Tigerettes break away from Saint John's

Defense-Defense-Defense is what the standing room only crowd at Alvord asked for Saturday afternoon and the Sacred Heart Tigerettes responded with an impressive 54-23 win over the Saint John's Crusaderettes. The victory claimed the League Championship for the Tigerettes leaving only the District Tournament in their way of returning to the State Playoffs.

Saint John's controlled the tap as Tammy Spaniel skyed over Vicki Walterscheid, but in their first possession the Tigerette defense was there as Vicki Walterscheid wrestled the ball away from Spaniel. The steal by Vicki resulted in a 20 foot jumper by Tammy Hess to give the

Tigerettes a 2-0 lead. On the next Saint John's possession Hejny worked inside for two. Sandra Walterscheid countered with a 20 foot jumper and blocked a Hejny shot. Tammy Hess raced down court and scored on a lay-up to put the Tigerettes up 6-2. Two jumpers by Lydia Walterscheid raised the Tigerettes lead to 10-3 midway through the first period. The first period ended with the Tigerettes in command 18-8 behind slick passing of Juline Bartel and the scoring of Walterscheid, Walterscheid, Walterscheid and Hess.

The second period was more of the same for the Crusaderettes as the Tigerettes continued with their pressing defense and fast-break

style of attack. The Tigerettes behind Hess's 8 points moved out to a 35-20 halftime lead.

The third quarter saw both teams miss easy shots until Sandra Walterscheid broke the ice with 6:16 left in the period. The Tigerettes continued to play outstanding defense in their 54-52 scheme. Two baskets by Lydia Walterscheid, and another by Sandra raised the Tigerette lead to 43-20 before Knize converted the only Saint John field goal of the second half. Steals by Tammy Hess resulted in baskets by Vicki Walterscheid and Molly Koelzer and the Tigerettes ended the third period with a 47-22 lead.

Johnson seeks county treasurer's position

Lifelong Cooke County resident Janet Graves Johnson has announced her intention to seek the office of county treasurer being vacated next year by the retiring Irene Bryant.

Johnson, 29, has worked in the treasurer's office for the past seven and one half years.

"I feel I have the qualifications to perform the duties of county treasurer, due to my experience in this office," she said. "If elected, I would serve the people of Cooke County and handle the duties of the office to the best of my ability."

Johnson is a graduate of Valley View High School and attended Cooke County College. She is a member of the Business and Professional Women's Club and the Gainesville Antique and Classic Auto Club. She serves as pianist for the Mt. Pleasant Baptist Church in the Mountain Springs community.

She is married to Bill Johnson who is employed at Weber Aircraft. Her parents, Darnell and Betty Graves, live in Cooke County.

Baptists record record contributions

Members of the Baptist General Convention of Texas, including First Baptist Church of Muenster, gave a record \$58.3 million in 1985 through their Cooperative Program for missions support and also established giving records through their special offerings.

The 4,900 churches and missions gave \$1.3 million more than their basic budget of \$57 million and increased their giving by 7.1 percent over the previous year, more than twice the inflation rate, said Convention Treasurer Roger Hall.

More than \$21 million of the Cooperative Program gifts went for Southern Baptist worldwide mission causes including support of 7,000 missionaries in 105 nations.

The remainder of the Cooperative Program gifts went

to help support state missions causes and Texas Baptist institutions including eight hospitals, four child care homes, a number of homes for aging, and eight Baptist universities and San Marcos Baptist Academy.

The "Mission Texas" challenge was issued by Texas Baptist Executive Director William M. Pinson, Jr., who noted that statistics show more than half the people of Texas are not affiliated with any church.

"That many (2,000) new churches will be needed by 1990 just to keep pace with the exploding population," said Pinson.

To help raise the money to begin the new congregations, Texas Baptist churches were encouraged to triple their 1984 state mission offering gifts in 1985 and then to triple their 1985 gifts in 1986.

In 1985, Texas Baptists increased their special state missions offering gifts by 135 percent over 1984. Churches and individual donors gave \$7.6 million through the Mary Hill David Centennial

Offering for state missions in 1985.

The goal is to raise \$30 million through the special offering by the end of this year to help start 2,000 new churches as part of the "Mission Texas" effort.

Wayne Trubenbach becomes candidate

Wayne Trubenbach has filed for County Commissioner Precinct 4 on the Democratic Party Primary Ballot.

He is 40 years old, and was born on January 21, 1946. He and his wife, Mary Kay have been married 18 years. She is employed at Cooke County Electric Coop in the bookkeeping department. They have a son Ron who is a senior at Muenster High School and a daughter Rhonda, a junior at M.H.S.

Trubenbach attended Sacred Heart Elementary School for eight years and graduated from Muenster High School in 1965. He attended Cooke County College majoring in Industrial Arts.

He spent two years in the U.S. Army, including a tour of duty in Viet Nam where he served as a helicopter mechanic. After that he was employed in the oil field and worked as a mechanic before becoming a machinist and assembler at National Supply Co.

For the past four years he has worked for Cooke County Precinct 4 under the late Robert Bayer as a heavy equipment

operator and welder. He also has a farming and ranching operation.

Wayne Trubenbach is a member of Sacred Heart Parish, a member of the Knights of Columbus, V.F.W., and the Quarterback Club. While a member of the Jaycees he worked on Jaycee projects in Muenster and Lindsay.

Rain needed

Low and high temperatures of the week were recorded as follows by Steve Moster.

Jan. 23.....	30 and 56
Jan. 24.....	42 and 64
Jan. 25.....	37 and 62
Jan. 26.....	30 and 55
Jan. 27.....	19 and 46
Jan. 28.....	18 and 72

A comparison of low rainfall records for January in several previous years is of interest. For lack of moisture, 1986 is still the dubious winner, or is it the loser?

