

CONFETTI
By
CON FETTE

Ah, time to catch a breath. And how refreshing it is! After a solid week of go, go, go. Considering the sample we've had, I am fully convinced that this course is the one outstanding event of my career to date. At the same time I hope it is the most intensive. I am destined to have. Appreciating a calm leisurely life as I do, I have no desire to spend many of my days in this kind of a whirl.

A few weeks before my transfer a young officer from the former outfit was telling of advice he received in Officer Candidate School. "Never expect the men under you to take what you are taking from us." After the past week I have a fair idea of the meaning behind that statement. An officer who attempts to use this system on normal enlisted men is likely to find a mess of mutiny on his hands. We ourselves would be putting up an awful beef if circumstances were not so totally different. In the first place a candidate comes here with the understanding he will have a tough grind, that it will last only three months, and that the final reward, a commission, will compensate for everything he's endured.

It also helps to realize that there is a definite and sufficient reason behind the rough schedule. Officers of the school are not a rag of heartless Simon Legrees. They are only applying a method to keep up the standard required of all leaders in our various branches of service. They want to be certain a man can take it before he is placed in a position to dish it out.

So the OCS has a complex job on its hands. Besides giving a concentrated course of study it imposes a flock of regulations that would seem ridiculous to an outsider, and a schedule that is little short of the impossible. One purpose behind it is to weed-out, to determine who will crack under the strain. It is assumed that a person who can't keep his head under these conditions would not be dependable under combat conditions. All the while a man is being observed for character, courtesy, neatness, resourcefulness and other traits desirable in an officer. All of which gives a faint idea of a candidate's job. He has to make a good impression generally and absorb enough information to pass the tests besides preserving his mental equilibrium under adverse conditions.

The system works, too. Normally about 20 per cent fail of the waste, many of them too disgusted to carry on. Others are eliminated by the school. Several of our class have already pulled stakes, saying they would not take three months of that grind for any consideration. The school is glad to be rid of 'em. It doesn't want to waste time on quitters.

Here's a sample of a day's schedule. Eight hours of classes, one hour of drill, three to four hours of study, three hours for meals and leisure. This last item is misleading, however. It includes time marching to and from class and waiting in line for meals. Actually a man is lucky if he can salvage thirty minutes of the day for himself. In order to avoid gigs for whiskers the safest system is to shave early in the morning—which is almost impossible because of the usual early morn wash room rush. So the time after study, usually between 11 and 12, is becoming popular. Daily house-cleaning in preparation for inspection also takes time. The net result is that a person is busy, very busy, for 17 or 18 hours out of every 24.

As far as inspections are concerned, there is no such thing as good enough. Perfect is the only condition that counts. Demerits are dished out for such neglect as dust on anything, lint under a bed, clothing in the wrong order or unbuttoned, a wrinkle on the bed, or any item in the hut that is out of its proper place. It's possible to collect enough demerits on one inspection to be bounced out of school. Of course there are other sources of demerits. Any little slip up during the day may cost. An improper salute, report-

FOR VICTORY BUY UNITED STATES WAR BONDS AND STAMPS

Mr. and Mrs. Frank Hess, Mr. and Mrs. Carl Herr, Mrs. John Hartman and R. M. Zipper were in Pilot Point Friday to attend the funeral of Mrs. A. J. Michalek, 59, who died the preceding Tuesday. Services were held at St. Thomas Church with Father Paul Charcut officiating and burial was in St. Thomas cemetery.

MUENSTER ENTERPRISE

VOLUME VII

MUENSTER, TEXAS, COOKE COUNTY, FRIDAY, FEBRUARY 5, 1943

NUMBER 11

HOW THE REDS ARE RETAKING RUSSIA

LOCAL CYO GROUP TO HAVE VALENTINE PARTY ON FEB. 11

Muenster's CYO group will have a Valentine party next Thursday, Feb. 11, it has been announced. The affair will take place in the parish hall beginning at 8 o'clock, and according to Miss Mildred Walterscheid, program chairman, and her committee, a good time is in store for those attending.

Feature attractions are games, singing, music, dancing and refreshments. An admission fee of twenty-five cents will be made.

Lindsay's unit of the CYO has a special invitation to attend, it was disclosed.

Rationing At A Glance

Sugar Ration Stamp No. II became effective Monday, Feb. 1, and is good for three pounds and including March 16.

Coffee Stamp No. 28 (for those 15 years or older) is good for one pound until midnight Feb. 7.

Coffee stamp No. 25, in line, will be good for one pound every SIX weeks. The ration has been cut down one-sixth, OPA said Wednesday. The stamp becomes valid Feb. 8th.

The second 8 coupons in a gasoline ration book are good until midnight March 21.

County Agents Meet With Muenster 4-H Clubs Monday Morning

Girls Have Demonstration

Miss Nettie Shultz, meeting with the girls in the school auditorium, demonstrated the making of a vegetable salad and gave recipes for a number of salad dressings. The salad was served after the demonstration. Miss Shultz also addressed the girls speaking on the club goals for 1943, with emphasis on the food goal and urged the making of victory gardens.

During the business session Miss Mary Evelyn Seyler, president, was in charge, and Miss Rose Marie Becker and Philomine Felderhoff were appointed to speak at the next meeting. Their subjects will be "What to Plant in February and March."

Sixty members and the two sponsors, Mrs. J. M. Weinzapel and Miss Olivia Stock, attended.

Boys Discuss Poultry

Albert Briant, meeting with the boys, in the 8th grade parochial class room, gave a lecture on poultry after which a round table discussion followed on proper feeding, culling, etc.

Several boys reported they had grubbed cattle according to the county agent's instructions at a previous meeting, and that results were successful.

It was announced that the annual election of officers will take place at the next meeting, the first Monday in March. Six new members were enrolled during the session, making a total of 58 present.

The speckled area shows territory the Russians have recaptured from the Nazis since December, 1942, date of the foe's farthest penetration. The black line traces the present front, with arrows indicating Soviet counter-thrusts. Tikhoretsk and Kropotkin are battlefront cities now, and their capture by the Soviets would cut off the Nazis' rail communications with the Caucasus.

