**Spearman City Council...
hears plea on pool**

by Angela Jones
Copy Editor
The City of Spearman heard a request for reducing the swimming pool admission for the Spearman Children's Home at the Tuesday, July 21, meeting.
Mr. Dan Ellis, the house-father at the children's home asked the council to consider reducing the rate or create a family pass for the children of the home. He stated that because of the number of children in the home it was too expensive to allow them to swim very often.
After a discussion was held, the council decided not to take action at this time. But they plan on considering the options for next year's swimming season.

Alice Peddy, chief appraiser of the Hansford County Appraisal District, discussed the proposed budget for 1992-93 year. She answered questions from the council and explained that no action had to be taken at this time.

She then presented a contract for assessment and collection of 1992-93 taxes. She stated that the contract was the same as past years. Mike Cudd motioned that they enter into the contract. It was seconded by Don Reed. The motion carried unanimously.

Also Peddy presented the council with a refund check in the amount of \$2,542.02.

Other business conducted at the meeting was the consideration of a contract with the Hansford County jail to detain city prisoners. The rate would be the same as last year: \$20 per prisoner per day and \$4 per meal. Reed made a motion to enter into the contract. The contract is from February 1, 1992 through January 31, 1993. Charles Elliott seconded the motion and it carried unanimously.

City Manager, Kelvin Knauf gave a status report on the possible condemnation of lots 8 and 9 (on Main). He stated that he had spoken to Mrs. Lasater, a sister of the property owner. She did not know where the owner was or if he would consider selling. No action was taken.

The 1992-93 proposed budget was presented to the mayor and the

Simpson held on bond

Michael Scott Simpson, a Spearman resident, was still being held in Hansford County Jail, in lieu of a \$10,000 bond, reported R.L. McFarlin, Hansford County Sheriff, on Tuesday, July 28.

He is charged with aggravated sexual assault on a minor. According to McFarlin, Simpson was arrested on Monday, July 20 by the sheriff's department and charged by the Hansford County District Attorney. Bail was set by Justice of the Peace, Michelle Davis.

McFarlin further reported that Borger attorney Gene Compton had been appointed by the District Judge to represent Simpson. The appointment was made Monday, July 27.

Simpson is one of three aggravated sexual assault cases, McFarlin says, he expects to present to the Grand Jury on August 13. Lloyd Goodman was arrested and charged in April and Santiago Tercero Jr. was arrested in June. Both are out of jail on bond.

Spearman man injured in accident

Manuel Torres, a Spearman resident, suffered burns, internal injuries and a broken leg as a result of a single vehicle car accident Sunday, July 26 on highway 15 3.5 miles east of Spearman.

According to Ed Longoria, DPS officer, Torres was driving east on Highway 15 in an 84 Chevrolet pick up. At 6:30 p.m. he veered off the road and struck a tree. The vehicle began to burn.

Torres was pulled from the vehicle by a passing motorist and a truck driver. He was treated and transported by Spearman EMS to Hansford Hospital and later to High Plains Baptist Hospital in Amarillo.

As of Tuesday, July 28 Torres was reported stable and doing well by Lonnie Lane, a nurse at High Plains ICU.

Home health care is a different kind of nursing care

Home Health care is a different kind of nursing care, according to Terri McCallie, RN. Terri has recently become Hansford Home Care's fulltime skilled nursing caregiver, after working here parttime for a year.

"When you see people in their own homes, you see the whole person, as a person, not just as a patient," she says. Terri knows; she spent five years as an intensive care nurse.

Home health care is especially satisfying for Terri, because it gives her an opportunity to do a lot of teaching. "Basically, you're teaching people independence," she states.

Hansford Home Care provides many services: helping with personal grooming and bathing, dietary counseling, general checkups, drawing blood for lab tests, and physical therapy are just a few examples of the range of services available, Terri explains.

Home care can provide these services seven days a week, from 9 a.m. to 5 p.m.—as often as ordered by a doctor. A registered nurse, a physical therapist, specially-trained aides, and a dietician are all available to the home health patient.

"We may see some people for just a few weeks, or it can be for many months, depending on their needs," explains Terri. Each person receiving this care is treated as an individual.

Julie Adams was one person who really benefited from these services. For nine months Mrs. Adams was receiving chemotherapy through a

The release by State Comptroller John Sharp states that this month's sales tax payments include taxes collected on May sales and reported to the Comptroller in June by businesses filing monthly tax returns.

Unemployment rate decreases in May

Hansford County unemployment rate is decreasing according to a report from Mary Scott Nabers, Texas Employment Commission.

According to the report Hansford County's unemployment rate has dropped to 3.6% in May. In April the unemployment rate was reported at 4.8%. This is a decrease of 1.2%.

of a possible 3,928 eligible workers, 3,741 jobs were filled in April.

Although it is reported that Hansford County's unemployment is on the decrease the rest of the state does not seem to be following our lead. The Texas state unemployment rate held at 7.4% for the third month in a row.

Nabers said, "The state's unemployment rate is too high and too flexible." May's rate is higher than it was last year. In 1991, May re-

Deciding If Your Business Is For Fun Or Profit

How do you decide whether income generated at home should be handled as a hobby or a home-based business? An accountant or tax advisor can tell you for certain, but the Internal Revenue Service (IRS) offers several guidelines to help you to decide.

For tax purposes, income from a hobby must be handled differently than income from a business. No clear-cut rule exists to distinguish business income from hobby income. The IRS considers a variety of facts and circumstances, with no one factor being conclusive. So how do you determine what kind of income you have? Some of the factors the IRS considers in making the determination include the following aspects:

-A professional manner of business—Approved operating procedures, record keeping, and adoption of improved techniques help to establish professionalism.

