VOLUME XXXVIII

MUENSTER, COOKE COUNTY, TEXAS 76252 FEBRUARY 22, 1974

NUMBER 14

People generally are not very much shaken by reports of the big spending in Washington, so the West Texas Chamber of Commerce a few days ago translated figures into terms that are more easily grasped.

It chose the next federal budget proposed by President Nixon as an example. The amount is \$304.4 billion. Based on Chamber of Commerce calculations Texas taxpayers bear 4.97 per cent of the U.S. tax burden, so our state's share of the budget is \$15.1 billion.

Well, how much is \$15.1 billion? According to some of the facts taken from the latest Texas Almanac, here are several comparisons that make the figure more understandable.

Based on 1971-72 spending, the state government of Texas could operate on it for nearly four years and nine months.

It would be enough to give every person in the state almost \$1,350. Or it would be enough to buy all of the crude oil and natural gas production in Texas for nearly two and a half years.

Also, it exceeds by \$3 billion the total assets value of all state chartered banks in Texas. And it is \$4.3 billion more than the total deposits in those 700 banks.

The \$15.1 billion is the approximate value of all crops and livestock produced in Texas in four and a half years, or the estimated net income of all Texas railroads for the next 250 years, based on 1971 income.

Compare also that total expenditure of the state highway department for the past 55 years was only \$9.9 billion. And assessed tax valuation of the state's three biggest counties, Harris, Dallas and Tarrant total only \$3.8 billion.

Translated into those every day comparisons, the budget figure gives us a bit clearer idea of how much the government is extracting from us in the various kinds of taxes. At the same time it amazes us to think how well we are getting along despite the enormous load. America has to be a wonderful country to squander as Washington does but still maintain our high standard of living. But let's not forget, we could live lots better if the wasted billions were eliminated.

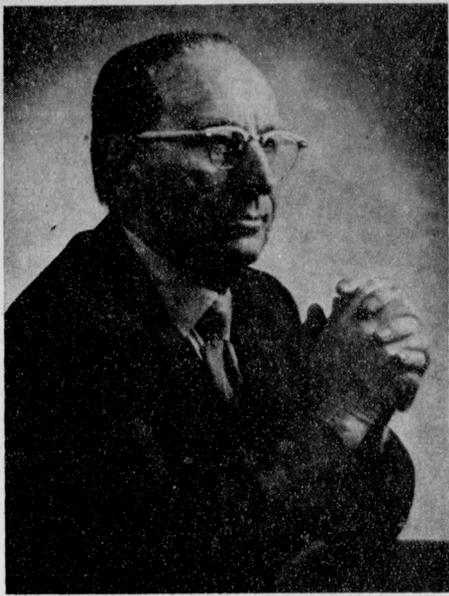

Here's a shocker for you. Wall Street Journal of Feb. 5 reports that the Soviet Union "possibly" will sell some of its U.S. wheat still in storage over here to American grain companies at a fat profit. Presumably it will want the current price of about \$6.00 per bushel for the grain which cost only \$2.50 a bushel a year ago.

The Daily World, mouthpiece of the American Communist Party commented that such a deal would be an expression of the kind of business relation normal to the spirit of detente. In spite of being a red propaganda rag, the Daily World is 100 per cent correct in that statement. Detente to the Russians means getting along on their terms. They set the price for both buying and selling.

As it looks from here there ought to be a better way of dealing with this problem. That's simply to delay delivery on a big portion of the wheat and use it to help make up for some of our present shortage. Then send them the balance of their shipment in a year or two when supply and price get back to normal. We let them make monkeys of us in the first deal, surely we don't intend to let them do it again.

Something else to consider on that subject: If we pay their price to get back our own grain we could just give them that much credit on their old World War II debt instead of paying the money. Doesn't it irk you to think that we pay cash to a country that's deeply in debt to us? Or is it too late for us to change our foolish ways? We've subsidized the Russians constantly since they went red over fifty years ago. They'd have folded a dozen times if we had not come to their rescue. And this, remember, is the country that wants to take us over — which would be an absurd arrangement for sure. Enslaving U.S. would leave them in a real bind the next time they cry for help.

As Farm Bureau sizes up the Constitutional Convention there's a liberal-labor-chicano-black coalition at work to prevent Texas voters from choosing for or against a Right-To-Work law, which permits a (Continued on Page 10)

## Hospital Directors Honor Weinzapfel At Anniversary Awards Banquet

Special recognition to J. M. Weinzapfel for years of leadership and dedicated effort in establishing Muenster Memorial Hospital was the high spot in the tenth anniversary awards banquet hosted by directors of Muenster Hospital District at the K of C hall Sunday night.

Al Trubench, president of the board, presented him with a combination wood and bronze plaque featuring the hand carved caduceus — emblem of the medical profession — and a metal plate with inscription reading "Presented to J. M. Weinzapfel by Muenster Hospital District in grateful recognition and appreciation on the occasion of the 10th anniversary of Muenster Memorial Hospital."

The presentation was followed by unveiling a portrait of Mr. Weinzapfel to be hung in the front lobby of the hospital. An attached identifying plate reads: "In grateful recognition to J. M. Weinzapfel whose community devotion, vision and untiring efforts made this hospital possible."

"That inscription tells the whole story in just a few words," Trubench stated at the presentation and unveiling. "His hundreds of hours of hard work and determination in spite of discouragements are the reasons why Muenster has its fine hospital."

Weinzapfel responded by remembering those who worked and contributed toward erection of the hospital adding that it is especially rewarding now to have a hospital which would be a credit to a much

larger town. Its professional and financial success, he said, are due to the good work of its board, administration, staff and employees.

The plaque and portrait both were surprises to Mr. Weinzapfel. Another surprise was the presence of all his family as special guests of the board. They are his wife, Msgr. Thomas Weinzapfel of Dallas, Father Joe Weinzapfel of Irving, the P. W. Hellmans of Bristow, Okla., the Hugh Jacksons of Fort Worth, the W. L. Birens of Lewisville and the Henry Weinzapfels and David Brights of Muenster.

## Council Ready to Reduce Garbage Charges to Needy

Special rates to the needy for garbage and trash service will be determined by the city council on individual basis according to a decision by the members at their regular meeting Monday night.

They agreed on a form to be filled out by the applicant, and each application is to be considered on its special circumstances in determining what the customer will be charged.

In other action the council approved an increase of fire insurance coverage for the city hall and its contents as well as the books and furnishings of the library. The purpose was to make adjustment for increasing values due to inflation.

