July 8 Scheduled For Registration Of Swim Classes

It seems that NBC TV is getting a lot of static over its contract to broadcast the 1980 Moscow Olympics. Ostensibly the company is getting set to make a bundle of money as it beams the very popular show, plus commercials, to an estimated 170 million people around the world. But lots of critics are convinced that Americans again have been outfoxed by the Soviets. As one person puts it "the Soviet Union has maneuvered one of America's biggest television networks into acting, from now through 1980, as a sort of voluntary hostage for the concept of détente". Another calls it "providing a megaphone for Soviet propaganda."

NBC attempts to brush off the bad publicity with diversionary statements and denials. For instance, the contract amount was not \$80 million... just \$72.36 million. As if the difference were a big item! As if that kind of talk is anything more than a smoke screen!

But another consideration has a bearing on the deal. NBC is making its payments in installments, 1977 through 1980. Counting interest on the advance pay, the actual figure, whatever it is, ought to be raised by \$12 to \$15 million. And all of that money is due and payable before NBC collects on its end of the deal.

These advances have an obvious blackmail potential. For instance, after NBC has made a number of payments it becomes subject to Soviet pressure to increase the presentation of propaganda favorable to the Reds and decrease the unfavorable reports. The more it has paid the more it is subject to being told what to say. NBC knows, just as you and I do, that the big prize, the contract for Olympic coverage, may blow up in its face if it fails to keep the Soviets happy.

Whoever thinks that the Reds would not do that sort of thing ought to remember that communists break a lot more agreements than they keep. What's more, NBC has no assurance of broadcasting the Olympics even if it does as told up to the last day. The Soviets' policy is to keep a promise only when it is to their advantage. So, NBC has a problem. How obedient will it have to be to feel that its ever increasing multi million dollar investment is safe?

At the same time the world has a more urgent problem. It has to worry about whether the network will prostitute its principles and broadcast the kind of stuff that can lead to war. A related problem would be NBC's failure to broadcast the kind of news which supports human rights and freedom. The hopes of millions of oppressed people are sustained by the kind of stories that Moscow tries to keep secret. In their miserable existence they need assurance that world sentiment is on their side, that their constant striving for freedom can eventually become reality.

We must not overlook the possibility that the ugly red influence will have its effect even on the news that is broadcast in this country. Such as a policy of glorifying what the Reds do and suppressing the bad news about them. In these times when world affairs are shaped so much by propaganda this kind of influence over a news medium can have most serious consequences.

Needless to say the arrangement is a guarantee that the Olympic story itself will be biased in favor of the Russians. The theme of Soviet superiority will dominate, and any occasion to question the fairness of an incident or decision will be censored. We wonder, for instance what the network will say when teams like Taiwan, Chile, South Africa, etc., are black listed. Can NBC be objective and still get along with the Reds?

Knowing how the Soviets operate, we feel convinced that they will direct the show all the way. NBC no doubt will object to being pushed around but it will be held in line by a clear understanding of the consequences for failing to cooperate. To see \$80 million go down the drain.

Mercury Tries but Fails to Hit 100

To date Muenster's official thermometer has not reached the 100 mark, but it has been threatening most of the time since the beginning of this month.

The figures recorded on Steve Moster's thermometer indicate that temperature here was over 90 on all but two days since June 2, and it was over 95 on fourteen of the twenty days. Hottest was 99 on June 9. Three days got up to 98, four to 97 and six to 96.

On the other hand night temperatures have been pleasant, ranging from 60 on the seventh to 75 on the twentieth. The low for six nights dipped to the sixties and the low for fourteen nights were in the low seventies.

Meanwhile the weather has also been dry. Moster's official record shows only .09 for the month to date, and prior to that the last good rain was 3.24 on May 20 and 21. In the month since then the community has had only .11 inch.

Water Rights of City Confirmed At State Hearing

The Muenster Water District is in good standing with the Texas Water Rights Commission and is proceeding toward construction of its reservoir and recreation facilities.

Assurance that water rights are in order was received in a hearing Tuesday before the Water Rights Commission in the Cooke County courthouse. The water board's representatives there were Don Fleming, engineer, Henry Weinzapfel, board member and David Bright and Leonard Endres of the city council.

Also there in the interest of irrigation rights to local lakes were J. M. Weinzapfel, Ray Voth, Ben Voth and Tom Knabe.

Though all is well now the water district may face a deadline problem later. Its water right will expire in November unless construction is actually started or an extension is granted.

Present concern of the board is to beat the deadline. It is currently planning with the Soil Conservation Service which has finished the reservoir specifications and is busy now on the recreation facilities. SCS is cooperating with the district in this project on the basis of flood control and recreation. It will share in the cost of land acquisition as well as actual construction.

4-H Horsemen of County Compete in District IV Show

County 4-Hers who have qualified for the district 4-H horse show will compete in the big event Saturday, starting at 9 a.m., at Rex Cauble's Cutter Bill Arena north of Denton.

County members competing will be Charlotte and Larry Fleitman of Muenster 4-H, Una Hess and Nancy Sicking of Sacred Heart 4-H, Mark Reed of Callisburg, Bryan Davis of Eva, Kenny Kuykendall and Mable Eaton of Gainesville, Judy Rose of Downard-Fairplanes and Shonee Pennell of Woodbine.

High scorers of the district show will qualify for the State 4-H Horse Show.

A Reminder to County 4-Hers and adult leaders that record books are due in the County Extension Office Friday, July 1. This deadline must be met because the offices of Cooke and another county are exchanging the record books for judging.

\$9231.52 Rebate Received by City For Sales Taxes

The City of Muenster has received its sales tax rebate check in amount of \$9,231.52 for the period ending May 27, 1977. The payment was a part of \$39.3 million to 865 Texas cities for the 1 percent tax on taxable sales permitted to the state comptroller's office during the preceding month. The check for the corresponding period last year was \$8,368.00.

Receipt of this payment brings to \$24,891.23 the total rebate to the city since beginning of the present fiscal year on September 1, 1976, and represents an increase of 14 percent over last year's collection for the corresponding period. Total of rebate payments up to this time last year was \$21,864.60.

Though the gain is substantial it is slightly below that of the state. Comptroller Bob Bullock discloses that checks totaled \$167.1 million for the current year, a gain of 15.1 percent over last year.

Nevertheless the rebates to date reflect a healthy condition of current local business. Making allowance for the state's 2 percent collection fee, the total collected was near \$25,500, indicating total taxable sales of almost \$2.55 million. And this is still far short of total sales, which include many non taxable items.

A statement with the comptroller's check shows that gross collections for the period were \$8,947.63 and the 2% collection fee was \$178.95. Adding the prior balance of \$651.24 and retaining \$188.40 accounts for the remittance of \$9,231.52.

