

MHS Exes Plan For Homecoming Program Oct. 23

America this week observes National Newspaper Week. Its theme, very fittingly, is "American Newspapers . . . 200 years of Freedom . . . 1770's to 1970's."

American newspapers spread the word far and wide. It is estimated that over 10,000 of them are on the job, each an institution that lends permanence and tangibility to human rights, helping to preserve the over-all national atmosphere in which each man is the captain of his soul.

Publications of Russia and Red China, for instance, do not present both sides of an issue nor even the actual facts of a news event. Opinions are those which the party wants to present. Facts are hidden or distorted or exaggerated, depending on the general idea the party wishes to convey to the public.

Critics of American journalism contend that our newspapers have at least some of the same fault. Not only in that it will be practically impossible for any publication to achieve an exactly equal presentation of both sides on issues or events. But also in that publishers are obviously partial to one side or the other.

But really, is this lack of an exact balance in the presentation of opinion and fact to be deplored in American papers? Does our notion of freedom of the press require each paper to present a choice to its readers?

During the past year or so we have heard increasing talk on this subject, especially in regard to issues of violence on street and campus, or some of the Vice President's caustic comments. There are always people to claim that a presentation was biased, and in many cases the accusation is justified. Not always a malicious bias intended to misinform, but often an honest bias to emphasize a valid opinion.

On the other hand there are a number of instances in which the media are known to have deliberately falsified, where they created conditions that did not really exist or ignored some that did exist. Such presentations desecrate the freedom of the press, and persons who do those things are a disgrace to the profession. All honest people hope for a time when the liars will be fewer and reports will be more factual.

In spite of that fault we Americans definitely still have a free press. It is the composite product of all the editors and publishers and reporters and commentators in the business. Taken by itself not one of the products is strictly unbiased or pretends to be. But taken together they make up that great American institution which we cherish as freedom of the press.

Candidly, however, this column regrets that we do not have a better balance of bias in the nation's media. For many years it has seemed that the liberals enjoyed an advantage. They appear to dominate radio, TV, newspapers and magazines while conservatives are able to reach a much smaller number of people.

Nevertheless this column is proud of the system and regards it as the country's most effective means of preserving human rights and dignity. This system is the essence of freedom. People are free to write and say what they please. Readers and listeners are equally free to accept or reject.

Officers of the Muenster High Ex Students Association assisted by the senior class, are working like beavers nowadays to put on a great party for homecoming — which will be Friday, October 23, on the occasion of Muenster's football game with Lake Dallas.

In charge of preparations are John Pagel, Dolphy Hellman and Harriett Pagel, president, vice-president and secretary of the exes, along with Senior Class sponsors Robert McDaniel and Glenn Richardson.

Headliner on their program, of course, is the football game. After meeting four times during the past two years the teams have developed a keen rivalry. It's a big game to both schools with big possibility of bringing out lots of action.

Before the game there will be a parade led by the MHS band. It will start at the intersection of First and Main Streets about 7:30 allowing plenty of time to reach the field before kickoff time. Everybody is welcome to join and should assemble no later than 7:15.

Half time formality consists of crowning the homecoming queen by last year's queen, Miss Elaine Otto, who will be escorted by Johnny Pagel. Identity of the queen will not be known until the ceremony. She will be elected by the football players from four candidates elected by their respective classes. The candidates' names are not known at this time.

After the game attention turns to the Homecoming Dance at the K of C Hall. Everybody will be welcome.

Tigers Lose 27-0 Contest at Era

Sacred Heart's Tigers did not have a chance last Friday night as they did battle with the Era Hornets on the Era field. They went down for a count of 27-0 even though their stubborn defense held the Hornets scoreless through the first and third periods.

One of the big factors in the one sided affair was the absence of Fred Fuhrmann, standout of the Tiger backfield. He went out with an injury in the first quarter.

Era seemed to be going on first possession when four plays gained 36 to the Tiger 29, however a blitz tackle by Alan Hess four plays later set Era back 15 yards to its 36. After an exchange of kicks and loss of a fourth down effort by Sacred Heart Era moved again. Two first downs gained 28 to the 12 and three more plays gained only 3 before Davis Cowling booted a field goal.

Sacred Heart ended its next possession with a kick and Era started again from the 18. A pass from Raney to Cook for 18 was the big gainer in two first downs reaching the Tiger 45.

Era stalled there and had to kick. Sacred Heart also stalled and kicked, but recovered Era's fumble on the play.

That break inspired the Tigers' best gain of the game, a 32 yards pass from Gary Endres to Kevin Pels, but it was spoiled by a fumble two plays later on the Era 20.

At that point the Hornets got their offense going. Passes of 19, 17 and 13 and a 20 yard run by Nash were the big plays in a drive that went 80 yards plus an additional 15 to overcome penalties. Nash scored from the 1. A try for extra points failed.

