NUMBER 42

An occasion hardly noticed in these days of international terrorism and confusion is the 20th anniversary of the building of the Berlin Wall. Though the wall has served its purpose to prevent mass departure from the Communism of East Germany it remains a symbol of failure, tyranny and disgrace.

It might be noted that many countries have built walls to keep their enemies out, but this one is a wall to imprison a country's own people. While regarding the act as inhuman one can easily understand that it made sense by Communist standards. Otherwise the exodus would likely have continued until the country had lost all whose abilities were the very essence of the country's survival.

During the 12 years between World War II and the establishment of the German Democratic Republic (GDR) the number of escapes is estimated as high as 3.5 million, an amazing ratio of one out of six, a condition which desperately needed to be changed. Obvious alternatives were improvements inducing people to remain or restraint forcing them to remain. For the Reds there was only one choice.

The wall within the city of Berlin is only a part of the vast confinement system. Along the 856 mile border between East and West Germany is a fence with fortifications, watch towers, search lights, land mines and what not. Together with the wall it has greatly reduced the flow of escapes to a comparative trickle, but certainly did not stop it. During the past 20 years 2746 East German border guards have chosen to defect. During the first year of the wall 21,000 East Germans climbed over, burrowed under or broke through it.

In response the GDR has constantly reinforced and refined its detection and death strip into a sophisticated barrier, but they still don't have it escape proof. It's reported that 51 East Germans got through last year.

As much as the wall is despised, one has to admit that it is a good investment. The 105 mile Berlin Wall, plus 856 miles of fortified fence cost the GDR \$60 billion. If it had not been built the country by now would be mostly depopulated, leaving only the party faithful and the people not able to get across the border.

The wall has another economic value to East Germany. Relatives and friends from West Germany, along with tourists, are invited to visit and are required to buy \$13 worth of GDR marks at an unrealistic rate of exchange for each day across the border.

In other respects also the East Germans are making the most of a bad situation. Realizing that they have little chance to get away from Communism, they apply their native hard work and talent to improve conditions, and take a clear lead among the red satellites of Eastern Europe.

Of every 100 East Germans, 37 have a car, 82 have washing machines, 99 have TV sets (tuned to West Germany, of course), and 99 have refrigerators. Needless to say they would be more advanced if not burdened by Communism.

The thought of the Berlin Wall, and the Iron Curtain and Bamboo Curtain, presents a contrast which is especially complimentary to us Americans. People by the thousands are still risking their lives to escape those countries, especially where they have to endure filth, disease and starvation as well as the loss of freedom. No wonder they come to us in droves, seeking not only freedom but also food and shelter.

City council adopts \$322,687 budget

The Muenster City Council has adopted a budget of \$322,687 for the coming fiscal year. The action was taken in regular session Tuesday night after a hearing at which no city residents appeared. Estimated expenditures were quoted at \$227,187 for general fund operation and \$95,500 for the water and sewer fund.

To meet this expense the council estimated the need of a tax increase from 50 to 51.1 cents per \$100 of assessed valuation. Since the 3 percent raise is permitted by action of the council it was not necessary to order a special election.

Regarding the request for

a zoning change to apply to a house at First and Oak, the city decided instead to issue a special use permit for hours 6 a.m. to 10 p.m.

The request was made by Fischer's Market with plans to open a delicatessen and gift shop in the ancient building originally used as the Gehrig store and later the Gehrig home. The city decided that remodeling can be done as planned and the store can be open during usual business hours.

Regarding complaints about unsightly and rundown areas of town, the council prefers to take no action if owners will cooperate by repairing, painting, disposing of rubbish and other ways of

making the property presentable. The council's attitude is that no property owner has a right to detract from the city's appearance.

Moving a school zone traffic flasher to a more conspicuous position is a likely result of complaints that the unit at Fourth and Main is hard to see. The city will ask the Highway Department to move the blinker about a half block south where it is more visible.

Council considers locating County Ambulance here

Possibilities of locating an ambulance in Muenster were considered Tuesday night when Don Rice of the county's emergency medical service met with the council to explain the extent of cooperation that will be expected of local people. The outlook was regarded as favorable, however no agreement was reached until more details can be decided.

The agreement in general is to provide living quarters for the ambulance operator and shelter for the ambulance plus a number of volunteers to assist the operator at nights and weekends. The duty of these volunteers is mostly driving the ambulance while the technician cares for the patient. The volunteers will also receive training in helping the technician.

Dean Swirczynski, 18, dies in oil rig electrocution

Muenster was saddened last week Thursday by the sudden death of Dean Swirczynski, 18, in an oil field accident near Callisburg.

An employee of Felderhoff Bros. Drilling Company, Dean was electrocuted while working on a drilling rig about 1 a.m. Thursday. According to a Sheriff's Department he picked up an object charged with 115 volts and could not turn loose. Efforts to revive him after current was cut off were unsuccessful.

Funeral service for Dean Swirczynski was held Saturday at 10 in Sacred Heart Church with Father Stephen Eckart officiating at the Mass of Christian Burial and Father Nicholas Fuhrmann concelebrating. Also participating was an honor guard consisting of classmates from the 1981 graduating class of Sacred Heart High. The girls carried long stem red roses. Participating in readings of

scripture, petitions and meditations were Sonja Swirczynski, Leroy Berend and Betsy Fleitman. And of fertility gifts, including bread and wine and objects symbolic of his life were presented by Carla Walterscheid, Kevin Cler, James Hess Jr., Karen Dutton and Donna Hess. Singers were the Sacred Heart School Choir accompanied by Ruth Felderhoff.

Father Stephen's remarks praised the young man as a person of strong character who did not let disappointment get him down and who was dedicated in duties and sports.

Referring to the tragedy, Father Stephen said the hurt can be dealt with best by faith in God and belief that Christ loves him more than any of us can. Also, this death is another reminder to be prepared.

Burial was in Sacred Heart Cemetery directed by the Nick Miller Funeral

Home. Pallbearers were Steve Eckart, Steve Hennigan, Monte Reiter, Jim Biffle, Gary Hermes and John Hartman.

Rosary service was held at 4 and 6 p.m. Friday in the chapel of Miller Funeral Home.

Dean Swirczynski was born April 27, 1963 in Gainesville, a son of Roy Swirczynski and the late Mrs. Marilyn Stoffels. He was a 1981 graduate of Sacred Heart High and an oil field employee.

Survivors are his father, Roy Swirczynski; one brother, Darrell Swirczynski; one sister, Dea Swirczynski; and three grandparents, Mrs. Bob Swirczynski and Mr. and Mrs. Ed Hess.

A Memorial Fund has been opened at Sacred Heart School in honor of Dean Swirczynski. Donations may be sent to Mrs. Ted Henschel, Box 358, Muenster or Sacred Heart High School, Rt. 2, Muenster.

German exchange students enroll at Muenster High

Two young men from West Germany are attending Muenster High School this year as exchange students. Henning Grantz is here as a guest of the Ken Fettes un-

Baltic Sea, which has cool summers somewhat more comfortable than Texas weather.

Both are classified as juniors, as they would be at

studies like agriculture, homemaking, and shop. Those subjects are emphasized in the trade schools.

At MHS Henning and Dirk are including the vocational subjects with the academic. For instance computer, typing and shop. However they are also interested in learning about the United States, as in Civics, US History and English.

The students are enjoying the experience, making friends and learning about America. In sports their favorites are soccer, volleyball and basketball, but they are mostly blank about football.

Mr. Winn says the school is delighted with the two exchanges. They are good students, friendly, well behaved, interesting. While learning about America they will have a good influence on MHS Students.

September is the time to... Insure your crops

Between now and September 30, Texas farmers can study the All-Risk Crop Insurance Program for wheat and barley to decide how it can fit into their 1982 plans.

Basically, the program works the same as before. The producer signs up for protection now. After the crop is planted they file a report of planted acres which becomes the basis for their protection.

"If the crop is damaged by an unavoidable natural hazard at any time during the growing season, an indemnity is paid on the difference between the producer's guarantee and the actual or appraised production," explained Ben A. Jordan, Jr., FCIC Regional Director.

Payment of premiums is not required until after harvest. The program is set up so every producer can work out an insurance plan that fits his or her needs and budget. For wheat and barley, the producer selects a guarantee in bushels per acre from one of three levels which reflect approximately 50, 65 and 75 percent of their average yield.

The producer also selects one of three price elections. This year's options are

\$2.50, \$3.50 and \$4.50 per bushel on wheat; and \$2.00, \$2.25 and \$2.60 on barley, according to the Regional Director.

Another feature of the program is that producers can count on the government paying up to 30 percent of the premium and the rest is tax deductible.

Those producers who establish good insurance experience also receive additional discounts of from 5 to 50 percent of the regular premium.

"While it is still a government program, it is available in most communities from private insurance agents. Some companies call it comprehensive or multiple peril rather than all-risk, it's still the same policy with the same protection and the same cost," said Jordan.

Homecoming: Johnny Pagel Returns to Community Lumber

Johnny Pagel, after an absence of 18 years, is back with Community Lumber Company, Inc. owned and operated by his father, Jerome Pagel. He started his new work last week after leaving Cooke County Electric Co-op on Friday, Aug. 28.

