VOLUME VII

MUENSTER, TEXAS, COOKE COUNTY, FRIDAY, MARCH 12, 1943

NUMBER 16

Have you ever heard of Mif Mif? Well, to the artillery novice the subject is no less mysterious than its name. A man's first encounter with it — especially in OCS — will put him out of the count. Like the old reliable one-two biff biff.

Actually it is the application of several minor factors to compensate for existing irregularities that alter the course and range of a projectile. For instance, temperature of the powder, temperature and density of the air, varying weights in projectiles, direction and velocity of wind. All trifles but they become tremendous trifles when they determine whether or not a shell will hit its mark.

That's a small sample of what we've had the past week — the terrible third. As usual, it was like a whirlwind. Begin Monday before rooster crowing time and keep going on the double until Saturday afternoon. Surveys (theory and practice) small t firing (theory and practice) K transfers (again, theory and practice) mif mif (thank goodness, theory only) the cannoneers hop, and lots of writs.

Not so long ago I'd have demanded interpretations for terms as foreign as these. So, in fairness, I should offer them now. Surveys mean the same to the artillery as they do to the normal civilian. Measuring angles, altitudes and distances to specified points in a chosen area. K transfers are somewhat similar to Mif Mif in results attained. The one consists of finding variations by actual shooting and applying the correction (K) to standard tables. The other consists of computing the irregularities from a lot of data. Small t and Large T — not caps and lower case, as the fourth estate would have it — applies to the target offset angle determined by positions of guns and observers. If the angle is less than so many mils it is small t, otherwise it's large T and requires a different system of observing shots and computing data to get others nearer the target. Notice also, an angle is measured in mils, not degrees as they told me in school. Something else to get acquainted with but actually a more convenient unit of measure than degrees, minutes and seconds. There are 6400 of 'em in a circle, and that's that. No extra splitting to worry about. The cannoneer's hop is what the term suggests. Drill in proper use of the weapon.

Are you getting dizzy from all this. So am I. So, let's dispense with the technicalities for a while. It is possible to discuss some of this stuff in the vernacular. One especially interesting occasion was a demonstration given for our benefit Saturday afternoon. It was one of those events for which the invitation is worded "you will attend". That little clause is the real explanation behind the large attendance at many army functions. Nevertheless, it was well worth the time — even though it was on our own time. One phase was a pretended attack by enemy tanks just to show that artillery can give a good account of itself in such emergencies. The frame work targets representing hostile tanks were pulled in by cable. By some arrangement they made the targets zig zag, like the real thing. But the guns got 'em just the same. When any moving object gets hit by one of these artillery shells it quits moving. What a wallop.

Another phase of the demonstration was the use of time and delay fuses. The one is set to go off at just the right instant, while still in flight, and scatter a hail storm of jagged metal fragments. The other is designed for ricochet action. It bounces and goes off a fraction of a second later while still in the air. Again the result is a deadly dispersion of metal fragments.

Fascinating stuff as long as a person can look at it from a purely impersonal viewpoint. But the picture changes when he considers the real purpose behind it. Efficiency in killing. The same is true about many other things in

ARCHBISHOP GERKEN DIES SHORTLY AFTER SUFFERING STROKE

Most Rev. Rudolph A. Gerken, archbishop of Santa Fe, New Mexico, died last Tuesday afternoon, a few hours after he suffered a stroke. He would have been 56 years old the following Sunday.

His Excellency was an intimate friend of Rev. Frowin Koerd, former Muenster pastor, and was well known to a number of local citizens. He attended the golden jubilee celebration here in 1939.

Funeral services were held in Santa Fe on Saturday morning with Most Rev. Urban J. Vehr, archbishop of Denver as celebrant of the Pontifical Mass of Requiem. The sermon was delivered by Most Rev. Joseph P. Lynch of Dallas.

Archbishop Gerken was a school teacher in Scotland, Texas, before his entry in the priesthood and it was during that time that he became acquainted with Father Frowin, then pastor at Windthorst, where church services were conducted for both towns. The archbishop often mentioned the fact that Father Frowin was the one who encouraged him and admonished him during these years and that it was through his influence and kind spiritual direction that he found his vocation and embraced the religious state. His rise in religion was rapid.

