**About a week ago CBS-TV had a program entitled Social Insecurity stressing the complaints that have been voiced against the administration's proposed changes in our Social Security system. In a pretense of fairness the program presented some views supporting the changes, but the net result was obvious. It was trying to convince the public that the system should continue substantially the same as it is now.**

The congressional contest is a demonstration of modern politics. Contrasting with the old times, when representatives in Washington were elected on their merits and trusted to use their good judgment in office, the procedure now is to influence their action through pressure from the people back home. In this case, it appears CBS was urging the people to bear down on the Congress. So, now it's time for President Reagan and his supporters to have their say.

**This isn't only a matter of deciding to whom benefits are to be given and how much. It's far more important to see that funds will be there to keep paying.**

Congress faces the fact that the SS system is due to go bankrupt in late 1982. Nobody doubts the payments will keep coming; but where from? Will there be an increase of taxes paid in by workers to support the system? Will benefits be decreased? Or will funds from the general treasury be tapped to subsidize the SS fund?

**The administration has chosen a method which combines the first two choices. One would discourage early retirements by reducing benefits to persons under 65. By this means some benefits would be decreased sharply and some eliminated completely to the 62-65 age group. At the same time the people of that age group would keep working and keep paying into the SS fund. With this two-way gain, it's estimated that the Social Security fund can keep meeting its obligations.**

Another solution to the problem is to tap the treasury. Objection to it is obvious. It would only escalate inflation and deficit. Like other irresponsible spending of the past, it would postpone the day of reckoning, which is sure to keep getting worse.

**Principal faults with the CBS program is that they exaggerated the suffering of old people, especially the 62 year olds with reduced benefits, without acknowledging that those who work until 65 will have their usual income. At the same time it disregarded the burden on young taxpayers who have to support SS. And it also failed to admit that government has pledged not to abandon the needy.**

**Along with budget cuts and tax cuts our government's overall program of economic recovery urgently needs the Social Security reform. It fits with the others in stimulating savings and investment, expanding industry, creating new jobs...in short, setting the country in the right direction for the old time American way.**

So, now it's up to President Reagan and the administration to undo the damage done by CBS in its special report. The method of taking an issue directly to the people has proved effective a number of times. We think it will get results again.

**It should also be understood that Social Security needs more than a temporary solution. The present way, with its hand to mouth existence, will keep getting more troublesome as the number of beneficiaries in-**

## City gets \$4,450 sales tax check

The City of Muenster has received a check of \$4,450 from State Comptroller as rebate for state sales taxes remitted here during the period ending July 9, 1981. The payment brings the local payments for the year to date to \$45,472, an increase of 2.89% over last year's \$43,768.

The Comptroller said this is one of 713 checks sent to Texas cities for a total of \$32,698,770 for the July pay date, and the total for the year to date is \$343.4 million, a 17 percent increase over the same period last year.

City sales taxes are collected by local business firms along with the state's four percent sales tax. The city is

then rebated for the 1 percent tax less a 2 percent collection fee.

Remittances to other cities of the area along with their total rebates of the year to date and the percentage of change from last year's totals were reported as follows.

Gainesville \$47,100, total to date \$428,585, up 11.38%; Lindsay \$4,070, total to date \$27,092, up 11.79%; Nocona \$5,532, total to date \$79,567, up 17.77%; Pilot Point \$2,770, total to date \$25,679, up 12.23%; Saint Jo, \$2,200, total to date \$14,944, up 5.68%; Sanger \$1,710, total to date \$20,498, up 13.66%; Whitesboro \$3,100, total to date \$51,669, up 14.98%.

Care-Flite service comes to Muenster Memorial Hospital. Above: The pilot and a nurse take an incubator and a stretcher out of their helicopter before going into the hospital to receive their patient, a pre-mature baby weighing 3 lb. 7 1/4 oz., for delivery to Children's Hospital, Fort Worth. David Bright, administrator, met the emergency personnel on their arrival. Left: A better view of the helicopter on the hospital parking lot.

## Care Flite answers emergency at hospital

The service of Care-Flite which is available in the North Texas area for critically ill patients, came to Muenster for the first time Tuesday.

It was used to transfer a premature baby, born to Mrs. Noe Robledo of Gainesville, to Children's Hospital of Fort Worth. Weighing only 3 pounds, 7 1/4 ounces, the little boy was judged in need of more complete facilities than

Muenster Hospital can offer.

Transfers in such cases are usually made to Flow Hospital of Denton, but this time it was crowded and not able to accept the emergency case. Thereupon Flow called Children's Hospital, which said it would have a helicopter ambulance on the way promptly. It arrived in about an hour and landed on the hospital parking lot, which local police had

cleared in the meantime.

Also while the helicopter was coming local hospital personnel stabilized the baby and prepared it for flight.

The child was met by a neo-natal team of two nurses and a pilot along with a monitor and other special equipment for observing and treating. They quickly had the baby ready for travel and headed for Fort Worth about 1 p.m.

## Local Scouts enjoy camping and advancement at summer camp

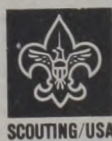

Sixteen Boy Scouts of Troop 664 attended a week of summer camp at Leonard Scout Reservation near Granbury last week and returned home Saturday. Accompanying them were Scoutmaster Waylen Poole and Sonny Carramao.

They were Alan Hudspeth, Ronnie Walterscheid, Kevin Bell, Michael Walter, Pat Hellman, Greg Bell, Ronnie Trubenbach, Leroy Voth, Mikael Fette, Duane Walterscheid, Ronnie Fisher, Kevin Wolf, Stephen Vogel, Kirk Klement, Craig

Stoffels and James Bright. A large number of merit badges were earned during the week and will be awarded when the next Court of Honor is held by the Troop the second week of August.

A group of parents of scouts, attended Family Night at the campsite on Thursday. They included Mrs. Waylen Poole and son Scott, Mr. and Mrs. Bobby Dale Walterscheid, Chris Walter, Mr. and Mrs. Donny Hellman, and Mr. and Mrs. Billy Don Wolf and Donna.

In last week's Enterprise the Scouts were pictured just prior to departure for camp. Alan Hudspeth's name was inadvertently missed in the accompanying news item. Sorry about that, Alan!

## Fire department called to mobile home blaze

Muenster Volunteer Firemen were called out Sunday afternoon at approximately 4:30 to the

Powell Ranch six miles west of Muenster.

A mobile home on the ranch was engulfed in flames and was a total loss, but the firemen extinguished flames and saved a livestock barn that had started to burn only yards from the mobile home. Small grass fires around the area were also put out.

