

Relative to the static we have been hearing in recent months about the Center Intelligence Agency (CIA), it was satisfying to come across an editorial from the Cincinnati Enquirer which illustrates quite forcibly why some people of this country complain about the slanting of news in some of the big metropolitan newspapers. To quote the Enquirer:

"From the time Chile's Marxist president, Salvador Allende, was toppled from power and assassinated in September 1973, the most persistent of resultant myths has been that the CIA was somehow his executioner. Indeed, the allegations nurtured by Allende's mourners in the US and around the world undoubtedly have been a factor in mustering support for a full scale inquiry into the CIA.

"Curiously enough the New York Times' Seymour Hersh, the original publicizer of the My Lai massacre, and more recently the exposé of a wave of accusations involving CIA domestic surveillance, devoted himself to a quiet inquiry into the CIA's role in Allende's downfall.

"In an interview with New York's Village Voice, Mr. Hersh said 'I spent an incredible amount of work, dozens of interviews, digging into a number of allegations by a number of people that the American military was directly involved in the overthrow of Allende. I did a lot of work and I couldn't find it. It's just not there.'"

You and I would think that the admitted lack of detrimental information about CIA, along with an account of the extensive inquiry which failed to bring out any damaging evidence, would be a rather important news story — fully as big as the one Hersh intended to write.

But note what he said to the Village Voice. "I'm not going to write that story; it's kaput."

This is revealed in all its nakedness the policy which is followed not only by Mr. Hersh but by other editors and writers. If a story reflects unfavorably against the US it is printed, but if the information turns out to be favorable it is suppressed. The policy is to publicize what is wrong or alleged to be wrong about America, but not to report what is right or refutes a charge against the country.

Commented the Cincinnati Enquirer: "It would have been worth while in our view if Mr. Hersh had written 'that story', to demonstrate, once and for all the falsity of some of the allegations."

For another indication of the kind of hate-America dirt dished out by some of the media, we are indebted to Herb Philbrick of U.S. Press Association. He refers to the disgusting Academy Awards performance by two producers of "Hearts and Minds", a viciously anti-American 'documentary' on Vietnam — which demonstrates the close collaboration between Hanoi and this country's far left.

For those who did not see the program, Philbrick points out that one of the producers, Bert Schneider, spoke of the irony of the film's award "at a time when Vietnam is about to be liberated. One can only wonder how Schneider could use the word 'liberated' when daily news reports were telling of hundreds of thousands of Vietnamese fleeing south to escape their 'liberators'."

As if to complete the disgusting insult, Schneider read a telegram from a Vietcong: "Please transmit to all our friends in America our recognition of all they have done on behalf of peace and for the application of the Paris accords on Vietnam. These actions serve a legitimate interest of the American people and the Vietnamese people. Greetings of friendship to all the American people."

The whole revolting incident was shocking, and so is the fact that many persons in the audience applauded the traitorous remarks by the two despicable performers.

But the biggest disgrace of all is the fact that the show "Hearts and Minds" was chosen for an Academy Award. We can imagine a show with that kind of title being imposed on the unsuspecting public, but what kind of persons do we have as judges when this kind of outrage is chosen for an award?

Virgil Henscheid Named Eleventh Local Postmaster

Virgil Henscheid, an employee at the Muenster Post Office for more than 14 years, is the new local postmaster.

He was notified of his appointment last Friday in a telephone call from Joe B. Bruning, manager of the Dallas District of the Postal Service, and received a confirming letter the next day stating it was a pleasure to officially notify him of the appointment, which became effective on Saturday, the 26th.

Henscheid joined the post office staff as a clerk in October 1962 and continued in that position until the departure of Arthur Endres on terminal leave on November 26 last year. Since then Henscheid has been Officer in Charge.

He is the eleventh postmaster here since the founding of the community in 1889. The first was August Flusche and successors to the present were John Koll, J. H. Richter, B. Wiesman, John Meurer, Henry Bernauer, Charles Reiter, Joe Luke, Herbert Meurer and Arthur Endres.

Wolf and Endres Are Third in UIL Regional Tennis

Randy Wolf and Danny Endres, representing Muenster High in tennis doubles in the UIL Regional at Stephenville last Thursday and Friday, placed third in the region and also qualified as alternate to the state tournament in case the first or second place team is not able to play.

The regional champ is Mason and the Number 2 team is Whitney.

The Hornets won three out of four matches to earn the Number 3 rating. First they rolled over Pottsboro 6-0, 6-2. Next they had a big job in 2 hours and 40 minutes of hard playing to eliminate one of Mason's two teams. Scores of that contest were 7-6, 5-7 and 6-4.

That one advanced them to the semi-final, which was about as closely contested but ended with the Hornets at the unhappy end of a 3-6, 7-5, 1-6 score. Whitney, the winner got into the final with Mason for the regional title.

Finally, to determine third place, Muenster met Cross Plains, the other semi finalists loser. Wolf and Endres romped through those sets 6-1 and 6-2.

