The Gruver High School Cross Country team will be competing Nov. 13 at Georgetown in the State Cross Country meet. Back row (l/r) - Julie Myer, Tisha Ralston, Wendy Rodriguez, Cara Hathaway. Middle row - Molly McLain, Tara Shapley, Amber Murrell. Front row - Myriam Alvarez, Joni Hart, Kiki Carthel.

Lady Hounds

Go to state finals for fifth straight year

by Bob Bort

For the fifth straight year, the second in class AA, the Lady Hounds cross country team has advanced to the Texas State Cross Country meet at Georgetown, just outside of Austin. This year was especially satisfying for Coach Steve Myatt and the seven lady competitors, as they were the underdogs, unrated, and not expected to advance. As Coach Myatt said, "What a performance!" Stratford finished first, and Sundown second, and Gruver came in with the close third place finish. The top three teams advance, and there were 15 teams at the regional competition at Lubbock's Mae Simmons Park Saturday, Nov. 6.

Coach Myatt talked about the performance. "We didn't know how they finished until they announced it - we were all sitting waiting - and we really erupted when they made the announcement." Myatt continued, "We had more emotion than I've seen from my teams. It was a really good feeling. It boiled down to five teams competing for the one spot left, and we won by a narrow margin."

Gruver beat Idalou by only twelve

points to advance. Also contesting for that final spot were Winters, Abernathy, and Wall. Myatt says, "As close as we all were, you couldn't tell who would get in, and it was really exciting."

Myatt continued, "Last year this would have been a disappointment, but I am very proud of these girls. I told them they achieved great things. The pressure is not on us this year, as it was last year, and we will go to Austin loose."

"But a lot of people never get to experience these feelings (of going to state) once, and here we've done it five times. These girls shouldn't take things for granted and this is a wonderful accomplishment."

"These girls have worked hard, and have fought through some tough times. I feel they've been unrated and overlooked this year, and that not enough credit has been given them. But we have a puncher's chance at Georgetown. I just want to medal."

"Without Myriam and Molly, we wouldn't have done it this year." Coach Myatt was talking about the surprising finish of Alvarez, who finished 9th, and first among the Gruver competitors. Molly

McLain turned in an especially nice fifth place finish among her teammates, with a 13:58. It was a team effort. If they all turn it on at the same time, this team would give Stratford and Hamilton a run for their money at Georgetown. Coach Myatt thinks they can beat Sundown at the state meet.

Spearman I.S.D. Board awards bids

by Angela Jones
Editor

The Spearman I.S.D. awarded plumbing, electrical and repair contracts during the regular meeting held Monday, Nov. 8.

C.O.'s Supply of Spearman received the contract for plumbing supplies. C.O.'s submitted a bid in the amount of \$6,414.71. The low bid was submitted by Morrison's Supply of Amarillo for \$6,161.44 and the high bid was from Clowe & Cowan of Amarillo for \$8,720.36.

Six bids were received for electrical supplies. The low bid was received from Watson Electric of Dallas in the amount of \$6,203.89. Two items were eliminated from the bid and the board accepted the bid in the amount of \$3,882.61. The high bid was submitted by Field's & Company of Amarillo for \$8,091.75. Other bids were received from

Lynx challenge Wildcats in District 2A playoffs

by Angela Jones
Editor

The Spearman Lynx Varsity football team will go head-to-head against the Canadian Wildcats at 7:30 p.m. Friday, Nov. 19 at Pampa to start playoff action.

To clinch a playoff spot the Spearman Lynx defeated all but one team in their district, the Stratford Elks. It was a close game at Stratford, but the Elks pulled off the win by one point, defeating the Lynx 27-26.

The Lynx district record is 5-1. They scored 216 points in district play, while the defense allowed 52 points.

The Lynx only other loss this season was to Scott City, Kans. in pre-season 26-14. This gives the

Lynx a season record of 7-2.

For the entire 1993 season (nine games) the Lynx offense has scored 293 points, while the defense allowed only 97 points. Forty of these points were scored in their final district game against the Boys Ranch Roughriders. The Roughriders failed to score against the tough Lynx defense.

The Canadian Wildcats are 5-0 for district play and 9-1 for the entire season. They scored 101 points during district play, and allowed their opponents to score 48 points. Overall the Wildcats have scored 201 points, while the defense allowed 102 points to be scored against them.

Catch the playoff action in Pampa Friday, Nov. 9. The kickoff is set for 7:30 p.m.

H.C. Commissioners' Court Reviews vehicle bids

by Angela Jones
Editor

Bids for a car for the Sheriff's Department were opened and the contract was awarded during the regular meeting of the Hansford County Commissioner's Court on Monday, Nov. 8.

According to County Judge Jim Brown, three bids were received for the vehicle. After a discussion was held the contract was awarded to Gruver Ford in the amount of \$11,395. This was the low bid. Other bids received were Gillaspie Auto and Truck Center for \$12,497 and Hergert Ford of Perryton for \$12,499.90.

In other business the Commissioners canvassed the election. There was one error discovered during the canvass. This error occurred in Precinct #4. It dealt with Amendment 7, the amendment repealing certain restrictions on the ability of corporations to raise capi-

tal. According to Judge Brown the tally showed 71 against when actually there were 75 against.

A Loss Control Committee was established. Those individuals being named to the committee were Elaine Morris, Loss Control Director/Coordinator; Ed Pearson; Jerry Virden, Rex Casdorff; Joe Robinson; Sheriff R.L. McFarlin, Jr.; and Judge Jim D. Brown.

The commissioners and Elaine Morris, Loss Control Director/Coordinator signed a Safety Policy Statement. It states that the County Judge and County Commissioners are concerned with the safety of employees and the public. "The Commissioners' Court will make every effort to reduce the frequency of injuries. As a minimum, the Commissioners' Court supports compliance with all safety ordinances, regulations and laws."

Gruver area 911 service falters, phone cable cut by contractor

by Angela Jones
Editor

Gruver residents found themselves isolated, unable to use the emergency 911 system or place or receive long distance calls, when a fiber-optic line owned by the Southwestern Bell Telephone Company was cut by a contractor on Tuesday afternoon, Nov. 2.

The line, located north of Borger, was reported cut between 4 and

4:30 p.m. and both Southwestern Bell and GTE customers in the Texas and Oklahoma panhandle were affected by the damage to the line. Southwestern Bell Area Manager Gary Stevens reported that the repairs to the line were completed by 2:30 a.m. Wednesday, November 3.

With Gruver area residents unable to use the 911 service, they were required to dial City Manager A.J. Ratliff or a member of the

Gruver Volunteer Fire Department if emergency services were needed. "The 911 line was tried and it was confirmed that it was not working," Ratliff stated. He added, I don't know if it can be corrected where Gruver area residents could use 911 if the situation reoccurred. The line was cut between here and Borger.

Stevens confirmed that there are alternatives available, but some of them are expensive. "There are expenses involved. You must weigh the most economical method. This is something you face in any community, because any community could get a cable cut. Alternate routing is a possibility, but it is an expensive alternative."

Stevens suggested that community leaders and various telephone companies need to establish what would be the best for them in a given situation such as this one. Handling calls on a local basis is the most cost effective option available.

He stressed, "This doesn't occur very often. I've been with the company 28 years and less than approximately a half dozen situations have occurred where a community is isolated. It doesn't happen very often."

Although areas affected by the incident were not able to dial long distance, their local services were not affected.

The 4-Hers shown above received awards during the Hansford County 4-H Banquet held Sunday, Nov. 7 in Gruver. Pictured (l/r) are Tommi Latta, Kimberly Wagner, Ronda Renner, Gaylon Slough, Ashley Brown.

Dwight Sumner takes time out for a photo with students from Mrs. Clyburn's first grade class in Spearman. Sumner visited the class and explained Indian history by showing the students his collection of Indian artifacts.

Fire Departments release winter fire safety tips and heating alternatives

Now that temperatures are beginning to fall, families throughout the community are preparing their homes for winter's chill. Since the fuel crisis of the 1970's, fireplaces, wood-stoves and space heaters have become popular alternatives to central heating.

On the plus side, these alternate heating sources are less expensive to buy, install and run than central heating systems. On the minus side, they cause fires which cost hundreds of millions of dollars in property loss each year.

According to Chief John Jones of the Anytown Volunteer Fire Department, most of these fires are caused by human error, not mechanical failure. He has these suggestions for those who use space heaters or wood stoves:

Use only safety listed equipment. Look for the UL label on oil and electric heaters, a UL or AGA label on gas appliances.

Never use fuel-burning appliances without proper vents to the outside. Burning fuel (kerosene, coal or propane, for example) produce deadly fumes.

Always use the proper fuel for your particular type of heater. When refueling an oil unit, avoid overfilling it. And never fill your heater while it is burning.

If you use an electric heater, be sure your house wiring is adequate.

Maintain adequate clearance in all directions around heaters and stoves—away from walls and combustibles such as curtains, beds or other furniture. Use a screen around heaters with open flames.

Chief Jones offers these tips for

making sure your fireplace is safe this winter:

Never use flammable liquids to start or quicken a fire. Never burn charcoal in your fireplace; it gives off lethal amounts of carbon monoxide.

Use a metal screen in front of your fireplace to keep burning embers inside.

Keep the size of your fire manageable. It is possible to ignite soot in the chimney by over building the

fire. Keep flammable materials off your mantle and well away from the fireplace.

Be sure the fire in the fireplace is out when you go to bed. Never close the damper while the ashes are still hot.

These few precautions, says Chief Jones, will help you enjoy the plus side of heating alternatives and avoid the minus side.

