Occupational Interest Survey

On January 22, seniors and juniors of SHHS were tested in an occupational interest survey, by Mr. Joe Caserta and Mrs. Betsy Fleitman, respectively. Purposes of the test and survey were to show how much the individual student's preferences were like those of typical people in various occupations and fields of study. Also to show interest patterns typical of certain occupations so that the student will more likely find satisfaction in his chosen occupation.

Speech Tournament

Speech students at SHHS attended a tournament in Wichita Falls Friday and Saturday, January 19 and 20. They included Sherri Muller, Lisa Hennigan, Kathy Koch, Mark Miller, Kathy Knabe, Barbara Gonsalves, Marceline Batrel, Janet Dangelmayr, and Mary Lin Koesler. Nancy Luke served as a student judge.

Advancing to semi-finals were Jenny Felderhoff and Susie Felderhoff. Mrs. Elaine Schad is the Speech instructor. Providing

transportation for the students were Mmes. Schad, W. J. Luke and King Koch. Students who remained through Saturday had a delightful surprise when they were able to attend a Harlem Globe Trotter Basketball game before returning home.

Some of the students were attending a speech tournament for the first time. Others were earning points needed to maintain and/or be admitted into the National Forensic League.

Audiometer Check

Mrs. Jeaninne Flusche, School Nurse, conducted the annual audiometer check, for all students at SHHS on January 17-18. Any hearing-deficiency or any abnormality in the student's hearing is reported to parents, who are urged to have the child referred to the appropriate doctor.

On UT Honor Roll

Mary Elizabeth Luke, daughter of Mr. and Mrs. Anthony Luke has been recognized and commended by Dr. R. J. Connelly, Assistant Dean in the College of Education at the University of Texas in Austin. She was named to the Dean's Honor Roll, Cum Laude, for distinguished academic accomplishment during the past semester. Mary is a freshman at UT and a 1978 graduate of Sacred Heart High School.

Americans Are Big Consumers of Meat

According to surveys done by the U. S. Department of Agriculture and the grocery industry, meat continues to be a mainstay of the American diet, notes Agriculture Commissioner Reagan V. Brown. "Fresh beef was the leader in retail food sales in 1977, with consumer expenditures of more than \$11.5 billion nationwide," Brown said. "Sales of broilers and turkey totaled some \$9.5 billion, while consumers purchased \$2.7 billion worth of fresh pork." Brown stated that sales of provisions, which include packaged bacon, cured hams, frankfurters, sausage products and cold cuts totaled \$10.3 billion. Consumers purchased \$731 million worth of veal and \$626 million worth of lamb, he added.

"As rising food prices continue to get widespread publicity, I feel it is important to point out that consumers paid more for beer and cigarettes in supermarkets last year than they did for fresh beef," Brown said. "While they bought \$11.5 billion worth of beef, a total of \$11.7 billion was spent on the other two items."

CCC Receives Grant

Congressman Charles W. Stenholm announces that Cooke County College has been awarded a grant in the amount of \$3,963. These funds are provided under the College Library Resources Program, Office of Education. Grant funds must be used to acquire academic library materials such as books, periodicals, magnetic tapes, phonograph records, audiovisual materials, and other related library materials.

Why Does Food Cost So Much?

One of those things that is always going up seems to be the cost of food.

A recent U. S. Government Accounting Office report, "What Causes Food Prices to Rise? What Can Be Done About It?" states that major reasons for high food prices are bad weather, increased food marketing costs, and inflation.

Between 1970 and 1977, consumers paid 72 percent more for U. S. farm produced food. Part of this increase is annual inflation, added to a 41 percent increase which resulted from a worldwide grain shortage in 1973-74.

These increases have brought charges of unfair

pricing policies against the food industry, increased the concern over high food prices, and led farmers to complain about the low prices received for agriculture products, compared with their production costs.

The largest single cost for farmers is the cost of labor. In 1977, for the first time, food marketing labor costs of \$62 billion exceeded the farm

value of the commodities by \$5 billion.

While farmers are complaining of low prices for their products, consumers are complaining they never see the savings passed on, say Dairy Council, Inc. home economists. Some of the reasons are:
 —increased marketing costs for the middleman (assembling, transporting, processing, wholesaling and retailing);

—retail pricing methods that follow competitor's prices, retaining retail price when wholesale cost decreases, and offering cents-off coupons rather than reducing the established price; and
 —no price competition when a few stores attract most of the business.

Hartmans Gather At Killeen for Family Reunion

Children and grandchildren of Mr. and Mrs. Victor Hartman reunited with them during the weekend in the home of Mr. and Mrs. Willard Hartman and family of Killeen.