Hornettes Lose in Opener of State Volley Tournament

Muenster High Hornettes' hopes for a state title in volleyball were shattered last Friday in Austin in their first encounter of the state tournament. They were eliminated 15-2, 15-4 by the Cowgirls of Plains, who emerged with the runner-up title. The state champ was East Bernard.

According to Coach Robert McDaniel, the MHS girls played better than the score indicated and at times seemed to have a rally going, but could not overcome the relentless pressure of the Plains team. Their biggest problem was in handling the serves of the Plains team.

In spite of the setback, McDaniel said that he and the girls are highly pleased with the season. Improvement over last year was tremendous, enabling the team to advance much farther than anyone expected at the start of the season.

Looking forward to next year McDaniel and the girls have high hopes for another good team. With several of the players returning and fair prospects of developing new talent, they have visions of improving their technique and also gaining from the confidence and style acquired in this year's experience.

While in Austin the volleyball team, along with Mr. and Mrs. McDaniel, made a sightseeing tour of the city.

Notice of Meeting

Mrs. Rex Anderson Was Escort for Vietnamese Child

Mrs. Rex Anderson of Forestburg was a volunteer escort in Operation Baby Lift recently. She flew to San Francisco where she picked up a Vietnamese child, a little boy, and took him to "Friends for All Children" in Denver Colorado.

The child, whose records had been lost, was estimated to be three years old; however his physical condition made him appear about 12 to 18 months.

He was suffering from Orphan's Syndrome, scabies and malnutrition. He was too weak to hold his head up — but he never cried.

Mrs. Anderson says she will never forget the look of terror in his eyes when he was startled by a sudden noise.

New Directories Mailed This Week By Phone Company

New directories for Muenster Telephone Corporation serving the communities of Muenster, Myra, Forestburg and Rosston, arrived in the mail Tuesday morning.

The book, dated May 1975, has a handsome front cover showing a wooded scene in autumn colors and a handy two-year calendar at the back. Inside the front cover are several emergency numbers to reach fire departments, police, sheriff, highway patrol and the hospital along with information on annoyance calls.

In the alphabetical listing of names and numbers the four communities are combined into a single list including the four exchanges. The exchange numbers are: Muenster 759, Myra 736, Forestburg 964, Rosston 768.

At the front of the book are several pages of general information, mostly pertaining to long distance calls. It specifies hours for day, evening, night and weekend rates and has tables applying those rates for calls to a number of cities. Also shown is a US map indicating areas served by area code numbers plus a page-long list of US cities and their area code numbers.

Another helpful feature is the long distance directory assistance whereby a person can obtain unknown phone numbers. And when numbers are known there is ample space for listing them on the inside of the back cover and the last page preceding the yellow pages.

Sixteen pages are used for the classified ads and listings of the yellow pages.

8½ lb. Black Bass
Gary Walterscheid claims the distinction of catching the granddaddy of all black bass in this area. The whopper, caught Monday night in an undisclosed lake of the community, weighed 8½ pounds and measured 2 feet from tip to tip. Gary's fishing partner, Gilbert Boydston, claims a share of the glory for helping get the big one out of the water.

Electric Co-op Members Hear Report of Continued Growth

A crowd estimated as the biggest ever in the 36 year history of annual meetings of Cooke County Electric Cooperative Association gathered in the Muenster High auditorium Monday night and heard a report that the association had reached a new high in both membership and business volume.

Michael Sloan, general manager, said that total sales for the year increased to 213,991,000 kilowatt hours, but that the rate of increase was lower than in previous years. The slow down in his opinion resulted partly from a milder than normal winter, a tendency to conserve because of higher prices and the co-op's urging of more efficient and prudent use of energy.

Sloan said that 327 meters were added to the system in the past year, increasing total number of meters served to 5945. It was not a record increase but considering the nationwide building slump it was more than expected. As a result of it the co-op spent \$893,651 on additions and improvements bringing total plant investment to \$7,083,356.

Because of higher costs for material, equipment and labor, the plant additions reduced the cash operating fund to the extent that the co-op must postpone for a while the payment of capital credits for early 1975. Making the payment would have required borrowing funds.

Wholesale power purchase for the year was \$2,641,496, which was 70 per cent of the total operating revenue, and \$953,207 of the total purchase

was for fuel adjustment charges. Of that amount \$886,899 was passed on to the consumers. The adjustment charge increased from 2.2 mills per kwh to 9.6 during the year.

Present indications, Sloan added, are that this problem will persist and increase for years to come, making it necessary for generating plants to use cheaper and more plentiful fuels such as coal and uranium. However generating plants to use those fuels will be expensive. To compensate partly for present and anticipated higher costs the co-op encourages efficient and prudent use of electricity.

Despite higher costs the co-op's increasing volume of business has succeeded in holding down unit cost of a kwh to 19 hundredths of a mill more than in 1969, and actually 16 hundredths of a mill less than in 1966. With good prospects for continued growth, it is hoped that unit costs of the future will continue to be favorable.