In 1914 he entered Kenrick Seminary and was ordained a priest by Bishop Lynch in 1917. He had charge of the Abilene parish and several missions for a few years, and made it a point to care for forlorn Mexicans, acquiring thereby a satisfactory knowledge of their language. In 1927 he was consecrated bishop of the newly erected diocese of Amarillo, by Bishop Lynch, serving that diocese until 1933, when he was installed as archbishop of Santa Fe. He was a native of Iowa.

In his address here during the golden jubilee the archbishop addressed a word of praise and thanks to the Muenster community for having lived up to holy religion so faithfully.

One of his outstanding achievements, which will live in the history of the church for ages to come, was his remodeling in 1937 of Montezuma in Santa Fe, to be used as a seminary for young men from Mexico aspiring to the priesthood, since they were barred from it in their own country.

DO NOT FLY KITES NEAR POWER LINES

Air minded youngsters are again answering the urge of spring to fly kites, and, as a result, Texas Power & Light Company officials today issued an appeal to kite enthusiasts not to fly their kites in the vicinity of electric power lines.

"In wartimes, such as the present, it is patriotic as well as wise to be careful," pointed out C. B. Stringer, district manager of Texas Power & Light Company, in emphasizing the precautions which should be taken when indulging in the popular springtime sport of kite-flying.

Chief among these is to fly kites in open spaces where there are no electric power lines. Kites which fall across, or become entangled in, power lines endanger the continuity of electric service to industries which may be engaged in production of vital materials needed in the war effort.

Another precaution is to use no kites which contain metal or string with wire in it, since metal is a conductor of electricity.

Flying kites in the rain is also considered hazardous since a wet kite string is also a conductor of electricity.

As a fourth precaution, it is urged that kite-flyers not attempt to disentangle any kite that should fall in an electric line, but call the electric service company, which will send a trained man out to remove the kite.

Local Women Finish USO Training Course

The final meeting of the USO Volunteer Workers Training Institute was held here Friday evening in the home of Mrs. J. Luke. The institute was conducted by the Women's Division of the Elm Street USO of Gainesville and consisted of six sessions. The Muenster women attended three sessions in Gainesville and the remaining three were conducted here by Miss Muriel Hensler, in charge of the Elm Street USO, and Mrs. Robert Ewalt of the California Street USO.

The institute was held in Gainesville on two afternoons and two nights of each week for three weeks.

Those from this city taking the course were Mesdames Joe Luke, Nick Miller, J. B. Wilda, Paul Nieball, John Wieler and Miss Olivia Stock.

PASTOR REV. THOMAS HONORED ON FEAST DAY WITH PROGRAM

Rev. Father Thomas, pastor of Sacred Heart Church, was honored with a program in the parish hall Sunday afternoon in observance of his feast day. Pupils of Sacred Heart School, under the direction of their teachers, rendered a pleasing program supplemented with numbers by the youth band and selections by the church choir.

The hall was filled to capacity with members of the parish, who had first attended rosary devotions at 3 o'clock. The affair was a surprise for the pastor.

The program began with a melody by the band after which the fifth and sixth grades rendered a song, "God Bless Your Work." Pupils of the fourth grade presented a short skit on the life of Saint Thomas Aquinas and other numbers were a recitation by the second grade, a short dramatic skit, "Dolly Has The Flu" by a group of first graders, "Happy Feast Day," a song by the seventh grade, an action song by the second grade and a delightful playlet by the eighth grade in which story book characters left the pages of their books to appear in full costume bearing best wishes for the honoree. Miss Rosalie Muller introduced the characters.

Philomina Felderhoff gave the principal feast day address after which James Bayer presented Fr. Thomas with a cash gift from the school children. The band offered a group of selections and the high school students rendered a song of best wishes, after which the church choir sang two numbers.

Father Thomas gave a short address after the program thanking the actors for their excellent performances, and stating that he was very pleasantly surprised at the large gathering for the occasion. To show his appreciation in a special way he declared Monday a holiday for the students.

The Star Spangled Banner by the band, under the direction of Rev. Father Richard, brought the entertainment to a close.

Special Church Services To Be Conducted Here During Lenten Season

Special lenten services will be conducted for members of Sacred Heart parish during Lent, the pastors announced Sunday.

Lenten devotions, with the Way of the Cross, will take place on Wednesday and Friday evenings at 8 o'clock, and also at 3 o'clock on Sunday afternoons.

