

There's food for hope in a statement made Sunday by Arab oil ministers in Kuwait. They pledged that they will lift their total embargo against the United States as soon as Israel starts pulling out of occupied Arab lands. Then on Monday Israel's Dyan inspired more hope as he responded that some of the area held by Israel is negotiable.

Assuming that both sides are willing to proceed in good faith from this small beginning, it is easily possible that they will arrive at an agreement both can live with. And if so we can conceivably get relief from the anticipated tough strain of the energy crisis. It is possible that the Arabs will decide not to just sit on their enormous oil reserve when they can get immense revenue from it.

Besides that they may find a soft place in their hearts for a country that's crippled by oil shortage. Or they may decide that America deserves a better deal after its long record of helping other countries in distress — or that cooperation now will be an asset to them if they later need American foods.

Senator John Tower in his regular report this week refers to a new freedom of American Agriculture. Controls are being phased out allowing farmers to grow all they wish and sell their surplus on the foreign market. On the other hand the Arabs know about famine, realizing that they may want our help. It appears that in the near future US and the Arabs can be helpful to each other. They serve their own interests by trying to get along.

The deadlock in the desert is simply an unfortunate situation. Since Hitler's horror of Jew extermination, the post-war nations felt obliged to give the survivors a homeland in their ancient promised land. That required Arabs to move over and give them room. Understandably they resent giving up land that has also become sacred to them — especially to those whose people lived there for centuries. They have become the extra bitter Palestinian refugees.

Under those conditions Arabs can be understood for wanting to drive the Israelis out, and Jews for hanging on to their only hope of having a homeland. So, the great need now is for tolerance on both sides leading to a mutually pleasing settlement. Both have to give in some but the outcome can become a blessing to both.

An appealing settlement is that recommend by Pope Paul. Make Jerusalem a free city with each side to respect the area that is sacred to the other.

Somehow this thing ought to work out. Russians are trying to exploit it but don't really have the respect of the deeply religious Arabs who have no stomach for the Red atheism. Israelis have the same reason for disliking the Russians. They too believe in God and despise the red ideology. America should and does have the respect of both sides in the conflict.

Consequently we feel encouraged when both sides start hinting toward a compromise. It is conceivable that Middle East oil will flow this way again before the crisis becomes critical.

If it does, however, lets hope that our leaders will go on with their plans about self sufficiency in energy. We must by all means shake off our dependence on other nations, and also learn the several lessons that an energy crisis can teach us.

The inauguration of Gerald Ford as vice president seems to have been another occasion for the political wolves to resume their stalking of President Nixon. Even before the ceremonies some were saying that, with proper succession provided, this is the time to call for resignation or impeachment.

The president has said he will not quit. Also his close friends are saying that the worst is over and he will regain enough popularity in coming months to survive the attacks. But one cannot overlook the constant pressure exerted on him, with a possibility that he might just quit and get away from the anguish.

If it should come to that we're fortunate to have a man like Gerald Ford as a successor. Few if any of the men in Washington can offer as good a combination of political, eco-

Electric service lines in Muenster are being modernized by the TP&L maintenance crew.

## TP&L Wiring on Main St. Given Facelifting Job

Current activity on Main Street by the Texas Power and Light Company maintenance crew has a three-fold purpose. It improves appearance as well as efficiency and salvages materials that are no longer in use.

Bill Bedrick, local manager, explained that the job includes removing a clutter of transformer racks and secondary wires and crossarms, and installing transformers directly to the poles. Also service wires from transformers to customers are grouped in a triplex cable instead of individual wires.

Primary wires on the cross-arms at the top of the poles hereafter will be supported by short fiberglass brackets attached to the poles, and four of the present nine wires are to be eliminated. The finished job will have only the three primary wires, plus a pair of secondary wires for the city's Christmas lights. (Those secondary wires, incidentally, will not be used this year because of the energy crisis.)

Besides presenting the uncluttered, neater look the changes provide for more direct connections with customers. In most cases now a failure in a transformer will affect only one customer.

## Rifle Shots Stop LD Phone Service

There's a good reason why people around here neither made nor received long distance phone calls last Saturday night. Telephone service was suspended for almost twelve hours while repairs were made to a shattered telephone cable south of Sanger.

Alvin Fuhrman of Muenster Telephone Corp. said the damage was done by someone shooting 26 bullet holes in the cable, causing damage to 51 pairs of wires and shutting off service through about 250 circuits. The cable served Muenster and Gainesville and a number of other towns in Texas and Oklahoma.

## Both Schools Compete in Tourney

Both of Muenster's basketball teams participated in the invitation tournament hosted by Saint Jo High during the past weekend, and the MHS girls came home with a consolation trophy.

Other winners of the tourney were Whitesboro girls over Valley View 46-37 and Forestburg boys over Alvord 45-26 for the two champ trophies; also Saint Jo over Whitesboro 55-46 for the boys consolation trophy.

Muenster girls won the prize by nosing out Saint Jo 36-35 in a sizzling contest that was anybody's up to the final whistle. Mary Lou Fleitman scored her only shot with slightly less than a minute to go for the 1-point lead, and alert guarding saved the game the rest of way.

Muenster took a 10-7 first quarter lead and fell behind 18-14 at halftime. After that foul troubles hurt Saint Jo. It had 30 team fouls and Muenster 19. Also Saint Jo made only 3 of 17 free shots whereas Muenster made 15 of 33.

Muenster High point makers were Becky Fields 15, Tracy Klement 12, Sandy Dittfurth 8, Mary Lou Fleitman 1.

In the preliminaries Sacred Heart and Muenster High girls both lost and played each other in the consolation semifinal. MHS was the winner of that one and went on to the thrilling 36-35 win.

## Local KC Council Adds 7 Members

Seven candidates from Muenster were included in the group of 21 who became members of the Knights of Columbus in a district initiation hosted by the Denton Council Sunday night. Muenster, Gainesville and Denton were the three Councils participating.

The new local members are Father Stephen Eckart, Jerry Eckart, Steve Klement, Joe Walterscheid, Clifford Sicking, Joe Mosler and Chris Cagle. They were accompanied to Denton by Grand Knight Eddie Fleitman, Gene Hoedebeck and Earl Walterscheid.

The candidates received the Admission or First Degree and are due to receive the Formation and Knighthood degrees at a date in January which is still to be determined. By then it is likely that another admission degree will have been held to admit several additional candidates.

## Dolores Will Have Open House Dec. 16 On Yule Flowers

A Christmas open house at Flowers by Dolores from 2 to 5 next Sunday, December 16, will show a special assortment of Christmas items in a greatly enlarged location.

Formerly occupying only the space of a single garage, the flower shop now uses the entire house just vacated by the Dan Lukes when they moved to their new home.

The display will feature poinsettias, Christmas arrangements in live and artificial materials, center pieces, terrariums and other holiday things. Owner Dolores Luke announces that the business has just become affiliated with the FTD florist service which carries the slogan "Extra Touch Florist" and continues with Florifax.

Abbot Alfred Hoenig of Corpus Christi had an opportunity to visit his Muenster relatives during the weekend. He was enroute to Dallas on business, Sunday evening the family was together at the home of Mr. and Mrs. Alphonse Hoenig.

## Whitesboro 62, S. Heart 23

In their preliminary the Sacred Heart girls were definitely outclassed by the highly favored Whitesboro team, which is made up mostly of last year's district champs. Whitesboro jumped to an early lead and gained all the way. Tigereite scorers were Peg Hoedebeck 13, Laura Kralicke 6, Cindy Bartush 2, Sharleen Page 2.

## Forestburg 52, Muenster 35

Playing their opener with Forestburg, Muenster girls made a slow start, trailing 18-8 at the quarter and 32-14 at the half. During the second half they led the scoring by a point and finished at the short end of a 52-35 count. Becky Fields was high scorer with 22. Tracy Klement made 6, Mary Lou Fleitman 5 and Sandy Dittfurth 2.

## Band to Present Christmas Concert December 20 at 7

The Hornet Band of Muenster Public School, under direction of Bob Hayes, will appear in a Christmas concert Thursday night of next week, December 20, in the MHS auditorium. Starting time is 7 o'clock.

There will be no admission charge, and members of the band invite all to take time out from the holiday rush to hear their program.

The concert features several Christmas numbers along with an assortment of light concert selections. It will be divided into two parts, one presented by 21 sixth grade students, the other by 57 students of grades 7 through 12.

## Accidental Shot Kills Rosston Lad

Steven Bradley (Brad) Dill, 13, son of Mr. and Mrs. Norris Dill of Rosston was fatally wounded in an accidental shooting Tuesday at the family farm home. He was pronounced dead on arrival at Muenster Hospital about 6:45 p.m.

