

"A barrel for a bushel" is a new slogan adopted by some congressmen to express their policy regarding the outrageous prices this country has to pay the Organization of Petroleum Exporting Countries for oil, as compared with the miserably low prices those same countries pay for American grain.

Some refer back to the times, just a few years ago when billions of barrels of Arab oil was imported at about \$2 a barrel, and at the same time our wheat was selling at about \$2 a bushel. Actually the oil then was too cheap, just as our grain was. Domestic producers could not stand the competition and cut back drastically on their operation. Then suddenly when we were critically dependent on the imported oil the foreign producers got together and put the squeeze on us.

For almost two years US has been meekly submitting to the rip-off without making any effort to retaliate. We pay what they demand for the oil while accepting what they offer for our grain. We're tolerating a double standard in which American consumers, who eventually have to pick up the tab for the price raise, have to pay much more for gasoline but get the same old low price for their surplus grain.

Finally somebody has come up with an idea that should have been applied on the first day that oil prices went up. Doubtless some people thought of it too, but the trouble was that we were not organized to do the job. Our grain was on a free market and the foreign buyers were able to dicker with dealers for the best possible purchase. Meanwhile the foreigners were organized for selling. They had a monopoly and demanded what they thought they could get.

It's rather exasperating to think that a group of people who don't have the know how to provide for themselves again have made monkeys of us Americans. It was American investment and technology that put those people in the oil business, and they use that oil to put us in an economic bind. On the other hand they still have not progressed agriculturally to the point of being able to feed themselves but they are foxy enough to buy our food from the bargain counter.

All of which points up a problem that needs to be solved. We can't afford giving the red dominated OPEC the benefits of a free enterprise market while we have to buy on their monopoly market. Let's have either the free market both ways or the monopoly market both ways. Knowing very well that they will not provide the free market, this means that we need to quit providing ours.

To do this means that US in its grain deals will have to authorize only one seller, probably a government agency. And that would lead to multiple problems as this system tries to operate along with the free market.

A number of people in the US agree on the principle of equal price for bushel and barrel but they are wary about letting bureaucrats take the operation away from free enterprise. Moreover, they claim that the free market in time can adjust itself and we can get back to a fair basis without getting the American system fouled up.

This column doesn't presume to have an answer, but it is certain that the problem most urgently needs one. It firmly believes that if statesmen will seriously put their heads together they can come up with a plan that will end the robbery in the oil market without giving up the benefits of a free market for our grain.

## Alphonse Luke, 72 Dies Suddenly Of Heart Attack

Funeral service for Alphonse L. Luke, 72, were held Monday morning at 9:30 in Sacred Heart Church with Father Placidus Eckart officiating at the requiem mass and giving the funeral sermon.

Father Placidus also conducted grave side rites at the burial in Sacred Heart Cemetery under direction of Nick Miller Funeral Home.

Pallbearers were Paul Luke, Edwin Luke, W. J. Luke, Dan Luke, Paul Endres and Robert Kupper.

Rosary Service at 4 and 8 p.m. Sunday were held in the chapel of Miller Funeral Home.

Alphonse Luke died of a heart attack at 2:15 p.m. Saturday in Muenster Hospital, about an hour after he came there unassisted and said that he was feeling ill. Until noon he had been on duty there as an outside caretaker.

He was a native of Leopold, Missouri, born November 19, 1902, the youngest of ten children of Mr. and Mrs. John Luke. The family moved to Muenster in 1903 and he lived here ever since. He was a member of the Knights of Columbus and a retired farmer. Until his retirement in 1970 he lived on the place originally occupied by his family.

Survivors are two brothers, Ben of Muenster and Carl of Hereford; and two sisters, Theresa of Muenster and Mrs. Martin Friske of Lindsay.

Out of town relatives and friends attending the services were Mr. and Mrs. Carl Luke and Mrs. Mmes. Leona Paetzold, Marcella Hoffman, and Mildred Betzen of Hereford; Mr. and Mrs. Edwin Luke, Mr. and Mrs. Joe Luke and Vincent Luke of Fort Worth; Mr. and Mrs. Paul Luke and Ruth, and Dr. and Mrs. Howard Mollenkopf of Dallas, Mr. and Mrs. Tom Fuhrmann of Eules; Mr. and Mrs. Jim Fuhrmann of Irving; Nancy Fuhrmann of Denton; Mr. and Mrs. Jack Fiedler of Duncanville; Mr. and Mrs. Robert Kupper of Marlin; Mr. and Mrs. Martin Friske and Mr. and Mrs. Walter Lutkenhaus of Lindsay.

