

College Boys and Girls Just Ordinary Mortals, Not as Bad As Painted, but Without Wings

By WILLIAM C. STEWART

STORIES of drinking bouts, peeing sessions, and unrestrained parties, having to do with college students, have been, during the past few years, the cause of much discussion.

College morals in general have expressed the attention of parents, educators, editors and other authorities. A widely distributed weekly magazine recently began publishing a series of articles dealing with the question.

Heads of the two local colleges, influential students, local police, and others in a position to know the facts, were approached by the Bulletin in an effort to find how far conditions here fell with those in other colleges.

Claim Better Here
The consensus of opinion is that the morals of the college students of today are much better than was the case several years ago and Chief of Police Guilliams stated that the students here were much better as a class than those in other college towns where he had been connected with the police departments.

A list of questions were propounded to Dean Thomas Hart of DePaul Laker College and to Dean O. E. Wimbrenner of Howard Payne College. The resulting answers follow:

Only one student has been expelled from a local college during the past year for misconduct. The offense was stealing.

Both deans stated that they had seen no increase in misbehavior at college social affairs during the past three years, but an improvement in most cases.

Pro Law Enforced
No steps have been necessary in order to enforce the prohibition law on the campus. Less trouble is apparent now than before the passage of the law.

Talk of the supposed lax conduct of college students was branded as gossip.

No cases of actual immorality have come to the official ears of the deans within the last five years.

It was stated that all girls' dormitory parties were properly chaperoned, as were all official college parties. Daniel Baker makes no effort to control the activities of resident students while Howard Payne takes

up with the fast set in which they run.

Official Affairs Dry
Official college affairs are without exception dry. Drinking at parties is frowned upon.

Liquor is easy to get. Most of the girls that the college boys go with get. Few of the male students can be found who condemn the practice. Probably a goodly number more than half of the girls will get. Most of the others have had no chance.

Girls who drink are more likely to permit masculine familiarities, although actual immorality is not included in the term "familiarities," but would be associated with it as a matter of course.

Mild petting parties are not regarded as injurious to the morals of either men or women, but may by abuse become so.

No Way to Stop
No way to stop this is known. Opinion is expressed that it has always gone on and probably always will. Be temperate in everything; seems to be the general verdict.

Probably 3 per cent of these girls who sanction masculine familiarities are guilty of more serious moral infractions.

There is a very small per cent of college girls who smoke, and then never in public.

The faculty has not attempted to lay down and dictate of conduct which they were later obliged to withdraw because of student opposition.

Girls Cuss
Cursing of a mild description is indulged in pretty generally by most girls and by more than 75 per cent of the boys. Probably more.

Cheating, moral offenses and also drinking are the most general topics among students when college misconduct is discussed.

Misconduct is no more prevalent among college students than outsiders.

Gambling is a fairly well patronized sport by the boys. Little information obtainable as to the girls. But not as much gambling as might be expected. Great deal of betting on games. Poker and craps fairly popular. Sums wagered mostly small.

Probably fifteen per cent of the male students visit houses of ill fame. Figures on this hard to determine.

Probably that many students of both sexes have been known to steal or shoplift. These offenses mostly confined to boys, but several girls known guilty.

Talk Freely
The talk between the sexes is free.

Such topics as underclothing and the number of children expected when married are not banned.

It must be understood that the answers and conclusions given above are not necessarily those of the writer or even of the majority of students, but of those questioned, who were selected as being fairly representative of the student body in general.

It is interesting to compare the results found above with those obtained by the magazine, Liberty, as mentioned above. The second, and concluding article of this series, to be published tomorrow, will endeavor to do this.

Workers in Brazil are compelled by law to take an annual vacation of fifteen days.

TRIAL COURT'S ERRORS BASIS OF REVERSAL

AUSTIN, March 16.—(A)—Because of errors in the court's charge the court of criminal appeals today reversed the seven year sentence imposed on John Miller of Georgetown on conviction of murder in connection with the Ku Klux Klan street fight at Sealy, September 5, 1923.

Miller was convicted of slaying Robert Schaffner, Schaffner's father, F. C. Schaffner, and two other men also were slain.

The 99-year sentence of Frank Andrews, Dallas county, for the slaying of Arthur Berry, January 5, 1926, was reversed and remanded and the

appellant's motion for rehearing granted.

A 20-year sentence imposed on Clara L. Clem in Wheeler county in connection with the slaying of J. S. Clem, December 8, 1925, was affirmed.

States motion for rehearing in the case of George W. Riddle from Dallas county, convicted of receiving deposits for an insolvent bank and sentenced to two years, was overruled.

AUSTIN, Mar. 16.—(A)—Proceedings in the court of criminal appeals today include:

Affirmed: H. C. Patterson, Bexar; Luther Hughes, Potter; M. T. Delaney, Panola; Barton Robata, Austin; A. C. Miller, Angelina; C. C. English, Jefferson; Clara L. Clem, Wheeler; W. Cano Comper, Hidalgo; J. G. Fortinas, Nacogdoches; Guadaalupe Avila, Wilson.

Reversed and remanded: Frank Newborn, Jefferson; R. V. Brown, Wilbarger; John Miller, Williamson; W. P. Ulmer, Jones; E. R. Keller, Carson.

Appellants motion for hearing

overruled: Dora Anderson, Potter. Submitted on brief for both parties: Felicia Hall, Galveston; Mon Cofer, Wilbarger.

OBJECTIONABLE DANCE BARRED FROM VIEW OF JURORS DURING TRIAL

JACKSON, Miss., March 16.—(A)—The black bottom was barred from the court room today in the trial of George E. Wintz, manager of the Music Box Revue, for alleged presentation of chorus girls on the stage of a local theater improperly clad.

The action came from Judge Longino when attorneys for the defense sought his permission to introduce two chorus girls in the costumes in which they presented the dance which brought the action.

Attorneys for the state said they would neither approve nor oppose such action, but Judge Longino

said that he would not permit the presentation in court of any theatrical performance that had been charged with impropriety.

The move by defense attorneys came after three members of the chorus had testified that the costumes were not improper and one of them had stood before the jury with the offending garments stretched across her street clothes to show the manner in which they fit.

The girls said that they were like any other bathing suit and said that they were required to wear trunks with them.

Two stage workers who viewed the performance from behind the scenes said that they saw nothing improper or objectionable.

By agreement the testimony of other members of the chorus was dictated into the record and read to the jury.

The girls agreed that the suits were alike except for size. All the members wore bathing suits and trunks, they said and the garments were not transparent.

The defense rested and argument will begin this afternoon.

P. B. Richey, Mgr.

Bangs

Mr. and Mrs. Alvie Fielder, and Mr. Fielder's father, of Abilene, were visitors in the home of Mr. and Mrs. R. L. Brooks last week, and also made a business visit to Brownwood.

C. C. Wilson and family visited relatives in Coleman Sunday afternoon.

Rev. and Mrs. J. G. Reagar spent Sunday in Brownwood visiting Mrs. Reagar's sisters, Mrs. Bowden and Miss Gertrude Young.

Forrest Gilbert of Rising Star was a caller in the home of his grandfather Sunday afternoon.

Mrs. J. B. Smith of Brownwood is visiting her daughter, Mrs. Foster Wilson.

Mr. and Mrs. Dewey L. Adair, of Gorman, visited each of their parents Mr. and Mrs. Wess Phillips and Mr. and Mrs. C. W. Adair Saturday and Sunday.

Sunday morning about 7 o'clock the death angel visited the home of Mr. and Mrs. W. Z. Miller, and took away the aged father of Mrs. Miller. Mr. Kelly had lately moved to Mr. Miller's home here. The remains were carried to Belton for interment Monday. Sympathy is extended to these loved ones in this sad hour.

Mr. and Mrs. C. S. Wood were Brownwood visitors Friday.

Uncle Bird Smith is reported better after a few days illness.

Grandmother Lintholl, who made her home with Mr. and Mrs. Jack Ouyer departed this life Saturday night and was laid to rest Sunday in the Clear Creek cemetery Sunday afternoon. Rev. F. O. Waddill conducted funeral service.

