VOLUME XXX

MUENSTER, COOKE COUNTY, TEXAS 76522 AUGUST 19, 1966

NUMBER 39

One of the great mysteries of our time is why people in authority go on and on enduring contempt and violence from trouble makers without striking back with the full penalty of the law. Another shameful incident occurred Tuesday as the House Un-American Activities committee heard testimony on subversive activities and plans to hamper the nation's progress in the Vietnam war.

As a witness told his story enemies of our nation protested at the tops of the their voices in an effort to break up the hearing.

Committee Chairman Joe Pool responded by having the trouble makers removed from the meeting. That was fine in that it allowed the meeting to get back to business. But it did not go far enough. The guilty persons did not receive the slightest punishment — that is, news reports did not mention their punishment.

There, in the opinion of this column, is where the committee is at fault. In its anxiety to conduct fair and impartial hearings, it goes overboard and allows abuse. And when the abuse becomes too vicious it retaliates in the mildest possible manner by just ordering the offenders to be taken away. Why only that? Why doesn't it strike back with a punishment befitting the offense? Why aren't those scoundrels thrown into the cooler, or assessed a stiff fine, or both?

If the Committee on Un-American Activities were to crack down with its full authority on communist goons who cause the troubles it could not only function with the respect to which it is entitled but also bring out more facts.

Even more important, it would be doing its part in a job that desperately needs to be done. Somehow and soon our country needs to return to the policy that criminals of all categories must be punished for their misdeeds. As it is, we're headed for chaos.

A thought which probably has occurred to the great majority of us Americans is that communists over here go unpunished for offenses that would draw the most severe penalties over there. Just imagine what would happen to any group caught plotting the destruction of their government, or the destruction of some government program or agency. The mildest sentence would be a trip to Siberia. The more likely sentence is liquidation. Aren't we being rather ridiculous in our fair play standard in overlooking offenses which would be punished by death in their system? And aren't we absurd in doing nothing about people who are caught plotting the destruction of our government?

The ultimate in insult was reached Monday when the American Civil Liberties Union — an organization known to be subversive — secured an order from a federal judge to have the Un-American Activities hearing stopped. Imagine that, using one agency of our government against the other. It tops by far the contemptible old favorite trick of hiding behind the constitution in refusing to testify.

Honestly, what do you think about such doings? Do you wonder about the security of a country that permits them? From Monday until Friday the nation is watching, and hoping that members of the Airlines Machinist Union will accept the strike settlement reached by their leaders and the Airlines. Well, a good guess is that they will accept it. By their stubbornness they have got the Congress in a sour mood and have reason to think they will be ordered back to work if they don't go voluntarily. Furthermore, they ought to be satisfied with the settlement which they describe as the best of any labor hassle so far.

Commentators and cartoonists picture LBJ and the Congress as being immensely relieved by the settlement. It saved them the distasteful duty of locking horns politically with their benefactors of the labor unions. Now they can continue the political hon-eymoon.

Or can they? Who can say that the affair hasn't already gone too far, and alienated the affections of many other voters? There are people who think the strike should not have been permitted to drag out so long. And there are al-

URGES EMBLEM USE — Col. Homer Garrison (right), director of Texas Department of Public Safety, has joined with the Texas Farm Bureau in urging operators of "slow-moving vehicles" such as farm tractors and road construction equipment to display special luminous "SMV" warning emblems on the rear of the equipment. Shown with Garrison is C. H. DeVaney, Waco, president of the 95,000-member Texas Farm Bureau.

County College Expects Increase Up to 25 Per Cent

With three new buildings under construction and twelve new faculty members, Cooke County Junior College is poised and ready for an expected enrollment increase of 25 per cent when classes start on September 16.

CCJC enrolled 1,056, an all-time record during the Spring Semester. Pre-registration counseling data indicate 1,200 to 1,400 will enroll on September 14-15.

President John H. Parker says college transfer curricula will continue to receive the heaviest emphasis, but new offerings in technical and business areas are contributing to the college's growth.

"The typical CCJC student stays with us for two years and then goes on to North Texas State University or to some other senior college to complete his education," President Parker said. "We are moving slowly but surely into technical areas wherein a student might qualify for a job in industry or business after only two years of college."

Technical drafting, automotive technology, commercial art, photography, welding, electronic data processing, woodworking, machine shop, journalism, and office training are among the areas in which occupational skills may be acquired on the Gainesville campus.

CCJC caters to veterans and other adults who have lost the habit of attending school. Basic education and remedial-type courses are available to students needing additional help before tackling academic curricula. Each enrollment is preceded by individual counseling with the student in terms of his goals, capacities, aptitudes, and limitations.