-Level of expertise—An income earner who can show a high level of preparation and knowledge in relevant areas is likely to qualify as a business owner. Expertise can be documented through classes, self-study, research, or experience. Consultation with authorities can also serve to show expertise.

-Amount of time and effort involved—Personal time and effort of the taxpayer will show intent to derive profit. A taxpayer who has left a paying job to run a business or employs other people indicates dedication of time and effort.

-Expected increase in asset

value—Businesses which deal with assets that will appreciate, such as land, can show an increase in asset value to establish business income. The asset, however, must be connected to your business.

-Past success in similar activities—The IRS primarily looks for success in terms of a profit earned in earlier activities similar to your current business. However, a case could be made for volunteer activities if satisfactory "success" can be shown in another way.

-Profit and loss record of the business—A series of years in which a profit is earned is the strongest way to show that an activity is a business. Newly formed businesses will not be expected to show this record. A history of losses because of uncontrollable circumstances, such as depressed market conditions or natural disaster, would not necessarily count against the business.

-Occasional profits compared to investment—If profits are realized only occasionally, the IRS will compare them to owner investments. Substantial earnings compare to investment provides a case for business income.

-Financial status of the taxpayer—If the business owner does not have other sources of substantial income or wealth, the IRS is likely to classify the activity as a business. If the taxpayer does have other sources, a classification of recreation or hobby is likely.

-Personal pleasure gained from the activity—Fortunately, the fact that a business owner likes what

he or she is doing is not a reason for the IRS to classify the business as a hobby. However, if significant recreational elements are present, a strong case can be made against the business classification. In the case of a freelance golf pro, for example, complete documentation regarding the other guidelines would help establish a business classification.

For all of the above guidelines, good record keeping is essential. While approved bookkeeping methods provide evidence of profit and loss, other indications might not be so clear. Methods of documentation could include:

A record of any classes or self-study undertaken.

Notes showing the time, place and topic of consultations with authorities.

Clear, concise records of customers and vendors.

A complete, thorough business plan.

Hours noted on a calendar show-

ing daily time devoted to the business.

Employment records or performance reviews from previous jobs showing a success record in related fields.

A current net worth statement indicating no dependence on other sources of capital.

Home-based business owners can read more about income classification in the IRS code of regulations. Ask your librarian for assistance in locating and using the code. Section 1.183-2 specifically addresses the issue of profit versus non-profit activities. The regulations provide examples of situations which illustrate evaluations the IRS might make.

Clear documentation is the key. Home business owners who maintain clear, accepted business records are not only likely to be able to prove to the IRS that they are a true business rather than a hobby, but will probably be more likely to make a success of the business.

Area church members travel to Belarussia

by Josie Holt

Seventeen churches from four different states joined four churches in Amarillo to carry the love of Jesus to Belarussians. Over the period of one week 70,000 Bibles were handed out by 89 people from around this area. We went into hospitals, birthing houses, subways, orphanages, villages, churches, the stock exchange and parks to share the love of Jesus with the city of Minsk in Belarussia. Each night a crusade was held and during the day park and subway ministries were held.

The Belarussians were very friendly and open to ministry. We had no trouble in finding open doors through which to minister and hand out Bibles. The people welcomed us, and we began to feel at home

among them. We each became good friends with the Belarussians.

I had the opportunity to share my testimony, through an interpreter, during a park ministry. The people were very open to hear about Jesus, and at the end of each service hundreds of hands would go up to receive Him as their Lord and Savior.

The last week of the trip was more of a tour as we visited St. Petersburg and Moscow. We visited many fabulous monuments and buildings including the Hermitage, the Kremlin and Red Square.

I would like to thank everyone for the prayers backing not only me but also the whole mission group. We had no injuries or sickness and the people accepted us with open arms. Thank You!

Minding Your Own Business

MADE IN AMERICA

I just finished the late Sam Walton's autobiography, *Sam Walton: Made in America*. It is fascinating reading if you are a small business success story fan. It's pretty good reading even if you're not.

Although Mr. Sam and I were a generation apart, we had several things in common. For example, we both attended school in north Missouri. We both served as class officers and lettered in more than one sport. We both opened our first retail store in small rural towns and we started out with exactly the same number of stores-one.

Mr. Sam launched the first Wal-Mart store in 1962 when he was 44 years old. Today there are nearly 2,000 stores in the chain. I was a sophomore in high school that year, and I still don't what I want to be when I grow up.

In *Made in America*, Walton shares the essence of his success under the heading of: "Sam's Rules for Building a Business." I think "Sam's Rules" are worth sharing in this column.

Sam's Rules

Rule 1: "Commit to your business." To Mr. Sam, that meant pouring his heart and soul into Wal-Mart. Although he took time for God, his family, bird-hunting and tennis, he remained committed to building his business.

Rule 2: "Share your profits

with all your associates and treat them as partners." Early in the book Walton said that profit sharing was a major force in the partnership forged between Wal-Mart and its associates. He cited examples like Bob Clark, a 20 year Wal-Mart truck driver, whose profit sharing account is more than \$700,000. Joyce McMurray, a company trainer, has nearly \$500,000 in her retirement account. Sharing

profits began with the first store managers. Many of them are millionaires today.

Rule 3: "Motivate your partners." Mr. Sam stressed setting high goals, encourage healthy competition and avoided becoming predictable.

Rule 4: "Communicate everything you possibly can to your partners." Mr. Sam wrote, "The more they know, the more they'll understand. The more they understand, the more they'll care. Once they care, there's no stopping them."