On Tuesday and Thursday, following the 9 o'clock Mass, sacramental benediction will be given. Ash Wednesday the traditional sprinkling of ashes ceremony took place here Wednesday to formally usher in the season of Lent.

This service was held after the 9 o'clock mass and again in the evening. Although the day is not listed as a holy day several hundred persons were in attendance at the services.

"FIRE PREVENTION" IS TOPIC AT 4-H MEET

Muenster 4-H Club girls enjoyed an interesting meeting last Monday with discussion centering on "Fire Prevention."

Appearing on the program were Joan Roberts, Georgia Ann Kathman and Virginia Walterscheid, telling how to check fire hazards in the home, on the farm, and other places.

The girls dispensed with recreation at this meeting so that they could sew for the Red Cross. They worked on pot holders, under the direction of Mrs. G. H. Hellman, local Red Cross chairman.

Sixty-five girls, Sponsor Mrs. J. M. Weinzapfel, and Miss Mary Becker attended the session.

Surprise Visit

It was indeed a surprise when Pvt. William Lutkenhaus arrived Monday evening to spend a 15-day furlough with relatives and friends here. His parents had this week received word from him that he had been transferred from California to New York. He arrived shortly after his letter.

Corporal Elmer

It's Corporal Elmer Fette now, he reports in a letter to his parents, Mr. and Mrs. John Fette. He is still stationed in Hawaii as a mechanic with an Engineer's division. Elmer has been in the service 13 months.

Mr. and Mrs. Joe Walter and children of Gainesville were Sunday dinner guests of her mother, Mrs. Wm. Walterscheid, and also visited in the afternoon with his parents, Mr. and Mrs. John Walter.

RECENTLY MARRIED

CPL. CLARENCE H. ALBERS

— Corporal Clarence H. Albers, stationed at Ellington Field, Tex., is a bridegroom of two weeks. He was married on February 27 to Miss Ernie Herr in rites performed at Houston. Cpl. Albers is a son of Mrs. Mary Albers of Lindsay. He has been in the service since October 1941, and trained at Ft. Francis E. Warren, Wyoming, and Brooks Field, Texas, before being sent to his present station where he is connected with an ordnance service company. His bride is a daughter of Fred Herr of Muenster and has been employed in Dallas for the past year. Cpl. Albers will be granted a furlough next month and he and Mrs. Albers will visit in Cooke County, after which they will make their home in Houston.

MEN OVER 38 LOSE DRAFT STATUS; TO BE RECLASSIFIED

Men over 38 lost their special draft classification Sunday.

Selective service ordered local boards to put no more 38 to 45-year-old men in Class 4-H and to transfer men now in that classification into the regular classes, but not actually to draft them.

The action has the effect of establishing an order in which men over 38 would be inducted "if and when the armed forces determine they can be used in the military establishment."

The men in 4-H are to be reclassified on the same basis as younger men, but with special "H" designations. Some will thus be put in 1-A (H), 2-B (H), etc. This means that men who have no cause for deferment other than age will be placed in Class 1-A. The "H" designation denotes merely a subdivision of the particular draft class.

The chief aim of the new order is to induce men over 38 to go into farming. The order provides that any man over 38 who farms now, or takes up farming by May 1, shall be reclassified promptly into the farm deferment class 2-C if single, and 3-C if married, if he meets other farm-deferment classifications. Other men over 38 will be put into regular draft classifications as soon as possible after May 1st.

TEXAS WEEK PROGRAM BY PAROCHIAL STUDENTS

Pupils of the Sacred Heart school presented a patriotic program in observance of Texas Week in the school auditorium on Tuesday of last week.

Included on the program were a cornet solo by Joe Weinzapfel, pledge to the flag of Texas by the student body, a recitation, "History of Texas," by A. J. Felderhoff and Gerald Bayer, speeches, "I am Proud of Texas," and "Independence," by Glenn Hellman and Celine Felderhoff, respectively, and "Emblems of Texas," a skit by pupils of the 8th grade. The final number was "God Bless America" by the assemblage.

Attend Tempel Funeral

Jake Tempel and son, Glenn, of Fort Worth were here for the funeral of their father and grandfather, J. M. Tempel, last Thursday. Also attending the rites were Joe and Frank Schumacher of Ivesville, Ill., nephews of the deceased.