Curtis Hardwick, son of Mr. and Mrs. C. C. Hardwick, is reported on the sick list.

Mr. Fleming, of Burnet, came in Friday to be at the bed side of his sister, Mrs. O. W. Harris, who remains in a critical condition at her home here.

The writer made mention last week of the marriage of Robert Adair of Cross Plains and Miss Ella Lee Cowan of Sherman this week is sending a clipping from the Sherman Democrat:

"At 8 o'clock Saturday evening March the fifth, the home of Mrs. A. B. Cowan, 514 S. Vaden St., was the scene of a quiet but beautiful wedding, when her daughter became the bride of R. M. Adair of Cross Plains, Texas, son of Mr. and Mrs. C. W. Adair, of Bangs. The ever beautiful ring ceremony was performed by Rev. E. T. Smith, pastor of the East Sherman Baptist church before an improvised altar of palms and ferns, with a large basket of pussy willow and plum blossoms. Forming the center of the altar, only a few intimate friends and relatives of the participants were present. The rooms were very pretty, decorated with wall vases and bowls of spring flowers.

"Proceeding the ceremony Mrs. Joe Smith, in a frock of rose crepe with colonial bouquets of violets and ferns. Song, "I Love You Truly," accompanied by Miss Mary Alverson, of Brownwood, wearing a frock of pink tulle with a silver corsage.

To the tune of Lohengrin's wedding march also played, by Miss Alverson, Miss Nina Faye Cowan, sister of the bride, and maid of honor entered with Mr. John White, the best man. The maid of honor wore pink flat crepe with accessories to blend, and carried a bouquet of pink carnations and ferns, tied with white chiffon.

"The bride entered with the bridegroom was beautifully dressed in Grecian rose flat crepe and georgette with blond kid slippers, and hose to blend with slippers and rhinestone bandeaux, wearing a necklace of pearls, a gift of the

ZEPHYR

Mr. and Mrs. S. M. Piler of Abilene spent Saturday night and Sunday with Mrs. Piler's parents, Mr. and Mrs. J. A. Cunningham. Mrs. R. H. Scott and daughter, Bernice, spent a few days last week visiting in Dallas.

FLOUR MILL BURNS

HOPKINSVILLE, Ky., Mar. 16.—(AP)—The Acme Flour Mills plant, and warehouse here were destroyed by fire early today with an estimated loss of \$500,000.

THERE'S A FORK IN THE ROAD!

You can choose either road. One road is used by the folks who feed their baby chicks in a haphazard way.

Chicks fed like that can't be very profitable. The ones that die are a complete loss. The sick ones are sure to cost you more than they are worth.

But there's another road that thousands more poultry raisers are following every year. It's the profitable road. It's the Purina road. There is nothing difficult about following it. It's just a matter of making up your mind that it's most profitable to feed your chicks the very best.

Order Purina Chick Startena and Purina Baby Chick Chow from the store with the checker-board sign. Your chicks will develop quickly into heavy-laying pullets and plump broilers. How much more profitable than feeding any mixture of unknown quality and uncertain results.

BROWN COUNTY GRAND JURORS MAKE REPORT

The grand jury for the March term of the 34th Judicial District court finished its business Tuesday afternoon at three o'clock and was discharged by District Judge J. O. Woodward.

The grand jury was in session seven days and during that time examined fifty witnesses from various sections of the county and after thorough examination of each and every case brought before them returned 22 felony indictments into the district court. In their report to the district judge, the grand jury stated that they found it impossible to get witnesses to give the facts that they believed them to be in possession of. "We are sorry to say that

young men of good reputation and good families do not hesitate to perjure themselves to shield some bootlegger who sells whiskey to boys in their community and, too, we find considerable evidence of whiskey being sold in the county but cannot secure sufficient evidence on which to base an indictment," reads their report. It is the opinion of the grand jury that the officers will have a good bunch of them rounded up before the next session of the grand jury.

Jail Needs Attention

The grand jury visited the county jail and in their report state that they do not find the jail in the condition that it should be, but that conditions over which the officers have no control are responsible for the poor status of the prison. They recommend that some of the old bedding be destroyed and replaced with new. The grand jury suggests that the commissioners' court take some action towards repairing the court house, especially the window and door screens and suggest that the exposed wood work of the building be painted, as apparently this has not been done since the court house was constructed.

The grand jury gave a very favorable report regarding the condition of the court house, and in fact stated that it was in as good condition as is possible for one man to keep so large a public building. The acoustics of the grand jury room has been so greatly improved that now it is possible to conduct the work with some degree of satisfaction and dispatch. In closing their report the grand jury has the following to say regarding the officers of the county, and their work:

"We find our peace officers are alert and very diligent in the discharge of their duties. We also find the general conditions of Brown county are no worse than in any other county where a large floating population follows the development of an oil field. We find that the oil men who are actually carrying on the development and operations are opposed to and denounce the drunkenness and the acts of violence that takes place in the field. "We wish to thank your honor, the district and county attorneys, together with the bailiff and door-keeper, for the efficient service rendered. "We have worked diligently on

every matter brought to our attention. We have completed our work and now respectfully ask to be discharged."

LEADERS OF CHRISTIAN CHURCH WILL GATHER IN HOUSTON MARCH 26

CORSICANA, March 16.—(P)—Some of the outstanding leaders of the Christian Church will participate in the program of the Texas Christian Missionary convention, to be held in Houston, April 26 to 29, inclusive. It has been announced by the Rev. Paul J. Merrill, pastor of the First Christian Church of Corsicana, executive secretary of the state organization.

The convention will be held in the First Christian Church of Houston, with the pastor, Dr. Claude L. Jones, filling the office of convention pastor. All agencies of the church, benevolent, educational and missionary, will take part in the program and

leaders of their respective departments will address the convention. There are over 500 churches in the state that are members of the convention and over 1,000 delegates are expected to attend. Mike H. Thomas, Dallas, is president of the organization; Edward C. Boynton, Huntsville, vice president, and Rev. Paul J. Merrill, Corsicana, executive secretary.

GRIP DISQUALIFIED
WICHITA FALLS, Tex., Mar. 16.—(P)—Charlie Grip was disqualified in the second fall and the wrestling match here Tuesday night awarded to Billy Hallas, Cincinnati Greek. Hallas won the first fall with a flying headlock and the second ended when Grip clamped on a strangle hold that Referee Thor Jensen ruled disqualified him. It was a rough and tumble match, with kicking, gouging and shugging playing prominent roles. They are middleweights.

SUNDAY SCHOOL MEETING
MIDLAND, March 17.—(P)—The East Texas Baptist Sunday school organization and the B. Y. P. U. will visit Midland March 22-23 for their joint convention.

DRY CLEANING & DYEING

Lightning Artist is Here Representing Big Paint Company

J. A. Speer, of Denver, Colorado, known as the fastest painter alive, is here this week with headquarters at the Peerless Drug Company. He is representing the Acme Quality Paint Company. Mr. Speer has erected an easel in the front window of the store and throughout the greater part of the city is engaged in turning out oil paintings in from two to fifteen minutes each. He uses common house paint such as is carried in stock by the dealers. Speer declared that he had never taken an art lesson, but had just picked it up. His pictures, all landscapes, are good, especially when the time taken to paint them is considered. It was said, Speer will be here until Monday night.

Four Men Sustain Broken Legs When Truck is Crushed

HOUSTON, March 16.—(AP)—Legs of four men on a truck were broken and passengers on an inbound Harrisburg street car were

shaken up early Wednesday in a collision. The injured are A. Perez, N. G. Castaneda, Santos Aguilar and D. Amandareb. They were sitting on the truck platform. The truck sideswiped the rear end of the street car and brushed off 16 workmen.