The Saint Jo fire department responded to the call and assisted the Muenster VFD. They fought the fire until 6 p.m.

## Concerning estate laws...

# Vital changes proposed

by Charles Stenholm  
They say only two things in life are certain; death and taxes. The absolute certainty of those two are never more apparent than to family survivors faced with liquidation of an inheritance due to inequitable estate taxes.

Hardest hit by past estate laws are owners of family farms and ranches and small businesses. Land values, in particular, have been swept to such levels that few young farmers can ever hope to own a farm or ranch unless they inherit it and estate taxes on the inflated value of that land make inheritance doubtful for many others. For the past two or three years, land values have increased 12 to 14 percent, pushing estate taxes right along with them.

Under current law, estates of more than \$175,000 are

taxed at rates that rise as high as 70 percent. To pay that estate tax, many owners of small farms and businesses may be faced with the prospect of selling out—often to larger firms or wealthier individuals.

Proposals included in both the Ways and Means Committee version and the Reagan tax package would bring needed changes to estate tax laws.

The exemption on taxable inheritance would be increased from \$175,000 to \$600,000 in both proposals. The House Committee version (tentatively approved July 16, but open to change at the last minute) would cut from 70 percent to 50 percent the maximum tax on estates of more than \$600,000.

Both proposals would allow a person to leave an estate of any size tax-free to

the surviving spouse. Currently, the marital exemption is generally limited to half of the estate.

The bills would also increase to \$10,000 the limit on tax-free gifts to one person. For instance, a couple could transfer \$20,000 each year to each child without being forced to pay any gift tax.

Although the final form that these proposals will be presented to members of Congress is still unclear, I strongly support this general move away from an inequitable and unfair tax.

Earlier in the year I had co-sponsored H.R. 3882, the "Family Enterprise Estate and Gift Tax Equity and Reduction Act" which would allow family farms, ranches and businesses to pass intact from one generation to another. This bill included a provision

## Hornets start two-a-day football practice August 10

Slightly more than 2 weeks from now the Hornets of Muenster High will report to Coaches Leonard Peters and Charles Meurer for their first football practice of 1981 with ideas of springing a few surprises for the football prophets.

As judged by Coach Peters they look lots better than the two dismal ratings they have received from the experts. One magazine picked them as No. 10 in the 12 member District 8, another picked them as

fourth in the 6-member north zone of 8-A.

Coach Peters does not agree. He's pleased to see so many shaping up with weights and road work, and he likes their interest. He's also pleased to inherit an experienced squad including 10 seniors and 17 lettermen and about a dozen starters.

The number reporting is still unknown and will determine whether there will be a junior varsity team. Peters is anxious to have the junior team for the sake of

practice sessions and future teams.

The first practice session is set for 7:30 a.m., Monday, August 10. That meeting will include orientation, when the coaches and players will pick the time for two-a-day workouts. They will be in shorts for 4 days and put on the pads Friday for contact work. The twice daily practice will end on the first school day.

First taste of competition continued on page 8...

## Football starts August 10 for Sacred Heart Tigers

Facing their toughest odds of many seasons, the Sacred Heart Tigers of '81 will start football practice on August 10 with a goal of bettering

last year's 5-4 record and springing a few upsets along the way.

Coached by Father Stephen Eckart and Virgil Henscheid, they will have the same leadership that took them to the TCIL state finals in 1979. However they will have less manpower.

Henscheid said Tuesday the team was hit hard by the graduation of twelve veterans, but the loss is partly compensated by arrivals from last year's unbeaten junior varsity. Prospects for the varsity team are rated as fair.

The same can not be said

of the junior varsity. With only a few freshmen to offset the graduation of a dozen seniors, it's probable that the squad will be smaller. If so, there will not be enough players for two teams. The first day turnout will decide whether there will be a JV team.

Practice on the 10th will start with two-a-day workouts and continue twice daily until classes start. In keeping with UIL regulations the Tigers wear shorts four days and dress for contact work Friday.

Competition will start Continued on Page 8...

## Heat wave hits

It was nice while it lasted, but the moderate temperature came to a sudden stop last Thursday and temperatures of 100 or more have prevailed since. It's a welcome change from last year when the heat wave arrived in late June and remained at 100 or higher for 42 days.

Low and high readings of the past week were recorded

as follows by Steve Moster. July 16, 75 and 100; July 17, 74 and 100; July 18, 75 and 100; July 19, 77 and 102; July 20, 80 and 104; July 21, 80 and 104; July 22, 78 and 103.

The moisture situation is less satisfactory. Total for the week was zero and the month, now reading .12, has been bone dry since July 7. The 1981 total now stands at 19.56 inches.

creases faster than the number of taxpayers. Benefits will shrink while taxes become more burdensome. Somehow an alternate way has to be developed whereby Social Security benefits will be paid completely out of a fund created by the beneficiary himself...like an insurance policy. Economists have determined that such a fund with regular input and regular interest after some 45 years would yield much greater benefits than Social Security payments. Common sense tells us that we must adopt this kind of free enterprise security rather than our socialistic variety.

At the same time we have

to acknowledge our obligation of making good on our present security obligations. Hopefully we'll do this as the administration planned. Meanwhile we'd like to start phasing into the new method. Instead of complaining that our younger generation has no security for its golden years we can make certain that they are provided for better than we.

During the last session, the Legislature passed several bills that made substantial changes in public education. These included the curriculum bill, teacher competency testing, the teacher due process bill, as well as bilingual education and a pay raise for teachers.

A product of the recommendation of two interim studies, H.B. 246 substantially reformed public school curriculum requirements. The bill repealed all current curriculum requirements and established a new curriculum menu. School districts will be required to offer twelve major subject areas including language arts, other languages as practicable, mathematics, science, health, physical education, fine arts, social studies, economics with emphasis on free enterprise logic, business education, vocational education and history.

Although all school districts must offer these twelve subject areas, the bill does not require that students take each and every area.

The thought behind the bill was to get the Legislature out of the business of designating curriculum; instead, the Legislature would designate general areas of curriculum and leave the setting up of courses to the local school boards and the State Board of Education.

S.B. 50 requires that prospective teachers must pass a competency exam will be administered by the in-

### Research shows no windfall profits for big oil companies

COLLEGE STATION — A study published by a Texas A&M University energy research group has found little evidence that major oil companies have earned windfall profits since the 1974 Arab oil embargo when gasoline prices first began to soar.

