

Opinions vary about the efforts of Chrysler Corp. to get financial help from the government, and there are valid reasons to support both sides. For instance, if small business in distress can get the help, why not a big business? Or if New York City can get the help, why not a business? And, from a cold economic calculation, one has to wonder whether Uncle Sam would not come out ahead by keeping the business in operation and continue to collect taxes from it and the employees rather than take on the burden of supporting thousands of unemployed.

But on the other side, we can't be guided altogether by expediency. We have to consider the principle of risking taxpayer money to bail out someone in trouble, and we certainly need to consider whether this is to become a national policy of making distress backing available to everybody. Also, we can't overlook the fact that our foreign aid policy has advanced billions to nations all over the globe, so why can't something be done for a part of our own economy?

To our way of thinking, the issue ought to involve also the thousands of employees who really ought to feel more obligated to help than the government. After all the intention is to save the company for them as well as the stockholders, so their help would be quite proper. It was disappointing however to hear that their union was not willing to forego a pay increase to keep the company going.

Common sense tells us it would have been better to cooperate. After all, a little less pay is better than losing the jobs. We give the union credit for better judgment than that, so we have to wonder whether it wasn't just being foxy and trying to have taxpayers furnish all the aid while Chrysler workers carried on with fat pay. Getting down to cold facts, the issue involves the workers as well as the owners of Chrysler. Perhaps government ought to hold back until it has some evidence that the workers will give meaningful help. Helping them will be less objectionable if they help themselves.

The same principle applied last week when teachers of Dallas snubbed a 7 per cent pay raise and demanded one in line with the inflation rate. The school board balked because the demand would require a tax increase. It seemed like a matter of sacrifice by either teachers or taxpayers. Of course teachers had a point. Without their specified raise they would have a lower standard of living. Or they'd have to moonlight to get along.

In this case the taxpayers seem to have the better side. Based on the stated average salary, teachers are already doing much better than the taxpayers who are supporting them. The average per year for teachers was quoted at \$15,500, whereas over-all average income is \$10,500. Considering that teachers work nine months, and most of them add a few thousand by summer jobs, the income seems more than adequate. And, like other workers, some are also moonlighters and some have working spouses to increase the income. One has to wonder whether their problem is the high cost of living or the cost of high living.

An interesting observation relative to President Carter's proposed windfall profit tax of \$142 billion while gradually de-controlling oil prices over a 10 year period has been presented by Senator Danforth of Missouri. The tax is supposed to pay for the development of synthetic fuels, mass transportation and aid to the poor.

As Danforth sees it, the only reason for passing the tax is to pay for the programs, but the removal of controls is calculated to raise federal income taxes in the oil industry \$173 billion over a ten year period—which looks like better than \$142 billion along with continued federal meddling.

Continued on Page 12

County OKs Corporation To Promote Industry

As a means of promoting industrial development in Cooke County, the county commissioners voted Monday to authorize a county-wide development corporation with the power to issue revenue bonds, which would not be backed by the county.

The articles of incorporation and by-laws are to be drawn up by Judge Greg Underwood and reviewed by the Texas Industrial Commission.

Purpose of the program is to raise funds to develop facilities attractive to industry, such as an industrial park in which a new firm can locate.

Underwood said another possible service of the corporation is to aid in development of a complex featuring fair grounds, rodeo and tractor pull arena and other facilities.

CCC Board Ups Tax 66 Percent

Cooke County College has joined the county in raising its tax by 66 per cent. The action was taken by the trustees in changing the basis of assessed valuation from 30 to 50 per cent of actual value.

The change was made for the purpose of being consistent with the county, which serves as the college's tax collecting agency.

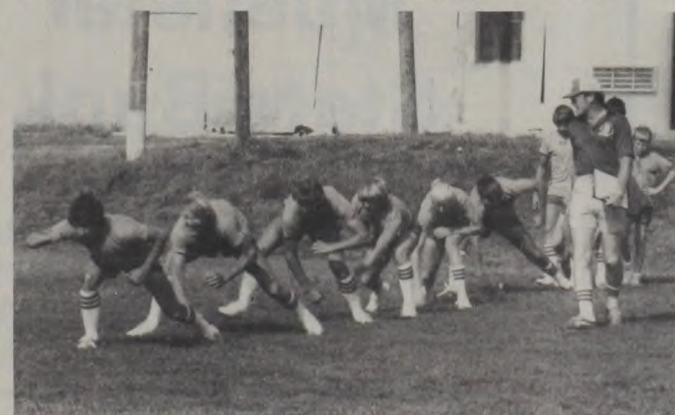

However the tax rate was not decreased accordingly. It remains at 20 cents on \$100 of assessed valuation. On property of \$10,000 actual value the tax value is \$5000 and the tax is \$10, as compared with \$6 previously.

The increase will bring in about \$124,000 of additional tax revenue to help meet the school's budget of \$3.6 million, which was adopted Monday night.

The budget tops last year's by \$100,039 and includes an estimated reserve of \$78,000. The school finished last year with a reserve of \$260,000.

Reasons behind the budget increase are the rising costs of doing business, principally the utilities, labor, maintenance and supplies. The board voted an 8 per cent salary increase to staff and faculty.

36 Hornets Start Football Practice

Coach Jerry Stinson and several members of the Hornet football team during their first practice session. —Janie Hartman Photo

With great cooperation from the weather, 36 members of the Muenster Hornets looked into their 1979 football season Monday at 9 a.m. The boys romped through a lively practice session in a temperature that was more like Fall than the traditional hot August.

Coach Jerry Stinson was enthusiastic, saying that they had tremendous attitude and their good condition indicated that they had been serious about shaping up on their own. He pointed out that they have been doing lots of road work besides two-a-week sessions in the weight room.

Stinson added that he's also pleased with his team's size and experience. The roster includes 13 seniors and 11 lettermen carried over from the outfit which was third in the district last year with a 7-3 season. They will not be the heavier of the district, he said, but they'll be tall and

Schools Complete Enrollment Friday And Friday 24th

Registration for the coming school year has been under way since Monday at Sacred Heart and will be completed there Friday. It started with the elementary grades and enrolled seniors, juniors, sophomores and freshmen on the next four days.

Registration at the public school is a one day event booked for Friday, the 24th. Buses will run the regular routes to get the children there for enrollment between 9 and 11:30.

Elementary children will report to their classrooms and high school and junior high students will report to the auditorium for assignment to the rooms to enroll.

Following enrollment the public school faculty will have its second in-service day on Monday and meet the students on Tuesday for the first class day.

After their registration the Sacred Heart students have four more free days before reporting to first class on Friday, the 24th.

Mild Weather Helps City Water Problem

August to date has been dry, with only .25 with recorded, but the temperature has been a welcome change from that of previous years when the heat hit 100 degrees for weeks at a time.

For the month to date the high was in the 90s except two days when it dropped to 88. According to Steve Mosler's record only four days have topped 100 this year.

Apparently the comparative cool has offset the drought in sparing the city of water problems. And a very definite help has been the voluntary rationing plan.

Thanks to cooperators, it's been working, Mosler said. However he adds that it's been a close call a few times when the supply got uncomfortably low. He said that the situation can improve considerably if persons who slipped will watch their calendars more closely.

With the quarter inch of rain on August 4, the year's moisture total now stands at

27.88, which is near normal. It was well ahead of average in May but June and July had a total of only 3.11 inch.

Low high temperatures of the past two weeks were recorded as follows by Mosler: Aug. 2, 73 and 90; 3rd 69 and 93; 4th, 72 and 96; 5th 73 and 97; 6th, 74 and 98; 7th, 75 and 97; 8th, 73 and 96; 9th 72 and 95; 10th, 74 and 97; 11th, 69 and 88; 12th 62 and 88; 13th, 65 and 96; 14th, 75 and 98.

Kathy Trachta Is Graduate of NTSU

Kathy Trachta is a graduate of North Texas State University, receiving a Bachelor's Degree in Journalism Saturday evening at the Coliseum. Attending the ceremony were her husband Hank Trachta, his parents Mr. and Mrs. Dave Trachta and his brother and sister-in-law Mr. and Mrs. Tom Trachta. Kathy will be employed by NTSU and they are residing in Denton.

Chamber Names Ferber To Head Germanfest

Richard Ferber is the chairman of next year's Germanfest. Announcement of the appointment was made by the Chamber of Commerce Tuesday as the first step in organizing the festival. And Monica Hess was named as the assistant.

The Chamber then turned its attention to another and earlier project, the possible promotion of a trades day late in September. The suggested feature was a city-wide sidewalk sale with all business firms participating and possible extras such as a barbecue and street dance to end the day. A proposed name was Harvest Festival.

A poll of prospective participants will be taken by the Chamber for consideration by its directors, and if the sign is GO the organizational work will start in a few weeks.

Richard Marquardt had a

gratifying report on the Chamber's newcomer program which extends the organization's welcome to persons moving in. He said that 50 local business people are participating in the program by redeeming gift certificates which are given out by the two welcome pairs, Marquardt and Harold Flusche and Edgar Dyer and Ken McDougle. One of the recent newcomers, Aulton Ladd, AMPI plant superintendent, was present at the meeting. Also visiting were Tom Parsons and Dan Weber of the T.P. & L. and Lone Star Gas Gainesville officers.

In other business President Henry Weinzapfel reported that a new brochure for Muenster is almost ready for printing and will probably be available in a month. Along with information about the city and community, it will

have pictures of the principal buildings and a map of the city.

Also reported was the improvement program sponsored by the Chamber at the city park. Completed are a seal coat on the tennis court surface and a new paving surface on the basketball court north of the swim pool. And okayed for an early start is an 8 foot sidewalk surrounding the pavilion with sidewalks from it to the tennis court and rest rooms.