Johnny's coming ups the Pagel personnel at Community to three. Dick has been there since returning in 1966 from service in the US Navy during the Vietnam War. For John it's like a homecoming. He worked there as a student before his graduation from Muenster High School in 1962. During those years Dick was a student employee at Pagel's

Grocery working with his grandfather, Jake Pagel, and his uncle, Maurice Pagel.

After graduation Dick joined the Navy and John went to college. He had two years at Cooke County College, received a bachelor degree from North Texas State University and a master degree from Louisiana Tech. Dick returned home in 1966 and started working at Community, John graduated in 1967, came home and started with Cooke County Electric Co-op.

Community Lumber Co. was established as a partnership by Jerome Pagel and the late Rody Klement in 1946. After Klement's death in November 1980 his wife withdrew from the business. As originally, the company is a general building contractor and a retailer of building materials and supplies and hardware.

Forestburg names pageant winners

Winners have been named in three categories in the Forestburg Miss Watermelon Pageant.

Jamie Moore, 5 year old daughter of Mr. and Mrs. Paul Moore of Bowie and niece of Ernest Moore of Forestburg was the winner in the 3-7 age group.

Christie Ulbig of Montague, daughter of Mr. and Mrs. Charles Ulbig was named as the winner in the 8-13 age group.

Miss D.J. Halley of Saint Jo was the winner of the 14-18 age group. A native of California, she moved to Saint Jo last year.

Dan Hamric was master of ceremonies and the following were judges: Betty Reynolds of Forestburg, Ruth Smith of Freemound, Steve Kohler of Rosston, David Moyer of Bowie and Henry Weinzapfel of Muenster.

Alvin Hartman completes 35 years at the Enterprise

September 16 will mark a milestone in the career of Alvin Hartman at the Enterprise. On that day he will have completed 35 years on the job which started a few months after his graduation from Sacred Heart High School in 1946.

Alvin has spent most of those years on the composing stones and presses. Composing involved using machine set and hand set type, along with metal spacing, to build forms for ads and also to combine ads with type to build page forms. Forms for commercial printing were composed the same way. Next step in the process was locking forms on the various size presses and printing.

Hartman took on added duties in January 1975 when he was named publisher of the Enterprise. His new work involved managing the business and selling advertising. The arrangement continued until January 1979 when David Fette, son of the founder and editor, R.N. Fette, succeeded Hartman as publisher. Since then Alvin's assignment is to sell ads and continue composition and press work in commercial printing.

As regards the newspaper, a new era has arrived. Metal (hot type) is no longer used

in building forms and printing. The method is electronic, imprinting type on

paper by a photographic process, then arranging and pasting up the type into a form from which a printing plate is made. Enterprise press work is now done at Bowie.

Congratulations Alvin, and many thanks!

ON LIMITING TAXES
Historical references to income taxes can be found in accounts of life in ancient Greece and Rome. But within modern times the rise of the use of this unfortunate tax can be traced to England where it was first introduced in 1799 to raise funds for the defeat of Napoleon.

Long before its adoption in this country, its ill effects were well-known and duly noted in England by the outstanding statesman in all of British Parliamentary history, William Gladstone, who remarked:

"I believe that it (the income tax) does more than any other tax to demoralize and corrupt the people... So long as you consent, without a special purpose, (such as a threat to the nation's security) to levy the income tax as a part of the ordinary and permanent revenue of the country, so long it will be vain to talk of economy and effective reduction of expenditure."

Gladstone could well have been addressing himself to our current problems. Without question government is out of control in America. The Founders gave us a Republic to preserve and defend our rights. But unwise political decisions are destroying our rights.

As a consequence, we have lost many freedoms in America, and since the adoption of the income tax, our property has been and is being "progressively" confiscated by the government.

Government is out of control because spending is out of control. The only way we will ever get a grip on government is by reducing drastically the funds available to "feed the Leviathan." But how can this be accomplished?

In his article, "The Power to Destroy," Dr. Clarence Carson outlines an excellent program, based upon the following principles. He said:

"Taxes must be limited to a degree that will not divest the owner of control over his creations, productions, or provisions. They are his by right, and only so much of them may be taken as is necessary to protect him in his ownership of them. If the government, either by taxation or any other device, comes into control it is the control of the superior (the people) by the inferior (people)."

Dr. Carson lists certain corollary principles which should control taxation and help to keep it within proper limits.

"1. All taxes should be uniform." This is not only the just approach to taxation but also removes the lure of redistribution for which cause many people approve income taxes.

"2. Taxes should be tied as closely as possible to the object for which the money is to be spent." Tolls for toll roads illustrate the principle.

"3. Taxes should never be levied for any purpose other than raising revenue." Taxes which control and prohibit are destructive in nature and are an abuse of government power.

"4. Government spending should be limited to that necessary to maintaining the peace and providing those services to which the use of force is necessary and proper."

Obviously, the graduated income tax violates or contributes to violations of all of these principles. Until we abolish this tax we can never hope to control government. We have given government the means to confiscate our total income. It is bringing bankruptcy to both companies and individuals.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION NOVEMBER 3, 1981

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would allow the legislature to authorize cities, towns and other taxing units to grant exemptions from ad valorem taxes on unproductive, undeveloped or blighted area in order to encourage its development. The amendment would also allow the legislature to authorize a city or town to issue bonds or notes to finance this development and to pledge future increases in ad valorem tax revenues from the property in such areas to repay these bonds or notes.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize cities, towns, and other taxing units to encourage the improvement, development, or redevelopment of certain areas through property tax relief and the issuance of bonds and notes."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 117 proposes a constitutional amendment that would authorize a person to receive a patent to land from the Commissioner of the General Land Office under certain conditions. Application for the patent must be made within five years from approval of the amendment. The land must be surveyed, public free school land not previously patentable. The person must have a properly recorded deed to the land, which he acquired without knowledge of the patent defect and which title he and his predecessors in interest have held for at least 50 years. The person and his predecessors in interest must have continuously claimed the land and paid the taxes for at least 50 years.

This amendment does not apply to beach land, submerged land, or islands. An applicant may not use this provision to resolve a boundary dispute. This amendment will not apply to land which has been determined to be state-owned by a court of competent jurisdiction or that has a productive state mineral lease on the effective date of the amendment.

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 38 proposes a constitutional amendment that would enable the legislature to grant to a state finance management committee the authority to manage state funds. Funds constitutionally dedicated to specific purposes would not be subject to committee management. The committee would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman of the Senate Finance Committee, Chairman of the House Appropriations Committee, Chairman of the Senate State Affairs Committee, and the Chairman of the House of Representatives Ways and Means Committee.

PROPOSITION NO. 4 ON THE BALLOT

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow the legislature to grant to a state finance management committee the power to manage the expenditure of certain appropriated funds."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 49 proposes a constitutional amendment that would exempt livestock and poultry from taxation. Currently, farm products in the hands of the producer and family supplies for home and farm use are exempt.

PROPOSITION NO. 6 ON THE BALLOT

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for the inclusion of livestock and poultry with farm products as exempt from taxation."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 81 authorizes the governing body of a county, city, school district or other political subdivisions to exempt from taxation a portion of the market value of a residence homestead. The portion

exempted may be as much as 40% for 1982-1984; 30% for 1985-1987; and 20% for 1988 and after. The amount of an exemption may not be less than \$5,000 unless the legislature by general law prescribes other monetary restrictions on the amount of the exemption. An eligible adult is allowed to receive other applicable exemptions provided by law. An exception is made where ad valorem tax has previously been pledged for the payment of debt.

The amendment further directs the legislature to require that notice be given to property owners of a reasonable estimate of tax on their property in certain situations.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing a political subdivision to provide property tax relief for owners of residence homesteads and changing certain property tax administrative procedures."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment that would authorize the Veterans' Land Board to issue and sell an additional \$250,000,000 in bonds increasing the Veterans' Land Fund's total bond issuance authorization from \$700,000,000 to \$950,000,000.

The amendment would increase the maximum interest payable by the state on these bonds from 6% to 10%, and permit an even higher rate, if specified by the legislature.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of additional bonds to finance the veterans' land program and to increase the maximum interest rate allowable on veterans' land fund bonds."

Confetti... continued from page 1...

For this we can be proud. It's a great compliment to have our country identified with the better life. At the same time it's disappointing to see a serious problem developing from our generosity. Taking in these people involves much more than admitting them to our shores. They need jobs and homes, the opportunity to

live in dignity. At the same time many are destitute and have to be helped by our already burdened welfare system.

It's easy to understand that most Americans resent the extra expense of caring for them. Others resent their taking jobs that Americans might have held, and they also resent the turmoil that sometimes results when depressed people are crammed into emergency quarters.

While cheering the distressed people for their high regard of our country we have to deplore our inability to keep up with their needs. Some day, perhaps, a solution to this situation will become a part of national progress.

TAX FREE... Interest on Savings Certificates

October 1st

The ALL SAVERS CERTIFICATE has been approved by Congress as part of President Reagan's Economic Recovery Program. Under this program, banks may issue one year certificates with the first \$1,000 (\$2,000 for couples filing jointly) of interest earned being TAX- EXEMPT.

The issue rate will be determined each Monday based on the weekly auction of one year treasury bills. For example, ALL SAVERS CERTIFICATES, if issued at this time would earn interest at the rate of 12.10% TAX-FREE

UPDATE: According to the most recent IRS ruling, MSB ALL SAVERS CERTIFICATES definitely qualify for tax free status.

