How about that rhubarb in Czechoslovakia? In which people who have danced to the Russian tune for about three decades now tell the Soviets they have decided to have their own music. It's a spunky thing to do, especially in view of the fact that they are outnumbered many times and could be crushed in a hurry if the big bully got the notion.

The Czechs apparently are in the process of bringing more freedom and independence into their lives. They are liberalizing some of their tough communist regulations and also asserting the intention to allow less interference from Moscow in their country's government. That is heresy to the hard line Soviets. At one time it was an attitude that would not be tolerated. But things seem to be different now.

Just a few days ago Soviet troops got menacingly close and the Czech leader was invited to a conference. He declined to accept in the atmosphere of threat. Then he declined to go to Moscow. Finally the Kermlin big shots have agreed to go to him for a pow wow. That's really something. As we all know, big reds prefer the image of making people come to them.

Similar developments have been going for some time in the Balkan group of satellites. Yugoslavia, with Tito in charge, has been a maverick red for years. Then Rumania, Bulgaria and Hungary broke from the orthodox ways. Kremlin dictates are not heeded like they used to be.

All of which could be a good sign for world peace. One is inclined to think that Soviet bosses whose influence is declining among their satellite countries are less of a menace to the rest of the world.

Equally gratifying is the story coming from the Far East. Red China is reported to be in a real mess, so much so that a campaign of liberation by Nationalist Chinese would be practically a cinch to succeed.

Combining those two facts, we come to the conclusion that communism's goal of world domination has run into serious snags, and many even have started to deteriorate. That's an important point to consider by our leaders who keep insisting on a pull out from the Vietnamese war.

Regardless of what some are saying about a local civil war, this is actually a phase in the over all struggle between communism and freedom. The global red conspiracy is involved in this affair, all of it will gain or lose by the outcome.

At this time the master plan of the reds relies on appeasement talk over here as a sign of our weakness and tries to bluff for a favorable settlement. Things would be a lot different for our future and all the world's if Americans would stick together in the old time American spirit.

Reports on the Paris negotiations say that reds are stalling until after our presidential campaign, confident that they will be able to make a better deal with the next administration. Their attitude bears out the reports. Well, the reports and their attitude should not go unnoticed by American voters. We ought to make sure that our policy after the election will be dedicated to America and world freedom, not just an urge to take the easy way out.

A depressing feature in the presidential race so far is the fact that the man who looks like the best material for our top job is not even a candidate. Ronald Reagan in a TV speech Sunday revealed the qualities that America needs in restoring its old standards of greatness. He called for the old fashioned virtues of patriotism and thrift and respect for the laws, of avoiding deficit spending, of giving full support to the men in war. He inspired pride in the country and eagerness to get it back on a course of economic and social stability.

As the Republican convention approaches, with a Nixon-Rockefeller deadlock seeming more and more possible, we are encouraged to hope that Reagan will eventually come out as the party nominee.

A significant development of recent weeks may have some bearing on the Republican convention's choice. Wallace popularity has been growing fast, and it is generally taken for granted that his support comes mainly from people who would otherwise vote Republican. That presents a vital question. Is Reagan the man who could

## N. Tibbets Receives National Award For Service Record as County Agent

COLLEGE STATION — Neil Tibbets, Cooke County agent for 12 years, has been named recipient of the highest honor given by the National County Agricultural Agents Association, their Distinguished Service Award for 1968.

Tibbets was nominated for the award by the Texas Association of County Agricultural Agents and confirmation from the national awards committee was announced by Paul Herschler, Hopkins County agent and chairman of the Texas Awards Committee.

Herschler explained that the awards are given to a select group of the nation's county agents who have, over a period of ten years or more, made outstanding contributions to agriculture and rural living.

This year seven Texans are receiving the award which will be presented at the 53rd annual meeting of the national association scheduled for Oct. 13-17 in Louisville, Ky.

Tibbets was cited "For outstanding service to both adults and 4-H Club members in directing educational programs touching on every phase of rural living. The program building committees and community and county leaders have worked closely on programs of mutual interest to the end that Cooke County 4-H members, the organized communities and result demonstrations are considered outstanding. Rural living as a result, has been materially improved."

He became County Agent in 1956 after serving for short periods as assistant county agent in Johnson and Dallas Counties.

Tibbets has worked closely with farmers and ranchers in Cooke County on many demonstrations and educational programs. He has conducted extensive educational programs with 150 local Grade "A" dairy producers, according to Herschler.

Through his efforts 12 organized communities within the county are participating in the Texas Community Improvement Program. They have participated in county, district, and state programs, and one was a second-place winner in the State Contest.