The meeting will be held on Thursday Night, February 6, 1986, 7:30 p.m. at the Odd Fellows Lodge Building at 311 W. Hird Street, Gainesville, Texas.

The general public and taxpayers of Cooke County are invited to attend this meeting and join the group to help keep taxes fair and low.

Local residence uses steel

A new concept in residential building construction is making its debut in Muenster. This house is under construction for Curtis and Janet Pagel. It is being built by

HampCo Homes using pre-cut framing supplied by Tri-Steel of Denton. The pieces are bolted together on site and boast a number of advantages over conven-

tional wood frame construction including increased strength, resistance to fire and faster construction. Nine and one half inch thick insulation throughout yield a R30 EER rating versus R19 in regular 4 to 6 inch wood walls and ceiling. Most structures of this type have no interior load bearing walls. This particular home will have one.

Spokesperson and co-owner, Jane Coker stated that HampCo is using maximum local building materials and local labor and subcontractors. "We've been very well received by Muenster," Coker said, "the city officials have been very nice and easy to work with. We intend that this home will show the strength and quality available with steel construction. I wouldn't build any less."

Located at 1004 North Elm Street, this home will be finished with brick veneer and aluminum siding. It will feature strategically located windows for passive solar heating and lighting.

Steel members are assembled piece by piece and the structure assumes rigidity and form. This workman uses an electric driver to install roof members. *Janie Hartman photos*

"including equipment management, road management, bridge construction, county affairs, and heavy equipment operation."

If elected Wayne Trubenbach will strive to supply the proper equipment and personnel to do a superb job for the tax dollar. He believes there is no problem too big that five level-headed people cannot sit down and solve. He will strive for a good close working relationship with the people of Cooke County.

Letter to the Editor

To the Editor:

I want to thank you for the job you did on the January 24th Enterprise. The story on local businessmen was quite interesting. The future in local business looks good. I want to comment on the story by Jim Hightower on "Who Will Farm the Land".

Well, in my opinion, in ten years there may not be anyone left to farm the land. I have been a farmer all my life, ten years ago, I farmed eight farms with a total of 634 acres, I operated a dairy farm with 80 milk cows, I also grew 300 hogs per year which I delivered to a local meat market. You may have eaten some of my pork. I had 1500 chickens for egg production, I grew 40 heifers for milk cow replacement, I grew 40 steers for beef. I produced enough food to feed 250 persons, I used 35,000 bushels of grain per year - I grew half and bought the rest. I also grew around 12,000 bales of hay. The farmer is the only businessman that buys all Equipment supplies at retail and sells all his produce at government surplus prices. My wife went to work at the local dress factory to help make a living. This is not unusual as farmers earn 50 percent of their income from off the farm work according to IRS.

Why should we send our children to FFA if they will have to go back to the city to earn a

living? I have eleven children and they all got a college education. They are employed all over the USA. I am glad that none of them made farmers. I cut back my farming operation seven years ago and I got into road construction. Last summer I built two development roads, one at Callisburg that

used 2500 yards of gravel and one at Woodbine that used 1400 yards. I like road construction work. I have my own gravel pit on my farm so it was quite simple for me to get into road construction work.

This is one Man's opinion,
Emmett Sicking

Bills contain free stickers

Open your phone bill quickly and search it completely, it will contain some very important phone numbers. Thanks to Muenster fire and police department funding, bright orange phone stickers will be included with all local phone bills. The main number is the toll-free do-everything number 911. For emergencies only, callers on this line will contact the Cooke County Sheriff's Dept. dispatcher who can notify police, sheriff or ambulance. The dispatcher can also notify the fire

department. However, city manager Joe Fenton, pointed out that the second number on the sticker, 759-2235, is the Muenster fire emergency number and will probably get a little faster and more accurate response since it rings directly through to firemen's homes.

Two other numbers listed are for city police during working hours, 759-2236 and the county ambulance number 665-1724, which is a toll call.

Melvin Luke heads library board

Election of officers was held for Muenster Public Library during the board meeting Jan. 22.

Melvin Luke will serve as president; Sharon Felderhoff as vice-president; Traci Stoffels as secretary and Gary Christian as treasurer.

Luke will name committee members at the February meeting. Also receiving attention will be books and magazines, building supplies and finance, employee and library programs and extensions.

Most importantly the group will discuss how the \$5,000 gift from the estate of Catherine Dumaraese will be best used, following directives of her bequest.

New Miller Draft beer introduced

Clyde, Chuck and Dick Fisher recently attended a national sales conference in conjunction with the introduction of a new beer.

Miller High Life Genuine Draft, a new, unpasteurized beer, will be available in 24 states beginning Jan. 27. The brand is being expanded after successful introduction in four test markets.

Miller High Life Genuine Draft is bottled after going through a

unique cold-filtration process that replaces the heat of pasteurization. The cold-filtration system retains the smooth taste normally found only in a draft beer. Miller High Life Genuine Draft Beer is packaged in clear bottles with black and gold labels.

"Miller High Life Genuine Draft carries a bold, strong image while retaining Miller's heritage

and commitment to quality," said Thomas Gresk, brand manager. "It offers the smooth, thirst-quenching taste of draft beer with the convenience of a bottle."

The advertising theme is, "The smoothness of draft beer in a bottle." The introduction will be supported with television, magazine and newspaper advertising.

"Test-market response exceeded all expectations," Gresk

said. "We are confident Miller High Life Genuine Draft will succeed in the general market, based on those indications."