BENEFIT PICNIC AND DANCE AT PARISH HALL TUESDAY EVE

Members of the Saint Joseph's Society, assisted by Saint Anne's Society, will sponsor a community picnic and dance in the parish hall next Tuesday evening February 9.

Members of the entertainment committee have planned a full night of fun and fellowship and everybody is invited to attend.

The usual bazaar features such as tango, other games, lunches, refreshments and cold drinks will be featured in the basement while the dance is in progress on the main floor. The affair is scheduled to begin at 7:30.

This is the first of a series of socials that will be sponsored by the two societies. A card party will be given in the near future, it was announced.

Miss Muriel Hensler 's Guest Speaker At Young Ladies Meeting

Miss Muriel Hensler, associate USO director for Camp Howe, was a guest speaker at the meeting of the Young Ladies' Sodality Monday evening in the parish hall.

She spoke on the good work done by the USO, not only in furnishing entertainment for service men, but also the assistance it gives in numerous ways. She was introduced to the assemblage by Father Richard, spiritual director of the sodality.

During the business session Miss Celia Walterscheid, president, presided and routine business was discussed and committee reports heard. Final plans for the CYO party on Feb. 11, were arranged.

A new phase of Catholic Action that the girls are now engaged in is the selling of pamphlets especially for service men, written by Father Lord.

They will endeavor to place one of these booklets in the hands of every man from this parish serving in the armed forces.

The meeting was attended by a large number of members and Mrs. Joe Luke and Mrs. J. B. Wilde, as special guests.

Muenster Referred To As Best Texas Rural Community

Muenster has recently been referred to as the typically best of all rural communities in Texas. Such was the remark made by Rt. Rev. L. G. Ligutti, executive secretary of the National Catholic Rural Life Conference while speaking at St. John's Seminary, San Antonio.

He was in Texas on a tour giving a series of lectures.

Lieut. Ray Bezner Downes Jap Zero Over Guadalcanal

Lieutenant Ray Bezner, son of Mr. and Mrs. John Bezner of Lindsay, bagged a Japanese zero fighter plane in action over Guadalcanal last Thursday, according to an Associated Press dispatch.

Five zeros were knocked out in the engagement. It was a daring attack in which the enemy sent out one of the largest forces yet flown against Guadalcanal.

Young Bezner, who has been stationed on Guadalcanal since November 12, 1942, received his wings at Ellington Field on March 7 and left the states for foreign duty on September 20. He received his lieutenant's commission on September 14.

SUNDAY WAS LAST DAY FOR BUYING GASOLINE ON CREDIT

Sunday was the last day for motorists to buy gasoline and other petroleum products "on the cuff" at filling stations. Such orders, announced by the petroleum administration, became effective Monday.

The directive which prohibits the extension of retail credit reads as follows:

Commencing February 1, 1943, NO PERSON shall directly or indirectly, grant or accept or participate in the granting or accepting of credit in connection with the sale of any petroleum product by or through any retail outlet.

This makes it clear that no one may extend credit to anyone at retail with the exception of governmental agencies, vehicles displaying "T" ration stickers and to motor boats, which are exceptions to the non-credit rule.

Five-Can Limit Set For Canned Goods Rationing Start

IN CENTRAL AMERICA

Some Two Hundred Food Items Will Be Rationed

Pvt. Arthur (Bobby) Lutkenhaus, son of Mr. and Mrs. Joe Lutkenhaus, is serving with Uncle Sam's army somewhere in Central America. He was inducted last April and received his basic training with the Coast Artillery Battalion at Camp Wallace, Tex., then spent sometime in California and later in New Orleans, La., before being called for foreign service. A brother, Pvt. William Lutkenhaus, is also serving in the army as a mechanic with the air forces and is now stationed in California.

Every person in the United States may possess without penalty a total of five cans of fruit and vegetables when rationing of these goods begins, the Office of Price Administration has announced. It apparently reflected a pessimistic view about the size of canned goods inventories throughout the country, because up until a few hours before the announcement high officials of the agency hoped that the allowable limit might be between eight and ten cans per person.

The penalty of having more than five cans of vegetables and fruit (not counting home canned goods or cans containing less than eight ounces each) will be the loss of an eight point stamp for each excess can when the new ration books are issued in three or four weeks.

An OPA spokesman said that this penalty was designed to discourage hoarding. However, OPA acknowledges that not everyone who has a large stock of canned goods on hand is a hoarder. It is a common practice in some areas to stock up for the winter in the fall.

For families, the quota of allowable cans and the penalty will be applied as a unit. Thus, a family of five will be allowed twenty-five cans. If it has thirty, the penalty will be five coupons for the whole family and could be taken either out of one book for the family, or spread out over all five books. Each person will have his own book, even babies.

Before rationing begins the sale of canned goods and other items rationed will be frozen for one week. Sometime during that week every consumer will have to register for Ration Book No. 2.

The procedure will be similar to that of sugar registration and will be held again in the schools.

Each consumer should be prepared to register in three ways: He must have with him and show all No. 1 ration books for himself and family.

He must know how many cans of commercially canned or otherwise preserved foods he has at home.

He must be able to say how much coffee he had at home as of November 1942.

The consumer will continue to use Ration Book No. 1 for sugar and coffee.

At the registration site each consumer will be given Ration Book No. 2. It has two sets of stamps, one red and the other blue. The red are good for meat, the blue for canned goods. Since meat will not be rationed immediately, blue stamps will be used first.

Each stamp has both a letter and a number on it. The letter shows when the stamp may be used, the number shows its value.

During the week sales are frozen, the OPA will announce the point value of the various rationed foods. Abundant items will be assigned lesser value in points; and scarce foods will be assigned greater value in points.

The points value of the rationed foods will be announced in newspapers and will be posted in the grocery stores. Persons will have to learn to budget ration points as well as money.

War Ration Book No. 2 To Affect More Commodities

Preparations for rationing more commodities, after canned goods and meats, have reached the stage of preparing another ration Book, authoritative sources have disclosed.

