Germanfest is Here

Congressman Charles Stenholm recently stated that federal paperwork is a burden to the country and that one of his principal objectives while in office is to work toward relieving the exasperating situation. Considering that Senators Tower and Bentsen have aired similar sentiments on the subject, it is pleasing to note that our area is well represented on the issue.

If the three of them will work on the project, to get it introduced in congress and seek all possible support for passage, we feel that they have a good chance to get the legislation approved. The first reason is that the idea makes sense and deserves consideration on its own merit. And the second reason is that sufficient effort can get the subject snowballed... to the extent that smart politicians will require the lawmakers to favor the taxpayers rather than the bureaucrats who are the only real beneficiaries of federal over-regulations.

Stenholm observes that federal paperwork generates almost seven billion cubic feet of paper annually and contributes to an economic burden of more than \$40 billion a year. "This massive wasted effort stifles innovation, inhibits productivity and accelerates inflation." Incidentally that estimated cost is considerably more than the expected budget deficit of the year. By eliminating this one burden the lawmakers could take a giant step toward curbing inflation and gradually restoring the value that has been stolen from the nation's savings. And, of course, it would have the bonus benefit of relieving millions of people of the unnecessary job of filling out the bureaucratic forms.

The only trouble with Stenholm's idea is that it isn't realistic. As much as we hate the long forms, many of them filled out in quintuplicate, we have to admit that we the public raised them to their current status of a necessary evil. As Paul Harvey says, when free people fail to discipline themselves they invite the government to impose regulations. Or, as Stenholm puts it, "this information glut is a reflection of a society that is beginning to mistrust itself. The regulations we have to live with became necessary when people tried to cheat their government or their neighbors. Ironically, the cheaters themselves, scheming for the unjustified income, have had occasion to learn that their self created penalty offsets the ill gotten penalty they were trying for."

Stenholm names examples of regulations that have been imposed because too many people were failing to regulate themselves. The Occupational Safety and Health Administration was set up to establish health and safety guidelines because industry had ignored the safety and health of its workers. The Equal Employment Opportunity Commission similarly imposed hiring and firing rules because employers had not been impartial in assigning jobs. Likewise, the Environmental Protection Agency was established to reduce pollution because contaminants had been dumped into air and water.

In each of those cases, the paperwork really should not have been begun. If the offenders had been more cooperative...

Final preparations for Germanfest got under way Monday with erection of the big tent on the tennis courts of Muenster City Park, and concessions people promptly got busy at setting up their booths.

The big show will be kicked

off Friday with a parade beginning at 3:30 on Main Street and ending with a ribbon cutting ceremony at 4 p.m. at the park entrance for official opening of festivities.

Participants will be Germanfest committeemen and Miss Muenster, who will be

named Thursday night, along with other candidates of the Miss Muenster pageant. Also included will be vehicles with music and PA equipment, the Anheuser Bush hospitality coach and any other vehicles appropriate for the occasion. Alvin Fuhrman is the Ger-

manfest chairman and Johnny Fisher and Jane Monday are co-chairmen. They represent the Muenster Chamber of Commerce, the sponsoring organization.

For the second consecutive year the big festival is being held in the city park, which proved last year to be a pleasant location with ample space. The only misgiving concerns the weather. Heavy rain could bring on a serious mud problem at the festival area except on the limited space covered by gravel or pavement.

Also it could eliminate all parking near the Germanfest. In that case people will be advised to leave cars up-town and a shuttle bus route will be set up to carry people to and from the park. If weather is dry, parking space will be available on vacant lots of the area. However, parking will not be allowed beside Cross and Maple Streets, which are official highway detours while the overpass replacement project is in progress.

The center of activity will be the big 60x120 foot tent, which includes most of the concessions. Nearby is the Jaycee pavilion, which will be headquarters for entertainment, and a number of other concessions, especially the beer stand, food stands and kiddies' amusement facilities, including a mini train.

Among attractions scheduled for the pavilion is a succession of musical programs by a number of bands and vocal groups along with dance acts and various contests.

New for the beer concession this year is a specially built refrigerated truck with kegs inside attached to 32 outside spigots, each identified by the brand of beer it dispenses. A counter extending the length of the van is set up at each side and bartenders serve in the area between the van and the counter. Also new in the beer department are Germanfest souvenir cups, in 20 ounce size.

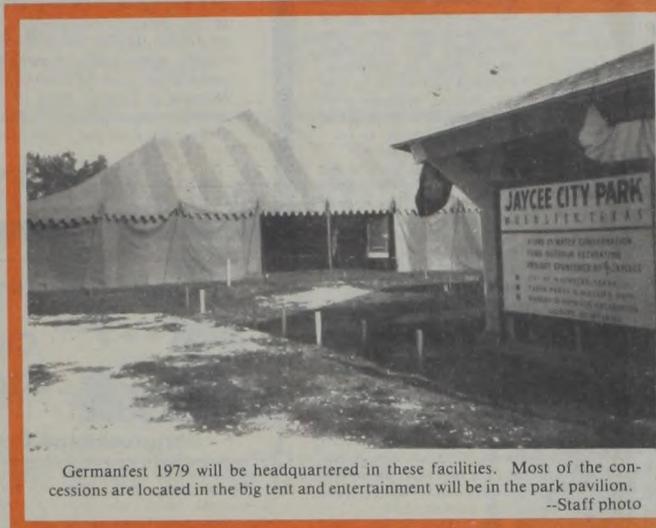

As before, foods will be available in variety and abundance. Along with sausage, at several places and in big supply, there will be fried chicken, barbecue, hamburgers, hot dogs and a wide selection of baked goods. Soft drinks also will be available in a number of places, and so will be a variety of souvenirs.

The big feature of the festival is the Fourth Annual German Fun Run sponsored by Muenster KCs and directed by Dan Hamric and Ronnie Hess. As many as 2000 entries are expected if the weather cooperates. It's a 15 kilometer race, 9.3 miles, starting at 2

p.m. Saturday. Also featured are three dances. A free street dance with music by Hay Fever will be held in the park Friday night 8 to 12. And there will be two dances Saturday night from 9 to 1. Cherry Rhone will play at the VFW Hall and the Polka Patriots of Ennis will play at the Community Center.

Still another feature is an art show and exhibit of works by SHS Art students, grades one through twelve, in the SH High School Hallways, Sunday, 1 p.m. to 5 p.m. for viewing by the public.

And there will be horse- (Continued on Page 12)

Fun Run Expected To Set New Record

With the starting whistle for the fourth annual German Fun Run only a few days away, the indication is that it

will set a new record of participation. At the past week-end more than 600 runners had registered and the figure is expected to increase to more than 1000 by Friday night, in the opinion of Dan Hamric and Ronnie Hess, who are in charge of the show.

Both still have high hopes of reaching the 2000 mark in spite of a couple of discouraging factors, such as a conflict of date with a fun run in Dallas and being wary of the weather after more than average rainfall in recent weeks. Experience has shown that sign ups lag when prospective runners are more conscious of possibly being rained out. In the end the real determining factor will be the weather on Saturday, the day of the race. If it dawns clear and bright the runners are expected to come in droves as they did before. However, a gloomy day will dampen enthusiasm.

Unless the weather causes trouble, Ham and Rumpy are confident of setting a new record. They base their guess (Continued on Page 12)

DST Will Arrive Sunday

Clock changing time is here again. Sunday morning the nation will officially return to Daylight Saving Time which will be an hour ahead of sun time and our present time. According to the clocks daylight will arrive an hour later but will also remain an hour longer in the evening.

People are reminded to set their clock ahead an hour some time during the night Saturday. If they fail to make the change they may find themselves an hour late for church services Sunday morning.