Coffee Time

The Coffee Time business for this week is B&B Sales. B&B has been in Spearman for many years but it has been under new ownership since January of 1990 when employees Judy Tindell and Sonny Kell bought the business from then owner and manager Max Baggerly. Danny Hendricks and Cesar Mendoza are employed by B&B Sales and are always willing to help you.

B&B is a True Value Hardware store with merchandise for all your needs. They carry general farm and ranch supplies and all sorts of home supplies.

During the month of December, B&B will be offering in store drawings as a part of their Christmas promotion. No purchase is necessary to sign up for the drawings so make B&B your first stop when shopping Spearman for everyone on your Christmas list. Dad would enjoy a coat from Walls for Christmas and they have lots of things

mom would enjoy receiving to make her job a little easier. They also can help you with the kids and teens on your list by helping you decide on just the right bicycle that they can ride around town on.

Remember, Coffee Time at B&B Sales Friday, Nov. 12, 10-11 a.m. Come by and visit with Judy and Sonny. They will have coffee and donuts and will be drawing for door prizes in the day. Support your local merchants not only during the holidays, but everyday.

Good Luck at State Lady Hounds Cross Country

Hospice - The how and why

"I want people to know me as the 'life and living lady', not the 'death and dying lady'", said Elisabeth Kubler-Ross. Yet Dr. Kubler-Ross is best known for her pioneering work with terminally ill patients. Her book on *Death and Dying*, published in 1969, established the psychiatrist as the world's foremost authority in this area and brought into open discussion a formerly taboo subject. "Yes, my primary mission has been to bring death out of the closet," she declared, "because everyone needed to view death as an opportunity. Death can show us the way to live. It's only when we truly know and understand that we have a limited time on earth - and that we have no way of knowing when our time is up - that we will begin to live each day to the fullest, as if it was the only one we had."

Kubler-Ross studied medicine at the University of Zurich, then in 1958 came to New York, where she successfully treated patients who were deemed incurable schizophrenics. Later as a faculty member of the University of Colorado School of Medicine, she focused on the experience of death from the perspective of the patient, rather than the doctor. When she transferred to the University of Chicago in 1965, Kubler-Ross began to catalog hundreds of inter-

views with dying patients and their families. She identified five stages in the dying person's emotional response: denial, anger, an attempt to "bargain" for more time, depression and acceptance. The book she wrote elaborating on these states became an international best seller, as well as required reading for professional counselors of dying patients and their families.

Kubler-Ross chose her life's work 46 years ago at the age of 19 and continues to counsel hundreds of dying patients all over the world on a one-to-one basis - work she has always done gratis, private donations and honorariums support her work at the Elisabeth Kubler-Ross Center, a nonprofit organization that promotes her ideas about healing children and adults through the practice of unconditional love. Her headquarters is near her home in Head Waters, Va.

Kubler-Ross was the prime mover in establishing hospices in the United States. "It took several years of hard work to get the first one started. We now have thousands of hospices all over this country to take care of dying people so they can live until they die."

Hansford Hospice's early beginnings were in the fall of 1990 when 15 volunteers traveled weekly to Dumas to receive training in the

Hospice program. In February 1992 a second class was trained, this time in Spearman. In the summer of 1991 Hansford Hospice received license from the State of Texas and certification from Medicare. Two more classes of volunteers have been trained in Spearman and at the present time there are 65 active volunteers working in the Hospice program. Some 26 patients and their families have been cared for through Hansford Hospice whose mission is to minister to the body and the spirit. As a people dedicated to preserving life, we know that life is all the more precious when it is limited. That is why Hospice is here to help you live each moment as fully as possible. Hospice is not about death, its about life. We believe life is only one part of each person's journey and that death is merely a stop and not a destination. Because of Hospice, this part of your journey can be one of dignity, grace and peace.

You are invited to learn more about hospice by calling Director Jody Harnish, Hansford Hospital, 659-2535, Ext. 111. You are also invited to participate in the lighting of the Lights of Love Tree and Open House on November 28, 2:00 p.m. (lighting of tree) until 4:00 p.m. at Hansford Hospital, 707 S. Roland St. in Spearman, Texas.

Police Department Reports

Spearman Police Department Report

The Spearman Police Department filed 27 activity reports during the period Monday, Nov. 1, through Sunday, Nov. 7.

On Monday, at approximately 10:05 p.m. a prowler was reported in the 700 block of Cotter. Officers were dispatched to the location, but were unable to locate the suspect. It is still under investigation.

On Tuesday at approximately 7 p.m. a bicycle was found in the 1100 block of S. Bernice. Police Sergeant Steve Schmidt-Witcher reported that the bicycle was returned to the owner.

A family disturbance was reported at 1:15 a.m. Wednesday, Nov. 3. The incident occurred in the 700 block of Collier. No charges were filed.

At 9:04 a.m. a car fire was reported in the 300 block of Dressen. Both the firefighters and officers were dispatched. The fire was contained in the engine department and extinguished by the firemen. It

is believed that the fire was started by an electrical problem, Schmidt-Witcher stated.

A disorderly conduct was reported at 3:45 p.m. in the 600 block of S. Hazelwood. Schmidt-Witcher reported that the subjects were identified and asked to leave the area.

Two bicycles were recovered at the school district. According to Schmidt-Witcher the bicycles are being held pending identification of the owners.

On Saturday, Nov. 6, the Spearman Police Department received a trespassing report in the 10 block of Golden Circle at 3:30 a.m. The subjects have been identified and charges are pending, Schmidt-Witcher reported.

An 18-year-old male was arrested at approximately 5:16 p.m. at Ninth and Golden Circle for outstanding DPS warrants.

Another male, 22-years-old, was arrested in the 500 block of N.

Bernice at approximately 11:58 p.m. for Driving While Intoxicated. Charges are pending, Schmidt-Witcher said.

On Sunday, Nov. 7, a suspicion was reported in the 900 block of Highway 207. At approximately 1:49 a.m. unknown subjects were reported banging on the exterior doors. Officers were dispatched, but were unable to locate the subjects.

A disorderly conduct was reported in the 300 block of W. Kenneth at 2:30 a.m. Schmidt-Witcher reported that eight to 10 subjects were loitering in the parking lot. They were asked to leave, he stated.

Another disorderly conduct was reported at 10:40 p.m. in the 10 block of S. Brandt. The residents were requested to turn down the music.

There were seven miscellaneous reports, and one ambulance assist. Seven animal control reports were filed during the period.

Gladiola Flower Club announces home tours

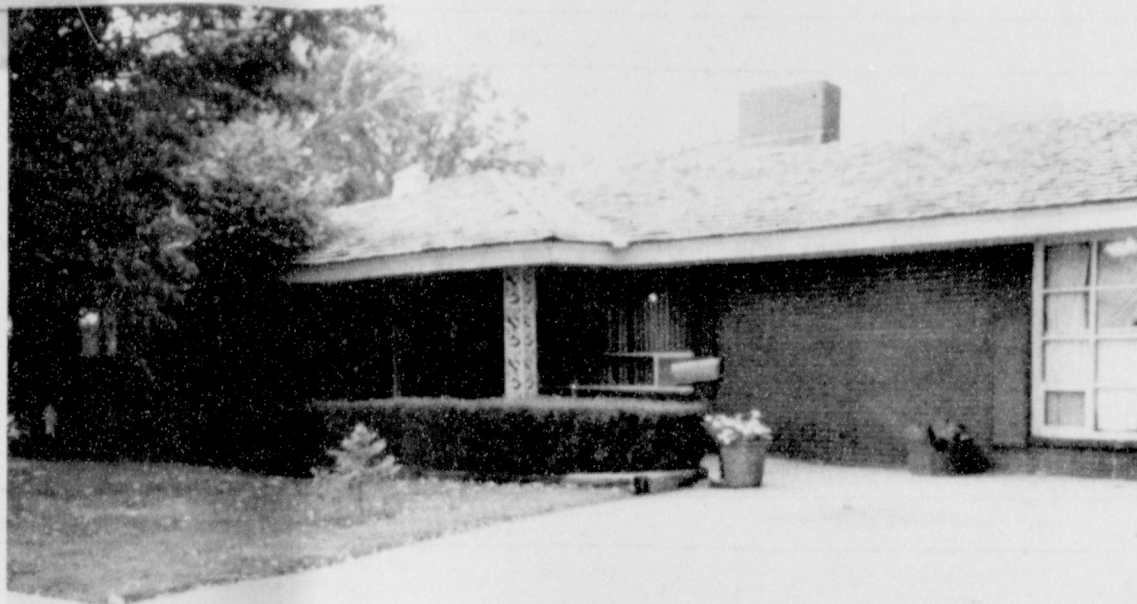

Co-chairman, Estelle Jackson, reports that the Gladiola Flower Club Home Tour plans are complete.

One of the homes to be featured is that of Ron and Loretta Cook. It is located at 714 Gibner and features four bedrooms, 3 baths, an office, a large utility room, large den with wet bar, two fireplaces, a walk in pantry and a two car garage. The landscaping is beautiful

with its large trees and a backyard brick patio with a lilly pond.

Other homes to be featured this year belong to Dr. & Mrs. Tom Latta, Mr. & Mrs. Keith Hight, Mr. & Mrs. Mark Sheets and Mr. & Mrs. Kirk Adams.

Tickets will be \$5 each. Proceeds will go toward medical scholarships, Girl Scouts, donations to Christmas tree lights and many other community projects.

The home of Ron & Loretta Cook at 714 Gibner is one of five homes that will be featured in the home tour Dec. 5.

