It seemed like a good idea a few days ago when President Reagan reminded the country that it needs to think about moral and social issues as well as economic. It was like saying that even if we can't agree on tax and spending we have to get back to the fundamentals of our forefathers, acknowledging the existence of God and the fact that morality based on religion is essential to good government.

The President minced no words in opposing abortion. He said that a fetus is a person from the moment of conception and has a right to life like any other person. His implication was unmistakable. It's murder to terminate the life of an unborn child.

Most likely he made the statement because he thought it was high time to say it. Pro-abortionists have been harping on the subject lately, trying to spread their idea more widely and to increase political support for it in the next election. They claim to be elected. If so the people of solid morality ought to be alerted to the threat, for the sake of defending their convictions and appealing to other conscientious people. It's time to get emphatic about the evils of the issue.

Another subject which is becoming more offensive by the day is gay rights. Those gutter people, a disgrace to society and an insult to God, have the nerve to claim that their private lives are their own and they have the same rights as other people. While flaunting their depravity they insist on a right to have an influence and society, to apply their shabby morality as teachers or public servants.

The moral majority has a worth while mission in opposing this evil...not necessarily in seeking them out and ostracizing them individually, but in reversing the gay line and opposing their acceptance in society. It's getting repulsive to see and hear how gays are gaining, which likely is very exaggerated, and a trend ought to be started in the other direction. If people choose to live like pigs it isn't right for the media to keep saying they are normal and deserving of respect.

Another timely remark by the president concerned school busing for the sake of segregation. He proposed a limit of distance in busing, apparently as a way to provide rides for transportation instead of race mixing.

After all, the judges and legislators ought to be responding to popular opinion of both blacks and whites. Neither race has gained by this arrangement, and meanwhile taxpayers are gouged for billions to support the system. It's been especially stupid to waste millions of barrels of scarce and expensive gasoline on the program. At times one has to wonder whether the people supporting busing actually believe they are doing a service to the country.

We've had years of that nonsense but none of the big wheels of government seems to remember that busing has been a continual violation of the original order on desegregation handed down at Little Rock. The judge ordered that no one shall be denied admittance to the school of his or her choice because of race. But millions of kids black and white were not permitted to attend the schools they preferred. They

Members of the royal party at the Muenster High homecoming ceremony Friday night are: front, Princesses, Debbie Bindel, junior; Amy Reiter, sophomore; Dolle Pagel, freshman; back, Queen Candidates, Ginny Fisher, Stephanie Richey, Kyla Hale and Shelly Zimmer.

It's MHS homecoming time

Traditional crowning formalities along with football, a reception and a dance are all on the program for the homecoming at Muenster High this weekend.

It is sponsored by MHS Alumni with Robynn Walterscheid as chairman. The featured event is a football game between the Hornets and Windthorst's Trojans, with added interest in the fact that Coach Peters of MHS is a former coach of Windthorst. Extra eagerness on both sides is taken for granted.

Activity preceding the game began Wednesday night with a bonfire and pep rally. Next on schedule is a parade from downtown to the grandstand by the band, cheerleaders and the queen

candidates and princesses who will appear in crowning ceremonies. The parade starts at 6:30 and after arrival the band will give its regular performance reserving the half time period for coronation ceremonies.

Intermission proceedings consist of identifying the girl selected as queen as well as the other three contestants and under-class representatives as princesses of the royal court.

Queen candidates and their escorts are Ginny Fisher and Gary Klement, Kyla Hale and Dale Swirczynski, Stephanie Richey and David Flusche, Shelly Zimmerer and Doug Walterscheid. Representatives of lower classes and escorts are: freshman, Dolle Pagel

and Lyle Huchton; sophomore, Amy Reiter and Mike Walterscheid; Junior Debbie Bindel and Tim Schneider.

The queen, named will receive her crown from the 1981 queen, Traci Sawyer, and Frankie Stoffels; her banner will be pinned on by the 1980 queen, Barbie Wimmer, and David Felderhoff; and a dozen red roses will be presented by Lou Dyer, 1979 queen, and Don Frazier. Princesses will receive mums from three queens of previous years: Anna Grace Scoggins, '52, and son Bobby; Bobby Stevens, '62, and husband Steve Stevens; and Pam Newman, '72 and husband Ray Newman.

City adopts \$371,000 budget

The City of Muenster has adopted a budget of \$371,000 for the coming fiscal year. At its regular monthly meeting Monday night the city council estimated the general fund operation at \$256,000 and the water and sewer fund expenditures at \$115,000.

As regards water and sewer costs the expense is generally offset by income, hence the general fund need is practically the net budget amount.

The figure was revised during Monday's meeting to include items not previously listed. They included a new police car, an addition to the fire station to provide space for equipment, material and vehicle, and also a roof repair job on the library.

As regards revenue for budget needs, the city expects about \$102,000 from ad valorem tax. This is estimated on a total valuation of \$29,143,314 and a rate of 35 cents per \$100 of assessed value. The total value is determined by

the Cooke County Tax Appraisal District.

The tax need last year had been estimated at \$85,000 but the amount included bills which were there by mistake, and the actual collection totaled near \$77,000. As a result the city fund is low and some of the new budget is intended to make up for the shortage.

Comparing tax revenue estimates now and a year ago indicates an increase of about 20 percent. The total was \$85,000 then, and it is \$170,000 higher now.

City revenue sources to supplement the ad valorem tax will include sales tax, franchise tax, garbage collection fees and federal revenue sharing.

In other action the council approved a new procedure for Texas Power and Light Co. to obtain regulatory approval of certain fuel related charges. Agreement on the procedure had been reached earlier by TP&L, the cities represented by the Texas

Municipal League and wholesale electric customers.

The new procedure calls for TP&L to obtain PUC approval of the estimated cost of fuel-related services provided by the affiliated company. This approval will be obtained before the costs are billed to customers. Also they will be scheduled quarterly where as previous adjustments were made monthly.