As at most colleges, the largest CCJC enrollments are found in English, Government, and History. Besides the usual academic offerings of a typical liberal arts college, CCJC in September will be offering Astronomy, German, Parasitology, Sculpture, Drama, and individual voice and piano lessons.

CCJC in recent months has acquired a new telescope, an electronic language laboratory, and the latest in drafting machines. New tennis courts have been added and the available parking spaces for students have been doubled.

"In a matter of days we expect the arrival of our new 1130 IBM computer which will further enhance our electronic data processing program. More than a hundred students will be using this new computer," President Parker explained.

CCJC has 60 full-time and part-time faculty members. Those not living in Gainesville commute from Denton, Dallas, Sherman, and nearby communities.

Students living outside Cooke County pay an extra \$10 tuition per semester. Approximately one-sixth of the total of 200 class sections on the fall schedule are available at night.

"By attending night classes, any fully employed person should be able to complete the two years of college at CCJC," President Parker says. "We make available at night any course for which we have sufficient requests and right now we are making a survey of what the veterans need in this North Texas area."

Blarney Stone Not Easily Forgotten

Kissing the Blarney Stone takes a bit of courage, according to Brother Thomas Moster who was telling about his visit in Ireland. It's quite an experience kissing the famous rock. "You have to get down on your back and an attendant holds you over the side of the mountain. You kiss the stone in this position."

He said most people don't want to leave Ireland without kissing the Blarney Stone and so go through the ordeal. Many elderly people were lined up when he was there.

The extra week in Ireland was the finale of Brother Thomas' European tour. After completing the Spain and Portugal tour he flew from Lisbon to London and from London to Dublin.

Even from the air Ireland looks like the "Emerald Isle" with its green trees and fields. The Irish Sweepstake building proved interesting. Dublin was of special interest because the senior play he helped direct at Sacred Heart School last year had its setting in that city and he visited places mentioned in the play.

In Galway he saw the famous Galway Bay and witnessed Irish dances and singing.

Highlight of the trip was a visit to the Shrine of Our Lady of Knock. He also toured the 15th century castle of Burn-ratty and the Blarney Castle. Other visits were in Limerick, Killarney and Cork. Everywhere he found the Irish people most gracious and kind. Shannon was the last stop and it was from there that he flew back to New York City.

When classes start at Lindsay School, students will find 15 teachers, one more than last year. Fourteen have their assignments. One vacancy remained this week, that of science teacher, but superintendent Glenn Hellman had some contacts and expected to complete the staff this week-end.

Enrollment for the new term will be held Monday, Aug. 22, and classes will begin on Tuesday.

The faculty list at this time is as follows:

Mrs. Woods, new this term, received her B.B.A. degree from NTSU in Denton.

Hospital Benefit Set for August 23

Muenster Hospital Auxiliary has set its annual benefit ice cream supper for next Tuesday, August 23. It will be held on Sacred Heart Parish grounds.

Members promise a plentiful supply of homemade ice cream, pie and cake, and coffee and soft drinks. They are preparing for a big crowd and invite everybody to attend. Tables will also be set up for games.

Gayle Sicking of Muenster Wins in Princess Contest

Muenster's Miss Gayle Sicking is 1966 Princess of Cooke County Farm Bureau. She is the 12-year-old daughter of Mr. and Mrs. Wilfred Sicking, a seventh grader at Sacred Heart School.

She won the title and the crown in the Farm Bureau's annual contest Thursday.

Another Gayle, Miss Gayle Kindiger of Era, daughter of Mr. and Mrs. A. V. Kindiger, won the Farm Bureau's Queen Contest. She is 17, a senior at Era High School.

More than 100 persons gathered at Cooke County Junior College to watch the crowning of the two girls. Doing the honors were the retiring title holders, Patricia Schroeder, 1965 princess and Linda Stobaugh Dietz, 1965 Farm Bureau Queen.

Eleven girls participated in the princess contest and four were in the queen's contest.

Judges were Ann Sonner, Grayson County home demonstration agent, Stanley Oakley, Grayson County agent, and C. O. Spence, area agronomist of Sherman.

Burney Almon, president of the Farm Bureau, welcomed those attending. Ralph Cole emceed the program. Red Gordon and his band provided music during the contest.

Beware of Fake Electrical Repair Men, TP&L Advises

Texas Power & Light Company customers should beware of persons posing as TP&L employees who claim it is necessary to make electrical repairs in residences, a TP&L official said.

The official said that in various areas served by the Company a person or persons claiming to be TP&L service personnel had collected as much as \$245.00 in one instance for performing non-existent electrical repairs.

The TP&L spokesman said that the swindlers method of operation generally works like this: The customer is told that Texas Power & Light Company has had a report of inadequate wiring in his home.