FIRST U. S. RAID ON GERMANY

SOMEWHERE IN ENGLAND

Garriott, ball turret gunner; Lt. Jack W. Mathis, bombardier; Sgt. Calvin H. Owen, tailgunner; Sgt. Eidon W. Andiss, top turret gunner; Lt. Jesse H. Elliott, navigator; Lt. Squire T. O'Connor, co-pilot; Lt. Joseph E. Trogan, co-pilot acting photographer; and Lt. Harold L. Stouse, pilot.

PUBLIC IS WARNED TO GUARD AGAINST EXPOSURE TO 'FLU'

Austin, Texas, Friday Feb. 5th.—With the incident of influenza in Texas reaching new highs as winter advances, Dr. George W. Cox, State Health Officer, today issued a warning to the public to guard against exposure to this disease.

"Influenza patients should be isolated as nearly as possible to avoid spreading the disease," Dr. Cox said. The germ is believed to be spread from person to person through discharges from the nose and throat.

To protect yourself and others from this disease, here are some things to be remembered:

Influenza is highly infectious. Practically everybody is susceptible to it. No matter how many times you have had the disease you may contract it again. Therefore, keep away from people who are sneezing, coughing, or sniffing or who are actively ill with colds, influenza, or pneumonia. Keep away from crowded places. Have your own towel and always wash your hands before eating, and sneeze or cough into your handkerchief.

Keep fit by drinking plenty of water, by eating simple nourishing food, by some exercise out of doors every day, by dressing according to the weather, by having plenty of sleep in a well ventilated room, and by keeping the bowels regulated.

Don't neglect your "cold." If you have the slightest suspicion of fever, go home, go to bed immediately and call your physician. Stay in bed until he tells you that you can get up, and follow his advice implicitly.

The Frank Yosten city home in the northeast part of town is undergoing a complete remodeling and redecorating program before being occupied by the family. At the present time the outside is being finished with asbestos siding.

PERFECT WEATHER FOR GROUNDDOGS

Spring is just around the corner—if Mr. Groundhog has anything to do with it. Tuesday, official Groundhog day, was dark and dreary throughout and the afternoon brought rain. Approximately one-half inch precipitation was recorded.

Not for even a few minutes did old Sol appear to frighten Mr. Groundhog back into his habitat for six more weeks. Few, if any, persons place any confidence in the old legend, nevertheless February 2 is always watched with interest.

Catholic Daughters Enjoy Social At Hellman Home

Members of the Catholic Daughters of America enjoyed their regular monthly social Thursday evening with Mrs. Ben Hellman as hostess in her home.

Progressive 42 series furnished entertainment for the group. Attractive prizes were awarded to Mrs. Al Walterscheid for scoring high and Mrs. Paul Fisher for low. Mrs. John Wieler received the galloping prize.

Delicious refreshments were served at the close by the hostess to twelve members and two guests, Mrs. Jud Boyles and Miss Thelma Kathman.

LOCAL NEWS BRIEFS

Short Items of Interest About Folks You Know

Henry Luke was in Wichita Falls Sunday to attend a Knights of Columbus initiation.

Miss Lucille Lutkenhaus of Lind say was the weekend guest of Miss Nellie Pels.

E. P. Buckley spent several days of last week in bed suffering from flu and a throat infection.

Miss Ethel Godwin of Fort Worth was the weekend guest of Misses Mary and Anna Becker.

Sgts. Bruce Ervin and Larry Dupras of Camp Howze spent Sunday here as the guests of Mr. and Mrs. J. M. Wienzapfel.

Mr. and Mrs. R. E. Hinton and sons of Gainesville were Sunday guests of Mr. and Mrs. Al Walterscheid.

Miss Dorothy Mae Yosten returned to Fort Worth Monday after spending a week here with her parents, Mr. and Mrs. Bob Yosten.

Mr. and Mrs. Cris Jensen of Wichita Falls spent one day last week as the guests of her parents, Mr. and Mrs. W. T. Richter.

Bernie Schumacher is employed in Gainesville with the bus company, driving a bus to and from Camp Howze.

Mrs. Albert Henderson and two children returned Saturday from Goree, where they spent two weeks with her mother, who was ill.

Sam Biffle was in town Saturday displaying a large live gray timber wolf he caught on the Trew lease.

Members of the Mission Sewing Circle are reminded of a regular afternoon of sewing next Thursday, Feb., 11th.

A series of improvements are underway at the Muenster Mill to enable quicker and more efficient service.

J. W. Fisher, local grand knight, and John Wieler and J. C. Trachta were in Fort Worth Sunday to attend a K of C initiation.

The Civic League and Garden

Club will have a guest speaker at its meeting next Friday, Feb. 12, it has been announced. Mrs. W. C. Simpson of Gainesville will address the group, speaking on the needs of the Red Cross.

Frank Yosten and family entertained with an informal party in their home Thursday evening. Refreshments were served to the following guests: Messrs. and Mmes. Bob Yosten, Felix Yosten, Joe Swirczynski, Henry Wiesman, T. Miller, Leonard Yosten and Sgt. Ernest Arendt of Fort Sam Houston.

MRS. JOHN EBERHART IS HONORED ON BIRTHDAY

Mrs. John Eberhart was delightfully surprised on her 70th birthday, which occurred January 26, when her children and grandchildren planned a party in her honor.

A large number of relatives and friends arrived in a body at the honoree's home and presented her with a shower of gift remembrances which included a large cake bearing 70 candles.

Games of High 5 and 42 were enjoyed during the evening. In the former game the honor guest scored high and Mrs. John Eberhart low. In 42, Mrs. Joe Swingler and Miss Evelyn Swingler scored high and low, respectively. They presented their awards to the honoree.

Delicious refreshments were served following the games.

Attend USO Function

Twenty-seven junior hostesses, six sponsors and six hosts from Muenster attended the President's Birthday Ball given by the USO for men at Camp Howze Saturday.

The party included Messrs. and Mesdames G. H. Hellman, J. M. Wienzapfel, Nick Miller, Joe Luke, and John Wieler, Mrs. J. B. Wilde and J. W. Fisher and Misses Dorothy, Betty and Loretta Hartman, Katie Mae and Olivia Walterscheid, Celia Walterscheid, Helen Hess, Emma Lutkenhaus, Marie Swingler, Alma Luke, Gladys Wilde, Juanita Wienzapfel, Nellie Pels, Tresa Hirshey, Elizabeth Herr, Olivia Stock, Martha, Mary and Adeline Rohmer, Anselma Pagel, Rosemary Fisch, Angeline and Adeline Knabe, Veronica and Josephine Yosten, Miriam Koessler and Anastasia Tempel.