After intermission Era moved again. Six tries gained 43 to the Tiger 26 where a clipping penalty spoiled the next series.

The rest of the quarter was featured by two interceptions and two fumbles, on which the teams broke even. After an exchange of punts Melvin Luke intercepted a Hornet pass and two plays later Era intercepted. Ending the next series Era kicked and recovered as Sacred Heart fumbled. Era gained 15, fumbled, and Ross Felderhoff recovered it. Temporarily the Tiger offense was in business again. David Krahl stepped off 10 yards and Kevin Swirczynski

Old Rivalry of Muenster and Era Continues Friday

If the MHS Hornets were still in Class B, their game with Era Friday night might be classed as a possible title contest. In their meetings the previous two years the teams rated as title contenders.

Well, all that has changed is classification. The teams have changed little if any, and the rivalry is as keen as ever. Enthusiasm continues to run high among both players and fans. A win is especially important on either side.

But now another element has entered. Muenster's rating is higher. It has more to lose and less to win while Era has more to win and less to lose. Muenster prestige is more vulnerable. A loss would look worse here, a win would look better there.

Regardless of all that, it can be assumed that the teams will put on another of their season classics. The game is a traditional dandy. The season to date indicates that both teams have spirit and ability.

Coach Glenn Richardson has a cheerful report on the condition of his players. There are a few superficial bruises but no serious injuries. All should be up to par at kickoff time Friday, 8 p.m. on the Muenster field.

Absentee Voting Starts Wednesday

Wednesday, Oct. 14, to Friday, Oct. 30, inclusive, is the period for absentee voting by personal appearance in the Nov. 3 general election.

Any qualified voter in Texas who expects to be absent from the county of his residence on Nov. 3 may cast an absentee ballot. To do so, he should take his voter's registration certificate to the county clerk's office during its hours of operation in the Oct. 14-Oct. 30 period.

In addition to state, district and local races, the Nov. 3 ballot will include seven proposed amendments to the Texas Constitution.

By subject, the proposed amendments relate to: (1) censure and removal of judges; (2) authority for mixed beverage laws; (3) assessment of farm, ranch and forest lands; (4) reconstitute State Building Commission; (5) county road bonds and assessed valuation; (6) increase value of homestead exemption from forced sale; and (7) authority to consolidate functions of government.

Texas has a record 4,150,645 registered voters this year. Normally, absentee voting accounts for approximately five per cent of the total vote turnout.

Speech Students Give Program for Auxiliary to VFW

Members of Muenster VFW Auxiliary at their October meeting Monday had a program presented by speech and drama students of Sacred Heart High School before the business session and afterward approved Honor Roll requirements for the month and made tentative plans for a membership drive in November.

Appearing on the student program were Mary Lou Kralick, emcee, Alane Yosten, Peggy Hoedebeck, Phyllis Bindel and Karla Yosten. These young people are among freshman class members priming for participation in the Top of Texas Speech Tournament in Wichita Falls on Nov. 6 and 7.

For Honor Roll participation members voted twenty-five cents per member hospital pledge and a contribution to the National VFW Home's Christmas fund.

Plans for the membership drive next month are progressing under leadership of a committee.

After adjournment Mrs. John Wieler and Mrs. Arthur Felderhoff served a buffet lunch to 20 members and Mrs. Joe Hoening won the door prize.

Pancake Breakfast Members of Sacred Heart Letterman's Club have planned a benefit pancake breakfast for Sunday, Oct. 18, in the Parish Hall and are getting the word around early that everyone is invited. Serving will follow the 8, 7:30 and 9 a.m. Masses.

Tuggle Appointed Chrysler Dealer

The dealership for Chrysler automobiles has returned to Muenster. A. T. Tuggle of Tuggle Motor Company announced the appointment this week.

Chrysler's return here ends an absence of sixteen years following the death of Ben Seyler, who had been the local Chrysler-Plymouth dealer since the early thirties.

The appointment also means a return home in two other respects . . . the same location and an employee of the former dealership. Tuggle started working at Ben Seyler's in 1941 and leased the building after Seyler's death in 1954. He specialized in servicing Chrysler products and also sold them through other dealers. He was appointed a Plymouth dealer in 1965.

Winners Listed In PP&K Contest

Last Saturday's Punt, Pass & Kick competition was the biggest ever in Muenster. Marty Klement of Endres Motor Co., the sponsoring organization, said there were 82 participants, topping by one the previous record set last year.

Klement also announced that the second stage of the nationwide contest will be held this week Saturday, October 10, at 9 a.m. in Greenville. All first place winners here last Saturday are qualified for that contest.

The sponsors also advise the boys that transportation will be provided for all the contestants who want a ride. Parents taking their boys, especially those who might have trouble finding the contest, are invited also to report at Endres Motor and form a group for the drive. Departure time at Endres Motor is 7 a.m.

