NUMBER 8

While the civilized world looks on with apparent unconcern one of the great tragedies of modern history is being consummated. The tiny nation of Biafra after a gallant 30 months struggle for independence, has been crushed by Nigeria and now awaits a highly questionable fate.

It is significant that Pope Paul, anticipating the announcement of surrender, asked for humane and merciful treatment of the defeated country. Also that a relief agency sponsored by several Christian denominations asked for immediate permission to resume and increase its shipments of food to the starving people.

One would think in this era of civilization that such requests would be unnecessary. But the Pope and the relief agency, knowing the primitive and savage traits of victorious Nigeria, have reason to remind them that a civilized settlement is in order. All of us hope that Nigeria will heed the request and refrain from savage reprisals.

The Biafran war is one of several tragic events which developed out of the modern emergence of small nations under influence of the communist dominated United Nations. The official UN policy for several years was anti-colonialism, even while Russia was busy building up its own vast colonial empire. A steady flow of propaganda told the African colonies that they had been exploited those many years, that they had a right to self determination and to use their resources for their own benefit.

The campaign got results. One by one the European countries pulled out and granted independence to their former colonies. In every case the result was chaos. Native incompetence agitated by Soviet conniving to set up their red puppets led to violence and tribal war.

Nigeria was one of those unfortunate countries. English rule had managed to keep rival tribes under control. After that the old jealousies and hatreds came into the open. In a very short time the dominant tribe of Nigeria had control of the government. Biafrans found that they were colonialists again, but under a rule that was much more oppressive than Britain's had ever been. The next development was an assertion of their right to self determination, as the UN had preached, and their declaration of independence.

However, Nigeria by then had other ideas on self determination. It had become the mother country. It wanted to impose its rule and exploit the rival tribes' lands. It denied Biafra's right to secede and declared war.

Here apparently was a situation in which UN should come to the immediate support of Biafra. By its own preaching the Biafrans were right. However, political conditions had changed. Nigeria was under the influence of Moscow, so UN obligingly ignored its principles, and also ignored its peace keeping function while Nigeria with Soviet help waged war on the little secessionist country. According to UN attitude, this was not self determination. It was revolt, and official sympathy favored Nigeria.

That is the shabby background of one of the shabbiest chapters in UN history. And conduct of the war has been equally shabby. After Nigerians failed miserably in the early part of the war Russia came in with planes and sophisticated weapons. That too failed to subdue the Biafrans.

Then came the really barbaric stage of the war. Biafrans were to be starved into submission. A blockade shut off all shipments of food until Red Cross and church relief services started their airlift of food and medical supplies, which continued for more than a year in spite of aerial attacks and bombardment of the landing strip.

Well, the report Monday tells us that Nigeria has finally triumphed. Military pressure combined with the brutal starvation of millions of non-combatants has finally crushed the brave and dedicated people of Biafra. Meanwhile more than a hundred member nations of a so-called peace keeping organization remained unconcerned while a little country seeking freedom and independence was savagely exterminated.

Funeral Services Held Monday for Parker Fears, 63

Funeral services were held Monday at 2 p.m. in the George J. Carroll & Son Funeral Chapel for Parker Fears, 63, of Myra who died at his home 7:15 p.m. Saturday.

The Rev. J. Aston Pollard and Dr. Phillip Walker officiated. Graveside Masonic rites were conducted at Fairview Cemetery.

Masonic bearers were Ike Fulton, Tom Binford, Bill Miller, Lee Miller, David Biffle and Sid Cason. Parker Fears was born at Era on Feb. 4, 1906, and spent most of his life at Myra, where he was widely known as a skilled mechanic and appliance repair man. For many years he operated a service station in connection with his automotive and electrical repair business. He was a member of the Myra United Methodist Church and the Masonic Lodge.

Surviving are his wife, the former Delania Rowland; his mother Mrs. Dora Fears of Myra; two sisters Mmes Inez Sturdivant and Gertrude Castleberry of Fort Worth and two brothers Johnnie Fears of Fort Worth and Ivan Fears of Dallas.

Three Meetings Scheduled Monday On Traffic Safety

Next Monday, January 19, is traffic safety day in Muenster for high school students and any interested adults.

It will be conducted in three separate sessions by Jim Clifton of the Sherman office of the Texas Department of Public Safety, assisted by other members of the DPS.

First session is booked for Monday morning at Muenster High School, the second will be at Sacred Heart High in the afternoon and the third will be in the MHS auditorium starting at 7:30 p.m.

The two daytime programs are for students only, the night program is for adults. Father Placidus Eckart and Mayor Earl Fisher, who consulted with Mr. Clifton in bringing the program here, urge adults to attend if they possibly can.

It will consist of two safety films, lectures and discussions, with emphasis on new traffic regulations adopted last year. A follow-up program is also planned for some time in the Spring.

Purpose of the program is to make people, especially the young folks, more aware of traffic dangers and of new developments in the state's safety campaign.

Surgery Repairs Injuries Received In Shotgun Blast

Randy Barnhill, 13 year old son of Mr. and Mrs. Raymond Barnhill, is reported making satisfactory progress at Muenster Hospital following surgery after he was critically wounded in an accidental shooting Saturday.

The accident happened about 5 p.m. at the family home when an older brother discharged a shotgun that was believed to be unloaded. The blast, fired at close range, struck Randy in the stomach and went completely through his body, destroying a kidney, part of his liver and several sections of intestines, and missing his spine very closely. He remained on the operating table more than three hours while three surgeons repaired the damage.

Three Hornets on Class B Football All State Team

Muenster High School's Hornets, district and bi-district football champions for the second consecutive year, received special recognition this week when three of their players were named on 1969 Class B all-state teams selected by the Texas Sports Writers Association.

