VOLUME XXXVII

MUENSTER, COOKE COUNTY, TEXAS 76252 JULY 6, 1973

NUMBER 33

The coming of July 4 probably reminds most of us only that we're having another holiday. And that's about all. Unfortunately too little is said about the inspiring story associated with the great event and about the amazing national history that was based on our Declaration of Independence and our Constitution. Our forefathers, who faced long odds in taking on the more numerous, better supplied and better trained British troops, were heroes of the highest order. The signers of that great document, The Declaration of Independence, pledged their lives, their fortunes and sacred honor to the success of their cause, and most of them paid the full price of their pledge. Many were killed, many lost their homes and families and all material possessions, some died in poverty and disgrace. Doubtless they paid more than any other group ever has for the many blessings we enjoy today.

The facts seem to remind us of the old saying that precious things come high. Definitely that applies here. No nation can match ours in the prices paid personally by its patriots nor in the wonderful system that has developed from their sacrifice.

Nowadays we are disgusted by constant attempts to belittle and disgrace our government. It seems that an influential few in broadcasting and publishing are determined to weaken and humiliate our country for the benefit of international enemies and domestic traitors who are pledged to our destruction.

We refer to our Indochina involvement in which our efforts were condemned before the world by our own people, the Watergate fiasco of exaggerating a political caper into a national crime, the support given to outrages which harm this country, and the denunciation of people and programs which are for the national good.

Well, while admitting that no man is perfect and none of his institutions can be perfect, we can still say that the USA is still the greatest nation of the world. In that we don't need to brag that our country is the most powerful or the wealthiest or has the highest standard of living. Those things are true, of course, but we also take the lead in compassion and freedom. Despite the mean mouthing by our critics, U.S. still attracts more freedom lovers than any other country of the world. Our critics have walls and armed guards to keep their people at home whereas our only problem is to limit the number of persons we can accept.

We defended freedom in four wars during this century and never annexed any real estate. We aided the vanquished in rebuilding after two wars. We helped people all over the globe in distress and hunger.

This Fourth let's ignore the sordid stuff that critics are shouting about us and think rather of the goodness and generosity which still make this country the standout among all the nations of the world.

A long over-due effort to spare business people some of the time and money they have to spend on government reports has been initiated by our senator, Lloyd Bentsen. He is co-sponsor of a bill requiring that all legislation approved by Congress include an assessment of any paperwork or reporting system involved. It would mean that before such legislation is passed, Congress, in the future, will be aware of the burden it is imposing on you and me — that it will put a limit on the red tape to be required by bureaucrats in drawing up the various forms that have to be filled out.

We hope very much that Congress will go along with Bentsen's proposal. It is high time to show consideration to the millions of people who are victims of bureaucratic nonsense. In this we think of the government's cost, ultimately paid by us taxpayers, as well as the expense to ourselves.

Commenting on his bill, Bentsen says that government agencies churn out 10 billion sheets of paperwork for small business every year — enough to fill fifty major league baseball parks. To put it another way, the government spends about \$18 billion a year to

## JCs Sponsor Annual Picnic Next Sunday

Muenster Jaycees are in a hustle this week getting set for their annual July Fourth picnic, which continues their annual fund raising effort for improvements in the city park.

The big event will be held Sunday afternoon, July 8, in the city park, shaded by those dozens of huge pecan trees.

Hopefully it's going to be the biggest picnic in the organization's history — principally because a greater part of the community than ever

before has been invited to come in with its own fund raising project. About a dozen have responded and are working this week on their respective concessions — and for their respective organization treasuries.

Assuming that July temperature will prevail, the favorite concession is expected to be the cold drinks stand. It will be operated by the Jaycees, who also will have concessions for barbecue and hot dog sandwiches.

St. Joseph and St. Anne societies are also expecting lots of business. They'll have a fried chicken supper, the chicken coming hot off the deep fry. The sponsors suggest that folks avoid some cooking and dish washing at home by coming there for their evening meal.

A few other popular features are a horseshoe tournament, a white elephant sale and an auction. Contributions for the latter two will be gratefully accepted. Suggested items are the kind that are still useful and desirable but no longer used by the present owner. Also very welcome, especially for the auction are brand new items of standard merchandise. Under pressure of bidding those things frequently sell higher than their regular list price.

Along with those attractions there will be a number of carnival type concessions. Such as ball and dart throwing, a variety of games, a dunking pool, a ride for the kids, etc.

Organizations sponsoring them are Garden Club, Boys Club, SH cheerleaders, SH Drill Team, SH Alumni, CDA, VFW Auxiliary, MHS cheerleaders, Boy Scouts, CYO, SH Choir and Firemen.

## Over 500 Attend Open House for Bank Anniversary

A delightful birthday party Tuesday observed the fiftieth anniversary of the founding of Muenster State Bank.

The event commemorated a humble beginning on July 3, 1923 when a small group of stockholders headed by J. W. Meurer as president and J. M. Weinapfel as cashier received their charter of incorporation in the amount of \$17,500 from the Texas Secretary of State. It was an ambitious undertaking, considering that the post war depression of the twenties was still in effect and another bank had failed a few years before.

In keeping with the pioneer flavor of the founding, the bank displayed several dozen old time pictures as a feature of its celebration. Some related to the bank and many more were of old time faces and places of the community.

Twenty four congratulatory flower arrangements and plants adorned the building for the open house celebration.

And about 500 visitors came to see and to extend best wishes. More than 450 persons signed the guest register and it is estimated that at least 50 failed to sign.

Among those visiting and/or sending flowers were representatives of banks in Fort Worth, Dallas, Wichita Falls, Gainesville, Saint Jo, Nocona, Bowie, Sherman and Denison.