The family gathering was held to observe the Victor Hartmans' 52nd wedding anniversary, and the birthdays of Willard Hartman, his daughter Margaret, both of Killeen, also Jim Tompkins of Fort Worth, and Alvin Hartman of Muenster. All were January events.

Attending were Mrs. Keith Tompkins of Arlington and her family: Mary Beth, Brian and David of the home, Jim Tompkins and Debbie Novak of Fort Worth, Karen Tompkins of Denton; also a family friend, Janie Morrow of Austin.

Also attending were Mr. and Mrs. John Yosten and Paula and Christy and Mrs. Victor Hartman; all of the above arrived Friday.

Joining them Saturday morning were Mr. and Mrs. Alvin Hartman; also Mr. and Mrs. Mike Fedor and Jeff and Teri Lynn of Arlington.

There were four specially decorated cakes served during the weekend; and family portraits were made. Assisting the hosts were their children Madonna, Mary Grace, Margaret and Mike.

The guests returned to their homes Sunday afternoon.

Names Omitted In Wedding Story

Several names were omitted from the story on the John Denny-Patricia Lowry wedding last week.

The account should have stated that Readings of the Nuptial Mass were selected by the couple and were given by the groom's sister, Mrs. Victor de la Garza (Mary Nell) of Mission, Texas.

Also, that ushers were the groom's brother-in-law, Jim Root of San Antonio and Victor de la Garza of Mission and the bride's brother-in-law, Dr. Carlos Bazan of Dallas.

The day after the wedding, Mr. and Mrs. Jim Root hosted a New Year's Eve party in their home, attended by many relatives who extended their visit to include the holiday. Mrs. Mary Nell de la Garza, Mrs. Sharon Root and John Denny are children of Mrs. Charles Denny of San Antonio and the late Col. Denny. They are also grandchildren of Mrs. Ben Luke of Muenster and the late Mr. Luke.

Pilot Point Blasts Muenster High in Three Game Series

In an amazing display of shooting accuracy Pilot Point's Bearcats annihilated the MHS Hornets 96-47 on the Muenster court last Thursday night. It seems that everything they put into the air came down through the hoop. They made 20 of 22 free throws and kept pouring in the field goals while running up a total that seldom happens in a high school game. College teams, playing 8 minutes more per game, are normally in that range.

The visitors started with a 28-12 first quarter lead and broke even in the second for a count of 44-28. They gained again to 66-42 in the third and then really took charge with a 30-5 fourth period. Dave Felderhoff hit 16 for the Hornets, Floyd Felderhoff made 14 and Don Grewing 10. MHS girls got along well in the first quarter for an 11-3 lead but were outscored the rest of the way by 2 points in the second, 4 in the third and 5 in the fourth. Ending the second and third Muenster led 15-9 and 23-21, but in the end the visitors had it 35-32.

Leading Hornette scorers were Robin Walterscheid 10, Kathy Davidson 7 and Kathie Fisher 7.

Junior Varsity Hornets dropped behind for three quarters by scores of 12-4 23-11 and 27-13 and gained only slightly in the fourth for their 32-21 loss. Top scorers were Larry Fleitman 8, Gary Klement 6, Tim Schneider 5.

**Caution Advised
In Ice Skating on
Community Ponds**

As winter's cold forms a layer of ice on ponds and lakes, children are filled with visions of their northern and western neighbors enjoying winter sports. The novelty of ice, however, lures many youngsters to their death.

"Ponds around here seldom freeze thick enough to support the weight of even small children," Ronnie Herring, soil conservationist with the USDA Soil Conservation Service (SCS) in Muenster, said.

The most dangerous ponds, he stressed, are those that freeze fairly thick in areas around the edges.

"Usually the down-wind edge of the pond will freeze first, and the ice may support a large person for several feet from the edge in that area. But, over deeper water and on the up-wind side of the pond, the ice is usually very thin," Herring continued.

There is no really safe ice thickness for skating, accord-

ing to the National Safety Council, because ice conditions are always changing. For example, four inches of new ice can support more weight than four inches of "old ice" that has been subjected to the effects of the sun, refreezing after thawing, wind, and changing water levels under the ice.

Realizing how hard it is to curb the natural curiosity in children, Herring suggested that children be made aware of the dangers of thin ice. He has warning posters available free of charge for this purpose.

Also, children should be taught rescue techniques.

"Some pond owners keep a life ring or other floatation device attached to a long rope handy at the pond. A long pole can also be used to rescue victims of broken ice," Herring said. "If you must go on to the ice to help a drowning person, be sure to use a large board, ladder, pole, or sheet of plywood to distribute your weight. If none is available, lie prone on the ice and slide gently."

The first dirigible trip around the world was made by the Graf Zeppelin in 1929.

