

Since the November election, more than ever before the American public is leaning toward political alignments of Conservative and Liberal rather than Republican and Democrat. In fact, we see that each of the two parties is divided and we have struggles in both as the factions try to determine which will dominate.

The GOP had quite a contest in the early part of the primaries in deciding whether its candidate would whether its candidate would be liberal or conservative, and now, since Reagan is elected, it is still concerned with how many of each faction will be in the administration. Meanwhile Democrats are facing a similar problem. They too are divided between Conservatives and Liberals and they are wondering how influence between the two groups is to be divided within the party.

The controversy hit the headlines Sunday when the State Democratic Executive Committee criticized a

State Democratic Executive Committee criticized a group of conservative Texas congressmen for their effort to get a better representation in the organization of the 97th Congress. The Democrats, headed by House Speaker Thomas O'Neill, had been potoriously partial in House Speaker Thomas O'Neill, had been notoriously partial in assigning the influential positions to liberals, and a group known as the Conservative Forum confronted him with a proposal to shift the balance of party power to the right.

City Considers Drilling Another Water Well

Looking forward to interim water needs until the city's proposed lake is finished, members of the city council Monday night took initial steps toward drilling another well. They agreed to accept a site which has been offered as a donation and asked for estimates of various expenses such as costs of right-of-way, pipe, installation etc. Cost of the well plus pump and pipe to bring water to the surface is estimated at \$20,000. Total estimate on the project is expected for

Another part of the program is the financing plan, which involves an increase of current water and sewer charges. Proposed raises which will be presented at a public hearing at next month's meeting, are as follows. Minimum: increase from \$4.00 to \$6.00 per month; next, 9000 gallons: increase from 75° to \$1.00 for each 1000 gallons; thereafter: increase from 80° to \$1.10 per 1000 gallons.

to \$1.10 per 1000 gallons.
The minimum sewer rate is to be upped from \$1.75 to \$2.00 plus a raise from 30° to 40° for each 1000 gallons of water used.

In planning the additional well, the council was aware of last summer's rationing as well as the constant possibility of a severe emergency resulting from well failure. Another consideration is the expected in-

The purpose is to pay current bills out of special revenue that is being collected by the Water and Sewer department, and from which \$1000 is transferred each month to the lake account.

Also discussed relative to city water was extension of a 6 inch water main to complete a loop in the north part of town. Its principal purpose is to assure continued service in case of a break in the water main as well as to maintain better pressure.

Parade, Drawing, Santa Welcome Yule Season

Good weather and a good attendance prevailed last Saturday as the 1980 Christmas season was welcomed to Muenster by the annual parade and drawing and Santa Claus visit. The event was sponsored by the Muenster Chamber of Commerce and Muenster Jaycees with Lupe Evans as general chairman.

Top winners at both the parade and drawing were visitors. A float, "Christmas Dreams," entered by Second Grade Bluebirds of Robert E. Lee School of

Other parade entries were Muenster Boy Scouts, Fisher Dairy, Fischer Market, Bluebirds (2 groups), MHS Hornet Band, 4th grade Campfire Girls, Saint Jo Cub Scouts, Muenster Cub Scouts, Saint Jo Riding Club and three units from the Plumlee mule farm. "The Flight into Egypt" (the holy family and a donkey) were in a wagon pulled by a team of mules. Also one mule was saddled and another hitched to a 2 wheel cart.

Two special attractions for the kids were "Wralph Wrangler" handing out Wrangler (kids wear) favors of balloons and buttons, and Santa Claus, who arrived on a fire truck and had an extended visit after the parade to take Christmas orders and give goodies that were provided by the Jaycees.

Council Considers Contract For Tax Appraisal District

The matter of a contract with the county's tax appraisal district for its services to the City of Muenster was considered Monday night at the city council meeting and tabled for further study. This service relates to valuations determined by the county-wide appraiser and used as a basis of tax assessment by all of the county's taxing entities. Before committing itself the city wants more information on the over-all operation and its share of the cost.

