State rural agency Executive Committee to meet in Pampa October 5-6, 2006

The Executive Committee and staff of the Office of Rural Community Affairs will meet in Pampa on October 5 & 6, 2006 at 1 p.m. in the MK Brown Memorial Auditorium & Civic Center, Heritage Room, 1100 W Coronado Drive, Pampa.

ORCA's Executive Committee meets every two months to discuss agency operations and various rural topics. In addition to other agenda items, the Executive Committee will also review additional agency business and will invite public comments on agenda items, the agency's programs, services and activities, as well as other rural concerns. For a complete, detailed agenda for the meeting please visit ORCA's website at http://www.orca.state.tx.us/ and select About ORCA>Executive Committee>Meeting Dates and Agendas.

Three advisory committees will meet at 1 p.m. on Thursday, October 5th to review agenda items with ORCA staff. Those committees are: Finance, Rural Health, and Community Development. The public is welcome to attend the meetings which will be held at the same location as the Executive Committee meeting.

The Executive Committee formal meeting will convene Thursday, October 5th at 2:30 pm.

A reception, which is open to the public and costs \$8 per plate (cash only) will follow the meeting, catered by Dyer's Bar-B-Que Restaurant, from 6-9 p.m. at the same location.

Agenda items not completed on the first day will be considered the following day, Friday, October 6th, beginning at 8:30 a.m. at the same location.

Persons with disabilities who plan to attend this meeting and are in need of a reasonable accommodation in order to observe or participate, should contact Sandy Cardiff at 512-936-6706 at least four (4) working days prior to the meeting.

As the state agency dedicated solely to rural Texas, ORCA makes the broad resources of state government more accessible to rural communities. ORCA was created by the 77th Legislature to facilitate and focus the State's health, economic development, and community development programs targeting rural communities in Texas. The agency ensures a continuing focus on rural issues, monitors governmental actions affecting rural Texas, researches problems and recommends solutions, and is a coordinator and provider of rural-focused state and federal resources.

Gus Birdwell Elementary Literacy Program Receives Grant from Rotary

For the second year in a row, Spearman Rotary Club, on behalf of Rotary District 5730 Simplified Grant and Spearman Rotary Club, was presented a check to benefit Gus Birdwell Elementary School's Literacy Program. Funds from this grant will be used to purchase books for kindergarten through second grade. One-hundred-fifty children will have access to these books. In addition to the books, Gus Birdwell Elementary will be able to purchase new book titles for