Number of Texas Employed Reaches 5.7 Million in '78

A strengthening Texas economy saw more people at work during 1978 than in the previous year. The Texas Employment Commission, in its annual report, says that the Texas labor force passed six million in four months of the year, and that actual employment rose more than 4 per cent.

The bottom line is a 5.1 per cent jobless rate for the state, one of the lower ones in the nation and well under the 5.8 per cent national jobless ratio.

At fiscal year-end, about 6,041,200 people among Texas' million were either working, or were between jobs looking for work — 5.7 million of the former and over 300,000 of the latter, the Commission estimates.

Efforts to place people in jobs, a basic function of the Commission, were successful

in that 480,916 job placements were posted, an increase of 4.3 per cent over 1977. Nonfarm job placements showed the largest increase. Agricultural placements were down 5 per cent.

The Commission continued to emphasize services to employers, and to applicants, receiving more than 728,000 job openings from employers and making 1,653,800 referrals to those openings.

On an annual basis, the Texas economy showed steady improvement in its unemployment rate, which was at 5.8 per cent in 1976, dropped to 5.4 in 1977, then went to the year-end 5.1.

Nonagricultural wage and salary employment gained 4.9 per cent over the year, led by manufacturing with 950,200 at the end of the fiscal year. Increases in nonelectrical machinery, electric and electronic equipment, and transportation equipment led the durable goods, while printing and publishing was the bright performer among nondurable goods.

Nonmanufacturing employment was on the rise, featuring increases in mining and government.

Agricultural employment continued to decline, hitting 210,300 at the end of the year.

The "average" production worker in Texas manufacturing was earning \$5.95 per hour for a 40.8 hour week in August of 1978, an average weekly wage of \$242.76, a year earlier, it was \$5.41, 41.1., and \$222.35.

1978 was also a signal year for unemployment insurance developments

Fewer people filed claims for the regular state jobless benefits — almost 40,000 fewer than 1977, and so benefits paid out dropped by \$7 million plus, to 140.8 million.

Payroll tax payments by 236,224 employers into the Texas Unemployment Compensation Fund, which finances jobless benefits, brought the fund balance to \$333,784,000, high enough to trigger a tax rate reduction for some employers not already paying the minimum rate in 1979.

About 71 per cent of the experience-rated employers of the state are already paying the minimum tax rate of 1/10 of one per cent.

A recession-era Federal unemployment benefit program, Special Unemployment Assistance, was terminated by Federal legislation June 30, 1978.

An estimated 245,900 Texans received some regular state jobless benefits in fiscal 1978.

TEC continued to decentralize and computerize its local offices and operations during the year.

Major metropolitan centers now use several "satellite" offices to accommodate people and industries moving from the central city. Seven such offices were added during the year.

Dallas-Fort Worth now has a Job Service Matching System (JMS) which uses keywords to describe hiring requirements and applicant qualifications for computer processing. Houston will have such a system next year, while Austin has a batch employer-oriented system and San Antonio is getting one.

The Commission is installing a statewide telecommunication network to permit on-line collection, processing and distribution of data to increase and expedite service by the field offices.

McClures Visit Here

Recent guests of Mrs. Vic Gremminger have been the Donny McClures of Chambersburg, Penn., who are stationed at Sheppard Air Force Base in Wichita Falls. They also visited Mrs. McClure's cousins in the Maurice Pagel family and her Aunt Marian in Pilot Point. Mrs. McClure is the former Stephanie Howell, daughter of Mr. and Mrs. Bob Howell of Chambersburg and the granddaughter of Mrs. Vic Gremminger.

Bertha Pick Hosts Homemakers Club

Mrs. Bertha Pick hosted the January 17 meeting of Muenster Extension Homemakers last week Wednesday.

The program was given by Mrs. Dorothy Fisher on "Fat and Fiber In Your Diet," and Mrs. Pick gave two readings.

Mrs. Armella Lutkenhaus, president, led the business meeting, and gave the County Council report. Roll call was answered by each member giving a one-word description of the current weather, beginning with her initial. She also was asked to mention an interesting item about her family's Christmas holiday.

Mrs. Irene Klement was selected as the nominee for delegate from the Cooke County Council.

Fifteen members attended and were served refreshments by the hostess, Mrs. Pick.

Stenholm Assigned To Ag Committee

Congressman Charles W. Stenholm was today assigned to the House Agriculture Committee, his first choice for committee assignment. While campaigning for Congress, Mr. Stenholm frequently mentioned his background in agriculture and the importance such an assignment would have for the 17th District of Texas. The Congressman intends to be active in the legislative process and will use his new post to work toward meaningful legislation to in-

sure a good return on investment for the agricultural producers and an adequate supply for our consumers.