Reports on rebates to other cities reveals that Gainesville has received \$198,110 to date for the fiscal year, a gain of 3 percent over last year. Lindsay has received \$15,645 for an increase of 8 percent; Nocona has received \$37,435, which is 9 percent under last year; Pilot Point has received \$11,676, a 10 percent gain; Saint Jo has received \$7,536, which is almost exactly the same as last year; Sanger has received \$10,247, a 16 percent gain; and Whitesboro has received \$23,193, a 7 percent drop from last year.

Seven Graduate Local Advanced Swimming Class

Seven students have graduated and five others are in their final week of Muenster's advanced swimming classes, which are sponsored by the Cooke County Red Cross Chapter under direction of Mrs. Harold Flusche.

The two classes started Monday of last week for two levels of age and ability. Basic Rescue and Water Safety, taught by Jo Ann Pagel, was for swimmers aged 11 years or older and able to pass the entrance test for that level. Nine swimmers were enrolled, seven completed the course and were awarded swim suit patches and certificates. They are Sheri Felderhoff, Brenda Wimmer, Barbie Wimmer, Claudia Flusche, Bobby Hamric, James Bright and Craig Bayer.

Classmates for the course were five students who are enrolled in the advanced Life Saving class with Carolyn Bayer as instructor and a schedule that continues through this week. Eligibility is a minimum age 15 plus ability to pass entrance tests of that level.

Herring on Job in Local SCS Office

Ronald L. Herring, new technician in charge of the Muenster SCS office has been on the job since Monday, succeeding Arlin Naegeli who was transferred recently to Farmersville.

Herring is a native of Stephenville and attended high school and college in his home town. He received an ag education degree from Tarleton State University in 1972 and has been with SCS since then at Anson and Lamesa.

His wife, Cindy, is also a native of Stephenville. They have two sons, Chris 7 years, and Jody Ron 18 months. They are living two miles east of town, in the former home of the late Joe Mages.

I-35 and US-82 in County to Receive Resurfacing Jobs

AUSTIN — Bids for the resurfacing of Interstate Highway 35 and US 82 in Cooke County are expected to be received at the June 22-23 letting of the State Department of Highways and Public Transportation.

The I-35 project extends northward from the MK&T Railroad in Gainesville to the Red River Bridge and in sections southward from the railroad to the Denton County line, a combined distance of about 9.3 miles.

The US 82 project extends from the eastern city limit of Muenster to a point near I-35 in Gainesville, a distance of about 12.1 miles.

Both projects include the application of seal coat and asphaltic concrete pavement. When completed, the projects will repair severe winter damage and provide a safer, more skid-resistant travel surface. Charlie Hildebrand of Gainesville will be the department's engineer in charge of the work, while Wichita Falls District Engineer Robert H. Schleider, Jr. will provide overall project supervision.

SNAP Introduced At MAP Meeting

Forty five senior citizens attended the regular MAP meeting Tuesday. Mrs. Hugo Lutkenhaus presented information on SNAP nutrition program. It will be implemented on Tuesday, July 5, when Joy L. Jones, Nutrition Program Director attends to fill in details.

MAP emphasizes a facet of the organization that seems to have been misunderstood. The directors explain that both husband and wife are eligible to attend all MAP activities when either one is 55 years of age or over. Both are welcome and urged to attend all MAP activities.

NEWS OF THE SICK

Mrs. Larry Gobble is a patient at Wichita General Hospital in Wichita Falls since entering Wednesday. She underwent oral surgery Thursday (today). She suffered a broken left jaw and injured teeth when struck by a wild ball during warm-up about 5:30 p.m. last Saturday, when, as a spectator, she waited for the start of a game in the Slow Pitch Tournament.

Brent McElreath, son of the Grady McElreaths, is in Gainesville Memorial Hospital since Monday as a surgical patient.

Herr and Muller Reunion Planned

The annual Herr-Muller Reunion will be held on Sunday, July 10 in the Muenster City Park. Guests are urged to attend for noon dinner and stay for supper, and to bring the usual picnic foods. Sometimes a few extra card tables help. Uncles, aunts and cousins are included.

Master's Degree

Don Fusco, a son-in-law of Mr. and Mrs. Alois Rohmer, completed his graduate study recently and received a Master's degree in Math from Wichita State University of Wichita, Kansas.

Program Available For Senior Citizens

An opportunity to enjoy the benefits of the Senior Nutrition and Activity Program (SNAP) is currently being made available to older people of Muenster through the efforts of Joy L. Jones, nutrition project director of the program's Sherman headquarters. She said that the program, if wanted here, can be organized by mid-July.

Her intention is to familiarize local people with SNAP, possibly including a field trip to the operation at Sherman, and then ask local persons to decide whether they want to participate.

As explained by Mrs. Jones, Senior Nutrition and Activities Programs are operated with Federal funds under Title VII of the Older Americans Act passed by Congress in 1965. The funds are allocated to the state, which in turn makes allotments to counties on the basis of need and population. In the Texoma region, including Grayson, Fannin and Cooke Counties, the sponsoring county agency is the Grayson County Health Department. The project works closely with the Area Agency on Aging, located in the Texoma Regional Planning Commission and operating on Title III, but its nutrition program is separate in funding, purpose and administration.

The purpose of SNAP is three fold: to provide nutritious meals and nutrition education, foster social interaction, and deliver social services. The first is intended not only to provide wholesome food at low cost but a

Jerry Hundt, 16 Of Lindsay Dies

Funeral service for Jerry Hundt, 16, of Lindsay was held Tuesday morning at 10 in St. Peter's Church with Father Damian Wewers officiating and a cousin, Father David Flusche of Subiaco, Ark., joining as concelebrant of the requiem mass. Father David also delivered the funeral homily.

Burial was in Lindsay cemetery directed by Geo. J. Carroll & Son. Pallbearers were Dan Schad, Chris Hundt, Tommy Haverkamp, Stanley Stoffels, Jeff Neuz, Doug Kleimant, Andy Beizer and Larry Hermes.

Rosary was recited at 4 and 8 p.m. Monday in the funeral home chapel.

Jerry Hundt died in Gainesville Hospital at 9:30 a.m. Sunday after one year of a losing fight with bone cancer. His affliction was discovered in July, 1976, and required amputation of his leg a few months later. In spite of it Jerry attended school for a while and later studied at home to keep up with his class. He was a sophomore in Lindsay High School.

He was born in Gainesville on January 27, 1961, a son of Mr. and Mrs. Joe B. Hundt.

Survivors are his parents; three sisters, Marion Hundt of Lindsay, Ellen Story of Bailey and Margie Hundt of Dallas; seven brothers, Richard, Robert, Joseph, Stephen, John and Paul, all of Lindsay, and Michael of Mountain View, Calif.; and grandparents, Mr. and Mrs. Clem Hermes of Lindsay.