Personnel of the bank and wives of its officers and directors hosted for the occasion. They greeted and registered the visitors, showed the facilities, presented souvenirs of pens and key ring registers and served cookies, coffee and punch. The key chain introduces a new service at the bank, that is helping to recover lost keys. The key rings are numbered and every person was invited to send in a registration card. In case of loss keys can be returned to the bank, which will forward to the owner.

Among the visitors were a number who came from several hundred miles. These were Dolores Howell and Juanita Broome of Pennsylvania, Henrietta Fisch of Chicago, the Robert Meurers of Lafayette, La., Sister Imelda Pels of Jonesboro, Ark., Anne and Betsy Rumelhart of Corpus Christi, Margaret Rasch of Houston, Chris Klement of Mission.

Will Rogers on newspapers: "The funnies occupy four pages of the paper and editorials two columns. That proves that merit will tell."

## Richardson Sets July 15 Meeting For MHS Gridders

First call for 1973 football was sounded this week by Glenn Richardson, coach of the MHS Hornets. He reminds all who intend to report for the squad to mark the calendars for a meeting on Sunday, July 15 — at 2 p.m. in the Hornet field house. This is the meeting originally set for July 8.

He also announced that seventh and eighth graders, those who want to be on the Junior High team, will likewise be welcome.

Still another announcement: the Hornet weight room will be open for the rest of the summer on Mondays, Wednesdays and Fridays beginning at 5 p.m. Richardson urges all the boys, of the little team as well as the big team, to work with the weights and shape up their muscles for football. Even those who have been doing hard work need it, he said. The hard job doesn't necessarily develop all muscles.

After a disastrous injury riddled 1972 season, Richardson looks forward hopefully to this one. He's expecting about 45 boys including 15 of last year's lettermen. With a few of them playing both ways, he'll have 8 veterans on offense and 9 on defense.

The big squad is due to have about 20 freshmen including several boys who were on the district champ junior high team last year. The present plan is to shape them into a separate team competing in a Freshman or Hornet B schedule.

## All Talk, No Do At City Meeting

Conversation and routine approval of bills are about all that happened at the Muenster City Council meeting Monday night.

The matter of opening and improving Ash and Eddy streets, at the west and south boundaries, was discussed again but shelved for further consideration at the next meeting. Principal problem there is the cost of two bridges over Elm Creek. However County Precincts 3 and 4 are expected to help with the project.

Regarding garbage pickup the council prefers to get more information on the charges and services of other cities. The understanding is that state anti-pollution regulations will soon ban trash burning and an open dump yard. Anticipating that they'll have to work out a system the councilmen are eager to make it the best possible.

A Zoning ordinance was also considered, to avoid commercial construction in residential areas, but the subject was admitted to be long past due. The problem now is whether to draw the line now to avoid such construction in the future.

## Budweiser Team Wins and Loses

Willie Walterscheid's Budweiser boys were bumped down to second place in league standing by the Cemeters last week, so they're fired up for revenge when the two outfits clash again Friday.

The record now is 6-2 and 4-2 respectively for the Cemeters and the Buds. A win for Muenster would change those figures 6-3 and 5-2, and Muenster would be in front again.

Last Thursday night the Cemeters took Muenster by a count of 11-6. Terry Walterscheid and Danny Endres pitched for the Buds giving up 5 hits and 7 walks and striking out 5 while the opposing pitchers allowed 5 walks and 7 hits and struck out 9. Budweiser hitters were Chris Sicking 3, Roger Endres 2, Danny Endres and Neil Huchton each 1.

Tuesday night the Buds took the Steelmakers by an easy decision of 14-7. Their pitchers were Roger Endres and Danny Endres, who fanned 6 and allowed 8 hits and 5 walks. Steelmakers pitchers gave up 13 hits and 7 walks and fanned 7. Tops in the Muenster slugging was a grand slam homer by Robert Johnson and 4 singles by Chris Sicking. Four others each hit twice. They are Roger Endres, Danny Endres, Terry Walterscheid and Kim Walterscheid.

## Bloodmobile Will Be Here July 18, Quota is 80 Units

The visit of the Red Cross bloodmobile originally scheduled for next Wednesday, July 11, has been postponed a week to the 18th, according to David Bright, administrator of the local blood bank.

Location for the blood collection will be as usual in the K of C Hall and hours are from 2:30 to 6:30 p.m.

Bright said that special efforts are under way to assure that the community tops its quota of 80 units, compensating to some extent for failure to reach the past two quotas.

The sponsoring organizations, The VFW Post and the KC Council have secured 40 pledges each and the hospital auxiliary has secured 20 more pledges to report for the bloodmobile visit. With 100 persons reporting it is assumed that 80 will remain after eliminations of physical condition or medical history.

In addition the sponsors are anxiously looking for more volunteer donors. Each of the 3 organizations will welcome more names on their pledge lists. And any other volunteers, not contacted by the organizations are encouraged to come. They can come to the collection center during the specified hours or they can call the hospital and make reservation for a time that best suits their convenience.

The local blood bank program was organized to provide free blood for patients of the Muenster hospital and residents of the hospital district. There is no charge for blood given in transfusions because it is given by volunteer donors who report to the bloodmobile. As a patient has to pay only the blood center's cost of collecting, storing and transporting blood plus the hospital's cost of making the transfusion. The overall cost of a transfusion is about half as much as when a commercial blood bank furnishes the blood. Besides that the hospital saves because it does not have to pay a blood storage fee.

Bright has issued a special appeal for this drive, partly to redeem the community for failing to provide for its own needs for more than a year and partly because blood is urgently needed over the entire area served by the Wichita Falls blood center.

## State FB Sponsors Annual Seminar On Citizenship

WACO — Nearly 500 high school juniors and seniors from all over Texas are expected to attend the 11th annual High School Students Citizenship Seminar here July 16-20 sponsored by the Texas Farm Bureau, reports J. T. Woodson, TFB president.