David Fette, 185 pound senior, was selected a tackle on the first team. Bobby Bruns, 170 pound senior, was named an end on the second team. Earl Koelzer, 165 pound junior, was named a halfback on the third team.

The three are the only players selected from District 9-B. The only other representative for this part of the state was Terry Davis, a 225 pound senior from Collinsville.

Conspicuous by their absence are Celina selections on the dream team. The Bobcats defeated Muenster in 68 and 69 for regional title and were generally regarded as the powerhouse of Class B football in North Texas.

Coach Glenn Richardson said the omission of Celina is surprising and probably due to the fact that someone failed to send in nominations. He said that the dream team is selected from nominations submitted by the schools.

Richardson said he was very pleased and proud to see the three boys receive the honors, that it's a credit to the team as well as to themselves. This is the second time the Hornets received state wide recognition. Clifford Sicking and Mike Cason were chosen last year.

These selections bring Richardson's personal list of all state selections to six. One of his players was named while he coached at Valley View.

TP&L and Bankers Sponsor Meeting On Agri-business

Agricultural leaders from North Texas and Southern Oklahoma will hear numerous outstanding speakers discuss timely agricultural development topics at the First Annual Texoma Agricultural conference on Wednesday, February 4, at Grayson County Junior College in Sherman.

Sponsored jointly by the Texoma Bankers Association and Texas Power & Light Company, the conference's program is designed to benefit all producers and agribusinessmen in the area.

The conference is headed by Clyde Hale, president of TBA, Leon Loveless, TP&L district manager in Sherman, and J. P. Shull, agricultural consultant for TP&L.

"New Profit Ideas" is the theme of the conference. Topics discussed will be aimed at providing up-to-date information on ways of increasing profits through better management methods and production techniques.

Speakers at the conference include: —Wayne Fox, animal nutritionist and general manager of Triple F Feed Company, Des Moines, Iowa; W. R. Thompson, —Mississippi State University agronomist and grass and legume specialist; Dr. Ralph Durham, —Professor of animal science at Texas Tech University; Parker Yarbrough, —rancher and president of the Cooke County Cattlemen Association; Gary Simmons, —director of the Noble Foundation, Ardmore, Oklahoma; T. L. Austin, —president of Texas Power & Light Company.

Antonettis Seek U.S. Citizenship

Dr. and Mrs. Alfredo Antonetti are in Sherman Thursday taking the examination for American Citizenship.

This exam is their first opportunity to apply for citizenship since they left their native Cuba in 1962. For two years after that they were classified as refugees, and since then they have been classified as residents. They recently completed their five year residency requirement and became eligible to apply for citizenship.

The date of receiving their citizenship is indefinite, depending principally on the federal judge's current work schedule.

Earl Shepherd, 41 Dies in Dallas

Earl Shepherd, 41, of Dallas, husband of the former Jean Herr of Muenster, died Wednesday night at his home of an apparent heart attack.

Funeral arrangements are to be announced.

Mr. and Mrs. John Herr left Thursday to be with their daughter.

Surviving in addition to the widow are three children Wayne, Earl Jr. and Debbie of the home.

Larry Yosten Featured In Dairymen Magazine

Larry Yosten, manager of the AMPI surplus milk processing plant in Muenster, is the subject of a feature article in this month's edition of Dairymen Digest, the official publication of Associated Milk Producers Inc., a multi-state co-op serving over 29,000 Midwest farmers from Texas to Wisconsin.

The article describes Larry as a youngster who started working for the FMA cheese plant in 1942, dumping ten gallon milk cans into the weighing tank, and advancing through all stages of the plant's growth to his present position at the top. At the same time it traces the plant's growth from a locally owned operation to its present function as one of the several plants processing surplus milk of the huge AMPI association.

Larry's early career with the old FMA was interrupted during World War II while he drove an army truck over the Burma Road, but he has been on the job here ever since.

The first big changes of plant development came in 1954 when FMA sold out to North Texas Producers Association. The plant then served a limited number of small dairymen who had not converted to Grade A production. After the takeover it became one of the two NTPA plants processing surplus Grade A milk in North Central Texas.

Graham Purcell Is Candidate for 6th Term in Congress

Congressman Graham Purcell announced today he would be a candidate for his 6th term in the U. S. Congress. Purcell, a Democrat, has represented the 13th Congressional District since 1962. Purcell's District encompasses some 230,000 residents of Dallas County and covers an area from Dallas North to the Red River, including Wichita Falls, and as far west as Childress and Dickens Counties.

Purcell said, "during the 8 years that I have had the privilege of serving in the Congress, I have been called on to deal with the broadest spectrum of problems and legislation, from Agriculture to social problems to space technology. In a District that runs from Childress to Dallas, a sound knowledge of the people and the economy of all parts of the District is absolutely essential."

"At this particular time in our history, it becomes more and more important that a Congressman have experience and knowledge; — in short, he must not only be a specialist (Continued on Page 8)

Heart Attack Fatal To Al Walterscheid

Al Walterscheid, 67, native and life-long resident of Muenster, died suddenly last Thursday, Jan. 8, of a heart attack. He was stricken at 10:45 a.m. while visiting his son at the Mobil Service Station and was pronounced dead on arrival at Muenster Hospital.

Funeral services with Requiem Mass were held in Sacred Heart Church Saturday, 10 a.m., Father Bede Mitchell

officiating and Nick Miller Funeral Home in charge of burial arrangements in Sacred Heart Cemetery.

Bearers were Mike Fuhrmann, Tom Hesse, John Loerwald, Tim Wimmer, Rodney Walter, Terry Wimmer, Earl Walterscheid and Kenneth Walterscheid.

Three rosary services were held in the Miller Chapel Friday; by St. Anne's Society at 4 p.m. and the community rosary at 8 followed by a K of C rosary. He was a member of the Muenster Knights of Columbus Council.