Eighteen trophies were awarded in the PP&K competition. They were statuettes of a football player in gold, silver and bronze for first, second and third places in each age group, 8 through 13.

Scoring was determined by distance and accuracy. Distances of a punt, a pass and a kick were added and distances to right or left of a line were subtracted to arrive at the official figures.

First, second and third place winners and their scores were listed as follows.

- Age 8: Chris Jaska 116, Monte Endres 93, Mike Hesse 90.
Age 9: Kenny Hartman 130, Mel Walterscheid 126.5, Martin Yosten 120.5.
Age 10: Kenny Felderhoff 194, Carl Pagel 139, Billy Haverkamp 133.5.
Age 11: Tim Wolf 190, Fred Koessler 183, Robert Hartman 168.5.
Age 12: Bobby Endres 196.5, Karl Koessler 187, Roger Endres 184.5.
Age 13: Alan Britain 245, Tim Felderhoff 220, Mike Davidson 185.5.

SH Freshman Class Begins Project of Litter Collection

Freshmen of Sacred Heart High have taken on a two-fold project. They'll help lessen the litter problem in the community and at the same time earn money for their class treasury.

Members of the class will take turns each Saturday to empty the litter barrels placed in various locations by Muenster Jaycees. The Jaycees will pay the class for the service.

A parent or older family member will drive the students on their pick-up rounds, as some students are not old enough for a driver's license. Class Sponsor Joe Felderhoff has made out a schedule to give class members equal work turns.

It is hoped that students and those helping them will become more aware of the litter problem through the project, and will realize the need for taking greater steps to prevent litter.

Mrs. M. H. King, joined by Mrs. Roy Baker and Mrs. Don Fenley of Hood, attended funeral services for Marion T. Sparkman at the Geo. J. Carroll & Son Funeral Home Chapel Friday at 11 a.m. Sparkman, 73, died Wednesday. His survivors include his wife the former Verna King, two sons, one stepson, one brother, Lloyd Sparkman of Gainesville and four sisters including Mrs. Iona Eberhart of Olney, Ill., and five grandchildren.

Tigers Travel to Cowtown Saturday For TISC Contest

With injuries, illness and Fort Worth Country Day School all combining to haunt him, Coach Tom Joy has an uneasy feeling as he and the Tigers prepare for the trip to Cowtown Saturday.

Normally, he said, the Sacred Heart boys could expect a hard game from the Falcons, and the record so far bears out the rating. The Falcons edged Fort Worth Christian 28-26 and also beat Tyler Catholic 9-0. Likewise the Tigers made a good start on their season, with wins over Saint Jo, Trinity Valley and S&S before a loss to Era.

However the Tigers just now are not up to par. Kevin Swirczynski and Fred Fuhrmann, the principal ball carriers, and Alan Hess a steady in the line, are on the doubtful list. If they can play they will not be in top condition. Also Tim Bindel still favors a knee injured in the first game. And Mark Schmitt and Kevin Pels have had virus troubles. All the factors combined amount to a definite handicap.

Nevertheless the Tigers are hoping for the best, meaning record speed in healing and perhaps some lucky breaks in the game. This contest is No. 2 on their TISC schedule and it would look fine listed beside the other conference win.

Game time will be 3:30 p.m. Saturday afternoon. About the most convenient way to get there, says Tom Joy is to follow Int. 35 through Fort Worth to South Loop 820. Turn West and follow South Loop 820 about five miles to Bryant-Ervin exit, where the school is located.

The game will be preceded by a Cub game with Day School elementary kids starting at 1.

Hornets Win 40-14 Over Lindsay Hi

Muenster Hornets had another of their typical football games with the Lindsay Knights last Friday. They got into trouble and gave their supporters some anxious minutes before they got to the business of winning by a comfortable margin.

Final score was 40-14 favoring Muenster, but the visitors led twice, by counts of 8-6 and 14-12, during the first and second quarters. The Hornets went ahead with only 16 seconds remaining in the first half.

Muenster went all the way on its first possession, a distance of 56, and overcame a 15 yard clipping penalty along the way. A 23 yard pass from Jim Endres to Earl Koelzer and a 14 yard run by Hank Trachta were best gains in the drive that used twelve plays and Endres scored from the 1 on a quarterback sneak. Endres' kick for extra point and all others of the evening were duds.

Lindsay kicked after gaining 1 yard in three plays and Muenster's kick was fouled up by a holding penalty. Then came a king size break for the Knights. Snap back for a punt was high and in the scramble that followed Endres was nailed on the 3 . . . and Lindsay had possession. A. J. Felderhoff made it in two tries and went over again for extra points. Knights led 8-6.