## Tigers Dump Knights 20-6

Sacred Heart's Friday night game at Lindsay was one of those in which everything seems to go right. The important thing, of course, was coming out at the happy end of a 20-6 score, which was especially satisfying as revenge for a pair of losses last year.

But there was the added satisfaction of making ample yardage in the rushing game while the Lindsay ball toters were stopped cold. The Knights carried for a net gain of only 10 throughout. That was plus 30 in the first half and minus 20 in the second.

The Knights' one redeeming achievement was their passing, a total of 118 yards on seven completions, and the producer of Lindsay's only TD. Even so their success at it was almost obliterated by five interceptions made by Roger Endres.

Exchanges were 6-4 in favor of the Tigers. Along with the five stolen passes they recovered one fumble, while Lindsay intercepted two passes and recovered two fumbles.

As the game opened Lindsay got off to a good start with Krebs gaining 9 in two plays and Gossett plowing for 19. But Tiger defense got tough then and caused the next series to lose yardage.

A kick put SH back to the 4, from where the Tigers started their first scoring drive. Mark Hess and Roger Endres did most of the toting in eight consecutive first downs to pay dirt. Also, a pass from Endres to Hess accounted for 10 and another pass, to Bruce Fuhrman, produced the touchdown early in the second quarter. Hess kicked for an extra point.

On third play after kickoff Endres nabbed his first stolen pass and put the Tigers in business again. Hess did the heavy work in the 24 yard drive, which needed 8 plays, and also scored from inside the 1. His kick upped the count to 14-0 with 6:06 left in the second quarter.

On the kickoff that followed SH made an on side kick and

## Doctor Expected To Locate Here Early Next Month

In just a few weeks another doctor is expected to begin practice in Muenster. Dr. Enrique Juarez of Galveston indicated during the past weekend in telephone calls to Dr. Alfredo Antonetti and David Bright that he intends to be here on October 4 to start making arrangements for living quarters and office location, and to start practice as soon as possible.

Dr. Juarez, like Dr. Antonetti, is a native of Cuba, a refugee from the communist dictatorship of Fidel Castro. He has been in this country for four years and is currently on the staff of the Public Health Service.

Though he practiced medicine for many years in his native country he needed a Texas license to practice in this state. He has just qualified for that license by passing the state medical board exam.

## Defensive Clash Looms as Tigers Take on Trojans

If past games are an indication, the meeting of Sacred Heart Tigers and Windthorst Trojans here Saturday night will be a defensive hum dinger with little scoring on either side. To date the Tigers have allowed only 12 points and the Trojans only 9 points.

On the offensive side it appears the signs are favoring the Tigers who have 52 points to their credit in their 2-0-1 standing. However some allowance can be made for Windthorst's tough opposition. In two losses to a couple of AA teams the scores were only 2-0 and 7-0. The other encounter was a 13-0 win over Paradise, the former champ of District 7-B.

Fresh from a very satisfying 20-6 triumph over Lindsay, the Tigers are in top condition mentally and physically, and their enthusiasm is matched by the confidence of Coach Ed Stock, who says their performance last week was tops in every respect.

Arrington succeeds Bob Vaughan, district manager in Gainesville since 1966, who has been elevated to director of state affairs in TP&L's Dallas headquarters.

Arrington has been assistant to TP&L's Mesquite district manager since 1973. He joined the Company in 1968 as an engineer in the Dallas office and later served as an engineer and power consultant in the Central Division, headquartered in Irving.

## Deadline Is Near For Reservations To German Day

This weekend is the deadline to make arrangements for the dual German Day observance in Dallas, on October 11 and 12.

In pointing out this fact Bertha Hamric, Chamber of Commerce president, urges immediate action by anyone who wants to join the party. According to an agreement with the German Day council, the unsold tickets are to be returned after this week so that they can be available to others.

## Big Bicycle Ride Postponed a Week By Rainy Weather

The million dollar bike ride scheduled for last Sunday was postponed because of bad weather, and the ride, along with other related activity, is re-scheduled for next Sunday.

It means that registration in the Muenster city park will be held as originally planned from 12:30 to 1:30 and participants will get their briefing and send-off from Mayor David Bright. Until the departure Doug Martin's orchestra will entertain.

Also, after completion of the 21 mile ride to Leonard Park, Gainesville, the contestants will be greeted by Mayor Glen Loch, an ice cream party and a hootenanny. During the latter event the riders will receive seventeen prizes determined by total amounts of donations pledged.

The ride for the lives of little children is a fund raising promotion in which the money pledged is given to the Children's Research Hospital of Memphis, Tenn., to finance research on cancer and leukemia in children. It is sponsored in Cooke County by the local chapter of Epsilon Sigma Alpha, a sorority of business and professional women.