Preliminary indications by county Farm Bureaus concerning the number of students they intend to sponsor indicate that attendance at this year's seminar will be the biggest ever, Woodson said.

To be held on the campus of Baylor University, the seminar will include lectures, films, and discussion concerning our American heritage and the threat of Communism. The students' attendance is sponsored by county Farm Bureaus, and they are selected on the basis of scholastic achievement, character, and leadership ability.

Several outstanding speakers have been engaged to appear on the program. They include Dr. Clifton Ganus, president of Harding College, Searcy, Ark.; C. L. Kay, assistant president of Lubbock Christian College, Lubbock; W. Cleon Skousen, former FBI agent and author of the book "The Naked Communist," of Salt Lake City, Utah; and Jerry Kirk of Chicago, who served as an undercover agent for the FBI in some of the student group uprisings of the past few years.

Woodson said the seminar is regarded as one of the major annual activities of the Texas Farm Bureau.

Cooke County representatives at the seminar will be Barbie Hess, Beverly Walterscheid and Grant Krahl.

Today it costs as much to amuse a child as it did to educate his father.

Folks with a lot of brass are seldom polished.

## Free Swim Classes Will Enroll Monday

Muenster's annual program of free swimming lessons sponsored by the Cooke County Red Cross Chapter will begin next Monday at 8 and continue through two weeks. It is open to anyone who wants to learn, child or adult, resident of the community or non-resident.

Mrs. Robert Lewis Jr. of the county Red Cross chapter is supervisor of the program. She announced that all students are to register next Monday beginning at 8 o'clock.

They will need an application form with a parent's signature to indicate permission and a doctor's signature to indicate physical fitness. Adult students need only the doctor's statement.

## October 15 Set As Date to Start New Parish Hall

Construction of a new community center building for Sacred Heart Parish is due to begin about October, according to an announcement last Sunday in the parish bulletin, which states that a contract with the architect has been signed.

The new building will be located just east of the present parish hall which has served the community since 1906. When it is finished the old hall will be removed and the area will be used for parking. Overall dimension of the building will be 95x136, about one third smaller than the one originally planned and proportionately less expensive. The goal that had been set when the parish campaign originated last year at Thanksgiving was \$500,000 for a 130x136 structure.

Principal rooms of the building are a 72x65 meeting hall, a 45x24 meeting room and a 54x43 cafeteria in addition to a roomy kitchen, office, snack bar, storage rooms and rest rooms. A folding partition allows dividing the smaller meeting room in two. And another folding partition separates the cafeteria and large meeting room. Folding back the partition will convert them into one large room of about 7,000 square feet. The hall will have year round temperature control.

## Muenster Kids Have Big Day at Nocona Track Meet

The bantam division of Muenster Track Club had a good day last week in its meet with a group of Nocona kids. With six entries they took top honors for 8 and 9 year olds, also first for 7 year old girls and second for 7 year old boys.

Monte Wimmer, Jim Biffle, David Jaska and Tim Schneider were a foursome winning first in the 440 relay. Also Wimmer was first in the 50, 75 and 100 yard dashes and second in the 25 yard dash. His teammate, Biffle, took first in the 25 along with second in the 50, 75 and 100 dashes. And Jaska, the third of the 9 year olds, was fourth in the 25 and 50 yard dashes, fifth in the 75 and 100 yard dashes.

Schneider, Muenster's only 8 year old entry was first in the 25, 50, 75 and 100 yard dashes. And Brad Biffle, the club's only 7 year old was second in the 50, 75 and 100 yard dashes. Muenster's only girl entry, 7 year old Kyla Hale, was first in the 25, 50 and 75 yard dashes and second in the 100.

Little Meredith McDaniel, 4, also got into the act. She was fourth in the 25.

This weekend the entire track club, from bantams through high school eligibility, will be in another big one at Plano — competing with entries from cities like Richardson, Plano, Lewisville, Arlington, Gainesville, etc. Again the contests consist only of heats. There are no final events. In a similar meet in Gainesville two weeks ago the Muenster kids came home with dozens of ribbons.

**Trash Hauling**  
SHH junior class is conducting a trash hauling project as a class benefit. Charge determined by load. Contact Barbie Hess 759-4443. Next haul Saturday, July 7.

All are asked to come in their swim suits ready to take tests which will determine the classes they are enrolled in.

Minimum requirement for enrollment is completion of a year in school, the purpose being to restrict classes to children who have learned to respond to instruction.

Application forms for the swim lessons are available at both doctors' offices, the swimming pool and The Enterprise. Also, the form can be clipped from another part of this paper.

The enrollment will be divided into two groups, one of which will attend classes next Tuesday through Saturday and the other to attend Monday through Friday of the following week.

Each week's enrollment is further assigned to four separate class hours, each group of which is divided into beginners, advanced beginners, intermediates, swimmers, etc. After all of the dividing and sub-dividing there are some ten or twelve small classes, each with its own instructor and helper.

The classes will be under direction of Mrs. Lewis and Mrs. Don Flusche, both of whom have the Red Cross rating of WSI (Water Safety Instructor). They will be assisted by volunteers all having the WSI or life saving rating.

Some of those instructors are adults who need help to care for their children during class time. Special volunteers are asked to make themselves available as baby sitters during the two weeks.

## 23 in Red Cross Life Saving Class

Twenty three students are enrolled this week for the free lessons in life saving offered at the Muenster swimming pool by the Cooke County Red Cross chapter. There are ten in the senior division and twelve in the junior division.

Classes are under direction of Mrs. Robert Lewis Jr., who has a Red Cross rating of Water Safety Instructor. Her assistant is Mrs. Don Flusche, also qualified as a WSI by Red Cross.