Muenster fumbled the kickoff, Steve Felderhoff recovered for Lindsay on the Hornet 33. However after 4 plays, including Danny Fette's fourth down blitz tackle, the Hornet defense had gained 8 to the 41. After that each team had to kick twice, then Muenster started a 78 yard drive just before the quarter ended. Koelzer gained 22. Tim Hennigan stormed 28 to the 26 and got 13 for free when stopped by a face mask tackle. Koelzer went to a first down on the 3, Hennigan made 2 and Henry Knabe scored from the 1.

Another explosive Lindsay comeback was about to happen then. Two plays were stopped cold. A. J. Felderhoff took a pitchout from his brother Ronny and heaved a bomb down field to Tommy Eberhart who caught it on a gallop and kept going for a 75 yard touchdown. A run failed. Knights were ahead again, 14-12 as the clock read 8:26.

Hornets snapped back with a good drive that went 36 to Lindsay's 26 before it was halted by Mike Fuhrmann's interception. A pass was good for

Local Campaign for United Fund Starts

Muenster's 1970 United Fund Drive got under way this week with Johnny Pagel as the community chairman and Jaycees as the workers.

Pagel said that the Jaycees have offered to do the campaign leg work and will make the rounds soon delivering packets and accepting contributions. They have hopes of finishing the job by October

15, when the county drive is scheduled to end.

No quota has been set for the community, however Pagel recalls that last year's total here was about \$1000. The county's quota has been set at \$52,548, which is to be distributed among twelve participating agencies.

Those organizations and their respective budgets are Camp Sweeney \$6,500; Salvation Army \$6,500; 4-H & FFA, \$1,550; Red Cross \$9,600; Council on Alcoholism \$1,300; Hi-Y and Tri-Hi-Y \$300; Muenster Youth Council \$600; Boy Scouts \$5,000; Campfire Girls \$5,500; Gainesville Boys Club \$11,850; Warm Springs Foundation \$350; USO \$600.

City, Milk Plant Work Together on Sewer Problem

A solution to Muenster's sewer problem seems to be in sight. Members of the city council at their regular monthly meeting Monday night had a conference with Vernon Sparkman and Larry Yosten, manager and assistant manager of the AMPI milk plant, and agreed to work cooperatively on their mutual difficulty.

Industrial wastes from the plant are known to exceed the acceptable BOD test (Biochemical Oxygen Demand) and a dilemma has developed. The milk plant needs to get rid of it, and the sewer plant can't treat it adequately for discharge into the creek. Both sides decided Monday to study and inquire, hoping to come up with an answer soon. Possible help is expected from the AMPI plant at Sulphur Springs, which seems to have no problems. One proposed answer is a city ordinance specifying the limit of acceptable BOD content and providing for additional charges to compensate for extra treatment. Another possibility is pre-treatment by AMPI before dumping its waste into the sewer. Discussion will continue at the next meeting.

In other business the council authorized its customary contribution of \$2,000 a year to the Muenster library with agreement that it may be used as the library board wishes. Previous donations were specified for purchase of books.

The council also agreed to provide power line poles to support lights at the city park's tennis courts. Jaycees have adopted the project of erecting tennis lights and have asked the city to furnish poles. On the subject of a water well the aldermen continued their discussion but made no decision. It is generally understood that additional water will not be needed until next summer.

TP&L Will Count Area Transformers

Texas Power & Light Company announced it will soon conduct a transformer inventory in the area.

Results of the inventory will be tabulated in the Company's data processing center at its Dallas headquarters for use by various departments of TP&L.

If Parents Only Knew

"Reading some of the new textbooks being offered for adoption for use in Texas public schools, one is so struck down in spirit by the whole sorry mess of content that this idea continually pops up: If parents only knew, they would mount a storm of protest that would lead the state textbook committee and the Texas Education Agency to reject many of these unworthy books.

"In a letter of protest to Commissioner of Education Dr. J. W. Edgar, concerning the Gateway English Series for Literature III and IV, Mr. and Mrs. Mel Gabler of Longview have charged that the overall theme of content reveals 'man at his worst, most defeated and without hope, or rebellious and lawless. Perhaps this is what the authors call reality and seeing things as they are; but this is not good enough for the impressionable young mind.'

"You must have something to dream upon, to encourage visions and hope,' the letter of protest continues. 'These books are filled with cruelty, hate and rebellion, without presenting any positive or enriching aspects of life, which are also reality.'

"In the book 'Something Strange,' they cite 'chilling, horror-type stories that seem to appeal to the morbid imagination of this age youth; but so much time spent thinking upon strangeness can make it almost seem normal.'

"The Gablers cite other instances and passages: 'The characters in *The Jam* are dope addicts. *The Hitch-Hiker*, which follows the former story, has an identical climax, both written to horrify. *The Birds* was made into a Hitchcock movie, so is well known, but in reading it there is so much more blood and gruesome detail that the reader feels the need to escape and cleanse himself from such horror. *Zero* leaves the impression that it is normal for children to hate parents and for parents to be indifferent to the needs of their children. (Material) in the book is conducive to causing emotional instability in the impressionable mind.'