Beef cattle raising is big business in Cooke County and with Tibbets' leadership the Cooke County Beef Improvement Association was formed in 1965. Through this association the county's entire beef industry has greatly benefited.

The group has conducted fertility testing of bulls and pregnancy testing and performance testing to determine more accurately a selection criteria, Herschler pointed out.

In 1966 Tibbets also helped organize the North Texas Hereford Association, with headquarters in Dallas.

## 12 Nuns Assigned To Sacred Heart For School Year

Twelve Benedictine Sisters of the Holy Angels Convent, Jonesboro, Ark., are assigned to Sacred Heart Parish for the next school year, according to an announcement last Sunday in the parish bulletin. All were here last year.

Those listed are Sisters Roberta, Amora, Gerarda, Theresina, Anna, Florentine, Genevieve, Helen, Alberta, Georgia, Richard and Maureen.

The list of teaching assignments and other members of the faculty will be announced at a later date.

The bulletin also stated that tuition and uniforms will be the same as last year.

## Post Office Cuts Saturday Service In Economy Drive

Economy measures recently adopted by the Post Office Department will be felt here Saturday, according to a statement this week by Postmaster Arthur Endres.

Specifically the new regulation eliminates all financial transactions and limits other window service to an hour and a half.

The window service begins at 8:30 a.m. and ends at 10 o'clock. During that time postal clerks may deliver packages and general delivery mail. But they may not render any service involving money. They may not sell stamps or money orders or deliver COD or postage due mail. They may weigh packages and tell the amount of postage needed but they may not sell the stamps for it. Anyone who wishes to send a package should have a supply of stamps with him.

Postmaster Endres said that other Saturday service is unchanged. Mail will be placed in boxes as usual and rural carriers will make their routes. Also mail will be dispatched as usual — except that the Saturday pickup, beginning this Saturday, is an hour earlier, as on Sunday. As a reminder he said mail leaves here at 5:30 Monday through Friday and 4:30 on Saturday and Sunday.

On Saturday mail is sacked for dispatch at 1:45. A letter mailed in the post office before then will be in the dispatch. After 1:45 it must be mailed in the box outside in order to leave at 4:30.

On Sunday no outgoing mail is picked up in the post office. If a letter is to leave town it must be mailed in the outside box before the truck arrives at 4:30.

I. Hellman to Get Vet Degree at A&M

James M. Hellman of Muenster is among the record 101 veterinary medicine students scheduled to graduate Aug. 2 from Texas A&M University.

Hellman, son of Mr. and Mrs. Arthur Hellman, will receive his Doctor of Veterinary Medicine degree at 8 p.m. ceremonies in Bryan Civic Auditorium.

A&M's College of Veterinary Medicine conducts graduation separately from other units of the university, Dean Alvin A. Price explained, because it operates on a trimester basis, rather than the standard semester. The dean said the largest previous graduation class was last year's which totaled 84 students.

Golden Years Rest Home was without water for an eight-hour period last Wednesday after county road machinery cut the water line about 2:30 until the damage was repaired.

Wise is the person who knows what to say and remembers not to say it.

## Registration for Religion Classes To Be on August 4

Sunday, August 4, has been set for a special registration in religion classes which will be conducted during the coming school year for students of Sacred Heart Parish attending Muenster Public School.

Father Placidus Eckart said it is the first step in organizing the Sunday classes which were announced in last Sunday's church bulletin, and the purpose of the early sign-up is to allow time for ordering textbooks. Date for the beginning of classes will be announced later.

The bulletin stated that the religion classes will be conducted for one hour between the last two Masses on Sunday morning and the schedule of one Mass will be changed to allow ample time. By that arrangement it will be possible for students to attend the class and the Mass before or after in the same trip.

Instructors will be lay teachers, volunteers from the class of some eighty persons who attended the course in teaching methods conducted in June by the Sisters of Notre Dame. Supplementing that course, the parish will soon offer special classes in theology. All who attended the methods classes are urged to attend and other interested persons will be welcome.

Father Placidus said that registration procedure on August 4 will be explained in next Sunday's bulletin. After each Mass persons concerned will be asked to remain a few minutes. Ushers will distribute registration forms to be filled out then and given to the ushers as people leave church.

Charlotte Wolf On European Tour

Miss Charlotte Wolf left Tuesday on a flying trip to Europe.

After visiting in London she'll be the guest of her sister Lu Rena and family, the C. W. Hammonds in Beirut, Lebanon. From there she'll visit Rome and after flying back will spend a week in New York City.

