VOLUME XXXVIII

MUENSTER, COOKE COUNTY, TEXAS 76252 FEBRUARY 8, 1974

NUMBER 12

Frequently nowadays one hears remarks about President Nixon's sad and run down appearance, and the average person is inclined to agree. Surely no one can expect him to carry on with no visible effect when a group of political enemies is clamoring daily for his impeachment and party members openly, though reluctantly, admit that his resignation would be welcome.

The attitude of the impeachment advocates is self evident. Along with destroying a political foe they want very much to cripple the GOP for the next election, or preferably worse. That's politics, even though millions of people are disgusted with the hypocritical accusers who are remembered for party scandals worse than Watergate.

What irks a lot of folks is Nixon's assumption that the party ought to be standing squarely behind him when, in fact, he did not stand behind the party.

Just a few days ago, in his state of the union address, the president re-stated his determination to stay and do the job to which he was elected in 1972. Meanwhile disappointed supporters are wondering whether his record matches the stated purpose. The landslide victory over McGovern was interpreted as a mandate from the nation's conservative element, but the administration record has been leaning far toward the liberal side.

Evidence of this fact is in the news now. The fact that two high ranking Russians were in Washington just before and after one of them had a conference with Castro gives support to rumors that US and Cuba are getting ready for friendly relations. And a meeting is set to talk over that subject in the near future. Knowing what we do about the cutthroat bandit and communist stooge, is US about to extend the friendly hand? Nixon has us guessing.

Another issue is the upcoming meeting to discuss Panama's demand for greater control over the canal and canal zone. All of which is intended to end eventually with Panama's complete control over the canal and zone. Just imagine the possible consequence in the light of Panama's frequent outspoken and violent hatred to U.S. Following shortly after the deal we could expect the big ditch to be communist controlled — even to the extent of denying passage to U.S. ships. The effect on naval strength and commercial shipping would be disastrous.

The mere thought that such an absurd idea reaches the level of international discussion is frightening. We wonder in a sweat whether such a deal is actually shaping up — despite the fact that U.S. has the best possible claim to the real estate. We paid a fat price for the land and for the canal. Furthermore, we risk national suicide by giving over control to our sworn enemy.

The question looms greater than ever in the past few weeks since Henry Kissinger achieved the highly praised Arab-Israeli settlement which concedes practical control of the Suez Canal to the USSR. The reds thereby acquired military and commercial access to a vast area of the earth. And they have the capability to deny access to U.S. and any other country. Such action is just as possible as having the flow of Arab oil stopped. One can hardly be surprised now if conservatives disapprove even the faintest consideration of the Panama proposal.

Another disappointment in administration policy concerns effort to restore a ban on Rhodesian chrome ore shipments. Originally imposed during the LBJ administration in support of UN and British sanctions against Rhodesia, the ban was later lifted because it made us dependent on Russia for a strategic metal and also because Russia exploited the situation by raising the price from \$25 to \$75 a ton. Now liberals of congress are trying to re-impose the sanctions regardless of the outrageous price and security risk, regardless of the fact that we as a free country owe our support to brave little Rhodesia. Here again Nixon is letting down conservative supporters by pressuring for renewal of sanctions against Rhodesia.

Still another let down is the (Continued on Page 10)

## Hospital Auxiliary Has Election and Plans for Benefit

Muenster Hospital Auxiliary's January meeting featured election of officers and plans for the organization's annual spring dance.

Retiring president Mrs. Arthur Bayer presided and members elected Mrs. Ted Henschel as the new president.

Others elected are Mrs. Johnny Pagel, senior vice president succeeding Mrs. Mel Stephens, Mrs. Dolphy Joe Hellman, junior vice president succeeding Mrs. Dan Hamric, Mrs. Harold Bindel, treasurer succeeding Mrs. Andy Wimmer, Mrs. Herman Grewing, treasurer succeeding Mrs. Charles Bayer, and Mrs. Alois Trubenbach, historian, a new officer.

Plans are to have the dance the latter part of April. Chairmen are Mrs. Andy Wimmer, music; Mrs. Herman Grewing, decorations; Mrs. Dickie Pagel, tickets and reservations.

Mrs. Johnny Pagel announced this is dues paying time.

Another announcement concerned the hospital gift shop which is in need of items including baby booties, blankets, handmade articles, stationery and related items. Mrs. Dolphy Joe Hellman is in charge.

Mrs. Herman Grewing announced that she is soliciting light weight aluminum pans — pie pans, roll pans — and asked that these be saved for her. She'll pick them up on call, or donors may leave them with her. These will be used in making decorations for the spring dance in observance of the Auxiliary's tenth anniversary which is the aluminum or tin anniversary and the decorating committee will feature aluminum.

## Guest Speaker for Garden Club Meet

Muenster Garden Club's February meeting Monday, Feb. 11, will feature a guest speaker, Mrs. P. C. Wylie of Gainesville, member of the Soil Conservation Society of America.

Her topic will be "A World of Song: Birds."

Meeting time is 8 p.m. in the home of Mrs. John Mosman, hostess, with Sister M. John Seyler as co-hostess.

## Councilmen Hear County Judge on New Penal Code

Members of the Muenster city council at their regular meeting Monday night heard a talk by County Judge Larry Sullivan on the new Texas Penal Code and some points of difference from the former law.