"*Rebels and Regulars* is another very depressing book. As far as the language used, it is in keeping with the characters and plot of the stories, but not the sort of language the thoughtful parent would approve of in his children. There is throughout the book the undercurrent of 'a cause,' which gives a prejudicial view point, always picturing the white man as the villain against different minority groups of individuals.'

"Typical of the stories is *The Cyclists' Raid*, which is militant, lawless, defiant, and completely without consideration for the individual. Nothing is written about the 'righteous cause' that gives reason to rebellion.

"A whole semester of concentrating upon rebellion as pictured in these stories will have a negative effect upon an impressionable young person. It becomes more honorable to rebel than to obey laws or consider the rights of others. This book leads its reader to believe that rebellion is admirable apart from and regardless of the cause. Here again is too much of one kind of thinking, and it feeds anarchy."

"Ways of Justice is a book filled with cruelty, crudity and profanity, and shows man's inhumanity to man in its most base forms. The stories are not well written, so they have no literary value and there seems no reason for subjecting the reader to its contents — unless the desire is to destroy all the finer sensibilities and encourage violence.

"This book indicates that justice is whatever an individual decides it should be.

"*Junkie Joe Had Some Money* shows bullies getting away with murder because the only witness is intimidated.

"In *Manuel*, a kindly act is rewarded with the utmost cruelty, written in vivid details.

"*Mateo Falcone* tells of a young boy who is bribed to reveal the hiding place of another, then his father kills him. Nothing here to indicate love or understanding is possible between parents and child."

"*Marijuana and a Pistol* gives all the sordid details of a mal-adjusted youth who smokes 'weeds,' including the uncontrolled giggling and vomiting.

"*They Grind Exceedingly Small* is a story about the person who has money taking advantage of the poor, hard-working, underprivileged — indicating that all money and power are in the hands of the cruel, wicked, dishonest and undeserving.

"*Sherrel* is morbidly written about death and a boy's sick mind. *The Bike* is filled with obscenities.

"So goes the sordid, ugly, questionable content. In summary, the view expressed in

the Gabler letter seems well taken: "Our conclusion is that if these books do not contribute to rebellion, lack of respect for authority, sadism, violence, and disillusionment, they will most certainly defeat the whole purpose for studying literature in our schools; for there is absolutely nothing presented here that would open the wonderful world of the printed page to our youth and cause them to want to pursue reading for the pure joy of doing so."

"Textbooks are for reading, for teaching, for inspiration. But what is the U. S. Office of Education trying to do with such sordid rubbish which it encouraged with financial support for this book project?" — Longview Morning Journal

The Iowa Public Service Company notes, there is a widespread belief among car owners that new tires should be placed on the front wheels of the vehicle. But industry and government studies have revealed that most tire mishaps occur on the vehicle's rear wheels. The Tire Safety Council advises new tires be placed on the rear wheels to allow the car better traction, handling and extra protection against flats.

Empty Stomachs And Communism

Columnist Bruce Bioassat in the Annapolis Evening Capital has given some comparative figures on food production in communist versus noncommunist nations. Anyone who wishes to eat regularly may find Mr. Bioassat's information of interest. While nations are great talkers, when it comes to "land reform", they are consistently the world's worst farm producers.

"Not too long ago," observed Mr. Bioassat, "48 percent of the Soviet labor force was still engaged in farming. . . ." In the United States today, only 6 percent of the total labor force works on farms. And, out of our agricultural abundance, one fifth of all the cropland harvested in the United States produces for export. By contrast, in communist China, available food supplies, according to Mr. Bioassat, ". . . have remained roughly constant since 1965, though China's population keeps growing." Agricultural production in noncommunist Asian nations, such as Thailand, has soared. History and the statistics show that communism and a full stomach rarely travel in the same company.

It Won't Work

Another example of the futility of passing laws that don't work is contained in an AP dispatch from Washington. The AP story described the Gun Control Act of 1968 as an attempt to keep tabs on guns in the hands of private citizens. It tells how, after passage of this legislation, output of cheap handguns, known as "Saturday Night Specials," multiplied astronomically. Reportedly, gun manufacturers spring up overnight, and "sometimes they close down the next day."

The Gun Control Act is reminiscent of the days of prohibition. Virtually anyone can manufacture a gun or learn how to make bootleg whiskey. However, there is a world of difference between a law that seeks to repress legitimate ownership of firearms and that statutory farce known as prohibition. Ownership of firearms by law-abiding citizens is a fundamental right under U. S. constitutional government. Any law abridging that right strikes at the elementary principle of individual responsibility under self-government rather than at the criminal element. Such a law is unworkable because every law-abiding citizen in the country could be disarmed and the

Billions Down the Drain

The total estimated cost of traffic accidents in this country during the first half of 1970 was more than \$7.2 billion. That's enough to build 360,000 homes costing \$20,000 each.

