## Washington and Religious Liberty

Plagued as we are these days by the anti-religious zealots-the Madelyn Murrays, the American Civil Liberties Union, the pornographers for

profit, the University filthy speech advocates, et al-it is both refreshing and rewarding to recall the profound faith of George Washington, whose birthday we celebrate this month, and his many statements defending the religious rights of the people.

"The liberty enjoyed by the people of these States of worshipping Almighty God, agreeably to their consciences, is not only among the choicest of their blessings, but also of their rights," Washington wrote in 1789.

Washington was convinced that the political and material prosperity of our nation could not be sustained without morality and religion.

"The consideration that human happiness and moral duty are inseparably connected will always prompt me to promote the former by inculcating the practice of the latter," he said. "Of all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports. Let us with caution indulge the supposition that morality can be maintained without religion."

"Religion," said Washington, "is as necessary to reason (intelligence) as reason is to religion. The one cannot exist without the other."

## George Washington

Feb. 22, 1732 - Dec. 14, 1799

"America has furnished to the world the character of Washington! And if our American institutions had done nothing else, that alone would have entitled them to the respect of mankind."

"Washington! First in war, first in peace, and first in the hearts of his countrymen! Washington is all our own!"

"Born upon our soil, of parents also born upon it; never for a moment having had sight of the Old World; instructed according to the modes of his time, in the spare, plain but wholesome elementary knowledge which our institutions provide for the children of the people, growing up beneath a and penetrated by the genuine influences of American society; living from infancy to manhood and age amidst our expanding, but not luxurious civilization; partaking in our great destiny of labor, our long contest with unreclaimed nature and uncivilized man, our agony of glory, the war of Independence, our great victory of peace; the formation of the Union, and the establishment of the Constitution; he is all, all our own! Washington is ours. . . ."

"I claim him for America. . . . To him who denies or doubts whether our fervid liberty can be combined with law, with order, with the security of property, with the pursuits and advancement of happiness; to him who denies that our forms of government are capable of producing exaltation of soul, and the passion of true glory; to him who denies that we have contributed anything to the stock of great lessons and great examples; - to all these I reply by pointing to Washington!"

Daniel Webster-address at the completion of Bunker Hill Monument, 1843.

## Open Sesame

A recent issue of one of the so-called underground newspapers—a better term might be "sewer travelogues"—suggested that "maybe a couple of white intellectuals, liberals, and radicals should start sleeping at Panther headquarters each night as voluntary hostages against pre-dawn raids." The reference naturally, was to the recent police raids on Black Panther hangouts.

In a tongue-in-cheek reply to the radical's suggestion, COMBAT a newsletter published by the National Review Magazine, came up with their own suggestion.

Said they: "COMBAT concurs, but suggests that certain citizens be designated to accompany policemen who have court orders to search Panther Headquarters for illegal weapons. The mere presence of these public-spirited citizens will insure that (1) police with a lawful search warrant can gain entry, and (2) police don't knock-and-then-bust-in-shooting (a charge Panthers and their friends frequently make). While policemen stand at each side of the Panther Headquarters door, the public-spirited citizens will stand squarely in front of it, knock loudly, and announce, 'Open up in the name of the law,' or another appropriate phrase.

"For this civic duty COMBAT recommends: in New York: Rep. Adam Clayton Powell, Ramsey Clark, Jack Newfield, Zbigniew Brzezinski. In Chicago: A. A. Raynor, Rev. C. T. Vivian, Rev. Jesse Jackson, Bill Mauldin. In San Francisco-Oakland: Dr. Carlton Goodlett, Dr. Philip Shapiro, Herb Caen. In Los Angeles: Donald Kalish, Donald Freed, Robert W. Kenny, Angela Davis.

"The job of Police Door-Knocker and Town Crier, as a civic duty, will be without remuneration."

It would indeed be interesting to see if these apologists for the poor, oppressed Panthers would be able to stand before the doors of the Panthers' Headquarters and shout, like Ali Baba and the 40 thieves: "Open Sesame!" without being met with a hail of bullets. If they were to survive the first search party, we might even hear them change their tunes.

Fashion Comment — She's only a build in a girdled cage.

The junior executive had been complaining of aches and pains to his wife. Neither one could account for his trouble. Arriving home from work one night, he informed her: "I finally discovered why I've been feeling so miserable. We got some ultra-modern office furniture two weeks ago and I just learned today that I've been sitting in the wastebasket."

## We're Living in A Horsey Society

The beast of burden has trotted into today's new and affluent society. When the mechanical horse removed bronco from the menial chores of the plow, fire engine, buggy, wagon and horse car, old dobbin did not retire but prospered.

In the last 6 years the number of horses has doubled and is now estimated at 7 million. The horse still holds his own on the ranch and in mounted police units, but is becoming a more avid sports enthusiast. What would fox hunting, polo, or trail riding be without a horse? Horse racing has also been hailed as the most popular spectator sport, with 63 million people attending the races last year at 230 tracks.

Nearly every horse breed registry is reporting increasing numbers since 1960, from Tennessee Walking Horses, 91,000, to Shetland Ponies, 119,000. Registered Arabians tripled in the last 10 years to more than forty-six thousand in the United States and Canada. The American Quarter Horse breed, largest in the nation, has passed a half-million registrations.

The United States has not gone to the dogs. It's gone to horses—and in a big way!

## Don't Make A Production Of Maturity

"Boys will be boys" is perhaps, enough excuse for a harmless Halloween prank, but emphatically an excuse for burning buildings, disrupting a big city's traffic, interfering with the majority of students who want an education, nor supporting our country's vicious enemies.