Uncle Sam's lighter 37-millimeter anti-tank guns are dubbed "tank killers." They are attached to the infantry, not the field artillery, and cost approximately \$6,500 each. They have proved particularly effective in anti-tank warfare.

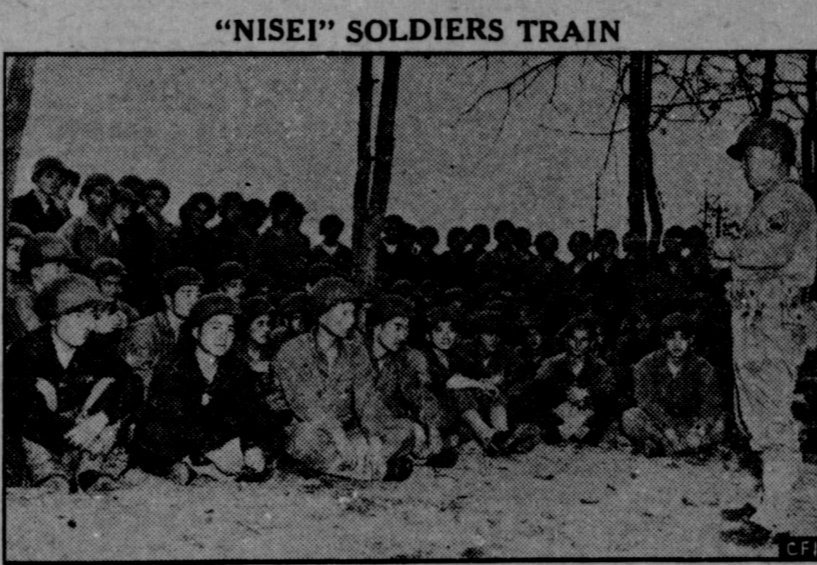

They are mobile, mounted on automobile tires and can be rapidly whisked from place to place. Your purchase of War Bonds will help pay the cost of these field pieces so necessary for our Army in this War. Join the Payroll Savings Plan at your office or factory and let's "Top that ten percent" by investing at least ten percent of your income in War Bonds. U. S. Treasury Department

"NISEI" SOLDIERS TRAIN

WASHINGTON, D. C.—Official U. S. Army Photograph—Members of the 100th battalion, formerly part of the Hawaiian National Guard, "Nisei", American born citizens of Japanese ancestry are pictured at their camp. Staff Sgt. Harry Miyamoto, who was a professional boxer in his days as a civilian back in Hawaii, lectures on a more potent form of offense, the hand grenade.

Our Freedom Is Priceless

By JOSEPH E. DAVIES
Former Ambassador to Russia and Belgium.

(Written for the Treasury Department in connection with the Retailers' "BUY YES" campaign to complete the nation's 100,000,000 partially filled War Stamp albums.)

What I myself saw in my four years in Europe gave me a new realization of the priceless rights which we here enjoy.

No secret police can in the night whisk us away, never again to be seen by those we love.

None of us can be deprived by any party, state or tyrant of those precious civil liberties which our laws and our courts guarantee.

None of us can be persecuted for practicing the faith which we found at our mother's knee.

None of us can be persecuted, tortured or killed because of the fact that an accident of fate might have made us of the same race as the Nazarene.

No American can be placed by any party or government in a regimented vise which takes from him or her either freedom of economic opportunity or political religious liberty.

What would the millions of unfortunate men, women and children in Europe give to be able to live and enjoy such a way of life?

Well, in this war, those are the things in our lives which are in jeopardy. Our boys are dying to preserve them for us.

Then we can do no less than to "say yes" and fill those war stamp albums. It is our duty and privilege to help the secretary of the treasury, Mr. Morgenthau, in his magnificent effort to do the tremendous job of getting the money to keep our boys supplied with the weapons with which to fight our fight.

Surely that is little enough for us to do on the home front.

What You Buy With WAR BONDS

Hitler found out that his high powered mechanized and motorized army bogged down in the snow and mud of the Russian Winter. Although our Army is largely mechanized the cavalry horse is still a highly essential factor in this mounted division and in the Field Artillery. The Army also maintains remount farms where many cavalry horses are bred and raised.

These select horses cost from \$100 to \$185 and our crack cavalrymen are expert riders and carry on the traditions which have followed the cavalry from the earliest days of the Army. Purchase of War Savings Bonds will insure good mounts for the Cavalry. You and your neighbors buying War Bonds and Stamps regularly every pay day can help buy these horses for the U. S. Cavalry. Invest at least 10 percent of your income in War Bonds. U. S. Treasury Department

T P & L COOPERATING WITH NATION'S FOOD PRODUCTION PROGRAM

Texas Power & Light Company's War-Time Farm Service Program will help Texas farmers meet the high food production goals of 1943 by providing farm and rural customers of the company with informational bulletins, plans for building homemade electrical equipment, aid in the location and purchase of used farm equipment, and advice and counsel from trained rural service representatives, according to C. B. Stringer, district manager for the company.

"Electric power is helping to win the war on both the fighting front and the home front," said Mr. Stringer. "The activity launched by the T. P. & L. Company is designed to augment our other services by giving our farm customers practical help in meeting high production quotas in these days of equipment and manpower shortage. It is a tremendous job that will require the united efforts of us all."

In order to make the program as effective as possible, the T. P. & L. Company is cooperating with agricultural agencies, county agents, home demonstration agents, officials of Texas A. & M. College and others interested in the all-out farm effort, said Mr. Stringer.

Farm customers of the company now receive each month a bulletin outlining developments in agriculture throughout the nation and suggesting means by which Texas farmers can join in the nation's food production program. The bulletin also outlines plans for home construction of various electrical equipment.

Rural service representatives carry out the same ideas by personal contact among farmers in the 52-county area served by Texas Power & Light Company. These representatives also compile information which may be of use to farmers, such as listings of used equipment and machinery for sale or trade, or which might be shared with neighbors.