Sullivan pointed out, for instance, that a theft or hot check under \$50 used to be a misdemeanor and the offense over \$50 was a felony. Under the new code the dividing line is \$200, offenses under being misdemeanors and those over being felonies. In addition the misdemeanors are now divided into three classes. Offenses in amounts under \$5.00 are Class C, in amounts from \$5.00 to \$20.00 they are Class B, and in amounts from \$20.00 to \$200.00 they are Class A.

The judge said that county commissioners are now considering sponsorship of a special three day class on the new penal code for law enforcement personnel of the county. Officers McDonald and Blankenship of Muenster have attended two days of such classes in Wichita Falls.

Relative to charges for garbage and trash service the council discussed an application form to be submitted by persons of limited resources. Members at a previous meeting decided to allow rate reductions for needy customers and suggested use of a form in applying for the reduction. The form will get further study and probable action at the next meeting.

Earl Fisher of the FMW Insurance Agency was present to discuss the city's policies on fire, liability and workmen's compensation insurance which are due for renewal soon. Members will continue consideration and probably act on the renewals at their next meeting.

Also present was John Pagel representing Cooke County Electric Cooperative relative to a rate increase in the small area served by the co-op in the northwest part of town. A request by TP&L for rate increase in the rest of town was approved several months ago.

## School, City Have Low Percentage of Delinquent Taxes

Collections at both of the local tax offices through the January 31 deadline were over 90 per cent, as they have been for many years, according to reports this week from their respective tax collectors.

The better record is that of the Muenster School District, with a delinquency of only 5.8 per cent. Mrs. L. B. Bruns, states that the district has received \$181,899.58 out of total assessments of \$193,123.08, leaving \$11,223.50 still to be paid.

Delinquency in payments to the City of Muenster was 7.8 per cent. Mrs. Celine Dittfurth said that the city has received \$29,644.57 out of total assessments of \$32,152.25, leaving \$2,507.68 still to be paid.

The unpaid taxes now become subject to penalty and interest charges. Both offices charge an initial penalty of one dollar required by state law. In addition the city charges interest which increases every month, and the school district charges a penalty plus interest which increases monthly.

## Program on NASA Set Friday, 9:30 At Muenster High

Students of Muenster Public School will have an opportunity Friday to attend a mobile lecture-demonstration program sponsored by the National Aeronautics and Space Administration (NASA) of Houston.

Starting at 9:30 a.m., it will be presented by Thomas J. Hill, a space science specialist after having previously taught ten years in high school and at Oklahoma State University.

The program explains NASA's role in explorations of space and also discusses aerodynamics, rocketry, propulsion systems, satellites, probes, orbits, communications, etc.

## Two Junior Tournaments

Two more weeks remain on the junior basketball season at Sacred Heart. They will be in the 30-B junior tournament at Era Thursday through Saturday of next week and will host a tournament in the SH gym five days of the following week.

## Local Voters Will Find 3 Contests On May 4 Ballot

When the Democratic Primary rolls around on May 4 Muenster voters will find a choice in three of the County races for party nomination. For the three other offices which concern local voters, there are only three unopposed incumbents.

That is the county's political outlook at the close of last Monday's deadline for filing candidacy.

As regards Republicans, there are no candidates for nominees to county offices. The GOP will conduct a primary on May 4, but only to elect nominees for state offices.

The lucky candidates who do not have to worry about opponents are Robert Bayer, commissioner of Precinct 4; Larry Sullivan, county judge; and Frank Scoggin, county Clerk.

Contested offices and their candidates are as follows. County Superintendent: Kit Carson (re-election), and Charles "Chuck" Owen. District Clerk: Anna Mae Shorter (re-election), Priscilla Brown, Gerry Hopkins, and Sue McFarlin. County Treasurer: Irene Bryant, Wilma Elliott, Frankie Lemons, Rose Marie Morris, Louise Penton.

In addition to these races the county will have two which do not concern Muenster voters. Three are running for Commissioner of Precinct 2 and three or Peace Justice of Precinct 1. One unopposed Candidate is running for Peace Justice Precinct 6.

## Awards Presented To VOD Winners

Winners in the annual Voice of Democracy speech contest sponsored by Muenster VFW Auxiliary received their awards during a general assembly at Sacred Heart High School on Feb. 1.

Mrs. Leo Hesse, chairman of the contest, and Mrs. Arthur Bayer, president of the Auxiliary made the presentations.

Beverly Walterscheid received a thirty dollar gift certificate to The Charm Shop, Phil Endres received a twenty dollar gift certificate to Hamric's, and Sharon Rohmer received a fifteen dollar gift certificate to the Charm Shop, prizes supplied by the local Auxiliary. Miss Walterscheid will compete in the district contest.

Parents of the three are Messrs. and Mmes. Julian Walterscheid, Ed Endres and Urban Rohmer.

## Doug Schmitz Has Grand Champ Steer At El Paso Show

Doug Schmitz, Lindsay 4-H Club member, won top awards on his Hereford steer at the El Paso Livestock Show.

The 1,250-pound animal was champion steer in the Hereford division and grand champion steer of the show.

The steer will be auctioned Friday at the El Paso show. Doug is the son of Mr. and Mrs. Harold Schmitz of Lindsay.

## Meeting Postponed

Trustees of the Muenster Independent School District will have their regular February meeting next Tuesday night, the 12th. Superintendent L. B. Bruns reported this week that a conflict of dates made it necessary to postpone from last Thursday.