Congressman Stenholm would like to express his appreciation to the people of the 17th District who helped make this possible and would be pleased to hear their views on matters that concern them. The newly elected Congressman expressed gratitude that his request to the Leadership in the House was received so favorably.

PTO Buys School Equipment Items

During the business meeting held on Monday, January 8, members of the Muenster Public School PTO voted to purchase two carpet sweepers, one for the Homemaking Department and one for the first grade and kindergarten classrooms.

In other business, they discussed the possibility of selling old student desks at the Open House Night during Public School Week. The desks were donated by the School Board.

A nominating committee was appointed, including Mrs. Margie Walterscheid, Mrs. Theresa Walterscheid and Edgar Dyer.

Ways to improve both the elementary playground and the area between the Jr. High and High School building were considered. No definite decision was made, awaiting improved weather conditions.

Public School Week will be held March 4 to March 10. Date of the Open House will be announced later.

A Mother-Daughter basketball game was scheduled for the last week of February. Additional participants are welcome.

The business meeting was conducted by Mrs. Jean Park, president. Mrs. Florence Williams led the opening prayer and Pledge of Allegiance.

Following the meeting, members viewed the new video tape equipment used at school for classroom and sports activities. The equipment was purchased by the Quarterback Club and the Band Parents Organization.

Inflation is when money that talks apologizes.

STAGE Schedules Jan. 30 Symphony

After an absence of some five years STAGE (Some Thing Around Gainesville Exciting) has been re-activated to provide two free concerts for students and an evening performance open to the public.

The concerts, by the Fort Worth Little Symphony, will be presented in Gainesville High School auditorium on January 30. First program, at 1 p.m., will be for children of grades 1 through 5 and the next will be a 2:30 for band and choir students of all area schools.

The evening concert at 7:30 p.m., also in the GHS auditorium, will feature different music and is open to the public. Pre concert tickets, priced at \$3.50 for adults and \$2 for students, are available here from Mrs. Jewel Otto and in Gainesville at Watts Pharmacy and Gene's Photos. Price of tickets at the door will be \$4 for adults and \$2.50 for students.

Texas Little Symphony was established in 1976 and has already established itself as an outstanding musical organization. With some 35 members, it performs in locations varying from shopping centers, banks, department stores and schools in addition to regular season performances. Plans are currently being developed for nation wide tours and recordings.

Continuing Education Classes

Mrs. Marie Mosman has announced he re-opening of continuing education classes for adults, or anyone who has not completed High School. Anyone interested in starting may phone her at 759-4138. Instruction is available at all levels.

Andy Birden Gets Eagle Scout Rank

Andy Birden, a freshman at Lewisville High School and a son of Mr. and Mrs. Bill Birden of Lewisville and grandson of Mr. and Mrs. J. M. Weinzapfel, of Muenster, has been granted Scouting's highest honor, the rank of Eagle Scout Ceremonies were held on January 14 in St. Phillip's Catholic Church of Lewisville.

For his Eagle Scout Service Project, he directed the refinishing of courtyard benches at St. Phillip's. With the assistance of five other Scouts, the project was completed in approximately 84 man hours.

Following the Eagle Court-of-Honor on Sunday, a reception was held, and attended by relatives and friends.

Andy Birden entered scouting as a Cub in 1972 and member of Pack 262. In Troop 233 he has held a number of positions, including assistant patrol leader, patrol leader, assistant senior patrol leader, and current senior patrol leader. He is a member of the Leadership Corp, and a Brotherhood member of the Order of the Arrow and has served on the staff of Cub and Webelos' programs.

In 1977 he attended the National Scout Jamboree in Pennsylvania and in 1978 he completed the 50 miler award at Philmont Scout Reservation in New Mexico.

New Name for HD Club Is Extension Homemakers Club

By Evelyn Yeatts
A new name for "home demonstration" clubs — Extension Clubs — went into effect on January 1, across Texas, and Cooke County clubs joined the effort.

For their new names, Cooke County Clubs changed the words "home demonstration" to "Extension Homemakers." These included 13 clubs over the county.

They are Bluebonnets, Callisburg, Crossroads, Downward-Fairplains, Era, Hood, Liberty Belles, Lindsay, Lucy Lee, Muenster, Ross Point, Sivells Bend, and Town and Country Clubs.

This change is affecting the statewide network of Extension Homemakers clubs at all organizational levels — including community, county, district, and state, according to Mrs. Yeatts, County Extension Agent.

To create the new name, members of the statewide Texas Home Demonstration Association recently voted to change the state organization's name to Texas Extension Homemakers Association — a 20,678-member organization of community club members from across Texas.

Locally, the county representative group will be the Extension Homemakers Council. Monica Hess, Muenster, is Chairman of the Cooke County Council.