Similar in parts to Sloan's report was the address of the guest speaker, James R. Cobb, president of Texas Electric Cooperatives, Inc. He explained that present problems of the industry derive from the country's predicament when its shortage of oil and gas was aggravated by the Arab oil embargo and skyrocketing prices. Since those were the fuels needed to generate electricity prices had to soar accordingly.

He explained that the nation has an abundance of coal and lignite which can and will be used for generating current, but plants will not be equipped to use it in less than 5 to 8 years. Atomic energy is another source of the future, but plant construction for it will be delayed even longer.

The speaker also talked about national and state legislation pertaining to co-ops and their members — such as environmental bills, utility commission bills and the future basis of taxing land. He

Daniel Fette to Head Battalion Of A&M Corps

COLLEGE STATION — Daniel H. Fette of Muenster has been chosen for command responsibility in the 1975-76 Corps of Cadets at Texas A&M University.

He will be the top-ranked cadet officer in the First Battalion.

One of 10 battalion and group commanders, he will hold rank at the third command level, one above company and squadron. At that level, the cadet will have responsibility for five company-type units and his staff.

Cadet commissioned officers in the TAMU Corps come from the senior class. Juniors are chosen as cadet non-commissioned officers. Sophomores may attain the rank of corporal. Command assignments, from corps commander to squadrons and company leaders, are made on the basis of performance at other leadership levels, academic standing and peer evaluation.

The Corps is known as a "leadership lab" for cadets in TAMU's Army, Air Force, Navy and Marine Corps officer commissioning programs. Students who do not plan to enter the U. S. military participate as drills and ceremonies cadets however, to obtain the leadership training and personal development the Corps provides.

New command assignments officially become effective next fall. But Class of 1976 officers will take the posts for the first time May 10 at Final Review.

Fette is an environmental design major in the school of architecture at TAMU. An Army ROTC contract cadet, the son of Mr. and Mrs. R. N. Fette, Muenster, was formerly in Company I-1.

Hornets Clobber Trojans 13-3 to Cinch 13-A Title

Another district championship for Muenster High School was sewed up here Tuesday afternoon as the Hornet baseballers bombed Windthorst 13-3.

They still face a game with Callisburg but a loss would not affect the final standing because each of the other teams already has two losses. The indication is that Frisco, now leading its loop, will be the Hornets' opponent for bi district.

Scoring in the top of the first, Windthorst took an early lead Tuesday but the Hornets went ahead to stay with a pair of runs in the bottom of the first. A seven run explosion in the second upped the lead to a commanding 9-1. Windthorst added two in the fifth and Muenster got 4 more in the sixth.

Terry Walterscheid had another good day both at the mound and the plate. He slammed out a homer and a double, gave up 3 hits and 4 walks and fanned 7. Meanwhile two Trojans hurlers allowed 8 hits and 6 walks and struck out 8.

Hornet hitters besides Walterscheid were Randy Wolf a double and a single, Tim Wolf a double, Danny Endres, Mike Davidson and Kirk Johnson each a single.

Dress Factory to Sew Uniforms for Muenster Hi Band

A report by the uniform committee headed by Mrs. Mel Stephens, Mrs. Henry Weinzapfel and Mrs. Don Flusche, was the highlight of the Band Parents meeting Monday, April 21. This committee has been active all year and presented the report to the April meeting of materials available for uniforms, and an offer to sew them made by the local Jr. Elite dress factory.

Manager, Mrs. Bernice Sicking offered the services of Jr. Elite employees at an earlier meeting, as well as factory facilities, also notions needed in construction, and said this is their contribution to the uniform fund.

Band Parents accepted the generous offer gratefully and approved purchase of fabrics needed.

Band Parents president, Mrs. B. J. Swirczynski conducted the meeting. A report by Mrs. Herbie Walterscheid told about Buccaneer stamp contributions by band members, their families and interested friends.

Band instructor, Mr. Hayes reported on the band concert scheduled for May 9. A swim party in May for all band members is being planned by the parents' organization.

The group voted to sponsor two booths at the Jaycee picnic on June 1.

Election of officers, to take office in May, named Mrs. Kenneth Hale president, Mrs. Mel Stephens, vice president and Mrs. Leonard Reiter secretary-treasurer.

Serving for the 1974-75 school year were Mrs. B. J. Swirczynski president, Mrs. Jimmy Jack Biffle vice president and Mrs. Kenneth Hale secretary-treasurer.

.33 Inch of Rain

In spite of a surplus of rain earlier this year, Muenster was delighted with .33 inch Sunday night and would have been glad to get more. It was appreciated as a softener of the hard surface crust even though moisture was still plentiful under the crust.

The shower brings the April total to 2.23 inches and the year's total through April to 12.45.

To make a long story short ... have the boss walk in.