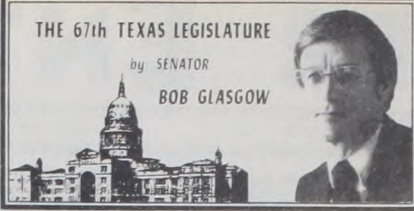

The financial risks in the oil industry seem to be increasing instead, spurred by heavier use of debt financing and the search for oil and gas in more remote parts of the world, according to the study's findings.

The study, conducted for Texas A&M's Center for Energy and Mineral Resources, suggests that the rate of return on investment in the oil industry has kept pace with the risks in exploration and development.

The 46-page study points out the petroleum investment climate has become more uncertain since the embargo because of both political and financial risk factors.

### Congressional Comment

WASHINGTON, D.C. — Pogo said, "We have met the enemy and he is us."

The finger of blame for big government spending, if we must find one, is pointed toward every citizen who depended on Uncle Sam to solve a problem that could better have been solved at the local level. It points to every American who has demanded, for good cause or bad, action by the federal government; programs by the federal government; assistance from the federal government.

I don't know of any Congressman who begins his day by thinking up deliberate ways to waste government money. Legislation is almost always initiated to redress some wrong and the demand for such action almost invariably comes from you, the people. The mistake that Congress has made in the past is listening to a small segment of society and judging that voice to express the will and the needs of the people.

Some of the aims and objectives have been honest ones, but expensive nonetheless.

There were good reasons to establish the Environmental Protection Agency, and the Occupational Safety and Health Administration, the Department of Education and the Department of Energy: We, the people, asked for them.

Energy prices are top high, the American public complained; so an obliging government established the Department of Energy to regulate energy prices. We need cleaner

water and cleaner air, the public cried out. The Environmental Protection Agency soon followed.

The same is true with problem after problem — agency after agency. The more often we look to Washington to take care of a problem that might best be handled on the local level, the more problems we ultimately seem to create.

All of those "good ideas," (and I have long questioned just how good the majority of them actually were) cost money, however. Now the tide has turned and the cry heard most often along the Potomac is "cut spending," or, more accurately, "cut his spending program, not mine."

The difficult decisions of which areas of federal spending to cut are now being made through the budget reconciliation process in the House. I have often said the vote I cast to cut the budget was the easiest vote I will make this year: The hard ones are coming up in every committee on the Hill right now.

I am aware of the danger of being labeled a "barnburner." That's a farmer who would burn his barn to get rid of the rats. We must use caution to prevent throwing out the good with the bad and use reason and good judgement to spread the projected \$695.44 billion we have been allotted to spend in such a way to provide the most good for the most people. But at the same time, we must not lose sight of the main objective, the return of fiscal responsibility to our federal government.

## Failure to change address a hidden cost of moving

"Americans are receiving more mail—important mail—than at any time in postal history," says Muenster Postmaster Virgil Henschel. "Yet, when it comes time to call the movers, one of the most overlooked of all procedures is notifying the proper parties of the change of address. In addition to the personal expense and inconvenience to the homeowner and mailers, undeliverable - as addressed mail has become one of the hidden costs of mailing."

Postmaster Henschel says the Postal Service spends about \$550 million a year to handle an estimated 4.5 billion pieces of mail that is undeliverable. "This is expensive that ultimately ends up within the price of postage stamps, and worse, it is unnecessary. Change of address is a simple matter today."

The Postal Service has been urging its customers to inform all correspondents of address changes at least 30 days before a scheduled move. With an assist from moving companies, real estate agents and others, the Postal Service distributes from ten to 16 million change of address kits every year to make it easier to notify correspondents and publishers.

"The primary strength of this program is that everyone benefits from it," says Postmaster Henschel. "The family that is moving benefits because its mail continues to arrive promptly, stores and other business correspondents can avoid billing problems and the Postal Service is able to process the mail more efficiently and at less cost."

Postmaster Henschel says the Postal Service is now launching a new effort to get change of address kits

into circulation. A direct mail campaign is asking commercial organizations such as truck rental firms, moving companies and real estate firms and others who deal with people on the move, to help distribute the Postal Service's handy Change of Address kit.

The kit contains convenient cards for notifying the postmaster, publishers, businesses, doctors, state and local agencies and utilities. The kit also includes a checklist of groups and individuals to be contacted prior to a move.

The direct mailing campaign to commercial organizations includes a two-part reply card which firms can use to order supplies of the kits from their local post office. "We are all aware of the need to economize and seek more efficient ways to use our resources," Henschel says. "Well, here's a place where the effort can start at home. The movers can help themselves, their correspondents and the Postal Service save more than \$550 million a year that we simply don't have to waste."

## BEWARE OF THE "HIGH DEMAND" GANG!

When you use your air conditioner, washer, dryer, water heater or other major appliances during the Energy Rush Hours, you help create high peak demands for electricity. And higher demands can lead to higher energy costs. Join Voluntary Load Management. You can avoid these high peak demands by following these five easy steps:

**AIR CONDITIONING:** Don't let your air conditioner be an Energy Bandit. Have it tuned up to make sure it's operating efficiently. Set its thermostat at 78 degrees or higher and use it sparingly from 5 a.m. to 9 a.m. and from 5 p.m. to 9 p.m.

**COOKING:** Smaller cooking appliances use less electricity to do your cooking than your range or oven. The smaller the better during the Energy Rush Hours.

**CLOTHES DRYING:** Avoid using your electric clothes dryer from 5 a.m. to 9 a.m. and from 5 p.m. to 9 p.m. or use the clothes line for some free solar energy.

**HOT WATER:** If you heat your water electrically, try washing your clothes in cold water. Bathe and do your dishwashing only before or after the Energy Rush Hours.

**IN GENERAL:** If you must use your major appliances during the Energy Rush Hours, be sure to use them one at a time. It will keep your own electric demands lower and easier for us to supply.

## Mollenkopf and Sandmann united

Mr. and Mrs. Ronald William (Ronnie) Sandmann are at home in Lindsay since returning from their wedding trip. They were married in Sacred Heart Church on July 18 in a 5 p.m. Nuptial Mass and double ring ceremony, with Father Stephen Eckart officiating.

The bride is the former Gay Sheree Mollenkopf, daughter of Mr. and Mrs. James Robert Mollenkopf of Muenster. The groom is the son of Mr. and Mrs. Raymond Sandmann of Lindsay.

Their vows were exchanged before an altar holding arrangements of white and light blue carnations. Lighted candles and a decorated archway led to the altar and white satin bows marked family pews.