Lindsay Set for 19th Homecoming

The Lindsay community and St. Peter's Parish are putting on finishing touches this week to make plans for their 19th annual homecoming picnic next Sunday, June 26. The big multi-feature event will start at 11 a.m. with dinner in the cafeteria at prices of \$2 for adults and \$1 for children under 12.

From there activity transfers to the city park for a picnic until midnight. Principal attractions there will be drinks, food, a horseshoe tournament and a variety of games.

And the evening presents two dances. "Six Days & Nights" will play for a teen dance in the cafeteria, and the Country Boys of Ennis will play for a polka dance in the park pavilion.

better diet for many older people who do not cook adequately for themselves. The next is providing contact to offset the too frequent withdrawal of the elderly. The third purpose is to help the aged in various ways.

To achieve the latter, a suggested service is daily telephone contact with old people living alone, to make certain they are all right, or to send help if they are not. Another suggestion is a program of simple home services like stopping leaks in a faucet or commode tank, changing ceiling lights, etc., things that feeble or disabled people can't do. The handy man performing such service preferably would be someone on retirement interested in earning a few dollars while being helpful. Likewise, the person making the daily check of others could supplement his or her income slightly.

Mrs. Jones said that Muenster has a head start in one area of the program. MAP provides some of the recommended social activity such as cards, dominoes, bingo and parties. However the program can be expanded by adding other activities such as field trips, tours, lectures, movies, etc. Also possible are counseling and referral services on problems related to health, legal matters, food stamps and various urgent considerations.

The principal addition through SNAP would be the dinner service and the telephone and handy man services. The meal service is proposed for twice a week, Tuesday and Thursday. Currently the cost to SNAP is \$1.00 for a dinner, and people who are able are asked to pay the full cost of the meal. People who are financially unable are asked to contribute what and when they can.

There is an arrangement to avoid embarrassment to those who cannot pay. An envelope is provided with each meal, and it can be turned in empty or with any amount more or less than the \$1.00 cost. Payment can be made also in food stamps. And there are some who can help at serving and cleanup, in which case the meal can be paid for in that service. A related service is delivering meals to shut-ins.

Food for SNAP is provided by a catering firm which is under contract to a number of institutions of North Texas. Delivery is made in insulated containers by truck and is served in excellent condition. SNAP is presently established in Sherman, Denison, Bonham and Gainesville and a number of smaller cities in Grayson and Fannin Counties. Participation has been increasing steadily in all locations and a number of communities are asking to have it brought to them.

330 Qualify for Beef Referendum

Cooke County will have 330 qualified voters for the July beef referendum, according to an announcement Monday by Tim Gilbert county ASC manager. The votes will be cast in the ASC office of the Federal Building in Gainesville between July 5 and 15.

A statement from the Beef Development Taskforce indicates that 18 percent of all Texas cattlemen and 11 percent of all US cattlemen have registered.

8th Graders of '38 Will Have Reunion

Eighth grade graduates of SHS in 1938 are planning a reunion in the Muenster City Park on next Sunday, June 26 at noon. Anyone who has attended school with them is welcome. Families are asked to bring picnic food and drink. Committee members in charge of arrangements are Mrs. Andy Wimmer, Mrs. Paul Fetsch and Mrs. Gus Lutkenhaus.

CCC Students Reminded to Rush Applications for Aid

Students wishing to qualify for financial aid this fall at Cooke County College should apply now, according to financial aids director David Hawes. Hawes stresses that students who delay in getting necessary paperwork completed may be disappointed when awards are not made at the time of or prior to fall registration. This is despite the fact that the "Deadline" for application is not until July 1. "Many students do not understand that this deadline is for having all required forms filled out and returned to this office," he explains. "Because of the time involved in processing these forms, students who wait un-

til around July 1 to come in and pick them up will probably have to wait until after fall registration to get their awards."

In order to qualify for financial assistance at CCC students must fill out a combination "needs analysis" and application form which is sent to an outside agency for evaluation. The student is then notified of his eligibility and of the amount of financial assistance for which he qualifies.

"This procedure can sometimes take several weeks," says Hawes, "but we cannot make any awards until the student brings in these completed notification forms and a financial aid 'package' is formulated to meet his particular needs."

This "package" consists of aid drawn from a combination of programs which can include the Basic Educational Opportunity Grant (BEOG), Supplemental Educational Opportunity Grant (SEOG), college work programs and other.

If a student is shown to qualify on a need basis for \$1000 in assistance during the year, for example an amount of \$200 may come from BEOG, \$200 from SEOG, \$500 from

work-study and so on until the total need is met.

"It must be remembered also that there is just so much money available to Cooke County College under each of these programs," Hawes points out, "so awards based on financial need are given first to students with the greatest demonstrated need who had all their paperwork completed and in by July 1."

Other students are assisted on a "first come-first served" basis after this first priority has been met.

"It is for this reason that students should make application and get all their forms back in as soon as possible," Hawes emphasized, "because the possibility does exist that available funds may be depleted if the student delays too long."

Giving more specific details regarding financial aid programs available at CCC, Hawes explained that:

BEOG is open to all undergraduate students with eligibility and amount of assistance determined by demonstrated financial need. Awards at CCC range up to a maximum of \$1,000 per year, decreasing in proportion to the amount a student or his family is able to contribute based on their financial resources and the relative cost of attending CCC. This grant is intended to be the "floor" of a student's financial aid award based on need.

SEOG program grants are federal grants which provide funds to a limited number of undergraduate students with exceptional financial need.

The college work-study program provides on-campus employment, not to exceed 20 hours per week, for students who need a job to help cover the cost of attending Cooke County College.

Not a need-based program, the Law Enforcement Education Program (LEEP) provides grants awarded to men and women students who are employed full time in law enforcement, corrections or other criminal justice careers. To qualify, students must be enforcement or criminal justice work and be studying full-time or part-time for degrees.

Of special interest also is the Mary Josephine Cox Memorial Scholarship program administered by the college. To be eligible, students must be residents of Cooke County and under 21 years of age. The scholarship is available automatically to Cooke County high school seniors graduating in the top 10 per cent of their class.

Available to nursing students is the Nursing Scholarship Program to assist those demonstrating exceptional financial need. There is also a nursing student loan program available to student loan program available to students with eligibility dependent upon financial need.

Other need-based programs include the Texas Public Educational Grant, Texas Public Education-State Student Incentive Grant, a short-term loan program and various other scholarship programs.

Students with questions concerning any of these pro-

grams or the financial aid program in general at CCC should contact the Financial Aid Office on campus, (817) 668-7731, extension 60.