## Friday Is Homecoming Day For Exes of Muenster High

Festivities are planned and waiting to happen Friday night at the annual homecoming of Muenster Public School. The word has been spreading for weeks in a general invitation directed to all former students, and special invitations have been mailed to classes of 1955 and 1965. The 10 and 20 year grads will be guests at the dance and will also be featured in a get-together of the exes.

Included on the program are a bonfire, a parade, a football game, queen crowning ceremonies and a social and dance.

First event comes the night before as students and Hornet fans gather for a bonfire in the west part of town across from Henry Weinzapfel's home. Scrap lumber and other materials for the occasion have been accumulating for weeks.

The parade, beginning at 7 p.m. Friday, will form down town and arrive at the grandstand before game time. It will include a float with personnel of the queen crowning along with the Hornet band.

## City Gets \$6,333 Sales Tax Check

The city of Muenster has received a check for \$6,333.68 from State Comptroller Bob Bullock for sales tax collected for it by the state during the period ending August 29, 1975. It is a part of some \$34.46 million in rebates sent to more than 800 cities for the second month of the third quarter.

A summary sheet sent out by the comptroller's office shows that the total amount collected for the city was \$6,338.05 and \$126.72 was deducted for the state's 2 per cent collection fee. Adding the prior balance of \$438.94 and retaining \$316.55, the usual 4.76 per cent, accounts for the net of \$6,333.68.

Amounts remitted to some other cities of the area are Gainesville \$46,118, Lindsay \$4,052, Saint Jo \$1,882, Nocona \$7,535, Sanger \$2,637, Pilot Point \$2,548.

In pointing out this fact Bertha Hamric, Chamber of Commerce president, urges immediate action by anyone who wants to join the party. According to an agreement with the German Day council, the unsold tickets are to be returned after this week so that they can be available to others.

The Saturday program is the annual Pioneer Ball in the Marriott Motor Hotel. It will honor a number of dignitaries and present concerts in German by the Dallas Frohsinn Society and the German Air Force choir from Fort Bliss. The famous Fredericksburg Oompah Band will also give a short concert and Peppermint Polkas will play for the dance.

The package plan being promoted here includes tickets for the Pioneer Ball and motel reservations enabling people to stay for the second part of the observance, German Day at the Fair on Sunday. Reservations, like the tickets, will not be available after this week.

The program at the Fair will be under the German Day tent near Grand Ave. entrance and will include several groups appearing the evening before at the Pioneer Ball. The Frohsinn choir and German Air Force choir will sing, the Fredericksburg Oompah and Peppermint Polka will play. In addition there will be a children's German choir, German folk dancing and German food and drinks.

and students, plus any others who wish to participate. Main attraction will be the encounter of two old time rivals, Muenster and Valley View, on the football field. Both teams will come to the field with a perfect 3-0 record and prospects are good for a classic contest.

Half time of the game will bring on the ceremony of crowning this year's homecoming queen, who has been elected by the football team from four members of the senior class, and whose identity will not be revealed until

## \$565 Donated for Cystic Fibrosis

People of Muenster opened their hearts and their purses last week Tuesday in the Breath of Life drive conducted by local volunteers for the Cystic Fibrosis Foundation.

They gave \$565.36 for the program of research, care and treatment of children who have lung damaging diseases such as cystic fibrosis, asthma, chronic bronchitis, childhood emphysema and recurrent pneumonia.

Mrs. Ted Henschel was campaign chairman. Her helpers were Mmes. Dave Berres, Jerry Hess, Robert Russell, Charles Bayer, Joe Hellman, Herman Grewing, Virgil Henschel, Richard Pagel, John Monday, Earl Koelzer Jr., Jerry Hennigan and Andy Klement; also Cathy and Claudia Flusche.

## Muenster 42, Pilot Point 7

Muenster High Hornets looked great last week in walloping the Bearcats of Pilot Point 42-7 for their third straight win of the season.

With few exceptions, Coach Don Jones said, their execution was fine both offensively and defensively. Also, their attack was well balanced with all of the backs picking up consistent gains, thanks to some good help from the men up front.

The same applies defensively. Holding three good backs to short yardage was a definite achievement.

The visiting Bearcats opened the contest with a first down and had to kick on the next series, and the Hornets promptly got down to business. Two plays plus penalties on each side moved 18 yards to the Pointers' 45. On the next three Bob Endres made 11, Mark W. Sicking made 14 and Mark L. Sicking 18 to the 2. For the next three plays Bearcat defense refused to budge but cracked on the fourth try with Mark W. plunging through. Dan Endres booted the point after. The score was 7-0 with 5:03 left in the first quarter.

The next drive was similar.