The course consists of twenty hours of lecture, study and demonstration followed by physical and written tests. Classes are four hours daily, Monday through Friday.

On completion students will receive certificates and the official Red Cross patches to be sewed on swim suits.

## Mrs. Jack Biffle Named Postmaster At Lindsay Office

Mrs. Jack (Mildred) Biffle has been named Lindsay postmaster, transferring from Myra where she held a similar position since May 29, 1971, when she was named as temporary replacement for Ray Hudson, retired. She received her appointment as Myra postmaster January 21 that year.

Mrs. Arnold (Imelda) Rohmer of Muenster continues as Lindsay substitute and Saturday officer in charge, a job she took over last November.

Robert Baker has returned to the Gainesville Post Office as a clerk after serving as officer in charge of the Lindsay Post Office since the resignation of Ewald Hoelker last October.

Mrs. Ray (Eulice) Hudson is now officer in charge of the Myra Post Office.

## Fair Assessment Given as Purpose Of Tax Evaluation

The tax evaluation program which is currently under way in the country is not intended to hurt anyone but rather to equalize the tax burden as much as humanly possible. That was the consensus of statements made by County Commissioners Robert Bayer, Earl Taylor and C. E. Watson

at a meeting last week of the Cooke County Advisory Committee, which is concerned with growth and progress of small communities in the county.

The commissioners also said that people who are working on the tax evaluation program estimate that a third will experience tax increases, a third will get tax reductions and the remaining third will be unchanged.

Other subjects discussed by the advisory committee with the commissioners were the increasing need for land fill garbage disposal, road improvement, and use of maps.

Another matter under discussion was the Organizational Manual which Gene Davenport, Community and Service Representative of Cooke County Electric Cooperative, is preparing. It was pointed out that the manual will contain community survey material, by laws, and procedural material. Information was given regarding officers and their duties, committees and their responsibilities, and ways to achieve community motivation in pursuit of a goal.

Communities involved in the advisory committee program are Woodbine, Hood, Oak Valley, Mountain Spring, Downard Fair Plains and Ross Point. Visitors besides the three county commissioners were C. W. Farr, W. B. Cooley and Derrick Dunham.

Jack Reeves of Oak Valley Community said that a community law enforcement program worked out with the Sheriff's Department will begin on or before September 1. Next meeting of the organization is scheduled for August 27.

### Working for F.D.I.C.

James Sicking, son of Mr. and Mrs. Bernard Sicking, has been hired by the Federal Deposit Insurance Corporation as a bank examiner and is stationed in Tulsa, Okla. Sicking was graduated from the University of Texas at Arlington with a degree of Bachelor of Business Administration-Accounting.

### Fishing in Wyoming

Reeve Cooke of Marysville writes friends there that he's enjoying himself and that fishing is good in Wheatland, Wyoming, where he is with his son and daughter-in-law, Mr. and Mrs. Fred Cooke.

The average weight of a full grown buffalo bull is around 1,800 pounds.

## Morris Home Is Scene of Visiting

Marysville — Things are back to routine at the home of Mr. and Mrs. R. D. Morris after a week of visiting, getting acquainted with a granddaughter and seeing a grandson they saw only once before when he was a baby.

Guests were their son Johnnie Morris, his wife and their children Lisa, Lana, Laura, Johnnie and DeDe. Mrs. Morris and the youngsters arrived June 22 from Junction City, Arizona, where they spent the past five months. The husband and father came on June 26. He is working in Lafayette, La., now. The family formerly lived in Venezuela, S. A., and on return Mrs. Morris and the children stayed with her parents until school closed. The family is together at Lafayette until the end of August when they'll move to Kalkoska, Ill., where Johnnie will be employed.

DeDe Morris who will be three on Aug. 19, was seeing her grandparents for the first time. She was born in Venezuela.

Johnnie Jr. was a baby when the family located there. Other relatives they saw here were Mrs. Walter Haverkamp of Whitesboro and Mrs. Dee McElreath of Gainesville. On leaving Thursday they visited Miss Maxine Morris at Dallas.

### Kin Get Together To Visit Sister

Sister Lillian Marie Reiter, visiting her parents, the Alfons Reiters, has seen most of the relationship at two dinners in the family home.

Coming Sunday were the Larry Reiters, Laura and Tony of Dallas. It was six-week-old Tony's first trip away from home to get acquainted with his daddy's relatives. Others at the Sunday gathering were Mr. and Mrs. Paul Hess and sons Stacey, Gary, Rudy and Leslie of Lindsay, the Harvey Kings and daughters Georgia Ann, Cathy Sue and Bonnie Lou of Sanger and the Jerry Reiters, Gus and Phil of Muenster.

The previous Tuesday dinner guests were Sister Benedict Knabe of Wichita Falls, Mr. and Mrs. Adolph Knabe and sons Raymond and Adolph Jr. of Hereford and the father and grandfather, Albert B. Knabe of Muenster.

A doctor examined a patient whose legs were swollen and who was in terrible pain. The next day he examined him again and said to the patient, "Your legs are still swollen, but that doesn't worry me." "You know, Doc, if your legs were swollen, it wouldn't worry me either."

## Muenster City Park

for benefit of the Jaycee park project

STARTING AT NOON

Refreshments, Fried Chicken, Bar-B-Que Sandwiches, Cold Drinks, Candy, Concessions, lot of games

Auction - Bake Sale - White Elephant Sale

Most Church and Civic Organizations will have concessions.

**Walkathon Set by WALKO for July 14**

Plans for a benefit walkathon were completed by members of Muenster Catholic Youth Organization at their meeting Tuesday night.

The event will raise money for the Gainesville Child Development Center. Some 30 members will accept pledges for every mile walked. They'll start at 7:30 a.m. on Saturday, July 14.

