Celebrate Sam Bass Pioneer Day July 19

Possibilities of eventual success in their bid for freedom as well as halting the Communist conquest in Central America took a giant step forward last week when the U.S. House of Representatives approved \$100 million of aid to the Contras in support of their struggle to free themselves from Communists of their country. The gift specifies \$70 million for military help and \$30 million for economic and humanitarian help.

The action was a surprising setback to the pro-Sandinista trend established by the liberal majority of the House as well as President Reagan's policy favoring the freedom fighters as well as a firm resolution to resist the spread of Communism in the Americas.

The odds were stacked against the President as he launched a personal drive to assist the favorable trend that had formerly been taken by the Senate. He took to the airwaves to convince the nation how important victory is to freedom lovers of Nicaragua and the entire continent. At the same time, he made personal calls to the House leaders pleading for their most important change-over to the policy that was essential to survival of the West. Likewise, he stressed the overall situation in his State of the Union speech.

Still another vital factor in the conservative effort was a change-over by a number of former House supporters who chose human rights and welfare over the issue of party unity.

Ray of Georgia was outstanding in this regard. As late as March, he continued to support his liberal party members but decided in June to go to Nicaragua and see for himself.

He saw and heard both sides of the issue and came back convinced that Reagan is on the right side, and that the facts differed from the leftist contentions of media and House majority. The real situation is that the government was Communist and was striving for the spread of the foreignism to all of the Americas.

Back home, Ray's influence was heeded by fellow Democrats, one of them being Charles Stenholm of District 17. With new supporters, Ray presented his convictions on June 25 and got a favorable response of 221-209. The Democrats had rejected the Contras 222 to 221 on March 20.

Favored now with the support of both sides of the U.S. Legislature, the Contras have good reasons to expect the \$100 million military and economic aid from our country. The people of Nicaragua can look forward to the end of red dictatorship in their government and America and cheer its success in avoiding it.

Everyone loves a parade and at 10 a.m. Saturday, July 19, 1986, Rosston (located between Era and Forestburg on FM 922) will kick off its sixth annual volunteer fire department fundraiser - **Sam Bass Pioneer Day**.

The day features homecooked barbecue brisket, ham and German sausage with all the trimmings at the noon and supper meals. Barbecue sandwiches, drinks and snacks will be served all day.

Activities for all ages and interests fill the day including: mule pull contest, quilting bee, children's games, horseshoe tournament, trolley ride, fiddler's contest, square dancing and free stagecoach rides. Area musicians will provide live music. Gunfighter clubs from across the state will provide afternoon entertainment as each presents a 10-minute skit for a panel of judges in the gunfighter competition. Ladies of all ages are invited to bring their bonnets for a bonnet contest with the following categories:

1) prettiest, 2) most unusual and 3) oldest. There are no fees for entry in any contest. Just be ready to participate and have a good time.

Ladies and gents alike will enjoy the collection of "old timey" farm, home and work tools and memorabilia on display in the fire hall.

Everyone will want to get a copy of the free souvenir/advertising. **Please See SAM BASS, Page 2**

Council sets Ash assessment

The public hearing on the proposed assessments to property owners abutting Ash Street for planned improvements got started late Monday night. That and the single objector to the project did not, however, stop the City Council from assessing each property owner \$2.00 per linear foot along Ash Street. "I find it odd that this voluntary project has turned man-

datory," said Paul Endres, "it was misrepresented to us." Mayor Rich Grewing replied, "All owners but you have already put up their money. The majority wants this project and you stand to benefit by it."

Endres retorted, "The paving will benefit the whole northwest part of Muenster and many county residents more than it will

benefit me."

The Ash Street paving project will consist of a 25-foot wide double coat of paving oil and 3/8-inch washed chip rock. Residents requiring more paving to adjoin curbing will pay extra. The cost of the materials amounts to \$18,500 or \$2.25 per frontage foot. However, contributions by other area owners have reduced the cost to \$2.00. Surface outside the city limits will be handled by the county. The county will provide all machine time and labor, a \$7,500 value to the city. The city will provide an estimated \$4,400 in labor and engineering. Overall cost of the paving project is estimated at \$30,820.00.

The council voted to go ahead with the project and the \$2.00 per foot assessment. Mayor Grewing said, "We certainly don't want any hard feelings, but we feel like we have to go ahead with a deal this good."

