Christmas Wants At State Hospital Are Very Simple

Interested individuals and organizations are being asked to help volunteers for Terrell State Hospital in providing each of the 2600 patients with a Christmas gift package.

Mrs. Donald Rosenzweig, Chairman of the hospital's Volunteer Council announced the need for help in obtaining new gifts or money with which to purchase these.

"Our State Hospital serves 27 surrounding counties", Mrs. Rosenzweig said. "Many of these patients have lost contact with friends and relatives and will not receive any other gifts except those provided through the love and generosity of volunteer donors, she added.

In the past, volunteers have been able to provide wanted and needed articles at Christmas time for the many hund-

reds of forgotten patients with the assistance of many friends, church and Sunday School groups and club donations.

During the first week in November Christmas wish lists were sent out to each of the 49 hospital wards. Each patient was asked to check the items he or she would most enjoy receiving.

"When one is hospitalized with mental illness and without the possibility of earning money to buy items of personal care, and very often without anyone to provide these, it is sometimes surprising to many people that the 'wishes' on these lists are for simple things which most of us take for granted as necessities," Mrs. Rosenzweig said.

The following gifts are those listed as most needed. Volunteers will welcome help with even the smallest quantities of ladies and men's combs, hair brushes, nail care sets, deodorant, shampoo, tooth brushes, tooth paste, small mirrors, hair rollers, make-up, deodorant soaps, hair cream, cologne, after shave lotion, cleansing tissue, hand lotion, body powder and baby lotion.

The baby powder and baby lotions are particularly helpful for the comfort of the many very elderly patients according to hospital nursing staff spokesmen.

Estimated Tax for 72-73 Budget Is \$643.5 Million

Legislative Budget Board staff members added little to the season's cheer for legislators with their estimate that even a rigidly-conservative 1972-73 budget will require a \$643.5 million tax bill.

Lawmakers, who report for the biennial session in January, must pass a \$51.4 million emergency finance measure to head off a 20 per cent welfare cut in April, the Budget Board warned. And early approval of a constitutional amendment to raise the \$80 million welfare ceiling also will be necessary to avert eventual sharp reductions in aid to the needy.

Board stressed that its budget compilations allow for no new construction funds for any purpose (not even new colleges already authorized) and no money for state employee salary raises.

Lt. Gov. Ben Barnes called the situation a "crisis." Senate leaders turned down a no-tax plan advanced by a Houston group. This plan would freeze teacher salaries, raise college tuitions, abandon general revenue appropriations for farm-to-market roads, change school finance formulas and divert a portion of the permanent school fund to current spending. Such proposals, said Barnes, "would get about two votes."

Sharp growth in welfare rolls and long-range educational programs already enacted are primary reasons cited for the record tax need.

Texas Is Fourth In U.S. Population

Texas now is the fourth most-populous state in the nation. New census figures show 11,298,787 population which includes 102,057 Texans abroad. California still is No. 1, with more than 20 million. New York remains second with 18.2 million and Pennsylvania third with nearly 11.9 million.

Texas barely nosed out Illinois for fourth. Illinois' head count is 11,184 million.

High Crime Cost

Permissiveness costs money. That fact is made brutally clear in figures released by Mr. J. Edgar Hoover, director of the Federal Bureau of Investigation. Mr. Hoover reports, "We complain about high taxes, but last year crime cost every man, woman and child in the United States \$122, or a staggering estimated total of \$20 billion. Perhaps this figure could become more meaningful if we realize that for every \$1 spent on education, crime costs, \$1.45; and for every \$1 which went to churches of the nation, \$13 went to crime."

Violent acts against persons and property are an offense against every citizen. Whether he is a victim or merely a taxpayer, he must help foot the bill. He has a direct stake in the law and order issue.

A frowning woman walked up to a little boy she caught smoking. "Does your mother know you smoke?" "Lady," he countered, "does your husband know you stop and talk to strange men on the street?"

"I know I'm not really much to look at," her finance admitted modestly.

"Oh, well," she philosophized, "you'll be at work most of the time."

Traffic Death or Injury in 70s to Hit More Than Half of Texas Families

DALLAS, Dec. 2 — Nobody knows who it will be — a child, the mother or the father — but during the 1970's in Texas, at least one out of every one and one-half families will see one of their own dead or injured in a traffic accident.