It may well be, as some say, that these people are hardened thugs in the pay of foreign revolutionary group who want to weaken and destroy America, but whether this is true or not, we think the working, tax-paying, respectable Americans who are the ones whose opinions are worth considering, are sick and tired of the trouble makers and don't intend to have much more of it. And the great majority of the young people agree.

## Iowa Justice?

It doesn't take a newspaperman very long in the business to learn not to say, "Now I've heard everything." No sooner are the words printed when—sure enough—a long comes something to top them all.

Such is the wire-service news story out of Eddyville, Iowa which, if the facts are right, is so far-out that it strains our credulity.

It appears that Mr. and Mrs. Edward Briney, of said Eddyville, stopped a thief from completing the crime of burglarizing their home. The thief was arrested and brought into court but he "copped a plea" and was let off with a \$50 fine and no jail sentence. ("Copping a plea," a favorite device of experienced criminals, means that rather than stand trial and risk conviction for the crime committed, you plead guilty to a lesser crime.) His intended victims, the Brineys, however, have lost their 30 acre farm, and they have been forced to sell their home in order to pay damages of \$30,000 and \$5,000 in court costs awarded to the convicted thief.

The burglar sued the Brineys as a result of a wound that he received in his foot from a shotgun trap, used by the Brineys as a crime prevention device. The trap worked. The had to sell the farm to raise the money to pay the crook.

But don't say, "now I've heard everything"—not yet. There is more. An Iowa Senator, it is reported, proposes to introduce two legislative bills. The first would take from the state treasury sufficient money to pay the Brineys to pay the crook. The second bill (and if you find this hard to believe, so do we) would apply to all future crimes, by having the State pay the hospital costs up to \$1,000 of anyone injured during the course of committing a criminal act on life or property.

We are not entirely sure whether the reporter on the story indulged in a little too much anti-freeze on his way to work, or whether the state representative did the same on his way to the State House, or whether static on the wire-service line garbled the copy. We hope that the people, the legislature, and the courts in Iowa have not gone completely insane.

—U. S. Press Assn.

The collectors were pressing down on Old Bill during a drive for church funds: "I can't give nothing," he pleaded. "I owe nearly everybody now."

"But," said one of the solicitors, "don't you think you owe the Lord something too?"

"I sure do," said the old man. "But He ain't pushing me like the other creditors are."

## Super Hugger

If it were an ordinary sportster, we'd have introduced it at the ordinary time.

Instead, we took the time to build a whole new Camaro.

We started with a sleek new shape and a low road-hugging stance.

And added more hood. A faster fastback. Wider doors. And new deeply contoured bucket seats.

The instrument panel wraps around you. With enough dials to make you think you're piloting a 747.

There are four transmissions. And six power plants up to the Turbo-Jet 396 V8 that you can order.

Pick the one that best suits your driving. Then go pick on an open road.

And make it one with plenty of twisting turns. Because Camaro has a remarkable new suspension. And standard front disc brakes for a leech-like grip on the road.

New Camaro. The Super Hugger. Other sportsters always feared it might come to this.

And they were right. Only their timing was wrong.

### Herman Schniederjans Are Honored On Golden Wedding Anniversary

The golden wedding of Mr. and Mrs. Herman Schniederjans, Gainesville, was observed on Feb. 15 when their children and grandchildren were with them for dinner and an afternoon party.

Hosts for the celebration were their children and families the David Schniederjans in whose home the observance was held, the Elmo Selfs also of Gainesville and the Paul Schniederjans of Amarillo. There are 25 grandchildren.

Others attending included her sisters Mrs. Veronica Harris and Mrs. Florence Wiese of Fort Worth and his sisters Miss Marcelline S. Schniederjans, Mrs. Bernice Cox and Mrs. Ella Flusche of Gainesville. Lora Zettler, daughter of the late Mr. and Mrs. A. J. Zettler and Herman Schniederjans, son of the late Mr. and Mrs. H. H. Schniederjans, were married in Lindsay on Feb. 17, 1920. They have lived in their present home, Old Denton Road, most of their married life. Two sons Ted and Louis are deceased.

An accident during the afternoon the day before the celebration upset festivities. Gary Schniederjans, a grandson from Amarillo, lost control of his car and wrecked it. He was moved from Gainesville Hospital the following Tuesday to an Amarillo hospital. He is the son of the Paul Schniederjans.

### Spring Fashions Is 4-H Program

Senior 4-H Club girls of Sacred Heart School discussed the spring look in fashions at their monthly meeting. Miss Dona Brewster, assistant county home demonstration agent, was in charge of the program and illustrated with patterns. It all concerned the upcoming Dress Revue.

After the discussion the group went to the Charm Shop to view the in-things including sportswear, dress wear, jewelry and other apparel. Charm Shop clerks showed and explained everything in detail, according to Mary Bayer, reporter.

Peggy Sicking, president, led the pledge before turning the meeting over to Miss Brewster. Nine members were present.

**NOTES FROM THE LIBRARY**

By Bettie Luke

Some of the outstanding books we have received from Texas State Library on loan are The Parade of the Animals Kingdom with over 700 illustrations. Listings include The First Animals, Insects, Birds, Snakes, Lizards, Turtles and Mammals — egg-laying, pouched, toothless, flying and insect-eating mammals. Also hoofed animals, rodents and many more.

Another interesting book is Attracting Birds from Prairies to the Atlantic by Verne Davidson. This is for everyone interested in attracting birds to city yards, suburban gardens or farm habitats. There are alphabetical entries for 400 species of birds and 700 plants and foods important to them. Also the kind of nest the bird prefers, where it builds it, and the type of man-made house it will occupy. Also lists of foods that are especially effective lures and the type of feeder that has been most successful.