## Louise Penton in Treasurer's Race

Mrs. Louise Penton wishes to announce her candidacy for Cooke County Treasurer. She is presently employed as secretary for Dr. James W. Atchison.

She asks that voters watch this paper for further announcement.

## Larry Sullivan Asks Reelection

Larry Sullivan this week authorized The Enterprise to announce that he is a candidate for reelection as county judge.

His formal statement to voters of Cooke County will be published in a future edition of this newspaper.

## Mass Attendance Sunday at 9 to Mark Scout Week

Muenster Boy Scout troop and Cub Scout pack have selected Sunday, Feb. 10, as Scout Sunday in Scout Month and will join for attendance at 9 a.m. Mass in Sacred Heart Church.

A special liturgy will include an entrance procession, readings and petitions, and an offertory procession by the boys.

Scouts are being reminded to assemble in the church vestibule at 8:45 and Cubs in the religion room of SH elementary school at the same time. Readers and petitioners are reminded to assemble at 8:30 in the religion room. They are asked to enter the red building on the west and go to the basement religion room.

Other observances of Scout Month include, on Feb. 18, a live TV appearance of four candidates for Eagle Scout award guesting on Father Bede's program, and on Feb. 19 the Cub pack's annual blue and gold banquet.

Next Monday the boys will be canvassing the city in a house to house ticket sale for the Scout-A-Rama.

## Choir to Sponsor Concert, Dance Saturday, Feb. 23

Dallas Frohsinn singers will join Sacred Heart Men's Choir for their annual concert and dance, sponsored by the local choir, on Saturday, February 23, in the Parish Hall.

The songfest will begin at 8 p.m., following a German sausage dinner starting at 7 o'clock. Dancing will begin at 9 o'clock. The Polka Tones of Ennis will provide the rhythm with old time waltzes, polkas and schottiches along with some modern tunes.

The concert will include German and English selections by Sacred Heart Choir and German songs by the Dallas choir.

Advance ticket sales are now in progress. Admission is two dollars each — food is extra — and will be \$2.50 at the door. Tickets and reservations are available from any choir member.

Proceeds from the event give the local choir the necessary finances to operate another year — purchase music, Mass stipends for deceased members and choir-sponsored socials for members.

## SH Teams Lose 2 Games to Lindsay

Sacred Heart Tigers and Tigerettes closed out their basketball season Tuesday night with a pair of losses to Lindsay. The first action was a cinch for the 30-B runners-up who enjoyed more than a three to one scoring ratio in piling up the 59-19 win.

The only Tigerette scorers were Mary Hess 15 and Cindy Bartush 4.

Game number two was somewhat better but still an easy one for Lindsay. The Knights were always ahead, with scores ending the quarters being 21-12, 31-23, 47-31 and 58-39.

Ricky Walterscheid was the Tigers' main point maker as John Bartush added 8, Phil Endres 4, Roger Endres 3, Kevin Pels 2 and Mark Hess 2.

It was a sad night for Roger Endres, the season's top scorer for the Tigers. Double covered, he failed to get a field goal, and he got only 3 of six free throw tries. Nevertheless the game upped his season total to 468 points, and average of 19.5 for his 24 games.

The season records as the teams check in their uniforms are 9-15 for the Tigers and 7-17 for the Tigerettes.

## 4-H Club Meeting

Muenster Community 4-H Club will meet Thursday, Feb. 14, 7:30 p.m. in the TP&L building. Members will present their own program on Method Demonstrations.

## Frankie Lemons In Treasurer Race

Frankie Lemons this week authorized The Enterprise to announce that she is a candidate for county treasurer of Cooke County.

Her formal statement to voters will be published in a later edition of this paper.

## Local SCS Office Being Reduced to 1-Man Operation

Official streamlining of the national Soil Conservation Service program leaves the Muenster SCS office a one man operation.

Arlin Naegeli, local soil conservationist, said that effective March 3 the Muenster office will be a sub unit under the Gainesville office and also loses some of the area formerly assigned to it. The Bowie SCS office takes over that portion of Montague County which was formerly assigned to Muenster.

The reduction from three to one man staff was accomplished in less than a year. Eual Davis was transferred to Tahoka and Arlin Naegeli was put in charge of the office. Next Ray Endres was assigned to the Bowie office but spent an average of two days a week here working with records that pertain to the portion of Montague County which was in the Muenster Work Unit area.

Now the order is received to compete the transfer of Endres and records. Hereafter Naegeli will be alone on the job here except during rushes when Alois Urbanovsky of Gainesville's SCS staff will be here as a helper.

## SH Junior High To Host Tourney

Sacred Heart School will be the host for a junior high basketball tournament during the week beginning February 18. It is scheduled for every day of the week except Wednesday and will be boys and girls in champ and consolation brackets.

After the finals on Saturday the 23rd trophies will be awarded as follows in both divisions. To winners of first, second and third places in the champ bracket and to first place winner in the consolation bracket.

Teams entered are from Sacred Heart, Saint Jo, Lindsay, Callisburg, Valley View, Era, Alvord and Montague.

## MHS Teams Lose Pair of Contests To Nocona High

Muenster High teams lost both ends of a two game basketball program at Nocona Tuesday night. Scores were 52-46 in the girls game and 62-47 in the boys game.

A very cold third period in which they were outscored 17-4 was the ending of the Hornets. After leading 17-10 and 26-22 in the first two quarters, they fell behind 39-30 in the third quarter slump. They regained 3 in the last period, but that was still 6 points short.

