VOLUME XXXIX

MUENSTER, COOKE COUNTY, TEXAS 76252 OCTOBER 31, 1975

NUMBER 49

No one can deny that President Ford threw out quite a challenge to Congress when he proposed that taxes be reduced \$28 billion and that government spending be reduced by an equal amount.

There is no problem in the first part of the suggestion. It's a simple matter to make a cut across the board, or to refund to us taxpayers. The reduction can be accomplished in a way that is satisfactory to everybody concerned.

But it's a different matter when Congressmen seek reductions in their budget. Every appropriation in it is stoutly guarded, and the men find it next to impossible to find someone who will budge on his demands.

The point is that the legislators encounter no opposition when they agree to let all of us have a nice tax cut. In fact they are highly in favor of the idea because it gives us very welcome tax relief and is hardly noticeable in the economy because it only adds to the already astronomical national debt.

On the other hand the budget is the government's composite want list. Along with many obligations previously contracted, it lists the current wants of every department and agency including raises in salary and administration allowance as well as greater appropriation for all their projects.

In their own hearts congressmen know that the only sensible way is to trim the budget to make ends meet. But most of them are reluctant to suggest it for fear that they will be immediately called upon to make the reduction in their own favorite projects. So, the end result is that they go on merrily with the spending and tax us indirectly, through inflation, to pay the deficit.

For many years this has been the painless way of financing the government. Congress had no qualms about over spending because the deficit could be wiped out by just printing more money. It was a sneaky method because every issue of new money decreases the value of money already existing. It took money away from you and me by making us pay more for our purchases. According to an old saying, inflation is the most cruel method of taxation.

Our Congressmen in Washington for the past four decades must have known what they were doing, how they gradually increased our load of direct tax and inflation tax, and how they kept postponing the day of reckoning in spite of a clear understanding that there has to be a limit somewhere.

Judging from the present state of affairs some economists estimate that by the year 1980 half of us Americans will be supporting the other half. Ironically we're in that fix while some of the liberal spenders are proposing to help New York out of its trouble.

In relation to this very shocking thought we are further shocked by an estimate that, after a \$28 billion tax cut, the country will have a budget of \$395 billion and a deficit of \$72 billion.

With this kind of frightening outlook it seems to be high time for responsible thinking on ways to avoid an inevitable crash. The economic law applies alike to individuals and nations. Too much debt leads to bankruptcy, which can ruin a nation or a city as well as an individual. And too much flirting with deficits can lead to a point of no recovery.

How near are we to that point? No one knows, not even the experts. But anyone knows it is high time to reverse the fiscal policy. Number one requirement is balancing the budget whether or not the deal includes a tax cut. And the next requirement is to trim outgo to less than income so that something will be left to pay on the half billion dollar debt.

To accomplish this a lot of Washington politicians will have to become statesmen. They need to give back some of the excessive salary and expense allowance they gave themselves lately. They need to quit swapping appropriations and consider only the over all welfare of the nation. They need to remove the drones from government jobs and reduce the salaries of

Solemn Service Observes Father Bede's Anniversary

Father Bede Mitchell was honored by parishioners of Muenster and Lindsay Sunday evening to observe 50 years of priestly service, four spent in Muenster and one in Lindsay.

Held in Sacred Heart Church at 7 p.m., the special liturgy and Mass to observe the 50th jubilee were attended by many members of Sacred Heart and St. Peter's Parishes. Participants in the liturgy were a number of close friends of Father Bede and school children from Muenster and Lindsay.

Clergy present were: Rt. Rev. Abbot Raphael De Salvo, O.S.B., of Subiaco Abbey Arkansas, Fr. Cletus Post of Windthorst, Fr. Damian Wewers of Lindsay, Fr. James Gillespie of Gainesville, Fr. Anthony Gadjia of Valley View, Fr. Harry Fisher of Burk Burnett, Fr. Francis Zimmerer of Decatur, Fr. Joseph Tu of St. Matthews' Parish Arlington, Fr. Placidus Eckart and Fr. Stephen Eckart.

Celebrant of the Mass was Fr. Bede and concelebrant was Abbot Raphael. Fr. Placidus was master of ceremonies and Bert Miller was lector and narrator.

Abbot Raphael, in his jubilee homily, said that Father Bede has dedicated his life to his primary mission of serving as another Christ through the sacraments and teachings handed down by the Savior, that he is a man of piety, humility and boundless energy, that he is specially remembered by the many sick people he has comforted and the many converts he has guided into the Church. The

speaker also reviewed Father Bede's half century in teaching, pastoral work, and conducting missions and retreats, and listed the many parishes and schools where he has been assigned.

The solemn liturgy began with the entrance procession with an instrumental ensemble and organ accompaniment. Leading the procession were the altar boys Kenneth Hartman, Darrell Swirczynski and Brian Herr followed by 50

City Gets \$590 Sales Tax Check

The City of Muenster has just received one of its smaller monthly checks from State Comptroller Bob Bullock in payment for sales taxes collected. The amount was \$590.41, as part of \$14.2 million sent to 824 Texas towns for the period ending September 30, 1975.

Bullock explained that payments were smaller because they include receipts carried over or coming late from the previous quarter.

A statement with the check shows gross payments of \$632.57 less \$12.65 for the state service fee, less \$29.51 retained from the previous month.

Amounts remitted to some other cities of the area were as follows: Gainesville \$12,030.01, Lindsay \$2,423.84, Nacoma 2,060.51, Pilot Point none, Saint Jo none, Sanger none, Whitesboro \$580.50. If the amount due is less than \$500 it is held over and included in the next check.

SH Edges Cistercian 12-7

Mark Hess had a great game at Cistercian Saturday night leading the Sacred Heart Tigers to a well earned 12-7 victory. A hard working line shares in his glory for consistently providing the opening that enabled him to shoot through, but he did a lot more on his own. He made a habit of adding yardage on second and third efforts after hitting the secondary, and eventually accounted for 257 of the team's 325 total.

That was what he and the Tigers receive credit for. But the sad fact is that several gains were nullified by an amazing rash of penalties, just as the Hawks got lots of free yardage via the penalties. It was the season's worst foul trouble for the Tigers, also the season's worst passing performance. Not a single pass was completed, however an interference ruling awarded 27 yards for free on one attempt.

Tiger fans had cause to worry at the start as the Hawks made a pair of first downs. The third stalled and ended in a punt, however an interception by Andres had them back in possession on the 25. Stout defense allowed only 8 on the next four tries, after which the ball went over to the Tigers on the 17.

Four plays plus 5 free yards on a penalty gained 30, and

Registration Slips Are Available for Christmas Drawing

Muenster business firms intending to participate in a multiple Christmas drawing on December 6 can get set up for registrations at their earliest convenience.

Bertha Hamric, Chamber of Commerce president, announced this week that registration blanks are available. Merchants may pick them up any time.

Procedure will be like it was last year. Each participant will have its own registration for a prize or prizes, and a separate drawing will be held from that firm's registration slips to determine the winner. The drawings, one for each participating firm, will be held successively from the floor of a truck on Main Street promptly after the Christmas parade on December 6.

A special condition is that a person must be present to win. An objective of the drawing, as well as the parade and Santa's meeting with the kids, is to attract the largest crowd possible.

the next series went sour. Roger Endres punted into the end zone and the Hawks started at the 20.

Three plays gained 13 and the next one was a big loss ending in a fumble. John Henscheid recovered for the Tigers on the 17. Hess made it from there on gains of 6 and 11. The kick for extra point failed.