Bishops Complete Split of Diocese

Final division of the Dallas-Fort Worth Diocese into separate dioceses of Dallas and Fort Worth was announced last Friday by Bishops John J. Cassata of Fort Worth and Thomas Tschoepe of Dallas.

This action completed the division which was announced in October 1969 when the Pope established the Diocese of Fort Worth. Clergy assignments were frozen at that time awaiting the final division.

The Fort Worth Diocese, which includes Muenster, is headed by Bishops Cassata and Danglmayr, has 55 priests, 36 seminarians and pre seminarians, 195 sisters and about 75,000 area parishioners in 28 counties.

The Dallas Diocese, with Bishops Tschoepe and Gorman has 97 priests, 85 seminarians and pre seminarians, 164 sisters and about 110,000 area parishioners in 30 counties.

Real estate within the boundary of each diocese comes under the possession of that bishop and joint assets of the two dioceses were divided, the Fort Worth diocese receiving \$555,259 in the transaction.

Final Rites Held In Gainesville for Mrs. W.M. Kelly

Funeral services with Requiem Mass were held in St. Mary's Church, Gainesville, at 10 a.m. Monday for Mrs. W. M. Kelly, former Muenster and Gainesville resident who died in Omaha, Neb., Thursday. She was 91.

The Rev. Robert Grant officiated and burial was in Fairview Cemetery under direction of George J. Carroll & Son Funeral Home.

Rosary service was held in the Carroll Chapel at 7 p.m. Sunday.

The former Catherine Hutchon was married to W. M. Kelly here in 1902 and they lived on a farm before moving to Gainesville. She made her home in Omaha for several years since her husband's death in Gainesville on Jan. 17, 1958.

Survivors are one son, eight daughters including Mrs. Lyle Evans of Gainesville, one sister Mrs. C. J. Fette of Muenster, 17 grandchildren and a number of great-grandchildren.

Car License Tags Will Be Available Again in Muenster

Vehicle registration plates will be available again at Tom and Jerry's Barber Shop in Muenster this year.

Tommy Herr revealed this week that he and Jerry have arranged with County Tax Assessor-Collector Jo Hillis to have the plates for passenger cars, commercial pickups and farm vehicles, and possibly also motorcycles. He said that he accommodated some motorcycle owners last year by getting their tags for them at the county tax office, and will do the same this year unless he can keep a supply of the plates here.

Herr mentioned that sales here, as at the courthouse, will start on February 1. Persons who received their triplicate application form in the mail are reminded that they can't get the plates until then.

However, the job will be simpler and faster. The old slow procedure of typing receipts has been discontinued. The vehicle owner merely presents his form and pays the amount shown thereon. The tax collector will validate one copy of the form and return it to the owner with the new license plates. One of the remaining two forms will be filed in the county tax office and the other will be sent to the Motor Vehicle Division of the Texas Highway Department.

Teacher's Father Dies of Coronary

Ferd Chisam, 54, of Valley View died Monday at 12:30 p.m. following a heart attack in his home. He is the father of Bobby Chisam of the Muenster High School faculty.

Funeral service was conducted Wednesday at 2 o'clock in Vernie Keel Chapel, Gainesville, with the Rev. Travis Maxwell officiating, and burial was in Valley View cemetery.

Ferd Chisam was a native of Marysville, born Oct. 9, 1915. He was a farmer and carpenter. He is survived by his wife, two sons, his father, two brothers and six sisters.

Local Churches Set Inter Faith Services

Inter faith prayer services intended to help promote harmony among religious denominations will be held in the two Muenster churches next week.

The first service will be held next Wednesday night, the 21st, in the First Baptist Church under direction of the Reverend John Brooks. The next service will be held the following night in Sacred Heart Church, conducted by Father Placidus Eckart. Starting time both nights is 7:30 p.m.

The common prayer service was arranged in response to urgings of the Council of Churches and the Catholic hierarchy in order to achieve a better understanding between the faiths.

Christians of all denominations and any other interested persons are invited. The service will consist of prayer, song, responsive reading, scripture, and a short sermon.

Speedy Delivery Is Bonus Benefit Of Blood Bank

The first bonus benefit of this community's membership in the Red Cross Blood Bank was realized Saturday night when Randy Barnhill underwent surgery to repair injuries sustained in a gunshot accident.

With two pints of blood on hand, Muenster Hospital called Wichita Falls for an emergency delivery of four additional pints to have available in case they were needed. As the operation developed three of those units were needed.

The order was phoned to George E. Clevenger, administrator of the Red River Blood Center, about 7:30 p.m. At that hour the center was closed and he was called at home. An hour and a half later he delivered the blood to the Muenster Hospital.

What happened in those ninety minutes is a story of efficiency and cooperation. As Clevenger told it to David Bright, administrator of the Muenster Hospital, this is what happened.

On his way to the blood center Clevenger contacted the Highway Patrol on his radio and asked for help. At the blood center he took four units out of storage and packed them for delivery. As he left the building a police escort was waiting to take him to the city limit.

On his way to Muenster he kept in touch constantly with patrolmen and local police at all points along the way. Police waiting for him in each town rushed him through without a slow-down.

Bright considers the mission a success in every way. The blood bank's response to the emergency call was prompt and efficient and police assistance was magnificent. As a result the emergency shipment arrived in plenty of time and sufficient quantity to meet the patient's needs.

Robert Bayer Bids For Re-election As Commissioner

Robert Bayer, commissioner of Precinct 4, this week authorized the Enterprise to announce that he is a candidate for re-election in this year's election.

He is asking his first full term as commissioner. At this time he is completing the unexpired term of the late Earl Robison, who died after the primary election of 1968. Bayer was appointed by the precinct Democratic committee as the party's nominee in the general election, and won by a strong majority. He took office the day after that election.

