### MHS finishes 1 & 2 in district track meet

Muenster girls earned the honor of district champs Tuesday night at the rescheduled rainout district 17-A track meet. Taking the lead of 164 points to second place Lindsay's 130 points, the Hornets snagged their fifth consecutive district championship. Era came in third with 82, and Valley View followed with 78 for fourth place. Fifth place went to Gunter with 49, edging Krum by one point. Collinsville finished seventh with 10 and Ponder, Prosper and Slidell failed to place.

Muenster's only medal winner before Saturday's rain was Tonya Fisher, placing second in the 3200 meter run behind Era's Laurie Lewter.

Tuesday's field events awarded Tammie Reiter a first in the discus and a silver in the shot put with Rita Walterscheid changing honors with the gold in the discus and second in the shot put.

Melody Klement leaped to a second place jump in the long jump and third in the triple jump.

In Tuesday evening's final races, the Hornettes continued the winning tradition. Deanna Bierschenk crossed the line first in the 800 meter run and placed second in the one-lap race. Melody Klement settled for a silver in the 100 meter dash behind Lindsay's Debbie Nortman and Tonya Fisher followed Lucy Fuhrmann of Lindsay across the line in the 1600 meter run.

The girls' relay team once again brought home the gold, leaving the other teams down the track. Le Ann Sicking, Rita Walterscheid, Melody Klement and La Nell Sicking make up Muenster's winning 400 and 1600 meter relay teams. Deanna Bierschenk joins Rita Walterscheid and the Sicking sisters to round out the 800 meter relay runners.

Qualifying for the regional meet are Tonya Fisher, Le Ann Sicking, Rita Walterscheid, Melody Klement, La Nell Sicking, Deanna Bierschenk and Tammie Reiter.

In the boys' division, the Hornets settled for second in district, 27 points behind Valley View, winning with 151. Gunter came in third with 77½, followed by Era with 76 and Lindsay with 75. Collinsville placed sixth with 16, Fuhrmann had 13, Krum 3½, while Slidell and Ponder failed to place.

Muenster's big winner was Stuart Hess, throwing the shot put 54'6½" for a new school record. Stuart's toss also beat the Conference A 1985 state winner by 1'9". Hess' discus spin earned him a gold also.

In the other field events, Bubba Klement cleared 10'6" in the pole vault for a third place.

Germanfest has always been a blend of German heritage and local variations. Last year Harold and Jeannine Flusche from Hofbauer's were in the spirit with their ethnic costumes. But in the spirit of the 'Fest, Harold was ready to be a Texan and an avid runner.

### Germanfest enters 11th year

Enthusiasm and interest are heightened for this year's Germanfest and chairmen and sponsors have directed special attention and planning to improvement of entertainment, hospitality, security, crowd control and emergency medical aid.

Anticipated attendance for the three days - Friday, Saturday and Sunday, April 25, 26 and 27 - is upwards of 50,000 people, comparing favorably to last year's festival when police estimated total attendance at more than 45,000; Fun Run participation showed 3,800 registrations, and Bike Rally registrations were almost 800 riders in 1985. Pre-registration, according to Ronnie Hess and Monica Hess, indicate increased totals for 1986.

"Maple Street will be kept clear for ambulance passage," according to Muenster Police Chief Helen Tompkins. She added that "No Parking" and "Reserved Parking" areas and signs will be strictly enforced. Cars illegally

parked will be towed away from restricted areas.

Chief Tompkins has added extra officers to the force for Germanfest - their salaries to be paid by the Germanfest committee.

Park security inside the festival grounds will be handled by Cooke County Sheriff Aston and his officers, and by B.J.R. Security of Gainesville and by State Liquor Control officers and by some volunteer help prior to opening ceremonies.

Alvin Fuhrmann, general chairman of Germanfest 1986, said, "With the intention of fostering more ethnic atmosphere into the festival, we have looked backward to the ethnic heritage reflected in the original German Week in the Bicentennial Year of 1976. Therefore, sponsors, chairmen and directors are keeping a better control on the nature of entertainment presented and the types of souvenirs made available."

Food is always bountiful,

whether traditional, ethnic or contemporary, thus attracting varied tastes.

Guests will have ample reason to feel they have been well fed, delightfully entertained and royally treated.

The festival has its roots in the long-ago Schützenfest, a three-day celebration begun in May 1899 for the young colony. It was the only big party of the year, simple in scope, but exuberant in the very nature of its genuine hospitality.

In true German tradition, the celebration was preceded by a religious observance. The afternoon included a parade with military or martial overtones. There were contests for marksmen to name a Schützenfest Queen. And there were hearty foods and good drinks. On the third day, in true German tradition, everyone helped in the clean-up day.

Anticipation of the event was almost as much fun as being there. People came from all around, in wagons, on horseback, or on the

train, from Gainesville, Lindsay and Myra, from the Red River, from surrounding counties to the south and west, friends, neighbors, relatives, prepared to stay more than one day. Travel was difficult and distances seemed greater than they really were.

In its hey-day, the Schützenfest was celebrated with gusto and a bent for hijinks. But interests changed as generations passed - the big event faded in observance and practice. Still, it retained its aura and appeal for the re-telling.

Now the fun-filled salute to German heritage and hospitality attracts thousands of visitors who dance the polka, consume tons of sausage, strudel and cheese, drink kegs of beer and enjoy a weekend in a town that has not lost sight of its roots.

Schützenfest was the forerunner of today's Germanfest, but the two are related only in fellowship, good food, music and dancing. In a word, "GEMÜTLICHKEIT!"

### Precinct Four candidates interviewed

By Elaine Schad

One of the contested local races in Muenster in the May 3 primary election brings together three Muenster area residents. Gerald "Jerry" Walterscheid, Wayne Trubenbach and Dan Haverkamp are running for the Cooke County Commissioner, Precinct 4 position, now held by Rosalie Bayer. Mrs. Bayer was appointed last fall to replace her husband, Robert Bayer, who served a number of years in that post.

The three candidates were asked to give information about their backgrounds and their goals for the precinct. Their answers follow.

**Wayne Trubenbach**

1. What is your background and education?  
Age 40; born Jan. 21, 1946. Education: Eight years at Sacred Heart Elementary; graduate of Muenster High School in 1965. Attended Cooke County College with a major in Industrial Arts.
2. What is your family background?  
Wife - Mary Kay, married 18 years. Children are Ron 17, a

senior at Muenster High School and Rhonda 16, a junior at Muenster High School.

3. Do you have current affiliations?  
I spent two years in the U.S. Army, including a tour of duty in Vietnam where I served as a helicopter mechanic. I worked in the oil field and I worked as a mechanic before becoming a machinist and assembler at National Supply Company. For the past four years I have worked for Cooke County Precinct 4, under the past commissioner, as a heavy equipment operator and welder. Also, I have a farming and ranching operation. I am a member of Muenster Knights of Columbus and the Quarterback Club. I was a Jaycee member and worked on Jaycee projects in both Muenster and Lindsay. I am a member of Sacred Heart Parish.
4. What do you feel qualifies you to become Precinct 4 County Commissioner?  
Over the past four years, working with Cooke County as an employee, I've learned the needs

of the people, the value of a tax dollar, and how they can work together. I've shared many ideas with the working crew on the job including equipment management, road management, bridge construction, county affairs, and heavy equipment operation.