Third annual funday festivities honor Charles Stenholm

Preparations have been completed for the Third Annual Funday Festivities at the Ericksdahl Picnic Grounds near Stamford. The event is scheduled for Saturday, September 12, 1981, and is the principal fund raising event planned for Congressman Charles Stenholm.

Friends and supporters of Stenholm are invited to attend. This is the third Funday that Stenholm and his wife Cindy, along with their three children, have returned to Texas to visit with friends and supporters from the thirty-three county 17th Congressional District. The event is sponsored by the Friends of Charlie and the Stenholm for Congress Committee.

Stenholm is presently Coordinator of the much publicized Conservative Democratic Forum. He serves on the House of Representatives' Agriculture Committee and Small Business Committee.

Congressman Stenholm will address the gathering at Funday concerning issues that face Congress at the present time.

Tickets for the Third Annual Funday Festivities and barbeque are \$10.00 each and can be purchased by contacting the Stenholm for Congress Committee Office, P.O. Box 1032, Stamford, Texas 79553, or by calling 915-773-5521. In case of bad weather, activities will be held in the Ericksdahl Lutheran Church.

GAs, Acteens in love with Jesus

A special recognition service was held on Sunday, August 30, 7 p.m. at First Baptist Church of Muenster for Girls in Action (G.A.s) and Acteens. The theme of the service was "In love with Jesus".

Girls in Action and Acteens are mission organizations for girls to encourage them to "tell the good news". It gives them opportunities to learn about the needs of people around the world and how these needs are met by missionaries. Through these studies, the girls can see needs right here at home and discover ways of sharing God's love to meet those needs.

Rev. Keith Thomas, pastor, opened the service by welcoming those in attendance and in commenting on the work of the G.As and Acteens. Paula Russell led the reading of Scripture, 1 Corinthians 13, and special music was provided by Andy Cherry, associate pastor. He sang "Love was When" accompanied by Mrs. Venita Thomas, pianist.

Brenda Cherry, director of G.A.s and Acteens, was narrator for the program presented by the girls. Each girl was presented a membership pin and recognized for the work and progress she achieved during the past year.

Every girl in G.A.s and Acteens dreams of the day when she receives her crown and begins her progress into the royalty of our King, Jesus Christ. Cindy Tisdale, daughter of Larry and Earline Tisdale, attained that level and was presented her crown on Sunday night. She worked extra hard to meet the requirements of each level and was recognized for her dedication and efforts. Christin Cain, daughter of Mr. and Mrs. Chris Cain, was the crown bearer.

The G.A.s, grades 1 through 6, sang the Girls in Action song. The G.A.s and Acteens, grades 7 through 12, sang together, "I Keep Falling in Love with Him."

Following their program and presentations, Rev. Thomas praised the girls for their dedication and love of Jesus. "We need to crown Jesus Lord of all and to crown Him Lord of all, we must love Him most of all," he said. Rev. Thomas continued by saying if you love Jesus, there will be a growing maturity in Christ, a growing unity with Christ and a growing conformity to Christ. "The only way we can know and experience life as God intends it, is to

voluntarily and totally surrender to Him." He challenged the girls and the congregation to do just that.

A reception was held in the fellowship hall following the recognition service. Girls in Action, grades 1-3 are Candy Abbe, Clarissa Bentley, Kelli Ford, Misti Ford, Dee Hamilton, Teddi Oakley, Karri Ramsey, Shannon Reeves, Shelly Reeves, Joy Tisdale, Staci Whittington, Lisa Robison. Leaders are Donna Boaz and Paula Amorosa.

Special liturgy opens CCD year

The opening Liturgy for the CCD of Sacred Heart Parish developed the year's theme: "A Call to Share in the Work of The Lord." It was held on Wednesday, September 2, and was planned by Pat Wimmer, Joan Walterscheid and Betty Rose Walterscheid.

Father Stephen Eckart was celebrant, and Mass servers were Donnie Boyd-stun, Ronnie Walterscheid, Eric Dankesreiter, Joey Weinzapfel, Michael Pagel and Keith Klement.

Included in the entrance procession were Mindy Graham carrying the Christ Candle; Jason Walterscheid carrying the CCD banner on which the theme was printed in gold letters on a blue

background, with "praying hands"; and Pat Hellman carrying the American flag.

The first Reading was by Charlotte Fleitman and the Response was by James Bright.

In the Offertory procession were Mr. and Mrs. Jerry Reed and son Jay. The Reeds presented him to his CCD teacher, Mrs. Charlotte Klement.

Koch-Britton Low Voltage Electric Stimulation

... for tenderness gains in every beef carcass you process!

Typical carcass during stimulation

checklist of Benefits

- *Energy savings: Reach chill temperature 1-4 hours sooner
- *Less dripping
- *Less spoilage
- *Less shrink and trim loss
- *Shorten aging times up to 66% less time in cooler
- *Improved quality and flavor
- *25% increased tenderness
- *About 6% move up a grade, better color, more visible marbling, less heat ring, reduced re-grade
- *Lower the Ph level
- *Eliminate cold shortening and dark cutters

When a carcass is stimulated, a lot of body heat is dissipated in a hurry. Extra bleeding occurs and reduces chances of spoilage and excessive trim loss. Once in the cooler, proper chill can be reached hours earlier, saving money and energy. Next day, a brighter cherry red color appears. At grading time, about 6% of the carcasses move up to a higher grade. Heat ring and cold shortening are negligible. Aging time is far less (3 days instead of 7 or 7 instead of 21).

Marriage unites Felderhoff, Walterscheid

Mr. and Mrs. Kenneth Felderhoff are on a wedding trip following their marriage in Sacred Heart Church on Saturday, September 5 and will be at home in Muenster upon their return.

The bride is the former Kim Walterscheid, daughter of Mr. and Mrs. Robert Dale Walterscheid. The groom is the son of Mr. and Mrs. Alphonse Felderhoff, all of Muenster.

Father Stephen Eckart was celebrant of the Nuptial Mass and double ring ceremony, before an altar decorated with arrangements of white gladioli tied with blue bows, lighted candles, and a pair of tall floor candelabra with ascending white candles and entwined with smilax and blue satin ribbon. The Unity candle surrounded by a blue carnation candle ring was placed at the center.

The bride was given in marriage by her father. She was wearing a formal white wedding gown designed with a Victorian neckline, heart-shaped collar of delicate scalloped lace, sheer yoke of matching lace, and fitted bodice of chiffon. A ruffle of crystal pleated tulle edged the yoke. Long sleeves were sheer and tapered, with emphasis of Schiffler lace. The skirt was overlaid with Swiss Schiffler lace accented by lace appliques, with tiers of tulle that flowed into a cathedral length train. The derby hat of Venise lace and tulle completed her bridal attire.

For sentiment she wore a gold cross and chain, worn previously on the wedding day of her great grandmother, the late Mrs. Mike Kleiss; by her grandmother, Mrs. Rosie Walterscheid and by her mother. She also had a birthdate penny and a gift garter made by Mrs. Carolyn Walterscheid. Her bridal flowers were carried in a cascade of white

roses, blue daisies, and lily of the valley, on a lace ruffe.

Attendants

Brenda Henscheid was maid of honor; Rose Henscheid, Karen Walterscheid, and Susie Felderhoff all friends of the bride were bridesmaids, identically dressed in French blue gowns of polyester knit, designed with spaghetti straps and lace trimmed cover-up of sheer polyester chiffon. They wore mat-

ching blue, derby style hats and each carried a blue, long stemmed rose and baby's breath tied with white and blue ribbon.

Shirley Henscheid, in a blue dress was the flower girl, carrying a white basket with blue sweetheart roses, forget-me-nots and baby's breath. Kenneth Walterscheid was the ring bearer.

Danny Walterscheid was the best man for his friend and classmate, John Henscheid, a friend, Scott Felderhoff, groom's brother

cake, decorated with blue roses and topped with a bridal figurine. Also used was a pair of silver candelabra, a silver wedding gift to the Joe Henry Walterscheids by their family. Blue net overlay with floral arrangements in blue and white, with ivy, further enhanced the decor.

Guest tables held white lace baskets of blue and white flowers. An impressive hanging basket of blue and white flowers with white hearts was suspended from the ceiling. An arrangement on the wall behind the bride's table featured five wicker rounds with blue and white flowers. All decorations were made by Mrs. Arnold Knabe.

The wedding cake was served by Tracey Walterscheid, Sara Walterscheid, Jill Walterscheid, Doris Henscheid and Donna Wolf.

The rehearsal dinner was hosted by the groom's parents at The Center. A shower honored the bride-elect on August 14, with bridesmaids as hostesses in the TP&L Building.

The bride is a graduate of Muenster Public High School and the groom is a graduate of Sacred Heart High School. He is employed by Felderhoff Brothers as a driller.

Special guests at the wedding were the bride's grandmothers, Mrs. Opal Cooper of Hobart, Okla. and Mrs. Rosie Walterscheid of Muenster.

Mr. and Mrs. Bruce A. Hirschi of Sanger announce the engagement and approaching marriage of their daughter, Carol Denise to Randal Joseph (Randy) Pelzel, son of Mr. and Mrs. Felix A. Pelzel of Pilot Point. The groom is also the grandson of Mrs. Fred Hennigan, Sr. of Muenster.