## School Starts On August 26

The 1968-69 scholastic year in Muenster will begin on Monday, August 26 at the public school and perhaps also at the parochial school.

Superintendent L. B. Brunns announced the date this week but Father Placidus preferred to delay his decision until he can get some ideas on the preference of parents.

He said that other parochial schools of the Dallas-Fort

Worth diocese are scheduled to start on September 3, the Tuesday following Labor Day, however, an earlier date is agreeable to him if it seems advisable. He added that it will be either August 26 or September 3.

Registration at the public school will be on Wednesday, August 21. Superintendent Brunns explained the reason is to provide extra days for arranging class schedules. Word from Sacred Heart is that extra time will be wanted there for the same reason and registration will be several days before classes begin.

Football practice at both schools will begin on Monday, August 19, the earliest day permitted by Texas Interscholastic League regulations. Muenster High is a member of the league and Sacred Heart observes the regulation in order to be eligible for games with member teams.

## 3 New Teachers Named on Faculty At Public School

Three new teachers are included in the faculty of Muenster Public School for the coming scholastic year, all of them in the high school department.

James Shelton, a native of Pampa, will graduate this summer from North Texas State University. He will teach social studies.

His wife, Mrs. Candace Shelton of Amarillo completed her degree at NTSU in 1967 and received her diploma in January ceremonies. She was on the Callisburg staff last year, will teach English here.

David Kennedy is from Pilot Point, graduated from NTSU in June 1967, spent a year in industrial work before coming here as mechanical drawing and shop teacher.

Other teachers of the school all were on last year's faculty. They are Josie Christian, Josephine English, Joan Dyer, Barbara Robison, Juanita Walterscheid, Prudence Selby, Loretta Cash, Marie Mosman, Bettye Dodds, Jane Weinzapfel, Faye Hamric, Patsy Sloan, Dan Hamric, Edgar Dyer, Gerald Payne, Glenn Richardson, Principal Charles Cash and Superintendent L. B. Brunns. Their assignments will be listed later.

Two other staff members from last year will also be back if the school receives federal approval for Head Start and Library Aide. They are Mrs. Hollis Berry and Mrs. Albert Herr.

## Catholic League State Convention Held at Corpus

With Corpus Christi the convention site and 325 delegates plus several hundred visitors attending, the Catholic State League of Texas enjoyed a successful three-day meeting July 19-21.

In closing sessions state officers were elected and San Angelo was named host city for the 1969 convention.

Theme of this year's program was "Faith in Action," with talks and workshops by outstanding speakers and leaders, both clergy and lay.

Committee meetings, general assemblies and work shops took up day time hours and entertainment provided evening enjoyment and relaxation.

A fish fry sponsored by the fraternal insurance union at Corpus Christi Abbey Friday was attended by 500. Four hundred gathered afterward aboard Show Boat for a moonlight cruise, singing and dancing in Corpus Christi Bay. A western dance was a feature attraction for youth Saturday night. Awards were presented in essay writing.

Sunday's final session at 1:30 followed a con-celebrated Mass in Corpus Christi Cathedral.

Among state officers elected are Andy Roewe Jr. of Windthorst returned to office for another year as state president. Mrs. Ray Lindemann of Windthorst was re-elected president of the Women's Section, and Cynthia Bindel of Muenster was re-elected treasurer of the Youth Section.

## Jaycees Work on Annual Fish Fry Friday, August 2

Muenster Jaycees are starting this week on the final spurge of preparations for their sixth annual fish fry, which will be held in the city park Friday night, August 2, starting at 7 o'clock. Dickie Pagel and Frankie Hess are the co-chairmen in charge.

Other Jaycees and friends all over North Texas have been invited as the Muenster group is trying again to make this one the biggest ever. So far each fish fry has been better than the year before.

It is a fund raising promotion and the people who come will get to see the project they are supporting — the park improvement project which received first place awards in state and national competition.

A great deal of progress is evident there since last year. Additional underbrush and low limbs have been cleared, a ditch has been filled and its drainage diverted, a new driveway has been built, oil storage tanks were moved, and a railing is under construction across the park front. Other work included in the project are construction of picnic tables and benches and grills. Still in the plans is an extensive sodding job to establish grass where ground has been cleared and leveled.

The meal is being prepared and served by the Jaycees and their wives under supervision of Rohmer's Catering Service. Top item on the menu is fresh catfish and the trimmings include onion rings, potato salad, red beans, cole slaw, hush puppies, tea and coffee.