For the rest of the first half Cistercian got nowhere whereas SH made occasional gains but failed to keep going. About midway in the quarter they stalled at the 23 and a

Tigers-Coyotes Tussle Saturday Looks Like Tossup

The indications is that Sacred Heart Tigers will have their work cut out for them Saturday night when they take on Anna's Coyotes at 7:30 on the Sacred Heart field. The Coyotes distinguished themselves last week with a 22-12 upset of Lone Oak, which was Number 4 in the Class B ratings of the state. Also they boast a very respectable record of 5-2-1 to date.

The team is described as average size, quick on the reflex, and very aggressive on both offense and defense. And a pair of fast backs are potential break-aways all the time.

More on the Coyote record includes a 14-0 loss to Tom Bean, a 7-0 loss to Blue Ridge and a 16-14 win over S&S, which was trampled 32-6 by the Tigers.

This latter comparison of scores with a common foe points to the Tigers as favorites to take the Coyotes. However Coach Ed Stock is taking nothing for granted. He has profound respect for the team that dumped highly rated Lone Oak.

At the same time there are a number of good things to be said for Sacred Heart in addition to their 6-0-1 standing. The boys looked fine Saturday night in edging Cistercian by 5 points in spite of foul troubles and injuries. More than 150 yards in penalties, wiped out several good gains and also gave timely help to the Hawks. Hopefully they will be able to avoid those troubles the next time. At the same time the Tigers are recovering from injuries that handicapped them last week. Joe Sicking, George Luke and Brent Hess are expected to be back to par.

J. Lutkenhaus Dies at 97

Joe Lutkenhaus, 97, a community pioneer, died Monday at 11:30 p.m. in Muenster Hospital following an illness of about a month. The final ailment developed from injuries received in a fall from his wheel chair. Before then he was in normal health.

Funeral services were held Thursday morning at 9:30 in Sacred Heart Church with Father Placidus Eckart officiating and burial was in Sacred Heart Cemetery under direction of Nick Miller Funeral Home. Pallbearers were grandsons: Jerry Detten, Dale Wilde, Ross Felderhoff, Bobby Dean Lutkenhaus, Sheldon Lutkenhaus and Gene Hoenig.

A prior service was a Rosary at 8 Wednesday night in the chapel of Miller Funeral Home.

Mr. Lutkenhaus was a native of Festina, Iowa, born on February 16, 1878, and moved to Muenster with his family in 1890.

He was married to Miss Frances Marie Muck in Sacred Heart Church on November 24, 1904. For a short time before marriage he had been living in Nebraska and the young couple started their married life there. They came back to Muenster in 1906. For the next 42 years they lived on a farm about four miles northwest of town, then built a home in Muenster and retired. Mrs. Lutkenhaus died in 1958.

Mr. Lutkenhaus is survived by four daughters: Mrs. Odelia Detten, Mrs. Clara Wilde, Mrs. Al (Emma) Felderhoff, and Marie Lutkenhaus, all of Muenster; four sons: Hugo, Bill, Harold and Arthur, all of Muenster; one sister: Mrs. Anna Kathman of Muenster; twenty four grandchildren, 37 great-grandchildren and 8 great-great-grandchildren.

Planning Begins For Bicentennial Spring Festival

Initial planning for a bicentennial festival to be held here next year was developed last Thursday night at a meeting of representatives of several local organizations in the TP&L Building.

Leonard Endres, chairman, pointed out that the event is sponsored by the Chamber of Commerce with cooperation of all other organizations and individuals who wish to participate. It will be a week-long affair, from April 26 to May 2, featuring the community's German heritage.

Principal ideas discussed were sports and social activities, and the German atmosphere relative to foods, drinks, attire, decorations, music and souvenir novelties. Along that line Dr. Martin Kralick talked about an Oktoberfest he attended while on a recent visit to Germany. And some of the persons indicated they would attend an Oktoberfest at Fort Worth this weekend and expect to bring back ideas that can be used here.

Attending the meeting were representatives of the Chambers of Commerce, Jaycees, KCs CDAs, VFW, VFW Auxiliary, Garden Club, Hospital Auxiliary, St. Joseph and St. Anne Societies, SH Men's Choir and SHHS seniors.

Next meeting is set for Monday, Nov. 24, 7:30 p.m. in the TP&L Building. Anyone interested is invited to attend.

Janet Pels Named DAR Good Citizen

Janet Pels, daughter of Mr. and Mrs. Henry Pels is this year's selection for the DAR Good Citizen award from the Daughters of the American Revolution.

Along with Sharon Rohmer and Cindy Bartush she was nominated by her classmates of the SH senior class and selection from those three was made by the faculty. Qualities considered in the nomination are dependability, service, leadership and patriotism.

As local winner Miss Pels becomes eligible to compete for the title of State Good Citizen award and a \$100 savings bond and advancement to the contest for national title. The national award is a \$1000 scholarship and a sterling Revere type bowl engraved "National DAR Good Citizen 1976."

Texas Will Vote Next Tuesday on New Constitution

Judging from present interest in the community, participation here will be rather limited in the state wide election next Tuesday on the proposed new constitution.

Discussion on it here has been practically non-existent, even though it has been warming up lately among the state's political leaders.

Supporters say that the present 100 year old constitution with its many amendments is outdated and cumbersome and should be replaced. The other side agrees but claims that the new document is not really what Texas wants.

The election here will be in two places, as usual, from 7 to 7 next Tuesday, Nov. 4. Paul Fisher will be in charge at VFW hall and B. J. Swirczynski at the KC Hall.

Don't Take the Wildcats Lightly Says Coach Jones

According to the records so far, the Hornets should be heavy favorites Friday night when they meet Callisburg in their second contest of the 13-A conference race. The Wildcats have a long list of losses whereas the Hornets stand at 6-1-0, but that is not how the upcoming game should be judged.

Coach Don Jones sees Callisburg as an improving team, and he is impressed by the fact that it moved the ball against Archer City and allowed only a touchdown in each of three quarters... a much better performance than Muenster's against the defending champs. According to the Hornet boss, Callisburg has earned lots of respect despite losses to Archer City and Holliday, and he is telling his boys they have a big job on their hands.

As regards the Hornets, Jones is confident that they have shaken off the gloom of their traumatic experience at Archer City. A study of the film revealed costly mistakes which they have been working on for two weeks. Hopefully they'll have back the style of performance that served them well earlier in the season.

Physically the Hornets are fine. All are ready, including Dean Sicking, who was sidelined with a broken arm before the first game.

5 New Opponents Booked Next Year In MHS Football

Muenster's Hornets will have new opponents for half of the games on next year's football schedule. That fact was indicated during the weekend when Coach Don Jones announced his 1976 schedule. New on the list are Bridgeport, Tom Bean, Chico, Aledo and Petrolia. And former opponents deleted are Whitesboro, Pilot Point, Frisco, Notre Dame and Windthorst.

Reflecting a change in District 13-A membership, the conference opponents are Petrolia, Holliday, Lindsay, Archer City and Callisburg. Petrolia, already in the district, takes up football. Lindsay steps up from Class B, and Windthorst returns to Class B.

On the pre conference schedule are three strong Class B teams, Valley View, Tom Bean and Chico; also Class A Aledo and Class AA Bridgeport.