Three Are Taken in Police Dragnet Spread on Tuesday

Three persons were arrested by the police department in raids made Tuesday afternoon. Mr. and Mrs. William D. Scott, 1515 Victoria Street, were booked on charges of vagrancy. Three cases of choc beer were alleged to have been found in the house. Both were lodged in the city jail. A woman was arrested at an address on Gillette Street for selling intoxicants and turned over to the county. Richard Woodruff, negro, was turned over to the county following his arrest Sunday on charges of selling intoxicants. Police are still searching for a negro who shot at and missed his wife in an affray on Durham Street Sunday. The negro escaped and has not been located as yet. OWNER HAVING good farm for sale, reasonably priced, write E. Lyerly, Desk 9, Worth Bldg., Fort Worth, Texas. 27p

ONE IN TEN
Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or a chronic festering sore. The cheapest, safest and best course is to disinfect the wound with liquid Borozone and apply the Borozone Powder to complete the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by Camp-Bell Drug Co. (Adv.)

WELCOMES VISITING TEACHERS MARCH 25-26

SANTA FE IS MAKING RAPID HEADWAY HERE

The extension project in the local yards of the Santa Fe is well under way and it will be not more than thirty days before the greater part of the projects now under construction will have been completed. There are at present four work trains standing in the East yards, these trains housing Mexicans who are engaged in laying the tracks on the recently constructed dumps. When the workmen are all lined out of the cars about 7:30 this morning to saunter down to their places of work there seemed to be no less than 300, or perhaps more. Several miles of track has been laid and more is being put in place daily. Three spur tracks have been laid north of the main line, these three each being almost one mile long. Four more spur tracks about one-half mile long branch off from the three long side tracks and just below these, across a deep ditch or slough that branches off from the Bayou, another large dump almost a mile in length is being constructed, the dump being large enough to carry at least four side tracks. The foreman in charge of this work stated that it would require about three weeks time to complete the dump.

New Yard Office
For several months the present Santa Fe yard office, located near the Vine street sub-way, has been too small to accommodate the large number of men who have to work in the office, so to meet the demand for larger and better facilities a new yard office is being built east of the freight depot, almost even with the large oil storage tanks east of the round house. This new building is 24 by 40 feet in size and is divided into four compartments. The east room of the building will be used as a telegraph and operator room and the room next to it will be used as the yard office room, where all the work will be done. The west control room will house the employees who keep the records, or in other words will serve as the record room. The west room of the building will be used by the switchmen as a waiting place, and will also afford showers and so forth for cleaning up after finishing work. The building is about 90 feet from the main track of the Santa Fe, and between the new yard office and the main line is a dirt road about 10 feet deep that will have to be bridged, and across this will be placed a foot bridge eight feet wide. The foreman said that in two or three weeks will be required in completing the new structure.

Big Locomotives
Several of the largest locomotives run on the Santa Fe system have been making regular runs to Brownwood from Temple for the past week or more. These engines are of the 2600 series and after the new turntable is installed more of the monster locomotives will be seen in the local yards. These locomotives are more than 100 feet long and have five drive wheels on each side, and like all of the engines used on the Santa Fe, they are oil burners. These powerful locomotives can pull a train of 60 or 70 loaded cars almost as easily as the average engine can drag 40. One must see one of these steam giants in order fully to appreciate the magnitude and beauty of its mechanism.

Everything is in readiness for the installation of the new 120-foot turntable. The foundation for the track has been laid and the rails will soon be laid. Men in charge of the work are waiting for the arrival of the new turntable at least would be ready for the Brown county grand jury for further investigation. The findings of the grand jury are not known as present and will not be known until indictments are returned against them.

FORMER CO-ED ANXIOUS FOR EARLY TRIAL

SAN MARCOS, March 14.—(AP)—Rebecca Bradley Rogers, 21, former Texas University co-ed charged with robbing a bank today refused to sign a motion for continuance drafted by her attorneys, indicating she wishes immediate trial.

Mrs. Rogers and her attorneys arrived about an hour late. Defense counsel immediately began application for continuance through reading of a motion which noted absence of "material" witnesses, including Otis Rogers, the defendant's husband.

No action had been taken on the continuance motion when court recessed at noon until 1:30 p. m. Mrs. Rogers and her attorneys then filed a motion for continuance, but John D. Cofer, one of her attorneys, signed it for her.

The court started hearing of the motion at 2:30 p. m. and continued on the ground that Otis Rogers, the young woman's husband, is seriously ill.

Buffalo milk is being used as human food in China.

YOUTH CLAIMS HE SHOT GIRL ACCIDENTALLY

NEW YORK, March 15.—(AP)—Walter Goldberg, 18 year old, today confessed to the police that he had "accidentally" shot and killed Anna Harris, 16 year old Brooklyn high school honor student, at her home last night. Goldberg, who lived next door, was questioned all night by the police and early today told Captain John J. Ryan that he had killed her.

The boy said he and the girl were alone in the house and playfully pointed pistols at each other. "Before I knew it my revolver exploded," he said as he fell in a swoon.

CONTINUANCE EXCESS GUIDE IS EXPECTED

TULSA, Okla., March 12.—(AP)—A continuance of the present large over-production of crude oil for many months is looked for by Walter C. Teagle, president of the Standard Oil Company of New Jersey, who arrived in Tulsa today with a party of officials of his company on an inspection trip of the Mid-Continent field.

"Until the reserve stocks of petroleum now above ground are permitted to function as a real reserve to be drawn on in place of new production, a higher oil market is unlikely," he said.

The potentialities already indicated by such developments that have taken place in the Seminole, West Texas, Panhandle and California fields, are so great that an upward trend in crude oil production is bound to occur for several months; consequently affecting crude oil prices adversely," Mr. Teagle remarked.

"Most people live under the impression that the trend of the country's production will necessarily swing with Seminole. This is an error. While this region is a tremendous producer, West Texas and California are conspicuous in the picture, as all oil produces finds a common market."

Against this coming large crude production, however, there is some relief, as the consumption of fuel oil, which for some years has been on a decline, turned upward in January, the Standard chief pointed out and will of course increase during the remainder of the year.

Garage Robbed of Accessories at Brooksmith

The Brooksmith Garage, located in Brooksmith, was burglarized on Monday night and about \$50 worth of accessories taken in the loss. The Sheriff's Department was notified soon after the robbery and traced the burglars to a Bangs where it was lost. Officers are still working on the case but have no other clues at present.

Four of the negroes who were connected with the cutting affray near Brownwood, Okla. last Friday were arrested by the Sheriff's force this morning and brought before the Brown county grand jury for further investigation. The findings of the grand jury are not known as present and will not be known until indictments are returned against them.

Loyd Jones Motor Company Banquets Employees Monday

The Loyd Jones Motor Company entertained their employees with a Dodge dealers and factory representatives at a dinner on Monday night in the sales room of the motor company. The special guests were L. J. Eiger and J. H. Hosling, both of Detroit, Michigan, who gave enthusiastic talks. Rev. J. W. Johnson was also present and made a splendid talk on "Co-operation." Another talk of special interest was made by John T. Yantis, who stressed the importance of a business progressing with the town, giving some splendid thoughts on the subject.

The Texas Melodians Orchestra furnished music throughout the dinner hour, interspersed with readings by Miss Martin and Cabreath and Randall Jones and piano numbers by Naomi Watson.

The splendid turkey dinner was served by the women of the First Christian church.

Showing of Gas in Brooks Well N. W. of Bangs

A showing of gas is reported in the Hart well on the Brooks well, northwest of Bangs, and further developments are being watched with interest. The well may be completed today. The depth is about 1,130 or 1,140.

If palms are spotted with scales they can be removed by washing the fronds with whale oil soap.

Income Tax Payers Throng Offices of Revenue Collectors

DALLAS, March 15.—(AP)—Interior revenue offices in Texas were thronged Tuesday with eleven-hour income tax payers. This was the final day for paying the 1926 income tax.

The office of the collector here has been swamped the last few days with persons making returns. A penalty of 25 per cent of the tax due attaches if it is not paid by today, but returns mailed today will be considered as complying with the law.

BRICK PLANT SURVEY IS TO START TODAY

Preliminary survey work on the site on which the new brick plant is to be erected will begin this afternoon, according to a statement today by B. E. Ladov of Fredonia, Kansas, who is building the plant.