5. What do you feel are the priority areas in the precinct that need attention?  
Roads that are more heavily traveled should be maintained more efficiently, or possibly paved in the future. Bar ditches need to be reconstructed and made functional and some tin horns need to be raised or replaced. Rounding and trimming is needed for apparent blind corners. Improper care of bar ditches causes erosion of roads and loss of expensive gravel, time, and money.
6. What do you feel is the greatest need in the Muenster area at this time?  
While the entire precinct always needs to be kept in mind, I feel the greatest need in the Muenster area is to develop a closer working relationship with the people in the

Muenster area. I feel we need to develop a closer bond with the city and county, but to keep this at a reasonable level.

7. How do you feel that you could make the biggest impact as this precinct's county commissioner?  
By giving all the people of Precinct 4 equal treatment and a proper utilization of their tax dollar. I will strive to keep both taxes and spending as low as possible.

**Gerald Walterscheid**

1. What is your background and education?  
I was born on June 24, 1934, in Muenster, the son of the late Tony Walterscheid and my mother is the former Marie Knauf. I am a lifelong resident of Muenster. I attended Muenster Public School where I graduated in 1952. Also, I graduated from Cooke County College with a degree in management. I served two years in the army as a job order clerk while stationed in France. I have served as

# Stenholm for Volkmer bill, gun owners

WASHINGTON, D.C. — The House of Representatives recently produced its version of the Firearm Owner's Protection Act by a vote of 292 to 130.

Congressman Charles W. Stenholm, who supported several amendments advocated by law en-

forcement, voted in favor of the Volkmer bill on final passage. The 17th District Representative said this vote was one of the toughest of his career.

"I supported 80 percent of the Volkmer bill from the outset," he said. "But I shared some of the concerns of the law enforcement officers. The Hughes Amendment, which I voted for, but failed, addressed some of those concerns."

In particular, the Congressman was concerned about making it easier to obtain handguns and to own machine guns, silencers, armor-piercing bullets and plastic guns (which can escape the scrutiny of metal detectors.) "These are not the items that the everyday sportsman uses. It's not beneficial to the general public to have them easily available," he said.

The Stamford Democrat voted in favor of two amendments to the final version. He voted to keep the current prohibitions on the interstate sale of handguns, while loosening similar restrictions on rifles and shotguns, and voted to restrict the conversion of semi-

automatic weapons into machine guns.

"The bill that passed is a better bill than the one initially brought to the floor," Congressman Stenholm said. "It's unfortunate that the push for the bill became so emotionally-charged because of misinformation generated by some groups. This bill never threatened the rights of gun owners. It was never a question of

taking away a citizen's Constitutional rights. I would not support that."

Congressman Stenholm, who originally signed the petition to bring the bill forward, said, "I felt it was time for us to act on this legislation. Unfortunately, because of the misrepresentation of certain ideas, we did not address this issue clearly. I hope we will have a chance to improve it in the future."

Doug Fleitman works on extensive planter boxes at the vacant AMPI lot. The planters will soon be home for hundreds of flowers in the continuing Muenster beautification and landscaping effort.

## Letters to the Editor

### To the Editor:

I just wanted to publicly state how much I appreciated the hospitality extended to me while I was in Muenster last Monday to address the annual meeting of the Cooke County Electric Co-op.

I had an enjoyable dinner in Muenster and even came home with a basket of sausage and cheese! It was nice to see old friends and meet many new friends.

Thanks for making me welcome. Best wishes.

# Bynum and Hess sworn into schoolboard office

Jerry Bynum and Dennis Hess were sworn into office during the April 8 meeting to begin three-year-terms on the Muenster I.S.D. Board of Trustees.

Bynum replaces Gerald Walterscheid in Place 1 on the board. After serving six years, Walterscheid declined to seek re-election and is now a candidate for County Commissioner, Precinct 4.

Hess will be serving his second three-year term in Place 2 on the school board.

Joe Hellman was re-elected president of the board; Harold Bindel will again serve as vice president, with Dennis Hess continuing as secretary. Other current members of the Muenster I.S.D.

board of trustees are Dale Klement, Leon Klement, Richard Pagel and Jerry Bynum.

The 1986-87 school year calendar was adopted at the April meeting with opening day set for Sept. 2, 1986 and final day of classes scheduled for May 28, 1987.

The board accepted the high bid of \$1,262,000 for a 1978 school bus, submitted by D.E. Kraus Bus Sales of San Antonio. Three other lower bids were also received for the bus, which had been advertised for sale earlier.

May 31, 1986 was chosen as the date for the annual board of trustees' employees appreciation banquet to be held in the Muenster K.C. Hall.

# David Keltner seeks election to Second Court of Appeals

David Keltner, a partner in the Fort Worth law firm of Shannon, Gracey, Ratliff & Miller, and a lawyer who was selected "Outstanding Young Lawyer of Texas," is seeking the Democratic nomination for Judge on the Second Court of Appeals in the May 3 Primary. The Court of Appeals district includes Montague County.

Keltner's only opponent in the Primary has terminated his candidacy. In announcing his decision not to seek the office, Alfred F. (Fred) Fick issued a prepared statement. "An overwhelming majority of the legal community is endorsing his (Keltner's) candidacy," stated Fick. "In acknowledgement of the good judgment of my fellow lawyers, I have terminated my candidacy."

Fick's announcement came too late for his name to be removed from the Democratic Primary Ballot. There is no Republican opposition.

Because of the traditionally low-name recognition in judicial races, Keltner is mounting an active appeal in the 12 counties which comprise the Court of Appeals' district. "Because my opponent's announcement came too late for his name to be taken off the ballot, it is imperative that I work hard in each of the 12 counties so that the voters will know my credentials and desire to serve on the Court," said Keltner.

Keltner is an active trial lawyer with over 10 years' experience in the courts. He has handled cases in the United States Supreme Court, Texas Supreme Court, and in the Federal Courts. In 1983 Keltner was selected the "Outstanding Young Lawyer in Tarrant County" by the Fort Worth-Tarrant County Young Lawyers Association. In 1984 Keltner received the distinction of being selected "Outstanding Young Lawyer of Texas" by the

Texas Young Lawyers Association.

"I appreciate the support I have received from lawyers," Keltner said. "However, the voters select the judges of this Court. I want to win this race because the voters believe that I will make a good judge."

The court seat was left vacant with the resignation of Associate Justice Walter Jordan who stepped down for health reasons. Jordan's resignation will be effective on Sept. 1.

The Second Court of Appeals covers a 12-county area from Tarrant County to Denton and Gainesville and to the Oklahoma State line, continuing west to Wichita County and south to include Parker and Hood Counties. The Court reviews cases tried in each of the counties, and decides whether the judgment should be affirmed or overruled.