The council also approved the re-zoning of a site on Block 85 from residential to commercial. The action makes the location, across Maple from Clyde Fisher's warehouse, available for a mobile home.

Similar re-zoning approval was given to Mr. and Mrs. Virgil Hess for constructing a separate building on their location in Block 19.

Also, Jack Flusche and Claude Klement were appointed to the city park board.

Rent problems plague Jr. Elite factory

While still under the influence of recent employee layoffs, the Muenster community is very concerned about a serious possible setback in the local employment picture. The problem is over a proposed increase in rent charged by First City Bank and Trust of Dallas to the Jr. Elite Dress Factory. The property is owned and managed by First City Bank and Trust in the interest of the J.M. and Julia Weinzapfel family.

The rental contract, which has expired after 5 years at a rate of \$500.00 per month, is due to be re-negotiated. The proposed new figure of \$2,950.00 per month was

arrived at by reviewing comparable properties and conditions at other Texas manufacturing locations. Both sides quickly agreed that the figure was far out of line with rates in this area; and a study of local properties and rates led to the asking price of \$1,650.00 per month. Jr. Elite responded with an offer of \$800.00 per month for 3 years and an increase to \$1000.00 per month for 2 more years.

First City Bank and Trust had previously offered that the rent be set by appraisal of the property by separately assigned and disinterested appraisers to arrive at an equitable figure. The ten-

nant has not agreed to this offer. At press time both of the parties were still involved in negotiations after First City Bank made a further compromise request. The request was for a beginning rent of \$1000.00 per month for the first year, with that amount increasing by \$100.00 per month per year. \$1,100.00 per month for the second year; \$1,200.00 the third year, etc., for five years. Jr. Elite employees have offered unspecified concessions in order to maintain their jobs.

The Jr. Elite dress factory employs 104 area residents with an average monthly payroll of \$50,000.00.

One burgles, another bungles

The selective and fastidious burglar is in town. After several months of absence, he, she or they broke into the home of Danny and Janet Voth and helped themselves to several more valuable pieces of jewelry plus 10 or 12 silver coins.

Police Chief Helen Tompkins said the method used was the same as previously used in more than fifty Nor-

th Texas homes...in Muenster, Gainesville, Sherman, Denison and Bowie. In all cases the thief took items of gold and silver and diamonds, not bothering with less expensive costume jewelry and he left no mess. At Voths the missing articles were a diamond necklace, a wedding band, a classring and the solid silver dishes.

The house was entered by breaking into a rear window

between 3 and 9 a.m. Sunday morning.

An attempted burglary at the home of Mr. and Mrs. A.T. Tuggle at 1 a.m. Sunday morning back fired for Steve Hill of Fort Worth. He was captured and charged with burglary of a habitation after trying to flee when the break-in was discovered. Tuggle is the

Acts 4:8-13

Peter, full of the Holy Spirit, answered them, "Leaders of the people and elders: if we are being questioned today about the good deed done to the lame man and how he was healed, then you should all know, and all the people of Israel should know, that this man stands here before you completely well through the power of the name of Jesus Christ of Nazareth-whom you crucified and whom God raised from death. Jesus is the one of whom the scripture says, 'The stone that you the builders despised turned out to be the most important of all.'

Salvation is to be found through him alone; in all the world there is no one else whom God has given who can save us."

Don't take drinks to football games

Warning: Do not drink alcoholic beverages or have them available on the premises of public schools. As pointed out by Chief of Police Helen Tompkins, this warning is especially timely during football season when many fans like to carry beer for half time or the return home.

She said the possession is illegal and that cars are subject to search, and owners are subject to fine if alcoholic drinks are discovered.

Besides, a school can be held responsible for the behavior of its fans and can be required to forfeit a win if its supporters had alcoholic beverages with them.

More summer

Summer isn't over. During the past week two 100 degree readings slipped into the local record and most others were in the mid nineties. At the same time moisture is scarce with readings of .15 and .17 before and after 7 a.m. Wednesday. The measure of .32 is the total for September to date and follows only 1.87 in August. The year's total to now is 28.71 inches.

Low and high temperature readings last week were recorded as follows by Steve Mosler.

September 9	68 and 94
September 10	67 and 96
September 11	70 and 95
September 12	72 and 100

COMMENT

The Owner's Manual

by Dr. Larry Tisdale

I would like to continue to study the subject I talked about in last week's column; that is the price which God paid for us. One of the most familiar verses in the Bible goes into greater detail about this. In John 3:16 we read, "For God so loved the world, that He gave His only begotten Son, that whoever believes in Him should not perish, but have eternal life."

This verse reveals how much God loves each one of us. It tells us that God loves you, and wants you to have an abundant and eternal life. However, because man is sinful and sin has separated man from God, God realized the need to provide provision in order for man to receive the kind of life that He offers. Thus, God's only provision for man is through His son, Jesus Christ.

This is the price that God paid in order that you might live. Only through Christ can you come to God and have the life which He offers. In order to receive this life we must accept Jesus Christ as our personal savior. There is no other way. In John 14:6 Jesus himself said, "I am the way, and the truth, and the life; no one comes to the Father, but through Me."

were ordered to bus for the purpose of mixing with other races. After all, this busing nuisance could be eliminated on short notice if today's politicians would heed the Arkansas judge's order.

Another recommendation by the president is to pass the balanced budget amendment to the Constitution. For a half century the nation has observed what happens when government borrows without limit to amount. One legislator after another ups the amount, always claiming a worthy cause and a reasonable amount which has little effect on the total debt. Well, the deficits have exceeded a trillion dollars, and the cost of national debt interest is more than the entire cost of government was a few years ago.

There can be no doubt that US faces a major reform job. Social and moral values as well as economic have to be restored to assure survival of the American way.

