myrick of Arlington who were visiting Muenster.

McDaniels Attend Turnham Reunion

A reunion with a covered dish dinner was held Sunday in the home of Mrs. Dave Turnham at Gainesville where family members gathered to welcome home her son, R. C. Turnham on his return from Thailand.

Thirty-seven were present for the get-together including Mrs. Turnham's brother and sister-in-law, Mr. and Mrs. Herbert McDaniel of Muenster.

Other kin attended from Florida, Abilene, Nacogdoches and Cooke County.

4-H Club News

Muenster Community 4-H Club, at the first meeting of the new school term Thursday, made program plans, heard reports on summer activity and discussed a clean-up campaign members will sponsor in observance of National 4-H Week Oct. 4-10.

Lou Ann Swirczynski presided, Dan Sicking led the inspiration, Lenora Fleitman reported on Rally Day, and Joe Swirczynski told about leaders' camp at Lake Murray.

Shorts, Blue Jeans, Slacks Banned for Muenster Hi Girls

Blue jeans, slacks and shorts may not be worn by the girls of Muenster High School during school hours, according to a regulation adopted by the Muenster school board at its meeting on Thursday, September 10. Approved attire includes pant suits, pant dresses and dresses which are not more than five inches above the knee.

Copies of the new regulation were given to students and faculty on Friday to be added to their respective handbooks. It reads as follows:

Paragraph 2, Page 13 under Personal Appearance of the Student Handbook.

Paragraph 2, Page 10 under Personal Appearance of the Board Policies Handbook.

As amended, shall read: "In grades kindergarten thru elementary, girls will be permitted to wear slacks and pant-dresses to school regardless of the season of the year.

"In the junior high and high school, girls will be permitted to wear pants-suits, pant-dresses, or dresses not to exceed five (5) inches above the knee while kneeling. Blue-jeans, slacks, shorts, etc., will not be permitted during school hours. At any time teachers, students, or administrators feel that the above manner of dress is distracting to the learning process, the student will be warned. In case of a second offense, the student will be sent home to change.

"As of the above date, teachers will be held responsible for checking the general appearance of all students the first period. Offenders will be sent to the office immediately."

Worry: interest paid on trouble before it falls due.

Harold Beasley, 61 Dies in Indiana

Word of the death of Harold Beasley, 61, of Sweeter, Ind., reached Muenster friends the past week. He had formerly of Muenster. He had not been ill and death came while he was working at the Fisher Body plant in Marion. He was with Marion Supply Company when he lived here.

Surviving are his wife, Ina; one daughter, Mrs. LaTrelle Haton of Indianapolis; one grandchild; one brother and one sister.

Rad Ware Juniors Beat Cubs 20-6

The Tiger Cubs of Sacred Heart ran into too much power in their game with Rad Ware Junior High at Callisburg Tuesday night. The count was 20-6, the second loss for the Cubs.

Rad Ware asserted its authority following the opening kickoff. A couple of huskies weighing 175 and 185 did the toting in a power drive that went 62 yards in nine plays.

After holding Sacred Heart on the first series the hosts started on a repeat performance but came to a sudden stop when Tim Felderhoff intercepted. The Cubs could not move and had to kick. Then Felderhoff intercepted again, after which the cubs did better. A drive including passes of 15 and 13 from Roger Endres to Karl Koesler and Pat Endres gained 43 yards. But then Rad Ware intercepted and ran back 70 yards for a touchdown. The try for bonus points was good and the half time score was 14-0.

The Cubs dominated in the second half which was featured by a half dozen fumbles, three by each team. After the fifth bobble Rad Ware was back on its 13 and uncorked an 87 yard touchdown play.

After that the Cubs put together their only successful drive. It went 55 yards in 5 plays and the pay off was a 5 yard pass from Roger to Pat Endres.

Next one for the Cubs is Friday night at 5:30 on Tiger Field with the juniors of Trinity Valley. The following Tuesday they will play at Lindsay, starting at 6:45.

Letterman's Club Has Business Meet

Sacred Heart Letterman's Club met Tuesday morning, organizing procedures and projects for the coming year.