The members also approved a rate increase requested by Cooke County Electric Co-op in the area it serves in the city. The rate allowed is identical with that charged to TP&L customers.

The council also noted that it is time again for Muenster to host the monthly meeting of North Texas Utilities Association, which includes about 35 towns in this area. Following dinner the group customarily discusses problems, new regulations and new techniques in the operation of water and sewer departments. About 100 visitors are expected for the March 13 event.

She was appointed at the Feb. 14 meeting of the library board and accepted the job to succeed the late Mrs. Joe Luke who served as librarian from 1964 to Jan. 25, 1974.

In other action at the meeting the annual library report was read showing 2,715 hours worked by the volunteer staff.

A memorial fund was set up for Mrs. Luke and will be used for books.

It was mentioned that donations of books and magazines are welcomed. At this time McCalls and Ladies Home Journal subscriptions are expired, renewal would be appreciated. The board is endeavoring to make the library more of a community project.

## Teaching Taxes on Channel 2 Feb. 25

Teaching Taxes, a course on income tax preparation, will be featured on local TV Channel 2 next Monday, Feb. 25, and will continue on March 4. Each is a one-hour lesson. Those following the course should be able to fill out their own income tax forms.

Taped at Denton State School by the Texas Education Agency, the course is made available here by Cooke County School Superintendent Kit Carson.

The course is taught by three CPAs from the Dallas chapter of Texas Society of CPAs and North Texas State University and Denton State School.

It is narrated by Robert La Bob, assistant district director of the Dallas Internal Revenue Service. Robert Hawkins tells about itemized deductions, Robert Powers about filing requirements, filing status, and adjustments to income. H. R. Brock will discuss income.

It is recommended that Publication No. 17 be picked up in advance from the local post office for one dollar to follow the course. All tables are in this publication.

## Current Drought Sets New Record

Monday's weather was a big disappointment. Instead of the showers forecast for this area, the only moisture was a mid morning drizzle measuring .14 inch. To make matters worse, the afternoon brought a dust storm, which cleared away during the night.

As of now the drought measure seems to be setting a record. This week's rain along with .36 inch in January and .63 inch in December adds to only 1.13 for almost three months. No other period of three consecutive months in the past ten years has had so little rain.

However a six months drought ending in April, 1971, was the longest. Total measure for that period was 4.28 inches.

Add 1.10 Inch  
A welcome but far from adequate change in the moisture came Wednesday night with showers measuring 1.10 inch. And heavy clouds Thursday morning indicate fair prospects for more rain.

Frank Scoggin Is Asking Reelection  
Frank Scoggin, Cooke County Clerk, has authorized The Enterprise to announce that he is a candidate for reelection to the office, subject to the May Democratic primaries of 1974.

His formal statement to county voters will be published in a later edition of this newspaper.

Heart Drive Set Here for Weekend  
Mrs. Ervin Hamric, local chairman for the Cooke County Heart Fund campaign, has announced that Muenster's drive will be held this weekend and Sunday.

A house to house campaign will be conducted Thursday and Friday nights by local workers and donations will be accepted at Sacred Heart Church doors after Saturday night services and all Sunday services.

## Trustee Election Set for April 6

Persons interested in being candidates for election to the Muenster school board were reminded this week that they have less than three weeks to get their names on the ballot.

Superintendent L. B. Bruns said that the election is on April 6 and the filing deadline is 30 days earlier, on March 6. He added that no candidates have announced up to Monday.

Present trustees whose terms are expiring are Ray Wilde in Place 1 and Robert Bayer in Place 2.

Another school board election concerning this area is for trustee at large on the county board. The present member whose term will expire this year is Herman Hartman.

## Applications for School Transfers Are Due May 1

Parents who wish to transfer children from their home school district to another area for the 1974-75 scholastic year should make necessary application to the receiving district by May 1, 1974, Leon R. Graham, Texas Education Agency assistant commissioner for administration, has announced.

The May 1 deadline for requests will enable school districts to file summary reports with the Texas Education Agency by May 15 Graham points out.

These reports will be reviewed by the Agency to make sure none of the transfer requests violate U.S. District Court Order 5281 issued by Judge William Wayne Justice in Tyler on April 2, 1971. Under this order, any transfer of students from one school district to another must not change the racial or ethnic balance in either the home or receiving district by more than one percent.

Regarding students of this area, L. B. Bruns, superintendent of Muenster Public School, said the school can make contact with parents of the present transfer students, but not with the parents of students who are not on record at the school. This especially concerns the youngsters who will enroll in kindergarten next year.

Parents of those children are urged to contact Bruns or Principal Charles Cash soon to make sure the application will be sent in before deadline.

## Mary Lou Kralicke In Lead Role of NTSU Merry Wives

North Texas State University's annual Shakespearean show this year is the hilarious, bawdry farce "The Merry Wives of Windsor" and playing the title role of one of the "merry wives" is Mary Lou Kralicke, daughter of Dr. and Mrs. Martin M. Kralicke. She is cast as Mistress Ford.

"The Merry Wives of Windsor" is the extremely funny story of the villainous rogue Sir John Falstaff and his attempt to seduce the wives for their money.

Directed by Dr. Stanley K. Hamilton, the play will employ special use of the stage crew, very comic in regard to sets and bawdry costumes.

Miss Kralicke is a sophomore at NTSU majoring in Drama. This is her fourth major production and second lead role in a major production at the university.

The play will be presented Feb. 26 through March 2, 8 p.m. in the NT University Theatre.

## Saturday is Date of Choir's Dinner Concert and Dance

Members of Sacred Heart Choir are extending a general welcome to everyone to attend their annual combined feast and musical festivities Saturday night, Feb. 23, in the Parish Hall.

Tickets for reserved tables are available from Alvin Fuhrmann or any choir member.

## Course Offered In Safe Driving Starting Tuesday

An opportunity to get a 10 per cent discount on auto insurance is available to drivers of Muenster. The requirement is to pass the safe driving instruction course which is currently sponsored by Cooke County Public Schools and the only exceptions are persons who already have a discount for driver education.

Ray Wilde of the Muenster school board announced this week that a class will be started next Tuesday night at 7:30 in the TP&L building under direction of Mrs. Dorothy Pasqua of the sponsoring organization. Only requirements are a valid driver's license and \$8.00 worth of materials which are available at the class. There is no charge for the instruction.