After these "service men" perform a "wiring inspection" they then inform the customer that his wiring is in a dangerous condition and requires immediate repair.

The "service men" then tell the customer that they will make the necessary repairs for a fee, payable in advance and ranging from \$80.00 to \$245.00. After collecting the money the swindlers generally do one of two things: They leave after telling the customer they need to pick up some materials and do not return, or they enter the customer's attic and make some non-existent repairs, then leave after informing the customer that his wiring has been repaired.

As a result of these misrepresentations, Texas Power & Light Company suggests the following to its customers:

1. Require identification of anyone representing himself as a TP&L employee. All TP&L service trucks bear the Company emblem on the door.

2. Texas Power & Light Company does not make home electrical repairs. This job is performed by the local electrical contractor of your choice.

3. If a customer has a doubt about the identification of anyone claiming to be a TP&L employee, call the Texas Power & Light Company office immediately.

Opening Planned August 29 for New Pagel Store

It won't be long until Pagel's new store is in business. Maurice Pagel said that according to present indications it should be possible to move merchandise during the weekend of August 27, and be ready for customers on Monday, the 29th.

The building is almost finished. All that is still lacking is an inside partition wall. But lots of other work must be finished before merchandise can be moved in.

Almost all of the fixtures are in the store and a crew of workers is busy on the installations. That includes several freezer and refrigerator units and installation of mechanical equipment outside. One of the fixtures, a big cooler now in use, will be disassembled and moved as merchandise is being moved. Air conditioning machinery will also be moved then.

The moving operation will consist of cutting a hole in the old building opposite the new doors and use grocery carts to transport stock from old to new location.

When the old store is empty it will be moved away and the site surfaced for a parking lot.

27 Report for Football Practice At Muenster High

The first football practice at Muenster High School brought out twenty seven eager youngsters and reports that a few more can be expected. It means that Coach Glenn Richardson's squad will be made up of about thirty men — enough to build a nice team if the ability can be found and developed.

As of now the team is short on weight and experience. Richardson's estimate is that every member of the squad except one will weigh under 165. And most of them will be far below. There are ten freshmen and eight sophomores, who have no experience or very little of it. And there are four juniors and five seniors.

Only four of the boys are starters from last year and ten more returning lettermen have limited experience. With very little of the former team's organization to build on, Richardson faces the job of developing practically a new outfit.

Practice sessions this week are being held once a day, at night, and lasting an hour and a half to two hours.

Next week there will be two separate sessions every morning for the linemen and backs and practice for all at night.

Barn and 4,000 Hay Bales Burn At Paul Fisher's

A fire of undetermined origin destroyed a barn and all contents at the Paul Fisher farm Tuesday morning.

It was discovered about 11:20 o'clock already going strong and fanned by a brisk breeze. Muenster volunteer firemen were notified at once and were at the scene by 11:30. But too late. Almost all the inside was ablaze and flames were starting through the roof. The fire truck was not used, just kept handy in case it was needed later. It was not needed. Because of wind direction no other building was threatened.

The barn was built of wood frame with corrugated iron roof and siding. It was filled with hay, a total of about 4,000 bales. The loss, estimated at about \$7,000, is partly covered by insurance.

Pool to Close 28th

Muenster youngsters have ten more days this season to enjoy the swimming pool. Members of the city council decided Monday night to close the place at the end of the day's operation on Sunday, August 28. That's the day before first classes at both of the local schools.

NEWS OF THE SICK

Rita Sue, four and a half month old daughter of Mr. and Mrs. Henry Pels Jr., was dismissed from Childrens Hospital in Dallas Friday doing fine after major surgery Aug. 1.

Bernie Fette, of the R. N. Fette family, is recovering normally after a tonsillectomy Tuesday morning at Muenster Memorial Hospital.

LeeRoy Hess, 15, son of Mr. and Mrs. Ed Hess, is on the mend after sustaining a broken arm that sent him to Muenster Hospital for surgery to pin the bone. The break is just below the shoulder and probably will keep Leroy out of football this season. The accident happened passing the ball when a group of boys was playing.

From Silver Springs, Maryland, comes word that Vincent Becker had gallstone surgery Tuesday. "Home" for him the next week or ten days will be Room 404, Holy Cross Hospital, Silver Springs, Maryland. Mrs. Becker phoned her husband's parents, the Felix Beckers, after the operation to report he was "doing fine."

John B. Schmitz of Gainesville was admitted to Gainesville Hospital Tuesday. He had been a bed patient at home for about a week on account of a kidney infection. He's formerly of Muenster.

3.10 Inch Rain

The moisture situation in the Muenster area is exceptionally good for August. The addition of 3.10 inches of rain Wednesday and Friday of last week brought the months total moisture measure to 4.09, far above average for the month.