The year now is divided evenly into DS and Standard time. Next time to change clocks will be the last Sunday of October, when the setting will be back an hour to agree with the sun again.

Buffet Honors Pageant Entries

Fifteen Miss Muenster contestants were feted at a buffet salad supper Sunday at 5:30 p.m. in the home of Mr. and Mrs. Ray Wilde.

As they arrived, they were video-taped on TV by Mr. Wilde to simulate recording

Myra Judged as Top Community

Myra was rated Number 1 last week in district judging of the state-wide Community Improvement program. The distinction brings an award of \$100 plus eligibility to advance to the regional level of competition.

Five other communities were candidates for the honor. Three of them, Ross Point, Hood and Era, are in Cooke County. Cottonwood is in Kaufman County and Friendship in Johnson County. Judging at Myra was done 10 to 12 a.m. on April 17 and the good news was received at 5:15 on the 19th. Judging in the regional is dated May 23.

Leon Fuhrmann, one of the leaders in Myra's effort, said that a big factor in Myra's rating was organization of the community fire department and building the fire station. The project involved hard work and cooperation to raise funds, plus more of the same in work on the truck and building. Involvement in other endeavors and cooperation with other communities also received favorable consideration.

procedures, since at all rehearsals the contestants are taped as a means for them to see themselves and work on needed improvements.

At the party in the Wilde home a buffet held an assortment of salads prepared by Beta Kappa members, hosts for the event. The attractive table centerpiece, arranged by Louise Fisher, was a silver tray of macaroni tarts filled with strawberries and fruit. Contestants were seated at three tables decorated with silk flowers in the Spring theme. The elegant guest tables and serving table were appointed with china and crystal. The salad supper was held to honor the girls, give them a dress-up party, teach etiquette and help to develop poise and self-confidence.

At this time they met the judges of the pageant and talked with them. Judges were seated at tables with the girls during the first course, changing tables for the dessert course and once more, later in the evening, to afford judges the opportunity to meet each girl.

After the party, the girls changed to casual wear for practice in the MHS Auditorium. The sponsoring organization is very pleased with the talent show to be presented during the Pageant and considers that one of the high points of the evening. Area residents and visitors are urged to attend the pageant Thursday evening to enjoy and become aware of local talent.

Between-act entertainment includes the Cooke County College Pop Singers, a select group. Also a dance number by Lisa Shankles and Penny Scalf of Gainesville, the dance choreographed by Ken Prescott of Dallas.

Gina Hofbauer, of Muenster, reigning Texas Ideal Miss, will sing and dance to "Toot, Toot, Tootsie", the number which won for her the State Title and placed her in the Top Ten in World Finals. Gina Hofbauer and Shelley Rae Walterscheid will perform a Disco Dance to "Shake Your Groove Thing." Janet Danglimayr will dance to "Heaven Knows." Wanda Schneider and Dea Swirczynski will present a Mime, "Send in the Clowns."

J. J. Dowd will perform "Playmates" a song and tap dance act, singing to Christin Cain. J. J. will join her sister, Gina in "Medley." J. J. Dowd was Texas runner-up in last year's Our Little Miss, La Petite contest.

The Miss Muenster Pageant is sponsored by Beta Kappa. It will have two beneficiaries, the Love Fund in Muenster (Continued on Page 12)

Fish Coming May 1

People who ordered fish through the SCS office in Muenster, will be able to pick up their fish next Tuesday, May 1, at 9:30 a.m. at Muenster Livestock Auction. Fish will be available only to persons who placed the advance order.

Overpass Reduced to Rubble

Demolition work on the Muenster overpass has been in high gear since Monday when two crane operators of Orval Hall Excavating, with their 8000 pound wrecking balls, started smashing the road surface. By Wednesday night all 21 spans of the 690 foot structure had been reduced to tangled steel and concrete, waiting to be hauled away. Most of the supporting piers still remained standing.

All but one of the spans had been battered down in the first two days. It remained over Maple Street, which is serving as the detour while

work is in progress. Preparing to remove the last span, the area west of it was cleared of debris and the surface was shaped to serve as the road. Then the pavement was covered with some four feet of dirt for cushioning while the last span was knocked down. Finally rubble and dirt were cleared away and traffic was routed back to the original detour.

Though the bridge removal project appears to be far advanced, it is still far from finished. Tom Carey, superintendent, estimates that two more weeks will be needed to

clear the site if weather remains favorable.

The remaining job involves digging up and hauling away the approach to the overpass and removing the rubble. The approach, slightly more than a block long starts at the Elm Creek bridge and rises to about 20 feet at the overpass. Dirt to cover the road surface while removing the last span was taken from there.

Removing the rubble requires preliminary work. Big chunks of concrete are further smashed to required size and salvage steel is removed with cutting torches.

Going, Going, Gone! The Muenster overpass, shown here giving in to the impact of an 8000 pound wrecking ball, was demolished in less than three days. Wednesday night most of the supporting piers were still standing but the spans between were reduced to piles of chunk concrete and twisted reinforcing steel. --Photo by Art's Photos

Fifteen girls will vie for the honor of reigning over Germanfest and representing Muenster at various events next year. The winner will be named at the Miss Muenster Pageant Thursday evening. Contestants, left to right, front row, are Sherri Wolf, Tami Fanning, Rene Selzer, Peggy Sue Winn, Terrye Flusche, Laurie

Walterscheid, Julia Bright, Christi Felderhoff and Rhonda Endres. Back row, Charlotte Fleitman, Judy Walterscheid, Donna Hennigan, Barbara Gonzalves, Cathy Flusche and Jo Ann Gibson.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
 TEXAS PRESS ASSOCIATION

AUSTIN — Gov. Bill Clements, sticking to his unpredictable ways, said this week he will veto any measures passed by the Legislature designed to raise interest rates on home mortgages.

Piling one surprise on top of another, Clements didn't just say he would but actually did veto a bill that would have let truckers set their own rates before bringing them to the Railroad Commission for approval.

Clements described the trucking legislation as "bad public policy," and said the bill could have exempted the trucking industry from state antitrust laws.

The governor saved his heaviest criticism for legislation that would have raised the home loan interest rate allowed by law from 10 to 12 percent. Clements said it took a certain amount of "audacity" on the part of the savings and loan industry "to come to the Legislature asking for more money" when S&L institutions are already reporting record-high profits.

Sen. Bill Meier, the sponsor of legislation to raise the home loan interest ceiling, predicted a recession because of Clements' move "and more probably a depression in the Texas housing industry."

But Clements said he had heard no convincing arguments to raise interest rates "when the average Texan is fighting just to keep his head above water financially."

Spokesmen for the savings and loan industry said first-time home buyers and sellers of used homes would find fewer mortgages on the market and higher down payments on those mortgages that were available.

Clements said he would consider calling a special session if there is a serious housing slump.

Consumer groups warned to beware of a "backdoor" strategy that might be used to, in effect, get the interest rates increased by reducing the penalties for charging more than the 10 percent now allowed by the law. A bill reducing penalties for savings and loan institutions that charge more than the legal limit has already passed the House.

Meier, who last week managed to pass legislation that will weaken the Consumer Protection Act, said

Clements' announcement of a veto means his legislation is "dead."

A veto can be overridden by a two-thirds vote but it hasn't been done since 1941 and up until that time, the Legislature has seen fit to overturn only 25 gubernatorial vetoes.

Teacher Pay Raises

Now that legislators know how Clements feels about interest rates, they can get on to other more pressing matters such as teacher pay raises. The governor has kept no one in the dark about how he feels on this subject.

From the outset, Clements made clear that he favored only a 5.1 percent pay boost for all state employees, including teachers.