The regular meeting was called to order and after minutes reading, the proposed new litter ordinance

was again considered. Amid much heated argument and accusation, very little progress was made except to finally set a workshop for the next evening to go over the ordinance in detail and peace. Thanks to the mayor's diplomacy, the confrontations and questions of residency of certain individuals quieted. Tuesday night, in workshop session, council members revised certain parts and will consider the final draft at the next regular meeting.

Monica Hess presented certificates of appreciation to Rich Grewing, Joe Fenton, Helen Tompkins and the City of Muenster from the Sesquicentennial Wagon Train. Monica, as chairperson for the Sesquicentennial Committee, conveyed thanks to the city for its help and hospitality.

Final actions were discussion of a Kiwanis-sponsored street dance, Public Library roof repairs and approval of a Jaycee request to take over a park project. They propose to fence in the concrete surface north of the swimming pool for use as a sunbathing area.

Modern Floors celebrates open house

By Elaine Schad

Modern Floors is celebrating its official open house this month at its new location on 209 N. Main just north of Kiwanis Park.

Between now and July 26, owners Tina and Ben Bindel and Gary and Mary Endres would like customers to come in and examine their complete line of floor products and services. They are also sponsoring a drawing for a variety of prizes.

The store officially opened Nov. 22, 1985, but it has taken a while to get everything in order after moving the business from across the street, said Bindel.

The present owners took over the 13-year-old business from Angelo and LaVerne Nasche who wanted to pursue other interests. "We heard that LaVerne and Angelo were trying to get out of the business," said Bindel. "Gary and I were working on the Christmas Parade and we started talking about it; the next thing we knew

we were in the carpet business," he said.

One of the services of Modern Floors of which the owners are most proud is their Host dry extraction carpet cleaning system. Gary and Ben operate the system for customers which involves preparing the floor with a fine mist before using a special dry compound. Bindel said the machine has a special brushing technique which brings the dirt from the bottom to the top of the carpet. They then use a vacuum cleaner to remove the compound which eliminates many of the stains and leaves the carpet with a new look. "It leaves a little of the compound on the bottom so the vacuum cleaner can continue to clean it for some weeks," Bindel said. He added that Gary has had about five years of experience with the dry extraction process which he learned while working for Rex Carpet Cleaning in the Dallas area and that the process was even used by that company to clean the car-

pets at the famous Southfork Ranch of "Dallas" fame.

All the owners help in managing and helping with the business, but the main manager is Stella Hess who assists customers throughout the week. Stella has had a lot of experience with fabrics and helps with the selections of floor products, with measuring, and with the installation of wallpaper if the customer desires.

The store offers a complete line of floor products and services in-

cluding carpet, vinyl, ceramic tile, vinyl composition, wallpaper, window treatment, blinds, drapes, some light fixtures and carpet cleaning and installation. "Our goal is service and just to give people what they want," Bindel said.

Included in their line of carpeting is Armstrong, The Stephens Collection, Star, Salecarpets, L.D. Brinkman and Philadelphia. Muenster residents Mike Frost and Ed Otto, who have been indepen-

dent carpet installers for more than a decade, are available for carpet installation.

Vinyl lines include Armstrong, Congoleum and Mannington, and the store also carries artificial turf. They also offer vinyl composition tile which comes in a 12" x 12" square and is used mostly for commercial buildings. The vinyl composition is unique in that the design goes all the way through the tile. **Please See MODERN, Page 3**

Just give us a try!

This week's *Enterprise* features the first of several reminders to be seen throughout the rest of the year. Shopping at home is a serious concern for many Muenster businesses. Each of nine issues between now and Christmas will contain valuable and useful coupons and a reminder. Please don't assume that participating businesses are telling you what to do with your money or telling you never to go on out-of-town shopping trips. They are asking that you just give them a try when you're considering a purchase. Perhaps include them in your shopping trip.

The times are hard and we can help each other. Muenster business people are trying hard to make the deal right. Consider looking in Muenster too, won't you?

Good News!

When he was still speaking, behold, a bright cloud overshadowed them; and behold, a voice out of the cloud, saying, "This is My Beloved Son, with whom I am well pleased. He that followeth Him shall not walk in darkness, but shall have the light of life."

square for a more uniform-looking wear. Vinyl composition lines include Nafco, Kentile and Azrock.

One of the newest offerings in the commercial line of carpeting is the Welco Business Carpet which Modern Floors also has available. The store also offers Jones Blair, Warner and Roscoe wallpaper, and a variety of blinds including wood, vertical, mini and woven woods. Brand names for blinds include Lovolor, Bali Blinds and Kashmir. Ben and Gary are also available for the installation of the blinds.