Cheryl Bayer, president, conducted the meeting in the presence of Father Leonard Wangler, spiritual advisor. Four new members Cathy Bar-tush, Jeanette Yosten, Beverly Pels and Sally Endres were welcomed.

**St. Anne Society Makes Plans for Picnic on July 8**

Principal discussion at the July meeting of members of St. Anne's Society Sunday night concerned their part in helping put on the July 8 Jay-cee picnic in which ten organizations are involved, each to boost their respective treasuries.

Members of St. Anne's Society will help St. Joseph's Society with the chicken dinner and will sell pie. Every member is being asked to furnish a pie or one dollar cash for the event. Members present volunteered to join the working crew and others are welcome to help.

Mrs. Al Hess, president, presided. Father Leonard Wangler led the opening prayer, Mrs. Wilfred Bindel read minutes of the last meeting and Mrs. Leo Henscheid gave the treasurer's report. She also read a piece entitled "Stop Immorality on TV."

Father Leonard gave a short talk in which he urged abiding with rules and regulations for the safety of the community and cooperation with the policeman along with gratitude for what he is doing.

Two pairs of western booties and four small dresses were on display. They will be taken to the state convention of the Catholic State League for the mission exhibit.

Mrs. Joe Fisher won the door prize and after adjournment the women joined members of St. Joseph's Society in the club for a chicken supper and table games.

**Paper Drive Saturday**

SHH seniors will conduct a scrap paper drive Saturday, July 7, beginning at 9 a.m. Persons with paper to give are asked to have it boxed or corded and out at the curb for quick pickup. Persons unable to get their paper out may

Miss Madonna Hartman returned to Killeen Tuesday after spending a nine-day vacation with her aunt and family, the Harvey Schmitts. Seeing her off by train from Gainesville were Mrs. Schmitt, Stephen, Vickie and Debbie.

Mr. and Mrs. Ed Hoedebeck and son Jeff of Teutopolis, Ill., stopped here last Wednesday to see the Gene Hoedebecks and Clem Reiters enroute to Wichita Falls to visit a son at Sheppard AFB.

Dividing a visit with the Clem Reiters here and the Mike Dieters at Lindsay are Mrs. Bob Reiter and children Jackie, Kenny and Cindy of Post. They arrived Monday to visit parents and grandparents.

Visiting Tuesday with Mrs. Charles Knauf was her sister Mrs. Horace Elmore of Krum. She also visited her brother and sister-in-law the Clem Reiters.

**Scott Hermes Baptized**

LINDSAY — Scott Joseph Hermes, son of Mr. and Mrs. Clem B. Hermes was baptized Sunday in St. Peter's Church with Mr. and Mrs. Julius Metzler attending as godparents. Others present were the parents and Mike and Danita, grandparents Mr. and Mrs. John Hess and Kay Lynn and Mary Lou Metzler. Also at the christening dinner were the paternal grandparents Mr. and Mrs. Clem Hermes Sr.

**At Hereford Rites**

Among relatives at the funeral of Mrs. Elbert Vance in Hereford were Mr. and Mrs. Joe Hoenig, Mrs. Gus Lutkenhaus, Mrs. Susie Noggler, Richard Herr, Mr. and Mrs. Anthony Luke and Gilbert Endres, all of Muenster; Mr. and Mrs. Leonard Bengfort and three children of Lindsay. Father Bonaventure Koelzer, missionary on vacation from Brazil and a cousin, officiated at the final rites.

**SHOT HEARD ROUND THE WORLD**

**Independence Day 1973**

Firm action in defense of freedom is this country's oldest tradition. It is the foundation on which the independence we celebrate this week will remain secure as long as we honor it.

Actually, the shooting began more than a year before the Declaration of Independence was signed. In the spring of 1775, the British commander in Boston learned that the patriots of Massachusetts had assembled ammunition and other military equipment at Concord, 16 miles away.

He sent a force of eight hundred men to destroy the munitions. When six miles from Concord, at Lexington, seventy armed men stood their ground on the village green and the British army fired the first shots. They proceeded to Concord where Emerson's "embattled farmers" hid most of the munitions and withstood the British assault.

The battle aroused the colonies and, by the end of the summer, the power of the royal governors was destroyed and provincial congresses were formed. The idea that independence was essential to freedom became widely accepted and ultimately was articulated in the Declaration of Independence.

**Go With the Wind In Energy Crisis**

Energy hunters are on the prowl for new ways and means to help solve the energy crisis.

Scientist Frank Rom of the National Aeronautics and Space Administration says that wind carries enough energy to provide half the country's electrical power.

So, he is examining the possibility of building 100,000 windmills to make use of that energy.

Rom, a member of NASA's Lewis Research Center in Cleveland, O., said a typical power plant can produce 1,000 megawatts and about 100 windmills would be needed to provide this much power.

He said that NASA is designing wind generators that are efficient and operate at low cost. Some will be constructed on a trial basis.

It pays to advertise with the Muenster Enterprise.

**Meurers Host Dinner**

Mr. and Mrs. Robert Meurer and David of Lafayette, La., arrived Saturday to spend through the Fourth with his parents, the Herbert Meurers. Joining them for Sunday dinner were their aunt Susie, Mrs. L. A. Bernauer and Mrs. Herbert Meurer's sister Mrs. Ben Seyler. It was a birthday honor for Mrs. Bernauer who was 82 June 30. Other birthday remembrances included a handsome decorated cake presented at Hillcrest Manor Saturday by Mrs. Nick Miller, a niece. The cake was the centerpiece for Sunday dinner in the Meurer home.