This week, seven of the state's largest school districts sent representatives to an half-hour meeting with the governor, and Linus Wright, Dallas school superintendent, said Clements made clear "he was not going to change his position" on teacher pay raises.

All of the superintendents said the governor's proposal of a 5.1 percent increase was unacceptable. "That is not going to be sufficient to meet the needs of our teachers," Austin superintendent Jack Davidson told reporters after meeting with the governor.

The superintendents said local school districts will have to come up with the money for bigger teacher pay raises if the Legislature goes ahead with Clements' plan to boost salaries by only 5.1 percent. Wright, Davidson and other superintendents felt a 7 percent pay hike was justified.

School officials said Clements wasn't all that receptive to their pleas for teachers to be treated differently than other state employees. But the superintendents found the governor "very receptive" to the suggestion that large metropolitan districts like Dallas and Houston be treated differently.

Most of the larger school districts have already put into effect some of the changes Clements called for during his gubernatorial campaign last year, such as competency testing for students.

The governor also assured the superintendents that they will have a voice in school matters through Clements' education task force.

Short Snorts

The government has hoisted the warning flags again, telling American motorists there may not be enough gas to run their cars on by the time summer rolls around. Despite the warnings, consumption is up by four percent over this time last year.

One demand that Gov. Clements has been making

this session is that legislators vote into law some kind of proposal that would give the voters initiative and referendum rights. Such legislation, for all practical purposes, has been beached in both houses, but Clements has threatened a special session if no such bills reach his desk.

Lt. Gov. Bill Hobby and Speaker of the House Bill Clayton seem to have come up with a proposal that will pacify the governor—indirect initiative powers. Under such a plan, voters would be able to present laws to the Legislature and have them considered like any other major piece of legislation. Clements said he would support indirect initiative powers as long as voter-proposed laws have to come up for a vote in the Legislature.

Bingo was a loser in the House of Representatives this week. Sen. Babe Schwartz of Galveston got his bill legalizing the game through the Senate but his legislation fell 16 votes short of the required 100 votes for a constitutional amendment to pass the House. Lawmakers also failed to approve legislation banning corporate and personal income taxes.

While the federal government was telling us to drive less and save gasoline, legislators were getting their tanks filled up with "gasohol," a fuel made by mixing gasoline and alcohol made from farm products.

Rep. Dan Kubiak, the prime mover behind "gasohol" in this state, said it could serve as "one of the immediate answers to our fuel crisis."

"Gasohol" is made from 90 percent gasoline and 10 percent alcohol and backers of the fuel claim it can be burned in most cars without any expensive alterations. The idea of "gasohol" is 70 years old. Kubiak pointed out, and 11 states already have it available. Cars burning "gasohol" supposedly have less engine wear and produce fewer pollutants.

Loyalty Day Proclamation

WHEREAS The progress, tranquility and worthy influence of our city depends in large measure upon the determination of its citizens to create and to maintain vigorously the loyalty practice of true American ideals, and ...

WHEREAS It behooves us to periodically take stock of our achievements in such matters and to strengthen our stand against any influence either foreign or domestic, which might threaten to disturb our preferred way of life, and ...

WHEREAS There is in our nation evidence of some subverting forces endeavoring to undermine and destroy American unity, now ...

THEREFORE I, Leonard Endres, Mayor of the City of Muenster, do hereby concur with our national and state leaders in praising the concept of LOYALTY DAY, celebrated on the first day of May; and in further support of that special occasion I do urge every citizen, school, church organization, business establishment and home within my official jurisdiction to display the flag of our country proudly and to participate in public demonstration and ceremonies sponsored by the Veterans of Foreign Wars of the United States, and others, on LOYALTY DAY, May the first, nineteen hundred and seventy nine.

Congressional Comment

Washington, D.C.—Old bureaucrats never die and never fade away. Government agencies remain in existence well after they have ceased to become effective. 75% of the current Federal budget is beyond immediate Congressional control. 800 of more than 1,200 spending programs are permanent and never come under any regular Congressional review. Many of these programs do not serve a meaningful function but perpetuate themselves in order to provide job security for administrators of these non-essential agencies.

Many obsolescent government bureaucracies often require substantial increases in funding each fiscal year. In the past several years this Country has tried to solve its difficult social problems by spending a little more money. When these programs do not work the answer has mistakenly been to pour in more money. The food stamp program cost \$500 million in 1964, but in 1979 the bill is \$7 billion. The Comprehensive Employment and Training Act (CETA) was originally funded at \$1.4 billion in 1970; in 1980 it will cost over \$10 billion. One of the largest white elephants ever conceived — (OSHA) — cost the taxpayers \$35.8 million in 1972, but in 1980 we will spend \$179.5 million to perpetuate the existence of this inefficient agency. Even this figure is deceiving because of the large amount of compliance and paperwork costs necessary to conform to their regulations.

We are becoming prisoners of our own law making authority and delegating our legislative and spending powers to unelected bureaucrats who are not responsive to public demands. This lack of legislative initiative has caused us to ascribe our own failures to the operations of forces which are entirely beyond our control and wider in range than the compass of Congressional action. Inflation, budgetary deficits, and trade deficits have become entrenched in our economy. Our present "austere" federal budget is \$30 billion in the red. It was good news to hear we only had a \$1.3 billion trade deficit in February. Clearly it is time for a reevaluation of our legislative goals.

I believe one of the best ways to come to grips with this problem is by terminating almost all federal programs after a ten year period if they are not reauthorized by Congress. This would allow the legislative branch greater control over the 800 programs that now have permanent authorization. I have introduced legislation that incorporates this "sunset" approach. This is a logical way to phase out these programs which have served their purpose or have proved to be unsuccessful. I believe that we must take positive action to initiate a workable agenda to pinpoint programs that are not working and make more room for those that are effective. It is time for the sun to set on much of our Federal bureaucracy.

Wunderbar! (Wonderfull)

Jennie Schilling Reigned at 1901 Fest

Jennie Schilling is Muenster's sole surviving former Queen of the Schützenfest, fore-runner of Muenster's Germanfest. At age 18 she reigned for three days over the 1901 community celebration as Jennie Sieger.

Her selection came as a complete surprise to her. At the time she was working in Gainesville at the Jake Schiff Store. It was an afternoon in

early May when the store owner told her a phone call instructed him to tell her to rush, dress up, catch the 4 p.m. train to Muenster. Arriving at the old Depot, she was met by the Muenster Brass Band, told the good news and accompanied to the picnic area to be crowned Queen of the Schützenfest.

She was chosen by her fiance, Joe Noggler, King of the Schützenfest who won his crown at an earlier event, when his accurate shot filled the carved wooden eagle, long associated with Schützenfest celebrations.

Jennie said: "There were games for entertainment. There was dancing all afternoon and evening to music by the Band. And the food was great-all German standards, nothing fancy. In later years I helped cook the same foods for other celebrants. And, believe me, they celebrated ... three days worth."

When asked "How many attended?" she said "everybody in Muenster and almost every one in Lindsay. It was a great party for homefolks. The days were good, the food was good and, it's still fun to just remember." Jennie was telling this story Tuesday, with delight.

And then Jennie began showing pictures and keepsakes. There was the picture of the Schützenfest King and Queen and then their wedding picture. Joe Noggler and Jennie Sieger were married on November 22, 1902. In keeping with the style those days, her dress was burgundy silk, her veil was white, and there was a spray of lily of the valley.

that swept the country during World War I. Many years later she married John Schilling. They were parents of one daughter, Anna Marie (Mrs. Anton Fleitman.) Jennie said "I have lots of grandchildren and great-grandchildren" (proudly showing pictures). At age 96, she has been a resident of St. Richard's Villa for eight years. She keeps busy sewing, her mind is alert, her sense of humor is delicious, her eyesight is good, but sometimes she gets frustrated threading a needle and must "try later."