The bride was escorted to the altar by her father. She wore a formal wedding gown of white, soft sheer organza and Wedgewood lace, designed with a fitted bodice, defined waistline and bouffant "Southern Belle" skirt.

Wedgewood lace formed the open mandarin stand-up collar and the scoop neckline with a delicate scalloped edge. Long bell sleeves of sheer organza were applied with lace and finished with gathered ruffles of matching lace. Four deep tiers of cascading lace ruffles formed the skirt, and drifted into a cathedral length train.

Her bridal veil of nylon was also cathedral length,

and was attached to a headdress of matching lace and simulated pearls. She carried a bouquet of red roses, and for sentiment, she wore a gold cross and chain, worn long ago by her late Great-Grandmother, Mrs. Mike Kleiss, and her Grandmother, Mrs. Rosie Walterscheid and her mother on their wedding days.

"Something borrowed" was a pair of diamond earrings from her mother, and "something blue" was a pair of blue garters made by Mrs. H.H. Homsley of Ft. Worth.

### Attendants

Attendants were matron-of-honor Lisa Gonzalez, brides sister; and bridesmaids Tammy Sandmann, groom's sister, Ruth Walterscheid, bride's cousin and Lorie Knabe, a friend. They were identically gowned in light blue polyester lace over taffeta dresses with tiered skirts, raised waistlines and flounced necklines. They wore picture hats of coordinating lace and carried white lace fans holding a cluster of blue flowers.

Christy Secret, groom's cousin, was flower girl, dressed in white; and Brandon Walterscheid, bride's cousin was ring bearer.

Pat Dieter, a friend, was the best man; and Jay Mollenkopf and Mark Mollenkopf, bride's brothers and Karl Metzler, a friend were groomsmen.

Alic Gonzalez, bride's

brother-in-law, Dale Swirczynski, groom's cousin, and Roy Metzler and Ricky Hess, both of Lindsay were ushers.

The bride's god-parents, an aunt, Mrs. Virgil Henschel and an uncle Tommy Walterscheid, and the groom's godparents, uncle and aunt, Mr. and Mrs. Edward Sandmann, presented the Offertory gifts.

Wedding music was given by organist Pat Hennigan Jr. a cousin of the groom; vocalists Mrs. Leo Lawson, an aunt of the bride and Jimmy Lawson, a cousin.

### Reception

A reception, dinner and dance for 600 guests was hosted by parents of the couple in the Sacred Heart Community Center. Tina Wilde of Denton and Bev Stevens of Valley View were at the bride's book. Reception assistants were Messrs. Adam Wolf, Norbert Walterscheid, Jim Gehrig and Gerald Walterscheid. The Schneiders catered the dinner and Hay Fever played for dancing. Lori Allen and Mrs. Richard Swirczynski served champagne for toasts at the bride and groom's table. The wedding cake was cut by Betty Rose Walterscheid and served by Lori Allen, Tina Weinzapfel, Mary Trubebach, Carol Koelzer, Glenda Beyer, Connie Pierce and Renee Rohmer.

Special decorations on the bride's table included individual placemats made by bride's mother, crystal and silver appointments, a pair of silver candelabra, with the wedding cake used as the centerpiece. Guest tables, covered in white, held candles in crystal holders, sprays of English ivy, white and shades of blue flower baskets; and wicker and floral arrangements made by Mrs. Arnold Knabe.

### Rehearsal Dinner

The rehearsal dinner was hosted by the groom's parents at The Center on July 12. A Get-Together shower was held in the home of Lisa Gonzalez on June 3; and an Around the Hour shower on June 27 in the Adam Wolf home, was hosted by Mrs. Wolf, Sharen and Karen Wolf, Darlene Miller, and Margie Klement. A brunch held on the morning of the wedding was given by Lisa Gonzalez.

The bride is a graduate of Muenster High School and Draughton's Business College in Wichita Falls and is a secretary for M & W Oil Field Supply in Muenster. The groom is a graduate of Lindsay High School and attended Cooke County College and is employed by National Supply Co. in Gainesville.

Among guests coming from a distance were Dr. and Mrs. Howard Mollenkopf and Jana, Gregg, Matt and Steven of Midland, Michigan, Mrs. Joyce Arrington of Burk Burnett, Mr. and Mrs. Frances Brodes and Billy Gahagen of Wichita Falls, Mr. and Mrs. Kenneth Kleem of Bridgeport, Victor Gonzalez of Corpus Christi, Sister Aloysia Kleiss of Jonesboro, Ark. and Mr. and Mrs. Al Kleiss of Subiaco, Ark. and Mr. and Mrs. Gilbert Yosten and Gay and Gary of Hereford.

MRS. RONALD WILLIAM SANDMANN

### Jody is Three

July 5 was Jody Felderhoff's third birthday. He celebrated with his family on July 12 with a noon meal in Muenster City Park. His birthday cake, decorated with a farm animal scene, was served with ice cream later in the afternoon while Jody opened his gifts.

Guests attending were the great-grandparents, Mr. and Mrs. Pete Koelzer; and the grandparents, Mr. and Mrs. Al Felderhoff and Mr. and Mrs. Arnold Knabe. Also Darrell, Gary, Margie and Lorie Knabe, David Womack and Scott Felderhoff. Also Jody's sister, Deann and his parents, Ross and Janet Felderhoff.

## Local ladies spend 5 fabulous days in resort

Monica Hartman and her cousin, Karla Wolf of Gainesville have returned from a five day fun trip to Puerto Vallarta, Mexico that included a Sunset Yacht Cruise.

They flew to the resort and back, and during the five days enjoyed a tour of the city, famous tourist attractions, spectacular scenery and memorable foods.

At one point during the cruise they went ashore at Yalepha, a primitive little town whose lack of electricity and streets was far over-shadowed by its beautiful scenery, waterfalls, sunny clean beaches

and crystal clear water. One evening they attended a Mexican Fiesta, where highlights were a Mexican buffet, Mariachi Band, Mexican Hat Dance and a cock fight. They returned home Friday.

## Mothers Day Out starts with 15 attending

The Mothers Day Out program at First Baptist Church of Muenster received 15 pre school children on opening day, Thursday, July 16. The children, ages 1 through 5, enjoyed coloring, games, play-acting, records, along with each others' company. Andy Cherry, associate pastor, entertained the children near the end of the day with his guitar playing, singing, and teaching the young ones some songs. The Mothers Day Out program is open to all children of the community ages one through 5. Mothers rotate on a voluntary basis under the direction of Teresa Rainwater. Mothers Day Out will be held every Thursday 9 a.m. to 3 p.m. at First Baptist. Workers assisting Mrs. Rainwater on opening day were Anne Poole, Michelle Knauf, Karen Endres, Charlotte Klement, Paula Russell and Stephanie Bynum. Also Mrs. A.B. Stevens and Paul Stevens helped by dropping in to read stories and clean up. Any mothers interested in the program may contact Mrs. Rainwater at 759-4180.