A "Center" Piece

by Garland Hopper

The Monday group at the covered dish lunch have really been missing the visitation with Mable and Leonard Jameson. I understand that some have been meeting them at home for a few pitch games. It is great that friends can offer that enjoyment.

Last Thursday a group of the Senior crafters drove to Stratford to enjoy their "Holiday Angels" program. Three craft demonstrations were given. Two for making different angels and one to make decorations using nuts. Then a delicious turkey lunch was served. Following lunch a number of quilts and wall hangings were presented. Three of five in our group were the proud winners of door prizes. A good time was had by all!

The decorated Christmas tree and snowman are now at the Chamber of Commerce office. The angels will remain at the Senior Center. The tree is decorated with handcrafted decorations by mem-

bers of the craft group. The snowman and Angels are also handcrafted with a great deal of help by Byrnic Callaway. These are all items to be raffled. Tickets may be bought from Center members, at the Golden Spread Center or the Chamber Office. All proceeds are for the benefit of the Senior Citizen Center. The drawing will be November 27th.

Seniors! A reminder! November 16th is the evening of a Thanksgiving Dinner so generously served by the First National Bank. They always serve a delicious meal. It is not necessary to bring a dish that evening unless you have a special one you would like to share.

The crafters have been missing several of the group. Hope all of you will come back soon. We are trying to find new programs for the coming year. Perhaps someone has an idea to offer.

MAY GOD CONTINUE TO BLESS OUR COMMUNITY.

Texas Railroad Commission

Releases monthly oil & gas statistics

The Hansford County total gas production for the month of July was reported at 2,888,895 Mcf, and the crude oil production was 27,506 barrels.

The Commission issued a total of 1,155 drilling permits in September compared to 1,220 in September 1992. The September total included 698 permits to drill new oil and gas tests, 39 to re-enter existing well bores, 46 to deepen existing holes, 163 to plugback existing holes, and 66 for other wells. September's amended drilling permits totaled 143.

Total drilling permits issued in 1993 year-to-date is 9,438, a two percent increase from the 9,289 is-

sued during the same period of 1992. Permits issued in September included 453 oil, 219 gas, 447 oil and gas, 20 injection, nine disposal, and seven other permits.

In September operators reported 244 gas, 390 oil, and 48 service completions, compared to 213 gas, 419 oil, and 34 service completions during the same period of last year.

The total of well completions recorded for 1993 year-to-date is 6,319, and eight percent increase from the 5,836 recorded in 1992.

Operators reported 760 holes plugged and 64 dry holes in September, compared to 930 holes plugged and 167 dry holes reported during the same period last year.

Texas preliminary July crude oil production averaged 1,533,391 barrels daily, down from the 1,628,958 barrels daily average of July 1992.

The preliminary Texas oil production figure for July is 47,535,130 barrels, down from the 50,497,691 barrels reported in July 1992.

Texas oil and gas wells produced 465,007,052 Mcf (thousand cubic feet) of gas in preliminary production for July, down 4.8 percent compared to July 1992's gas production total of 488,591,185 Mcf.

Texas gas production in July came from 176,707 oil, and 46,266 gas wells.

Chamber Chatter

by Cindy Blackman
Chamber Manager

The surveys are out regarding the chamber office moving to the new community center. We appreciate you as chamber members responding so fast. The decision will be made by you.

Don't forget! Santa and Mrs. Claus will be in town Saturday, Nov. 27, to kickoff our Christmas promotion. The first drawing will be downtown in front of the chamber office at 11 a.m.

Coffee Time is at B&B Sales Friday, Nov. 12, 10-11 a.m.

I hope you are taking time during the week to drive by the community center site. Hopefully by April it will be completed.

There will be budget committee meeting on Wednesday, Nov. 17, at 7 p.m. at president Stephanie Crosslands home.

Defensive Driving is being held Nov. 17 and 18. Sign up at the Chamber office.

Welcome new chamber members J&M Service Center. Congratulations to David and Cindy Pearson.

We will be meeting soon to set up next years program of work. Please let us know if you would like to see changes in the chamber. We will be setting a time for Lakefest and roundup. We want to hear from you.

Reaetta Gammon to be honored at reception

Reaetta Gammon, newly appointed postmaster of Beaver, Okla., will be honored with a reception from 2:00 - 3:30 p.m. Sunday, November 14, at the Gruver Church of Christ. The community is welcome to attend.

Don Jones, postal operations officer for the Panhandle area, named Gammon postmaster effective Sept. 18.

Gammon began her postal career in Nov. 1971 at the Gruver Post Office. She has served as the officer-in-charge at the Gruver and Cactus post offices and was officer-in-charge in Beaver when she was appointed postmaster. She is a member of the National Association of Postmasters of the United States.

Gammon is the daughter of Verna Finley and the sister of Sue Smith and Jim Finley of Gruver. She married Dell Roy Gammon in 1958. They have three children and three grandchildren.

Letter to Editor

Dear Editor:

How about our school band! Haven't they been doing a great job. It's hard to believe a year ago we didn't even have band to offer our kids. We are so fortunate to have Mr. Willis. He and the students have done a great job getting our music program back in balance. I had the privilege to substitute for Mr. Willis and I have first hand knowledge that these kids are really working hard. I saw their desire to give their very best. They really want to be a great band. The football games have really come alive again having the students out there playing their instruments. We applaud you! Great job, band!

Congratulations to the choir on their successful program. Wow! All that energy. Great job. I must confess I asked Jose "Pepe" Tarango

for his autograph. And did that one-eyed-flying-purple-people-eater ever bring back memories. It was a lot of fun kids. We look forward to more.

Mr. Willis has worked hard to get our band back on its feet. Everyone knows practice makes perfect. Parents please encourage your kids to practice. They will be so proud of their accomplishments and this builds self esteem. They need your guidance to bring out their talent.

I'd also like to say thank you to all the mom's we called to help with our Chili & Stew supper. You mom's are the greatest. Wonderful parents are alive and well in Spearman, Texas. I am proud to be a part of this community.

Billie Willingham
Music Booster Club Member

At the movies...

Showing at the Lyric Theatre in Spearman Friday, Nov. 12, through Tuesday, Nov. 16, is "Cool Runnings" on screen #1 at 7:45 p.m. and "The Good Son" held over on screen #2 at 7:30 p.m.

"Cool Runnings" features John Candy and "Leon". It is directed by John Turteltaub.

"Cool Runnings" is about the Jamaican bobsled team that were unlikely heroes of the 1988 winter Olympiad. They gained recognition simply for participating in a sport that was considered so implausible for athletes from the tropics.

In this comedy, based loosely on their athletic adventures, Candy is a down-and-out American slider named Irv who is enlisted as a coach by Jamaican athlete Derrice Bannock after a track injury sidelines Bannock's hopes of qualifying as a runner.

"The Good Son" stars Macaulay Culkin. It co-stars Elijah Wood.

Culkin is a "The Bad Seed" in this adult thriller about an evil-minded child. Wood plays Culkin's cousin who suspects Culkin's character isn't as innocent as he appears.

Among The Neighbors

by Helen Fisher

Kevin McNett, a junior at Gruver High School, kicks back and takes it easy as he donates the gift of life during the blood drive held Tuesday, Nov. 9 at the Gruver H.S. Library.

To err is human; to blame it on the computer is customary.

Last issue in the item concerning David and Sharron Swan and his heart attack, their name was incorrect-inadvertently and regretfully.

The Swans were appreciative of all the concern shown and especially grateful for the efforts and support of their sons, Landon and Lance, and Denise, wife of Lance. She was at work when they rushed to the hospital, but soon joined them and was most helpful.

Rita and Thomas Reed returned last week from a ten day hunting trip in the Rio Grande National Forest, south of Del Norte, Colorado.

Their daughter, Judy Reed, accompanied them, also Todd and Janet Williams of Gruver, Ken and Joann Schneider and their daughter, Kendall, and Hal Shufeldt.

Mr. Shufeldt bagged a deer and the others bagged an enjoyable hunting trip. They camped out, slept in tents, and went hunting every day. The weather was pleasant enough with some snow one day.

Jane and Bob Vinson spent a long week-end in San Antonio last week. They drove to Abilene on Thursday, then the next day drove in the rain all the way.

They attended her family reunion at which about 30 attended.

Freeman Barkley returned on Tuesday from a three weeks visit with his daughter, Mary Ellen

Kirkland. She lives and teaches in Sulphur Springs, and one week-end they flew to Buffalo, New York. They visited her husband, Malcolm Kirkland, who is working there.

They enjoyed the week-end and found the country to be interesting and very pretty with the rolling hills and trees in every direction.

Richard and Rhonda North accompanied the Spearman cross-country entrant, Marissa Rodrigues, to the Regional Meet in Lubbock the past week-end. Marissa did well in the meet, placing 18th among the more than 100 contestants.

Her friend, Kelli Goodman, enjoyed the week-end with them. Chaperoning the group were Eric and Lindsay, little son and daughter of the Norths.

Information from Phyllis Owen is that she is improving and is hopeful that she can leave High Plains Baptist Hospital soon. She will remain with her daughter, Judy and Bill Elliot, in Amarillo for a while.

Phyllis caused considerable anxiety last Wednesday when she collapsed, unconscious, at Lowe's Market.

She was taken by ambulance to Hansford Hospital, then transported to High Plains.

The cause of her collapse is still not definitely diagnosed, but she is recovering.

A note from Magda Garnett informs that she is settled in her new home now. She mentions that the weather is interesting and different. Magda's address is: 702 North 7th Ave; Apt #302, Kambia West; Laurel, Ms 39440.