About her treadle sewing machine and her sewing, she mentioned making thousands of lap robes and lap covers for patients. By actual count, she said, over 4,000 in 8 years. Fabrics are given her by friends, many of the finished robes are given by others as gifts; many are sent overseas, many to other rest homes. She charges nothing, but will accept a nominal amount to help defray shipping expenses.

Monday of this week she had some teeth pulled. She made a grudging concession to her 96 years the next day by admitting to being slightly aware of it, saying ... "it did not keep me from talking so much". And immediately she turned again to her treadle sewing machine.

MAKE LUNCH FROM SCRATCH

Be a winner!

It's easy. There's nothing to buy, nothing to write, nothing to mail. All you have to do is scratch.

It's the Meal Ticket Game. A great Event Program now at the Dairy Inn. And you can play every day.

Just get your card from the cashier and scratch. If 1, 2 or 3 hearts appear you're a winner! Here's what!

- For 1 heart: medium drink or small sundae.
- For 2 hearts: banana split or hamburger.
- For 3 hearts: hamburger, fries & medium drink, or a meal from our salad bar.

2nd Chance

If you scratched and no hearts appeared, don't despair. You've got a second chance to win, in the Second Chance Game.

Sign your "losing" Meal Ticket Game cards and drop them in the box. You'll be surprised at what you can win.

Drawings at the end of each week.

Public School**

Seniors
The Senior Class of Muenster Public School held a class meeting Tuesday night at the home of David Felderhoff. They discussed "Teacher Talk", which will be announced at the prom, May 19.

Juniors
The Junior Class has always been responsible for preparing the Seniors' favorite "possession, sayings, remember whens, and class prophecy." They have had three meetings for this purpose. Their last meeting was held at Renee' Wilde's house, Monday, April 23.

Band
The Muenster Hornet band will attend the Sandy Lake Amusement Park, Pop Festival. They will play several selections from rock or 'pop tunes.'

Sophomores
The Sophomore class is sponsoring a parking lot for Germanfest. It will be located on the Ben Luke land.

1st and 2nd Grade
On Friday, April 20, first and second grade students visited the Cooke County College Planetarium. Mr. Dale Alsop of the Science Department presented a very educational and enjoyable program. They then went to tour the Gainesville Fire Station. From there the group went to Leonard Park for lunch. Visiting the zoo and playing in the park filled the afternoon. Teachers and children were accompanied by Vickie Boaz, Debbie Trachta, Anne Perkins, Kathy Vogel, Pat Wimmer, Rita Russell, Sharon Walterscheid, Jean Park, Gladys Harrison, and Pat Walterscheid.

Mr. and Mrs. Richard Arend of Gainesville have announced the engagement and approaching marriage of their daughter, Barbara Susan to Glen Joseph Beyers son of Mr. and Mrs. Frank Beyer of Lindsay. Father Cletus Post will officiate in St. Peter's Church of Lindsay on June 16, at 5 p.m. The bride-elect is a graduate of Lindsay High School, attends Cooke County College and plans to attend Texas Women's University. The future-groom, also a graduate of Lindsay High School, attends CCC and plans to attend North Texas State University. He is employed at Southland Paint Company. The couple plans to reside in Gainesville.

**Project Handclasp
Supported by CDA**

At their regular April meeting, members of the local Catholic Daughters of America voted to pledge the designated amount to "Project Handclasp", Sewing Machine fund. This is a people-to-people program extending the hand of friendship overseas. It was established for the purpose of purchasing new and used treadle type sewing machines as well as associated sewing materials and supplies. One of the most important aspects of any people-to-people program is to help the recipients help themselves. The treadle type machine may be sent to the remotest village and it will operate practically trouble free for years. Catholic Daughters of Texas are conducting a statewide drive to purchase a minimum of 30 such machines.

Court members also voted to join "Morality in Media" (MM). This is a non-profit, non-sectarian organization working to help stop traffic in pornography and indecency in Media, and to work for a Media based on Love, Truth and Good Taste. The organization was formed in 1962 by three clergymen and has gained nationwide recognition. Today, policy is formed by a board of directors made up of top-level leaders in business, labor, the professions and the arts. It has launched an intensive Five Year Plan to "Turn the Tide" against pornography and offensive Media.

Richard Schoech's Anniversary
A tenth anniversary party honored Dr. and Mrs. Richard Schoech of Arlington recently, in the home of Mr. and Mrs. Glen Schoech in Irving. Attending the dinner party were Mr. and Mrs. Andy Schoech of Muenster, Marjorie and Peter Wall of Dallas, Carolyn and James Cooley and daughter, Krista of Irving. The special anniversary cake was baked and presented by Mrs. Cooley. Mr. and Mrs. Schoech spent the weekend with family members.

SNAP Birthday Honorees
Birthday honorees at the April SNAP noon luncheon were Mrs. Ray Hudson (Eulice) of Myra, Mrs. Oscar Walter (Agnes) and Mrs. Al Horn (Gertie) both of Muenster. A decorated birthday cake was sent by the Sherman office and was served with coffee. Table games followed during the afternoon.

**MHS Eliminated
In Girls Regional
Golf and Tennis**

Muenster High qualifiers in girls golf and tennis were eliminated in regional competition at Stephenville last week. The golfers were 9th in a field of 16 teams with a score of 977 by four players on 36 holes. In tennis the singles entry, Barbie Wimmer, beat Hico 6-2, 6-4 then lost to Hubbard 6-1, 6-4. The doubles team, Brenda Wimmer and Karen Walterscheid lost their opening match 6-0, 6-4 to Wolfe City.

The golf team, including Robin Walterscheid, Jill Walterscheid, Carla Walterscheid and Julia Bright, missed their opportunity for a practice round and played their first round on unfamiliar ground. However they improved their second day beating their first effort by 41 points.

Individual scores were Robin Walterscheid 131 and 119; Jill Walterscheid 118 and 120; Carla Walterscheid 141 and 117; Julia Weinzapfel 119 and 112.

Team scores in the contest were San Saba 786, Big Lake 804, Archer City 884, Junction 915, Hamilton 925, Nocona 937, Pottsboro 969, Ranger 972, Muenster 977.

Muenster High boys are at Stephenville this week Wednesday and Thursday for their turn at regional golf and tennis. Jim Biffle is the single entry, Todd Richey and Phil Wolf are the doubles entries in tennis. Glen Fisher, Steve Luke, Bob Hamric, Dale Swirczynski and Vance Wells are the golf entries. Regulation permits the five to play and the best four scores are combined for the team score. They play 36 holes in the two days.

**I'M CONVINCED...
THIS IS REALLY GREAT
WALL PAINT.**

It looks great when you put it on, and it stays that way. The colors match, and they don't fade or yellow. I've scrubbed it with scouring powder, and the paint stays put, while all the dirt marks I added came off.

If you want your next wall painting project to be fast and easy, look great, and stay that way... try Satin-Tone, by Colony Paints.

... you'll like the difference!

Douglas and Gayle Wilde are now living in Floresville, Texas, since selling their home at Woodlake. They are building a new home in Bent Wood. Douglas is the son of Margaret Bergman Horton, formerly of Muenster.

Gene and Margaret Horton had as their weekend guest, Benny Howard of Bay Port, Michigan.

The Hortons received word from their daughters, Wanda and Sheila Brochu of Westbrook, Maine, that the earthquake shook their homes, but did no damage to their property.

