Seven Mistakes

Man's imperfections lead him to make many mistakes in life, and the pointing out of these frailties has engaged the attention of philosophers and reformers in all ages. One such writer enumerates the seven greatest mistakes of man:

1. The delusion that individual advancement is made by crushing others down.
2. The tendency to worry about things that cannot be changed or corrected.
3. Insisting that a thing is impossible because we ourselves cannot accomplish it.
4. Refusing to set aside trivial preferences in order that important things may be accomplished.
5. Neglecting development and refinement of the mind by not acquiring the habit of reading.
6. Attempting to compel other persons to believe and live as we do.
7. The failure to establish the habit of saving money.

— Claude News.

The more truthful a man is himself, the more ready he is to believe others.

The stars still shine on Texas

In the beginning, the stars shone all over America. Then something happened. As the air slowly got dirtier and dirtier, the day came when you couldn't see the stars. First in Pittsburgh. Then Los Angeles. Then New York. Then Detroit. Then Cleveland. But the stars still shine on

Texas. Because Texas air is clean. And at Lone Star, we're doing our best to keep it clean. One thing we're doing is supplying the cleanest burning fuel known to man. Pure natural gas. And we've equipped 400 of our service trucks to run on liquefied petroleum gas. (This means 97% less pollution than if these same trucks were running on gasoline.)

And we're going into factories and plants and working with manufacturers to develop incineration systems that will drastically reduce industrial pollution. The stars still shine on Texas. Let's all work to keep the stars in the sky.

March 31 is Last Chance to Enroll in Medicare

Most people 65 and over have long since signed up for the doctor bill insurance part of Medicare. But Gus Jones, social security district manager, warns that for some who have not, March 31 of this year is the final deadline.

"If you were born after October 1, 1902, but before October 2, 1903," Jones says, "this is your very last chance to get this valuable protection. Also, if you were born in the last three months of 1903, or in 1904, or 1905, and missed an earlier opportunity to enroll, this general enrollment period is open to you."

Jones explained that every person reaching age 65 can sign up for the medical insurance part of Medicare, which is paid for by a monthly premium, during a period starting three months before his birthday month and ending three months after that birthday month. But people who miss that initial enrollment opportunity generally have three more chances: the next three general enrollment periods, which are set by law during January, February, and March of every year.

The current period, closing March 31, is the last chance, he reiterated, for those people who became 65 in the 12 months closing October 1, 1968. The social security office in Sherman can help these persons make their application by telephone. "Just call 893-4301", the district manager said. "That's our new 'Teleservice' number."

A representative may be contacted in Gainesville each Tuesday and Thursday from 9:30 a.m. to 12:00 noon at the Federal Building.

Mr. and Mrs. Leo Hoedebeck of Gainesville visited Sunday afternoon with relatives, the Clem Reiters and Joe Horns. They were checking on Mrs. Reiter and Mr. Horn who had been dismissed from Muenster Hospital. Other visitors dropping in during the afternoon at the Reiter home were Mrs. Andy Arendt and Mrs. Vernon Badgett of Lindsay.

TP&L Will Spend \$104 Million on 1971 Construction

Texas Power & Light Company will spend \$104,421,000 for construction of new facilities in 1971, T. L. Austin, Jr., TP&L president, announced.