Hansford County and many other rural areas will certainly agree with the editorial by Representative Larry Combest carried in the Amarillo Daily News on November 5. He is working toward having the Congress finance mandates or to make exceptions when they are forced on communities.

An example is the exorbitant cost of Spearman and Gruver to moving landfills and the cost of waste disposal as mandated by Congress.

Newcomers to Spearman are April and Bob Jarvis-actually they aren't exactly newcomers, but just moved into town from away out in the country.

Bob farms, runs cattle, and is an independent trucking contractor. April enjoys working on crafts and going with Bob. They are living at 706 Wilbanks and their church affiliation is Baptist.

Julia Adams and daughters, Brooke and Amanda, spent the

week-end in Arlington visiting their sister, Melanie, and Shane Simmons. The main object of their visit was to have the company of six week old Seth, the Simmons son.

After some shopping, they returned home in time for the girls to be ready to attend school.

Elsewhere in this issue is the obituary for Jack Lovett, 78. Jack and Ludimae Lovett came to Spearman in the late 1950's from Perryton and returned to Perryton in the middle 1970's where they were living. He was employed by Northern Natural Gas company; their children attended school here and some married here.

He served on the school board here and was a Boy Scout master. Friends report that he had been in ill health for several years.

Hazel and Harry Stumpf were delighted on Monday to learn that their granddaughter, Kris Cooper, had graduated from the Air Force Academy Boot Camp on Monday. This was at Kelly Air Force Base in San Antonio.

Kris is the daughter of Billy Dean and Patsy Cooper. Billy Dean, in the U.S. Air Force, and had been stationed at Randolph Air Force Base in San Antonio. Kris graduated from high school there the past spring.

Billy Dean was transferred to Korea last June.

The news media has been emphasizing that, after extensive research, it has been proven that homely people are not hired as quickly as comely people; they are not paid as much as pretty people, nor do they advance as fast.

Well, now, all this time there has been this discrimination against-us less than beautiful people. All these years it has been attributed to ineptitude or perhaps halitosis!

Lunch Menu

Spearman I.S.D.
Nov. 15 - Nov. 19

Lunch

Monday-Chicken fried steak on a bun, shredded lettuce, sliced tomatoes, french fries, fruit, and milk.

Thursday-Biscuits and sausage, fruit, and milk.

Friday-Cinnamon rolls, fruit, and milk.

Citizen of the month for October at Gruver Junior High School is (back row - l/r) Michael Minter, 8th; Dustin Ross, 7th; Aurora Favela, 6th; and Tessa Yanke, 5th.

Spiritually Speaking

by Rev. Gary Gumfory
First Christian Church

God has granted to the Gentiles also the repentance that leads to life. This was the conclusion which the early Jewish church came to after Simon Peter had shared what happened to Cornelius and his household in Acts 10 and 11. Peter shared with Cornelius that he understood that God is not one to show partiality, but in every nation the man who rears God and does what is right, is welcome to Him. Peter also shared that through the name of Jesus everyone who believes in Him receives forgiveness of sins.

From these chapters we can come to an understanding of what God desires for us. He wants us first of all to fear Him. That does not mean we are to be scared out of our wits at the very mention of His name, but

rather a reverence which stems from humility when one realizes who God truly is. This type of fear or reverence leads to repentance which is the recognition of sin we have committed against God. When we can acknowledge that wrong doing to God we are confessing our sin to Him. God has made provision for the penalty of sin we commit through His Son Jesus. Once that confession is made and the provision has been enacted by our belief in what God has done, we are forgiven. It is through that forgiveness we find in Jesus' name that we are given life.

It is my prayer that you will come to that place of reverence in your life which will lead you to confess your sins before God and believe in the provision He has made for the penalty of your sin through Jesus Christ. In doing this you will come to know life.

Birth announcement

Cody Ivey proudly announces the birth of his sister, Courtney Dawn, on October 1, 1993 in Parker, Colo. Courtney weighed 5 lbs. 10 oz. and was 19 inches long. Her parents are Cole and Jana (Pittman) Ivey.

Grandparents are Steve & Mary Lou Mathews, Bill & Ginger Pittman, and Jim & Kay Ivey, all of Spearman. Great-grandparents are Elsie Mathews and Ann White of Spearman, Faye Cluck of Gruver, Erlis & Ethel Pittman of Morse, and Jack & Inez Foster of Payson, Ariz.

In Sincere Appreciation

For the many prayergrams, special prayers and phone calls received during my recent illness. Also for the visits and food brought to the house after my return home. Especially, a sincere thank you to those who visited me at the hospital, in so much as the short time they would permit. All this made the ordeal much more bearable. May God bless each of you.

Wanda Smith

Thank You

I would like to say Thanks to the farmers of Hansford County and my friends at ASCS. It has been my pleasure to work with you for the last 8 years. I wish you prosperity and happiness.

Tracie Bruning

Projects make learning fun for Gruver Jr. High School students

Several interesting activities have been taking place at the Gruver Junior High.

After reading his interview in the Amarillo Daily News, Mrs. Hobbs decided to invite Joseph Cottonwood to her 7th grade classes to teach a lesson on personification.

Committee sponsors annual Satellite Arts and Crafts Festival

The Perryton Satellite Arts and Crafts Committee will be sponsoring the 23rd annual Satellite Arts and Crafts Festival November 20 & 21, 1993.

More than 200 booths will feature handmade items, from a six state area. The Festival will be open November 20 from 9 a.m. to 7 p.m. and November 21 from 10 a.m. to 4 p.m.

Food and refreshments will be provided by Wheatheart Shrine Club. REACT will night watch. Lions Club will help set-up, accounting and clean-up. These clubs have been helping with the Festival for years and have always done an excellent job.

The Satellite Center, now named ASC Industries of Perryton, is a vocational workshop for adults with mental retardation will receive 10% from the total table sales. The funds collected from the sale will help support the workshop activities and operation.

The 36 year old, 50 ft tall cottonwood, showed up right on time. This was just another chance to have people look up to him (Joseph Cottonwood was played by Chase Carter in 7-1 and Jim Potts in 7-2). The star of the Canadian Fall Foliage Festival showed the seventh graders how to have fun while learning a lesson. He also brought along an un-invited guest, a green leaf-like insect; which created quite a stir. After the insect was returned to his natural habitat, the lesson continued. Joseph Cottonwood's visit was enjoyed by both 7th grade classes. His example of personification, hopefully, will always be remembered.

Tom Beasley recently visited the 7th and 8th grade art classes. He talked to us about how to create depth in a painting by using color, light, and intensity. He brought examples of his work and discussed how he created depth in them. He showed us a landscape, a still life, a cubism, and a baroque. He also brought some examples of problems worked out by students in which they had created deep space, shallow space, and 3 objects floating in space. He also had painted a very complex color wheel. Both classes enjoyed his enlightening visit and agreed that he is a very talented artist. The art classes are taught by Mrs. Hobbs.

It takes two to speak the truth—one to speak, and another to hear.
—Henry David Thoreau

Booth - Johnston

Exchange wedding vows

Dana Delese Booth and Kevin Scott Johnston were united in marriage on August 14, 1993 at the Victoria Community Church in Riverside, Calif. with the Reverend Tom Lance officiating. Parents of the couple are Charles and Marla Jo Booth and David and Dana Johnston, all of Riverside.

The bride was given in marriage by her father. Bridget Ratzlaff of Escondido, Calif. served as Matron of Honor. Serving as bridesmaids were Nikki Johnston, sister of the groom and Michelle Briney, both of Riverside, and Carrie Odil of Moreno Valley, Calif.

Sean Lance served as best man. Frank Healy and Kenny Parzych, both of Riverside, and Dru Odil, of Moreno Valley, cousin of the groom, served as groomsmen.

Candlelighters were Terrill and Cheston Booth, brothers of the bride. Registering guests was Jill Hayes and gift attendant was Krista Kull.

Rebecca Park served as flower girl and Cheyne Odil was ring bearer. The satin ring bearers pillow had sequined appliques and was made by the bride's maternal grandmother, Dolly McWhirter.

Ushers were Terrill Booth, Cheston Booth, Mike Lance, and Dan Lance.

The bride wore a floor length satin gown with long sleeves, sweetheart neckline with beading covering most of the dress and sleeves. The train was covered in layers of ruffles. The bride included a six pence in her shoe as something old and her wedding dress was something new. She wore a traditional blue garter and her something borrowed was a silk handkerchief belonging to her maternal grandmother. The handkerchief was a gift to the bride's great-grandmother (Margaret Shedeck) from her brother who was serving in France during World War I. The handkerchief was also carried by the bride's maternal grandparents at their wedding fifty years ago.

The groom wore a black full dress tuxedo with tails and a black vest with a boutonniere of white and purple roses with baby's breath.

Following the ceremony a reception was held at the Victoria Community Church in G.F. Henley Hall.

Dana is a 1991 graduate of North High School in Riverside and attends Riverside Community College where she is majoring in psychology. She plans to continue at California State University in San Bernardino. She is employed by Stater's Markets as a clerks assistant.

Kevin is a 1989 graduate of Poly High School in Riverside and a 1992 graduate of Riverside Community College. He received EMT certification in 1993 and plans to join a fire department as a fireman while continuing studies at California State University in San Bernardino majoring in History. Kevin is employed by Hughes Markets as a Journeyman Clerk, is a partner in a part-time lawn maintenance service, and a member of the youth ministry staff at Victoria Community Church.

The couple plans to live in Riverside following a wedding trip to the Bahamas and Disneyworld in Orlando, Fla.