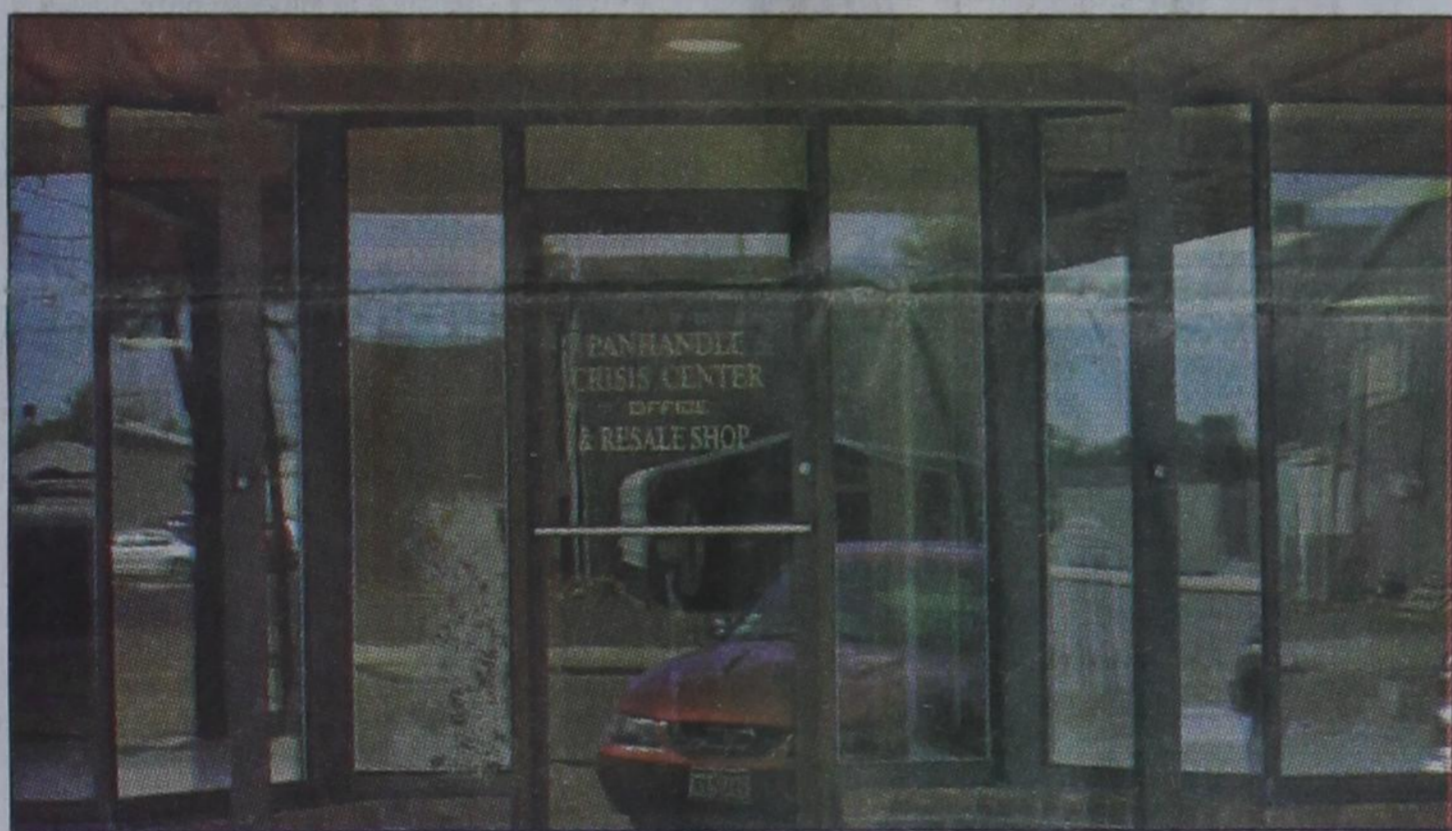

their Reading Recovery Program. This year's check was for \$1,000. Last year's check was for \$1,150.

Another literacy project adopted by Spearman Rotary benefits the Hansford County Library. \$500 will go toward the purchase of new children's books. (\$500 was also presented to Hansford Library last year.)

At each Rotary meeting, the program speaker is asked to sign a book that is then donated to the Hansford Library in their honor.

They began this program in August of 2005, and have donated around 50 books so far.

The importance of literacy cannot be overstated. Rotary's goal is to raise awareness of literacy issues, and they strongly believe that literacy is the foundation for virtually all forms of education as well as an essential component of poverty reduction, social inclusion and economic development.

Grand Opening! Panhandle Crisis Center will open a new resale shop in Spearman on Monday, October 2, 2006. The new store location will be at 306 Hancock. The Spearman Crisis Center office will also move to this location. The new store hours will be Monday & Tuesday, Thursday & Friday from 10 a.m. to 5 p.m.; and closed on Wednesday's. We hope to see you there! We will accept donations for the resale store from 10 a.m. through 4:30 p.m. If anyone is interested in volunteering, please call Janice at the Perryton office, 435-5008.

TDA Announces Signup For Livestock Assistance Grants For Producers Impacted By Drought

Agriculture Commissioner Susan Combs announced that the Texas Department of Agriculture will accept applications Sept. 29 to Nov. 13 from eligible livestock producers impacted by drought who qualify for payments under the federally-funded Livestock Assistance Grant Program.

On Sept. 29, applications will be available on TDA's Web site at www.agr.state.tx.us; at all TDA offices; and at Texas Cooperative Extension and U.S. Department of Agriculture Farm Service Agency county offices in the 216 eligible Texas counties, which includes Hansford County.

Although local Cooperative Extension and FSA staff may have basic knowledge of the program, they will not have received specific training on the program, so producers with any questions are encouraged to call TDA at 1-800-TELL-TDA (1-800-835-5832).

The application must be post-marked by Nov. 13, 2006, and mailed to TDA headquarters in Austin addressed to: Livestock Assistance Grant Program, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711. Incomplete applications and applications postmarked after Nov. 13 will not be considered.