The couple will be married on October 24 at the First Baptist Church in Sanger. The bride-elect is a graduate of Sanger High School and is employed in the Denton County Clerk's office. The prospective groom is a graduate of J. Earl Selz High School and is employed at L and M Cabinet Shop in Pilot Point.

MRS. KENNETH FELDERHOFF

Janet Dangelmayr and Curtis Pagel will be married in Sacred Heart Church on October 10. Their engagement and wedding plans have been announced by her parents, Mr. and Mrs. Billy Joe Dangelmayr. Parents of the future groom are Mr. and Mrs. Charles Pagel. Father Denis Soerries will officiate at the 5 p.m. Nuptial Mass.

Attendants will be Donna Trubenbach, Rhonda Bednorz, Margie Knabe and Denise McGee; also Kevin Klement, Carl Pagel, Tommy Dangelmayr and Darrell Pagel.

The bride-elect is a graduate of Sacred Heart High School. The future groom is a graduate of Muenster Public High School and is a route salesman for Clyde Fisher Beer Distributor. They plan to reside in Muenster.

and Mike Walterscheid, bride's brother were groomsmen. Ross Felderhoff, groom's brother, Duane Walterscheid, bride's brother, Damien Walterscheid, a cousin and Gary Felderhoff, a cousin were ushers.

Terry Felderhoff and Keith Vogel were Mass servers.

Offertory gifts were carried to the altar by the bride's god-parents, Mr and Mrs. Herbie Walterscheid and the groom's god-parents Mr. and Mrs. Bill Lutkenhaus.

Jeanine Walterscheid, bride's cousin, wearing a blue dress, led the bridal procession, carrying the Unity candle to place on the altar.

Mrs. Leo Lawson and Jimmy Lawson presented wedding music with vocal solos and duets accompanied by Anthony Luke, organist.

Reception

A reception, dinner and dance followed in the Sacred Heart Community Center. Judy Walterscheid and Janel Lutkenhaus secured guest signatures in the bride's book.

MRS. TOM RAYMOND HESS

Tom Hess weds in North Carolina

Paula Louise Maulsby, daughter of Mr. and Mrs. Paul Maulsby of Raleigh, North Carolina, became the bride of Tom R. Hess, son of Mr. and Mrs. Ray Hess of Muenster, in a double ring ceremony on August 29 at 2 p.m. Rev. Bob Lovvorn and Rev. Davis Benton officiated in First Baptist Church of Garner, North Carolina.

The bride is a graduate of East Carolina University and is employed by the Pitt County Schools as a teacher of Kindergarten through 3rd grade. The groom is a graduate of Sacred Heart High School of Muenster and North Texas State University in Denton where he was an outstanding track star and member of the championship track team for several years. He is employed by "The Navigators" as a Christian Worker at Cherry Point Marine Base.

The couple pledged their vows before an altar decorated with palms and lighted candles. The bride wore a formal wedding gown of white polyknit designed with a Victorian neckline, empire waist and full sleeves caught to lace cuffs. A yoke of English net and the bodice of polyknit were accented with Satin Venise lace. Matching lace

inserts formed patterns on the sleeves. The skirt of polyknit swept softly into a chapel length train. A Juliet cap held her sheer fingertip, lace-edged veil.

Her bridal bouquet held minuet roses, miniature white carnations and baby's breath.

Attendants

Bridal attendants were Cathy Burt maid of honor, Pam Darnell as matron of honor, Candace Maulsby, Barbie Hess and Darlene Hess wearing identical dusty rose dresses designed with blouson bodices and chiffon overlays. They carried nosegays of pale pink miniature carnations and white miniature carnations.

Bob Reid was the best man and Dave Coffield, Mark Maulsby, Ronnie Hess of Muenster and Tom Austin were groomsmen.

Kevin Mosblech, Glen Tingler, Paul Maulsby and Doug Thornton were ushers. Wedding music was given by Neil Padgett, organist; Jennie Watson and Phyllis White, soloists of Contemporary Christian hymns; and by Chris Haire and Scott Hall who played "The Lord's Prayer" on handbells.

Reception

Following the church service a reception was hosted

Cagle Baptism

Preston Chris Cagle, infant son of Chris and Terri Cagle, was baptized in St. Luke's Catholic Church in Irving on Sunday, September 6 at 1:30 p.m. with the pastor, Father Daniel Clayton officiating. The baptismal sponsors were an uncle Joe Hoedebeck and an aunt Toni Hoedebeck.

The little boy wore a white Christening suit, a gift of the maternal grandparents Mr. and Mrs. Gene Hoedebecks and an uncle and aunt, Mr. and Mrs. Wayne Grewing. Also used was a white crocheted blanket borrowed from the Gilbert Knabes, used previously at the christening of the four Knabe children.

Following the Baptism the Cagles hosted a buffet dinner in their home for 22 guests. Attending both events were Mr. and Mrs. Gene Hoedebeck; Mr. and Mrs. Wayne Grewing and Stephanie, Leslie and Courtney; Mrs. Gilbert Knabe and Brian, Cory and Mary; Mary Hoedebeck, Joe Hoedebeck, Fred Hoedebeck, Shellie Walterscheid and Brent Hess all of Muenster; Mr. and Mrs. Paul Hoedebeck and Jeff of Gainesville; Kevin Hendricks and Toni Hoedebeck of Irving; and Jay Lankford of Arlington.

Birthday party honors cousins

Scott Fuhrmann, son of Mr. and Mrs. Fred Fuhrmann of Orlando, Florida, and Dana Lautenslager, daughter of Mr. and Mrs. Richard Lautenslager of Carrollton, were honored recently with a joint birthday party in the home of their grandparents, the Val Fuhrmanns. The party was held early while Scott was visiting and most of the family could be together. Scott will be three years old on October 9 and Dana was two on September 2. Scott's cake was shaped and decorated like the Dukes of Hazard "General Lee" car and Dana's cake was a train engine with her picture in the cab window.

Scott and his mother, Denise, have been visiting here, coming especially for

the wedding of her brother, Phil Walterscheid to Bernadette Knabe. They returned to their home August 25.

Others attending the party were Mr. and Mrs. Jim Fuhrmann, Valerie and Susette, of Irving, and Mr. and Mrs. Tom Fuhrmann, Jennifer and Brandi of Sulphur Springs, and Bruce Fuhrmann of Dallas, and the Lautenslagers of Carrollton.

Dana was honored with another party Sunday at her home in Carrollton, when her parents hosted a dinner followed by birthday cake and ice cream, for 25 guests. Most of the above group joined the paternal grandparents, Mr. and Mrs. Maurice Lautenslager, Tom, Greg, and Ann Lautenslager, all of Mesquite, along with friends and neighbors from Carrollton.

Attend 50th in Windthorst

The golden wedding anniversary of Mr. and Mrs. Tony Hoff of Windthorst was observed with a Mass in St. Mary's Church on Saturday, September 5 at 5 p.m., followed by a reception.

Attending from Muenster were J.M. Weinzapfel, Mrs. David Bright, Mrs. Victoria Gremminger, Mrs. Herbert Meurer, Mrs. Marie Reiter, Mr. and Mrs. Norbert Klement, Mr. and Mrs. Leo Sicking and Mr. and Mrs. Gary Hess. The Sicking's also visited her sister and brother-in-law, the Joe Schroeders.

Mrs. Tony Hoff is a cousin of Norbert Klement, Marie Reiter and Evelyn Meurer. The late Mrs. J.M. Weinzapfel was an aunt of Mrs. Hoff.

Catherine Walterscheid hosts family reunion

The family of Mrs. Catherine Walterscheid was together for a family reunion, covered dish supper and picnic on Sunday afternoon and evening, in the Muenster City Park.

Coming the greater distance were Mr. and Mrs. Walter Acker and Dayna of Bartelsville, Okla. who were weekend guests. Joining them were the Ed Schneider family, the Don Endres family, the Willie Walterscheid family, the Carl Walterscheid family and Mrs. Catherine Walterscheid.

Chris Klement of McAllen spent last weekend with his grandparents, Mr. and Mrs. Norbert Klement and Mr. and Mrs. Bernard Wolf. He is a son of Mr. and Mrs. Wilfred Klement of Mission, Texas.

How does a homing pigeon find its way home? According to National Wildlife magazine, the bird may be guided by low-frequency sound waves people can't hear. Studies have shown that the pigeons can navigate even when "blind-folded."

Surprise honors Sadie O'Connor

Mrs. Andy O'Connor was a very surprised honoree when her family observed her 80th birthday recently.

Three generations, including her children, grandchildren and great-grandchildren attended. Her daughter, Mrs. Cecilia Fry of Dallas was a weekend guest. Joining them on Sunday was another daughter, Evelyn and family, the Andy Mondays, and the Roy Monday family; the John Mondays; the Charles Wimmer family of Edmond, Okla.; the Gary Covington family; and the Gregg Wilde Family.

They came with covered dishes, a decorated cake, gifts, and an array of decorations.

A group of friends called during the afternoon. Mrs. O'Connor has expressed her pleasure and thanks a number of times, and said the memories are particularly treasured.