The dollar cost involves more than just the automobile. Lost wages, productivity, disruption of schedules, medical expenses, property damage (of others), service costs of insurance, must be considered too.

perpetrators of crime would go merrily on their way.

Representative Al Ullman of the State of Oregon put the proposition in a nutshell when he said, "In my judgment, the answer to crimes committed with guns is stricter penalties for criminals not undue restrictions on law-abiding citizens."

The Gun Control Act of 1968 lumped the law abiding and the criminal in one pot. It won't work.

— Industrial News Review

The loss in human life and crippling injuries is incalculable.

The Insurance Information Institute has reported that during the first half of 1970 the number of traffic accidents was up 8.7 per cent over the preceding year. Now that winter is approaching with its shorter daylight hours, and more inclement weather, driving becomes even more hazardous. Simple common sense dictates that every vehicle should be carefully checked before winter driving becomes a reality.

It's 1971. And Chrysler-Plymouth's coming through for you.

Plymouth Satellite Sebring

It's the newest idea in two-doors. From front to back it's designed exclusively to be a two-door. With no compromises. So you get the styling and handling of a specialty car—all for the price of an intermediate car.

And every one of our four-doors (Satellite, Satellite Custom, Satellite Brougham) was designed from the ground up to be a four-door. The result? People who take a back seat in our four-doors, don't take a back seat.

Chrysler New Yorker

The New Yorker lives up to its look of quiet authority. It's one of 15 different Chryslers coming through. Coming through with the size, room, comfort and power you want for all the living you do. With new options like an electric sun roof, to let in the light of the sun, or the moon.

Chrysler Imperial

Chrysler Imperial comes through for all the living you do. It contains all the luxury you want, with personal touches. Like the exclusive optional rear seat heater. This allows your rear seat passengers to maintain their own level of comfort—cool or warm.

Plymouth Sport Fury

It's coming through for you with a lot more car. Everything about Sport Fury comes through big: the seats, interior room, body, engine and brakes. Plus, we've added Torsion-Quiet Ride—with a Sound Isolation System that separates road noises from you.

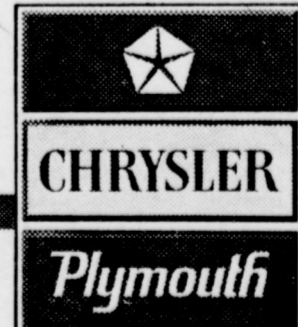

Plymouth Duster

Our success car is coming through for you: Still small enough. Still big enough. Small enough to fit in about 3/4 of a parking space. Big enough to seat five, comfortably. And still small enough to fit your budget. Duster. The big difference in small cars.

Plymouth Barracuda

The super-tough sporty car that comes through with torsion-bar suspension for better handling.

Coming through for you with economy in Barracuda. Coming through for you with luxury in Gran Coupe. And coming through for you with great performance in 'Cuda.

See them at your Chrysler-Plymouth Dealer's today.

Coming Through.

14 to midfield, then an interception and run back gave Era a set up with only 28 to go. Nash got 22 of it on the next play and scored from the 1 three plays later.

Ending its next series the Tigers gambled and were smeared for a loss of 16, back to their own 12. The Hornets used three plays from there, Nash making the final 2 yards.

The final score was more of the same. A desperate fourth down effort was short, and Era was 34 yards away. Four plays later Nash went over from the 10.

FHA Girls Plan For Fund Raising

Members of the Muenster chapter of Future Homemakers of America centered their attention on money at their meeting this week. They discussed possible projects to help their treasury during the year. Also a part of the meeting was installation of officers by Debbie Sicking and initiation ceremonies admitting new members. Janell Stoffels, president conducted the meeting, Becky Davidson gave the devotional. Refreshments were Mexican, French and Italian snacks prepared by two girls from each class.

Tiger Cubs Trim Whitesboro 14-12

A 2-pointer by Tim Felderhoff following the first touchdown won a game for the Sacred Heart Cubs at Whitesboro Tuesday. Both of the teams put over two touchdowns in an evenly matched contest but the bonus points made the night a success for Sacred Heart. It did not look that way, however as the game started, Bearkittens made three first downs for 43 yards before being stopped on the 20. Then the Cubs launched a 73 yard drive for the first score. Steady gains by Tim Felderhoff and a 24 yard pass from Roger Endres to J. T. Pagel were the big plays and Felderhoff scored from the 7. His next effort added two points. Score was 8-0 about half through the second quarter and it remained that way through the rest of the period. Opening the third quarter Whitesboro put on the power. After returning the kickoff to midfield they used six plays in making a TD. But they missed a pass for extra points and Sacred Heart still led 8-6. Following a Sacred Heart fumble and an exchange of kicks Whitesboro was on the 22, moved to the 11 on a penalty, and scored in three plays. Extra points were missed again. Whitesboro led 12-8. Then Sacred Heart got fired up again. Terry Hess, Mark Hess and Tim Felderhoff gained 62 in ten plays and Terry Hess made the go-ahead TD from the 12. A pass for bonus points failed. The Cubs led 14-12.

