NUMBER 19

An idea that is getting more and more popular lately is a big increase in the export price of our country's wheat to overcome some of the loss we have to sustain in paying the outrageous price for foreign oil. As Paul Harvey was saying just a few days ago, a bushel of wheat and a barrel of oil was about the same price for years, but as a result of the energy crisis the OPEC nations have succeeded in multiplying their price by more than four whereas wheat is still selling at about the same old price.

It is suggested that we make no bones about equalizing these products. Don't bother about quoting so much for a bushel of wheat, but just state that the price is the same as a barrel of oil and let the price fixers over there be responsible for the price of both. It will save the hassle of frequent adjustments to compensate for changes of oil prices.

Obviously the big change-over isn't as easily done as said. One can imagine the economic confusion if the price of wheat were suddenly set at \$12 or \$14 a bushel. There would certainly be a chain reaction of related price increases and the inflation spiral would whirl as never before. Even though it first seems as the answer to the farmers' prayers, we know that it cannot work.

But how about an export tariff to make up the difference? To avoid disturbing the price levels applying to wheat and related products in this country, let government take charge and add some \$8 to \$10 to the price of the grain when it is exported. And to complete the equalizing process let it likewise take charge of oil imports and apply the added income from grain to reducing the price of oil.

The thought of having government take charge is admittedly the weakness in this suggestion. We've learned through the years that bureaucrats are more likely than anyone else to foul it up. We would be more confident if farmers and oilmen were permitted to do the job.

Of course there are other considerations such as the price to put on other grains to fit them in the program, and such as the certainty that countries will buy their grain elsewhere. One can assume that before long lots of other countries will grow grain and have lots more of it available for export. There's also a possibility that the idea would backfire by starting a boycott of American grain and leaving the country with a bigger than ever grain surplus headache.

In spite of problems it can't be denied that the proposal has merit. Our country needs a way to offset the rip-off prices imposed on us by the OPEC countries. Some of that at least should be recoverable in prices we charge for our products, and if that's not enough some official encouragement ought to be generated to increase our own oil production. Whatever comes out of the proposal, it deserves lots of serious thought.

Representative Charles Stenholm's current report to his constituents mentions that liberals have not given up their gun control ideas and "protecting the right of citizens to keep and bear arms has now become a constant struggle." He further states that during his service in Congress he will "work to protect this important and fundamental American liberty."

It's pleasing to see that our congressman has taken a firm stand on this subject. With so many liberals scheming to take guns away from good citizens, his support on the right side is both needed and appreciated.

He says that citizens have the right to protect their lives and property from danger, and adds another thought that is seldom mentioned but equally important: "That Americans have the responsibility to protect our way of life from the threat of government oppression, should the basic freedoms enjoyed by this country be subverted. 'Guns play a role in defending the populace from both individual acts of violence and the potential aggression of government.'"

Stenholm repudiates the claim of gun control advocates that restrictions on use of firearms will reduce crime. It's ridiculous, he says, because facts show that states and cities with the most rigid

Top Dairy Authorities Will Talk at Four Short Courses

Some of the top dairy authorities in the nation will be speaking at a series of four dairy short courses in Texas, April 2-5, announces Dr. Michael Tomaszewski, dairy specialist with the Texas Agricultural Extension Service and short course coordinator.

The short courses are scheduled for April 2 at Rudder Center, Texas A&M University, College Station; April 3 at the Texas A&M Agricultural Research and Extension Center, Stephenville; April 4 at Cooke County College, Gainesville, and April 5 at Hopkins County Livestock and Civic Auditorium, Sulphur Springs. The program will run from 9:30 a.m. to 3:30 p.m. each day with registration beginning at 8:30 a.m.

Headlining the list of featured speakers will be Dr. Ben T. McDaniel, professor of animal science at North Carolina State University. He conducts research in animal breeding with emphasis on dairy cattle. Prior to obtaining this appointment, he was a research assistant with the U.S. Department of Agriculture at Beltsville, Md. McDaniel was also involved in the USDA National Sire and Cow Evaluation Program. The geneticist is a member of the

Date Changed for Paschal Supper

The annual Paschal Meal of the Sacred Heart Parish, commemorating the Last Supper of the Savior, has been moved forward from Holy Thursday to Wednesday night. As explained on last Sunday's church bulletin, the change was made so that the Holy Thursday liturgy can be given its due time and concern. The bulletin also states that the format will be different but just as meaningful.

It will be held in the SH Community Center starting at 7:30. Tickets at \$4.00 each are available at the rectory, but not after Palm Sunday.

Achievement Test Scores Received

Opportunities to discuss results of recently administered achievement tests were announced this week at Muenster Public School. Tom Fluker, counselor, said that scores of the nationwide test have been received and can be seen and discussed by the parents. He will be available for conferences on Mondays and Tuesdays.

He added that students of grades 5-10 have been given a copy of their results, however, if parents have any questions they should feel free to contact the school.

Kindergarten at SH School OK'd

Kindergarten will be added to the program of Sacred Heart elementary school next year. The decision was made in a specially called meeting of the school board Monday evening.

The board furthermore decided that the policy of negotiating fees, which has been adopted for the high school and elementary, will be extended to the kindergarten. "No child will be denied admission on the grounds of finances."

Registration for the new department will be held next week Monday through Friday during class hours with the secretary, Mrs. Patsy Bayer, or between 2 and 5 Wednesday and Friday afternoons with Father Denis.

★ To Run At Pilot Point

Local track teams will participate in a meet at Pilot Point this weekend.

City Votes Apr. 7 on Extending Wet Area

Slightly more than a week from now Muenster will have another wet-dry election to determine the status of a small area which was annexed to the city since the special election on November 4. That area consists of the Valente factory and the Kountry Kountry grocery in the west part of town.

Don Hess who is a co-owner of the store with Sylvan Walterscheid, stated this week that the issue appearing on the ballot is For or Against the "sale of all alcoholic beverages including mixed beverages." He added that because the time elapsed since the last election is less than a year, the issue on the ballot must be different. So, with the former issue excluding mixed drinks, this issue was changed to include them.

Hess added, however, that the store has no plans to sell

mixed drinks, that its only intention is the usual grocery store sale of beer and wine, also that there is no intention to keep the store open late.

The petition which was presented to the commissioners court asking for the election had been circulated by the store owners, Hess and Walterscheid, and the full cost of the election will be paid by them.

Balloting will be in the Muenster city hall, Saturday, April 7, 7 a.m. to 7 p.m.

SH Students Will Appear in "The Music Man"

"The Music Man" is in its final rehearsals for presentation March 30 and April 1. The play by Meredith Wilson is this year's selection for the annual Spring Musical at SHHS.

Directed by Frank Luke, with assistance from Sharon Grewing, the play features Joe Barfush as "Professor" Hill, a swindler who comes to River City, Iowa, with money on his mind and schemes to organize a boys' band. Also featured is Janelle Hellman as Marian Paroo, a piano teacher and the town librarian, who quickly discovers his plan.

Professor Harold Hill knows little music but has devised a "think system" of playing instead of using musical notes. After soaking the townspeople for instruments, uniforms and books, even he is surprised when the band appears with surprising results. Everyone in the small town of River City is excited about the band, anticipating hearing their sons playing in the band.