The upper picture taken in 1930 shows, right to left the Muenster State Bank, A.C. Stelzer Meat Market, Louie Bernauer Cafe, Myrick Clinic and Drug, Farmer's Union Store, Cheese Plant and Hubert Wilde Garage. Present buildings are the Bank, Ben Franklin Store, Myrick Building and Library, vacant Lot and mural on AMPI wall, and, across the highway, the AMPI warehouse.

Schedule of Meetings

Young Homemakers
Young Homemakers of Texas, Wednesday, May 2 in the Home Ec Department, MHS. Program on Interior Decorating by Dainah Gregory of Newland Furniture.

Weather's Fine

Weather starting this week has been right for Germanfest and the community has hopes that the good luck will hold out through Sunday. Rains that persisted for weeks have tapered down to only .11 inch during the past week, according to Steve Mosler's record. Total rainfall to now is 3.42 for April and 17.76 for the year up to date.

Temperature likewise has been pleasant. Lows and highs of the week were recorded as follows by Mosler. April 19, 63 and 76; 20th, 64 and 76; 21st, 60 and 70; 22nd, 57 and 76; 23rd, 56 and 78; 24th, 57 and 84; 25th, 63 and 86.

Bar Association Invites Seniors To Law Day Event

Seniors of all the Cooke County high schools, as well as any other interested persons, are invited to join the Cooke County Bar Association three days of next week in a special observance of Law Day, which falls on May 1.

Meetings in the District Courtroom are scheduled for four separate times to avoid crowding in the limited space.

Hours are specified as follows. Tuesday, May 1, 9:30; Sacred Heart and Valley View. May 1, 1:30; Lindsay. Wednesday, May 2, 9:30; Gainesville. Thursday, May 3, 9:30; Muenster, Callisburg, Era.

Topics include "Do you feel that your rights are Disappearing?" "Is there a change in the way the laws affect you?" "Are you aware that the law is constantly changing and affecting your rights?"

Brandon's Birthday

Brandon Bruns celebrated his second birthday Sunday, April 22, when his parents, Mr. and Mrs. Bob Bruns entertained with a noon dinner in their home in Garland. Guests were the grandparents, Mr. and Mrs. Earle Otto and Mr. and Mrs. L.B. Bruns and the great-grandmother, Mrs. Rosalie Hoffman all of Muenster; also Beverly Bruns of Lake Worth and Theo Miller of Muenster. The decorated birthday cake, made by Brandon's mother carried out the Sesame Street theme.

We Goofed

We're sorry for failing to give credit where it was due in last week's issue of the Enterprise. Art's Studio provided the very excellent picture of the overpass which appeared on the front page.

Collection Set for St. Jude Hospital

Members of Beta Kappa Chapter of ESA will accept donations for the benefit of St. Jude's Hospital in a church door collection after all Masses Saturday, April 28 and Sunday April 29. The hospital, in Memphis, Tennessee, founded in 1962 by Danny Thomas, is world renowned for research and treatment of children's cancer and other catastrophic diseases. It is supported solely by funds from volunteer contributions. The Texas membership of ESA, always a generous contributor, is appealing for cooperation in the drive to raise funds for the St. Jude Hospital.

Electric Co-op Meeting Reports Continued Growth

A continued increase of both kilowatt sales and the number of consumer members for 1978 was reported by General Manager Mike Sloan at the annual meeting of Cooke County Electric Co-operative Monday night in the Muenster Public School auditorium.

He outlined some of the problems that the co-op is facing, especially inflation. "As a result of the energy situation and inflation" he said, "your cooperative must deal with problems that are perhaps among the most difficult of any we have ever had to deal with. Like you, we are spending more for less materials, and in the case of line extensions and line improvements, we are spending more to build them and are receiving less kilowatt hour sales from them than we have in past years."

Sloan outlined the action being taken by the Brazos to meet future energy needs, which includes a lignite coal fired generating plant expected to be operational late in 1980. Also, in 1981, Brazos is expecting to receive a small part of the output of the Comanche Peak nuclear plant being built by Texas Utilities near Glen Rose.

Mr. Sloan concluded his comments by thanking the co-op directors for their guidance in the past year, the employees for their dedication and loyalty, and the consumers for their cooperation.

In the annual election of directors, Billy Farr of District 2 and Vincent Zimmerer of District 4 were re-elected by acclamation for three more years in office. Their names had been placed in nomination by Al Trubenbach, chairman of the nominating committee.

Following the meeting the directors held their annual organizational meeting for the next year. They chose Vincent Zimmerer their new president

to succeed Jack Crowover who had served 21 continuous years in the office. Other officers are Robert Lewis, vice president, and Wendell Proffer, secretary-treasurer. Other directors are Crowover, Farr, Pete Skinner and Jimmy Jack Biffle.

Speaker of the evening was Jim Morris of Austin, general manager of Texas Electric Cooperatives. He brought an entertaining and informative address that was enjoyed by everyone.

The evening's program opened with registration and musical selections by the Has Beens, a western group from Gainesville and Lake Kiowa. Father Denis Soerries gave the invocation, President Jack Crowover made the introductions and Secretary Wendell Proffer read minutes of last year's general meeting. The business meeting was followed by the annual drawing for attendance prizes and adjournment was followed by serving coffee and cookies by members of the Muenster FHA chapter and their advisor, Joni Sturm.

Lucky winners of attendance prizes were Andrew Fleitman, Charley Hellman, Virgil Hess, August Felderhoff, Kenneth Hacker, Bruno Fleitman, Gerald Walterscheid, Billy Joe Dangelmayr, Norbert Klement, Charles Davidson, Paul Fetsch and R. M. Davidson, all of Muenster; Waylan Van Zandt, Marvin Rauscher, W. J. Witt, Dorothy Kyle, Margaret Wise, Winston Fangman, Erwin Fuhrmann and John Arend, all of Gainesville.

E. C. Holt, J. W. Malone and C. R. Strutz of Lake Kiowa; Roy Follock and Ray Durham of Nocona; J. E. Taylor and William Hermes of Hood; C. R. Young of Saint Jo; Brent Hollandsworth of Cellisburg; D. H. Shults of Forestburg; Viola Durham of Capps Corner, and L. E. Blades of Dallas.

Mr. and Mrs. Bill Hopfer and Greg of Saint Louis spent the Easter holidays here with her parents, Mr. and Mrs. John Mosman and in Gainesville with his parents, Mr. and

Mrs. Joe Hopfer. Joining them on Easter Sunday was Father Jerry Mosman, pastor of St. Mary's Church in Henrietta.

Rodney Hess Wins

In Poetry Contest

Rodney Hess, son of Mrs. and Mrs. Pat Hess, a 6th grader at Sacred Heart School and student of Sister Christopher, was awarded the Jerry Simpson Memorial Award for a poem he submitted in the creative writing contest sponsored by Cooke County College. Rodney was the first place winner in his age group, Middle School, and received a trophy and \$30 cash award. Title of his original poem was "Noisy Cat."

Greg Walterscheid, son of Mr. and Mrs. Sylvan Walterscheid, an 8th grader and student of Mrs. Tommy Felderhoff, Jr. won 2nd place in the poetry contest. His title was "Learning." There were 20 entries from SHS in the poetry and short story divisions.

The awards presentation was held on April 19 at CCC. Scott Chisolm of New York was the guest speaker. Most of the 6th grade attended, accompanied by Sister Christopher and Mmes. Pat Hess, Albert Hess, Sylvan Walterscheid, and Harvey Schmitt.

Rodney's poem follows:

"Noisy Cat"
The cat that cries at night,
Really isn't very nice.
He whines at night
for canned food — not mice.
If he gets hungry enough
He'll tear down the door
crack the window and
smash the floor.
But someday he'll understand
He'll pay the price
At the end of my hand.

In All The World
No one is more understanding or more qualified to serve you.