When John said that "whoever believes in Him should not perish" he was referring to more than the mere acknowledgment that once upon a time Jesus did exist on this earth. Even the devil believes that much. In James 2:19 James says, "You believe that God is one. You do well; the demons also believe and shudder." The difference is that the devil does not trust Jesus to be his Lord and Saviour; he does not turn his life over to God and ask the Lord to guide him in the day to day decisions which he must make and try to live the kind of life which God wants him to. To the person who does trust the Lord in

this manner, we are told that he "shall not perish, but have eternal life."

Of course this does not mean that he will live forever on earth, but that when his life here on earth is through he can look forward to an eternal (everlasting, never ending) life in heaven. It is hard for the human mind to fully understand the length of time involved with the meaning of the word eternity, but the hardship and suffering which we undergo here on earth will surely seem very brief indeed when compared with spending forever, and ever, and ever with the Lord in heaven.

Letter to the Editor

Dear Editor

I would like to share with you the following notes I received from the managers of the Ronald McDonald House of Fort Worth and Dallas concerning the gifts presented them courtesy of the Sacred Heart Parish Vacation Bible School.

Dear Linda:

On behalf of the Board of Directors of the Friends of Children, Inc. let me express sincere gratitude to you for the five boxes of food and paper supplies which you and your friends have contributed to our Ronald McDonald House of Fort Worth. Thank you for your thoughtfulness. Sincerely, Sandra Burns, Friends of Children, Inc., PO Box 227L, Fort Worth, TX. 76101

Dear Mrs. Knabe and Bible Study Group,

On behalf of the families at the Ronald McDonald House, I wish to thank you for your generous contribution of food to the house pantry.

city's police commissioner. The Tuggles were first disturbed by prowling outside, and he got his gun to be ready in case of trouble. Next he heard falling glass as a window was knocked out and he rushed outside in time to see two persons running away, one still near by, the other farther away. One failed to respond when he ordered a halt. The other responded meekly and was taken inside where Tuggle guarded and notified police. Chief of Police Helen Tompkins said the man appeared to be very relieved when she arrived.

The second prowler remains free. Chief Tompkins said a suspect was questioned but no evidence was discovered of involvement in the burglary.

Small-business Angle

by Wilson S. Johnson

IRS EXEMPT FROM EQUAL ACCESS TO JUSTICE LAW

There was a time when a small-business person or a private citizen had little hope of challenging a government finding against him. If cited for violation of a federal regulation or law, he or she would probably pay the fine rather than spend money for a lawyer to fight the charges.

Many small-business people with whom I have talked say that while they knew they were not guilty of violating a law, they just couldn't afford the time and money to fight government agents — inspectors from OSHA, the Environmental Protection Agency or even IRS.

After many years of hard lobbying by the National Federation of Independent Business, working with legislators of both political parties, the Equal Access to Justice Act was signed by President Jimmy Carter in the fall of 1980 and became law in October 1981.

"Equal access to justice" means that if you are cited for a violation by a federal agency, you can take the agency to court. If you win, the government pays reasonable lawyers' fees and court costs. It also means that the burden of proof is on the government — not the taxpayer — to establish that there is a legitimate reason for the citation. The law was a major victory for small business. But now that victory is tarnished as a result of the all-night stampede to pass the so-called tax reform act (really one of the largest tax increases in history). House-Senate conferees exempted the Internal Revenue Service from the provisions of the Equal Access Law. The burden of proof in tax cases is back on the taxpayer.

The law had limited applicability to IRS even before this latest fiasco. Tax court proceedings were considered administrative procedures and exempt from equal access provisions. The accused taxpayer had to challenge the IRS in U.S. District Court — and win — to recover legal fees. But it was a start.

Now all of that has been undone.

In 1977, the Commission on Federal Paperwork reported that the Internal Revenue Service accounted for 70 percent of the paperwork burden on small business. The impatient demands of the IRS; the arrogant, "star chamber" accusatory process; and the devastating effect a decision can have on a business have sent cold chills up the spine of many a tough small-business person. Now, without any hearings by congressional committees and without any opportunity for discussion in the House of Representatives or the Senate, the IRS is immune from the provisions of the Equal Access to Justice Act. That means that the incentive to move with caution and be certain the taxpayer is indeed in violation of the law has been removed. The IRS will once again be free to operate outside the glare of publicity surrounding expensive challenges from taxpayers.

There is much to correct in the tax bill passed by Congress in August, but until IRS is forced to comply with Equal Access, there will be no recourse for small-business owners and individual taxpayers.

Wilson S. Johnson is president of the National Federation of Independent Business, representing more than half a million small-business men and women.

Looking Ahead

NATIONAL EDUCATION PROGRAM

by Dr. George S. Benson, President

THE FALLACY OF FOREIGN AID

With the disclosure by Senator Jesse Helms that the real cost to U.S. taxpayers of foreign aid, including interest on funds borrowed in order to provide such aid, has been twice the amount of the current national debt — perhaps it is long past time for we, the people, to examine this issue that has helped nearly bankrupt the nation. Remember the foreign aid program plus interest costs is \$2,304 billion while the national debt is barely over \$1 trillion.

When one begins to investigate the rationale for foreign aid as presented by its proponents, one will find a number of seemingly plausible reasons why we should be involved in the program. It is very easy to be persuaded by noble sounding sophistry.

This is because we Americans are a generous, charitable people. We feel sorry for those not as well off as ourselves. We want to help. And this is good, as it should be. This is part of our Christian heritage of charity.

But charity is voluntary, coming from the gifts of willing donors who wish to share their bounty and good fortune. And there are indeed literally hundreds of such charitable groups working effectively to aid the people in developing countries.

But there is a vast difference between charitable assistance and the willing assistance provided by U.S. business corporations and financial institutions, and government to government foreign aid, resulting in the robbing of a nation.

Where the former is freely given and voluntary, the latter is not. The where-withal of foreign aid is confiscated by force from unwilling taxpayers as are funds for other wasteful programs.