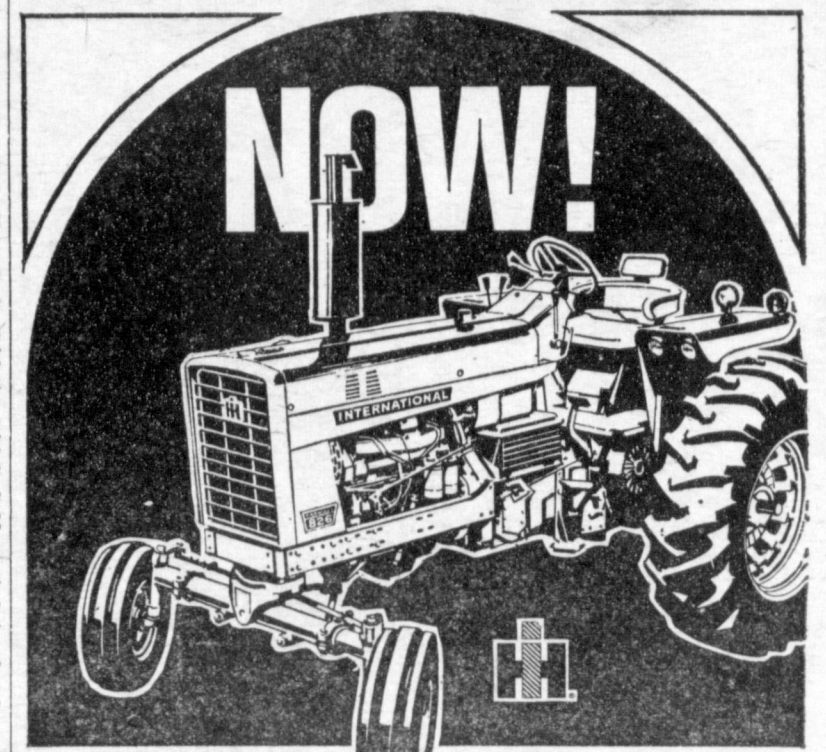

The construction budget is the largest in the Company's 59-year history, and expenditures will allow TP&L to keep pace with the growing electrical demands of customers in its 51-county service area.

A major portion of the expense is involved in the construction of seven major generating units. When completed over the next several years, the new units will be capable of producing more

than 4 million kilowatts of electric power.

One new unit is located on Tradinghouse Creek near Waco; one unit near Savoy in North Texas; two units near Fairfield in Freestone County; two units near Mount Pleasant in Titus County and a generating unit in Hood County. The Freestone County and Titus County units will be owned jointly by TP&L, Dallas Power & Light Company and Texas Electric Service Company.

In addition to its power plant construction, the Company will build or improve transmission lines, substations and distribution lines and service centers in various parts of its service area.

THANKS

With deepest gratitude we extend our thanks and appreciation to all who expressed sympathy in so many beautiful and practical ways during our bereavement at the loss of our beloved Ann. The Mass offerings, flowers, food and help, the kindness and consideration leave us with grateful hearts. Our thanks to Father Placidus, also for the comforting presence of Muenster girls who are nurses at St. Paul's Hospital, to the doctors, nurses and chaplain of St. Paul's, to the ambulance drivers and the staff of Gainesville Hospital, and to all others whose sympathy and understanding made our great sorrow easier to bear. — The Tony Koesler Family and the Ray Stewart Family.

My family joins me in sincere thanks for many kindnesses while I was a patient at Muenster Hospital. Thanks to the clergy especially Father Bede, to the Sisters, Dr. Kralic, the hospital staff and to all who remembered me with prayers, cards, visits and other favors. — Mrs. Bob Yosten.

Many thanks for kind and thoughtful deeds while I was a patient at Muenster Hospital. Special thanks to the clergy, especially Father Bede, to the doctors and hospital personnel and for the visits, cards, prayers, flowers, candy and other favors. My family is grateful too. — Mrs. John Hess

One thorn of experience is worth a whole wilderness of warning.

Thanks for many kind remembrances while I was a patient at Muenster Hospital. The visits, cards, prayers, and other thoughtful deeds meant much to me. Special thanks to the doctors and hospital staff and to the clergy. My wife joins me in this expression of gratitude. — Joe Horn.

Observe Anniversaries

Visitors Saturday with Mr. and Mrs. Joe Linn were her brother and sister-in-law Mr. and Mrs. Bill Clark and children Eva and Kevin of Sherman. They brought covered dishes and a decorated cake for Mr. Linn's birthday which was Saturday. It was also Mr. and Mrs. Clark's 31st wedding anniversary and they celebrated both events at dinner. The Clarks recalled that they visited the Linn's on their honeymoon 31 years ago and helped Mr. Linn celebrate that day too in 1940.