The store also carries decorative fabric for draperies offering Kasimir and Wesco lines which can be purchased by the yard or through a specialized order.

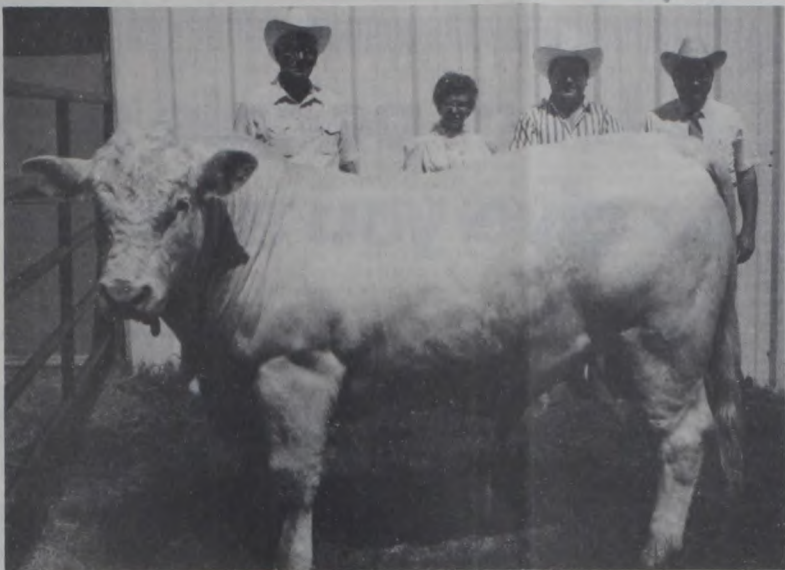

The owners and managers encourage customers to take sample books home for choosing wallpaper or carpet samples to select the very best carpet for their particular decor. The store also has available a Clarke Steam Cleaner for rental for the do-it-yourself carpet customer.

Bindel said the owners eventually have a goal of expanding their business into other lines of home decorative offerings such as paints and plans to build their own building in the future if everything works out. "Business has gone real well so far," Bindel said as the store's service area has reached from Gainesville to Forestburg, Rosston, Muenster, Saint Jo and Nocona. "A lot of people are getting more do-it-yourself, and we'd like to get more into that," he said.

Store hours are from 8:30 a.m. to 5:30 p.m. Monday through Friday and from 8:30 a.m. to 4 p.m. on Saturday. The open house will extend through July 26 when they will have a drawing to give away carpeting for one room, light fixtures, carpet cleaning services and other prizes. No purchase is required and the winner does not have to be present at the time of the drawing.

During its open house, Modern Floors is offering discounts of up to 75 percent on some remnants and large pieces of carpet, 15 percent on ceramic tile, 30 percent on light fixtures, 15 percent on some vinyl in stock, and from 10 to 25 percent on some carpeting.

Modern Floors invite area residents to come by for a visit and browse through their floor product offerings.

Charles Lutkenhaus weds Lori Ann Burke June 28

Lori Ann Burke of Phoenix, Arizona became the bride of Charles Lutkenhaus of Gilbert Arizona on June 28 at St. Timothy's Catholic Church in Mesa, Arizona.

Father Dale Fushek celebrated the Nuptial Mass and officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Robert Burke of Phoenix, Arizona. The groom is the son of Mr. and Mrs. August J. Lutkenhaus of Muenster.

The bride was given in marriage by her father. She wore a white gown of organza and re-embroidered lace with a portrait neckline and long, pointed lace sleeves. The full-length skirt extended into a chapel train trimmed with self-fabric ruffles and lace. She wore a veil of illusion attached to a bridal hat which was covered with matching lace. Her bouquet was an arrangement of white and dusty rose flowers with a white orchid in the center.

The altar was decorated with numerous green potted plants. The couple lit a unity candle during the wedding ceremony. Vocalist was Terri Baggan, a cousin of the bride. Organist was Tom Boothe and vocalist, along with Jane Marovich who accompanied on the guitar.

Lisa Burke, the bride's sister, served as maid of honor. Bridesmaids were friends of the bride and included Jerri Klein, Lisa Bertolino and Helene Ewart, all of the Phoenix area. The sleeveless dresses featured a scooped neckline with a double ruffle collar. They carried nosegays of white and dusty rose-colored spring flowers.