The council also heard two requests relative to zoning. One asked for the permit to move a metal building to Block 47 and was refused because the location is in the fire zone. According

masonry construction can be added in that area, which is a half block wide on both sides of the Highway and Main Streets.

Another request was to re-zone 4 lots of Block 66, which will be satisfied by issue of a specific use per-

Also at the meeting the council heard a second reading on annexation of property owned by St. Richard's Villa, Wendell Richey, Paul Endres and Shirley Eldred; as well as the second reading on a 35 year extension on the telephone company's franchise. Both await the third reading next month for further action.

Dallas Specialist Will Talk To PTO and Hospital Staff

Dr. Thomas Miale, M.D. Chief of Cook Children's Hospital Hematology and Oncology Section will be the guest speaker Wednesday, December 17, at 1 p.m. in the Muenster Public School Auditorium for a program sponsored by the Muenster PTO. He will also speak to the medical staff of Muenster Memorial Hospital at 2:30 p.m.

Dr. Miale, a graduate of the University of Pittsburgh, specializes in the treatment of children's blood disorders and malignancies. His department involves not only patient care, but also involvement of family, friends and school. Because the cure rate in children with cancer has dramatically increased in the past few years, the department acts on the assumption that each child involved is a longtime survivor.

Prior to coming to Cook in February 1979, Dr. Miale was Chief of the Division of Hematology/Oncology in the Department of

Pediatrics at the University of Florida College of Medicine. He has received several awards and has published numerous papers and articles in various publications concerning the treatment of children with cancer and other related topics.

Aside from his duties at Cook Children's Hospital, Dr. Miale has been instrumental in starting a summer camp for children with cancer, in the Fort Worth area; he serves as Chairman of the Board of the Ronald McDonald House of Fort Worth; he works closely with the American Cancer Society and the Leukemia Society of America. That is to process such checks through proper channels for collection, a prosecution if necessary. Procedure in the matter was not known well enough for discussion at the meeting.

three or four checks before a business man realizes he is being taken. Then the hot check writer turns to someone else and victimizes him until discovered. As long as other people don't find out he can keep writing. So the chamber proposes to get out the bad report as soon as possible and warn members whom not to trust. It's a mutual aid program, each helping the others to avoid accepting hot checks.

RELATIONSHIP OF OIL PRICES TO SUPPLIES

Prior to the passage of the Windfall Profits Tax' we tempted to point out some of the pitfalls of that tax and some the reasons why price conols should be lifted from

trols should be lifted from petroleum products.
As we stated before, in order to keep the windfall profits tax in perspective, we should pause to remind ourselves what the function of profit is. Profit plays a vital part in the proper success of the private enterprise system. It is essential to the working of the mechanism of the system. One essential need for profit

working of the mechanism of the system. One essential need for profit is the fact that more than half of a business' profit is plowed back to replace worn-out equipment with new and better equipment to build new and better plants and to create more jobs. Yes, more than half of all profits are re-invested to improve and expand production. This is what the so-called windfall profits would be used for were they not taxed away. Put plainly, the profits would be used to solve the energy shortage.

The same report states there are 3,051 drilling rigs active in the U.S. now compared with only 2,288 a year ago. That is exactly a 33 percent increase. The increase in the number of operating drilling rigs and the record breaking number of wells being drilled are a direct result of the deregulation of the petroleum industry High prices and high profits have stimulated all this productive effort. This is precisely the way the price mechanism allocates scarce resources when it is free to do so. The free price mechanism is the heart of the free market, which in turn is the heart of the private enterprise system.

And just as we predicted the industry is reinvesting its profits, and more, in the search for more oil and gas.

According to U.S. News & World Report, "The petroleum industry plans to spend more than 50 billion dollars on exploration and production inside the U.S. this year, 26 percent more than the 40 billion spent in 1979. ..."

As one who has served in public life during a period in which the United States was offered the opportunity—indeed the mandate—to design and manage a framework for post-war relations between nation states, I am both proud and humbled by our stewardship over the past 35 years and the enormity of the agenda before us.