Has Major Operation

Joe Starke of this city underwent a major operation at Wichita Falls Clinic-Hospital Saturday and is reported making a normal recovery. His wife remained at his bedside Saturday and Sunday and during the week members of his family have cheered him with visits.

Mr. and Mrs. Felix Yosten had a dinner guests Sunday Mr. and Mrs. Henry Grewing and Mr. and Mrs. John Fleitman and their families.

Six More Muenster Men Join Armed Forces On Monday Muenster Enrollment In Service Is Boosted To 154 Persons

Six more Muenster men passed the final physical examination for the army Monday in Dallas. They are Herbie Herr, Gene Schmitz, Bernie Schumacher, Ray Swirczynski, A. T. Tuggle and Sid Cason. The sextet was sworn in the same day and returned to spend their pre-induction furlough here. Bernie Schumacher offered himself for Navy duty and was accepted for that branch of the service. The other five are Privates in the Army. With the exception of Ray Swirczynski, the four army men will leave next Monday for the reception center at Mineral Wells. Swirczynski has another week's furlough to complete his business affairs.

This group boosts Muenster's enrollment in Uncle Sam's forces to 154 persons. A year ago, on the same date, the community total was 67.

GOOD ATTENDANCE AT SOIL CONSERVATION PROGRAM SATURDAY

Notwithstanding the unseasonable cold of last Saturday, 52 local farmers and eight out-of-town visitors attended the soil conservation practices meeting held at the community hall here.

A number of slides of various necessary conservation practices for saving soil were presented by Mr. McConnell, District Conservationist of the Soil Conservation Service. A complete and thorough discussion of sweet clover and how to handle it was given by Paul B. Dunkle of the Denton Experiment Station. J. M. Weinzapfel, president of the Muenster State Bank, discussed the principles of the district conservation program and the definite advantages to farmers who cooperate in this program. The program was concluded with an inspirational address by Father Thomas who gave the long forward look by explaining the advantages of maintaining fertile soil not only for present gain but for permanent prosperity in the future.

The field demonstration which was to be held on the Henscheid farm was postponed until more favorable weather conditions prevailed.

MEATS, CHEESE AND FATS RATIONED ON APRIL FIRST

Washington — Meats, cheese, butter, cooking fats and oils will be rationed beginning April 1 it has been reported; under current plans of food and rationing agencies.

The sources for this information who withheld use of their names, said the red coupons of the No. 2 ration book would be used and that meat rations probably would run about 1 3/4 lb. per person a week.

As disclosed some weeks ago, cheese will be rationed together with meat because of its usefulness as a meat substitute, while butter, margarine and cooking fats and oils will be grouped for rationing because of their interchangeability.

At the office of food administration it was noted that the initial meat ration would depend largely on the results of checks being made by the agriculture department to determine just how much meat has been diverted into black market channels.

EASTER FALLS ON APRIL 25 FOR THE FIRST TIME SINCE '86

The years 1943, 1886 and 1787 have something in common.

Not since 1886 has Easter fallen on a date as late as it will fall this year—April 25th.

It fell on the same date in 1787, 99 years previous to '86. Existing records show no other year previous to 1787 that it fell on so late a date. April 25 is the last Sunday in April so therefore the latest date Easter can be observed.—Ex.

Mr. and Mrs. Buddy Bernauer and sons of Decatur visited relatives and friends here Sunday.

Funeral Services Are Held At Sacred Heart Church Tuesday A. M.

August Reiter, Sr., 74, died at his home here Sunday morning, shortly after 7 o'clock, the victim of an ailment that had afflicted him for the past several years. He arose as usual in the morning and prepared for attendance at Mass, although he mentioned that he was feeling slightly ill, as on many previous occasions, but he did not consider his condition serious. His family, likewise, was not alarmed, until he lost consciousness. He quietly passed away a few moments later. Mr. Reiter had been suffering from a heart ailment, and other complications set in last September.

Funeral services and high mass of requiem for the repose of his soul were held Tuesday morning at 10 o'clock in Sacred Heart church with Rev. Father Thomas, pastor, officiating. Father Thomas also delivered a short, inspiring sermon. Burial followed in the Muenster cemetery under the direction of Nick Miller. Pallbearers were Frank Yosten, Charles Cler, Albert Knabe, John Fette, Frank Trubenbach and John Klement.