Total measure for the year to now is 28.81 inches.

Trustees Adopt \$145,791 Budget At Public School

A budget of \$145,791 has been adopted for the coming school year at the Muenster Public School. Members of the school board adopted it Monday night in their regular meeting, which was also scheduled as a public hearing. None but the board were there to hear and comment on the proposed expenditures.

Principal items on the budget are \$92,500 for instruction, \$10,166 for operation and maintenance, \$9,500 for transportation, \$14,940 for debt service and \$14,890 for administration.

The sources of revenue and amounts expected from them are as follows: \$76,820 from the state as per capita allotment, \$53,386 in local taxes, \$14,585 from the Elementary Secondary Education Act of the federal government and \$1,000 from the Title 2 program of the government.

Lights Are Off for Cricket Season

There's a reason why street lights are not burning in front of Muenster Memorial Hospital. They were cut off for the duration of the cricket season by order of the city council.

The four mercury vapor lamps which provided extra nice lighting at the hospital have proved specially attractive to crickets. They come in swarms and become a major nuisance. After lights were cut off last year the area was on-ly normally infested by the insects.

Tiger Gridders For 1966 Headed By 17 Lettermen

Spirits are running high at Sacred Heart as the Tigers begin practice for their football season. Of twenty six boys who reported to Coach Joe Felderhoff for the first session Monday night eight are starters from last year's team and nine more have played often as reserves.

The one discouraging fact is the loss of two men with broken arms for much or all of the season. They are Lee Roy Hess, a letterman, and Don Schneider.

In spite of the injuries the Tigers' start this time is as good as any in recent years. Coach Felderhoff likes the looks of his material and feels that they can have a big season if the boys put a big effort into it.

He's also pleased that he is starting with a well balanced outfit. The former starters include five in the line and three in the backfield. And the remaining nine lettermen include promising youngsters for both departments, some who have a good record as reserves.

Practice for the boys consists of one session every night, from 2 to 2 1/2 hours, this week and next, and then the regular daytime sessions after classes start.

The roster reads as follows. Lettermen are Seniors Leon Endres, Larry Hess, Robert Klement, Joe Bayer, Andy Klement, Ted Endres John, Streng and Jerry Yosten; Juniors, Stan Endres, Robert Miller, Chris Walter, Steve Hess, Gilbert Hess and Ben Fleitman; Sophomores, Alcuin Schilling, Clifford Sicking, Lee Roy Hess, Kenneth Schmitz.

Non-lettermen are Junior Tom Hess; Sophomors Tim Endres, Danny Schmitt, Glenn Schoech and Don Schneider; Freshmen Paul Bayer, Melvin Schilling, J. D. Luttmir, Clifford Zimmerer, Jerry Schmitz.

By classes, there are eight seniors, seven juniors, eight sophomores and five freshmen.

BIRTHS

Mr. and Mrs. Leonard Hartman announce a daughter born Monday, Aug. 15, 7:30 a.m. at Muenster Hospital. She weighed five pounds 12 1/2 ounces. Others welcoming her are her sisters Jean Ann and Karla Jo and her brothers Tim and John; grandparents, Mr. and Mrs. Joe Fette and Mrs. John Hartman, and great-grandmother Mrs. Joe Otto.

Tax Man Sam Sez:
 Authorities at Texas A&M say that the average farm in Texas is worth \$250,000. This means that the days of the one-horse farm are past. Operating a farm nowadays is a big business. Running a big business requires good tax records. The farmer who fails to keep good tax records may find himself plowing his profits into a Form 1040.
 Keeping good records is always good business.

Mr. and Mrs. J. W. Fisher took two days off last week to drive to Ruston, La., to visit their daughter and son-in-law, Mr. and Mrs. Johnny Pangel, their first visit with them since they live in Ruston.

Bill Henscheid was surprised Sunday when his son and daughter-in-law, Mr. and Mrs. Norbert Henscheid and daughters Laurie and Christie drove in from La Puente, Cal., for a weeks visit with the relationship. Also visitors, arriving Saturday, are Mr. and Mrs. Werner Henscheid and family of Canyon who arranged their vacation to tie in with his brother's.

The Gene Klement family had as guests the past week Mrs. Klement's sister, Mrs. George Casey and daughter Abbie of St. Paul, Minn. From Muenster they went to Dallas for a visit and headed home touring the Ozarks.

Mr. and Mrs. Don C. Cooke were surprised Sunday about noon when their son and family arrived from Fort Worth with a picnic lunch and spent the afternoon. Four generations were together for a complete reunion. The visitors were Mr. and Mrs. Harold Cooke, Mr. and Mrs. Gene Alexander and daughters Dana and Niki and Mr. and Mrs. Don M. Cooke and children Dedie and Mark.