We -- and I mean by that, all nation states -- are at a

threshold.

For a generation we have labored collectively and individually toward fashioning an international structure for peaceful intercourse among sovereign states under the ever-present shadow of conflict -- conflict which could involve the destruction of all mankind.

Involve the destruction of all mankind.

Today, however, such pride as we may take from having forestalled nuclear holocaust, must be tempered by the sobering recognition that the fundamental ideological cleavage which separates east from west makes the threat of conflict an enduring fact of life.

In the decade of the 70s we have pursued with care and good will a determined policy which sought to engage opposing states in a peaceful dialogue through which both sides could relieve tensions and lower the risk of war through miscalculation.

through miscalculation.

In gross terms we have succeeded -- there has been no war. As yet, it is clear that hopes for fundamental change in Soviet goals are ill-founded and that efforts at unilateral restraint do not elicit reciprocity. In sum, the Soviet Union will seek to expend its influence in areas ever closer to vital

U.S. and allied interests, and we ignore that at our peril.

The task before us is to assure a common allied acceptance of that fact and to get on with the firm promotion of our values and the unhesitating defense of free-world interests.

In recent years a certain ambiguity has developed In recent years a certain ambiguity has developed within the international community as to just what United States interests were. Thus as a matter of first priority, it is imperative that we in the United States restate those interests so that there will be no doubt as to our purposes and goals. In my judgment they are as follows:

- First, we must protect the United States against military attack; this is our first and foremost national interest.

- Second, we must assure our secure access to resources and overseas markets which make possible our continued economic prosperity.

Third, we have a basic interest in the security of other like-minded nations -- our allies. They, in turn, can contribute to our military security through military alliances, and to our economic well-being by

military alliances, and to our economic well-being by making available their resources and their markets for mutually beneficial trade.

Fourth, we have a fundamental interest in the freedom, independence, and peaceful development of less-developed countries so that over time, they can achieve for themselves the political and economic benefits we enjoy under democracy and free enterprise in America.

Fifth, we have a basic and enduring interest in the promotion of individual human rights in all

The task before us, then, is to chart a course which

serves these interests. Our problems are great, but our resources are greater. If we maintain sight of our objectives, we can succeed in rebuilding the capacity of the United States to play a positive role in international affairs.

Endres Baptism

Ivy Charisse Endres, infant daughter of Mr. and Mrs. Carl Endres was baptized in Sacred Heart Church on November 28, 1980 at 8 p.m. with Father Stephen Eckart officiating. Her baptismal sponsors were an uncle, Danny Endres of San Antonio and an aunt Donna Sconce of Gainesville. Ivy Charisse wore the same

christening robe as her father at his baptism. Following the Church service, the baby's parents hosted a christening party in their home for relatives of both families, including the grandparents, Mr. and Mrs. Urban Endres and Mr. and Mrs. Don Bezner. Also attending were Mr. and Mrs. Jack Endres of Austin.

Venison

Recipes.....

Venison, like domestic meat, is rich in protein, minerals and vitamins. When cooked properly, it can be one of the most delicious meats served. Venison should be cooked the same as lean beef because most game meat has little fat. The tender cuts such as the loin and rib can be fried or roasted. Round steak, meat from the leg and the less tender cuts are best when cooked by moist heat-braising, stewing or pot roasting.

The general rules to follow when preparing venison are (1) avoid overcooking; (2) use acid (marinate in vinegar, tomatoe sauce) to tenderize; (3) remove all visible fat before cooking as the gamey flavor is exaggerated in the fat; (4) moisten to prevent dryness (cover meat with strips of bacon).

of bacon).

The following recipes are easy to prepare with deer meat. Additional recipes may be obtained through the Home Demonstration Agent, Mrs. Evelyn Yeatts, Courthouse, Gainesville, Texas 76240.