MHS scorers were Tracy Klement 20, Becky Fields 16 and Debbie Schneider 10. And doing a good job as guards were Lisa Mollenkopf, Kim Klement, Gina Felderhoff and Barbie Davidson.

Unlike the girls, the Hornets were at their best in the third period. They trailed 10-4 and 28-14 the first two quarters and gained to within 4 points near the end of the third. However they dropped back to 39-31 at the end of the quarter and lost more margin in the fourth for the final 62-47 score.

MHS point makers were Lyle Klement 13, Tim Felderhoff 12, Randy Wolf 12, Ronnie Felderhoff 10.

The Hornets still have games with Frisco here Friday and Petrolia there next Tuesday, however Tuesday's game ended the season for the girls with a 14-A record of 5-7 and a season record of 10-13.

Winner of the girls district race is Frisco with a record of 11-1. Other standings are Petrolia 10-2, Nocona 9-3, Muenster 5-7, Pilot Point 5-7, Callisburg 2-10, Sanger 0-12.

## Farm Bureau Sets Party

Cooke County Farm Bureau will sponsor a 42 party next Thursday, Feb. 14, in the Farm Bureau office with 8 p.m. as starting time. Prizes will be awarded to winners. Members and friends of Farm Bureau are invited to attend.

## Parish Statistics

Among 1973 statistics in Sacred Heart Parish as listed on the church bulletin are 56 baptisms, 49 infants and seven converts; 18 deaths; 30 marriages.

CASH FOR CANS. It was a happy occasion at Sacred Heart School when students reached their goal of 5000 pounds of aluminum cans and earned \$1000 for a new school bus. Presenting a check for \$500 to Sister Lenore is Bob Todd, Coors Brewery representative, matching the \$500 received from can sales. Sixth graders getting in on the ceremony are Brian Bindel, Kenny Hartman, Craig Walterscheid, Mel Walterscheid, Terry Knabe, Kathy Knabe and Toni Hoedebeck. New bus is in background.

## Letters to the Editor

Dear Editor,

On Tuesday night, Jan. 22, Father Bertin Roll O.F.M. Cap., director of the Archconfraternity of Christian Mothers gave a wonderful talk to the Mothers of the parish in Sacred Heart School library. Everyone there thoroughly enjoyed the talk.

Why can't we get our young mothers to come to these things? These talks really concern them more than the older ones who already have their

families raised.

It wasn't a meeting just a good, funny, informative talk, but who was there? A handful of mothers mostly in their 40s and 50s and quite a few grandmothers.

Why can't we get our younger mothers interested in hearing talks on everyday problems of raising a family? If it were a party they were invited to they'd be there with bells on.

There were a handful of young mothers and they are good mothers interested in raising their family.

With our big parish we should have overflowed the library. In fact this talk would have been great in church for everyone to hear.

I hope next time that we have a good talk like that we get a good turn out of the younger set as their generation will be taking over soon. Thank you

## Local JETS Hear Story of Modern TV Development

A talk on the history and development of television was the main event of the January meeting of the Muenster Chapter of Junior Engineering Technical Society (JETS).

The speaker was the chapter's engineer adviser, James Walterscheid, attended by his brother, Clyde, as demonstrator. Together they presented the story of the early TV, a cumbersome complexity of vacuum tubes subject to frequent failures, and its evolution the present solid state construction giving better reception and less trouble. They went on to show some of the outstanding features which bring late model video and audio up

### 62nd Anniversary For John Rohmers

Mr. and Mrs. John Rohmer observed their 62nd wedding anniversary on January 24, honored by their children at a covered dish buffet in their home. A handsome anniversary cake adorned the table.

Present with the honorees were their children Messrs. and Mmes. Emil, Johnny, Tony and Maurus Rohmer, Sister Fidelis and Victor Rohmer, all of Muenster, Mr. and Mrs. Joe Spaeth of Longview and Miss Ida Rohmer of Fort Worth.

Unable to attend but telephoning greetings were Sister Romana Rohmer of Little Rock, Ark., and Mrs. Morton Wright of Irving.

The couple married here on Jan. 25, 1912, and have been continuous residents.

Everyone thinks Mrs. Rohmer is a native of Muenster — she thinks so herself — because as Mary Hesse she was 15 months old when her parents came to Muenster in 1889, just 40 days after the signing of the contract to colonize the open prairie.

Mr. Rohmer has done almost as well. He'll be 88, come March 2, and has lived here since he was six years old.

Mrs. Dick Cain has returned from a week's trip combining pleasure with business. She was in Dallas with her daughter and family the Bill McCollums and in New Braunfels with another daughter and family the Wayne Trachtas.

**New Scoreboard  
Graces SHH Gym**

As of Tuesday, January 29, Sacred Heart High Gym has a brand new scoreboard, result of a drive begun by the Student Council in November, to raise money to purchase a replacement for the outdated board.

Most of the money for the fund came from the pockets of

the students. There were some outside donations. Competition was keen among the four classes to see which could raise the most money. The sophomore class collected over \$200.00 and was named the winner. As a reward, the class had a one-day field trip to Dallas.

In a special dedication ceremony, Thursday, January 31, Father Stephen Eckart blessed the new scoreboard.