Christening Service

Mr. and Mrs. Jim Gehrig of Fort Worth brought their new son Jason Carl to Muenster for his first visit and his baptism Sunday. Father Leonard Wangler officiated at the 3 p.m. christening service in Sacred Heart Church. Mr. and Mrs. George Gehrig were godparents for their grandson. Also present were the maternal grandparents, Mr. and Mrs. Herman Stoffels. Refreshments were served at their home afterward.

Soil and Forage Testing Lab Opens At County College

With the approach of the planting season, activity is increasing at Cooke County Junior College's Soil and Forage Testing Lab.

Bruce Barker head of the college's soil testing lab stated that analysis of the soil can be run showing organic matter, phosphorus, potassium, sodium, calcium, and PH content. He also stated that if the soil sample is dry an analysis can be run in three working days.

Samples can be brought to the administration building of the college from 8:00 a.m. to 4:30 p.m. each week day. The charge is \$2.00 per sample.

Mr. Tommy Davidson chairman of the college agricultural department points out that soil test is not only valuable to persons planning to plant crops but also to persons who plan to fertilize grazing land.

The soil analysis by the college includes a fertilizer recommendation.

The recently opened lab at the college has now analyzed 149 soil samples.

SPECIAL AWARDS

Often the rewards of right living are not obvious. The promise of a "clear conscience" offers little attraction to a teenager toying with decisions that must be made.

Yet . . . what is a greater blessing than freedom from fear of all kinds?

What is better than the knowledge that one's life is an open book?

What is better than to know that the income tax report was

made honestly and is defensible?

What is better than the feeling of going to bed with a clear conscience?

What is better than the knowledge that a knock on the door or a ring of a telephone can mean nothing more than the voice of a friend or at worst, the call of a peddler?

And finally, what is better than the knowledge that even death can hold no terror, of unforgiven debts? — Tulia Herald.

The extra-effort people

There are always those willing to do more—to give more of themselves in the interest of others. They're community builders assuming many roles. They're progress planners. Leaders. Ordinary people doing neighborly good deeds. Many of them are TP&L employees. For many TP&L people, community service begins when their 8-hour workday ends. You'll see them as scoutmasters . . . as workers with many youth groups . . . as church and

school workers, hospital volunteers, members of civic and other organizations. All working to better the communities where they live. Texas Power & Light Company is proud of its extra-effort people.

USDA Takes Over Meat Inspection In All of State

The United States Department of Agriculture announced recently that it would take over all meat inspection in the state; and this could have far-reaching effects on the Texas housewife.

The action came after Texas failed to comply with the Wholesome Meat Act of 1967 that said state inspection procedures must be "at least equal to" federal regulation. The deadline for compliance was in December. When the USDA began inspecting packing plants in Texas, it was found that several had not met federal sanitation standards.

What does all this mean to the homemaker? Dr. Ed Uvacek of Texas A&M University says that she can be doubly sure of getting meat products that are sanitary and disease-free. Many people have been aware that up to now, part of the meat marketed in Texas was not inspected at all. Federal law required certification only if meat was moved across state lines; and local packers with local markets were not subject to any kind of inspection they did not request.

Federal inspection has an interesting sidelight. Many of the small community slaughterhouses and locker plants will have to either remodel their facilities or face closure. Dr. Uvacek estimates that many small meat packers are not even aware of the law and will continue to operate until they are inspected by federal employees and given the choice of improving their plants or going out of business. Oftentimes, these small plants do not have enough business to make remodeling possible; and will probably be closed permanently. This will probably end the community locker service that many small-town families depend on for meat storage.

The name "police dog" is not applicable to any particular breed of dog. There are dogs of all kinds — shepherd, cross-breeds, and even mongrels — that have been trained to police work. The breed of dog most commonly referred to as "police dog" is the German shepherd.