To qualify for LAGP funds, a

producer must meet all the following criteria:

* Must have suffered livestock forage production losses because of drought conditions from March 7 through Aug. 31, 2006 (eligibility period);

* Must have a livestock operation that suffered forage production losses in one or more of the 216 Texas counties classified as D3 Drought-Extreme or D4 Drought-Exceptional during the eligibility period; and

* Must have raised eligible livestock for commercial use as part of a farming operation during the eligibility period. Eligible livestock are adult beef cattle two years of age and older and sheep one year of age and older during the eligibility period. Livestock must have been owned by the producer for at least 30 days.

Forage production losses may include cost of lost forage, supplemental feeding costs, the costs incurred relocating livestock to new pastures, increased feed transportation costs and the cost of emergency water supplies.

Payments are limited to \$10,000 per producer, and the amount of compensation may not exceed the amount of forage production losses. Producers who apply in multiple states cannot receive more than

\$10,000 in total compensation, and the same losses cannot be claimed in more than one state.

For general partnerships or joint ventures, payments will not exceed \$10,000 for each member of the partnership or joint venture.

Because of the anticipated number of applicants and the amount of available funds, payments will be limited and may only cover partial forage production losses incurred by each producer. Of the \$50 million USDA block grant for livestock assistance being distributed to 20 states, Texas' share was \$16.1 million.

Funds will be paid on a per head basis. Per head payment rates will be determined by the total number of livestock claimed by all eligible applicants and will differ for cattle and sheep based on standard animal units. The per head payment rate will be determined after all applications are received and processed.

Additional information about LAGP and the application process is available on TDA's Web site at www.agr.state.tx.us. Producers may also contact TDA's Governmental Affairs Division at 1-800-TELL-TDA (1-800-835-5832) or e-mail ga@agr.state.tx.us.

Hansford County Library continues recycling program

Hansford County Library began a recycling program in February to support the Summer Reading Program. That effort was so successful that it has now been expanded and will run indefinitely.

The library is continuing this endeavor for two reasons. First, we believe it will help preserve our environment by keeping these harmful items out of our landfills, and secondly, it will help raise needed funds for the library.

The library is recycling empty copier and printer cartridges as well as used cell phones, laptops, Palm Pilots and iPods. You can help by turning your "trash into our treasure" and feel good about helping the environment at the same time!

Collection baskets are located in many businesses in Spearman, as well as at the library. Small items may be placed in plastic bags and inserted into the book drop.

Many people have used cell phones and printer cartridges to dispose of, either at home or at work. This is a fun, easy and FREE way to help your local public library!

Spearman Lynx need new score board

The Lynx & Lynxette Booster Club has been asked to help with the purchase of a new Football score board.

The school has had problems with it for the last two years. It was installed 32 years ago, in 1974, and the school is having trouble getting parts to fix it. It quit working last Thursday during the games, forcing the officials to keep the time on the field.

The cost of the new scoreboard will be around \$15,000. Anyone wanting to make a donation may mail it to: Booster Club - Scoreboard, PO Box 343, Spearman TX, or contact Rick Howard at 659-2875.

Live,
Laugh &
Love

by Catherine R. Smith
cathysmith@antden.com

My dear friend Sara Dossett brought me the following, entitled "Remember When." I would like to share it with you - I hope you enjoy it.

Remember When . . .

A penny was a small treasure that would buy something really swell like a Grab Bag full of goodies?

We never locked our doors -- and the hitchhiker along the side of the road was more than likely a young soldier making his way home to the farm?

A cast iron skillet was a lifetime investment, and passed on from generation to generation?

Doctors made house calls?

Kids played freely in the neighborhoods -- and lemonade stands and kickball games were regular sights?

You went to bed on cold winter nights with a hot brick wrapped in an old towel because the upstairs wasn't heated?

Milk was delivered right to your door (and in winter frozen cream pushed the caps off the milk bottles)?

Boys played baseball and marbles and mumblety-peg?

Girls played jacks, cut out paper dolls, or organized neighborhood jump-rope or hop-scotch competitions?

Work was work -- and we were grateful for any opportunity, no matter how humble to put food on the table for our families?

Christmas morning meant exchanging gifts bought with hoarded pennies, nickels and dimes, while sharing cups of hot chocolate and homemade cinnamon rolls with those you loved the most?

May God bless and keep you; May He make his face to shine upon you, and be gracious to you; May the Lord lift up his countenance upon you, and give you peace.