Tickets sell at \$2.50 for adults and \$1.25 for children under 12 ... for "all you can eat." Patrons are invited to come hungry and not hesitate to go for seconds.

An added attraction for the youngsters is a free dance on the tennis court starting at 9 o'clock. Music will be provided by The Sounds, Inc.

## Judy Sicking on Tour of Europe

She flew over with a girl friend and joined another girl friend who is a teacher in Germany. Together they are traveling by car. They've visited England, Belgium, the Netherlands, Northern Germany and were headed for Heidelberg at last report. Their itinerary includes Switzerland, Austria and Italy.

## Hearing Set Aug. 8 On School Budget

A public hearing of the budget for the coming school year at Muenster Public School has been scheduled for Thursday, August 8, starting at 8 o'clock.

The budget, prepared by Superintendent L. B. Brunns, will be heard and considered by the district trustees at their regular monthly meeting. Interested persons are invited to attend for the report as well as the board's decision. The budget adopted by the trustees will be the official estimate of revenue and expense for the coming year.

## Revival Set at Shilo Baptist Church for July 28-August 3

A revival will be held at Shiloh Baptist Church beginning Sunday, July 28, and continuing through August 3. Services will be held at 8 p.m. daily.

The Rev. Aubrey Thetford of Collinsville will do the preaching and Dexter Dennis will be song director.

The public is invited to attend.

A model tractor with these two items is shown on the Governor's desk.

## NEWS OF THE SICK

A powered hand saw out of control was near fatal to Leonard Reiter at his home last Saturday. As the blade jammed in a board the saw jumped back and the blade tore into his abdomen. Leonard immediately got into his pickup and started for the hospital. By the time he reached the Mobil Station he felt the need for help and pulled in just before passing out. Willie Walterscheid took him the rest of the way. Over 100 stitches were used to close the wound and Leonard is recovering at Muenster Hospital.

Gary Fisher is in Muenster hospital with bruises and scratches and a possible fractured shoulder blade. He tumbled Monday after hitting an opossum with his motorcycle just beyond the overpass.

## Fatal Accidents On Farms Increase 28 percent in '60s

"Many records have been set during the soaring sixties, including the number of persons killed in farm accidents within the borders of the Lone State State," Joe Smetana, Texas Farm Bureau safety director, said recently.

Data published by the Bureau of Vital Statistics shows deaths due to accidents increased by more than 28 percent the past year, from 218 in 1966 to 280 in 1967. During the ten-year period from 1949 to 1959, an average of 162.2 fatalities were recorded.

Firearms accidents accounted for the greatest number of farm fatalities last year, forty-eight persons were killed. Other major causes of the 280 deaths were burns - 42, drownings - 41, falls - 33, tractor accidents - 29, farm machinery accident other than tractors - 22, and accidents caused by animals (mainly horses) - 13.

"No one section of the state is safer than another," Smetana said. "Last year's fatalities occurred in 142 counties."

More than half of the marked increase of 62 farm deaths from 1966 to 1967 can be attributed to the following increases during that one-year period: farm machinery other than tractors, 8 to 22; drownings, 29 to 41; animals, 4 to 13.

It would be interesting to hear today's teen-agers tell their children what they had to do without.

## What Can Red Angus Do For You?

### RED ANGUS FACTS:

1. The only solid red beef breed that is naturally polled.
2. Top quality carcass.
3. Red color always breeds true (Color is fixed).
4. Red color not discriminated against in North or South.
5. No nurse cows.
6. High resistance to Pink Eye.
7. No sunburnt udder problem.
8. A performance testing breed.
9. Individually inspected and type rated.
10. Crossbreeding flexibility is outstanding.
  - a. Knock horns off with a RED ANGUS bull.
  - b. Obtain the benefits of hybrid vigor.
  - c. Maintain or improve carcass quality.
  - d. Leave basic color and color pattern unchanged. (Red is recessive.)

Angus Cattle have long been known for longevity, mothering ability, hardiness, smaller calves at birth, feeding ability, and carcass quality.

As a new breed, RED ANGUS Cattle production offers opportunity on the ground floor, with a sound progressive breeding program.

Red Angus can increase the amount you receive from a weaning calf as much as \$15.00 per calf.

A performance testing program is a part of the registry requirement and a goal to be "Best by Test." It is the opinion of the RED ANGUS breeders that registry breeders should produce the kind of cattle commercial men can use and make money using. We have never had a dwarf.

Heredford breeders are finding it convenient to use RED ANGUS bulls on yearlings for an extra calf crop, keeping the red color.