"Learn by doing, share by showing" describes how the 13 Extension Homemakers Clubs in the county "make friends and influence people" in improving family life.

Open to all county residents, the clubs offer educational programs in family living to members and others — along with services to their communities.

Members study — and practice — proven ideas in family health, family stability, furniture and housing, family clothing and family resource management.

There are bonus reasons for membership, too. Members in Cooke County say they also enjoy personal satisfaction, a sense of belonging and a chance to make long-lasting friendships as a result of being in an Extension Homemakers Club. In 1978 a few of the programs included Decorating with Fabric, women and their money, Crepe Cookery, Food Additives, and Feelings About Your Life.

Because each club decides its own program areas and projects, the overall success of its efforts is remarkable — in terms of people reached and different subjects taught.

In 1978, Cooke County Extension Homemakers Clubs helped with a variety of service projects, including giving two 4-H scholarships, and contributing to the Child Development Center and Heart Fund.

For more information on Cooke County Extension Homemakers Clubs, contact the County Extension Office in the basement of the Court-house in Gainesville or call 665-4931.

SH JVs Divide 2 With Callisburg

Sacred Heart boys were 43-30 winners and the girls were 42-36 losers in a pair of junior varsity games Monday with Callisburg teams.

The Tigers took a 5-2 lead in a low scoring first period and improved in each of the next three for scores 14-9, 28-13 and 43-30. Craig Walterscheid led the way with 15 points. Brian Bednorz added 12 and Gene Fuhrman 8.

For the Tigerettes the game went the other way. After a 6-5 first period deficit they fell back to 20-13 and 35-23 in the second and third, then closed the gap to 42-36 in a fourth quarter rally. Top SH pointmakers were Carol Walterscheid 12 and Angela Bartush 10.

of Muenster Public School Honor Band

The North Texas Honor Band tryouts were held last Saturday, January 20, at Pilot Point. Muenster students who earned a place in the band are: Allen Bayer, Sr. first chair tuba, and Judy Dittfurth, soph. eleventh chair clarinet.

Second Quarter

The first 30 days of the second quarter ended Friday, January 19, scheduled for the Friday before but delayed because of the bad weather. The days missed because of the ice and snow will be made up during the Easter vacation.

F.H.A.

The F.H.A. Chapter at Muenster High has been raising money to buy a microwave oven. Thursday the oven was delivered to the Home-making Department. Several classes have made dishes using it for the first time. They plan to invite a guest speaker to instruct them on the basic steps to microwave cooking.

Prom Committees

The Junior and Senior class officers met in a joint executive meeting to elect Prom committees. Chosen for theme and decoration committee were: Eddie Serna, Kathie Fisher, Dave Ferber, Carla Otto, Cathy Flusche and Wanda Schneider. The Band committee consists of Gregg Wilde and Todd Richey, Debbie Zimmerman and Toni Dittfurth form the meal committee. Jeanie Haverkamp and Lou Dyer are in charge of the tickets. The program committee includes Kathy Davidson and Renee' Wilde, Mark Klement and Curtis Pagel are in charge of the refreshments.

Kindergarten

The 6th birthdays of Jayna Hofbauer and Paul Black were observed in Kindergarten on Tuesday, January 16. Paul's birthday was January 7, but the observance was delayed because school was closed during the icy weather and severe road conditions. Jayna's mother, Mrs. Dale Hofbauer and Paul's mother, Mrs. William Black and her daughter Connie brought refreshments of cakes and decorated cupcakes. Special treats for the classmates were bags containing birthday balloons, gingerbread men cookies, candy, gum, rings and pins for the girls, and miniature cowboys and Indians for the boys.

Big Tuggle was honored on his 6th birthday, in Kindergarten. His mother, Mrs. A. J. Tuggle was unable to attend, however she sent refreshments and treats for his party on Wednesday, January

BANKING IS EVERYBODY'S BUSINESS

With Electronic Money--Use Some Precautions

By Willis W. Alexander
Executive Vice President
American Bankers Association

The chances are very good that you or someone in your family is now a participant in humanity's newest form of payment mechanism — Electronic Funds Transfers (EFT). If that sounds like Latin, are you currently using an automated teller, "money-matic" machine, "24-hour banking center" or cash dispenser? More than 2,000 of these machines are now in place around the country, and it's estimated that millions of Americans now carry the small plastic "debit" cards that activate them.

It's a long way from the days of barter, and the new convenience provided by EFT probably equals that of paper checks over a bag of gold nuggets in more ways than one. But, just as consumers had to learn how to properly and safely maintain a checking account, some precautions are advised when taking advantage of these new services.