But Mayor Shinn (Angelo Nasche, Jr.) becomes suspicious and tries to make the people of River City see that they are being robbed blind. An invitation is extended to everyone by the 47 member cast of Sacred Heart students, to come and see the surprising developments.

In the meantime, "Professor" Hill is also concentrating on winning the heart of Marian Paroo. Rose Felderhoff plays the match-making mother.

There are several well-known songs including "Till There Was You," "My White Knight," "Iowa Stubborn," "Ya Got Trouble," "Wells Fargo Wagon" and, probably the best known, "76 Trombones." The barber-shop quartet features Wilfred Luttmeyer, Greg Gieb, Dick Dangelmayr and Mike Bayer.

Forty seven students have been working since January to produce and polish their annual play.

Advance tickets are available at Sacred Heart High, at Ben Franklin Store and from students for \$2.50; at the door, night of performance for \$3.00.

28 Teams Booked April 2 to 7 for V'Ball Tourney

The North Texas Invitational Volleyball Tournament sponsored by the SHHS Lettman's Club will be held at the SHHS gym in Muenster, April 2 to 7.

Members of Felderhoff Brothers Drilling Company Volleyball Team are promoting and directing the tournament.

Sixteen women's and twelve men's teams from the top amateur volleyball teams of the North Texas area are competing, promising the best lineup for any tournament this year.

Represented will be teams from Wichita Falls, Muenster, Collinsville, Gainesville, Saint Jo, Tioga, Pilot Point, Sherman, Gunter, Howe, Whitesboro, Montague, Nocona, Slidell and Dallas.

Games will begin at 6 p.m. each night. Admission is adults .50 and children .25. The concession stand will be open.

Individual trophies will be awarded to first, second and consolation winners in each division and a sportsmanship trophy will be awarded to the team displaying the most sportsmanlike conduct in each division.

1200 Cheer "Fantasy Frolics"

"Fantasy Frolics," the sixth presentation in a series of annual shows sponsored by members of Muenster Hospital Auxiliary, played to about 600 persons, each of the two nights shown, March 23 and 24 in the MHS Auditorium.

A warmly receptive audience was generous and appreciative with frequent applause. At the close of the program following curtain calls, the cast presented red roses to the general producer and director, Frances Bayer who was completing her third annual show.

The production was marked by outstanding make-up and costuming.

Cast members included Charles Bartush, Sr. as "Mr. Sandman," Leon and Christi Klement as "Dreamers"; Theresa Walterscheid as director of "Dreams," with Kathy Berres, Pam Felderhoff, Sharon Felderhoff, Della Hellman, Janet Henschel, Janet Koelzer, Jo Ann Pagel and Rita Russell.

Dan Luke was "Little Boy Blue." Also Celia Wimmer as director of "Big Bad Wolf at the Door" with Dan Hamric as Wolf, Monica Hess as Red, Alford Winn as Godfather, Angelo Nasche Sr. and Jim Endres as Big Al and Junior, and Dolores Miller as Granny.

Ruth Felderhoff was a Gypsy Fortuneteller.

Frances Bayer was director of "La Flora Del Miss Muffet" also playing Miss Muffet, and Charles Bartush Jr. as El Spider, Eileen Fisher as Gyp-

sy Queen, Dr. Martin Kralick as Schmoengrin and Sis Stelzer, Herman and Gwen Carroll, Marie Endres, Bill and Doris Hamer, Herb Miller, Spike Yosten and Margie Wimmer as gypsies.

Kaye Pagel and Betty Jean Bindel were directors of "Three Swine of Most Great Stature" with Willie Wimmer stage manager, and Betty Miller, Henry Starke, David Fisher as No. 1, No. 2 and No. 3 Pig and Charles Bayer as Won Ton Wolf.

Jan Cain was "Little Bo Peep" with David Bright and Rufus Henschel as doctors.

Jane Monday was director of "Nightmare" also playing Graveyard Gracie, with Deb Klement as Skull Skeleton, Harold Flusche as Vernie Vampire, Debbie Hess as Wanda Witch, Judy Flusche as Madeline Mummy, Claude Klement as Wally Werewolf and Butch Fisher and Clara Wilde as themselves, and Faye Hamric, Margaret Stormer, Linda Westbury and Martha Koelzer as "Freak" dancers.

Emily Klement was director of "Over the Rainbow" and playing Dorothy, with Ken Fette as the Tin Man, John Schneider as Scarecrow and Jim Endres as Cowardly Lion.

Carol Henschel and Celia Wimmer were directors of "Super People Episode" with Carol Henschel as a young Wonder Woman, Larry Goble as a young Superman and Tony Horsley as Preacher; also Celia Wimmer as an ag-

ing Wonder Woman, Ted Henschel an aging Superman.

Dr. Martin Kralick presented "Impossible Dream."

Behind the scenes credits were paid to assistants Celia Wimmer, Dolores Miller, Carol Henschel, also script writers Jane Monday, Frances Bayer, Carol Henschel, Emily Klement, Celia Wimmer; piano music by Juanita Bright and Ruth Felderhoff, taped music by Alvin Fuhrman and outstanding make-up by Shirley Grewing, Della Hellman, Tommie Sue Hess, Lajuana Klement, Jan Cain, Carol Henschel, Kathy Fette, Margie Wimmer and Margie Starke.

Also curtains and lighting by Dolores and Herbie Miller, scenery and painting by Kathy O'Rourke, Monica Hess and Doris Hamer, also stage hands Art Bayer, Andy Wimmer, Bobby Walterscheid.

Also outstanding costumes designed by directors, made or provided by each individual. The ticket committee included Juanita Bright, Bertha Hamric, Rita Russell and Betty Kralick.

Margie Wimmer was in charge of advertising.

Special thanks were expressed to the prop builders and those who provided them, to those who helped with ticket sales to Muenster Public School for use of the auditorium and to all whose time, talent, patience and generosity contributed to a successful project.

Local Teams are No. 1 and No. 2 in Nocona Track Meet

Muenster teams were very much in the action last Saturday at the annual Indian Relays hosted by Nocona High School. The MHS Hornets were Number 1 and the SHHS Tigers were tied for second in the varsity boys division. Also the Sacred Heart girls were second in their division while Muenster High girls were ninth.

Team scores for the boys were recorded as follows. Muenster 78, Sacred Heart 70, Chillicothe 70, Holliday 54, Alvord 42, Boyd 40, Lindsay 34, Windhorst 30, Nocona 23, Archer City 23, Chico 12, Notre Dame 10, Petrolia 6, Saint Jo 3, Millsap 1. Scores of the girls division were Holliday 124, Sacred Heart 91, Lindsay 71, Nocona 69, Boyd 63, Alvord 30, Petrolia 29.

The Weather

Official weather readings for the past week have reported as follows by Steve Mosler. Temperature low and high: March 22, 56 and 73; 23rd, 42 and 69; 24th, 39 and 60; 25th, 37 and 74, 26th, 49 and 84; 27th, 40 and 68; 28th, 60 and 72.

Rain measures were .93 on the 22nd and .06 on the 23rd. Total moisture currently is 7.61 in. for March and 12.98 in. for the year to date.

Plant Exchange

The annual Plant Exchange sponsored by the Cooke County Council of Garden Clubs will be held at Leonard Park Pavilion in Gainesville on Thursday, April 5, 8 a.m. to 1 p.m. Everyone is welcome. Those with plants to donate may bring them to Mrs. Jim Roark's home, if they wish.