States where Genuine Draft will be available include Alabama, Arizona, Arkansas, California, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, Nevada, New Mexico, North Carolina, Oregon, South Carolina, Tennessee, Texas, Virginia, Washington, D.C. and parts of Kansas, Illinois, Pennsylvania and Washington.

Miller is an operating company of Philip Morris Incorporated, the wholly owned subsidiary of Philip Morris Companies Inc. Principal beer brands include Miller High Life, Lite, Lowenbrau, Magnum, Meister Brau and Milwaukee's Best.

Savings Bonds save US millions

The U.S. Treasury has estimated a 1985 tax savings of \$270 million for the nation's taxpayers as a result of Americans purchasing \$5 billion in Series EE Savings Bonds for Fiscal Year 1985.

A cost-effectiveness summary by the Department of the Treasury, Bureau of the Public Debt, estimates that for every \$1

billion of Savings Bonds sold the Treasury saves \$54 million (5.4 percent of sales) in national debt service costs. This figure is based on the benefit of replacing market borrowing with the sale of Savings Bonds. In each case, the interest cost of redeemed Savings Bonds was compared with that of marketable securities of comparable maturity.

The sale of EE Savings Bonds to finance the public debt reduces the need for our government to borrow in the open money market in competition with private business. This helps keep interest rates down and makes more capital available to private concerns to expand with increased business, profit and employment.

THIS WINTER, WE'RE SERVING DRAFT BEER IN A NEW KIND OF GLASS.

No, it's not your typical mug.

It's new Miller High Life Genuine Draft in bottles. And if you're not used to seeing draft beer in this kind of glass, just wait. It's going to be a very familiar sight before long. Because Miller High Life Genuine Draft is so smooth, you'll swear it came from a keg.

You see, before most bottled beers leave the brewery, they're pasteurized—or cooked—which can compromise their original smooth taste.

But not Miller High Life Genuine Draft. Instead of pasteurizing our beer, we use a unique cold-filtering process that retains the smoothness you expect in a true draft.

And like true draft, it contains no additives or preservatives. So nothing comes between you and pure drinking pleasure.

Enjoy an ice-cold Miller High Life Genuine Draft today. Why, you don't even need a glass. It comes with its own.

MRS. DARELL VICTOR SICKING
... nee Stacey LaDon Walton ...

Sicking, Walton united

Stacey LaDon Walton became the bride of Darell Victor Sicking on Jan. 11 in a double ring ceremony in the First Assembly of God Church in Gainesville. Rev. J.R. Jackson and Rev. J.D. Ross officiated at 5 p.m.

The bride is the daughter of Mr. and Mrs. Elmer Walton of Rt. 6, Gainesville. She is a 1984 graduate of Gainesville High School, attended Cooke County College and was employed at Plaza Pharmacy. The groom is the son of Mr. and Mrs. Victor Sicking of Rt. 1, Muenster. He is a 1979 graduate of Muenster High School, attended Cooke County College, and is employed as a roustabout by Texaco in Electra, Tx. The couple is at home in Electra.

The church was decorated with six candelabra, three on each side of an arch. Greenery and royal blue bows enhanced the arch, and a kneeling bench was placed in front. The unity candle and white votive aisle markers completed decorations.

Organist for the ceremony was Sena Grantham of Gainesville. Pianists were Brent Walker of Sweetwater and Lisa Collings of Gainesville. Vocalists were Karen Fletcher of Gainesville, sister of the bride, Grantham and Walker, a cousin of the bride. Selections included "Long and Lasting Love", "The Lord's Prayer" and "To Me."

The bride was given in marriage by her father. For her wedding she chose a white silk organza gown featuring a scooped neckline encircled with white cloud ruffles of silk organza. The fitted bodice was overlaid with Venise lace encrusted with bridal beads and pearls. The cloud ruffles flowed from the bodice asymmetrically to outline the full skirt. The skirt, sprinkled with motifs of Venise lace, fell to slipper length in front and into an elegant cathedral train. To complete her attire the bride chose an illusion veil gathered to a matching lace headpiece. For sentiment she wore her mother's pearls, and carried a bridal bouquet of mixed white, rose, yellow, blue and purple flowers.

Attendants

Diane Luttmr of Lindsay, a friend of the bride was maid of honor. Karen Fletcher, bride's sister was matron of honor. Cathy Creed, groom's sister, Charlotte

Johnson, Ancilla Monden, Lana Wiese, Kay Lloyd all of Gainesville and Denise Farr of Saginaw, friends of the bride were bridesmaids. They wore bright moire taffeta tea length gowns in rainbow tones of royal, yellow, purple and rose. They carried nosegays of silk roses made by the groom's mother. All dresses featured fitted bodices, short puffed sleeves, wide pleated cummerbunds and bows at the shoulders. Kristen Creed, groom's niece was flower girl and Danny Mengus of Carthage was ring bearer.

Carl Sicking of Muenster was his brother's best man. Terry Fletcher, bride's brother-in-law, Troy Lutkenhaus, Duane Knabe, Damian Walterscheid, Tim Walterscheid, Monte Wimmer and Ronnie Sicking, groom's brother, were groomsmen.

Ushers were Mike Miller of Sweetwater, bride's cousin, Mark Davis of Lubbock, Stewart Stephenson and Jeff Wilhoit of Gainesville, friends.

Candlelighters were LaNell Sicking, groom's sister of Muenster and Tonya Spradling, bride's cousin of Abernathy, wearing royal blue dresses like the bridesmaids.

Reception

A reception for 225 guests followed in the fellowship hall of the church, hosted by the bride's parents. Natalie Wimmer of Gainesville presided at the bride's book.

The bride's table was covered with white chiffon over white. White net was gathered around the top edges with blue bows. A crystal punch service held pink punch.