Robt. Fetsch Gets PhD at Wyoming U

Robert Fetsch, son of Mr. and Mrs. Paul Fetsch, received his PhD in Guidance and Counselor Education from the University of Wyoming in Laramie on August 3. He maintained a 4.0 grade average throughout his three years he served as a graduate assistant at the University of Wyoming Division of Counseling and Testing. The previous year he and his wife were foster parents of six teenagers.

Following his graduation Robert, his wife Lu Benke and their four month old daughter Madalene will move to Lexington, Kentucky where he has accepted a position as a Human Development and Family Life Extension Specialist with the rank of Assistant Professor of Extension at the University of Kentucky.

His work will involve offering workshops and programs statewide on marriage and family enrichment, separation and divorce programs, parenting skills and communication workshops.

Dr. Robert Fetsch and his family plan to visit friends and relatives in his hometown prior to relocating in Kentucky. He is a graduate of Subiaco Academy and received his BA in 1967 from Conception Seminary in Conception, Mo. and a Master's Degree from Our Lady of the Lake College in San Antonio in 1972.

Swim Pool Rated Super

Muenster's swimming pool has a super rating...a fact which probably would not be a matter of record if a number of pink-eye cases had not shown up in the community.

After 11 cases of the infection were discovered the pool was suspected as a possible means of contagion. So Robert Walterscheid, county health inspector, sent samples to the Environmental Health Department of Wichita Falls for analysis.

The report came back ruled out not only the suspicion of pinkeye but all other infectious and impurities. In 24 tests the water did not show a single fault. It was graded perfect.

The report was accompanied by a personal note from the technician, Diana Fleming, who said the swim pool sample was as pure as any drinking water she has tasted and it was better than any pool sample she has checked in the Wichita Falls area.

Other praise of the pool was voiced early in the swim season by a state inspector of pools. He said the pool was the "cleanest he has seen in the whole state." He also

said that it meets all state requirements except the figures painted on walls to indicate depth in each area. Those figures were painted promptly and the rating had been 100 per cent since.

Muenster ISD Tax NOT Upped

Along with current reports of ad valorem tax increase, the board of trustees of Muenster Independent School District announced this week that there will be no "change in the local school tax."

Superintendent L.B. Bruns pointed out that "although Muenster ISD has suffered losses under the Tax Relief Amendment due to exemptions being granted, and Muenster ISD is assured of only 45 per cent reimbursement of those losses by the State, the Muenster ISD-WILL NOT INCREASE the tax rate this year."

The tax rate for the district continues at \$1.50 per \$100 of assessed valuation, and the value assessed for tax purpose is 50 per cent of the actual value.

38 Tigers Report for First Practice

The above photo shows Sacred Heart Tigers in practice, and team members urging further effort. Coach Father Stephen Eckart and assistant Virgil Henscheid are in foreground. —Janie Hartman Photo

Sacred Heart's Tigers started their 1979 football bright and early Monday morning with 38 eager youngsters reporting to Father Stephen Eckart. And two more of them are expected in a few days.

They are on a two-a-day schedule of about 1 1/2 hours starting at 6 a.m. and about 2 1/2 hours starting at 6:30 p.m. They will continue that way until school starts on August 24, then the usual afternoon session the rest of the season. They are in shorts four days and will dress for contact play starting Friday.

Father Stephen is the coach and his assistants will be the athletic director, John LeBrasseur, Mike Stoffels and Virgil Henscheid.

Father Stephen is highly pleased with the first day of practice. He said the Tigers were fresh and sharp and in good condition, showing the benefits of working on their

own during the summer. And he's confident that they have the talent and size to improve considerably on last year's 2-7-1 record. They're especially eager to go places in their TCIL district in which Notre Dame and Tyler Gorman are the pre-season favorites.

The Tigers will get their first taste of action next week Saturday, the 25th, at Fort Worth Country Day School, 3 p.m. and their second scrimmage will be with Chico on the Tiger field at 6 p.m. on September 1.

The schedule reads as follows: Sept. 8, Trinity Valley, there Sept. 15, Alvord, here Sept. 22, Lindsay, here Sept. 29, Saint Jo, here Oct. 5, Anna, there Oct. 13, Ft. Worth Nolan, here Oct. 20, Christ the King, here Oct. 26, Tyler Gorman, there Nov. 2, Era, there Nov. 17, Notre Dame, here

homecoming All games through Oct. 13 will start at 8. The game with Christ the King begins at 1 p.m. and the remaining three games begin at 7:30.

The junior varsity team will scrimmage with Country Day and Chico before or after the varsity scrimmages, after which it will have the schedule.

Sept. 6, Nocona, here Sept. 13, Valley View, here Sept. 20, Lindsay, there Continued on Page 8...

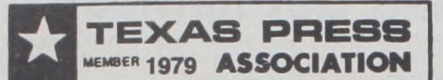

Bulcher Homecoming

Remember the Bulcher Homecoming. It will be at the Community Park on September 2, the Sunday before Labor Day. Come and enjoy a basket lunch with residents, friends, relatives and former residents. Help spread the word.

Congressman Charles W. Stenholm Congressional Comment

WASHINGTON, D.C. — America's future depends on the education of its citizens. The educational system of our Country plays a key role in preserving and improving both our public and private institutions. The promotion of quality education is essential if this Nation is going to improve its competitive position around the world. Also the freedom of thought is the cornerstone of American democracy and it can only be protected by quality instruction.

But we must take into consideration that we are a Nation of great diversity comprising people of many varied backgrounds and lifestyles. We cannot promulgate uniform rules for the whole Country that will efficiently allocate resources for our society. Thus I believe the local control of education is essential to sustain our culture and way of life. The needs of the students in West Texas are much different from those who live in New York City or Anchorage, Alaska. We must leave decision making authority with our local school boards, school administrators, and teachers. These are the people who know the problems and can find the answers.

I am very interested in protecting the relationship between the home, the school, and the local community. This connection has proven a great asset to the family and to society. To increase federal control over our schools would endanger this delicate relationship. One of the proposals we are dealing with in this Congress (the creation of a Department of Education) could cause a major reduction in local educational policy-making in the guise of administrative reorganization. This is a signal by the Federal Government of their intention to exercise an ever-expanding

and deepening role in educational decision-making. If the department is established, we are faced with the natural inclination of the bureaucracy to widen its sphere of influence. Decisions will be made in Washington at the expense of local diversity. The power of the bureaucracy will extend further and further until the Department of Education will become the Nation's super school board.

I believe we need better work in education emphasizing the local control of schools and traditional instruction. I also am of the conviction that we must have a positive, supportive approach that takes into consideration both the intellectual and emotional development of our children. A major effort should be made to improve our vocational training programs to prepare people for productive employment. Vocational education can reduce the number of youths who enter the labor market unskilled and enable them to compete for productive employment. An increased investment in vocational training would also contribute to the vitality of the economy and reduce the size of government expenditures for remedial programs.

It is my belief that the goal of our educational system should be to insure that everyone be trained to have a marketable skill, be it academic or vocational — white collar or blue collar. We must teach our children the dignity of useful employment and above all we should recognize the role education plays in perpetuating our diversified culture. By allowing teachers and school administrators to make the day-to-day decisions, we will assure that the needs of the local community will be recognized and we will extend our way of life from one generation to the next.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams TEXAS PRESS ASSOCIATION

AUSTIN—The results of a Texas Monthly poll on Gov. Bill Clements and the Texas Legislature are in; they include good news, bad news and one real surprise.

The good news, at least for the Governor, is that over 60 percent of the persons interviewed believe Clements was effective in influencing the Legislature and the federal government. Almost 49 percent rated Clements as "good or very good" overall.

The bad news, at least for the lawmakers, is that only about 40 percent of the respondents rated the Legislature as "good or very good." House Speaker Bill Clayton did better than his House colleagues, receiving 50 percent approval for his leadership, while Lt. Gov. Bill Hobby was thought to be "very good" by about 46 percent.

The surprise? When asked what issues should be brought up in a special session, voters overwhelmingly preferred "energy." The much-mentioned issues such as initiative and referendum, presidential primary, and more tax reduction did not even score in the double digits, while energy was thought important by 50 percent of those questioned.

Kubiak: More Energy

Will energy be included in the Governor's promised special session in 1980? State Rep. Dan Kubiak, advocate of gasoline and other alternative energies, asked Clements to include "rapid development of alternative energy" at a press conference in June. The Rockdale legislator said he has received encouragement but no commitment from the Governor's Office on the issue.

The poll also showed: —Most Texans, 64 percent, prefer a "same day" presidential preference primary.

—Over 50 percent of the voters disapprove of the actions of the 12 state senators called the "Killer Bees" who fled the Senate to defeat a separate primary bill.

—A majority of Texans, 54 percent, feel a consumer should not be able to sue a seller for more than a defective product costs, thought by some to indicate voter approval of recent amendments to the Consumer Protection Act.

—A whopping 76 percent disapprove of the recently-passed law increasing home mortgage loan rates.

—Sixty-two percent favor initiative and referendum powers for voters.

The recent 5.1 percent pay hike for teachers was thought to be too low by 54 percent of the respondents.

White Criticizes Wiretapping

Clements' wish to include a broadened wiretapping bill in the special session received a rap last week from the state's top attorney.

Texas Attorney General Mark White issued a detailed and negative critique of Clements' plan to legalize wiretaps, saying it "poses serious potential for abuse of Texas citizens' civil liberties."

White said the proposal does not require actual surveillance to be conducted by a certified law enforcement officer, an oversight he fears "represents a real threat for potential abuse."

White's criticisms were made in a letter to State Rep. Lynn Nabers, chairman of the House Criminal Jurisprudence Committee now studying the wiretapping bill.