The Insurance Information Institute said today that, on the basis of present trends, one out of every 78 Texas families, on the average, will have an immediate family member die in traffic before 1980. One out of every 1.6 families will have a parent or child injured in traffic during the same decade.

The institute said the calculations are projections of the death and injury rate for the next ten years, based upon what has happened during the past ten years. Also noted was an apparent reduction in traffic deaths and injuries in 1970 and the Institute expressed the hope that this trend will continue.

So they will have help in footing the bill for the estimated 3,055,000 fatal and injury accidents over the ten years, Texans will pay at least \$10.8 billion for various kinds of automobile insurance. This amount probably will go higher because the projection was based only on the increase in accidents and injuries, with no allowance for inflation, a factor too uncertain to predict.

While safety advances in the engineering of cars and highways may slow down the growing number of accidents, injuries and deaths, the increased number of people and cars in Texas may offset any such benefit.

One other factor should be remembered, the Institute said. The accident that doesn't happen kills no one, injures nobody and costs nothing.

The data upon which the projections were made came from the University of Texas Bureau of Business Research, Texas Department of Public Safety and the Texas State Board of Insurance, the Institute said.

Capitalist Achievements

A 95-year-old former lawyer and lecturer, Mr. Frank Branch Riley, made a statement on fundamental principles to a group of Oregon businessmen, a short time ago, that deserves repeating. In answer to those who scorn profit, he says, "The guy who saves something out of his weekly wages is a capitalist. He owns a car or an extra suit of clothes, a savings account. . . . Joe Doak, if he is thrifty . . . can share in the products of almost any American enterprise. . . . Our system is not perfect . . . but . . . we have achieved a standard of living, a distribution of wealth

to the masses of our citizens, the like of which has never been known in any other country, in any other government, under any other flag since the dawn of civilization on this planet."

As has been pointed out by a great many shrewd observers, if every wish or demand of antiestablishment extremists were granted, new demands would soon be invented. Their idea of utopia is anarchism. In the final analysis, their philosophy is acceptable to no nation — capitalist, communist or socialist.

WE GIVE

by DOROTHY NEU BARNES

By and large, it seems to us, a lot of people nowadays stay in pretty good shape. They get a lot of exercise jumping to conclusions, running down the government, sidestepping responsibilities and pushing their luck.

A man probably shouldn't expect a woman to marry him and make him the happiest man on earth. He should take his choice - one or the other.

Ever known anyone who seems at first to be very intellectual . . . and then you discover that deep down, he's shallow.

Carpet can be like this - at first it can appear to be a lot deeper than it turns out to be after it's had a few months of wear. There is no substitute for surface yarn in a carpet, yet sometimes the yarn can be sort of fluffed up to make it appear to be more than it is. Watch out! Your only real protection is to buy from people you feel you can really trust.

Local CYO Group Attends Region 8 Dallas Convention

Muenster's Catholic Youth Organization was represented by five members at the Region 8 CYO convention held in Dallas.

Attending were Phyllis Bindel, president; Yvonne Gehrig, vice president; Frances Hess, Carla Schilling and Ann Bar-tush.

Theme of the 1970 meeting was "Reach Out, Find Yourself in People." Some 250 youth attended.

Film strips, discussions, addresses, workshops and the business of election and installation of officers were on the weekend agenda. A banquet and dance were included on the program.

The youths were divided in five groups for one program and each group talked on one

of five activities to present to its parish and diocese. These topics were civic, physical, social, cultural and spiritual.

A Youth Mass featured the Kiss of Peace and each went around the room to someone he or she did not know and gave the sign of peace.

National CYO president spoke on the AMEN project — Americans Mobilized to End Narcotic Abuse. He also

reminded the group of the World Hunger Program and Sunday each one present was asked not to eat before Mass so as to be able to feel what it is like to be hungry.

Quoted were the words of the late President John F. Kennedy, "Peace cannot survive in a world half fed and hungry," and the group marched from the Statler-Hilton Hotel headquarters to the Kennedy Memorial carrying

signs of the hunger project. They made these signs themselves.

The convention ended at the Memorial after installation of officers by retiring president Dan Sienkiewicz. Hugo Mieth of Galveston-Houston is the new president.

The march was televised and Carla Schilling and Yvonne Gehrig were shown on the screen along with other diocesan members.