Mr. Reiter was born in Saltzburg, German, (then Austria) on August 28, 1868, and came to the United States with his parents, the late Mr. and Mrs. John Reiter, ten years later, settling with them in Saint Vincent, Ark., where he grew to manhood, and in September, 1895, married Miss Mary Walter.

They moved to Texas, settling in Muenster, in 1901, and resided here since that time. Mr. Reiter engaged in farming, ranching and cattle raising. A year ago he retired from active work and moved to town with his wife to occupy a new bungalow which they built, two blocks south of the church.

While Mr. Reiter enjoyed good health he was one of the more active businessmen of the community. He also took part in civic and religious enterprises whenever possible. Always jovial, and with a smile and a greeting for everyone, he had many friends.

Mr. Reiter is survived by his wife and thirteen children, 8 sons and five daughters: Charles of Kerrville, Tony of Krum, Alois of Era, Albert, Alfons, Wilfred, August, Jr., and Clem, all of Muenster; Mrs. Charles Knaf, Egges, Okla.; Mrs. Horace Elmore, Krum; Mrs. Henry Lutmer and Mrs. Albert Klement, Gainesville, and Mrs. W. M. Otto of Muenster. Also surviving are 41 grandchildren; two sisters, Mrs. L. O. Parker of Pawhuska, Okla.; and Mrs. Theresa Fryer of Little Rock, Ark., and four brothers, George of Houston, Joe of Wanette, Okla., Andrew and John of Arkansas.

Among out of town relatives at the funeral in addition to the children and grandchildren, all of whom were here with the exception of Mrs. Elmore, who was ill, were Mr. and Mrs. Anton Doerr and son of Cleburne, Mr. and Mrs. Joe Reiter of Kanette, Okla., Mrs. L. O. Parker and son of Pawhuska, Lt. Joe Reiter of Oklahoma City, and Miss Irene Martin of Dallas.

Father Frowin Will Visit In Wichita Falls

Rev. Father Frowin Koerd, who has been in Jonesboro, Ark., for the past several months, will arrive in Wichita Falls Saturday and remain in that city for an indefinite visit with his cousin Dr. and Mrs. Joe Hesse, it was learned this week.

Accompanying Father Frowin to Wichita Falls will be Rt. Rev. Abbot Paul Nahlen of Subiaco, who will continue on to Corpus Christi to attend rites there held in connection with the golden sacerdotal jubilee of Bishop Lewina.

It was not disclosed here whether or not the two would be traveling by car or train, and consequently it is not known if they will stop by here for a visit or not.

ST. CECILIA'S DISCUSSION CLUB CONCLUDES SEASON

Saint Cecilia's discussion club closed the season and finished the current text book last Monday evening when it met in the home of Mr. and Mrs. Norbert Klement. Following the study period a social hour and refreshments were enjoyed by members and Rev. Father Richard, who was a guest. Hostesses were Mesdames Henry Pick, Norbert and Edgar Klement and Henry Kuhn.

Six Weeks Exams
 During the past week an anxious silence fell over the classes for the all important time of six weeks exams was hovering over us again. But why should there be anxiety, if a student has done his best each day of those six weeks? For the pupils who have studied diligently every day, the tests are no harder than any other class period. Another six weeks has begun, so let's all make a record of which we can be proud.

Who's Who Contest

During the past week the classes conducted a Who's Who contest and the results are as follows:
 Best Athletes: Evelyn Weisman and Frank Hennigan.
 Wittiest: Tony Mae Friske and Frank Hennigan.
 Best Dressed: Dolly Endres and Frank Hennigan.
 Cutest: Johnny Ann Seyler and George Swirczynski.
 Best All Around: Evelyn Weisman and Bernard Swirczynski.
 Best Sport: Sis Luke and Harold Luke.
 Best Scholar: Imelda Felderhoff and Harold Luke.
 Prettiest: Helen Walterscheid and Bernard Swirczynski.

Library Notes

There is much good reading on our library shelves; some of the serials are particularly interesting. The outstanding ones, we think, are As the Morning Rises, and White Moon.

They tell of the life of Elizabeth Seton, better known as Mother Seton, foundress of the Daughters of Charity in North America. The first book tells of the heroine's childhood days and her social activity as a prominent New York debutante. It is concluded at the time of her marriage. In the second book, White Moon, the story continues, telling of the death of her husband, her conversion to the Catholic faith and the founding of the order.

These novels, from all reports, have proven to be excellent reading, furnishing enjoyment as well as educational benefits.