Sunday visitors with Mr. and Mrs. M. H. King and her father R. M. Felty were Mr. and Mrs. Francis Felty, their son and daughter-in-law, Mr. and Mrs. F. P. Felty and four sons, all of Burkburnett, and granddaughters Elizabeth and Kimberly Ann Felty of Wichita Falls. They made the trip especially to check on Mr. Felty who had just been dismissed from Muenster Hospital. With the exception of Mr. Felty they all drove out to the old homeplace at Hood where the children rode horses and everybody had a picnic lunch.

Sister Imelda Pels has let her folks know that her assignment for the new term is in Blytheville, Ark. She was at Lake Arthur, La., last year.

Rohmers See Kin, Sights on Trip

Still telling what a good time they had on their vacation are Betty and Barbara Rohmer who made the trip with their parents, the Norbert Rohmers. They visited in Wisconsin, Illinois and Missouri and did extensive sight-seeing with cousins, Father Lawrence Schumacher of Henry, Ill., and Father John Schumacher of Toluca, Ill.

In Chicago they saw the stage play, "Hello Dolly" with Eve Arden and among many sights enjoyed Mother Cabrini's Shrine and visited the zoo.

At Bellville, Ill., they visited the Shrine of Our Lady of the Snows.

Going, they visited the Will Rogers Museum at Claremore and went through the Onondoga Cave in Missouri where Mr. and Mrs. Rohmer visited on their honeymoon.

Joe Swirczynskis To be Honored on 60th Anniversary

Mr. and Mrs. Joe Swirczynski will observe their 60th wedding anniversary Sunday with attendance at 7:30 a.m. Mass in Sacred Heart Church and an all-day family reunion in the Parish Hall.

Among the large number of relatives at the gathering will be Mr. Swirczynski's sister, Sister Angelina of Colorado Springs, Colo., who is 90 years old and this summer observed her diamond jubilee—75 years as a nun. Also present will be Mrs. Bob Yosten their sister. They are the only three members of the family still living. Mrs. Yosten is 82.

The 60-year bride is the former Miss Maggie Yosten. She is 78. Her husband is 85. The couple's nine sons and four daughters will be at the anniversary observance. More than 50 grandchildren and a number of great-grandchildren will swell attendance.

The couple lived on the same site in the southeast part of town where they set up housekeeping in 1906 until four years ago when they moved closer in, across the street from Sacred Heart Church.

Joe Knabe and Harold Knabe have returned from a building job in Ashdown, Ark., where they put up a cafe for Community Lumber Co. They were away two and a half weeks. Jerome Pagel made several short trips to the building site.

4-H Girls Present Demonstrations at HD Club Meeting

Sacred Heart 4-H Club girls presented the program at the August meeting of Muenster Home Demonstration Club Thursday afternoon.

Joanie Rohmer and Janel Stoffels made a bean salad and passed it around for members to sample. Kathy Rohmer and Margie Felderhoff discussed grooming chickens for fairs and shows.

Mrs. Oscar Detten was hostess in her home, Mrs. Joe Hoenig, president, presided, and members answered roll call by telling about something new they added to their homes recently.

Mrs. J. H. Wimmer gave the county council report.

Mrs. Albert Fleitman and Mrs. Joe Hoenig volunteered to visit shut-ins this month. Report was given on last month's visits when Mrs. Al Walter and Earl Robison visited shut-ins.

Mrs. Albert Fleitman was in charge of recreation. Prizes were won by Mrs. Henry Pick, Mrs. Alois Rohmer and Mrs. Urban Rohmer.

The hostess served a cucumber jello salad, cookies, nuts and drinks to 16 members and six guests including mothers of the 4-H girls who gave the demonstrations.

Next month's meeting will be in the home of Mrs. Arthur Williams on September 14.

Family Gatherings Fete Visiting Nun

Sister Ann Theodore Wiesman left Tuesday to return to Our Lady of the Lake Convent in San Antonio after a nine-day visit with relatives here and at Gainesville.

While she was the guest of her sister, Mrs. Al Fleitman, Sunday through Wednesday last week, she was the inspiration for a family gathering every day.

The day she arrived in company of Mr. and Mrs. Henry Koelzer of Fort Worth who brought her to Muenster Mr. and Mrs. Fleitman had as other guests Mr. and Mrs. J. J. Haverkamp, Bill Henscheid, Mrs. Joe Lehnertz and Mrs. Rudy Hellman.

While they were together they talked by phone with the Fleitmans daughter, Mrs. Gene Strassberg, of Dayton, Ohio.