This brings us to what seems to be the fundamental issue: By what authority does the United States Government take the

funds earned by American workers and redistribute them to other governments around the world? Moreover, if we do not maintain our own financial well-being we soon will be able to offer neither voluntary or forced charity to others.

The answer, of course: There is no such authority! You can search the Constitution from now til doomsday and you will not find such a power granted to our central government. Foreign aid is clearly unconstitutional and therefore should be discontinued — period!

Now what about the major argument put forward by the advocates of foreign aid: That 80 percent of the world, the underdeveloped countries, are caught in a vicious cycle of poverty and are therefore unable to help themselves.

This is utter nonsense! All wealthy industrialized countries were once poor. Our own country was once very poor. How did we make the grade? Who gave us foreign aid? No

one; we started from scratch, the same as many other now booming areas which made it without foreign aid.

We once heard the great Austrian economist, Ludwig von Mises, lecture on this very subject. He stated there were two things less developed countries must do if they were to increase their standard of living.

First, they had to save — consume less than they produced, no matter how little — and second, they had to establish a political climate within the country which made it attractive for others to invest in it.

The only way an economy can be developed is through capital accumulation. And the most important way to accumulate capital is through internal investment — saving by those within the country — just the way we did it.

All the foreign aid money in the world will not accomplish what these two methods will.

GLOOMY GOOD NEWS

By Edwin Feulner

Judging by what you read in the newspapers and see on the network news, "Reaganomics" is a failure. Not only is it responsible for near-record high unemployment and the continuing economic slump, the story goes, but it has heaped misery on the less fortunate through savage cuts in social services designed primarily to widen the gulf separating rich and poor.

As fallacious as the above statements are, their constant repetition has begun to affect even many of the President's long-time supporters. Though the President's program went into effect less than a year ago — and the first really meaningful personal tax cuts came our way just two months ago — Reaganomics has become the whipping boy for all of our economic ills.

But buried beneath this litany of gloom and doom is an untold story of progress in the war against inflation, high interest rates, and a still generous and expanding federal budget.

When the Reagan administration took office, Americans were groaning under a 12.4-percent inflation rate. Interest rates were running above 20 percent, and government spending was growing by 17 percent per year. Bracket creep, moreover, stole an ever-increasing percentage of personal income in federal tax revenues. So as your wages were pushed up by inflation, the government took a bigger cut — and your buying power went down.

What has happened after a year and a half of "Reaganomics"? Inflation has been more than halved, and in March of this year — for the first time in seventeen years — prices not only didn't increase, but they actually went down! Interest rates have fallen dramatically, though not enough yet to reinvigorate the housing market. Still, the prime interest rate is down to below 14 percent, a sharp drop from the 20-percent high that Ronald Reagan inherited. And the growth of government spending has at least been slowed.

The so-called dog-food budget that President Reagan submitted to Congress earlier this year was, of course, a liberal fiction. This "austere" budget provided for 95-million meals a day for needy Americans, medical care for 47-million people, subsidized housing for 10-million Americans, and 7-million loans and grants for deserving and needy college students.

But the outrage with which this budget was met in Congress led people to believe that the President intended to starve the poor and rob the elderly.

Between congressional demagogues and a heady barrage of distortions aired nightly on the network news, is there any wonder that the President has had a difficult time restoring public confidence in the economy?

The President has been doing a herculean job working with his congressional supporters. Perhaps he's done too well. Victory, we all know, is the tonic that makes life worth living to the politician. Sooner or later all politicians find out that victory exacts a high price: compromise. Thus, we have the specter of Ronald Reagan, the great tax-cutter, pushing a tax increase of historic proportions and Ronald Reagan, the great world leader, cozying up to the Red Chinese, at the expense of our long-time allies on Taiwan.

At a time when the economy is showing signs of real improvement, it is hard not to feel a sense of gloom at the sudden turn of events.

Compromise, of course, is fine. But compromise that is damaging and wrong means we're back to business-as-usual in the Nation's Capital.

(Feulner is president of The Heritage Foundation, a Washington-based public policy research institute.)

Strake Talk

SMALL BUSINESS— A RESOURCE WE MUST PROTECT

You can look around the square of any Texas town and see the backbone of the state economy—and of the national economy. It's small business and it provides half of all jobs.

By the current state definition there are 260,000 in our state—that's 97% of all Texas businesses. The small businessman and woman not only provide jobs and pay taxes, their independent tradition also helps explain the enduring quality of our democratic form of government.

The state of Texas recognizes the importance of small business and has programs to help it. But we can do better.

For one thing, we can abolish the sales tax on utility bills which now falls basically on small business owners. Large manufacturing and processing firms don't have to pay the tax, but the grocer, retailer and florist do. It is not fair.

My opponent opposed doing away with this tax in the last session of the legislature. The tax will bring in an estimated \$220 million in 1984-85. But when you compare that with the extra \$5.1 billion the legislature will have to spend during that time, I feel we can do without the tax and the reve-

nue it will bring. And, as Lt. Governor, I would support its repeal.

I would also support putting into effect recommendations of the small business task force initiated by the Governor. Two of these recommendations are especially appealing. One is to help small business borrow money at better rates. Most small businesses which fail do so because they are under-capitalized. To help that situation, franchise tax money would be deposited in participating banks, which would, in turn, make loans at lower rates to small businesses.

The other recommendation is that we form a group of small business development centers at colleges and universities statewide. Money for the centers would come from the U.S. Small Business Administration, the state and participating schools. The centers would provide training, counseling and other help to small business owners so that they could be more competitive in the marketplace.

If you have any thoughts on this, I'd like to hear them. Please write me at 1213 W. 34th Street, Austin 78705.

Eventful Hoedown shaping up

The 1982 Harvest Hoedown, to be sponsored by Muenster Chamber of Commerce on Saturday, September 25, occupied the interest of members at their regular meeting Tuesday. As outlined by Debbie Klement, chairman, the organizing committee has been busy on multiple details, hoping to make the event more fun than ever, an event showing

appreciation to friends who have been buying here as well as an occasion for stores to offer special values.