Robert Bayer is a native of Muenster, lived here all of his life except 14 months while he served in the army during the Korean War. He is a farmer and livestock raiser living about two miles north of Muenster. His formal statement to voters will be published in the Enterprise at a later date.

Separated From Army

Captain Walter D. Wilson has been separated from the Army at Fort Hood. With his wife and their sons Bobby and Danny he will move to Muenster from Killeen this weekend. They'll occupy the house at 517 N. Pecan, vacated by the Winton Woods and Tony who moved into Leona Eberhart's recently remodeled house.

Motorists Goof on Easy to Follow Registration Form

AUSTIN — The Texas Highway Department is sporting a red face.

In recent news releases announcing the new computerized motor vehicle registration system, Department information specialists wrote:

"Easy-to-follow instructions are printed on the three-part form."

That must be a mistake, — because a lot of motorists haven't been following instructions. And mistakes generate confusion.

This is the first year that the Department has gone to the new system, which includes an order-by-mail program for obtaining 1970 motor vehicle license plates.

But just to make sure that motorists do understand the "easy-to-follow instructions", they are:

1. Each motorist whose vehicle was registered last year has or will receive in the mail a long, narrow envelope with a printed message on the front reading: "Important — This is Your License Plate Renewal Application."

2. The envelope will contain a three-part form. DO NOT SEPARATE THE THREE PARTS.

3. You may renew your motor vehicle license registration during January and February by mailing the three-part form (intact) and your check to your county tax collector. Add \$1 for postage and handling charges for each vehicle. License plates will be mailed February 1 and thereafter.

4. You may renew your motor vehicle license registration during February and March by taking the three-part form (intact) and your check to the tax collector's office or substitution.

That's it! Now see if you are one of the seven million-plus Texas motorists who can follow those "easy-to-follow instructions."

The Truth About Martin L. King

It now appears that the government was listening in on the telephone conversations of Martin Luther King. It appears also that the wire-tapping of this supposedly "non-violent" black "martyr" was authorized by none other than Robert F. Kennedy, then attorney general.

So far, this is of no particular interest because this newspaper has long told its readers that M. L. King was not what he purported to be and that neither was Bobby Kennedy. That ruthless little individual was quite capable of putting a wiretap on his own mother's phone.

What is interesting is that partial disclosures reveal that King was in direct contact with some of the most influential Communist contacts in the United States. As reported by our Washington columnist, Paul Scott, the FBI has been able to confirm that Kremlin agents whose influence extends into the highest ranks of the Communist Party were King's ghost writers and chief advisers on protest strategy.

Martin Luther King well understood with whom he was dealing, because several pictures taken by the FBI show King meeting Communist operators at one of the major United States airports instead of at his office or home.

The FBI, according to Scott, ran into the King connection while investigating another national security case. When King's name was mentioned several times by persons under surveillance, it was decided to put the civil rights leader under close observation.

So alarming was what was learned about King that House Speaker John McCormack was informed. This briefing caused Speaker McCormack to make extensive preparations to defend Washington against King's plans to cause massive disruption.

Those who heard the playing of the tapes were shocked at the gutter-type language King used in private conversations about the late President John F. Kennedy. Yet, King's leadership task was to give the overall movement an acceptable "image" that would attract millions of Negroes, young people, the poor, the clergy, and those disenchanted with the Vietnam War.

Thus has been confirmed completely the concept of Martin Luther King which this newspaper has relayed to its readers.

In view of this partial disclosure, this newspaper feels that it is high time that the FBI be ordered by the proper authorities to release the entire context of the King conversations. They should exclude only those parts which would compromise our national security.

It is pathetic to see the people, both black and white, misled by the publicity and propaganda surrounding M. L. King into believing him to be something he was not. Such delusions are dangerous to the national security.

It is high time for the public to be told the truth!

Taxes

How much of a citizen's income should Government take? The primary function of organized government is to protect what the citizen already has. It cannot give to the citizen anything except what it first takes away from the citizens, less the cost of collecting and distributing.

This means that if government taxes the people and attempts to return these taxes in the form of public relief, all people in that government will have less of everything, including freedom. The "U. S. News and World Report" of December 29, 1969 reported the following: (a) In 1939, 19 cents out of every dollar went for taxes. Nine percent of the national income went to the Federal government and 10 percent to state and local governments; (b) In 1949, 24 cents of every dollar went for taxes. The Federal government took 17 percent of the national income and state and local governments took 7 percent; (c) In 1959, 30 cents out of every dollar was spent for taxes. Federal government took 22 percent of the national income. The local and state governments took 8 percent; (d) In 1969, 36 cents out of every dollar went for taxes. The Federal government took 25 percent of the national income and local and state government took 11 percent. It is very doubtful that any person who spends 36 cents out of every dollar for taxes can honestly consider himself a free citizen.

This conclusion is based on the simple fact that what the government subsidizes it also manages.

Suicidal Stupidity

In a country where thousands of persons are reported starving to death every day, last year a religious leader burned up over a half-million dollars worth of food in a religious ceremony to "foster universal peace and the welfare and prosperity of the human race."

That country is India, to which the United States has given \$7.2 BILLION in aid since the end of World War II. Much of that aid has been in food.

Recently the Indianapolis Star called attention to a repeat performance of the massive food-burning.

"This year the same religious leader plans to burn up \$16 million worth of food—8,000 tons of it—for the same reason. He is going to set fire to 1,860 tons of rice, 930 tons of barley, 375 tons of sugar, 4,950 tons of sesame seed and 375 tons of herbs."

While he was announcing his plans, the Nixon administration was asking the Congress to provide another \$400 million for India!

And while the President

was asking for that additional \$400 million, his ambassador to India, former Senator Kenneth Keating of New York, was applauding Prime Minister Indira Gandhi's new Socialist-Communist policies such as nationalization of the banks.