The three tiered white bride's cake was placed over a royal blue fountain. Delicate white stairs led to smaller cakes. Eight tiny miniature bridesmaids and groomsmen were along the stairs.

Serving at the bride's table were Frankie Holley, Bonnie Davis and Christy Jackson. Serving at the groom's table were Carmen Sicking, LeAnn Sicking, and Glenda Sicking. Serving at the buffet table were Janna Sherrill and Javonna White.

Rehearsal Dinner

Parents of the groom hosted the rehearsal dinner which was prepared by the groom's mother in the Church Fellowship Hall. An

uncle and aunt, Fred and Ethel Hennigan assisted in serving. Three showers honored the bride-elect, hosted by the bridesmaids, a friend Johnna Smith, by the maid and matron of honor and by twelve hostesses at the First Assembly of God Church in Gainesville.

Library has Texana books

The Muenster Public Library is happy to announce that it has twenty-three of the books listed in A.C. Green's "The Fifty Best Books on Texas." Copyright of some of these is in the early part of this century and are now out of print. Some are being reprinted in observance of the Texas Sesquicentennial. The following are ready for checking out at the local library: "Leaving Cheyenne" and "Horseman, Pass By" written by Larry McMurtry, "Horse Tradin'" by Ben K. Green, "Blood and Money" by Thomas Thompson, "The Great Plains" by Walter P. Webb, "Coronado's Children" by J. Frank Dobie, "A Texas Ranger and Frontiersman" by Greer, "I'll Die before I'll Run" by C.L. Sonnichsen, "The Uncovered Wagon" by Stilwell, "Thirteen Days to Glory" (The Alamo Story) by Lon Tinkle, "Armadillo in the Grass" by Shelby Hearon, and at least ten more. Come by the library and select the one that interests you and start reading a book-a-month on Texas.

... nee Kathleen Marie Endres ...

Endres, Walton say vows

Kathleen Marie Endres, daughter of Mr. and Mrs. Kenneth R. Endres of Salisbury, Maryland and granddaughter of Mrs. Ray Swirczynski of Muenster and the late Leonard J. Endres, was married to Dr. Thomas Walton, son of Dr. and Mrs. Clarence C. Walton of Rosemont, Pa. in St. Francis de Sales Catholic Church on Dec. 7.

Msgr. Paul Taggart of Wilmington, Delaware officiated for the Nuptials at 1 p.m. in an altar setting enhanced with candles, poinsettias and Christmas greens.

Given in marriage by her parents, the bride was wearing a gown of candlelight ivory silk organza over taffeta, fashioned with a high neckline, sweetheart bodice with appliques of imported Alencon lace with seed pearls and sequins. The Queen Anne sleeves of silk organza were designed over net, with appliques of lace and seed pearls. Tiers of fortunty pleating of lace appliques, pearls and sequins graced the back of the gown from the fitted waistline, and flowed into the cathedral train.

Her wide brimmed picture hat was frosted with appliques of lace, tiny pearls and sequins. She carried a bridal bouquet of white and red carnations, white sweetheart roses and Christmas greens.

Patricia Endres of Salisbury, Md. was maid of honor for her sister. Her red tissue taffeta gown had a sweetheart neckline, elbow-length cap sleeves, and an open back fastened with bows. She carried a red and white carnation bouquet similar to the bride's.

Gary Dixon of Arlington, Virginia, groom's brother-in-law was best man. Robert Garfinkle of Washington, D.C. and John Connolly of Harrisburg, Pa. were ushers.

Wedding music was presented by Rosa Monella, organist, Nancy Cooper, soloist, and the bride's brother, Kenneth R. Endres, Jr. as trumpeter.

A wedding reception followed at Green Hill Yacht and Country Club, with music provided by Knerps Jazz.

The bride, a 1979 graduate of Parkside High School, received

her bachelor of arts degree from the University of Maryland in College Park in 1982, and her master of science in Library Science from the Catholic University of America in Washington, D.C. in 1985. She is head of the Engineering - Architecture - Mathematics Library at the Catholic University of America.

The groom, who received his doctorate from the Catholic University in 1980, is an associate professor of the Department of Architecture and Planning at the Catholic University in Washington.

Since returning from a two-week trip to Quebec City, Canada, and to Vermont, the couple is at home in Washington, D.C.

Out of town guests who attended the wedding came from Maryland, New York, Pennsylvania, Virginia, Ohio, Kansas, Oklahoma and Texas.

All members of the Endres family were present for the wedding. Mary Beth Hertach of Hutchinson, Kansas, Susan Henning of Oklahoma City, Jean DeLano of Ardmore, aunts of the bride and

When you've done your homework...

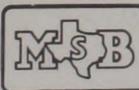

Why pay a stock-broker to do his?

Most people do their homework of the stockmarket before they ever contact a broker. They know their financial capabilities, area of knowledge and which investments will work best for them. Then they pay a stock-broker considerable commissions to tell them something they already know.

Spring Fling camp for older adults

by Evelyn Yeatts

Where can a person over 55 "get-away" for:
 --three days and nights of fun-filled activities
 --learning opportunities
 --other lively, life-loving people
 --fantastic food and special events in natural lakeside surroundings with all the modern conveniences?

There may be other places in Texas that offer such fare, but not many can match "Spring Fling", an Extension Camp for people 55 and over. Five sessions are scheduled for this spring; April 8-11, April 15-18, April 22-25, April 29-May 2, and May 6-9.

Some of the featured educational presentations will include: exploring insurance options, cooking demonstrations, family life, wardrobe coordination, food and drug interactions and plant survival tips.

A variety of learning centers will offer "hands-on" experience in areas such as oil painting, wind chime making, archery, needlecrafts and chair caning.