The schedule: Sept. 3, Bridgeport, there Sept. 10, Valley View, there Sept. 17, Tom Bean, here Sept. 24, Chico, here Oct. 1, Aledo, there Oct. 8, Open Oct. 15, Petrolia, there Oct. 22, Holliday, here Oct. 29, Lindsay, here Nov. 5, Archer City, there Nov. 12, Callisburg, here

It's Time to Start Christmas Mail to Foreign Countries

With Christmas less than two months away, Postmaster Virgil Henscheid pointed out this week that it's time to start sending parcels and greeting cards to the armed services and other destinations overseas. This is because the usual two factors apply. It takes time to reach the remote places. Also the rush period as Christmas gets near causes more delay.

Henscheid said mail to the far away places should start Nov. 1 but can be sent as late as the end of the month to countries that have better service established with the US. It would be a good idea to have all mail out of continental US on the way before December 1.

Tigers Will Have Tough Schedule For '76 Football

A tough schedule including three games in the Texas Catholic Interscholastic League was announced this week by Coach Eddie Stock for his Sacred Heart Tigers in 1976.

The SH boys will compete for district honors with Gorman of Tyler, Christ the King of Lubbock and Notre Dame of Wichita Falls. And to help shape up for the rugged opposition they will take on Bishop Lynch of Dallas a few weeks before the conference race opens.

Along with those opponents are others which can be expected to play the usual good game. They are Era, Alvord, S&S, Saint Jo, Lindsay and Cistercian.

Of the five games away from home, two are at Lindsay and Saint Jo, which is almost like being at home, but the travel required by the other three make up for the difference. The sites are Dallas, Lubbock and Wichita Falls.

Here is the list:
Sept. 3, Era, here
Sept. 10, Alvord, here
Sept. 17, S&S, here
Sept. 24, Saint Jo, there

SH Junior Varsity Is 38-28 Loser to Petrolia Varsity

Sacred Heart's junior varsity boys were on the short end of a 38-28 scoring spree at Petrolia Thursday. They were playing the school's varsity team, which is shaping up this year and will be a member of District 13-A next year. The hosts started the game with authority. First a 70 yard drive after kickoff for the initial TD, then a pair of long plays in quick succession. One was a reverse play for 45 yards after recovery of a Tiger fumble. The other was

another reverse, for 60 yards, shortly after a Tiger punt. After that Sacred Heart got organized and started moving. Following the next kickoff they drove some 30 yards on short plays, then Gene Luttmeyer passed to Glenn Walterscheid who went the remaining 40. Kenny Felderhoff crashed over for extra points. The score was 18-8 at the end of the first quarter. Then it was Petrolia's turn again. After the kickoff it ground out about 45 yards in short rushing gains and capped the drive with a 20 touchdown pass. For the first time the extra point kick was good, and the count was 25-8.

Sacred Heart came back with another nice drive on next possession. Starting after kickoff, the Tigers moved some 30 yards to Petrolia's 35 where Luttmeyer connected with Glenn Walterscheid for the second touchdown. Ken Felderhoff made his second run for bonus points. Half time count was 25-16.

After kickoff the Tigers scored in a hurry. On third play of their possession the Luttmeyer-Walterscheid combination was good for a 75 yard touchdown. The try for bonus points failed. The Tigers had narrowed the margin to 25-22.

But not for long. A 65 yard run shortly after that boosted the host score to 31-22.

And another was not long in coming. Tigers fumbled in the first series after kickoff giving Petrolia fine position on the 25. Two plays gained 5 and the next one was a pass for a TD. A kick added a point.

Just before the end Luttmeyer and Walterscheid almost scored their fourth TD. The play was a dandy, good for about 80 yards before Glenn was pulled down inches short of the goal. Ken Felderhoff plunged across on the next play. The bonus point try failed. The game ended at 38-28.

Local Class for Phone Technicians Conducted by A&M

W. R. (Bill) Baker, instructor of the Texas A&M University Telephone Technicians Training school held classes last week in Muenster.

A course in locating faults in buried and aerial cables was conducted in Muenster Telephone Corp. service center building. Eight technicians from nearby telephone companies took the course.

Instruments of various manufacturers were studied in the classroom, then were taken to the field and used to find faults in working cables of the telephone company.

Technicians attending the classes were John Monday and Maurus Hacker of Muenster, Gregg Cross, Ronnie Boliver and Larry Deussen of Lake Dallas, Jerry Horn and Tim Humpert of Windthorst and David Haven of Vernon.

Other schools are planned for this area. Ardmore has one this week on station carrier, and Muenster will have one starting Nov. 18 on basic components of dial switching equipment.

Narrative Contest On Bicentennial Sponsored by CCC

The English Department of Cooke County College is sponsoring a contest for high school seniors in Cooke County in honor of the American Bicentennial. The contest rules are as follows:

1. Entries should be sketches of approximately 350 words concerning some incident which actually occurred in Cooke County or some event involving a person or place in the history of the county. The sketch should be primarily narrative (telling a story), and dialogue will probably add to its appeal.

2. All high school seniors in the county are eligible to enter. They must substantiate the details of their sketches by giving the name and address of the person furnishing the interview and the date of the interview. They may wish to substantiate further by adding the age of the person interviewed although this information is not required. If research has been carried out without a personal interview, the sources must be documented (as Morton Smith's book, "The First 100 Years in Cooke County", p. ...; or the archives of the Cooke County Public Library; or documents in Morton Museum. Whatever the source of the information, it must be documented in order to be acceptable.

3. All entries must be typed and submitted with a cover sheet containing the name of the contestant, his school, his home address, and the documentation of his source. The name of the contestant must not appear elsewhere on the entry inasmuch as all sketches will be judged objectively and without knowledge of the identity of the contestant.

4. Mrs. Ruth Wylie of the English Department and Mr. Ron Melugin of the Social Sciences Department will serve as judges. Their decisions will be final. All entries will become the property of Cooke County College; none will be returned to the contestants.

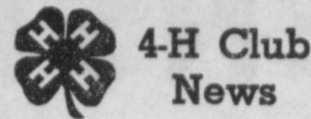

5. Deadline for entries is 3:30 p.m. on November 21. Entries may be mailed or taken to the English Department of Cooke County College.

6. First prize will be thirty dollars; second prize, twenty dollars; third prize, ten dollars.

7. Entries will be judged on the basis of interest, style, and verification.

Catholic People In Texas History

By Sister Mary John Seyler

In this installment will be a brief account of the heroic beginnings and contributions to our State by the Irish.

The first Irish in Texas came by way of Mexico from Ireland. They first sought religious freedom in Spain and from there they wandered to Mexico, and thence into Texas while it was still a Spanish province. The last Spanish Viceroy to Mexico was O'Donohue. Alexander O'Reilly first Governor of Louisiana after its cession to Spain held jurisdiction over a part of Texas.

Philip Nolan who entered Texas as early as 1779 and came again in 1800 with a band of forty or more men explored and mapped the countryside which was finally added to the Union.

John McHenry a guide to Long's Expedition to Texas in 1819 afterwards settled peacefully on the Guadalupe River and later was Chief Justice of the Municipality of Victoria, Texas.

On June 11, 1828 James Power and James Hewitson, natives of Ireland secured from the Mexican government a grant of land for the settlement of 200 Irish families in Texas. The same year the colonists began to arrive from Ireland and New Orleans. They landed at Capano Bay and settled around the Mission of Our Lady of Refugio.

Some of the conditions of the grant were that the families besides being Catholic, must be of good character, proving this with certificates from the authorities of the country from which they had come. The Irish colonists fulfilled this requirement as well as the other requirements of the Mexican colonization laws.