Deep Fried Backstrap

Deer cut in 1 inch steaks, warm water, ¼ c. salt, flour, pepper. Place steaks in warm salted water and soak for 10 min. Drain and blot dry. Sprinkle with pepper and place in bag with flour and shake until evenly coated. Fry in deep fat at 350 degrees for 10-12 minutes.

Enchiladas

Enchiladas

I pound ground deer meat, 2 tablespoons shortening

I medium onion, 1 tablespoon chili powder, salt & pepper, 1 8-oz. can tomato sauce, 2 cups water,

I 10 Oz. can prepared chili, 12 tortillas, ¼ pound cheese, grated.

Sear meat in shortening and add ¼ cup chopped onion, chili powder, salt and pepper to taste. Add tomato sauce, water and canned chili. Simmer for 20 minutes. Heat tortillas in hot shortening, dip in chili mixture and place in large baking dish. Fill each tortilla with 1 teaspoon onion, 1 teaspoon grated cheese, and 1 tablespoon chili meat; roll. Sprinkle remaining cheese over enchilada; place in 350 degree oven until cheese melts.

Venison Chili

Venison Chili

Library News Notes Films

Mothers mark your calendars for the children's films next Tuesday, Dec. 16 at 10 o'clock at the library. We're asking for a big turnout because pictures will be taken of the group. Theme of these films is counting, rhymes and colors. "Caps for Sale" (5 min.) is a favorite with children. The book by Slobodkin is the story of a peddler and monkey and can be checked out at the library. The book "Hailstones and Halibut Bones" by O'Neill is the name of two other films to be shown next week. "One Was Johnny" is a very short film designed to help young children learn the fundamentals of counting, through the story of clever Johnny who rids himself of a whole houseful of unwanted company. Second showing of these films is scheduled for Thursday, Dec. 18 at 4 o'clock.

Library hours: Tuesday and Thursday 8:30 to 5:00.

Santa had a competitor in his meeting with the kiddies at the Christmas tree. While he was giving goodies and visiting, some of the younsters turned their attention to Wralph Wrangler (named after a brand of kids wear). Wralph was also a parade attraction, passing out balloons and buttons to kids while walking up the street. Behind Santa and Wralph and the kids here is the mural on the wall at AMPI.

Hank Bee Leo, 6 year old gelding, owned by Loyd Trubenbach, of Myra, has been selected to be the horse in the Marlboro commer-cials.

cials.

In the United States,
Hank will be seen on
billboards, in magazines and
in England, he will appear
on television in the
Marlboro commercials as

well.

When asked about Hank,
Loyd said, "I'm sure awful
proud of him now." He is a
beautiful sorrel with a
blazed face.

The Marlboro people discovered Hank through a mutual friend of theirs and Loyd's when they saw him working cows one day. He was "the perfect horse for the part."

So far, Hank has been photographed at the Meyers' Ranch in Seymour, Texas and on the Pease River near Vernon, Texas. The rider in all the commercials is Darrell Wienfield of Wyoming.

27.14 Inches of Rain

Another improvement in the community's moisture condition came during the past week with a total measure of 1.73 inches, the first rainfall of the month. Though returning empty handed and with a single win out of three contests, Coach Jon LeBrasseur and his Sacred Heart Tigers are highly pleased with their record at last week's Sanger tournament. The reason is that they did a good job in competition with good teams.

Their first opponent was Sanger, with only 2 losses to date and currently rated as one of the power teams of Class AA. Sanger led by scores of 14-13, 23-17 and 40-31 before the Tigers rallied and started taking up slack. At 20 seconds before the end they were behind 50-46 but a 3-point play with 2 free throws upped Sanger's lead to 55-46. Monte Endres and Brian Bednorz shared SH scoring honors with 12 each. Gene Fuhrman made 8, Kirk Mollenkopf 6, Brian Herr 4, Greg Walterscheid 2, Troy Wolf 2.

The next action was the consolation semifinal with Notre Dame as the opponent. They gained in every period by scores of 18-16, 32-24, 46-33 and 57-41. Four of them scored in double figures: Monte Endres 20, Kirk Mollenkopf 11, Brian Bednorz 10, Brian Herr 10. Also, Gene Fuhrman made 4 and Greg Walterscheid 2.