# Our pride is showing

Muenster is sparkling for Germanfest, the result of combined, cooperative and concerted efforts by a group of homefolks determined to show a deeply ingrained German ethnic reverence for cleanliness.

Their continued determination to enhance the appearance of the community, and pride in the impression given visitors will insure a year that reaches out to possible new residents searching for a place to retire, or to a young family hoping to find a safer lifestyle, or to possible new industry that appreciates a background of cleanliness and neatness.

Quite possibly, this could lead to favorable responses to the unspoken invitation to "Look Us Over," not just at German-fest time, but all year long.

## VFW Ladies Auxiliary elects new slate of officers

The Ladies Auxiliary to VFW Post 6205, meeting Monday night in the Post Home, held election of officers for a new term. Frances Bayer presided.

Reelected for another year are Frances Bayer, president; Josephine Schilling, junior vice president; Rose Hudspeth, treasurer; Linda Knabe, conductor. New officers elected are Laujuana Klement, senior vice president; Agnes Hesse, guard; Rosa Driever, chaplain; Janet Fisher, three-year trustee; Marie Herr, two-year trustee. Jaci Bilderback is serving an unexpired trustee term.

Appointive officers made by the president after the election include Ethel Hesse, secretary; Juanita Knabe, patriotic instructor; Ida Bindel, community service chairman; Lou Voth, historian.

Linda Knabe reported on the presentation of a certificate of merit in public recognition to the nursing staff of Muenster Memorial Hospital for the caring and dedicated service provided to the community, especially for lifesaving efforts in the emergency room.

Presented by Frances Bayer and Linda Knabe, the certificate was accepted by Joan Walterscheid, director of nurses, in a brief assembly of the nursing staff.

A Sesquicentennial flag, bought by the Auxiliary, was on display at Monday night's meeting.

Laujuana Klement, outgoing secretary, read minutes of the previous meeting and official orders. Rose Hudspeth gave the

treasurer's report. Julia Cunningham volunteered as refreshment hostess for May and Hilda Sicking won the door prize.

## Cancer Society requests donations

Volunteers for the American Cancer Society will accept donations on Sunday, May 4, at church doors following all Masses in Sacred Heart Church and all church services at Muenster First Baptist Church. Mrs. Bill Lutkenhaus is chairman.

## Run officials expect huge turnout for race

Every year of Germanfest sees a growth in the Fun Run sponsored by the Knights of Columbus and directed by race organizers Ronnie Hess and Dan Hamric. More than 200 volunteers are expected to help stage the race. It is a major production, requiring months of pre-planning. "Weather means everything" Hess said Wednesday. "Some people will race, rain or shine; others wait to see what the weather's like Sunday morning."

"We have received 2100 pre-registrations by Wednesday" Hess said, leading organizers to expect at least 4500 by Sunday, as compared to last year's 3800 total registrations.

Late registration begins at 9 a.m. Sunday in the Sacred Heart

High gym, for the 15 Km and 5 Km runs.

The German Fun Run begins at 2 p.m. on Main Street. Visitors seeing the start of the race for the first time are unbelieving at first, and then amazed, as they describe the "sea of humanity moving like a wall up Main Street".

For many years the race has attracted international-class runners.

Trophies will be awarded to the top five finishers in each age group, men's and women's divisions in the 15 Km and to the top five men and women in the 5 Km run.

After the race, runners will be treated to the now famous Runners' Party at the south side of the park, across the creek.

### Watch for bikers and runners!

On this Germanfest weekend - Drivers! Please be aware of bikers and runners on Saturday for the bike rally and on Sunday for the German Fun Run. Participants will be assembling for hours before the events.

That is both the plea and the message from sponsors and directors of the Metric Bike Rally and the German Fun Run.

People traveling through Muenster, Forestburg, Saint Jo, Bulcher and Rosston should be watchful for the 1,000 to 1,500 plus bicycle riders who will be on the 100 Km, 65 Km and 35 Km course on Saturday, April 26, 11 a.m. to 4 p.m.

Drivers are reminded that thousands of runners of all ages will be "warming up" Sunday for hours before the beginning of the German Fun Run. Co-chairmen Ronnie Hess and Dan Hamric said Wednesday that pre-registrations have reached 2,100, indicating an estimated total of 4,500 participants for Sunday. With ideal weather, the total will climb.

In addition to Charlie and Violet Stelzer, others attending the

funeral were another brother, Matt Stelzer of Post, and nephews Andy Stelzer of Post, Maurice Stelzer of Hobbs, N.M. and Gerald Stelzer and his wife Helen of Anaheim, California.

The Charlie Stelzers accompanied the Gerald Stelzers to visit in their home and in Los Angeles for several days.

Other survivors of Vincent Stelzer in Muenster are a half-brother, Pat Stelzer, two uncles, Nick Miller and Theo Miller, and an aunt, Mrs. Joe Bernauer.

## Germanfest bike rally continues growth

The fifth annual Germanfest metric century bicycle rally on Saturday, April 26, at 11 a.m. is organized in conjunction with the Bluebonnet Extension Homemakers, the Denton County Pedalers, the Germanfest Committee of the Muenster Chamber of Commerce and the Muenster Volunteer Fire Department.

Sponsors of the rally are Stroh's Beer Company, Coca-Cola Bottling Company and Muenster Switch.

The race will begin at 11 a.m. Late registrations and check-ins will be accepted at the Knights of Columbus Hall, 9 a.m. until 10:30 a.m.

The 100 Km., 65 Km., and 35 Km. course covers paved roads in a scenic North Texas area, with some challenging long and steep climbs and some comfortable rolling hills.

Sag wagons will provide continuous service, although riders have been encouraged to carry their own pumps, tubes, tools, water and helmets.

Aid stations, rest stops, water and fruit will be provided. The Muenster Volunteer Fire Department will help man the sag wagons and rest stops. Medical facilities at Muenster Memorial Hospital, doctors and nurses, Cooke County EMS and qualified paramedics will be available to assist.

"There will be a ride, rain or shine," say the organizers, "sometimes late April weather in North Texas is variable."

After the rally there will be a riders' party at Germanfest, starting at noon, and continuing until all finishers are in. "Don't worry, late finishers," say the organizers, "there will be plenty of free beer and Coca-Cola left

when you get in." Riders will enter the party through the south gate entrance only, across the creek.

The interesting history of the bike rally tells how, in 1982, the Bluebonnet Extension Homemakers had grown weary of baking German Sweet Chocolate cakes for a booth at Germanfest. Members were saying they wished for more excitement for Germanfest.

A former Muenster resident, Milton Fette who still has a number of relatives in this community, and a friend Mike Pluto, both of Denton County, suggested a bike rally to Milton's sister, Monica Hess.

Both men are avid bike riders and volunteered to help organize the first 100 meter rally for the 1982 Germanfest.

In the short six weeks' time between decision and race, they secured 145 entries. Word spread quickly to others enjoying bike rides, that this was an ideal, and the 1982 event was the beginning of a wonderful sporting event,

bringing people from a wide area to enjoy the festivities of one of the largest entertainments in Texas.