Fred Fuhrmann presided in the presence of 18 members and Coach Tom Joy. Reports were heard from Secretary Nancy Endres and Treasurer Peachie Schoech.

Sacred Heart Club is affiliated with the National Letterman's Club and is important in promoting athletics at Sacred Heart School.

Tigers - - -

most of the season. Tim Bindel went out of the game near the end of the first quarter with a leg injury. Mark Schmitt and Fred Fuhrmann went out near the end with hand injuries.

Sacred Heart started the game by stopping Saint Jo on the first series, fumbled on its first offensive play, and again stopped the Panthers' first series. Then they got down to real playing.

With Fuhrmann slashing and crashing for most of the gains they moved 51 yards to the 22 in six plays. But the Panthers braced there and allowed only 3 yards on the next three plays. And that's when Gary Endres completed his only pass of the game. David Krahl received it in the left flat and scooted to the goal. Fuhrmann hit the line for bonus points.

On fourth play after kickoff Saint Jo gambled on a fourth and 1 situation and the Tigers took over on downs with 41 to go. Two plays gained a yard then Fred got around left end and made 33 to the 7. His next effort upped the score to 14-0. A run for extra points failed.

Penalties helped the Tigers on the next series and Saint Jo had to kick. With 58 yards to go Fuhrmann and company started its third scoring drive. Ten plays did it, Fuhrmann going over from the 8 and also running for extra points.

Finally the visitors started clicking. Six plays gained 34 to the Tiger 26 and a pass interference ruling gave them a first down on the 23 but the scoring threat ended with Tom Felderhoff's interception.

Starting the next half the Tigers kicked on their second series and the Panthers moved again. Nine plays gained 53 yards to the 30 before Fuhrmann intercepted. But Saint Jo intercepted three plays later on the 15 and a penalty gave free yardage half way to the goal. Johnson made it to the end zone in two plays and added the bonus points.

Sacred Heart went up the field again, 38 yards to the 25 in four plays. Then came a shocker. A pass that seemed like a TD was nabbed by Johnson who went 80 yards the other way for Saint Jo's second TD.

Suddenly the score was too close for comfort and Tiger fans had some tense minutes early in the fourth. After an exchange of kicks, with 36 to go, Kevin Swirczynski and Fuhrmann took the ball to pay dirt in four plays. Fuhrmann went over from the 11 and added bonus points. Sacred Heart fans settled down again.

Saint Jo fumbled on the first play after kickoff and Fuhrmann galloped 37 to the 16 on the next effort. But the next four tries made only 2 and Saint Jo took over on downs. Two plays later Gary Endres intercepted on the 25 and went in for the last TD. Krahl's run upped the count to 36.

Local News BRIEFS

Mrs. Larry Joe Walterscheid of Moore, Okla., is visiting relatives and friends here this week since Monday.

Mr. and Mrs. Clem Hofbauer and grandchildren Mike and Gena Hofbauer spent the weekend in Idabel, Okla., with the couple's daughter and family, the Ewald Fuhrmanns, Michelle, Melvin and Carmen. Saturday at 7:30 p.m. they attended First Communion services for Michelle and honored her at a party afterward. Also spending the weekend with the Fuhrmanns was Kevin Devers of Hugo, Okla.

Visiting in Muenster since Monday with the Clive Gobblers are her brother-in-law and sister, Mr. and Mrs. W. L. Eddy of Buena Park, Calif. They also will visit her sister and husband, the Henry Pattersons. The Eddys are planning to move to Muenster. They've bought lots and will build a home. The Pattersons, formerly of California, did that this summer. When the Eddys get settled here the three sisters will be together for the first time in many years.

Ample Supply of Reserve Claimed By Lone Star Gas

W. C. McCord, Lone Star Gas Company president, today described Lone Star's gas supply position as "excellent." McCord said that while some areas of the country are facing acute gas shortages, with no gas for new industrial loads, Lone Star has a contracted gas supply of about seven trillion cubic feet. At the rate of its usage in 1969, this is in excess of a 16-year supply.