MRS. WILLIAM MICHAEL TOUNDAS

Pamela Pappas marries in Florida

Pamela Ann Pappas and William Michael Toundas were married on Sunday, August 30 at 6 p.m. in St. John the Divine Greek Orthodox Church in Jacksonville, Florida in a candlelight setting, with Rev. Paul Costopoulos officiating.

The bride is the daughter of Mr. and Mrs. John N. Pappas of Jacksonville. She is also the granddaughter of the late Mr. and Mrs. Frank Trubench, Muenster Pioneers.

The groom is the son of Mr. and Mrs. Michael Toundas of Fernandina, Fla.

For her wedding the bride chose a gown of ivory silk organza, tulle and lace. The high neckline was accented by a design of seed pearls that continued into a fitted bodice of lace. Bishop sleeves of English tulle were applied with lace. A deep border of Alencon lace and pearls completed the train. Her fingertip veil was attached to a bonnet of lace and seed pearls. Her bridal bouquet was a cascade of white stephanotis, lilies, white Heather and smilax. The English Heather was a gift brought to her from the Moors of Scotland; the heirloom handkerchief she carried was made of Alencon lace and seed pearls from Brussels and was a keepsake in her mother's family. And the six pence in her shoe came from England, all in keeping with

tradition.

During the Mass and recitation of vows, a special tradition was followed when a wreath was placed on the bride's head and the groom's head, then tied together with a ribbon, while a deeply religious prayer was said in special blessing.

Attendants

Mary Pappas was her sister's maid of honor; Tina Pappas, another sister, Patricia Toundas and Mrs. John Tiliakos were bridesmaids. All were attired in ivory colored dresses.

Dr. Theodore Panos was the best man. Nicholas Tsengas, Douglas Sasser and John Tiliakos were ushers.

Reception

Beautiful flowers were used throughout the entire ivory wedding. The bridesmaids' flowers were unusual bouquets of pink Noreen lilies, purple statice, rubrum lilies and sprengerii fern. And they wore fresh flowers at their waists.

The reception in the ballroom of the Hilton highlighted the bride's family heirloom candelabra draped with garlands of smilax and fresh flowers. An 11th century urn of mixed flowers completed the bride's table. The four tiered white wedding cake was covered with lilies of the valley and had crystal birds on the top tier.

Mothers day out dates announced

The Mothers Day Out program at First Baptist Church will be held twice monthly, on the first and third Thursdays of each month, after September 24.

The program is designed to give mothers of preschoolers a free day while their children have a day of fun with others their ages. The program is offered for children ages 1 through 5, from 10:00 a.m. to 3:00 p.m.

Dates for the remainder of 1981 are: Sept. 24, Oct. 1, 15, Nov. 5, 19, Dec. 3 and 17.

Harris reunion held in Forestburg

The family of the late T.C. and Fanny Harris met Sunday August 23 at the Community Center for their annual reunion. At 10 a.m. the kin began to gather for a lot of visiting and a bountiful dinner.

Those attending were Myrtle Mae Harrington of Arlington, Henry and Veva Angle, Ernest and Pauline Angle, Frank Harris, Jewell Hodges all of Duncan, Oklahoma. J.B. and Lois Angle of Stillwater, Okla., D.R. Harris and 2 grandchildren of Wichita Falls, Lester and Kathryn Harris of Muenster; W. F. Harris of Irving; R.W. and Jack Harris and granddaughter Brandy of Dallas; Charley and Margarette Harris, Heneretta; Frank and Shirley Angle, San Antonio; J.C. and Mary Nell Darnell, Dan Harris, Saint Jo; Alice, Angie, Rhet and Esther Shears, Forestburg. Arvil Turner and friend of Duncan, Okla., Lynton Mitchell of Gainesville also stopped by.

News of the sick

Richard Grewing was released from Muenster Memorial Hospital on Saturday morning and is feeling much better, and convalescing at home.

Tony Hess returned home Friday from Westgate Hospital where he underwent surgery recently. He is recuperating at home and will continue treatments.

Mrs. Margaret Horton of San Antonio has written friends here to tell about several sick relatives, some formerly of Muenster.

She said that Art Arnold, husband of the former Viola Bergman, is recovering at home after emergency surgery several weeks ago. Also recovering in the Arnold home is Viola's daughter, Jane Gail Langhaeffer who underwent surgery to correct a broken foot. Also Gene Horton, husband of the former Margaret Bergman underwent major surgery again on August 26 and is convalescing at home. Another blow was the death of Horton's mother on August 23.

Joe Haverkamp of Gainesville dies at age 81

Funeral service for Joseph N. Haverkamp, 81, a native of Muenster, was held Thursday morning at 9:30 in St. Mary's Church, Gainesville, with Father Placidus Eckart officiating at the Mass of Christian Burial.

Burial was in Sacred Heart Cemetery, Muenster, directed by Geo. J. Carroll and Son Funeral Home with Joe Haverkamp, Royal Haverkamp, Biffie Marlin, Richard Bengfort, Karl Klement and Kirk Klement as pallbearers.

Joe Haverkamp died at 10:30 a.m. Tuesday in Muenster Memorial Hospital.

He was born in Muenster on November 24, 1899, a son of Mr. and Mrs. John Haverkamp, early residents of the community and was married to Laura Berend on August 25, 1924. The young couple lived in Muenster until moving in 1930 to Gainesville where he farmed and worked as a carpenter.

Survivors include his wife, Laura; three sons, Alfred of Farmers Branch and Julius

and Anthony of Gainesville; 1 daughter, Mrs. Edna Klement of Muenster; twelve grandchildren, six great-grandchildren; three brothers, Lee and Ben of Muenster and Charlie of Gainesville; and one sister, Sister Anselma of Jonesboro, Ark.

Change announced in SS death pay

A change in the Social Security Act recently signed into law by President Reagan will affect the Lump-Sum Death Payment, according to Gus Jones, Sherman Social Security District Manager. "Effective for deaths after August 1981, the lump-sum payment - \$255 - can only be paid to a surviving spouse or to children entitled to monthly benefits on a deceased worker's record. This means that for deaths after August 1981, payments can no longer be made to funeral directors or to those who have paid funeral home

burial expenses," Jones said.

Questions about this and other 1981 Amendments can be directed to the local Social Security Office at 810 N. Travis, or call the toll free number 8-800-392-1603.

NOTE: Effective with September 8, 1981, the Social Security Field Representative, Janell Williams, will be in the Gainesville Contact Station from 9:00 a.m. until 12:00 noon and from 1:00 p.m. until the last person is served. There is no change on the day of the week, that is each Tuesday.

Two generations of Baseball in Muenster

Two generations of baseball in Muenster are shown in this week's Photos from the Past. The first picture made in 1928 is the property of Joe Fisher. How many of your friends can you recognize?

The second picture, loaned to us by Leo Becker, was made in the late 1930s probably 1939. The young men's favorite team name was "The Pepper Shakers." But they are shown wearing the uniforms they won in a tournament play-off with "The Plow Boys." Hence the name "M Oilers." Save these pictures. Next week we'll let you know if you guessed right.

Garden Club has annual party

Fourteen Garden Club members and six guests attended the annual sherry party hosted by Alice Roark, club president.

The guest included Mrs. Val Fuhrmann and Mrs. David Flusche of Muenster; Mrs. Ray Sicking of Myra; Mrs. Wayne Richards of Rosston; Mrs. Herbie Herr and Mrs. Albert Biffle both of Gainesville.

The first regular meeting of the current garden year will be held on Monday, September 14 at the home of Mrs. John Mosman. Gary Rainwater, Soil Conservationist will speak on Wild Flowers of North Texas.

MHS wallops Callisburg 35-0

The game that was predicted as a toss-up turned out to be a run-away as Muenster's Hornets opened their 1981 grid season at the happy end of a 35-0 count.

The Callisburg boys did not have a chance. MHS, in almost complete control made total gains of 419 yards while allowing the Wildcats only 37. At the same time they led 23-3 in the count of first downs. And the difference might have been more. Hornets had to give up 55 yards in penalties whereas Callisburg was not penalized once.

The decisive win was especially gratifying to Coach Peters following two scrimmages in which the boys were held scoreless. Their fine performance on both offense and defense indicated teamwork and aggressiveness. It's a morale builder for both players and coaches.

For the Wildcats it was an exercise in frustration. While being helpless on defense they were constantly punished by Hornet defense, with Glenn Hermes, Doug Walterscheid and James

Huckaby leading the way. The game was played on a sloshy field soaked by a shower just a few minutes before, but fortunately there was no rain during the game, and the only result was frequent slippage and four fumbles by each side.

The contest opened with an anxious moment for Muenster. After kickoff the ball was on the 1 foot line. The Hornets were in a puddle more than 99 yards from the goal, and promptly started with a style that was to distinguish them. Kevin Felderhoff gained 5 on a quarterback sneak and David Flusche followed with a pair of short gains for a first down.

Then the Hornets started showing their attack pattern. Flusche, along with Gary Klement and Dale Swirczynski started slashing the line behind quick openers by the aggressive line. As the game progressed Flusche gained 160 in 25 carries, Klement made 85 on 12 carries and Swirczynski made 76 on 11 carries.

The team used 17 plays in its scoring drive and Flusche

went over from the 6. Swirczynski's kick added a point. The score was 7-0 with 5:17 remaining in the first period.