A favorite again for the kids is the drop of ping pong balls from an airplane to be picked up by the youngsters and redeemed anywhere in town for \$1.00 worth of merchandise and specially marked balls for a premium. The number of balls is increased from 200 to 400.

Another major attraction is a drawing of prizes to be provided by business people. Registrations start Monday in stores providing the prizes and the drawing starts at 4 p.m. Saturday. A special grand prize at the end of the drawing is a package of 4 tickets to the Dallas-Cleveland football game on Nov. 25. A minimum age of 18 is required to register for the drawing.

Some of the other hoedown features are Shorty the Clown in a magic show, shaping balloons and signing autographs; plus Ranger pitcher Danny Darwin signing autographs; and bargain prices on Coke and Dr. Pepper. Also the library will sell bargain hot dogs from makings provided by the Chamber, and cheerleaders of the two schools will sell lemonade

from makings also provided by the Chamber. Proceeds in each case are to be kept by the sellers.

The Beta Kappa Sorority of Muesnter will sponsor and conduct a pie judging and auction during the Hoedown. Entries should be delivered to the Chamber office at 115 E. First St. between 10 a.m. and 2 p.m. Judging will be done at 2 and the auction at 3 at Mid-Park in front of the Chamber office. The Chamber guarantees beginning bids of \$25, \$15 and \$10 for first, second and third places in the judging.

Proceeds from the sale of the top three pies will be awarded to the winning bakers. Proceeds from the sale of all other entries will

go to Camp Sweeny for Diabetic Children. The camp is in serious need to repair flood damage.

Something additional is planned for participating business people for the best display and the best employee costume, both on the harvest theme.

Participating people are asked to notify the Chamber office by 4 p.m. Tuesday, Sept. 23, to assure a visit by judges Saturday, starting at 1 p.m. Cash prizes will be given for the best display and the best costume.

In other business the Chamber considered care of shrubbery at the city park, particularly watering by drip irrigation. And the Chamber made its first call for a chairman in the Christmas parade.

Don Knauf marries Cheryl Mecca in two ring ceremony at Sacred Heart Church

Rene' Cheryl Mecca of Gainesville became the bride of James Donald (Don) Knauf of Muenster in a nuptial Mass with double ring ceremony in Sacred Heart church on Saturday, August 28, at 4:30 p.m., with Father Denis Soerries officiating before an altar decorated with white gladioli and tall lighted candles.

The bride is the daughter of Mr. and Mrs. Richard L. Mecca of Gainesville and the groom is the son of Mr. and Mrs. Edward W. Knauf of Muenster.

Presented at the altar by her father, the bride was wearing a formal wedding gown with chapel length train and A-line circle skirt. Designed with a Chantilly lace bodice, a sheer Victorian yoke, and a fluted collar edged with matching lace, the dress also had sheer, full bishop sleeves edged with fluting; and was closed in back with a row of tiny covered buttons.

Her two tiered bridal veil was finger tip length, with a blusher, and both were edged in Chantilly lace, and attached to a bandeau cap trimmed with seed pearls.

She carried a cascade of fresh yellow roses, white pixie carnations, blue baby's breath and English ivy. In keeping with tradition she carried a lace handkerchief formerly belonging to her late grandmother, Mrs. Merle Harps of Johnsonburg, Pennsylvania, and borrowed the groom's mother's pearl earrings.

Attendants

Mrs. Bobby Boaz, the bride's sister Debbie, and Mrs. Charles Fleitman (Beverly) were matrons of honor. They wore identical formal gowns with V necklines, lace ruffles around the neck, and lace bustles. Mrs. Boaz's dress was yellow and Mrs. Fleitman's was blue.

They carried matching bouquets of silk yellow roses, blue carnations and white baby's breath.

Tanya Knauf, niece of the groom was flower girl; and Bobby K. Boaz nephew of the bride and Andy Wilkes nephew of the groom were ring bearers.

Bob Knauf of Muenster was his brother's best man; Jack Dangelmayr, groom's cousin was groomsman and Leon Bayer and Joe Sicking, friends and all of Muenster were ushers.

Wedding music was given by Tony Luke, organist, who presented selections as guests arrived, and throughout the ceremony, including "Theme from Romeo and Juliet", "Wedding Song", "Purcell's Trumpet Tune in D Major"; "Panis Angelicus" and "Ave Maria", both traditional, sacred Latin arrangements; and the recessional, Mendelssohn's Wedding March.

Reception

A reception and buffet followed in the Knights of Columbus in Muenster, hosted by parents of the couple.

Presiding at the guest book were Mrs. Bob Knauf of Muenster, groom's sister-in-law and Mrs. Buster Wilkes of Round Rock, groom's sister.

The bride's table held two 5 branch silver candelabra with white tapers, in a ring of yellow roses, and garlands of fresh ivy. The bride's bouquet was the centerpiece. Background for the bride's table held scallops of white net caught by three blue bows and two white bows, with two wedding bells in the center.

The three tiered wedding cake, was baked and decorated by Mrs. Henry Spaeth, groom's aunt and godmother. On the top layer were three satin wedding bells, part of the decorations from the 60th anniversary cake of the Hubert Felderhoffs, groom's grandparents.

Reception assistants were Deanna Burris, serving wedding cake; Mrs. Ralph Porter, bride's sister, serving champagne and Mrs. Terry Mecca bride's sister-in-law serving punch.

