NUMBER 15

The present indication is President Reagan's biggest problem in achieving his proposed economic improvements is the opposition of die-hard politicians who insist in standing by the political theories that brought on the present mess.

Promptly after the President presented his long outline telling how billions can be slashed off the present budget, the old time spendthrifts started putting up a howl. Tip O'Neill, for instance, the House Speaker and number 1 liberal of our legislature, proclaims "We're just not going to let them tear asunder the programs we've built over the years." And Senator Ted Kennedy said he was "not prepared to see the social progress of a generation swept aside in a few short weeks." And Senator Harrison Williams attacks the administration program as "long on sacrifice and short on mercy."

Remarks like that are flowing profusely in current political rhetoric. Delegates at a labor meeting in Florida claimed the program is a "soak-the-poor and give-to-the-rich proposition." Also William Wilken, executive director of the National Association of State Boards of Education, sneered that "the Reagan education program looks like reverse Robin Hooding."

Of course there are objections also from such federal agencies as the Department of Energy and the Department of Education, organizations which have much in common with a number of others that glean more from administering the federal programs than intended beneficiaries get from the payments. Regarding the protests, a well informed social leader stated last week that many howls are coming from the poverty promoters who are getting fabulous pay for administering the program.

The complainers conveniently omit these characters in their wailing. They want us the public to be denied the truth about what's really wrong in our vast deficit spending. They don't want us to understand that the real burden on us taxpayers is the frauds getting help they don't deserve and administrators with the soft job and big pay for giving away our money.

In saying this we are not insensitive to the unfortunate. President Reagan said that people in need will be cared for, a highly praiseworthy policy approved by every conservative of the country. Before critics find too much fault with it they ought to realize that Reagan is a man of integrity and judgment, willing and able to stand by the people who need help.

There are enormous possibilities in the economic reform program. Proposed reductions in spending for the 1982 fiscal year are \$41.4 billion, and they are estimated at \$79.7 billion and \$104 billion the next two years. It looks very possible by eliminating jobs and agencies which are presently existing mainly for the benefit of the bureaucrats. In this category one should especially include a vast assortment of federal regulations and bureaucrats who do the regulating.

This program might be considered as the opposite of the give-away programs. Whereas one of them pursues the expensive process of giving away money the other pursues the equally expensive process of piling burdens on people. And the public gets ripped off coming and going. As regards regulations, another big expense is the cost of the thousands of employees to process unneeded reports.

ON TCIL ALL-STATE A long delayed report just received by Coach Jon LeBrasseur reveals that two Sacred Heart Tigers were named on the Class AAA TCIL all-state football team. They are Brian Bednorz, wide receiver and John Hartman, defensive lineman. Also two of the Tigers received honorable mention: Teddy Walterscheid as offensive lineman and Kirk Mollenkopf as defensive secondary. On the picture Mollenkopf and Walterscheid are shown in front; Hartman and Bednorz in the back.

4 Contests Indicated on City, School Ballots

Voters of Muenster will have at least four choices when they vote in the election of April 4 to choose their representation on the city council and the school and hospital boards.

At arrival of the filing deadline Wednesday, the city ballot and the school ballot each presents two races. However with the filing deadline still five days away, the hospital ballot is still inactive.

The city ballot has Leo Hess and Roger Taylor competing for the mayor's job which is being vacated by Richard Grewing. Also David Fette and Jerry Wimmer are contenders for the 1 year unexpired term of Place 1, which Hess has vacated to run for mayor. The rest of the ballot presents no race. Ronnie Felderhoff is unopposed for Place 3 which is being vacated by Ray Walterscheid, and Ted Henschel is unopposed for re-election to Place 5.

In the school board election races have developed for the positions being vacated by Ed Cler and Willie Walterscheid. In Place 3, now held by Cler, the contestants are Rita Russell and Dale Klement, and in Place 4, now held by Walterscheid, the opponents are Jim Endres and Leon Klement. An unopposed candidate on the ballot is Harold Bindel, who is asking for the 1 year of unexpired term in Place 5. Bindel is an incumbent appointed to the position when John David Meurer resigned.

The third election of the day does not have a contest at this time, however, time is ample for one or more to develop before the March 9 filing deadline. Up to now, the candidates who have qualified for a place on the ballot are the incumbents, Alois Trubenbach, Jimmy Jack Biffle, Paul Fetsch and Alphonse Felderhoff.

Still another election for March 4 is one to authorize a tax on annexed area of the Muenster Water District. This area which was added to the city since the water district was established in 1973 is currently being added to the water district.

Two Local Students Graduate at NTSU

Two Muenster students were among some 846 awarded degrees at the end of the fall semester at North Texas State University, according to a report this week from NTSU.

They are Gary Joseph Endres, son of Mr. and Mrs. Ed Endres, who received a master of education degree in secondary education; and

Dave Patrick Voth, son of Mr. and Mrs. Theo Voth, who received a bachelor of science degree in computer science.

No official graduation ceremonies were held on the official commencement date of Dec. 20, however all winter grads are invited to join in the spring ceremony in May.

Library Staff Gives 3,172 Hours in '80

The staff of Muenster Public Library donated 3,172.5 hours of their time to the community during the past year. This information and other facts relative to the library was included in the annual report submitted to the Muenster City Council Monday night by Mary Moster, librarian, who has been on the job since 1959. She gave 1102 hours to the library last year.

Other staff members Teresa Fowler (1974) gave 1023.5 hours; Evelyn Schilling (1965) gave 322 hours; Betty Felderhoff (1974) gave 390 hours; Victoria Gremminger (1959) gave 77 hours; Evelyn Koessler (1980) gave 219 hours; and Lois Marquardt (1980) gave 39 hours.