Joe Walters Will Observe Golden Wedding on April 1

Mr. and Mrs. Joe B. Walters will celebrate their 50th wedding anniversary on April 2. The observance will be held on Sunday, April 1 when their children and grandchil-

dren are hosts for an Open House at St. Mary's Parish Hall, 927 N. Weaver from 2 to 4 p.m. All friends and acquaintances are invited to join them.

Mrs. Walter is the former Anna Walterscheid. Both are former Muenster residents, born and raised here and were married in Sacred Heart Church on April 2, 1929.

They are active leading members of St. Mary's Church in Gainesville, and have been active in civic affairs and the Cooke County Association for Retarded Children and the Cooke County Child Development Center. They have traveled extensively, and served as Good Will ambassadors to Gainesville's sister city, Trujillo, Peru, South America.

Mr. and Mrs. Joe Walters are parents of six children: Florence, Mrs. Barry Blevins of Odessa; Mary Jo, Mrs. Bill Graham of Gainesville; Betty, Mrs. Wilfred Sicking of Muenster; Rita, Mrs. Aubrey Chapman of Richardson; Dr. John P. Walter of Houston; and Dr. James Walter of Hammond, Louisiana. There are 21 grandchildren and two great-grandchildren.

In community and church leadership, Joe Walters has held a number of positions, including: Texoma Regional Planning Commission, City Council, Gainesville Hospital Board of Directors, president of Kiwanis Club, United Way chairman, Gainesville State School counselor, organization of Cooke County Association for Retarded Children, organization of Cooke County De-

velopment Center, Grand Knight of Knights of Columbus Council, named Outstanding Senior Citizen, Association of Retired Persons, received Liberty Bell Award from Cooke County Bar Association and Distinguished Service Award from Gainesville Jaycees, member of Christian Layman's Association, first charter member of Gainesville Boy's Baseball, vice president of Chamber of Commerce, founded Joe Walter Lumber Company, Inc., was a teacher of Religion at St. Mary's School and presently at Lindsay High School.

He has been commissioned to assist in the distribution of Holy Communion and is frequently a Lecturer during Holy Mass. For many years he participated in the radio broadcasting of religious services from St. Mary's Church. Accompanied by his wife, he attended also at Sunday Mass at the chapel of the Gainesville Training School, where he was the Mass Server.

His wife, Anna has been at his side, giving her total support, and has maintained her own interests with classes at the junior college and her hobbies at home. She has been an adult 4-H leader for St. Mary's Group, is a member of St. Mary's Altar Society, enjoys sewing, macramé and crocheting and her rose garden is her prize possession.

STATE CAPITAL HIGHLIGHTS
 By Lyndell Williams
 TEXAS PRESS ASSOCIATION

AUSTIN—After months of tedious and sometimes mind-boggling work, the Texas House of Representatives this week gave final approval to legislation implementing the voter-mandated 1978 Tax Relief Amendment.

Passage of the bill—HB 1060—came after three days of debate over the legislation's major provisions.

Texas voters approved the Tax Relief Amendment in November and automatically got a \$5,000 homestead exemption from school district property taxes.

The legislation sets aside more than \$400 million for state payment to local school districts to replace tax revenues lost because of various exemptions created by the bill.

The legislation would also add another \$10,000 homestead exemption for the disabled and those over 65,

and would freeze school taxes for the elderly for the rest of their lives.

—exempt two cars or light trucks for each family from property taxes, and the state would reimburse an estimated \$17 million to local school districts because of tax dollars lost in 1979 due to the exemption.

—exempt intangibles—stocks, bonds, and bank accounts—from measurements of a school district's total wealth.

—keep state spending at levels equal to the percentage of growth of Texans' personal income each year.

—set up methods of taxing farm, timber and ranch land on the basis of its productivity rather than its market value.

The omnibus tax bill now heads for the Senate where committee hearings on the House members' work will begin soon.

fore the Senate Jurisprudence Committee, a constitutional amendment giving voters initiative and referendum powers got only two votes—one from a conservative and one from a liberal.

The seven other members of the committee decided the whole issue was too hot to handle and sent it packing to a subcommittee where most Capitol observers expect it to sit quietly out of the way while the Legislature goes about the business of the 66th session.

So, despite the fact that Gov. Bill Clements has called initiative and referendum the foundation of his "Taxpayers' Bill of Rights," the issue appears to be stuck on the sidelines and indefinitely out of action.

Is this a victory for Lt. Gov. Bill Hobby—Clements' chief adversary in the Legislature? Probably. Hobby, the man at the tiller in the Senate, has sounded his outright opposition to adding any more levers to the already complicated and delicately balanced machinery of democracy.

What would initiative and referendum powers mean? It would mean voters could pass laws at the local level, constitutional amendments that applied state-wide, and voters could also strike down laws already on the books.

Simply stated, voters would be able to get a proposed law or constitutional amendment on the ballot by rounding up a certain percentage of signatures of those who voted in the most recent elections. The ballot box and voting booth would become an even more important part of the lawmaking process.

But critics of the idea point out that it is difficult to verify signatures on petitions, and go on to ask: "How many times would you have to vote on the same issue?"

Local officials registering their opposition at the senate hearing said elections are costly for school districts to hold. Initiative and referendum powers would give voters on the local level an accessible tool in lowering taxes. That has school board members worried in light of tax cuts that have already been mandated and by further tax base reductions that loom ahead.

At issue for some critics of initiative and referendum powers is not the public's ability to decide wisely on an issue, but whether or not voters will have at their disposal all sides of the question before making a decision.

One witness before the senate committee hearing testimony on initiative and referendum powers pointed out that a single minute of advertising on prime-time television costs almost a thousand dollars. Ad time on radio approaches \$200 a minute. Some fear only the rich and economically powerful will be equipped and financially armed to get their side of the issue before the public.

Over minor issues, there are already examples where large corporations have been able to use the electronic media to bend the public's opinion, almost against its will.

The Governor
 An idea posed more than a month ago by Sen. Grant Jones of Abilene, chairman

of the Senate Finance Committee, suddenly has the backing of Gov. Bill Clements.

The idea is a single-year state budget instead of the traditional two-year spending plan drawn up by the Legislature when it meets in regular session every two years.

A one-year state budget may be needed because of an unpredictable economy. The uncertainty over predicted state sales tax revenues—the source of 40 percent of the state's income—may have forced Clements into Jones' (and Hobby's) corner.

If the Legislature decides to write only a one-year budget, that means a special session will be in order.

Clements was quick to point out that he thought a one-year budget fit the situation this time around but that he was absolutely opposed to annual sessions of the Legislature.

Clements this week also signed a \$2.4 million appropriations bill to keep afloat the idea of a superport off the coast of Texas. And the governor said he hasn't made up his mind yet about whether he is for or against raising the home loan interest rate from 10 to 12 percent. Everyone, probably even the governor, is waiting to see what the interest rates will do on their own before tinkering with the law.