The utility executive indicated that there are very substantial undeveloped and potential gas reserves to meet the growing national demands. However, he stated that a more enlightened federal regulatory climate is necessary to encourage extensive and highly expensive gas exploration by the industry at large. He added that Lone Star is ideally situated in the geographic center of the nation's prime gas producing area and has been able to execute aggressive programs to explore for gas and to connect additional supplies to the com-

pany's system. For instance, its wholly owned subsidiary, Lone Star Producing Company, recently completed a well in Hemphill County, Texas, which will produce approximately 30 million cubic feet of gas per day.

In addition, Lone Star has scheduled the drilling of a deep well exploratory test in Oklahoma's gas rich Anadarko basin. The first of two such wells, is projected to a world record depth of 28,000 feet. Drilling will begin in September.

McCord said that Lone Star's gas supply has placed Lone Star in a particularly advantageous position to seek and profitably develop new residential, commercial and industrial gas loads. On the basis of the company's strong gas supply position, Lone Star recently established a new wholly owned

subsidiary, Lone Star Energy Company. The energy company will construct, own and operate plants supplying hot water, chilled water, steam and other forms of energy to large complexes such as schools, hospitals, industries, office buildings, and shopping centers. Lone Star can take on the responsibility of meeting energy demands of these plants, McCord said, only on the basis of its sufficient gas supply.

Birthday Celebration
Stephen Vogel, five years old Monday, had help in celebrating his birthday at the home of his parents, Mr. and Mrs. Robert Vogel who served supper to Mr. and Mrs. Ray Vogel, Mr. and Mrs. Jim Vogel and the honoree's cousin Francis Hudspeth and his sister Valerie. A decorated cake and birthday gifts were included.

Antonetti Back from Trip Dr. and Mrs. Alfredo Antonetti returned Sunday night from a vacation in Florida and Puerto Rico. They were accompanied by son Emilio to Miami where he returned to school after spending the summer here. From there Dr. and Mrs. Antonetti flew to Puerto Rico to visit his cousin and wife and saw many of their friends from Cuba. It was their first time in Puerto Rico and they were entertained with parties and dinners and sight-seeing. On the car trip back they stopped in Houston to visit Doctor's brother Carlos Antonetti and family.

Choir Has Treat

Sacred Heart choir members and their families had their annual treat Sunday at Voths' Lake where a catered meal was served at noon. The party broke up earlier than usual on account of a shower of rain about 1:30. Fathers Placidus and Leonard attended with the group.

A father who wants his children to get an education these days may have to pull some wires — the television, the stereo, and the radio wires, not to mention the telephone wire.

Muenster Juniors Lick Valley View

The Little Monsters of Muenster Public School made a fine start in their football season Tuesday night by outclassing Valley View's junior high kids 24-0.

The game was theirs all the way through with a lead of 126 to 26 in rushing yardage and 125 to 8 in passing yardage. First down count was 10-6, however two of Valley View's came on penalties as Muenster kids crashed the kicker in trying to block punts.

The Monsters got started on their second possession, which was just before the first quarter ended. After Steve Klement's fumble recovery they went 49 yards in nine plays. Klement made 23 in three carries, Randy Wolf passed to Neil Huchton for 13 and scored from the 1 on a sneak.

Next time they got possession they scored on their first play. Terry Walterscheid went 55 yards on a pitchout and a pass to Huchton added 2 points.

Near the end of the half Tom Bright's interception started another drive but time ran out.

On third play of the second half Klement went 59 yards to the goal but a clip on the 28 spoiled the effort. Five plays later the drive bogged down and a Monster kick stopped just inside the goal line. Next play a visiting lad was nailed for a safety by Jim Grewing.

Next TD came early in the fourth period after four successive series ended in kicks. Wolf uncoiled a nice pass to Allen Britain for the 53 yard scoring play.

The Little Monsters will go to Whitesboro next week Thursday for their second game. Starting time is 6 o'clock.

Garden Club Meets

Muenster Civic League and Garden Club met Monday night at the library for a re-organizational session after being disbanded during the summer. Mrs. Pat Stelzer, president, presided. Principal business was program planning for the coming year. Miss Bettye Dodds is program chairman. Eleven members attended.