The report also showed the circulation of 12,088 items during the year. This consisted of 10,318 books, 1456 periodicals and pamphlets, etc, and 314 audio-visual articles. The circulation was by far the largest ever. Previous figures were 8,908 in 1979, 8,848 in 1978, 7,884 in 1977,

6,704 in 1976 and 5,687 in 1975.

Special programs of the year included a pre-school activity sponsored by Friends of the Library. In 14 sessions it had an attendance of 434. Another was a summer story hour for primary students conducted by Mary Cain and Earline Tisdale. Its attendance was 87 in 4 sessions. Also a reading program sponsored by Texas State Library and one sponsored by McDonalds. 56 certificates were issued. And 205 children saw twice monthly showings of films supplied by Northeast Texas Library System.

The library purchased 324 books at an average cost of \$3.67 and received 532 from Northeast Texas Library System and 89 from other donors, a total of 945. Also during the year it lost 261 books as worn out or lost and ended the year with a total stock of 14,161 books. Also it added 49 audio visual items and now has a total of 156.

The library subscribes to 11 periodicals and receives 13 as donations.

Guiding Lights on Ash, Maple

Action to eliminate two traffic hazards on Highway 82 was taken Monday night by the Muenster City Council in a vote authorizing installation of street lights at intersections with Ash and Maple Streets.

The problem has been that drivers wishing to turn from the highway to either of the streets find the intersections difficult to locate in the dark and the lights are intended to serve as a guide in making the turns.

A similar situation was overlooked farther west on the highway where a farm road, located between the Kountry Korner store and the Valenite plant, continues

west where the highway curves to the right. A driver headed west at night has trouble seeing the farm road, and a guiding light there would be desirable.

Regarding Ash Street the council okayed markers naming the street and signs limiting speed to 30 mph. Since the street surface is gravel the council wishes to reduce dust as well as the damage caused by fast driving.

Concerning its proposed ordinance prohibiting use of firearms in the city park, the council called for a public hearing at its April meeting to consider the purpose and related problems.

A report on the swimming pool revealed that preparations are almost complete for the opening promptly after school vacations begin. A leak in the pipe beneath the pool has been repaired, a vacuum cleaner along with paints and chemicals have been ordered. Joe Bartush and Karen Koch are appointed manager and assistant. Other workers and the opening date remain to be named.

The council made one change on the membership of the Muenster Water Board. Ken McDougle was appointed to succeed Gene Hoedebeck. Other members

are Henry Weinzapfel, chairman, Michael Sloan, Al Walter and David Bright.

Also, the council voted to continue salaries at their present levels which are \$90 a year for the mayor and \$4 per meeting for the aldermen.

While problems continue in relation to services by the Cooke County Tax Appraisal District, the city will continue its own procedure toward assessing and collecting taxes. The thinking is that the city intends to be ready to do the job itself if the taxing service runs out of time. Meanwhile the city is withholding payment of the second installment on the tax appraisal district's fee.

TP & L Asks For Rate Hike

Texas Power & Light Company will file March 6 with the City Council of Muenster and the Public Utility Commission of Texas, a request for a \$198 million systemwide increase in revenues, Tom Parsons, TP&L manager in Muenster, said today.

Parsons said that the rate increase is being sought "because the present rates are inadequate to meet costs of providing service to more than 700,000 customers."

The overall rate request is an average for all classes of customers. The increase will vary from one rate class to another.

The example, the average monthly residential bill including fuel, based on 12,144 kilowatt hours per year, would increase \$12.35 per month or 25.2 percent. Revenues for municipal ser-

vices and schools would increase 21.5 percent and commercial and industrial 16.3 percent including fuel.

"We feel that the quality of service provided by the company has been adequate to meet each customer's needs and must have an increase in rates to ensure the continuance of this dependable service."

"Inflation's effect over the past year and one-half is a primary factor contributing to our having to ask for rate relief," Parsons said. "Inflationary pressure is felt most acutely in the cost of materials, services and increased capital costs. There also are increased costs of operating and maintaining pollution control equipment used with our lignite plants."

Parsons said that hearings before the PUC should start

in early May following actions by city councils throughout the TP&L system. He estimated any rates to be granted would not go into effect until early September.

TP&L last filed for a rate increase Jan. 4, 1980 and put into effect a \$83.4 million increase or 10.1 percent systemwide in June.

Jaycees Drive for Heart Association Runs Out of Time

Last week's door to door collection by Muenster Jaycees for the Heart Association proceeded very satisfactorily until members decided it was time to quit. They got the message when people were answering the door in their pajamas. So they decided to continue their drive this Thursday night, March 5, starting at 7 p.m. The meeting scheduled for this date will start after the drive is finished.

Returning from last week's effort the members counted almost \$950 for the Heart Association. For that the Jaycees and the Heart Association are deeply grateful.

Persons who wish to give and were missed in the drive are invited to call Wayne Klement at 759-2739.

Good News

Romans 10:9-10 If thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved. For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation.

Public School Week Biggest, Best

In all respects, this year's observance of Public School Week was the best yet at Muenster. As pointed out by Principal Alfordean Winn attendance was higher in spite of dreary weather, the arts and crafts show was bigger and better, and more people visited the classroom displays.

Winn estimated that the attendance topped 400, after making allowance for some persons who signed two guest books and some who did not sign. The combined open house and arts and crafts show was sponsored by the Muenster PTO with Kathy Vogel as chairman.

She said that the show had 556 entries, a gain of 77 over last year's 479. She also said that the estimated total of award ribbons was 462. Twenty seven were for best of show, which are given for outstanding entries of eight categories in five age

groups. Other awards were based on merit rather than competition. There were 130 blue, 120 red, 125 white and 60 honorable mention. Mrs.

Vogel said judges were complimentary about both quantity and quality of the entries.

BASIC TENETS OF HUMANISM

Why is Humanism so dangerous to America? Dr. Tim LaHaye answers this question in his important new book, *The Battle for the Mind*.