## Hornets Will Be Well Matched for Homecoming Game

Both teams will be fighting to keep their perfect record intact when the MHS Hornets and Valley View Eagles clash in the homecoming classic here Friday night at 8. Each now has a 3-0 season score, and each has accumulated lots of points while holding the opposition to four touchdowns. Totals as of now are 82-28 for the Hornets and 114-24 for the Eagles.

As sized up by Coach Jones this will be the first time the Hornets will be evenly matched in weight. And the Eagles have alertness, quickness and speed, especially in their pair of scabacks, Miller and Kuntz. They are breakaway type fellows, capable of the big play any minute of the game.

Just the same Jones is confident that the Hornets can handle the job. He's happy with both their offense and defense in action so far, each week an apparent improvement over the week before.

The physical report likewise is favorable. All the Hornets are in good condition.

the ceremony. Included in the royal court are the four queen candidates of the senior class plus a representative from each of the lower classes and an ex-student escorting each of them.

Dianne Klement, last year's queen, will crown the homecoming queen. She will be joined by Mrs. Jan Cain, president of the ex-studies, and Mrs. Edward Guthrie, queen of '55 and Mrs. Bob Voth, queen of '65, who will present a bouquet to the queen and mum corsages to the three remaining candidates and the princesses. Miss Klement will be escorted by Ricky Walterscheid, the others by their husbands.

Queen candidates and their escorts are Debbie Schneider and Terry Walterscheid, Kim Klement and Randy Wolf, Sheila Grewing and Steve Klement, Kenya Hale and Neil Huchton. Princesses and escorts are Doris Clark and Mark Stoffels, Thelma Lewis and Glenn Henschel, Marla Sicking and Tim Felderhoff.

After the game the exes will sponsor a dance in the community center with the Cherry Rhone orchestra and refreshments of snacks, chips and dips. Admission price is \$2.50 per person and everyone is welcome.

While the dance is in progress the exes will also have a separate area, a meeting room for socializing. That gathering will feature an introduction session conducted by Norma Kubicek to tell about grads and spouses, where they live, what they do, how many children, etc.

Starting the second period the Pointers made a first down and failed a fourth down gamble on the next series. MHS was 58 yards away. A pass from Tim Wolf to Dan Endres gained 14, a pass to Mark L. gained 20, Wolf rushed for 7 and Mark W. for 11. Two plays later Mark L. finished the drive with a scoot around left end.

Finally it was Pilot Point's turn. A good kickoff return and 15 free steps gave them a start with 47 to go. Six plays were enough and Jezek went in from the 24. A kick was good. The count was 26-7.

Before half time the Bearcats went to the air for gains of 11, 13 and 22 yards before running out of time.

After intermission MHS took charge again and gained (Continued on page 10)

## 40 Rolls of Wire Stolen from NBC

Some 40 rolls of barbed wire were stolen from National Building Centers last Friday night.

According to Rufus Henschel, store manager, the thieves left evidence indicating they had loaded the wire in the alley behind the yard and had used the store's wheelbarrow to haul their loot from the bin to the alley.

In case anyone saw activity there last Friday night, Henschel would like to know. Any bit of evidence might be helpful in solving the theft.

## The Canonization of Mother Elizabeth Ann Seton

Here is an account of the canonization of Mother Elizabeth Ann Seton, first American born saint, as witnessed by Mrs. John Mosman when she was a member of a group making a Holy Year Pilgrimage to the memorable events.

About 500 workmen moved into St. Peter's Square on Friday and Saturday to prepare for the canonization. The tapestry they hung from the loggia showed Mother Seton, clothed in a black habit, standing over a globe with the United States illuminated by rays of sunlight.

Mother Seton was canonized 154 years after her death in the convent she founded, The Sisters of Charity, in Emmitsburg, Maryland. The pontiff spent much of this summer studying the life of Mother Seton. He was very impressed with her life.

Women from four nations were chosen to illustrate four phases of the new saint's life in the canonization ceremony. The 17 year old daughter of the French ambassador to the Holy See, Ines Amarich made a brief address about Mother

Seton's childhood in French. Mrs. Lidice Gomez, a Spaniard, illustrated her married life in Spanish. Gina Faccini, an Italian widow, her widowhood in Italian. And an English Sister of Charity, Katherine O'Toole, mother general of Halifax, Canada, her religious life, which was in English. The Vatican also designated Sister Mahoney, president of the Federation of Mother Seton's Daughters, to read the first lesson of the canonization mass.