Another book is The Wonderful World of Gems. This authoritative book with its mass of fascinating material tells the story of gems, crystals and shells, their scientific origins, how they are discovered, how used and how to identify the real from the synthetic. It describes every kind of precious stone, shells and crystals, diamonds, topaz, tourmaline, turquoise, jade, pearl (natural and cultured), emerald, coral amber, ivory and tortoise shell.

Come and read with us.

**Religious, Social Events Observe Golden Wedding of Jake R. Bezners**

Mr. and Mrs. Jake R. Bezner who were married in Lindsay on Feb. 17, 1920, celebrated the golden anniversary of their wedding on Feb. 14 at 4 p.m. Mass in St. Peter Church there and a reception that followed in the Knights of Columbus Hall at Gainesville.

Rt. Rev. Abbot Michael Lensing of Subiaco, Ark., officiated at the Mass and ceremony. Concelebrating with him were Father Francis Zimmerer and Father Alcuin Kubis, cousins of the couple.

Present in the sanctuary were Fathers Fred Mosman, Ignatius Bodmayr, Damian Wewers, Joseph Fuhrmann, John Walbe and Bede Mitchell. Grandsons of the goldenweds participated in the ceremony. Dale, Matt and Chris Bezner were acolytes and Bruce and Andy Bezner presented the offertory service. Brian, Jacob and Sammy Bezner were ushers.

Two of the nun-daughters of the couple, Sister Anna Rose and Sister Ramona furnished the music for Mass using organ and guitar to accompany their singing.

Attendants at the wedding a half century ago were Clara Flusche and the late Freddy Bezner. Attending them on the anniversary were Mrs. Clara Flusche Gimple and her husband Carl Gimple.

Mrs. Bezner wore a magenta suit dress with matching headpiece and black accessories. Her corsage was a yellow-throated white orchid. Mrs. Gimple wore an aqua dress with beige accessories and a glamelia corsage.

Some 250 relatives and friends joined the honorees in the KC Hall for the reception and a catered buffet dinner. Granddaughters Susan, Melinda, Lisa and Sandra Bezner registered guests. The registration table held a picture of the goldenweds taken at their wedding in 1920 and the original wedding invitation. Also a decorative candle, a gift from Mrs. Gimple.

The wedding cake, a gift from a niece Mrs. Al Horn, was served by the couple's daughter, Miss Viola Bezner and daughters-in-law, Mmes. Johann, Joan, Laurie and Rose Bezner.

Master of ceremonies for the dinner program was Joe Bezner Jr., a nephew. It was during the program that a special apostolic blessing for Mr. and Mrs. Bezner from His Holiness Pope Paul VI was

read by Father Alcuin who had secured it for them.

Congratulatory messages were read from Bishop Casata, Bishop Gorman, Bishop Tschoepe and Bishop Dangelmayr. Msgr. Fred Mosman was the main speaker. Others on the program were the honorees' three daughters who are Sisters of Divine Providence, Brian Bezner the oldest grandchild, Sister Alban Bezner, sister of Mr. Bezner and members of the clergy.

Mr. and Mrs. Bezner's eight children and 15 grandchildren were with them for the day's celebration. The four sons are Lambert of Gainesville, Wilfred, James and Weldon of Lindsay. The four daughters are Sister Anna Rose of Ennis, Sister Kathleen of Tulsa, Okla., Sister Ramona of Castroville, and Miss Viola Bezner of Fort Worth. A son, Arnold, died in 1955.

Out of town guests in addition to the many from Lindsay and Muenster were relatives and friends from Carroll, Iowa, Arkansas, Hereford and the Dallas-Fort Worth area.

Mr. and Mrs. Bezner are retired from farming, are in good health, and have lived at Lindsay since their marriage.

**Pete Block's Feted In Observance of 45th Anniversary**

Surprises greeted Mr. and Mrs. Pete Block on their 45th wedding anniversary when a group of relatives and friends arrived at their home to help them celebrate. A beautiful floral arrangement presented by the couple's children was a centerpiece for the gift table.

After taking pictures and viewing gifts the group enjoyed table games, visiting and refreshments.

Of the couple's eight children only one was missing. Mrs. Bill Hemmi of Wichita Falls was unable to attend on account of illness.

The others are Wilbert, and Gene Block and Mrs. Damond Fuhrmann of Lindsay, Mrs. John Kuntz of Valley View, Mrs. Al Kuntz of Fort Worth, Mrs. John Loerwald of Bedford and Mrs. Leo Wagner of Perry, Okla. Attending with them were Mrs. Wilbert Block, Damond Fuhrmann, John Kuntz and Al Kuntz.

Also Mrs. Block's brother Anton Laux and her brother-in-law and sister, Mr. and Mrs. Ewald Hoelker, Mr. Block's sister Mrs. Ben Hermes, sister and brother-in-law, Mr. and Mrs. Bill Fleitman and brother and sister-in-law, Mr. and Mrs. Nick Block, all of Lindsay.

**Group of Arkansas Cattlemen Tour Tony's Feed Lot**

Muenster is one of the stops for a group of Arkansas beef producers on a Texas tour Monday through Friday of this week. The tour is sponsored by the Arkansas Agricultural Extension Service, Arkansas Farm Bureau and Little Rock Chamber of Commerce.