That led to the consolation final with Decatur's talented AA outfit. Though behind all the way they were in contention by scores 14-12, 30-25, 47-44 and 55-51.

Monte Endres led the ef-

fort with 20, Brian Bednorz added 8, Kirk Mollenkopf 8, Gene Fuhrman 6, Troy Wolf 6, Brian Herr 2

Gene Funtman 6, 170y Wolf 6, Brian Herr 2.

Tigerettes likewise started with Sanger as an opponent, and Sanger easily extended its undefeated record by a score of 53-22. Point makers for SH were Shellie Walterscheid 8, Anne Felderhoff 4, Virginia Bartush 2, Angie Bartush 2, Shannon Fleitman 2, Susan Walterscheid 2.

Like the Tigers, they met Notre Dame in the consolation final and did fine for three quarters by leads of 12-10, 35-23 and 49-39. But the fourth was a disaster. They were outscored 20-9 and lost 59-58. Tigerette scorers were Carol Walterscheid.

scored 20-9 and lost 59-38. Tigerette scorers were Carol Walterscheid 18, Anne Felderhoff 15, Susan Walterscheid 14 (also 14 rebounds and 7 assists), Virginia Bartush 8, Shellie Walterscheid 3.

Junior High girls and junior varsity boys were losers Monday night in a pair of games at Lindsay. The girls seemed to have it made with an 11-6 lead at the half but they blew it in the third and fourth as Lindsay took over with 16-13 and 20-15 scores. Tammy Hess led the scoring with 10, Sondra Hess made 2, Tammy Grewing 2 and Lisa Haverkamp 1.

MHS Loses District Openers

Muenster High teams made a disappointing start on their district basketball schedule Tuesday night as both lost decisively at Era. Scores were 39-19 in the girls game and 57-34 in the boys game.

After three quarters the MHS gals trailed 33-7 and finally hit a hot streak outscoring Era 12-6 and holding their loss to 39-19. Charlotte Fleitman led the scoring with 15. Kyla Hale made 2, Stephanie Richey 1 and Nancy Walterscheid 1.

Muenster boys wasted the first quarter as Era jumped to a 11-9 lead, but the second period was Muenster's and Era's lead was trimmed to 17-17. After that, however, Era took off and soared to leads of 34-25 and 57-34. The MHS scorers were Tim Schnieder 10, Kevin Felderhoff 9, Larry Fleitman 6, Steve Luke 5, Wayne Carroll 4. Ricky Winn, frequently the top scorer, was not able to play.

Muenster's only bright spot on the night's program was a victory by the junior varsity boys. They gained

The junior Tigers led 13-11 at the first, trailed 20-17 at the second and tied 26-26 in the third, but the fourth was their downfall. Lindsay gained 5 for a 33-28 win. A big factor was the free throw record in which Lindsay had 9 and Sacred Heart 4. SH scorers were T.J. Walterscheid 15, Gene Haverkamp 6, Duane Haverkamp 4, Curtis Henscheid 3.

34-21 and the boys lost 30-25.

After a slow start and 6-0 deficit at the first quarter, Muenster girls gained to a 6-6 half time tie and an 18-13 lead at the third. They lost two points of the margin in the fourth but still had enough for the 3 point win. Their scorers were Kim Eldrige 11, Jackie Farrell 7, Sandy Ramsey 4, Amy Davidson 2.

The Little Monsters started with a 6-4 first quarter lead and lost the game in the second as they were outscored 8-2. After trailing 12-8 at the half they played about even and still trailed 19-16 at the third and 30-25 at the end. David Winn led the scoring with 16, Ronnie Fisher hit 5 and Jay Mollenkopf 4.

MHS At Slidell

Muenster High's participation in the Slidell tournament during the past weekend was cut short for both teams. The Hornets won and the Hornettes lost in their openers with the host teams, then both lost to Poolville in the next game.