Clements told teachers this week he favors the 5.1 percent pay increase suggested by the Legislative Budget Board for all state employees (including teachers), but the governor reiterated his hope that automatic step increases will be done away with. The 3.2-4.9 yearly pay hikes for teachers were mandated by state law in 1949. Clements prefers pay raises based on merit, rather than those based primarily on experience.

never affirmed that more than 5 percent of the people belong to the Communist Party, but that 5 percent does rule the nation with an iron hand. It is reported that Russia killed probably 30 million people in establishing the rule of the Communist Party in Russia. It is reported that the Chinese destroyed probably as many as 40 million people in establishing the rule of the Communist Party in China.

It is also understood and recognized that the Communists are atheists. When Khrushchev was in our country and allowed to speak on nationwide TV he affirmed, "We, Communists, are atheists." As atheists they have no belief in the resurrection of man, they have no belief in a future judgment nor a place called heaven for the righteous. This greatly influences their conduct.

Since they believe that the destiny of the Communist Party is to create a Communist world and since they believe there is no judgment hereafter, then there are no levels to which they will not descend in order to promote the advance toward a Communist world. Their own writings affirm that anything is right and good that promotes Communism. Lying is good—not wrong—if it promotes the Party. Killing is not wrong, but in fact good, if it promotes the Party. That's why they could kill perhaps 40 million in China and 30 million in Russia, establishing the authority of the Communist Party. Killing people was not wrong, it was right and proper provided it promoted the Party. It was the conduct of the Communists that led America to break off relations with China.

Now, if normal relations are to be restored, the first question to be asked would be this: "Has China changed or is she still committed to the ideals and objectives of the Communist Party?" China is still dominated by the Communist Party and holds to the fun-

damental Communist doctrines.

The next question to ask is: "Why is China seeking to restore normal relations with America?" The answer again is quite simple. Nearly 30 years of Communist rule has not brought prosperity to China. The people are still exceedingly poor. They must have help from outside if they are going to develop their resources and improve the living standard of

the people and build substantial military power. It is natural that they should look to America for technical help and for financial loans.

FACTORS INVOLVED IN RECOGNIZING RED CHINA

What is the current meaning and what will likely be the long range results of America's recognition at this time of Red China?

To understand this problem it is essential first to understand Communism and the conduct of Communist people and Communist nations and their firm objectives.

It is very generally known and recognized that the Communists have a very firm determination to create a total Communist world. It is generally known and widely recognized that the Communists are committed to the destruction of every capitalist nation. They affirm that one of their objectives is to "liberate" the people of every capitalist country, whom they refer to as "slaves." The Communist Party, everywhere, is definitely dedicated to these things.

Not all people in a Communist country are members of the Communist Party. For instance, in Russia they have never reported that more than 8 percent of the people belong to the Communist Party, but that 8 percent rules the nation with an iron hand. In China they have

A Busy Retirement for Sister Theresina

Sister Theresina Grob, OSB, a veteran teacher of 50 years, mostly spent at Sacred Heart, is enjoying her retirement in Muenster. She tells about her busy days in this account, listing special activities: "My day begins at 5 a.m. No alarm is needed to awaken me. It must be built inside me. The day ends at 10 p.m. with not a dull moment between the two points..." She continues: "My week begins thusly... "Sunday is the Lord's Day and He gets the largest portion, but I usually spend part of it in the high school,

where I decorate one bulletin board, with information about Mission work on another, where I (very patiently I hope) glue, green, red, gold and blue dots on the poster to signify each .50 donated by seniors, juniors, sophomores and freshmen. This is my share of the flourishing Mission work at SHHS.

"Monday's outstanding work is washing, ironing and, if need be, mending my clothes.

"Tuesday is hospital day...weather permitting, I walk both ways and visit every patient unless there is a "No Visitors" sign on the door. I enjoy visiting the sick and it is very evident patients and their families appreciate my visit. I always receive a warm welcome; love and respect for a nun is evident and it makes me grateful to God for my vocation...

"Wednesday is visitation to St. Richard's Villa day...with

several others who take me along in their cars. I love this day because there I meet senior citizens of Muenster whose sons and daughters I taught years ago. At times I meet former students and our delight is mutual.

"Thursday is my day. Then I can pick up on the perpetual list of items to be done.

"Friday is cleaning day in my schedule. Besides keeping my room tidy, I am in charge of keeping the following rooms clean: the sewing room, the utility room, the library and the medicine room. My mother taught me well how to clean thoroughly. I find it a good physical exercise. In the dining room I am in charge of tables and sinks and I take my turn helping with dishwashing, which amounts to very little, because there is an electric dishwasher and my fellow Sister to help...

"Saturday finds me working at the High School starting Sunday's activities, and then there is also the tedious task of getting ready for Sunday.

"This is only a general idea of each day's specialty. Additionally, I attend SNAP on Tuesdays and Thursdays in Sacred Heart Community Center, visiting with senior citizens of Muenster and neighboring towns and eating a good meal with them. There is a wonderful spirit of real friendship in the SNAP family.

"My lifetime work for the Missions, shipping 20 to 30 lbs. of canceled stamps in a shipment, has become "big Business", handling hundreds of dollars which I distribute as wisely as I can for causes in our country and throughout the world. Since 1973, the Mission Club of SHHS has yearly collected more than \$1,000, this year will probably be more than \$1,500. The generosity of students, former students and friends is marvelous...

"I delight in another assignment-writing the "Thank You" notes on behalf of the local convent.

"Daily from 3 p.m. to 6 p.m. I serve as telephone operator and doorkeeper. This I enjoy, too. I distribute mail to the faculty of SHHS during the school days after the 9:35 a.m. Mass. The special joy of this assignment is that it keeps me in contact with the students, who at this time have a break from their classes. I also keep the attendance records for the school and, if perchance, there are mice or fish to be fed in the science department over the weekend, I am very happy to do so, because the science department was always my delight.

"Many hours of the day are given entirely to the service of God. That is the reason I start my day so early. I attend practically every church service held at the parish church. There is seldom a wedding or funeral which I do not attend. Never do I fail to pay my last visit to any parishioner at the funeral

home... "More or less, this is an account of my precious time as a retired teacher. There are unforeseen events as they occur in everybody's life, but I meet them, too, as they present themselves. I enjoy my present life as well as my teaching years—it is a care free happy life...

"To live as a retired teacher in the parish where I taught 33 years, over a span of five decades is very rewarding. I am truly grateful to the parish and to my Superior, Mother M. Julia Pruss OSB at Holy Angels Convent."

Gary Sicking Is Birthday Honoree

Gary Joe Sicking was honored with a birthday celebration Sunday, March 25, with his mother, Mrs. Wilfred Sicking planning the surprise event. Gary's sisters and their spouses attended, coming with covered dishes for the noon meal, and gifts for the birthday honoree.

Together for the day were Mr. and Mrs. Keith Clegg and Pamela and Mr. and Mrs. Sammy Sparkman, all of Gainesville, joining Mr. and Mrs. Wilfred Sicking and Tim and Nancy.

Later in the afternoon, Mr. and Mrs. Bobby Scoggins and Melanie and Jeremy of Myra joined the group.

Guests for the evening meal were neighbors, Mr. and Mrs. Rick Partain and Jeremy.

THANKS

Thanks for all your good wishes, cards, flowers, visits and prayers while I was an accident victim in Muenster Memorial Hospital. Special thanks to Dr. Juarez and the nurses and all who made my stay pleasant. Our children and Mr. Weinzapfel join me in saying we deeply appreciate every kindness.