Next one for the Cubs will be with 7th and 8th graders of Fort Worth Country Day School at Fort Worth starting at 1 o'clock Saturday. A tricycle was made in 1897 which weighed nearly a ton and could carry eight riders.

Next week the Monsters will start their 12-A junior schedule, playing Nocona kids on the MHS field Thursday at 6 p.m.

Muenster Juniors Run over Era 62-6

The Little Monsters of Muenster Public School elementary had an easy one at Era Tuesday night running up a score of 62-6. They had an obvious advantage of weight and speed in the starting lineup and a switch to reserves later in the game seemed to make little difference. Steve Klement made four of the nine touchdowns on runs of 6, 25, 15 and 15 yards. Mike Davidson was next in line for scoring honors with 20 points. As substitute quarterback he he scored on a 3 yard sneak and runs of 25 and 6, and also went over for points after touchdown.

The other two scoring TDs were Ronnie Weinzappel, who got away for an 80 yard scoot, and Alan Britain, who took a pass from Randy Wolf on a 30 yard scoring play. Tom Bright scored two 2-pointers and Bobby Endres scored one on a pass from Wolf. Era's lone touchdown was scored in the fourth quarter on a 30 yard run by the quarterback.

SOIL CONSERVATION DISTRICT NEWS

by Eual Davis

A Nomad is a person who uses the land and moves on, leaving the work to someone else. Many people use land all their life and never improve it. Someday they will pass on and leave the work for someone else.

The difference between them and a conservation farmer is a little hard work and a little cash. Werner Becker was recently recognized as an outstanding farmer by the Upper Elm-Red Soil and Water Conservation District. He is still going strong. Building parallel terraces, planting waterways, and farming the conservation way.

The Klement Bros., at Hood, Robert and Kenneth, another good example of conservation farmers, built 24,000 feet of parallel terraces this year. If you are down that way take a look at their new hay hauler. It's something else.

A Grade Stabilization Structure was recently completed on the Clarence Nelson farm at Bulcher. It is the first to be constructed under the Bulcher Special ACP Project for the northwest part of Cooke County. The structure took 7944 cu. yds. of dirt and was built across a gully 30 feet deep. The completed unit cost about \$3,654 and the ACP cost-share was limited to \$1500. This was a very large gully which added tons of silt to the Red River each year. This meant that Mr. Nelson was losing a lot of land each year. Now he can keep his soil at home and his farm has been greatly benefited by this project. He is proud of the structure and I'm sure would not mind visitors who wish to see the project. Other structures are planned by Elvin Dennis, Johnny Moulder, Dick Harris, and Paul Lafforge.

Conservation education is the subject of a new leaflet prepared by the Soil Conservation Service. The leaflet explains the importance of teaching conservation to students and tells how Soil Conservation Service employees can help. Students need to learn that conservation means more than merely saving or setting something aside. It means intelligent use, development, restoration, and conservation of natural resources. We of the SCS are especially interested in land, water, plant and wildlife resources.

Copies of the leaflet are free and can be obtained from any SCS office or by writing the Soil Conservation Service, Box 648, Temple, Texas 76501.

NOTES FROM THE LIBRARY

By Bettie Luke

The subject of most importance today is Drug Abuse. Muenster Library has a new book by Edward R. Bloomquist titled "Marijuana." It reflects the doctor's years of experience in dealing with the drug abuse problem as well as his extensive research into the history of marijuana and into the actual effects it has on those who use it.

Another book, "Young People and Drugs," by Dr. Arthur H. Cain who takes up the question of why some young people have turned to drugs, and what they get out of it — or hope to. Here it becomes clear in detail why the drug route ultimately fails to achieve for the user what it seems to promise at the outset, and why it will leave him worse off than before.

Funeral Held for Joe Hellinger of Lindsay Tuesday

Requiem Mass and funeral services were held at 9:30 a.m. Tuesday in St. Peter Church at Lindsay for Joe Hellinger, 63, who died Sunday at 2 p.m.

Father Damian Wewers was officiating minister and Geo. J. Carroll & Son Funeral Home was in charge of arrangements. Burial was in Rest Haven Cemetery.

Rosary was recited in the Carroll Chapel Monday at 7:30 p.m.

Hellinger was born in Lindsay on Dec. 31, 1906, and was a carpenter. He was a veteran of World War II. He married Miss Agatha Moyer in Gainesville on Dec. 24, 1946.