The Speaker's Race

While Speaker Clayton appears to be getting no opposition en route to an unprecedented fourth term as head of the House, several representatives are already tossing their hats into the ring for the 1983 race, when Clayton says he will step down.

Last week Rep. Jerry Donaldson of Gatesville and Rep. John Bryant of Dallas, both Democrats, filed campaign reports for Clayton's seat with secretary of state's office. Donaldson is highly regarded as a member of the "speaker's team" while Bry-

ant is equally well thought of as leader of the "loyal opposition."

Other representatives with campaign reports already filed are Tom Uher of Bay City and John Wilson of La Grange.

Food Stamp Dining

A new twist is being tried on food stamps: a six-month experiment letting senior citizens use their food stamps in restaurants.

The experiment begins Oct. 1 in three Texas cities: Houston-Galveston, Austin and Abilene.

To contract for the Senior Dine Out program, a restaurant must offer balanced, nutritious meals at no more than \$2.50 and cannot specialize in take-out service. If the plan works, it will be expanded to the rest of the state.

State welfare officials withheld for several months a report citing numerous violations at a child-care center operated by Dallas Rep. Clay Smothers, it was reported last week.

Smothers confirmed he had asked a human resources department official this spring to delay the report until the legislation session ended. He and other legislators were considering the department's budget at the time the request was made.

Judge to accused: "Do you know the difference between unlawful and illegal?"

"Yes, judge. Unlawful is something that's against the law. Illegal is a sick bird."

The Constitution gives us the right to do our own thinking. It's up to us to acquire the ability.

Looking Ahead

by Dr. George S. Benson President

NATIONAL EDUCATION PROGRAM Searcy, Arkansas

HOW TO CUT GOVERNMENT SPENDING

There is a tremendous economic significance to the growth of government. The larger it becomes the more money it requires from the people, its only source of funds. The more government takes, the less the people retain; the less they have, the lower will be their standard of living. They will not be able to buy those improvements they want, and they will not be able to save and invest, helping create new products and new jobs.

Liberal proponents of the over 1,000 different programs of income redistribution, from job training to food stamps, will be quick to point out the good that is done for the recipients. But what is never discussed is the harm done to millions of individual taxpayers at the same time. The free food given to the 16 million food stamp recipients is food that will not go to the taxpayers who supplied the food stamps. The carpentry work and paint supplied to someone in a Neighborhood Improvement Program is material that will not be available to a taxpayer who made it possible. Government simply cannot give anything to one person without depriving someone else of it. What one man gets without earning, another man must earn without getting.

Society suffers a net loss in all such transactions. It isn't just a matter of taking from Peter to give to Paul; it's a matter of that plus taking from Peter in addition the costs of the bureaucracy which must administer all such programs.

I analyzed the half-trillion dollar Federal Budget for Fiscal 1979 and found 56 percent of it, \$292 billion, is to be redistributed, that is, taking from you, the producer, to give to them, the non-producers.

It could be expected that approximately the same percentage would hold true for the Fiscal 1980 budget of \$532 billion. Incidentally, it provides quite a perspective on the magnitude of federal spending to learn that is \$1,458 million a day, will be spent during each of the 365 days of the year.

Well, as they say in the business world, "What's the bottom line?" What can we do about runaway government spending? Just exactly what spending should be cut out?

It would seem the reasonable approach would be to establish criteria based on ethical principles and to evaluate each government program on that basis. If the program meets the criteria, let it continue. If it does not, cut it out.

One such evaluation was devised by the French political economist, Frederick Bastiat, over a hundred years ago. I commend it to you for our use today. Bastiat wrote in his little book, The Law:

"See if the law takes from some persons what belongs to them, and gives it to other persons to whom it does not belong. See if the law benefits one citizen at the expense of another by doing what the citizen himself cannot do without committing a crime."

"Then abolish this law without delay, for it is not only an evil itself, but also it is a fertile source for further evils because it invites reprisals. If such a law — which may be an isolated case — is not abolished immediately, it will spread, multiply, and develop into a system."

If we would but utilize criteria we could dismantle the system of overextended government. There would be no need for excessively high taxes or resorting to inflation. We have been shown the way; the rest is up to us.

Red River Farm Co-op

1300 N. Dixon, 665-4338, Gainesville

Forestburg News

by Myrt Denham

Sailing is a popular sport on Lake Travis, one of the seven lakes northwest of Austin, the capital of Texas. Many regattas are held each year. Lodging and camping facilities are numerous.

It is absolutely uncanny how it will rain all around this area. It rains all thru Oklahoma to the Red River and then start in again in the Metroplex. Our area sure is bone dry these days—hasn't rained in two months.

Mr. and Mrs. A.B. McMillion attended the Philpot Family Reunion in childress Saturday Aug. 11 and Sun Aug. 12th. Myrtle McMillion accompanied them as far as Vernon where she visited with her Aunt Lillie Reynolds and her cousin Violet Hannah.

A.C. Taylor and daughter Verna Mae attended the Williams Family Reunion at the Montague Farm Bureau Building Sunday Aug. 5.

Mrs. Ti Cook is visiting in Lake Charles, La. with Mr. and Mrs. Dick Ellzey and other relatives. Ti left Friday August 10th and will be safe

at home when you read this.

Little Miss Jennifer Barclay of Sanger spent the weekend of August 6 with her grandparents—Mrs. and Mrs. A.G. Barclay.

On Tuesday evening August 7 Mrs. Cleo Lanier honored Rev. and Mrs. George Thompson—the new pastor and his wife of the Saint Jo and Forestburg United Methodist Churches, with a picnic supper at her new picnic area. A nice group of folks attended and had a very enjoyable time. Some played volleyball, others pitched horse shoes—while others just visited.

Donnie Brewer of Electric visited with his parents—the Posey Brewers two weeks August 7.

Mr. and Mrs. A.B. McMillion, grandchildren

Nickie and Kyla Willet and Myrtle McMillion were in Wichita Falls on business Thursday August 9.

Mrs. Dixie Stapleton of Fort Worth, Mrs. Alice Bon Reed and Mrs. and Mrs. Alvin Edes of Saint Jo visited with Mrs. Mollie Moore Thursday August 9.

Mr. and Mrs. Grady Reed of Euleus spent the weekend of August 10 in their Forestburg home.

Mrs. Vera Lummus and grandson Stephen of Amarillo visited with A.C. Taylor and Verna Mae Thursday August 9.

William Eanes and Steve Brookshire of Bowie visited with their friends Bennett and Betty Reynolds of Dewey on Thursday August 9th.

Mr. and Mrs. Ronald Bailey and family of Lub-

bock and Larry Bailey spent the weekend of August 10th visiting with their mother Mrs. Juanita Bailey.

Ruth Ann Hancock of Alvord spent Sunday August 12 visiting her aunt Olita Lanier and sons.

Mr. and Mrs. John Hunt of Stratmore, Calif. and David Hunt of Springville, Calif. are here visiting the Joe Hunts and the V.G. Greenwoods family and other relatives. They arrived on the scene Thursday August 9th.

Dawna (Boyd) Vann and children of Montague spent Tuesday and Wednesday of last week with her aunt and uncle the Jim Barnetts.

Charles Lanier of Wichita Falls spent the weekend of August 10th with his parents

Student Council Adopts Calendar

The student council of Sacred Heart High has adopted the following calendar for the coming school year.

- Aug. 27-Sept. 7, Spirit Day
- Sept. 7, Music Festival
- Sept. 7, Western Day
- Sept. 21, Senior Day
- Sept. 26, Leadership Workshop
- Oct. 5, Spook Day
- Oct. 7, Fall Fun Run
- Oct. 19, Senior Day
- Oct. 31, (evening) Film
- Nov. 2, 50's Day
- Nov. 11-17, Homecoming Week
- Nov. 19-21, Food Drive
- Nov. 30, Senior Day
- Dec. 6, Assembly (GHS Chorus)
- Dec. 7, Dress-up Day
- Dec. 9, Christmas Decorations
- Dec. 17-18, Santa pictures
- Dec. 21, Senior Day
- Jan. 11, Blue Jean Day
- Jan. 11, Junior Olympics
- Jan. 22, Assembly
- Jan. 23, Fray Day
- Jan. 25, Senior Day
- Feb. 4-8, Ugly Legs Contest
- Feb. 8, Crazy Cap Day
- Feb. 22, Senior Day
- Feb. 29, Spaghetti Supper
- Mar. 7, Crazy Shoe Day
- March 7, Blood Drive
- March 21, Senior Day
- March 28, Sports Day
- April 11, Shorts Day
- April 18, Senior Day
- April 25, Arbor Day
- April 7, Elections
- May 2, Hippie Day
- May 16, Senior Day

Texas Conserve
A public service of this publication and the Governor's Office of Energy Resources.

YOU CAN BANK ON IT!

Double digit doses of inflation are back with us again this year, bringing more questions than answers. There are almost as many theories about stopping or slowing inflation as there are possible causes for it. Perhaps the only common point of agreement is that there is no single, simple solution.

Most authorities concede that the greatest contributor to the current round of price hikes is our overwhelming dependence on foreign oil. Any entity, whether a company, an individual or a nation, that continually has more money going out than coming in will have to pay a penalty. The country has a twofold problem. First, the value of the dollar is going down world wide. That alone causes inflation here at home. Secondly, petroleum is a key commodity. Price increases for oil and oil products cause price increases in almost everything we buy... further fuel on the inflationary fire. What can we do? Try to conserve. Use less fuel. Spend our money where it counts. Everyone has to be involved for any progress to be made against our most common enemy, inflation.