We would like to make a correction of an error printed in one of our previous Mosaic columns. The score of the boys game with Lindsay should have read 13-15 instead of 14-30 still in favor of Sacred Heart High. So What!!!

LENT

Wednesday, March 10, is Ash Wednesday the first day of Lent. Lent is the penitential season of the year. Lent commemorates the forty days that our Lord fasted in the desert. It is the preparation for the great Feast of Easter. If Christ, who was without sin, fasted and did penance, we who are sinners should certainly do penance. "Unless you do penance you shall all likewise perish" says our dear Lord. We should mortify ourselves and make sacrifices in imitation of our divine Savior and out of love for our dear Jesus who has suffered so much for love of us. We give up the important pleasures of the world to prove our love for Christ, to prove that we can be trusted with the sacred heritage which is ours.

We must make and prove ourselves spiritually trustworthy and deserving of the friendship of Christ. Fellow students of Sacred Heart High, let us enter whole heartedly into the spirit of Lent. Let our love for our Suffering Savior be the norm and measure of our penance and sacrifice. Let us show to the world that we love Jesus not only in word, but also in deed and truth. Let each of us make our lenten resolutions and keep them. Let's refrain from doing anything that would disedify our neighbors. Yes, let us give and sacrifice this lent until it hurts, and offer it up in atonement for our sins and the sins of the world, begging Jesus to have pity on us and this torn world and to send justice and peace to the world.

HOW MANY DOLLARS
 Do YOU Have In The Scrap?

It isn't enough to buy War Bonds and Stamps now and then . . . when you feel like it. Wars aren't won that way.

Put your dollars into the scrap back of our Fighting Yanks and buy War Bonds and Stamps every month . . . just as many as you can, just as often as you can.

War Bonds and Stamps are today's best investment. They are on sale at this Bank without cost to the Government. Money you invest today in War Bonds will be useful tomorrow after Victory is won and peace is restored.

Be a **FLAGSHIP PILOT**

When You Fly YOUR KITE

Flagship Pilots are tops! They are trained to observe the rules of safety. Fly your kites like a Flagship Pilot flies his flagship . . . safely!

FIRST, fly your kite in open spaces, where there are no electric lines!

SECOND, do not use metal or wire in your kite or kite string!

THIRD, if your kite should get tangled in electric lines, do not climb the pole or try to get the kite loose with a pole or stick. Call your electric service company!

This year, more than ever before, it is important that you fly your kite away from electric lines . . . because not only will you keep your kite-flying a SAFE sport, but, also, you will help in the war effort by preventing accidents and by helping to prevent unnecessary interruption in electric power service.

Be a "FLAGSHIP PILOT!" Fly your kite safely . . . away from electric lines!

Keep It Looking Young and Acting Young

Take Care of Gas Equipment to make it serve you longer

GOOD GAS RANGES are built to last a long time, anyway... come war, come peace. So make yours flourish, with smart care. It's the nation's economy, as well as your own.

1. Do not put wet dishes directly on the enamel. (This enamel is glass.) Protect top with asbestos mats.
2. Wipe off spilled foods at once, with dry cloth. Later when range is cold, clean with damp cloth.
3. To clean top burners of aluminum or enamel, use mild soapsuds; rinse and dry. (Do not boil in soda solution.)
4. To clean broiler grill, let cool before washing with soapsuds; use fine steel wool. (Remove grill and pan from the range, as soon as food is taken off.) Whenever possible, use only a moderate heat for broiling, and you will find the broiler easier to clean. (Many foods broil well with a moderate heat.)
5. The oven-lining will last longer, if you roast meats at low temperatures (250° to 325°). It makes better-tasting meat besides, and also cuts down grease-spatter on oven-walls.
6. To clean up spill-overs on oven-floor, let cool, and then use a fine steel wool.
7. Don't load the oven-door with heavy roasts, as you put them in or take them out. It might warp the door.