On Monday the Fleitman home was the scene of a reunion of their children and grandchildren honoring Sister Ann Theodore. Attending were the Herbie Fleitmans and two sons of Denison, the Leon Krebs family of Gainesville and the Eddie Fleitmans and Henry Felderhoffs and their families.

Tuesday the group for supper included Messrs. and Mmes. Fleitman, Felderhoff and Krebs and Dr. and Mrs. Martin Kralicke.

Wednesday Mr. and Mrs. Al Fleitman and Mrs. J. J. Haverkamp took Sister Ann Theodore to Wichita Falls to visit Mrs. Lena Wiesman and she went with them to the home of her daughter, Mrs. Curtis Graham, where they had dinner.

Other family get-togethers here and at Gainesville filled the days until Sister Ann Theodore's departure Tuesday. Taking her back to San Antonio by car were Mr. and Mrs. Tony Wiesman of Gainesville accompanied by other relatives from there.

Back From 10 Day Arizona Vacation

Highlight of their vacation trip this year for Mr. and Mrs. Al Walter was getting to see twin grandchildren for the first time. They went to Las Vegas, Nev., to visit Mr. and Mrs. Eugene Walter and got acquainted with seven-month-old Shawn and Dawn.

Together the two couples did extensive sight-seeing and saw shows. Going and returning the travelers enjoyed scenic beauty and places of interest. Last stop on the way home was at Hereford to visit the Frank Walterscheids and the Carl Lukes. They returned home Monday after being away ten days.

Mr. and Mrs. Claude Walter and daughter Amy of Ada, Okla., came for a weekend visit, missed his parents, and were guests of the Bernard Swirczynskis.

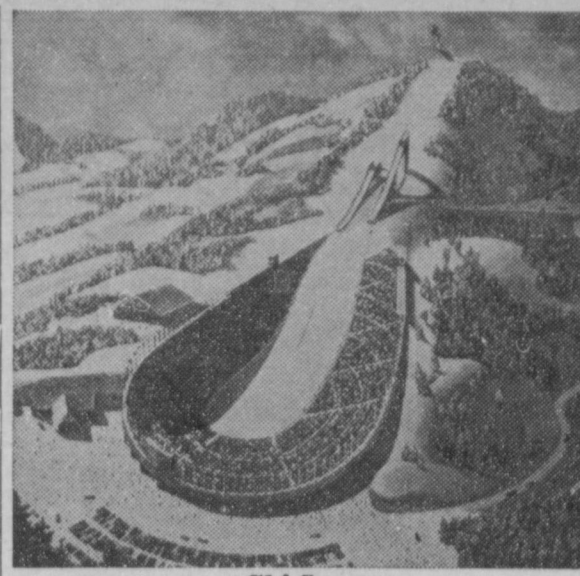

Open House Will Honor Kirks on 50th Anniversary

An open house will be held Sunday, Aug. 21, observing the golden wedding anniversary of Mr. and Mrs. M. J. Kirk, Rt. 1, Forestburg, in their home.

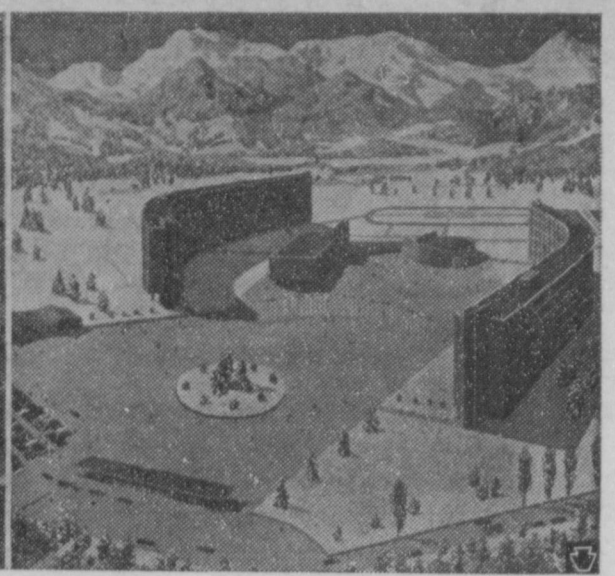

The couple married on Aug. 21, 1916 in a ceremony in Throckmorton court house. She is the former Estely Jackson.

The eight children of Mack and Estely invite all their neighbors, friends, and relatives to attend the open house honoring the goldenweds from 2 to 5 p.m.

Back for the first time in 19 years, Mrs. Lum Pierce found tremendous changes in Muenster. She visited Monday with Mr. and Mrs. L. A. Bernauer after attending the homecoming at Forestburg, her former hometown. With her were her daughter Mrs. Mary Bowman and daughter of Arizona. They also attended the Forestburg homecoming. The three were dinner guests of the Bernauers and spent several hours reviewing happenings since Mrs. Pierce's last visit.