Mr. Ladov is accompanied by his general manager, B. H. Newman, and Mr. Alle of Kansas City Mo. engineer in charge of the organization, will arrive this afternoon.

Mr. Elias, a Frisco civil engineer, will start surveying for the spur track to be laid to the site by the railroad.

The new plant is to be located adjacent to the Brooke Smith lake, a few miles west of Brownwood.

Actual construction work on the buildings will be started as soon as the steam shovel and other equipment arrives. Mr. Ladov said.

"There will be no more joking," declared Mr. Ladov, "we are here to go to work, and that's what we are going to do."

CRUSADER TEST HITS STRONG FLOW OF GAS

The wildcat well of the Crusader Oil Company, Harry Randall, W. R. Simmons et al, a mile and a half from Winchell on the McDaniel tract encountered a strong flow of gas yesterday at 392 feet. The flow is estimated at about a million and a half cubic feet. There is a hundred feet of caving in the well, and a rainbow of oil is found as this is cleaned out.

This well is three miles southwest of the Loyd well in the Henderson, reported in Saturday's Bulletin as standing 500 feet in oil, at a depth of 591 feet, and these developments are making that section of the country look interesting.

The Owen Oil Corporation is moving in on a location on the McDaniel a mile and a half north of the Crusader.

The contract for the Crusader well is 1,500 feet, to which depth it will be drilled unless oil is found at an earlier depth.

Suit to Cancel Oil Lease Heard Before Woodward

The case of Edgar Prater versus C. A. Leonard et al, a suit brought by Mr. Prater to cancel an oil and gas lease made to Mr. Leonard, was continued until Monday morning, March 21st, by Judge J. O. Woodward this morning. This morning this case was begun Monday afternoon, it having been brought forward from the last term of district court. A jury was empaneled to hear the case but by agreement of the lawyers for both sides the case was taken out of the hands of the jury and is to be decided by Judge Woodward. The taking of testimony was completed shortly before noon today and the judge will hear the argument of attorneys next Monday morning, at nine o'clock.

Three Yates Wells in Pecos Shut Down Awaiting Storage

PORT STOCKTON, Texas, Mar. 15.—The three huge Yates producers in the eastern part of Pecos county are shut down awaiting the erection of more tankage and the completion of the pipe line to McCamey, on which the Illinois Pipe Line Company, subsidiary of the Ohio Oil & Gas Company, as is also the Mid-Kansas, is pushing preparations for the extension of a six inch line from McCamey to the Yates dome. The Illinois Pipe Line Company has completed two 55,000-barrel steel tanks and are erecting a third one near the big gushers, but all work in the oil fields of Pecos county has been seriously hampered this week by the general rains that have visited this entire section, so that the report for the week is but little changed from that in our last issue, holdings in Hutchinson county, on which production now is about 10,000 barrels.

Joe St. Peter, whose ample visage is pictured above, has been appointed chairman of the public morals committee of the Washington state senate. "Some folks may think that funny, because I am in the theater business, but on the point, and am named St. Peter," said Joe. "But when I go through with my job maybe I will have the last laugh."

DOGE BROTHERS ANNOUNCE PRICE OF NEW LINE OF CARS

Public announcement was made in early that Dodge Brothers, Inc., water the market this summer in the higher priced field, and that time the Dodge Brothers cars everywhere have been beset with incessant flood of inquiries regarding the new supplementary car.

Loyd Jones of the Loyd Jones Co. Company, local dealer, has received an official announcement from Detroit emphasizing some of the statements previously made regarding the new car and containing information of interest to many prospective purchasers.

are pleased to advise Dodge Brothers dealers that progress on the supplementary car is thoroughly up to schedule and it will be available in moderate retail delivery on or about July 1st, the date heretofore announced.

are naturally receiving many inquiries seeking a description of the car and specifications, but we are unable, however, until it is ready to be shown.

The announcements concerning it, already made, have emphasized the fact that it will be a considerably higher priced car in no way conflicting with our present standard product, there are doubtless a number of buying prospects who have been led to believe that the difference in price between our standard car and the supplementary car will be small, and therefore some of your prospects may be disposed to defer their spring purchase of present product until full announcement of the supplementary car.

In order to dispel any such uncertainty that may exist we are therefore advising you authoritatively that the supplementary car will be sold at a price of \$1,650.00 f.o.b. Detroit, for the four door sedan.

We also take this occasion to again assure you that production of the present Dodge Brothers power plant and the sale of our present standard line of cars will be continued in accordance with this statement and should be promptly and vigorously denied.

NEW BANK IS AUTHORIZED A FULBRIGHT

AUSTIN, Mar. 15.—(AP)—Opening of the Fulbright State Bank, Fulbright, with a capital stock of \$17,500 announced today by Chas. Austin, state banking commissioner.

The bank takes over all business and assets liabilities of the Guaranty State Bank which failed there December 29th.

George A. Henshaw to Start Test Soon in Pecos County

George Henshaw, Jr., San Angelo independent oil operator, soon will start deep test for oil on the Henderson tract near Brooksmith, according to a statement of W. A. Snyder, of the San Angelo Standard. The location has been made in the middle of the southwest quarter of section 24, block 144, Texas & St. Louis railway company survey. Henshaw has about 5,700 acres under lease.

Mr. Snyder and an A. Sweett & Hinyard oil alternating sections in fee. A total of about forty-five sections of the land, in about 1200 acres of the Henderson tract, California and humble oil companies. The location made by Henshaw is about 25 miles southwest of the Yates pool.

W. A. Snyder of Denver and F. L. Snyder, from the ranch in Pecos county, were in San Angelo today on business. Formerly engaged in the live stock commission business, specializing in the handling of feeder lambs, W. A. Snyder now is devoting much of his time to oil operations. W. A. Snyder, Jr., who for several years has been ranching in Nolan county near Sweetwater, has returned to Colorado.

LOVE BIRDS TO JAPAN

LONDON.—When Prince Chichibu of Japan was called home from Oxford by the illness of his father, he took with him a pair of "love birds," popular parlor pets in England. He started a fad in his country that is bringing thousands of the birds each month to the Orient.

Public Morals Chairman

Arkansas Crude Price Reduced by Buying Firms

SHREVEPORT, La., Mar. 15.—(AP)—A cut of 10 to 15 cents in the price of Stephens, Ark., crude was announced today by the Atlantic Oil Producing Company and the Louisiana Oil Refining Corporation.

These two companies with the Crystal Oil and Refining Company also announced they have met the new schedule of prices for North Louisiana and Eldorado crude announced Monday by the Standard Oil Company of Louisiana.

LEOPOLD WAS ARCH PLOTTER IN JOLIET JAIL

JOLIET, Ill., Mar. 15.—(AP)—Mental reservations marked acceptance by Hjalmar Rehn, Will county state attorney, of the story told by Leo Delgado, paroled convict, concerning Nathan F. Leopold, Jr. with the slaying of a deputy warden and the escape of seven convicts from the state penitentiary last May and the recent break from the Joliet jail of three of the seven who had been recaptured and sentenced to death.

"That's a lot of bunk," said Mr. Rehn. "It makes a good story but I am not responsible for that."

At the state penitentiary it was stated that no convict is permitted to have an outside checking account, nor to carry money in his pockets.

CHICAGO, Mar. 15.—(AP)—A plot to empty Joliet penitentiary of 1200 inmates by the wholesale slaughter by poisoning of the guards has been revealed to prison authorities and Chicago police by a paroled convict.

The plot, set for execution next Saturday, is a third of a series by the youthful sinister figure of Nathan Leopold, Jr., plotter and co-executor of the murder in Chicago of little Bobbie Francis.

It was Leopold, the officers have been told, who conceived the original prison break in which seven men escaped after killing a deputy warden, only to have six of the seven recaptured and sentenced to hang for murder.

Financial Break
It was Leopold, too, said the detailed stories over which the officers now are working, who financed last Saturday's break from the Joliet jail—a break in which three of the seven recaptured in the first escape reached freedom and shot to death a policeman. Two later were recaptured.