In cooperating with agricultural agencies and county agents, the Company will help in the organization and holding of equipment repair schools, dairy equipment clinics and other meetings. Printed information will be furnished free of charge and the Company will aid in obtaining equipment used for practical training and demonstration, together with teachers or instructors if they are needed.

Qualified and trained employees of the Company will be made available for lectures and demonstrations on the care and use of electrical equipment. These employees will also advise as to what uses of electric service may be made to substitute for unavailable labor, to save time and expense, and to promote the public health and safety.

Citation By Publication

THE STATE OF TEXAS
TO: Alberta Booth Defendant,
Greeting:

You are hereby commanded to appear before the Honorable District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the issuance of this citation, same being the 22nd day of February A. D. 1943, then and there to answer Plaintiff's Petition filed in said Court, on the 5th day of January A. D. 1943, in this cause, numbered 13692 on the docket of said court and styled William E. Booth Plaintiff, vs. Alberta Booth Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

On or about the 2nd day of March 1934, plaintiff and defendant were duly and legally married in the county of Marshall, State of West Virginia, and lived together until about the 5th day of June 1935. That on or about the 5th day of June 1935, defendant, took their child a girl by the name of Barbara Eilan now 7 years of age, and left plaintiff and their home in the town of Moundville, West Virginia. Plaintiff alleges that while he does not know the whereabouts of defendant, their child is being supported and maintained from an allotment allowed out of his military service. Plaintiff alleges that there were no community property between plaintiff and defendant at the time of their said separation, and that there are not any now. Plaintiff Pleads abandonment under 3 year statute. Plaintiff prays for divorce, and general and special relief. As is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and Seal of said Court, at office in Gainesville, Texas, this 5th day of January A. D. 1943. (SEAL) Attest: Martin G. Davis, Clerk, District Court, of Cooke County, Texas.

Vol. 7, Nos. 8, 9, 10, 11.

—GET IN THE SCRAP—

Citation By Publication

THE STATE OF TEXAS
TO: Robby Sculley, Defendant,
Greeting:

You are hereby commanded to appear before the Honorable District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 22nd day of March A. D. 1943, then and there to answer Plaintiff's Petition filed in said Court, on the 1st day of February A. D. 1943, in this cause, numbered 13713 on the docket of said court and styled Othel Sculley Plaintiff, vs. Robby Sculley Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

Being suit for divorce stating that on or about the 4th day of February 1927, plaintiff was duly and legally married to defendant in the County of Cobby, State of Alabama, and continued to live with her, as her husband until on or about the first day of June, 1932; That plaintiff has been an actual bona fide inhabitant of the State of Texas for a period of twelve months and has resided in the said County of Cooke for a period of six months next preceeding the filing of this suit, having become an inhabitant of said State and County. Plaintiff alleges that defendant is a woman possessed of a very high and ungovernable temper; that she would often curse and abuse this plaintiff and on many occasions struck him in the face; that defendant would leave home and be gone away from home for days at the time without this plaintiff knowing of her whereabouts; that defendant often and repeatedly told plaintiff she was going to leave him and sue him for a divorce; that she did not care for him, and wished it possible she would never see him again; plaintiff alleges that defendants conduct generally toward him, renders it impossible for them to longer live together as husband and wife; that during the time plaintiff and defendant lived together as husband and wife, there was born to them one child (a girl) by the name of Annie Lois—13 years of age; that she is supported and maintained by an allotment paid out of his salary each month. That since their separation, plaintiff and defendant have not lived together as husband and wife, and that their further living together as husband and wife is insupportable. Wherefore plaintiff prays the court that defendant be cited to appear and answer herein and that he have judgment dissolving their said marriage relations, and for such other relief as he may be justly entitled to, either at law or in equity, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at the office in Gainesville, Texas, this 2nd day of February A. D. 1943.

(SEAL) Attest: Martin G. Davis, Clerk, District Court, Cooke County, Texas.

Vol. VII, Nos. 11-12-13-14.

Citation By Publication

THE STATE OF TEXAS
TO: Ira Coll, Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of issuance of this citation, same being the 22nd day of February A. D. 1943, then and there to answer Plaintiff's Petition filed in said Court, on the 15th day of December A. D. 1942, in this cause, numbered 13677 on the docket of said court and styled Nona Coll Plaintiff, vs. Ira Coll Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

Being suit for divorce stating that plaintiff and defendant were lawfully married on the 3rd day of May 1925, and that said marriage relation still exists and that four children, all girls, were born of said marriage, to-wit: Gwendolwin Coll 16 years old, Billie Coll 14 years old; Wanda Lou Coll 12 years old; Barbara Coll 4 years

old, and that there are no property rights involved. That the defendant has been guilty of such cruel and harsh and unusual treatment toward this plaintiff as to render their living together longer as husband and wife insupportable and that on or about September 1, 1941 the defendant abandoned this plaintiff and said children and since which time she has not heard from him, and that he has rendered no support either to the plaintiff or to said children; that he is a person wholly unfit to have the care and custody of said children and that plaintiff is a fit person. Wherefore she prays she have judgment dissolving said marriage relation and for the custody and control of said children, and for general and special relief. As is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

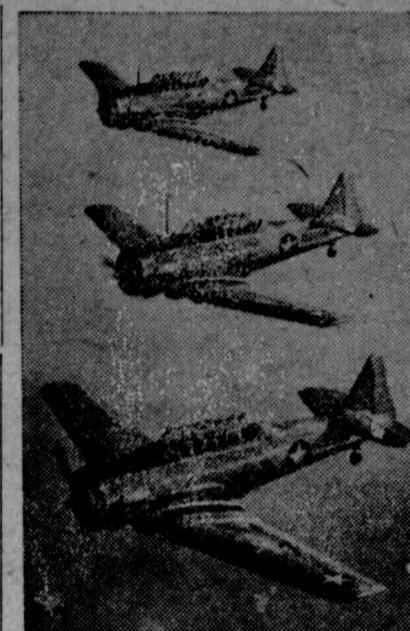

Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas this 9th day of January A. D. 1943.

(SEAL) Attest: Martin G. Davis, Clerk, District Court, Cooke County, Texas.