According to Peace Justice Carl Burchfield who investigated the tragic incident and ruled death due to an accidental gunshot wound, the boy and his two brothers, Gary and Scott, both Gainesville High School students, were using a pickup truck to distribute feed to cattle on the farm.

Steven was riding in the back of the pickup and holding a loaded .20 gauge shotgun. Burchfield said the gun discharged accidentally with the pellets striking Steven in the throat. He was rushed to the hospital immediately.

Steven was an eighth grade student at Gainesville Junior High. In addition to his parents and brothers he is survived by grandparents, Mrs. Jim Dill of Rosston and Mr. and Mrs. Gayle Bradley of Bowie, and a great-grandmother Mrs. I. F. Bradley of League City.

Funeral services were held Thursday at 2 p.m. in Whaley United Methodist Church. Burial followed in Fairview Cemetery under direction of Geo. J. Carroll & Son.

Miss Debbie Walterscheid has joined the staff at Muenster Hospital as a nurses aid. Another recently added employee is Mrs. Mary Kappas in the kitchen.

Mr. and Mrs. Charles Reiter of Kerrville were seeing relatives during the weekend. They stopped here enroute to Oklahoma on business.

A surprise party greeted Mrs. J.P. Kneupper of Gainesville at her home Wednesday, Dec. 5, when her sisters arrived there and took her out for a birthday dinner.

## City Clears Up Two Problems on Garbage Service

Yes, it is okay to keep burning trash until the city garbage disposal begins. And, no, it will not be necessary to buy a garbage can for use in the service.

Those are the answers to several calls received by City Superintendent Steve Mosler since last week's announcement that the garbage ordinance was passed. The old way of disposal will have to continue until the garbage bags arrive, Mosler said. So, even though the ordinance bans burning, it will have to be continued for a while. Likewise trash will have to be hauled to the city dump grounds until the pick-up service begins.

While waiting for the bags the city has another unfinished job to take care of. Gravel surface is needed on the short road to the dumping area. Otherwise the truck will be out of business in rainy weather. Hopefully the bags and the road will be ready soon so the service can start.

Regarding the garbage can, Mosler explains that its mention in the ordinance was a mistake. It happens that another city's ordinance, which was used as a guide in drawing up Muenster's, required garbage cans to be set out for dumping, and it was included in the local ordinance by mistake even though the council decided to use paper bags. Mention of the cans was a boner and should be ignored, Mosler said.

He added, however, that the garbage can can serve as a convenient place to keep the bag while trash is being collected. It can be protection and support for the bag to avoid bumping it over, and a way to keep it open for dropping things in.

Another recommended way to hold the bag is in a special metal rack complete with lid to keep out flies. Protected in such a rack or a can, the bag can be kept in good condition and the premises kept clean until the bag is set at the curb for pickup.

One of the racks, with a bag in place, is on display in the city hall.

Mosler wants it understood that neither a can or a rack is required. Using the bag alone will be less convenient, but it is the customer's privilege.

## S. A. Truck Due Dec. 20

The Salvation Army truck is scheduled to make its regular monthly visit in Muenster on Thursday, Dec. 20. Clothing, household items and appliances are welcome. Persons with discards to give may call 759-4311 no later than the day before to have the truck stop at their homes or places of business.

## Whitesboro 57, Muenster 46

In consolation semi finals Whitesboro took an early lead over the Hornets and kept gaining for three quarters by scores of 18-14, 34-22 and 50 to 32. In the final period reserves of both teams were playing and Muenster trimmed 7 points off the margin. Final score was 57-46. Hornet scorers were Robert Johnson 14, Terry Huchton 10, Lyle Klement 8, Curtis Klement 6, Danny Endres 4, Tim Felderhoff 4.

## Forestburg 50, S. Heart 43

Sacred Heart met Forestburg in the semi final of the champ bracket and gave a hot chase for three quarters then fell back in the fourth. Scores ending the periods were 8-6, 19-18, 36-33 and 50-43. Tiger scorers were Roger Endres 16, Phil Endres 10, Ricky Walterscheid 6, John Bartush 6, Kevin Pels 5. A part of their problem was a poor record at free throws, only 5 out of 16 tries.

## Work Begins on New Parish Hall

Construction on the new community center for Sacred Heart Parish has begun. Contractor Jack Owens of Gainesville, anticipating the signing of the contract by Bishop Cossata, started moving to the location Monday and had made a small start when the document was signed Wednesday. Some work had been done on

staking out the site.

Owens made his start on a verbal agreement after being assured that his low bid of \$386,944 was accepted by the local committee and approved by the bishop. However the bishop was away from his office for several days and could not sign until Wednesday.

Henry Kuhn of Lindsay is foreman in charge of the project. He said that as soon as St. Joseph's Club moves out of its building his crew will remove it. The new building, measuring 95x137 will include all of that site.

Kuhn added that the contract specifies 300 working days, but the time will probably be shorter unless extended by bad weather and delay of deliveries.

After the new building is finished the present parish hall, built in 1906, will be removed and the area between the hall and Main Street will be used for a parking lot.

## Jaycees Observe Christmas with 3 Charity Projects

Three charitable projects occupied the Muenster Jaycees at their meeting last Thursday night. One is a contribution from their special medical relief fund, another is a Christmas remembrance for a group of older persons and the third is Christmas gifts to handicapped children.

The special medical relief donation was in the amount of \$200 to the Tom Hamilton fund. Its purpose is to help the family meet expenses for an extended period of hospitalization and treatment. Help in another case, amounting to \$600 had been made a short time ago.

As a result the fund is in need of more revenue, which is the motive behind a turkey shoot to be sponsored by the Jaycees Sunday afternoon at 2 o'clock on the Gary Hess farm south of town. Trap-shooting enthusiasts are asked to come and join in the fun. The site can be reached by following FM 373 south to the first right turn and then about a mile west.

The remembrance to elderly folks is a case of fruit to be presented next Thursday night, the 20th to occupants of Hillcrest Manor.

The third project is a delivery of toys and gifts last Saturday to the handicapped children of the State School at Denton. Robert Miller made the presentation and also was chairman of the light bulb sale which raised \$75 for the cause.

## Jaycees Expect to Make Early Start On Park Pavilion

After several years of funding and planning the Muenster Jaycees are about ready to start on the main project in their park improvement program. They have started drawing plans for a pavilion and expect to submit them soon to the city council for approval. Next step after that is to ask for bids and get the building under construction as soon as possible.

Along with that the Jaycees intend to start soon on their next improvement job. Within a few weeks, according to Roger Taylor, president, they'll start on converting about two acres of thicket across the creek into park area. That involves clearing brush and small trees and low limbs of larger trees and later sodding to St. Augustine grass. Landscaping the creek is also included.

## Yule Donations to Benefit Hospital Will End Tuesday

Donations in lieu of Christmas greeting cards to benefit Muenster Hospital are running behind donations contributed by this time other years, according to Mrs. Jerry Walterscheid who is in charge of the project for the Hospital Auxiliary.

The deadline is December 17 if the donor wishes to get his name listed in the Enterprise Christmas edition. Donations and listings will be accepted by the Auxiliary until next Tuesday. The total amount will be published but individual donations will not be revealed.

Current project the Auxiliary is financing is an alert system for Muenster Hospital. Persons who intend to give are urged to do so this week-end. Donations may be left at Hamric's or mailed to Mrs. Walterscheid.

From a tired looking patient in a hospital bed, "Surgery takes something out of you."

## Local Teams Enter Weekend Tourneys

Basketball teams of the two Muenster schools will participate this weekend in tournaments at Krum and Era.

Muenster High will be in the Krum tourney, meeting Springtown in its opening games Thursday, girls at 2:30 and boys at 3:45. Others in the array of hot teams are Ponder, Boyd, Little Elm, Coppell, Aubrey and Krum.

Sacred Heart will be at Era, competing with Era, Saint Jo, Valley View, Callisburg, Bellevue, Goldburg and Masonic Home. The SH teams will meet Era in preliminaries Thursday night. Girls will play at 8, boys at 9:15.

## Thieves Again Hit Palace Drug Store

Thieves gained entrance to Joe Trachta's Palace Drug store Tuesday night by breaking through the back wall. A hole measuring about 1 1/2 by 3 feet, a space that formerly was used for an air conditioner, was forced open.

Missing was all the change from the cash register estimated at \$15 to \$20 and a quantity of cigarettes.

About three months ago the front window of the store was broken out. Two weeks ago two shots entered the front window breaking the new window.

## Auxiliary's Yule Party for Tots to Be Friday, Dec. 14

Muenster VFW Auxiliary's Christmas party for members' pre-school children will be held Friday this week, in the VFW Post Home beginning at 9:30 a.m.

Santa will be there to distribute gifts to the youngsters and to talk with them. Cookies and soda drinks will be served by hostesses. Mothers will be served coffee and cookies.