### Jessamy is one

Jessamy Jean Sicking, daughter of Mr. and Mrs. Herbert Sicking was honored Thursday in the home of her parents with a party for her July 18 first birthday.

Her brother, Bart, helped her blow the candle from her "Holly Hobbie" cake made by her mother. Her cousin Bob Richardson assisted in opening gifts. Barbecue, cake and ice cream were served to 15 guests and relatives. She is the granddaughter of Mr. and Mrs. Bernard Sicking of Muenster, Clifford Richardson of Rosston and Mrs. Dorothy Durbin of Gainesville. She is also a great-granddaughter of Mrs. Edith Richardson and Mrs. Angie Raney of Gainesville, and a great-great-granddaughter of Mrs. Nettie Links of Gainesville.

Wedding plans of Sharon Kay Dutton of Gainesville and Terry Hess of Irving have been announced by her parents, Mr. and Mrs. Joe K. Ware. Parents of the future groom are Mr. and Mrs. Ed Hess of Muenster. The couple will be married on September 12 at 5 p.m. in Sacred Heart Church of Muenster, with Father Stephen Eckart officiating.

Attendants will be Karen Dutton, bride's sister, and Tara Roberg, Tara Swirczynski and Cindy Schneider. Also Greg Knabe, Doyle Klement, Bob Grewing, and Keith Hess.

The bride-elect is a graduate of Gainesville High School and attended Cooke County College. The future groom attended Muenster High School and is the owner of Terry's Reinforcing in Irving. The couple plans to reside in Irving.

## Cooke County Blooms!

Illinois Bundleflower (Desmanthus illionensis)

By Gary Rainwater  
District Conservationist

Illinois bundleflower is a deep-rooted, warm-season, perennial native legume, which reproduces from seed. It is found in nearly all of Texas except extreme east, west, and south. It grows from 2 to 4 feet in height with 20 to 30 seed pods forming a bundle or cluster.

Illinois bundleflower has compound leaves to 4 inches long, twice pinnate with 6 to 14 pairs of divisions, each with 20-30 pairs of small linear leaflets about 1/8 inch long.

The flowers are white "powder-puff" balls 1/2 to 1 inch in diameter. It blooms from June to September.

The fruit is a round, dense, rough, cluster of curved pods, each about 1-1 1/2 inch long. The pods contain 2-6

beans and turn dark when mature.

This native legume is winter-hardy, drought resistant; and even though adapted to a wide range of soils and climate conditions, is generally found more abundantly in the more moist depressions and slopes of the terrain.

Illinois bundleflower is a nutritious plant and is readily eaten by all classes of livestock. It decreases under heavy grazing and is an important range condition indicator.

Chemical analysis of this plant show it to be very high in protein and similar in food value to domestic legumes.

This legume is often mistaken for prairie acacia, and is difficult to distinguish between the two until fruiting time.

All our choices are getting harder, so...

let's be practical.

We Americans have always been sensible and practical people. We think about our choices. We look for our best values, whether in the supermarket or the corporate boardroom.

Today we're having to take a long, hard look at our energy options. Oil and gas are no longer cheap. We depend on foreign sources for half our oil, and that makes us vulnerable to foreign politics. How practical is it to rely heavily on those sources?

America has the world's largest domestic reserves of coal and uranium. At your electric company, we think it's sensible to use these cheaper and more plentiful fuels. We started building generating plants to use lignite coal more than 10 years ago, and we're building a nuclear-fueled plant today.

We still have to use gas to make about half your electricity. But as fast as we can afford to, we're building plants to use more abundant fuels.

Think about it. We believe you'll agree. It's the only practical way to go.

## "Handicapped for a day"

"Handicapped for a day" can mean greater understanding for life, says Dorothy Taylor, a family life education specialist of the Texas A&M University System.

To gain an understanding of—and empathy for—handicapped persons, wear ear plugs or a blindfold for a day, or try to walk on crutches, or tie an arm behind your back for a morning of household chores, she suggests.

P.W. Ford of New Deal came Saturday to attend the Sam Bass Days in Rosston, he also was an over night guest of his sister Mrs. W.B. English and Mr. English.

The Sam Bass Days in Rosston was well attended, a large number of people came for a very enjoyable day.

Mr. and Mrs. C.W. Martin were in Gainesville Thursday where they watched their two nephews Chad Cannon and Scott Martin play ball. The boys play for McDonalds. Mr. and Mrs. Martin spent the night with Mr. and Mrs. C.A. Knight.

Now folks its time to draw

a red ring around August 29 on your calendars for that is the big Day in Forestburg, its a Watermelon Festival and Homecoming. The menus have been planned and Forestburg has some of the bests chefs in the country, so plan now to come and have dinner out and enjoy the fun.

Guests of Mr. and Mrs. Jack Berry and James have been Mr. and Mrs. Fred Cook and Angie and Mrs. Katie Cook all of Dallas; Mrs. Paul Larson of Baywood, California and Marie Brodruics of Garden Grove, California. They all attended Sam Bass Days in Rosston Saturday July 18.

Mrs. Wadie Knight and her sister Mrs. Claudie Coffey of Fort Worth visited Mr. and Mrs. John Gilliland Saturday July 18 and atten-

ded the Sam Bass Days, meeting many of their friends.

Tommy Walker of Fort Stockton has been a recent guest of James Berry, James and his parents Mr. and Mrs. Jack Berry took Tommy to DFW airport where he boarded a plane for home. The Berry's spent the night in Dallas with Mr. and Mrs. John L. Cook and returned home Monday.

## Reception honors Mother Mary John

Mother Mary John Seyler was the honored one at a reception on Tuesday, July 14, when Mrs. Mike Kleiss and Mrs. Paul Fisher were hostesses in the Knights of Columbus Hall from 7 p.m. until 9 p.m. They were assisted by a group of relatives and friends.

Recently elected Superior of the Benedictine Convent of Jonesboro, Ark. and president of the governing board of St. Bernard's Regional Medical Center at Jonesboro, Mother Mary John spent several days here as a guest of her mother, Mrs. Ben Seyler and her sister, Mrs. Lambert Bezner of Gainesville.