**Marysville News**

MARYSVILLE — Mrs. Lena Wilcox visited last week with her son John Owens and family. They have a new baby, Jeffrey John, three months old now, a brother for four-year-old Shawna. On another trip she visited her aunt Mrs. Leona Fanning formerly of Byars, Okla., and now a resident in a Stratford, Okla., nursing home. She is in a wheelchair following a stroke.

Mrs. Lloyd Young and daughter Mrs. Mike Felderhoff spent one day last week in Euless with their daughters and sisters Mrs. Wayne Riggs and Mrs. Earl Minor and families.

W. F. Davidson spent the past week with his daughter and son-in-law, the Bill Roes, at Callisburg.

Barbie's was seventh in its division. They sold their animals Monday to end the come and go routine that started the previous week on Tuesday.

Mrs. Davidson and Barbie spent two nights with their sister and aunt in Arlington to save the trips. Another sister of Mrs. Davidson, Mrs. Burt (Margaret) Langford, just back from Germany, joined them at the show. She is living in Gainesville now since her soldier husband has been assigned in Thailand.

Saturday Charles Davidson took daughters Becky, Barbie, Pat and Kathy to the Stock Show for a fun day.

Sunday Mrs. Davidson, Barry and Mike, accompanied by Jamal Pybas of Sivells Bend, were back to be guests at the 4-H and FFA Exhibitors' Sunday School Breakfast. Danny Endres accompanied them.

The Tommy Herrs and Sherri, Brian and Darrell joined them in the afternoon and went sight-seeing with them. Sherri and Donnie Boydston also were with their parents and the group.

Sunday afternoon visitors with Mrs. Bill Kathman were her children Mr. and Mr. Stan Wylie of Grand Prairie and Mrs. W. E. Insel of Gainesville.

Mr. and Mrs. John Fisher had as their weekend guest their son-in-law Mike Lardner of Landisville, Pa., who came over Friday from Dallas where he had been on business. Saturday the three went to Wichita Falls to visit the Joe Galloways. Sunday the Fishers took Mike to Regional Airport for the flight home. Chuckie Fisher accompanied them.

Mr. and Mrs. Dean McMahon of Lewisville spent the weekend with her parents, the Ray Swirczynskis.

**Chrysler-Plymouth is out to win you over.**

**Plymouth Duster.**  
**More miles per gallon  
than Nova, Comet, Maverick,  
Apollo and Ventura.**

If you're concerned about gas mileage, the tests Popular Science magazine conducted should be of interest to you. The tests they conducted on '73 vehicles (and adjusted by them for 1974 models and the results of E.P.A. tests) show the "Slant Six" engine that's standard in our Duster can go farther on a gallon of gas than Maverick, Nova, Comet, Ventura and Apollo.

**...Priced less  
than VW Super Bug.**

The manufacturer's suggested sticker price for Plymouth Duster is actually less than Volkswagen's Super Bug. The prices, naturally, don't include comparable destination charges, state and local taxes or dealer prep charges. Even though you pay less for Duster, you get a lot more. For example, Duster has room for five inside, VW—only four. Duster's got three times the trunk space of VW. And Duster's got an electronic ignition that virtually eliminates ignition tune-ups. VW doesn't even offer one. Duster gas mileage and price. Two ways we're out to win you over to Duster this year.

Our heartfelt thanks to the many relatives and friends for the expressions of sympathy, Mass offerings, flowers, prayers, food and help at this time of sorrow. To Fathers Placidus and Stephen who conducted the wake and rosary service, the funeral Mass and service and to the choir from Sacred Heart School, we wish to express our sincere appreciation. Also, during the past years, to Dr. Antonetti, the hospital staff, the many relatives and friends, priests, Bishop Dangelmayr, and the good Sisters who helped our loved one through her illnesses, we want to express our deepest gratitude. Finally a word of thanks to Nick and Adelina, to the good ladies who took care of the dinner and everyone else who helped or contributed in any way. — The Family of Mrs. Jos. A. Luke.

**Precaution Urged To Avoid Spillage From Garbage Bags**  
 Wind is causing a problem for the local garbage and trash collection service. Many of the bags have been tumbled over, and in some cases they came open permitting contents to spill out.

Principal cause of the trouble, according to City Superintendent Steve Mosler, is that the bag tops were not securely rolled and crimped in closing. Some, he said, could not be properly closed because they were too full.

Mosler suggests that bags be filled only to their full mark so the top can be firmly rolled. Such bags are less likely to break open if they tumble over. Another suggestion for windy days is to put the bags on their sides rather than stand them, so that they will not be jarred open in falling. And still another idea is to tie the top shut with cord, wire or a strong rubber band.

An added nuisance from open sacks is scattering by stray dogs. It's happened here a few times lately. However, there are no reports yet of properly closed bags being knocked over and opened by dogs.

Patrons are urged to see that bags are securely closed at all times so that they will not come open if blown over.

**Lindsay News**

**LINDSAY** — Father Bede Mitchel is looking forward to his first Mardi Gras visit in his hometown of New Orleans in 28 days. He'll be there late this month.

Miss Margaret Gruber is leaving Arlington, Va., where she has resided and Washington, D.C., where she has been employed, for an overseas assignment with the State Department, she advised this week.

Lindsay Future Homemakers of America have elected Ron Felderhoff as Chapter Sweetheart. Other action at their meeting with Patricia Corcoran presiding included discussion of attendance at the regional FHA meeting in Fort Worth March 8 and 9 and the state meeting in Dallas on April 25, 26 and 27.