Plans for the event were completed at the organization's recent meeting conducted by Mrs. Arthur Bayer, president. Volunteering for party duties were Mrs. Bayer to see that Santa arrives on time; Mmes. Charlie Knabe and Charles Hamilton, refreshments; Mrs. Al Walter, toys; Mrs. Ray Voth, tree decorating.

In other business, members heard a report on the District I Convention held in Denton. Mrs. Bayer listing highlights of the meeting. Muenster was out front in attendance with 18 Post and 11 Auxiliary members present.

Mrs. Leo Hesse, chairman of the Voice of Democracy Essay contest, announced winners: Beverly Walterscheid, first; Phil Endres, second; Sharou Rohmer, third. They were judged on content, originality and delivery. Miss Walterscheid advanced to district competition. Subject this year is "My Responsibility as a Citizen." Prizes were awarded locally.

Members complied with the month's participation project to contribute to the Cancer Aid and Research Fund and sent in a check for \$100 from treasury funds.

Mmes. Knabe and Hamilton served refreshments to 20 members after adjournment.

## Moochers at UN

Columnist Robert S. Allen has been observing the United Nations lately and says the important General Assembly meetings "now frequently resemble street-gang fights." Instead of being occasions of dignity and deliberation, he adds, they have degenerated "to rancorous verbal brawls, uproarious indignities and threatened armed encounters." The leading street gangs seem to be the Russian bloc with 12 members, the black African with 41 and the Arab

with 18. When they stick together on an important issue — which is frequently — they can control the 135-member U. N. Their favorite target, of course, is the United States.

All of this may be our fault, because early in the U. N. game Uncle Sam began picking up the tab for the moochers, and the more we picked the more they mooched.

Here's how much they owe in dues and assessments: Russia, \$24,726,935; Ukraine, \$2,385,599; Poland, \$1,428,821; Romania, \$504,402; Czechoslovakia, \$1,016,827; Hungary, \$1-

157,855; Cuba, \$470,667; Syria, \$189,774; Bulgaria, \$572,573; Central African Republic, \$182,335; Equatorial Guinea, \$133,518; India, \$187,545; Mali, \$144,688; Senegal, \$110,431; Yemen, \$108,483.

This is more than \$40 million in delinquencies; in contrast, the United States last year put up more than \$60 million of the total U. N. budget and since the organization's founding we have contributed nearly \$4.5 billion.

Our vote on an important matter, however, is worth no more than that of Yemen and Senegal.

The moochers have been supping at the U. N. table for many years and scream at us with increasing disrespect while we ante up and take the abuse.

Our practice has been to borrow from our grandchildren not yet born and give the proceeds of debt to people who sometimes wish we were dead.

Maybe the American taxpayer can abolish poverty in China. We doubt it. Maybe we can finance 6-lane highways through the Himalayas. We doubt it. Maybe we can continue to lend Tito millions, so he can re-lend it at higher interest rates. But we doubt it.

Our economic system is durable and productive, but its vertebrae cannot support the weight of everyone's burdens.

Our government has been truly magnanimous in its giving and lending, but the stresses and strains are increasingly felt. We have to be more selective, and after that more restrictive. Uncle Sam can't be Uncle Sugar forever.

## Fighting Heart Disease

Shoes can help stamp out coronary heart disease and early death or disability! If the average American adult will follow the "Watch your SHOES!" health formula developed by Mr. Andre Rhoads, a food industry authority, they may add years to their lives.

His formula represents "risk factors" which, if carefully controlled, could very well lower the chances of heart attack significantly. In the magic word "SHOES," the "S" is for smoking, "H" is for hypertension; "O" is for obesity; "E" is for exercise and "S" is for stress. As the originator of this formula for self-preservation notes, each factor is "... subject to a good deal of personal regulation, provided one's will to live is strong enough to induce him to modify his life-style to lower his risks." Regular medical checkups will enhance the effectiveness of the SHOES concept. This is one prescription you can fill yourself, with better health as the reward — a goal well worth aiming for.

Unemployment, according to the experts, has many causes. We think we know one of them. It happens when a young boy says he will agree to work for you and comes for the interview in faded, ragged dungarees with the bottoms cut off; dirty sneakers and no socks, and a semi-obscene sweatshirt with the sleeves cut off. He wants immediate executive status, a percentage of the take, three weeks paid vacation... a twenty-year retirement and a private office. Then he goes away angry and says "The establishment won't hire me because of my long hair".

— Thermopolis, Wyo., Record

... Senate and House members are discussing the granting of long-term credit to Communist countries at an interest rate of 2 percent — while the prime interest rate in the United States is bumping 9 percent. The subsidy is interesting since nothing really has changed in the Communist attitudes. Red China has said so, Cuba has said so. Just recently Mikhail Suslov, the top Soviet ideologue, gave the Russian version of detente. 'There can be,' he said, 'no peaceful coexistence between socialism and capitalism.' The Communist Party's effort to 'mold a new man,' he added, 'must take place in an uncompromising implacable ideology.' The Communist purity of ideology apparently is willing to compromise only to the extent of taking the fruit of capitalism — Western money."

## They Never Give Up

One thing can be said for the "hate-America" bunch; they never give up. And they will use any opportunity, and any device, to attack the free enterprise system.

Folks generally think of motion pictures as entertainment; but not the left-wing crowd. To them, the movie screen can be used to deliver a message; and if you know, in advance, who wrote the script, you can predict with great accuracy what "the message" will be.

Thus it is with "Executive Action," one of the motion pictures now going the rounds. The writers, Mark Lane and Dalton Trumbo. The subject? Lee Harvey Oswald and the assassination of President John F. Kennedy. It follows, then, as night follows day, that the evil villains are three business tycoons (capitalists is the dirty word) whose selfish desire for bigger profits leads them to seek greater American involvement in the Vietnam War, opposition to a nuclear test ban treaty (with those wonderful Communists, of course), opposition to civil rights, and ultimately to the murder of President Kennedy.

The motion picture is a vicious and vile attack against thousands of independent American businessmen, both large and small, and it is a complete whitewash of the

pro-Soviet, pro-Communist, anti-American elements in the United States who were directly responsible for instigating Lee Harvey Oswald to commit murder. We hesitate to suggest that anyone should spend money to see this film. But if you want to see a beautiful example of how the movie media can be used to spread propaganda ideas designed to help communism and harm America, this is it.

**St. Nick Keeps  
Annual Date with  
Dangelmayr Clan**

Continuing a family tradition of long standing, the Tony Felderhoffs and their family and the Bruno Fleitmans and their family celebrated the feast of St. Nicholas on the eve of his feast day, Dec. 5.

Begun long ago when their children were small, the late Mr. and Mrs. Joseph Dangelmayr planned the observance to include the birthday of their daughter Bertha, Mrs. Bruno Fleitman, with St. Nick's visit. Not once has the celebration been missed since then.

This year Mr. and Mrs. Tony Felderhoff were hosts in their home for their children and grandchildren and for the

Bruno Fleitmans and their family.

During the evening St. Nicholas came just as the children knew he would with a heavy sack of goodies over his shoulder. Traditionally he asks the children to show that they know their prayers, to answer his questions and to sing. Adults joined the youngsters in singing Christmas carols. St. Nick then distributed 36 sacks of goodies.

The group included Messrs. and Mmes. Tony Felderhoff, Bruno Fleitman and their granddaughter Kelly Cox, a visitor from Houston, Don Lester of Gainesville, Charles Felderhoff, Chad and Larry of Dallas, A. J. Felderhoff and family of Gainesville, J. D. Fleitman, Joe Felderhoff, Sylvan Walterscheid and Alvin Hartman and their families.

They all sang "Happy Birthday" to Mrs. Bruno Fleitman and had refreshments of birthday cake, cookies, coffee and punch. Mrs. Alvin Hartman baked and decorated the cake.

**Electricity.  
Still one of the  
biggest bargains  
in your budget.**

Sharply rising costs of producing electricity have forced Texas Power & Light Company to ask for an increase in rates to be effective in March of next year.

Even with the proposed rate increase, we think electricity will still meet the "Bargain Test."

A bargain must fill some want or need of the purchaser. Its cost must be balanced with its benefits.

Electricity fills lots of wants and needs. Heating. Cooling. Lighting. Cooking. Washing. Drying. Ironing. And many more.

Cost, of course, is the final measure of any bargain and you must balance your cost of electricity with its benefits. Start with the fact that the average price of each kilowatt-hour of TP&L electricity used in the home today is about one-half what it was in 1952. Consider, too, the many ways and the many hours electricity serves you.

We believe you will still "add up" electricity as one of the biggest bargains in your budget.