After kickoff, the Wildcats punted on first series, then Muenster fumbled and promptly after that Tim Schneider recovered a Wildcat fumble to set off another scoring drive. Nine plays were enough for the 57 yards and Felderhoff made the last yard on a quarterback sneak. A bad pass spoiled the try for extra point. Hornets led 13-0 at 11:40 of the second quarter.

Following an exchange of kicks Callisburg made its only first down of the first half and kicked on the next series. Starting from their 28, the Hornets started moving again. They picked up 35 yards on 4 tries, then Flusche made a 22 yard gain ending in a lost fumble on the 15. But Callisburg could not go and ended the next series with a kick. Klement received it in midfield, made a few evasive steps and breezed to the end zone. Swirczynski's kick ad-

Tigers eager for Cowtown game

Sacred Heart coaches and the Tigers are eagerly looking for a comeback Friday when they meet Trinity Valley of Fort Worth. They are very much conscious of their 27-0 loss last week regardless of classification, size, experience etc.

As pointed out by Coach Virgil Henscheid, Petrolia was good, but not that good. A contributing factor is that the Tigers were jinxed. Nothing seemed to go right. So they are working overtime this week trying to shake off the faults and live up to the potential they showed in scrimmage with two stout teams.

Physically the boys came through their opener in good condition, however they are still handicapped by two injuries received before their first game. Darrell Herr is out several weeks with a fractured arm, Darrell Swirczynski, after recent surgery is expected to out for the season.

The game will be on the Trinity Christian field starting 8 p.m. Jon LeBrasseur, athletic director suggests the following route to Tiger fans. Follow I-35 through Fort Worth to Loop 820. Exit right, turn left and follow the overpass (McCart) over I-35, then continue about 1 mile to the school at 6101 McCart. Trinity Christian is at the left side of the road.

Muenster Junior Varsity upsets Callisburg 18-14

With 43 seconds left on the clock David Winn made a 1 yard quarterback sneak whereby the Muenster Junior Varsity upset Callisburg's JV 18-14. It was a savory surprise considering that the Hornets did the job with a lineup of only 11 plus one messenger and were outsized to boot.

However the last minute thrill was no more pleasing than the second half comeback to overcome a 14-0 deficit. As pointed out by Coach Peters, it was a case

Tigers tripped by Petrolia 27-0

Sacred Heart's Tigers encountered much too much power when they took on Petrolia's Pirates in their opening game. The score was 27-0 and equally one-sided in statistics.

It was a matter of a 2A team loaded with talent and rated as a district contender opposing an A team which is short in roster, weight and experience.

The king pin of the visitors was Larry Guise, a 185 pound senior quarterback who was more than just a standout. He was a sensation. He scored on runs of 22 and 13 yards and a punt return of 72 yards. A summary of his performance includes 120 rushing yards, seven of twelve pass completions for 93 yards, punt returns of 72, 35 and 25, and the three touchdowns.

Considering the odds, Sacred Heart can be proud of its performance. They stopped the Pirates on three possessions of the opening quarter, including a 42 yard drive ending on the 6.

The Tigers best offense of the period was a 17 yard run by Rick Hennigan. But the Pirates allowed no more and started their first successful drive after the SH punt ending the next series. They used 11 plays, including 4 passes for 30 yards, in going 77 yards to pay dirt. Paschal scored on the 2, Gaines kicked an extra point as the clock read 7:39.

The second score came in a hurry. Sacred Heart fumbled on the second play after kickoff and Petrolia was

only 22 yards away. Guise faked a pitchout and dashed to pay dirt. A kick failed. SH trailed 13-0 at 7:07.

And the following score was equally sudden. The Tigers had to kick on their first series and Guise got loose for his 72 yard romp. Gaines' kick added a point upping the score to 20-0 at 4:52.

Ending the period, Petrolia moved 30 yards to the 25 and was stopped on the next series.

Ending the first series of the second half Sacred Heart had to punt and Guise made a 35 yard return only 9 yards short of the goal. It looked like another score for sure, but a fumble recovery by Curtis Hesse stopped Petrolia.

For the remainder of the quarter the Tigers punted on second series and held the Pirates on their second series. Then the teams exchanged punts after which a Tiger run on fake punt

failed to make first series yardage.

So Petrolia launched its final scoring drive with 55 yards to go. Seven tries did the job, the scoring play a 13 yard plunge at right guard by Guise. Gaines kicked the extra point at 10:35 in the fourth period.

The remainder of the game was scoreless and continued in the Tiger end of the field. During that time SH kicked three times, Petrolia twice and also lost a fumble recovered by Hal Mollenkopf. Earlier fumbles were recovered by Curtis Hesse and Brian Herr, and the outstanding defensive plays were made by Greg Walterscheid, Ricky Hennigan and T.J. Walterscheid.

of changing from junior high to junior varsity. The boys seemed to get the technique and the confidence with it. They took charge promptly after the visitors' TD early in the second half and made three scores of their own.

With Ronnie Fisher as the MVP they stepped off 162 yards as compared with 14 in the first half. Over all, the stats were fairly even. The visitors led 13-11 in first downs and 48-2 in passing and Muenster led 176-103 in rushing.

A bad start put Muenster in the hole in a hurry. A bad pass spoiled a punt attempt at the end of the first series and Callisburg had possession only 24 yards away. Five plays later the visitors scored from the 4. The remainder of the half was a standoff. Each team made three first downs, Muenster lost two interceptions. Callisburg lost one.

The visitors came out strong after the half and moved 60 yards for a score and passed for bonus points. The outlook was gloomy for the Hornets when they suddenly put their game together, especially with Ronnie Fisher crashing and weaving. With 71 yards to go they scored in 11 plays plus a 15 yard penalty. Fisher accounted for 32, scoring from the 6.

Following Callisburg's punt to end its first series, MHS made 59 yards in 5 plays plus a major penalty. Fisher finishing the job with a 30 yard scoot.

Starting again Callisburg made a nice 20 yard run and fumbled on the next play. Muenster was 38 yards away and used 8 plays to score. Fisher accounted for 24 yards in three tries, Winn made the go ahead score on a quarterback sneak as 43 seconds remained on the clock.

Callisburg snapped back with nice passes for 10 and 14 yards, but the third was a disaster. Kevin Wolf intercepted and Muenster ran out the clock.

Hornets, Indians meet Friday at 8

Muenster Hornets, with pleasant memories of their 35-0 win over Callisburg last week, are working hard to keep their momentum going when they host Nocona's Indians Friday night at 8.

While highly pleased and confident, Coach Peters is taking nothing for granted. The big factors in their success he said were effort and teamwork. However, he added that the Wildcats' streak of bad luck made the job easier, so he wants to be sure that his boys don't take things for granted.

As regards the opposition, Peters expects to break even. Comparative lineups tell that his boys will be out-weighted and outnumbered however he is counting on quickness and comparable speed. The coach is confident of moving the ball as well as putting up a quick and alert defense.

MHS...

ded a point. MHS led 20-0 at 2:32. The next one was a quickie. Callisburg fumbled the first play of its next possession and MHS was 30

yards from the goal. Swirczynski and Klement advanced to the 10, a penalty set Muenster back to the 20, and a pass to Tim Schneider produced the fourth TD.

Bonus points resulted from a busted play. Swirczynski was set for a PAT kick but the snap from center was low. He picked up the ball, scrambled a bit and passed to Quarterback Felderhoff for double points. Half time score was 28-0.

The second half opened with a 42 yard kickoff return by Flusche then came to a stalemate in which both teams were unable to keep going. Muenster made two first downs and had to kick after a penalty and a quarter back sack. Callisburg made a first down and kicked on second series. Efforts were halted by two fumbles on each side, Hermes and Klement recovering for Muenster.

Finally the Hornets got their act together again some three minutes before the end. With 36 to go Klement, Swirczynski and Flusche stepped off 8, 3 and 9. A penalty cost 10 and Felderhoff passed 26 to Schneider for the last TD. Swirczynski's kick upped the score to 35-0 with 30 seconds remaining.

Cooke County Blooms!

Narrowleaf Gayfeather (*Liatris mucronata*)

Narrowleaf gayfeather will have several unbranched erect flowering stems up to 4

feet tall from a rounded, bulb like corm which may be up to three inches in diameter.

The leaves are numerous, somewhat crowded, linear

By Gary Rainwater
District Conservationist

with the lower leaves up to 4 inches long and the upper leaves a lot shorter.

Narrowleaf gayfeather has numerous composite flowers in dense spikes up to 10 inches long with 3 to 6 flowers in each composite flower. The plant has purple rays with the heads becoming white as flowers mature.

The fruit is a hairy achene tipped with numerous feathery bristles 1/3 of an inch long.

This deep-rooted forb is palatable and nutritious in the early growth stage and is readily eaten by all classes of livestock, but is especially preferred by sheep.

The bulb-like root has a carrot flavor in early spring and has been used for food by the Indians. The beautiful blossoms of this plant have been used for years as floral decorations. The plant can be easily transplanted by moving the corms or rootstocks in winter or early spring.

Other common names are Blazing Star, Button Snakeroot, and Rattlesnake Master. The roots are supposed to have been used medicinally for sore throats and as a cure for rattlesnake bite, the latter accounting for the name Rattlesnake master.