Mass and Reception Observe Herbert Millers' 25th Anniversary

When Mr. and Mrs. Herbert Miller observed the 25th anniversary of their marriage Sunday afternoon with a Mass at 5:00 in Sacred Heart Church and a reception in Muenster Community Center, they had with them all but two of the members of their wedding party, all four of their children and their two grandchildren, all of their five god-children, their brothers, sisters, nieces and nephews and her mother and his father, their relatives and friends.

The Millers' children are Mrs. Dave Berres (Kathy) and Glenn, Gayle and Bert. Their grandchildren are Troy and Aaron Berres.

The anniversary observance began with the entrance procession and included Mrs. Clyde Walterscheid (the former Sharon Yosten) who was the flower girl twenty five years ago, and Mr. and Mrs. Tommy Felderhoff and Mrs. Henry Pels. Unable to be here were Mrs. Charles Ethridge (the former Diane Endres) and Eugene Derichsweiler.

Also in the procession were Fr. Stephen Eckart, celebrant and five altar boys, all nephews, Hal and Kirk Mollenkopf, Mark Miller, Dale Schilling, Monte Endres and the honored couple.

Readings and offertory petitions were by the Millers' children. Fr. Stephen gave

the Homily and then led the renewal of marriage vows. The Offertory gifts were presented by the Millers' first grandchild, Troy Berres and their god-children. Leading the procession was Steve Henschel with the anniversary candle, followed by Troy Berres carrying a white pillow used at his parents' wedding on which were attached his grandmother's wedding ring and a necklace with the birthstones of her children. Rita Sue Pels brought a pair of white doves; Tracy Henschel presented a red rose bud and Alan Miller and Stan Endres brought the sacramental offerings of bread and wine. The Offertory narration was given by the Millers' son, Bert.

After Communion, their daughter, Gayle read a passage from "Song of Solomon." Providing music, with organ and guitar accompaniment were nieces and nephews Chris and Billy Felderhoff, Chris Schilling, Linda Miller, Janet Pels and Karen Schilling. During and before and after Mass they sang "More", "Let It Be Me", "Annie's Song", "Never, My Love" and "Peace, Joy and Happiness".

The altar held arrangements of spring flowers and lighted candles.

Reception
 Following the Mass, a reception honored the couple in the Community Center. Decorations there included a canopy of sky blue intermingled with suspended silver stars over the dance floor. At the entrance, a pathway of two rows of summer greenery led guests into the reception room.

Tracy Henschel and Rita Pels registered 100 guests. The candle used in the procession stood on the registry table. Votive lights surrounded by English ivy were on guests tables. Two tall silver candelabra entwined with spring flowers graced the honorees' table.

Holding a place of prominence on a separate table, to the center and front of the main table was the two tiered anniversary cake decorated with figurines signifying the Millers' children and grandchildren. On the cake table also was an arrangement of lilies of the valley, silver bells and the doves used in the procession.

The champagne fountain was surrounded with arrangements of lilies of the valley and guests were served dinner from a buffet table. Dancing followed the dinner, with music by Doug Martin and the Rustlers.

For her anniversary party Mrs. Miller chose a formal of

sheer, soft blue with silver stripes re-embroidered with blue petals. She wore a necklace with a heart-shaped diamond and matching ear rings, a gift from her husband. Her corsage was of gardenias with stephanotis.

The children, god-children and singers all had corsages or boutonnières of spring flowers.

The Millers have lived here all of their married life and for the past eight years have lived in the new home they built on Cherry Lane.

Special guests were Dolores' mother, Mrs. Albert Henschel and Herb's father, Theo Miller. Out of town guests were Stan Endres of Dallas, and Messrs. and Mmes. Travis Bussey of Archer City, Ted Miller of Plano, Paul Yosten and Stan Yosten of Fort Worth, Randy Bayer of Grapevine and Messrs. and Mmes. Ronnie Herr, Brad Pierce, Norb Felderhoff, Ed Berres and Tammy all of Gainesville and Mr. and Mrs. Leroy Neu of Lindsay.

Hornets Fail to Advance Entry to UIL State Track
 Muenster Hornets found the competition too rugged at the Class A regional UIL track meet in Stephenville. Of the eleven boys who qualified for the regional, not one was able to advance to the state finals. Eight districts, with a total membership of about 50 schools, participated in the meet. And each district had two eligibles for each event, hence there was a field of 16 for each event.

Results of the Hornets' efforts were as follows. Pole vault: Tom Bright fourth, 12 feet. 100 yard dash: Terry Walterscheid fifth, 10.3. 220 yard dash: Mark W. Sicking sixth, 24.3. 880 yard run: Mark L. Sicking sixth, 2:05.1. All who placed in that event came in in a tight group, the winner being only .8 second ahead of sixth place Sicking.