# Clear Creek Flood Control Near Complete

An untamed, overflowing creek in the north Texas area has been brought under control by the work of hundreds of local landowners, city and county officials and by technical and financial assistance from the Soil Conservation Service.

We are referring to Clear Creek which rises in the central portion of Montague County near the county seat town of Montague and flows about 50 miles southeasterly to a point 6 miles northeast of Denton where it empties into Garza-Little Elm Reservoir.

The watershed has an area of 236,200 acres or about 369 square miles consisting of agricultural land. About 20% comes from the West and East Cross Timbers resource area and the remaining 80% comes from the Grand Prairie resource area. About 30% of the land in the watershed was being used for cropland, 62% for pasture and range and the remaining land for miscellaneous

uses. Frequent flooding in the watershed caused considerable damage to soil, livestock, crops and other property. In a researched study it was shown that there were 116 storms over a 35 year period from 1923 to 1957 which resulted in damage producing floods. Fifteen of these were considered to be major floods since they inundated one-half or more of the 15,407 acre flood plain. 80% of the storms occurred during the growing seasons, causing heavy damage to crops.

The year of 1957 was an above normal rainfall year and the creek overflowed many times with severe animal losses and many inconveniences as a result of washed out bridges and roads. A flood occurred May 2, 1958, which inundated 6,340 acres. Floodwater damages from this flood were estimated to be \$227,000, of which \$77,000 was to crops and pastures.

The largest storm in the evaluation series occurred in September 1936 and produced a runoff of 5.05 inches, which inundated the entire 15,407 acre flood plain. The average annual monetary floodwater damage was estimated to run over \$214,000. In addition there were numerous indirect damages such as interruption of travel, losses in business sustained by dealers and industries in the area, and other losses which run an average of \$19,000 annually.

With such a huge flooding situation, the landowners sought help in solving their growing problem. In April 1956 a petition on behalf of many of the landowners in this Clear Creek Area was submitted to

the Board of Directors of the Upper Elm-Red Soil and Water Conservation District, requesting technical and financial assistance in coping with the problem.

This resulted in further local meetings and talks with interested citizens and finally a watershed work plan was developed by the Soil Conservation Service in August 1959. The Texas Legislature also passed a bill creating the Clear Creek Watershed Authority in 1959 which enabled the legally elected directors to collect taxes for maintenance of proposed works of improvement to prevent flooding along this stream.

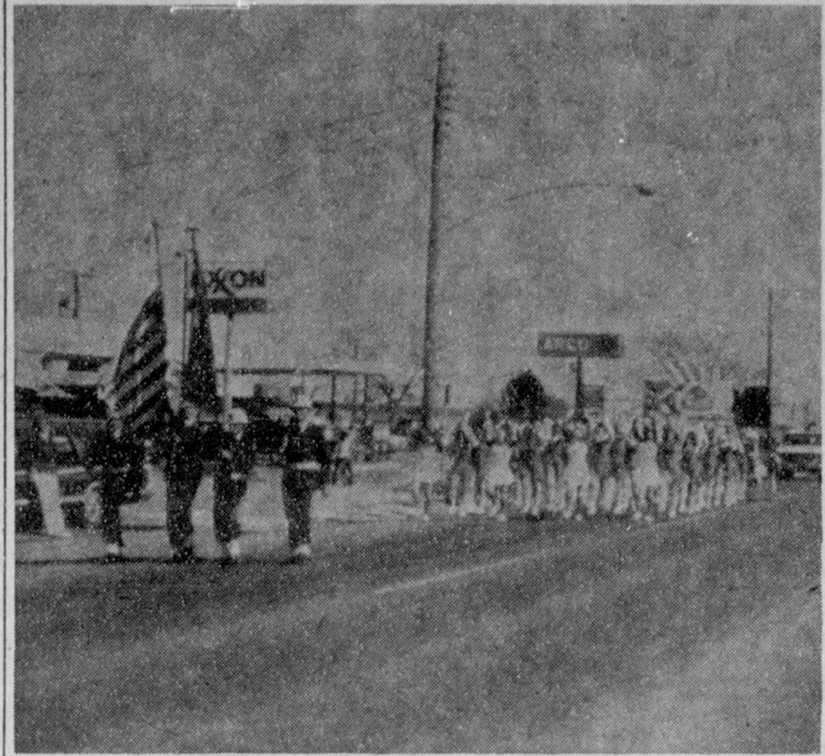

This history has been reviewed to show that from a very humble beginning this serious flooding problem, which had plagued the landowners of this area for many years, has now been brought to a successful conclusion by the completion of 42 large floodwater retarding structures and numerous other smaller works which reduce siltation and erosion.

Mr. and Mrs. Paul Hesse of Frankfurt, Germany, are here to visit his parents Mr. and Mrs. Meinrad Hesse and family until after the Christmas holidays.

Mr. and Mrs. Clive Gobble had as dinner guests Sunday Mr. and Mrs. Larry Gobble of Farmers Branch and Mr. and Mrs. Willie Eddy. In the afternoon they all went to Saint Jo to attend the Harv Bownen's golden wedding celebration.

In a midwest town a man was on trial for a traffic violation. When the judge asked if anyone present could testify to his character, he said, "Sure, your Honor there's the Sheriff."

When the Sheriff was called, he answered in surprise, "Why, I don't know the man at all." The accused replied, "Isn't that a character for you, your Honor? I've lived in this town for twelve years and the sheriff doesn't know me yet."

Heading the Chamber of Commerce Christmas parade is the color guard from the Muenster VFW post followed by Sacred Heart High drill team.

### Baptismal Dinner Precedes Service For Chad Simmons

Sunday christening of infant Chad Michael Simmons was preceded by a dinner party hosted by his grandparents Mr. and Mrs. Herman Stoffels in their home.

The baby son of S.Sgt. and Mrs. Rex Simmons was baptized by Father Placidus Eckart in Sacred Heart Church at 3 p.m. Attending as godparents were Miss Pamela Stoffels and Joey Dangelmayr. Family members attended also.

Special guests for the noon dinner were Chad's other grandparents Mr. and Mrs. Russell Simmons and their three daughters Linda, Karen and Marcia of Pine Bluff, Ark., who came Saturday to get acquainted with the newest member of the family.

Other guests included the host family and Miss Janel Stoffels of Dallas, Chad's great-grandmother Mrs. Will Sandmann of Lindsay, his brother Russell and their mother.

Pictures were taken of the christening, of dinner scenes and of individuals and groups to send to S.Sgt. Simmons who is with the Air Force in Thailand.

**NOTES FROM  
THE LIBRARY**

By Bettie Luke  
On the feast of St. Nicholas, Dec. 6, library staffers held their annual Christmas dinner, everybody providing covered dishes. Festive tables were arranged by the Lee Toothakers and each staffer received a token made by Mrs. Toothaker. It's a "do it yourself" novelty using caps from spray bottles for containers filled with green styrofoam with small flowers and a holder with this motto: "I'll hold your recipe while you cook. A message where the family can look, A note for the boss I'll keep handy, I am

in fact a real Gem Dandy." The event was such a success staffers hope to be together again in 1974 for another Christmas observance. Come and read some of the library's lovely Christmas books.

**Garden Club Has Christmas Program At Meeting Monday**

Muenster Garden Club had a Christmas program at its December meeting Monday night when Mrs. Tulu Hickerson of Gainesville gave the program and was guest hostess with Miss Sylvia Hofbauer in Cooke County Electric Co-op building.

Mrs. Hickerson discussed holiday recipes, showed Yule goodies she had prepared, handed out recipes, and demonstrated new electric appliances. Afterward she told the story of Christmas customs in other lands.

Mrs. John Mosman, club president, conducted the meeting in the presence of 22 members and three guests.

Members made plans to visit Kaden's greenhouses in Gainesville on Thursday as an afternoon pilgrimage.

Mrs. Arthur Endres and Miss Hofbauer had made Christmas arrangements for display and

these were judged by members.

Centerpiece for the refreshment table was made by Mrs. Harold Flusche and Miss Hofbauer and was the door prize. It was won by Sister Mary John Seyler.

Christmas cookies, fruit cake and other holiday goodies were served with punch poured by Miss Hofbauer and coffee poured by Mrs. Hickerson.

Members had on display Christmas gifts they donated to the Child Development Center in Gainesville.

Next month's meeting will be held in the TP&L community room with Mrs. Roger Taylor and Mrs. Harold Flusche as co-hostesses. The program will be on care of potted plants by Mrs. Dan Luke.

**Hillcrest Manor News**

Last Wednesday's visit of Hillcrest Auxiliary to the Manor was a Christmas special with a large, beautifully decorated cake made and donated by Mrs. Jerry Walterscheid as a holiday treat. It depicted a Christmas scene with Santa, his sleigh and reindeer and lamp post figurines and green icing Christmas trees atop a snowy icing cover. It was served with punch by Mmes. Leonard Endres, Ted Voth and Milred Cantu. Mrs. Henry Pick was a visitor. After refreshment time the group played bingo with prizes.