Rain Moves 100 in Hoedebeck Party From Park to Hall

Members of the Hoedebeck family held their annual reunion Sunday in Muenster City Park and for the third year in a row got rained out there and had to move to the KC Hall to finish their picnic dinner and visiting.

Honor guests this year were Mr. and Mrs. Joe Hoedebeck of San Diego, Calif., who were on a week's vacation. The get-together was an opportunity for the relationship to see them. Some 100 were present.

Coming from Dallas were Messrs. and Mmes. Norbert and Cletus Hoedebeck, Nelson Bergeron, Paul Klement and Nick Givodina and their families of 26 children.

The Phillip and Gene Hoedebecks and their families came from Madill, Okla. The Alfred Hoedebecks and the Michael Nixes and families attended from Irving. Mr. and Mrs. Ray Hoedebeck drove over from Denison, the Leo Hoedebecks and grandson Keith and Kenneth Hoedebeck and two daughters came from Gainesville. The Andy Arendts and family and the Clarence Zimmerers attended from Lindsay. They were joined by Gary Krahl of Valley View.

Mr. and Mrs. Gilbert Knabe and son Ronnie of Fort Worth joined her parents the Gene Hoedebecks and family and the Clem Reiters of Muenster.

Mr. and Mrs. Joe Hoedebeck spent part of the time during their vacation at Tishomingo, Okla., with her father and started back to California Wednesday.

It pays to advertise with the Muenster Enterprise.

"How are you getting along at home since your wife went away?"

"Fine, I've reached the highest point of efficiency. I can put my socks on from both ends!"

CHRYSLER

Announcing the 1971 Duster.

The big difference in small cars.

We first introduced the Duster as the best transportation bargain in America. It still is. And we built Duster to be America's "small-enough-but-big-enough" car. And it still is.

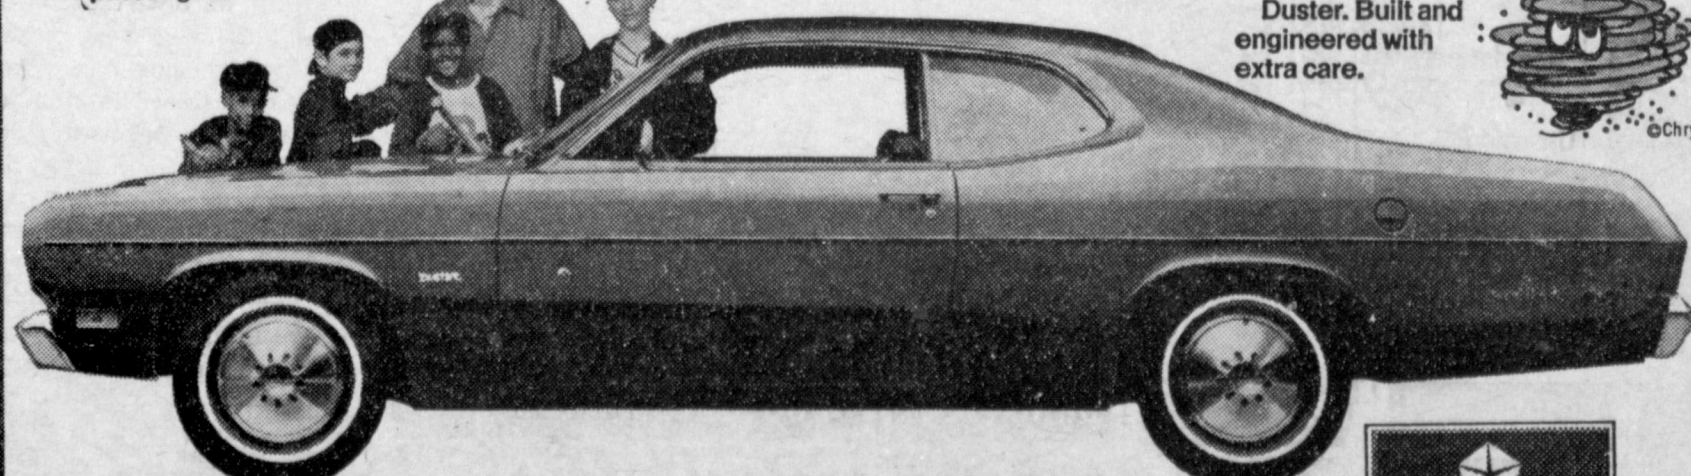

Small car lovers of America, your day has come.