More than 500 priests and 80 bishops from the U.S. and Canada flew in for the ceremony. For the mass with Pope Paul VI were Cardinal Terence Cooke, Archbishop of N. Y., Archbishop Joseph Bernardin of Cincinnati, Archbishop James Hayes of Halifax, Archbishop Peter Gerety of Newark, N.J., and Bishop William Connare of Greensburg, Pa.

The canonization, about a 30 minute ritual inserted in the solemn mass, crowned a 93 year campaign by the Sisters of Charity. It followed a lengthy Vatican investigation that verified three miracles attributed to Mother Seton including the case of Carl Kalin, a 72 year old construction engineer from Yonkers, N. Y., who recovered from meningitis after his wife prayed to Mother Seton. He received Holy Communion from Pope Paul. Also Mrs. Ann O'Neill Hoce of Baltimore, Md., a former cancer patient judged cured by miracle, received Communion from the Pontiff. There were 125 priests who carried communion from the altar atop the basilica steps to the thousands attending the canonization. It was estimated that 100,000 people were in attendance in St. Peter's Square. A thousand of the 8,000 Sisters of Charity membership made the trip.

Beatification requires the authentication of two miracles. Canonization needs two more, but Pope Paul waived one of these for Mother Seton in order to sanctify her during the Holy Year. Pope Paul gave the homily in English. The ceremony lasted 3 hours.

A brief history of the life of Mother Seton shows that Elizabeth Ann Bayley Seton was born in New York on August 24, 1774 and was baptized in the Episcopal Church of which she was a member until the age of 30. Her father was a physician and her mother died when she was 3 years old. She married William Magee Seton, a wealthy New York merchant on January 25, 1794 and bore him 5 children. A Co-founder, with other charitable Protestant matrons, her devotion to the poor, the sick and the dying earned her the title of "Protestant Sister of Charity".

In 1803 she sailed for Italy,

with her tubercular husband, now bankrupt, and their 8 year old daughter, Anna Maria, in an attempt to save his life, but after a month he died in Pisa, Italy. During her five month's stay with the Filicchi family in Italy, Elizabeth was convinced of the truth of the Catholic Faith but submission to it came only after a long inner struggle and outward trials. She was received into the Catholic Church on March 14, 1805. She was ostracized by her family and friends. In 1808 she accepted the invitation of Father William Dubourg S.S. to found a school for girls in Baltimore. Soon she was joined by other young women who wished to devote their life to religion. In 1809 the school was moved to Emmitsburg, Maryland, where the first native American community, the Sisters of Charity of St. Joseph was established on July 31. The Rule of St. Vincent de Paul was formally adopted in January 1812. Both

the community and the school prospered, despite heavy trials. To these trials were added her own constant suffering and weakness from tuberculosis and the loss of her friends. She died on January 4, 1821 at the age of 46. At her death the community had grown in 12 years to more than 50 Sisters at the mother-house, where, besides her boarding academy, she had established the first American parochial school, an infirmary at Mt. St. Mary's, an orphanage, and school in Philadelphia, and an orphanage in New York. Today it has branched out into 6 communities with 8000 members and hundreds of houses dedicated to every kind of educational and charitable apostolate in the U.S., Canada and other countries.

Elizabeth Ann Seton was declared Venerable on December 18, 1959 and beatified by Pope John XXIII on March 17, 1963. Canonization was on September 14, 1975.

**Muenster Juniors Divide Twin Bill With Pilot Point**

Juniors of the Muenster Public School divided honors with those of Pilot Point last week. In the opener Muenster junior high won 22-6, and in the next one junior varsity was down 34-14 when the game was called because of failure of the lights.

Pilot Point was the first to score in the junior high tussle. A reverse on third play of the game worked fine as a youngster made it around the corner and kept going. From there on Muenster was in charge and made nice progress on three drives, all of which were ended by touch-down passes from Phil Wolf to Todd Richey. The first scoring play went for 20 ending a march of 60 yards. Next one was a pass of about 10 and Rickey hoofing it for 45 yards more. And finally an 8 yard pass plus run for a total gain of 35.

Points failed after the first TD. Phil Wolf added 2 points after second and third touch-downs. The other game was a headache for the Muenster junior varsity. They moved the ball consistently but found their efforts wasted five times on fumbles. To begin, Muenster fumbled on the 26 and a few plays later PP scored from the 20 on a reverse.

Then Muenster went 70 yards to tie the count. Gary Hermes, who was a standout all evening, scored from the 4. On very next play the Bearcats took back the lead with a 70 yard kickoff return to pay dirt. Extra points made the score 14-6.

So Muenster tied it again on a long drive featuring passes to Lenzy Dyer and Eddie Serna plus runs by Deryl Zimmerer and Hermes. Zimmerer scored. A pass to Dyer made the count 14-14.