Rule 5: "Appreciate everything your associates do for the business." Mr. Sam believed in the value of sincere words of praise. He praised his associates openly and often.

Rule 6: "Celebrate your success." All through the book, Walton points our funny experiences that happened during Wal-Mart's growth years. The message is don't take yourself too seriously, have fun and enjoy.

Rule 7: "Listen to everyone in your company." Mr. Sam probably spent more hours in his stores listening to associates than any other company founder. I believe it

On Thursday, July 23, Larry Trosper, Kathy Boyd, Lynanne Maize, Judy Nelson and myself went to Perryton for a joint meeting with members of the Amarillo Chamber of Commerce. The meeting was to establish what was going on in each chamber and the special needs of each town and what we could do to help each other.

August will be membership luncheon month! We would like for all of our members to be able to attend! Defensive driving course: August 3-4, \$30 members and \$35 non-members.

worked. **Rule 8: "Exceed your customer's expectations."** Walton always tried to give every customer exactly what they wanted - and a little more.

Rule 9: "Control your expenses better than your competitors." Recently, we analyzed the top American retailer's annual financial statements. Wal-Mart's operating expenses, compared to sales, are nearly a third less than No. 2 K-Mart and less than half of No. 3 Sears. That takes dedicated control.

Rule 10: "Swim upstream." Walton said that the statement he remembers hearing more than any other, was that a town of less than 50,000 population can't support a discount store very long. All through his discount career he ignored the "conventional wisdom.

Here's some conventional wisdom I think Mr. Sam would approve of: Read *Made in America*. Who knows, the next "Mr. Sam" may be a Minding Your Own Business.

Among the Neighbors

by Helen Fisher

Kathleen and Tom Sutton were entertained last Tuesday evening in observance of their 50th wedding anniversary. Rubyjo and J.D. Wilbanks hosted the gathering of the group of friends and relatives in their home.

Kathleen Greever and Tom Sutton were married on July 26, 1942 at Hardesty and have lived in Spearman since. They have three children-Omar and Noreen of Spearman and Darlene Lasley of Dumas and three grandchildren.

Those enjoying the hospitality of the Wilbanks were Tom's sister and husband from Hardesty, Mr. and Mrs. Cecil Elliott; Mr. and Mrs. Olen Bachler of Katy, Texas; Christi Williams, Gruver; Darlene and Jerry Lasley, Dumas; from Spearman - Don and Gloria Knox, Verna Gail Keim, Billy and Sybil Miller, Estelle Jackson, Sharon and Omar Sutton, Noreen Sutton, Mr. and Mrs. Wallace Berner.

Last Sunday Tom and Kathleen Sutton with Noreen attended the reunion of the descendants of the O.A. Suttons. It was held in Hardesty with 35 there. Tom and his sister are the only survivors of their generation.

Interesting guests of Cathy and Pat Patterson were friends from Bern Switzerland who left Thursday. They were the host family where Clint Patterson stayed the year he was an exchange student in Switzerland. The mother, Vrenie Sale with three daughters, Alexandra, Simona and Manuela spent two and a half weeks with the Pattersons. Alexandra was a foreign exchange student in Virginia last year and speaks fluent English.

During their stay, Clint, accompanied by Anna Bredenberg of Irving, came up from Rice University for a week.

The Pattersons made every effort to show them an over-all view of life in the Texas Panhandle.

They took them to "Texas" in the Palo Duro Canyon; the 4-H Rodeo; the historical museum at Canyon; horse back riding at the Travis Pattersons and especially the Dis-

covery Center in Amarillo.

Cathy was of the opinion that they seemed most impressed by the friendliness of the people here, and also the flat terrain-so different from their mountainous region.

On Sunday the Pattersons, assisted by Marilyn and Dennis Cline, hosted a cook-out for them at their home. More than 55 persons enjoyed the bountiful meal and meeting the guests.

The Sales fly to Chicago, then to near Bern where they will take a train to their home.

Congratulations to Mark Eakin who placed second in the overall ranking in the calf roping in the National Finals of high school rodeo last week at Shawnee, Okla. This is no small achievement considering that the best ropers from every rodeo association from every high school in every state in the United States were in the competition.

Mark is the son of Wanda and Jim Eakin, and the chagrined grandson in the county is Mark's grandmother, Blanche Greene, who was unable to go to the finals due to her illness.

Who had the most fun- the grandkids or Grandpa and Grandma Dixon? Mary Frances and Perry Dixon took their grandchildren to Chama, Colo. last week for a ride on the narrow gauge railroad. The grandchildren are Andrew Dixon and Trae and Terryn Dixon. Their parents-Mike and Shannon Dixon of Plano and Monte and Connie Dixon of Morse went along to act as chaperons.

Andrew had been visiting his grandparents for a week as Carli Dixon brought him, and he went back with his parents. Mike came to attend the 1982 high school class reunion. They returned to Plano where he is employed by the Polymed Company.

Joan and Johnnie Lee returned Monday from a long drive to Jonesboro, Kentucky. Her sister, Winifred and J.D. Hester of Texline went with them. They attended the wedding of David Lee Hoskins,

the son of their brother, Freddie (as he will always be to Spearman folk).

The first night they spent in Bartlesville with Sada Ruth and Howard Long who joined them for the rest of the trip. In Jonesboro they met Freddie and Mrs. Hoskins who now live at Charleston, West Virginia.