Leopold was not linked directly with the latest escape plot as told by officers by Leo Delgado, paroled convict, and it was Leopold's original plotting, Delgado related, that inspired the scheme to evacuate the penitentiary next Saturday by killing the guards with arsenic, to be put in their coffee.

Leopold planned the original penitentiary escape, Delgado said in a story printed today in the Herald and Examiner. "From his friends outside he obtained \$8,000 which was to finance the flight for himself and his plied associates first to Detroit, thence to Canada and finally to Mexico."

Plac Verdés, Mexico, was the place picked as the refuge for those who escaped, said Delgado, who obtained his information from letters to Spanish to the plotters, which he carried upon to translate. The plans provided that the men who escaped were to live in luxury in the Mexican town with funds furnished by Leopold's Chicago friends.

Others in Plot
Delgado said the original plot provided for the escape besides Leopold of Bernardo Rizo, Gregorio Rizzo and Robert Torres, the three Mexicans who broke from the Joliet jail last Saturday. Of this trio Rizo is still at large. Charles Shader, Charles Duschowski and Walter Stalesky—three men who are under sentence with the Mexicans to hang for slaying the deputy warden in the original penitentiary break—also were to have been included.

Leopold, according to Delgado's story, lost his courage and turned sick at the sight of blood of the deputy warden killed by his fellow convicts, and that was why he did not attempt flight.

After telling of the poison plot, plans for which he said had been completed, Delgado said:

"I am what the police call a hard boiled egg, but I draw the line at wholesale poisoning. The chances are that every criminal walking the streets of Chicago will feel called upon to avenge my violation of the ex-convict's code of ethics. But I'm taking my chances and staking everything on this one gamble in decency."

Chief of Detectives William Shoemaker, one of those who heard Delgado's story, said that early checking of its details indicated the story was virtually correct. He said he had talked to Torres and Rizzo and they confirmed Delgado's story that Leopold was the financier of the jail delivery.

The latest members of Welsh Sunday school include a woman 86 years of age with a record of 85 years of virtually correct. He said he had talked to Torres and Rizzo and they confirmed Delgado's story that Leopold was the financier of the jail delivery.

The oldest members of Welsh Sunday school include a woman 86 years of age with a record of 85 years of virtually correct. He said he had talked to Torres and Rizzo and they confirmed Delgado's story that Leopold was the financier of the jail delivery.

BOMB BLAST RAZES HOME BOY KILLED

SAN ANTONIO, March 15.—(AP)—Ignacio Urias, 8, was killed, his brother, Adolfo, and sister Elvira, received serious injuries, and their mother, Mrs. Paula, was knocked unconscious by a bomb explosion that splintered the floor of their room and threw her beds in which they lay almost through the ceiling, here early today.

Police expressed the belief that the bomb was thrown under the house by an enemy of the family. No arrests have been made late Tuesday morning.

Noted Confederate Veteran, Aged 85, is Dead at Pecos

ATLANTA, Ga., Mar. 15.—(AP)—Relatives in Atlanta have received word of the death of Major Thomas H. Pomar, 85, noted civil engineer and former Atlanta in Pecos Texas.

Major Pomar, a Confederate veteran of distinguished record, lived in Atlanta from 1847 to 1869. He later became a civil engineer and was connected with the construction of the old Atlanta and Charlotte railway.

Mon-Tex Drilling on Mason Tract at Sipe Springs

The Mon-Tex Company has drilled to 1,000 feet on the Mason tract at Sipe Springs, in Comanche county, stated Miss Carrie Childress yesterday on return from Sipe Springs where she spent the weekend. While this test has not developed a well, the showing of oil has been sufficient, it is said, to start other drilling in that area.

Amos et al have recently contracted to clean out the old wells on the Joe Christman farm at Sipe Springs. It is stated, and from the work thus far these wells are showing up better than had been expected.

CARNEGIE LIBRARY GRANTED MORE MONEY BY COUNCIL TUESDAY

A further appropriation of one half cent of tax money was set aside by the city council Tuesday night for the use of the Carnegie Library, following a plea presented by Miss Sue Clark and accompanied by Miss Sue Clark and Mrs. John G. Lee. All three made brief talks urging further appropriations. Miss Reaves told of the financial condition of the library and Mrs. Lee spoke of the necessity of keeping the institution open. Alderman Boon made the motion to set aside the money.

Councilman Morg Baugh was not present at the meeting, being absent from the city.

Street Paving
Sam Cutbirth and E. B. Henley asked the council to pave the street between Coggin Park and their property and also urged that the parallel driveway inside the park be improved. The matter was referred to the street committee.

Tom Denman asked that action be taken on the paving of Coggin Avenue from Vine to Vincent street, and discussed the matter of paving Coggin between Vincent and Austin, which block is fronted on both sides by Daniel Baker College.

John Yantis asked for the use of the small rolled belonging to the city for improvement work at the country club. The club offered to bear all expenses. This was granted by the council.

Charles Andrews asked for an ordinance to regulate vent pipes on gas water heaters. This matter was referred to the Sanitary committee.

Fines Remitted
The council moved to remit two fines collected from oil men for parking after midnight for longer than one hour. The oil men requested the discontinuance of the city pound after one impounded man broke down the gate by driving through it.

The council discussed the possibility of reducing the fine for violation of the day hour parking law from a total of \$9.70 to a total of \$3.00. The city attorney, Judge E. Lee, and the city recorder, Judge O. C. Pouns, are to confer on this problem.

The operation of the Good Samaritan Orphan home here was discussed.

The Chinese are, as a rule, beardless, and the razor there is used for cutting the hair.

Teachers To Gather Here Mar. 25-26

"The next meeting of the Mid-Texas Teachers' Association will be held in Brownwood on March 25 and 26. A splendid program has been arranged and you and your teachers are urged to attend," so reads the opening paragraph of a letter sent out by E. J. Woodward, president of the Mid-Texas Teachers' Association to all the principals and superintendents of the schools in the bounds of the association.

Friday morning, March 25, will be devoted to lectures and addresses by some of the leading school men of the state. R. D. Green, superintendent of the Abilene city schools also president of the Texas State Teachers' Association will be the principal speaker Friday morning. R. T. Ellis, secretary of the State Teachers' Association will also appear on Friday morning's program. S. M. N. Marrs, state superintendent of public instruction in Texas has been asked to come to Brownwood and deliver a lecture Friday but due to a conflicting date it is not thought he will be able to come to Brownwood at this time.

Dr. W. P. Horn, president of the Texas Technological College at Lubbock and for many years one of the leading school men of the state, will deliver a lecture here Friday night just prior to the big style show that will be staged under the supervision of Miss Ruth Huey, head of the home economics department, at the senior high school. Dr. Horn's lecture will be for the purpose of enlightening the patrons of the schools in matters pertaining to the work-ings of present-day school systems.

At first it was the plan of Mr. Woodward and Miss Huey to make the style show one in which only the latest creations of the present day would be shown but according to their latest plans the style show will be more of a style pageant beginning as far back as medieval times and continuing on to the present day Miss Huey plans to depict the customs in vogue at all periods of life for the past several hundred years of the nation. It is expected people will be shown all of which promises to be very interesting as the changes in style of dress, both among the men and women will be shown by living models. Much work is being done by the women of the city in making many of the costumes that no longer exist. The merchants of Brownwood are doing all that is possible for them to do in helping Miss Huey in her plans. Many of the latest creations of the present time will be shown after the costumes of ancient times have been shown.

The merchants of Brownwood greatly appreciate the fact that Brownwood has been made the regular meeting place of the Mid-Texas Teachers' Association and to show this appreciation they have made extensive plans for the entertainment of the visiting teachers. The plan of the city is to have every place of business in Brownwood extend a hearty welcome to the visiting pedagogues and have arranged many price reductions for the benefit of the teachers. Many of the latest Easter shopping while in Brownwood. The City of Brownwood is never too busy to fully appreciate the value of visitors coming to the city and at all times will extend every courtesy possible to all worthy visitors. The business men of the city, in fact every citizen in Brownwood extends a hearty welcome to all visiting teachers and school men who will attend the meeting of the Mid-Texas Teachers' Association here next week.