AFFILIATED

Lora Rohmer, Thomas Hennigan United in Two Ring Ceremony

Mr. and Mrs. Thomas David Hennigan are at home in Muenster since returning from their wedding trip. They were married in Sacred Heart Church on Saturday, August 4 in a Nuptial Mass with double ring ceremony, officiated by Father Jerome Mosman.

The bride is the former Lora Jean Rohmer, daughter of Mr. and Mrs. Emil Rohmer. The groom is the son of Mr. and Mrs. Pat Hennigan, Sr.

Presented at the altar by her father, the bride was wearing a white organza bridal gown with trim of Schiffler lace, sleeveless and designed with a scoop neckline and attached chapel train. She wore a white picture hat of matching Schiffler lace. Her bridal flowers were in a cascade arrangement of yellow roses, stephanotis, lily of the valley and small white orchids.

For "something old" she wore her Grandmother Rohmer's engagement ring, borrowed from Miss Ida Rohmer. "Something new" was a diamond necklace, gift

from the groom.

Attendants
Mrs. Troy Sicking (Dina) was her sister's matron of honor. Cheryl Mollenkopf and Karen Schilling, her friends and Mrs. Jean Gebman (Sheila) of Santa Monica, Calif., groom's sister, were bridesmaids. They were identically dressed in soft yellow floral rayon; wore babies breath in their hair and each carried a long stemmed yellow rose. The flower girl was Michelle Hennigan, groom's niece and the ring bearer was Ryan Gebman, a nephew.

Tim Hennigan was his brother's best man; and Mike Hennigan, a brother, Mark Stoffels, a cousin and Curtis Klement, a friend from Houston were groomsmen.

Ushers were Dwayne Rohmer of St. Louis, Chris Rohmer, bride's brothers, Joe Hennigan groom's brother, Hank Trachta of Denton and Ronnie Felderhoff, groom's friends.

Mass servers were Craig Stoffels and Lloyd Walterschied.

Church decorations included large bouquets of yellow gladioli on the main altar.

Wedding songs and accompaniment were by Dianne Grewing, Cheryl Martin, Debbie Hess and Vickie Fisher. Organ music and wedding marches were played by the groom's brother, Pat Hennigan, Jr.

Reception

At the reception in the Community Center, Ramona Felderhoff registered about 380 guests, who were served a buffet of pickup foods and cocktails. Dinner music and a dance followed. Country Road played for dancing. Cocktails were catered by Herbie Miller, and the buffet by Rohmer's Restaurant. The four tiered white wedding cake, decorated with yellow roses was cut by Betty Rose Walterschied. The German chocolate groom's cake was baked and decorated by the bride and her mother and cut by Margie Neil, groom's cousin. Cake servers were Nancy Walterschied, Carol Walterschied, Connie Stoffels and Renee Rohmer.

Decorations in the Community Center enhanced the candlelight dinner. Guest tables were arranged in a fan-shaped pattern, meeting near the two-level, long buffet table.

The rehearsal dinner, hosted by the groom's parents, was held in Rohmer's Restaurant. A brunch honored the bride, her bridesmaids and mothers of the couple, in the home of Mrs. Raymond Walterschied, with Mrs. Hank Walterschied as hostess.

The bride is a graduate of Sacred Heart School and is a waitress at Rohmer's Restaurant. The groom is a graduate of Muenster Public High School and is a

—Mathews Photographers salesman at Hennigan Auto Parts, Inc. Both attended Cooke County College.

Out of Town Guests

Among guests from out-of-town were Father Jerry Mosman of Henrietta, Dr. and Mrs. Jean Gebman and Mike and Ryan of Santa Monica, Calif., Sean Johnson of Davis Calif., Alma Hennigan of Rancho Palos Verdes, Calif. Mr. and Mrs. Bill Neil and family of Grass Valley Calif. Mr. and Mrs. Ed Baca of El Paso, Mr. and Mrs. Frank Hennigan of Albuquerque.

Also grandmothers of the couple, Mrs. H.P. Hennigan of Fort Worth and Mrs. William Sandmann of Lindsay. Others were June and Mark Stoffels of Irving, and Messrs. and Mmes. Kenneth Atkins of Denton, Hank Trachta of Denton, Melvin Chambers of Sherman, Tom Hennigan of Lawton, Morton Wright and family of Irving and Randy Ganzer of Denton.

Also Mike Corley and Alice Smith of Greenwood, Mrs. Kenneth Hall and Larry and Heather of Lawton, Steve Rohmer and Dwayne Rohmer of St. Louis, Ida Rohmer of Fort Worth, and Mr. and Mrs. Karl Atcheson of Slidell and guests from the Cooke County area.

Harvey Wilson, 55, Of New York Dies

Harvey Wilson, 55, of Syracuse N.Y. died on August 10. He was born in June 1924 in Messina, N.Y. and was the husband of the former Irene Lutkenhaus, former Muenster resident and daughter of the late Mr. and Mrs. George Lutkenhaus. They were married in May 1966.

Other survivors are his father, one brother, three sisters and several nieces and nephews. The funeral Mass was held in the Catholic Church at Hopkinton, N.Y.

Wilson was employed as a payloader operator at Saunders Sand and Gravel Co. in Syracuse. He was a brother-in-law of Gus Lutkenhaus, Mrs. Louis Sicking and Mrs. Henry Sandmann. Attending the rites were Mr. and Mrs. Henry Sandmann of Valley View, Gus Lutkenhaus and Walter Lutkenhaus. A memorial Mass was held at St. John's Church in Valley View Sunday evening. All local relatives and a number of friends attended.

Busy Weekend

Mr. and Mrs. August Fleitman and children enjoyed a busy weekend before the rapidly approaching opening of school. On Saturday, August 11, they were in Gainesville to see Mrs. Fleitman's nephew Troy Zackery off on Am-track to St. Mary's, Kansas where he will attend high school at St. Mary's Academy. Also there were Troy's parents, Mr. and Mrs. Jackie Zackery and Rexann of Denton and an aunt, Laverna and uncle Mark Richardson of Gainesville. Later, the Fleitmans, and Mark and Laverna went to DFW to meet their mother, Mrs. Pearl Richardson when she returned from a vacation visit in Indiana. On Sunday they all went to Six Flags.

The house agent decided that he had better be quite frank with his latest clients. "Of course," he began, "this house has one or two drawbacks which I feel I must mention. It is bounded on the north by the gasworks, on the south by a paper mill, on the east by a vinegar factory, and in the

west there is a glue-boiling establishment." "Good heavens!" gasped the husband. "What a neighborhood!" "Quite so," replied the agent. "But there are advantages. The rent is cheap, and you can always tell which way the wind is blowing."

IT HAPPENED 40 YEARS AGO

August 11, 1939

Work begins next week on building for FMA, store business will be suspended for about six weeks. Farmers beat city men in softball game for cemetery benefit. County beer election is postponed until August 19. City's new water well is good for 60 gallons a minute. Paul and Urban Endres entertain members of the motorcycle Club with a chicken fry. More than 1000 persons attended a good will program given here on the softball field Friday night by Gainesville Chamber of Commerce and Young Men's Civic League; Muenster's Mayor Ben Seyler is one of the speakers asking visitors for good will vote to help legalize beer. Joe Haverkamp loses barn and contents in fire. Mrs. Clem Hofbauer is recovering from surgery.

35 YEARS AGO

August 11, 1944

Funeral services are held Monday for Mrs. Henry Trachta. Cpl. Cecil Cole, 32, is reported missing in action in France. Mrs. Mary Albers dies at Lindsay. Ralph Schumacher and Billy Seyler are seriously injured in car accident Tuesday afternoon. S.Sgt. Leo J. Haverkamp, writing from France, tells about shooting down several German planes with his AA guns. Mr. and Mrs. Harry Otto announce the arrival of a daughter. Mary Walterscheid and Mike Schilling exchange nuptial vows. Grain and hay valued at \$1500 was lost in a fire that destroyed the barn on the Andress farm north of Muenster Sunday morning. Pat Hennigan, Maurice Pagel and Lambert Bezner are in the service in Hawaii.

claims John Walterschied, pioneer Muenster resident. Plans progress for construction of FM road south of town. City Council appeals for bus stop here. Anthony Luke is attending night music classes in Dallas this week. Paul Luke of Lone Oak spent the weekend here. Leo Becker is at home on leave before going to Japan. The Henry Huchtons have returned to Muenster after living in Waureka, Okla. The Earl Fisher family returns from a vacation visit in Canyon with her parents. Haverkamp Well Service truck and machinery is damaged by fire. The Bruno Zimmerers announce the birth of a son.

25 YEARS AGO

August 13, 1954

Rev. Joseph Fuhrmann is named principal at Laner High School in Fort Worth. Infant son of the Weldon Bezners dies shortly after birth. New homes for Ed Hess and Leo Sicking are under construction. Two gunmen invade Lawrence Sicking home and demand meal. The Leo Schmitt family moves to Bonners Ferry, Idaho, to make their home. Engagement of Vicki Kuntz and Hubert Bezner is announced. Four former Muenster girls will observe jubilee at Jonesboro; the 25-year nuns are Sisters Imelda Pels, Frowina Hacker, Thomasina Walterscheid and Aloysia Kleiss. Dickie Cain has emergency operation for appendicitis. Mr. and Mrs. Marty Klement announce the arrival of Karl.

20 YEARS AGO

August 14, 1959

Muenster's local option election on legalizing beer, wine and liquor will be held Saturday, Sept. 5. Muenster schools set August 26 for opening date. Sam Richey of Marysville dies at age 88. Football practice begins Monday at Sacred Heart School. Opening date for dress factory is advanced to mid-September. Joseph Mosser, 73, formerly of Lindsay dies in Durant, Okla. School starts at Lindsay on Aug. 31. LaVerna Hess and Angelo Nasche marry. The Arnold Rohmers and family have returned from a trip to Arkansas. Mrs. Frank Swan Jr. and children of California are visiting in Cooke County. Muenster swim pool shows \$80 profit in July. Local firemen will sponsor Labor Day picnic as a benefit. Mr. and Mrs. Joe Schmidkofer return from 6-state 2300 mile trip.