Nugent blasts gas policy

Texans face the "looming spectre of living in the midst of rich gas fields, unable to get adequate supplies, and paying artificially bloated prices for the privilege of doing without," said Railroad Commission Chairman Jim Nugent at press conferences in Austin and Dallas this week.

Nugent said Texas consumers face higher natural gas prices and probable shortages in supply unless changes are made in the federal Natural Gas Policy Act.

As the act now stands, an estimated 40 percent of all U.S. natural gas will remain under federal price controls after 1985.

Most of the low-cost, price-controlled gas will continue to flow to other states under the federal law. The Department of Energy estimates that this so-called "old interstate" gas will cost \$1.01 per Mcf (thousand cubic feet) in 1985, compared to 93 cents per Mcf in 1978.

By contrast, old intrastate gas prices will cost Texas consumers \$3.29 per Mcf in 1985 under the NGPA.

"This is the gas you and I burn every day, and we'll be paying over three times what it costs our northern neighbors," said Nugent.

Problems multiply for Texans when interstate customers use the dollars they save to bid up the price of new gas supplies. Nugent seriously questions whether the intrastate pipelines can compete for these new supplies without a base of controlled low-price gas. He cited a recent Department of Energy study which

estimates that half-a-trillion cubic feet of gas will be transferred from intra- to interstate markets in 1985 under the NGPA.

Even if state pipelines do compete successfully, Nugent said they will have to pay higher-than-market price for the gas. "If Texans are to burn Texas gas, they will have to pay more than the free market price, because they will be subsidizing the costs to consumers in other states, particularly the Northeast," he said.

Other factors add to the problem, noted Nugent. Not only will interstate customers have privileged

prices, they will have privileged access to new supplies as well.

With few exceptions, he said, once gas is placed in the interstate market it is forever committed to that market. In many cases, the sale of gas from a single well binds the gas from an entire field until the field is depleted and abandoned. In other words, gas can move freely from Texas markets to the interstate market, but not back again.

Finally, Nugent said, federal rules effectively preclude intrastate pipelines from bidding on any gas produced from the Outer Continental Shelf, one of

the most promising new areas for gas discoveries.

Nugent called on Congress and the Administration to:

1. Change the federal Law which guarantees privileged prices to interstate buyers, and

2. Change the federal laws which guarantee privileged access to interstate buyers.

Nugent recently returned from a round of talks with congressional and administration officials in Washington where he discussed natural gas policy problems. He has also written to Texas senators and congressmen urging their assistance.

4-H lists busy schedule

Volunteers from all walks of life and all backgrounds contribute their valuable time to the 4-H and youth program of the Texas Agricultural Extension Service, thus insuring its success.

According to the National Center for Voluntary Action, one out of every four adults volunteered for some type of volunteer service last year, spending an average of 22 mandays a year in volunteer work. More than one-third of the volunteers served at least once a week.

The Texas 4-H and youth program reports that more than 22,000 teen and adult volunteers served as 4-H group leaders last year. Based on the minimum wage, their three hours of volunteered time per week amounted to more than \$4 million.

To help support 4-H adult and junior leaders, many leader training meetings are offered on the county, district, and state levels.

At the county level a Foods and Nutrition Project Training will be September 24, 1981, at Texas Power and Light, Gainesville. Each foods project leader should plan to attend.

A district Leader Extravaganza is scheduled for September 19, 1981 at the Texas A&M Research and Extension Center in Dallas. This will be an excellent workshop with sessions in record books, method demonstration, livestock projects, organizational leaders, and much more.

Finally two statewide workshops are offered in September at the Texas 4-H Center in Brownwood. September 12 and 13 is a Foods and Nutrition Workshop and a Dairy Goats, Dogs, and Rabbits Workshop is

September 26-27. These are designed to help 4-H project leaders.

If you are interested in the district and/or state meeting, contact the County Extension Office, 665-1966 for more details.

Do you have any information on choosing land sites for earth sheltered houses? We hope to be buying our land this summer. K. R., Austin.

According to Stu Campbell in *The Underground House Book*, the ideal site for an earth sheltered home should

have adequate space, good digging, superior drainage, and a gentle southerly slope with bedrock well below the surface. It should also be located in a seismically stable area with a low water table. Knowledge of the soil on the site is extremely important, and it is recommended that you take soil samples and test borings to determine depth of the soil, ground water depth, and movement patterns and do percolation tests.

The Energy Extension Service has available a packet of general information on earth shelters and can provide additional information on specific topics concerning earth shelters such as site selection.

If you have a question about energy conservation around the home, send it to ENERGY ANSWERS, Texas Energy Extension Service, Center for Energy and Mineral Resources, Texas A&M University, College Station, Texas 77843 or phone (713) 845-8025. Funds for this program were made available from the Texas Energy and Natural Resources Advisory Council.

Forestburg News by Myrt Denham

This writer is indeed very sorry that nothing was mentioned and no pictures appeared in the local area newspapers about the Forestburg Miss Watermelon Pageant which took place Sat. night Aug. 29 at 7 p.m. in the gym of the Forestburg School. However, due to the heavy schedule of a couple of newspaper photographers they just simply could not be present at the pageant and this was not known to the persons in charge until later. Thus there just were no pictures taken. Therefore, we deeply apologise to all the girls that took part in the pageant and to their parents - especially to the winners. It was a very lovely affair and the contestants were all very charming and gracious girls and we sincerely appreciate them and their efforts and participation.

The winners were as follows: Miss Jamie Moore - age 5 - was picked as the winner in the 3-7 age group. She is the daughter of Mr. and Mrs. Paul Moore of Bowie and niece of Ernest

Moore of Forestburg. Miss Christie Ulbig of Montague was picked as winner in the 8-13 age group. Her parents are Mr. and Mrs. Charles Ulbig. Christie was most deserving as she is a very charming, lovely and intelligent young girl.

Miss D.J. Halley of Saint Jo was the winner in the 14-18 age group. Miss Halley charmed everyone as she is a most attractive, vivacious and most knowledgeable teenager. She is originally from California having moved to Saint Jo last year.

Dan Hamric was the master of ceremonies. Mrs. Betty Reynolds of Forestburg, Miss Ruth Smith of Freemound, Steve Kohler of Rosston, David Moyer of Bowie and Henry Weinzapfel of Muenster were the judges and certainly did an outstanding job.

On Sunday Oct. 4 at 1:30 p.m. there will be a homecoming and get-together at New Harp. Everyone is invited to attend, so bring your dinner and join the fun.

Just about daylight the morning of Sept. 1 a thunderstorm moved in on the Forestburg area. It really made its presence felt in more ways than one. The picture that is shown tells the tale as to what happened on the Denham place due to a bolt of lightning. In the sixteen years we have lived here lightning has hit somewhere on our farm at

least once a year - if not more. Once it knocked down three cows, killing one while Perryman was only about 50 feet away. So it is a very wise idea to be indoors during thunderstorms as lightning kills hundreds of people in the USA every year. It could hit you just like it did this tree. We did receive 1 1/2 inches of rain with the storm.

Mr. and Mrs. Ray Jackson left Forestburg Sun. Aug. 30 for Floydada to the home of their daughter Mrs. Quida McCandless, where they had lunch. Afterwards they all went to Lorenzo to attend the Golden Wedding Anniversary of Ted's cousin and wife, Mr. and Mrs. Andrew Jackson. Then back to Floydada for supper after which the Jacksons headed for Miami for the home of Mr. and Mrs. John Brogdon. While in Miami they drove to Canadian to visit with Mr. and Mrs. Doug Benze and family. Mrs. Jackson and Mrs. Brogdon also took in the Museum in Miami which they found very interesting for a place the size of Miami. On Thurs the 3rd the Jackson headed for home. It was a fast but pleasant five days.

Seems like Ross and Lucille Littell are finding city life somewhat hectic. They couldn't get any sleep till about 3 a.m. Sunday the 6th due to the antics and noise made by "hot rodders" in Forestburg Sat. night on into Sun. a.m.

The Forestburg United Methodist women met Wed. Sept 2 at 2 p.m. in the annex of the local Methodist Church. Mrs. Alice Shears, president, opened the meeting with a reading. Then a short business meeting followed after which Mrs. Dorothy Thompson presented the Devotional part of the program for the day which was entitled "A Gift of Love: Two Copper Coins" led by Mrs. Esther Shears. After the program there was a period of fellowship with refreshments furnished by Esther Shears. Others present were Mmes. Lucille

Sledge of Nocona, Mr. and Mrs. Cecil Foster of Denton, Mr. and Mrs. Raymond Volkman of Fort Worth and Mrs. Mary Etta Foster and son Gene.

Mr. and Mrs. Howard K. Garrison and girls of Aubrey spent the Labor Day weekend with her grandparents, Mr. and Mrs. Howard Sockwell. They celebrated Mr. Garrison's birthday while here, his birthday coming up on Sept. 9.

Master Chris Carter of Bowie spent the Labor Day holidays with his dad Johnny and his grandparents, Jack and Vesta Carter.

Mr. and Mrs. Price Truitt of Argyle and Mallard made it home to Argyle Fri. Sept. 4 from a seven weeks vacation in Idaho and the Beartooth Mountains of Wyoming. They spent their time trout fishing, camping, and "mushrooming"

Henry Berry of Nocona visited his parents Dude and Bula Mae Sat. Sept. 5. On Sunday the 6, the Berry's son and family, Mr. and Mrs. Mike Berry and children of Denton visited with them.