Saturday morning will be devoted to demonstration classes conducted by some of the best teachers in this section of the state. It is the plan of the teachers who will conduct these classes to bring students from their own schools for the demonstration classes. This is an unusual feature of the meeting here but one which is sure to be derived from these demonstration classes. Following each class there will be a period of round table discussion by all.

"NEW LAND" DISCOVERED
WASHINGTON.—(MEA)—Land that the federal government has possessed for eighty years in the mountains of northern Alabama has just been "discovered" by search in the records of the Federal Land Office.

The surveyor who mapped the territory in 1847 for allocation to settlers seems to have been daunted when he came to the brink of the Gulf, a beautiful gorge 10 miles in length and a quarter to a half mile or perhaps he concluded that one ever would want it. Any he mapped only to the brink, either side, drew two lines marking the bluffs and labeled them "pendular bluffs 300 to 500 high," and let it go at that.

The state legislature is expected to buy the territory for a park, accordance with a federal law passed last year permitting the purchase of such tracts to the states.

HARBOR TO SWIM
The Irish channel is harder to navigate to cross than either English channel or the Chesapeake channel. That's the opinion of Henry F. Sullivan, former swimmer. The Irish channel is the channel of the largest ocean, and a treacherous stretch of water in world.

2,500 BARRELS GAIN IN WEEK IS ESTIMATED

The American Petroleum Institute figures place the daily average oil production in Brown county for the week ending March 15th at 37,000 barrels.

This estimate is an increase of 2,500 barrels over the preceding week the average for that period being placed at 34,500.

The Texas summary follows. The figures in the first column are those of the last report of the A. P. I. and the second column those for the preceding week:

West Central Texas	
Cleburn county	9,350 9,550
Eastland-Desdemona	5,500 5,600
Brown county	37,000 34,500
Coleman county	1,700 1,700
Callahan county	6,750 6,700
Shackelford county	15,700 13,000
Young county	8,300 8,500
Throckmorton county	4,000 4,000
Jack county	750 750
Palo Pinto county	2,700 2,700
Jones county	3,800 3,700
Mitchell-Searcy Cos.	4,450 3,950
Howard county	2,250 2,350
Reagan county	28,650 27,800

GRAND JURY RETURNS THIRTEEN BILLS AND CONTINUES ITS WORK

The Brown county grand jury that was empaneled Monday, March 7th, has been grinding away at a very rapid rate the past week, as evidenced by the fact that they have examined a large number of witnesses and in 13 cases have found true bills.

Five of the men charged with law violations and against whom the grand jury returned true bills are now lodged in the Brown county jail awaiting trial during the present term of district court.

The men and the charges as returned against them by the grand jury are:

Charlie Pratt, charged with hijacking or robbery with firearms in an automobile while intoxicated on March 5, at which time Mr. Stewart was relieved of about \$25 in cash.

Joe Redmond, charged with driving an automobile while intoxicated on what is known as "the Fry road" on or about January 14.

Vincent Aleandres, charged with burglary and theft, a felony, on or about January 22, when he entered the home of Harold Wyatt and without the owner's consent took articles of clothing and jewelry to the value of \$207.50.

Cecil Clark, charged with forgery and passing, in connection with the giving of a check signed "C. H. Seward" and indorsed "J. A. Harper" to the Economy Dry Goods Store, the amount of the check being \$30.00, under date of February 11th.

Homer Paul, charged with driving an automobile while intoxicated on Coggin Avenue and the Brady road on or about February 3.

SHOUP NO. 2 SHOWING FOR A GOOD WELL

Bylers No. 2 of the Simplex Oil Company, the property of O. H. Shoup, Jr., and associates, is showing for a good well and is said to give promise of being at least as good as No. 1, and probably better.

At seven feet in the sand the well was reported as standing half full of oil this morning. The sand was reached at 1,260. The well is one location south of the Shoup discovery well.

Zephyr Youth Is Seriously Hurt in Fray

The sheriff's department and District Attorney Walter U. Early are working today in an effort to straighten out the tangled skein woven in the vicinity of "Boysen's Cut," several miles west of the city.

Hilton Baty, 23, is in a local hospital, stabbed through the back and dangerously injured. Lee Lewis is in the county jail and Rufus Davis is under surveillance.

Baty is in a serious condition, but may recover. The wound, however, is said to penetrate almost to the heart.

It was stated by the authorities that a number of conflicting stories had been told by the parties, and that the real truth had not been arrived at as yet.

Baty is in a serious condition, but may recover. The wound, however, is said to penetrate almost to the heart.

San Angelo Takes First Place When Players Compete

The San Angelo company won first place with "Suppressed Desires" in the one-act play tournament staged at Howard Payne College Friday.

Constance won second place and De Leon took third. Gold, silver and bronze medals were given to each of the players and the directors of the three winning plays.

The following served as Judges: Miss Katherine Watson, of Daniel Baker, Miss Cleo McChristy, of Howard Payne, and Mrs. C. O. Gill.

Charges of Simple Assault Result of Baker St. Affray

Charges of simple assault were filed against T. P. Holt and W. E. Banister, who engaged in an affray Friday afternoon on Baker street, resulting in the fracture of Banister's leg just above the ankle.

Holt, who had been night manager and general assistant to Banister in the Banister Coffee Shop, stated this morning that the altercation was the outgrowth of a long series of disagreements.

BABY IS BURNED

BRYAN, Texas, Mar. 15.—(AP)—Falling into an open fireplace, Arnie Brocksmith, six months old daughter of Mr. and Mrs. Charles Brocksmith of Kurten, received burns from which she died last night.

CHAMBER COMMERCE MEETS TO DISCUSS PROPOSED FRY ROAD

Further plans for the improvement of the road to the Fry oil field was discussed at the weekly meeting of the Chamber of Commerce and Young Men's Business League held at the Southern Hotel at noon today.

Secretary Burks made a report of the preliminary work on the plan. It was suggested that with the cooperation of the county the road could be maintained if the civic organizations could raise \$500 a month.

A committee to attend to this was appointed and about \$125 subscribed during the meeting.

The membership committee, working under the direction of Bluford Adams, reported that \$7,000, about half of the proposed budget of \$15,000, had been secured.

ARREST TWO MEN AND CONFISCATE QUANTITY OF BEER AND LIQUOR

Two men were arrested Sunday by members of the sheriff's department and in their possession was found one pint of whiskey and five bottles of "chuck beer".

The men were placed in the county jail pending the filing of charges against them and investigation by the grand jury. It is thought that they will be charged with transporting whiskey.

Sheriff Fred White recovered a Ford coupe belonging to Sammy Lee Sunday afternoon. The car was found in the thirteen or fourteen hundred block on First Street.

The car had been partially stripped, a spare tire and other equipment having been taken before the car was abandoned.

Grand Jury Probes Affray That Sent Youth to Hospital

Seemingly the mystery attending events in the vicinity of Boysen's Cut Friday night has just about been solved by the sheriff's department. No additional arrests have been made but several are expected to be placed in the county jail soon.

The grand jury is investigating the affair but has not made any returns to date. Members of the sheriff's department states that apparently the whole affair is nothing more than a bootlegging gang who were evidently engaged in a crap game Friday night and in some way a free-for-all fight was begun.

Hilton Baty, of Zephyr who was brought in Friday with a deep and dangerous knife wound in his back is reported as resting well in the hospital where he was taken. One of the men who was locked up Saturday had a badly beaten and bruised face but is suffering little today.

No satisfactory explanation of why the two boys were in the pasture near the Boysen's Cut Friday night has been advanced further than their story that they were attacked by negroes.

THIRD CUT IN CRUDE PRICE BY MAGNOA

The Magnolia Petroleum Company announced another cut in oil prices yesterday afternoon, which is the third cut within the last two weeks.

The reduction ranges from 10 cents a barrel on oil below 28¢ to 35 cents a barrel on 32¢ oil. On most of the oil produced in Brown county this cut is at 27 cents below the price of March 5th.