Kristy Lutkenhaus of Lindsay, Texas, a niece of the groom, was the flower girl. Kristy's dress was fashioned similar to the bridesmaids and made of white dotted swiss trimmed with dusty rose ribbons. She carried a basket of pink roses.

Steve Kubicek of Valley View, Texas, the groom's nephew, served as best man. Groomsmen included Leo Lutkenhaus of Lindsay, a brother of the groom; Jeff Clements of Mesa, Arizona, a friend of the groom; and Dave Kubicek of Valley View, a nephew of the groom. Matt Muller of Muenster, a nephew of the groom, was ringbearer.

A reception was held immediately after the ceremony at the Christ the King Church Hall. The registration table held a bouquet of tea roses and a decorated wedding announcement given to the couple by a classmate of the groom.

The bride's table was covered with white cloths and decorated with dusty rose streamers, doilies

and silk flowers. Dinner tables were decorated accordingly and held buttered dinner mints, peanuts and pretzels. A four-tiered wedding cake was cut by Kathy Lutkenhaus of Lindsay, a sister-in-law of the groom, and served by nieces and nephews of the groom. Following the catered dinner was a wedding dance.

Friday evening, June 27, a rehearsal dinner was hosted by the groom's parents at St. Joseph's Hall. It was prepared by the groom's family.

Wedding guests from this area included the groom's parents, Mr. and Mrs. Gus Lutkenhaus. Also brothers and sisters: Mr. and Mrs. W.C. Muller and family of Muenster; Mr. and Mrs. Leo Lutkenhaus and family of Lindsay; Mr. and Mrs. Walter Lutkenhaus and family of Lindsay; Mr. and Mrs. John H. Kubicek and family of Valley View; and Dennis Lutkenhaus of Callisburg.

Children's Theater Workshop present "Cinderella" July 25

GAINESVILLE - The musical production "Cinderella" will cap this summer's Children's Theater Workshop being jointly sponsored by Cooke County College and the Butterfield Stage Playhouse (BSP).

Director Annetta Earle reported this week that rehearsals for the show are in full swing and that all 29 youngsters participating in the popular summer program have been cast in performing roles.

Production dates for "Cinderella" are July 25-26 (Thursday and Friday). Curtain will be at 7 p.m. each evening in the Little Theater in CCC's Student Center on campus. More information about tickets will be forthcoming in a couple of weeks.

"We're so pleased to be a part of this program," says Linda Mast, director of the Division of Continuing Education at CCC. "It is truly one of the most popular programs for young people we've ever been involved in and has been for several years now."

"Not only has it been a fun and exciting time for all the kids who've participated but also a great learning experience. The difference it has helped make in terms of self-confidence, communications skills and so on for many of them is quite remarkable."

Charles Poore, managing director of BSP, says this has always been a wonderful residual benefit of children's theater - especially if the participants are under the guidance of a good director. "Annetta certainly fills that bill," he says. "We feel so fortunate to have her in charge this summer, and I know the kids are going to be having a great time while getting the benefit of a very gifted teacher."

Playing the title role of Cinderella in this summer's production will be Renee Jones. The Narrator will be Staci Bedford, and Adonia Whitfield will be Stepmother. Playing the prince will be Billy Lee, and working her magic as the Fairy Godmother will be Alison Floyd.

Others in the cast include Clint Woodcock as the Page, Meredith Broughton as Drizzella, Sarah Richey as Anastasia, Jennifer Sullivan as Lucifer the Cat, Keari Bedford as the Queen, Brad Floyd as the King and Bryan Womack as the Duke.

Cast as the mice Itsy, Bitsy, Trixie and Gus-Gus are, respectively, Cory Cheatham, Jenny Waters, Misty Morgan and Murray Hawkins. Matthew Dowling will be the Coachman, and Adam Broughton will be the Footman.

Also in the cast are Tanya Womack as Hermione, Wynnde Jordan as Pruncilla, Alison Moore as Agatha, Renee Hawkins as Hilda, Jennifer Neal as Gertrude, Leila Bower as Bernice, Gerard Balsley III as Caesa the Hound, and as the birds Tweety, Sweetie, Speedy and Honey, respectively, Pamela Clegg, April Fleitman, Kelli Perrin and Teresa Parker.

For more information about the Children's Theater Workshop or other programs for young people sponsored by CCC's Division of Continuing Education, call Linda Mast at 817/668-7731, Ext. 223.