The most important thing is to remember that, like your checkbook, your debit card is very valuable property. Keep it in a secure place and never lend it out. In order to provide you with double-barrelled security, the system is designed to be activated only with a combination of your plastic debit card and your own personal identification number (PIN) which must be punched into the machine.

Obviously, the number is just as important as the card itself. If you write the number on the card, and you lose the

card or it is stolen, your bank account could suffer until the loss is reported. With both, anyone could activate your account and siphon off your funds. Your best bet is to memorize the number. If you must write the number down, keep the paper it is written on in a very safe place where it cannot be seen by others, stolen or misplaced.

Also, remember that crooks are sneaky, come in all shapes and sizes as well as both sexes, and would not hesitate to look over your shoulder and watch you punch in the number as you use the machine. Stand in such a way that you cannot be observed, if possible choose a time when there is not a waiting crowd and consider shielding the buttons with your free hand.

As with the use of any new equipment, it pays to get a personal demonstration. Once you're sure you know how to operate the machine correctly, remember to depress all of the keys slowly and firmly. When the transaction is complete, wait until your card is securely put away and the machine has cut itself off before you leave.

Just as with a checking account, records are important. Enter each transaction in your record book promptly, and if the machine allows it, take time to check your balance periodically to make sure it matches your own figure plus or minus outstanding checks or deposits.

A few simple precautions, but used as suggested they could make the difference between a new personal convenience and another unneeded headache.

"TRUCKS LIKE THIS ARE ONE OF THE REASONS THE COST OF ELECTRICITY HAS GONE UP."

They also are one of the reasons your electric service is so dependable. TP&L's "hole-digger" trucks do a job in minutes which used to require long and often difficult hand labor. Skilled employees utilizing these trucks can rapidly extend power lines to new homes or businesses and restore storm-damaged lines. In 1975, a "hole-digger" truck cost \$42,000 . . . today, more than \$75,000.

TP&L must spend hundreds of thousands of dollars each year to purchase, operate and maintain the many special-purpose vehicles which are essential to providing electric service. We're doing everything possible to hold the line on these costs.

Texas Power & Light . . . dependable electric service throughout North, Central and East Texas for more than sixty-six years.

YOU CAN BANK ON IT!

A bank should be large enough to be strong but small enough to offer personal service. Ours is that kind of bank. We do things most banks in the large cities won't and things smaller financial institutions can't. That's our style... aggressive, but warmly personal.

When you choose a bank, it's good to know it's financially strong and growing. One you can count on for the service you need. We've been around long enough to have found sound financial footing, and we just keep getting stronger with age. And we intend to keep branching out year after year, with more customers and more capital. So when you're considering banking services, don't get out on a limb in the financial forest.

If you need help or advice on any banking service, whether it is a checking account, a savings account, a personal or business loan, or any other service, see one of our officers. When they advise you... you can BANK on it!

"TOMCAT" Prowls The Skies

Shown above is America's ultimate air-combat weapons system, the F-14 Tomcat. Designed by Grumman Aerospace Corporation for the U.S. Navy, it is the most advanced air superiority fighter in the world. The swing-wing, twin-engine Tomcat combines the speed and maneuverability of a dog-fighter with a unique weapons control system which can track 24 enemy targets and simultaneously attack six different threats at varied altitudes and distances. The F-14 launched Phoenix air-to-air missile has intercepted targets at distances of over 100 miles and altitudes ranging from 50 feet to over 80,000 feet. In NATO mock warfare exercises, the F-14 successfully intercepted and "destroyed" 89 of 91 scheduled raid sorties from land-based forces. (The other two raid sorties were intercepted by other air wing aircraft.) Many initial intercepts took place in excess of 100 miles from the aircraft carrier. The Tomcat represents the best air defense against any potential aggressor and is a leading candidate for the North American air defense roll of the U.S. Air Force and the Canadian Armed Forces.

Mr. and Mrs. Leo Hesse have announced wedding plans for their daughter, Joan and Charles Golaz, son of Mr. and Mrs. Carl Golaz, Jr. of Paradise, Texas.

The couple will exchange vows on Friday, February 23 in Sacred Heart Church at 7 p.m. The bride elect is a graduate of Sacred Heart High School, and Cooke County College and has been employed at St. Paul's Day Care Center in Denton.

The future-groom is a graduate of Paradise High School and is employed by the Rock Island Rail Road in Fort Worth. They plan to reside in Paradise.

Farm Exports of Nation Estimated At \$29 Billion

Exports of American farm goods are expected to continue to rise in the coming year, notes Agriculture Commissioner Reagan V. Brown.

"It is estimated the U. S. will export some \$29 billion worth of agricultural goods from October 1978 to September 1979," Brown said. "This is up from the \$24 billion exported in 1977 and the estimated \$26.6 billion this year."