Another Irish settlement began on August 17, 1828 when James McGloin and John McMullen signed a contract with the Mexican Government to settle 200 Irish families in Texas. It was 1830 by the time those who came directly from Ireland arrived. They were men of the best type, highly educated for that period. Among them were lawyers, teachers, musicians, engineers, contractors, all of them men of culture. They were not well equipped for pioneer life, few, if any were farmers. But this did not prevent them from being valuable additions to their adopted land. They named their new settlement San Patricio. By 1830 the church of St. Patrick was built. Many of these Irish participated in the Texan struggle for independence.

State Grant for County Attorney OK'd by Governor

Governor Dolph Briscoe announced his approval today of a \$11,442 grant to provide an assistant county attorney for Cooke County.

The money comes from the Criminal Justice Division of the Governor's Office. CJD administers the state's block grant from the Law Enforcement Assistance Administration under the Crime Control Act of 1973.

The assistant county attorney will prosecute both misdemeanor and felony cases in the county and district courts. Reduction of court backlog and increased efficiency are anticipated results of the project.

Cooke County was one of 38 grantees receiving CJD funds this month. Governor Briscoe approved \$2,928,836 in grants for improvements in law enforcement and criminal justice at state, regional and local levels.

Winners Named in Cooke County 4-H Poster Contest

Blue ribbon winners from Muenster in the 4-H Poster Contest include Susan Felderhoff, Rose Felderhoff, Brenda Felderhoff, Donna Trubebach, Denise Haverkamp, Paul Reiter and Deryl Zimmerer.

Posters winning red ribbons belong to Sharon Voth, Ginger Fleitman, Tina Hesse, Sharon Sicking, Bernadette Knabe, Curtis Grewing, Mark Miller, Carol Walterscheid, Carl Zimmerer, John Zimmerer, Connie Lutkenhaus and Shelly Zimmerer.

Receiving white ribbons on their posters were Lloyd Reiter and Sara Walterscheid.

Award winning posters were on display in the Court House, October 6, 7 and 8. Theme of the posters was a choice of "4-H, Room to Grow", "We Are Involved", and "You've Got a Friend in 4-H".

The top ten are eligible for the state art program next summer. Three winners will be submitted to the National 4-H Service Committee. The national contest is sponsored by Coats and Clark, Inc.

Judges for the Cooke County Posters were Mrs. Marie Paclik of Gainesville and Mrs. Paul Endres of Muenster.

FORD PICKUPS
Built Texas-tough

93 out of 100 of all Ford Trucks built in the last 12 years are still on the job

(R. L. Polk Co. figures)

Ford's Durability Record

Ford's record over the past 12 years for all of its truck models doesn't prove how long the '76 models will last. But it should give you a lot of confidence in the way Ford builds trucks. Here's something to make you feel even more confident. A good hard look at today's Fords. The way they're put together and how they compare with other pickups on some important points, because these '76 Fords are tough trucks . . . built strong from the frame up.

Exclusive Twin-I-Beam Front Suspension

Ford's Twin-I-Beam is the only pickup suspension design today that wasn't borrowed from a car. It's the only one with the built-in strength of two forged I-Beam axles, one for each wheel.

Each wheel is cushioned by a big coil spring. Each can step over bumps independently for easy ride and handling.

Twin-I-Beam is also one of the areas where Ford pickups are engineered to reduce scheduled maintenance needs. Wheel alignment requires only one-third as many adjustment points as other suspensions.

Nobody but Ford has Twin-I-Beam.

Durable Box

Nobody builds a pickup box like Ford. Ford's box is all-welded and made of large stampings to reduce the number of joints. Tailgate and body sides are double-wall all the way.

In addition, body sidewalls curve to meet the floor. This eliminates an area where rust may occur, and makes the box easy to clean. This is an example of quality construction you won't find in other trucks.

Rugged Ford Frame

The siderails in a Ford pickup frame are as deep as 8" and they're bridged by six husky crossmembers. But Ford's frame isn't just strong — it's different.

The Ford frame widens out from the cab back. This gives broadbase support for the load area. Moreover, it provides room for fuel tanks — both standard and optional auxiliary models — to be mounted between the frame rails. That's true only of Ford.

Best V-8 Mileage Rating

Ford has the best gas mileage rating of any V-8 pickup according to U.S. Government Environmental Protection Agency tests.

Here's the record set in 1976 EPA tests by Ford's F-100 with optional 302 V-8 and standard 3-speed manual transmission:

24 MPG highway, 16 MPG city.

And that's for a regular, full size Ford V-8 pickup! Of course, these figures are EPA estimates as published in the 1976 EPA/Federal Energy Administration Buyer's Guide. Your actual mileage will vary with your pickup's condition, optional equipment, and where and how you drive.

Galvanized Body Parts

Galvanizing is a key defense against rust and corrosion.

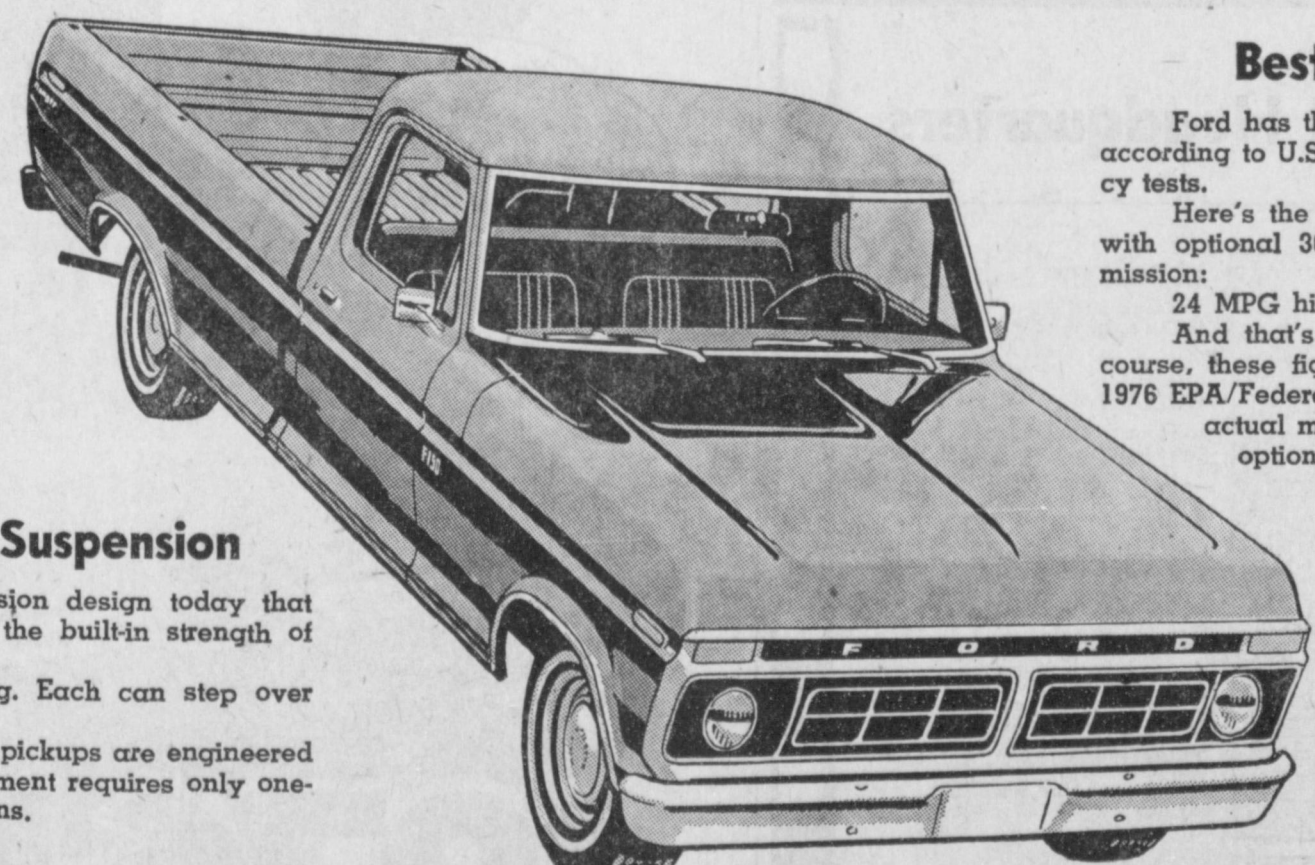

Every Ford Styleside has over 200 sq. ft. of galvanized sheetmetal. It's in vital areas like rocker panels, cab sills and body sidewalls. And it's an extra measure Ford takes to keep pickups looking young, lasting long.