Wilde explained that the minimum number to start a class is 10 and the sponsors prefer not to go over 15. If as many as 20 enroll two classes will be organized. Enrollees will be signed up at the Tuesday meeting and early enrollments will be accepted until then by Ray Wilde, Phone 759-2261 until 5, or 759-2535 after 5.

The course is set up for a total of 8 hours which can be arranged into four 2-hour sessions or eight 1-hour sessions. The class may choose the plan it prefers at the first meeting.

Wilde points out that the course is a good deal from two standpoints. Besides improving a person's driving habits and his chances of avoiding accidents, the course can pay for itself many times in reduced premiums.

## Local KC Council Will Be Host for District Initiation

Grand Knight Eddie Fleitman said that the two degrees will be conferred by a group from Dallas, and State Warden Joseph Ceci of El Paso will also take part. He urges all the local members to attend the initiation and also the supper which will follow. Members are reminded that wives and girl friends are welcome at the supper.

The Muenster Council's candidates are Father Stephen Eckart, Jerry Eckart, Chris Cagle, Joe Moster, Clifford Sicking, Steve Klement, Joe Walterscheid and Jim Endres.

## Final UF Report For County Shows Total of \$42,464

Reports at the annual meeting of the Cooke County United Fund board revealed that the overall 1973 campaign reached 87 percent of its goal with contributions totaling \$42,464 as tabulated by Billie Dennis campaign chairman.

Ray Wilde who served as campaign chairman in Muenster reported this community contributed \$1189, 74 percent of its self-set goal. No official goal was designated.

Jerry Woodcock, president, submitted a slate of 13 new directors on the county board to take the place of expiring terms and of those who moved out of the area.

Ray Wilde was appointed to complete the two-year term of Ernest Jaska. Albert Lippe also of Muenster continues on the board with one more year to serve.

Elaine Steward, secretary, gave an up to date report on finances and a break-down of receipts and expenditures during the past year.

held in Texas during the week of Feb. 11-15, the period designated by Governor Dolph Briscoe as "Farm Bureau Membership Week in Texas."

At the meetings, the Texas Farm Bureau announced a statewide goal of 170,000 member families in 1974. If this goal is met, every county Farm Bureau which shows a gain will receive an expense-paid trip for one person to the American Farm Bureau Federation annual meeting in New Orleans in January, 1975.

Cooke County Farm Bureau has established a goal of 1,000 member families in 1974. The local organization ended its 1973 year with 950. It was one of 209 county Farm Bureaus showing a gain last year.

**Earl Brinkleys Newlyweds Make Gainesville Home**

Mr. and Mrs. Earl Lee Brinkley are at home in Gainesville since returning from their honeymoon. They were married Saturday evening, Feb. 9. She is the former Miss Pauline Schmidtkofer, daughter of Mr. and Mrs. George Schmidtkofer, Rt. 2, Gainesville. Parents of the groom are Mr. and Mrs. Leon Brinkley of Gainesville.

Father James Gillespie, pastor, officiated at the Nuptial Mass in St. Mary's Church where pink gladioli and red ribbons formed the setting for the exchange of vows.

Given in marriage by her father, the bride wore a formal white gown designed with tiers of val lace, long sleeves, stand-up collar and chapel train. She carried a bouquet of red and pink roses and gypsophilla and completed her costume with a garden hat.

Miss Donna Schmidtkofer attended her sister as maid of honor wearing a multi-colored floral dress with garden hat and carrying a long-stemmed red rose. Miss Sue Brinkley, sister of the groom was bridesmaid, dressed identically as the maid of honor except in pink.

Kenny Schmidtkofer, bride's brother, was best man and Kenny Krebs was groomsman. Joey Schmitz and Jeff Dieter ushered. John Schmitz, Chuck Reiter and Matt Pelzel were altar boys.

Miss Patsy Spaeth played "The Wedding March" on the organ and Larry Hogue of Irving furnished guitar solos of "My Cup Runneth Over," "More," "Twelfth of Never," and "Wedding Song."

Reception was held in the Knights of Columbus Hall. Mrs. Jan Larson of Grand Prairie, sister of the bride, poured punch and Mrs. Larry Hogue of Irving, another sister, served the wedding cake.

Misses Mona and Carla Schmitz, of Lindsay, cousins of the bride, registered guests. The bride attended Lindsay High School and Cooke County Junior College. The bridegroom attended Gainesville High School.

It matters not whether you are a policeman, housewife, or what, without the death penalty you can easily lose your life to the gun-man or knife-wielder, for he can kill you without in the least endangering his own life. The gunman who said: "There's no death penalty now, so I got nothing to lose." displayed more wisdom than all the over-educated intellectuals who claim the death penalty is no deterrent against murder. — Winkler County News.

### Forestburg News

By Myrt Denham

FORESTBURG — Tried my level best to contact my little friend Myrtle McMillion on Friday, Feb. 8. Found out later she had gone to Bowie to visit her Aunt Rachel Reynolds returning to her little home Monday the 11th.

Visiting the Charles Edwards family Friday, Feb. 8, were Mr. and Mrs. Loyd Lough of Longview. Mrs. Lough is the daughter of the late Lonnie and Mae Young.

For those of you that do not read the Bowie or Wichita Falls paper we would like to report that two of our former Forestburg citizens, of whom we should be justly proud, have been presented a distinguished award in Bowie as being the man and woman of the year. They are none other than J. C. and Bertha Volkman. My husband has known them all their lives and he says he can't think of a thing they had going for them but themselves. If ever two people started with nothing and went to something it is J. C. and Bertha. All the

best to you two — you may live in Bowie but we still claim you.

Mr. and Mrs. Bud Griffin of Wichita Falls visited Mrs. Vera Mae McGee Saturday, Feb. 9. They all motored over to Saint Jo later in the day to visit Mrs. Ada Jackson at the Yes-ter-Yer Nursing Home.

Spending the weekend of Feb. 9-10 in the area were Mr. and Mrs. Rex Miller and Shannon of Arlington. They visited the Willard Freemans of the New Harp area and the Jack Millers of the Mallard community.

Visiting her mother Mrs. Marge Boyd Saturday, Feb. 9, was Janice Hudspeth of Fort Worth.

On Sunday, Feb. 10, Mrs. Alice Shears and Mrs. Decie Ellzey attended funeral services for Mrs. Cieta Mae (Wylie) Buck at the Daughtry Funeral Home in Nocona. Later that afternoon they visited with the folks at the Yes-ter-Yer Home in Saint Jo.