Mrs. Phillip Metzler and Mrs. H. S. Fuhrmann, Mrs. Joe Bezner Jr. and Mrs. Bruno Zimmerer were in Dallas one day last week visiting their sister and mother Mrs. Joe Bezner Sr. She is presently staying with another daughter and family the Bob Youngs. They were joined by another daughter Mrs. Leo Cutaia of Dallas for quilting and lunch.

Mr. and Mrs. John Neq and Mrs. Matt Neu were recent visitors in Slaton accompanying their niece and husband Mr. and Mrs. Francis Grabber as they returned home. The Neus visited a brother and family Nick Neu there and went to Lubbock to visit nieces and nephews. Mrs. Mat Neu also visited her sister and family, the Charles Tates in Post during the five days away.

Mr. and Mrs. Nick Block, Mrs. Ben Hermes and Henry Fuhrmann were among Stock Show visitors.

Mr. and Mrs. William Hermes were in Windthorst last Monday visiting their daughter and family, the Ray Lindemanns. They went on to Jacksboro that evening and spent overnight with another daughter, Mrs. Curtis Reeves and family.

Lindsay's newest business, just opened, is Farm and Industrial Service Center owned and operated by Jimmy Zimmerer. His general repair shop is located on West Highway 82, specializes in diesel, farm and industrial equipment and anything else a farmer has in his inventory. He also plans to sell used equipment, his own and on consignment as soon as the location is fenced. Zimmerer did similar work for the late Parker Fears at Myra as a boy and has been repairing equipment off and on for the

past 10 or 12 years for Zimmerer and Co. Also working in the shop are Gary Dover who has more than three years of actual shop experience and Steve Pennington, a recent graduate of Ryder Technical Institute.

### Forestburg News

By Myrt Denham

**FORESTBURG** — First of all we wish to say that the golden wedding anniversary celebration Sunday, Jan. 27 for Willie and Elizabeth Orrell was a huge success. There was a huge turnout of friends and relatives. Decorations were beautiful and refreshments were good. All of their children were home for the occasion: Lowell "Buster" Orrell of Kirtland, Washington, the Leo Orrells and family of Texarkana, the George Morbys (daughter Norma) of Rosston, and the Jerry Orrells of Forestburg.

The Perryman Cemetery Association will have a business meeting Friday night Feb. 8 at 7:30 p.m. at the Forestburg Community Center. Everyone interested is welcome to attend.

The P.T.O. will have its monthly meeting at 7:30 p.m. the night of Feb. 11. Cleo Lanier will give a program on "Citizenship." Everyone is invited to attend.

The "Shortly" Bacuses have sold their place over towards New Harp way. Mr. Billy Ray Isaac of Saginaw is the new owner. The Bacuses have moved to Burselson.

The Arnold Shults out on the Alvord hi-way are giving

their home a "face-lifting." They are adding on to it and bricking it. They already have a mighty nice place so guess it really will shine now.

Jim Barnett and Allen Taylor are both at home now from the Bowie Hospital. Both made it home Friday, Feb. 1.

We have been told that Mrs. Bessie Monroe is a patient in the Bridgeport Hospital. She had been a resident of a Rest Home in Decatur. We sincerely hope that by the time you read this that Mrs. Monroe will be on the mend.

Mr. and Mrs. Gene Lanier and children Johnny and Janice, John T. Willis, Eddy and Peggy Hays all attended the Fat Stock Show in Fort Worth Sunday, Jan. 27.

Jimmie Britian, Rosston Road, celebrated her birthday Jan. 30. Seems she had a very pleasant surprise — her sister Lois (Kuykendall) Rich of California called her to wish her a happy day. Jimmie told me this was her "last" birthday. Really don't think she needs to worry for she is a very pretty and charming lady. Jimmie is just as nice and sweet as she is charming. Anyway, her birthdays haven't taken their toll yet and we do wish her very many more happy returns of the day.

Think there are wedding bells in the air before long for one of our local young men. J. W. Riddles, son of Alvie and Deloris Riddles, told my husband he was planning on getting married soon. The bride to be is a Bowie girl. When I learn more about this event will report it.

Comings and goings in and around Forestburg:

Joe and Dorothy Hunt, New Harp, had as their guests Sunday, Jan. 27, the Eddy McClure family of Decatur, the Gordon Stradley family of Decatur, and Elmer Hunt of Alvord.

The Marlin Finney family of Fort Worth were guests in the Gordon Wade home Saturday.

Mr. and Mrs. Jimmy Plunk of Dallas were visitors in the Forestburg area Sunday Jan. 27. Mrs. Plunk is the former Coleen Hill, daughter of Dee Hill.

Mr. and Mrs. Troy Barclay, Mr. and Mrs. Pete Barclay, Mr. and Mrs. Odie Barclay and Mr. and Mrs. Claude Barclay all of Alvord were guests of the A. G. Barclays Sunday.

Visiting in the Blake Freeman home Sunday Jan. 27 were the "Red" Fosters of Fort Worth and Doug Hendricks of Dallas.

Mrs. Dorothy Isley of Fort Worth visited her mother Elizabeth Bridwell the weekend of Jan. 26-27.

Casey Jones returned home Monday afternoon from Ponca City, Okla., where he visited the Warren Crumps. Mrs. Crump is the former Dana Jones — Casey's daughter.

The Loyd Bewelys of Gainesville were guests in the home of Mrs. June Eldridge and Connie. This visit took place Sunday.