They arrived Feb. 26 about 11 o'clock for a tour of Tony's Feedlot north of town and were met by personnel of the Chamber of Commerce, the Farm Bureau and the County Extension Office. After that they had a barbecue lunch at Rohmer's Restaurant, then headed for a cutting horse demonstration at Cauble's Quarterhorse Ranch north of Denton.

The group's tour will cover about 1000 miles by bus visiting experiment stations, feedlots, purebred cattle herds, commercial cattle herds, feeder calf order buyers and the Fort Worth Livestock Market.

**Hornet Trackmen Are Strong First In Practice Meet**

First activity of the new track season was encouraging, according to Coach Glenn Richardson. His MHS Hornets came out a strong first in a triangular practice affair last week with Saint Jo and Callisburg at Saint Jo. The scores were 230 for Muenster, 178 for Callisburg and 60 for Saint Jo.

The Hornets took first place in eleven of the 14 events, failing only in the 100 yard dash, the shot put and the sprint relay. In the latter race the Hornets dropped the baton while leading the race. Callisburg won those three events and also broke even with Muenster in second places.

Next action for the Hornets will be considerably tougher, but still not as tough as some of the meets they will enter later. This is a meet of area teams in Leeper Stadium at Gainesville, Saturday. Teams entered are Muenster, Lindsay, Era, Valley View, Saint Jo, Callisburg, Collinsville and Sanger. Starting time is 10 a.m.

Members of the Muenster teams and the events in which they compete are as follows.

- 440 Relay. Andy Knabe, Fred Lippe, Bobby Bruns, Terry Miller.
- 880 Dash. Leon Klement, Andy Knabe, Joe Klement.
- 120 Hurdles and 330 Hurdles. Fred Lippe, John Monday, Ken Walterscheid.
- 440 Dash. Bobby Bruns, Terry Miller, John Felderhoff.
- 220 Dash. Fred Lippe, Ken Walterscheid.

**BIRTHS**

Mr. and Mrs. Arthur Bayer are rejoicing over arrival of Nathan John who joined their family Wednesday this week when he was 12 days old. He's welcomed also by his sisters Julia and Janet and his brother Keith. The six pound seven ounce boy is a grandson for Mrs. Gertrude Bayer and Mr. and Mrs. Robert Knabe Sr.

Mr. and Mrs. Truman Wolf of Plano announce the birth of a son, their second boy, at St. Paul's Hospital in Dallas on Wednesday, Feb. 25, 1:54 p.m. He weighed nine pounds 12 ounces and is a brother for Scott. The grandparents are Mr. and Mrs. Henry Zimmerer of Lindsay and Mr. and Mrs. Bernard Wolf. Mrs. H. A. Lueb of Oklahoma City and I. A. Zimmerer of Lindsay are great-grandparents again.

Mr. and Mrs. Arlin Naegeli have named their new son Stephen Blair. He was born Wednesday, Feb. 11, in Bohne Memorial Hospital at Brenham, checking in at eight pounds eight and a half ounces. He's a brother for James. The grandparents are Mr. and Mrs. Walter Naegeli and Mr. and Mrs. Earl Landua of Burton. Arlin went to Burton for the weekend and brought his wife and sons home Monday. He's with the local soil conservation service.

Mr. and Mrs. Anthony Grewing are parents of a daughter, weight eight pounds, born at Gainesville Hospital Monday, Feb. 23, 11:13 a.m. The baby's mother is the former Sharon Grimes. Grandparents are Messrs. and Mmes. J. B. Grimes and John Grewing.

**NEWS OF THE SICK**

Albert (Buster) Herr was dismissed from Muenster Hospital Wednesday to continue convalescence at home. He will be a bed patient six weeks recovering from multiple injuries received in a fall from the roof of Stockmen's Feed Store on Feb. 13.

Eddie Hellman was a patient at Muenster Hospital after undergoing bone graft surgery at Wichita General Hospital last Thursday. The bone graft was on his right leg that was damaged in a motorcycle accident last June. His mother Mrs. Clarence Hellman and Mrs. C. J. Hellman and three daughters took him to Wichita Falls and his mother and Mrs. Jim Hellman of Gainesville returned him to Muenster Hospital the following day. He was dismissed Wednesday.

Mrs. Joe Hoenig is getting back into circulation following surgery and shut-in days at home since Jan. 19.

Mrs. Bob Yosten who is wintering in Cleburne with her daughter and family, the Curtis Hollands, is walking with a walker now. It's a specially designed walker with a knee rest on the left side to compensate for her missing limb. Mrs. Yosten plans to return to her own home here in April after practice with the walker until then. She has hopes of being able to do her household chores and stay alone. She lost her left leg below the knee in surgery last July when she was 85.

Larry Yosten is back at home since last Thursday, dismissed from Baylor Hospital where he underwent open heart surgery on Jan. 30. He's regaining his strength, is able to be up a little more each day for short periods.

**Local VFW Group Attends District Meet at Tawakoni**

Muenster VFW Post and Auxiliary were represented by Messrs. and Mmes. J. H. Wimmer, Dink Hudspeth, Don Flusche and Herbie Herr at the District I convention at Tawakoni during the weekend. They were among more than 300 members of the organization present.

Sixteen of the 18 posts in the district sent representatives and Honey Grove was welcomed as a new post.

Senator Ralph Yarborough was the featured speaker at the banquet Sunday and followed with a question and answer session. Judge Holtis Gorman gave the welcome.

Voice of Democracy Essay Contest winners of the district presented their speeches. They are in the order named, Allen Gordon of Denison, Robby Moore of Plano, Cindy Snapp of Farmersville.

Gainesville will host the next district meeting, May 16-17, to feature election of officers.