Mr. Leonard Ollie Tucker, Saint Jo, passed away Feb. 9 at the Major Clinic in Nocona. Mr. Tucker was born on Dec. 21, 1904, at Forestburg. His parents were the late Charlie Tucker and Mollie Singletary Tucker. On Jan. 5, 1923, Leonard and Miss Ruby Tucker were joined in Holy Matrimony. Mr. Tucker is survived by his wife Ruby of Saint Jo, one son Merwyn of Sanger, five grandchildren, and one brother O. W. Tucker of Nocona. Funeral services were conducted by Rev. Bob Carroll in the United Methodist Church at Forestburg. Interment was in the Perryman cemetery. Pallbearers were Casey Jones, Cecil Jones, Jack C. Dill, A. R. (Ted) Jackson, Elmo Brewer and R. S. Mann.

Mr. and Mrs. Kendall Covington of Arlington were visitors of Mrs. Bertha Covington Sunday Feb. 10.

The McMillion brothers — A. B. of Dewey and E. B. of Bowie and their families got together Sunday Feb. 10 at the home of A. E. The highlight of the day was a baseball game between A. E.'s family and E. B.'s family. I was told that E. B.'s family came out the winners. Those present were: Mr. and Mrs. E. B. McMillion of Bowie, Blake and Donna Scott and son of Dallas, Mr. and Mrs. Richard McMillion and daughter of Wichita Falls, Charles McMillion and children of Lubbock, Gayle and Lyle Burnett of Bowie, Mickey and Kaye Landers and children of Dewey, and Myrtle McMillion.

Rev. Jim Riddles preached his last service at the local Baptist church Sunday night Feb. 10. He plans to take no church at the present but to continue his schooling. He completes his studies in the spring — after that his plans are not complete. Feel sure that the Baptist folks will miss him.

### Funeral at Bryan Held for Father of Mrs. Roy Hartman

Mass and funeral service for Don Fazzino, 54, of Bryan were held Sunday at 3 p.m. in his parish church, St. Anthony's, and burial was in Mount Calvary Cemetery, also in Bryan. Officiating ministers were Fathers Harry Bilski, John Molinowski and Raymond Brezna.

Mr. Fazzino was the father of Mrs. Roy Hartman. He died at 2 p.m. Friday of a heart attack sustained two days before.

### W. Cowan Sells Store at Nocona

Weldon Cowan, superintendent of Muenster Public School during the late forties and early fifties, is ready to take up the easy life. He sold his Ben Franklin Store at Nocona, effective March 1, to Odie Clayton of Mineral Wells.

Since leaving here in 1954 Cowan operated the Ben Franklin Store through 1964. He taught in Houston from '65 to '68, then returned to the store in Nocona and also served as school counselor. He was mayor of Nocona from 1955 to '64. He says that his principal occupation hereafter will be golf.

### BIRTHS

It's a girl was good news for Mr. and Mrs. Robert Fuhrmann of Lindsay. Now they have two pairs. Their new daughter Jessica Leigh, seven pounds 13 ounces, arrived Tuesday, Feb. 12, at Gainesville Hospital. Others welcoming her are a sister Kelly, brothers Scott and Toby; grandparents Mrs. Adolph Fuhrmann of Muenster and Mr. and Mrs. Joe Zimmerer of Lindsay; and great-grandmothers Mrs. Matt Fuhrmann and Mrs. Katie Zimmerer also of Lindsay.

Visiting Mr. and Mrs. Ray (Ted) Jackson Saturday night Feb. 9 were Mr. and Mrs. L. C. Griffin of Arlington. On Sunday Feb. 10 the Jacksons and Griffins packed their dinner and drove up to Electra to visit Mr. and Mrs. W. L. Goulding. The Gouldings are aunt and uncle to Mrs. Jackson and Mrs. Griffin. Laura Belle says they took their dinner because Mrs. Goulding is ill.

The better half and I took in the second Monday grounds Sunday Feb. 10. If you have never been to this event — well you have really missed something — in more ways than one. We saw several Forestburgers over there and others told me they had been there. Making the rounds were the Cecil Fosters, John Moore, the Glen Huckabys, the Howard Sockwells, the Bennett Reynolds, Margie Orrell, Veda Brogdon, Alice Shults, Eula Faye Galmor, and also saw Henry Berry of Nocona. Imagine there were many more folks from here over there besides the ones mentioned.

After getting thru wondering around the second Monday grounds on Sunday the Bennett Reynolds visited with the Dee Richardsons. Betty told me that Bennett and the Richardsons have been friends of long standing.

Visiting the A. G. Barclays Sunday afternoon Feb. 10 was brother "Pete" and wife Ina of Alvord, son Billy and wife Sherri of Saint Jo and later on brother Troy and wife Donna of Alvord. Troy, Donna, Charlie, and Gladys enjoyed an evening playing 42.

The girls 4-H food show was held in the Community Center Tuesday, Feb. 12. Twelve girls participated. They prepared a variety of foods — baked beans, cakes, cookies, vegetable salad, fruit salads, potato salad and jello desserts. The girls judged each others' dishes.

It was fun and also a learning experience for the girls. A number of guests were present also — mothers, grandmothers, sisters and friends of the girls. The 4-H members will appreciate any encouragement you may give them.

Mrs. Catherine Putnam and Mrs. Marietta Foster visited Mr. and Mrs. Eldon Motley of Sunset Monday, Feb. 11. Catherine and Mr. Motley are cousins so I'm told.

Robert Ensey, Dewey, was admitted to Bowie hospital Monday, Feb. 11. At this writing he is still a patient there but much improved. We hope Robert will be back at home and doing okay by the time this hits the press.

Mr. and Mrs. Charles Lee left Friday, Feb. 15, for Costa Mesa, California. The Lees plan to make Costa Mesa their home.

Mrs. H. A. Littell of Oklahoma City was in the burg visiting her parents Mr. and Mrs. J. M. Dunn — Meb and Roxie to us folks here at the burg. Evelyn returned home Wednesday, Feb. 13. Know Meb and Roxie enjoyed her visit and will miss her. I would like to add here that I saw and talked to Roxie the other day — she looks great and says she feels fine.

The flu bug hit the Forestburg school last week. School closed Wednesday the 13th — they tried to have school Friday the 15th but still too many out with the flu so they dismissed till Monday, Feb. 18.

Understand that there were several folks in the area celebrating their birthdays on Valentine's Day — Virg Greenwood, Rosemary Reynolds and Marietta Foster. Wynona says Virg is 83 but he says he is only 29.