Bess Orrell spent several days last week over in Bowie visiting her sister, Mrs. O. C. Motley while Mr. Motley was a patient in the Bowie Hospital.

Mrs. Decie Ellzey entertained Rev. and Mrs. Jim Riddle and Scott with a delicious dinner in her home Sunday. Later in the day Ty Cook of Bowie was a visitor of Decie's.

The Wylie Edwards family was somewhat busy last week. On Thursday night they had as their guests Mr. and Mrs. C. W. Martins of the Hardy-Freemound area and Mrs. Lela Martin of Gainesville. Then on Friday night the Edwards were dinner guests of Mr. and Mrs. Sid Cason of Muenster.

Mr. and Mrs. W. W. Sheppard of Davenport, Iowa, have been visiting with the "Wassie" Reynolds family. Mrs. Sheppard is Mrs. Reynolds aunt.

Mr. and Mrs. Robert Jones of Alvord were visitors in the Virg Greenwood home Friday.

Visiting Marge Boyd Friday was her friend Barbara Harris of Bowie.

Rachel Reynolds and Della Sigman of Bowie spent Friday afternoon and Friday night with Myrtle McMillion.

The Elmo Brewers and Channa motored up to Weatherford, Okla., the 1st of Feb. to spend the weekend with the Gary Brewers.

Mrs. Decie Ellzey entertained the 42 party in her home Thursday night. Guests were Mr. and Mrs. Barney Brogdon, Mr. and Mrs. Blake Freeman, Mrs. Grace Scott, Mrs. Clea Reynolds, Mrs. Cleo Lanier and Mrs. Frances Brewer.

On Sunday, Feb. 3, Mr. and Mrs. Frank Harris of Duncan, Oklahoma, were visitors in the home of Mrs. Callie Shears and Martilla Brewer. Mr. Harris is a brother to Mrs. Shears and an uncle to Martilla.

Most of you are aware by now that our deputy sheriff of Montague County, W. F. Conway, has resigned. I do not know the reason or circumstances of his resignation but I think "Conway" as everyone knows him by in this community, was an efficient and dedicated lawman. So Montague's loss is Forestburg's gain. He and his wife, the former Jennie Lee Shults, are now residing in their mobile home out on the Alvord hi-way across the road from Arnold Shults.

Clifford Richardson, down Rosston Road way, has been laid up the past week or so with an injured leg. It sure is hard on Clifford lying around in this pretty weather. He says those TV soap operas are sure making him nervous. Well, Clifford, if you get really interested in them you can get you a portable set to take back

to work with you.

I have not reported recently on our hog men in the area. Latest report is that Donald Sledge is selling out. I suppose he just is not as dedicated as his dad Roe. Roe seems more dedicated to the "Bench" these days. My hus-

band reports Frank Kaberna, one of our new citizens down Rosston road, has the best looking hogs he has seen. You other hog men should go see Frank's hogs and get acquainted with him — he is really a nice fellow from all reports. Frank brought his original stock down from Nebraska.

## If your home depends on natural gas you can depend on having enough.

Despite today's national gas shortage, homeowners in the Lone Star area can be assured of continuing supplies of efficient, clean-burning natural gas for years to come. The reason: Lone Star's advance planning and the investment of some \$150 million in gas supply projects in the last two years.

Today Lone Star is working around the clock, drilling deeper wells and exploring new areas. We're participating with gas industry research on "synthetic" gas and other forms of energy.

Easing this country's energy crisis by increasing energy supplies is going to take cooperation between the government and the gas industry. And you can help also! By conserving energy in your home whenever you have the opportunity.

Rest assured that Lone Star Gas families who depend on natural gas can depend on having enough.

**Sullivant Invites Ideas on Control Of Rural Banking**

Do rural and small town Texans want their banking controlled by local independent banks or by branches of the metropolitan banks? Representative Bill Sullivant reminds them that the proposed new constitution does not continue the present state ban on branch banking, and therefore is not in their best interest.

His statement follows. "An issue has arisen concerning the revision of our Constitution which I believe should be brought to the attention of people in our rural and small town districts. The Constitutional Revision Commission saw fit to leave out the prohibition against branch banking in their proposed draft of the New Constitution. "It seems to me that our present system, which does not allow branch banking has served Texas well. Under this system, we have developed a network of locally controlled independent banks throughout our State. If branch banking is permitted in Texas, it is inevitable that a few very large institutions will ultimately control all banking in our State. "If you agree with me that we should retain the prohibition against branch banking in our Constitution, I would appreciate hearing from you. I will deliver such messages as I receive to the Committee considering this issue. My address is Delegate Bill Sullivant, Texas Constitutional Convention, P. O. Box 13286, Capitol Station, Austin, Texas, 78711."

**Floats—A Life-Saving Technique**

Who says every life-saving device has to look like a "life-saver?" Many drowning accidents could be avoided if more people were aware of the commonplace devices that float well enough to support a drowning person. Included on the list of common objects capable of keeping a victim afloat are: a picnic vacuum jug, an oar, an ice chest with a clamp-on lid, a canoe paddle, a water ski, tree branch or beach ball. Also, don't forget the spare tire in an auto—until help arrives.