Participants will also have opportunities to go for boat rides, nature hikes, or fish on the waters of Lake Brownwood. Card and table games, tennis, horseshoes, billiards, and volleyball will be available at all times.

Evenings will be filled with such special social events as dances, a special theme party, games and a big talent show.

Each camp is limited to the first 100 participants and cost is only \$81 per person for three and one-half days of activity, so contact your County Extension Agent, Evelyn Yeatts, for details now!

Getaway to "Spring Fling" and stretch your dollars and your mind.

SH Juniors drop two games

The Sacred Heart junior high basketball teams traveled to Wichita Falls Thursday evening to tangle with the Notre Dame Lancers. The Cubettes were downed by the Lady Lancers and the Cubs lost a heart-breaker 38-34.

The first quarter of the girls contest was plagued by cold shooting. Amy Walterscheid scored all three of the Cubettes while the Lady Lancers could only manage four. In the second frame the Lady Lancers began to heat up as they scored 8 while the Cubettes remained in the frig and scored 4.

The third quarter was won by the Cubettes as Angela Endres connected for four and the Cubettes cut the Lady Lancer lead to three, 17-14. In the last frame the Cubettes threw away chance after chance to cut the lead before they finally ran out of gas and Mia Hamm connected on twelve of her game high 19 points. Clearing the bench the final minutes the Lady Lancers rolled on to a 33-16 win. Scorers for the SH juniors were; Amy Walterscheid 7, Angela Endres 4, Janie Fisher 2, Amy Bayer 2, and Debbie Schmitt 1.

In the second game the Sacred Heart Cubs were downed by the Notre Dame Lancers 38-34. The first period saw teams exchange leads as the Lancers ended the period with an 8-6 margin. The second frame saw Steve Koelzer score 8 to keep the Cubs within striking distance 20-15.

In the third quarter the speedy Cub defense erased the Lancer five point lead to send the teams into the fourth period tied at 23. The fourth period was a continuation of the first three as both teams exchanged baskets with the Lancers finally controlling at the end 38-34. Scorers for the Cubs were; Steve Koelzer 24, including 12 of 13 from the charity stripe, Ryan Gehrig 5, Shawn Dangelmayr 2, David Rohmer 2, and Ryan Hess 1.

Cubs Rip Montague

The Sacred Cubs roared to a 38-25 victory over the Montague Eagles in a game played Monday evening in Muenster. The victory raised the Cub record to 3-9.

The first period saw the Eagles take a 4-1 lead. Shawn Dangelmayr connected on a free

throw for the Cubs' only score. In the second frame the Cubs warmed up to score 15 while limiting Montague to another 4 count. Steve Koelzer paced the way with ten while Ryan Hess and David Rohmer collected two each and

Troy Berres got one.

Taking a 16-8 lead into the third quarter the Eagles scored 10 while the Cubs only made 6. Koelzer scored all six of his team's points. Applying a full court press with ball-hawking defense and endless hustle and speed the Cubs exploded for 14 points while the Eagles could only can seven. Koelzer scored eight in the period while Rohmer, Berres, and Arnie Hess each contributed 2. Point makers for the Cubs were Koelzer 24, Rohmer 4, Berres 3, R.Hess 2, A. Hess 2 and Dangelmayr 1. Other players were Jason Endres, Ryan Gehrig, Josh McCoy. Two other Cubs who did not suit out because of injuries are Tony Grewing and Pete Abbott.

Tigerettes over St. John's

Continued from page one

In the fourth frame the Tigerettes changed to their tenacious man-to-man defense and caused turnover after turnover. When Saint John's did shoot Vicki and Sandra Walterscheid were there to snare the rebounds. Hess paced the Tigerettes with four in the fourth. Giving way to the younger players mid-way through the last quarter the Tigerettes did not miss a beat as the youngsters only allowed Saint John's a free throw.

Coach Jon had nothing but praise for his Tigerettes' defense, "If we continue to play defense like we did today we have a good chance of returning to the State Playoffs". The Tigerettes quest to return to the State Playoffs will

continue this weekend when they host the TCIL 111-AAA District Tournament.

Scorers for the Tigerettes were; Sandra Walterscheid 15 and eight assists, Tammy Hess 13 and ten steals, Lydia Walterscheid 10 on 5 of 9 from the field, Vicki Walterscheid 8 and 16 rebounds, Juline Bartel 6, and Molly Koelzer 2. The Tigerettes record now stands at 20-4. This is the fourth year in secession the Tigerettes have won twenty or more games.

MHS Juniors score high on tests

In October the 29 Junior students enrolled in Muenster High School were given the Texas Educational Assessment of Minimum Skills (TEAMS). Before a student may receive a diploma, passage of this two part exit test is required by the State of Texas.

Results received from this testing indicated that 100 percent of the juniors tested passed the Language Arts section and in Mathematics 97 percent of the

students made a passing score. In both cases these results were well above the state average, as state wide approximately 80 percent of the students tested passed. Those students not passing will be retested in May.

Additional TEAMS tests are scheduled for students in grades 3, 5, 7 & 9 during the week of Feb. 10 thru 14. First grade students will take TEAMS in early April.

Cubettes claw Eagles

The Sacred Heart Junior High Cubettes ended their 1985-86 basketball season on a winning note here in Muenster Monday evening by beating the Montague Eagles 27-19.

In the first half by using a full court press and an aggressive 5-2 defense the Cubettes shut out the Eagles while scoring 14 of their own. Angela Endres paced the Junior Tigerettes in that half with six while Amy Walterscheid added 4 and Amy Bayer, Tina Schilling and Sharon Fuhrmann each 2.

The Eagles got on the board in the third period with six but the Sacred Heart Juniors recorded ten of their own.