Ski Jump

Olympic Village

The International Olympic Committee recently awarded the 1972 Winter Olympic Games to Japan, the first Asian nation to be so honored. The competitions will be held in various venues in and around Sapporo in Hokkaido, the northernmost island in the Japanese archipelago. Sapporo City hopes to have most of the construction work completed in 1971 in order to hold a dress rehearsal in an international meet of the world's leading skiers and skaters. More than 60,000 visitors are expected to converge on Sapporo for the Games, and the Japanese Government and local governments concerned are determined to duplicate the success of the 1964 Summer Olympic Games which were held in Tokyo.

The collection hat was passed around the congregation and was presently returned to the visiting minister. He did not reveal shock or embarrassment at finding the hat empty.
 Instead, the parson inverted the hat, raised his eyes and exclaimed fervently: "I thank thee, dear Lord, that I got my hat back from this congregation!"

Fuhrmans Honored On Anniversary

Tenth wedding anniversary of Mr. and Mrs. Bill Fuhrman of Fort Worth was celebrated at a family reunion in Muenster Sunday while the couple and their children Bobby, Tina and Kathy were weekend visitors.

The parents, Mr. and Mrs. H. J. Fuhrman, their children and grandchildren, observe every tenth wedding anniversary in the family. The observance for Bill and Kay was held in the KC Hall, featured a covered dish supper and a joint gift for the honorees.

Others attending, making a complete reunion of 35 present, were Mr. and Mrs. Jerry Fuhrmann and children Glenn and Lisa of Houston, the Robert Pultes and family of Gainesville and Messrs. and Mmes. Robert Bayer, Alvin Fuhrman and Gilbert Endres and their families of Muenster.

The Jerry Fuhrmans returned home Monday after a four-day visit.

Big Problems Face Next Session of Texas Legislature

Never has the Texas Legislature had money problems like those it will face in 1967.

Although the fact has been little publicized, state agencies are requesting an unprecedented \$1,200,000,000 in appropriations from the general revenue fund during the next biennium. This figure does not include activities financed by extensive special fund revenues and federal aid. Neither does it allow for the \$120,000,000 pay raise sought by school teachers.

By way of comparison, present general revenue appropriations add up to \$623,900,000, so the agencies are seeking almost twice as much as they now are getting from tax sources controlled by the Legislature.

Sharp pruning is inevitable before official budget proposals are submitted to lawmakers by Gov. John Connally and the Legislative Budget Board. Making the task more difficult is the fact that the bulk of requested increases would go to such worthy purposes as:

Improved education, new community action programs for mental health and mental retardation, tuberculosis control, Medicare implementation, park improvements, a \$50,000,000 mental hospital and special school building program, water facilities and pollution control, new prison buildings and a pay raise for state employees.

Financial authorities estimate state taxes would have to be raised \$400,000,000 to meet the new spending demands. Most of the demands, of course, will not be met. But high ranking officials, including House Speaker Ben Barnes, see a tax bill in the magnitude of \$200,000,000 shaping.

Although most forecasters are predicting that a sales tax hike of one per cent is inevitable, look for a "surprise" revenue bill with top-level backing.

Southern pine, including Texas Yellow Pine, provides 60 per cent of the nation's pulpwood, a majority of its wood poles and piling, a large share of the nation's construction lumber, a host of chemicals and other useful products.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ELEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

SENATE JOINT RESOLUTION NO. 19 proposing an Amendment to Section 49-d, Article III of the Constitution of the State of Texas, declaring state policy regarding optimum development of water reservoirs; providing for the use of the Texas Water Development Fund under such conditions as the Legislature may prescribe by General Law in the acquisition and development of storage facilities and any system of works properly appurtenant thereto; providing for the sale, lease or transfer of such facilities under General Laws; providing for long-term contracts for water storage facilities; authorizing the issuance of an additional \$200,000,000 in bonds by the Texas Water Development Board upon a two-thirds (2/3) vote of the elected members of each house; providing that anticipatory legislation shall not be invalid because of its anticipatory character; providing for the necessary election, form of ballot; and proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-d of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section 49-d. It is hereby declared to be the policy of the State of Texas to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the state, which waters are held in trust for the use and benefit of the public. The proceeds from the sale of the additional bonds authorized hereunder deposited in the Texas Water Development Fund and the proceeds of bonds previously authorized by Article III, Section 49-c of this Constitution, may be used by the Texas Water Development Board, under such provisions as the Legislature may prescribe by General

Law, including the requirement of a permit for storage or beneficial use, for the additional purposes of acquiring and developing storage facilities, and any system or works necessary for the filtration, treatment and transportation of water from storage to points of treatment, filtration and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods; provided, however, the Texas Water Development Fund or any other state fund provided for water development, transmission, transfer or filtration shall not be used to finance any project which contemplates or results in the removal from the basin of origin of any surface water necessary to supply the reasonably foreseeable future water requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis.