15 YEARS AGO

August 14, 1964

Death ends illness of Sam Tuggle, 73. Heat wave is eased by mild norther...still no rain. Dr. Hejduk will begin practice here Saturday. New grandstand nears completion at Muenster High. New homes are started for the H.J. Fuhrmans and the Henry Grewings Jr. Work on the Joe Bernauers' new home is finished outside. 12-teacher staff is complete for Lindsay school. Miss Layuna Hicks returns from world tour. Tim Mosman ends overseas leave and is headed for Africa. Gloria Yosten begins training as hostess for American Airlines. LaQuita Sandmann and Leon Neu marry. New arrival: a daughter for the John Kelleys.

10 YEARS AGO

August 15, 1969

Muenster Public School board adopts \$234,671 budget. Garbage disposal opinion survey brings 35 replies...two to one for voluntary system. Faculty is complete at Muenster High...Juanita Bright will teach music and band. Father Vincent Orth, 81, dies. Heart attack is fatal to Mrs. J. H. Payne, former resident. Football practice begins Friday for Tigers; Monday for Hornets. Hospital Auxiliary finishes x-ray project. Jackie Wimmer and Bobby Joe Hanna marry in Dallas. Maureen Evans and Richard Gross marry at Pilot Point. VFW Post earns three certificates for service the past year. Forestburg greets 200 at Homecoming. Earline Otto and Danny Dennington say wedding vows. Nita Walterschied is bride of James Fleitman. Brother Thomas Moster and James Moster make a flying trip to Europe. New arrivals; boys for the August Fleitmans, John Henry Strenge and Donald Hennigans.

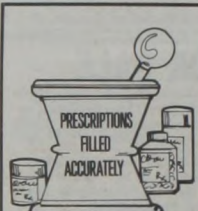

5 YEARS AGO

August 16, 1974

New milk plant will triple AMPI capacity; it is intended to have the new facility in Muenster ready for operation by April or May 1975. Local schools enroll 745; 27 under last year. Final rites are held for George Jetzelsberger, 64. Burial is held at Marysville for Mrs. Nathan Whitt. AMPI expansion includes solution to sewer problems. 45 eager Hornets report for first football practice. Forty boys report for Tiger workout. Rain measure is 1.18 inches. Jaycee change annual fish fry

to chicken fry. Three Sacred Heart 4-Hers win on record books in district. County Fair will show next week. Local fireman Earl Fisher and Ed Endres get service awards for 24 years of service and Alvin Hartman for 23. German visitor, Karl Buck, elementary teacher, is guest of Urban Endres two weeks. Mrs. Frank Weske, 90, former Muenster resident dies in Arizona. Miss Pat Arendt becomes bride of Steve Zimmerer at Lindsay. Sister Barbara Fuhrmann makes first vows as nun. Patsy Spaeth and Eddy Henry marry at Gainesville. Mona Voth married Stan Ford in Denton. Trish Yosten and Tommy Baker marry in Fort Worth. New arrivals: a boy for the Henry Poppes.

The road runner, a cuckoo famous for its ability to kill rattlesnakes, is also known as the "snake-eater."

Oil and Gas Production Nets \$42.6 Million to Cooke County

The sale of crude oil and natural gas from Cooke County wells in 1978 boosted the county economy and accounted for \$42.6-million of the \$17.1-billion value placed on Texas production last year, according to Texas Mid-Continent Oil & Gas Association.

In a report on the economic impact of oil and gas industry operations in the top producing counties of Texas, the Dallas-based Association said the county ranked 88th among the 202 counties having marketed production valued at \$100,000 or more, not including the sale of natural gas liquids.

The county's wells produced 4.5-million barrels of crude oil, valued at \$41.4-million, and 1.2-million Mcfs of natural gas, valued at \$1.2-million. Owners of royalty in the county received \$5.3-million as their of the output, the Association said.

"Considering the shortfall in total U.S. petroleum production relative to our nation's energy needs, production from every Texas county is more vitally important today than ever before," said the Association's president, H.B. (Hank) Harkins of Alice, an independent producer and drilling contractor.

In addition to paying local, county, and state property taxes, producers in the county also supported state government through production tax payments estimated at \$2,000,000, according to the Association. Crude oil taxes amounted to \$1.9-million, while natural gas levies totalled \$92,000.

Based on Texas EMPLOYMENT Commission figures, some 843 oil and gas industry employees in the county received wages of about \$10.4-million in 1978.

In the search for new petroleum reserves in the county, oil and gas operators spent a reported \$4.8-million in the drilling of 91 wells, including eight wildcat, or exploratory, wells. This effort resulted in the completion of 50 oil wells, although some \$2.2-million was lost in the drilling of 41 dry holes.

Petroleum processing also contributed to the count economy, with two natural gasoline plants, having a total daily capacity of 27.5-million cubic feet of natural gas, and one petrochemical plant, in operation.

Electricity and water don't mix. NEVER place a radio or other electrical appliance near the bathtub or touch it with wet hands while standing in water or on a wet floor.

Store valuable family papers in a safe, easy-to-find, and easy-to-reach place. Let someone you trust know where to find these papers should the need arise, the specialist recommends.

At the center of attention during the August birthday party at St. Richard's Villa were Mrs. Elizabeth Neu, 108, and her nephew John Schmitz, 93. Sharing the party with them were Mrs. Bess Orrell and Mrs. Mary Griffin. See additional story elsewhere in this paper.

—Staff Photo

Elizabeth Neu Observes 108th

Mrs. Elizabeth Neu of St. Richard's Villa was honored twice in observance of her August 21st birthday when she will reach her 108th year.

The first party was on August 2 when August celebrants and residents were feted at St. Richard's. Center of attraction was "Granny" Neu and sharing the limelight was her 93 year old nephew, John Schmitz. Others honored in August were Mrs. Bess Orrell and Mrs. Mary Griffin.

The large number of guests included Mrs. Elizabeth Neu's daughters, Mrs. Catherine Hermes and Mrs. Margaret Kupper and husband John, granddaughters Mrs. Joan Walterscheid and children and Mrs. Betty Rose Walterscheid and children. She baked and decorated the cake, ornamented with candle-topped numerals "108."

Other guests were Mr. Schmitz's daughters, Mrs. Marcie Wilde and Mrs. Gertrude Horn, who baked her father's cake. Children and grandchildren present included the Chris Cains and children of Lake Murray Village.

Attending to observe Mrs. Orrell's birthday were her daughter Helen, Mrs. Jimmy Steadham who baked the cake for her grandmother.

Mrs. Eula Grace Cain was assisted in serving home

made peach ice cream, cake, punch and coffee by Mrs. Steadham and staff members Mrs. Wanda Bradley LVN, Mary Alice Bayer, Diane Steadham and Rosa Driever.

The Cross Country Band furnished music. There were special numbers, group singing and dancing. John Schmitz won the "best dancer" prize: Joe Knabe was not present and unable to compete.

The second party honoring Mrs. Elizabeth Neu was last Sunday at St. Richard's Villa. Attending and bringing a decorated birthday cake were a daughter and son-in-law, Mr. and Mrs. Joe J. Neu and grandchildren and great-grandchildren Mr. and Mrs. Raymond Hoenig and family of Lindsay, Mr. and Mrs. James Bayer, Sandra Bayer, Mr. and Mrs. Jim Bayer, Chris Bayer and Sandra Hall of Gainesville and Mr. and Mrs. Wilfred Bindel of Muenster.

They also had good wishes for John Schmitz of St. Richard's Villa, whose 93rd birthday is approaching August 19. He is a nephew of Mrs. Neu and a cousin of some of the guests and was a long-time neighbor of the Neu family in Lindsay.

Will Rogers on newspapers: "The funnies occupy four pages of the paper and editorials two columns. That proves that merit will tell."

Reunion Held by Schilling Family

The annual Schilling reunion was held on Sunday, August 12 at the Mike Schilling Lake. It was a covered dish event and was attended by a large number of descendants of the John Schillings. Many group and family pictures were made and there was a lot of "remembering when."

Mr. and Mrs. Carl Schilling were in charge of plans for the reunion this year. Among those attending were Mrs. Jennie Schilling of St. Richard's Villa, and Messrs. and Mmes. Leroy Sandmann and Chad, Cory and Kyle; Tommy Herr and Sherri, Brian and Darrell; Allen Truebenbach and April; Robert Walterscheid and Leigh and Allison; Danny Yosten and Wendi, Jeremy and Brad; Earl Koelzer, Jr.

Also Messrs. and Mmes. Bill Dangelmayr and Janet and Shawn; Duwayne Schilling and Kelly, Tina, Cindy, Erica and Bradley; Anton Fleitman and Virginia, Theresa, Melvin, Alfred, Donnie, Agnes, Nancy, Susie, David and Karla; Eugene Fleitman and Tony and Lacrisa; Paul Hermes and Weldon and Charlie; Earl Koelzer, Sr. and Molly; Louis Koelzer and family; Sonny Walterscheid and Reneta, Shellie, T.J. and Lydia.

Also Messrs. and Mmes. Patrick Fleitman, Albert Schilling, Frank Schilling, Joe Pelzel, Arnold Schilling, Carl Schilling and A.J. Schilling.

Also Dale Schilling, Melvin Schilling, Alcuin Schilling, and Jim Koelzer and Carol Grewing; Mike Schilling, Karen Schilling and Dickie Moster.