It was announced that members planning to attend the state meeting in Amarillo must notify Gene Blalock, Box 171, Denison 75020 no later than this weekend. Reservations will be called in Saturday.

Horrified to see a customer tuck a napkin into his shirt collar, the head waiter at the very exclusive restaurant approached him and asked pointedly, "Shave or a haircut sir?"

**SOIL CONSERVATION DISTRICT NEWS**

**OUR SOIL ★ OUR STRENGTH**

J. W. Fleitman has shaped a waterway on his farm near Myra. A seedbed was prepared and has been sprigged to Selection No. 3 bermudagrass. This was used because of its tremendous root system. After a good cover of grass has been obtained, parallel terraces will be constructed on this field.

H. S. Ferguson recently completed a pond on his Triple 'F' Ranch west of Muenster. The pond will provide livestock water for a field of coastal bermuda. This will allow him to establish a rotation grazing system on the bermudagrass he has established or will be establishing this spring.

A grade stabilization structure has been completed on the G. G. Scroggins farm four miles east of Montague. This will help him to eliminate some bad gullies on his farm. In addition to the structure, Scroggins has recently completed 2,800 feet of fencing. This fence was built to divide one large native grass field into two smaller fields to carry out better grass management on his farm.

A pond has been staked on the Roscoe Raymond ranch near Dye Mound. He will build the pond himself. The pond will provide livestock water in a large field of coastal bermudagrass. His livestock will be able to make more efficient use of the grass once the pond is built.

Joe and John Kleiss have sprigged five acres of coastal bermudagrass on their farm west of Muenster. This is an area where the brush was cleared earlier. This bermuda will furnish additional summer grazing after it is established.

Andy Schoech has converted 20 acres of his cropland fields to midland bermudagrass. Schoech is planning to change his operation to beef cattle. The bermudagrass will provide him with an excellent summer pasture. His conservation plan is in the process of being revised to reflect the changes in his operation.

Don Endres has sprigged seven acres of coastal bermudagrass on the dairy farm he operates southwest of Muenster. This area has been converted from cropland to a bermudagrass pasture to provide additional grazing for his dairy herd.

A pond has been completed on the Robert Bayer farm northeast of Muenster. This pond was built with a dozer and will provide livestock water in a native grass pasture. With this pond Bayer will be able to make a more uniform harvest of the forage that is produced.

A good seedbed is the key to establishing a good stand of grass.

It is time to start thinking about fertilizing existing pasture grasses and controlling weeds. Most grasses do not start using the fertilizer put out until about May. Hold fertilizer until then and less will be used by early growing grasses and weeds. Use 50-20-0 on heavy clay soils.

Be pleasant until 10 a.m. The rest of the day will take care of itself.

**Mrs. Walterscheid City's 'First Lady' Celebrates 80th**

Mrs. Walterscheid was the first baby born in the new colony of Muenster after its settlement 81 years ago this year.

Joining in the party were her sisters Mrs. John Rohmer, Mrs. Nick Yosten, Mrs. John Felderhoff and Miss Theresa Hesse, a sister-in-law. Mrs. Meinrad Hesse and daughters Sister Francesca Walterscheid of OLV Convent, Fort Worth, who spent the day, and Mrs. Norbert Koesler.

The two daughters served birthday cake and other refreshments after the honoree displayed a shower of gifts and there was picture taking before the party broke up.

A sister, Mrs. Albert Henschel, missed the celebration. She was a patient at Muenster Hospital.

**At Ft. Worth Baptism**

Mr. and Mrs. Gene Hoedebeck were in Fort Worth Sunday to be godparents for their first grandchild, Ronald Eugene Knabe, son of Mr. and Mrs. Gilbert Knabe. Christening ceremony was held in St. George Church with Msgr. Donald Hartnett officiating. The Hoedebecks took their children with them and all had dinner in the Knabe home after the 12:45 p.m. service. Miss Terry Hoedebeck who had spent the weekend with her sister returned home with her parents.

**Tigers Drop Two Basketball Games**

Sacred Heart's Tigers and the Cubs were losers in their three basketball games of the past week. Both lost in their twin bill with Fort Worth Day School on Wednesday the 18th and the Tigers were trimmed at Dallas Christian Tuesday night.

In the junior game the Cowtown kids took a 31-22 half time lead and the margin remained about the same the rest of the way. Scores were 45-33 at the third quarter and 53-42 at the end. Kenny Hess was hot, hitting 26 points. Kevin Pels got 6, Jeff Fette 2, Mark Stoffels 2, David Krahl 2, Phil Endres 1.

The main event had the Fort Worth fellows storming ahead to a 50-23 third quarter lead, then coasting to the final count of 61-46. Point makers for Sacred Heart were Babe Schilling 17, Jim Schmitz 12, Gary Endres 9, Bill Bartush 4, Ross Felderhoff 3.

Tuesday game with Dallas Christian was more one sided, the Chargers leading by a ratio of more than 2 to 1 almost all the way. Final score was 87-39.

Babe Schilling hit his high of the season with 29 points, but he got practically no help from his team mates. Jim Schmitz hit 3, Ross Felderhoff 1, Gary Endres, Bill Bartush and Paul Bayer each scored 2.

After one more game the Tigers will come to the end of a long disappointing season. They'll play Fort Worth Day School Friday night.

**New Freeze Dried Rations Okayed By Field Soldiers**

"Of course, they aren't like those meals Mom cooks, but I can't complain," a young combat soldier wrote about food packets now replacing infamous C-rations. The new packets are freeze-dried Long Range Patrol (LRP) rations.