GERTRUDE SCHMITZ, ALOIS HORN UNITED IN LINDSAY RITES

Lindsay.— A pretty church wedding took place here Monday morning at 9 o'clock in Saint Peter's church to unite Miss Gertrude Schmitz, daughter of Mr. and Mrs. John W. Schmitz, of this city, and Alois Horn, son of Mr. and Mrs. J. S. Horn of Muenster. Rev. Conrad Herda, pastor, officiated at the ring ceremony and at the nuptial high mass. Miss Regina Fuhrmann, church organist, played the traditional wedding marches and assisted the choir in rendering music for the mass. The bride, given in marriage by her father, wore a lovely floor length frock of white jersey, made on graceful princess lines with a circular skirt. Her finger-tip veil of illusion fell from a white wreath that her mother wore at her wedding thirty-one years ago. For "something borrowed" she wore a rhinestone bracelet belonging to her sister, Miss Rosalie Schmitz. The bride's flowers were a shoulder corsage of white carnations.

say attended her sister as maid of honor. She wore a frock of yellow net and lace made with a fitted bodice and bouffant skirt, and completed her costume with a yellow turban and short veil, and a shoulder corsage of purple iris.

Leo Voth of Muenster, cousin of the bridegroom, was best man. Immediately following the rites breakfast was served in the home of the bride's parents to the members of the bridal party. The bride's table carried out the traditional all-white wedding theme. It was centered with a large, tiered cake, flanked with tapers, and further ornamented with natural orange blossoms brought from the Rio Grande Valley by the groom's aunt, Mrs. John Wilde. The blossoms were also used to decorate the home.

In the evening a six o'clock dinner and reception was held in the community hall for which some 200 relatives and friends of the couple were in attendance, and later a dance honored the newlyweds. Miss Marcella Schmitz presided at the guest book.

Mr. and Mrs. Horn left Wednesday on a week's wedding trip that will take them to the Rio Grande Valley. When they return they will make their home in Muenster.

For traveling Mrs. Horn wore a tan wool suit with brown accessories.

The bride is a native of Lindsay attended the school here and later graduated from high school at Our Lady of the Lake, San Antonio. Prior to the time of her marriage she had been employed at Dickerman Pharmacy in Gainesville.

Mr. Horn was born in Muenster, attended the parochial school and graduated from the Public high school. For the past year he has been in the filling station business and is owner of the Magnolia Station in Muenster.

Out-of-town Guests
Among out of town guests at the wedding were Mr. and Mrs. Martin Theimer of Oklahoma City, Mr. and Mrs. John Wilde of LaSara, Mrs. Al Swirezynski and children of Dallas and Pvt. Otto Walterscheid of Tyler.

the army. A repulsive purpose behind many an interesting development.

After a few of the past week's headlines we wishful thinkers can revive the hope that the gruesome purpose will vanish this year. A generally brighter Allied outlook intensified by reports of the remarkably one-sided victories in the Pacific. The Yanks really had a couple of big innings. They've got the game on ice and the Nips, if they aren't completely stupid,

In New York State
Pvt. William Lutkenhaus was recently moved from California to Syracuse, New York, where he is now stationed at the Syracuse Air Base connected with the 105th Signal Co. He is a son of Mr. and Mrs. J. H. Lutkenhaus and has been in the service since Sept. 2.

First Furlough
Pfc. Paul Streng is enjoying his first furlough, since his entry in the army, with his parents, Mr. and Mrs. Henry Streng, here this week. He has been in the service since September 2 and has been connected with an Ordnance company at the army air base in Venice, Florida, since that time.

Expects Transfer
Pvt. Otto Walterscheid spent a three-day pass here with his mother and other relatives, returning to Tyler Monday evening. He recently completed a course in radio and according to reports will be transferred within the next few days. Rumors are that he will receive more advanced training either in Florida or California, he disclosed.

Home Sunday
Pvt. Lawrence Sicking of Camp Hood spent Sunday with his parents, Mr. and Mrs. Will Sicking, and disclosed that he will soon be leaving that camp for "destination unknown". He has been in the army 13 months.

He Sails Again
Sailor Ferd Luttmier is on his second trip to the South Pacific, he wrote his parents, Mr. and Mrs. Herman Luttmier, this week. Between trips he is stationed in California.

are probably beginning to realize it. A few more such innings, in Europe and Africa, would definitely determine the championship. In Germany they stop the game when they see they haven't got a chance.

In case Con reveals next week that he is an ex member of class 61, here's the reason. He will have been one of the casualties of the bloody fourth week. This is the parting of the ways for lots of fellows. In general a week of examinations to determine how much was absorbed in the previous three weeks. How's that for proportion? In the good old days

we used to have three days of exams over a half year's work. Here it's one week for three week's work.