Those attending came from Seymour, Carrollton, Nocona, Denton, Gainesville and Muenster.

Mr. and Mrs. Earl Koelzer, Sr. will be in charge of plans for the Schilling reunion in 1980.

The judge said to the accused, "We have five witnesses who say you stole that car."

"Is that so? I can bring you 20 witnesses who didn't see me take it."

Hartmans Tour Five European Countries

Mr. and Mrs. Alvin Hartman have returned from a tour of five European countries where they spent fifteen days seeing Holland, Germany, Switzerland, France and England.

Among many highlights was a visit in Goppingen, Germany with relatives, Hugo Hinderberger and his son and family, Mr. and Mrs. Roman Hinderberger and Ursula and Roman. Ursula visited in Muenster last November with the Tony Felderhoffs.

The Hartmans also visited the childhood farm home and parish church of her grandfather, the late Joseph Dangelmayr. Family kin still live there. They also visited with Maria Kottman, her daughter Elizabeth, her sons Edmund, and Euzen and his wife Inge and grandson Joachim.

The Hartmans flew from Houston International Airport on July 25, after driving from Muenster with Monica Hartman, Carolyn Luke and Sandy Voth, who continued their vacation for several days. Meeting their return flight were Mr. and Mrs. Tom Joy and children Preston, Mary Elizabeth and Jonathan, where they visited for two days. In Dallas they were met by Mr. and Mrs. Eddie Stock of Mesquite who brought them to Muenster and spent the weekend.

There are more elk and deer in the U.S. today than there were in 1900, according to National Wildlife magazine.

In Colorado for Golden Wedding

Mr. and Mrs. M.F. Milner of Muenster and their daughter Mrs. Margaret Haynes of Saint Jo were in Colorado last week to attend the golden wedding anniversary of Mr. and Mrs. Pete Dickman of Penrose, CO. Mrs. Milner and Mrs. Dickman are sisters.

In Boulder they visited Mr. and Mrs. J.B. Busch. Mrs. Busch is Maurice Milner's sister.

Earlier this month, John Milner of East Moline, Ill. spent four days visiting his grandparents, Lt. Col. and Mrs. Lyle Kleinjan of Sherman and Mr. and Mrs. Milner to observe his 16th birthday on August 4.

Freezer Jam: For Today And Tomorrow

Capture the flavor of rosy-cheeked fresh peaches in a no-cook Peach-Orange Clove Jam with liquid fruit pectin. It's the addition of commercial fruit pectin that assures a good "set." No need for special containers, because this prepared recipe can be frozen in reusable plastic containers with tight-fitting lids. Freezer jam can be kept in the freezer up to six months. Jam, either freshly made or thawed from freezer storage, can be stored in the refrigerator up to three weeks.

- Peach-Orange Clove Jam**
- 2-1/2 cups prepared fruit (about 2 lb. fully ripe peaches)
 - 1/4 cup orange juice
 - 1 tablespoon grated orange rind
 - 3/4 teaspoon cloves
 - 1 teaspoon ascorbic acid crystals (optional)
 - 6-1/2 cups (2 lb. 14 oz.) sugar
 - 2 tablespoons lemon juice
 - 2 pouches Certo fruit pectin

First prepare the containers. Use only containers 1 pint or less in size that have tight-fitting lids. Wash, scald and drain containers and lids, or use automatic dishwasher with really hot (150° or higher) rinse water.

Then prepare the fruit. Peel, pit and grind or chop very fine about 2 pounds peaches; measure 2-1/2 cups into large bowl or pan. Add orange juice, orange rind, cloves and ascorbic acid crystals to fruit.

Then make the jam. Thoroughly mix sugar into fruit; let stand 10 minutes.

Add lemon juice to fruit pectin in a small bowl. Stir into fruit. Continue stirring about 3 minutes. (A few sugar crystals will remain.) Ladle quickly into containers. Cover at once with tight lids. Let stand at room temperature until set (may take up to 24 hours); then store in freezer. If jam will be used within 2 or 3 weeks, it may be stored in the refrigerator. Makes about 7 cups or 7

(8 fl. oz.) containers. **Blender Method.** Place a few pieces of fruit at a time in electric blender container so blades are just covered. Cover and turn control from off to low several times until fruit is chopped or ground as specified. (Do not puree.) **Note:** Ascorbic acid helps maintain color and flavor of fruit; purchase at local drug store.

To hold this down...

(your electric bill) turn this up...

(your thermostat)

Many thousands of Texas Power & Light customers enjoy the comfort of air conditioning in their homes and for most it is the biggest factor in their electric bills during the summer months.

If your home is air-conditioned, you can hold down your electric bill by turning up your thermostat. On whole-house systems, set the thermostat on 78° or higher. On window units, adjust the cooling control to maintain a room temperature in the upper seventies. Turn the air conditioner off if you're going to be away from home for several days or longer.

Check filters every 30 days. Replace dirty disposable-type filters: clean permanent-type by manufacturer's directions. Keep furniture and draperies away from air outlets and returns: clean grills often. Close draperies and blinds to keep out direct sunlight. Keep fireplace damper closed.

Replace worn or missing weatherstripping and caulking around windows and doors. Ask an insulation dealer or a TP&L Service Representative to help you make certain your home is adequately insulated.

Football Injuries Can Be Cut

New rules and better equipment are slowly decreasing injury rates for Texas high school football players. But parents, players and coaches can do more to prevent injuries that occurred to more than 6,100 players in 1977.

About 7 percent of high school players were injured in 1977, compared to about 10 percent in 1973, said Bill Farney, state athletic director of the Interscholastic League.

Hopefully new rules will continue to reduce injuries. One new 1979 rule is designed to reduce knee injuries by regulating blocking below the waist, Farney said in the August issue of Texas Medicine, the Texas Medical Association's monthly journal.

Parents, coaches and players need to make sure such rules are followed in order to decrease knee and other major categories of injuries such as ankle and shoulder injuries. Jerry Julian, M.D., chairman of TMA's Committee on Athletics, said heat-related injuries also are a major source of problems, including death.

Few official rules protect players from heat problems so parents, coaches and players have to use common sense. The National Federation of State High School Associations says some steps to avoid heat illness include scheduling practices during cooler periods of the day, drinking lots of water during practice, providing rest periods of 15-30 minutes during one-hour workout and cooling off immediately when signs of heat stress appear. Symptoms can include fainting, nausea, weakness, con-

fusion, and headache. Heat stroke, the most dangerous form of heat illness, has a major symptom that should be a signal for immediate first aid action. When the victim stops sweating and the skin is flushed and dry, cool the person down immediately and get medical help.

Football enthusiasts need to be alert to prevent other problems. Spear tackling is one especially tempting but dangerous practice. It is illegal for players to spear-tackle and otherwise use their heads as battering rams because they risk serious head and neck injuries. These injuries cause many of the deaths that occur when playing football.

Dr. and Mrs. Jean Gebman and children Ryan and Michael returned to Santa Monica, CA. on August 14. They were guests of her parents, Mr. and Mrs. Pat Hennigan Sr. and Joe since July 28 and attended the wedding of her brother Tom to Lora Rohmer on August 4.

Mr. and Mrs. Malcolm Dennis of San Antonio visited her parents, the Wilfred Bindels last Sunday and took their baby daughter home with them after she spent a week with her grandparents. Mr. and Mrs. Dennis were in Atlanta, GA. to attend a convention for five days.

Mr. and Mrs. Jack Needham of Wichita, Kansas spent last weekend with his mother, Mrs. Ruth Needham.

Mr. and Mrs. A.J. Schilling of Seymour were guests of relatives here and attended the annual Schilling reunion Sunday.

Mrs. Joe Hess fell at her home on Friday, August 10, breaking three ribs. She is wearing a brace which will probably be her summertime "luck" for about 6 weeks.

Tips on Conserving Water

Water becomes a precious commodity when it is scarce.

However, when water supplies are abundant, less thought is given to water-use habits, the specialist points out.

The American Water Works Association estimates over-all residential water use at 60 gallons per person per day, so even a 10 percent per capita reduction would result in a daily savings of a billion gallons.

A water-use study-conservation project revealed that water use was significantly reduced by 25.6 percent in households sampled, Mrs. Granovsky reports.

The reduction was attributed to the installation of toilet tank mechanisms designed to conserve water and to simple water-use changes adopted by households.

Eighty percent of the households reported making changes in their water-use habits. They mentioned the following changes:

- reduced amount of running water in sinks
- reduced lawn and garden watering
- used dishwasher only when full
- washed only full loads in clothes washer
- took shorter showers
- repaired leaks and drips
- flushed toilets less often
- turned off faucet when brushing teeth
- used less water in bathtub
- washed car less often

A conscious effort is required to change water-use habits, but repairing leaks and drips saves water without changing habits, the specialist continues.

Consider the toilet. Each toilet flush uses from five to seven gallons of water.

Check the toilet to see if water leaks after flushing. Two hundred gallons a day

can seep from tank to bowl if there is a leak.

To check for a leak, put a small amount of food coloring into the tank. If the color trickles into the bowl, there is a leak that needs repairing.

In buying a new toilet, look for a "low volume" model, she recommends.

Reduce the amount of water used in an older toilet by placing a plastic milk or detergent bottle filled with water and extra weight like sand or gravel into the toilet tank. The amount of water saved will be the same as the volume displaced by the plastic container.

Direct Deposit of SS Checks Urged

A growing number of people getting social security and SSI checks are discovering the advantages of direct deposit. Nearly one-fourth of the 35 million people getting retirement, disability, and survivors checks now have their benefits sent directly to a bank, credit union, or other financial organization. Many of the 4.2 million people getting supplemental security income (SSI) checks also do this.

There are several advantages to direct deposit: no lines to stand in, no waiting, no worry, and no problems cashing checks.