**On Dean's List**

Dianne Marie Sicking is listed on the Dean's List for the 1973 spring semester at Southwestern State College, Weatherford, Okla. To qualify for the list a student must have an average of B, or grade point of 3 or over, with no grade below C. A daughter of Mrs. Wilfred Sicking, Dianne has just completed her Junior year as a major in elementary education with an area of concentration in special education.

Mr. and Mrs. C. O. Cash are back from a vacation visit in Merced, Calif., where they visited her brother and sister-in-law Mr. and Mrs. O. B. Mitchell. The four made trips to Disneyland, Tijuana, Mexico, and Lake Tahoe.

**Men's High Heels Invite Accidents**

Tripping the light fantastic with high-heeled, platform sole shoes may be the latest in shoe styles for men, but it may spell trouble!

National Safety Council Home Safety Information Specialist Mary Anderson sees trouble afoot for careless male cloggers. "The extreme height, weight and rigidity of the shoe — or the bucket-on-each-foot feeling, decreases mobility, balance and speed," notes Ms. Anderson. "The possibilities of injuries caused by falls and twisted ankles are greatly heightened when you pair the average man or boy with platform shoes," she says.

"Watching your step and one foot at a time, or what I call creative walking is the key to keeping your ground with platform shoes," she says. "Judge each movement with your heels in mind," she suggests, "and allow for the deeper toe area at each step, curb, or any floor level change."

"Don't drive cars or ride bicycles with them on," she warns. "Unless safety gets some sole support, some men are going to be down at the heels a lot sooner than they expected," Ms. Anderson concludes.

**Thoughtful Recognition**

For a superpower whose every move sends vibrations around the world, the United States has taken a lot of guff in recent years, much of it undeserved. It came as a rather pleasant surprise, therefore, when Lord Kenneth Clark, of the "Civilisation" cultural series on art, praised the U. S. and presented almost 100 rare books from his personal library to the Pierpont Morgan Library in New York. He explained, "... during the last 50 years the United States has been infinitely generous to Great Britain. They have not only saved us from extinction in two wars, but they have saved buildings and books that mean much to us. As far as I know the movement has been all one way. My offer to the Morgan Library is a small — a very small — sign of recognition of what we owe to the United States." It's nice to know that someone appreciates our efforts.

**Lindsay News**

LINDSAY — Tommy, Ronnie, Patricia and Mark DeFrance have ended a week's vacation with relatives while houseguests of their grandmother Mrs. Sophie Stoffels. They are children of Mr. and Mrs. Frank DeFrance of Fairfield.

Sister Ramona Bezner, daughter of Mr. and Mrs. Jake Bezner, celebrated her silver jubilee as a nun, member of the Sisters of Divine Providence, in San Antonio at Our Lady of the Lake Convent on June 17. Her parents and a cousin Walter Bezner attended the ceremonies. The Bezners also visited another daughter Sister Anna Rose in San Antonio. On return to Lindsay they were accompanied by Sister Ramona and Sister Alban Bezner, her aunt, to spend a week with family members and attend the Lindsay Homecoming. Miss Viola Bezner of Arlington joined the relationship for a weekend visit.

Mr. and Mrs. Doyle Voth and his mother Mrs. Frank Haverkamp Sr. flew to El Paso on June 22 to attend the funeral of the latter's brother David Rae. Military services were held at Fort Bliss and burial was in the soldiers' cemetery there.

**Geo. F. Hartmans of Elmhurst Feted on 35th Anniversary**

LINDSAY — Relatives from a wide area attended the thirty-fifth wedding anniversary observance of Mr. and Mrs. George F. Hartman of Elmhurst, Ill., on June 16.

Celebration began with Mass in Immaculate Conception Church, Father Joseph Fuhrmann of Van Buren, Ark., officiating as he did 35 years ago when Anna Fuhrmann and George Hartman were married. Mrs. Albert Klement of Lindsay and Herman Hartman of Muenster were honor attendants again.

Social observance was a German Fest with buffet supper and dancing in the KC Hall.

Planning the event was the honor couple's daughter Mrs. Bob White who was unable to attend due to the arrival of a son, born the morning of the celebration day. The husband and father recently was transferred to Brussels, Belgium, and the family will move there soon.

Attending the celebration were Messrs. and Mmes. Albert Klement and Erwin Fuhrmann of Lindsay, Mr. and Mrs. Herman Hartman, Miss Dorothy Hartman, Mrs. Val Fuhrmann and son Fred of Muenster, Mr. and Mrs. John Fuhrmann of New Braunfels, Barbara Fuhrmann of Castroville, Sister Michael Marie Fuhrmann of San Antonio, Sister Henry Ann Fuhrmann of Waco, George F. Hartman of Philadelphia, Pa., Joseph Hartman of Washington, D. C., the Bob White family and Paul Hartman of Elmhurst.

Airman James E. Geray, son of Mr. and Mrs. James E. Geray, has been assigned to Sheppard AFB, Wichita Falls, following completion of basic at Lackland AFB in San Antonio. He is assigned to the Technical Training Center at Sheppard for specialized training in aircraft maintenance.

Mrs. Willie Fuhrmann, the Billy Fuhrmann family and the Joe Paul Fuhrmann family visited Willie Fuhrmann at Hillcrest Manor in Muenster, Sunday.

**Food Program for Junior Girls Will Start Here Monday**

The "Food Fun for Juniors" summer program sponsored by Cooke County Electric Cooperative Association will come to Muenster next week.

Mrs. Tulu Hickerson, home service adviser of the co-op and director of the program, announced this week that classes will be held Monday through Friday of the next two

weeks in the homemaking department of Muenster High School.

Four classes are scheduled and all girls who have registered will be notified what class they are to attend. Those classes are booked for 9 to 11 and 1:30 to 3:30 for each of the two weeks beginning July 9 and July 16.