Dorothy Bengfort Installs Officers In CDA Courts

Dorothy Bengfort, Catholic Daughters of America District Deputy, has completed installing newly elected officers of the courts in her district, District IV. Following installation of local court officers, she installed during this month the officers of Court Our Lady of Good Counsel No. 309, Wichita Falls and Court Our Lady of Perpetual Help No. 296, Windthorst.

Ceremonies in Wichita Falls were held in Our Lady, Queen of Peace Parish and included the celebration of Mass by Msgr. Hubert J. Neu. Mrs. Margaret Eckelkamp, niece of Mrs. J. M. Weinzapfel, was installed as the new regent. Refreshments were served after the ceremony.

In Windthorst, installation took place during the regular monthly meeting. An added feature was the selection of the Catholic Daughter of the Year. Because of a tie, two members received the honor.

Accompanying District Deputy Dorothy Bengfort were Marge Schmitt and Mary Moster.

Changes Develop In Coupon Program Of St. Anne Society

Mrs. Adolph Walterscheid has received the following letter from Father Gregory of the Sacred Heart Mission of Walls, Mississippi, in reference to the shipments of coupons, box tops and labels sent by members of St. Anne's Society for a number of years.

"We can no longer use 'cash-off' store coupons, that is, coupons found in newspapers, or in boxes and packages of grocery items of all kinds.

We want you to know our limitations. . . . The only labels or coupons that remain of any value to us are Campbell's Soup labels, Post's Cereal Box Top (with expiration date, and Blue Bonus gift coupons found principally on tissue and cereal packages.

We can also use Raleigh, Bel Air Old Gold, Chesterfield and other Bonus coupons including Red Scissors gift coupons. These we can redeem for trading stamps or cash. We can still use all types of Trading Stamps such as S&H, Quality and many others. With these we are able to obtain supplies for the poor, materials for our school and prizes for our annual bazaar.

Again, we are grateful for your gifts of time and energy. You are included in our prayerful remembrance, and you share in a memento in my Holy Masses.

THANKS

Thank you, Muenster, for making our stay in the hospital away from home so much easier to bear. Murlin's operation was a complete success and we are back at home.

Everyone there thought we were real celebrities when mail call came. Every day we'd receive a big bundle of cards. It made us both feel very proud and glad to know we have so many friends. Thank you all. Lupe and Murlin Ray Evans

Families Gather For Observance Of Father's Day

A Father's Day observance honoring Victor Hartman was held in the home of Mr. and Mrs. John Yosten Sunday, with noon dinner. Guests included Mrs. Victor Hartman, Mr. and Mrs. Alvin Hartman and family, Mr. and Mrs. Harvey Schmitt and family; Mr. and Mrs. Gene Hartman and family of Denton, and Mrs. Walter Wolf and Scott, Craig and Kevin of Gainesville. Greetings were phoned by

Willard Hartmans of Killeen, the Teddy Gremmings of Denver, Colo. and Mrs. Keith Tompkins and family of Arlington.

A supper party Sunday in the home of Mr. and Mrs. Hubert Felderhoff named as honorees Mr. Felderhoff and all fathers attending. Guests included Mr. and Mrs. Norbert Felderhoff and Lynn and Amy, Mr. and Mrs. Henry Spaeth, the David Spaeth family and Mr. and Mrs. Edie Henry all of Gainesville; the Henry Voth family of Lindsay; the Tom Felderhoff family, Gus Felderhoff fam-

ily, Ed Knauf family, Mr. and Mrs. Bob Knauf, all of Muenster and Mr. and Mrs. Buster Wilkes and child of Austin who weekended with her parents, the Ed Knaufs, until Monday.

Mr. and Mrs. Herb Fette and Billy were in Pilot Point Sunday to join a Father's Day reunion and birthday observance honoring her uncle, Andrew Simmel, in the cafeteria of the St. Thomas Grade School. About 30 relatives attended.

Mrs. Clive Gobble spent Father's Day with her hus-

band, a patient at Oak Tree Lodge in Gainesville. Their son, Pat Cathy of Wichita Falls, was also there. Mr. Gobble enjoyed receiving cards and gifts from his children and visits from several good friends Sunday.

Local News BRIEFS

Mrs. Bob Swirczynski and grandchildren Dea, Dean and Darrell Swirczynski spent last weekend in Edless with her son-in-law and daughter, Dr. and Mrs. Steve Kralicke. They attended the Farm and Ranch night at the Rangers Baseball game Friday and on Saturday went shopping at European Crossroads Mall in Dallas and also went ice skating at Llove. Mrs. Kralicke came for them Thursday and brought them home Saturday. She remained until Sunday with her parents.

Giles Walterscheid entered Muenster Memorial Hospital Friday and underwent surgery on Monday. He is improving steadily.

While Mrs. Charles Fisher was on vacation from Muenster Memorial Hospital she enjoyed visits from her daughters and spent several days out of town. Her daughter Mildred, Mrs. David Shenk of Hermosa Beach, California, visited here for a week after attending a Nurses Alumni reunion at St. Joseph's Hospital in Fort Worth, observing the 20th anniversary of her class. Mrs. Shenk visited her sisters, Clara and Emma Fisher who were joined by their mother for several days and in turn spent the following weekend here and visited relatives of the Fisher families.

On NTSU Honor Roll Three Muenster students have been named on the spring semester honor roll at North Texas State University. Laura Kralicke, daughter of Dr. and Mrs. Martin Kralicke is on the 40 honor list with a straight A report card. Sandra Reiter, daughter of the Wilfred Reiters, and Alan Rohmer, son of the Urban Rohmers achieved a 3.5 listing with averages between A and B.

Trophies Awarded In Girls Softball

Trophies have been awarded in the junior and senior levels of girls softball and the Pee Wee loop is just getting started. The week's activity consists of the double header finale in which Bluebonnet beat ESA 19-11 and Rohmer's beat KESCO 16-8, and also the loop opener for the little ones in which Bluebonnets bumped VFW 19-6 and GMC nudged Fischer 17-15.

Final standing in the junior league were Hesperian 3-1-0, ESA 1-2-1; Bluebonnets 1-2-1. In the senior league it was Tom's Candy 3-1-0; Rohmer 3-1-0; KESCO 0-4-0. Hesperian was awarded a champ trophy; Tom's Candy and Rohmer's received co-champ trophies, and Bluebonnets received a consolation trophy. All of the trophies were provided by VFW Auxiliary and presented to the team sponsors. The Auxiliary also has a champ trophy and a sportsmanship trophy for the pee wee league.

Coaches of the winning teams were Sheila Greying, Hesperian; Peggy Walter, Rohmer's; Cheryl Mollenkopf, Tom's Candy; Sandy Dittfurth, Bluebonnets. The week's only action for the Pee Wees is set for Thursday: VFW-GMC and Fischer-Bluebonnets. Next Tuesday's games are postponed because many players will be attending summer camp.