If you are getting social security or SSI payments and want to sign up for direct deposit, ask at YOUR bank or other financial institution for form SF-1199. Completion of form SF-1199 only authorizes deposits into your account. Only you or those authorized by you can make

withdrawals.

Even though benefits no longer come where you live, you must still promptly notify social security if you change your address. This is because important information may be sent to you from time to time.

If you decide to close your account at the bank or other financial organization where you have direct deposit, be sure to let social security know as soon as possible where you have direct deposit, be sure to let social security know as soon as possible where you want future checks sent. This will reduce the chance of a delay in one or more payments during the changeover.

Mrs. Ceil Perryman and Shelley made a run over to Bowie Monday August 13th

and while there they visited with Mrs. Joe Denham.

Mr. and Mrs. Ted Jackson jumped in their "little" yellow blitz-buggy Sunday

August 12 and headed it towards Fort Worth where they visited with Ted's brother and wife, the W.G. "Hob" Jacksons and with a nephew—Wink and Peggy Steen.

Paula Hudspeth and friend Charles Barber of Wichita Falls spent the weekend of August 10 visiting her parents, the Clifford Hudspeths.

Perryman and I were in Bowie Saturday August 11 to visit his mother Mrs. Joe Denham. Perryman took in the Flea Market while in Bowie, and he says it is really something else since it has moved out of the town area. He said, "You name it and you can find it there."

News is somewhat on the

Log church is museum at Wesley

Texas Travel News WESLEY—The log church in this Washington County town is a museum now, a reminder of the first Czech-Moravian congregation in Texas.

As Myra Hargrave McIlvain recounts the story, the Rev. B. E. Laczaj began serving the Wesley Brethren fellowship in 1888. He decided the one room structure needed decorating. His clever use of colors and lines achieved a three-dimensional effect. His work ended with his death in a hunting accident in 1891. His actual intent for the designs is not known, yet the total effect is inspiring. Ms. McIlvain has written.

Czech fugitives from religious persecution began arriving in Texas in the 1850s, 10 to 15 per cent of them belonging to the Protestant faith. Most of these settled in Veseli, later changed to Wesley, Ms. McIlvain says.

Hand-hewn logs were hauled in ox carts from Galveston in 1866 to build the meetinghouse.

The old church is adjacent to the new sanctuary, built in 1963. It is on FM 332, 10 miles southwest of Brenham.

Karla Sue Yosten of Denison and DanPer Russell Stevenson of Dallas will be married on Saturday, September 8 in Sacred Heart Church. Their engagement and approaching marriage have been announced by her parents, Mr. and Mrs. Lee Roy Yosten of Muenster. His parents are Mr. and Mrs. James Stevenson of Sherman. The bride-elect is a registered nurse, receiving her degree from Grayson County College in May 1977. The future-groom received his Bachelor of Science Degree from the University of Illinois in May 1977 and is an electrical engineer employed by Texas Power and Light Company. They will reside in Dallas.

Rusty Reid and Monnie Arrington Say Wedding Vows

The wedding of Monnie Fay Arrington of Gainesville, daughter of Mr. and Mrs. Ray L. Arrington, and Rusty Lynn Reid, son of Mr. and Mrs. Lavonne Reid of Muenster, was held on Saturday, August 4 at 4 p.m. in the home of the groom's parents. Rev. John Sconce, Baptist minister and cousin of the groom officiated in a setting of yellow mums and ivy arranged in the living room.

The bride was given in marriage by her brother, Ray Arrington. She was attired in a white chiffon gown of empire design, and trimmed with French lace. Her wide brimmed hat was trimmed with velvet ribbon. She carried a bouquet of yellow American silk roses and blue daisies, white babies breath and blue and yellow streamers tied in lovers knots.

Joyce Arrington of Gainesville was her sister's maid of honor. She wore a formal blue floral dress and carried a long stemmed yellow silk carnation with babies breath and ribbons. The groom's father was his best man.

The reception was hosted by the groom's parents. Guests were registered upon entering the home, at a table covered with lace over yellow silk.

The bride's table, covered with white linen, held the two tiered wedding cake, decorated with blue and yellow roses, bride's chosen colors.

Reception assistants were the groom's sister, Laneta Martin, Roxanna Russell, Mechal Reid, Rebecca Arrington, bride's sister served punch from a cut glass bowl, a treasured Reid family heirloom.

The couple is at home in Muenster.

Forestburg FFA Starts New Year

The Forestburg FFA chapter held its organizational meeting for the '79-'80 school year on August 6 at Forestburg High School.

FHA officers are Becky Putman president, Leann Hays vice president, Vatori Dill secretary, Jacqui Monroe treasurer, Carol Maughan reporter, Debbie

Tippton parliamentarian, Roxanna Andrews recreation and public relations chairman, Mrs. Joann Sicking advisor.

During the meeting on August 6 activities were planned for the coming year, monthly meeting dates were set and an officers meeting was scheduled for August 13.

125 Attend Myra Watermelon Social

The annual watermelon social sponsored by the Myra Community Improvement Club was held last Sunday evening at the Myra Park. About 125 area residents and guests attended and enjoyed cold watermelon and cantaloupe. Entertainment was provided by Paul Rennels, Jessie Zumwalt, Roland Serna, Barney Reid and Andy Serna until 9 p.m. Co-chairmen of the event were Ray Sicking and Larry Vogel.

That delicious-looking piece of watermelon claims the attention of B. C. Rosson at the Myra Watermelon Social Sunday evening. He was among about 125 who attended. —Janie Hartman Photo

Hennigan Reunion Held in City Park

A reunion of children, grandchildren and great-grandchildren of Mrs. Henry Hennigan of St. Frances Village, Fort Worth, and the late Mr. Hennigan, was held on Sunday, August 5 in the Muenster City Park.

Noon and evening meals were served and there was much reminiscing. The children enjoyed playing in the park, swimming and tennis.

All family members were together the evening before, for the wedding of Tom Hennigan and Lora Rohmer.

Attending Sunday were Mrs. H.P. Hennigan, Mr. and Mrs. John Mosman; Mr. and Mrs. Andy Johnston (Rose) of Danville, Ca.; Mr. and Mrs. Frank Hennigan of Albuquerque; Mr. and Mrs. Bill Neil (Therese) and children Danny, Joey, Margie, Therese, Patty and Jeannie of Grass Valley, CA.; Alma Hennigan of Rancho Palos Verdes, CA.

Mr. and Mrs. Ed Baca (Rita) and family Brenda, Karen, David, Michelle, Danny and Mark of Santa Fe and Brian Baca of El Paso; Mr. and Mrs. Pat Hennigan Sr. and sons Joe and Tim Hennigan, Mr. and Mrs. Mike Hennigan and Michelle and Mindy all of Muenster.

Also Mr. and Mrs. Pat Hennigan, Jr. and Melissa and Stacy of Gainesville; Dr. and Mrs. Jean Gebman and Ryan and Mike of Santa Monica.

Unable to attend to complete the family circle were Mrs. Benny Montoya (Martha) of Albuquerque, and Mrs. Marvin McColpin (Mary Nell) of Indianapolis.

Most of the brothers and sisters visited for about a week in Muenster, their old hometown, and at St. Frances Village near Fort Worth.

Visits In Indiana

On Sunday, August 5, Mr. and Mrs. August Fleitman and Melinda of Muenster, accompanied by LaVerna and Mark Richardson of Gainesville took their mother Mrs. Pearl Richardson to DFW to leave for Indianapolis, Ind. she was met at the airport there by a son-in-law and daughter, Mr. and Mrs. Robert Bush to spend a week with them at their home in Rochester, Ind. The Fleitmans and Richardsons stopped in Denton with Mr. and Mrs. Jackie Zackery to visit before returning home.

The muskrat often builds bank burrows with underwater entrances. The home burrow may be complicated structure, with several passages and a nest chamber. Antelope fawns develop faster than deer fawns. When only a day or two old, they can run at speeds up to 25 miles per hour for short distances.

NOTICE

The Muenster

Independent School District

in accordance with the provision of Article 7244C, V.T.C.S. has calculated the tax rate which may not be exceeded by more than three (3) percent without holding a public hearing as required by Article 7244C, V.T.C.S.

**That rate is as follows:
\$1.50 per \$100 of assessed value**

Explanation of Above Notice

The intent of the Muenster I.S.D. board of trustees regarding taxes for next year is to leave the rate the same as last year. Although Muenster I.S.D. has suffered losses under the Tax Relief Amendment due to exemptions being granted, and Muenster I.S.D. is assured of only 45% reimbursement of those losses by the State,

The Muenster I.S.D. Board will not increase the tax rate this year.

their football injuries repaired.

The newest patient is Charlie Waters who had his knee badly hurt in last Sunday's game at Seattle. Lesser troubles were Danny White's broken thumb and Tony Dorsett's broken toe, which happened to be caused by a falling mirror rather than a football action.

Kirk Mollenkopf and Mark Nasche recently completed two weeks of professional training at the Armstrong

Regional Installation School at Dallas. The course was in all aspects of resilient floor covering installation, including floor preparation, tools, adhesive, pattern matching, scribing, seam cutting and seam sealing.

Mr. and Mrs. J. A. Klement were in Fort Worth last Friday night to attend graduation ceremonies at TCU when their daughter, Mrs. Joan Schleicher, received a masters degree in home economics. The Klements were over night guests of the Schleichers.

An optimist starts working on a crossword puzzle with a fountain pen.