You have more tires to kick, more doors to slam, more hoods to look under, more colors to choose from and more test drives to take than ever before.

Which leaves us to convince you that Duster gives you the most car for the money. That it's small enough, but big enough. And that, all in all, it's the ideal small car.

Room. More of it to accommodate more passengers. More of it to accommodate more luggage.

Most small cars are four-passenger cars. And when you sit in some of them, they feel like they were built for three-and-a-half passengers.

Duster's a five-passenger car. It seats five, comfortably.

Besides carrying more up front, Duster carries more in the trunk. You can stuff 15.9 cubic feet of stuff into it. (One of the new small cars has about a third as much trunk space.)

Small enough for maneuverability. Big enough for stability.

Duster's small enough to slip into about 3/4 of a parking space. Yet it's big enough to give you stability on the open highway.

It has our unique torsion-bar suspension (for better handling). And unibody construction—its strength completely surrounds you.

So Duster can handle stop-and-go city traffic as well as freeway traffic because it's the right size, the right weight and it handles.

Our small-enough-but-big-enough car has a small-enough-but-big-enough engine.

Duster's standard engine is our rugged 198 cubic inch, 125 horsepower Six.

It gives you great gas mileage and a little

more power than other small cars' smaller engines.

And that's a perfect combination.

Options. You have over 50 to choose from when you order a Duster.

Think of it this way. It's a convenience to have a lot of conveniences to choose from. If you're considering buying a new small car, and you have certain options in mind to go along with it, you may find Duster the only small car that offers them.

There are things like a Stereo Cassette Tape Player, V-8 engine, vinyl roof and power brakes that you just can't get on some small cars.

The Duster success story: to be continued.

No doubt about it. Duster is the car for the times.

Over 175,000 Duster buyers thought so last year. And we expect more of the same kind of success with the 1971 Duster.

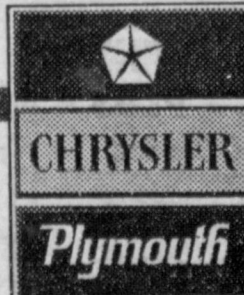

Before you buy a small car, look at our small car.

Duster. Built and engineered with extra care.

About the Enemies Of Your Plants

by Neil Tibbets

Many residents in Cooke county have noticed some unwanted pruning of their shade trees. This pruning is the result of the work of a dark grey beetle.

The beetle is called a twig girdler because of the type of damage it does. The adult females girdle branches of the host tree by cutting a circular incision through the bark and deep into the wood. They attack limbs 1/4 to 1/2 inch in diameter. The damaged limbs will break and hang in the tree or completely fall to the ground. Destroying the cut-off limbs will help in the control of this insect.

It takes one year for this insect to go through a life cycle. The adults will appear again next fall. Most of the damage has already occurred for this year.

PECAN WEEVILS

Growers in Cooke county are urged to spray their pecan trees now for the control of pecan weevils, says County Agent Neil Tibbets.

The pecan weevil is a very destructive pest that emerges from the soil in August and September and feeds on the pecans. Severe infestations will destroy all the nuts on a tree.

The adult female weevil is brownish in color with a body about three-eighths of an inch in length, and a snout as long as its body. The male has a somewhat shorter snout.

Feeding is done prior to hardening of the pecan shell. Eggs are laid after the shell hardens. The legless grub feeds from three to six weeks. When the grub is full grown, it comes out of the pecan and burrows into the soil. The life cycle requires from 2 to 3 years to complete.

When three or more weevils per tree are found, insecticides should be applied for control. Information on rates and kinds of insecticides can be obtained at the County Agricultural Agent's office.