"Food Fun for Juniors" relates to special occasions and is designed to assist young ladies in preparing treats and learning to be good hostesses.

picnic grounds for a worship service which was followed by a big picnic dinner. After dinner some folks played volleyball and others pitched horseshoes. Others just relaxed, rested, and enjoyed visiting with each other. These two churches have a joint meeting and picnic once a year — alternating at Saint Jo and Forestburg. Rev. Bob Carroll is pastor of both churches.

Mrs. Loyd Orrell tells us that the Baptist folks have purchased a new Kimbell piano for their church. This may seem a small item to many folks — but this is a small country-type church and it is an accomplishment for these folks. Mrs. Orrell also said Ken McCatherine filled

in for their regular pastor Jim Riddles this past Sunday. After services Ken and his wife had dinner with the Elmo Brewer family.

Forestburg Baptist Church and United Methodist Church will have their vacation church school together this year at the Methodist Church. It will start July 9 and last through July 13. Hours will be from 8:30 to 11:30 a.m. Send your youngsters.

Vatoni Dill, daughter of the Jack C. Dills, and Willie and Steve Sandusky, sons of Faith Sandusky, left Monday for a week at Methodist Youth Camp at Lake Bridgeport.

The Kenneth Holland family has moved to Stoney Point area — made the move Saturday June 30. Their new home is not completed and they will be "roughing it" a while. Mrs. Holland is the former Peggy Green, daughter of Carl Green. We really do welcome these nice people to our area.

Several days back Betty and Bennett Reynolds were in a traffic accident over in Bowie. They were turning into Gibson's parking lot and were hit from behind by a young man. Betty and Bennett were required to go to the hospital for X-rays. Betty tells me she has been suffering with whiplash.

Mrs. Ada Jackson is now a resident of the Yes-Ter-Year Nursing Home in Saint Jo. She would certainly enjoy having her friends visit her and hearing from them.

We don't know if Ricky Boyd and his mother have made it back home from Denver, Colo., yet. However we do know Ricky called his brother's father-in-law in Saint Jo in the wee hours one night last week. Seems he was lost — said he was at 44th Street and wanted to know how to get to 55th Street. Don't know what his instructions were but can well imagine what they would have been had he called some people under these circumstances.

We wonder how Ester and Horace Shears are enjoying their peaceful country life these days. They both retired from their jobs and moved here from Wichita Falls to get away from noise and pollution. Now they have hot-rodgers and motorcycles ripping by in front of their house and a big dairy across the road south of the house. Guess they can only hope for winter — when the wind gets back out of the north.

Imagination was given to man to compensate him for what he is not, and a sense of humor was provided to console him for what he is.

**Visitors Honored At Supper Party**

A family gathering and supper given by Mr. and Mrs. Arthur Felderhoff at their home Sunday evening honored the John Broome family, visitors from Fort Leavenworth, Kansas, guests of her parents, the John Wieters.

Mrs. Broome and Kathy, John Paul and Douglas arrived June 14 and Major Broome joined his family for the weekend. He was accompanied by his parents Mr. and Mrs. Paul Broome of Clarksville, Tenn. They left Monday. Major Broome has been transferred to New Cumberland, Penna., and his family will join him there about the middle of July.

Others at the Sunday gathering were the Arnold Rohmers, Norbert Walterscheids, John Wieters, Dan Hamrics and Mrs. Ervin Hamric.

Since Mrs. Broome and children are here they have joined her parents in visiting her sister and family, the Mike Newbills in Fort Worth and they all went to Six Flags and Seven Seas together.

Mrs. Eddie Krahl and daughters Janet, Linda and Lisa, accompanied by her sister Mrs. William Flusche of Lindsay, left Tuesday for a holiday visit with their sister and aunt Mrs. Julius Stelzer and family at Post.

**Sr. Frowina Hacker Visits Relatives**

Sister Frowina Hacker who has been here on vacation has been seeing relatives away from Muenster also. Sunday her brother and his wife, the John Hackers, accompanied by a sister, Miss Katie Hacker, took her to Valley View to spend the day with the Edward Hackers in their new home.

One day they went to Pilot Point to see the Donald Pelzels and had dinner there. Also in Pilot Point they saw the new home of the Hackers' other daughter and family the James Strittmatters who are moving there from Denton. Mrs. Strittmatter was there and joined them for dinner. Sister Frowina had dinner or supper with other local relatives including her brother Frank Hacker and wife and

COMPLETE FUNERAL SERVICE

Nick Miller Funeral Home

Mr. and Mrs. Harry Scoggins, joined by his parents, Mr. and Mrs. W. L. Scoggins were in Abilene Saturday for the funeral of W. L.'s sister Mrs. Ollie Bowlin, 68. They also attended the burial services at Breckenridge. Harry was one of the nephew pallbearers. Mrs. Bowlin was buried beside her husband. A son and three grandchildren survive.

Mrs. Paul Fisher joined Rita and Jeff Fisher of Irving on a four-day trip to Leavenworth, Kansas, where they were guests of Mr. and Mrs. Jerry Hughes and family. They brought Terry, Paul and Eddie Hughes back with them to visit their grandparents the Paul Fishers. Jeff also remained for an extended visit with his Kansas cousins.

Local News BRIEFS

Mr. and Mrs. H. L. Kinabrew of Athens, Texas, were in Muenster Monday greeting old friends. She is remembered as a frequent visitor with the Jim Cooks while they resided here and is the former Opal Jones. They came especially to see Mrs. Ray Evans but missed her as she was out of town.

Mr. and Mrs. Sam Endres and daughter have had a visit with his folks, the Arthur Endreses. She and the baby flew in from Houston last Tuesday and he joined them for the weekend, flying in from Chicago where he is in summer school. He returned after a weekend visit and his wife and daughter went to Ferriday, La., to visit her parents, the M. B. Sibleys, until his classes are over and they return to Houston.