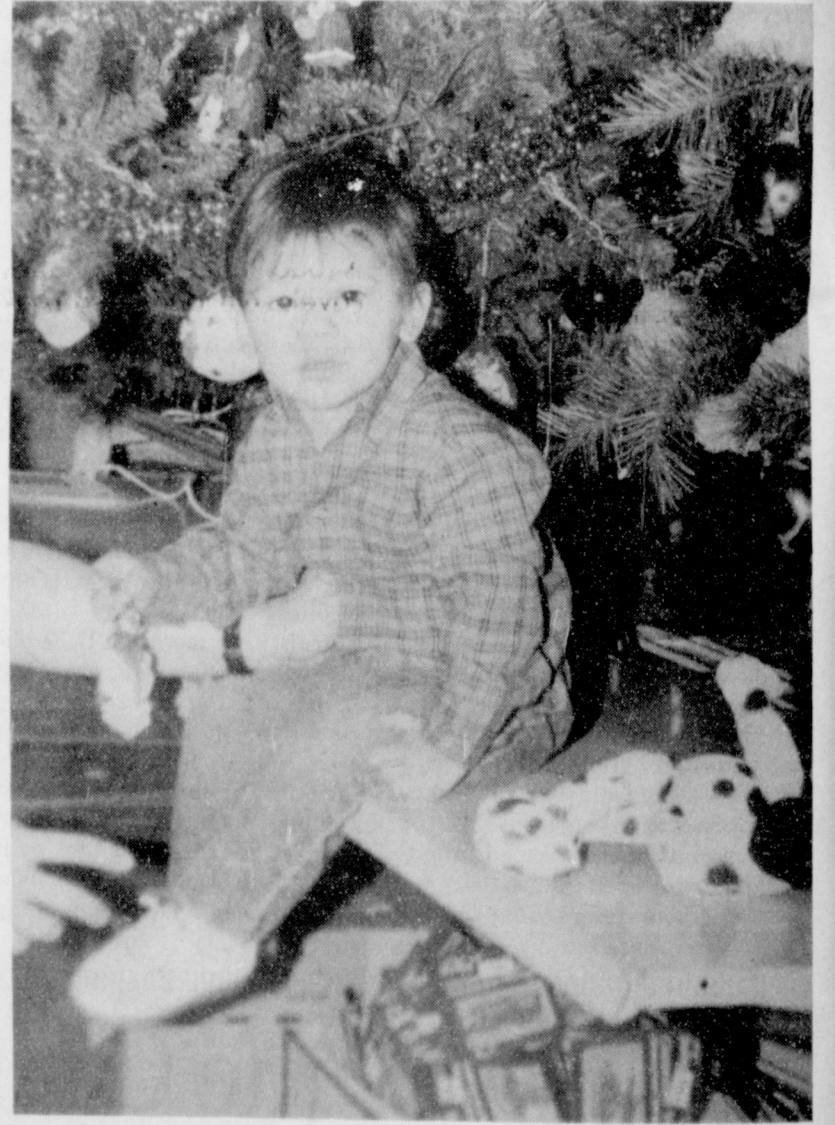

Smokeless tobacco is not a safe alternative

Smokeless tobacco has hit a home run with males between the ages of 16 and 29, and cancer control experts are crying foul.

Many people think it is a safe alternative to smoking, but "there is a risk of developing oral cancer," said Dr. Larry Laufman of Baylor College of Medicine in Houston. "It is a gamble, just like smoking and lung cancer."

Smokeless tobacco also has cosmetic pitfalls: bad breath, receding gums, stained teeth and white patches (called leukoplakia) on the gums.

Studies show that 17% of boys grades 3 through 12 and 22% of college men use smokeless tobacco more than once a week.

C.J. Renteria was recently named the winner of ALCO's "Cute Baby Contest" and received a \$25 gift certificate from ALCO. Each vote was a penny and a total of \$341.81 was raised overall. The proceeds go to Hansford Hospice. C.J. is 20 months old and is the son of Juan & Patty Renteria of Spearman.

Thanks to All

November will mark our ninth year of service to the Top of Texas. We wish to thank the folks of Hansford County and the surrounding areas for your support. Our practice has continued to grow every year and we invite you to join our family. We will continue to serve you with the quality you have come to appreciate and the caring you can only get at home. We welcome new patients and accept most insurance. At this time we are accepting a limited number of orthodontic cases. For an orthodontic screening give us a call.

Lynx JV close season with victory

by Angela Jones
Editor

The Spearman JV Lynx defeated the Panhandle Panthers 34-18 Thursday, Nov. 4, at Lynx Stadium.

Jeremy Blan lead the attack getting the Lynx on the scoreboard with a 41 yard run in the first quarter. The PAT failed, but the Lynx had the lead 6-0.

Later in the first quarter Blan found another opening and ran 28 yards for another Lynx touchdown. Phillip Sanders ran into the end zone for the two-point conversion giving the Lynx two more points.

The Lynx lead 14-0 at the end of the first quarter.

In the second quarter, the Lynx continue to expand their lead. Coyt Tigrett has a 6 yard touchdown run. The PAT fails. The Lynx increase their lead by six more points.

On defense, Eric Varnon intercepts a pass and returns it 22 yards for a Lynx touchdown. Gregg Elliott successfully kicks the PAT. The Lynx are ahead at the half 27-0. Defense dominates the third

quarter with only two points being scored in the quarter. The Panthers get on the scoreboard with a safety. This seems to bring the Panhandle team to life as they score 16 points in the fourth quarter, but the Lynx lead is too great for them to overcome.

Blan scores the Lynx final touchdown in the fourth quarter and Elliott kicks a successful PAT. This gives the Lynx seven more points and a 34-18 victory over Panhandle.

In rushing, Blan lead the Lynx team with 157 yards on six carries. Elliott followed with 44 yards on three carries. Sanders had 41 yards

on 13 carries. Michael Witten recorded 19 yards on one carry. Frankie Dominguez had 17 yards on one carry. Eric Cudd made nine yards on two carries. Blake Beedy recorded seven yards on one carry, while Tigrett had three yards on six carries.

Tigrett completed one of three pass attempts for 11 yards. The receiver was Elliott.

The Lynx defense forced two Panhandle turnovers. Jarod Huddleston recovered one fumble and Varnon intercepted a pass for a touchdown to end the season.

Eric Varnon, Matt Gafford and Jarrod Huddleston give it their all to prevent the Panhandle Panthers from scoring.

Jarrod Huddleston sacks the Panhandle quarterback as Matt Gafford (70) comes in on the play.

Schroeder makes hole-in-one

Golf Professional, Ned Kygar, reported that Don Schroeder of Spearman made a hole-in-one on the 134 yd. par 3 4th hole at the Hansford Golf Club, Sunday, Nov. 7th. Witnessing the feat were Billy Kelly and Billy Blankenship of Gruver.

Congratulations Don!

Hounds JV caps district championship season

by Bob Bort

The Gruver Greyhound Junior Varsity team capped a 9-1 season with a 34-18 victory over the Sunray Bobcats JV Thursday night, Nov. 4, in frigid Greyhound Stadium. The victory gave the Hounds JV a perfect 6-0 record in district contests, and with it the District 1-AA championship.

Jarrod Hoel rushed 12 times for 137 yards and one TD, and Travis Ferguson added 137 yards on 16 carries and two TD's. Daniel Bort had 40 yards on 8 carries, as the Hounds out rushed the Bobcats 337-113. Quarterback Bailey Barkley had 40 yards on 8 carries, as the Hounds out rushed the Bobcats 337-113. Quarterback Bailey Barkley had 40 yards on 8 carries, as the Hounds out rushed the Bobcats 337-113.

Scott Jarvis played defense brilliantly with a fumble recovery, which led to a Hounds TD, and a pass interception returned 47 yards.

For the 10-game season, Hoel rushed 144 times for 1,176 yards, an average of 8.2 yards per carry. He scored 16 touchdowns - 14 rushing, one on a pass, and one on a punt return.

Ferguson rushed 97 times for 701 yards, an average of 7.2 yards per carry. He scored six touchdowns, all six rushing.

And Bort rushed 68 times for 437 yards, an average of 6.4 yards per carry. He scored seven touchdowns, three rushing and four through the air.

Barkley passed for 494 yards, and 11 touchdowns. Five of those eleven touchdowns, Womble was on the receiving end of the pass.

The Hounds outscored their opponents this year 240-118.

Two more stats. The Hounds had 19 fumble recoveries and 15 pass interceptions. Fumble recoveries: Andy Morris-5, Hoel-4, Kevin McNett-2, and Barkley, Jason Ward, Heath Tolleson, Galen Slough, Jeb Lee, Blake Ferguson, Scott Stedje and Scott Jarvis - each had one.

The interceptions: Hoel-4, Travis Ferguson-4, Bort-3, McNett-3 and Jarvis-1.

Brazilian kick-off artist Fernando Oliveira kicked off 30 times, for an average of 41.6.

A lot of good stats for an outstanding season!

Sunray JV 0 6 6 6 - 18
Gruver JV 8 6 12 8 - 34
GRU SUN

- 26 6 T. Ferguson 69 run (pass failed)
- 26 12 One run (run failed)
- 26 18 Sixty fumble recovery (run failed)
- 34 18 T. Ferguson 34 run (Bort run)

Greyhounds Junior High Roundup

by Bob Bort

Prior to the JV game this past Thursday night, the seventh grade lost a 14-0 decision to the Bobcats, while the eighth grade beat the Bobcats 30-14.