This means that it is 55 cents below the price of February 22, a more than 90 cents below what it was before the first cut.

The latest cut by the Magnolia is made effective in North and central West Texas, in East Central Texas, in the Panola district in East Texas and in the Iatan district of West Texas, and throughout Oklahoma and Kansas.

According to Fort Worth Star-Telegram this ruling it does not apply to far West Texas in general, embracing Logan, Crane and Upton counties and the Panhandle.

The Magnolia issued a spur cut yesterday evening a week, taking effect Saturday morning. The cut was made by most of the purchasers, all the others following on Monday.

It was later expected to apply to Northern Louisiana revision of Gulf Coast, Mid West and Rocky Mountain. The prices followed during the week.

Patrons of the telephic company have almost ceased, according to the general manager of the West Texas Telephone company.

This habit used to cause quite a bit of trouble and embarrassment in the case of telephone lines reared in well regulated homes. But now more is the "hello" gimped to stop her ears while one irate patron berates another daily angry subscriber.

As to whether humankind has improved or merely become more timid, Mr. Greber is unprepared to state.

Few if any cases of women cursing over a telephone wire have been noted here.

Once in a while, however, some highly incensed customer will be so high as to rail, even now, but the occurrence is becoming more and more infrequent.

New System Satisfactory. Mr. Greber declared that the new "Thank you" system, which has been in use here for about a month, has been given a big tryout and has proved very satisfactory as a time saver.

Mos prons appreciate the courtesy also, said the operators now fill in a "thank you" after the summons is asked for, instead of repeating the number, as was formerly done.

Work on the laying of underground conduits over the city is progressing well, Mr. Greber stated.

A heavy traffic over the two long distance lines to the Fry field is noted by the company. It was planned for a time to install an exchange on the field, but this has not yet been done, due mainly to the itinerant habits of the inhabitants of the town, who are liable to move at any time.

School Contests Are Staged Zephyr School on Friday

The first of a series of literary and athletic contests to be staged by the rural schools of Brown county was held at the Zephyr school Friday.

The principal speaker was P. A. Gianville, of Brownwood, who delivered an interesting address on the foundation of Democracy, which he declared to be the schools, homes and churches.

The morning was devoted to literary contests and the afternoon to athletic events. County Superintendent Swindle was in charge of the program.

SENATOR DILL MARRIES

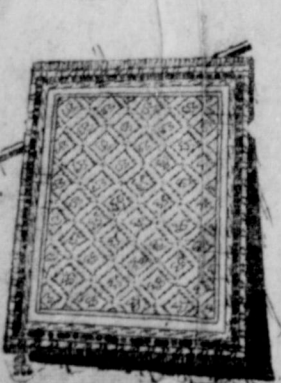

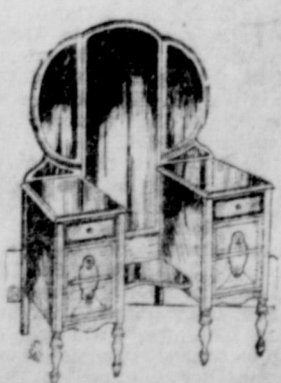

NEW YORK, Mar. 15.—(AP)—Miss Rosalia (General) Gardiner Jones, nationally known leader in the women's suffrage movement, and United States Senator Clarence C. Dill, of Washington, were married today at St. John's Episcopal church at cold Spring Harbor, Long Island. The ceremony was private.

A ROAD HOG AT LARGE

The man in the big car that hubbed a Ford and scared Miss Jones and thought all the road belonged to him has not been arrested. His friend parked on Mays Street in the middle of the space large enough for two cars, pulled up his axle and locked the door for the day. That fellow did not think any people do his stop to think of our Strawberry Ice Cream is good. It is made of fresh ripe strawberries and separated from Nothing like it.

WEST TEXAS TELEPHONE COMPANY

DRY FARMERS USING COUNTY FUNDS ON JOB

HUTTON BURKS, secretary of the Chamber of Commerce and Young Men's Business League, met with the Brown county commissioners' court at their regular session Monday afternoon.

Mr. Medcalf, commissioner from the Bangs precinct, stated that he believed it unfair to make portions of the county, not directly interested in the Brownwood-Fry field road, pay a proportionate part of the expense of buying the five-ton tractor to be used in the building of the road.

Mr. Medcalf, commissioner from the Bangs precinct, stated that he believed it unfair to make portions of the county, not directly interested in the Brownwood-Fry field road, pay a proportionate part of the expense of buying the five-ton tractor to be used in the building of the road.

In reply, Judge Davis stated that it was absolutely necessary to marshal the financial ability of all four precincts in order to be able to meet the immediate demand for the proposed road. In addition he stated that in the past it had been the custom for one precinct to help another in its road building problems, or even for the entire county to enter its resources on the building and maintaining of roads.

Summing up his remarks Judge Davis said, "It is my plan of idea to let the county buy the five-ton tractor to be paid for March 1, 1928, and if necessary to use heavier machinery in putting the road in shape so that the smaller tractor could handle the work; the county to pay for the gas one precinct to help another in its road building problems, or even for the entire county to enter its resources on the building and maintaining of roads."

Net a Precinct Problem Mr. Burks continued by saying that the commissioners' court represents the county, and although elected by a precinct that a commissioner should look to the welfare of the whole county when that interest overshadows the welfare of any one precinct.

"This project is bigger than a precinct issue and if completed will be a great help to the entire county," he said. "I am not prejudiced for or against either the city of Brownwood or the county, but I am here trying to unite the business interests of the entire county."

Once Owned Half of Denver, Dies Without Fortune

BELLEFONTAINE, Pa., March 14.—(P)—Thaddeus R. Hamilton, who is said to have owned half the land on which the city of Denver stands and who also helped to lay out the town of Leadville, Colo., died here today. He was 91.

Two years later Mr. Hamilton came home by way of Cape Horn without a fortune and remained at Bellefontaine the rest of his life. He conducted a wood working shop here until about two years ago. He left a small estate.

NEW PEST HITS WHEAT WALLA WALLA, Wash.—A new weed pest, a native of Siberia that appeared first in 1924, has struck the entire wheat country of the northwest. It spreads rapidly and has such deep roots that eradication will prove difficult.

AGRICULTURE ALLIED WITH CATTLE RAISING IS KLEBERG'S VIEW

EL PASO, Texas, March 15.—(P)—Stirred by the renewed belief that prosperity of the country depends partly upon the contribution of livestock raisers to agriculture, members of the Texas and Southwestern Cattle Raisers' Association opened their 51st annual convention here today.

At a meeting of the executive committee Mr. Kleberg sounded the keynote of the convention, expressing the thought that agriculture is the only sound basis for commercial prosperity and the origin of all successful agriculture lies with the man who uses the virgin range for the production of livestock.

While running across the street just in front of her home she fell down and the truck ran over her, from which she was rescued by the driver of the truck who was driving very slowly and was able to stop the car before the back wheels reached the little boy.

PLAINTIFFS AWARDED JUDGMENTS AFTER TWO CIVIL HEARINGS HERE

Juries in two civil cases in District Court late Friday afternoon returned verdicts in favor of the plaintiff in each case. Judge Jenkins was awarded \$1 punitive damages and actual damages in his libel suit brought against Dr. Holman Taylor, secretary of the Texas Medical Association. The administrators of the estate of E. H. Bettis of Blanket Club won the value of \$3,000 in which the value of awarding at home, according to Miss Malone's statement. No doubt the winning of this muchly coveted honor by a Brown county club will serve as an incentive for more and better work by the Home Demonstration Clubs of this county during the current year.

Will Drill Within 200 Yards of Court House in Coleman

COLEMAN, March 15.—Oil will be sought in a 1,500-foot test soon to be started 200 yards north of the county court house in this city. W. M. Egeman and W. J. Schwab J. of Minneapolis, have just obtained a 160-acre block of land directly north of the court house and have contracted with the Foster drilling company to drill the well. A spudder rig will be moved on at once.