More help came in 1983 from Stroh's Beer, through Cooke County Distributors. Bike rider entries tripled to 461. In 1985, the use of a computer, furnished by Muenster Switch, helped simplify pre-registration and made the day begin much smoother for almost 800 bikers.

This year, pre-registrations to date have reached 800, exceeding the total number of riders in 1985, indicating an estimated total of 1,000 to 1,500 bicycle riders on the course for Saturday.

Recalling the start of last year's race, with the mass of bicycles moving on signal "Go!," organizers say, and onlookers and bystanders concur: "That's quite a sight!"

Proceeds from the bike rally help the Bluebonnets to help the community, with donations to county organizations, youth groups, senior citizens, families in need and other charities.

## Cooke County College expands nurse training

Cooke County College will further expand career training opportunities for the health care industry here in May with the beginning of a new class in vocational nursing.

For the first time ever, CCC's Division of Nursing will be offering this class in addition to its regular 12-month vocational nursing class which normally begins in September.

Start-up date for the class is May 19, with registration scheduled for May 14 (Wednesday) on campus.

A vocational nursing class with the same May 19 starting date will also be offered this year at CCC's off-campus extension site in Lewisville.

According to Dorothy Curtino, R.N., director of the CCC Nursing Division, students successfully completing this one-year course of study will be qualified to take the national licensing examination to become Licensed Vocational Nurses (LVNs).

Any person who has graduated from high school or earned GED equivalency certification may apply for admission to Cooke County College and to the college's LVN training program.

"Because this is such an intensive and specialized program," says Curtino, "it must be understood that gaining admission to

the college does not necessarily guarantee admission to the vocational nursing program.

"Applicants must also complete an application to the nursing program itself, they must submit verifications of sound physical and mental health from a physician and they must schedule a personal interview with me."

In addition, applicants must submit a copy of their high school transcript, if graduated within the past five years, or proof of GED certification. Those who have attended college may be asked to submit a transcript from the last college attended.

Also required for admission to the college will be proof of place of legal residence, since tuition rates are figured on this basis. A valid driver's license, voter registration card or similar document will suffice.

"All this may sound more complicated than it really is," Curtino says. "The most important thing is for those who are interested to contact us and apply. We'll do anything we can to assist them and get them enrolled."

She says she also welcomes all inquiries and requests for additional information. The number to call is 817/668-7731, Ext. 264, and she urges interested persons to apply as soon as possible since class size is limited.

## Marcy wilde takes over as Beta Kappa President

Beta Kappa celebrated Founders Day and their Installation of Officers with a buffet dinner at the Cooke County Electric Co-Op with members bringing their favorite salads and desserts. The members were welcomed by Pam Fette, the outgoing president.

There were several awards presented to members. The Jewel Pin went to Laurie Rohmer and Jana Stoffels. The First Pearl was awarded to Ramona Felderhoff. The First Degree Pallas Athene went to Lynn Dangelmayr and Dolores Miller. The Second Degree Pallas Athene went to Debbie Hess, Pam Fette and Martha Koesler. The Five Year Service Pins were awarded to Dolores Miller, Wanda Flusche, Lynn Dangelmayr and Sidney Porter. Those with Perfect Attendance were Jana Stoffels, Laurie Rohmer, Pam Fette, June Bartush, Marlene Fisher and Dolores Miller. The Outstanding First Year Member Award went to Marlene Fisher. The Outstanding Member of the Year Award went to Pam Fette.

Following these awards, Pam Fette gave her retiring address in which she thanked all the members for the support they had

given her all year. After her address, Debbie Hess lowered the president's gavel and Pam Dangelmayr presented Pam Fette with a gift from the club, thanking her for all her service.

Debbie Hess then installed the new officers for 1986. They are: president, Marcy Wilde; vice president, Wanda Flusche; secretary, Marlene Endres; treasurer, Ramona Felderhoff; and parliamentarian, Pam Fette.

After the installation of officers, Pam Fette raised the new president's gavel.

Marcy Wilde called a short business meeting to order. The members discussed final plans for Germanfest and voted to open a Love Fund at the Muenster Bank for Steve and Dorene Taylor's twins. The scholarship chairman reported that the applications for scholarships had been turned in and winners would be announced at the Awards Banquet of both Sacred Heart and Muenster Public School. The meeting then adjourned.

## PRECINCT 4

Continued from page one

I feel I am qualified to hold the job of County Commissioner of Precinct 4 because of my past business experience. Being on the school board for the past eight years has kept me informed on how the tax rolls and budgets of our county have fluctuated in the past years. It makes me very aware of dealing with a tight budget and the management of it.

While working for AMPI, the responsibility I had for managing equipment, budgets, and men should be very helpful and the knowledge I gained through this type of work can be carried over into the county operation.

Also, as owner of my own business, management is the key to success.

5. What do you feel are the priority areas that need attention in the precinct?

Upgrading of the county roads, close watching of the budgets in the county operations, a better working relationship between the Cooke County Emergency Medical Service and the commissioners, and with all county employees.

6. What do you feel is the greatest need in the Muenster area at this time?

There are certain roads in the Muenster area that I would consider paving, but since I plan to be a commissioner for all of Precinct 4 if elected, all work in the precinct will be done on a priority basis, as the budget allows.

7. How do you feel you could make the greatest impact as this precinct's County Commissioner?

I feel I could make the greatest impact as this precinct's commissioner by being a commissioner for all the people, by working a tight budget and getting the most for the people out of their tax dollars. Also, because of my past experience working with budgets and management for most of the years I worked with AMPI and the six years I spent on the school board, I feel that I am qualified to do a good job for the people of precinct 4.

Continued from page one

I would like to add that, if elected to the county commissioner's job, I would arrange to do something with my business so I could be a full time commissioner to the people of my precinct.

### Dan Haverkamp

1. What is your background and education?

I attended Sacred Heart Elementary School and graduated from Sacred Heart High School before serving in the armed forces for two years during the Korean War. Also, I have completed 12 hours at Cooke County College studying agriculture.

2. What is your family and other background?

A lifelong resident of the Muenster area, I have been engaged in farming, oilfield work as a driller, roughneck and pumper, truck driver and welder since 1955. I am the father of three sons and two daughters.

I am a lifelong member of Sacred Heart Parish, formerly served as an officer in the Sacred Heart Home-School Society and St. Joseph's Society. For the past eight years I have served as the president of Branch 18 of the Catholic Life Insurance Union.

4. What do you feel qualifies you to become Precinct 4 County Commissioner?

I have and can work with heavy equipment. I can work with people who are willing to work. I like to work with and for the people.

5. What do you feel are the priority areas that need attention in this precinct?

There are no special problems. I will consider, look, and work with all problems the same, big or little. I plan to work with an open mind and look over all the facts before making a decision.

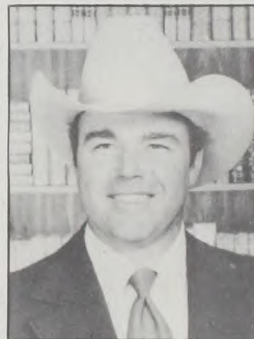

6. How do you feel you could make the greatest impact as this precinct's county commissioner?

If elected, I will work to keep all expenses and taxes to as low a margin as can be worked within the budget.