St. Nick Keeps Annual Date with Dangelmayr Clan

Again this year St. Nicholas remembered that he has a standing date on his feast day, Dec. 6, with the Dangelmayr clan and met them at the home of Mr. and Mrs. Tony Felderhoff Sunday night.

He arrived in his traditional red Christmas regalia with a huge pack and distributed some 40 sacks of goodies. Youngsters and oldsters each received a bag.

The littlest ones sat on his lap, recited prayers, and everyone joined in singing Christmas carols. Oldsters also sang German songs they have kept alive through years gone by.

Refreshments were served to the Muenster group including Bishop Dangelmayr, and to the A. J. Felderhoffs and children and the Don Lesters who attended from Gainesville.

December is also birthday month in the family and a large decorated cake for birthday honorees graced the refreshment table.

Recognized for having birthdays this month, in the order of their dates were Kathy Felderhoff, Dec. 3; Mrs. Bruno Fleitman, Dec. 5; Anthony Felderhoff, Dec. 7; Carol Felderhoff, Dec. 7; Laurie Walterscheid and Bishop Dangelmayr, all Dec. 11; Steve Felderhoff, Dec. 14 Charles Felderhoff, Dec. 16, Gregory Walterscheid, Dec. 20; Mrs. Sylvan Walterscheid, Dec. 26; and Mary Theresa Felderhoff, Dec. 27.

The custom of keeping St. Nicholas Day came to Muenster with the first settlers who brought this "Little Christmas" observance with them from the old country.

While the lovely old custom has failed to keep pace with the now generation and is not generally observed as in yester-years, the day is still celebrated in a number of homes.

Richard Fuhrmann Birthday Honoree

Third birthday of Richard Fuhrmann was celebrated December 2 in the evening at the home of his parents Mr. and Mrs. Leon Fuhrmann at Myra.

Guests included Richard's grandparents, Mr. and Mrs. Ed Cler and Mr. and Mrs. H. N. Fuhrmann, uncles Tony, Mark and Doug Cler and Jerome Fuhrmann, all of Muenster, uncle and aunt Mr. and Mrs. Michael Fuhrmann and son Ashley of Lindsay and the honoree's sister Donna.

The birthday cake, made by Mrs. Fuhrmann for her son was shaped and decorated like a chuck wagon. It was served with ice cream and drinks to the group after the young honoree displayed his gifts.

Paul Hesse, who is employed in Munich, Germany, arrived Saturday to spend a month's vacation with his parents Mr. and Mrs. Meinrad Hesse and family. Meeting him on arrival at Dallas Love Field were his father, his brother Tommy Hesse and sons Michael and Curtis.

St. Anne Society Hears Fr. Leonard

Members of St. Anne's Society at their meeting Sunday afternoon had their spiritual adviser Father Leonard Wangler as speaker. He told about the CCD workshop he attended in Dallas.

Mrs. Tony Gremminger, president, presided and said plans are underway to have a reception for new members in the spring. She also thanked all who donated Bonus coupons and added that more are welcome.

The group agreed to give the customary Christmas gifts to the pastors and nuns from the society.

Nineteen members were present and Mrs. Johnny Otto won the door prize.

SH Students Have An Advent Wreath Rite at Assembly

In spiritual preparation for Christmas, students of Sacred Heart High School joined in an Advent Wreath ritual. Advent is the beginning of the liturgical year in the Roman Catholic Church and the advent wreath is kept until Christmas. A prayer service and readings explaining the

meaning of the wreath were given by members of the sophomore class.

Quotes taken from various magazines on the meaning of advent were presented. This research was an assignment for their religion class.

The wreath consists of green branches formed into a circle and holding four candles, three purple and one rose colored. One is lighted each week.

As explained by the students, the shape is round as a reminder that God always was and always will be. Green is the liturgical color of hope — hope for the Savior's coming. Purple represents penance — a time of preparation. And the rose colored candle is a reminder that the time of waiting is almost over.

Paul Endreses See First Grandchild

Mr. and Mrs. Paul Endres have returned from a trip to Manassas, Virginia, where they got acquainted with their first grandchild, infant Allison Owens, daughter of Mr. and Mrs. Lamar Owens, born Oct. 13.

The Endreses also saw two of their other children on the trip. Going they visited their son Richard, a medical student at St. Louis University in Missouri. Returning they stopped in Atlanta, Ga., with their son Cliff who is employed there.