Other members of the Hornets team, the boys whose effort was not good enough to get on the score board, were the following. David Wimmer, shot put, Jim Grewing, discus; Kenny Koelzer, 120 hurdles; Bryan Sicking, 330 hurdles; Dean Sicking, mile run; the 440 relay members, Tom Bright, Mark W. Sicking, Bryan Sicking and Terry Walterscheid; also the mile relay members, Mark L. Sicking, Tim Felderhoff, Terry Walterscheid and Mark W. Sicking.

Winners of the first five places were Mason, Honey Grove, China Springs, Early and Glen Rose.

DESIGNATION

To all fellow citizens, Greetings:

The month of May is traditionally Senior Citizens Month and a time for honoring those who have built our city, state and nation upon the foundation of our heritage.

Further, the year 1975 ushers in the celebration of the Bicentennial of the American Revolution, a most appropriate time for recognizing and commending those stewards of our national heritage, the elder citizens who persevered through hardships and thus preserved this legacy for their children.

THEREFORE I, as mayor of the City of Muenster, do hereby designate the month of May, 1975, as Older Texans Month

and urge all the citizens of Muenster and surrounding areas to recognize and honor those fellow citizens who have contributed so much to the community and to the preservation of American heritage, and to provide opportunities for them to draw on their vast reservoir of talent and experience in making unique and valuable contributions which only they can give to the Bicentennial effort.

"Preventive medicine" is most important — to avoid illness, or to catch and cure it early, before the illness becomes serious. This is why an annual medical check-up is so advisable. Just as "preventive maintenance" on your car can avert major breakdown and repair — so "preventive medicine" can nip an illness in the bud, and probably avoid great discomfort and surgery.

Vows Exchanged at Marysville by Roxanna Reid and Phillip Russell

The marriage Saturday, April 19 of Roxanna Jolynn Reid of Muenster to Phillip Gregory Russell of Marysville in the Marysville Baptist Church was the first wedding ceremony held in this church since 1930.

Parents of the couple are Mr. and Mrs. Lavonne Reid and Mr. and Mrs. Joe Russell. Rev. John Sconce, cousin of the bride, of Thackerville, Oklahoma and pastor of the First Baptist Church of Hibbit, Texas, officiated for the double ring ceremony at 5:00 p.m.

The bride was given in marriage by her father. She chose a floor length white chiffon Empire gown, trimmed in French lace, styled with a round neckline and short puffed sleeves cuffed with a band of matching lace. She wore a white lace, wide brimmed hat trimmed with white velvet ribbon.

Bridal bouquet was a cascade of baby carnations, English ivy and baby's breath with a lace covered Bible given her by her Grandmother Reid. For tradition and sentiment she borrowed a pair of opal earrings from her sister and had a penny in her shoe and a blue garter.

Attendants

Terri Britian of Rosston, bride's friend was maid of honor. She wore a deep pink jersey knit formal with an Empire waist and long sleeves and trimmed in cotton and polyester lace. Her hat was a wide brimmed straw with matching pink velvet ribbon. She carried a bouquet of baby carnations, sweet william and baby's breath.

Groom's attendants were Roger Harrison of Gainesville, best man, Lonnie Hellman and Kenny Russell of Muenster. Ushering guests were Rusty Reid, bride's brother and Vance Wells, groom's nephew.

The church was decorated with baskets of white gladioli and greenery. Piano music was furnished by Mrs. John Sconce, who played "Wedding Song", "Love Story", "Can't Help Falling in Love With You" and "First Time Ever I Saw Your Face".

Reception

Following the ceremony the bride's parents hosted a reception in the Church annex. One hundred and thirty guests registered as they entered the church. The registry was decorated in blue and white. Guests came from Dallas, Denton, Myra, Nocona, Saint Jo, Forestburg, Whitesboro, Gainesville, Muenster and several towns in Oklahoma.

The three tiered wedding cake, topped by a miniature bride and groom, was served by Mrs. Charles Bayer. A family heirloom cut glass punch bowl belonging to the bride's grandmother Reid was used for punch that was served by the bride's sisters Laneta and Mechal Reid. The reception room was decorated with spring flowers.

For their wedding trip to Sherman, the bride wore a blue knit lace coat dress, white accessories and a corsage of blue and white carnations with baby's breath. The groom's mother wore a gold and white three piece knit suit, beige accessories and white carnation and baby's breath corsage.

Rehearsal and Shower After rehearsal Friday night, the wedding party was honored when the groom's parents entertained. Punch and cake were served by his mother and the couple presented gifts to their attendants.

A display shower was held in the TP&L Community Room Saturday, April 26. Special guests were the bride's mother, groom's mother and bride's grandmother, Mrs. Hattie Reid. They were all presented corsages as they arrived.

Hostesses Laneta and Mechal Reid, bride's sisters, Terri Britian and Kenya Hale, bride's classmates served punch and cookies, nuts and mints from a lace covered table centered by an angel food cake, trimmed in blue and white and topped with a miniature bride and groom.

Two Gallons Less Might Do the Trick

If U.S. motorists would buy two less gallons of gasoline per car per week, the savings would be more than enough to meet President Ford's goal

of reducing foreign crude oil imports by one million barrels a day, according to the Automotive Information Council.