Spring must really be here for good as we spotted our first scissortail this past week and also the mockingbirds are back with us. Was told that spring is here when the Scissortail arrives.

The Annual Ex-Student Banquet on Saturday night April 14 at the local school has been termed a big success with over 300 Ex-Students and their families attending.

Tracey Lanier, son of Mr. and Mrs. Gerald Lanier, celebrated his 10th birthday on April 9 with his home-room classmates — 3rd and 4th grade students, and his teacher JoAnn Greenwood. Tracy's mother, Mrs. Olita Lanier and grandmother Cleo Lanier served refreshments at the celebration.

Mr. and Mrs. Hoyt Mann of Dallas visited her parents Mr. and Mrs. Fred Campey over the Easter weekend.

Mr. and Mrs. Jack Sirman of Miami, Texas and Mr. and Mrs. Ollie Sirman of McAlester, Oklahoma visited with Mrs. Minnie Sirman on Easter Sunday.

Mr. and Mrs. Ross Littell, Stoney Point, spent the Easter

weekend in New Braunfels visiting with Ross' sister and family — Mr. and Mrs. Conrad Zuschlag and their children.

Mr. and Mrs. Tolbert Fanning of Abilene, Mr. and Mrs. Steve Fanning of Garland and Sally Fanning of Buffalo, New York spent Easter Sunday at the Tolbert Fanning place at Stoney Point.

Billy Dee Hill of Dallas visited with his sister Mrs. Ola Mae Shults and son Dale Friday night April 13.

Mrs. Lillie Tinney and daughter Pat and Mrs. Christine Winingham of Boyd visited in the V.G. Greenwood home recently.

Mrs. Dorothy Richardson of Irving visited with Mrs. Mabel Covington Friday April 13.

Mr. and Mrs. Orrell of Texarkana and Buster Orrell of Seattle, Washington spent the Easter Holidays with Mr. and Mrs. Willie Orrell and other relatives.

Leona Smith, Mr. and Mrs. Grady Reed, and Alaveree Massey of Euless and Henry Don Monroe of Dallas visited with Mrs. Lenora Moore

during the Easter Holidays.

Garland Kuykendall visited with his parents the Willie Kuykendalls the weekend of April 14.

Recent visitors in the Calvin Greenwood home were Mr. and Mrs. Bobby John Greenwood and son of Chico and C.S. Greenwood of Park Springs.

The United Methodist Woman's Group of the Forestburg United Methodist Church met in the home of Mrs. Betty Reynolds at 2 p.m. Wednesday April 18. President Mrs. Lucille Littell opened the meeting. The program for the day was on Loneliness / Aloneness in which all present participated. Those attending the meeting besides the hostess were: Mmes. Lucille Littell, Alice and Esther Shears, Betty Scott, Cleo Lanier, Decie Elzey, Marion Sockwell and Myrt Denham. Following the program a short business meeting was conducted after which there was a period of fellowship with delicious refreshments served by the hostess Mrs. Reynolds.

Mrs. Mary Hays accompanied daughter LeAnn and Donice Steadham to the Regional U.I.L. Prose Reading in Abilene Friday April 20.

The District 4-H Method Demonstration was held in Denton Saturday April 21. Karen Bell placed 5 in clothing, Janice Lanier and LeAnn Hays took 4th in Home Environment, Jeff Lanier and Nancy Traylor placed 1st in Community Improvement. Mrs.

Mary Hays, 1st and 2nd grade teacher at Forestburg, was a judge in Natural Resources.

Mr. and Mrs. Roy (Ted) Jackson motored out to Marador and Floydada Friday April 20 to visit with their daughter Mrs. Ouida McCandless and Todd. The Don and Darrell McCandless families of Floydada and the W.R. Terrell family of Post. The Jackson's granddaughter Vatoni Dill accompanied them — they all returned home late Sunday April 22.

Mrs. D.D. Echols is still a patient in the Muenster Hospital.

Harry B. Perryman was taken to the Bethania Hospital as of late Thursday afternoon April 19. He is doing very well and hopes to be home real soon.

Bailey Perryman, Wichita Falls has returned home after being a patient in the Bethania Hospital since April 10 when he suffered a heart attack during the tornado. Bailey is the brother of H.B. Perryman and Mrs. Millie Reynolds.

Word reached the Forestburg area Tuesday a.m. April 17 that Mrs. Bob Stallworth of Amarillo had passed away early that morning. Mrs. Stallworth was a sister to the late Mrs. Mae Landers. She was Ina Barkley before she married Mr. Stallworth who is the son of the late Mr. and Mrs. Ed Stallworth. Bob Stallworth is the cousin of Mr. Millie Reynolds, Mrs. Marion Sockwell and H.B. Perryman of Forestburg and Mrs. Joe Denham of Bowie.

A man is just as big as the thing that makes him angry.

Mr. and Mrs. Noble Coker of Saint Jo and Bill Qualls of Lafayette, La. announce the engagement and approaching marriage of their daughter, Shelta Jenise Qualls to James William Ivins, Jr. both of Saint Jo, Texas on Saturday, May 26 at the First Baptist Church of Saint Jo. Parents of the future-groom are Mr. and Mrs. James W. Ivins of Fort Worth. The bride-elect is a 1978 graduate of Sacred Heart High School of Muenster, and is attending Cooke County College. Jim Ivins is a graduate of Saint Jo High School and attended Cooke County and Tarrant County Colleges. He is the owner and operator of Jim's Grocery and Locker in Saint Jo. The couple will reside in Saint Jo. All friends of the bride and groom are cordially invited to attend the wedding and reception.

Tony Fleitman Is Birthday Honoree

Anton Fleitman's birthday was observed with a family party all day Sunday. Guests arrived for the noon dinner, visiting during the afternoon, and remained for the evening meal. Attending were Mr. and Mrs. Eugene Fleitman and family of Muenster, Mr. and Mrs. Paul Hermes and family of Lindsay, and Virginia, Theresa, Agnes, Alfred, Nancy, Susan, Karla and David Fleitman of the home. Joining them in the afternoon and the evening were the honoree's sister and brother, Mrs. Anna Jostwerner and Andrew Fleitman. Birthday gifts and family and group pictures added to the afternoon. The cake was baked and decorated by the daughter-in-law, Mrs. Eugene Fleitman.

Scouts Work on Germanfest Booth

The April 23 Boy Scout meeting of Troop 664 featured assistance by Merit Badge Counselors Herman Carroll and Butch Fisher. Mr. Carroll gave help and guidance as the Scouts worked on their First Aid merit badges. And Mr. Fisher aided them in setting up their booth at Germanfest and in arranging for the sale of soft drinks, popcorn, snow cones, cotton candy, and Germanfest button, pennants and hats. Booth profits will help the scouts go to Summer Camp. They also worked on their Citizenship Merit Badges. In one designated hour, the boys gathered a large amount of aluminum cans and sold them for \$17.85. Bob Michaels is Scoutmaster. Scribe and assistant scribe are Duane Walterscheid and Darren Walterscheid.

**"GENERATING PLANTS LIKE THIS
ARE ONE OF THE REASONS THE COST
OF ELECTRICITY HAS GONE UP."**

Texas Power & Light Company spent more than \$225 million during 1978 to construct generating plants which use lignite coal and nuclear materials as fuel. This is a continuing program, begun in 1971, to phase out use of expensive natural gas.

Even though the cost of electricity has gone up, TP&L is making progress in keeping the cost as low as possible. For example, in 1978, lignite-fueled plants saved the average residential customer \$55.00 on his electric bills. As more and more power is produced with lignite, TP&L will pass the savings on to all of its customers.