"In this world, there are two basic lines of reasoning that determine the morals, values, life-style and activities of mankind—the wisdom of man or the wisdom of God... Today they take the form of atheistic humanism or Christianity. What this life is all about is THE BATTLE FOR YOUR MIND: whether you will live your life guided by man's wisdom (humanism) or God's wisdom (Christianity). Either one will affect the way you live and where you spend eternity.

"Most people today do not realize what humanism really is and how it is destroying our culture, families, country—and one day, if continued, the entire world. Most of the evils in the world today can be traced to humanism, which has taken over our government, the UN, education, TV, and most of the other influential things of life.

"The church of Jesus Christ is the last obstacle for the humanists to conquer... 'Humanism,' concludes Dr. LaHaye, 'is not only the world's greatest evil but, until recently, the most deceptive of all religious philosophies.'

To comprehend any concept one must understand its basic principles. The author analyzes five basic tenets of Humanism being used in the battle for the minds of Americans. You will note all are in direct conflict with Christianity.

(1) Humanists are atheists; they do not believe in God. LaHaye quotes Dr. Corliss Lamont, from his book, *The Philosophy of Humanism*:

"First, Humanism believes in a naturalistic metaphysics or attitude toward the universe that considers all forms of the supernatural as myth; and that regards Nature as the totality of being and as a constantly changing system of matter and energy which exists independently of any mind or consciousness."

(2) Humanists believe in the theory of evolution—that man is simply a higher animal, descended from higher primates, all tracing their origin from the one-celled amoeba. This faulty theory, never anything more than an hypothesis, is vital to Humanists to explain man's existence independent of God. Without it their whole philosophy falls.

(3) Humanists are amoral. Dr. LaHaye writes, "The humanistic doctrine of evolution has naturally led to the destruction of the moral foundation upon which this country was originally built. If you believe that man is an animal, you will naturally expect him to live like one. Consequently, almost every sexual law that is required in order to maintain a morally sane society has been struck down by the humanists, so that man may follow his animal appetites."

(4) Humanists believe in autonomous man, self-centered, a god himself, innately good and capable of solving his problems with no need for help from a Supreme Being. Such thinking has, throughout history, led, not to betterment of mankind, but to chaos and ultimate catastrophe.

(5) Humanists see government as the source of good. In an economic sense they are socialists; in a political sense, internationalists. Obviously, the two characteristics add up to "one-world socialism." By definition, no Humanist can be a patriotic American, for patriotism denotes devotion to the United States of America.

Sharon Henscheid is this year's champion speller at Sacred Heart School and Ken Hesse and Sally Stoffels are No. 2 and No. 3. They are included in this picture with first, second and third winners of the four participating classes. Garden Club Has Class On Hydroponics

A demonstration on Hydroponics, with emphasis on horticulture, was given for the Muenster Garden Club by Susie Felderhoff during a recent February

meeting in the home of Mrs. John Mosman.

Miss Felderhoff was accompanied by her mother, Mrs. Tommy Felderhoff, Sr. She demonstrated the soil-less culture, using a number of plant mediums.

For the business meeting, Mrs. Alice Roark presided and Mrs. Pam Fette gave the minutes. Members voted to ask Mrs. Sue Endres to act as delegate to the spring convention in Waxahachie, March 4-5.

Mrs. Endres discussed the flower show school to be held at Cooke County Electric Co-op Building, March 24-25-26. This is the first in a series of four schools; the second will be held next Fall.

Mrs. Roark and Mrs. Dolores Miller were named to represent the garden club at the first Germanfest planning meeting. Announcement was made of coming events, including the annual plant exchange at Leonard Park on April 24.

Mrs. Daryl Ferber and Mrs. Sue Endres discussed the Flower Show scheduled for May 9 in the SHH Gym

and members drew assignments for arrangements.

The hostess served a dessert plate to ten members and the two guests. Next month's meeting on March 9 will feature Bettye Dobbs of Decatur and also a teacher in Muenster High School. She will present a program on "North Texas Wildflowers" in the home of Mrs. Al Hess.

Confetti....

As predicted promptly after the election, a big tussle is coming in deciding how much of President Reagan's program will be adopted. Election results tell us he has the majority in public backing and also the majority in the Senate. But his party does not have the majority in the House. Outnumbered by 26 he'll have to recruit support from across the aisle for the success of his program.

Fortunately, that situation appears to be developing. An organization of House Democrats calling itself the Conservative Democratic Forum, is more in tune with the Reagan policies than with the opposition. This group of 42, headed by our district's Charles Stenholm as coordinator, along with Phil Gramm, another distinguished Texan, is presently being viewed as the answer to a conservative prayer. Gramm said "I think there will be strong support from conservative Democrats for a broad range of cuts," and "the Reagan compromise on taxes is certainly a positive step."

PUBLIC NOTICE OF MEETING

THE BOARD OF DIRECTORS OF THE MUESTER WATER DISTRICT

will be held at The City Hall, Muenster, Texas, at 7:30 p.m., on March 10, 1981, to consider and act upon any lawful subject which may come before it, including, among others, the following:

RESOLUTION AUTHORIZING THE ANNEXATION OF CERTAIN TRACTS OF LAND WITHIN THE CORPORATE LIMITS OF THE CITY OF MUESTER, TEXAS, INTO THE MUESTER WATER DISTRICT

The territories to be so annexed are described in the following ordinances adopted by the City of Muenster, Texas: An Annexation Ordinance adopted on May 5, 1978; An Annexation Ordinance adopted on June 5, 1978; An Annexation Ordinance adopted on November 6, 1978; An Annexation Ordinance adopted on December 4, 1978; An Annexation Ordinance adopted on January 7, 1980; and An Annexation Ordinance adopted on December 1, 1980.

A case of emergency or urgent public necessity exists which requires the holding of said meeting, such emergency or urgent public necessity being that the territories cited in the aforementioned ordinances are in need of the services provided by the Muenster Water District.