At the reception Tuesday evening, Michelle Kleiss registered guests at a table holding an arrangement of fresh flowers, sent by Mrs. Darrell Adams, of Lubbock, sister of the honoree. Mrs. Adams was unable to attend. The table also held a gift candle sent by Gehrig Hardware Co.

Mrs. Mike Kleiss presided at the punch service, and guests helped themselves to an array of homemade cookies.

The cookies were brought by Mrs. John Mosman, Mrs. Jerry Walterscheid, Mrs. Clyde Walterscheid, Mrs. Bill Lutkenhaus, Mrs. Bertha Pick, Mrs. Margaret Fisher, Mrs. Millie Fleit-

man, Mrs. John Pagel, Mrs. Joe Fisher, Mrs. Clyde Fisher and Mrs. Steve Moster. The hostesses and honoree and their relatives and friends expressed sincere appreciation to the Knights of Columbus Council for their hospitality in providing a meeting place.

Guests attended from Dallas, Gainesville, Lindsay and many from Muenster.

### TV commercials switching from 'me' affiliation

Television commercials appear to be undergoing a subtle shift of emphasis away from selfish appeals, report marketing researchers at Texas A&M University.

"They're switching from 'me' appeals to ads that promote group affiliation," said Dr.

James McNeal. "Fewer ads can be characterized by self-interest or self-satisfaction. Instead, more are appealing to the needs of interpersonal relationships and belonging."

McNeal, Dr. Stephen W. McDaniel and 11 Texas A&M graduate students viewed more

than 4,500 hours of television over a three-month period to determine major need appeals within 416 closely evaluated commercials.

"A common automobile ad today, for example, would probably show a person buying a car because it attracts people,"

McNeal said, "instead of emphasizing the car as a symbol of individual expression."

Appeals to individualism are still found in TV commercials, but not nearly so much as they were in the '70s, he said.

### Pets suffer in summer heat

People who own dogs should remember that their pets can suffer the effects of summer heat and humidity just as humans do, warns a spokesman for the Texas Veterinary Medical Association.

"Don't leave your pet in a closed automobile," reminds Dr. Ben Johnston, Texas Veterinary Medical Association (TVMA) President.

When Texas temperatures soar into the 80s, 90s and

even 100s, pet owners should know that five or six degrees rise in a dog's temperature can result in brain damage or death, said Dr. Johnston. And a parked car can be a death trap for the family pet, the TVMA President stressed.

"For example, if it is 85 degrees outside, it would take only 32 minutes for the temperature to rise to 120 degrees in a parked car with the windows rolled up," explains Dr. Johnston.

Any dog is susceptible to the effects of heat stress, but older dogs, puppies or animals that are overweight or have chronic health problems are more easily affected than others.

Joggers who like to take their dog along for the run should recognize that animals require conditioning to get in shape just as humans do. And the summer heat, combined with excessive exercise can cause overexertion and heat stress in the family pet.

If a dog exhibits signs of heat stress - panting, a staring or anxious expression, failure to respond to commands, warm dry skin, extremely high fever, rapid heart beat and collapse - the recommended first aid is to immerse the animal in cold water immediately. If that is not possible, spray the dog with cold water from a garden hose. Ice packs may also be applied to the animal's head and neck.

After taking these first aid measures, take the animal to your veterinarian at once.

**Vacation in Texas**  
Mrs. Carol Aytes and son Shayne of Tucson, Ariz. have returned home after a vacation visit in Texas, spent with her mother, Mrs. Arthur Hellman and other relatives. Several family parties were held to honor them. They arrived on July 4 and went home last Sunday.

**Granddaughter Visits**  
Mrs. Ruth Needham's guest for four days last week was her granddaughter, Karen Ruth Pohl of Chicago, who also visited in the home of Jodie French. They spent one day in Wichita Falls. A special surprise was arriving in Muenster the same day Mrs. Howard Mollenkopf (Ruth Endres) came in to visit relatives. The former Karen Ruth Needham, Ruthie Endres and Janie Endres were childhood friends. This was their first opportunity to visit in many years.

**Weekend in Irving**  
Mr. and Mrs. Andy Schoech spent last weekend in Irving in the home of a daughter and son-in-law, the James Cooleys and Kristin. Father Frowin Schoech, assistant at Blessed Sacrament Church in Dallas, joined the family reunion that included the Peter Walls of Dallas, Dick Schoechs of Arlington, the Glen Schoechs and Jennifer of Irving. The party was held on the new deck recently built by the Cooleys at their home.

Mrs. Joe Sicking spent from Thursday through Sunday with her daughter and family and was joined on Sunday by all members of her family, for a visit in the Stark home. She returned to Muenster Sunday evening.

### CARD OF THANKS

I want to thank the many people who came to visit me, or sent flowers, or cards while I was in the hospital. My special gratitude is offered to the hospital staff and Dr. Kralicke for the care they gave me. Betty Luttmir

The family of Marie Hoedebeck wishes to acknowledge the many expressions of sympathy at her death. We are most grateful to Dr. Kralicke and the nurses at Muenster Hospital for their care. The Masses, floral offerings, memorials, food, visits and phone calls were very much appreciated. We want Dr. Antonetti to know how grateful we are for trying so very hard to save her. We didn't realize before that we had so many friends. Leo Hoedebeck and children

### MISCELLANEOUS

**Pope names Fort Worth Bishop**

Ceremonies in which Father Joseph P. Delaney will be ordained bishop of the Fort Worth Diocese will be held Sunday, Sept 8, 4 p.m. in the Fort Worth Convention Center, according to a statement in Sunday's parish bulletin of Sacred Heart Church. Father Delaney was appointed by Pope John Paul II to succeed Bishop John J. Cassata who resigned last Sept. 16 and has been acting as apostolic administrator until the new bishop takes office. Father Delaney is the present chancellor of the Diocese of Brownsville. He

was born in 1934 in Fall River, Massachusetts, and studied for the priesthood in Boston, Washington DC and Rome. He has a master degree from the Catholic University of America, a licentiate in theology from the Gregorian University of Rome, and a master's degree in education from Rhode Island College. He was ordained Dec. 18, 1960 and was incardinated into the Diocese of Brownsville in Oct. 1971. Since

coming to Brownsville in 1967 he served in parishes in Pharr, McAllen and Brownsville. He has also been co-chancellor, chief judge of the marriage tribunal and diocesan superintendent of schools. He is a member of the board of the National Pastoral Planning Conference and has been active in the Texas Catholic Conference and the Texas Conference of Churches.