Moments later a fumble provided a set-up for Pilot Point and the Bearcats promptly scored again. They led 22-14 at half time.

After the half MHS fumbleitis returned with the first play. As a result PP had a set-up and scored in six plays. Then, after next kick off, a fumble was recovered on the 24, and followed soon by another touchdown. Extra points failed after both of those TDs and the score was 34-14.

Shortly after that, with about half of the third quarter remaining, the game came to a sudden halt because of failure of the lights.

Readers for the Mass were Mrs. Eileen Fisher, Mrs. Betty Rose Walterscheid and Rudy Koesler.

Members of the instrumental ensemble were Tina Mollenkopf, Sam Bright, Jack Endres, Lisa Trubenbach, Sheila Grewing and Allen Bayer. Guitarists for community hymns were Mrs. Christi Klement, Lisa Trubenbach, Charlotte Fleitman, Kim Walterscheid, Julia Bright. Mrs. David Bright was music director and Monty Reiter and Kenny Koelzer were ushers.

After Mass, the recessional was again played on the organ with instrumental ensemble, and the assembly sang "God of Our Fathers".

CCD classes opened in Sacred Heart Parish on Sunday, September 21.

The Census Bureau reports that the average sale price of new one-family houses actually sold during the first quarter of 1975 was \$40,600. This represents a \$1,300 or 3.3 per cent increase from the \$39,300 average price of the previous quarter.

### Sacred Heart JV Clobbers Era 14-0

Junior varsity boys of Sacred Heart seemed to be bucking for first string last Thursday as they mowed down the Era youngsters 14-0. According to coach Ed Stock it was the best junior performance that he remembers during his 6 years of coaching.

The young Tigers did everything right, leading 8-1 in first downs and 137 to 35 in total yardage. In rushing Era gained 53 in all but lost 33 of it being sacked while trying to pass. Sacred Heart made 148 in all and was thrown for 19.

Ball control was another feature of the contest. SH had possession 22 minutes out of the 32. The Tigers had to kick twice and Era four times. Also they recovered two fumbles and Era none.

The first score was the payoff for a 45 yard drive which Kenny Felderhoff ended with a 1 yard plunge.

Next one went for 50 yards and Roger Haverkamp made 30 of it in a romp before being hauled down on the 1. Gene Luttmere scored and Kenny Felderhoff followed over for bonus points.

The average size of U.S. households reached a new low of 2.97 in 1974, reports the Census Bureau.

### Response Fine in Paper Drive for Crippled Children

A special message of gratitude for this community's response to the salvage paper drive sponsored by the Easter Seal Society of Grayson County was received here this

week. More than 8000 pounds was donated to the paper drive since it was announced here about six weeks ago.

The report also stated that Sondra Hughes, a cerebral palsy patient from this community, is making fine progress since her surgery on August 15. She is due to begin physical therapy soon.

The Easter Seal Society urges Muenster people to keep saving their salvage paper for the crippled children. The paper will be gratefully accepted at Pagel's Store, or it will be picked up if Mrs. Brenda Hughes, 759-4171, or Jerry Hoening, 759-2724, are notified.

### Tiger Cubs Lose 12-0 to Saint Jo

A touchdown on the first play of the game and another on the last play was the measure of Saint Jo's win over the Tiger Cubs on the SH field Tuesday night.

First score came on an 80 yard return of the opening kickoff and the last one was a flip over the goal line from 1 yard out with only 10 seconds on the clock. Tries for extra points failed leaving the count at 12-0.

Between those plays there was considerable action in which the gains were about evenly divided. Saint Jo led 4-3 in first downs and Sacred Heart led 113 to 64 in rushing yardage. However, not counted, with Saint Jo rushing was its biggest gain, a return of some 80 yards on a pass interception.

Shortly before that play Ken Hartman scooted 60 yards to the 32 on Sacred Heart's big play of the contest, and a few plays later the Cubs threatened from the 17. That's when the action suddenly turned around and the Cubs' best scoring opportunity was crushed. The interception was carried all the way to the 1 before Mark Nasche stopped it. And with time left for only one play the future Panthers added 6 more points to their score.

### The Merchants Say:

The following item, taken from a recent Ann Landers column, presents a situation that is well known to the business firms of this community. It is quoted here by the Muenster Chamber of Commerce in behalf of the Muenster merchants.

"Dear Ann Landers: I'd like to ask the American people a few questions. It's a matter of economic survival to me as well as millions of other "little people" who have small stores.

"Who do you ask to cash your checks? Who do you ask for credit when things are tight? Who do you ask to take ads for your organizations, yearbooks and programs? Who do you ask for contributions for your church suppers, raffles, etc? Who do you call after hours when you need a special item? Who do you ask to put up posters for special events?