CAPITOL UPDATE

John Tower

U.S. SENATOR for TEXAS

142 RUSSELL OFFICE BUILDING WASHINGTON, D.C. 20510

Texans have always been proud to be Americans, and yet we treasure our unique state heritage -- a legacy of independent will, pride and high principles.

Many of the cherished traditions which are a major source of strength today took shape during the brief ten years of the Republic of Texas. The Declaration of Independence which founded the Republic March 2, 1836, sets forth many of the values that have helped shape the Texas character.

When our Texas forebears spoke of tyranny from a "far distant seat of government," Mexico City was their target, not Washington, D.C. But while we today are not plagued by "the merciless savage, with the tomahawk and the scalping knife," some of the Texas freedom fighters' concerns have as much meaning today in the interminable conflict with a "savage" bureaucracy whose "weapons" are the regulation and impenetrable organization.

Sometimes in recent years it has even seemed that we, too, have been confronted by "hostile majority in an unknown tongue" in Washington to the "point at which forbearance ceases to be a virtue."

But though our problems are many, we hold in our hands now the means and the opportunity to turn things around on all fronts. We have not been militarily invaded. Our legislature has not even dissolved. In fact, you have just given your elected representatives new marching orders.

We still are blessed with the freedom and the means to seek the values underscored in the Texas Declaration of Independence -- a strong defense, a strong public education system, protections for civil liberties, and freedom of religion.

And we have something else -- the same indomitable spirit of our forefathers, as best exemplified in a letter, written by the young commandant of the Alamo, and an inspiration to all Texans then and now. Writing to "the People of Texas and all Americans in the world," Col. William Barret Travis said:

"I am besieged, by a thousand or more of the Mexicans under Santa Anna -- I have sustained continual bombardment & cannonade for 24 hours & have not lost a man -- The enemy has demanded a surrender at discretion, otherwise, the garrison are to be put to the sword, if the fort is taken -- I have answered the demand with a cannon shot, & our flag still waves proudly from the walls -- I shall never surrender or retreat. Then, I call on you in the name of Liberty, of patriotism & everything dear to the American character, to come to our aid, with all despatch -- The enemy is receiving reinforcements daily & will no doubt increase to three or four thousand in four or five days. It this call is neglected, I am determined to sustain myself as long as possible & die like a soldier who never forgets what is due to his own honor & that of his country -- Victory or Death.

Letters...

Thank you for the recognition given the three local seniors: Benji Luke, Diann Caplinger and Barry Durham.

It is refreshing to read about the good things that come to our American youth.

We need to be reminded of the many good and interesting things American young people are doing. Our most valuable assets in America today are our young Americans.

May God Bless them!

Although Muenster's Volunteer Fire Department was organized earlier, the first official records were started in 1943. For nearly forty years, the residents of Muenster have been secure knowing the firemen's objectives, as stated in the first by-laws of the VFD, are "the preservation and protection of life and property from and during such fires as may occur in the City of Muenster and vicinity as designated by the City Council."

With professional training, regular fire drills and equipment, the Muenster VFD is prepared and trained to perform rescues and fight all types of fires. Firefighting has come a long way since the first volunteer fire department organized in 1735 by Ben Franklin in Philadelphia.

In order to be a fireman, one must be between the ages of 18 and 35. He must be reliable, responsible and a resident of Muenster. Active members of the fire department must approve a new volunteer by a majority vote.

Currently there are 27 active volunteer firemen. They are Alvin Hartman, Ed Schneider, Clyde Fisher, Harvey Schmitt, Bob Vogel, Herbie Knabe, Bob D. Walterscheid, John Yosten, Jim Vogel, Jim Voth, Rick Stewart, Ervin Henscheid, Henry Knabe, Clinton Endres, Tom Swirczynski, Jim Gehrig, Mike Frost, Ronnie Felderhoff, Chris Sicking, Rex Simmons, Andy Knabe, Don Abney, Jim Endres, Jerry Hennigan, Steve Henscheid, Waylen Poole, and Gary Rainwater.

There is a fire chief, elected by the members each December. Harvey Schmitt

is the 17th fire chief and is serving in his second year. Chris Sicking is the assistant chief; Ronnie Felderhoff is the secretary/treasurer. A Board of Trustees which consists of three members is also selected by the firemen.

They are John Yosten, Rick Stewart and Herbie Knabe.

The fire department is supported by the county and the city. According to Fire Chief Harvey Schmitt, "The city has been very accommodating to us and realizes we need updated equipment from time to time."

The City of Muenster, for example, has sent a fireman each summer to the Texas A&M firefighters' training school. For the past two years, the city has sponsored two firemen to go. This July, again, the city will sponsor two firemen to attend the training which entails rescuing techniques, pump and equipment operations, and fighting all types of fires such as house and lumber fires, grass fires, oil and gas well fires, as well as aircraft and automobile fires.

Alvin Hartman who has been an active member of the fire department for 30 years, served as fire chief for eight years and has attended the firefighters' school six times said: "It is actual participation in all phases of firefighting. You learn about rescuing people, operating equipment, ventilating and fighting all types of fires."

Chief Schmitt said he hopes eventually all active members will have been to the firefighters' school at least once.

When a fire is reported, the fire phones ring. There are 15 fire phones placed in the homes of various firemen throughout the city.

The fire phones continue to ring until answered. Firemen who do not have fire phones in their homes are generally called by another fireman. At the sound of the fire phone, the firemen leave their jobs, families or recreation to give of their time and dedicated efforts, sometimes risking their own lives.

The first fireman to arrive takes over until the chief or assistant chief arrives at the scene of the fire. There were 57 fire calls in 1980 of which 36 were in the rural area and 21 in the city.