"we got you covered"

I GOT RHYTHM! Is it iambic, trochaic or anapestic? Mark Flusche pounds out one of the poetic rhythm patterns on an authentic Indian drum while Julie Morris monitors. Both were students in the creative writing class of Dr. Ona Wright, center, in this summer's "College for Kids" at Cooke County College. The scholastically-talented middle schoolers also took a special chemistry course under Dr. Ron Bost of the CCC science faculty. CCC Photo.

"College for Kids" offers writing class

GAINESVILLE - Words like iambic, trochaic, dactylic and anapestic have tripped up plenty of students in college English classes over the years, but a special group of area middle schoolers took them in stride without so much as a stumble this summer.

The words stand for the various different rhythmical patterns in poetry, and the students were enrolled in a creative writing class in the "College for Kids" program at Cooke County College.

Open to scholastically talented students in sixth through eighth grades who are recommended by their school principals, the program is aimed at providing special higher level learning experiences not normally available.

In addition to creative writing, a special course in chemistry was taken by several of the eight students participating in the program this summer at CCC.

Dr. Ona Wright of the college English faculty was instructor for the creative writing course and reported that the students not only learned to spell, pronounce and define the poetic rhythm patterns but also learned to beat them out on an authentic Indian drum from Santa Fe.

"It turned out to be a very effective way of demonstrating the principle behind the various rhythm patterns," Dr. Wright said. "What we've tried to do is give some life to material that could otherwise be

very tedious, and it's remarkable how quickly these young students pick up on it.

"We're trying to reinforce the idea that learning can genuinely be a lot of fun as well as intellectually stimulating. These students were an especially bright group, so I think that message has already come through to most of them. Their teachers in the public schools are to be congratulated."

Dr. Wright added that the students were given the opportunity to put what they learned into practice. All wrote rhymed poetry as well as a short story while in the class, and the results were put in a booklet for each student to keep as a souvenir.

The instructor also took a snapshot of each student on the first day of class to go into the dated booklets.

"When they are grown, these youngsters should really enjoy seeing how they looked during the summer of '86 and what they were capable of writing," Dr. Wright explained.

Dr. Ron Bost of the CCC faculty who taught the chemistry course gave equally glowing reports of the students' performance in his class.

"I heard that one of our enthusiastic students, early on, let it be known that he was 'learning to blow up things' in the chemistry lab," Bost related. "However, the Science Building at the college is

still intact, and so far I've heard no reports of major damage have come from any of the students' homes."

Students enrolled in "College for Kids" at CCC this summer were Gus Felderhoff and Mark Flusche, students at Sacred Heart in Muenster; James Schaefer of Valley View; Clint Alphin of Era; and Tim Herbrich, Julie Morris, Kristy Rouw and Cathy Morrow, all of Gainesville.

SOME PEOPLE BUY AIR CONDITIONERS LIKE THERE'S NO TOMORROW.

When it's time to replace your old air conditioner, it'll probably only take you a little while to find a new one that looks pretty good and doesn't cost much. But it'll take a lot longer to realize a quick bargain is likely to cause a slow burn on your wallet every month.

A high-efficiency air conditioner could make a difference in your cooling costs this summer and every summer. A high-efficiency choice means steady savings because you're getting the same amount of cooling using less electricity than with a low-efficiency unit. On top of this, you'll get a valuable rebate from your electric company if your central air conditioner or window unit meets our Energy Action standards.

See your recognized Energy Action air conditioning contractor or dealer for help in choosing a high-efficiency air conditioner or heat pump. Tomorrow, you'll be way ahead of the game.

Forestburg News

by Myrt Denham

The long, hot, lazy days of summer are upon us - and with it comes the "slowdown" of news for this column. Thus, this column may become rather slim at times.

Mrs. Ruth Barron of Nocona and Nell Bewell of Corsicana, plus a sister-in-law of theirs, all visited with Marion Sockwell recently.

Charles and Gayle Edwards returned home late Sunday, June 29, from a 10-day trip to King of Prussia, Pennsylvania where they visited their daughter, Pam, and husband, Mark Brand. On their way to Pennsylvania, they went

through Nashville, Tenn. to sight-see and attend the Grand Ole Opry on Saturday night, June 21. While in Pennsylvania, they made sight-seeing trips to points of interest. Charles made the statement, "I didn't hit anyone and no one hit us." (Meaning by car, not by fists).

Mrs. Millie Reynolds and her niece, Jo Ellen Gardner, returned home Thursday evening, July 3, from a week's trip to Colorado. They visited with relatives in Pueblo, Canon City and Denver.