## Students walk for Catholic education

In previous years, students of Sacred Heart Schools have participated in the Texas Marathon for Non-Public Education, held regularly in Fort Worth.

This year, however, due to conflicting events, the same weekend as Germanfest, they were unable to participate. They therefore held a "Walk For Catholic Education" on Sacred Heart Campus on Saturday, April 19.

It was a notable success, despite the rainy day. Prizes were given away throughout the day. Everyone felt like a winner, students and adults alike.

Volunteers helped keep the

event running smoothly and gave generously of their time. Receiving special thanks were Mary Bayer, Janice Bayer and Sister Cabrini Arami, who coordinated the walk.

## Kristin Grewing enjoys a "McDonald" birthday

KRISTIN GREWING

Kristin Grewing celebrated her fourth birthday April 16 at McDonald's hosted by her parents, Don and Kellye Grewing.

Guests attending were Kristin's brother Brandon, cousins Loren and Jeffrey Hermes, Kimberly

Nix, Joy, Jonna and Jenny Lynn Schneider, Deb, Ashley and Aaron Klement, Delanna and Allison Endres and Kayla Felderhoff.

Kristin and her guests enjoyed games, cake and punch. Pictures and gift opening added to the fun. Children received balloons and party favors to take home. Helping with the party were Kristin's aunt and godmother, Karlyn Hermes, and a neighbor, Brenda Nix.

On Kristin's actual birthday, April 15, Brenda Nix hosted a party in her home. Attending were Kimberly and Katie Nix, Krystal Knabe and Bobby Fischer. The two-layer cake was baked and decorated by Donna Biffle in colors of pink, blue, yellow and green. Those calling or coming by to wish Kristin a happy birthday were Kristin's grandparents Edna and Marty Klement, Thesa Grewing and Amber and Gina Wolf.

## New Arrivals

First-time grandparents are Howard and Camilla Young, and Billy Lambert, all of Gainesville. First-time great-grandparents are Pearl Martin and Bessie Lambert, both of Gainesville. Heather Jo is a

niece for the August Fleitmans, Linda Zackery and the Les Richardsons. \*\*\*

Andy and Janie Knabe announce the birth of their fourth child, a daughter, Martha Jane, on April 14, 1986 at 4:09 p.m. in Muenster Memorial Hospital, weighing 8 lb. 10 oz. and measuring 21 inches in length. Gainesville cardiologist Khawaja Anwar, M.D., F.A.C.C., will conduct the first in a series of seminars on heart health and related topics Thursday evening, May 1, at Gainesville Memorial Hospital.

Dr. Anwar's topic will be "How to Decrease Your Odds of Having a Heart Attack." A series of slides

will begin the 7 p.m. session, followed by a question and answer period.

The seminar is free and open to the public, but seating is limited. Reservations may be made by calling the Community Relations office at Gainesville Memorial Hospital, 665-1751, Extension 401.

## Bluebonnets set plans for metric bike rally

The Bluebonnet Extension Homemakers met in the home of Monica Hess Monday, April 14, to complete Germanfest Bike Rally plans.

Ben Bindel of the Muenster Volunteer Fire Dept. reported on all their efforts toward success of the bicycle rally. He has secured donations from the Coca Cola Bottlers, Gatorade and Ben E. Keith Produce.

He said volunteer firemen are ready to man their rest stations and sag wagons in the effort to help the Bluebonnets conduct the biggest and best Century bike rally ever. Pre-registrations total 800 and members estimate more than 1200 bicycle riders will participate. Members appreciate the help offered by the volunteer firemen, as well as the outstanding community support.

Plans were made to attend a meeting on April 22 in the TP&L Building for all rest stop station captains, sag wagon drivers, and other chairmen, with Bluebonnets and fire department members.

The hostess, Monica Hess, served a bountiful salad supper provided by 12 members present.

Election of officers resulted in naming the following: Patti Bayer, president; Alice Davidson,

vice-president; Linda (Mrs. David) Vogel, treasurer; Rosemary Dankesreiter, recording secretary; and Judy McDaniel, corresponding secretary.

Members voted to contribute to the Love Fund at Muenster State Bank for Laura Taylor, and also to buy three copies of "Legend of the Bluebonnet" for the Sacred Heart School Primary Library, the Muenster Public School Library and the City of Muenster Library.

A gift exchange revealing "secret sisters" of the year was a fun-filled finish for the meeting. Three new members were welcomed to the club, including Maudine Griffin, Billie Fleitman and Ruth Felderhoff.

The Bluebonnet Extension Homemakers Club invites everyone to watch their biggest metric century bike rally get underway on Saturday, April 26.

You work a full year.  
So why keep settling  
for 8 months' pay?

According to the national Tax Foundation, up to four months of your 1986 income will go to pay your taxes. That's right, four months. It's like saying that every penny you earn from January through April goes to the government. No wonder May 1, 1986 is designated as "Tax Freedom Day."

But now there's a way to keep more of what you earn. With tax-advantaged investments, you can lower your taxable income, and your taxes. Better yet, you'll be earning interest at the same time. Call me or stop in today for all the details.

## Noah Hess is Baptized

Noah Gerhart Hess, infant son of Doyle and Debbie Hess, was baptized Sunday, April 13, during the 9 a.m. Mass in Sacred Heart Church, celebrated by Father Victor Gillespie.

Baptismal sponsors were an aunt and uncle, Pat and Larry Wimmer. Others participating in the special liturgy were the baby's brother, Aaron, and a cousin, Penni Hess, who carried the Offertory gifts to the altar. Two cousins, J. Shane Wimmer and

Leslie Hess, gave readings.

The christening gown was a gift from the maternal grandmother.

A dinner at noon followed in the Doyle Hess home. Guests were the baby's brother, Aaron; grandparents Kate Wilson and Mr. and Mrs. Gary Hess; baptismal sponsors, Pat and Larry Wimmer and their children Shane and Dana; Gerald Hess and daughter Penni and her guest Floyd Haverkamp; and a special guest, Father Victor Gillespie.

## Yvonne Martin celebrates 6th

Yvonne Martin, daughter of Ernie and Laneta Martin, celebrated her sixth birthday on April 8, but observed it twice, sharing the celebration of her brother, Joey's, First Communion Day on Sunday.

Helping her celebrate her own special day were aunts, uncles and cousins, Monnie, Telisha and Jennifer Reid; Roxie, Angela and Greg Russell; Phyllis and Doug Martin of Myra; Estelle and Steve Wood of Gainesville; great-aunt Irene Martin of Fort Worth; and grandparents, Mr. and Mrs. Mar-  
 Lavonne Reid. Her great-grandmother, Mrs. Hattie Reid, sent greetings by mail.

The honoree and her guests enjoyed an afternoon of games, gifts and pictures and a meal of fried chicken, all the trimmings and chocolate cake baked by her father, served with ice cream.