**Dennis Hess Named
On NFIB Council**

Announcement was made today of the appointment of Dennis J. Hess of Hess Furniture Co., as an Action Council Member to the National Federation of Independent Business (NFIB) in San Mateo, California and Washington, D.C.

NFIB is a non-profit, non-partisan organization representing the needs of small businesses across the country. Founded in 1943, it was designed to promote the concept of free enterprise and to give independent business a greater voice in shaping the laws which govern business and government.

The idea of the Action Council Member was developed by NFIB President Wilson S. Johnson, who felt the need for members to take a more active role in furthering the cause of small and independent business at the grass roots and federal level.

**Public School

Easter Sunday was a "Big Day" for residents of St. Richard's Villa. The Easter Bunny kept popping in with flowers and gifts from various groups and organizations.

Mrs. Betty Rose Walterscheid baked, decorated and delivered a beautiful cake in the Easter theme.

A sing-song fest in the afternoon, climaxed the celebration. Music was furnished by

Mrs. Bobby Hefner of Am- arillo and Fred Pogue of Gain- esville.

Reeve A. Cooke celebrated his 89th birthday twice. On Thursday April 5 the Cross Timbers Band entertained at the party and on Thursday April 12, Mr. Cooke's daughter Lou Nell Miller and his granddaughter, Barbara Venable brought

cake. The cake was served with ice cream to the honoree, residents and guests. Everyone joined in singing the "Happy Birthday Song." Reeve Cooke is a true pioneer.

Mrs. Jennie Schilling of St. Richard's Villa joined a family gathering in Lindsay on Easter Sunday, in the home of a granddaughter and family, the Weldon Bezners.

Easter Guests
Mmes. Alice Walterscheid and Janet Fisher, with assistance from Mrs. Betty Kleiss brought Easter baskets to residents of the Villa on Saturday, the day before Easter. The attractive baskets contained cookies and candy. The three ladies represented the Muenster chapter of Young Homemakers of Texas.

Junior Garden Club Organized by Muenster Club
The Muenster Junior Garden Club is the first such organization in this area, the first in Cooke County and the nearest Junior Garden Club is in Denton. This is the distinction of the group sponsored by the Muenster Garden Club and organized in the Fall of 1978. Its first meeting was a Nature Hike. The members collected various materials to be used on the covers of their yearbooks. They took note also of any insects, birds, trees, butterflies and wild flowers they saw.
During the November 21 meeting, the members made yearbook covers which were later judged by the Muenster Garden Club. Kim Hess won first prize.
December meetings included a tour of Aughtry's Flowers in Gainesville, learning the identity of many greenhouse plants, learning why cut flowers must be kept cool and being gifted with an African Violet to care for at home. On December 12, members made Christmas tree favors of pine cones and other natural materials, as gifts for their "adopted grandparents" at St. Richard's Villa.
January activities included planting of periwinkle seeds and daffodil bulbs in pots for later transfer to the Myrick Play Center. Also making of posters for the Youth Communication Poster Contest. Local winners were, in order named, Janel Flusche, Deanna Bierschen and Sondra Hughes.
During February meetings they studied about bluebirds and painted bluebird houses for placement in the community.
On March 27, pre-started bulbs and seedlings were set out at the Myrick Play Center, resulting in already thriving daffodils and periwinkles. Members also cleaned and raked the Mini-Park area. It was announced that posters sent to the District II meeting of Texas Garden Clubs won a 2nd prize for Deanna Bierschen, a 2nd prize for Janel Flusche and an Honorable Mention for Sondra Hughes.
Bluebird houses were placed about the community on April 10 and the nature circle study was resumed. Major April activity will be assisting with clean-up week prior to Muenster's Germanfest.
In May, the Junior Garden Club will exhibit projects and awards at the installation of Muenster Garden Club officers for 1979-1980.
There are 17 members in the club, all second graders at Sacred Heart School and Muenster Public School, including Kim Hess, Kim Bayer, Janel Flusche, Noelle Hesse, Michelle Walter, Deanna Bierschen, Staci Sicking, Lisa Hamric, Sondra Hughes, Jeannene Walterscheid, Jennifer Carroll, Kristie Fette, Cheryl Bayer, Laurie Fisher, Jennifer Garrt and Michelle Robertson.
Assistance has been provided by Laura Flusche and Carmen Flusche and by adult leaders Mrs. Harold Flusche and Mrs. August Felderhoff. Members of the sponsoring Muenster Garden Club and the freshman class of Sacred Heart High School have also assisted.

What does it take to feel secure?

1. A place to hang your hat.

Actually it's much more than a place to hang-up. Or hang-out. It's where the heart is, and whether a castle or a cottage, there's just no place like home.

2. A chicken in every pot.

In most cases, one chicken and one pot are sufficient. Unless, of course, you have a very large family. Then, a turkey in the pot is even better. Best of all — a

brother in the grocery business.

3. First Texas Savings.

Security is more than peace of mind. It's a plan of action — designed to meet your needs today, and grow with your goals for tomorrow. And a savings plan at First Texas Savings can really help. Our Regular Saving Accounts earn at the rate of 5.25% and keep your money readily available. Your account begins earning interest from the day of deposit. And, at First Texas, your interest also earns interest every day, to increase your annual yield.

For longer term investments at higher interest rates, Certificates of Deposit are ideal. Here too, First Texas gives you the benefit of earnings from day of deposit and daily compounding of accumulated interest. And you can choose from a variety of different terms and rates.

Certificates of Deposit*

Annual Rate	Minimum Term	Minimum Deposit	Annual Yield**
5.75%	3-Months	\$ 500	5.92%
6.50%	1-Year	\$1 000	6.72%
6.75%	2½-Years	\$1 000	6.98%
7.50%	4-Years	\$1 000	7.79%
7.75%	6-Years	\$1 000	8.06%
8.0%	8-Years	\$1 000	8.33%

Certificates above are automatically renewable unless the Association gives written notice of cancellation at least 15 days prior to the maturity date. Earnings are compounded daily and paid quarterly. *Federal regulations require a substantial penalty for early withdrawal. **Annual yield based on accumulated interest of one year.

Of course, your savings can be insured safe, up to \$40,000 for single accounts, to \$200,000 for couples, and to \$560,00 for a family of four by the Federal Savings and Loan Insurance Corporation. And First Texas Savings makes it easy and convenient to save too. With services like postage-paid Save By Mail, direct deposit of Government Checks, Checkmatic money transfer to simplify loan payments, and Read-Check, to put idle checking account funds to work, earning for you.

Why not get all the details from a First Texas Savings Counselor? It's the smart way to get your savings growing. And get the confidence that comes with real financial security.

Federal regulations require a substantial penalty for early withdrawal.

Record Expected for German Fun Run

on the event's popularity, their contacts at major distance runs of the year and growth experience of the past three years. Nevertheless they are keenly aware that they are depending mostly on the right kind of weather. Up to now pre-registrations have been received from Arkansas, Missouri, Louisiana, California and Ohio besides Oklahoma and Texas.

Plans for the race are going fine. Based on experience in the previous fun run, the directors have organized a staff of some 70 helpers to conduct all the details including paper work before the start and checking the winners in as they finish. Visiting runners have told Hamric and Hess that this race is one of the best organized of them all, and they are making every effort to keep improving.

On the trail they have arranged again to have workers at four aid stations, with drinks and a refreshing cool spray if it is wanted. In addition, timers will be at mile stations telling how many minutes have passed since the start.

Again this time the chairman have a special request for community cooperation "Please keep off the course

with cars, motorcycles and bikes and give runners plenty of room at the finish line." Paper work preceding the race will be done at the Sacred Heart football field and runners will start at 2 p.m. on Main Street heading north. The route will be the same as last year, following FM 373 to the second crossroad north of town, then go around approximately a square mile of land and return on 373. The race will end in the vicinity of Muenster Clinic on Maple Street. A nurses' aid station will be located near-by for the benefit of exhausted runners.