Walterscheid Baptism

Formal baptismal ceremonies were held Sunday for Julie Michelle Walterscheid, infant daughter of Mr. and Mrs. David Walterscheid. Father Placidus Eckart officiated in Sacred Heart Church at 2 p.m.

Julie Michelle's god-parents are Mr. and Mrs. Wilmer Walterscheid of College Station.

Others attending were Dona, Gina and Scott, children of the Wilmer Walterscheids, and grandparents, Mr. and Mrs. John Kupper and Mrs. Alfons Walterscheid; also Mr. and Mrs. Jerry Walterscheid and boys, Mr. and Mrs. Johnny Reiter, Mr. and Mrs. Billy Kupper of Valley View, Mr. and Mrs. Tommy Kupper and Darrin of Lewisville; and Julie Michelle's family, Mr. and Mrs. David Walterscheid and Deann and Jason.

They were all supper guests in the David Walterscheid home following the church services. Mark Tompkins, son of Mrs. Keith Tompkins of Arlington arrived Saturday for a vacation visit with relatives of the Hartman families and is the house-guest of the Alvin Hartmans. The human heart rests about eight-tenths of a second between each contraction.

Family of Alfons Walterscheids has Reunion Sunday

Children and grandchildren of Mrs. Alfons Walterscheid reunited in her home Sunday evening. Together for dinner and visiting were Mr. and Mrs. Wilmer Walterscheid and Scott, Dana and Gina of College Station, who spent Sunday and Monday here.

Also Mr. and Mrs. John Walterscheid, Vickie and Amy of Gainesville; Mr. and Mrs. Bonnie Prescher, Bobby, Denise and Mike of Valley View; Mr. and Mrs. Weldon Bezner, Andy, Pat and Dan of Lindsay; Mr. and Mrs. Melvin Voth, Connie, Janet, Doug and Tony of Lindsay.

Also Mr. and Mrs. Jim Voth Sherri, Leroy and Darren; Mr. and Mrs. David Walterscheid, Deann, Jason and Julie; Mr. and Mrs. Johnny Reiter and Cindy; Mrs. Giles Walterscheid and Delana all of Muenster.

Giles Walterscheid was a patient at Muenster Memorial Hospital and Mr. and Mrs. James Fleitman, Jody, Chad, Rhonda and Kristin were unable to attend. A special guest was Mrs. Jenny Schilling, center of attraction among her children, grandchildren and great-grandchildren. During the evening the group observed Mrs. Schilling's 94th birthday.

Modern Mechanized Miracle

Men And Machines Work To Close Hunger Gap

There's quite a distance between a waving field of golden wheat in North America and the arid Sahelian wastelands of West Africa.

And it's not only a gap that's measured in miles, but also in more human terms of tens of thousands of drought-starved villagers.

Much of the massive task of closing this hunger gap will fall to the present-day mechanized farmer and his modern, sophisticated piece of agricultural equipment—the combine—which has richly earned the name of "Farming's Miracle Machine."

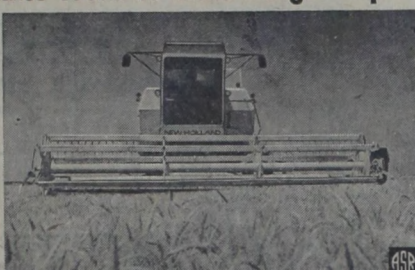

While the combine offers the single greatest promise for meeting future worldwide food needs, it has a rich agricultural heritage that predates recorded history itself. Harvesting of wild grain was one of the first agrarian activities of man when he found the earth could yield food other than that obtained from wild animals.

Using stone sickles, these primitive farmers cut enough wheat in a day to yield a single bushel of grain.

Today's modern combines harvest enough wheat in an hour to make 20,000 loaves of bread, according to Sperry New Holland, one of the world's leading farm equipment manufacturers.

While the combine performs both jobs, early farmers, even after cutting the crop, still had the task of threshing—removing the grain from the straw.

Ancient Egyptians and Greeks drove cattle over clay threshing floors to beat out the grain, muzzling or smearing the animals' mouths with dung to discourage any nibbling.

Modern combines with massive grain harvesting capacities will play major role in helping to feed the world's hungry.

It took thousands of years for the cutting of grain crops to evolve through the sickle, scythe and cradle. Threshing developments were equally slow in coming, with the flail the first major step.

While evidence of mechanized efforts appear as early as the First Century A.D., it wasn't until the early 1800's that the first animal-powered cutting machines arrived on the farming scene.

During the 1830's, Cyrus McCormick and Obed Hussey competed in the U.S. to develop their early reapers. Threshing was moving ahead, too. Early stationary machines were powered by water or horses, and later they became portable—moved by steam tractors or gasoline engines.

But still the cutting and threshing were separate operations.

Just after the Civil War, the first combine was introduced to the West Coast grain fields. Weighing up to 15 tons, their

operation required teams of 15 men and 40 horses or mules.

By 1940, the principles of self-propulsion and the internal combustion engine permitted development of combines as we know them today. These miracle machines now harvest across almost an entire continent of grain fields, moving north from Mexico through the U.S. Grain Belt into Canada.

Since that appearance, continuing improvements have boosted harvesting capacities and widened their versatility in nearly a score of different crops.

Still today, efforts by companies, like Sperry New Holland, are directed at helping the farmer do a better and more efficient job of starting grain on its long trip from field to dinner table.

This quest throughout history is even more critical today and tomorrow than it was in the past.

BIRTHS

Mr. and Mrs. Ted Macon of Fort Worth announce the birth of a daughter, Misty Ann, on June 15, weighing 8 lb. in Community Hospital of Azle. She is a sister for Chad, Kendra and Christi. Her grandparents are Mrs. Ann Stoffels of Muenster and Mr. and Mrs. Eugene Macon of Gainesville. The great-grandmother is Mrs. Willie Fuhrmann of Lindsay.

Mr. and Mrs. Michael Eberhart of Gainesville are parents of a son, Brandon Michael, born on Monday, June 20 at 10:53 a.m. in Muenster Memorial Hospital, and weighing 8 lb. 7 oz. The baby's grandparents are Mr. and Mrs. Walter Eberhart of Gainesville and Mr. and Mrs. Dan Kretzschmar of Thackerville. Great-grandparents are Ed Eberhart of Muenster, Mr. and Mrs. Henry Roberson of Thackerville and Mrs. Bessie Lambert of Gainesville.

Cookout Held for Children's Group

A cookout, attended by co-chairmen and assistants of the Children's Activity Program, marked completion of the current year. The program will be re-activated when school opens in the fall.