The 7th grade game was marred by seven lost fumbles and an interception between the two teams. The 7th grade team won only 1 game this year, but they will be a better team next year with the experience, as 8th graders.

The 8th grade game saw Kyle McNett rush 11 times for 280 yards - unbelievable! He had all four touchdown runs, one for 99 yards, one for 72 yards, one for 36 yards, and one for 3 yards. He also ran the ball in on 2 two-point conversions. Kevin Harris caught a pass from quarterback Brant Armes for the other two-point conversion, as McNett scored 28 points, and Harris 2, for the 30 Hounds points.

Sunray had a 14-8 lead in this game but the Hounds came from behind to avenge a defeat to the Bobcats at Sunray earlier in the season. It was the second Hounds victory this year, to go with 4 losses and a tie. This is the first year of experience for this ball club, as last year they played as 7th graders on a 7th\8th Junior High team, and got little experience as 7th graders. They will also be improved next year as freshmen on the JV team.

For The Sbord Of It

by Bob Bort

A few Fridays ago, Jim Lexa wrote in his sports column in the Amarillo Daily News that sports writers don't carry pom poms or megaphones to ball games, and that they don't write articles that root for the home team. They write articles that report sports news. So where does that leave Bob Bort???

I am a fan, and I root for the home team. So what if I wrote this week that the Gruver Hounds varsity basketball team will have a tough time this year winning as many games as they lose. Would the readers get angry with me? This is not Amarillo, for a fact, it is small-town America - Gruver.

Reporting that this Hounds team will not be as talented as past years, with no Troy Seaglers or Geronimo Ortigas or Kevin Spiveys doesn't mean I will stop rooting for the Hounds. I still hope they go 32-0 and win the state championship. And the Gruver-Stratford football game of three weeks ago proved that the high school contests are played on the fields and the courts, and not on paper. Anything is possible.

But the fact remains that this Hounds team will not beat the Highland Parks, or the other top teams in district 1-AA, and they may struggle. (Now watch them beat

the Hornets...) Having said that, I should point out that last year's Hounds team was 15-10, and, yes, they did lose Kevin Spivey and Brady Pool and Carey Kauffman and others. But the 9th grade team last year was 16-2, and there are some excellent prospects that are sophomores and freshmen this year. So this year's team could still gel into a solid varsity unit with the five returning ball players and the young talent, and surprise.

But the question is what do you want of me? Do you want a sports writer, or another cheerleader? I just wrote a very positive story on the Hounds prospects for this year, thanks to Coach Garland. He was very upbeat in the article. But it doesn't look good for the Hounds this year, on paper.

Should I write blindly that this year's team can win it all, or should I write what I actually think will happen, and accentuate that by saying anything is still possible, if the desire is there. Gruver fans have no worry, actually, as this is the same fellow who predicted Oklahoma would beat Colorado several weeks ago... (not!!!).

What you will get from me as a sports writer will be positive, but factual. Anything less would be inappropriate.

I am already excited about next year's football schedule for the Hounds. They will have a new schedule with realignment, and the Hounds could very well be one of the favorites in district 1-AA, especially if West Texas moves up to AAA. They will have 8 offensive starters, and 8 defensive starters back, and those are names like Jace Dawson, Aaron Frick, Max Frick, J.D. Christian, Ricardo Soto, Ricky Oliva, Ryan Atwood, Joe Bravo, Sammy Renteria, Isaias Arzate, Wylee Maupin, Eric Wright, and I hope I didn't leave out anyone. Add the fine JV roster of 1993 sophomores, and it could be a big year!

The Hounds lose seniors Victor Lopez, Kenton Odom, Tek Ferguson, Chris Stork, Robert Whitaker, Justin Carthel and Hart Derington, and they will miss them.

Remember also, the Hounds saw 6 playoff teams this year. They scrimmaged Canadian and Texoma, tied Wheeler and White Deer, and lost to Spearman and Stratford. They had a tough schedule.

Before closing this column, here is my prediction for this week: Spearman 20 Canadian 2 - the Lynx advance on penetrations.

Hounds and Lady Hounds Roundballers to open season this week

by Bob Bort

The Gruver Greyhounds and the Lady Hounds will kick off the varsity schedule of basketball games this coming Tuesday, Nov. 16, with games against the Dumas Demons at Greyhound Gym. The junior varsity games will precede the varsity games, with the JV teams starting at 5:00, one in each gym.

Actually, the roundball season will officially kick off on Monday, Nov. 15, with the junior high teams vs Spearman 7-8-9 grade girls here in Gruver, 7-8-9 grade boys at Spearman.

It promises to be an exciting season for both varsity teams, the girls and boys. Tim Garland, head coach of the Hounds, is ready for the season to start.

Coach Garland will be returning seniors Kenton Odom and Tek Ferguson, along with juniors Jace Dawson, Aaron Frick and Ryon Atwood. He comments, "The experience has to come from this bunch." Garland goes on, "We will be looking to Tek and Kenton for the leadership. They are the key ingredient to how we go this year - I expect big things from Tek and Kenton."

Garland continues, "The one magazine I've seen so far is the Texas Hoops Magazine, and they pick us sixth in district 1-AA. We

have a lot of young kids that are going to have to step up. Highland Park has got to be the favorite. They're going to be strong, even though they lost their two big kids and their point guard. West Texas and Stratford ought to be good, but I see Highland Park and Spearman as the teams to beat - I'm impressed with the job that Wendell (Neff) is doing in Spearman. Highland Park, Clarendon and Shallowater are three teams in our region that are going to be tough."

More from Coach Garland: "There are a lot of people not expecting big things from us this year, but we're going to be competitive and fun to watch. People in Gruver will enjoy the effort that our kids will put out. Success does not necessarily come with numerous wins, but we will have some unexpected wins. Our tradition is set. We're going to be in ball games, and we will give full effort."

Garland is beginning his sixth year as head coach of the Hounds. Last year, the Hounds finished 15-10, third in district 1-AA. Overall, Coach Garland has a five-year record of 122-35 .777.

Steve Myatt coaches the Lady Hounds, and he is looking forward to the season. He lists seniors Sara Jones, Mika McLain, Wynn Maupin and Shanna Jarvis; juniors Julie

Meyer, Wendy Rodriguez and Tisha Ralston; sophomores Molly McLain and Kiki Carthel, and freshman Amber Murrell as his varsity ten. Eight of the ten are returning from last year's varsity squad. Myatt comments, "I'm excited by the possibilities this season, and so are the girls." One magazine has already picked the Gruver gals as number five in the state.

Myatt talks about district 1-AA. "The powerhouse is still Spearman." Myatt continues, "Stratford, West Texas and Highland Park all have new coaches. Sunray lost a lot, but they have 13 juniors and seniors. They have the experience as far as age. Phil Hightower is a top-notch coach."

Myatt adds, "The top teams in the region are Abernathy, Panhandle, Spearman and Shallowater."

Last year the Lady Hounds were runners-up in district 1-AA to the Spearman Lynxettes. They lost their bi-district game to Panhandle, and their record was 16-9. Coach Myatt is beginning his third year as head coach of the Gruver ladies, and his two-year record is 38-20 .655, and had made the playoffs both years.

It should be a fun and exciting season for the Hounds and the Lady Hounds.

Sunray pounds Gruver in season finale

by Bob Bort

What started out as a season of promise ended up a season of disaster, as the Hounds, after starting the season unbeaten in their first five games, lost their fourth straight Friday night, Nov. 5, at Sunray to the Bobcats 34-0, to close the season 3-4-2, in fifth place in district 1-AA with a 2-4 record.

In three of those four consecutive losses, the Hounds were drilled by Spearman, West Texas and Sunray 109-0. Only in the surprising Stratford game, a 14-11 loss, did the Hounds play with winning emotion.

The Hounds were hoping for a big finale to 1993 to catapult them

into next year, when the team is expected to be better, with only seven seniors graduating this year, and a JV team that finished the 1993 season 9-1. But a big finale was not what the Hounds got - it was what Sunray got, as they dominated the Hounds this past Friday, and seemed to be able to gain yardage on the ground almost at will.

Head Coach Doug Frick of the Hounds now has a two year record of 8-8-2, but he had hoped for better. The Gruver fans are a long-suffering lot, and it has been since 1984 that they have rooted for a playoff team; and that was the only year they have made the playoffs since the 1960's. Yes, the Gruver fans and the Chicago Cubs fans understand each other well.

Offensively, the Hounds did not play well this year, even though Aaron Frick and Victor Lopez together surpassed 170 yards rushing in the game against Sunray (it was another game of missed opportunities), and in the end it was their defense that suffered also. But there is always "wait till next year", and next year the Hounds should be a much better team. There is always hope. And 1994 will be a season of hope and promise, with the Hounds returning 16 of their 22 starters, and a fine JV team of this year will provide the rest of the talent. Wait till next year!

Gruver 0 0 0 0 - 0
Sunray 7 13 0 14 - 34

Saving Energy Is As Easy As Pie.

A pie crust helps keep the filling nice and hot. Home insulation works on the same principle. By slowing the transfer of heat, it keeps warm air out of your house during the summer and in your house during the winter.

Insulation works best if you have the right level for your area and if you keep your attic ventilated to avoid moisture build-up. To learn more about measuring insulation levels in your home, and adding insulation if needed, call or visit your local TNP office and ask for your free Energy Management Guide.

Hey Mister, Don't drink the Water

"Water, water everywhere, nor any drop to drink," from one of my favorite poems, "The Rime of the Ancient Mariner," beautifully describes a problem that has plagued mankind since his first fishing and hunting trips.