"Under such provisions as the Legislature may prescribe by General Law the Texas Water Development Fund may be used for the conservation and development of water for useful purposes by construction or reconstruction or enlargement of reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, together with any system or works necessary for the filtration, treatment and/or transportation of water, by any one or more of the following governmental agencies: by the United States of America or any agency, department or instrumentality thereof; by the State of Texas as or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. The Legislature shall provide terms and conditions under which the Texas Water Development Board may sell, transfer or lease, in whole or in part, any reservoir and associated system or works

which the Texas Water Development Board has financed in whole or in part.

"Under such provisions as the Legislature may prescribe by General Law, the Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued under the authority of the preceding Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment.

"The aggregate of the bonds authorized hereunder shall not exceed \$200,000,000 and shall be in addition to the aggregate of the bonds previously authorized by said Section 49-c of Article III of this Constitution. The Legislature upon two-thirds (2/3) vote of the elected members of each House, may authorize the Board to issue all or any portion of such \$200,000,000 in additional bonds herein authorized.

"The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities together with any associated system or works necessary for the filtration, treatment or transportation of water at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the state that might be stored in such facilities. As a prerequisite to the purchase of such storage or water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the

acquisition of such storage facilities or the water impounded therein. The money received from any sale, transfer or lease of storage facilities or associated system or works shall be used to pay principal and interest on state bonds issued or contractual obligations incurred by the Texas Water Development Board, provided that when moneys are sufficient to pay the full amount of indebtedness then outstanding and the full amount of interest to accrue thereon, any further sums received from the sale, transfer or lease of such storage facilities or associated system or works may be used for the acquisition of additional storage facilities or associated system or works or for providing financial assistance as authorized by said Section 49-c. Money received from the sale of water, which shall include standby service, may be used for the operation and maintenance of acquired facilities, and for the payment of principal and interest on debt incurred.

"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such Acts shall not be void by reason of their anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."

"AGAINST the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."

The kangaroo got its unusual name because of a misunderstanding. When a British sea captain put in at an Australian harbor, he asked a native for the name of the strange animal he saw bounding about.

The native answered, "Kangaroo."
The captain put out to sea and the word kangaroo found its place in the dictionary.
Actually, all the native had said was, "I don't understand."

"How did you manage such perfect shooting, George?"
"Oh, it was simple. I shot first and drew the circle later."

See SS Office if In Doubt About Medicare Benefits

The size of your social security check has nothing whatever to do with the amount of hospitalization or medical expenses that will be paid under medicare, states Gus Jones, district manager for the Social Security Administration in Sherman.

Jones says a number of aged 65 social security beneficiaries have reported that some non-local insurance salesmen have called at their homes, claiming otherwise. He reports that the "pitch" is to the effect that if a person's social security check is \$50 a month, then only \$150 can ever be paid for hospital or medical expenses.

There is no maximum dollar figure in the law, and there is no sliding scale geared to the size of a social security check, Jones emphasized.

A social security beneficiary aged 65 or over will find that medicare will pay all but the first \$40 of the reasonable costs of up to 60 days of hospitalization, except for private duty nursing costs and personal comfort items. Too, on doctor bills, if the patient is enrolled, after the first \$50 for which he is responsible, medicare can pay for 80% of the remainder, again with no maximum dollar figure. Jones added that such would be true whether the social security beneficiary was getting a minimum or maximum monthly benefit.

The social security representative is in Gainesville each Tuesday and Thursday in Room 6-B of the Federal Building from 9:30 a.m. until 12 noon. In addition, the Sherman office will remain open each Thursday evening until 8:45 p.m. for the convenience of those persons who cannot meet with the representative or visit the office during regular hours 8:30 a.m. until 4:45 p.m., Monday through Friday.

Confetti - - -

so some who think that the "most satisfactory" settlement was too good for a country that is already in an inflationary strain. And there are people who resent the president's critical remarks about high steel prices but no comment about the whopping wage demands.

This column may be politically naive, but it still thinks that statesmanship is better for the country than politics.

It believes that a man of LBJ's reputation for persuasion should have been able to sell both sides on the urgency of holding back inflation. If it's true that airlines were making too much profit he should have persuaded them to cut rates and give the public a break — and reduce instead of increase inflationary pressure.

But then, LBJ could hardly have said such things. They would clash with his own policy of deficit spending.