Accompanied by their children, the following attended the recent afternoon party: Mmes. James Walterscheid, Clyde Walterscheid, Dennis Hess, Tony Hess, Ervin Henschel, Clinton Bayer, Sam Endres, Rick Stewart, Dave Bayer and Clifford Sicking, also co-chairmen of the project Mmes. Danny Bayer, Robert Miller and Andy Klement.

Noah Webster began writing the dictionary in 1807 and finished in 1828.

Mrs. Walt Klement's June 16 birthday was observed during a visit in Fort Worth with her daughter's family, Mr. and Mrs. Larry Ray Jones and Susan. Accompanying her were Mark Klement, Mrs. Billy Don Wolf and Donna, who made the cake for her grandmother and carried it along. The ladies went shopping in the afternoon and the Joneses hosted dinner out together before they returned home.

Joey Bauer of La Feria spent 3 weeks with his brother-in-law and sister, Mr. and Mrs. Bob Knauf, during the harvest season. He was accompanied on the return flight to La Feria by a cousin, Pat Walterscheid, who will visit there.

Mr. & Mrs. Glenn Rohmer at Home in Arlington after Wedding Trip

Mr. and Mrs. Glenn Joseph Rohmer are at home in Arlington since their wedding trip to New Orleans, Louisiana and Florida. The couple was married on May 23. The bride is the former Miss Gerda Louise Peet, daughter of Mr. and Mrs. George W. Peet of Arlington. The groom is the son of Mr. and Mrs. Alois J. Rohmer of Muenster. Given in marriage by her father, the bride wore a white embossed nylon over satin dress with a matching picture hat, both designed and made by her mother. Her flowers were apricot carnations, white roses, stephanotis, baby's breath in a nosegay. Bridal attendants were matron of honor Mrs. Norry Calvert and bridesmaids were Ms. Angela Whisman and Mrs. Bobby McFadin. They were gowned identically in apricot with sheer floral capes. Their flowers were nosegays similar to the bride. The flower girl was Miss Natalie Calvert, niece of the bride who carried a basket of mixed flowers in bride's chosen colors. Her apricot dress had a front panel of white, embroidered in apricot. Best man was the groom's brother, Neil Rohmer of Muenster and groomsmen were his cousins Robert Sicking of Dallas and Lynn Joe Klement of Huntsville, Alabama. Ushers were Albert Peet of Arlington and Terry Miller of Dallas. The bride's parents hosted a reception in the Arlington Room of the Holiday Inn. Members of the house party were Mrs. Bruce Harvey, Ms. Cathie Smith, Mrs. Bobby Thomas, and Miss Babette Wallace, niece of the bride. Wedding cake, punch and champagne were served. The three tiered wedding cake

Albert Bauers of La Feria Visit Kin

Mr. and Mrs. Albert Bauer and daughters Therese and Jeanne of La Feria visited relatives recently in Cooke County for a week. They were house guests of their daughter and son-in-law, the Bob Knaufs and her sister and family, the Ray Voths and also visited all members of the Arendt families. They attended the wedding of Marlene Herr and Gary Fisher Saturday. A dinner in their honor in their daughter's home Sunday evening was attended also by Mr. and Mrs. Ed Knauf and son Don. They were also guests at noon Sunday in the Andy Arendt home in Lindsay. Mrs. Bauer joined a Tripoli game at the Ray Voth home Monday evening and the Bauers and Bob Knaufs were guests at Mrs. Earl Walterscheid at the Dutchman for dinner Tuesday evening. An Arendt family reunion followed in the Ray Voth home. Returning to La Feria, the Bauers stopped in Austin for two days for sightseeing and visiting and spent two days in Corpus Christi with friends.

END VACATION
Mary Grace and Margaret Hartman daughters of Mr. and Mrs. Willard Hartman of Killen returned home Sunday after a two week visit with relatives here. Their aunt, Mrs. Harvey Schmitt, took them to Denton last Friday where Mrs. Keith Tompkins met them. They were her guests until she accompanied them to Killen for a visit.

Families Gather For Observance Of Father's Day

Honoring John Otto on Father's Day was a family gathering for a noon dinner and visiting. Coming from out of town were Mr. and Mrs. John Elliot and family of Whitehouse, Mrs. David Gilley and children of Dallas, Mr. and Mrs. Danny Dennington and family of Gainesville to join Mrs. Louis Koelzer and children of Muenster.

Mr. and Mrs. Phillip Russell hosted a Father's Day party Sunday evening to honor her father, Lavonne Reid. A barbecue supper was served, followed by a special cake and homemade ice cream. There were gifts for the honoree and domino and 42 games during the evening. Guests were Mr. and Mrs. Lavonne Reid and Rusty and Mechal and Mr. and Mrs. Ernie Martin.

Msgr. Thomas Weinzapfel of Dallas and Mr. and Mrs. Bill Birken of Lewisville were Father's Day visitors with Mr. and Mrs. J. M. Weinzapfel Sunday. They had noon dinner out together and spent the afternoon and evening with the Henry Weinzapfel and David Bright families.

Robert Sicking of Dallas was a guest of his parents, Mr. and Mrs. Joe Sicking Saturday, in observance of Father's Day and Dolores Sicking of Dallas and Rose and Ann Sicking of Arlington spent the weekend with their parents.

Family members gathered in the home of Mr. and Mrs. John Kupper at noon Sunday to observe Father's Day. Guests were Mr. and Mrs. Leroy Kupper and family of Dallas, Mr. and Mrs. Tommy Kupper and Darrin of Lewisville, Mr. and Mrs. Jimmy Kupper and Daryl of Valley View, Mr. and Mrs. Billy Kupper and Jennifer of Valley View, Mr. and Mrs. Jerry Walterscheid and family and Mr. and Mrs. David Walterscheid and family all of Muenster. Most attended the baptism of infant Julie Michelle Walterscheid in the afternoon and were guests of the David Walterscheid family later in the evening.

Since Sunday Walt Klement is making proud use of a new umbrella for his tractor, just one of his Father's Day gifts from his children. Surprise visitors Sunday were a daughter and family, Mr. and Mrs. Larry Ray Jones and Susan. Joining them were Mr. and Mrs. Wayne Klement and Chris, Claude Klement, Mr. and Mrs. Billy Don Wolf and Kevin and Donna, and Doyle and Mark of the home. During the afternoon they also helped Claude Klement observe his birthday with cake and home-made ice cream, served by Mrs. Walt Klement.

Mr. and Mrs. David Yosten and children Steven, Stephanie and Terry of Plano were weekend and Father's Day guests of his parents the Leonard Yostens.

ENERGY MANAGEMENT IS A FAMILY AFFAIR

THERMOSTAT SETTING - wise control of your thermostat can make a large contribution to energy conservation. Try to avoid changing thermostat settings more than twice a day. Frequent changes in settings increase heating cost in the winter and cooling cost in the summer.