Massive Ford Hood

Ford's hood is a strong clue to how well the whole pickup is put together.

Try this simple test.

Open the hood and grab it with both hands. Twist it. Shake it. Then look under it to see why it's so solid. You'll find a bridgelike structure welded to the hood to form a single rigid unit. It's designed this way to help prevent hood flutter as you drive along the road.

Local Boys Lose In Dallas PP&K

70% of Cities OK Gas Rate Increase

DALLAS, TEXAS — Officials of Lone Star Gas Company revealed today that almost 70 per cent of the Texas cities in which the company has requested rate increases have given their approvals to new rate ordinances. Out of a total of 383 cities in which the company is seeking rate relief, 283 have granted the company's request. Five cities have refused to act on an ordinance, with the remaining cities pending action.

On June 30 Lone Star received an order from the Texas Railroad Commission authorizing an increase in its intracompany city gate rate to \$1.0399 per thousand cubic feet (McF) of gas. The order also authorized an automatic monthly pass-on to residential and commercial customers of increases in the company's costs for purchased gas. Since the June 30 order, Lone Star distribution managers have been applying to city councils for rate increases in the towns affected.

Lone Star officials revealed today that the company has filed appeals to the Railroad Commission in Austin as a result of actions by two towns involved in the rate program. Appeals were filed during the past week for the cities of Sweetwater and Farmersville, and hearings are expected to be set by the Commission shortly.

Cistercian Kids Beat Tiger Cubs

One short drive of 30 yards and three additional first downs were all the gains that Cistercian kids could manage here Saturday afternoon, but that was enough for a 6-0 win over Sacred Heart's Cubs.

The touchdown came early in the second half after a short kick gave the visitors good position on the SH 30. For the only part of the game, they kept their drive going then and put the ball across in eight plays.

For the rest of the time the Cubs dominated. They led 9-5 in the count of first downs and they knocked at the goal line three times.

Their first threat came early in the second quarter in a drive that started in the first. Three consecutive first downs gained 59 to the 11, but the opportunity ended with a fumble.

A fumble recovered by Nasche on the next play gave them another chance from the 20 but they could not go and had to give up possession on 14. A few plays later Richards recovered another fumble for the Cubs on the 21. This time they seemed to be going but lost possession by interception on the 6 on the final play of the half.

Following Cistercian's score in the second half the Cubs moved briefly and bogged down. After that teams were deadlocked until midway in the fourth following Cistercian's kick. The spark was a pass from Ken Hartman to Mel Walterscheid for 17 yards to the 35, then the same combination reaching to the 20. Three plunges advanced to the 9 where the drive suddenly ended with another interception on final play of the game.

Bus Chartered for Frohsinn Program

Members of the Sacred Heart Choir have made plans for an Oktoberfest party sponsored by Dallas Frohsinn and invite friends to join them for the fun evening featuring German food, imported beer, singing, dancing and Polka Tone music.

They will go in a chartered bus leaving the Community Center at 6:30, arriving at 8 and returning home at 12:30. Combination bus and dance ticket is \$12.50 per couple. Alvin Fuhrman or a choir member has the tickets.

Stamps Requested For the Missions

Sister Theresina of Sacred Heart School has just sent out another reminder that cancelled postage stamps, any kind of stamps, are eagerly accepted there. In answer to recent inquiries she said "Of course we do, and always will as long as there are poor people in the world."

She added that Mrs. John Felderhoff and Mrs. Alfons Koesler, who have trimmed the stamps for many years are asking for more to cut out by way of doing their bit for the mission project, and would appreciate receiving more stamps soon.

Sister Theresina added that money as well as stamps is welcome in the missions. The goal again is \$1000, which has been topped the past three years. Last year's \$1064.85 was the highest ever.

The mission work prospers because of the generous help of students and friends, she said.

Albert Schillings Visit in Illinois

Mr. and Mrs. Albert Schilling returned Saturday from a week spent vacationing in Illinois.

In Teutopolis they were guests of an uncle, Arnold Swingler and in Neogo, Ill.,

they visited an aunt and her husband, the Victor Walks. In Sigel, Illinois, Evelyn's father's home town, they visited the farm where he was born and raised. Now in the fourth generation, it is operated by a cousin, another Joe Swingler. In the orchard on the farm, they picked apples and hazel nuts from the same trees where her father, Joe Swingler picked as a boy.

In Effingham and Mattoon, Illinois the Schillings met cousins at several family gatherings held in their honor. In Olney, Illinois, they visited another uncle and family, Mr. and Mrs. John Eberhart where reunions were held. With the Eberharts they went sightseeing to several nearby areas, including Arcola and Arthur, where a congregation of Amish people has built the famous Rockhome Gardens. Located in Eastern Illinois, the gardens cover many miles of landscaped and perfectly groomed vistas of innumerable flowers, shrubs and trees, each enhanced with distinctive rock borders walls or displays. There were many people on the gardens tour — the Schillings met one family from Switzerland who came to see the flowers.

Olney is also the home of the White Squirrels and the Schilling were fortunate to see the unusual animals and enjoyed feeding them.

They were in Illinois in time to see the mechanized corn harvest where the splendid crop has produced between 125-165 bushels per acre, the largest on record. In

Missouri they saw the magnificent display of autumn leaves while riding over the mountain highways.

This was the Schillings first vacation by bus. They found it a delightful vacation and doubly enjoyable since special sights were pointed out along the way.

Family Surprises J. J. Haverkamp on 54th Anniversary

A surprise observance of their 54th wedding anniversary was planned by their children to honor Mr. and Mrs. J. J. Haverkamp Sunday. The day was also the 24th wedding anniversary of Mr. and Mrs. Wally Luttmner.

Attending the all day family gathering were the Wally Luttmners and family and Rose and Linda Kupper all of Lindsay; Mr. and Mrs. Willard Zimmerer and family accompanied by a friend of Dallas; Mr. and Mrs. Ferd Haverkamp and sons and Mr. and Mrs. Michael Morey of Carrollton; Mr. and Mrs. Ramie Hesse and family of Denison; Mr. and Mrs. Johnnie Sturm, Mr. and Mrs. Mike Sturm, Mr. and Mrs. Roger Luttmner all of Gainesville; Mr. and Mrs. Tony Luke and family of Muenster.

Also attending were Mr. and Mrs. Henry Koelzer of Fort Worth; Mr. and Mrs. Al Fleitman, Ted Wiesman, Mr. and Mrs. Lee Haverkamp and Bernard Wolf, all of Muenster; Mr. and Mrs. Frank Haverkamp of Lindsay.