# Forestburg News by Myrt Denham

At 7:30 p.m. Sat. July 25th the Forestburg Young Homemakers will sponsor a homemade ice cream and cake supper at the Community Center. There will be games-of course!-dominoes and "42". The price tag is \$1.00 for it all plus a cool refreshing drink with the ice cream and cake. OKAY, you Forestburg folks, here is a good opportunity to support and help these young ladies!

Just a reminder that the Annual Baptist and United Methodist Church will have their Vacation Church School from 7 p.m. to 9 p.m. starting Mon., Aug. 3 through Fri., Aug. 7. There will be classes from 3 years of age through high school. Please make plans for your children to attend.

Mrs. Ceile Perryman and daughter Shelle along with Mrs. Perryman's sister, Mrs. Hilda Prescher of Valley View, left for Roswell, New Mexico on Sun, July 12. On the way to Roswell they stopped in Lovington to visit a niece--Mrs. Betty Paul. In Roswell they visited with three of their cousins that live there. Then on to Carlsbad and White City, N.M. where they toured the Carlsbad Caverns. In White City they also visited with Mrs. Prescher's sister-in-law and husband--Johnny and Agatha Mayes. On their way home they stopped in Merkel, Texas to visit with Mrs. Prescher's daughter--Mrs. Donna Bauer. Ceile, Shelle and Hilda made it home Thursday, July 16 and report having a wonderful trip and a good time.

Mr. and Mrs. Ray (Ted) Jackson were in Saint Jo Sun. p.m., July 12 and they visited with Ray's sister--Mrs. Eula Steen of the Yester-year Home.

Mrs. Charity Boyd, mother of Mrs. Jack Carter and Lester Wade Boyd, Jr., has been a patient in the Bowie Memorial Hospital since the middle of the July 6 week with a broken leg. Mrs. Boyd is very ill but seems to be holding her own.

Once again I'm beginning to hear a few rumblings, mumbblings and complaints

because the little roadside park just outside of Forestburg on the Montague Highway is all grown up and littered with **alot** of trash. All these years past, Cleo Lanier has kept it mowed and cleaned up--but she is getting weary of the job. Perhaps if some of these "rumblers," "mumbblers," and "complainers" would lend Cleo a helping hand it would stay clean--and they just might learn what a chore it is! Sure the park is an "eye-sore" now and a blight on the community, but local folks just drive by and say, "Oh, isn't it awful--why doesn't **someone** clean it up?" This is definitely not a state or county maintained park but has been a Cleo Lanier maintained park all these years!

Mr. and Mrs. Bill Jackson of Decatur visited with his parents, Mr. and Mrs. Ray Jackson, Mon. night, July 13. They were joined by Mr. and Mrs. Jack C. Dill and Mr. and Mrs. Larry Dill and family.

Miss Donna Kay Steadham and her grandmother, Mrs. Emma Steadham left Love Field in Dallas Sun. a.m. July 12 for Miami, Florida where they boarded the cruise ship Carnevale for a weeks cruise in the Caribbean. They visited the Dominican Republic, San Juan in Puerto Rico and Saint Thomas Island. They left there Fri., the 17th for Miami, arriving there Sun., the 19th and by 5:30 p.m. that day, they were back home in Forestburg. Emma says they saw so many beautiful places and that it was a simply wonderful experience for them both.

Mrs. Wilma Moseley and her sister Mrs. Tommie Hargrove returned the middle of last week from a three weeks vacation in the Western and Northwestern state. They visited relatives during their trip and in Wyoming, they visited with their brother Bodge Kuykendall.

Jimmy Joe Reynolds decided recently that it was time for him and Clea to retire, to relax and enjoy life, so he sold his cattle and leased his land. If Jimmy Joe reflects back he might be like the old rancher Perryman heard talking one

day. This rancher said, "If I was a young man starting in the cattle business, and knew what I know now, I'd...."---and he thought a moment, and continued, "Heck, I'd never get in the cattle business!"

Mrs. Minnie Sirman has had a new chain link fence put up across the front of the Perryman Cemetery. We wish to take this opportunity to express all our thanks to Minnie for her generous gift.

Mr. and Mrs. Charlie Barclay attended the Kuykendall family reunion at the community center in Henrietta Sun., July 12.

Betty Reynolds reports that she and husband Bennett have been too busy killing copperhead snakes here of late to go anywhere. They have killed 5 in four nights. Billy says they have been infested with the reptiles. Seems the "Wassie" Reynolds and J. J. Reynolds are also having the same problems.

Called Millie Reynolds Mon. a.m. for her news items...she said they hadn't been anywhere except to visit Mrs. Joe Denham in Bowie on Thurs., the 16th, and she said they hadn't had any company either. Then Millie said, "I just don't know what has happened to all the people--went to church Sun. a.m. and **only a handful** were present.

Mr. and Mrs. David Golightly, Jennifer and Gerry of Flagstaff, Arizona visited with his grandparents, Mr. and Mrs. Henry Golightly for a week recently. They are now in Muskogee, Ok. visiting with her parents and will stop by to visit with Lloyd and Henry for a few days on their way home to Flagstaff.

On Saturday the 18th, the Henry Golightly's daughter-in-law, Mrs. Harvey Golightly and a friend of Flagstaff, Ariz. stopped by for a short visit on their way home from Kansas City, Kansas where they had picked up a new 21 ft. boat. The two ladies departed for home Mon. a.m. the 20th.

Mrs. Myrtle Fanning of the Yes-ter-year Home in Saint Jo spent the weekend of July 18th in her Forestburg home.

Mrs. Wanda Perryman and Millie Reynolds were in Gainesville Sat. July 18 on business and shopping. Millie says they were mostly "looking".

Mrs. Pauline Grey of Canon City, Colo. and Mrs. Joe Denham of Bowie spent Sun., July 12 in Wichita Falls visiting their brother and his wife, Mr. and Mrs. Bailey Perryman.

Mr. and Mrs. Jack Miller of Mallard, Mrs. Jo Nell Fenoglio, Mrs. Carolyn Fenoglio and Diana Romines of Montague attended the wedding of Mrs. Donna Scott, daughter of Mr. and Mrs. Grady Scott of Ft. Worth, to Douglas McClain. The wedding took place at 10 a.m., Sat. July

18th in the Botanic Gardens in Ft. Worth and the reception followed in the Botanic Gardens Club House. Miss Diana Romines was a bridesmaid in the wedding, she and the bride are cousins. The two daughters of Mr. and Mrs. Royce W. Miller served at the reception. Mrs. Donna Scott McClain is Mr. and Mrs. Jack Millers granddaughter. Mr. and Mrs. Doyle Lynch of Forestburg also attended the wedding.