### Salvation Army to Send Truck Aug. 12

Usable coats and woolen garments are needed by the Salvation Army, announced Major Byron A. Freeman, commanding officer of the Salvation Army's Men's Rehabilitation Center for North and North Central Texas.

"Winter clothing for men, women, and children will soon be in heavy demand. We also need work clothes," added Major Freeman. Clothing completely worn and not repairable is also valuable to the Salvation Army as it is salvaged for bulk sale, as rags."

The Salvation Army truck will be in Muenster on August 12. A telephone call to 759-4311 will bring the Salvation Army truck to any home or business in the area. Persons wishing to deduct the fair value of the gift from their taxable income will be sent receipts on request to the driver. The Salvation Army Men's Rehabilitation Center is completely sustained by the salvage of household items.

#### Area Alerted to Watch for Checks Forged on TP&L

Texas Power & Light Company today cautioned area businessmen to beware of a forger attempting to cash TP&L checks made payable to "Carl J. Black" and written on an account at the Tyler Bank and Trust Company in Tyler, Texas.

TP&L officials said that since early July some 25 to 30 checks totaling about \$2,000 have been cashed by unsuspecting merchants in numerous parts of the Company's 52-county service area.

The authentic-looking checks, which apparently were made from an original TP&L check, all have had the serial number "79077" printed on them, and all bear "4-67" as the printer's date.

Additionally, the signatures of "Walter E. Tucker and Kenneth Huber" have been forged as the Company-approved check signers.

TP&L advised all area merchants to require identification of anyone attempting to cash its Company checks. The Company further stated that the authenticity of its checks can be readily established by calling the local TP&L office.

Miss Shirley Hacker returned Sunday from a week's visit in Pilot Point with her sister and family, the Donald Pelzels. They brought her home.

### Farm Bureau and County Judge Ask For Farm Safety

County Judge Wm. W. Carroll proclaimed July 21-27, 1968 as Farm Safety Week in Cooke County, at the request of Charlie Kammerdiener, Cooke County Farm Bureau president. The local farm organization is coordinating activities within the county for the special farm safety campaign.

The county farm leader said the accident death rate for farm residents is steadily increasing.

"If this trend is to be reversed and the needless suffering and loss substantially reduced, each of us must have a renewed effort," Mr. Kammerdiener continued. He emphasized that farming remains one of the most hazardous occupations in this country today, but added, many of the present losses could be prevented with the use of safety tools such as seat belts, fire extinguishers, SMV emblems and tractor roll-guards.

In his proclamation, Judge Carroll said "the citizens of Cooke County are proud of our farm families from whom comes our abundance of food and fiber; therefore, our citizens are deeply concerned about the safety and well-being of this segment our population as they go about the sometimes hazardous task of producing the commodities needed by the entire population."

The proclamation said the week-long special safety campaign is a coordinated effort by Farm Bureau and various local and state agricultural and safety groups.

The judge urged farm families "to become more safety conscious, not only during Farm Safety Week, but every day of the year."

President Johnson and Governor Connally have previously designated the same period as Farm Safety Week nationally and in Texas.

Johnny Stoffels of Hopeville, Va., had a short visit at home with his parents, Mr. and Mrs. Albert Stoffels, after the family attended the funeral of their mother and grandmother, Mrs. John Eaton at Fort Worth. Johnny told about his marriage June 22 to Miss Terry Ann Easlick of Liganer, Pa.

The most valuable part of your tank is gone when you have it pumped!

This is important! When someone calls at your home with a truck and tells you that your tank is almost full, that is correct. It has to be full to be filtering properly, and the most harmful thing you could do would be to have it pumped, for pumping destroys the most valuable part of your tank. Pumping doesn't clean your lines or eliminate odors and you pay an enormous price for the harm done.

Raises the general sales and auto tax rates from two to three percent statewide. In cities which levy 1% local option sales taxes the rate will be four percent. (No change was made in exemptions.)

Increases the corporation franchise tax rate (collectible May 1) from \$2.25 to \$2.75 per \$1,000 of taxable capital, surplus and undivided profits.

Portion of the franchise tax on corporate debt will be reduced from \$2.25 to \$2.00 in 1969 and phased out by 1973.

keep more of those votes for the Republican ticket?

That is a consideration which cannot be ignored, however, there is another and even more important one. Does Reagan have the ability and integrity and political philosophy to make him best qualified for the presidency? If so he is the party's best choice and the nation should have the opportunity to pass judgment on him in November.

It takes a lot of courage to ignore a telephone for seven successive rings.