SUMMER - set your control at highest setting which is reasonably comfortable. It has been found that 78° is a comfortable thermostat setting for most people during the summer. Each degree higher can save about 4% of the air conditioning operating cost.

WINTER - set your thermostat at the lowest setting which is reasonably comfortable. A maximum daytime temperature of 68° is desirable. Every degree higher can add an additional 3% to your heating bill.

You Can't Escape The Energy Crisis . . . But You Can Do Something About It!

They all joined Mark and Terry of the home to observe Father's Day on Sunday.

YOU CAN BANK ON IT!

Certificates of deposit — called CDs — are much like a regular savings account in that they, too, are insured by the Federal Deposit Insurance Corporation (FDIC). The CDs, like savings accounts, are insured up to \$40,000 by the government-sponsored agency.

More important, there are no uncertainties when money is invested in a bank CD. There are a number of ways that the average investor can get into the money brackets, but all of them entail some degree of risk. There are no risks in CDs.

All so-called mutual funds, even those that invest in short term Treasury bills, have some sort of transaction costs involved, but with bank CDs there are no added charges. And, while it may take many days to liquidate a fund, CD money is available on demand at the bank, subject to penalty if there is an early withdrawal — before the maturity date of the CD.

Thus, a bank Certificate of Deposit can be an attractive investment on both a short or long term basis.

Becky Davidson, Tom Felderhoff Exchange Vows in Saturday Nuptial

In a nuptial Mass celebrated in Sacred Heart Church Saturday, June 18 at 5 p.m. Miss Rebecca Ann Davidson became the bride of Thomas H. Felderhoff, Jr.

Officiating for their vows was Father Stephen Eckart of Sacred Heart. Rev. John Allen of Whaley United Methodist Church of Gainesville, was also in the sanctuary and gave the Reading during Communion Meditation, followed by his personal blessing.

Parents of the couple are Mr. and Mrs. Charles B. Davidson of Rt. 1, Muenster and Mr. and Mrs. Thomas H. Felderhoff of Route 4, Gainesville.

The bride was given in marriage by her father. For her wedding, she wore a white bridal satin gown made by her mother. It was designed with a square neckline in a lace covered yoke embroidered with seed pearls. Pin tucks enhanced the bodice which was complemented with a partial belt and back bow.

Sleeves were full length sheer set to lace, gathered into seed pearl-embroidered cuffs. The skirt flared into a chapel train.

Her chapel length illusion veil was attached to a satin band with satin and organza roses at the temples. She carried a bridal bouquet of yellow sweetheart roses, white stephanotis and baby's breath and wore a silver locket, a gift of the groom. She also had the traditional blue garter, and birthdate penny. For something old and borrowed, she carried a handkerchief belonging to her grandmother, Mrs. O. B. Siegmund.

Attendants

The bride's four sisters of Muenster and a friend from Dallas were her attendants. Barbara Davidson of College Station, Texas, was maid of honor and Pat Davidson, Kathy Davidson and Terry Humphrey were bridesmaids. Amy Davidson was the junior bridesmaid. They were identically dressed in yellow floral print gowns of crepe de chine with elbow-length sleeves in matching floral print chiffon. Yellow picture hats and a yellow rose necklace completed their costume. They carried nosegays of yellow daisy mums, orange carnations, white baby's breath and yellow streamers. The attendants' dresses were also made by the bride's mother.

The groom's brother, Bill Felderhoff was best man and Chris Felderhoff and Mike Davidson brothers of the couple and Ed York a brother-in-law of the groom of Houston were groomsmen.

Mass servers were Mark Miller and Bert Miller, groom's cousins.

Ushering guests were Steve Rohmer of Muenster, Eric Siegmund, bride's cousin of Richardson, Tim Hartman of Muenster and Conrad Janus of Houston.

The altar held baskets of white gladioli, lighted tapers and the couple's unity candle, handmade by Mrs. Henry Voth Jr.

Wedding music included "If" and "Wedding Song" sung by Mrs. Eddy Henry, groom's cousin and "Evergreen", "Time in a Bottle", "Day by Day", "Let There Be Peace on Earth" sung by Linda Miller, Gayle Miller, Laura Kralicke, Lynda Klement and Mary Hess.

Reception

Following the church services, a reception, dinner and dance for 300 guests was given by the bride's parents in the Community Center. Rose and Susie Felderhoff, were at the guest book which was placed on a table holding an arrangement of yellow and white daisies, and the couple's unity candle.

The bride's table held a pair of matching silver candelabra, accents of yellow net and the bridesmaids' nosegays. The cake table was covered with a cloth hand-crocheted by the bride's grandmother, Mrs. Siegmund. Guests tables were decorated with daisies and English Ivy. Suspended from the ceiling was a hanging basket filled with white flowers and several doves.

Presiding at the punch service were Mrs. Reba Day of Callisburg and Mrs. Bill Dunnam of Whitesboro, cousins of the bride. The bride's cake and groom's cake were cut by Mrs. Henry Spaeth, groom's aunt, and served by Amy Felderhoff of Gainesville, Amy Miller of Sherman, groom's cousins and Vickie Dunnam of Whitesboro, bride's cousin.

Others in the houseparty were Mrs. Ed York of Houston, groom's sister Mrs. Steve Brammer of Arlington, Beverly Bruns of Ft. Worth, Rhonda Querner of Carrollton and Sandy Reiter of Muenster.

Guests danced to music by Doug Martin's band.

For the wedding and reception, the bride wore a yellow floral print gown and the groom's mother wore a green crepe gown. Their corsages were of yellow daisy mums. Grandparents: Mr. and Mrs. Hubert Felderhoff, Theo Miller and Mrs. O. B. Siegmund had white carnation corsages or boutonnières.

For their wedding trip to South Texas, the bride wore a black and white jacket, vest and skirt with white accessories. They will be at home west of Muenster.

The bride is a graduate of Muenster High School, Cooke County College and North Texas State University and was a teacher at Kirby Middle School in Houston during the past year. The groom is a graduate of Sacred Heart High, Cooke County College and Texas A & M University and is employed by Felderhoff Brothers.

The rehearsal dinner was hosted by the groom's parents on June 16 in their home, when the couple presented gifts to their attendants. There were 24 guests that included the grandparents. Yellow and white daisies were used in the dining room.

A shower was given by Mrs. Ed York in her parents' home, for cousins and classmates. The refreshment table held a silver candelabra, a cake decorated with yellow roses and white doves, lime sherbet punch and trays of dainty sandwiches.

Another shower was given by Mrs. Louis Stephenson, Mrs. Jim Perry, Mrs. Ed Alexander, Mrs. James Whaley, Mrs. Rena Van Note and Mrs. Jack McWilliams at the Whaley United Methodist Church. The refreshment table was covered with a lace-edged yellow cloth and was centered with an arrangement of yellow and white daisies and greenery. Punch and cookies were served. Daisy corsages were presented to the honoree and the mothers and grandmothers of the couple.