Mrs. Frances Brewer was hostess to the 42 party in her home Thursday night, Feb. 14. Those enjoying the evening were Meb and Roxie Dunn, Barney Brogdon, Velma Free-

man, Cieta Reynolds, Grace Scott, Decie Ellzey and the hostess.

Our latest bit of wisdom from our philosopher Dude Berry down Prairie Point way: Dude says he has never seen a year that people had so much money and wound up with less and the country short of more things — everything from toilet tissue to fertilizer.

Chatted with Ida Wylie last Friday at our local "hair-house." She is most interesting to chat with. Ida told me

about the folks who had been to see her Sunday, Feb. 10. Those visiting and enjoying dinner with Miss Ida were Mr. and Mrs. Toy Farmer of Mobeetie, Mrs. Pearl Knox of Ryan, Oklahoma, Mr. and Mrs. Bill Landers and Jim Landers all of the burg and daughter Thelma Jo.

Mr. and Mrs. Ray Jackson spent Friday night, Feb. 15 and Saturday Feb. 16, in Decatur visiting with their son Billy Ray Jackson and his family.

**Community Heads Told of Texoma Regional Services**

The Cooke County Advisory Committee held its regular meeting Monday evening, January 23, in Cooke County Electric Cooperative's office building. Members present included Ray Lynch representing the community of Woodbine, William Hermes for Hood, Barbara Pybas for Sivelles Bend, W. W. Weems for Callisburg, Charley Kammerdiener for Downard Fair Plains, and Junior Durham for Ross Point.

Gene Davenport, member and community services manager with the electric co-op, headed a review with the committee on several of its projects, one of which is Operation Identification. Persons attending agreed that significant progress has been made through their efforts and that many individuals have been participating in the area-wide program. Also discussed was the mapping of Cooke County through a cooperative effort of the advisory members and the county commissioners.

Jerry Chapman, executive director of Texoma Regional Planning Commission, was the meeting's guest speaker. He said that the commission, organized in 1968, now serves Cooke, Grayson and Fannin counties and has 23 officers. Activities include a police academy, law enforcement, a man-power program, health programs, community planning, area mapping and related studies. Chapman said that 9 per cent of the organization's funds are from local government, \$25,000 from state grants and the balance from federal agencies.

The advisory committee considered goals for '74 including a new program offered to groups and clubs on Energy Conservation in the Home presented by Tulu Hickerson, home service advisor of the electric co-op.

**4-H Club News**

The 4-H Candy Sale continues this week through Saturday. Cooke County 4-Hers are selling World's Finest Chocolate to raise funds for the State 4-H Training Center in Brownwood and for county use.

Construction on the 4-H center will begin shortly after groundbreaking activities February 22, and should be completed in about a year. The center will feature such programs as youth summer camps, leadership training, citizenship seminars, adult leader training, county 4-H camps, and family weekend retreats. Recreational activities such as boating, sailing, archery, and other outdoor sports will be offered. 4-H members and leaders in counties throughout the state have been conducting fund raising activities for the center. Cooke County youth will have the opportunity to use the facilities for their county camp and weekend retreats.

Funds raised for county use will be used in paying 4-Hers way to camp, ribbons, project work, and building rental for special activities.

With County Eliminations set for April 5, now is the time to start working on method demonstrations. Method demonstrations are a means of teaching in which the demonstrator teaches by showing how and explaining what and why.

When a 4-H member demonstrates how to build a lamp, he shows how the lamp is built in detail and at the same time gives an explanation as he works as to why and how he does each step during the process of building. A 4-H member learns to express his thoughts verbally, gains experience in planning, acquires knowledge of his demonstration topic and gains poise and self confidence.

When planning a demonstration, a 4-Her should first select his topic and limit his demonstration to a principle idea or theme. Sources of information will vary according to the demonstration. However, much material can be found in 4-H project material, Extension and USDA publications, school textbooks, school and public libraries, current magazines, newspapers, and books.

Any 4-Her interested in a method demonstration should first contact his or her adult leader or extension agent for guidance.

A taxpayer is a person who doesn't have to pass a civil service exam to work for the government.

**Continued Export Of Farm Products Urged by State FB**

The Texas Farm Bureau is urging President Nixon and Congress to resist any efforts to place restrictions on farm exports. A resolution adopted by the TFB Board of Directors and sent to the President and members of the Texas delegation in Congress states that "agricultural exports are absolutely essential to farmers and ranchers and are vitally important to the nation as a whole."

The resolution said that "embargoes placed on any commodities are invitations to economic disaster." Text of the resolution continues: "Loss of our farm market would force us to cut production by one-fifth. Thousands of rural people would flock to cities. Workers in industries related to agriculture would flood the labor market looking for jobs."

"On the other hand, if we can maintain our strong export market all segments of the economy will reap the benefits."

"Full production, which is dependent upon exports, enables us to cut per unit costs. This is reflected in lower prices in supermarkets and clothing stores. The consumer is the ultimate and major beneficiary. Full production in agriculture assures jobs in businesses related to agriculture. Nearly 40 percent of our work force is involved directly or indirectly in agriculture."

Don't be afraid to ask dumb questions. They're easier to handle than dumb mistakes.

Success is relative — the more success, the more relatives.

### Lindsay News

LINDSAY — Marine David Stoffels and a friend from the Corps have been visiting David's parents, Mr. and Mrs. Henry Stoffels, coming from San Diego where they are stationed.

Mr. and Mrs. Peter Mosman of Gainesville and their guests, cousins Mr. and Mrs. Bales Curtis of Des Moines, Iowa, have been visitors in Lindsay. The two couples stopped to see Mrs. Fred Bezner, Mr. and Mrs. Frank Krebs Sr. and the Pete Hellingens. It was the Iowa couple's first return to the area in almost eight years. They visited also at Lindsay Cemetery where their grandfather John Krebs is buried. From Cooke County they planned to go to Arkansas to fish several days with another couple from Iowa before returning home.

time in El Paso where his steer won first place at the El Paso State Fair. During his week there he appeared on television, spoke over radio, addressed the Rotary Club, participated in a parade, and to climax the week sold his steer at \$4.50 a pound. The 1239 pound animal brought \$5,575. His mother Mrs. Harold Schmitz, Robert Fuhrmann and assistant county agent Randy Jordan were in El Paso with him on sale day.

Twenty-two Lindsay girls are out for track this year. They are eager to continue Lindsay's winning tradition by making it nine district championships in a row.