Keating not only applauded; he got in on the act by urging Mrs. Gandhi to go even further left of center with her programs!

Thus is the overburdened American taxpayer forced to pay for a Communist takeover in India and for millions of dollars in food to be burned in a religious ceremony to "foster universal peace and the welfare and prosperity of the human race" — at a time when thousands of

Indians are starving to death each day and communism is waging war against us around the globe!

This is why the United States is in such deep trouble at home and abroad.

Suicidal stupidity.

Presented by her father, the bride wore a gown of white peau de soie, Victorian styled with long puffed sleeves, high collar and slim skirt which swept to back fullness forming a chapel-length train. Appliques of lace traced with seed pearls and sequins adorned the bodice and skirt and bordered the full-length bridal veil held by a lace pillbox. Her flowers were a white orchid, carnations and stephanotis. She carried a pearl rosary, a gift from her aunt Sister Mary Lin Koesler of San Antonio.

Bride's attendants were her sisters Misses Gretchen and Christi Koesler wearing American Beauty red brocade floor-length dresses with dark red velvet bands accenting the Empire bodices. Their headpieces were matching Dior bows and their flowers were pink mums.

Little Miss Cheryl Bayer, niece of the groom, was flower girl in a white dress with wide emerald green sash. She carried a bouquet of pink mums which the bride placed on the Blessed Virgin's altar after the service.

Leonard Bayer was his brother's best man and Clinton Bayer, also a brother, was groomsman. Another brother Charles Bayer and Rudy Koes-

ler, bride's brother, ushered. Sacred Heart junior high girls' choir and Miss Janice Grewing, organist, provided wedding music. Mass servers were Karl Koesler, Charles

Koesler, Leon Bayer and Randy Hermes.

Wedding reception and buffet were held in the Parish Hall where Misses Marge Hesse and Dolly Bayer registered about 250 guests.

After their honeymoon trip the couple will be at home four miles north of Muenster in a mobile home. He is associated with J. H. Bayer and Sons and she is employed at Cooke County Electric Cooperative.

For traveling the new Mrs. Bayer wore a red wool coat-dress with black patent accessories.

Mrs. Koesler attended her daughter's wedding in a teal blue crepe costume with navy accessories. She had a pink cattleya orchid corsage. Mrs. Bayer, mother of the groom, wore a beige and brown knit costume with brown accessories and a beige cattleya orchid corsage.

Grandmothers of the bride, Mrs. August Walterscheid and Mrs. Alfons Koesler Sr. had pink pompon corsages.

Foods Around the World, 1970 Theme 4-H Show Jan. 17

Foods Around the World will be the theme of the 1970 4-H Food Show to be held, Saturday, January 17th in the Cooke County Junior College Gymnasium.

Approximately 80 junior and senior 4-H Club members both boys and girls are expected to exhibit a food in one of the four group categories.

These 4-Hers have been working in nutrition study groups for the past 2 months under the supervision of adult and junior leaders across the county. Study includes discussion of the importance of good eating habits in maintaining health, techniques of selecting, preparing and preserving foods. The displays will consist of clever table arrangements planned by each 4-Her in keeping with the theme chosen for the recipe selection.

Judges will award ribbons to each participant after considering exhibits on general appearance, nutritional planning in menu and recipe selection. The 4-Hers will also be quizzed on their knowledge of nutrition.

Make plans to visit the displays between 11:30 - 1:30 on January 17th. Discover many new recipe and table enhancing ideas which the 4-Hers have learned make eating a "fun experience," say Donna Brewster and Bernice Thurman, county extension agents.

Molars and Muggers

When a mugger attacked her and clapped his hand across her mouth to keep her from screaming, Mrs. Harriet Neham, 53, of New York City, bit off the tip of the man's little finger.

Later a suspect, missing a fingertip, was arrested.

Now we're waiting for some judge to order the suspect freed on the grounds that the man wasn't advised of his civil rights before Mrs. Neham bit him.

In any event, Senators Dodd and Kennedy are certain to demand that Mrs. Neham be compelled to register her teeth.

Local News BRIEFS

A group of five from Iowa started back to their homes Monday noon after a five-day visit with their uncles and families the Adolph and H. J. Fuhrmans. Their guests were Mr. and Mrs. Rafael Fabian of Algona, Mr. and Mrs. Florian Fabian and Mrs. Arlene Salz of St. Jo, Iowa. With the exception of the Florida Fabers the visitors were seeing Muenster for the first time. The five spent Sunday at Arlington with Mr. and Mrs. Dick Bump and family.

Mr. and Mrs. Carl Mullins went to Dallas Wednesday last week to be with their son Tommy and his little son Craig who both had surgery at St. Paul's Hospital. Both recovered satisfactorily from tonsillectomies and returned to their home in Grand Prairie Saturday. Mr. Mullins returned to Muenster leaving Mrs. Mullins at Dallas to attend the sixth annual January three-day workshop conducted by Mary Kay Cosmetics for which she is a beauty consultant.

Four-day visitors with Mr. and Mrs. Gene Klement were her brother and wife, Mr. and Mrs. Joe Raleigh of St. Paul, Minn. They started back home Tuesday. They came from Hot Springs, Ark., where they attended the national turkey raisers convention.

Walter and Harry Swirczynski of Oklahoma City visited the Joe Swirczynskis Monday afternoon. They had attended the funeral of Mrs. W. M. Kelly at Gainesville.

Sunday visitors in Cleburne with Mrs. Bob Yosten of Muenster at the home of her daughter and family, the Curtis Hollands were Mr. and Mrs. Leonard Yosten and daughter Dianne and Joe Swirczynski, joined there by Mr. and Mrs. Stan Yosten of Fort Worth. The Stan Yostens took his mother Mrs. Bob Yosten back to Fort Worth with them for a visit.