With addition of new equipment, the Muenster VFD expects to be more efficient in fighting fires. The new equipment includes a foam inductor given to the fire department by a group of owners and operators of oil leases in the Muenster area. The donors are Jimmy Jack Biffle, Don Hartman, Richard Grewing, Walter Stein of Dallas, and owners of the Martin Trubbenbach lease.

The foam inductor will be used primarily for fighting oil and gasoline fires such as in oil field fires or in accidents involving wrecked tank trucks or gasoline fires in vehicles. The foam concentrate was purchased jointly by the city and by the donors of the foam inductor.

Precinct 4 acquired and donated 2 asbestos suits to be used in fighting high-heat fires such as gasoline or oil fires.

Other new equipment includes a smoke ejector which is used after a fire is put out to withdraw smoke and heat. It can also be used to dry wet floors and walls after a fire is extinguished. It was purchased by the city as were 300 ft. of new fire hose, to replace some of the hoses which have been used since the VFD was first organized.

The fire department has four fire trucks; a pumper truck which is used only within the city limits of Muenster; a rural attack truck used at all fires both city and rural; a tank truck to carry extra water to the fire, and a 1939 fire truck used primarily for carrying extra hoses.

The department also has three Scott air-pacs which can go into any type condition. They are fully enclosed and self-contained air tanks that are worn, for example, when going into a burning building or house where synthetic materials may be giving off poisonous gases.

The Muenster Fire Department has a mutual aid agreement with other Cooke County firefighters. If another town needs help fighting a fire, Muenster firemen are ready to aid them. In turn, if Muenster firemen need extra manpower and equipment, other fire departments in the area are ready to volunteer their assistance.

Besides the regular second and fourth Thursday fire drills each month, the Muenster firemen are members of the Cooke County Firefighters' Association which meets every 3 months. The next meeting will be in May at the Rosston Fire

Station.

The firemen will undergo CPR (cardio-pulmonary resuscitation) training on March 11-12, and 13. Linda Walterscheid, R.N., will instruct. CPR training is used for rescuing victims of cardiac or respiratory arrest. The firemen will learn the technique of CPR in order to be prepared to administer artificial respiration with chest compression to distribute oxygen. According to Mrs. Walterscheid, CPR externally supports the respiration and circulation

of a victim of cardiac or respiratory arrest or insufficiency."

The VFD has been recognized and awarded for the contributions to the community of Muenster. Certificates have been given to the department by the VFW "in recognition and highest praise for alertness, personal courage and ever efficient guardianship of life and property."

As volunteers, they are there because they WANT to be.

3.58 Inches Rain Was Great!

The long awaited drought buster has arrived. With a total rain measure of 3.58 inches. The moisture condition of the community is the best it has been since early in October when 7.90 inches fell during a three day period.

The week's total was spread over four readings and came mostly as a slow soaker saturating the land before a portion of Tuesday's 2 inches found its way to ponds and reservoirs. As a result many ponds are full and lakes are draining through the draw-down tubes. However lakes are not near the spillway level.

The condition is great for

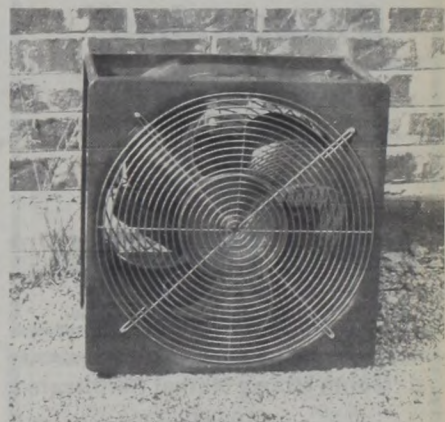

small grain crops as well as for corn and maize which now are waiting for favorable planting weather. The same applies to pastures. Grasses are making a comeback after receiving only four inches of moisture in four months.

The present moisture total is 3.07 inches for March and 4.62 for the year to date.

Temperature of the week has been mild. According to Steve Moser's record, low and high readings were as follows. Feb. 26, 59 and 76; Feb. 27, 62 and 74; Feb. 28, 57 and 59; Mar. 1, 46 and 62; Mar. 2, 44 and 62; Mar. 3, 50 and 61; Mar. 4, 52 and 75.

This smoke ejector was recently purchased by the city to aid firemen in clearing out smoke and heat after a fire has been put out. Staff Photo

Used only within the city limits of Muenster is this pumper fire truck. It carries 1000 ft. of hose. The fire dept. has various suits such as the bunker equipment consisting of black coats, boots, helmets and gloves. The asbestos suits are used for fighting high-heat fires. Scott air-pacs are worn when going into a burning building or house where synthetic materials may be giving off poisonous gases. The tank is self-contained and can be worn into any type atmosphere. Jeanie Haverkamp Weds Glenn Hess

Jeanie Haverkamp became the bride of Glenn Hess on Friday, February 27 in a Nuptial Mass and double ring ceremony in Sacred Heart Church, at 6 p.m. Officiating were Father Stephen Eckart and the bride's uncle, Father Nicholas Fuhrmann.

Parents of the couple are Mr. and Mrs. Bernard Haverkamp and Mr. and Mrs. Gerald Hess.

The bride was presented by her father, before an altar decorated with lighted candles, arrangements of white gladioli and peach carnations and the anniversary memory candle. Tall floor candelabra entwined with smilax stood to either side of the altar.

The bride wore a formal wedding gown of white silk organza designed with a Queen Anne neckline and fitted bodice appliqued with lace, re-embroidered with seed pearls. Full sheer sleeves were gathered to Cluny lace cuffs, fitted at the wrist. The front of the skirt matched the bodice and a wide band of Cluny lace edged the hem. The back of the skirt was a billowing cascade of layered ruffles from the waistline to the hem of the cathedral width train. Each ruffle was accented with a center band of narrow white satin ribbon and was edged with Cluny lace.