Lindsay Community 4-H clubbers witnessed a method demonstration at their February meeting in the Parish Hall. Jamai Pybas of Sivells Bend gave the demonstration. Members wanting to participate in the program were asked to sign up.

### Lindsay Society Reveals Winners In Essay Contest

LINDSAY — St. Peter's Society has announced winners in the essay contest the organization sponsored in conjunction with the Catholic State League and Catholic Life Insurance.

First, second and third place winners in the boys' senior division are Ronnie Hermes, David Nortman and Randy Hermes. In the girls' division are Martha Ann Fuhrmann, Pauline Noggler and Lisa Bezner.

In the junior division boy winners are Steve Schmidtkofer, Roy Metzler and Chris Martin. In the girls' division the top three are Shelley Stoffels, Kim Corcoran and Sandra Bezner.

They wrote on "Why I Must Be Myself."

Mrs. David Bright and Mrs. John Mosman, both of Muenster, judged the 75 junior entries and local nuns judged senior entries.

St. Peter's Society furnished cash prizes of \$5, \$4 and \$3.

Local winners will enter district competition and district winners will be announced at the Catholic State League meeting in Lindsay on March 24. Catholic Life Insurance provides prizes for district and state winners.

Culture, when you boil it down, is the act of being unselfish some of the time.

Whatever happened to straight talk from personalities and government officials anyway? Much of what you read and hear today is 'leaked' to the press. There used to be forthright announcements. Now people say to the public what they mean but take no responsibility for it, even deny it if it proves unpopular. 'Leaks' to the press by officials and others serve a purpose perhaps at times but as a habitual way of communication, the leak is a crutch for the less than forthright and a mask for the irresponsible. Let's get back to straight talk like adults. — Newville, Pa., Star.

### Gulf Objects to Forced Sharing of Crude Oil Supply

The following letter from Gulf Oil Corp. to the operators of Gulf service stations, presents the company's objection to a recent directive from the Federal Energy Office to share its crude oil supply with other refineries.

Mr. William Simon and his staff at the Federal Energy Office have been doing a commendable overall job under difficult circumstances. So we feel badly about disagreeing with the crude oil allocation program, but disagree we must. This program will force Gulf, for the period between March 1 and May 30, to reduce the gasoline we can supply you by 15 to 25%.

The reason is simple. Gulf is being forced to sell to other refiners 15% of its crude supply. The government has determined that the average refinery in the U.S. has available 76% of the crude oil necessary to run at capacity. Gulf, as an individual company, has available crude to enable it to run at 91% of capacity. But the government has decreed that Gulf must sell off enough crude to bring its operation down to 76% so as to bring up the others to 76%. This means less gasoline for you!

The theory behind the allocation program suggests that all refineries are equally efficient at refining a barrel of crude oil into its components. This is not the case.

Gulf's refineries can produce more gasoline from a barrel of crude than the industry average. We can also produce petrochemical feedstocks more efficiently than many refineries.

Despite this fact, the allocation program will force us to sell 131,000 barrels (5,502,000 gallons) per day of crude oil to other refiners for their use.

We do not quarrel with the objective of maintaining independent refiners and marketers with crude supplies as viable competition, but when a refiner is a large company — such as Texaco, Sun, Arco, Sohio and Getty, or where antiquated, obsolete and inefficient plants are subsidized — we object.

We object even more strongly where this forced sale of Gulf crude is bringing back into operation refineries so inefficient that their use was abandoned up to 12 years ago.

The forced sale price to other refiners discourages maximum search for additional crude oil. Why should any company buy expensive foreign crude (over \$13 per barrel) and be forced to sell it at a weighted average price of all crude (\$8 per barrel)? Plainly this will work as a negative incentive to find enough crude to run at full refinery capacity. The resale and relocation of crude is bound to increase the total cost of refined products when they are finally sold.

We are concerned — and have expressed this to the authorities — that this allocation action will unfairly reduce your income as a retailer of gasoline. You will receive

less gasoline with no price relief in sight.

The real results of the government action will be less gasoline and probably less petrochemical feedstocks available to users at a higher price.

We urge you to make your views known to your senators and congressman and to Mr. Simon in the Federal Energy Office, New Executive Office Building, Room 4025, Washington, D.C. 20461.

### Thank You, Mr. Shakespeare!

I doubt that there's anyone reading this who goes through a normal day's conversation without quoting Shakespeare. Once in a while we realize we're doing this, but most of the time we lift his lines to season our speech and sharpen our opinions without the slightest thought of the source.

When you call a man a "rotten apple," a "blinking idiot," or a "popinjay" . . . When you say he "bears a charmed life" or is "hoist with his own petard" . . . When you proclaim him "a man of few words" . . .

When you speak of "cold comfort," "grim necessity," "bag and baggage," the "mind's eye," "holding your tongue," "suing the action to the words" . . . When you refer to your "salad days" or "heart of hearts" . . . When you deplore "the beginning of the end," "life's uncertain voyage" or "the unkindest cut of all" . . .

By golly, you're quoting Shakespeare!

When you use such expressions as "poor but honest," "one fell swoop," "as luck would have it," "the short and long of it," "neither here nor there," "what's done is done" . . .

When you say something "smells to high heaven" or is "Greek to me," or it's a "mad

world" or "not in my book" . . .

When you complain that you "haven't slept a wink" or that your family is "eating you out of house and home," or "you've seen better days" . . .

When you speak of a coward "showing his heels" or having "no stomach for a fight" . . .

When you nod wisely and say "Love is blind" . . . or "Truth will come to light" . . . or "The world is my oyster" . . .

You are borrowing your bon mot from the Bard. Shakespeare was the greatest cliché inventor of all time. Without him to put the words in our mouths, we would be virtually tongue-tied, and the English language would have a lean and hungry look. —Guy Wright in San Francisco Call Bulletin.

### Abandoned... Because of electricity.

Times have changed. Wringer washers gave way to modern methods of washing clothes. Ice boxes melted away when electric refrigerators were introduced. Electric lights snuffed out kerosene lamps.

Through the years, electric appliances have eased or eliminated many hard chores. Gone are the treadle sewing machine and flatirons. And the dishwasher has taken over the tiresome job of hand-washing dishes, pots and pans.

Today, electricity is a vital part of everyday living. That's why Texas Power & Light is doing everything possible to assure an adequate supply for your essential needs.

**Forestburg News -**

Mr. and Mrs. Enos Steen of Fort Worth and Mrs. Ada Jackson spent Friday and Saturday in Ada's home here at Forestburg. Know Ada enjoyed being home for awhile.