Jonesboro is quite a historical city and the Hoskins stayed in a "bed and breakfast" restored home which they all found very interesting. The rehearsal dinner and wedding reception were also held there. On the return trip they came by Kansas City, Kansas and visited the Lee's daughter, Johnette Boyle and her two daughters.

Virginia Head, Aleta Jackson and her three boys attended the Morse family reunion last week at Cloud Croft, New Mexico.

They picked up Cathy Ballard in Borger, then in Panhandle joined Catherine and Zane Hall, Pampa, and Elizabeth Carr with Gary of Miami and went together.

Their return trip was delayed in

Clovis as they had to take shelter from a terrific rain and hail storm.

Billie Joan and Leslie Reynolds with daughter Jan have been visiting many relatives and old friends here and in Perryton for a couple of weeks. They live at San Antonio and while here headquartered at Robert Darrell Greevers at Perryton and spent much time with her parents, W.R. and Eulalie Greever and his mother, Mrs. D.O. Reynolds.

They attended a number of events while here, including the Turner-Shields wedding on Saturday evening and the B.J. and Natalie Turner 50th wedding anniversary reception on Sunday.

One evening family members gathered at the home of W.R. and Eulalie Greever to commemorate their 58th wedding anniversary.

The Greevers had been vacationing at South Fork, Colorado and plan to return in the near future.

Maxine Banister returned Sunday from an enjoyable week in Colo-

rado with friends and relatives. She was a guest in the home of Cathy and Sonny Herring and family in Denver. They spent some time in Steamboat Springs where Maxine formerly lived, and renewed friendships with several. She and Cathy and children went to Rangely, Colorado to visit her nephew Mike Crawford.

Four Spearman ladies relaxed for the week-end in Red River. The previous week-end Wilma Lackey, Eva Adkinson, Ernestine Gray and Norma Holland enjoyed the cool weather.

Mary Ellen and Malcolm Kirkland with Jana Mae and Paul came up Thursday and spent the week-end with her father, Freeman Barkley, and visited other relatives. They returned to their home in Sulphur Springs late Sunday.

Dr. Doug and Connie Steger and children spent the week-end with her parents, Virginia and John Trindle. Connie and children will

remain here a couple of weeks, but Doug had to return to his practice.

The Stegers are well settled and pleased with their move to Graham. Other Sunday guests of the Trindles were Stan Hudson with friends David and Brenda Paulsen of Pampa. Stan spoke at church

On The Go With Joy

by Joy Henderson

Well, I promised you more of my "Wandering/Wondering" games, but I'm not in the mood this morning. I've lost my train of thought and besides after two days of trips to Amarillo, I feel kind of zonked.

My daughter Dana Stovall from Duncannonville is here visiting and we promised ourselves a fun week of doing things for Mother (me) and that included lots of crafts and a major overhaul of my bathroom. But you know how things go when you want to accomplish something, you have to make a trip to gather up the needed tools and supplies. That probably means also that in the back of my mind, I will need to make a visit to Wally-world.

O.K. So I have a list of our activities and outlines of our chores, but guess what M.H. came up with. Pears! Do we let them rot and go to waste or do we put them up into something edible? We have already put up 25 or 30 pints of pear preserves or syrup and that is just from the ones that have fallen off the tree. Then, M.H. has beans, peas, squash and tomatoes blooming in his garden. Uh! Oh! That is beginning to sound like 2 years ago when we had such a humongous garden. Don't imagine you want to hear anymore stories about that. Me neither!

Several weeks ago, I had an article of "food for thought" and this week I have "twenty ways to be perfectly miserable." Think about yourself. Talk about yourself. Use "I" as often as possible. Expect to be

appreciated. Be suspicious. Be jealous and envious. Be sensitive to slights. Be selfish. Never forgive a criticism. Never forget a service you have rendered. Trust nobody but yourself. Insist on consideration and respect. Demand agreement with your own views on everything. Sulk if people are not grateful to you for favors shown. Shirk your duties if you can. Love yourself supremely. Do as little as possible for others. Be on the lookout for a good time for yourself. Listen greedily to what people say about you. (author unknown) That's funny! I thought these things were what was making me happy, not miserable. Do you suppose I have an attitude problem of some sort? Seems like I remember someone describing me as a spoiled brat.

Good news for several people. We have some new births to announce. We learned that Luke and Julie Pittman have a new son. I thought I saw grandma Lucy Pittman on Cloud 9. Also Rod and Denise Karlin have a new son to go along with big brother Reagan. I think he has been named Shelby Jackson. He weighed 7 lb. 6 oz. Grandpa Dave Karlin had surgery last week, as soon as he recuperates and gets home, he will probably hand him a basketball or some kind of ball and say "Let's get to practicing!" Grandma Dixie will probably get a little teaching session in before reporting to her duties at the elementary building. It was sure good to see John

York and his family visiting in the Gruver area. He lived here several years ago when his father was minister for the Church of Christ.

Weldon and Elene Green took advantage of a few days after a long wheat harvest and did some traveling and sight-seeing to the states west of here. Seems like I overheard someone mention Flagstaff, Ariz. Grandmother Vivian Green is still enjoying different ones for a this summer including her daughter Adeline Wheeler from Albuquerque. I think daughter Virginia and John Alley are also expected to drop in. B.J. and Glenda Renner enjoyed having their three children, Viva, Ross and Anise for Sunday dinner.

While Josephine Ayers is visiting in South Dakota, Flavil traveled to Borger for Sunday dinner at his daughter Shirley's home. Also got in a quick visit with Byron and the Ayers granddaughter Kisaundra Nesbitt. Other last minute visits with relatives and friends before leaving for Rome, Italy was Brenda (Williams) Henderson. As I understand it, Brenda and family will be in Italy for a couple of years where her

husband will be employed.