Weekend visitors with Dr. and Mrs. Alfredo Antonetti were his brother and family, Dr. and Mrs. Carlos Antonetti, Olga, Maria Christina, Maria Elena and Mr. and Mrs. Johnny Goudie and son John Charles, all of Houston, also Mr. and Mrs. Manola Pena and daughter Maggy of Miami, Fla., and Mr. and Mrs. Alfredo R. Antonetti and son Alfredo II of Oklahoma City.

Mrs. Ted Gremminger and daughter Brenda of Garland and Mrs. Walter Wolf and sons Scott and Craig of Gainesville visited Tuesday with parents and grandparents the Victor Hartmans. They came especially to check on Mrs. Hartman who had been admitted to Muenster Hospital Monday and was dismissed Tuesday.

Mrs. Mullins Wins
Mrs. Carl Mullins was presented a golden goblet for her record sales performance with Mary Kay Cosmetics at the national awards banquet in Dallas on Jan. 9 at the Fairmount Hotel. Her husband attended the banquet with her. Mrs. Mullins also was presented a trophy as Queen of Sales of the Gainesville Unit. Since September she won two golden goblets based on amount of wholesale orders. Her name was at the top of the list in the entire nation for sales the week before Christmas.

Eighth Birthday
Bert Miller, eight years old on January 14, celebrated at a party after school at the Putt-A-Round. His mother Mrs. Herbie Miller was hostess assisted by the honoree's sister Gayle and brother Glenn. Fourteen boy guests enjoyed games and party refreshments.

Bluebirds Meet
Happy Bluebirds of Grade 2, Sacred Heart School, at their meeting Thursday wrote and decorated individual thank-you notes for Ernest Jaska who built their work table and benches. Afterward Wanda and Pam Schneider served refreshments, the girls joined in a song and action game and Christy Felderhoff dismissed with the magic wand. Rhonda Endres was candle lighter. Barbara Knabe, junior assistant, met with the leaders Mrs. Joe Felderhoff and Mrs. Tom Joy.

Carol Grewing and David Bayer Set Wedding for Feb. 7

Mr. and Mrs. Richard Grewing have announced the approaching marriage of their daughter Janice and David Bayer, son of Mr. and Mrs. Martin Bayer.

The wedding is planned for February 7 in Sacred Heart Church at 5 p.m.

Chosen as honor attendants are a sister and twin brother of the couple, Miss Carol Grewing and Dale Bayer. The future groom's sister Miss Nel-da Bayer and a brother Donald Bayer will be bridesmaid and best man. Laura Grewing will be her sister's flower girl.

Both are graduates of Sacred Heart High School and the future groom has ended a tour of duty in the Army with overseas service in Vietnam. He is employed at Shamburger Lumber Company and they will make their home in Muenster.

Dimes March Here Again Sponsored By VFW Auxiliary

Members of Muenster VFW Auxiliary, at their January meeting Monday night, mapped plans to sponsor the annual March of Dimes, voted a donation to the Memorial Chapel in Austin and subscribed to the Cancer Fund.

Mrs. Thomas Hesse is general chairman of the March of Dimes. Principal source of contributions will be a church-door collection, the date to be announced.

With the contribution to the Memorial Chapel goes the privilege of inscribing the name of a deceased veteran. This year's contribution is given in memory of Dr. B. J. Hejduk.

Mrs. Clarence E. Hudspeth, president, presided and Mrs. Wilfred Bindel won the door prize. Thirteen members were present.

Before the meeting Auxiliary members joined the Veterans of Foreign Wars to hear the speeches by local winners in the Voice Of Democracy Essay Contest. Afterward they joined again for a fried chicken buffet.

Presenting their winning essays were Margie Felderhoff, first place, Phyllis Bindel, second, and Donna Rohmer, third.

4-H Boys Meeting
Sacred Heart 7 and 8 grade 4-H boys discussed pigs at their January meeting. Waymon Moore, assistant county agent, led the discussion and then gave the boys a written quiz. Gary Fetsch president, presided, Mike Luttmer led the pledge and motto and Chris Felderhoff reported all members present.

Muenster Teams Win at Lindsay Lose at Slidell

Charles Cash and his Muenster High - basketball teams broke even in their games of the past week. They won two at Lindsay and lost two at Slidell. As a result the boys now have a season standing of 3-2 and the girls stand at 2-4.

At Lindsay the MHS girls gained 30-15 at half time and had their margin reduced a point and 2 points in the third and fourth periods for scores of 38-24 and 49-37. Point makers for MHS were Doris Felderhoff 23, Joan Monday 17, Sue Flusche 3 and Joyce Swirczynski 1. For Lindsay it was Marilyn Hundt 18, Brenda Bezner 10, Susie Bezner 6, Becky Fuhrmann 2 and Betty Rohmer 1.

The boys game was one sided as the Hornets gained in all periods but the last. Scores ending the quarters were 23-7, 47-22, 76-31 and 92-51. John Monday led the MHS effort with a sizzling 39 points before he fouled out early in the fourth. Gerry Cash made 16, Tom Henscheid 12, Glenn Felderhoff 10, Bob Bruns 8, Carl Endres 4, Ricky Swirczynski 2, Joe Klement 1, Danny Fette 1.

A. J. Felderhoff led the Knights with 17, Mark Metzler made 11, Don Metzler 10, Glenn Beyer 8, Steve Felderhoff 3, Larry Zimmerman 2.

MHS gals practically lost their game at Slidell in the first quarter when they were down 21-3. After that they played neck and neck as the periods ended 33-13, 47-27 and 54-35. High for Muenster was Doris Felderhoff's 23. Joan Monday hit 8, Debbie Yosten 2, Sue Flusche 2.