Kin Join to Fete Illinois Couple In Fuhrmann Home

The home of Mr. and Mrs. Val Fuhrmann was the meeting place Sunday for dinner at noon and reuniting with his sister and brother-in-law, the George F. Hartmans of Elmhurst, Ill., who were weekend guests.

Others present were the Illinois couple's son and wife, the George F. Hartmans of Dallas, and sisters and brother, Sister Michael Marie of Schulenburg, Mr. and Mrs. John Fuhrmann and daughter Rosie of New Braunfels and Mr. and Mrs. Albert Klement of Lindsay. Also the hosts' daughter and husband, the Rob Buehrig of Burkburnett, their sons Tom Fuhrmann and his wife and daughter Jennifer of Eules and Jim Fuhrmann and his wife of Irving, and Nancy, Fred and Bruce Fuhrmann of the home.

Nancy had been dismissed Saturday from Muenster Hospital where she had undergone an appendicitis operation. The Tom Fuhrmanns spent the weekend dividing time with her parents, the Gene Giebs.

Sunday evening old acquaintances dropped by the Fuhrmann home to visit with the Hartmans. After spending overnight with the Fuhrmanns Mr. and Mrs. Hartman went to Lindsay where they were guests of the Albert Klements until Wednesday when they started back home. They had spent almost a month with Texas relatives.

Local News BRIEFS

Visitors with Mr. and Mrs. Paul Fetsch Friday were his brother-in-law and sister, Mr. and Mrs. Leonard Albus of Pep, Tex. They were enroute home after attending the REA Co-op convention in Dallas.

1971 Easter Seal Appeal in County Will Open March 1

The 1971 Easter Seal Appeal will open in Cooke County on Monday, March 1, 1971 according to Mr. William Claunch, Jr., who serves as Easter Seal Representative for the county.

As Easter Seal Representative, he is the local person to contact to request rehabilitation services from the Easter Seal Society for Crippled Children and Adults of Texas. These services include physical and occupational therapy, speech and hearing programs and special information services to help solve the many problems faced by the families of handicapped children and adults.

Last year over 21,000 handicapped people received help from the Texas Easter Seal Society. With the costs of providing expert professional care rising, more money than ever will be needed. Funds help support 20 centers in Texas, where crippled children and adults are treated, regardless of their ability to pay. Walkers, wheelchairs, and related services are provided to those who cannot provide for themselves.

"(2) With the exception of the initial appointees each member shall hold office for a term of six (6) years and until his successor is appointed and has qualified. In making the initial appointments, each appointing officer shall designate one (1) appointee to serve a term of two (2) years, one (1) appointee to serve a term of four (4) years, and one (1) appointee to serve a term of six (6) years. The Texas State Ethics Commission shall further promulgate rules providing that each member of the Legislature and each of the hereinabove named officeholders upon election and any appointee to any of these offices shall file with the State Ethics Commission a statement under oath setting out a complete financial statement in detail within 10 days after being elected or receiving an appointment. This information shall be privileged information to the State Ethics Commission to be used only by them to determine if there exists a conflict of interests or if there is or has been a violation of any of the rules of ethics promulgated by the Texas State Ethics Commission or any laws of the State of Texas. The Legislature shall enact statutes dealing with unauthorized disclosure or misuse of said privileged information.

"(6) The commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet in Austin at least once each year to review existing rules of ethics, Legislative compensation rates, mileage allowances and per diem rates, and to make any changes deemed necessary.

"(7) All rules of ethics, compensation rates, mileage allowances or per diem rates currently in force, as well as all changes and recommendations by the State Ethics Commission shall be promulgated before the convening of any session of the Legislature by filing a certified copy of the proclamation with the Secretary of State.

"(a) Each rule of ethics or change thereof made by the commission shall take effect on the 15th day of the legislative session following the proclamation unless disap-

"(8) The commission shall investigate any alleged violation of any rule of ethics promulgated by it and report its findings to the appropriate State agency, official, legislative body, grand jury or district attorney.