Her tiered fingertip veil

was attached to a lace caplet and was also edged with Cluny lace. The bridal bouquet was a cluster of coral silk rosebuds, gypsophila, lily of the valley and matching ribbon.

For sentiment she wore a wedding band belonging to her grandmother, Mrs. Ben Haverkamp and carried a gift from her maternal grandmother, the late Mrs. Willie Fuhrmann.

Attendants

aid attendants were a friend, Mrs. Billy Rohmer as

matron of honor; a sister-in-law, Mrs. Roger Haverkamp as bridesmatron; and a sister, Kerry Haverkamp as junior bridesmaid. They wore fitted coral polyester formal gowns with matching chiffon capes. Each wore a tiny cluster of coral rosebuds in her hair and carried a basket of coral and peach flowers.

The flower girl was Brandi Grewing, cousin of the bride and the ring bearer was Ryan Hess, brother of the groom.

The best man was Paul

The bride's table was covered with white lace cloths, and held the wedding cake, silver candelabra and clusters of coral rosebuds. Guest tables covered in white held a center band of brown ribbon and rings of coral rosebuds surrounding votive candles in low, crystallized candle holders. Tiny scrolls tied with coral rosebuds told the wedding story. All decorations were made by the bride and her sister-in-law, Mrs. Roger Haverkamp.

Displayed against one wall was a large wicker wall hanging with coral and brown accents, and coral and peach flowers. Wicker chains led to large wicker fans bearing the couple's names lettered in coral. Other decorations included an arrangement of white wedding bells tied with coral ribbons and bows, suspended from the ceiling and over the dance floor.

Betty Rose Walterscheid cut the three-tiered white wedding cake. It stood over a lighted coral fountain, and two heart-shaped cakes were placed at the sides. An ornament of white satin bells and coral silk flowers decorated the top tier and white hearts and cupids decorated the heart cakes.

Reception assistants were Beverly Haverkamp, Lisa Haverkamp, Dayna Stoffels and Puppet Stoffels.

Special guests were grandparents of the couple, Mr. and Mrs. Gary Hess, Mr. and Mrs. Ben Haverkamp and Mr. and Mrs. Herbie Herr.

Relatives attending from out of town included Mr. and Mrs. Frank Evans of Pilot Point, Mr. and Mrs. G.J. Wachsmann and family of Wichita Falls, Mr. and Mrs. Milton Fette and sons of Carrollton, Mrs. Debbie Klement and children of Denton, Mr. and Mrs. Joe Schroeder of Windthorst, Mr. and Mrs. Vincent Zimmerer, Mr. and Mrs. Andy Arendt, Mr. and Mrs. John Arendt and Mr. and Mrs. Paul Arendt of Lindsay and Diane Smith of Chicago.

When the couple returns from a trip to Florida, they will be at home in Muenster. Both are graduates of Muenster High School; she is employed by Sanders Jewelry in Gainesville and he is the owner and operator of Glenn's Paint and Body Shop.

Pre-nuptial parties included a shower on Friday, February 20 in the TPL Room when Laurie Rohmer, Marla Sicking and Monica Haverkamp were hostesses. The groom's parents hosted the rehearsal dinner at The Center on Sunday, February 22 for 26 guests.

Miller Baptism

The baptism of Patrick Joseph Miller, infant son of Mr. and Mrs. Robert Miller, was held in Sacred Heart Church on Sunday, March 1 at 3 p.m. with Father Stephen Eckart officiating and Mark Miller and Mrs. Jack Flusche as baptismal sponsors.

Patrick Joseph wore his father's christening robe, also worn by all members of the W.J. Miller family. A pale blue blanket was a family keepsake, made by the late great-grandmother, Mrs. John Walter, and a white coverlet crocheted by the maternal grandmother, Mrs. Albert Stoffels.

Attending the baptism were the grandparents, Mr. and Mrs. W.J. Miller and Mr. and Mrs. Albert Stoffels, also Jack Flusche and son Greg, Mr. and Mrs. Alan Miller and Eric, Mr. and Mrs. Victor Culpepper of Ardmore, Mr. and Mrs. Don Sicking and Meredith and Carolyn of Gainesville, and the Robert Millers and Julie and Melissa.

An informal gathering followed in the W.J. Miller home.

Rene Stelzer in Butterfield Cast

Rene Stelzer, Junior at Muenster High, will be cast as Janice Vickery in the production of "The Effect of Gamma Rays on Man-In-The-Moon Marigolds" to start on March 12.

Tickets go on sale March 2 at the Butterfield Stage Playhouse on the corner of Main St. and Denton St. in Gainesville. The price is \$3.00 and reservations must be made in advance.

The play will run March 12, 13, 14 and 19, 20 and 21.

It is the story of Beatrice, an embittered woman and two daughters. The play shows the result of radiation on marigolds being experimented with for a science fair and the effect of Beatrice on her two daughters. The daughters can be compared to the plants. While some plants die, or become mutations, others manage to survive and grow normally.

Others in the cast are: Lynette Mercer, Robin Peeler, Marla Ballew and Sue Ryan.

Klement Baptism

The baptism of Justin Ross Klement was held in Sacred Heart Church on Sunday, March 1. He is the infant son of Mr. and Mrs. Robert G. Klement.

Father Stephen Eckart officiated at 3 p.m. Baptismal sponsors were the maternal grandparents, Mr. and Mrs. Frank Zimmerer. Also attending were the paternal grandparents, Mr. and Mrs. Edgar Klement, and the Robert G. Klement family.

The infant's parents were hosts for a Sunday noon dinner preceding the baptism. An uncle, Ronnie Klement, was also a dinner guest.

Returns From Oklahoma

Mrs. Leonard Endres returned Monday from Oklahoma City where she was a guest of her daughter, Sue and family, the Dale Hennings and their infant son, John Christian and four year old daughter, Vanessa. The little boy was born on February 20. Mrs. Endres spent 10 days there.