The second celebration on Tuesday was in the Sacred Heart Kindergarten with 23 classmates and teachers, Anne Poole and Michele Knauf. They were served cupcakes and lemonade, brought to them by the honoree's father, due to the illness of her mother.

## Alcoholic Awareness Week

The week of April 2-5 was Alcoholic Awareness Week at Sacred Heart School. Activities for grades 7-12 were planned and sponsored by the Student Council.

Throughout the week, bulletin boards were decorated with the theme, "One of a Kind." All classes created original banners using various themes such as, "Seniors against Drunk Driving," "Dead is Dead," "One Too Many," and "Hugs Not Drugs."

On Tuesday, students heard the Reality Seekers from The House of Hope in Sherman. High school students were invited to listen to a student speaker on Wednesday.

The closing program took place on Friday. A film and a rock video dealing with self-esteem were shown. Emily Klement presented a short talk and then all watched the movie, "Contract For Life."

Contracts to be signed by teenagers and parents, dealing with drinking and driving, were sent to each home.

## Gainesville C of C sponsors benefit auction

Members of the Gainesville Area Chamber of Commerce are preparing for the annual Chamber Benefit Auction. The auction is to be held Saturday, May 3, at the Knights of Columbus Hall.

This year, the auction will feature an Italian theme both in dress and decor, and will begin with a happy hour at 6 p.m., followed with dinner at 7 p.m. According to Debbie Reed, chairperson of the event, the signature auction will start at 6 p.m. with the live auction following the dinner. A dance will conclude the evening's festivities.

Area folks involved in planning include David Klement, vice chairman; Billie Friday-Fleitman, auction solicitations; Jim Myrick, Dr. Marvin Knight and Ray Nichols are handling the food; while David Klement takes care of beverages. Other committee chairpersons include Van Knight, cash donations; Kathy Patterson, decorations; Mary Allison, catalog; Nancy Ondrovik Williams, display set-up; Susan Christopher, models; Milton Ward, auctioneer; Mike Otts, music; Ronald Reedy, accounting;

Robert Boone and Rod Tyler, security; Janet Payne, serving; Mary Larsson-Gwyn, publicity; and Charles Hankins, pick-up. Additional community members assisting the committee chairpersons include Linda and Charles Draper, Boogie Cullum, Gina Sprurgeon and P.K. Williams.

Tickets to the event will cost \$15.00 per person and are available from the board of directors, members of the auction committee, or at the Chamber at 101 S. Culberson. Tickets purchased by April 18 will be put in a special drawing for a grand prize to be given away at the auction.

A special attraction to this year's auction will be the sale of "Wilbur" the pig, characterized by the children's book, "Charlotte's Web." "Wilbur" is at this time approximately 18 inches long and prefers mud facials to talking about the upcoming monumental conclusion to his fate. He seems completely oblivious to the possibility that a purchaser might be interested in bringing him home to complete "the family bacon." A spokesperson for the Chamber did say that "Wilbur" is being

pampered at an undisclosed location and being leash-trained in hopes that he might make appearances prior to May 3.

"Wilbur" did however inspect a variety of items that will be included in the auction and reported that he found articles of clothing, such as a black negligee and a pair of cowboy boots. He quickly concluded that these items would not necessarily be modeled together.

An additional interesting service item donated is 12 Campfire leaders' time on a Saturday. Other particulars to be auctioned are several vacation trips, a hot water dispenser, a gift basket filled with goodies, an autographed baseball hat by Bobby Valentine of the Texas Rangers, a Panasonic two-line telephone, a food processor, an ice chest, an autographed golf hat from Lee Trevino, a baby quilt, an outdoor security light, a Skil circular saw, an automobile timing light, a sweatshirt autographed by the Dallas Cowboys, 30 yards of carpeting, a television, a V.C.R., a football signed by Jim Wacker of T.C.U., a cowboy hat from Walt Garrison, several art prints from local

galleries, and a number of other exciting items.

The auction should provide an entertaining evening for its goers and has proven to be a fun-filled occasion in the past. Solicitations are generally completed for the affair, however, any items or cash donations are appreciated. Make plans to attend the Chamber of Commerce Auction May 3. Everyone is welcome to attend.

## Lindsay Franciscan Fraternity receives letter from bishop

St. Peter's Secular Franciscan Fraternity of Lindsay met on April 15 in the home of Mr. and Mrs. Vernon Badgett.

An Easter Service was held prior to the regular meeting, opening with the song "Alleluia, Alleluia, Let The Holy Anthem Rise," followed by the opening prayers.

Mrs. Veronica Klement read two scriptural passages, Isaiah: Chapter 49, vs. 1-6 and Romans: Chapter 6, vs. 3-11, followed by the Lord's Prayer in unison. The closing song was "Whatsoever You Do."

The regular meeting followed and prayer from the Franciscan Ritual, conducted by Mrs. Tony Hermes, president, and minutes and financial report.

All received a copy of The Communicator, and heard a letter from the Sacred Heart Province of Lombard, Illinois acknowledging receipt of the per-capita con-

tribution.

Letters were read from Bishop Peter M. Chenaparampil of India, Jose K.B. Kaumancherry, the adopted seminarian sponsored by St. Peter's Secular Franciscans of Lindsay, and also letters from Anthony T. Vadackel, the Secular Franciscan family sponsored by the Lindsay fraternity.

The Bishop from India told about the visit of Pope John Paul in February, 1986. Large crowds came to see the Pope and receive his blessings. The Bishop met the Pope in New Delhi and celebrated Mass with him on Feb. 1 and 2 in New Delhi.

At Kottayam, India, the Pope held beatification rites for Fr. Kuriakose and Sister Alphonsa, two saintly religious from the state of Kerala, India, home of Bishop Peter. The Lindsay fraternity members recalled with joy the visit made by Bishop Peter Chenaparampil to Lindsay last

year, one of only two cities he visited in Texas on his American tour.

The letter written by the seminarian told of his studies. He said there are 19 seminarians in the first three years of St. Michael's College in Kerala, India.

The other letter from the Vadackel family was much sadder in nature. They described the dry spell in that area of India, so severe that there were no fish coming from the sea, and therefore was widespread hunger and starvation. The Vadackels said they had nothing to eat that day.

The meeting closed with prayers from the Ritual. After adjournment, the hostess, Mrs. Marie Badgett, served punch and white cake, topped with Cool Whip and fresh strawberries.

## Plans set for 2nd annual SH alumni basketball camp

Plans are presently being completed for the 2nd annual Sacred Heart Alumni Basketball Camp. "The first camp was just an experiment to give the youngsters a week of fundamental basketball skills," said Coach Jon. "If this second year of camp turns out as successful as the inquiries have been about it, who knows what the limitations are."

Two one-week sessions will be offered. The first camp will be a co-ed camp and will begin on June 2 and end June 6. The second camp will be a special girls' camp which will start June 9 and run through June 13.