Diamond Anniversary For Iced Tea

This year marks the 75th anniversary of the "invention" of iced tea. It happened like this: a young Englishman was promoting tea from the Far East at the St. Louis World's Fair. But because of the summer heat, the fairgoers lost all interest in the steaming hot drink being served at the Tea

Pavilion. So the enterprising entrepreneur poured the hot tea over chunks of ice in tall glasses. People liked the amber-colored beverage, found it refreshing and thirst-quenching, and before you knew it, iced tea was on its way to becoming the Number One summer cooler.

Of course, back in 1904 iced tea could be made only one way—brewed with loose tea leaves. Today we can use loose tea leaves, teabags, instant tea or the iced tea mixer.

St. Anne's Has Supper Meeting

A covered dish supper preceded the August business meeting of the St. Anne's Society on Sunday, August 5 at 7 p.m.

Mrs. Denis Walterscheid presided; Mrs. Leo Henschel gave the treasurer's report; Mrs. Harold Knabe presented minutes; Lu Vogel and Mrs. Joe Hoenig thanked members for donations to the Wednesday afternoon parties for the Rest Home.

Get-Well cards were sent to Mrs. Ben Luke, Mrs. Rosalie Hoffman, Mrs. James Mollenkopf, Mrs. August Walterscheid, Mrs. Will Sicking and Father Stephen Eckart O.S.B.

Mrs. Amanda Fuhrmann, Mrs. Wilfred Bindel, Mrs. Harold Knabe and Mrs. Adolph Walterscheid reported on the Catholic State League Convention. They also listed names of newly elected officers of the Women's Section, including Mrs. Elsie Grahmann president, of Hallettsville; Mrs. Harold Knabe 1st vice president of Muenster; Mrs. Marcella Kahnek of San Antonio treasurer; Mrs. Matt Lehman mission goods chairman of San Antonio; Mrs. George Beaman secretary of Windthorst.

Cards of Thanks were received from Mrs. Albert Schilling and the Charles Wimmer family for meals served on funeral days and for volunteers who assisted in care of the sick. A card was received from Mmes. Martha Beaman and Matilda Anderle acknowledging the quilt donated by St. Anne's Society and displayed at the State Convention.

The door prize was won by Mrs. Amanda Fuhrmann. Mrs. Walterscheid cautioned members to check expiration dates on Campbell soup labels and Betty Crocker coupons, to be collected at Hess Furniture, for redemption by SHS for supplies and equipment.

Twenty two members and one guest Sister Barbara Bernauer attended.

Buffaloes, like cattle, have hollow, permanent horns. Deer antlers are solid and are shed annually. Antelope shed the outer sheaths from permanent cores.

48 Teams Play in SH Golf Tourney

Forty eight teams participated last Sunday in the two man scrambles golf tournament sponsored by Sacred Heart Alumni on the Gainesville Municipal Course with Mark Hess as the chairman.

They came from Dallas, Lewisville, Sunset, Bowie, Lindsay, Gainesville, Denton, Muenster and Oklahoma.

Prizes of shag bags, beer coolers, golf balls and stak-a-pak coolers were awarded to the top three places in three flights.

The grand champs were Bill Perrin and Bob Perrin with a score of 66. Next in flight 1 were Jackie Evans and Wallace Perrin at 66, then Tom Pierce and Gary Atteberry at 67.

Flight 2 was headed by Mike Frost and Bobby Hermes with 71; Philip Murray

and Clegg Hazel had 72 and three teams scored 80 for third place tie. They were Dr. Graham and Roy Monday, Larry Wimmer and Ray Barnhill, J.W. Cash and Slim Codger. Wimmer and Barnhill took the prize by winning the playoff.

Flight 3 winners were Bo McCay and R. Cartwright with 77. And 2 teams tied at 80 for 2nd and 3rd places. By the flip of a coin Roddy and Ray Klement were declared No. 2, and Adam Wolf and Steve Hess were No. 3.

Birth

Mr. and Mrs. Wayne Reiter of Richardson announce the birth of a son, Eric Wayne on Saturday, August 4 at 12:57 a.m. in Presbyterian Hospital in Dallas, weighing 7 lb. 5 oz. He is a brother for Tiffani and a grandson for Mr. and Mrs. Wilfred Reiter of Muenster and Mr. and Mrs. Carl Keeton of Richardson. The Wilfred Reiters and son Roger were guests of the Wayne Reiter family Sunday.

Store ham, frankfurters, bacon and sausage in their original containers in the refrigerator, recommends a consumer marketing information specialist. Use within a week for best flavor.

Galveston Island is one of the most popular resorts on the Gulf Coast. Galveston Island is 50 miles south of Houston via I-45 and the Galveston causeway bridge, which stretches two miles to connect the island with the mainland of Texas. Above is a view of the city and its beach area. The center pier houses the city's fine hotel, The Flagship.

Rapids running beats Texas heat

Travel Texas Trails

By Connie Sherley
Texas Travel News
NEW BRAUNFELS—You can beat the summer heat and the gasoline shortage by bobbing down a Texas river on an inner tube.

Rapids running is a delightful, old fashioned way to spend a summer day. Some families can count five generations who have enjoyed the Comal tubing opportunities at Camp Warnecke in New Braunfels, for instance.

Mother Nature custom made the Comal for river running. The spread fed waters are cold even on the hottest Texas days. Tall trees provide shady spots along the bank. Man has added dams that generate the rapids and white water which make the river so much fun.

One minute you're quietly drifting along. Then the current catches your tube and swish down the rapids you go, bouncing and bobbing.

Suddenly you're floating with the current again toward ropes you can catch and pull yourself to the

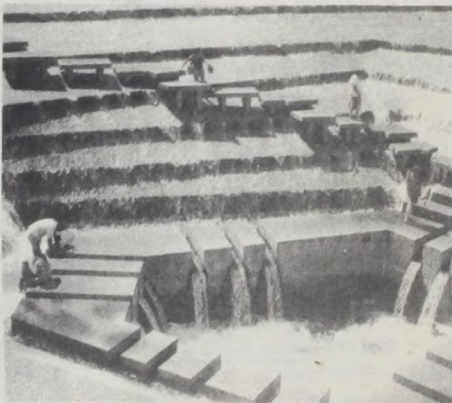

bank, so you can walk upstream for another turn.

The town of New Braunfels built a chute slide three years ago. It offers a ride lickety split around a dam and attracts hundreds of persons from early spring through late autumn.

Cost to get into the Camp Warnecke grounds is \$1 for adults and 50 cents for children under 12. A \$3 deposit is required if you rent a tube. Rental fee is \$1 for the first three hours and 25 cents for each additional hour. You also can use the picnic grounds and swimming pool.

Some stretches of the Guadalupe river also provide excellent river running, and many float down the Medina near Bandera in the Hill Country. Dude ranches there have tubes for guests.

There is some floating on the Rio Grande, too, but this usually is in rubber rafts. River trips on the border stream are arranged by outfitters at Terlingua.

The Active Pool of the Water Garden in Fort Worth, Tx., an oasis in the heart of the city.—Photo from Texas Highways Magazine.

Hospital Notes

The following patients were dismissed during the past week at Muenster Memorial Hospital.

Tuesday, Aug. 7: Raymond Davidson, Muenster; Dalton Bates and Mrs. Wm. Stubblefield, Whitesboro; Lisa Parker, Saint Jo; Keith Collingsworth, Lewisville.

Wednesday, Aug. 8: Dick Dangelmayr, Muenster; Mrs. W. R. Griffis, Saint Jo; Karen Reed Nocona; Randy Huston, Irving; Jerry Henderson, Gainesville.

Thursday, Aug. 9: Don Grewing, Muenster; Jos. M. Kirk, Carrollton; Pat Hanson, Nocona; Mrs. David Biffle, H.L. Case, Mrs. Floyd Jackson and baby girl, Gainesville; Tony Dorsett, Wylie; Purvis Scott, Mansfield; Mrs. Buford Greenwood, Forestburg; Mrs. Minnie Martin, Saint Jo.

Friday, Aug. 10: Jamie Rains, Gainesville; Mrs. Ada Stice, Whitesboro.

Saturday, Aug. 11: Larry Zimmerman, Lindsay; Faye Black, Myra; Danny White, Wylie.

Sunday, Aug. 12: Dalton Lyons and baby boy, Saint Jo.

Monday, Aug. 13: Mrs. Randy Serna, Mark Hellman and Mrs. Mary Luke, Muenster; Garland Dickerson and Karen Reed, Nocona; David Whittington and Mrs. Barry Selder and baby boy, Gainesville; Mrs. Carl Watson, Ferris.

Swim Pool Closes Aug. 26

Muenster's swimming pool will end a very successful season on Sunday, August 26. Not the best ever, according to Dan Hamric, park supervisor, but above average.

Pool personnel due the credit for the fine rating are Manager Duane Knabe and his assistants, Pattie Ferber, Cathy Flusche, Karen Koch and Carla Walterscheid.

Hamric also said that time is running out for swim parties as well as the regular pool hours. The pool is available any time except during the regular hours. That is all day Monday and before 1 p.m. and after 7 p.m. on other days. If a reservation is wanted on Monday after the season closing it can be arranged by delaying pool draining.

Charge for reserving the pool is \$10 per hour and a life guard is provided in the deal.

A major renovation of the pool is due before the next swim season. After 25 years of service pipes have deteriorated and a leak has developed. The job calls for tunneling underneath to replace the pipes.

Confetti...

Economic leaders of the country are convinced that time is wasting in the president's program to set up two more multi-billion dollar federal agencies to help the Department of Energy pull through its crisis. Their idea is simply to cut off the controls and let oil people do what comes naturally.

Another step in the right direction is to put environmental extremists and alarmists in their place, allowing coal and nuclear power to have a chance. An exasperating fact is that nuclear power is all but banned in this country whereas it's going strong in other major countries.

Correction

In last week's report on the city budget the estimate for the library was given as \$26,270. It should have read \$3,700.