The home's ceiling-tall fresh cedar tree went up Monday night and was decorated by Mr. and Mrs. O. D. Garland. It holds a vantage spot in the living room where an improvised fireplace with glowing logs and mantle decorations further add festive touches of the season.

Mr. and Mrs. Charlie Stelzer drove over from Fort Worth Thursday afternoon to visit their aunt Susie, Mrs. L. A. Bernauer.

Sister Benedict Zimmerer of Lindsay was a visitor with her aunt Jenny Schilling Saturday afternoon and left her a Christmas decorated cake which Mrs. Schilling shared with residents at supper.

Mrs. Arnold Muller (Theresa Mae) has joined the staff as a nurses aid. She worked her first shift Saturday night.

**Mrs. Joe Prescher Birthday Honoree**

LINDSAY — Mrs. Joe Prescher, 86, celebrated her birthday Sunday at a family gathering held in the home of a daughter Mrs. Tony Hacker and family at Valley View.

More than 50 relatives attended from Muenster, Lindsay, Gainesville, Valley View, Carrollton and Lewisville.

Mother of 15, Mrs. Prescher has 12 living children, 55 grandchildren, 111 great-grandchildren and 4 great-great-grandchildren.

**Bishop Dangelmayr Honored on 75th At Family Dinner**

Brothers and sisters of Bishop A. Dangelmayr joined Tuesday evening at the home of Mr. and Mrs. Hubert Felderhoff for dinner honoring His Excellency on his 75th birthday.

Present with the hosts and honor guest were Messrs. and Mmes. Tony Felderhoff, Albert Dangelmayr, Herman Dangelmayr, and Bruno Fleitman and Joe Dangelmayr.

Table centerpiece was a decorated cake topped with the numerals 75 and a candle and inscribed with "Happy Birthday Bishop."

**SH Teams Rapped For Three Losses At Lake Dallas**

Three of Sacred Heart's basketball teams had too much competition at Lake Dallas Tuesday night. Junior Varsity boys were turned back 55-31 and the Tigers 66-40. Tigerettes came closer but still lost by a count of 43-35.

The first game was just a matter of experience for the B boys. Their hosts took charge early and kept gaining all the way. Sacred Heart's scorers were Kenny Hess 10, Jeff Fette 6, John Henscheid 6, Bob Schmitz 4, Chris Sicking 4, J. T. Pangel 1.

Tigerettes made a bad start for a 9-4 deficit at the first quarter but kept the game fairly even after that with scores of 20-15, 32-23 and 43-35 ending the other periods. Mary Hess hit 15, Peg Hoedebeck 14 and Laura Kralicke 6.

The boys' main event went about like the B string game. The Falcons had no problems in gaining all the way through. Roger Endres led Tiger scoring with 14, Kevin Pels added 7, John Bartush 6, Ricky Walterscheid 6, Phil Endres 4 and Mark Hess 3.

**BIRTHS**

Mr. and Mrs. Wilfred Koelzer, proud first-time parents, announce a son, eight pounds four ounces on arrival at a Sherman hospital Friday Dec. 7. Mr. and Mrs. Pete Koelzer have another grandchild. The maternal grandmother, Mrs. Rosina Thim lives in Langenau, Germany. The newcomer has been named Helmuth Peter.

Mr. and Mrs. Robert Walterscheid of Wichita Falls joyously announce their first child, a seven pound 12 ounce daughter born at Bethania Hospital Tuesday, Dec. 11, 7:04 a.m. Jubilating over their first grandchild are Mr. and Mrs. Otto Walterscheid while Mr. and Mrs. Frank Schilling welcome their fourteenth grandchild. Mmes. Katherine Huchton and Jenny Schilling are great-grandma again. The little girl has been named Leah. The Waltersheids and Schillings lost no time in visiting the newcomer and her parents. They went to Wichita Falls Tuesday evening.

Mr. and Mrs. Don Schad of Lindsay have announced a son, their first child, born Sunday, Dec. 9, 12:29 a.m. at Muenster Hospital. The six pound ten ounce boy is a grandson for the Ed Schads of Lindsay and the Bernard Sicking of Muenster.

Mr. and Mrs. Jerry Wimmer and children went to Oklahoma City on Dec. 2 to get acquainted with a new member of the family, Melony Bernice, infant daughter of Mr. and Mrs. Charles Wimmer, and the Muenster couple attended as godparents for their niece at her baptism. She was born Nov. 10 and is a sister for Dayna, Tina and Stanley. Her grandparents are the Andy Mondays and Tony Wimmers. There are five great-grandparents: the Andy O'Connors, Mrs. C. J. Wimmer and the Mondays in Crab Orchard, Tenn.

Mrs. Dick Cain spent last week in Dallas with her granddaughters Tracey and Kelley McCollum while their mother Mrs. Bill McCollum was on a flying business trip

Camp Fire Girls Meet Sixth Grade Camp Fire Girls, at their regular meeting practiced songs for Christmas caroling and drew names for a gift exchange at their Christmas party. Christi Felderhoff, president, presided and was hostess for refreshments. Mrs. Joe Felderhoff attended with the group.

**Sandra Otto and Jimmy J. Lehnertz Say Vows at Mass**

Mr. and Mrs. Jimmy Joe Lehnertz are at home in Gainesville since returning from their wedding trip following their marriage December 1 in St. Mary's Church. The bride is the former Miss Sandra Otto.

Parents of the couple are Mr. and Mrs. Thomas Otto and Mr. and Mrs. Jimmy Lehnertz of Gainesville, all formerly of Muenster. The groom is a grandson of Mrs. Agnes Lehnertz and the late Joe Lehnertz of Muenster.

Father James Gillespie, pastor, celebrated the Nuptial Mass and performed the double ring ceremony. Pink pompon mums and fern decorated the altar and communion rail.

Given in marriage by her father, the bride wore a white peau de soie gown made by her cousin Mrs. Julius Hermes Jr. of Lindsay. A capelet of lace with high stand-up collar, and full organza sleeves with wide lace cuffs accented the fitted bodice and a wide gathered organza flounce finished the bottom of the softly gathered skirt. A beaded peau de soie Juliet cap held her chapel-length veil.

She carried a cascade of pink and white sweetheart roses, stephanotis, gypsophila and ivy with a rosary belonging to her late grandmother Mrs. Tony Otto of Muenster, and a prayerbook belonging to the groom's mother.

Mrs. Chuck Bezner was matron of honor and Miss Carol Otto, sister of the bride and Mrs. Ronald Overstreet were bridesmaids. They wore A-line gowns with beige lace bodices, the honor matron's skirt in pink and her bouquet pink roses. The other attendant's skirts were in bergundy and their flowers were red roses.

A.J. Beyer was best man with Greg Otto, brother of the bride, and Anthony Price groomsmen. George Utley of Dallas, brother-in-law of the groom, and Ricky Hott were ushers.

Gary Otto and Mike Lehnertz, brothers of the couple were Mass servers.

Classical guitar music was furnished by Louis Gehring of Dallas, cousin of the groom. His selections included "A Time for Us" and "Green-sleeves."

Reception and catered dinner followed in the KC Hall. Miss Cheryl Lehnertz of Dallas, sister of the groom, presided at the wedding cake assisted by Mrs. Ed Locke and Mrs. Anthony Price. Mrs. George Utley of Dallas, sister of the groom, and Miss Tina Hill of Commerce registered guests.

For their wedding trip the bride wore a pink and white knit dress with black accessories. She is a graduate of Gainesville High School. The groom also is a graduate of GHS and attended Cooke County Junior College. He is employed at National Supply and The Automotive, Inc.

Among wedding guests from a distance were the groom's uncle and aunt Mr. and Mrs. Joe Gehring of Dallas.

**MHS Girls Lose 54-28 at Petrolia**

The Hornettes of Muenster High sustained their second loss of the District 14-A schedule Tuesday night at Petrolia. After making a nice start for a 12-10 lead in the first quarter they suddenly went cold and remained that way. The sad final score was 54-28.

Their problem simply was losing sight of the basket. For instance, they made 2 of 21 shots in the second quarter. Scores ending the half and third quarter were 21-16 and 43-22.

Becky Fields led the effort with 16. Sandy Dittfurth added 6, Tracy Klement 4 and Mary Lou Fleitman 2.

Next Tuesday the boys get into conference play as the two teams go to Pilot Point. And they'll end their pre-holiday schedule at Callisburg on Friday, the 21st.