Catherine :)

Gruver Prayer Shawl Ministry Expands Focus
Gruver Prayer Shawl Ministry recently celebrated a one year anniversary having given 62 prayer shawls to friends in need of spiritual renewal. The ministry is expanding their focus to create customized clothing for wounded troops. American military personnel recovering from injuries with braces, fixators, casts, prosthetics and burns are left with a hospital gown as their only clothing option. Sewmuchcomfort.org is filling the "adaptive clothing" need for these veterans. Financial support and seamstresses are needed to modify golf shirts, T-shirts, shorts, scrubs, and pants that provide comfort and maintain their dignity, thereby facilitating the healing process. An informational meeting for anyone interested in sewing garments or contributing to this cause will be Monday Oct. 2, at 9 a.m. and 7 p.m. at Gruver United Methodist Church. Contact Cathy Potts at 733-2329 or www.sewmuchcomfort.org for more information.

Out At The Lake

Lake Level--September 25, 2006--18.44 feet (-0.29)

As fall has begun, activity at the Park has slowed. The regular fishermen are coming, and a few campers still bring their RVs. There were 5 on the north side and one at the office.

A new fisherman from Dumas, Victor Quintanilla, has started driving over to try the Lake. He is a retired city employee. Whether it was beginner's luck or skilled technique, Victor has caught a 33 pound catfish. He did not know how to get it certified for the record, but it is nice to know that it could have been a new record.

A group (yes, Jim Hoy, formerly of Gruver, still comes with them) came over last week to shock the Lake for their records. Jim helped them weigh and measure their catch. He said they found 2 nice bass and 2 nice walleye with the usual catfish. There were lots of shad and carp.

Jim hasn't seen much in the way of the fall bird migration. However, some ducks have shown up.

Our beautiful fall days are so nice for little day trips. Of course, spending time at the Park is a good place to start. Jim is enjoying watching the wind generators go up. He can see 8 from the office.

There are 24 of them built by John Deere without the tax abatement, but the 38 that are in the process of being built now have the abatement. Drive out to Bernstein to see them.

A longer trip that sounds like fun to me is one that starts at Boise City, Oklahoma at 8 a.m. on Saturday, October 7 for a tour of the Santa Fe Trail sites in Cimarron County. Leaving from the Cimarron Heritage Center at 1300 N. Cimarron, the tour will travel by private vehicles through the county to probable sites of Trujillo Springs, Wolf Mountain, Signature Rock, Autograph Rock, and Camp Nichols. High clearance vehicles will be needed. These sites are on private ranches and cannot usually be visited by the public.

Lunch will be served at the museum for \$8. During lunch a special program, "Origins of the Trail" will be presented by Larry Melton of Union, Mo.

Reservations may be made by contacting the Cimarron Heritage Center at 580-544-3479 or by email; museum@pts.net. They need to know: Number in your party; type of vehicle-do you need a ride or can you take passengers; smoking or non-smoking; and if you wish to eat lunch.

Gruver Greyhounds

Clarendon 34, Gruver 14

The Gruver Greyhounds were unable to recover from a 20-0 half-time lead by the Clarendon Broncos on Friday night.

Clarendon (2-2) gained 301 yards and held Gruver (0-4) to 194.

Chandler Miner led Gruver with 89 rushing yards. Tucker Williams scored on an 18-yard pass from Diego Luciano, and Luciano ran for a score.

"We dug ourselves too big of a hole in the first half as we allowed them to score on three big plays," said Coach Terry Felderhoff. "We played much better in the second half, perhaps our best half of the year so far, but could not overcome the 20 point lead we spotted them in the first half."

"We were very proud of the boys effort and desire that they showed in the second half," continued Coach Felderhoff. "We would also like to thank those fans who made the drive to Clarendon. It is very important for the boys to know that people are behind them every Friday night no matter what our record is."

Engagement Announcement

Dona and Bill Cherry of Amarillo announce the engagement of their daughter, Marcy Michelle, to Taos Black Weldon.

Weldon is the son of Teresa Cluck of Gruver and Blyn and Tim Weldon of Stratford.

The couple plan to wed October 7, 2006 at West Amarillo Christian Church.

Thank You!

Thank you to the Spearman Volunteer Fire Department and the Spearman Police Department for your VERY prompt response to our kitchen fire. Had we not been able to put the fire out before you arrived, we believe your quick response would have kept us from losing our home.

Spearman is very lucky to have such a "professional" fire department.

Thanks again,
Gary & Cathy Smith

Thank You!