Others getting in some quality time before summer vacation and were Glenda and Kale Steed visiting Hugh and Marie Bell and Chris and Lynelle Morris guests of V.B. and Vera Morris. I overheard Connie Burgoon say she had fixed cinnamon rolls for Andrew to take back to Canyon with him. If he gets such good farewell gifts, I wonder why he doesn't come home more often.

Ray and Christine Brandvik had a group of visitors last week-end. Included were Terry Etling of Dallas and Chris Brandvik of San Antonio. Visiting with Norma and Vernon Edens was Anne Smith from Sulphur, Okla. Guests of Sue Hartranft were Missy and Amanda Strickland from Fritch.

The granddaughter of Anna Beth Wood, Cayla Simon is visiting here.

Arlene (Barkley) Biebesheimer and her husband Jerry are making their headquarters with Dad Howard while they are relocating here in the United States. They recently returned from Germany where they were singers with an opera company.

Shapley...

honored at bridal shower

A miscellaneous bridal shower honoring Dala Shapley, Bride-elect of Tommy Shapley, was held at the Billy Logsdon home in Hitchland on June 20, 1992. Guests called between the hours of 2 and 4 p.m. The couple's wedding will take place August 1st in the Gruver United Methodist Church.

The hostesses presented a pink and white rosebud and daisy corsage to the bride-elect. Dainty white daisy corsages were presented to Dala's mother, Marian Tomlinson; Julie Cathey, mother of the prospective groom; and grandmothers Helen Shapley and Bettye Clark.

Dainty pink roses decorated the cake squares and mints which were served with strawberry punch, coffee and mixed nuts. The refreshments were served from a table covered with a white Battenburg lace tablecloth from Italy. An arrangement of burgandy, blue, and ecru silk flowers in a silver bowl from Williamsburg, Va., served as a centerpiece. This was presented to Dala following the shower from the hostesses. Cut glass and silver appointments completed the table setting. Carrie Guthrie of Spearman and Katherine Gumfory of Austin, friends of the couple, served the

refreshments.

Out of town guests for the occasion were Mica and Sydney Been of Lubbock, Cami Jenschke of Austin, Pam and Laura Fulton of Floydada, Tracy Logsdon of Lubbock, and Debbie and Tyra Clarke of Amarillo.

Hostesses for the shower were Mesdames: Kathy Logsdon, Doris Armes, June Barkley, Pat Barkley, Charlotte Bergin, Beulah Ben Bort, Diane Brown, Lamoynne Cator, Mary Jo Cluck, Georgia Davidson, Gerry Davis, Pat Dawson, Diane Doty, Fran Duncan, Reatta Gammon, Nancy Garcia, Charlotte Gilbreath, Angela Grotegut, Carla Gumfory, Mavis Hart, Cynthia Henson, Kay Hobbs, Darlene Hoel, Georgia Holt, Janet Irwin, Jody Irwin, Pat Irwin, Polly Jones, Vireta Knight, Juanita Logsdon, Julie Logsdon, Tracy Logsdon, Marsha Lowe, Shirley Lowe, Rosemary McKee, Diane McLain, Sandra McNett, Evi Meyer, Marguerite Nelson, Kathy Potts, Melba Raser, Norma Red, Angie Rimmel, Glenda Renner, Esmeralda Renteria, Gloria Renteria, Gloria Reynolds, Mary Jo Robinson, Sue Smith, Gyene Spivey, Barbara Stavlo, Judy Stedje, Kathy Stedje, Mary TeBeest, Linda Venneman, Judy Virden, Wanda Wagner, Jackie Wilson, Cynthia Williams, Rita Williams, Anna Beth Wood, Tonnie Yanke, Marlene Winger, Ann Dorman, Sharon Saltzman, Carolyn Hicks, Betty Roberts, Debbie Odom and Nell Dean Bagwell.

Haight and Hiles...

exchange wedding vows

Miss Tasha Lin Haight and Mr. Todd Matthew Hiles were united in marriage at 6 p.m. Saturday, June 27, 1992 in the Gruver United Methodist Church.

The bride is the daughter of Charles and Linda Haight of Gruver, Texas and the groom is the son of Dave and Judy Hiles of Frankenmuth, Michigan.

Dr. Lewis Holland of Gruver U.M.C. officiated

for the double-ring ceremony before the 17 branch fan candelabra. At each side was a 9 lite tree candelabra draped with ivory sheer fabric and fresh fern foliage. Two urns with columns filler with spring garden Bokas of Iris, snapdragons, liatris, candia roses, dianthus and rhubrum lillies graced the altar. Behind the candelabra were ferns. The unity candle sat at the left. At the back of the church were two isles poles with three lights, draped with ivory lace bows. The mother's pews had cascades of liatria, candia roses and rhubrum lillies. The florist was Stan TeBeest with the Golden Crown of Guymon, Okla.

The bride, who was given in marriage by her father, wore a gown made of delicate imported chantilly hand clipped lace and peau de soie. It was fashioned with a sweetheart neckline and long tapering sleeves which came to points over the wrist. The neckline was accented by lace re-embroidered with pearls of seed pearls. The skirt had panels of lace and tulle cascading from the hip to the floor in graduated tiers and formed a chapel train. Her floor length veil was of illusive lace with ivory flowers, and seed pearl head piece topped with ivory lace. The gown was also worn by the mother of the bride, 30 years ago. The bride's bouquet was colonial cascade of candia, gigi, bridal white, pink and arian roses backed with ivory tulle.