Soldiers add water to the food or eat it dry like popcorn for light-to-carry, more nutritious and tastier meals. LRP rations weigh half what C-rations do, reports Sally Springer, Extension food and nutrition specialist, Texas A&M University.

The advantage: LRP's are quick, easy to reconstitute, and are able to withstand free-fall delivery by helicopter.

If other conditions permit, servicemen on patrol missions in the DMZ area, their counterparts in the Central Highlands and men in comparable situations elsewhere can whip up a dinner in less than five minutes by just adding hot water.

Food scientists at U. S. Army Natick Laboratories in Massachusetts developed the food packets specifically for troops engaged in unconventional warfare operations in remote areas.

U. S. Department of Agriculture researchers helped in technical studies and research on freeze-drying techniques which made production of the packets possible, Miss Springer says.

Each menu features one of these meat entrees:

Chicken and rice; beef and rice; Beef stew, pork with scalloped potatoes; beef hash; spaghetti and meat sauce; chili con carne and chicken stew. The latter three are especially popular.

Each meal includes a dessert, usually a cereal, fruit or chocolate bar, freeze-dried coffee and often a cocoa beverage mix.

Each flexible film-packaged Long Range Patrol food packet has more than 1,000 calories.

When first used in 1964, 30,000 experimental food packets went to Vietnam. The number increased each year. More than 4 million packets went to Vietnam in fiscal 19-67.

Fifteen local 4-H girls win on foods in county; two will go to district. Tom Flusche and Jimmy Robison make district basketball dream team. Relatives attend funeral of Sister Robertine Schad in San Antonio. Mrs. Henry Stelzer who broke her knee cap on Valentine Day last year gets words that her sister-in-law Mrs. Dan Bradley of Fort Worth broke a hip on that date this year. Dorothy Fleitman and PFC Clyde Fleeman marry. Red Angus from Medders Ranch are Stock Show champs. New arrivals: a boy for the Urban Rohmers; girls for the Bobby Howells and Billy Ray Stoffels.

**Baptism Rite for Janie Schumacher**

Mr. and Mrs. Richard Schumacher of Gainesville have named their new daughter Janie Lynn. She was baptized Sunday in St. Mary's Church in an 11:30 a.m. service by Father Robert Grant.

Sister Clarice Schumacher of Irving attended as her sister's godmother and Larry Schumacher, a brother, attended as proxy godfather for Robert Haverkamp, an uncle, in Tripoli, N. Africa.

After the christening the Schumachers were hosts for dinner. Special guests were the baby's grandparents, Mr. and Mrs. Alois Haverkamp of Muenster and Mr. and Mrs. Henry Schumacher of Gainesville. Also a guest was Sister Catherine who made the trip with Sister Clarice. They spent the weekend. And Mrs. Mark Kuta and son, visitors from Tucson, Ariz., joined the group for dinner in her niece's home.

**25 Nuns from OLV Visit in Muenster**

Sister Francesca Walterscheid and a group of 25 nuns from OLV Convent, Fort Worth, spent Sunday in Muenster visiting and touring the city. For most of them it was a first-time visit.

They arrived in time to attend 11 a.m. Mass in Sacred Heart Church and afterward all were guests of Mr. and Mrs. Herbie Miller in their home for dinner featuring smoked turkey and all the trimmings.

In the afternoon they visited places of interest and had lunch at the Miller home before starting back to Fort Worth.

In addition to the nuns guests included Misses Mary Hesse and Ida Rohmer of Fort Worth, Mr. and Mrs. Meinrad Hesse, Al and Miss Theresa Hesse, Mrs. Albert Henschel and Mrs. August Walterscheid.

**Diseases of Heart And Blood Vessels Are No. 1 Killer**

Two things are said to be certain in this world: death and taxes.

To this add a third certainty: If you live in Texas -- or the United States for that matter -- chances are about one in two that you will die of a circulatory disease -- a disease of the heart or blood vessels, reports the Texas State Department of Health.

Despite the prevalence of newspaper stories and reports you see and hear on radio and television about accidents and other violence, heart disease continues to be the number one killer of Texans. Among the top ten are apoplexy -- commonly called "stroke" -- and generalized arteriosclerosis, known as hardening of the arteries.

There is virtually no change in these top ten killers compiled in the Annual Texas Morbidity Report and published by the Texas State Department of Health.

Final reports for 1969 are still being tabulated, but the top spot once again is expected to be heart disease. In 1968 almost 93,000 deaths were reported from all causes in Texas. Heart disease, claiming 31,620 lives, more than doubled the second most common form of death -- cancer -- which recorded 15,073 victims. Following in order were apoplexy (10,516), accidents (6,919), pneumonia (3,283), diseases of early infancy (2,847), diabetes mellitus (1,761), generalized arteriosclerosis (1,636), homicide (1,286), and cirrhosis of the liver (1,175).

Elements of our everyday living have a direct bearing on the likelihood of having heart disease. Among men, the incidence of heart disease is occurring more frequently among those in younger age groups. Women aren't immune to heart disease, but their susceptibility is much less in the early years.

Eight major hazards contribute to heart attacks: 1. high blood pressure; 2. elevated blood cholesterol level; 3. overweight and excessive eating; 4. cigarette smoking; 5. too little exercise; 6. diabetes; 7. heredity, and, 8. tension and strain.

There are ways to help lessen the eight hazards just mentioned. Although there is no proof that these elements will positively cause heart disease, today's scientific evidence and medical research do point in that direction.

What are these practical measures? First, have a regular medical checkup. Secondly, control high blood pressure.