The Cubettes has trouble in the last period as the Eagles made 13 points before Kristen Klement canned a free shot to end the rally. Scorers for the Cubettes were Angela Endres 10, Amy Walterscheid 4, Debbie Schmitt 4, Amy Bayer 2, Tina Schilling 2, Janie Fisher 2, Sharon Fuhrmann 2, Kristen Klement 1. Other players

were Kim Cler, Robin Greathouse, Dawn Knabe, Melanie Bayer, Angela Endres, Jenny Yosten, Jayna Hofbauer, JJ. Dowd and Kim Thorson.

Heart-healthy habits

Good health is as much habit as heredity.

The chances of getting heart disease increase if there is a history of heart disease in the family, according to William L. Winters, Jr., M.D., president of the Texas Affiliate of the American Heart Association, but adopting a heart-healthy lifestyle may help delay or prevent the triggering of disease.

"We should begin now with our children," Winters said. "The good habits we teach them today will save them from having to 'unlearn' bad habits later on."

Winters defines a heart-healthy lifestyle as reducing cholesterol, fats and excessive salt in the diet; quitting or avoiding smoking; controlling high blood pressure; maintaining ideal body weight through exercise and diet; and keeping diabetes under control.

According to Winters, young people form lifetime eating habits based on what they eat at home, what their peers eat and what appeals to them through advertising. The menu at home may be the only place parents can influence the eating habits of their children. Good eating habits can help control high levels of fats and cholesterol, the fatty substance that is a major part of the plaque buildup in blood vessels that leads to heart disease.

Forestburg News

by Myrt Denham

The time is once again at hand for the Forestburg "Over Forty" Social Night this Sat., Feb. 1st in the New Community Center. Please remember there is a \$2.50 per person cover charge-which will go to pay for the use of the building and the band. Also be sure to bring your own soft drinks, etc. This is a very informal affair so come join your friends and neighbors for an evening of fellowship and fun.

The monthly Ladies Luncheon is scheduled for Thurs., Feb. 13th at 10 a.m. in the old Community Center. Bring a covered dish and a small gift for exchange. This is not an "Over-Forty" affair. All ladies young, old or in between are welcome. If YOU have not attended one of these luncheons - please do so - we think you will enjoy them.

The first Monday night of each month is the regular meeting of the local Fire Department in the local fire hall. You are urged to attend. There is also a reminder that the Fire Department still has some Fire Extinguishers for sale.

Bobbie Wylie reports that her dad, Ollie Tipton drove up from Sanger on Monday and they went "a-fishing". Which they really did enjoy. Bobbie reports her father will be 79 on the 1st of Feb.

Red Steagall and his wife Gayle of Azle visited with the Rex Andersons Tues. Red and Billie Anderson are first cousins.

Ted and Laura Belle Jackson and their Slidell buddies, Mr. and Mrs. S.T. Warford made a shopping and fun trip to Dallas and Denton recently.

Merle Hudspeth was over in Bowie early Wednesday on a business jaunt. While there she also visited with Mrs. Dave Ray in the hospital there. Mrs. Ray is the mother of Mrs. Imogene Volkman.

Jewell and Jack C. Dill drove up to Wichita Falls Wed. to visit with Ricky Meyers. Ricky and his mother, the late Dorothy Meyers, were neighbors of the Dills for many years.

Ross Littell was admitted to the Bowie Hospital Wed. a.m. and he was able to return home on Sat.

It was fellowship and official board meeting nite Wed. at the Forestburg United Methodist Church. First there was the usual delicious supper and visiting, then into the missionary and business concerns of the church.

On Thursday, Mag Huckabay and Loveta Bewley got together to visit with some ladies they used to work with at the former Muenster dress factory. They called on friend in Myra and Moss Lake then on to Marysville. Well, they got themselves all turned around and mixed up in that country

trying to find another friend. Finally, after following various directions, they met up with a cop, and ended up with a police escort to their destination. It just isn't every day one gets a police escort just to go visiting. Then it was on to Muenster where they visited with Flo Walterscheid in the ceramic shop. Then they decided to just take one more look at the place of their former employment and then on home. We are now awaiting the next adventure of these ladies.

Jo and H.D. Cook are some better but still need to get in some mending time. On the sick list in the area are: Ross Littell, Elva Carter, Esther Shears, Nonnie Ensey, Barney Brogdon, Donall Steadham, and Cleo Lanier. Let us all try to remember all these wonderful people in one small way or the other.

Donall Steadham is to enter Westgate Hospital in Denton early Tues. a.m. the 28th for more tests, then it will be decided what course of treatment is to be followed. Might add here that Donall's mother, Emma Lee, has also been very sick since last Wed.

It was up to Wichita Falls Fri., for Merle and Clifford Hudspeth

and on to Holiday. In Holiday they attended a basketball game, in which their grandson, Tim O'Brien participated. It was home on Sat. for the Hudspeths.

Jewell Dill breezed over to Era Friday and picked up her mother-in-law, Beulah Dill, on to Gainesville on Business.

Mr. and Mrs. Henry Berry and two sons of Nocona, Mike Berry and Linda Hughes of Denton made it to the "Dude" Berry abode, on Sat. to celebrate Bula Mae's birthday one day early. It was a very nice and happy day for Bula Mae.

Bobbie Wylie attended a wedding shower in Aubrey, during the past weekend for her niece, Pam Tipton.

Dorothy Foster had herself a birthday on Wed. So on Sat. she and husband Cecil drove to Fort Worth to visit one of Dorothy's sisters - whose birthday was on Sun. They all celebrated both birthdays on Sat. by having lunch at the "Black-Eyed Pea" Restaurant in Hurst. This everyone really enjoyed. On Sun. Cecil and Dorothy's daughter Kay, husband Chuck Scott and their two sons of Denton drove up for a visit.