Slidell boys gained for three quarters which ended 16-13, 36-22 and 58-35 and Muenster closed the gap slightly in the last quarters. Final count was 73-55 with Monday accounting for 31 points, Jim Endres hit 10, Gerry Cash 6, John Schneider 4, Glenn Felderhoff 2, Bob by Bruns 1, Tom Henscheid 1.

Muenster to Host Deanery Meet of NCCW January 22

Muenster will host the deanery meeting of the National Council of Catholic Women on Thursday, Jan. 22, in the KC Hall. Starting time is 10 a.m.

This will be the first meeting of the newly established North Deanery of the Fort Worth Diocese and will include a get-acquainted session.

Father Richard Judge of Decatur will be program leader.

Business and program is expected to be over by 12:30 or 1 o'clock. Members are invited to bring a sack lunch and join for the meal.

The North Deanery includes the counties of Cooke, Denton, Jack and Wise.

In a crowded restaurant a diner beckoned to a waiter. "Say," he asked, "could you tell me if it's raining outside?" "Sorry," replied the waiter coldly, "this isn't my table."

Parochial Teams Win Four of Five During Weekend

Sacred Heart teams had a pair of good days Friday and Saturday when they won four out of five games.

They split a double header at Fort Worth Christian Friday night, the girls taking theirs 25-18 and the boys being blasted 94-41.

After a close first half for a 12-11 lead the Tigerettes had a good third period ending with a 21-13 lead then held the margin through the last quarter. SH scorers were Peggy Sicking 12, Nancy Fuhrmann 7, Denise Walterscheid 5, Donna Rohmer 1.

The Tigers had to contend with a tall and slick outfit which gained big in every period for leads 23-11, 49-13, 70-34, 94-41. About the only satisfaction for the Tigers was holding the opponent under 100 points. That was accomplished by playing a stalling game in the last several minutes. Point makers were Babe Schilling, 17, Gary Endres 10, Jim Schmitz 8, Ronnie Hess 6.

Saturday's program was three games with teams of Immaculate Conception of Grand Prairie. The Tigerettes had a real thriller as the visitors led 17-16 at the half and the third and fourth quarters ended in ties. The count was 22-22 ending the third, and a shot that was in the air as the buzzer sounded tied it at 29 as time ran out. However a foul was called at the same time and Peggy Sicking's two free-throws won 31-29 for the Tigerettes. Peggy Sicking led the Tigerette scoring with 23, Donna Rohmer hit 5 and Nancy Fuhrmann 3.

Sacred Heart junior girls came out ahead 16-9 in a slow contest in which Carla Yosten and Elaine Yosten, shared scoring honor with 6 each. Beverly Walterscheid made 3 and Mary Hess 1.

Tiger Cubs had better luck shooting and bumped their visitors 31-15. Their best period was the third in which they made 14 while blanking the opponents. Top scorer was Kenny Hess with 12. Kevin Pels and Pat Endres made 5 each, Phil Endres 4 and Jeff Fette 1.

For the next week SH girls have a blank schedule. Tigers will play twice, Cistercian here next Tuesday and Trinity Valley there Friday, the 23rd. Junior boys will be busy. They are on the Cistercian and Trinity Valley programs and will be in a junior tournament at Era Monday, Thursday and Saturday of next week. Junior girls are also in the Era tournament.

Remaining Schedule
Remaining games on the TISC basketball schedule for Sacred Heart are:
Jan. 27, Greenhill, here
Jan. 30, Dallas Christian, here
Feb. 3, FW Christian, here
Feb. 13, Cistercian, there
Feb. 17, Trinity Valley, here

Feb. 18, F.W. Day School, there.
Feb. 24, Dallas - Christian, there.
Feb. 27, F.W. Day School, here.
Cistercian and Trinity Valley do not have girls teams, hence the Tigers and junior boys will play on those dates. Boys and girls A teams will play on the other dates.
Other Sacred Heart Dates are Jan. 31 and Feb. 21, Immaculate Conception here, A and B school girls and junior boys and girls.
Feb. 2, Saint Jo there. B high school girls and junior boys and girls.
Feb. 5, 6 and 7, S&S junior tournament, junior boys and girls.

Do-it-Yourself Cleaner Eases Family Budget

The "once over" weekly house cleaning is child's play compared to the thorough going over the housewife gives the house each spring and holiday season. Not only do her muscular aches and pains tell of the work involved; her dry cleaning bill shows how expensive it can be. Holiday time is when slipcovers, bedspreads, winter garments, school clothes, curtains and drapes are cleaned.

For these chores, coin-op dry-cleaning is gaining wide acceptance, reports the National Automatic Laundry and Cleaning Council (NALCC). And the most popular reason is the saving that can

be realized on coin-op dry-cleaning. With a typical eight-pound load consisting of eight pairs of slacks—or six to eight dresses—or a mixed load having one pair of slacks, two dresses, four sweaters, and one short coat, the savings can be as much as 50 to 75 per cent.

Housewives are pleasantly surprised at the "professionalism" of self-service dry-cleaning. Pleats, creases, and ruffles hold their shape. And since coin-op drycleaners, use the same solvent as professional drycleaners, there is no danger of material damage from inferior cleaning fluids, the council stated. (Adv.)

**Milo Looks Like a
 Crop With Future
 In Cooke County**

by Neil Tibbets.

Cooke County farmers are always looking and figuring on a new crop that will return a higher profit per acre. Many farmers are growing Milo and making from 4 - 6 thousands pounds per acre. Figuring the price at \$2.00 per hundred this will be a gross return of \$80 to \$120.00 per acre. This return is probably greater than the average.

Milo looks like a crop with a good future. The intensified cattle feeding program of West Texas will make Milo harder to buy at higher prices. You are in a delicate area and have a ready market for all the Milo you can produce.