The Dill clan was really very well represented at Lake Texoma over the Labor Day holidays. Meeting there were Mr. and Mrs. Jack C. Dill and Vatori, Mr. and Mrs. Charles Dill and children, Mr. and Mrs. Larry Dill and son all of Forestburg, Mrs. Bula Dill of Era and grandchildren Paul and Cindy Hamm of Torrance, Calif; Mr. and Mrs. Jerry Dill and their sons Mitch and Russell and a friend Melanie, and the Jerry Dill's daughter and family; Mr. and Mrs. Keith Black and children all of Mount Pleasant. It was a weekend of swimming, fishing, water skiing, visiting and picnicing.

Mr. and Mrs. Don Moore and children of Argyle spent the Labor Day holiday at their Mallard Creek retreat.

About dusky-dark Sat. p.m. Sept 5 Laresa Greenwood was out in the front yard of her home playing when the family cat came upon a snake in the yard. Laresa's father got the poking at the varmit thinking it was a bull snake -

then he heard it rattling and discovered it was a coon-tailed rattlesnake. He then shot the snake and found it was about 4 feet long and about as big around as a snuff-glass. Bet Troy watches what he pokes at the next time.

Visiting with Mr. and Mrs. Charlie Meyer the Labor Day weekend were Mr. and Mrs. R.L. McKnown of Dallas, Mr. and Mrs. Kenneth Ford of Keller, Mr. and Mrs. Bud Foster of Carrollton, Mr. and Mrs. Ronnie Hardin of Gainesville, Kent Schneider of Whitesboro, Mike Anderson of Midland and Joe Brown of Leo. These folks helped Mrs. Meyer celebrated her birthday which came on Fri. Sept. 4.

PHOTOS FROM THE PAST

Can you recognize this young couple shown in front of their early home? Save this picture. Next week we'll tell you if you guessed right.

In last week's Forestburg's Photos from the Past, we showed you the wedding picture of the late Mr. and Mrs. Albert Jackson, who were married more than 75 years ago. Information from Mrs. Ray Jackson says that the wedding was held under a shade tree at the Rosston Methodist Church. Mrs. Albert Jackson was the former Ada Orrell. They became parents of six children. Locally Ray Jackson lives in Forestburg and Mrs. Eula Steen lives in Saint Jo.

Scientists develop methods to combat current water crisis

COLLEGE STATION — A developing water crisis that could be more severe than the current energy crisis is being aggressively challenged by agronomists and researchers in the Texas A&M University System.

Agricultural researchers with the Texas Agricultural Experiment Station are developing drought-resistant plants in light of the water situation. The Texas Engineering Extension Service is developing a statewide program of water

and waste water training aimed at setting standards of drinking water, improving waste treatment methods and assisting small communities in meeting more stringent requirements of the Safe Water Act. A new method of irrigation in

the High Plains alone, developed by Texas A&M agricultural engineers, could result in a \$1.5 billion energy savings during the next 20 years, predicts Dr. Jack Runkles of the Texas Water Resources Institute.

Valuing Your Trees And Shrubs

By Dexter D. MacBride, ASA
Executive Vice President
American Society of Appraisers

Your trees, shrubs and other landscape plants are a valuable investment — one that grows — contributing to the value of your property.

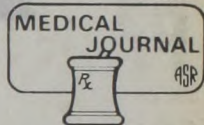

As a homeowner, if these items are damaged or destroyed through a casualty, you may be eligible to collect a casualty loss from an insurance company, or deduct the loss from your federal income tax. Generally, the damage must have been caused by an identifiable event of sudden, unexpected or unusual nature.

For the purposes of tax claims this might include mishaps from ice storms, lightning or floods, accidents such as a car running into a tree, etc.

Most insurance policies, however, are more restrictive and contain provisions delineating exactly the kinds of losses they will cover.

In other words, if your trees or landscape plants suffer a casualty, there may be avenues open to you for the recovery of their financial worth, such as: *Insurance Coverage, Income Tax Deduction or Civil Damage Claim.*

There are steps that you can take for recovery if you sustain such a loss. The information is contained in a free pamphlet, "The Tree Casualty Puzzle." Write: The American Society of Appraisers, Dulles Int'l. Airport, P.O. Box 17265, Washington, D.C. 20041.

According to a recent broadcast sponsored by the Columbia-Presbyterian Medical Center and The Prudential Insurance Company, health professionals should take advantage of every opportunity to immunize youngsters against childhood diseases.

Despite the successful public health campaign to attack childhood diseases, Dr. Lance Chilton, a pediatrician at the University of New Mexico Medical School, points out that the most recent national immunization survey showed a completion rate of only 60 percent. Dr. Chilton believes the continued success of this effort is undercut at least in part by missed immunization opportunities.

"We find that many children are not given immunizations when they could be, because they have an upper respiratory infection or a cold," said Dr. Chilton. "This is no reason for failing to carry out immunizations on schedule. All statements from advisory bodies on immunizations state that only a severe illness with fever should keep a child from an immunization opportunity."

Dr. Chilton offers advice for health professionals. "When a child appears for a minor illness, it may be the only time he or she meets the medical profession in any way. Those opportunities should be taken by medical professionals to immunize the child and increase a rather poor immunization completion rate."

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: ELDON JONES, dba Jones Paving Company, Defendant,
Greeting:

YOU (AND EACH OF YOU) ARE HEREBY COMMANDED to appear before the District Court of Cooke County at the Courthouse thereof, in Gainesville, Texas, by filing a written answer at or before 10 o'clock a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 5th day of October A.D. 1981, to Plaintiff's Petition filed in said court, on the 30th day of March A.D. 1981, in this cause, numbered 81-133 on the docket of said court styled Crowbar, Inc., a Texas Corporation, Plaintiff, vs. Eldon Jones, dba Jones Paving Company, Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

That the Court order relinquishment by the Defendant of its claim of a mechanic's lien and removal of the same from the Plaintiff's property to wit being a certain 164.387 acre tract of land situated in the W.C. Winters Survey, Abstract No. 1101, located in Cooke County, Texas.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, Bobbie Calhoun, Clerk of the District Court(s) of Cooke County, Texas.

Issued and given under my hand and the seal of said court at Gainesville, Texas, this 20th day of August A.D. 1981.

Skimpy rainfall

Monday's shower of 1.22 inch was delightful but inadequate and even more disappointing in the light of other rains of the area. This rain was a dandy north of town, measuring up to 5 inches in some cases... just as the south part of the community got a good soaker while the city remained dry.

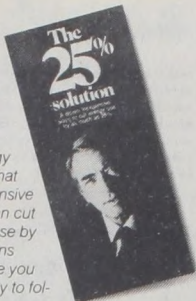

The scarcity of rain has been the rule for four months. Steve Mosier's records show that since May's ample measure of 8.37 inches the totals have been 1.10 in June, .12 in July, and 1.21 in August. It is 1.23 inches for September and 20.77 for the year to date. At this rate the chances of ending the year with the normal total are very slim. Normal is about 35.

At the same time temperature has been pleasant. Low and high readings of the week on Steve Mosier's rain gauge were as follows. Sept. 3, 70 and 90; Sept. 4, 69 and 92; Sept. 5, 69 and 90; Sept. 6, 70 and 88; Sept. 7, 70 and 98; Sept. 8, 65 and 85; Sept. 9, 61 and 82.

This can save you hundreds of dollars.

**Tax-free savings,
October 1.
A 25% bonus
now.**

Reserve your account now, and First Texas will pay you a 25% interest bonus until October 1.

The President's Tax Bill has cleared the way for you to earn interest on your savings, tax-free. These Tax-free Certificates won't be effective until October 1. But First Texas is offering you a bonus now. You can invest in a special Money Maker Security that will earn 25% interest on your money until October 1. You may invest up to \$20,000 per person or family.

Then, on October 1, you have the option to convert your Money Maker Security into a 1-Year First Texas Tax-free Certificate.

These certificates are insured by the Federal Savings and Loan Insurance Corporation and enable you to earn a full year of savings interest, free of federal income tax. Up to \$1,000 interest on an individual return and up to \$2,000 on a joint return.

Don't wait until October; call or come by your nearest First Texas office and get your 25% bonus Money Maker Security now.

Here's how a First Texas Tax-free Certificate can yield a higher return than a regular Certificate on a \$10,000 investment.

	First Texas Tax-free Certificate	Money Market Certificate
INVESTMENT	\$10,000.00	\$10,000.00
INTEREST	11.62%*	15.37%**
YIELD	\$1,162.00	\$1,537.00
MINUS TAXES†	NONE	\$768.50
RETURN	\$1,162.00	\$768.50
BY INVESTING IN A FIRST TEXAS TAX-FREE CERTIFICATE, YOU HAVE MADE AN ADDITIONAL..... \$393.50		

* Interest rate of 11.62% is equal to 70% of average investment yield on 52-week U.S. Treasury Bills as of August 17, 1981 auction date.

** Interest rate based on annual yield of 6-month Money Market Certificate as of August 11-17, 1981.

† Example above based on 50% tax bracket filing joint-return.