PUSS CATERPILLARS (ASPS)

Many residents in Cooke county have noticed puss caterpillars in trees and around their home this fall. Puss caterpillars are commonly called asps.

These caterpillars are about one inch long when full grown. They are covered with hair. The color is variable, being yellow, gray, reddish-brown, or a mixture of colors. These caterpillars feed on the foliage of shade trees, causing very little damage.

Puss caterpillars can cause severe "stinging" if the hair are broken or stuck into tender skin. These hair are hollow and are supplied with a poison which causes the stinging.

When a person is stung — treat the area with a water solution of baking soda or household ammonia. If a person has a tendency to have severe reactions to stings, then they should see a doctor.

Insecticides will do little to kill these insects at this time, because the caterpillars are

full grown and have stopped eating. They are looking for a place to pupate and spend the winter. If a person insists on spraying, use Sevin or a general purpose spray.

Anyway, the question seems academic when one remembers that it has to be ratified by the states. A person hardly expects the small states to approve when they know they are throwing away a part of what little influence they have left in national politics.

The Albert Sturms Are Honored on 50th Anniversary

Mr. and Mrs. Albert Sturm who were married on Sept. 7, 1920, have celebrated their golden wedding anniversary.

Their children planned the surprise observance for Sunday, presented gifts and served a decorated anniversary cake and punch to guests.

The goldenweds recalled that it rained all day when they were married. Elm Creek was out of bank and they had trouble getting to St. Peter's Church in Lindsay for the ceremony. Mrs. Sturm is the former Martha Phillips. Their attendants were his sister Mrs. L. B. Bruns of Gainesville and her late husband.

Mr. and Mrs. Sturm both attended Lindsay school and have spent their entire married life on a farm. They reside six miles south of Lindsay. Both are still active although Mrs. Sturm has been blind for many years.

They are parents of three children, Johnny Sturm of Gainesville, David of the home and Dolores, Mrs. Jessie Sons of Sanger. There are five grandchildren, Barbara, Mike and Eric Sturm of Gainesville and Randy and Dina Sons of Sanger. All attended the celebration.

Others present included Mr. Sturm's only living sister, Mrs. Bruns, and Mrs. Sturm's sister Mrs. Margaret Geray.

Mat Neu, 78, Is Birthday Honoree

Mat Neu was the honored one at a dinner party when his children, grandchildren, brothers and sisters gathered at his home to help him celebrate his 78th birthday. They took covered dishes for the Sunday event.

Mr. Neu's birthday was August 28 but on that date he and his wife were on a vacation visit with relatives in Iowa. Traveling with them were their son and wife, Mr. and Mrs. Paul Neu. They visited relatives in Dennison, Detham and Manning.

Lindsay CYC Has Officer Election

Members of Lindsay Catholic Youth Council headlined their September meeting with election of officers for a new year.

Assuming the presidency is Lulu Bengfort. Other officers are Carol Bezner, vice president; Susie Bezner, secretary, Patsy Arendt, treasurer; Mona Schmitz, reporter.

Plans were made for a dance on Sept. 26 in the school gym with music by Rat's Alley. Cut-offs and faded jeans are banned.

Sister Imelda reminded the group to be thinking about some spiritual work that all members could participate in.

Corporate communion will be held Sunday at the 9 a.m. Mass.

Refreshments were served after adjournment and members remained to write letters to the president of Vietnam requesting release of American prisoners.

Local Residents Change Addresses

Mr. and Mrs. Clinton Endres have moved to occupy their own home, 319 E. First Street, which they bought from J. W. Fletcher. Mr. Fletcher has moved to Lewisville where he built a new home. The Endreses formerly lived on N. Hwy 373 at the end of Main St. That place is now the home of Mr. and Mrs. Gary Chism and baby who moved from Valley View. He's math teacher at the Public School.

Mr. and Mrs. Wayne Trubebach and children Ronald and Rhonda have moved from the country to town and are occupying the house at 620 E. Third where the M. L. Belchers lived before leaving Muenster.

New residents include the Bill Greens and Ken Turnages who occupy mobile homes on N. Pecan and the Carl Ingles who are in a mobile home at 306 Maple.