For the boys it was a matter of two extremes. They started by blowing Slidell off the court by a count of 87-29. Next they were blown off the court 74-37 by Poolville. The big change is explained mostly by being red hot and ice cold for the two games...plus one Poolville sharpshooter who seeminly could not miss. His total was 30.

Ricky Winn did almost as well in the first, for a total of 24. Kevin Felderhoff added 22, Tim Schneider 15, Steve Luke 12, Wayne Carroll 6, Larry Fleitman 6, Jim Biffle 2.

Hornet scorers in the second game were Ricky Winn 10, Tim Schneider 7, Wayne Carroll 6, Kevin Felderhoff 4, Steve Luke 4, Glen Fisher 4.

Hornettes in their opener were tied 6-6 at the first quarter and fell behind 15-11, 27-17 and 36-23 the rest of the way. Charlotte Fleitman hit 11 for MHS, Kyla Hale 4, Sandy Wimmer 4, Stephanie Rickey 4.

Their game with Poolville was a thriller, Muenster tied 10-10, then leading 24-19 and 31-29 at the second and third, but outscored by 6 in the fourth and losing 44-40. Sandy Wimmer was their leader with 19, Kyla Hale made 8, Sherrie Hess 6, Stephanie Richey 5, Charlotte Fleitman 2.

Hess, Flusche Run In Big D Marathon

Harold Flusche and Rumpy Hess ran in the 11th annual White Rock Marathon in Dallas Saturday, December 6, where there were 2700 participants. The 26 mile, 385 yard certified marathon course was Flusche's first marathon, and he finished the run in 3 hours, 59 minutes and 34 seconds. His only comment when asked about the tortuous marathon was that flowers may need to be sent to him in a few weeks. The

last miles were agonizing.
Rumpy was unable to complete the course saying his race stradegy was to start out fast and slow down after the first 15 or 16 miles. His stradegy did not work out as the had hoped. Running at a time of 6.10 the first 16 miles, he started to slow down at that point but found he slowed down too much and would not have been able to finish with a time of 6.30 or better, the time he would have needed

to qualify for the Boston Marathon this spring. Rumpy felt it was best to stop at the 17 mile mark and not push for fear of injury. However, this will not be his last marathon; he was out Sunday running again to losen up after Saturday's exertion.

The winning time was 2:15:19 by Robert Wallace of Nebraska, the fourth fastest White Rock ever run.

Muenster High boys' and girls' basketball teams were special guests Monday night, December 8, at the Cooke County College basketball game with Ranger. The CCC Lions defeated Ranger 99-78, and the Lady Lions won with a score of 58-53. Judy Walterscheid is cheerleader for the CCC Lions basketball team, and Robin Walterscheid plays on the CCC girls' team. They are the daughters of Margie and Herbie Walterscheid of Muenster.

Bill Trammell's Son in Coma Since October 30 Crash

Doffie Gilbert Trammell of Lexington, Texas, son of Bill Trammell of Muenster, is a patient at Scott and White Hospital in Temple, since an automobile accident on October 30, near Rock-dale

on October 30, near Rock-dale.

He has not regained conciousness, following a serious head injury in the crash, although he has recovered from extensive chemical burns. He also has a broken right arm and left leg, which are mending.

After transfer to the rehabilitation center laweek, he suffered a set-back and was returned to the hospital. Plans are for him to re-enter the rehabilitation center when he recovers. His father and Catherine Herr and his aunt, Mary Ellen Suggs of Whitesboro have remained at his bedside.

Dr. Larry Tisdale recently attended a two-day seminar in Ft. Worth in conjunction with the Texas brucellosis program. It was cosponsored by the Texas Animal Health Commission, Texas Agricultural Extension Service and the Texas Veterinary Medical Association.

Dr. Larry Tisdale recently

Texas Veterinary Medical Association.

Dr. Tisdale is now certified to work with livestock producers in accordance with the fee-base regulations of the Texas brucellosis program.

Brucellosis is a highly contagious disease of livestock, centering in the reproductive organs. It causes abortions, weakened calves, loss of milk and sterility.