I want to say a big thank you to all who helped make my 79th birthday such a memorable day! Thank you to those who sent cards and stopped by to see me. Thank you, also, to those who stayed and enjoyed apple pie and ice cream. You all really made my day!

Thank you again, from the bottom of my heart!

BP America Production Company Gas Odorization Program

BP America Production Company is committed to safety and environmental excellence. The company is a leader in the industry in the implementation of safety programs to protect its neighbors, employees and customers.

As part of BP's gas safety program, BP will be implementing a gas odorization program for domestic gas transported b homeowner gas lines from BP operated wells. Mercaptan, an odorant, will be injected into the gas line near the BOP operated well-heads. This odorant will enable homeowners and surrounding neighbors to identify any gas leaks on those gas lines. Those domestic gas lines are located in the area of Hansford County. Homeowners that are currently taking gas from BP wells will receive a separate letter advising of the details of this odorization program.

BP is working to educate the public about pipeline safety with respect to gas leaks. While it's very rare to have any type of incident with a pipeline, there are a few safety tips to keep in mind if you live by a pipeline.

1. How to know if there is a pipeline on your property or nearby:

On Your Property: If you own a homeowner gas line fro BP gas well, you should hire a qualified plumbing inspector to locate the line for you if you are contemplating any digging operations.

Neighborhood: Check for pipeline markers posted in your neighborhood.

Please keep in mind the marker may not show the exact location of the underground pipeline.

Call Before You Dig! In the state of Texas, call (800) 344-8377.

2. Recognizing a leak:

By Sight: A pool of liquid on the ground near a pipeline, a dense white cloud or fog over a pipeline. or discolored or dead vegetation surrounding the pipeline may be signs of a leak.

By Sound: An unusual noise coming from the pipeline, like a hissing or roaring sound, may be a sing of a leak.

By Smell: An unusual smell may accompany a leak. *You may contact Crystal Wuest at (806) 371-4450 to receive a free BP pipeline safety brochure with a scratch-n-sniff mercaptan area that will give you an indication of the odorant smell.*

3. What to do if you suspect a leak:

Leave the leak area immediately. Do not light a match, start an engine, use a telephone, switch on/off light switches or do anything that may cause a spark in the vicinity of the leak.

From a safe location immediately call 911 and the BP Hotline number (806) 948-5167 and report exactly what you have seen, heard or smelled and where this incident took place. Warn others but do so without entering or re-entering the area where a pipeline leak is suspected. Do not drive any vehicle into a leak or vapor cloud area.

In case of an emergency call: BP Hotline (806) 948-5167.

If you own a gas line from BP operated gas well. BP recommends that each homeowner have a back up source for heating their house, water heater, appliances in case the well goes down or if their gas tap line freezes up.

Limited-time offer. Subject to availability in certain locations. Must be a Windstream wireline customer. Broadband Pricing: Price is good for first 12 months & includes Broadband transport & Internet access. After the first 12 months, you may be able to continue at the same monthly broadband service rate in return for a new agreement. Satisfaction: If customer cancels within the first 30 days, first month fee will be refunded and customer will not be subject to cancellation fee. Modem equipment must be returned upon termination. Exceptions to refund include shipping and handling fees. Broadband Speeds: 3Mbps availability may vary by customer location. The actual data transfer rate is an "up to" speed. Windstream cannot guarantee Broadband speeds or that Broadband service will be uninterrupted or error-free. Free Modem: Free Broadband modem after instant credit of \$49.95 and \$50 mail-in rebate. To qualify for free modem, you must (a) activate new Windstream Broadband service with a 12-month service agreement (2) maintain your Broadband service for at least 30 days from service agreement start date and (3) submit a fully completed rebate certificate by postmark date of 45 days from Broadband service activation date to the address shown on the rebate certificate. Applicable Broadband modem charges, sales tax, shipping and handling fees added to bill statement. Other restrictions and conditions may apply. Additional Information: Credit approval required & pre-payment may be required. Taxes, fees & other charges, including Universal Service Fund, apply. Windstream reserves the right to cancel or discontinue this plan at any time. If any required bundle component is disconnected, all remaining components convert to the regular tariffed monthly rate. Other restrictions may apply. Offers are subject to the Windstream Terms & Conditions for Communications Services available at any Windstream store or at windstream.com. Contact a Windstream representative for details. All products and service marks referenced are the names, trade names, trademarks & logos of their respective owners.