"It's your local, hometown small businessman. After all, he's your friend, your neighbor.

But when you want to make a purchase, how often do you drive past his place of business and go to a giant store thinking you might save a few cents, without giving your local merchants a chance or even comparing his prices?

"We are competitive with the biggest stores price-wise and our services are often better. But we can't survive much longer. When we go, you'll miss us. — Too Many To Name

"Dear Too Many: Your letter reflects one of the major social and economic problems of our times. It's becoming more and more difficult for the small, independent businessman to survive. I wish I knew the answer."

## Gas Priced Like Apples\*

"How much are your apples?" only 29 cents, too." asks the housewife of the grocer, so goes the story.

"Forty-nine cents a pound," the grocer replies.

The housewife registers surprise and exclaims: "Henry's apples are only 29-cents."

"Why don't you buy your apples from Henry?" responds the merchant.

"He doesn't have any apples," she says.

"If I didn't have any apples," the grocer explodes, "mine would be getting around to the point. Natural gas in Texas sells for up to \$1.90 per 1,000 cubic feet. And Texans have gas.

But in non-producing states, where the price of imported gas is controlled at 51 cents per 1,000 cubic feet, there is no new gas to be bought.

If we didn't have gas, our price would be 51 cents, too. But we couldn't buy gas either.

**Catholic People  
In Texas History**

By Sister Mary John Seyler

In this installment will be a brief account of the heroic beginnings and contributions to our State by the Italians.

As early as 1779 Father Giovanni Agustin Morfi traveled from California to Texas. He kept a diary throughout his travels and took voluminous notes on everything he saw and heard. Most of this information is found in his "Memorias para la Historia de Texas." This rather rough notebook contains all kinds of information on soil, animals, plants, people, Indian customs and history of Texas. It is fully annotated and documented and by far the best written and most accurate account of the history of Texas up to that time.

In 1828 Jose Cassiano migrated from New Orleans to Texas. Here he married the widow of ex-Governor Antonio Cordero. Mrs. Cordero was the daughter of Colonel Ygnacio Perez, leader of one of the thirteen Spanish families of the Canary Islanders who founded San Antonio. Jose Cassiano was one of the brave heroes who fought to win independence for Texas.

Antonio Ghio was a prosperous and most generous citizen of Texarkana for almost half a century. This public-spirited and naturalized American citizen came to America in 1832. By 1869 he was in Jefferson, Texas. He was engaged in many prosperous businesses in Jefferson, but his dealings with the railroad caused him to move to Texarkana in 1873. From the beginning of his residence in Texarkana, Ghio was one of its most enterprising citizens. In 1877 he built the first opera house in Texarkana, the first brick building in the city. He also served as mayor, city alderman, and School Board Member.

When the Union Station of Fort Worth was opened, John Laneri had the distinction of opening the first eating house. Laneri's business ventures succeeded and multiplied. Besides taking a prominent part in the commercial life of the city, Mr. Laneri also played an important part in the advancement of Christian education and culture. Laneri High School was built in 1921 for Catholic boys of Fort Worth through the generosity of John Laneri who donated the property to St. Mary's Parish in memory of his deceased wife.

Two women of exceptional operatic talent should be remembered among Texas' famous Italian descendants, Tanina Piazza of Waco, and Josephine Lucchese of San Antonio.

**NOTES FROM THE LIBRARY**

**by Mrs. Mary Moster**

Historical books are of special interest during this bicentennial year. The library has added many. "Jackson Hole" by Frank Calkins is a combination of wilderness lore, geology, history and legend of Indians and fur trappers, of out-laws and cattle wars that are part of Jackson Hole, Wyoming, one of America's great scenic glories. "Wilderness Messiah" is a story of Hiawatha and the Iroquois. "Gone to Texas" by Forrest Carter deals with the Reconstruction years following the Civil War. "The Longhorns" by J. Frank Dobie is the story of the Texas Longhorn which has made more history, than any other breed of cattle the world has ever known. And then, but by no means least, is James Michener's "Centennial". It is a tribute to the great American West and the courageous people who settled it.

Our third shipment of adult paperbacks has also arrived consisting of five fiction and seven non-fiction books. Make it a point to come see what's new at your public library. Open hours remain the same: Tuesday and Thursday — 8:30 to 5:00, Wednesday — 6:00 to 9:00 p.m.