Third, regulate the cholesterol in your diet. Fourth, reduce if you're overweight. Fifth, don't smoke and if you smoke now, quit it. Sixth, get regular exercise.

It is important to note that these measures are related to physical activity, proper diet and proper living habits. They won't restrict your present pattern of living too much. A reduction of these dangers will result in good general health and physical fitness for every member of your family. You'll feel better, live longer and enjoy life much greater for your efforts.

"So we know the federal government is spending our money fast. . . and we've wondered how fast but have never taken time to figure it out?" comments "Welding Engineer". "Some experts have! They base their facts on the federal budget for fiscal 1970. Counting every day and every hour in a year, the federal government spends \$22.02 million an hour, \$367,000 a minute, \$6,116 a second. Now that we know the spending pace, we may soon be unable to afford stamp, envelope and paper to let Congress know the time is ripe for reduction."

**Marysville News**  
 By Mrs. John Richey

MARYSVILLE, Feb. 25 —  
 Mr. and Mrs. Howard Hout-  
 chens went to Electra Friday  
 for an overnight visit with  
 her brother-in-law and sister  
 the Carl Taylors. Together  
 they attended the golden wed-  
 ding celebration of friends,  
 Mr. and Mrs. O. L. Swanson  
 of Electra. The Houtchens vi-  
 sited their son Doug and fam-  
 ily before returning home Sat-  
 urday.

Mr. and Mrs. Grady McEl-  
 reath and Brent were Wed-  
 nesday evening visitors with  
 the Melton Ramseys and three  
 sons at Whitesboro.

Mrs. Jack Tuggle and her  
 mother Mrs. Nathan Whitt  
 drove to Nocona for a Wed-  
 nesday visit with their aunt  
 and sister Mrs. Emmett Deering  
 and Mr. Deering. Accom-  
 panying them on the trip were  
 Mrs. Tuggle's daughter Mrs.  
 Eddie Joe Reeves and son Mi-  
 chael of Saint Joe.

Mr. and Mrs. John Richey  
 visited Friday evening with  
 the John Barnes family at  
 Hood. T. C. Wyatt of Encino,  
 Texas, was an overnight  
 guest in the home of sister  
 and husband, the Richeys.  
 Saturday Mr. Wyatt and Mr.  
 Richey drove to Goree to vi-  
 sit an aunt Mrs. Leah Couch.  
 Before coming to Marysville  
 Mr. Wyatt visited his sister,  
 Mrs. Lorene Cochran at  
 Gainesville, another sister and  
 husband the Fred Richeys at  
 Sivells Bend and spent Sat-  
 urday night and Sunday with  
 his brother and wife, the Joe  
 Wyatts at Callisburg.

**Whooping Cranes  
 Continue Increase  
 Count Now is 56**

There are 56 wild whooping  
 cranes on the Aransas National  
 Wildlife Refuge.  
 While birdlovers were al-  
 ready overjoyed with the re-  
 cord number of 55 whoppers  
 which had reached their win-  
 ter home on the Texas Gulf  
 Coast, the belated arrival of  
 the extra bird has been cause  
 for more rejoicing among  
 conservationists who have  
 watched the big white birds  
 gallant battle against extinc-  
 tion.

Refuge Manager Gordon  
 Hansen, who supervises the  
 Bureau of Sport Fisheries and  
 Wildlife refuge, had observed  
 a total of 56 cranes on an aeri-  
 al count in December. This  
 new record high was not an-  
 nounced by the Department  
 Interior until it could be con-  
 firmed by second aerial cen-  
 sus. Fog, rain and low visibili-  
 ty prevented the confirming  
 count until January 19.

From a low of 15 birds in  
 1941, the flock has shown a  
 slow but steady increase ever  
 since the Aransas Refuge was  
 set aside as their winter sanc-  
 tuary. This year's count now  
 shows 48 adults and 8 young  
 in the wild flock, which makes  
 a perilous 2,000 mile trip to  
 Texas from their nesting  
 grounds in northern Canada  
 each year. In addition to the  
 wild birds, there are now 23  
 whooping cranes in captivity,  
 most of them at the Patuxent  
 Research Center, operated by  
 the Bureau of Sport Fisheries  
 and Wildlife in Maryland.

Mr. and Mrs. Rafe McEl-  
 reath, joined by Floyd White  
 of Gainesville, visited Satur-  
 day evening with the Everett  
 Embrey family at Warrens  
 Bend. Sunday the McElreaths  
 had as their guest Bro. Aubrey  
 Spiers of Gainesville fol-  
 lowing church services.

Mr. and Mrs. Rafe McEl-  
 reath took Becky to Dallas  
 Monday for her routine phys-  
 ical check-up.

Mr. and Mrs. R. D. Morris  
 visited Saturday with a daugh-  
 ter, Mrs. Dee McElreath at  
 Gainesville and also with Mr.  
 and Mrs. Wiley McCollum at  
 Valley View. Sunday after-  
 noon the Morrises visited the  
 Loy Gilbreaths east of Gaines-  
 ville.

Mr. and Mrs. Fred Richey  
 of Sivells Bend visited Thurs-  
 day evening with the John  
 Richeys. Saturday evening  
 visitors in the Richey home  
 were the Robert Richeys and  
 son Johnny and grandson  
 Shon Richey of Gainesville.  
 Johnny remained to spend over-  
 night and they returned  
 him to his home Sunday eve-  
 ning.