Elmo and Imogene Brewer and their friends and neighbors - Loyd and Kay Hinkle, drove to Krum Sat. evening to have dinner at the Clay Pot.

Leann Hays, of Stephenville, drove up to spend the past weekend with her parents, Mary and Hal Hays. Mary says that she and Leann went to McKinney on Sat.

Mr. and Mrs. Harold Phillips of Wichita Falls spent Sat. nite and

Sun. with Mr. and Mrs. Dawson Ensey. Mmes. Phillips and Ensey are sisters.

Other visitors in the Ensey home on Sat. afternoon were Mrs. and Mrs. J.W. Thomas of Iowa Park.

Jewell Dill gathered up her mom and dad the Ted Jacksons and headed to Wichita Falls with them on Sat. There they attended the 35th wedding anniversary celebration for Mr. and Mrs. Warren Jackson, in the Fellowship Hall of the Grant Ave. United Methodist Church. Warren is Ted Jackson's brother.

Mr. and Mrs. Ed Bonner, Louise Shults and Alice Burchard attended the 50th wedding anniversary celebration of Mr. and Mrs. Alzie Parkhill of Sadler on Sat. Mrs. Burchard and Mrs. Parkhill are sisters. Louise says Alice spent Sat. nite with her and then on Sun. they attended Morning Worship services at the First Church of the Nazarene in Gainesville after which they had lunch at Church's Fried Chicken.

On Monday Louise was back in Gainesville to visit with Delia Roach and she also attended funeral services for Louise Smith.

Marion and Howard Sockwell were over in Bowie Sat. and while

there they called on Mrs. Joe Denham.

A very good crowd attended the community singing at the Prairie Point Nazarene Church Sun. evening.

Ray Parnell of Dallas and Mr. and Mrs. Gary Parnell of Lewisville were Sunday visitors with Mrs. Billie Poynor. Then Tim Scott, Billie's great-grandson, spent mon. nite with her.

Miss Mashelle Hudspeth, of the Denison-Sherman area, spent the past weekend with her parents Mr. and Mrs. Dale Hudspeth, Leah and Chad.

Perryman Denham and yours truly motored to Argyle Sun to visit with Price and Elaine Truitt. Other guests were Mr. and Mrs. Herman Vaughn and Mr. and Mrs. Don Moore. We watched the super bowl game and then enjoyed a lovely supper. It was back home and to the salt mines on Monday.

Attending the Fort Worth Fat Stock Show and rodeo from Forestburg on Mon. were Charles Steadham, Mr. and Mrs. Larry Dill and Brady, Mr. and Mrs. Jimmy Steadham, Mr. and Mrs. Chris Greanad, Mr. and Mrs. Bill Scott, Mr. and Mrs. Eugene Scott, Mr. and Mrs. Doyle Lynch and Mr. and Mrs. Gordie Lynch. Now - I'm not saying here that these folks all joined up and went together - not at all. They just all went - as part of one group or another and perhaps they didn't even meet up or see each other there.

Visiting with Barney and Veda Brogdon during the past weekend were Mrs. Nina Eavenson and her daughters, Gerald Weaver and a friend, Pattie Davis of Wichita Falls. They were all Sat. visitors. Mr. and Mrs. Jerry Long of Dallas spent the weekend with the Brogdons. On Wed. callers were Mr. and Mrs. Oran Steadham of Bowie, Jack Miller of Mallard and Imogene Links.

Then Sunday callers were Mr. and Mrs. W.F. Conway and Ola Mae Shults plus the Dude Berrys. On Mon. Mr. and Mrs. Starr Mann of Saint Jo stayed with Barney while Veda and Wanda Perryman attended the Historical Meeting at the Montague Court House.

I know that there are a number of folks out of state that read this column to keep up with home folks and happenings hereabouts.

So at times I like to let them know about things here - this I will say we are having VERY DRY weather and sure need a good dose of "Sky-Juice" plus it was very cold here this Mon. These ole dry northerners just keep blowing thru --

Also another thing - how about YOU sending me news about yourselves and your families to pass on to others so they can hear from you, too.

Dude and Bula Mae Berry were in Alvord Mon. While there they visited her sister, Mrs. Paul White and also her aunt Attie Smith. We are hearing so much about Texas these days it reminds me of something my father-in-law, the late Steve Denham, once wrote. He said, and I quote, "The great state of Texas lies between two mighty rivers. The Red River to the North and the Rio Grande on the South and whoever crosses either of these rivers usually always returns "poluted." Now the rivers were clean - just the people were poluted.

So with that I will close with the following taken from Radio Bible Class Literature. "If any little help may ease the burden of another, God gives us love and care and strength to help along each other." ANON. "A heart full of love always has something to give."

Farabees receive award

State Senator and Mrs. Ray Farabee (Wichita Falls) were awarded the 1986 Meritorious Service Award from the Texas Association for Marriage and Family Therapy at the Association's Annual Meeting in recognition of their efforts promoting the areas of human services and family life.

"We must never forget that the central strength of America is the family, regardless of the many changes our society has undergone over the years. I am pleased to receive this award that represents the importance of family values," Farabee said.

Both Senator and Mrs. Farabee have been actively involved in health care and family issues, particularly in the areas of increased child-support collection, mental health, and indigent health care. Lee Winderman, Ph.D., Chairman of the Awards Committee, explained that the Meritorious Service Award is the highest honor the Association gives to non-mental health professionals. "It is particularly an honor for the Association to honor a husband-wife team who have both made enormous contributions to Texas families," he added.