Brown noted that foreign agricultural trade offers one of the brightest hopes for improving the farm profit picture in this country, but that care must always be taken to protect the interests of American producers.

Texas, or Tejas, was the Spanish pronunciation of a Caddo Indian word meaning "friends" or "allies."

Walterscheid Kin Of Hereford Visit

Members of the Frank Walterscheid family of Hereford were guests of relatives here during the past weekend, on their annual visit. Arriving Friday were Mr. and Mrs. Frank Walterscheid who were houseguests of Mrs. Catherine Walterscheid; Mr. and Mrs. Kenneth Walterscheid, who visited in the home of Mr. and Mrs. Willie Walterscheid and family; also Larry Walterscheid, who visited Mr. and Mrs. Carl Walterscheid and family and Leonard Walterscheid who was the guest of Mr. and Mrs. Donald Endres and family.

All were together in the Endres home Friday evening; and joined by a number of other relatives and friends, enjoyed having dinner together at The Center Saturday evening.

Members of the Frank Walterscheid family returned to their homes Sunday.

I'M CONVINCED ... THIS IS REALLY GREAT WALL PAINT.

It looks great when you put it on, and it stays that way. The colors match, and they don't fade or yellow. I've scrubbed it with scouring powder, and the paint stays put, while all the dirt marks I added came off.

If you want your next wall painting project to be fast and easy, look great, and stay that way... try Satin-Tone, by Colony Paints.

... you'll like the difference!

Bluebonnet Club Program Features Talk on Medicine

Bluebonnet Extension Homemakers hosted two guests at their January meeting and heard a program on "Over the Counter Medicine" presented by Mrs. Dolores Miller. The guests were Mrs. Joyce Abner and Mrs. June McDougle. Mrs. David Vogel (Linda) was hostess in her home.

Mrs. Judy McDaniel, president of the Bluebonnet Club, conducted the business meeting. She read notes of thanks from Evelyn Yeatts, Linda Moody and the Cooke County Child Development Center, who received Christmas gifts from the club.

Mrs. McDaniel reported on the County Council meeting. Mrs. Marilyn Luke was selected as the club's candidate for council delegate to the District meeting in April. Members voted to pay the expenses of one member to attend the special training for Texas Extension Homemakers in Brownwood on March 20-21. Also discussed were plans for a Germanfest booth. The committee was selected to organize and add further arrangements.

Five members and two guests attended. Mrs. Joyce Abner accepted the club's invitation and became a new member.

A TEAM TO FIGHT BIRTH DEFECTS — Cabell's representatives, Dave McCullers, division sales and metro operations manager, James Bailey Fort Worth branch manager, Wayland Mitchell North Texas and Colorado zone manager, and Bob Gowell division manager, are teaming up with Melanie Brockington, 1979 National Poster Child, to fight birth defects.

Cabell's is one of the 13 dairies coast to coast operated by The Southland Corporation of Dallas sponsoring the 1979 Mothers March Against Birth Defects. The Southland Corporation Dairies are the first corporate sponsor of the March of Dimes has had since its inception, and also it is the first time for the dairies to become involved in such an extensive community service campaign.

March of Dimes and Cabell's will work together to recruit volunteers for the January Mothers March and to provide information on good nutrition as an important factor in preventing birth defects.

Clements, Jarvis To Head State FB Leader Conference

Governor William P. Clements and California-based tax reformer, Howard Jarvis, are among speakers scheduled for the Texas Farm Bureau's state-wide leadership conference Jan. 31-Feb. 2 at the Austin Hilton.

Invited to attend are county Farm Bureau presidents, and members of Young Farmer & Rancher, Commodity and State Affairs committees. About 600 persons are expected.

Other speakers include TFB President Carrol Chaloupka, House Speaker Bill Clayton, TFB Executive Director Warren Newberry, and E. B. Harris, president emeritus of the Chicago Mercantile Exchange, as well as commodity

experts in agriculture, government and private business.

The conference begins at 1 p.m., Jan. 31. County presidents, young farmers and ranchers, and commodity leaders will meet in separate and joint sessions on the first day of the conference. The State Affairs, or legislative, conference will be held on the afternoon and evening of Feb. 1, and will conclude at noon on Feb. 2.

Chaloupka will open the conference with a talk on Jan. 31. Harris will be dinner speaker that evening. Jarvis will address the group luncheon on Feb. 1. Governor Clements will speak at the legislative dinner that evening. House Speaker Clayton will speak on the final morning of the conference. Newberry will give the conference wrap-up just prior to adjournment at noon that day.