Out of town guests included Messrs. and Mmes. Howard Porter of Whitesboro; Ike Stubber of Sherman; Bob Zawacki and daughter and granddaughter of Grand Prairie; Bobby Boaz and Kriss and Bobby of Woodbine; Terry Mecca of Woodbine; Buster Wilkes and Andy, Nick and Matthew of Round Rock; Louis Knauf of Oklahoma City; Rob Slingerland and Rachel of Lewisville; Joe Yeorgan and Greg and Doug of Carrollton; Jerry Onnen of

Parish starts cemetery project

An extensive improvement program now under way is intended to bring a new look to Sacred Heart Cemetery during the next several months. The project is sponsored by the parish cemetery commission with Walter Grewing as chairman.

Work completed up to now is a water well with pipe installed and a submerged pump awaiting arrival of an electrical connection. The next step is installing an automatic sprinkler system to make the best use of the well's plentiful supply of

quality water. The operation when established will require only the cost of electricity, the water being available free.

When watering starts, the priority goal is to add sufficient water to restore a proper and uniform condition of the soil, after which work starts on re-setting most of the monuments. Grewing said the ground has to be right and stay right or tomb stones will start sagging again.

Tillage work is also in the

plan to provide a better lawn, as well as replacement of shrubbery, wherever necessary. And if funds are still available after all that, the sidewalks will receive repairs and replacements.

A statement in last week's parish bulletin revealed that the cemetery finance campaign now has \$4,295 and the drive will continue. Members of the parish are urged to adopt the drive as a continuous project and give generously to make the cemetery an object of community pride.

Free clinics at Community Center booked Sept. 22

The Texas Department of Health Region 5 Office in Arlington announces a free immunization clinic to be held in Muenster at Sacred Heart Community Center, on Wednesday, September 22, 1982 from 10 to noon. The clinic will provide immunization against diphtheria-tetanus-pertussis (DTP) polio, rubella (red measles) and rubella (German measles) for infants 2 months through 18 years. (Exception: females over age 12 will not receive rubella vaccine without a physician's consultation and prescription).

Immunizations are incomplete if a child has not received three (3) doses of DTP and polio vaccine with at least one dose administered past the fourth birthday. All children under 18 years must have an informed consent form read and signed by the parent or legal guardian. If possible, the parent should accompany the child to the clinic. Immunization records should accompany the child to the clinic and be examined by the Public Health Nurse who will answer any questions.

Another free clinic at the Community Center will be conducted by the Health Department on September 22, 1 to 3 p.m. on hypertension.

Homecoming... Continued from page 1

After the game all exes of the public school, along with teachers and friends, are invited to a reception in the school lunch room. The homecoming committee is especially anxious for a crowd there, hopefully the biggest and liveliest get-together in years. Any freinds of the school, whether or not they attended, are urged to come. The same applies to the dance Saturday night in the VFW Hall. Everybody is welcome.

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
GENERAL ELECTION
NOVEMBER 2, 1982

**PROPOSITION NO. 1
ON THE BALLOT**

House Joint Resolution 1 proposes a constitutional amendment that prohibits any state ad valorem tax. Receipts from previously authorized state ad valorem taxes that are collected after the effective date of the proposed amendment shall be deposited to the credit of the general fund of the county collecting the taxes and may be expended for county purposes. Taxes collected before that date shall be distributed by the legislature among educational institutions eligible to receive those funds under prior law. The proposed amendment also repeals a section of the Constitution levying an ad valorem tax for a construction fund for 17 state colleges and universities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment repealing the state property tax."

**PROPOSITION NO. 2
ON THE BALLOT**

House Joint Resolution 62 as amended by Senate Joint Resolution 10 proposes a constitutional amendment that would eliminate the \$80,000,000 ceiling on state welfare aid during any fiscal year.

The amendment would set the state welfare spending limit at \$160,000,000 for the 1982-1983 biennium.

The amendment further provides that, for each subsequent biennium, the maximum amount spent for state welfare shall not exceed one percent of the state budget.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to provide assistance through the appropriations process to needy persons and to place a ceiling on payments for needy dependent children at one percent of the state budget."

**PROPOSITION NO. 3
ON THE BALLOT**

Senate Joint Resolution 8 proposes a constitutional amendment that would exempt machinery and equipment used in the production of farm and ranch products from taxation. No dollar limits would be imposed and the exemption would apply to corporations and partnerships as well as to families and individuals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment exempting implements of husbandry (agricultural machinery and equipment) from ad valorem taxation."

**PROPOSITION NO. 4
ON THE BALLOT**

House Joint Resolution 77 proposes a constitutional amendment that would authorize the Legislature to set a four year maximum term of office for board members of certain water districts and conservation and reclamation districts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the Legislature to provide terms not to exceed four years for members of governing boards of certain water districts and conservation and reclamation districts."

**PROPOSITION NO. 5
ON THE BALLOT**

House Joint Resolution 119 proposes a constitutional amendment that would authorize Tarrant and Bee counties to hold county-wide elections to abolish the county treasurer's office by majority vote.

Should the county treasurer's office be abolished, the duties, powers, and functions of that office would be transferred to the county auditor or the successor to the auditor's functions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county treasurer in Tarrant and Bee counties."

**PROPOSITION NO. 6
ON THE BALLOT**

Senate Joint Resolution 6 proposes a constitutional amendment that would raise the constitutional interest rate limit on state general obligation bonds from 6% to 12%. The new 12% ceiling does not, however, apply to bonds issued by the Veterans' Land Board.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment increasing the maximum interest rate allowed on state general obligation bonds to a weighted average annual interest rate of 12%."

SPORTS

Hornets overcome Panthers

In a big second half at Saint Jo last week, the Hornets got their game together and rolled over the Panthers for a win of 41-16.

During the first half the teams were almost even on yardage and first downs, and MHS was at the big end of 14-8, but the game busted wide open after intermission as the Hornets took complete charge.

Starting the game, Parker returned the kickoff 40 yards to midfield, but the good position was lost on the first series when Chris Rohmer recovered a fumble for MHS on the panther 36. Next, the teams exchanged kicks and the Hornets started for real from their own 36 line. Eleven plays plus 20 yards of penalties reached pay dirt, Kevin Felderhoff scoring from the 1 and a quarterback sneak. Felderhoff's kick after TD made the count 7-0 at 3:56.