Three Cousins Spend Week In West Texas

Three cousins, Ursula Herr, Susie Noggler and Joe Hoenig have returned Monday from a week spent visiting relatives in West Texas, including sisters, brothers and cousins.

In Rhineland they were overnight guests of Mr. and Mrs. Leo Fetsch and later with Mr. and Mrs. W.R. Stanley in Seagraves.

In Hereford they visited Theresa Koelzer, Mrs. Marie Noggler and Ben Koelzer; also Mr. and Mrs. Meinrad Koelzer, Mr. and Mrs. Werner Koelzer and Mr. and Mrs. Carl Luke and family; and also say Emil Herr.

One day, the Meinrad Koelzers took Ursula Herr and Joe Hoenig to Amarillo to visit another cousin, Angela Furbach.

Andy Cherry, associate pastor of Muenster First Baptist Church, presented special music accompanied on the piano by Jo Carol Stinson.

Rev. Thomas introduced the speakers. Rev. Bob Rutherford, pastor of Tem-

ple Baptist Church of Gainesville, spoke on "keeping the wonder of Jesus in our lives." Dr. Jack Gray, professor at Southwestern Baptist Theological Seminary, spoke on the importance of prayer saying, "Evangelism, teaching and preaching are of no avail unless undergirded by prayer."

The next Cooke County Associational Workers' Conference will be held April 6 at the Harvey Street

Baptist Church, Gainesville. The program emphasis will be "Inner Faith Awareness" with Vance Zinn in charge of the program.

Those attending from Muenster Baptist Church were Rev. Keith Thomas, Andy and Brenda Cherry, Ken and June McDougle, Leta McDaniel, Robert and Rita Russell, Ronny Russell, Mrs. A.B. Stephens, Paul Stephens, Jerry and Jo Carol Stinson and Teresa Rainwater.

How many do you have?
The price of electricity has gone up in recent years and must continue to go up to enable Texas Power & Light Company to keep pace with the drastically rising costs of producing and supplying electric power.
Even so, take a look at your most recent electric bill. Divide the amount of the bill by the number of days of service it covers. This was your average daily cost.
Now, make a list of the electric appliances and equipment in your home and think of the conveniences, comforts and pleasures they provided.
Isn't electricity still one of the best buys in your family budget?

CARD OF THANKS

We wish to acknowledge all visits made by Father Placidus and Mark Hermes and friends to our Mother during her stay at the nursing home. We also wish to express our thanks for Mass offerings, food for the dinner, prayers and words of comfort and sympathy at her death. The family of Martha Friske

While I was a patient at St. Paul Hospital and while I was recuperating at home the prayers, flowers, cards and phone calls meant so much to me. Thanks to Dr. Sokol and the "super" staff at St. Paul for their care and concern. Thanks to Janice and Dave for taking care of my boys. Sincerely, Carol Frost

Garden Center Bulletin

Now is the time to apply **BALAN** to your yards to completely eliminate crab grass, and grass burrs in your lawn. **BALAN** is a granular weed killer easily applied with fertilizer spreader and best of all is that it is perfectly safe to use around trees and shrubs and is also safe on St. Augustine lawns. But be sure you apply it now or it will be too late for it to work properly.

We also have a large selection of spring bulbs and indoor bulbs. Come by the Garden Center and look over our selection and get an early start for some pretty spring color.

Start planning now for all your landscaping needs as we will be receiving thousands of trees, shrubs and roses any day now.

Paging WWII Vets of 303 Bomb Group

The 303rd Bomb Group (H) Association is looking for all WWII airmen (air-crew and support) who served with the 303rd Bomb Group (H) in Moleworth, England 1942-1945. The purpose of the Association is to assist in contacting former friends, receiving news of the 303rd reunions, and maintaining the active status of the 303rd. The Association feels that many of the former 303rd'ers have not heard or are aware of the Reformation of the 303rd, and may be living in this area. Former members of the 303rd are asked to contact Joseph Vieira, 6400 Park Street, Hollywood, FL 33024, for further information. Other former 8th AF during WWII may write to 8th Air Force Clearing House, 3911 NW 173rd Terrace, Opa Locka, FL 33055.

Cattlemen Appoint Field Inspector for Ten NT Counties

Texas and Southwestern Cattle Raisers Association has hired Larry Gray, 28, of Fort Worth, Texas, as a field inspector for 10 North Texas counties, effective immediately, says Don C. King, secretary-general manager.

Gray, a nine-year veteran of the Fort Worth Police Department, will work with cattlemen on theft investigations and livestock recovery in District 11. Counties in the district include Collin, Cooke, Dallas, Denton, Grayson, Hood, Johnson, Parker, Tarrant and Somervell.

He replaces A.L. "Butch" Davis Jr., who was transferred to TSCRA District 29, headquartered in Uvalde, on Jan. 1.

Gray is one of 32 TSCRA field inspectors, all certified peace officers, stationed throughout Texas and Oklahoma to help combat livestock and ranch property theft. TSCRA is a non-profit organization representing 14,000 cattlemen throughout Texas, Oklahoma and surrounding states.

Myra Fire Dept. Treated to BBQ

Members of the Myra Volunteer Fire Department enjoyed a barbecue supper prepared by Bob Powell on March 2, preceding their regular meeting.

Election of officers followed and Leon Fuhrman, fire chief, was re-elected for a second term. Elected assistant fire-chiefs were Carroll Smith and Tony Knabe. Jerome Fuhrmann was elected secretary-treasurer. Alois Trubebach, Ray Sicking and Bob Powell were named directors.

During the business meeting, members discussed equipment needs; also they discussed their participation in Germanfest.

Tigers, Tigerettes Dominate District Dream Teams

Sacred Heart High basketball teams, champions in both boys and girls divisions of TCIL District 3AAA, dominated the selection of all district teams. In addition Lamont Endres and Carol Walterscheid were named the most valuable players of the two dream teams.