"(9) Until otherwise provided by the commission, each member of the Legislature shall receive from the public treasury an annual salary of Four Thousand, Eight Hundred Dollars (\$4,800) per year and per diem not exceeding Twelve Dollars (\$12) per day for the first 120 days only of each Regular Session and for 30 days of each Special Session of the Legislature. No Regular Session shall be of longer duration than 140 days. In addition to the per diem, the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed Two Dollars and fifty cents (\$2.50) for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter established; no member to be entitled to mileage for any extra session that may be called within one day after adjournment of the Regular or Called session.

"(10) The commission is further authorized to recommend to each Legislature changes which will update, improve, and effect economy in the legislative process.

Muenster Knights of Columbus announced this week that they have joined in an international movement of the order to dedicate an initiation to the Holy Father, Pope Paul VI. Marty Klement, chairman for the local event, said the idea was originated by the Supreme Knight, who has received a letter from the Pope expressing his personal appreciation and praising the order for its long record of devoted service to the Church. Bishop John Cassata of Fort Worth has added his personal endorsement to the movement in a letter to all councils of his diocese. The initiation is planned for March but the date still has not been decided.

Barbara Sandmann James Schon Say Vows at Lindsay

Miss Barbara Ann Sandmann became the bride of James Edward Schon in a five o'clock Nuptial Mass and double ring ceremony Saturday in St. Peter's Church at Lindsay with the pastor Father Damian Wevers officiating.

Parents of the couple are Mr. and Mrs. Frank C. Sandmann of Lindsay and Mr. and Mrs. Arthur J. Schon of Pilot Point.

Presented by her father, the bride wore a gown of white peau de soie and Alencon lace which she designed and made. The high-rise bodice with long sleeves was of re-embroidered lace sprinkled with seed pearls at the neckline, waist and at the scalloped sleeve cuffline. The skirt of peau was softly gathered forming a slight A-line. Re-embroidered appliques of lace formed a spray of designs on the front.

A beaded petal headpiece held her veil and she wore a gold cross and chain which her mother and grandmother, the late Mrs. Adam Beyer, wore at their weddings. She carried a nosegay of white carnations and gypsophilla centered with a white orchid.

Miss Janie Beyer was her cousin's maid of honor, and Miss Nelda Schon of Pilot Point, sister of the groom, and Miss Lynn Fuhrmann were bridesmaids. Their dresses of American Beauty red were designed similar to the bride's. Their headpieces were matching velvet Dior bows and their flowers were nosegays of strawberry carnations and gypsophilla.

Donald Schon of Pilot Point was his brother's best man. Danny Sandmann, brother of the bride and Jerry Berend of Denton, a cousin were groomsmen.

Ushers were Frank A. Sandmann, brother of the bride, Gary Beyer of Gainesville and Paul Mikusek of Irving, cousins of the couple.

A reception was held in the Knights of Columbus Hall at Gainesville. Miss Sharon Beyer of Gainesville and Mrs. Jerry Berend of Denton registered guests and Mrs. Henry Spaeth of Gainesville and her daughter Miss Patsy served the wedding cake.

The couple will make their home at 610 1/2 S. Denton St., Gainesville, after their trip. The bride wore a brown knit suit with matching accessories for travel. She is a graduate of Lindsay High and is employed by Joe Walter Lumber Co. The groom is a graduate of Pilot Point High and attends Cooke County Junior College. He is employed at Buddies Supermarket in Denton.

For her first dinner, a young bride served a baked ham with the ends cut off. When her husband asked the reason for the cut ends, she explained, "That's the way my mother always did it."

The next time his mother-in-law came over, he inquired about the cut ends and she said, "That's the way my mother always did it."

When Grandma arrived for dinner one weekend, she was asked whether she cut the ends off hams when she baked them. "Certainly," she said. "That's the only way I could ever get them to fit into the pan!"

Building Notes

A paint job and aluminum solar screen and the drive-in window have dressed up the exterior.