The big reason for the popularity of the Fun Run is its good reputation for a fun atmosphere and efficient operation. And interest is sweetened by an array of giveaways, such as T-shirts to the first 2000 entrants and beer steins to the first 100 finishers. And there are awards galore. The first three places of each division will receive a trophy and the next three will receive a medal. This accounts for the nine divisions each of men and women plus awards for the youngest and oldest finishers of the men and the winners.

An added feature will be a Cross Country team race com-

binced with the regular fun run. At the finish the 3 member team combines its score as its entry for the National Road Running Team Championship. It will be run in high school and open divisions and the winners of each will receive awards. Registration for this event will be on Saturday only.

Another special feature of Fun Run is a runners' clinic beginning at 10:30 Saturday morning. The purpose is to familiarize participants with all relevant details: the route, various attention along the way, availability of first aid if wanted, and finish line procedure in determining the order for finish over all and in each division.

After the contest the runners will be treated to their fill of free beer and free soft drinks and awards will be presented when the paper work is finished, about 5:30.

Reunions Planned At Germanfest by '61 and '44 Classes

Reunioning time at the Germanfest will include two class reunions whose initial gathering place will be the old airplane in the Park.

On Saturday evening, April 28, beginning at 6 p.m. graduates of 1961 of Muenster Public High School and Sacred Heart High School and all their classmates in the 8th grade and through High School, are invited to a get-together for visiting and reminiscing. More information may be obtained from Mrs. Henry Starke (Margie), 759-4194 or Mrs. Roger Taylor (Janie) 759-4252.

On Sunday afternoon, beginning at 4 p.m., high school graduates of SHHS and MHS of 1944 and eighth grade graduates of 1940 and all former classmates will reunion at the same meeting place. More information may be obtained by phoning Mrs. David Bright (Juanita) 759-4482.

Food and drink for both events will be available at the Germanfest concessions.

Miss Muenster - -

for local people in need, and the Scholarship Fund to be used for two graduating Seniors, one each from Muenster's two schools. The cash award must be used to further their education.

The sponsors will welcome a full house. The program is good and the cause is good. Please come!

Junior High Runs Strong at Cowtown

Junior High boys of Sacred Heart scored high in a track meet April 14 at Fort Worth Country Day School. Ricky Hennigan won first places in the 100 and 220 yard dashes and Mike Dangelmayr was winner of the one mile and two mile runs.

In addition Wade Walterscheid was third and Curtis Henschel fourth in the 330 yard run and Darrell Swirczynski was second in the 880. Also the 440 relay and the mile relay teams each took fourth places. Members of the 440 team are Ricky Hennigan, Darrell Herr, Wade Walterscheid and Curtis Henschel. The mile relay runners are Ricky Hennigan, Mike Dangelmayr, Wade Walterscheid and Darrell Herr.

Mothers Honored At FHA Banquet

"Country Roads" was the theme of the 1979 FHA Banquet held on April 10, in the cafeteria of Muenster Public School. Decorations and menu were old-fashioned in a nostalgic and delightful way.

FHA members gifted their mothers with silk or dry flower arrangements. Candles lighted guest tables and antique lanterns lighted the head table.

The menu included fruit salad, barbecued chicken, baked beans, corn-on-the-cob, relishes, home-made bread, butter and honey and strawberry pie.

Debbie Zimmerer was mistress of ceremonies. Her mother, Mrs. Imogene Zimmerer gave the invocation. Maria Sicking gave the welcome. Louise Walterscheid gave the response. Kellie Hale made the project report and the Homemaking teacher, Mrs. Joni Sturm presented Encounter Awards to Nita Browning, Judy Dittfurth, Claudia Flusche, Linda Grewing, Cindy Knabe, Melodie Muller, Rene Reiter, Rhonda Reiter, Denise Sicking, Barbie Wimmer and Brenda Wimmer.

Providing entertainment were Kathie Fisher, Tami Fanning, Kim Walterscheid, Lou Dyer, Rene Stelzer, Marla and Rita Sicking. Homemaking II students modeled garments they made and Donna Fisher concluded the program with the Benediction.

Special guests were the FHA sweetheart, Mark Klement and his mother, Mrs. Walter Klement. FHA members presented a dried flower arrangement to Mrs. Sturm, in appreciation.

shoes, skateboard contest and motorcycle rodeo, besides the many programs in the pavilion.

Actually the Germanfest will start before the official opening at 4 p.m. Friday. A pageant sponsored by Beta Kappa Society in Muenster High School auditorium Thursday night will select Miss Muenster, who will be queen of the Germanfest. Fifteen girls are competing.

The festival begins with official opening of grounds and booths at 4 p.m. Friday. On the program are accordion music by Norma and Sonny, a folk dance by Barbie Hess and a chug-a-lug contest preceding the street dance.

Saturday's schedule starts at 10, and its principal activities are the fun run, a concert by NTSU's German band, the SH Choral Group's concert, Dallas Frohsinn concert, SH men's choir concert, Gina Hofbauer "Texas Ideal Miss," in a folk dance, a German costume contest, a polka dance contest and a beard contest, plus the dances at VFW Hall and the Community Center. Meanwhile there will be more dancing at the pavilion to the tunes of Helga Beckman at Mike Otts' disco.

The festival will be back in business Sunday at 10 and the program starts with two events at 1 p.m.: the art show and a 3 hour concert at the pavilion by the Bavarian Wood Choppers, a polka band from Dallas. Also booked are appearances by the MHS Hornet Band, the Cooke County College Choir, the Sacred Heart choir, accordion numbers by Sonny and Norma, Gina's folk dance and a 3 hour disco dance by Mike Otts. Other events of the day are skateboard, horse shoes, motorcycle road-race and a chug-a-lug contest. Closing ceremonies will be held Sunday night at 10.

Mrs. Bill Tidwell Is Cancer Victim

Funeral service was held Monday afternoon at 4 in Sanger for Mrs. Bill Tidwell who died of cancer at her home Saturday, April 21, at 7 p.m. ending an illness of more than 18 months.

Among pallbearers were Jerome Pagel, Clyde Fisher and Norbert Bednorz, and a number of other Muenster friends attended the funeral.

Nothing improves a person's driving more than a police car right in back of him.

cerned with the people's rights they would not have to worry about the bureaucratic snooping and loads of paper work which they brought down on themselves.

However, in fairness, it needs to be said also that the nuisance of Naderism has caused about as much grief as industry's original lack of concern. The trouble makers demanded perfect and near perfect conditions which were not necessary in the first place besides making enormous extra demands in expense and work load.

Another horrible example is the IRS, the biggest paperwork transgressor of them all. It gives continuous conflicting and inaccurate information, often not understood by its own personnel, and then threatens penalties for ignorance of the law.

In all of these cases, according to Stenholm, the government is saying "I do not trust the way you run your affairs, therefore I am going to regulate them and make you dis-

close every detail, no matter how trivial. This situation breeds hostility as people become resentful of having someone constantly looking over their shoulder and interfering with their affairs." The congressman, furthermore, ought to have mentioned that we are no less resentful about those billions of dollars that are goofed off in the process. Along with the cash value of time wasted on unneeded reports there is the cost of paying unneeded employees to process those millions of reports.

John Connally, in his bid for presidential nomination seems to have had that kind of idea in mind last Sunday when he said that federal costs can be reduced sufficiently to enable a 25 per cent reduction in income tax.

All of which makes sense but clashes with an old time political fact of life. How will reductions be made without bringing up a terrible howl by those who presently enjoy a fat income on a soft job?