—Mrs. J. M. Weinzapfel

Thank you, all of you, for your good wishes, cards, flowers, visits and prayers, while I was recovering in Wilson N. Jones Hospital. My family and I want to say a great big "Thank You" to all who pitched in and helped. Your kindness was deeply appreciated! —Charlotte Klement

I am very grateful to the doctors, nurses and staff of Muenster Memorial Hospital, to Sister Agnes, Sister Theresina, Father Denis, Father Stephen and Bishop Dangelmayr for care, consideration and kindness while I was a patient and to friends and relatives for visits, prayers and cards.

—J. P. Flusche

SNAP Bean Supper Attended by 170

Tuesday, March 20 was a good day for senior citizens of Muenster. The usual SNAP lunch was served at noon, followed by games of cards and dominoes until 5 p.m. in the Community Center.

At 6:30 the Bean Supper, sponsored by the senior citizens, supported by Muenster Merchants and prepared

by willing seniors was served to about 170 guests. The menu included three kinds of beans, two kinds of cornbread sticks, hot and mild, tossed salad, relish trays, ice tea, coffee and home made pies.

The Madden Circus Troupe of Gainesville performed at 7:30 p.m. until about 9 p.m. when guests danced to music by Dale and Boots Madden.

Guests attended from Denison, Sherman, Collinsville, Whitesboro, Gainesville, Lin-

dsay, Myra and Muenster.

The circus music was also performed during a children's matinee for both schools at 2:15 p.m. in the Community Center.

Names of business people supporting the program were announced during both performances, with "Thank You!" from all the Senior Citizens to all who helped in any way.

Look into a mirror and you'll see what others see.

of Muenster Public School

Hornet Band

Last Friday, March 23, the High School Band went to Regional Band Contest at Azle High School. They received a division III or good rating in both concert and sight-reading.

Annual

The Annual Staff at Muenster Public School are again selling candy. If you want some contact any member of the Annual Staff.

Cheerleaders

Cheerleader try-outs were held Monday, March 26. Lou Dyer and Kim Walterscheid were elected for Senior cheerleaders. Underclassmen elected were: Rene Reiter and Jo Ann Gibson (Juniors) Traci Sawyer (Sophomore) and Stephanie Richey (Freshman). Each girl performed two cheers demonstrating technique, incorporation, and crowd control.

Renee Wilde (Junior) was elected Hornet Mascot. Candidates for mascot were required to perform two chants to motion, displaying rhythm, coordination, spirit and enthusiasm.

All seven girls will attend NCA camp this summer to learn and perfect their cheers and chants.

Kindergarten

Sharon Fuhrmann's 6th birthday was observed Monday, March 19 in Kindergarten when her mother, Mrs. Leon Fuhrmann brought refreshments of cakes and decorated chocolate cupcakes. Extra treats were bags of suckers, candy balloons and a ball. Guests were Sharon's sisters, Donna, Jennifer and Sarina and a brother, Richard.

Marcia Vogel was the honored one on Thursday, March 22, in observance of her birthday. Her mother, Mrs. Larry Vogel and a sister and brother, Amber and Rodney brought apple juice and decorated cupcakes. Treat bags contained cookies, sucker, gum, candy, with a miniature animal for boys and a necklace for girls. Also attending was a friend, Ross Cullum.

The political pot never boils much. The old applesauce is only warmed over.

YOU CAN BANK ON IT!

Banking has changed, but people haven't. Even with the addition of computers and other modern, high-speed bookkeeping systems, people still appreciate the personal contact they have in business dealings. A friendly business relationship might be old fashioned, but it's still important. Here at the bank, we think our customers and friends (both words mean the same thing here) have a right to expect it. Banking still is a personal thing, and we want to preserve that.

Of course, we're not casual about business. We move your funds in and out quickly, process your checks accurately, and attempt to meet your money needs. And we try to perform every service as if it were the very first. We think it's as good for business as it is for friendship.

If you have a unique financial problem or simply have routine banking business to attend to, come by anytime. You'll be treated courteously - and warmly... you can BANK on it!

Subiaco Academy Opens Performing Arts Center

Subiaco's Performing Arts Center, begun in the summer of 1976 and under design and construction for the past three years, reached completion with its dedication, Wednesday, March 21. Abbot Raphael DeSalvo, O.S.B., Abbot of Subiaco Abbey and President of Subiaco

The recently dedicated performing arts center at Subiaco Academy, Ark., serves for instruction and performance of music and drama and also as a facility for guest presentations. Along with the handsome foyes and the auditorium, pictured above, it has a lecture/display area, classrooms, private practice modules, a kitchenette and an apartment for the building director.

Academy, presided at the 2:00 p.m. ceremony. Over 500 Subiaco students, monks, friends, and donors attended the happy occasion, a milestone in Subiaco's recent history.

"We are extremely proud to have completed this Performing Arts facility", commented Abbot Raphael. "Subiaco Abbey and Academy have a long history of being a center for the Arts, and the new building is now the physical focus for the wide range of performing arts that are currently taught and presented by the Academy."

Presently the Academy offers accredited academic courses in band, chorus, drama, and public speaking, as well as private instruction in instrumental and vocal music. "The new facility completes our academic plant", says Father Benno Schluterman, O.S.B., principal, "and gives us the flexibility necessary for teaching, rehearsing and performing the major arts, which have recently experienced a healthy growth at Subiaco."

Until December of 1976, performing arts classes at the Academy were housed in the 50-year-old Anthony Hall, the gym vacated when the fieldhouse was completed in 1964, and in the fine arts building, constructed in the

1950's as a catchall building for shops and classrooms. With the removal of Anthony Hall, begun in December of 1976 to make way for the new Performing Arts Center, the classes were held in makeshift areas throughout the campus. The new Center is located on the north hillside of the Subiaco campus and brings all the performing arts together for their instruction and performance, and provides complete facilities for outside

Fun Runners Are Organizing Club

Something special for runners of the community is a jogging club now being organized by Rumpy Hess, who sees a potential for 100 members.

The purpose is to keep in touch as a group rather than individually with invitation fun runs and also to plan and sponsor events here. Early joiners will be able to get uniforms before Germanfest.

About 35 of the prospective members competed in the 7 mile Irish Fun Run at Lake Bridgeport on March 18, which had a total of about 110 entries. Eleven of the Muenster runners came home with

medals.

Included were Gary Henscheid, 2nd over all and 1st in division; Rumpy Hess, 5th over all and 3rd in division; Dale Schilling, 3rd in division; Harry Scoggins, 2nd in division; Damian Hellman, 5th in division.

Many of them intend to be at Pilot Point Saturday for a 7 Mile run.

U I L

Public School students entered in U.I.L. Spelling 5& 6 are Tim Fleeman, David Winn, Tammie Reiter and Jo Ell Hellman with their coach Prue Selbv.

U.I.L. entries in storytelling at the Public School are Penny Russell, Ronnie Knabe, Danna Hamric and Meredith McDaniel. Their coach is Carol Dyer.

Former Resident Dies in Wichita

Mrs. Eva Stalcup died Monday, March 26 in a nursing home in Wichita Falls. She was the mother of Mrs. Grady Jones of Wichita Falls. Mrs. Stalcup and her husband, who died several years ago, formerly lived north of Muenster and later in Gainesville, moving to Wichita Falls in 1964.