We Denhams had some Muenster folks come to visit us Sunday afternoon, Feb. 17. Mr. and Mrs. Adolph Walterscheid paid us a visit and we would like to say we thoroughly enjoyed it. They are fine folks and a pleasure to be with. We hope they will come again real soon and real often.

Meant to mention earlier in the column that Mrs. Billie Doris Walker was in charge of our local beauty shop last Friday and Saturday — the regular operator Frances Raymond was at home sick with the flu. We hope Frances is well by now and will be back on the job soon.

Now, Cleo, I wasn't gonna forget about the Valentine party that took place at your home Thursday morning. The day was beautiful and as usual Cleo Lanier had a good party and a great turn-out. Upon arriving at the party Cleo had us make a handsome Valentine and write a rhyme or verse on it. Ater we had some mighty good refreshments we drew a Valentine and read what was written on them. Everyone really seemed relaxed and had a good time. Those present were Mrs. Letha Roberts, Millie Reynolds, Roxie Dunn, Lucille Littell, Cleta Reynolds, Nema Barnett, Marion Sockwell, Laura Belle Jackson, Lizzie Gardner, Loni Freeman, Juanita Bailey, Bertha Covington, Wilma Thurman, Olita Lanier, Decie Ellzey, Betty Reynolds, Jeanette Montgomery, Miss Myrtle McMillion, Mrs. Myrt Denham, Grace Scott and Wally, Jeff and Tracy Lanier, Shelle Perryman, Marcie Roller, Wesley Reynolds and Robbie Covington. We always enjoy parties at Cleo's house and sure hope she has plans for some more in the near future.

Folks, if you see Loyd Orrell sorta favoring one of his feet and kinda limping around — well, Bess told me a cow stepped on Loyd's foot Sunday morning. Loyd, guess you are getting like alot of us — either the cows are getting younger and faster or we are getting a little slower and older.

The United Methodist Women had their regular meeting Monday, Feb. 18, in the home of Mrs. Perryman Denham. Mrs. Ross Littell, president, opened the meeting with a short reading. The program for the day was titled "Christians Who Differ" and was led by Mrs. Denham. At the close of the program study Mrs. Littell greeted each of the visitors present and asked Mrs. Loyd Orrell to dismiss us with a prayer. After this we enjoyed refreshments and fellowship. Visitors present were Mrs. Loyd (Bess) Orrell, Mrs. Cleo Lanier, Mrs. Betty Reynolds and Miss Myrtle McMillion. Members present were Mrs. Ross Littell, Mrs. Dave Roberts, Mrs. Ted Jackson, Mrs. Vera Mae McGee, Mrs. Mark Landers, Mrs. Mae Degraffenreid and yours truly.

There will be a game night at the Forestburg Community Center Saturday, Feb. 23, at 7:30 p.m. Proceeds will go to the Heart Fund. Admission will be 50 cents for children and \$1.00 for adults. Anyone wishing to help please contact Harold Freeman.

Last week we reported on the various controls congress has placed on the automobile manufacturers. Now it looks like they will do the same for the oil companies. Just who are the oil companies? They are corporations made up of millions of individual stock holders, in business to make money and managed by qualified personnel.

There are ten or twelve large companies which make their business highly competitive. They do have some special tax allowance which was given them by the government to off-set their gamble in looking for more oil.

The government will be spending billions, in the next few years, to find alternate sources of energy and these will affect earnings of the

oil companies. Government regulations affecting the railroads, shipping industry, and air lines show what can happen when industry is controlled by politicians. Will the same happen to the oil companies?

Evel Knievel jumping over eleven Mack trucks drew quite a crowd and got a lot of publicity. He stated that he would retire after his 4th of July jump over the snake river. Some one has to succeed him. Maybe one of our organizations should sponsor a motorcycle jumping contest. It would be an interesting event and, who knows, a new champion may be found.

The city administration is to be commended on getting the garbage pick up service started and the men who operate the truck are doing a fine job of gathering and hauling it away. We did hear a few complaints about the idea and cost of the service during the planning stage but now we hear compliments. To date the compliments far exceed the complaints.

Another problem needing the city's attention is loose dogs. The Fort Worth Press compares our dog problem to India's sacred cows. People consider their dogs as members of their family. It's so easy to get attached to these pets however there is no better way to be disliked in a neighborhood than to let a dog run loose. You can't shoot a stray dog in the city — that's against the law. If you hit one with a car, it's your fault, if it bites your child, you've got to prove it.

Years ago horses and cows were allowed to run loose in the town. City ordinances changed that. Why can't the same be done for dogs, or do we have to wait for a case of rabies to force quick action.

Saturday night at the Parish Hall, the annual choir-sponsored, German songfest will be held. Those who attended last year are sure to

be back because everyone enjoyed it. There is good singing also dancing to a band that can really do those good old tunes. Get up a party and B.Y.O.B.

Reserve Saturday night March 2nd for the Knights of Columbus "Las Vegas" party. It will be wide open so come prepared. Everyone welcome.

Hubert Humphrey plans to run for president again in 1976 and has already opened his campaign headquarters, designated as Preparation H.

### Letters to the Editor

Your recent articles on Muenster Memorial Hospital were very comprehensive in all but one category. It is of my personal opinion that our hospital's success is due greatly to the dedicated personnel who staff its halls. I read no note of appreciation to the RN's, L.V.N.'s, aides, lab technicians, cooks, and housekeeping department. These generous people are often called upon to give service above and beyond the call of duty. They deserve a round of applause from the entire community.

Sincerely

### Hospital Awards

derhoff, Norbert Felderhoff, Rufus Henscheid, Sylvan Walterscheid, Jimmy Jack Biffle, Albert Dangelmayr, Paul Fetsch, and Ray Voth.

David Bright, hospital administrator, was master of ceremonies. Speaking as the mayor of Muenster he praised the hospital for its services to the sick in this and neighboring communities, as a handsome building which enhances the town's appearance, and as a thriving business with definite economic value to the area.

The invocation, given by Msgr. Thomas Weinzapfel, thanked Almighty God for the high standard of service rendered at the hospital, and asked His continued blessings on its dedicated staff.

After the dinner Mr. Bright introduced the medical staff, the current board of directors and the directors at the hospital's opening ten years ago. Doctors attending were Martin Kralicke, Alfredo Antonetti, Marvin Knight and Gerald Graham of Muenster and Doctors Wm. Menzies and Eleanor Irvine of Wichita Falls. Directors of 1964 were J. M. Weinzapfel, J. H. Bayer, Arthur Hess, J. J. Wieler, Ray Voth, Alphonse Felderhoff, R. N. Fette, J. W. Fisher, Leo J. Haverkamp, Mrs. John Mosman and Mrs. T. S. Myrick.