Mrs. Raymond Davidson was  
 a visitor in Sulphur, Okla.,  
 Monday and Tuesday last  
 week with her sisters Miss E-  
 va Betts, Mrs. Irene Dawson  
 and Mr. and Mrs. T. Woods.  
 Her sisters accompanied her  
 home for a visit and Friday  
 they all went to Dallas to vi-  
 sit Miss Margaret Davidson  
 and to Fort Worth to visit the  
 Ray and Dan Davidson fami-  
 lies. Mr. and Mrs. Raymond  
 Davidson returned her sisters  
 to their home Sunday and  
 spent the day with them.

Mr. and Mrs. Jimmy Doughty  
 and family of Euless visited  
 his parents, the Joe  
 Doughtys during the weekend.

Mr. and Mrs. Bill Sparkman  
 of Burns City spent Saturday  
 with the Sam Sparkmans.

Mr. and Mrs. Coy Fite of  
 Ringold were Monday super-  
 guests of the John Richeys.  
 Joining them for a visit  
 were the Robert Richeys and  
 sons Billy and Johnny of Siv-  
 ells Bend.

The medical officer was test-  
 ing the water supply. "What  
 precaution do you take a-  
 gainst infection?" he asked the  
 non-com in charge.  
 "We boil it first, sir," the  
 sergeant answered.  
 "Good."  
 "Then we filter it."  
 "Good."  
 "Then we add purification  
 tablets."  
 "Excellent!"  
 "Then, for extra safety, we  
 drink beer."

**TP&L Announces  
 Expansion Goal  
 of \$94 Million**

Texas Power & Light Com-  
 pany will spend \$94,371,000 for  
 the construction of new facili-  
 ties in 1970, T. L. Austin, Jr.,  
 TP&L president announced.  
 The construction budget is  
 the largest in the Company's  
 58-year history.

A major portion of the ex-  
 pense is involved in the con-  
 struction of five generating  
 units. These units, to be com-  
 pleted over the next few years,  
 will be capable of producing  
 more than 2.8 million-kilo-  
 watts of electricity and will  
 provide TP&L customers with  
 ample electricity for the fu-  
 ture growth of the area.

During 1970, construction  
 will continue on two generat-  
 ing units on Tradinghouse  
 Creek near Waco. The maxi-  
 mum capabilities of the two  
 Tradinghouse units will be 1-  
 340,000-kilowatts. The No. 1  
 Unit, 565,000-kilowatts, will be  
 completed in 1970. Unit No. 2,  
 775,000-kilowatts, will be com-  
 pleted in 1972.

In addition, work will con-  
 tinue on Valley No. 3, a 375-  
 000-kilowatt unit, near Savoy  
 in North Texas. It will be com-  
 pleted in 1971.

Construction will continue  
 also on two 575,000-kilowatt  
 generating units at the Big  
 Brown Steam Electric Station  
 near Fairfield in Freestone  
 County. This generating sta-  
 tion is being built jointly by  
 TP&L, Dallas Power & Light  
 Company and Texas Electric  
 Service Company. The No. 1  
 Unit will be completed in late  
 1971 and No. 2 in late 1972.

In addition to power plant  
 construction, the Company  
 also will build or improve o-  
 ther facilities in its 52-county  
 service area.

The Company will construct  
 a new 138,000-volt transmis-  
 sion line from Valley Steam  
 Electric Station to Wolfe City,  
 and an existing transmission  
 line from Wolfe City to Com-  
 merce will be converted from  
 24,000-volt to 138,000-volt op-  
 eration.

Additionally, substations will  
 be constructed or improved at  
 Carrollton, Cedar Creek, Com-  
 merce, Euless, Farmers Branch,  
 Irving, Jarrell, Lake Creek,  
 Lufkin, Mesquite, Nacogdoches,  
 Oran, Round Rock, Waco,  
 Weatherford and Wolfe City.  
 Austin noted on a nation-  
 wide basis, total generating  
 capacity of the electric utility  
 industry in the United States  
 in 1969 reached an estimated  
 315-million kilowatts. This was  
 an increase of 9.1 percent over  
 the actual 1968 total of

288.8-million kilowatts.  
 In addition, Austin said  
 that nationally, 1969 generat-  
 ing capability provided an es-  
 timated annual margin of re-  
 serve of about 16.9 percent over  
 the estimated annual peak  
 demand. The margin of reserve  
 is maintained to insure ade-  
 quate service and protection  
 against emergencies.

Austin estimated that investor-  
 owned electric power com-  
 panies had invested a total of  
 more than \$84 billion in elec-  
 tric plant equipment at the  
 end of 1969. Expenditures for  
 new construction by these  
 companies during the year  
 were \$8.3 billion, or 12 percent  
 of the total new construction  
 expenditures by all American  
 businesses.

Taxwise, the investor-owned  
 electric power companies are  
 expected to have a 1970 tax  
 bill of \$3.67 billion, about \$190  
 million greater than their 1969  
 tax bill, he said.

This talk about "a new  
 source of revenue" simply  
 means tapping the same old  
 taxpayer in a brand new  
 place.

### Confetti - - -

Next is the time wasted on bus rides, either shortening class time or imposing hardship on a child before and after school. Added to that is the hardship on parents in going much farther to attend school functions.

Probably the greatest problem of all derives from the motive behind busing. That is, to forcibly integrate the races. Whites and blacks alike object to the mixing and their resentment often breaks out in racial clashes.

The combined effect of those factors, and others that could be listed, is a tragic deterioration of educational standard. Forced compliance creates tension and hostile attitudes which aggravate discipline problems and retard scholastic progress. Needless transportation wastes money which could be spent better on real educational needs. And it wastes time which could be spent better on school work.

The wise guys of HEW ought to admit honestly that their primary purpose is to integrate, not educate.