Among friends who attended the funeral at 1:30 p.m. Wednesday in St. Mark's Methodist Church, where she was a member, were Mr. and Mrs. Herb Miller of Muenster.

TWU Folk Dance Group Performs at Public School

The Texas Woman's university International Folk Dance Company presented a full-length program at Muenster Public School on Thursday, March 22 at 2 p.m. in the gym.

The Folk Dance Company was organized in September 1978 and presented programs of Mexican dances in the Fall, but have now expanded their repertoire to include dances from other counties.

The program consisted of a suite of Mexican dances: La Bruja, La Negra, La Morena, El Huatega, choreographed by Gayle Armstrong, Junior Dance Major; Sweet Girl, Armenia; Karagouna, Greece; Al Tira, Israel; and Haroa Haktana, Israel, reconstructed by Sherry Phillips, T.W.U. Dance Alumnae; Scottish dances: Highland Fling and Sword Dance set by Jane Manley, pre-med major; the Bulgarian dance, Debrudzanska Reka, choreographed by Rebecca Reber, graduate dance major; and Exhibition Square Dances: Pennsylvania Girl and Grande Colonel Spin, directed by Gladys Keeton.

The 17 member company is directed by Mrs. Gladys Keeton, assistant Professor of Dance and all are T.W.U. students whose majors range from dance to nursing. Costumes worn by the group were authentic and beautiful.

Appearances of the dance company were made at the State Fair in Dallas and at several events in Denton and at schools in Denton, Dallas and Muenster. The dance company will also appear at the Folk Dance Festival in San Antonio late in March.

Mrs. Hogan Honored on 90th Birthday

Mrs. J.S. Hogan, formerly of Amarillo and now a resident of St. Richard's Villa, was honored on her 90th birthday, Sunday, March 11.

Mrs. Judy Hartman, a granddaughter, hosted the party, assisted by her mother, Mrs. Richard Cain of Muenster, also by Mrs. Pete Smith of Lubbock, Mrs. Charlie Rhone of Bellvue, who are all daughters of the honoree.

Relatives and friends came from Lubbock, Wichita Falls, Denton, Lewisville, Bellvue and Dallas.

Special guests were Mr. and Mrs. Bert Soutter of Dallas, long time friends of the family.

The party was held in the lobby of St. Richard's Villa. A large, beautifully decorated birthday cake was placed on a center table. A guest book, an arrangement of red roses and a white linen tablecloth further complemented the center of attraction.

The cake was served to guests and residents by the honoree's great-granddaughters, DeAnn Trachta and Melanie Richey, assisted by Mmes. Hartman, Smith, Rhone and Cain.

Music and singing of request and special selections was particularly enjoyable. The large group joined in the Birthday Song.

A birthday dinner was the closing event of a memorable day. It was served in the home of Mrs. Richard Cain and hosted by the Wendell Richeys and family.

The Evidence Is All Around

Cancer brought misery to humans long before man began the systematic fouling of his environment. Even the dinosaurs had it.

Now we're confronted with an interesting and encouraging

paradox. Although cancer death rates are continuing to rise, more patients than ever are being cured of the disease. Well over a third of those who get cancer are able to conquer it, and many of them can resume healthy, normal lives.

This positive change hasn't

come about by accident. Our nation and generation are beneficiaries of the biggest attack ever mounted against a single disease. The American Cancer Society began the program several decades ago, and it is a leader in the cancer fight today.

True, most of us have had at

least one relative, or friend or acquaintance who was a victim of cancer. But now most of us can also point to persons we know who have overcome it. This wasn't always the case. Think about this living evidence of progress against cancer when the American Cancer Society asks you to

support its 1979 Cancer Crusade!

Although the fight against cancer has been partly won, it's far from finished. Help is still needed from you.

Don't keep it to yourself, let us know, so we can tell others Muenster Enterprise 759-4311

musical and theatrical presentations.

The Center contains two music classrooms, a band and chorus room, nine private practice rooms, a drama instruction room, an auditorium seating 375, a lecture/display area, and a large foyer. In addition, there is an apartment on a second level for the director of the building, as well as a kitchenette for preparing and serving at various functions.

Exterior construction is of the same native sandstone as are the other major buildings at Subiaco, and was taken from the Abbey's own rock quarry.

A pedestrian mall in front of the Abbey Church has also been completed together with the new parking area on the northwest corner of the campus.

AUSTIN--Texas dairy farmers have increased milk production to the highest level since 1950, the Texas Department of Agriculture has reported.

Production during 1978 totaled 3.4 million pounds, Texas Crop and Livestock Reporting Service figures show, up 2 percent from the previous year.

**Cancer Society
Leaflet Stresses
Early Detection**

When it comes to cancer -- "You Do Make a Difference" -- says the American Cancer Society in a new leaflet now being distributed during the 1979 Cooke County ACS educational and fund raising Crusade.

According to John Pipes, vice president, some 13 million copies of this leaflet are being distributed nationwide during April, which is Cancer Control Month. "We use our annual visits to friends, neighbors and business associates to help acquaint the public about the importance of early cancer detection and prompt treatment. This year our special message is "you can help protect yourself against cancer by what you do or don't do."

He said, "Here are the do's and don'ts:

- Don't smoke cigarettes;
- Don't overeat;
- Do breast self-examination;
- Do get a pap test;
- Do take a guaiac test;
- Do have a complete check-up;
- Do have an ora exam;

"We're trying to alert men and women to special cancer risks and inform them about valuable tests. While distributing the new leaflet, our volunteers will be happy to explain each of these points. For example, many people may not know about the guaiac test because it is just beginning to be widely publicized. This simple test of small stool samples can help detect early colorectal cancer when it is very treatable."

The educational message of the ACS campaign reflects a growing awareness that an individual has to be part of his or her health care -- that good health is not the job of doctors alone.

"We know of some of the ways of preventing cancer -- for example by quitting cigarettes or avoiding excess sun -- it's up to the individual to make use of the information," he said.

The annual Crusade also raises funds for the three-fold ACS program of research, education and service to cancer patients and their families.

"We're trying to fight cancer in every way we can. To do so we need your help. This April we're asking for your support," he said. "Please give what you can."

**Wrong SS Number
Can Delay Refund**

Tax refunds can be delayed by incorrect social security numbers and inaccurate address, the Internal Revenue Service warned.

To guard against unnecessary refund delays, the IRS encourages taxpayers to use the peel-off identification label provided with the tax package. The label is pre-printed with the taxpayer's name, address, and social security number, and needs only to be affixed to the tax return before it is mailed, according to the IRS.

The IRS reminded taxpayers to check the information on the label before using it, however, to be sure all information is correct. Any changes should be made in ink on the label itself.

The IRS also reminded those persons who changed their names last year to report the new name to their local Social Security Administration office. This ensures that the new name will be assigned to the proper social security number.

**Pay IRS by Check
Or Money Order**

When paying your Federal income tax, send either a personal check or money order, but never cash, the Internal Revenue Service warned.

Using a check or money order is safer from two standpoints, the IRS explained. First, a check or money order is harder to steal; second, the cancelled check or money order will serve as a record that the payment was made.

The IRS also advised taxpayers to put their social security number on the check or money order directly below the signature. That way the taxpayer will be certain to get credit for the payment should the check or money order be detached from the return.