It was a covered dish event and guests were served a noon dinner and an evening meal before they departed for their homes.

Mrs. Gary Gieb Is Shower Honoree

A surprise baby shower, honoring Mrs. Gary Gieb was given Sunday evening in the home of Mrs. Damien Moster. Hostesses were Mrs. Moster, Mrs. David Reiter, Mrs. Giles Trubenbach, Miss Rhonda Moster and Miss Karen Luttmner.

Gifts were presented by thirteen guests. The hostess' gift was a high chair.

Punch and cake were served from a table decorated with a stork centerpiece.

Gieb Christening

The infant daughter of Mr. and Mrs. Gary Gieb, Misty Dawn, was baptized Sunday, October 19 at 3 in the afternoon in Sacred Heart Church by Fr. Placidus Eckart.

Sponsors at her baptism were Mr. and Mrs. David Reiter, an uncle and aunt. Attending the ceremony were the baby's grandmother, Mrs. Gene Gieb, the baby's parents, also an aunt Mrs. Tom Fuhrmann, and another aunt, Miss Rhonda Moster.

Schilling Baptism

Erica Rose Schilling was baptized Sunday, October 19. She is the infant daughter of Mr. and Mrs. Duwayne Schilling.

Fr. Placidus Eckart officiated in Sacred Heart Church at 3 p.m. Baptismal sponsors were Mr. and Mrs. Bill Dangelmayr.

Also attending the christening services were the baby's grandfather, Charlie E. Wimmer, her parents and her sisters Kelly, Tina and Cindy, and her cousins Janet and Shawn Dangelmayr. Erica Rose wore the same baptismal dress shared by her three big sisters.

from BOB PELS, R. Ph.

Many people try to save money on medical bills by not seeing the doctor until they are seriously ill. This defeats the purpose of "preventive medicine" (the only sound way to preserve your health) and it is more expensive in the long run. Once a disease process has started, it often lasts longer and costs more to cure. A regular medical checkup is not only a good investment, but the resulting peace of mind also promotes good health.

Alvord JV Quits
While Losing 18-0
At Muenster High

Something new in local football experience is sudden termination of a game by an opponent. It happened last Thursday night when Alvord's junior varsity, trailing by 18-0, walked off the field with coach and a few spectators complaining about the officiating. Until then the visitors had been penalized four times for 37 and the Hornets three times for 23.

A possible factor in the exodus was frustration. The junior Bulldogs, with a winning record, were having troubles offensively and defensively.

About midway in the first quarter they were two yards away from a TD and fumbled the opportunity away. David Felderhoff recovered for Muenster. At the end of the quarter they fumbled again and Duane Knabe recovered. That was followed quickly by Muenster's fumble, then an interception by Felderhoff. Also a good drive starting the second half ended with a fumble after a gain of 55 yards. Hermes recovered it. And finally a 48 yard drive was suddenly halted by a 15 yard penalty.

Meanwhile Muenster scored three times. Early in the second Gary Hermes made four nice gains in a 57 yard drive and Lenzy Dyer scored on a 2 yard pass from Felderhoff.

And just before the half Eddie Serna scored on a nine yard pass ending a 39 yard drive which included losses of 22 yards but two gains of 19 by Dyer, one a pass the other a sweep.

And early in the second half Hermes broke away on a 67 yard scoring gallop just after he had stopped an Alvord drive by recovering a fumble.

A fiery temper never helps to make a warm friendship.

Christmas in
November Displays
Set for Nov. 13, 14

Everyone interested in Christmas decorations and home made gifts is reminded that this year's Christmas in November display will be held November 13 and 14 in the Gainesville Community Center, according to Evelyn Yeatts, county extension agent.

As in the past, participants are asked to share ideas for Christmas decorations or gifts by displaying them with a group or club or as an individual display.

The committee also invites clubs or individuals to set a table with a theme of Bicentennial or Christmas in the Past. It might be set up for a coffee or tea table, a children's party or Christmas dinner. These displays will be in the front room of the Community Center and any size table may be used.

A variety of crafts will also be demonstrated. Now on the program are cake decorating, acrylic shirt painting and others. Anyone willing to demonstrate and share a craft is asked to call the County Extension Office, 665-4931, as soon as possible. No craft item will be sold.

Lunches and snacks will be available at a concession stand sponsored by the 4-H Council.

A table for display may be reserved by calling the Extension Office. Displays can be seen by the public from noon to 9 p.m. Thursday and 9 to 5 Friday.

Mrs. Hartman and her daughters, Mmes. Yosten and Wolf and children returned home late in the day. Harvey Schmitt and son Stephen joined the group in Arlington Thursday after school. The children remained with their cousins Teri Lynn Fedor and Miss Tompkins while the Fedors and Schmitts attended the Johnny Cash show at the State Fair Music Hall.

Set that thermostat at energy-economical 68 degrees, and remember to lower it to 60 degrees at night. For every degree you dial down you can save about 2 1/2 percent on your fuel costs. If you find the new temperature cool, wear slightly warmer clothes for comfort.

SH Students for
School Lunch Week

Sacred Heart School Lunchroom has just completed a very successful National School Lunch Week, serving a total of 1375 in four days.

About 100 parents, grandparents, brothers and sisters enjoyed having lunch with the children.

On Wednesday, October 15, the "Universal Menu Day", the All-American lunch was served, consisting of cheeseburgers on a bun, crispy potatoes, fiesta slaw, chilled peaches and milk.

During the Bicentennial period the Lunch Room will participate in the National Child Nutrition Bicentennial Project to celebrate 30 years of the school lunch program as well as the nation's 200th birthday. Each month lunch room menu themes will highlight various aspects of our heritage, the First Thanksgiving, the Louisiana Purchase, the Industrial Revolution, for examples.

Personnel of the Sacred Heart Lunch Room wish to thank all who participated during the week and invite them to return again to have lunch with their children from time to time or on special occasions. Mrs. Lawrence Martin adds that: "It was a pleasure to have you come".

Keep a small thermometer in the living room or another often-used room of the house as a check on your thermostat. Then if they don't agree, you can adjust your thermostat so that the thermometer reads the recommended 68 degrees.

Reducing plan

Plan C
How to save electricity
when using ranges

- When using top-of-range utensils, cover tightly and cook with minimum of water. Cooking's faster, less energy's used. Food looks and tastes better, too.
- Use flat-bottomed utensils for best contact with heating surface. Use proper size utensils. A 6" pan on an 8" heating surface wastes energy.
- Preheat oven only when needed and only to temperature stated. Normal preheat is 10 minutes; any longer wastes energy.
- When broiling, do not preheat. Leave door ajar... air circulation insures proper broiling.
- Use oven fully. Fill it with foods that cook at same temperature. Freeze extras for later use.
- Center pans in from oven sides, staggered above each other (no overlap) for best heat distribution.
- Keep oven shut. Opening door drops temperature 25° or more; wastes energy.
- Thaw frozen meats before cooking.
- Do not use oven or surface heating elements for home heating.
- Turn range off immediately when finished.

Texans:

If you are tired of bigger government and higher taxes, vote NO on the proposed new constitution November 4.

Don't give future Legislatures a blank check.

The Houston Chronicle calls the new constitution "a dangerous document." Governor Dolph Briscoe warns it will "lead us down the road to a state income tax."

Governor Briscoe says: "It is my personal view that the current Constitution under which Texas has grown and prospered for a century is preferable to the proposed new constitution. Accordingly, I believe it is in the best interest of Texas that all eight propositions on the ballot be rejected."

Play it safe. Keep our present Constitution by voting NO on Tuesday, November 4.