A check was made with Cooke County feed dealers and they are bringing in 30 truck loads of Milo a week. A total of 1560 a year. A total of 30 million pounds a year. It is not possible for Cooke County farmers to produce the local needs of Milo in the next 10 years.

The ASCS office has a program where they will finance on the farm drying and storing equipment that you may be interested in. If production is increased storage facilities will be in short supply. A Grain Sorghum Production meeting will be held in the Farm Bureau Office Building, Thursday night, January 29, 7:30. The program will be presented by the Agricultural Extension representatives and the County Agricultural Agent. The public is invited to attend.

**15% Increase
Adds \$167 Million
In State Benefits**

Residents of Texas will receive an additional \$167,000,000 in 1970 as a result of the 15% increase in Social Security benefits, Wayman E. Register, Dallas Regional Commissioner of Social Security, said today. The law recently passed by Congress and signed by the President became effective as of January 1, 1970.

Social Security beneficiaries need not apply for the 15% increase, as each of the 1,208,000 men, women and children in Texas now on the benefit rolls will receive the increase automatically, Register said.

The first regular check in the new amount will arrive the first week in April on the usual day for the delivery of benefit checks. A separate check for the amount of the increase for the months of January and February should reach the beneficiary during the last week in April.

Mr. Register estimated that the total Social Security payments to retired or disabled workers and their dependents and for survivors in Texas

for 1970 will amount to \$1,283,000,000.

Refiguring the benefit amounts for the 25,000,000 now on the rolls in the United States is a tremendous task and it must be done without disrupting the regular monthly payments.

One out of eight Americans is now receiving Social Security checks each month. As of the end of December, these monthly payments totaled 2.2 billion and the monthly total will go up by 345 million as the 15% increase becomes effective.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

A constant effort is being made to find new and better ways of improving and increasing farm living and income, says Eual Davis, district conservationist at Muenster.

One of the most recent crops to catch the attention of many landowners in Texas is Catfish, Davis continues. It may take a while to convince yourself that Catfish is a crop; however, it is grown on the farm then sold or consumed as any other farm crop.

The expansion of this crop has been tremendous and it looks as if it will be one of the high producing cash crops in Texas within a few years.

The Soil Conservation Service recently published Farmers Bulletin No. 2244, Catfish Farming, a New Crop. This booklet discusses all phases of this vast industry from building the first pond to marketing the fish. It discusses subjects like Water supply and quality, Hatcheries, Stocking, Feeds and Feeding, Troubles and Treatments, and Harvesting.

Copies of this booklet are available for the asking at the local SCS office in Muenster.

The time for planting Bermuda grass roots is here again. Do you have your seedbed ready? Most failures result from inadequate seedbed preparation. If you are interested in using the district sprigger you should let our office know as soon as possible so we can put you on the list. Those of you who need your waterways staked off so you will know where and how much to plant should contact our office to have this done.

The quartermaster handed the seaman recruit a pair of trousers and the recruit put them on. They fit perfectly, as did the shirt and cap.

"Gad, man," exclaimed the quartermaster, "you must be deformed."

"How do you do, my dear?" said the old lady to the little girl.
"Quite well, thank you," was the polite reply.
There was a pause and then the old lady asked, "Why don't you ask me how I am?"
"Because," said the child calmly, "I'm not interested."

in the workings of Congress and all areas of the federal government; he must also have worked closely in that capacity with city, county and Texas state officials'.

"I continue to personally believe," Purcell continued, "that the best interest of the District and the Nation can only be served by a representative who is willing to exercise independent judgement on all issues before the Congress affecting national security."

"Therefore, I continue to support the President's efforts to obtain a meaningful peace with honor in Viet Nam."

"I also feel that the Administration and the Congress, together must strike against threats to our National economy and way of life from the twin dangers of rampant inflation and crime. We both must meet our responsibilities to combat the lurking dangers of water and air pollution."

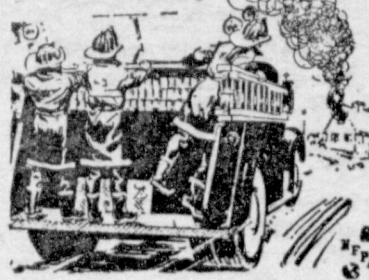

"But," Purcell stated, "members of Congress cannot be a 'rubber stamp' for any administration or pressure group. I have no intention of partici-

pating in such a weakening of our entire system of checks and balances in the federal government."

Purcell said he plans to campaign extensively throughout the District between now and the November general election. "However," said the Congressman, "I cannot and will not neglect my duties in Washington. My campaign activities will be limited primarily to weekends and those rare occasions when the Congress is not in session."

milk and condensed milk. Another process was to salvage the whey, long a waste by-product of cheese making, by converting it into a saleable concentrate. Still another operation was addition of a fleet of trucks to transport raw milk and products. Larry Yosten was involved in that entire program of expansion. He knew the plant from A to Z and was ready when asked to take charge of its operation.

Through practically all of the local plant's history, from early FMA days to now, its principal customer was Kraft Foods Company. Since the plant's expansion it has concentrated on different products, as the market demanded. At times the operation was limited to just one. At other times all were made.

Now the plant concentrates on two products, both manufactured for Kraft. One is stirred-curd cheese, delivered in 500 pound barrels for use in processed cheese. The other is cheddar cheese, delivered in 640 pound boxes to be aged and packaged for retail sale. Larry is married to the for-

mer Miss Helen Arend of Lindsay. They have ten children, seven girls and three boys, with ages ranging from 2 to 22.

A reckless driver is one who passes you on the highway in spite of all your car can do.

There's always an argument when an unimpeachable source disagrees with an unquestioned authority.

We may become the first country in history where welfare checks are delivered by the butler.