Water comprises 60% of our total body weight, and the average person needs two to four quarts of water every day. An active hunter or angler requires even more liquid.

No matter how clear and pure water may appear, it is a sad fact that untreated water from many of America's streams, rivers, and lakes contains carriers of dangerous illnesses such as giardiasis, salmonellosis, amebiasis, and traveller's diarrhea. According to Dr. Cynthia Chappel of Baylor School of Medicine in Houston, the common water-borne Giardia parasite can cause stomach cramps, nausea, diarrhea, and bloating. Worse yet, these symptoms may recur for years!

Thanks to modern technology, several companies now market pocket-sized systems that can filter out most dangerous bacteria and parasites. Available at many sporting goods stores, Katadyn's First Need filters down to the .45 micron level. Their new Minifilter system uses a Swiss-made ceramic filter effective down to .2 microns.

A pocket filter system would make a perfect early Christmas present for anglers and hunters alike.

LOOKING for a great place to go pheasant hunting? The Hart Lions Club is conducting their 13th Annual Pheasant Hunt from December 11 through the 26th. Permits sell for \$100, and also allow the hunting of duck and quail. Just before the season opens, the Hart

Lions Club will release 100 specially tagged cock pheasants. Hunters returning these tags will enter a bonus drawing for some great prizes.

Proceeds from this hunt will help fund some of the Lions Club's special projects such as the High Plains Eye Bank, Crippled Children Camp, and the War on Drugs. To support a good cause and to have a great hunt, call Tony Leibel at 938-2443 or Bob Reed at 938-2359.

Other organizations that have traditionally offered some good pheasant hunting include Dallam County 4-H Club, Dumas 4-H Club, Tullia Kiwanis Club and the Stratford Chamber of Commerce.

WARNING If you plan to combine pheasant hunting and some duck hunting, make sure that you use only steel shot and leave the lead shot at home. The mere possession of lead shot while hunting waterfowl is a violation of the law.

Have a great hunting season, but be careful. In 1992, six hunters came back feet first, and fifty-six others were injured in hunting accidents.

Rodriguez places 18th at regionals

Marissa Rodriguez, a Spearman High School freshman, finished in 18th place at the Regional Cross Country meet held Saturday, Nov. 6, in Lubbock.

She completed the two mile course in a time of 13:26.

"She ran really well," Coach Richard North stated. He added, "The top 10 qualify for state and I feel next year she can be one of those 10."

Mark Parker (64) and Phillip Sanders (44) clear the way for ball carrier Jeremy Blann.

Bikers speak about trip at Pringle-Morse C.I.S.D.

Have you ever wanted to travel across the country? Many of us have had this dream, but can you imagine traveling across the country on bicycle, covering 250 miles a week. Well, Mary Schroeder of Roseville, Minn. and Bruce Johnson of Wasaga Beach, Ontario Canada are doing just that.

These two travellers recently took time from their trip to stop at Morse. They spoke to the students at Pringle-Morse C.I.S.D. about experiences during their trip on Wednesday, Nov. 3.

Though neither one of these individuals had ever had any prior training, they recommend it for anyone else wanting to attempt a trip similar to theirs. They stated that they were not conditioned for the trip, a trip which will take them from the northern most tip to the Southern most tip of the world (Ushuaia, Argentina). Despite their lack of preconditioning they reported that their health is good overall. They reported they had some problems with Achilles tendons in feet and a few sore muscles.

Mary and Bruce met in Inuvik two years ago. After becoming friends, the pair began toying with the idea of a trip. They reported that neither had ever done anything like this before. Mary had her bike from college, but Bruce didn't own one. He had planned the trip with Mary before he even purchased his bike.

After they had decided to make the trip, they began writing letters to acquire sponsors. A few of their sponsors are Shimano of Canada Shoes, XL energy bars and Lone Peak bags. They also worked for a year and a half to save money in order to finance the trip.

With everything in order, the pair made one five day trial trip to test the equipment. Then on June 20th, at Inuvik, the Northwest territory of Canada (above the arctic circle), they began their journey. Mary and Bruce said that some days they travel 50 miles, while on others they travel 30, as long as it totals 250 miles per week.

When travelling the pair carry tents with them. Most nights the pair sleeps in their tents at trailer parks, camp grounds and even in the back yards of a host home in the smaller towns. But they stated that it wasn't like that the first part of the trip. The first 450 miles of the trip was on gravel roads with no towns along the way. "We had to camp off the roadway," the pair said. They added, "At one time at the beginning of the trip they went 15 to 20 days without staying indoors and were without shower facilities."

An important fact to consider before making a trip of this sort is the gear each must carry. Mary and Bruce carry 50 pounds of gear which

My football hero

by Kenneth A. Brown, Sanford-Fritch H. S. Coach

Let me tell you a story about a person I admire and love very much! The story starts when this person was very young, his name is Kory Brown.

Kory was born September 3, 1974, the fifth child of Jim D. and Rosemary Brown. Kory's struggle began on March 3, 1978 when he was four years old. Kory's doctor was doing a routine physical examination when heard and diagnosed a heart murmur. Kory was sent to a pediatric cardiologist in Amarillo, where he found Kory to have high blood pressure, resulting from a Coarctation of the Aorta, which is a narrowing in the aorta. Several tests were done, and Kory was put on medication for high blood pressure. Kory's parents were told that Kory would have to have corrective surgery, possibly at the age of 18, when he quit growing.

Kory underwent his first Heart Catheterization on July 17, 1981, when he was seven years old. The doctor decided to increase his dosage of medicine and start restricting his physical activities. School work became difficult for Kory; he could not seem to stay focused.

Kory was held back in the fourth grade, of course he was criticized by his peers and his family for "not trying hard enough." Later, we all found out it was due to his medication. Kory's vigor and determination never faltered, as he tried harder and worked harder than ever before. Kory did acceptable school work, but never achieved the high grades which he strived.

Kory participated in sports when he got to the seventh grade, as with his classwork, he was never satisfied with his athletic accomplishments. Kory was and is very popular in school and always seemed to be happy and smiling.

Kory underwent Open-Heart Surgery on June 5, 1991; he could no longer endure the stress and pain caused from the abnormality. Kory's legs would go numb from lack of blood if he pushed himself too hard, he could never get him-

Kory Brown

self "into shape" to be a good football player. The aorta was cut and the narrowing removed, then the aorta was pulled and stitched back together.

The surgery was a success, and Kory recovered very well. The first words he said to me when he awoke from surgery were, "I can feel pulse in my feet for the first time." The surgeon released Kory to play football that season, which was his sophomore year, but with coercive persuasion from his parents, Kory sat out that year. Other parents know the feeling his parents went through; after all, he is "their baby!"

Kory worked hard and went out for football his junior year and made the varsity. Kory was elected captain by his teammates in this, his senior year, and currently starts at offensive tackle and plays some defensive tackle. Kory's school work is in the "B" range, and he was also elected Student Council President this year. Kory went to Boys State the Summer of 1993, and he is active in his church and community.

This story ends with a congratulation to Kory from me, his brother, and to his coaches at Spearman High School. I would like to express my thanks to Rick Smith and his staff for the patience and understanding they have shown for Kory. There are still coaches in this State who care about their athletes. Kory is an example of what perseverance and a positive attitude will do for you! I know he will do well in the future, because he is doing well in the present.

I also would like to congratulate my parents for all they have done for Kory and all of their children. I feel fortunate to have such strong Christian parents who never gave up on their children and always supported each endeavor we attempted. I Love You Mom and Dad!

Hansford County 4-H'ers holds Achievement Banquet

Fall into 4-H was the theme of the Hansford County 4-H Achievement Banquet held at the Gruver Elementary cafeteria Sunday, Nov. 7.

Mistresses of ceremonies was Kimberley Wagner and Ronda Renner.

Scott Stedje lead the Pledge of Allegiance and Cori Lowe began the 4-H Motto and Pledge. Kyle Deeds performed the welcoming ceremony, while Brandon Vanderburg introduced the guests.

Special awards were presented at the ceremony. State Roundup Awards was one of the special awards categories. Tommi Latta, Ronda Renner and Kimberly Wagner received State Roundup Awards in Method Demonstration. Stedje, Galen Slough, Ronda Renner and Kevin Williams were the recipients on the State Roundup Awards in Livestock Judging. The State Roundup Award for the State Horse Show was presented to Ashley Brown.

Ashley Brown also received a special award in beef. Kyle Winters was the special award winner in the swine category.

Various years of membership to 4-H were also recognized at the banquet.

Holly Venneman had been a member for 10 years. Nine year members were Lee Bob Harper, Tommi Latta, Dawn McCullough, Randie Renner, B. Vanderburg, K. Williams.

Troy Brown, Cameron Kunselman, Traci Martin, Jake McCullough, Jamie Ralston, Ro. Renner, Sharlet Slough, Kim Venneman and K. Wagner were all recognized for their eighth year.

Seventh year members are Carrie Burton, Grady Cline, C. Lowe, Wynn Maupin, Wendell Ralston, Traci Smith and Clint Williams.

Recognition was given to Amanda Anderson, K. Deeds, Jason Harnish, Quentin Harper, Summer Henderson, Britt Savage, Ga. Slough and Kacey Smith for their

sixth year of participation.

Brant Armes, Autumn Bateman, Ashley Brown, Lena K. Harbour, Leah Mackie, Lana Martin, Weslyn Maupin, Brandy Morris, Candice Pipkin, Clint Schnell and Kathy Slough received recognition for five years of involvement in the 4-H program.