Margaret Jeanette Wylie Weds

Mr. and Mrs. Johnny Wayne Humberston are at home in Eules since returning from their wedding trip. The bride is the former Margaret Jeanette Wylie, only daughter of Mr. and Mrs. Stan Wylie of Grand Prairie and the granddaughter of Mrs. Bill Kathman of Muenster and Mrs. Ruby Wylie, former Muenster resident and teacher, now of Mesquite. The groom's parents are Mr. and Mrs. J. D. Lumpkin of Fort Worth.

Fr. Patrick J. Lynch officiated for the double ring ceremony in Immaculate Conception Church in Grand Prairie. Vows were exchanged before an altar holding candles entwined with garlands of baby's breath, and baskets of white gladioli, apricot and lavender carnations and greenery.

The bride was given in marriage by her father. She wore a formal gown of white heatherwood gabardine and chantilly lace designed and created by her mother. The sheer, lace yoke front, high ring neckline and long sleeves were trimmed with lace edging. A front panel and deep skirt flounce were of chantilly lace over heatherwood. The chapel length train was of the same heatherwood gabardine with lace overlay. The bouffant nylon tulle bridal veil

was attached to a pearl tiara. For added sentiment, the bride wore a gold cross given to her grandmother Kathman at her First Communion 75 years ago and also worn by the bride's mother at her wedding 24 years ago. The bridal bouquet was a cascade of white carnations and baby's breath centered with two purple orchids.

Attendants

Bridal attendants were maid of honor Cheri Hanzelka, and bridesmaid Debbie Isaacs, both friends of the bride and both of Arlington. They were dressed in apricot and lavender gingham, respectively, featuring sweetheart necklines, short puff sleeves and a deep flounce at the hemline.

Their gowns were also made by the bride's mother, thus repeating a tradition of her wedding 24 years ago in Muenster when she created her wedding gown and also those of her bridesmaids.

The bridal attendants carried baskets of carnations tinted apricot and lavender with lavender streamers. They wore semi-circle headpieces of apricot and lavender carnations. For her daughter's wedding, Mrs. Wylie chose a lavender and white double knit floor length gown in princess style and wore a rosebud corsage. Grandmoth-

ers of the couple had white carnation corsages.

Best man was Clark Wilson of Crowley, and groomsmen were William Wylie, bride's brother of Grand Prairie. Candle-lighter and acolyte was another brother, Johnny Wylie. Special musical arrangements were played on the organ by Jimmy Wylie, bride's brother of Gainesville. Ushering guests were George Wylie, bride's brother of Weatherford, Oklahoma, and Jeff Hoover of Arlington.

Reception

Following the church service, a reception was held in the Hawes-Grimland Room at

the Community Center in Grand Prairie. The bride's table held the three tiered wedding cake. Linda and Lana Chambless, bride's cousins of Balch Springs served the cake. Jo Nita Thomas and Kathy Brixey of Arlington served punch.

When the couple left on their wedding trip, the bride was wearing a burgundy two piece dress and the orchid from her bridal bouquet.

The groom attended Fort Worth schools and is employed by A.R.A.-Transtemp of Arlington. His bride attended Grand Prairie schools and is an employee of Precept, Inc. of Eules.

Among out of town relatives at the wedding were the bride's grandmothers Mrs. W. G. Kathman and Mrs. Ruby Wylie; Richard Strickland and Callie Wuount, uncle and aunt of the groom of Fort Worth, Mr. and Mrs. Weldon Wylie and Dave of Mesquite, Mrs. Harold Chambless and daughters Linda, Lana and Bobbye of Balch Springs; Mr. and Mrs. Louis Sicking, bride's god-parents of Muenster; Mr. and Mrs. Bill Insel and Eddie of Gainesville; Mr. and Mrs. Henry Sandmann and Janet and Carl of Valley View.

The bride's parents entertained in their home for a cocktail hour preceding the rehearsal on Thursday, October 2 when gifts were presented to the wedding attendants.

Reunion Held by Whitt Relations

A family reunion held in the home of Mr. and Mrs. R. L. Whitt of Fort Worth on Saturday, October 18 marked the birthday of the late great-grandmother, Mrs. Helen Booher Wyatt. Among the guests and relatives present were her children, grandchildren, great-grandchildren and great-great-grandchildren.

The lovely backyard picnic was enjoyed by more than one hundred including Messrs. and Mmes. R. L. Holland of Fowler, California; W. M. Holland of Fresno, California; J. L. McCrady and Carol Ann, and Michael McCrady and Sherrell all of Austin; Phillip McCrady, Anjie and Chris of Leander, Texas; Gary Knight and Eric of Louisville, Kentucky; J. E. Cole, Larry, Wren and Kevin of Lubbock; Mrs. Randy Cole, Lydia and Mallory of El Paso.

Also Messrs. and Mmes. Harvey Booher of Chicasha, Oklahoma; Loren Booher and Bryan of Sherman; Bill Fink and children of Cleburne; Grady Wyatt of Sulphur Springs; Loye Murrell of Arlington; Mrs. Linda Byers of Eules; Mr. Jack Yates and children of Bedford.

Mr. and Mrs. Martin Booher, Mary Strong, Patricia and Amanda Terrell and Serene Wyatt of Grand Prairie; Messrs. and Mmes. Bob Anderson and Mysti of Mexia, Bill Anderson, Jim Yeats, Tamara, Lea Ann and Angela, Mrs. Neva Anderson, Mrs. Daisy Booher all of Dallas and the Don Parhams and D'Aun and Brett of Saginaw.

Also Messrs. and Mmes. Neal Murrell and Karon; Kenneth Whitt, Candace, Stacy and Randell; Kenneth Mitchell, Kari and Chad; Wayne Shifflet; and Mrs. Don Peacock, Mrs. Madie Murrell, Audrey Mason, Nealana and Jeb Patton, Bobbie Hughes all of Fort Worth.

TP&L Asks for Realistic Raise Of Electric Rate

The electric rate increase recommended by Touche Ross is unrealistic if Texas Power & Light Company is to adequately serve the future power requirements of its customers, J. F. Skelton, TP&L President, said today.

Touche Ross, a consulting firm employed by the City of Waco and several other cities in the TP&L service area, recommended that the Company be granted only a 8.2% increase instead of the 10.6% requested by TP&L.

At a meeting with the Waco City Council in Waco October 14 TP&L will offer expert testimony refuting the Touche Ross conclusions, Skelton said.

Obviously, we are disappointed in the recommendation of Touche Ross", Skelton continued. "The rate increase we are seeking is the minimum necessary to meet the commitments we must make in order to assure our customers a dependable source of electric power. And if we are

forced to accept the proposal of Touche Ross, the company will be forced to review its construction program and the time lag between this and the next rate increase will be noticeably shortened."

He added, however, that TP&L's ability to serve its customers adequately will be impaired seriously if the Company receives less than 10.6% increase.

The increase, he explained, will help assure investor confidence in TP&L, a necessity for the Company to raise the hundreds of millions of dollars required to construct nuclear and lignite power plants.

"Fuel is a major cost in power production," Skelton

emphasized. "Currently, the cost of lignite or nuclear fuel needed to generate 1,000 kilowatt-hours of electricity is less than \$3, compared to \$15 with natural gas and over \$20 with oil.

"It is to our customers advantage, of course, for TP&L to use the most economical fuel," he continued, "and to do that TP&L must spend hundreds of millions of dollars to build lignite and nuclear generating plants. Electric rates in the future will be far lower than they would be if we try to depend on gas and oil for fuel." In addition, Skelton concluded, TP&L cannot count on continuing to get enough gas and oil.