Subjects taught during the short course included a detailed study of brucellosis, reduced dosage of Strain 19 vaccine, and regulations in conjunction with the Texas program.

conjunction with the Texas program.

"Veterinarians such as Dr. Tisdale are now quite knowledgeable about the Texas brucellosis program, and are qualified to assist livestock producers with this disease," Dr. Frank Mann, TVMA president, Wharton, said.

Texas FB Re-elects Chaloupka

Texas Farm Bureau officers and directors were reelected and state policies and
national recommendations
for 1981 were adopted at the
group's 47th annual meeting
which ended here Dec. 3.
Carrol Chaloupka,
Dalhart, was elected to his
seventh one-year term by
voting delegates who also reelected the following state
directors for a two-year
term: S.M. True, Jr.,
Plainview; Joe Fisher,
McKinney; Vester Smith,
Loop; Calvin Rueter, Clifton; J.R. Day, Uvalde; and
George White, Harwood.
After the convention adjourned, the TFB Board met
and re-elected S.M. True,
Jr., Plainview, as vice
president; and Donald
Hebert, Waller, as secretarytreasurer.

Jr., Plainview, as vice president; and Donald Hebert, Waller, as secretary-treasurer.

The 1280 delegates, representing 263,000 member families, listed four requirements they want in any new farm program enacted after 1981 when major provisions of the present farm law expire.

These requirements in-

farm law expire.

These requirements include maintaining or increasing crop target price and loan levels (and adjusted annually to reflect production cost increases), letting loan rate remain at 75 percent of the target price, no cross-compliance, and determining set-aside

no cross-compliance, and determining set-aside acreage by formula based on supply and projected sales.

In other national policy action, the delegates, in an obviously conservative mood, voted against disaster loan programs and the emergency livestock feed program. They were for the present crop disaster loan program, but voted against continuing it indefinitely.

On state policies, delegates said TFB will sup-port a reapportionment plan in the coming Legislature which would maintain the strength of the established

rural House districts, while

rural House districts, while apportioning Senate seats on some basis other than strictly population.

They also supported the right of initiative and referendum with certain restrictions.

Adopted resolutions on state matters are now state policy for next year. Approved resolutions dealing with national issues are recommendations to the American Farm Bureau Federation annual meeting which will be held Jan, 11-15 in New Orleans.

Tisdale Attends Brucellosis Meet veterinarian is a cornerstone of the Texas brucellosis program," said Dr. John Holcombe of Austin,

THE MUENSTER ENTERPRISE DECEMBER 12 1980

TAHC Executive Director. Revised regulations have been in effect since July. Elements of the Texas program include a multi-

area plan, reduced dose of Strain 19 vaccine, improved laboratory systems, in-creased surveillance, producer participation committees and emphasis on

vatives, convinced that their first duty in Washington is to serve according to that conviction rather than according to the politicking of Eastern liberals. In support of their belief they have exposed themselves to the enmity of the ultra-liberal National Committee for an Effective Congress, which has drawn up a "hit list" of the men it especially wants to be kept out of the influential positions. NCEC claims that "they have very little in common with the constituency they are supposed to represent."

That's a laugh. Imagine

common with the constituency they are supposed to represent."

That's a laugh. Imagine the likes of Tip O'Neill claiming that the majority of Texans in Congress do not represent the conservative voters of this state. Common sense tells us that Stenholm and his companions are right.

Stenholm says O'Neill is phase one of the forum's program. Also that "our success will be known next week when we organize the 97th Congress. We'll know then more about how successful we are."

Our best wishes are with Stenholm and his conser-

Our best wishes are with Stenholm and his conservative group. We hope their kind will be prominent in a conservative Congress, cooperating with a conservative administration. We further want obstructionists like Tip O'Neill demoted so they can cause as little trouble as possible.

Hopefully this will also lead to a change of political labels from Republican and Democrat to Conservative and Liberal...so that we can expect a more meaningful alignment of the members of Congress.