Talk to a man about himself and he'll listen for hours.

"Well, that shows you what a lousy year we have had."

4 Math Teachers Attend Workshop On New Technique

Four math teachers of Muenster Public School, Gary Chisam, Donald Osterman, Mrs. Loretha Cash and Mrs. Phyllis Bush have completed a 15-hour workshop on mathematical comprehension at Gainesville.

The course was a study of procedures introduced into the El Paso school system by two of its teachers, who were in charge of two of the sessions presented at Gainesville.

It was demonstrated that the program works with children because it teaches basic patterns of counting, grouping and graphing, which provide a framework for holding mathematical ideas in place. And mathematical language is developed from natural experiences of hearing, speaking, reading and writing. It encourages children to develop imagination and use all senses to help them learn. Teachers attending will receive certificates as evidence of further study in their field to improve teaching skill.

Don't put it off until tomorrow. Tomorrow there may be a law against it.

Campus Day Activities Of Sacred Heart Classes

First Grade

First Graders of Sacred Heart and their teacher, Sr. Genevieve enjoyed campus day activities last Friday spent at Leonard Park in Gainesville where they had a picnic lunch, toured the zoo, played games in the park and re-

turned to meet the school busses about 2:30.

Mothers furnishing transportation were Mmes. Herman Grewing, Bob Steele, Raymond Walterscheid, Larry Hennigan and John Pagel. Mrs. Joe Felderhoff also accompanied the group.

Not a campus day activity, but looked forward to eagerly by the first graders is the opportunity to perform for the MAP meeting on Tuesday, May 6 when the children will repeat the program they gave for the Home School Society and also taped for Channel 2 TV.

All the second graders of Sacred Heart School attended planned tours of Cooke County Library, Morton Museum and the Gainesville Fire Station during campus day activities last Friday.

They had lunch in the park, saw the zoo and played games and then were treated to ice cream at Braum's.

Going with the children and driving their cars were Mmes. Harvey Schmitt, Pat Hess, Gene Hoinig, John Dave Meurer and the teacher Mrs. Willie Mae Dodson. Also going were Vickie and Debbie Schmitt and Stewart Hess.

At noon they had a sack lunch at Nocona City Park and spent several hours playing there. On the way back to school they stopped at the Dairy Inn for a last treat and arrived in time to meet the school busses.

Mothers accompanying the group were Mmes. Leon Fleitman, Bill Koerschner, John Otto, Tony Rohmer, Herman Stoffels, Sylvan Walterscheid, and Albert Zimmerer. Also attending were fourth grade teachers Miss Anna Hermes and Sr. Lenora.

Fifth Grade

On Friday, April 25, fifth graders of SHS spent their campus day in Denton, toured the NTSU Historical Collection, a Museum on the university campus, and then went to the Denton City Park for a sack lunch. While in the from here were Mrs. Joe Fowler Library where Denton High School was showing an art exhibit. The rest of the afternoon was spent at the Spinning Wheel skating rink.

Mrs. Monnie Garrett, 5th grade teacher and the following mothers accompanied the group: Mmes. Ray Voth, W. J. Miller, Tommy Herr, Thomas Felderhoff and Steve Moser.

Special Liturgy Formally Closes Year's CCD Class

The Special Liturgy on Wednesday evening, April 30, brought to a close another year of Confraternity of Christian Doctrine Classes here in Sacred Heart Parish. Several Special Liturgies have been scheduled during this past year, with students of various grades participating. The Sacrament of the "Anointing of the Sick" was administered several weeks ago during the regular CCD Mass and the Sacrament of Baptism was administered last week to the infant son of Mr. and Mrs. David Reiter. This was the first time many of the children had witnessed the administration of these two sacraments.

The readings during the closing Liturgy were done by John Walterscheid, Doug Walterscheid and Virginia Fisher. Petitions were presented by Rene Reiter, Barbara Wimmer, Jill Walterscheid, Julie Grewing, Greg Luke, and Jill Wimmer. Mark Grewing led the Or-

atory Procession with the Christ Candle. Perfect Attendance Certificates were carried in procession by Jeff Temple. Teacher Appreciation Gifts and Special gifts for the Senior Girls who took care of the Wednesday evening Liturgies were taken to the altar by Lyle Huchton, Troy Grewing and Brenda Wimmer. The Mass gifts of water, wine, paten and ciborium were presented by Jana Hamilton, Curtis Hoinig, Bobby Wilson, and Steven Fisher.

At the end of Mass Father Placidus addressed those in attendance commending the thirty-three students who had Perfect Attendance Records during this past year. The Eighth Grade Class had 8 perfect attendances, followed by the Sixth Grade with 7 perfect attendances. Every grade had at least one Perfect Attendance Award given.

The Senior girls who took care of the music all year received recognition gifts. The girls are Mary Lou Fleitman, Diane Yosten, Lisa Mollenkopf, Cheryl Hermes and Lou Ann Swirczynski.