**Former Muenster Girl, Miss Schad Earns Promotion**

Former Muenster resident Miss Margaret Mary Schad, daughter of Mrs. Christine Schad of Dallas, has been promoted to Inspector for the United States Immigration Service effective January 1. She has been employed in the United States Immigration and Naturalization Department in Dallas for seven years.

Sunday visitors with Mrs. Schad and Margaret Mary were their daughter and sister Clarice and her husband Mr. and Mrs. Henry Oliver of McKinney and Mr. and Mr. Al Swirczynski of Mesquite, Mr. and Mrs. Jake Horn of Windthorst, Mr. and Mrs. Joe Horn and Mr. and Mrs. Al Horn of Muenster.

**Patti Sicking Is Honored at Party**

Miss Patti Sicking, bride-elect of Arnie Zimmerer, was complimented with a surprise gift shower in the home of Mrs. Mel Stephens on December 5. The hostess presented the honoree a pink and red carnation corsage along with a hostess gift.

The party room was decorated in a pink and red theme, colors chosen by the bride-to-be. Gifts were displayed.

Red wine and fruit salad were served to about 25 guests.

**THANKS**

Words can't express our gratitude and appreciation for all the thoughtful and kind things the people of Muenster have done for us. Thank you for contributing to the medical fund, for the prayers, food, cards, flowers and visits. We couldn't have made it this far without your help. God bless you all. We wish to thank the ones who sat at night, the errands they ran, the loan of a TV which Tom enjoys very much and the calls wanting to know how you can help. Tom is improving every day, thanks to you. Our many thanks to Father Placidus for the prayers and visits. We appreciate them very much and look forward to them. Again thank you for all the kind and generous things you have done for us. Our prayers are with you. Merry Christmas. — Mrs. Tom Hamilton and Family.

## Forestburg News

By Myrt Denham

**FORESTBURG** — That little lady Cleo Lanier seems to have a problem getting her three children and their families together for dinner at her house. Some time back she cooked dinner — invited 'em all but Gerald and wife couldn't make it. Sunday Dec. 2 Cleo tried again and this time Gene and wife couldn't make it. Gene and Shirley were entertaining the Church of Christ minister and his family, the Sonny Coles of Saint Jo. Cleo did have Gerald and family, her daughters Jeanette and husband, and Mr. and Mrs. J. T. Poteets of Alvord. The Poteets are Gerald's in-laws.

Talked to my good friend Bess Orrell one day this week. Bess told me that a group of men and women — about 31 in all from the Brotherhood Bethel Temple of Nocona presented a program at the local Baptist Church Sunday p.m., Dec. 2. This group took complete charge of the evening services — there was group singing, quartet singing, personal testimonies, prayers and talks. After the services they had a fellowship at the home of the Kenneth Hollands. Refreshments were served to those attending.

Visiting Vera Mae McGee the weekend of Dec. 1 were Mrs. Edna McGee, Mary Ann McGee, and Jean Quinette all of Shawnee, Oklahoma. Edna McGee is the late Pryor McGee's sister-in-law, Mary Ann is Edna's daughter and Jean is Edna's sister. Then on Sunday the Bud Griffins of Wichita Falls and Mrs. Gordon Hill and sons of Bowie were guests in Vera Mae's home. These two ladies are Vera Mae's daughters.

During the week my husband picked up a half bushel of sweet potatoes from our friend Laura Belle Jackson. He just thanked her and went on his way not knowing I had ordered them from another party and they weren't free. Reminds me of a story that is told in these parts. It seems this man, who was partially deaf, bought some seed corn from another man back when a dollar was a dollar. He paid him a dollar a bushel. As he rode away the seller yelled at him "Say Lum, the corn is a dollar and a quarter a bushel." The buyer answered back, "Okay Levi, you all come too."

There was a pink and blue shower, Dec. 2, in the home of Mrs. Peggy Hill honoring Mrs. Cathy Mosley. Other hostesses were Mrs. Nancy Perryman, Mrs. Barbara Lee, Mrs. Cheryl Brogdon, and "Cookie" Hennigan. Cathy received many nice gifts and refreshments were served to a nice crowd — all ladies.

Speaking of showers — one

of our local girls was honored with two miscellaneous showers recently. Miss Retha Riddles, lovely daughter of the Alvie Riddles, was honored Tuesday a.m., Dec. 4, with a shower at the Assembly of God Church in Bowie. Then on Friday night, Dec. 7, Mrs. Iva Duncan of Montague honored Retha with a shower in the Duncan home. We are told that Retha received many nice gifts at both showers. Retha will become the bride of William Laine of Bowie at 8 p.m., Dec. 21.

The United Methodist women of the local Methodist Church had their Christmas program at the home of Mrs. Edith Self. After the program we had our Christmas party, exchanging gifts and enjoying refreshments. Those present were Mrs. Ross Littell, Mrs. Howard Sockwell, Mrs. Ted Jackson, Mrs. Dave Roberts, Mrs. Homer Shears, Mrs. Decie Ellzey, Ruth Smith, Mrs. Mark Landers, Vera Mae McGee, Mrs. Azelee Gilbert and me — Mrs. Perryman (Myrt) Denham. Mrs. Self really had a wonderful variety of refreshments spread out for us. Guess the "fattening" season has arrived once again.

Haven't seen many "mercy benchers" out this past week. Don't know if it is because of the weather or if they are all getting sorta tired. As Willie Kuykendall said, some days on the bench he got more tired than others. Even Barney Brogdon turned down a fishing trip the other day — guess he is getting burned out on fishing. Mark Landers is still wandering around town looking for some action.

Alfred Fanning must have gotten a little thrill the other

day. One of our local youths was out in front of his service station cutting doughnuts in his car. After about ten doughnuts and the whole metropolis of Forestburg smelling of burnt rubber — the "doughnut cutter" lost control of his car temporarily and nearly went in the front window of Alfred's station.

We have another party down New Harp way, besides John Anderson, that has an interesting hobby. As we know John raises skunks and coons. The other feller is Huston Foster — Huston is a rock-hound of the first order. My husband says he has a collection out of this world. Huston has a collection that will rank with any in the country. If you ever go to see his collection be prepared for a long stay as ole Huston can sure "rock" you a long time. We would like to add that Huston is also an official U. S. weather watcher.

Visiting with Mrs. June Eldridge and Connie the weekend of Dec. 1 were Gary Ratliff and his roommate Pete from

North Texas State in Denton. Also Waymon Turner and T. R. Telton of Dallas. Gary is June's nephew — Turner and Telton are former good friends of June's late husband.

Mrs. Ida Eldridge of Dallas has been visiting with June and Connie. Also with Lewis and Ruth Eldridge.

June also told me that the local Baptist church has two King's Daughters Sunday School classes. They consist of the adult ladies in the Church and they meet every second Wednesday evening in the month at 6 p.m. for fellowship, taking turns bringing the food. This year they have exchanged names and will have their

## The Lady Makes Cowboy Boots, Sir!

NOCONA, TEXAS — In a land where legendary individuals are as numerous as the notches on Davy Crockett's Long Rifle, Enid Justin stands unique. First, because she is just that, an individual. Secondly, and as a result of that individualism, because she has become a legend in her own time.

"Miss Enid," as she is affectionately known by kings and commoners alike, is president and chief spokeswoman for the Nocona Boot Company in Nocona, Texas. Starting in 1925 on \$5,000 borrowed capital, she has seen to it that her company became one of the best known names in the business.

Today, Nocona is a \$7 million-a-year enterprise, with a clientele that has included such well-known personages as former Chief Justice Earl Warren, the late King Gustav VI of Sweden, former President Lyndon Johnson, former Texas Governor John Connally, George Burns, Carol Burnett and numerous others. She once even tried to offer a pair of boots to the Pope.

But that's getting ahead of our story. The world's only lady cowboy boot maker literally cut her teeth on leather. In 1879, her father, then a 20-year-old cobbler, moved to Texas from Lafayette, Indiana. He settled at Spanish Fort, on the south bank of the Red River.

Spanish Fort was the point at which the Chisholm Trail crossed into Indian Territory, and for a boot maker, the

As bright and energetic as a person half her age, 79-year-old Miss Enid Justin continues to oversee the management and operation of the business she founded 48 years ago, the Nocona Boot Company.

prospects should have been good. "But they weren't at first," related Miss Enid. "All Daddy Joe had to his name was twenty-five cents, a hammer and an awl. And business was slow. It wasn't until the town barber loaned him \$35 to buy boot leather that he began to make a name for himself."

In due time, his customers learned the value of Miss Enid's daddy's hammer and awl. Cowboys on their northward drive to Kansas would stop by his shop to be measured. On the return trip they would pick up their custom-fitted boots.

There were outlaw custo-

mers, too. Miss Enid recalls her father telling with some pride of the three cattle rustlers who were hanged in Wichita Falls, Texas. "They all died with their boots on," recalled the senior Mr. Justin. "And all of them had on my boots."