Vol. 7, Nos. 8, 9, 10, 11.

Now is a good time for all business men to take a good look at the last syllable in industry.

Don't waste your time wondering why a black hen lays a white egg—get the egg.

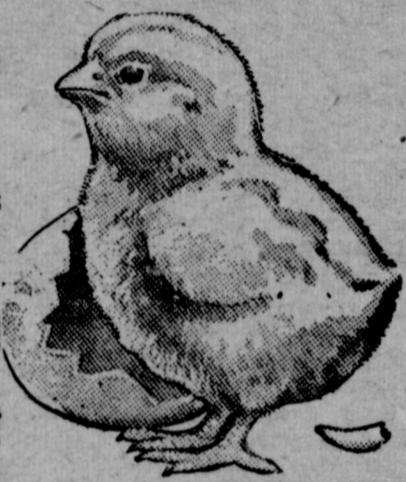

Test pilots for the Texas plant of North American Aviation, Inc., are shown here putting three AT-6 combat trainers through their paces on their initial flights. Fledgling pilots for the United States, Britain and 23 other nations train in sleek ships like these before they go into battle. Officials of North American's Texas plant have announced that thousands of additional workers are needed in their factory to help win the battle on the production front.

There is a very narrow margin between keeping your chin up and sticking your neck out.

TEXANS LET'S TALK TEXAS

Food FOR VICTORY

FROM TEXAS FARMS

Texas farms are as vital to Victory as the factories which produce guns, munitions, planes and ships. Texas farmers can produce more Food for Victory than the farmers of any other state in the Nation by: co-operating wholeheartedly with the Nation's Food Production and Conservation Program; planning bigger food crops than ever before; planting bigger gardens to provide more of their own food with a surplus for others, and by working and planning together to make the fullest possible use of existing machinery and man power.

Texas Power & Light Company is co-operating with Texas farmers... helping them in a very practical way through its own War-Time Farm Service Program. Representatives of the Company are "on the ground," assisting these farmers in meeting the larger food production goals needed for Victory!

POWER TO WIN!
Texas Power & Light Company provides Electric Service adequate for every military and civilian need within the 52-county area it serves. The Company serves more than 25,000 farm and rural customers.

GARDENS

By Nettie Shultz, County Home Demonstration Agent

For town gardens, it may be necessary to combine vegetables and fruits with ornamentals in order to have Victory foods. This can be done in such a way to get a most pleasing effect rather than to detract.

Overgrown shrubs will be pruned to avoid shading the vegetables, thus making the shrubs more attractive; the beds around shrubs will be made wider allowing for more cultivation and all around the plantings will be clean, neat and orderly.

Low growing vegetables, colors of vegetables that will be in contrast to the shades of greens of the shrubs, will add interest to the general landscape. Taller growing vegetables will be planted where annual flowers formerly grew. Bean vines will grow on fences and trellis where morning glories once grew.

A succession of plantings of vegetables keeps the landscape fresh and living and assures more pounds produced.

Every pound of vegetables grown and used at home releases a pound for the army or allies, assures fresh quality for home use and may relieve a pound of shipping space for war materials; home grown foods help prevent inflation and save money to buy bonds and stamps. There is no better way to make a patriotic contribution than by producing quality vegetables and fruits for your family.

Fruit trees used in the landscape are lovely, too. Visualize the gorgeous blossoms of the peach, pear and plum, a hedge of currants or berry vines. Pears do better plan-

ted on the lawn where they do not get much cultivation.

As in grandmother's day, we could grow our perfume and seasoning. A sprig of fragrant sweet basil, sweet lavender or rosemary or other perfume herbs add a pleasing touch to storage of linens. A goodly stock of such herbs as sage, anise, dill, parsley, mint, etc., on the pantry shelf adds zest to many foods.

Practically any type soil can be used for gardening if properly prepared and fertilized. Twenty-five pounds well rotted barnyard manure, spread on 100 square feet and spaded under will give profitable results. It is important to secure good seed in order to get a good stand of vegetables. Old seeds can't be relied on to feed the family.

"A Good Neighbor Garden" planted and cultivated carefully will yield great reward. Plant peas for peace, prudence, patience, piety, patriotism, politeness, pep, pardon.

Squash-squash the gossip, squash pessimism, squash indifference, squash harsh criticism.

Turnips-turn up with a smile, turn up with well-filled baskets for the needy, turn up with cheery words.

Lettuce-let us observe the Golden Rule, let us love one another, let us love the Lord, let us be faithful to our obligations.

Beets-beat back selfish motives, beat away envy, beat back any inclinations to snoop, beat your past record of neighborliness no matter how good it was.

Cauliflower-call a flower a flower; but a promise a promise; a duty, a duty; and a sin a sin. Do not allow Satan to disguise them.

Leaflets with suggestions for varieties of vegetables to plant with successive planting dates for Cooke county can be obtained at the Home Demonstration Agent's office.

Knives Needed By Jungle Fighters

Knives are desperately needed by American fighting men in the Pacific jungles.

That hunting knife which is used, perhaps once in five years, will become far more useful in the hands of an American soldier on Guadalcanal or the Solomons.

Knives mailed to 1025 Columbus Ave., San Francisco, Calif., will be turned over to Gen. Barney M. Giles of the Fourth Air Force and will be shipped by him to wherever they are needed by American fighting men in the jungles.

Rev. and Mrs. Sol Carpenter visited friends here Friday enroute to Aspermont where he has accepted the pastorate of the Baptist church. The couple had been teaching in the Gainesville school system.

SOIL CONSERVATION DEMONSTRATION AT FELDERHOFF FARM

Tony Felderhoff sodded a 200 foot bottom section of a terrace outlet drainageway on his farm one mile east of Muenster on Highway 82 recently. J. W. Gearreald of the Soil Conservation Service has reported.

"This drainageway was staked and constructed earlier in the fall in preparation for sodding when the grass was in a dormant stage. The job was accomplished by plowing up the sod, hauling it to the drainageway and spreading it evenly over the bottom, turning it under with a plow, overseeding with small grain, compacting with tractor wheels, and mulching with straw. Stabilization of terrace outlets in accordance with some such pattern as on Mr. Felderhoff's farm is one of the first and most important steps in establish-

ing a terracing system for effective soil conservation," Mr. Gearreald said.