Selections, which were made by coaches of the district, were announced here this week by Jon LeBrasseur, athletic director.

The district coaches chose two Tigers, Lamont Endres and Brian Bednorz on the 7-member first team and Kirk Mollenkopf on the 6-member second team. Others were Carney of Gorman, Gavin of Notre Dame, Wagner of Alamo, Prachl of St. John's and Opperman of Christ the King on the first team, also Davis and Yoemens of Notre Dame, Curtin of Gorman, Slovak of St. John's and Davis of Alamo on the second team.

The Tigerettes landed two positions on the 7-member first team and two on the 6-member second team. Carol Walterscheid and Tammy Henschel are on the first team, Susan Walterscheid and Virginia Bartush on the second. Others of the first team are Tures of Gorman, Morris of Notre Dame, Prachyl of St. John's Schmitt of Christ the King, Reveles of Alamo. Others of the second team are Snider of Gorman, Bohac of Notre Dame, Strunc of St. John's Conover of Christ the King.

Denison Jaycees Sponsor Fun Run

The Denison Jaycees and Golden Distributing (Coors) are sponsoring a 10,000 meter and 3 mile run, Saturday, May 2, 1981, at 1:00 p.m. at the Denison National Guard Armory.

Individuals will be placed in the following categories for both men and women by age groups, 13 and under, 13-19, 20-29, 30-39, 40-49, and 50 and over. Awards will be given to the top two

finishers in each age group. The entry fee will be \$6.00 per person.

Early sign up and entry blanks will be available at the Jaycee office, located inside the Denison Chamber of Commerce, 313 West Woodard, Denison Texas. Entry blanks may also be obtained on the day of the race at 12:00 noon at the Denison National Guard Armory.

MHS Hosts Dual Track Practice

Boys and girls of the Muenster High and Sacred Heart High track teams got their first taste of action Friday in a practice meet on the MHS track. The teams were not competing but their coaches found the events useful to them in assigning places on the teams.

This week Friday MHS will host another practice meet, larger but still not official. Participants expected are Muenster, Sacred Heart, Lindsay, Alvord, Saint Jo and Callisburg. And on Saturday the SH girls will participate in the Community Brave Relays in Nevada.

Both teams of both schools will participate Saturday, March 14, at the Red River Relays in Saint Jo.

4-H'ers Compete In District Food Show

Eight 4-H members will represent Cooke County in the District Food Show sponsored by Morrison Milling Co. at Golden Triangle Mall on March 14.

4-H members from the 18 counties in the North Central District will compete in eight divisions. Cooke

County will be represented in each division.

Participating are: juniors, Stacey Sims, Sivells Bend; Pippa Fennell, Callisburg; Deana Nortman, and Michelle Miller, Lindsay; also seniors, Suzanne Tuck and Kelli Tuck of Mountain Springs, and Diane Hermes and Linda Sandmann of Lindsay.

CCD Offers Liturgy for Ash Wednesday

The senior CCD class presented the Liturgy for Ash Wednesday, with their teacher, Mrs. David Fette.

Steve Luke gave the first Reading, Benji Luke gave the Responsorial Psalm and John Walterscheid gave the second Reading.

Three students, Judy Dittfurth, Denise Sicking and Steve Luke offered Prayers of the Faithful and the Offertory petitions; and four students, Larry Fleitman, John Zimmerer, and Barbie and Brenda Wimmer brought the Offertory gifts to the altar.

FHA Meeting

Members of the Muenster High School FHA chapter worked on decorations for the Mother-Daughter Banquet, during their February 17 meeting.

Also receiving attention and discussion were the Area and State FHA meetings. Members will present a skit "The Twelve Years of School" at the Area meeting on March 6-7.

After the meeting the FHA group enjoyed refreshments prepared in the new microwave oven.

FHA Sweetheart

Monte Wimmer was elected FHA Sweetheart on February 13, by members of the MHS chapter. Other nominees were Bobby Hamric, Gary Klement, Jeff Tempel and Ricky Winn.

SCHOOL NEWS

Spring Madness Rampant At Muenster Public School

UIL spring madness is taking hold at Muenster Public School as students get set to participate in the usual array of scholastic and literary events included in

the annual district meet which leads to regional and state meets.

A report from Principal Alford Winn indicates that MHS will compete in the boys and girls divisions of track, tennis and golf plus boys baseball, and also in literary events and one act play.

Muenster's district competitors of the season are the same as in basketball, namely Era, Valley View, Alvord, Krum, Slidell, Ponder and Forestburg. However all are not participating in the full list of academic and/or athletic activities.

Rosters and schedules in track and baseball were published here last week. Two more rosters are listed this week and others will be told next week.

The boys tennis team, coached by Kim Nix consists of Brad Biffle, Jim Biffle, Wayne Carroll, Jeff Fisher, Doug Fleitman, Steven Luke, Dale Swirczynski, Garland Tate, Stephen Vogel, Douglas Walterscheid and Vance Wells.

And the golfers, coached by Jerry Stinson, include Wayne Carroll, Kevin Felderhoff, Glenn Fisher, Billy Grewing, Bob Hamric, Joe Hennigan, Benji Luke, Tim Schneider, Dale Swirczynski, Garland Tate and Vance Wells.

Rosters still to be announced are girls tennis and golf, both coached by Sharon Felderhoff, and the entries in literary events and the one act play.

 "We Service What We Sell!"

Let's make Texas the cleanest, most beautiful state in the nation! Let's make Muenster the cleanest, prettiest place in the county! Let's realize that littering streets and roads occurs mostly due to people's thoughtlessness and carelessness. It takes volunteers, singly or organized to reverse the trend.

The habit of flipping litter, cans, bottles, trash, paper, wrappers scraps of food etc. out on a street or road differs only in scale from discarding such in a neighbor's living room.