Mr. and Mrs. Edgar Dyer, Lenzy and Lou, spent last Wednesday and Thursday in Houston where an Astrodome tour was the highlight. They were accompanied by Mike Richardson of Muenster, Mrs. Dyer's father Hugh Rigby and his granddaughter Jane Treadway of Windom. The

Dyers previously had visited at Windom with her parents where her sister and family the Alton Treadways, Jane and Joan are visiting while he is on Navy leave. The Treadways are back at home for the first time in two and a half years.

Mrs. Margaret Rasch of Houston visited here with her sister Mrs. Tony Gremminger and her brother J. M. Weinzapfel and family this week to Wednesday when relatives took her to Fort Worth to visit another sister, Mrs. Kate Morbitzer before flying back to Houston. She attended the wedding of her niece Bobbie Gail Mayer and Dan Ray Jezek at Pilot Point Friday and was among the crowd at Muenster State Bank's open house Tuesday.

Three nuns from Jonesboro, Ark., are having a vacation visit in Muenster with their families. Sister Imelda Pels is with her father Henry Pels Sr., Sister Lillie Mae Reiter is with her parents the Alfons Reiters and Sister Frowina Hacker is dividing time among her sister and brothers. Family get-togethers are being held so the visitors have an opportunity to see most of the kin.

Mr. and Mrs. Earl Walterscheid returned their 11-year-old nephew Joey Bauer to his home in LaFeria on a weekend trip and brought their daughter Connie back to Muenster with them. The youngsters had swapped families for a vacation visit. This trip Danny Carl Bauer came with them to visit his cousin Danny Voth. The Walterscheids were houseguests of her sister and family, the Albert Bauers Jr. They reported bumper crops in the Valley. It rained while they were there and maize, ready to harvest, had farmers wondering — and hoping it wouldn't sprout.

Mr. and Mrs. Carl Ellison and son Danny of El Paso started homeward Thursday after a week's visit with her Muenster relatives. She's the former Katie Mae Walterscheid. They came from Ohio where they visited his relatives, and Bloomington, Ill., where their daughter Miss Carla Sue Ellison is employed. While here they were honored at family gatherings, dinners, coffees, and card games.

Mr. and Mrs. Robert Howell, Rebecca, Stephanie and Jill of Chambersburg, Penn., arrived last Wednesday to visit her mother, Mrs. Tony Gremminger and other relatives. They were among guests at the Mayer-Jezek wedding in Pilot

Point Friday and also visited the University of Oklahoma in Fort Worth. He left Monday and will be back for his family after three weeks of classes at the University of Oklahoma.

A lot of conversation these days is about how things have changed over the years. Remember the old 4th of July celebration? Many hours had been spent by members of various organizations planning the day's activities prior to the holiday. Naturally all business houses were closed. Some years there was a parade enjoyed equally by those participating and those observing. By mid-morning crowds began assembling in anticipation of the banquet-like meal which was served at noon.

The afternoon's fun for all consisted of games for the younger set, clay pigeon shooting for the men, games of chance and bingo for the ladies. Refreshments were ice cream, hamburger, pop and peanuts. The toddling set ran and skated on the dance floor all afternoon while their mothers caught up on the latest gossip. Some years there was a band concert in the afternoon. Just after dark there would

be a fireworks display, for years financed and put on by W. M. Gehrig, from the roof of his shop. At night a tremendous crowd attended the dance. The hall was not air-conditioned and had no fans. Ban, Arid, Hour after Hour, scented soap, aqua velva, eye shadow and 18 hour girdies were unheard of — yet people had fun. To sweat in those days was not disgraceful.

The 4th of July of today is like any Sunday when you attended mass on Saturday night. You have nothing to do and all day to do it in. Many go to the lakes for picnics, water sports or fishing, some play golf or baseball, a few will make aluminum cans available for recycling and there are those for whom the 4th is just another day.

**Girls Softball**

At the half way point in the girls softball season the Hawks are leading the senior division with a 3-0-1 standing and the Larks are leading the little girls with a 3-0 record.

Also the Falcons are 1-2 and the Eagles 1-3-1 in the senior loop whereas Doves are 2-1, Jays 1-3 and Wrens 0-2 in the junior league.

In last Thursday night's action the Larks licked the Jays 12-8 and Eagles beat the Falcons 16-10. And the Tuesday program turned out to be a pair of thrillers. First the Jays came out ahead in an 18-17 scoring spree and then Eagles and Hawks fought to a 6-6 deadlock.

Though the teams are near the bottom of their list they have played only half of their scheduled games. The others had to be postponed because of rain. Dates still ahead of them are for July 5, 10 and 12. After that they'll have to make up games originally booked for June 5, 14 and 19.

Two famous theater critiques:

"The cast was well balanced; they were all terrible."  
"Shakespeare said that the play's the thing. This one is more of a 'thing' than a play."

print, shuffle and store all of that paper. At the same time it costs small business people about \$18 billion to fill out all of those forms — including Internal Revenue forms, wage and price forms, unemployment forms, health forms, accident forms, Social Security forms, quarterly this and monthly that.

The result is that small business is being forced to take on a burden of doing the extra work or paying to have it done, which sometimes determines whether a small firm will keep struggling or just quit and turn the field over to the big companies who have lawyers, accountants and other experts to keep up with federal demands and eventually charge the cost to us consumers.

Getting back for a moment to the \$36 billion cost, to us and U.S., that's more than the entire annual cost of our government just a few decades ago. Or figured on a per capita basis it comes to about \$180 a year to each of our 200 million individuals. All of us share, as taxpayers, in half of that burden. Lots of others don't pay any part of the other half, so think of how much more is paid by those who are stuck with the regulations.