Those present to observe this demonstration were: Messrs. Joe Fisher, A. C. Schoech, Howard Stebbens, Frank Bayer, Walter Yosten, Joe Hoenig, Raymond Brown, A. J. Felderhoff, Tony Felderhoff, and J. W. Gearreald.

Lone Star's Gas System Revamped

Reorganization of the Lone Star Gas system has been announced by D. A. Hulcy, president. The five operating companies and the holding company which formerly composed the system have been reorganized into two companies, and the holding corporation is to be discontinued.

D. A. HULCY, President

Since 1940 Mr. Hulcy has been president of the Lone Star Gas Company which, until the reorganization, operated as the pipe line or wholesale division of the business. With the reorganization he became president of the entire system. He is a native Texan and has been with the company for 23 years.

The names of The Dallas Gas Company, Community Natural Gas Company, Texas Cities Gas Company and Lone Star Gasoline Company have been dropped and all the transportation and distribution operations of these companies have been taken over by the Lone Star Gas Company.

The gas field producing operations have been placed in the Lone Star Producing Company. Both of these companies are Texas corporations.

Mr. Hulcy explained that the reorganization does not change the basic policies or the personnel but does simplify operations and creates a tightly knit organization which is even more sensitive and responsive to the customer's fuel service needs and to war-time demands.

The Lone Star built the first long-distance gas pipe line in Texas, the pioneer line running from Petrolia to Fort Worth and Dallas. Since the time that it began operations in 1909 it has grown into a system with 4,800 miles of inter-connected pipe line transporting natural gas from 75 fields and serving almost 300 towns and cities in north-central Texas and southern Oklahoma.

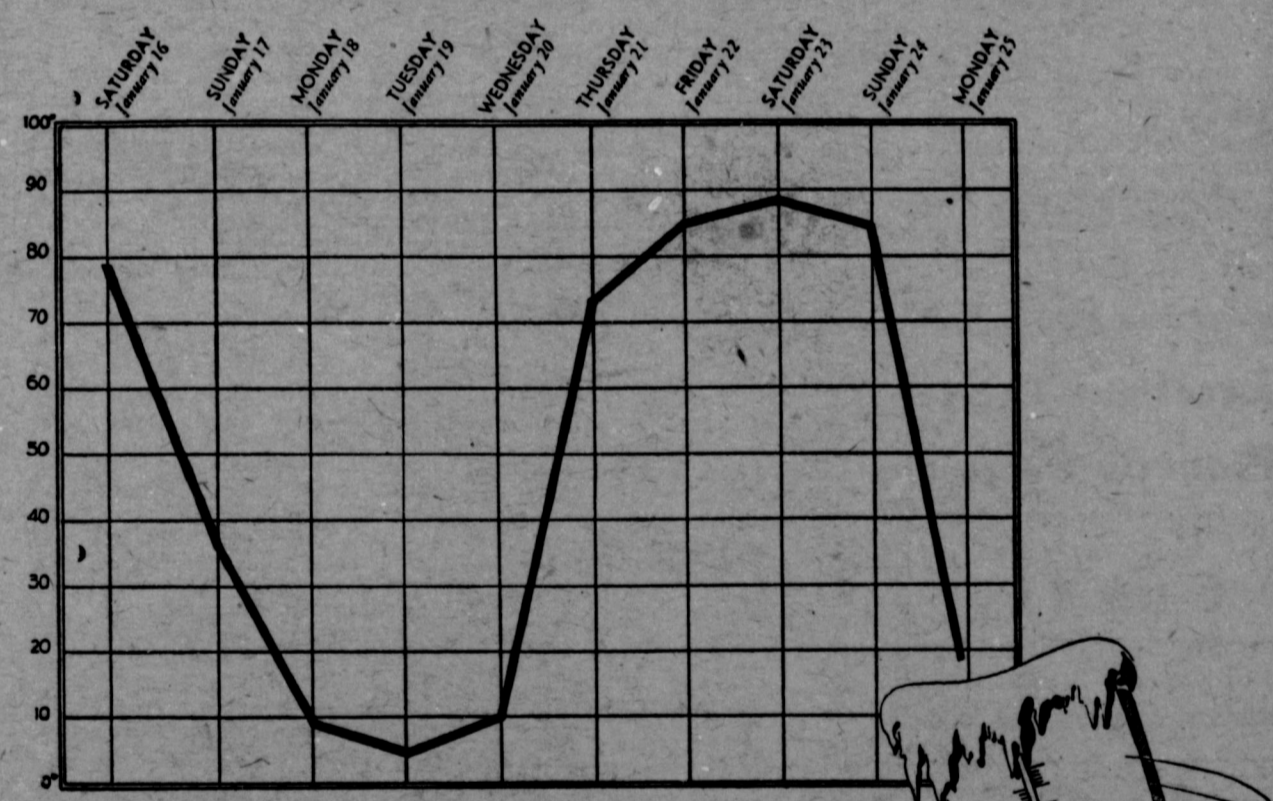

Mr. Hulcy pointed out that with a general rate reduction last May and the simplification of the system now completed, the year 1942 had been a notable one in the development of the Lone Star for the benefit of the Southwest.

If, as a writer suggests, women's sentiments are expressed by their clothes, they appear to have been becoming less and less sentimental during recent years.

—Keep 'Em Firing With Junk—

QUICK WEATHER CHANGES

Must be met when they occur with the teamwork of an organization like Lone Star's 4,500 Employees

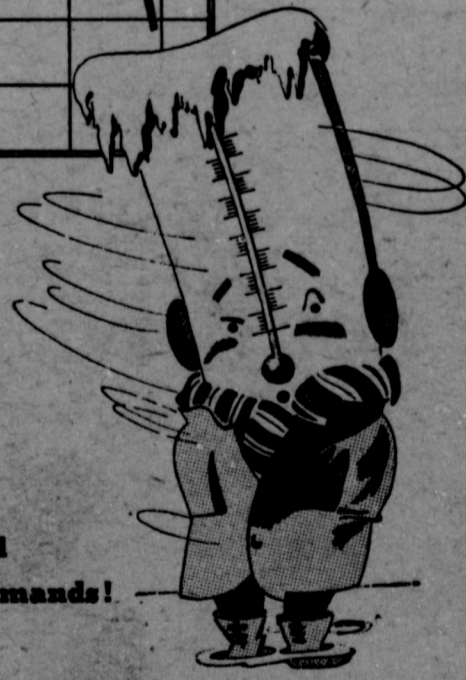

Above chart shows the abrupt temperature changes during the period between Saturday, January 16, and Monday, January 25, inclusive. Period contains a record January day for HEAT and a near record day for COLD—88 degrees and 5 degrees. Dallas Weather Bureau Temperatures.