Mrs. Eva Crayton of Montague and her grandson, Robert Byford

of Las Vegas, Nevada, spent Tuesday evening with Mr. and Mrs. Kenneth Holland, Kendall and Brent.

Thursday night, July 17, at 8 p.m. is the date and time for the next Forestburg WBAP Community Service Club meeting in the new Community Center. YOU are urged to attend as it is definitely time to get things planned, organized and ready for the sixth annual Watermelon Festival scheduled for Saturday, Aug. 23.

Once again we have some Barney and Veda Brogdon news for you. On Friday evening, July 4, Mr. and Mrs. R.L. Holland and Winfred Holland of Modesto, Calif. plus Mr. and Mrs. R.L. Whitt of Saginaw called on the Brogdons. R.L. and Winfred Holland are brothers to Mrs. Whitt and they are Barney's cousins. They are the children of the late Joe and Retta Holland. Then on Sunday, Cecil and Dorothy Foster, Ova Mann and Lina Bogness of Saint Jo were visitors.

The Brogdon's daughter, Margie Long of Plano, made it up Thursday night and stayed until Sunday night. Then Monday, Ray Steadham of Bowie was a visitor.

Fourth of July weekend visitors with Mr. and Mrs. Dawson Ensey were their son, Byron, and wife of Altus, Okla. and also their daughter, Angela Ford, also of Altus. All returned home Saturday.

Marion and Howard Sockwell enjoyed the company of their daughter, Joyce Kenas of Argyle and Joyce's daughter and family, Mr. and Mrs. Keith Rogers and girls of Denton, on July 4.

In sincere appreciation for all the cards, gifts, and especially for all the prayers we received while Weston was in the hospital. God truly was with us for Wes would not have recovered without all the prayers. May God bless each and every one of you.
Tammy, Wayne & Wes Wimmer 7-11-86P

I want to thank all my friends and family who said a prayer, called, sent cards, flowers, and helped in other ways while I was in the hospital.

FARM AND RANCH NEWS

LOCAL FARM ANTIQUE BUFFS turned back the clock at Don Schad's farm northwest of Lindsay Sunday afternoon. What started as a practice run for an upcoming Antique Farm Equipment Show became a show in itself with 100 spectators watching a threshing demonstration. At the top right, a large W40 McCormick tractor powered the belts that ran the Case thresher. A 1935 John Deere tractor hauled the wheat bundles to the thresher. Below right, Ronnie Huddleston pitches in the bundles with John Corcoran watching. Below left, Don Schad augers the harvested wheat. Below, Henry Fuhrmann and Julius Hermes, Sr. inspect the finished grain.

Union urges farmers to send message to Wash.

WACO - Texas wheat farmers and landowners can send a loud and clear message to Congress and the Administration by voting "YES" in the USDA Wheat Poll, Texas Farmers Union President Joe Rankin declared.

Rankin said, "A 'yes' vote will indicate that farmers are ready and willing to assume the responsibility of reducing production - in return for an adequate and fair price in the market place. A 'yes' vote says to Washington, this new farm program is headed in the wrong direction. The 1985 Farm Bill has 'legislated poverty for farmers by driving down the price of American exports.' It is unbelievable that we sell our grain on the world market at less than the cost of production. Despite lower and lower prices, for

the first time in 20 years the United States actually imported more farm goods than it exported in May."

With the announced loan level being reduced from \$2.40 per bushel in 1986 to \$2.28 per bushel in 1987, the direction and results are apparent - more bankrupt farmers.

Rankin urges Texas farmers and spouses to answer all questions on the ballot and mail their ballots to the County ASCS office no later than Monday, July 14, 1986.

"An overwhelming 'YES' vote by wheat producers is the only hope and perhaps the last chance, we have of changing the present 'legislated poverty for farmers' into a cost effective supply management program in return for a fair price," Rankin said.

MANAGE LAWNS TO CUT WATER BILL - Proper lawn management can keep summer water bills from skyrocketing, says a turfgrass specialist with the Texas Agricultural Extension Service, The Texas A&M University System. Water bills can be reduced as much as 40 percent by watering, fertilizing and mowing lawns properly. Water only when grass starts to show signs of drought stress - discoloration, wilting and leaves rolling up in late afternoon. Soak the soil to a depth of 6 to 8 inches. Do not use nitrogen fertilizer during the summer as this will only make the lawn grow faster and use more water. Finally, mow less often and cut grass at taller heights.