And before returning home they stopped at Shreveport, La., for a visit with Mrs. Endres' sister and family, the John O'Dowds.

At each stop and along the way they enjoyed tourist attractions and while in Manassas talked by phone with Mrs. Mike Luke. Mike was in Texas on business at the time. The Endreses were away two weeks.

Reiters Entertain Children, Families

Things are getting back to normal at the home of Mr. and Mrs. Clem Reiter after visits from their children and grandchildren and a reunion dinner they hosted for 22 guests.

Mr. and Mrs. Basil Reiter and children B. J., Stephanie and Michael started back to Fallston, Maryland, Saturday. While they were here the Bob Reiters and children came from Post and the Andy Arendts and family of Lindsay joined in the dinner party.

Just missing the Basil Reiters was Raynold Reiter who arrived later Saturday from Hattisburg, Miss., to spend the weekend enroute to Lovington, N. M., on a new assignment for Seismograph.

During their two-week stay here the Basil Reiter family visited his sister Mrs. Adolph Knabe and family at Hereford and stopped at Post to visit the Bob Reiters.

Library Staff Has Christmas Party

Muenster Public Library staff had their annual Christmas social Thursday at the library. It was a noon luncheon with covered dishes provided by the group. Husbands were invited.

Attending were Mrs. Joe Luke, librarian, Mrs. Tony Gremminger, Mrs. Albert Schilling, Miss Elizabeth Herr, Mr. and Mrs. Lee Toothaker, Mr. and Mrs. Steve Moster, Mr. and Mrs. Edd McGannon and Mr. and Mrs. J. M. Weinzapfel.

In Ft. Worth for First Communion

First Communion of a grandson had Mr. and Mrs. Henry Pick going to Fort Worth Saturday to attend the ceremony. It was the first such service in the new St. Andrew's Church.

Accompanying Mr. and Mrs. Pick were their son and daughter-in-law Mr. and Mrs. Edward Pick.

They were at the service in which Phil Schwartz was a communicant. The Muenster group joined his parents and family, Mr. and Mrs. Jim Schwartz, Jimmy, Greg and Janet, at the church. Dinner in the Schwartz home afterward had the family together again to honor Phil.

Happy Bluebirds Meet

Happy Bluebirds of Sacred Heart School at their meeting Thursday made Christmas tray favors for Muenster Hospital. Leaders Mrs. Joe Felderhoff and Mrs. Lloyd Trubenbach met with the group. Brenda Felderhoff was refreshment hostess and Phyllis Grewing dismissed with the magic wand.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

by Eual Davis
The Klement Brothers of Hood have built 24,000 feet of parallel terraces this year. This completes several fields on which parallel terraces were planned. Seedbed preparation is now under way on waterways which will be planted in the spring. These waterways, when established, will be used as outlets for additional parallel terraces to be constructed in the future.

Werner Becker and Son of Hood completed the parallel terracing on a farm they operate. This completes all the terraces needed to protect the 150 acres of cropland from serious erosion damage. They built 8,700 feet of parallel terraces this year.

A topographic map has been prepared on the Hubert Felderhoff farm around Wolf Ridge. This is a 130 acre field. The map is to be used to locate waterways and design a complete system of parallel terraces.

Critical area shaping has been completed on twenty-four acres of gullies on the Estelle Brown farm near Forestburg. A seedbed has recently been prepared. This will allow time to get a firm seedbed that is needed in order to get a good stand of grass. Coastal Bermudagrass is to be planted on this area in the spring. The seedbed has been prepared on another 154 acres which will be planted to Coastal Bermudagrass and Ermelo Lovegrass. Crossfences will be used to separate these different grasses.

Reporting to school that afternoon, they explained to the teacher they had suffered a flat tire. To their relief, she smiled and told them to take their seats.

"You missed a test this morning, and I would like you to complete it now," she said. When they were comfortably settled, she continued talking. Now write the answer to this question: Which tire was flat?"

old solid thinkers. While the liberals and radicals are so busy at presenting their side of the current issues it might be a good idea for conservatives to consider means of selling their line. It might help if a number of them got together and worked at getting more of their supporters in the reporting and commenting business. We conservatives deserve to be better represented. The country desperately needs a switch of emphasis away from the liberal socialistic and atheistic brainstorms back to the solid principles of Americanism and Christianity.

One of life's briefest moments is the time between reading the sign on the freeway and realizing you just missed the off-ramp.