Today, not only cowboys—and maybe a few outlaws—wear them, but also doctors, lawyers, truckers and millions of people in professions from A to Z swear by the comfort, style and support of Nocona Boots. Boots which trace their beginnings to a skilled craftsman on the Texas plains, Miss Enid Justin's father.

Have you heard about the scientist who crossed a potato with a sponge? It tastes terrible but it really holds gravy.

Advertising is the fine art of making you think you have longed for something all your life that you never heard of before.

## Lindsay News

LINDSAY — Pvt. Glen Beyer, 20, son of Mr. and Mrs. Frank Beyer, has completed a seven-week field artillery operations and intelligence assistant course at the U.S. Army Field Artillery Training Center, Fort Sill, Okla.

Lindsay junior 4-Hers won a blue ribbon on their entry in the annual Share-the-Fun contest presenting a comedy skit, "The Neighborhood Kids." Members of the cast: Sharon Voth, Michele Pelzel, Janet Schmidtkofer, Joy Hess, Shelly Stoffels, Dolores, Kathleen, Mary Ann and Linda Sandmann.

Mr. and Mrs. Albert Klement spent a recent weekend in Elmhurst, Ill., making a flying trip to see her sister and family, the George Hartmans.

Kim Zwinggi, sixth grader at Lindsay School, was surprised recently when she received a copy of the New Orleans Times with bold three-inch block letters proclaiming "Kim Zwinggi May Join Lawrence Welk Band." Father Bede Mitchel is responsible. Kim, a talented musician, daughter of Mr. and Mrs. Kenneth Zwinggi, plays the accordian and guitar and accompanies herself for vocal numbers. Sometimes she teams up with her brother Kelly for duets.

Lindsay FFA Chapter has elected new officers: Karl Metzler, president; Dwayne Hellman, vice president; Robbie Loerwald, treasurer; Ronnie New, reporter; John Kasperek, sentinel. David Nortman continues as secretary.

Mrs. Mat Neu was a surprised honoree Dec. 4 when a group arrived at her home with cake and ice cream to celebrate her birthday. Attending were Mmes. Bill Neu and Adolph Pittner of Gainesville, Will Bierschenk of Valley View, John Neu, Freddie Neu, Paul Neu, Paul Arendt Jr., and Andy Arendt of Lindsay.

Mr. and Mrs. Johnny Neu and Mr. and Mrs. Joe Neu have returned from a trip to South Texas and across the border into Reynosa, Mexico. In the Rio Grande Valley they saw truckloads of grapefruit and oranges at market and also acres of cabbage harvested and readied for shipment.

Lindsay Parent - Teacher

Club has completed plans for its annual New Year's Eve dance in the school cafeteria. Tickets will be ten dollars a couple and reservations may be made with Mrs. Richard Hermes. Bob Brooks Quintet will play. Ticket charge covers set-ups, ice, party treats and snacks.

If you think talk is cheap, hire a lawyer.

Question:

# Is Lone Star doing everything it can to hold down costs?

Answer:

# Yes!

We're operating more efficiently than ever before. But our costs are going up none the less... just like yours.

For instance, the interest rates on money we have to borrow for constructing new gas supply systems have increased dramatically. These rates have recently been at all time highs.

Within the last 18 months, we have invested nearly \$100 million:

- to build a large diameter, 400-mile pipeline from West Texas to the Dallas-Ft. Worth area,
- for other facilities along this pipeline,
- to attach major new reserves and
- to pay for well drilling by producers... all for the purpose of assuring continuing natural gas supplies to our customers.

These investments don't even include the cost of all the gas we must buy to fill the line. In 1969, natural gas

cost us about 19 cents per thousand cubic feet.

Recently we paid more than 85 cents for major new supplies. And the price is still rising.

Costs like these are the price Lone Star must pay for your continuing natural gas supplies. It's important that you understand our need for adequate rates so we can continue to deliver clean gas energy to your home for winters to come.

We're doing everything possible to hold down controllable costs. But even with gradual rate increases, natural gas from Lone Star will still be your most economical and efficient non-polluting fuel.

Christmas party Wednesday night, Dec. 12.

Mr. and Mrs. J. W. White, Dewey way, have as their

guests Mr. and Mrs. Ernest Moore and family of Jacksonville, North Carolina. Mrs. Moore is the former Judi White. She and her daughter will make their home with the J. W. Whites while her husband Ernest puts in a tour of duty on Okinawa.

Eula Bell Boyd, Dewey, and her daughter E. G. (Bonita) Gresham of Rosston left Love Field, Friday at 6 p.m. for Los Angeles, California. They will visit Bonita's husband out there — he is employed there. Donald "Nubbin" Boyd is also out there with a band playing a night club engagement. He does not know his mother is coming so Eula Bell plans to drop in on "Nubbin" and surprise him. Eula Bell and Bonita are due to return to Dallas and then home Sunday, December 9.

Betty Reynolds and this writer were in Bowie Wednesday, Dec. 5. While we were having lunch at the Dairy

Queen we struck up a conversation with the nicest couple from the state of Wisconsin. They had been to Fort Worth on a Veterinarians' Convention. They remarked about our lovely weather and that our grass was still green. The lady said that Wisconsin had been having unusual weather also up till now. They were returning home to a lot of snow. Betty and I really enjoyed our visit with this nice friendly couple.

My "better-half" and I attended a rural mail carriers' get-together Saturday night, Dec. 8, in Bowie. I never heard so much post office talk in my life. It reminded me of the story of when the mice met to see who would bell the cat. They came to one of many conclusions that about 1% of their patrons caused 90% of their problems. Isn't that about the way it is in anything? At least my husband found out he is not the only one that has that 1%.

The following was taken from some of the writings of the Stoney Point news written well over 20 years ago:

Since we feel that we may be coming close to the days when we will make our last Stoney news report, let us have a little synopsis of some of our citizens of yesterday, today and tomorrow.

Probably the best citizen we ever had in this community was Harry Denham. He lived on the Royal place years ago. Now for the biggest boozer, we can't forget Melvin Mobley. Melvin could take some possum grapes, a yeast cake, and a little sugar and tank of water and fix you something that well... would make you slap you grandma.

One of our very zealous and industrious men was Scott Butler. It's hard to say who was the nerviest man that ever lived in Stoney. It probably lays between a preacher who one time lived here, and a hog man. The preacher moved into an empty house he chose; the hogs were trained to run home if caught molesting the neighbors.

Folks there is more to the above which I will continue in next week's column. Hope it gives you some pleasure.

**Jameslee Dist. Co. Has Holiday Party**

Jameslee Distributing Company personnel and guests were treated to a Christmas banquet Saturday night in the Caravan at Gainesville with Mr. and Mrs. Leon Fleitman as hosts.

Special guests included Ben Monfort of Tom's main office in Columbus, Ga., and his wife and Mr. and Mrs. Lambert Bezner of Gainesville. Dinner invocation was given by Mrs. Jim (Helen) Hicks, Bowie dealer, after which her husband, general manager, presented prizes for highest sales in the Christmas promotion contest. Mrs. Hicks was first; Don Waller, Decatur dealer, was second and Floyd Roe, Denton dealer was third. Mr. Hicks extended congratulations for making the week ending Dec. 7 the highest week ever in sales.

Jameslee's Leon Fleitman presented a 15-year service pin to Floyd Roe and a one-year service pin to Helen Hicks. Gag gifts were handed out and a contest with an impromptu speech concerning them was won by Mrs. Gary (Carol) Morgan, secretary for Jameslee.

A gift exchange followed. Each lady also had received a corsage of white carnations with red trim as she entered the party room. Banquet tables had red covers. The main table's centerpiece was a white floral arrangement with red votive lights. Other tables had Santas with white sleds and gold reindeer. Sixteen guests were present.

This cool weather reminds us of hog killing time. Farmers used to look forward to cold weather so they could replenish their fresh pork and lard supply. It reminds me of a trip through East Texas where hogs ran loose and lived

on pine cones and acorns. The hogs' heads were about as long as their bodies. The heads and feet weighed as much or more than the rest of the carcass. A farmer butchered one of them and got two six-pound hams, two three-pound bellies, two five-pound shoulders, a milk pail of head cheese, a tea cup of lard and two gallons of turpentine.

The news sure is depressing and may cause a recession because people just don't know how to prepare for the future. In just a few short months shortages in practically every line or type of merchandise have occurred. Most shoppers have not felt the shortage but every merchant is quite aware of it. Now it looks like if a congressman wants to hit the news, he just forecasts a shortage.

Just this past week one of them predicted a shortage of

toilet paper. Could be he has an interest in a paper company and wanted to get people to buy more. Another publication said the paper shortage would not be noticeable because the Canadian paper mills had settled their labor troubles and are back in full production. In the mean time people are stocking up on toilet paper and are saving their catalogues.