Will Robertson is President Coleman Retail Merchants

W. A. Robertson, former Brownwood business man who is now head of the Hemphill-Robertson Company at Coleman, was elected president of the Coleman Retail Merchants Association at a meeting Monday night. Mr. Robertson, Edgar Manning, L. E. Langford, Chas. Polk and Marion Flint were elected directors.

WACO JURIST DIES WACO, Texas, Mar. 12.—(P)—Judge Daniel Austin Kelley, 77, native Texan, for fifty-six years a member of the Waco bar, died here today, after an illness of several months.

WOUNDED CITY OFFICIAL NOW RESTING WELL

AUSTIN, Mar. 15.—(P)—City Manager Adams R. Johnson, shot yesterday in his office by Dr. C. W. Goddard, city physician, who later took his own life in a city jail cell, was doing well today after a restful night, physicians reported.

Two bullets were fired into Johnson's body at close range, another went through his hand and a fourth dented him in the shoulder. Dr. Goddard slashed his own throat with a small penknife. The coroner's verdict was suicide.

Blanket Club Wins Second Prize for Attractive Garden Miss Mayesie Malone has received some very glad tidings from the state department of home demonstration work stating that the Blanket Home Demonstration club had won second place in the State Garden Contest for this district.

Segregation Bill by Love is Sent to Governor Moody

AUSTIN, Mar. 15.—(P)—Designed to effect settlement of large city segregation problems, the Love Senate bill authorizing city councils to enforce strict regulations on that subject, was sent from the House to the governor for signature today. Under the bill, a majority of one color in a city block may exclude members of the other race from establishing homes in the same block.

Will Drill Within 200 Yards of Court House in Coleman

COLEMAN, March 15.—Oil will be sought in a 1,500-foot test soon to be started 200 yards north of the county court house in this city. W. M. Egeman and W. J. Schwab J. of Minneapolis, have just obtained a 160-acre block of land directly north of the court house and have contracted with the Foster drilling company to drill the well. A spudder rig will be moved on at once.

W. A. Robertson, former Brownwood business man who is now head of the Hemphill-Robertson Company at Coleman, was elected president of the Coleman Retail Merchants Association at a meeting Monday night. Mr. Robertson, Edgar Manning, L. E. Langford, Chas. Polk and Marion Flint were elected directors.

WACO JURIST DIES WACO, Texas, Mar. 12.—(P)—Judge Daniel Austin Kelley, 77, native Texan, for fifty-six years a member of the Waco bar, died here today, after an illness of several months.

TEXAS CATTLE ARE IN PRIME CONDITION AVERS STATISTICIAN

HOUSTON, March 11.—(P)—Texas cattle, generally speaking, are in condition and approaching prime, says the March 1 livestock report of H. H. Schultz, Government statistician here.

With the spring range opening several weeks in advance of normal, the report recites, "all classes of livestock coming through the winter in excellent condition and indications pointing to slightly higher prices this year, the livestock industry has reached a much stronger position than at any time since the last depression started."

Triangle Company Eads Number 4 60 Barrel Well The well of Vaughn & Evans and A. H. Bowers on the north 40 acres of the Eads has been completed and is a small producer.

Veterans of Indian Wars Have Notice of Pension Increases

Local veterans of Indian wars have received notice that the Leatherstock pension bill has been signed by President Coolidge, and that the first checks under the measure will be distributed to the veterans April 4, next.

Segregation Bill by Love is Sent to Governor Moody

AUSTIN, Mar. 15.—(P)—Designed to effect settlement of large city segregation problems, the Love Senate bill authorizing city councils to enforce strict regulations on that subject, was sent from the House to the governor for signature today. WACO JURIST DIES WACO, Texas, Mar. 12.—(P)—Judge Daniel Austin Kelley, 77, native Texan, for fifty-six years a member of the Waco bar, died here today, after an illness of several months.

VETO OR SIGN NOW PROBLEM FOR GOVERNOR

AUSTIN, March 15.—(P)—A 20-day vigil for proponents of the Love measure rescinding political amnesty granted former Governor James E. Ferguson by act of the 38th legislature began today as the bill reached Governor Dan Moody's desk shortly before noon.

Many believe he will sign, others predict a veto and others think he will allow it to become a law without action on his part. The question of whether Moody will sign the bill, which would take away political citizenship from the husband of former Governor Miriam A. Ferguson whom he defeated for re-election, is an absorbing one here.

Triangle Company Eads Number 4 60 Barrel Well The well of Vaughn & Evans and A. H. Bowers on the north 40 acres of the Eads has been completed and is a small producer.

Veterans of Indian Wars Have Notice of Pension Increases

Local veterans of Indian wars have received notice that the Leatherstock pension bill has been signed by President Coolidge, and that the first checks under the measure will be distributed to the veterans April 4, next.

13 Locations in West Texas Last Week's Record

Only three new wildcat locations, out of a total of thirteen for the West Texas area, were reported during last week. Practically every producing area is represented in the list with the wildcats in widely separated territory, says The San Angelo Standard.

Of the wildcats, that of Lockhart Brothers is the furthest west, and location has been made in section 5, block 21, township 6 of the public school lands in Hudspeth county for the No. 1 State. The stake is 1,187 feet from the south and 650 feet from the east lines of the section.

Triangle Company Eads Number 4 60 Barrel Well The well of Vaughn & Evans and A. H. Bowers on the north 40 acres of the Eads has been completed and is a small producer.

Veterans of Indian Wars Have Notice of Pension Increases

Local veterans of Indian wars have received notice that the Leatherstock pension bill has been signed by President Coolidge, and that the first checks under the measure will be distributed to the veterans April 4, next.

Segregation Bill by Love is Sent to Governor Moody

AUSTIN, Mar. 15.—(P)—Designed to effect settlement of large city segregation problems, the Love Senate bill authorizing city councils to enforce strict regulations on that subject, was sent from the House to the governor for signature today. Under the bill, a majority of one color in a city block may exclude members of the other race from establishing homes in the same block.

Will Drill Within 200 Yards of Court House in Coleman

COLEMAN, March 15.—Oil will be sought in a 1,500-foot test soon to be started 200 yards north of the county court house in this city. W. M. Egeman and W. J. Schwab J. of Minneapolis, have just obtained a 160-acre block of land directly north of the court house and have contracted with the Foster drilling company to drill the well. A spudder rig will be moved on at once.

WACO JURIST DIES WACO, Texas, Mar. 12.—(P)—Judge Daniel Austin Kelley, 77, native Texan, for fifty-six years a member of the Waco bar, died here today, after an illness of several months.

INDIANA "BACKWOODS" UNCHANGED IN CENTURY

INDIANAPOLIS.—(P)—Indiana is rapidly becoming an industrial commonwealth, but within an hour's ride of the Hoosier capital the traveler may encounter a community almost as primitive as when the state belonged to the northwest territory. Log cabins, ancient well sweeps and horse drawn vehicles typify the mode of life in Brown county's wooded hills. Except for one railroad which cuts across a corner of the county and a state highway which intersects it, the region is much the same as when Van Buren was president.

Triangle Company Eads Number 4 60 Barrel Well The well of Vaughn & Evans and A. H. Bowers on the north 40 acres of the Eads has been completed and is a small producer.

ana hills, has many prototypes. Farming is on a small scale, for steep hill and rocky subsoil make agriculture difficult. Corn, tobacco, and hogs are grown, and in recent years some of the cleared hills have been made accessible for fruit culture by newcomers. Bean Blossom Hill, Bar Wallow, Clearwater "creek" and the hamlets of Tre and Needmore survive as names a century old. Except on the main roads automobile travel, even in good weather, is hazardous. The beauty of the country's hills and valleys, untrammelled by progress, have attracted a growing colony of artists and writers. Brooks, winding cow paths, and fences of rails like Abraham Lincoln bowed farther south are fertile subjects for the painter. Many of the old cabins have been rebuilt as summer cottages, one remodelled from a wayside inn built in 1830. A British surgeon declares that fair-haired persons are more able to ward off disease than dark-haired ones.