Then came the presentation of five year pins to personnel who have been there at least five years but not ten years. Alphonse Felderhoff, vice-president of the board, made the awards as Bright announced names and years of service as follows.

Augusta Walterscheid 9, Gen Pels 7, Aileen Cler 9, Frances Yosten 7, Ida Hoenig 9, Wilda Stoffels 9, Florence Rohmer 9, Joan Haverkamp 9, Angeline Steadham 8, Florence Fisher 8, Carol Grewing 5, Pauline Stelzer 6, Judy Flusche 5, Doris Muller 5, Florence Grewing 5.

Next, awards were 10 year pins to employees who have been there since the hospital's opening. Presentations were made by Mr. Trubenbach to Agatha Wolf, Lorene Taylor, Lou Hess, Micky Haverkamp, J. D. Caplinger, Ann Walterscheid, Tom Hesse, Jo Ann Walterscheid, Miriam Caplinger, Anna Mae Stoffels, Emily Hartman and Hazel Lyman.

Rufus Henscheid, secretary of the board, presented desk pen stands with caduceus emblem to Dr. Kralicke and Dr. Antonetti who had been on the staff nine and six years respectively.

Representing the medical staff Dr. Kralicke then spoke briefly in praise of the board's aims for excellence and the high level of employee dedication.

Mrs. Agatha Wolf, speaking for employees, said that there is a deep satisfaction in helping sick people, also that the employees are especially proud of frequent compliments on the care that patients receive here. Recognition of and award to Mr. Weinzapfel at this part of the program, were followed by two more presentations. In behalf of the board, Al Trubenbach gave a Texas hat to David Bright, a native of Alabama. And Bright gave the board chairman a "10 year employee pin."

Music for the dinner and dance following was furnished by Bill Tanner's orchestra.

Most men, when they think they are thinking, are merely rearranging their prejudices.

### Junior Tournament Hosted This Week By Sacred Heart

Eight boys teams and seven girls teams are participating this week in a junior high basketball tournament at Sacred Heart School. Final games to determine champions, runners up and consolation will begin at 2:30 Saturday.

Teams entered in the tournament are both boys and girls from Sacred Heart, Era, Saint Jo, Valley View, Alvord and Montague, plus a boys' team from Tylor Street Christian in Dallas, Sacred Heart boys B team and Era girls B team.

Sacred Heart youngsters lost their three preliminary games and got places in the consolation bracket. Saint Jo boys bumped the B Cubs 33-28, Montague beat the Sacred Heart A team 34-28 and Montague girls ran over Sacred Heart 30-12.

The B boys did all right for three quarters for leads of 8-4, 17-8 and 23-19. But then Saint Jo got hot and outscored Sacred Heart 14-5 in the last period. Cub scorers were Joe Sicking 12, Roger Haverkamp 6, Joe Hoedebeck 4, Billy Rohmer 4, Gary Rohmer 2.

The A team trailed 12-8 and 18-16 the first two periods and took a 24-21 third quarter lead. Then Montague rallied for the 34-28 win. Fred Koesler led SH scoring with 12. Bob Hartman hit 8, Kenny Felderhoff 6 and Glenn Walterscheid 2.

SH girls likewise were in the game for three periods trailing 12-8 at the half and 16-10 ending the third, after which Montague had a great last period winning 30-12. SH scorers were Donna Grewing 6, Brenda Voth 4, Monica Gehrig 2.

### County Native to Talk at Museum

On Monday, February 25, at 7:30 p.m., Dr. June Rayfield Welch will speak at the Morton Museum on "People and Places in Texas Past." His talk, which will be at an open meeting of the Cooke County Heritage Society, is based on the research for his next book.

Dr. Welch, a graduate of Gainesville High School, is chairman of the Department of History and associate professor of history at the University of Dallas. His diverse career has included being an outstanding football player at Texas Christian University, service in the U.S. Merchant Marine and in the U.S. Army, secretary to Senator Lyndon B. Johnson, member of the U.S. Capitol Police Force, 15 years as a lawyer, and service as academic dean at the University of Dallas prior to assuming his present position. He was awarded the bachelor's degree by Texas Christian University, a Doctor of Jurisprudence by George Washington University, a Master of Arts by Texas Tech University, and a Bachelor of Arts by the University of Texas at Arlington.

person to hold a job without compulsory membership in a union. Labor leaders say it's just not right for non-union freeloaders to benefit from all the wonderful and humanitarian efforts of organized labor to help the working class.

Lots of workers don't think that way, however. They consider compulsory membership as a loss of freedom and also claim that more good can be achieved through a system of voluntary membership in which leaders hold their positions by merit rather than compulsion. There's a saying that good unions do not need forced membership and bad unions do not deserve it.

### SHH Faculty and Students Attend Ft. Worth Program

All faculty members of Sacred Heart School were among principals and teachers of the Catholic School System in the Fort Worth Diocese receiving certificates of appreciation from Bishop John Cassata Sunday.

The awards ceremony formally opened the observance of Catholic School Week in the diocese. The program was held in Nolan auditorium.

Attending from Sacred Heart School were Sisters Mary John, Georgia, Genevieve, Lenore and Yvonne and Brother Thomas Moster, Miss Sonja Swirczynski and Miss Anna Hermes.

Each school of the diocese was invited to present an entertainment program and Sacred Heart students sang an original ballad, "The Ballad of the Lusitania" written by Peggy Hoedebeck and Karla Yosten. This ballad was published in the Educational Edition of Reader's Digest.

Participating in the song with the two authors were Beverly Walterscheid, Mary Hess, Barbie Hess, Sandy Reiter, Kathy Luke, Gayle Miller, Linda Miller, Laura Kralicke and Lynda Klement. Many compliments were showered on the students for their performance.

Locally Catholic Schools Week began Monday to continue through Friday. Parents, friends — the public — were invited and joined in the observance.

The program opened Monday at 10:50 a.m. with an assembly in the Reading Lab. Tuesday was open house in the Lab from 8:30 a.m. to 4 p.m. During the same hours on Wednesday there was open house in the grade school to see classes in action. Visitors also were welcomed to eat in the school cafeteria that day. Thursday brought the annual Spelling Bee in the gym.