The IRS noted that no matter what type of check is used, the tax is not considered paid until the draft is honored by the bank on which it is drawn.

A railroad agent in Africa had been bawled out for doing things

without orders from headquarters. One day his boss received the following startling telegram: "Tiger on platform eating conductor. Wire instructions."

It used to be
the "light bill."

Now, it's the...

- air conditioner, blanket, blender, can opener, clock, clothes dryer, clothes washer, dish washer, door bell, drill, fan, food freezer, hair dryer, heating, heat pad, hedge trimmer, iron, lawn edger, lawn mower, lights, sander, saw, sewing machine, shaver, stereo, television, toaster, vacuum cleaner, waffle iron, waste disposer, water heater, etc., bill.

Forty or fifty years ago, the electric bill was most often referred to as the "light bill." In thousands of homes, Mr. Edison's illuminating invention was not the only electrically operated device in use, but people associated its benefits with their costs for electricity.

Today, higher costs for electricity seem to overshadow the many benefits of electricity.

Whether you have 14 or 40 electric appliances, we believe that if you will compare their benefits with your costs of operating them, you'll agree that electricity is still a good buy...all over the house.

The annual Forestburg Ex-Student Banquet will be held Saturday night April 14 at 7:30 p.m. in the gym of the local school. All ex-students are encouraged to attend and bring their friends.

The Forestburg School P.T.O. sponsored a Volley Ball Tournament at the school last week and 15 teams entered the activities. Thus the tournament has been termed a success.

Mrs. Imogene Evans, Ruby Sledge, Marion Sockwell, Juanita Bailey and Betty Reynolds left early Tues. a.m. March 20 to attend the Texas Home Demonstration Conference in Brownwood, Tex. The group returned home Wed. p.m. March 21 and all report having had a wonderful time.

Mr. and Mrs. Edward Dale of Phoenix, Ariz. arrived in the Rosston community Monday March 19. The Dales are here to make plans and arrangements to get construction on their new home started within two weeks. They are building next to Mrs. Dales Mother Mrs. D.P. (Cornez) Wilson.

Mrs. Merle Hudspeth visited her aunt Mrs. Veda Magle of Rosston Sunday March 19.

Recently read in the Wichita Falls paper where an official of the Texas Highway Dept. stated that Texas now has the "junkiest" and "trashiest" highways in the country. Now that should really make us Texans very proud—once again we have reached No. 1 in another accomplishment.

Mrs. Decie Ellzey visited with her daughter and family, Mr. and Mrs. Jerry Boelter and Phyllis of Arlington from Tuesday March 20 till Saturday March 24.

Mrs. Pete Landers and Mrs. Elva Carter of El Paso arrived in Forestburg Tuesday P.M. March 20. The two ladies made the trip together—Mrs. Landers is visiting with her sisters Mrs. Billie Poyner and her Mrs. Bess Orrell of Muenster—and also her Landers kin. Mrs. Carter is the guest of her sisters Mms. Alice and Esther Shears. Mrs. Carter and Mrs. Landers plan to return home the first part of April.

Miss Jennifer Barclay of Saint Jo visited her grandparents Mr. and Mrs. A.G. "Charlie" Barclay, from Sunday March 18 thru Wed. March 21. Jennifer's father, Billy Barclay, has taken a position with the city of Sanger. He started his new duties on Mon. March 19.

Mr. and Mrs. Ross Littell, of Stoney Point area, celebrated their 40th wedding anniversary March 23. Perryman says they

really good look to have 40 years of marriage on 'em.

Chatted with Mrs. Millicent Littell awhile Friday March 23. Millicent says she is 80 years young now and managed to keep her cattle fed and tended too this past winter. Now that was a big job anyway one looks at it—for the young or elderly.

Mrs. Merle Hudspeth and Mrs. Linda Hudspeth motored to Fort Worth Saturday a.m. March 24 to pick up Chad Hudspeth—who spent the weekend up here at the burg and at New Harp with Dale and Linda Hudspeth.

Mr. and Mrs. Price Truitt of Argyle and Maelord paid us Denhams a visit Saturday a.m. March 24. The Truitts own the old Levi Hogan place.

Mr. and Mrs. Johnny Brogdon and Karla of Miami, Texas visited her parents the Ted Jacksons and his parents the Barney Brogdons Sunday p.m. March 25. The Johnny Brogdons were on their way home after spending the weekend in Celeburne with Johnny sister and family—the Durwood Sledges.

Mr. Guy Gates of Torrance, Calif. returned home Wednesday March 21 after spending some time here visiting with relatives and friends.

Mr. and Mrs. Leonard McCarthy of Anadarko, Okla. visited Mrs. McCarthy's brother and family—Mr. and Mrs. Harold Prather on Sunday March 18.

Homer Jackson and son Leat of Bowie visited Homer's father Calvin Sunday March 18.

Sheree Iund, who attends college at Texas Tech in Lubbock, spent her spring break with her parents Mr. and Mrs. H.K. Iund. Sheree returned to Lubbock Sunday March 25.

Miss Donna Steadham, who teaches school and resides in Bellevue, spent the weekend of March 23 with her parents Mr. and Mrs. Donald Steadham and Charles.

Mrs. Jeanette Montgomery of Greenwood spent the day Sunday March 25 with her mother Mrs. Cler Lanier.

The following Forestburg folks celebrated birthdays this past week—Mrs. Mollie Howell on March 24, Mrs. Hazel Greenwood and Kelly Colwell on March 25.

Perryman Denham visited with his mother Mrs. Joe Denham of Bowie on Monday March 26.

Mrs. Pauling Grey of Cannon City, Colo. and Mrs. Mille Reynolds of Forestburg returned to the Burg Sunday p.m. March 25 after a trip to Houston where they visited their sister Mrs. Ina Ivery and Mr. and Mrs. Rex Reynolds and son. Rex is the son of Mrs. Ivery.

The Forestburg Home Demonstration Club met Monday night at 7 p.m. in the Community Center. Mrs. Marion Sockwell presided over the meeting also giving a program on Retirement Housing assisted by Mms. Cleo Lanier and Juanita Bailey. Then Mrs. Ruby Sledge gave a demonstration on pant making. Refreshment were furnished and served by Mms. Sockwell, Lanier and Bailey. Door prize was furnished by Veda Brogdon and won by Myrt Denham. Present were: Mm. Marion Sockwell, Juanita Bailey, Cleo Lanier, Ruby Sledge, Cleta and Betty Reynolds, Francis Brewer, Decie Ellzey, Merle Hudspeth and Myrt Denham.

As of the weekend of March 24 Mr. and Mrs. Bill Scott and family are now residing in their new house out on the Stoney Point road.

AUSTIN—Americans consume nearly nine pounds of peanuts yearly, the Texas Department of Agriculture reports, mainly in the form of peanut butter, salted peanuts, roasted in-shell nuts and confections.

SS Beneficiaries Urged to Report Change of Address

"If you receive a monthly social security or supplemental security income check and you move or change your mailing address, please call, write or visit your nearest social security office and give us your new address," advises Gus Jones, Manager of the Sherman Social Security Office.