Survivors are his wife; four sons, Raymond, Roy, Ralph and Robert Hellinger, all of the home; five brothers, Hugo, Frank and Paul Hellinger, all of Gainesville, Pete of Lindsay and Carl Hellinger of Amarillo; three sisters, Mmes. Lawrence Knabe and Katie Rossion of Gainesville, and Ben Fleitmann of Muenster.

Lindsay News

Visiting their parents, the Joe Starkes, checking on their father who is a patient at Muenster Hospital are Mrs. Belden Snyder of Cupertino, and Miss Mildred Starke of San Bernardino, Calif.

Mrs. Joe Schmitz, a resident at Golden Years Rest Home, has gone to Dallas to visit her son Richard Schmitz and family for about two weeks.

first down and the next series bogged down. After the kick and with 1:01 on the clock Muenster had 65 to go.

A fourth down screen pass to Henry Knabe was a dandy. He went 45 big yards to the 20 before a desperate face mask tackle stopped an apparent touchdown. A penalty advanced halfway to the goal and a pass to Koelzer across the line was good, just 16 seconds before the half. A pass to John Schneider gave Muenster a 20-14 lead.

Contrasting sharply with the first half Lindsay did better in yardage the second half but got nothing on the board. Rushing was improved from a net of 2 to 98 and first downs were upped from 2 to 7. The Knights led Muenster 7-6 in first downs the second half.

MHS started the second half with 9 by Koelzer and a 35 yard ramble by Hennigan to the 21. Then a fouled up series gained only 6 and they lost possession on the 15. The rest of the period was mostly Lindsay's as it made three first downs kicked once and lost possession on Glenn Felderhoff's interception and Claude Klement's fumble recovery.

Then the tide changed. From the 22 Hennigan carried five times, the last one for 2 yards. A pass for points missed. The score was 26-14 one play after the last period opened.

Four plays after the next kickoff Alan Miller intercepted and returned to the Knights' 23. Three tries and 5 yards free on a penalty were enough. Endres went in from the 9 on an option to the left, and Henry Knabe crashed over for 2 points.

Reserves got most of the action after that and carried on a see saw until the last two minutes. At that time Lindsay attempted a kick from its 15. Allen Fleitman crashed through and blocked it, and Muenster was only 6 yards away. Trachta made it in one try as the clock read 1:55. and the score was 40-14.

Just before the end Lindsay almost improved its score with a nice 34 yard pass to Eberhart. However another pass, snatched by Ricky Swirczynski put an end to the rally.

Herman Martin Is Planning Annual Christmas Decor

Herman Martin who annually draws hundreds of sight-seers to his home at Lindsay to view his Christmas display has started assembling and reading the exhibit which includes a number of new characters he made recently and will show for the first time.

The display will be lighted for the first time on Halloween, then every Friday, Saturday and Sunday during November, and from Dec. 1 through 25 nightly.

Some of the original figures which are especially appealing and have been enjoyed by youngsters the past three years will be illuminated again. Most of the figures are hand made, cut or carved from plywood and wired electrically.

Some are animated, others wink or blink. And all are more interesting because Mr. Martin is one-armed. He lost his right arm as a young boy from a snake bite.

He invites everyone to drive by and see the display, especially if there are children in the family.

This year's scenes include the stable and Holy Family, shepherds, animals, the Wise Men, Singers, candles, snowmen, separate scenes of the Christ Child, Joseph and Mary and angels.

Mr. Martin calls his exhibit "The Night Before Christmas."

Gainesville KCs Plan Sunday Event For Columbus Day

Knights of Columbus of the Gainesville - Lindsay council are making plans and sending out invitations for their special Columbus Day observance next Sunday. The feast day is Monday but they chose Sunday for convenience of the members.

Their program includes a Mass at 11 o'clock in the council's home with Reverend Balthasar Szarka, of St. Francis of Assisi Church in Grapevine as the featured speaker.

Following the Mass Rohmer's will cater a chicken dinner for Knights and their guests.

The Gainesville Council's regular meeting will be held next Tuesday night, 8 p.m.

Wearing the Pants

Pants are walking around on Fort Worth women nearly everywhere, from hospital hall to society ball . . . so writes Jean Wysatta, woman's editor of the Fort Worth Press in a Sunday feature story. Accompanying the story is a picture captioned "Wearing the pants at St. Joseph's" . . . and showing Muenster's Miss Jeanette Klement, head nurse in intensive care, and Miss Tommie Rodriguez, assistant head nurse in their white pants suits. The ensemble has a tunic top that ends below the hips. Miss Klement is the daughter of Mr. and Mrs. Walter Klement.

According to Public Utilities Fortnightly, "Fishermen rarely criticize utility companies for the warmer temperature of water near thermal power plants. It is there that the fishing is likely to be best. This is one finding in studies by the California Department of Fish and Game, various colleges, and the electric companies in the state. The studies show that many species, including striped bass, perch and catfish, seem to prefer the slightly warmer water temperature. Fishermen often cluster near power plant discharge points to take advantage of this."