The songs they selected Wednesday were "The Living God", "What Can We Bring?", "The Easter Song", "The Mass is Ended". The little children

sang "Thank you, Jesus" after Communion.

Father Placidus expressed his appreciation for the work done by the teachers of the CCD program and presented a gift to each teacher and substitute teacher.

The final CCD class will be this Sunday, May 4.

3 from Here on NTSU Honor Roll

Three Muenster students are included in a list 1412 who were named to the fall semester honor roll at North Texas State University. Requirement for the honor is a grade point average of 3.5 or more.

The Muenster students listed are Emilio Antonetti, son of Dr. and Mrs. Alfredo Antonetti; Dan Sicking, son of Mr. and Mrs. Leo Sicking; and Kenneth Swirczynski, son of Mr. and Mrs. Ray Swirczynski.

Ken Swirczynski Honored by NTSU

Kenneth Swirczynski, son of Mr. and Mrs. Ray Swirczynski, was one of 98 students honored last Friday in an Honors Day Banquet for outstanding students and faculty members of North Texas State University. He received the Outstanding Management Senior Award.

The students, who, along with their parents, were guests of the university at the banquet, were recognized for their achievements through departmental, university-wide and NTSU Alumni Association awards and by designation to "Who's Who Among Students" in American Universities and Colleges.

Faculty members honored were chosen for awards by the Student Government Association.

Here is an interesting (point) . . . If we looked at today's world with only 100 people: there would be 70 who would be able to read, one who would have a college education, 50 who would be suffering from malnutrition, and 80 would be living in what we call substandard housing. If we also looked at this global village of 100 people, we would find that 6 would be Americans who have half the village's entire income and 94 people would exist on the other half.

Are You Killing Your Feet?

While almost everyone is born with perfect feet, only ten percent of the people in this country are free of some form of foot trouble by adulthood. Since almost all of these miseries are self-inflicted, it might be appropriate to admit "I'm killing my feet" instead of the familiar complaint, "My feet are killing me."

The Texas Medical Association points out that the most common offense against our feet is committed when we sacrifice foot health for fashion by wearing shoes that interfere with the foot's functions or do not fit properly. Platform heels, for example, force the feet to function in a way they were not intended to. The weight of the wearer is forced forward to the ball or wide part of the foot. High heels also lead to bad posture, a wobbly gait, strained muscles, calluses, and corns. If you must wear high heels, (which, fortunately, most people don't) limit them to dress occasions. If you are going to be on your feet for long periods of time, wear a heel that is no higher than an inch or an inch and a half.

With the exception of specific mechanical problems of the feet, special shoes are not necessary. Pads come and go, but the primary function of shoes is to protect the feet from injury. Other than proper fit, there is no reason to consider one shoe over another.

Shoes that are too tight can cause the two most common

foot disorders — corns and bunions. Shoes that slip or press tightly on the heel can cause blisters. The best way to prevent these, or to relieve them if they are present, is to buy shoes that are properly fitted. Go into the store yourself, have your foot measured, try the shoes on, and make sure that the tip of the shoe is at least one-half inch longer than your longest toe. It's a good idea to buy shoes toward the end of the afternoon when your feet are slightly larger than they are in the morning.

Very little can be done by way of home treatment for corns and bunions except to relieve the discomfort they cause. You should never attempt to pare away a corn with a razor blade or any other sharp instrument because this can lead to a serious infection. The safest home treatment is to apply a thin, doughnut-shaped pad to hard corns or a piece of lamb's wool to soft ones. This will relieve the pressure and, eventually, if you have switched to properly fitted shoes, the corn may disappear.

Bunions, which form most frequently on the first joint of the big toe, may be caused by crowding your foot into shoes which are too narrow. Changing your footwear may ease the problem, although sometimes bunions have to be removed by surgery.

One of the most neglected of health habits is the brisk daily walk. Our feet, marvelously constructed of 26 bones, 107 ligaments, and 19 muscles,

are capable of supporting approximately 65,000 miles of walking in an average lifetime. Regular daily walks not only stimulate circulation but maintain the strength of the foot's muscles and other structures.

Foot comfort can also be promoted by elevating your feet when you are lying down, walking barefoot around the

house, taking warm foot baths, rubbing your feet with a rough towel after bathing, and using foot powder to keep your feet dry.

Double Ring Ceremony Unites Donna Moster and Gary Gieb

Mr. and Mrs. Gary Gieb have returned from their wedding trip and are at home in Muenster. Their wedding was an event of Saturday, April 19 at 5:00 in the afternoon in Sacred Heart Church with a double ring ceremony and Nuptial Mass. Father Stephen Eckart officiated.

The bride is the former Miss Donna Moster, daughter of Lawrence Moster and the groom is the son of Mr. and Mrs. Gene Gieb.