Pruning season is here. This is the time of year that many fruit growers dread most. It's not that pruning is such a difficult or overly time-consuming task; it's just the thought of cutting these trees.

The best time to prune your favorite fruit tree or grapevine is immediately before it breaks bud and begins to bloom or leaf. If you prune early, buds and blooms are stimulated into early growth. Early growth plus a late freeze or frost equals loss of this season's fruit crop and possibly a damaged tree.

Pruning makes plants stronger. If strong branches are selected which point in the right direction, then the whole tree is stronger. A stronger tree produces and supports more and larger fruit. Nothing is more discouraging than planting and growing a fruit tree for several years only to have the first heavy load of fruit break it down and ruin its appearance. So prune to select and strengthen.

Secondly, pruning stimulates. Most fruit is produced on or from year-old wood. The peaches and grapes which you eat this spring were actually initiated and formed last year. So, if new growth is not stimulated each year by pruning, a fruitful plant can become a mass

of old, nonproductive wood. For each year a tree or vine is neglected, production is reduced.

The third reason for pruning is to make sure you have not been too stimulatory as outlined above. If you prune every year and follow proper cultural techniques, the tree or vine will initiate many more buds than it can possibly support if all bloom buds turn to fruit. To prevent too much fruit set and subsequent limb breakage or small fruit, much of this over-productivity can be removed at pruning time. Thinning the fruit probably will still be recommended, but pruning helps.

One of the most important factors in proper pruning is the pruner's attitude. The motto of dedicated pruners is: "When in doubt, cut it out." This may sound harsh, but most novice pruners remove less wood than they should.

Remove all dead and diseased wood first. Then correct all rubbing branches by removing one or the other. Cut out injured branches so that disease or insects cannot enter the tree. Next, remove inconvenient branches. An inconvenient branch is one which hangs on the house during a windstorm, overhangs a walkway, or is in the way when you're mowing the lawn.

Suckers and watersprouts are branches which grow from below the ground or near the ground. They generally grow faster than the top of the tree. Generally, remove sucker growth as soon as it appears in the summer. Gardeners sometimes cut the main trunk to let the vigorous sucker grow. This causes a problem if the tree is grafted since the sucker grows from the rootstock on which the desired fruit variety was grafted. If this is the case, the sucker will produce an undesirable fruit.

After removing dead and diseased wood, rubbing, branches, injured branches, incon-

mohair, says the home economist.

Contestants must be 18 years or older, and actively involved in farming, ranching or agribusiness; or be a member (or member's spouse) of an agriculture-related organization such as Extension Homemakers Clubs, Young Homemakers, Young Farmers, 4-H Leader Association, producer associations or auxiliaries and tractor pullers' clubs.

"We hope that a number of women representing Cooke County agriculture will enter the showcase," says Evelyn Yeatts.

Sponsors of the event include the Texas Agricultural Extension Service, Southwest Hardware and Implement Association and "Progressive Farmer."

Entries must be submitted by February 21, 1986. Contest rules and entry blanks are available at the County Extension office.

An entry form may be picked up or call the Extension office at 668-5412. Cooke County has led numerous winners in past years.

Fort Worth to host Natural Fibers show

Farm, ranch and agri-business women can display their fashion and sewing skills at the Natural Fibers Fashion Showcase to be held at the Southwest Farm and Ranch Exposition in Fort Worth on March 8.

The showcase demonstrates what beautiful finished products come from cotton, wool and mohair -- all Texas agricultural commodities, says Cooke County home economist, Evelyn Yeatts.

The entrants will compete for first, second and third place awards in four divisions: custom sewn garments, knitted and crocheted garments, coordinated mother and child ensembles, and former grand award winners. A fifth non-competitive division gives seamstresses an opportunity to show off Grandmother's oldie but goldie clothing treasure fashions from 1936 and earlier, celebrating Texas Sesquicentennial.

Each garment entered in the show must be made of a minimum blend of 50 percent wool and/or

Beef outlook

by Lloyd Bentsen

Almost a third of the beef and other meat exported by the U.S. in 1984 was shipped to Europe--more than 300 million pounds.

We buy almost the same amount of meats, although different varieties, from the Europeans. It's been an equitable trade relationship.

But this year they are planning a virtual boycott of our meat. This could substantially damage parts of our meat industry and lower cattle prices for Texas ranchers.

They won't buy our beef because we don't inspect it the same way they do.

Don't think for a minute that our meat inspection program is lacking, because it isn't. In fact, in many ways it's superior to theirs.

But when the European Common Market adopted its new "Third Country Meat Directive," it demanded that all countries exporting to their market handle their beef strictly according to European procedures.

There is no evidence that any of the procedures the Europeans are demanding have any public health justification. It's more a question of method than results, and the European method is far more expensive with no added health benefits.

For example, the third country Directive requires that meat processing plants be located near an official vehicle cleaning and disinfecting facility. We simply mandate that vehicles delivering or loading meat be cleaned to certain health standards. The difference lies in having an "officially recognized" facility "nearby."

For two years, ever since we heard what they are planning, the U.S. Department of Agriculture has been trying to demonstrate that arbitrarily imposing every little detail of the European inspection system on other nations won't necessarily reduce any potential health risks.

We have encouraged the Europeans to take a more reasonable approach, like our own, which looks at the overall ability of a country's meat inspection program to protect the public health.

We even invited the Europeans to inspect several hundred of our meat packing plants, but they "flunked" every plant for "technical limitations." More than half of those plants would have to undergo extensive and costly changes to comply with Europe's demands.

The odd part about all this is that the Europeans don't even enforce these requirements strictly on their own meat producers and processors.

It's time we saw the light. The Europeans are not concerned here about public health. They're just trying to put up a trade barrier, pure and simple, to U.S. meat-