"Even if you notify the Post Office of your change of address, or have your check sent directly to a bank, it is very important that social security be kept advised of your current address," Jones emphasized. The main reason is that if a check has to be returned as undeliverable it may cause suspension of benefits until the person can be located. This sometimes causes unexpected hardship for people who depend on their social security or SSI check as their main source of income. "Also", Jones continued, "social security often mails notices concerning changes in the law and other matters of interest to people receiving monthly checks. If your check goes directly into a bank account, social security still needs to know your correct mailing address to be able to send you notices which may affect your benefits."

The Sherman Social Security Office is located at 810 North Travis. The phone number is 665-0770. This is a direct line to the Sherman office. Office hours are from 9:00 a.m. to 4:45 p.m., Monday through Friday, except national holidays.

A representative may be contacted in Gainesville each Tuesday and Thursday from 9:30 a.m. to 12 noon and 12:45 p.m. to 2:00 p.m. at the Federal Building.

present position, he was a herdsman or manager of four dairy cattle herds across the country.

Leading off the afternoon session of each short course will be Bob Berry, managing partner of Cal-Clark Dairy in Hanford, California, who will take "A Dairyman's Look at Herd Management." Berry, a 1957 graduate of California Polytechnic Institute, has had experience as an artificial insemination technician. He has been a herdsman or manager of four dairy herds prior to joining Cal-Clark three years ago. Berry is president of the California Dairy Design and Management Corporation and is a member of the board of directors and treasurer of the California Holstein Association.

Closing out each short course will be W. N. Philpot, who will discuss "Milking Machine Management." Philpot is director of the Mastitis Research Lab at Louisiana State University and has authored more than 130 technical articles on mastitis control. He has been active in the National Mastitis Council and served as president in 1974. That same year he was a U.S. delegate to the International Dairy Congress in New Delhi, India. The next year, he headed the nation's delegation to a Mastitis Control Seminar in England. In 1976, Philpot was

guest lecturer at a series of dairy and veterinary conferences in New Zealand.

Tomaszewski says the short courses are designed to provide dairymen with current information that will help them manage their operations more efficiently. They are held in different locations to allow more dairymen to attend.

The dairy short courses are a part of the annual Texas Animal Agriculture Conference scheduled at Texas A&M, April 2-3, which also features short courses on beef cattle, horses and swine and special programs related to wildlife, range, pasture and forage production.

April 5 Deadline Set to Apply for Pageant Contest

Beta Kappa Chapter of ESA has announced that applications for contestants for the Miss Muenster Pageant will be accepted until April 5. Girls interested in competing for the honor of representing Muenster at the Germanfest and at later civic functions, are asked to contact Lupe Evans before April 5. They will be notified about preliminary meetings in preparation for the Pageant which is scheduled for the eve of Germanfest, Thursday, April 26 in the Muenster High School Auditorium at 8 p.m.

BIRTHS

Mr. and Mrs. Don Hess announce the birth of a daughter in Muenster Memorial Hospital on Wednesday, March 28 at 3:30 a.m. weighing 7 lb. 4 1/2 oz. Her grandparents are Mrs. Arnold Hess of Muenster and Mr. and Mrs. Holley Clay of Dallas. The infant is a new baby sister for Arnie, Barry, Donnetta and Toby.

Mr. and Mrs. Mark Pels are parents of their first child, a son, Brian Keith, born at 5:58 a.m. on Wednesday, March 28 in Muenster Memorial Hospital, weighing 7 lb. 3 oz. The grandparents are Mr. and Mrs. C. M. Muller of Gainesville and Mr. and Mrs. Jerry Pels of Pilot Point. The great-grandparents are Jewel Boggs of Gainesville and Angus Speeg of Pilot Point. Mrs. Mark Pels is the former Vickie Muller.

Rape Prevention Program Booked for MHS Students

Attendance was disappointing Monday night at the rape prevention program presented in the Muenster High auditorium by Sandy Dittfurth and another member of the Sherman Police Department.

The poor response was very unfortunate, according to Principal Alford Winn, who said that the film is excellent and its information is beneficial to everyone regardless of age, from pre-school to the nineties, boys and girls.

Because of its importance in helping avoid the crime of rape, arrangements have been made for three showings of the film to students on Monday April 9. Parents and any other interested persons are encouraged to join the students at any of the programs. Times scheduled are 8 to 10 for juniors and seniors, 10 to 12 for freshmen and sophomores and 12:30 to 2:30 for junior high. Showing for the lower grades is not scheduled but their parents are specially encouraged to come.

This Wells Fargo Stagecoach reproduction is just one of the many interesting props viewers will enjoy when Meredith Wilson's "Music Man" is presented by the Sacred Heart Thespian Troupe in the Community Center on Friday, March 30 and Sunday, April 1 at 8 p.m. The undercarriage of the stagecoach comes from the Julian Walterscheid farm, and the body was built by Jesse Walterscheid and Mike Bayer with the help of Bert Hesse. Joe Bartush as Mr. Hill and Janelle Hellman as Marian Paroo, carry the leads. --Staff photo

MHS Golfers Lose In Nocona Meet

Golfers of Muenster High School lost two of three matches in a 9 hole meet with Nocona students Monday afternoon at Nocona Hills Country Club.

A trio of MHS girls had the better of two poor scores in beating the Indian gals 174 to 189. Individual scores were Julia Bright 53, Robin Walterscheid 54, Carla Walterscheid 67.

The four member Hornet first stringers made the game interesting with a slim loss of 177 to 186 as individual scores were Phil Wolf 42, Bob Hamric 45, Todd Richey 46, and Dale Swirczynski 53.

Hornet second stringers Stephen Luke, Vance Wells, Glenn Fisher and Tim Schneider went down for a count of 199 to 231.

The boys team will be back to Nocona Hills Friday and Saturday for an invitational meet and will compete in the 14-A district tournament at Van Alstyne next Monday.

Date and place for the district girls' golf have not been announced.

Correction

In a story about the Muenster Public Library in last week's Enterprise, giving the total of books added this year, it was incorrectly stated that 555 books were on loan from the North East Texas Library System. However, the books are not on loan; they are part of the permanent book inventory of Muenster Public Library. The Enterprise regrets the error.

Correction

Mary O'Dowd is a member of the Southwood High School Silver Spurs of Shreveport, Louisiana, National winners of the Miss Drill Team, USA Pageant, and is the daughter of Mr. and Mrs. John O'Dowd of Shreveport. Mrs. John O'Dowd is the former Genie Walter, former resident of Muenster and daughter of the late Mr. and Mrs. John Walter. Her name was incorrectly stated in a story last week. The Enterprise regrets the error.

Nurses Attend Wichita Seminar

Mrs. Joan Walterscheid R.N., Director of Nurses at Muenster Memorial Hospital, Mrs. Judy Flusche R.N., Infection Control Nurse, Mrs. Margie Krahl, Supervisor of Housekeeping and Mrs. Lorena Taylor, Central Supply Supervisor, attended a one-day seminar in Wichita Falls on Thursday, March 22.

The seminar on disinfectants, hand washing and housekeeping in a Medical Facility, was held in the Trade Winds Motel. The program was presented by Vestal Laboratories and the Texoma Infection Control Practitioners.

gun control laws have the most gun-related crime. The way to deal with the crime, he says, is to enforce the laws we have, not to take away good people's guns.

A point he overlooked is the very obvious fact that when guns are outlawed, only outlaws will have guns.