**Charcoal Fires**

An enjoyable outdoor charcoal cooking fire can prove a deadly enemy when brought indoors—into a closed van or tent to remove the evening chill. Once inside, charcoal produces a lethal amount of carbon monoxide, a stealthy, silent poison formed by the incomplete combustion of the carbon in the charcoal. Starving the body tissues of oxygen, the odorless fumes can be deadly—especially at high altitudes where the air is already thin. While there is little danger during cooking when accompanying grease, smoke and other fumes become unbearable and force ventilation, danger does arise when a hibachi or grill containing hot, flameless charcoal briquets is brought indoors.

Times have changed. Wringer washers gave way to modern methods of washing clothes. Ice boxes melted away when electric refrigerators were introduced. Electric lights snuffed out kerosene lamps.

Through the years, electric appliances have eased or eliminated many hard chores. Gone are the treadle sewing machine and flatirons. And the dishwasher has taken over the tiresome job of hand-washing dishes, pots and pans.

Today, electricity is a vital part of everyday living. That's why Texas Power & Light is doing everything possible to assure an adequate supply for your essential needs.

### Sacred Heart and Saint Jo Divide 2 Basketball Wins

The meeting of Sacred Heart and Saint Jo basketball teams on the local court Friday night was another case of sharing. Sacred Heart got the first win and Saint Jo the second.

The Tigerettes had a low score, but thanks to the good work of guards Linda Miller, Carla Yosten and Lynda Klement, the visitors were considerably lower. Sacred Heart led all the way and scores ending the quarters were 6-4, 15-5, 21-9 and 30-16. Mary Hess led Sacred Heart scoring with 14. Laura Kralicke hit 8, Cindy Bartush 4 and Peg Hoedebeck 4. Brawner, with 12, was Saint Jo's leader.

The Tigers had it going for them through scores of 11-8 and 29-19 in the first two periods. But the Panthers came out like a whirlwind after intermission and roared to a 34-32 lead in three minutes. Tigers regained the lead 41-39 at the end of the third quarter and the Panthers gained 8 in the last quarter for the 61-55 win. Roger Endres led the Tiger scoring with 33. Kevin Pels made 12, Ricky Walterscheid 5, Phil Endres 3, Pat Endres 2.

**Lens-View**

This past week we heard President Nixon's State of the Union message also Senator Mansfield giving the Democratic party's view of things to come. Both talks covered a lot of review of what has been accomplished in the past four or five years, also gave their ideas on priorities of things that need to be done.

Listening to them discuss National and World affairs was interesting but makes one wonder why, with hundreds more in Washington almost as well informed, educated, experienced and seemingly dedicated, they let our country get in the shape it's in. Every time we think we know why there is an energy crisis, why there is inflation, why the budget always is in the red, why Watergate, etc., etc., along comes someone with a different theory and we have to start all over again.

Resort areas in remote places where there are no daily papers and no television are becoming more popular. It seems as if only bad news is interesting news and we hear too much of it. People are be-

ginning to realize it's very restful to get away from it all for awhile.

Muenster has its share of Civic, Fraternal and Social organizations but except for the Jaycees, Boy Scouts, Hospital Auxiliary and Garden Club one hears nothing from the others. All were organized with a definite purpose and at one time were active. Now it seems as if a few attend meetings, read what happened at their last meeting, check their financial situation and report on sick members.

Unless an organization has a goal or project to work on that will keep it members interested it will soon be inactive and no one but elected officers will be at the meeting.

There must be civic projects that need attention and certainly there is always room for charitable undertakings. When an organization promotes an idea and follows through to a successful conclusion there is a good feeling of accomplishment particularly to those who worked hard for its success.

A see through blouse is like a sun eclipse — You know what's there and you know it's interesting but you're not supposed to stare at it.

**District Officers Visit with Local Auxiliary to VFW**

Muenster VFW Auxiliary members entertained district officers at their January meeting when Maureen Watson of Roanoke, junior vice president of District I and Betty Rose of Lewisville, community service chairman were guests. Both addressed the assemblage, remained through the business session and joined in the social hour and refreshments.

Mrs. Arthur Bayer, president, presided.

The month's participation program consisted of the annual sending of the name of a deceased veteran or veterans along with a contribution, for inscription in the Memorial Chapel in Austin. Local veterans memorialized this year are Joe Yosten, Lawrence Roberg, Paul Tempel, John Pautler, William Eberhart and Ray "Hap" Culver.

Members agreed to participate in the organization's national Safety Program which includes Lite a Bike, Drug Abuse and Public Recognition. Mrs. Wilfred Bindel is chairman.

Mrs. Charles Knabe was refreshment hostess and Mrs. Al Walter won the door prize.

**Confetti - - -**

highly controversial grain deal with the Soviets. The reds got a low price plus generous credit and shipping concessions. The result here was scarcity followed by run away grain price and a chain effect of high prices in feeds, livestock and food. The reds got a great bargain and American consumers are paying for administration policy.

Even the highly publicized agreements with China and Russia have us wondering. Are these mutually beneficial arrangements, or are they agreements reached for the sake of detente, which is the new word for peaceful coexistence. That expression, we recall, meant to get along with the reds according to their terms.

When we think of just these few issues we can see that the president has reason to be sad and tired. Of course we

can sympathize with him over the Watergate affair. But we are more concerned over his about face on some vital national issues. Is the betrayal of important conservative causes an effort to appease political enemies? Is so, he's to be pitied for his weakness. But if the turn-about is an effort to appease our global communist enemies, the U.S. is to be pitied for its weakness.

It scares a person to think of concessions to the reds which are being seriously discussed as a matter of national policy. If we have to submit to such blackmail it's later than we think.