The bride's maids wore floor length fitted gowns of azela pink moire taffeta. They carried long stem candia roses with ivory lace ribbon. The junior bridesmaid carried a bridal wreath filled with roses and foliage. The flower girl carried a rose basket filled with candia rose petals. Both girls wore ivory floor length moire taffeta dresses, each having halos of baby's breath in their hair.

The bride's mother wore an ivory chiffon skirt with a brocaded top of pink, blue and ivory. The scoop neck was outlined with ivory lace and pearl buttons. The groom's mother chose a two piece cream colored dress styled with a soft draped peplum accented with a large satin bow at the waist.

The main of honor was Tiffany Blatnik, Dallas. Matron of honor was Tonya Hubbard, Oklahoma City, Okla., cousin of the bride. Other bridesmaids were Connie Red, Gruver, and Mary Ann Hiles, sister-in-law of the groom from Frankenmuth, Mich. Amber White, cousin of the groom, was the junior bridesmaid and Molly Miller, cousin of the groom, was the flowergirl. Both girls were from Frankenmuth, Mich.

The groom, bestman and groomsmen wore black tuxedos with tails. The groom wore ariana rose, the groomsmen wore candia rose in lapel with cummerbund and bow tie matching the bridesmaid's dresses. The groom and ring bearer wore ivory cummerbuns and bow ties. The bestman was Mark Hiles, brother of the groom. The groomsmen were Gregg Haight, brother of the bride of Gruver; Hugh Thompson of California and Tim Holland of Dallas. The ring bearer was Nathan Miller of Frankenmuth, Mich., cousin of the groom.

The organist, Ann Dorman, and pianist, Carolyn Fletches, provided the traditional wedding music. Shiloh Parrish of Perryton was the soloist. She sang "Doubly Good to You" and "I Will Be Here."

The reception was held in the fellowship hall with ivory punch and an ivory dome shaped wedding cake with delicate spring flowers covering it. The groom's cake was chocolate decorated with grapes. Both cakes were beautifully decorated by Opal Wallin. Cousins of the bride, Amy Compton, Gay Ann Compton and Brandee Haight served at the reception.

Cora Meyer presided at the guest table. The tables were decorated with ivory tablecloths, spring flower bouquet and spring flowers in two urns and columns.

A rehearsal supper was given on Friday evening. It was held in the fellowship hall of the Methodist Church. After the wedding reception a dinner was held for the wedding party at the Archie Nelson home.

Those attending from Frankenmuth, Mich. were Mr. and Mrs. Dave Hiles, Mr. and Mrs. Mark Hiles and Matthew, Mr. and Mrs. David Miller and Molly and Nathan, Mr. and Mrs. Cliff White and Amber and Mrs. Lorine Pagels.

On July 10th a reception was held in Frankenmuth, Mich. It was given by Dave and Judy Hiles, parents of the groom. A western theme was carried out where 125 friends attended. The reception was held at the Bavarian Inn Motor Lodge. Out of town guests were Mr. and Mrs. Charles Haight, Gregg Haight and Mrs. Lo Ree Hall.

A PRO IS BORN?

CONGRATULATIONS to BENNY SWIRES of Randall County for winning the July 16th Fun tournament on lake Greenbelt. At the weigh-in ceremonies, Benny sounded just like a professional fisherman when he gave credit for the victory to Berkley's new PowerWorm and to his brand new Astro boat. He won a trophy and \$385 for his efforts.

Second place and \$165 went to LOWELL RUSHER of Hereford, who caught a nice 2.25 lb. bass. The \$110 third place prize money went to Pampa angler DAVID TURNER.

Despite the north winds of an unusual July cold front, fifty-five anglers from sixteen Panhandle towns competed in this three hour Thursday evening event. The highlight of this tournament was the participation of 17 kids who fished for free. The adults might forget this tournament but these kids will remember that night for the rest of their lives.

Don't forget that all kids under seventeen can fish free with an adult entry at any Fun Tournament during the rest of 1992. In August that includes: Sunday morning, August 2, at lake Mackenzie; Thursday evening, August 6, at Lake Meredith; and Thursday evening, August 20, at Lake Greenbelt.

The BASS Master Classic is underway at Lake Logan in Alabama. I am pulling for TOMMY BIFFLE of Oklahoma and

LENDELL MARTIN, Jr., of Nacogdoches because they both have attended our February OUTDOOR WORLD sportsman shows.

Another personal favorite is JOE YATES from Arkansas. In 1986, on Lake Broken Bow, he was the first professional angler who shared his boat with me during the pressure of a bass tournament. Joe, who loves the fishing but dislikes the media hype of professional fishing, just might be the nicest guy on the BASS tour.

Other Texans at the Classic include GARY KLEIN, ZELL ROWLAND, LONNIE STANLEY, JAY YELAS and RICK CLUNN.

QUOTE of the Week from JIMMY HOUSTON: "There is no such thing as too many bass in a lake. Look at a feedlot, those cows are shoulder to shoulder and getting fatter every day. Instead worrying about too many bass, the 'experts' should start providing more food for the bass."

Circle Saturday, August 22, on your fishing calendar. Plans are underway for a special fishing tournament to benefit the victims of the Fritch Tornado. SANDY CARROLL and the PAMPA BASSMASTERS CLUB report that cash and prizes total \$2,000. Anyone wanting to help or donate should contact Sandy at 665-1870. My special thanks to the members of UFCW Local #1000 and HOMELAND for donating a \$200 shopping trip. Like I said mark your calendar, August 22.