"The purpose of the camp is to further the knowledge, skills and enthusiasm of the boys and girls towards the game of basketball. We are not miracle workers, but we do feel each camper will benefit as a player and an individual," said Coach Jon. "We want to provide boys and girls the opportunity to attend a basketball camp at minimum expense." The camp is open to all boys and girls

presently in grades 3-9. Players who have played on a high school varsity team are ineligible according to UIL rules. Any student who is planning on attending Sacred Heart is eligible for camp.

The fee for the Sacred Heart Alumni Camp is \$35. Enrollment will be limited and will be on a first-pay, first-play basis. Each session will run Monday through Friday beginning at 8 a.m. and ending at noon. The morning camp will allow all participants the opportunity to attend other summer endeavors.

Each day the athlete will be given the opportunity to improve his or her skills through a structured schedule of shooting, passing, ball-handling drills and station work. In addition to individual instruction, athletes will spend a portion of each day participating in group play where teamwork and leadership will be stressed. Some of the special camp features are video tape analysis, camp T-shirt, individualized instruction, hot-shot competition,

college coaches' rap session and a self-improvement plan.

To improve your skills and to enroll in this exciting week session, pick up an application from your coach or contact Sacred Heart School, P.O. Box 588, Muenster, Texas 76252. Phone 817-759-4121 or 817-759-4538.

## AHA to conduct preschool inservice

Day care coordinators and persons caring for children professionally in the area do not want to miss the Cooke County Preschool Inservice to be conducted by members of the local chapter of the American Heart Association Saturday, April 26.

The inservice, which will count as three hours of TDHR inservice credit for participants, will cover usage of the Heart Treasure Chest, a program developed by the American Heart Association to teach heart health to 3-5 year olds, and the DayCare Menu Guide, which details the preparation of low sodium, low sugar, low cholesterol snacks and meals.

Fonda Huneycutt, coordinator of Community Education for the Callisburg Independent School District, and Betty Yates, R.D., director of purchasing and dietary services for Gainesville Memorial Hospital, will serve as presentors for the program, which is scheduled to begin at 9 a.m. in the Community Meeting Room, Third Floor, First State Bank in Gainesville.

Pre-registration is required prior to April 24. Cost for the inservice is \$4.00, which includes all materials.

For more information or to register, contact Kathy Van Vleet at 665-8642.

This writer made a mistake in last week's column concerning the AUCTION that the WBAP Homemakers Community Service Club is planning. The date for the auction is Saturday, May 17, not May 10, as previously reported. You are asked to have your donations for this affair there very early that Saturday morning or you can take them to the New Community Center on the Friday before. The auction is to start at 10 a.m. at the New Community Center. There will be sandwiches, cakes, pies and drinks for sale, and any contributions along these lines will be appreciated.

Last, but not least, I have been asked to report that if your donations do not sell at the auction, PLEASE pick them up before Saturday night. The WBAP Homemakers just do not have room to keep or store any leftover items, so they will not be responsible for them after the sale. For more information, call Becky Scott at 964-2468 or Junior Landers at 964-2441.

The first Saturday in May, the Perryman Cemetery Association will sponsor a luncheon in the new Community Center. Anyone interested is asked to bring a vegetable or salad and a dessert. The cost is \$3.00 per plate and serving will start at 12 noon, so please have your food there beforehand. The community center will be kept open in the afternoon for those who want to relax and enjoy fellowship with friends.

The WBAP Homemakers Community Service Club met at 8 p.m. Thursday night, April 17. New officers for the coming year were elected they are: Becky Scott, president; Junior Landers, vice president; Debra Dill, secretary; Jewell Dill, treasurer; Veronica Greanead, social chairman; Beth Dill, historian; and Myrt Denham, reporter. Old business was taken care of and several new business items were discussed. Anyone wishing to rent the new Community Center must now contact Debra Dill at 964-2483. She is in charge of booking for the center.

The Forestburg FFA will have their annual rodeo the weekend of May 9 and 10. For more information, contact Charles Edwards.

The Forestburg Sesquicentennial Celebration is planned for Saturday, June 14. In the plans are a parade, games, display of antiques at the log cabin, and Indian fight, a picnic on the grounds by the log cabin and a dance on the slab by the rodeo grounds. We are all asked to spread the word about this celebration to help make it a success.

Saturday night, May 3, is the time for the "Over Forty" Social in the new Community Center. It is to start at 8 p.m. and be over around 12 midnight. If you are over 40, don't be ashamed to admit it, come on and enjoy the evening. Your mate or date need not be over 40, bring 'em anyway.

Come Thursday, May 8, it will once again be Ladies Luncheon Day at the old Community Center. It usually starts about 10 a.m. and lasts until everyone heads for home. If you live in driving distance, you are welcome.

Mr. and Mrs. "Tea" Barnett of Alvord and Wynona Riddles of Uz visited in the home of Mr. and Mrs. Ken Rhodes of Bowie Thursday. They also got to visit with Aunt Mollie Howell. Nope, Mollie isn't their aunt - that is just what folks call Mollie.

Mr. and Mrs. Gary Johnson, Garrett and Lance motored to Possum Kingdom Lake Friday to spend the weekend with her grandparents, Mr. and Mrs. G.W. Couger. They returned in time on Sunday to attend the 1 p.m. birthday party for Matt Greanead. Matt was celebrating his second birthday with hamburgers, cake and ice cream. Eighteen people, besides Matt and his folks, Cass and Ran Greanead, helped him celebrate.

## May 1, 1986 NATIONAL DAY OF PRAYER

General George Washington in Prayer at Valley Forge United States Sub-Treasury Building, New York, New York

*In prayer, let us ask that God's light may illuminate the minds and hearts of our people and our leaders, so that we may meet the challenges that lie before us with courage and wisdom and justice. In prayer, let us recall with confidence the promise of old that if we humble ourselves before God and pray and seek His face, He will surely bear and forgive and heal and bless our land.*

President Ronald Reagan in his proclamation of May 1 as the 1986 National Day of Prayer

On May 1, please take the opportunity to join in prayer with other Americans across the nation.

I take leave of you this week with a poem taken from "Our Daily Bread" which is Radio Bible

Class literature. The poem was written by that famous author, "Anonymous."

If an impulse comes to say Some unthought word today That may drive a friend away, Don't say it.

If you've heard a word of blame Cast upon your neighbor's name That may injure his fair fame Don't tell it!

If malicious gossip's tongue Some vile slander may have flung On the head of old or young Don't repeat it!

Thoughtful, kind, helpful speech 'Tis a gift promised each - This the lesson we would teach Don't abuse it!

This is followed with this thought and I quote - "One can easily pick a wise man by the things he doesn't say."

## Benefit Bike-a-thon

Forestburg's benefit Bike-A-Thon will be held on Saturday, April 26. Origination point will be the old community center.

the lunch is invited to remain to eat with the group," said Cleo Lanier, sponsor.

Safety precautions will be taken on the ride. "We need helpers," said Mrs. Lanier. "Call if you can help. Each rider must have a sponsor. Riders may sponsor themselves for a minimum donation of \$5.00. Entry forms are available at all business places in Forestburg."