**Reducing plan for energy users**

**Plan D How to save electricity when using washers and dryers**

1. Choose proper wash cycle. ("Hot" setting isn't necessary with most modern fabrics.)
2. Use long wash cycle only with full laundry load.
3. If washer has water level control, choose level to match load size. (Saves hot water and energy used to heat it.)
4. Clean dryer's lint filter after each load to help dryer efficiency and reduce drying time.
5. Don't overdry clothes. Set timer according to garment's fiber content.
6. Sort clothes for drying by weight and texture of fabric to avoid extra run-time for 2 or 3 slow-dry items.
7. Vent dryer to outside to prevent indoor moisture build-up. Follow manufacturer's operating instructions carefully.

Conserve electricity and you help conserve one or more of the fuels needed to produce it: natural gas, coal and oil. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

### Alumni Plans for Homecoming and Wrestling Match

Members of Sacred Heart Alumni made plans to sponsor a wrestling match November 29 and completed plans for the homecoming game with Saint Jo on October 18 at 7:30 p.m. at Tiger Field, during their regular meeting last Sunday evening at SHHS.

Plans were also made to sand and paint bleachers at the football field and members agreed to sponsor a collection before the September 27, Saturday night game for contributions for paint.

Coach Stock announced a change in the JV game with Saint Jo, originally scheduled for October 25, now planned for October 16.

Included in Homecoming plans by the Alumni is a dance in the Community Center, 9:30-1:00, when Music Unlimited will play. Classes to be honored are 1945, 1955, 1965.

Honored graduates will be admitted to the ball game free and honored graduates and spouses will be guests of the alumni at the dance. Invitations will be mailed shortly to students who were members of '45, '55 and '65 classes. Joe Felderhoff, president, conducted the business meeting. Guests were Mrs. Tom Sangster and Fred Koerschner.

### Entries Invited In National 4-H Poster Contest

by Larry Weise

A poster is more than a label or street sign. It suggests action. The 4-H Poster Art Program is designed to put action into words. Entries in the program should explain what 4-H is, what 4-H'ers can do and learn, and how 4-H benefits young people.

Cooke County 4-H Poster Contest will be held in conjunction with National 4-H Club Week, October 5-10. Entries are due in the county office on Friday, October 3, with judging on Monday, October 6. Posters will be on display on the first floor of the Courthouse Monday through Wednesday.

Posters may be produced by any medium, so long as they are not 3-dimensional. Posters containing copyrighted material, like the cartoon character "Peanuts," will not be accepted. Posters may be horizontal or vertical, but need to be 14" x 22" in dimension. The contest is open to all currently enrolled 4-H members. The 4-H member's name, age and full address must be affixed to the back of the poster in the upper left hand corner.

All posters submitted on the county level will receive either a blue, red, or white ribbon. The top ten posters will be eligible for state judging next August. Three posters from State will be submitted to the national judging. The Poster Art Program is sponsored by Coats and Clark Inc., on the national level.

For additional information on the Poster Contest, contact either Mary Hinton or Larry Weise, Assistant County Extension Agents, at 665-4931.

44 to the 20 before being stopped by an interception. However they held on the first series and set sail again with 75 to go. They got as far as the 17 and tried a field goal but a bad pass from center spoiled the effort. So Endres scrambled and saved the first down.

Next play Bob Endres got within inches of the goal. A delay penalty cost 5 yards and two more tries were stopped. Then Dan Endres made good on the field goal attempt.

The next Hornet drive got under way after Pilot Point's punt on second series. With 93 yards to go and several reserves in the lineup, the Hornets made it in 11 plays. Jim Koelzer and Mark Mollenkopf joined Bob Endres in making steady gains to the 4 and a pass to Dan Endres finished the job. PAT try was good. MHS led 36-7.

Shortly after that a fumble recovery and penalty put the Hornets in fine position on the 14 and three more tries reached the 5, where John Eckart missed a field goal attempt. However on next possession to Hornets went in from the 30 in 5 plays. The scoring play was a pass to Jim Koelzer for 7 yards.

their rushing gains and the Knights went successfully to the air. So the margin of victory was the 14 earned in the first half.

Following second half kickoff Craig Sangster did the heavy work in two first downs before the drive fizzled on third series. Tigers lost possession on a fourth down attempt and recovered a fumble on second series after that.

At that point, 45 yards away, the Tigers launched their final scoring drive. It needed eleven plays, the big gainer was for 19 by Hess, and the TD was a 1 yard crash by Hess.

The rest of the contest was Lindsay's. The Knights not only shut down further Sacred Heart progress, but started getting yardage on their aerial attack — in spite of two more interceptions made by Endres.

Lindsay's score came only 38 seconds from the end, and was sparked by a fumble recovery on the 28 five plays earlier. Next was a screen pass that lost ground plus a major penalty that moved back to the 50. Three passes from there by Pete Fuhrmann were enough and the scoring play was to Spencer for 13 yards.