If you cannot believe anything you hear and only half of what you see, better be careful what you think.

Kathmans Observe 5 Anniversaries

September is birthday and anniversary month in the Bill Kathman family and five anniversaries were observed in one celebration at the Kathman home Sunday where dinner and supper were served to family members.

Honorees and their birthdates are Mrs. Kathman, Sept. 9; grandchildren George Wylie, Sept. 11, Eddie Insel, Sept. 19 and Johnny Wylie, Sept. 26. Mr. and Mrs. Stan Wylie's wedding anniversary is Sept. 13.

The Wylies attended from Grand Prairie and the W. E. Insels attended from Gainesville.

Senior 4-H Clubs Join for Meeting

Joint meetings between the senior boys' and girls' 4-H Clubs were held on Wednesday August 9 at Sacred Heart High. Cooke County Extension Agents Miss Dona Brewster and Craig Rosenbaum attended the meeting at which President Tommy Felderhoff presided.

Other officers of the boys' club include: Ross Felderhoff, vice-president; Larry Bayer, council delegate; Bill Bayer, reporter; and Tim Bindel, secretary.

President of the senior girls' club this year is Mary Bayer. Vice-president is Marge Felderhoff; council delegate, Peggy Endres; reporter, Joanie Rohmer; secretary, Peggy Sicking.

A discussion was held of an officer's meeting on Thursday, August 27, for new officers in order to gain a better understanding of their duties.

Junior leaders are preparing for their foods and nutrition meetings which will begin next month. These groups are formed so that junior member may attain a greater understanding of the value of foods.

Planning a junior leaders' party between the counties was discussed and enrollment cards for the new year were revised.

they went 35 yards to the 14 in six plays, missed two passes and connected with Mike Reed across the line. Another pass to Cheaney added two points. The hosts led 22-7 with 50 seconds on the clock.

The Hornets came back passing. A short one for 3 yards than a long one from Jim Endres to Gerry Cash for a 51 yard touchdown play. A pass to John Schneider added 2 points. Muenster trailed 22-15 at the half.

During intermission the Hornets and Coach Glenn Richardson seemed to work out their strategy. On second possession they started clicking on a drive that went 69 yards to a score. The drive included passes of 11 to Schneider, 28 to Glenn Felderhoff and another 10 to Felderhoff before Hennigan zoomed over from the 14.

Extra points attempt was a successful screen pass, but it was penalized 15 yards for ineligible receiver downfield. The next try failed. Hornets were still behind 22-21.

In the four minutes that were left in the third period, the Eagles lost possession three times on fumbles and the Hornets made good on the third. A pass interference ruling advanced 6 yards to the 12 and Hennigan went through the middle for the go-ahead TD. A pass failed. The score was 27-22 at the end of the quarter.

The last period started the same way. The Eagles' kick ending their first series was a dandy and Muenster had to start from its 6. The 94 yard drive used 12 plays including runs of 10, 10 and 12 by Hennigan and passes of 19 and 26 to Felderhoff, the latter for the touchdown. Koelzer's run added 2. Muenster led 35-22.

But the Eagles still were not conceding anything. With less than four minutes to go they held the Hornets and blocked a punt on the 18. Three passes from there were incomplete. The fourth was good across the line to Darrell Wolf and another pass to Calhoun made the count 35-30. The Eagles

were within a TD of victory. Then came the game's big tense moment. Cheaney intercepted a pass in midfield and got back to the 33 before he was stopped. Barthold failed to get off a pass, gained 5 yards on the second try, and was caught in a swarm of Hornets on the third. He fumbled, Muenster recovered and held on for the rest of the game.

Except for the opening minutes, when the Hornets drove to an apparently easy touchdown, the first half was dominated by the Eagles. They led 12-9 in first downs, 119-72 in rushing yardage, and 191-176 in total gains—and 22-15 on the scoreboard.

But the Hornets were in charge for most of the second half while they led 13-4 in first downs and made 117 yards on the ground to Valley View's net of 11, and also led 238-148 in total gains.