# County Agent's Report

by Craig Rosenbaum

Spring is the time when many homeowners discover they have termites because winged forms appear and swarm. Winged termites outdoors are a natural occurrence, so usually there is no problem. But if they are found indoors, usually on a window sill, chances are that a possible infestation has established in the home.

Termites can cause extensive damage to wooden parts of your home, so take some precautions.

Quite often termites and certain ants swarm at the same time, and it is important to be able to tell the difference between these two insects. Carpenter ants swarm in the springtime and can cause some structural damage to wood. However, termites are much more destructive and require different control measures.

Termites have a broad waist -

ants have a narrow, constricted waist; termite wings are the same size and shape - winged ants have a front and back pair of wings of different lengths and shape; termites have straight antennae (feelers on their heads) - ants have elbowed antennae.

Termites may be attracted to your house by dead tree limbs, stumps, old lumber and other sources of termite food. These should be removed. If soil is above the point where wood or brick meets the foundation, termites have easy access to your home. Anywhere that wood meets dirt (siding, wooden steps) is a potential spot for termite entry into the home.

Termites also have the ability to build mud tunnels over non-wooden structures to reach a food source. These tunnels (about 1/4-inch wide) may extend several feet

up concrete surfaces. On a slab home, these may be seen on foundation concrete between soil and brick. On homes built above the ground, these tunnels can be found on piers or pipes that go from soil to structure. The bath trap in homes built on a slab is another source of entry. Plumbing in this situation has contact with soil under the slab, and termite tunnels may be found in this area.

Although a thorough inspection is best done by a professional, a homeowner can make a quick check for termite infestations. If termites or damage is found, contact a local pest control company. This is one insect pest that should not be handled by a "do-it-yourselfer." Commercial pest control companies have the necessary equipment and experience to effectively rid a home of termites.

## Programs benefit cattlemen

COLLEGE STATION — The cattle industry, like all of agriculture, is under economic pressure, but strides are being made to help cattlemen "gain an edge" for economic survival.

The Texas Agricultural Extension Service of the Texas A&M University System is working with the state's beef cattle industry in this effort.

"Yet, many of our educational programs will be affected by decreased resources should budget cuts proposed at the federal level take place," says Dr. Zerle L. Carpenter, Extension Service director. "While the Extension Service will continue to focus its efforts on high quality educational programs aimed at meeting the needs of clientele, budget restraints will definitely limit the scope of these programs," Carpenter adds.

The following report of a successful educational effort clearly demonstrates that public funding for Extension is an investment which returns economic benefits in excess of funds committed to the Extension System, Carpenter emphasizes.

Through informal educational programs and result demonstrations, the Extension Service has helped cattlemen adopt new technology and proven practices that have helped them stay "afloat" during these tough economic times.

A key effort by the Extension Service in the past several years has been the development of regional integrated programs in beef production and management, points out Dr. John Beverly, Extension Service specialist in animal reproduction and animal science project leader. These programs deal with the entire beef cattle picture - an interdisciplinary approach that includes all phases of production and management, ranging from forage production and breeding seasons to health programs and marketing.

These regional efforts have in-

involved surveys of producers to identify specific problem areas which, in turn, formed the basis for county and regional educational programs and result demonstrations on individual farms and ranches.

This grassroots approach has led to a sharp increase in participation by cattlemen, Beverly notes. In South Central Texas alone, Extension educational activities increased by 65 percent during the past year and attendance at these events was up 85 percent over the preceding year.

Efforts implemented by Extension specialists and county agents that have been particularly effective in improving beef production and returns to cattlemen included the following:

- Increased use of anhydrous ammonia in treating baled hay to improve its quality and value by some \$29 per ton and boosting cow weight gains by as much as 40 percent.

- Increased use of prescribed burning of native pastures and ranges to increase forage quality, thereby leading to a 17 percent increase in calf crop, a 32-pound increase in weaning weight, and a net return of \$13,500 or a \$6.75 return on every dollar invested.

- Demonstrated that lack of cow condition before calving and during breeding can reduce pregnancy rates 17 to 52 percent and that extending the breeding season for two additional months did not increase pregnancy rates in thin cows.

- Demonstrated the economy of using small grains (wheat, oats and ryegrass) as winter pasture to improve the diet of late fall calving cows, thereby resulting in a 91 percent pregnancy rate at a total feed cost of 55 cents a day over a 120-day period.

- Assisted producers with controlled breeding and calving seasons that resulted in up to a 75-pound increase in weaning weights and up to a 35 percent in-

crease in the number of calves weaned.

- Helped promote the use of performance-tested bulls, resulting in increased weaning weights of more than 100 pounds and a net value increase per calf of \$60 to \$80.

- Demonstrated to stocker cattle operators that one growth implant in steers and heifers can increase total weight gain by as much as \$7 pounds and return up to \$12.35 for each dollar invested over a six-month grazing period. Reimplanting after 100 days increased gains as much as 40 percent thereby increasing returns per calf as much as \$35 at a cost of only \$2.75 per head.

- Assisted ranchers in combining estrous synchronization with natural service to concentrate the calving period, thereby producing calves older at weaning and up to 45 pounds heavier.

- Trained some 670 producers in the techniques of artificial insemination and pregnancy determination to improve herd genetics and identify unproductive cows.

- Helped coastal producers identify mineral mixes to alleviate phosphorus deficiencies in herds, thereby improving cattle diets and performance.

- Assisted purebred producers in performance testing bulls over a 140-day gain period, which ultimately led to an average sale price differential of \$2,562 between superior and inferior performing bulls.

- Promoted the use of calfhood vaccinations for brucellosis in heifer calves, thereby decreasing potential calf losses and improving the marketability of heifer calves.

## Dairy buyout program should not hurt state's cattle market

COLLEGE STATION — Although the government's dairy buyout program will send some 952,000 dairy cows to slaughter over the next 18 months, the increase in slaughter numbers should have little effect on the fed cattle market, says a Texas Agricultural Extension Service economist.

Dr. Bud Schwart points out that some of the recent figures regarding the buyout program have been falsely inflated and have caused a negative reaction on the cattle futures market. That, in turn, has created real problems for the cattle market, driving prices down.

"The buyout program, aimed at reducing the number of dairy cows across the nation so as to curb surplus milk production, has two provisions designed to lessen the impact of dairy cow sales," Schwart points out.

The first ensures orderly marketings so that slaughter does not occur during the months of

heaviest beef cow culling. About two-thirds of the dairy cows - some 633,000 head - will be sold from April to September and the rest will move to market during the remainder of the 18-month period.

The second provision to help reduce additional supplies of process beef was the U.S. Department of Agriculture's purchase of an extra 400 million pounds of red meat, only half of which could be used domestically. (This 400 million pounds represents the amount of beef from a million cows.)

With the dairy buyout program, total commercial cow slaughter for 1986 should be about 7.9

million head, only a 7 percent increase over last year, Schwart points out. And, remember that cow slaughter was down 14 percent in 1985 compared to 1984, he adds.

"All things considered, this relatively small increase in cow slaughter numbers combined with the increased USDA meat purchases should have little adverse effect on the beef industry," says Schwart.