The bride was presented at the altar by her father. She was wearing a formal gown of white polyester organza fashioned with an Empire waist, scooped sheer neck line and yoke finished with a medalion-lace-edged organza ruffle and small stand-up lace collar. Vertical rows of medalion lace embroidered with pearls further enhanced the bodice. Long fitted sleeves with rows of pearl embroidered lace were edged with a small organza ruffle at the wrist. A white satin belt, tied at the

back, was centered by a lace medallion. Scattered on the skirt front were three lace flower medallions, and a wide ruffle with matching lace trim just barely brushed the floor.

The bridal veil, three tiered and falling to chapel length, was attached to a Juliet cap with matching lace trim. Bridal bouquet was a colonial arrangement of stephanotis, light blue carnations, purple and blue static feathered around a white orchid with wide lace streamers with stephanotis and baby's breath tied into the lovers' knots.

For sentiment, the bride borrowed and carried the First Communion prayer book belonging to her niece, Patricia Reiter. And she wore the traditional blue garter.

Attendants

Mrs. David Reiter was her sister's maid of honor and bridesmaids were Cheryl Raney of Irving, bride's friend and classmate, Rhonda Moster, bride's sister and Mrs. Tom Fuhrmann of Eules, groom's sister. Their dresses were designed with long, ice blue polyester organza skirts finished with a wide ruffle and bodices of shirred floral chiffon in shades of dark and light blue, dark and light pink, dark and light green and white. Ice blue organza edged the scooped necklines, and long full sleeves of ice blue matching the skirts were cuffed with shirred chiffon matching the bodices. Completing the bodices were small stand-up collars of the floral chiffon and a matching blue satin ribbon belt tied in a bow at the back.

They carried small flower baskets filled with spring flowers in shades of blue, pink, orchid, green and purple.

Flower girls were Patricia Reiter, bride's niece and Kimberly Cler, groom's niece. Patricia wore a long, pale blue flowered dress, ruffled at the bottom, with short puff sleeves and a white pinafore. Kimberly wore a short blue dress with a white pinafore

and gave a flower to the bride for presentation at the Blessed Mother's Altar. Patricia carried the same flowers as the bridesmaids. The ring bearer was Kenneth Reiter, bride's nephew.

Mrs. Gene Gieb attended her son's wedding in an apricot sheer formal and she had a white orchid corsage.

Jerry Yosten, friend of the groom, was best man and groomsmen were Kenneth Yosten, groom's friend and classmate, Greg Gieb, groom's brother, and Mark Moster, bride's brother. Mass servers were Kent and Gene Fuhrmann. Ushers were Wayne Trubenbach and Louis Gieb.

The altar was decorated with Easter lilies, and matching tiered candelabra entwined with sprenger fern, stephanotis and votive lights were to each side of the altar.

Wedding music was given by Mrs. David Walterscheid and Dr. Martin Kralicke vocalists and Anthony Luke, organists. Sung were "Wedding Song" by Mrs. Walterscheid, "How Great Thou Art" and "A Time for Us" by Mrs. Walterscheid and Dr. Kralicke and "Mother, at Your Feet" by Mrs. Walterscheid.

As the couple left the altar, the bride paused to give the groom's mother a long stemmed red rose.

Reception

Following the ceremony a reception and supper were held in the VFW Hall hosted by both families. Mrs. Glenn Cler, groom's sister registered 180 guests in the bride's book. The wedding cake was baked and cut by Mrs. Jerry Walterscheid and served by Linda Hess and Karen Luttmier.

Decorations for the reception rooms were made by the bride, her sisters Mrs. David Reiter and Rhonda Moster, her younger brother Robert Moster and by Karen Luttmier. Spring flowers and streamers decorated the bar and doorway, and matching streamers made a canopy over the dance floor; a small walk over a bridge with an illusion pond was decorated with spring flowers and rocks and occupied one corner near the bandstand; a small wishing well with flowers, stood to the opposite side of the bandstand.

Guest tables were centered with a blue streamer and spring colored candles with matching umbrellas made of paper lace and the same shade of spring flowers.

The bride's table held the bridesmaids' flower baskets, tall ice blue candles, and bride-and-groom place cards marked places for the wedding party. Behind the bride's table was a pomp picture emphasizing the chosen bride colors in flowers and leaves and the newly-weds' names outlined in blue with interlocking rings.

Following the reception, the couple left on a trip to the Gulf coast, and in Bridge City where they visited an aunt and uncle of the bride.

The young couple are both 1969 graduates of Muenster High. She is employed at Jr. Elite Dress Factory and he owns and operates Gary's Fina in Muenster.

One of his favorite lines is "Where is Henry?" If you ask him where Henry is he will say "I don't know." We were absolutely fascinated with Sambo — that's the bird's name. He sounds just like Mrs. Golightly when he talks. He eats dog food (dry) and fruit — and Henry has to peel the grapes and take the seeds out before Sambo will eat 'em.

All of us petted the dog but when Robert reached out to pet him, he took off. He sure has ole Robert puzzled.