The Forestburg Church of Christ was the scene of a beautiful wedding ceremony Sat. night July 18 at 7 p.m. Exchanging marriage vows were Miss Phyllis Lanier, daughter of Mrs. Shirley Lanier and the late Gene Teakell, son of Mr. and Mrs. Marvin E. Teakell. A reception followed in the home of Mrs. Shirley Lanier. After a wedding trip to South Padre Island, the young couple will make their home in Ft. Worth.

Mrs. Alice and Esther Shears spent Sunday, July 19 in Gainesville with their sister and husband--Mr. and Mrs. Ralph Neeley.

At about 5:30 p.m. Mon., July 20 the temperature reached 108 degrees here at the Denham abode and our thermometer is in the shade too! Once again, we are in dire need of rain, the grass is burning up and the grasshoppers are eating up everything in sight. Perhaps if Gov. Brown of California insists we Texans need his Medfly here, we can just ship him our grasshoppers!

How many of you "Forestburgers" recognize this "young couple"?

## FIRST TEXAS INTRODUCES MONEY MAKER SECURITIES.

# Now get the high interest you need to beat the 80's.

First Texas Savings Association offers new Fixed-Rate and Daily-Rate Money Maker Repurchase Agreements. Both give you high interest rates on amounts from \$2,000 without brokerage or service fees.

Our Fixed-Rate Money Maker Repurchase Agreement keeps your money at a high interest rate for your choice of 30, 60 or 89 days. And the rate in effect on the day you invest is guaranteed for the entire term.

With a Daily-Rate Money Maker Repurchase Agreement you earn interest at the current daily interest rate for a maximum term of 89 days. Plus you are allowed to make deposits and withdrawals of \$500 or more with no penalty. And you receive a monthly statement showing every transaction.

Your investment is sound. Our securities are backed by the strength and stability of First Texas. And these repurchase agreements represent a participation in a Government Security even though they are not insured by the FSLIC.

First Texas has a variety of savings plans to meet your needs. New Money Maker securities are just two of the savings plans at First Texas. We also offer high-yield 26-Week and 2 1/2-Year Money Market Certificates and other plans that can help you gain financial security for the 80's and beyond.

At First Texas, we have the financial know-how to help you decide which plan best fits your needs. So stop by, or call any of our 70 convenient offices today.

## Rosston observes Sam Bass Day

People of Rosston and scores of visitors had a bang-up celebration last Saturday dedicating a delightful occasion to the memory of an old time outlaw who, according to local legend, used to hide out occasionally in that area.

The big attraction of the first Sam Bass Day was its parade, which included the

Muenster VFW color guard, buggies, antique cars and tractor, riding clubs, floats of local organizations, a National Guard tank and fire trucks from Myra, Era, Valley View, Forestburg and Rosston.

Another favorite activity was a fiddling contest. Ed Hanson of Boyd was declared the best fiddler and his nine year old daughter

was the sweetheart of the show. About a dozen competed.

Another popular event was a pulling contest with mules. The object was to have the teams move a sled with 100 pound weights added until the team failed. Heaviest load moved was 2060 pounds.

Other interests were a barbecue lunch, supper,

booths of homemade foods and crafts, and a dance with music by Doug Martin and the Rustlers.

Parade Marshal Jim Penton and the sponsoring Rosston Firemen extend deepest thanks to all who helped put on the celebration, the area media, and all who came to see.

## Social Security contacts can be handled by phone

Some people apparently find it hard to believe almost all Social Security business can be handled by telephone. You can file a claim, change an address, get Medicare information or report any change that could affect monthly benefits.

Save your time and money by calling a social security office if you have a question, need a leaflet or want to file a claim. Eliminate waiting lines. For several years, Social Security has been geared up to handle most of its business by telephone, a direct result of the steady increase in the volume of business from new programs, new laws, and more people. District offices and Teleservice Centers around the country have personnel trained to handle most of your Social Security business by phone. Don't make unnecessary trips to the local office.

Social Security officials believe that doing business by phone is an advantage for all concerned. Try it, you'll like it. Call this number toll free 1-800-392-1603 the next time you have Social Security business.

## Decontrol ups energy production

Deregulation of domestic oil has caused an increase in the production and exploration of crude oil in the United States, according to a senior member of the House Energy and Commerce Committee.

Texas Congressman Jim Collins cited optimistic figures by Abbott Sparks, President of Energy Publications, on higher American drilling activities, less foreign oil imports and increased spending for energy exploration since decontrol took effect in Mid-1979.

"In 1980, there were 62,462 well completions compared to 51,263 well completions in 1979. The 1980 figures break a 24-year record for well completions. Estimates for 1981 indicate that there may be over 75,000 well completions.

"These aren't the only optimistic figures in the domestic energy area. Exploration and development spending for the United States alone, increased from \$24.5 billion in 1979 to \$32.4 billion in 1980," Collins said.

He also noted that increased domestic energy development has resulted in decreased foreign oil imports. Imports were 8,389,000 barrels per day in 1979, but dropped to 6,759,000 barrels per day in 1980. The latest figures for 1981 indicate imports are down to 5,368,000 barrels per day.

"The deregulation of domestic oil has put America back on the road to energy self-sufficiency. What we need to do now is accelerate the decontrol of natural gas. It is estimated that there are 200 trillion cubic feet of proven gas reserves and 913 trillion cubic feet of potential reserves in the United States.

"We must increase the domestic production of our energy sources in this country. This creates American jobs, uses American transportation, uses American pipes and keeps American dollars here in this country," Collins said.

### News of the sick

Mrs. Ann Stoffels has been released from Gainesville Memorial Hospital after contact implant surgery on her left eye last week Monday. In March she had similar surgery on her right eye. She is also now getting around on crutches, favoring an old foot injury.

Mrs. Victor Hartman is home again, feeling fine, after being a surgical patient at Westgate Hospital since July 5. She was dismissed on July 17.

By Mildred Rauschuber

The aid comes wheeling in my tray  
I feel like shouting "Wow!"  
In spite of temperature and chill  
I'm hungry as a cow.  
With eager hand I left each lid  
I grope for coffee pot  
The paper carton seems to say,  
"It's milk that is your lot".  
I peep beneath the covered dish  
The while I say a prayer  
But no, it's coddled eggs I find  
Not steak just medium rare.  
There's still just one remaining hope  
A slab of cake's my wish  
Alas! it's jello that I see  
Aquiver on its dish.