Make sure your company's safety program measures up

Protect your work force — and your company's bottom line — by including power line safety in your company's training program for heavy equipment operators. Personnel who operate backhoes, cranes or other equipment should know how to avoid contact with power lines.

Caprock #1 receives award

Caprock #1 awarded its semi-annual quality department award recently. This award is given to the one department at each Caprock Feedlot that most closely follows the Quality process as outlined by Caprock Industries.

This process includes following written procedures, measuring different activities to pinpoint problem areas, implementing corrective actions to solve problems and decrease costs of operation, and the use of graphs, charts, and dollar figures to keep accurate records of progress. All of this is done, as Tommy Raper, Yard Superintendent, says "to keep the department running efficiently and effectively. A department ran in this manner has fewer problems, costs less to operate, and improves Caprock's position in the cattle feeding industry."

At Lot #1 the mill department used the Quality process the very best for the last half of Caprock's fiscal year. In fact, this is the second time in a row the mill has been given this honor.

Some of the items they improved include:

1. Improved consistency of grain
2. Reduced labor costs of grain cleaning with the installation of a discharge system.
3. Decreased expense of boiler operation from education and installation of a new water softening system.
4. Increased finished feed output with input of a new bin system.
5. Redesign of hay barn to reduce wear on motors and lower electrical costs.

Pictured are the Caprock #1 mill employees (l/r) Manual Balderrama, Scott Atwood, Ray Gomez, Julio Ortiz and Tommy Raper.

flakes by educating employees on what a proper flake should look like, installation of improved equipment, and a new grain moisture applicator.

The employees of the mill department and their wives were treated to their choice of steak and lobster or steak and shrimp prepared and served at the El Vaquero in Gruver. Richard Winter, Lot #1 Manager, and Tommy Raper, Yard Superintendent, and their lovely wives also attended the award dinner.

Caprock #1 is very proud of its mill and looks for even more progress in the future.

Panhandle Crisis Center Report

by Mary Frances Ellzey
 You readers familiar with us may skip this paragraph, and start with the next one. The PCC offers services to men or women who are victims of domestic violence, whether verbal or physical. We give counseling, support and information to these victims, plus a shelter to those who feel themselves to be in danger at home. These services are free of charge. If you want information only, call us at the office from 9 a.m. to 5 p.m. We are available for help at any time, 24 hours a day. Our number is 435-5008. For those of you who must call us long distance, we have a toll-free number: 1-800-753-5308.

At our last Board meeting the Brown, Graham and Company presented their auditor's report for 1991. These good people grant us a considerable reduction in their regular fee, for which we are most grateful. Again this year the report gave us the highest rating permitted to auditors. So all you who help us with donations can be assured that your generosity is very well handled. It's great to be a part of such an agency!

Speaking of generosity: Peggy Cudd and her son and family have donated an entire beef to the Shelter. The freezer is now chock full of excellent meat. We've also received donations that have made it possible to buy the third of the three bunk beds we needed so we can dispense with the use pallets, etc., for the occasions on which we are crowded. Thanks loads!

being busy, it is good to know that for a few weeks at least no women in our area have been so mistreated by their "significant other" as to require shelter. However, we did work with 6 new clients and 8 returning clients, made 34 referrals and received 52 hot line calls. This time of year is usually our "slow" time-gives us a chance to catch our breath to prepare for the "fast" time.

Another nice happening: Ben Love's Tri-Star Computer Store offered over the radio to give a free "BannerMania" to the first service organization that applied for it. John O'Nan of the Family Services Center heard the announcement and jogged right on down to claim it for the Crisis Center! When I asked why he didn't claim it for his own organization, the answer was that his organization doesn't have a computer. Now, that's a gesture far beyond the call of duty! Can't we bless our lucky stars for the privilege of living in this community?

By the way, I've just finished reading some statistics for our nation. A sample of the findings reports that of 19 major industrialized nations, we are #1 in infant mortality, #1 in the most billionaires, #1 in the most children living in poverty, #1 in homelessness, #1 in murdered children, #1 in teenage pregnancies, #1 in gun ownership, and are #1 in "ranking the importance of God in our lives." We're also #1 in percentage of persons in prison anywhere in the world. (Incidentally, Texas has the most incarcerated persons of the entire 50 states.) We are also the only major industrialized nation to resort to the death penalty. These and still more statistics (such as our world-wide ranking in health care, education, economy, sex, religion, crime, politics and the environment) can be found in the paper back book entitled WE'RE NUMBER ONE!, by Andrew L. Shapiro. Depressing? Yes. But maybe it will fire us up to help the facts and to cover them up in the manner that the Navy (among other government organizations!) did with the downing on July 3, 1991, of the Near East aircraft with its 290 civilians aboard. Thank goodness that The United States such ethical misconduct can be exposed!

Speaking of crowds: The Shelter housed no clients during the entire month of June! Though we like

Looks as if I'm on my soapbox! Come join me!

Sunday morning, and Patti and the children went on to visit relatives in Perryton.

Jan and Larry Holt and family joined the gathering on Sunday.

Word from relatives of Wynelle Moore is that on Friday she again

entered High Plains Baptist Hospital for additional chemo-therapy treatments. She appreciated visits and cards from her friends here. She and husband, Ray Moore, have made their home in Amarillo for several years.

Loree and Ira Harbour were pleased to have their son Ted and Debbie with Austin, Vada and Dalton with them a few days. They will be moving to Grapevine, Texas in the next few days as Ted will be an attorney for a large construction corporation in the area. They have lived in Rockwall, Texas a number of years.