On first series after the score Muenster seemed to be on the way again. A bad snap from center prevented a Panther punt and gave the Hornets a set-up on the 25. Carl Sicking, the game's standout with 132 yards on 24 carries, promptly advanced to the 7, but a 10 yard penalty and a fumble put the Panthers back in possession on their 12.

That was the starting point for the 78 yard Panther push which featured three passes by Thurman...to Tucker for 17 and 14 and to Dennis for 20. However it failed to get to pay dirt. Hornets stood pat and took possession on the 7. But 2 plays later Saint Jo got the ball back on a fumble at the 20.

From that point the Panthers finished their job. Three tries reached the 6, four more reached the goal. Thurman made the last 2 on a quarterback sneak. Dennis added 2 points on a run after the PAT kick was spoiled by a bad snap from center. Saint Jo led 8-7 as the clock read 2:20.

The Hornet comeback came quickly. First series reached the Panther 44 where Felderhoff passed to Wayne Carroll in full stride for a TD. Kevin's kick gave Muenster a 14-8 lead at half time.

Spirit Moms keep Hornet spirit high

Spirit Moms at Muenster High are going all out to keep spirits high for Hornets and students this football season. Last week's trio, including Della Hellman, Pam Beavers and Cheerleader Jenny Hellman decorated the locker room and lockers and placed a snack sack in

The Hornets took over as the second half started. Besides shutting down the Saint Jo offense they improved their own offense. First downs were even 7-7 in the first half and MHS led 135 to 125 in yardage. After half time Muenster led 13-2 in first downs and 236-79 in yardage.

After opening kickoff MHS gained 27 on 6 rushes, then Felderhoff heaved another bomb for Carroll. It was good for 34 yards and a TD at 8:52.

On next possession a drive was interrupted by Tucker's interception, and a kick four plays later gave the Hornets another start with 40 yards to go. Leslye Wells stepped off 13, three short plays and two penalties reached the 4 and Sicking scored. Felderhoff upped the score to 27-8.

Muenster got going again after an exchange of fumbles. With 53 to go, Felderhoff passed to Wells for 20 and eight more plays were enough. Sicking went

over from the 2 and Felderhoff kicked the bonus point.

Moments later Carroll's interception gave MHS a set-up on the 20. Neal Flusche and James Bright alternated on five runs to the 2 and Flusche scored from there. Felderhoff finished his game with the fifth of his PAT kicks.

As clock seconds were ticking away the Panthers used only three plays to get their second TD on the board. After a good kickoff return and a penalty reached midfield Thurman passed to Williams for 22. Parker gained 8 and Mitchell scored from the 21. A run by Reeves increased the score to 41-16.

Classic in sight as Hornets meet Trojans at homecoming

A football classic appears to be in sight as the MHS Hornets get set to host the Windthorst Trojans as their homecoming Friday night.

As seen by Coach Leonard Peters, the teams are about evenly matched except the Trojans are slightly bigger and more experienced but rate about the same in speed. The record so far leans slightly in favor of the Hornets. They have a 1-1 standing whereas the Trojans are 0-2, however the losses have been to Archer City and Munday, both with a good rating in Class AA. Peters judges Windthorst as Number 2 of its district and a team deserving respect.

At the same time the Hornet boss has positive ideas about his boys. He was pleased last week at Saint Jo seeing them dominate the second half with a stout defense and improving offense. They allowed limited

yardage and first downs while moving steadily in both rushing and passing. It was a fine team effort, the coach said, with an extra good job by the seniors. He likes the improvements in running, blocking and passing as the Hornets get more competitive every week.

Another factor figures in the game, that is, Peters' pleasure in playing a team he used to coach.

Regarding physical condition, the situation remains unchanged. Ronnie Fisher is improving and is expected to see limited action for the second week. Three others, Wayne Tate, Duane Walterscheid and Steven Vogel are out for the season.

Carl Sicking, 32, gets the benefit of Neal Flusche's 22, blocking in one of his many gains in last week's game

Muenster Jrs. beat Saint Jo

Eighth graders of Muenster Public School made a good start on their 1982 football by overcoming Saint Jo's Panther Cubs 20-0. The game was one sided, the visitors' only score being on a 69 yard kickoff return.

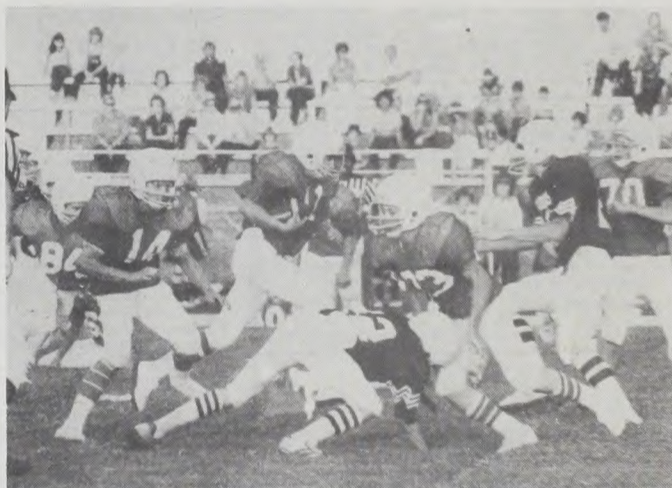

Otherwise Saint Jo's only first down came on a face mask penalty late in the game. The Little Hornets had eight first downs. Their first score came on first possession starting on their own 19. Along the 81 yards, they gained and lost on a face mask and a clip penalty as ball toting was done by Steve Wimmer, Steve Whittington, Shaun Flusche and Damian Hellman. Flusche scored the TD from the 13, Wimmer made the 2 point PAT.