Recent reorganization of Lone Star transportation and distribution properties into one company makes for additional coordination of effort in meeting peak demands!

A drop of 74° almost overnight!—where else but in the Southwest could that happen? As the temperature drops, the need for gas service mounts until, for example, on Tuesday, January 19, the demand was over 100% greater than it was on Saturday, January 16. Such sudden and peak demands must be met when they occur. They cannot be prorated over the next few days or weeks. Few industries face the same situation Natural Gas does when a blue Norther suddenly strikes

the Southwest with all its wintry fury. Keeping Natural Gas flowing from 75 different fields through a pipeline network of 4,800 miles in step with such abrupt temperature changes to supply the wartime fuel needs of the Southwest is a task that requires the special skill and experience of 4,500 men and women working together as a team. The work of each is important in maintaining the dependable, high-quality, low-cost gas service you know as Lone Star.

School Daze

MÜNSTER PUBLIC SCHOOL.

EDITOR: Florentine Truebenbach
The pupils are all rejoicing over the fact that the six weeks semester tests are over. Seems as though everyone did very well. We didn't think we would make it.

Algebra is still our brain twister. Bill Hoehn is the master mind of this subject.

The last basket-ball game that was played with the Catholic School we won with a score of 40 to 10. The boys seemed thrilled because they really haven't had much practice.

Miss Harrison is the Home Economics teacher. The first day we had coffee and cake and ended in a gossip session across the table but from now on it means business.

Conservation and First Aid has been changed. Now we have them the last period before dinner. We like this much better.

The Bookmobile came Friday. A short feature "London at Night" and "Tanks" was shown. The pupils all got new story books and are looking forward to its return.

Henry Yosten has been absent from school two days. We wonder if the rumor that is going around about him is true? If it is we wonder if he is making any profit on what he is selling or why can't someone go along?

Mrs. Gehrig (our hot lunch cook) had the misfortune of nearly getting burned. Something went wrong with the oven and when she tried to light it the gas fumes blew in her face. No injury or damage resulted.

ing late for formation, forgetting a name plate, a button loose or any other fault an eagle-eyed officer might discover. No wonder some fellows quit, many others entertain the idea quite often. However, everything considered, it has its appealing side. There is a great deal of satisfaction in completing a tough assignment, and most of us are looking forward to the day when we can look back and gloat. The tougher this is the more we'll appreciate it then.

To date we've completed two courses and have made a good start on the third. Army administration and Military Law started bright and early Monday, before

Transferred
Pvt. Steve Fette was last week transferred from Jefferson Barracks, Mo., to Geiger Field, Washington. He wrote his wife. He is connected with H and S Co., 851 Engineers Armed Battalion.

Weekend Visitor
Earl Fisher, Y3 C. of Naval Base, Dallas, spent the weekend here with his father, Joe Fisher, and family.

At Gunnery School
Joe B. Tuggle is now at Fort Knox, Ky., taking a special four-weeks' course in the Gunnery Department of the Armored Force School, it has been announced. This department trains the necessary skilled experts who maintain and repair the thousands of weapons used by the armored units and also includes practice in shooting at both stationary and moving targets, as well as from moving tanks on an outdoor range.

Home For Weekend
Pvt. Otto Walterscheid, stationed at Tyler where he is taking a special course in radio, was here to spend the weekend with his mother and other relatives.

On Maneuvers
Cpl. Andrew Yosten left Camp Berkeley last week to take part in maneuvers in Louisiana where he will be active for the next several weeks, he wrote relatives here.

At Camp Hood
Bob Mack Cooke, son of Mr. and Mrs. Joe Cooke, is now stationed at Camp Hood where he is attending Officer Training School.

Home On Furlough
Pvt. Paul Tempel arrived Tuesday morning to spend his furlough here with his parents, Mr. and Mrs. John Tempel and family. Pvt. Tempel has been stationed at Robins Field, Ga., since his induction on September 2 and this is his first visit home.

Three Day Pass
Sgt. Alois Rohmer came in Saturday from Camp Polk, La., to spend a three day pass with his parents, Mr. and Mrs. Leo Rohmer and family.

In The South Pacific
Mr. and Mrs. Reeve Cooke have a letter from their son, Fred, somewhere in the South Pacific, advising that he is well and including regards to all his friends. He has been in the Navy since last April.

Weekend Visitors
Pvt. Harold H. Cooke of Waco and his wife of Fort Worth were weekend guests of his parents, Mr. and Mrs. Don C. Cooke and were present for a birthday celebration in honor of his father's anniversary Sunday when a number of relatives were guests for a birthday dinner. Mr. and Mrs. J. H. Cooke, grandparents, also enjoyed the occasion.

day light. (We get a double portion of night life at both ends of the day.) As the class opened our instructor informed us that a certain phase of legal procedure usually occupies a law student for 6 to 8 months, but we would cover it in 15 minutes. We did. The same is true of the rest of the subject and administration. We had our final quiz Wednesday. As a result we know a few fundamentals on both the subjects and know what books to consult any time we need more information.

Thursday we started on motors. What we are expected to learn there is the general principles of operation and the army's system of maintenance. What importance is attached to motor transport in this war may be surmised from the fact that we will study nothing else for the coming week. Much of our time is spent at practical experience in the shop. Making inspections, tearing things apart and putting them together again. Besides, we'll have driving tests and will end the subject by going on a rough ride next Saturday night and taking the final exam Sunday morning. There's one weekend less for us.