85 descendants of the Sparks-Douglas family attended the reunion held at the Catholic Parish Hall. The reunion was organized by Karen Sparks and Frankie Sloan-whose efforts were truly appreciated by all the families.

The first gathering was Saturday evening where the early arrivals were overly well fed by certain family members noted for their culinary ability.

On Sunday the complete meal was efficiently catered by the Palo Duro Supper Club. A huge assortment of desserts furnished by family members lasted throughout the afternoon. The day was filled with greetings, reminiscing and warm fellowship and so much laughter.

They came from Denver, Odessa,

Sunray, Carrollton, Perryton, Gruver, Midland, Denton, Miami, Fritch, Amarillo, Breckinridge, San Antonio, Hooker, Spearman, Oklahoma and Arkansas.

Betty Jean Sparks Mullins from Arkansas received the award for traveling the greatest distance. Door prizes were won by Kim Venneman, Macy Harbour and Frankie Sloan.

The prize for having had the most birthdays was won by John Bishop (Now, his relationship to the family is somewhat vague.)

Several visitors came by to greet old friends-among them Sammye and John Bishop, Betty Jean and Irvin Davis, Worley Smith, Wilson McClellan and Macy Harbour.

The entertainment was a fun auction of various homemade items brought by family members and auctioned off by Joe T. Venneman (under the watchful eye of that pro-"Cous" Ed Dear).

The next reunion will be held the second week-end in July 1994 at Ceta Canyon, beginning on Friday and ending on Sunday. Sue Woolley and Lora Elizabeth Vincent were elected to organize it.

Consumers share in energy costs

by Sandra Haverlah
As more energy is required by Texas residents, more power plants to produce that energy will be built—and this is a cost we all share as consumers of energy.

Currently, the most effective way of reducing the continuous need for energy is to change our consumption habits. Increasingly, municipalities are requiring that new homes be fitted with energy-efficient and water saving appliances and fixtures. But for the majority of homeowners, the appliances we use are the original models and may be in need of replacement.

If you are planning on purchasing a new water heater, dishwasher, air conditioner, furnace or washer and dryer, the 1991 Consumer Guide to Home Energy Savings by Alex Wilson and the American Council for an Energy-Efficient Economy can help you locate appliances that will contribute to a reduction in your electricity bills.

The guide provides tips on what to look for when shopping for new appliances, lists the most energy-efficient models available, and even provides a form to calculate your savings from purchasing energy-efficient models.

Even if you are not planning on buying new appliances, this guide offers advice on how to reduce energy consumption with your current refrigerator, water heater, air conditioner and other appliances.

Texas has the distinction of having an abundance of natural gas as a resource. If possible, use gas appliances in your home. Many of the power plants that provide our electricity use coal shipped in from other state for producing that power. Switching to gas appliances will not only save you money on your electrical bills but will help the Texas economy as well.

Melzer cousins ...

hold 1992 reunion

Delphine (Melzer) Kopke was the hostess for the event this year. It was held at the Ceta Canyon Church Camp near Happy, Texas, on July 18th, 1992, with 43 in attendance.

It was decided at the last reunion in 1990 that instead of having a reunion every year that we would change it to every two years.

The events of the day included picture taking, a picnic noon meal, a few adult and children party type games were played and some funny stories were told by sisters and brothers of the events that happened in their childhood years. Lots of visiting went on throughout the day. Also swimming, volleyball, table tennis and hiking were part of the festivities.

Steve and Louisa Melzer invited a secret surprise guest for us all. She was Herma Dell (Soderberg) Ward. A cousin most of us hadn't seen in 40 years or more!

Those in attendance were Delphine (Melzer) Kopke, Josephine (Melzer) Schneider and Jennifer Turner all of Spearman; Mark Kopke of Amarillo; Jim, Cindy, Erik and Sheena Searborough all of Canyon; Tex Kopke of Dallas; Carl and Carolen Weiss, Bobby, Cathy, Melody and Kyle Hargrove all of Odessa; Denny, Kathleen and Taylor

Hargrove of Amarillo; Edgar Melzer of Waco; Bruce, Laura, Theresa, Patricia and Brian Duncan of Altis, Okla.; Steve and Louisa Melzer of Elk City, Okla.; Mike, Linda and Michael Ditmore and Jessica Duff all of Pampa; Marilyn Rutz, Kelly, Shannan, Shane and Shelly Roger all of Perryton; Albert and Elsie Pshigoda of Shattuck, Okla.; Elisha, Brenton and Lindsey Johnson, Alice Lemon, Mora Fehner and Norman Melzer all of Wichita, Kan.; and Herma Dell Ward and grandson Justin Dullea of Albuquerque, N.M.

One lady was so anxious to go to the reunion that she went a week ahead of time. We won't say who this was but she lives in Perryton and her last name is Rutz!!!

ported a 6.3% unemployment rate. This figures out to be 1.1% low than 1992.

When these figures were calculated the release stated that 540,200 people were out of work in 1991. Now in 1992 there are 645,000 individuals jobless in the state of Texas. The increase from 1991 to 1992 figures out to be 104,800.

If we look back to the year 1986, it is a more positive picture. In that year unemployment was 9.3% and approximately 752,000 individuals without jobs.

Comparing unemployment rates throughout Texas, Hansford County seems to rank in the lowest unemployment areas. Other places in this category for May included: Brayan-College, 4.2%; Austin, 5.1%; and Amarillo, 5.6%.

Areas with the highest unemployment rates in May included: McAllen-Edinburg-Mission, 15.5%; Brownsville-Harlingen, 12.2%; El Paso, 10.6%; and Odessa, 10.1%.