Muenster Divides 2 Thrillers with Aubrey Hi Teams

MHS varsity teams were involved in a couple of thrillers Tuesday night at Aubrey, the Hornets losing by the close count of 50-44 and the Hornets winning 79-77 in overtime. Third game on the program was a less exciting loss of 25-18 by the Muenster JV girls.

The boys game was a tussle from the start with Muenster edging to a 17-15 first quarter lead and Aubrey surging to a 46-39 half time advantage. Muenster caught up in the third, for a 58-58 tie, then played neck and neck in the fourth ending regular time on a 76-76 tie. And finally Muenster ended the overtime at the happy end of 79-77.

The Hornets made the grade in spite of a miserable record of free throws, only 15 of 30. By contrast Aubrey hit 23 of 29. According to Coach Herb Ellis, the game was the best of the season to date for Muenster.

David Felderhoff led the scoring with 25, Ricky Winn and Floyd Felderhoff each added 16 and Don Grewing hit 15. Todd Richy scored 7 along with a lot of expert assists.

Hornettes trailed 8-7 at the first period and dropped back to 20-17 a half time, and 3 more points to 34-28 at the third. They improved in the fourth to the extent of matching the opponents point for point and still ended 6 points short, a score of 50-44.

Bad free throw shooting, only 12 of 28, was the big problem again. Point makers for MHS were Robin Walterscheid 18, Lou Dyer 16, Kathy Davidson 6. One of the Aubrey gals made 29 points.

Junior Varsity Hornets did a fair job for 3 periods, trailing just a little, by scores of 8-4, 14-10 and 20-18. But the last quarter was a sad one as they went scoreless while Aubrey gained to the 25-18 final count. Rene Reiter and Judy Walterscheid scored 8 and 4 for Muenster.

Homemakers Clubs Sends 3 Members To State Meeting

Three Muenster members of the local chapter of Young Homemakers of Texas will attend the 17th annual state meeting in Waco, January 26-27, in the Waco Convention Center. They are Mrs. Pam Dangelmayr and Tina Wilde, members, and Mrs. Joni Sturm, advisor. They will be among more than 700 members and advisors.

Young Homemakers, an association of young adults, 18 to 35 years of age, interested in improving their homemaking knowledge and skills, have chosen "From Self to Others" as the convention theme.

Distinguished speakers for the event include Grant Teaff, head football coach of Baylor University; Dr. Marjorie Barlow and Harold Bryson.

"The Polyfoniks," a singing group from Temple High School, will entertain. Achievement awards will be presented.

A style show is scheduled for Friday night. There will be election and installation of officers. Homemaking Education, Texas Education Agency, sponsors the Young Homemakers of Texas; and homemaking teachers serve as Chapter advisors.

SH Varsity Teams Lose Two Each to Lubbock, Amarillo

The past weekend was a sad one for Sacred Heart High basketball teams, amounting to a pair of losses for each and a plunge in TCIL standings. They did fair in their contests with Alamo of Amarillo but were clobbered by Christ the King of Lubbock.

Tigers vs Amarillo was the best game, ending with the visitors at the big end of 45-43. SH started it with a 7-5 first quarter lead and trailed the rest of the way by scores of 19-18, 32-28 and 45-43. Monte Endres scored 12, Mel Walterscheid 11, Kenny Hartman 10, Angelo Nasche 6 and Brian Bindel 4.

The girls game featured hot and cold streaks by both teams in the first 2 periods. At the quarter SH trailed 12-1 and during the second half it caught up 18-18. After that Alamo gained in both periods to leads of 33-27 and 45-37. Carol Walterscheid scored 14 for SH, Toni Hoedebeck 13, Laurie Walterscheid and Virginia Bartush each 4.

Games with Christ the King were two run-aways: 73-30 in the girls game and 75-45 in the boys game.

Sharon Grewing and Toni Hodebeck shared the Tigerettes scoring lead with 6 each, Janelle Hellman and Rhonda Endres had 4 each.

For the Tigers Mel Walterscheid led with 17, Monte Endres scored 9, Brian Bindel 6, Kirk Mollenkopf 5, Angelo Nooche 4, Ken Harman 3, Brian Bednorz 1.

Buffaloes, like cattle, have hollow, permanent horns. Deer antlers are solid and are shed annually. Antelope shed the outer sheaths from permanent cores.

Confetti - - -

has been a nuisance and an expense, at least in this area where there are very few Latin Americans and most likely all of them can get along fine with the English ballot.

Regardless of that fact, the real issue here is the principle of the thing. If these people wish to become citizens they should adjust to our language, customs, etc., and not expect us to adjust to theirs. Bi-lingual is all right as a means of helping them learn English, but only to that extent. Furthermore they ought to understand that lack of communication is a handicap to themselves as well as an imposition to other people. As an old time remark puts it, "When in Rome do as the Romans do."