Among out-of-county guests at the wedding were: Mr. and Mrs. Robert Siegmund, Karen Siegmund, Robert Lantz of Dallas, Mr. and Mrs. John Siegmund, Mr. and Mrs. Joe Siegmund of Walnut Bend, Mr. and Mrs. Martin Siegmund and family of Aledo, Mr. and Mrs. Stanley Bush and family of Arlington, Mr. and Mrs. Bert Langford, Jr. of Flagstaff, Arizona, Mr. and

Mrs. Eric Siegmund of Richardson, W. G. Jander and Mrs. Gip Bell of Benton, Ark., Mrs. Dale Sunderland of Mobile, Alabama, Mr. and Mrs. Ewing Aston of Valley View, John Mason, Barbara Sack, John York, Rob Patterson of Houston, Mr. and Mrs. Ed Wilkes of Austin, Mr. and Mrs. Stan Yosten and Greg, Mr. and Mrs. Paul Yosten, Joel and Paulette, Mrs. Barbara Burns, Mike Yosten of Fort Worth; Mr. and Mrs. Randy Bayer and family of Grapevine; Mr. and Mrs. Ted Miller and family of Sherman; Mr. and Mrs. Jim Yosten of Smithfield; Mr. and Mrs. Bill Roe of Callisburg; Mr. and Mrs. Joe Du Bell of Sherman; Mr. and Mrs. Dale Trevathan of Lewisville, Mr. and Mrs. H. B. Snow of Wills Point and other guests from Gainesville, Saint Jo and Muenster.

After a three week vacation in Olney, Maryland, with her son and family, the Vincent Beckers, Mrs. Felix Becker has returned home. Going, she accompanied a granddaughter, Helch Sicking of Gainesville who remained in Washington, D.C., where she is attending a special 4-H Course. She made the return trip with Donnie Sicking, a grandson, who visited the Beckers in Olney for a week. They flew home together to D-FW on Saturday, June 18.

ABOUT THIS QUESTION

"In auto deaths, a jury often awards \$50,000, even \$100,000, to a family to cover the lost earnings of a father who is killed. Is it any wonder that insurance rates are rising? Is it unrealistic to carry auto liability insurance of less than \$100,000?"

This is lignite coal...

It saved TP&L customers more than \$81 million last year.

HERE'S HOW For many years, natural gas was the only fuel used to produce electricity at Texas Power & Light Company generating plants. It was plentiful and cheap. But, in recent years uncertain supplies and drastically rising costs of gas have focused attention on readily available, lower-cost lignite coal.

In the late 1960's, TP&L and two affiliated Texas electric companies began a massive program to reduce their dependency on gas by constructing plants to use lignite. The first plant was placed in operation in 1971 and another in 1974. Others are under

construction and being planned. During 1976, nearly one-third of the electric power which TP&L supplied to its customers was produced at lignite-fueled plants and resulted in customer savings of more than \$81 million.

The price of electricity must continue to go up, however, because of the high cost of building new plants and other effects of inflation. But, as TP&L generates more and more electricity with lignite coal, the increase in price will be many millions of dollars less than if that electricity were generated with natural gas.

Round Baler

HAY PRODUCERS

Sicking Tractor Co. has received the new McKee Round Balers, a new concept in round balers. It forms bales with a soft center for better curing and a tight outside for better weathering. Regardless of the type of hay, bale starting problems are virtually eliminated even in such crops as milo stalks and peanut hay with less leaf loss.

For a demonstration of this baler, the McKee Bale Rustler (hauls 5 big bales), or Kuhn racks, call . . .

Myra Club Plans Benefit Project For Tennis Court

Paula Reiter was a special guest at the May 31 meeting of the Myra Improvement Club. She gave a short demonstration and discussed a benefit with proceeds directed to the tennis court project.

Larry Vogel presided for the business meeting and reported on the Junior-Senior breakfast held on June 11.

Ray Sicking and Ray Hudson were appointed to the sanitary land-fill committee. They will request a meeting with County Commissioners.

New chairmen appointed to committees are Ray Sicking and Ollie Trubenbach, farming, hay production, etc.; Brenda Ramsey youth activities; Betty Williams and Eulike Hudson household committee, Wanda Fleitman library committee. Bernice Sicking will assist.

Donations to the new tennis court fund were accepted from Mr. and Mrs. Ray Sicking and from Louis Kreditor. All funds will be placed in a savings account.

Members agreed to discuss acquisition of a new fire truck with the County Judge.

Mr. and Mrs. C. L. Williams served refreshments to 21 members present.

Mrs. M. Bierschenk Is Valley View's Woman of the Year

Mrs. Mary Bierschenk of Valley View was honored during an awards banquet on May 31, when she was named "Senior Woman of the Year". She is serving a second term as president of Valley View Senior Citizens Club and was instrumental in getting the club organized several years ago.

A plaque was presented to Mrs. Bierschenk during the program. The senior citizens of Valley View meet each Tuesday in St. John's Parish Center.

Mrs. Bierschenk is the mother of Mrs. Rufus Henscheid, Mrs. Kenneth Klement, Kenneth Bierschenk and Dennis Bierschenk all of Muenster and Mrs. Alvin Rauschuber, Mrs. Marvin Rauschuber, Billy Bierschenk, Edgar Bierschenk all of Valley View and Billy Bierschenk of Midwest City, Okla. There are 39 grandchildren and one great-grandchild.

Mrs. Mary Bierschenk remains very active and thoroughly enjoys several hobbies — gardening, baking, needlework, especially intricate embroidery and sewing. She has made the wedding dresses for all of her granddaughters and many of the attendants.

Chickens have become the most efficient device on the farm for converting grain to protein. Today it takes only 2.2 pounds of feed to produce one pound of a broiler, compared with 3.3 pounds in 1950.

Confetti . . .

drain, and to see advertising contracts for two or three times that amount just fizzle away is too much pressure. If the company doesn't expect to knuckle under it would be smart to tear up the contract — the sooner the better.

A disappointing side effect of this affair is a scheme to upgrade Soviet TV standards in the bargain. Whether for lack of know how, or just neglecting progress in that line while concentrating on armament and intrigue, Russian radio and TV are said to be vastly inferior to ours. But they have managed again to improve at the expense of us trusting Americans.

Originally the story was that vast quantities of equipment would be left in Mos-

cow. NBC denies that but admits that the Soviets are "purchasing" 196 color cameras plus other equipment. It's easy to imagine that another part of the deal was a super bargain on any items purchased.

It's been said that people who refuse to learn from history are doomed to repeat mistakes. America has been the sucker many times but keeps on dealing with the super crooks.