Forestburg News

By Myrt Denham

FORESTBURG: Recent visitors in the home of Mr. and Mrs. Barney Brogdon were the R. L. Hollands and the Loyd Taylors (she is the former Lillie Umberson.) Both families are from Modesto, California and on a vacation trip. Neither knew the other was coming to Texas to visit the Umbersons and Brogdons. They stopped in Virginia to attend church — talked to each other because of their California license plates. Then they met at Saint Jo at Nettie Umberson's house was the first they knew they came to Texas to visit the same people. undergoing two operations in about a week. He is doing well, looks well and seems in good spirits.

Bob Perryman, brother of Ben Perryman, is also a patient in the Bowie hospital.

Mrs. Mary Kazmir of Plainview, Calif., visited here with the V. G. Greenwood family and the Joe Hunts the past week. Mary is Mrs. Greenwood and Joe Hunt's sister. She headed home Oct. 25.

This writer and her husband honored their house guest, Edgar Kloepper of New Braunfels, with a dinner-party Sunday evening, Oct. 19. Other guests were Messrs. and Mmes. T. W. Smith, Bennett Reynolds and A. G. Barclay. Edgar headed home Oct. 21 after spending two days with his sister and her husband, the T. W. Smiths.

The Forestburg FHA held a meeting Oct. 13. Members discussed many different topics such as the Halloween Carnival, initiation for the freshmen, election of a beau for FHA. Members also decided to sell the Americana Cookery cookbooks for \$3.00 apiece. The initiation of freshmen was set for sometime in Oct. The winner of the beau election will be announced Nov. 3. A committee was selected to make plans for the freshmen initiation — they met after school Oct. 14, made plans and decided on many things to be done.

Mr. and Mrs. Ernest Milburn of Mina, Ark., and Mrs. D. D. Echols of Mallard were guests of the Buford Greenwoods Oct. 23.

Mr. and Mrs. Elvis Duck of Pampa, Texas, were overnight guests Oct. 20 in the home of Mrs. Decie Ellzey.

Ern's hog, dog, cat and junk operation.

Mrs. Cleo Lanier had a birthday party for her granddaughter, Janice Lanier on her first teen birthday Oct. 16. Guests were Pamela and Veronica Edwards, Vatonni Dill, Leann Hays and Jeff and Tracey Lanier.

Mr. and Mrs. Wayne Moseley are the proud parents of a baby boy born Oct. 22 at Muenster Memorial Hospital. The young man's name is Bryon David. His grandparents are Mr. and Mrs. Doe Moseley, Mr. and Mrs. J. T. Johnston. Great-grandparents are Mr. and Mrs. Jesse Kuykendall.

Jewell Castell of Saint Jo and Leona Smith of Euleus were guests of their sister, Mrs. Lenora Moore. Lenora's son Henry Don of Dallas was also a visitor Oct. 20.

Carla and Barry Hooper of Montague were guests of Brent Shults Oct. 19.

The United Methodist Women met Oct. 21 at 10 a.m. in the annex of the United Methodist Church for a study on "Global Living Here and Now." Mrs. Laura Belle Jackson had charge of the activities and did a great job planning and working up the study. Others present were Mmes. Lucille Littell, Esther Shears, Alice Shears, Gayle Edwards, Vera Mae McGee and Myrt Denham. The study lasted till 2 p.m. with a break for a sack lunch at noon.

On Oct. 22 at 7 p.m. the monthly board meeting and fellowship supper was held in the Methodist Church annex. Many attended and a good evening was had by all.

Betty Reynolds flew the coop Oct. 24 and headed for Bowie for business purposes, shopping and she also visited with Mrs. Joe Denham.

The Bailey Perrymans of Wichita Falls were in the Forestburg area doing some "pop" visiting. They spent some time at the Denham residence. Then Bailey decided he wanted to sit on the Mercy Bench with Mark Landers and Willie Kuykendall.

Mmes. Lucille Littell, Alice Shears, Betty Reynolds and Myrt Denham arose early Saturday a.m., Oct. 25 and were on their way by 7:30 for University United Methodist Church in Wichita Falls. The Charles Dills and son of Dallas were weekend guests of the Jack C. Dills, Vatonni, and the J. W. White family.

Many of you probably read the nice write-up by Ron Taylor about the Perryman cemetery in the Oct. 27 Bowie News. He visited it and was impressed with its well-taken-care-of appearance. He didn't know who was responsible for it. Well, we do — it's Millie and Wib Reynolds. They're in charge and they see to it that it's mowed and kept clean. Think the Lovalls of Alvord do the actual work.

The Frank Harrises of Duncan, Okla., were visitors in the home of Mrs. Callie Shears and Mrs. Martilla Brewer, Oct. 26.

Messrs. and Mmes. Homer Shears and Ross Littell, Mmes. Vera Mae McGee and Decie Ellzey joined up Oct. 26 to visit folks who are patients in the Bowie hospital. They visited D. D. Echols, Bob Perryman, Mrs. Bob Ryan of Montague, Mrs. John Thompkins of Montague — she is the mother of Mose Thompkins and also of Mrs. Jack Miller of Mallard. They also spoke to Mrs. Eunice Medley whose husband Hoke is seriously ill.

Pharmacy Provides Ten Magazines For SH Library

Bob Pels of Muenster Pharmacy has presented to Sacred Heart School a library service consisting of 10 popular periodicals, a binder for each publication and a display rack to hold each 10 magazines.

This service also includes a series of educational drug abuse material which is revised periodically to encourage the students to read and see just how dangerous it is to experiment with drugs. The deadly hazards are graphically portrayed in words and cartoons to bring home the fact that drugs are "deadly".

Mr. Pels says if we can prevent just one student from using drugs, we will feel we have been more than repaid

for our time and effort in this important contribution to our youth and their future.

field goal attempt by Mark Hess was a close miss. After Cistercian's punt ending the next series they got back to the 27 and were stopped by Nicholson's interception.

Following intermission the Tigers were promptly jolted by a penalty back to their 15, then another Nicholson interception and runback to the 7. But SH defense stood pat. Next four plays ended at the 4.

That's where the Tigers launched their second TD. Hess accounted for 64 of the 96 yards and Roger Endres finished the job with an amazing 28 yard run in which he sidestepped two defenders and slipped away from two others before getting clear for his sprint to pay dirt. An attempted run for two points was short.

After an on-side kick the Hawks had good position in midfield and after their kick on the second series the Tigers had bad position on their 6. Two runs by Hess gained to the 34 then a major penalty halted the drive and a punt gave Cistercian possession with 62 to go. 25 of those yards were free as the next four series were aided by penalties of 5, 5, 5 and 10. From the 9 two plunges gained 6 and a pass from Nicholson to Moran was good for the TD. A kick made the count 12-7 and got Cistercian back into the game.

After the Hawks' on-side kick SH started at their 45. Hess made two big gains to the 19 and a penalty for delay fouled up the next series. The ball went over on the 10.

Four plays plus 20 yards on penalties gained 36 for the Hawks and four more plays gained only 5 to the Tiger 49. From there SH got back to the 20 as time ran out.

other government workers to the level of us taxpayers. And they need to discontinue the gravy train for deadbeats.

It's taken for granted that this attitude is unpopular in politics because it alienates those who are getting the benefits. But we wonder whether politicians show the better judgment when they cater to the taxeaters. Since we taxpayers are still in the majority they have good reason to apply sound business principles.