Andy Burnette's fumble recovery on kickoff gave Muenster another start at

the 40, but it ran out of steam on the 24. Following a kick four plays later it started again with 35 to go. Flusche's 19 yarder was the big gain and Hellman's 1 yard sneak was the payoff. On the following kickoff Talley did his thing for the young Panthers.

Second half was a better contest. Each team bogged down twice before Muenster made good on the third effort. Hellman's pass to Joe Pagel, the only completion of the game, gained 19 to the 4, Wimmer gained 3 and Flusche scored from the 1.

A pair of exchanges were the principal events of the remaining 14:34 minutes. Muenster lost on a fumble, gained on Mark Hennigan's interception.

Steven Whittington's effort here picks up yardage for Muenster junior High in a 20-6 win over Saint Jo. Other Future Hornets in the play are Damian Hellman 14, Mark Hennigan 84, Shawn Flusche 33, Greg Hoening 70.

Fumbles and Eagles crush Sacred Heart

Sacred Heart Tigers spent a long and sad night at Valley View last Friday and ended a tragedy of errors at the unhappy end of a 26-7 score.

Everything went sour...fumbles, interceptions and penalties...and all of them happened to give the hosting Eagles several fat scoring opportunities. The tough breaks were not only numerous but seemed to happen where they hurt the most.

About the only satisfaction for Sacred Heart is that it led in total gains and did as well or better in earned points.

The game's trend was set on the Tiger's first possession as SH fumbled on its first play and Mike Alexander recovered for the Eagles on the 4 yard line. Tony Jones scored two plays later, less than a minute after the start, and Warren Dyer added an extra point.

Each team failed to gain on extra point. SH got into trouble again. It was a fumble recovered by Billy Farrell of the Eagles only 28 yards from the goal. The next six tries reached the 5 and Mike Montgomery scored from there. Dyer's PAT upped the count to 14-0.

The calamity continued into the next Tiger possession. Starting at the 20 they fumbled again, Privett claiming the ball for VV at the 22. The Eagles gained 13 to the 9 in two tries but a stubborn SH defense refused to budge on the next series. And then the jinx struck again. An interference ruling on a fourth down pass gave the Eagles four more tries from the 1. Montgomery scored from there. The count was 20-0 with 42 seconds remaining in the first period.

The second quarter favored Sacred Heart even though no points went on the board. On second possession Ricky Hennigan gained 29 but the next series ended in a kick. However on the VV possession TJ Walterscheid recovered a fumble for SH on the 19. It was the best position up to then but Eagle defense stopped the next series with only 3 yards of gain.

Another Tiger effort on last possession of the half ended in a Valley View interception.

The third period was mostly a standoff. Tigers had to punt on first possession after which the

Eagles made two first downs but gained only 4 yards in the next series. SH took over on its 44 and promptly fumbled the ball away, after which Darrell Herr intercepted for the Tigers, who gained two first downs before the period ended.

Sacred Heart's offense continued into the final period, producing the only SH score on a 66 yard drive in nine plays. Big gains along the way were a screen pass from Neil Hesse to Ricky Hennigan for 13, a run by Herr for 18 and runs by Hesse for 11 and 13. Hesse scored from the 4 as the clock read 9:09.

One next possession the Eagles made their big play of the game but failed to score on it. Jones stepped off 61 yards before Herr nailed him at the 10. Three more tries reached the 5 where the Eagles tried for a field goal. Hennigan blocked it giving SH possession on the 14.

Two plays later the Tigers presented their final gift of the contest. It was another fumble, tumbling into the end zone and recovered by Roberts for a touchdown. Dyer's kick upped the score to 27-6 with 3:48 remaining.

During those few minutes the Tigers made a final quickie drive of 50 yards in 11 plays but ran out of time on the 6.

Though the game was a miserable streak of bad luck Coach Virgil Henscheid was pleased with good streaks of offense and defense and the SH lead in gains. He told the boys not to let the game get them down but keep their spirits high for next week.

Tigers meet Panthers Friday

Regardless of their fiasco last week. Sacred Heart's tigers have firm intentions for their encounter with the Saint Jo Panthers this week.

Coach Virgil Henscheid brushed off the calamity this week, saying it seems to happen sooner to later to lots of teams and doesn't really reflect their ability. Rather, this time it put them in a class with the Cowboys, he added. Besides, it made a difference that all the fumbles came when they hurt so bad. So the scoreboard record got very one sided while the SH boys were competitive in other respects.

On the other side of the situation the coach recalled that the Panthers, too, had troubles last week, but their potential was better than the score indicated. They showed ability twice, and they are well equipped with size and experience.

Overlooking last week's problem Coach Henscheid is optimistic about the Tigers. They have been improving on both offense and defense. Besides they are keeping in god physical condition. Only one is regarded as doubtful for this week's lineup.

Sacred Heart and Valley View split two games

Sacred Heart junior teams swapped out with the Valley kids last week, but it was hardly an even trade. Junior High Eagles clobbered the Tigers Cubs 42-0 whereas the Tiger junior Varsity nudged the visitors 6-0.

Coach Virgil Henscheid's comment on the first game was "the less said the better." There just wasn't any comparison. Valley View has size and experience and a slick operation. It seems every play was a success to VV, a disaster to SH.

The next contest featured hard playing and lots of turnovers especially in the first half. Keith Hennigan, Tim Bartel and Duane Haverkamp recovered three fumbles for SH, however the Tigers matched turnovers with three fumbles of

their own. The second half continued the turnovers with two each, and Stephen Schmitt making both recoveries for the Tigers. One of the recoveries was on the 3 yard line and Ken Hesse scored from there on the third try, and only 38 seconds before the end.

In other action SH dominated the second period with a 4-0 lead in first downs. Three of the first downs were successive and gained 54 yards to the 10 but the next series fell short by 2 yards, with only 1:14 remaining on the clock.

Along with a good drive in the second half, the Tigers had a solid defense, denying Valley View a first down. However the Eagles led 2-1 in first downs in the first half.