A food shortage is predicted just when there are so many cattle available the price is going down daily. Only a few months ago beef was held off the market thereby creating a shortage that made prices too high. People found they could live with a lesser amount of beef and are still not buying as they once did.

Grain can't be short after the best harvest this nation has known. With more acres to plant for next year — how can it be predicted to be so scarce.

The stock market continues to drop altho companies report record yearly earnings. Money is going into saving accounts where it is safe. Now there is talk of lowering interest rates to get the money working.

Could it be possible that what we're experiencing is a planned program to slow down inflation? Blaming it all on the Arabs would save the necks of many politicians.

**Tigers, Tigerettes Win 2 Games for Metroplex Teams**

The Tigers and Tigerettes hosted a pair of teams from the Big D area last Thursday night and turned both of them away with losses. First the girls took Immaculate Conception for a count of 47-42, then the boys rolled over Trinity Christian 64-52.

Those games happened to be the second twin bill of the day for the Sacred Heart teams, who were participating in a tournament at Saint Jo. They divided with Whitesboro in that event, the Tigers winning and the Tigerettes losing.

A hot streak by Roger Endres continued as the feature of the game back at home. He rolled up 29 for an amazing day's work of 67 points. Other Tigers who had a part of the scoring were John Bartush 9, Ricky Walterscheid 8, Phil Endres 6, Kevin Pels 5, Mark Hess 4, Pat Endres 3.

The Tigers practically sewed it up in the first quarter with a lead of 23-8. From then on the visitors trimmed the margin by only three points. Scores of the other three quarters were 35-28, 49-36 and 64-52, Sacred Heart leading all the way.

The Tigerette game was a see saw, with Sacred Heart leading 28-25 at halftime and 47-42 at the end after trailing 14-9 and 35-34 ending the first and third quarters.

Feg Hoedebeck led SH scoring with 19, Mary Hess and Laura Kralicic hit 13 each and Kathy Luke made 2.

**County FB Sends Ten Delegates to State Convention**

Among more than 1,500 Farm Bureau members attending the Texas Farm Bureau Convention Dec. 2-5 in Abilene, were 10 delegates from Cooke County Farm Bureau. They were Messrs. and Mmes. Charley Kammerdiener, J. T. Cole, Al Walter, George Gehrig and M. B. Bayer.

Also attending from the county were Yvonne and Monica Gehrig, daughters of the George Gehrigs. Yvonne, who is this year's queen of Cooke County Farm Bureau and District 4 Farm Bureau, was one of the twelve contestants for the title of Texas Farm Bureau queen. All of the entries received beautiful wrist watches from the state FB president, J. T. Wordson.

A total of about 900 voting delegates, representing the majority of the 209 organized Farm Bureaus in Texas, were present at the 40th annual meeting held in the Abilene Civic Center. The convention adopted state policies for 1974 and recommendations on national issues.

Delegates registered Sunday, Dec. 2, before participating in the evening's activities which included a Vesper Service, Discussion Meet and Talent Find.

On the agenda for Monday morning were the president's annual address, delivered by J. T. Woodson of Gober, and a special address on the energy crisis by guest speaker John C. Whitaker, under-secretary for the U. S. Department of Interior. A ladies' luncheon was held at noon.

Monday afternoon was devoted to special conferences on Community Services, Young Farmers and Ranchers, Livestock, Dairy, Rice, Natural Resources, and Wheat and Feed Grains. That evening 12 district nominees competed for the title of state Farm Bureau queen. Selected queen was Miss Belenda Whittenburg of Levelland.

Tuesday's activities included a voting delegate breakfast, the administrative report delivered by TFB Executive Director Warren Newberry, and the financial report brought by TFB Secretary-Treasurer Bill Reid. Conferences on Field Crops, Research and Education, Services, Poultry, Farm Labor, and Cotton were held Tuesday afternoon.

In conjunction with the awards program on Tuesday evening, those attending the convention were entertained by Jeannie C. Riley of "Harper Valley Valley PTA" fame, and a five-piece Country and Western band, The Homesteaders.

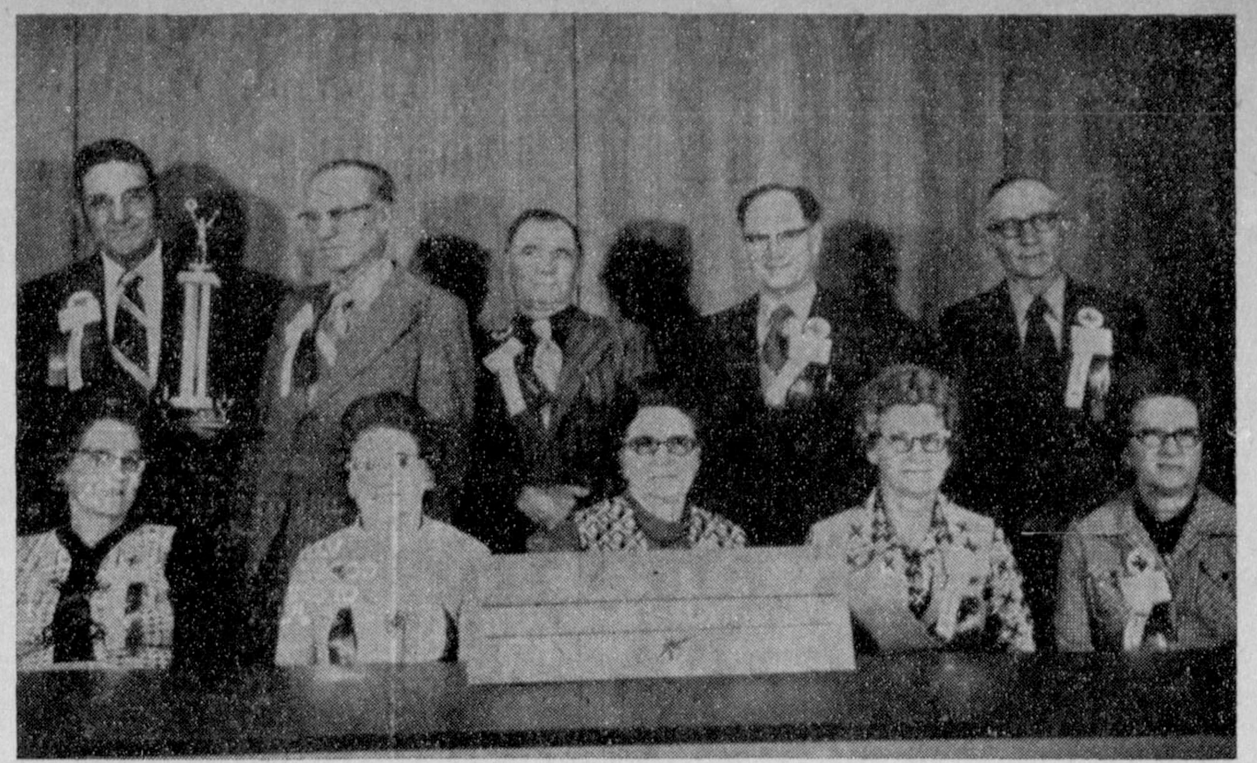

The convention business session began Tuesday afternoon and continued through Wednesday. The last order of business was the election of directors and the TFB president. The president for 1974 is J. T. Woodson of Gober.

**KCs Will Treat Kiddies Sunday at Christmas Party**

The annual kiddies' Christmas party sponsored by Muenster Knights of Columbus will be held in the K of C hall Sunday night about 8 o'clock, after the 7 o'clock mass in Sacred Heart Church. Children and grandchildren of the members are invited to attend.

It will start with a caroling party around the Christmas tree by children and adults, then Santa's Christmas conferences with the little ones along with presentation of goodies. The council will treat the kids to soft drinks.

conomic and moral principles. While resenting the fact that the political hatchet men may succeed in their schemes, we have to acknowledge that Ford is capable of taking over and apparently is not handicapped by current political enmities.

On this issue, National Right to Work Committee presents a suggestion that President-for-life George Meany of the AFL-GIO ought to resign for misconduct in his own office. Meany is the guy who kicked

off a nationwide impeachment effort by mailing requests to some 50,000 friends for letters to Congress demanding impeachment.

In doing that Meany, who never asked rank and file members for an opinion, was telling them what he expects of them and paying the expense with compulsory dues taken from them — and without any knowledge that a majority, or even a substantial minority agrees with him. As

regards all who disagree, he was using their money to promote a political position that they personally opposed. Can anyone say that this is proper use of union funds?

Meany is one of those guys who mean mouths political contributions in the thousands by corporations, but himself donates millions through his organization — and the money comes from compulsory dues by people who have to pay to hold their jobs.