Those recognized for their fourth year were Brian Black, Bethany Cline, Shane Goodson, Crystal Gruver, Andee McGaha, Josh Schumann, Greg Slough, Casey Smith, S. Stedje, Jeremy Thomas and Cherlyn Thompson.

Members in 4-H for three years were Bray Armes, Sean Baker, Texana Clyburn, Krystle Deeds, Dan Kunselman, Jeremy Mackie, Brenda Reichen, Reagan Renner and Quentin Shieldknight.

Second year members were Dustin Beck, Josh Bynum, Timmy Bynum, Crystal Christian, Jared Christian, Brandon Clyburn, Rhonda Dunaway, Dusty Eckhardt, Nancy Flores, Derek George, Jacob Harbour, Brad Holt, Shea Lowe, Kyle McNett, Davida Nash, Chelsea Nollner, Misty Pearson, Kara Pipkin, Kristy Pittman, Adam Red, Juan Rojas, Jenn Schnell, Tashi Schumann, Clayton Thompson, Clayton Vanderburg, Kyle Winter and Matt Zachary.

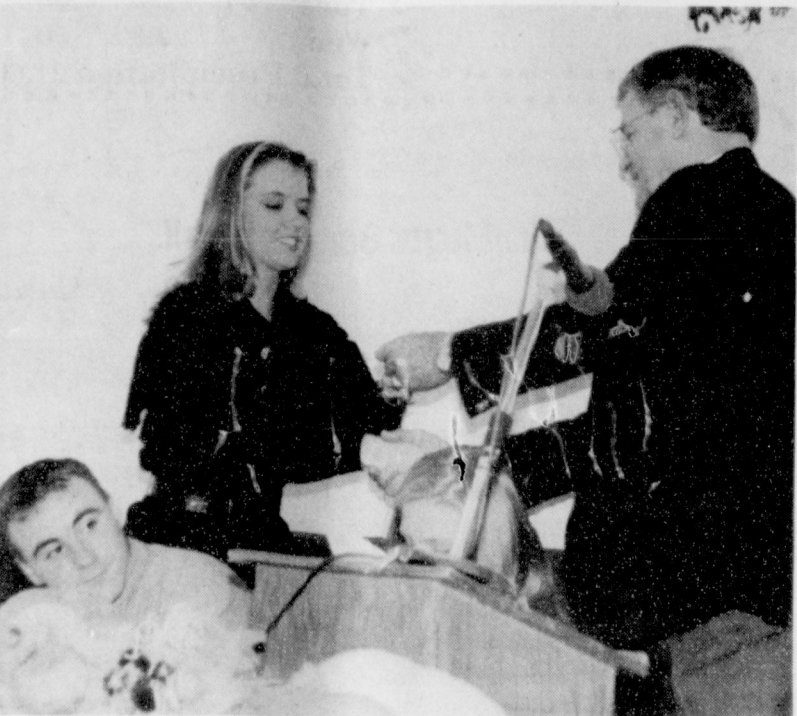

Those recognized for one year of membership were Krista Boyd, Kimberly Boyd, Pam Burt, Britt Carter, Rozann Carter, Kade Carthel, Catherine Cobb, Billy Bob Etheredge, Laura Etheredge, Sarah George, Coy Herrington, Kaylee Holt, DeAnna Johnson, Brittany Morris, Josh Nash, Dustin Red, Priscilla Reichen, Mia Rodriguez, Clara Shieldknight, Travis Sherlock, Chase Stapleton, Lauree Beth Stedje, Amanda Taylor and Clancy Vanderburg.

Clover kids recognized were Tracy Brown, Travis Brown, Grace Cobb, Ori Cooksey, Mason Edwards, Mendall Edwards, Dustin

News from Hansford County Hospital District

Here's how to ease your anxiety about medical x-ray procedures by knowing the facts

by Sue April, R.T.
Today's consumer has become very sensitive to consumer safety, especially concerning our health. This includes the food we eat and drink, the air we breathe and even the medical products we must use from time to time. One such product that has reached the forefront of our concern in recent years is the radiation exposure associated with diagnostic x-ray tests. Most of us will have x-ray procedures some time during our life. If we knew some of the facts, like what x-rays are and how much radiation we are exposed to in a routine exam, we might rest easier when x-rays are needed for our health.

Sue April

Within only a few months of his initial discovery, Roentgen had discovered most of the properties of x-rays that we use today.

X-radiation was discovered by Wilhelm Conrad Roentgen in 1895, quite by accident in his physics lab in Wurtzberg, Germany. He won the Noble Prize in Physics for his discovery in 1901. With all the scientific breakthroughs since that time, non have had the impact on medicine as the discovery of X-rays. Diagnostic imaging has taken on many new forms, such as CT scan and Nuclear Medicine. Even non-radiation exams, such as Ultrasound and MRI, have developed from the knowledge that x-ray has brought to the medical field.

X-rays are a form of energy with a very short wavelength and are able to pass through completely solid materials such as wood, cardboard, and the body. However, these rays can be stopped by denser material, such as lead. Roentgen gave the name "XRAY" to this invisible penetrating radiation because "X" represents the unknown.

and State levels. On-site inspections of all registered equipment are regularly conducted by state officials, with results properly documented.

Some x-ray procedures require that the patient receive a special drug in order to make internal structures of the body "visible" to the xradiation. Barium and iodine are used regularly and usually the public wants to know how long it takes these contrast mediums to be eliminated from the body system and are they radioactive? Well, the good news is they are not radioactive and just by increasing the fluid intake for a few days after the exam, most contrast barium is eliminated without any problems. Iodine that is injected into the blood stream is absorbed by the kidneys and eliminated within a few hours after the exam.

The advantages of diagnostic x-ray far outweigh the disadvantages and are a vital part of your doctor's treatment plan and your prognosis. So, the next time you need to have an x-ray test and begin to feel anxious about the procedure, take a moment to let the radiographer know your concerns and ask questions. The radiographer will be most happy to assist in any way possible. An informed patient is a relaxed, more cooperative patient. BECAUSE WE CARE.

Sue April is a Registered Radiographer at Hansford Hospital. She graduated from Amarillo College with an Associate of Applied Science in Radiologic Technology and received her B.S. from WTAM in 1992.

Nina Evans, Hansford Manor Resident of the Month

Resident of the Month

Our featured resident for November is Nina Evans.

Nina was born February 10, 1909 in Milford, Texas. She was married to Joe Baily Evans in Wichita Falls, Tx. on December 25, 1928. She has one daughter, five sons, seventeen grandchildren, twenty-three great grandchildren, and three great great grandchildren.

Nina has lived in Gruver since 1956, and has been a resident of Hansford Manor for the past 10 1/2 years.

Nina is very active in all the activity programs at the Manor, and often helps with special events, such as the monthly Christian Buffet Supper. She likes to stay busy and enjoys playing Bingo, Dominoes and 42.

Concerning life at the Manor, Nina says, "If you can't be at home, this is the next-best place to be!" Nina is fun to be around, and we enjoy having her here with us!

PUBLIC NOTICE

SHERIFF/CONSTABLE
 NOTICE OF SALE: REAL PROPERTY
 The State of Texas,
 County of Hansford

Notice is hereby given that by virtue of certain order issued out of the honorable 84th District Court, Hansford County, 5th day of Nov., 1993, by District Clerk of said Hansford Co. for the sum of \$53,821.87 dollars and cost of suit, under a judgement in favor of Gruver State Bank in a certain cause in said court, No. 2868 and styled Gruver State Bank, as plaintiff, vs. Mack Hoel, as defendant, placed in my hands for service, I, Dennis Cline, as Deputy Sheriff of Hansford County, Texas, did on the 9th day of Nov., 1993, levy on certain real estate, situated in Hansford County, Texas, described as follows, to wit: an undivided 1/12 interest in the oil, gas and other minerals in and under the S.E. quarter (SE 4) of section 185, block 2, GH&H RY. CO. survey, Hansford County, Texas, containing 160 acres, more or less. An undivided 1/12 interest in the oil, gas and other minerals in and under the N.W. quarter (NW 4) of section 200, block 2, GH&H RY. CO. survey, Hansford County, Texas, containing 160 acres more or less and levied upon said mineral interests of Mack Hoel and that on the first Tuesday of Dec., 1993, the same being the 7 day of said month, at the court house door of Hansford County, in the city of Spearman, Texas, between the hours of 10:00 a.m. and 4:00 p.m., by virtue of said levy and said judgement I will offer for sale and sell at public venue, for cash, to the highest bidder, all the said right, title and interest of the said defendant, in said property, subject to any and all liens and encumbrances of records affecting title to said property.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks, immediately preceding said day of sale, in the Hansford Reporter-Statesman, a newspaper published in Hansford County.

Witness my hand, this 9th day of Nov., 1993.

Nutrition Emergency Kits

Even consumers who plan to eat a healthful lunch, may find themselves wrapped up in work until well past lunch time. By then, hunger hits and all the food in sight looks good.

There's a better way to settle those hunger pains than going to the nearest vending machines, according to Colleen Pierre, an ambassador for the American Dietetic Association. Pierre's solution is to keep two "Nutrition Emergency Kits" -- one in your briefcase and another in your desk drawer or glove compartment.

A nutrition kit should contain foods that are close to a meal without too much fat, calories or sodium. It should have protein, vitamins, minerals and fiber.

The Food Pyramid can be used as a guide to find out the number of

servings. In some cases, a rough count of the calories and grams or fat can be done to see if your emergency nutrition kit can be done to see if your emergency nutrition kit meets your needs.

Read the nutrition information or the labels. Remember to count 4 grams of fat as a teaspoon if you are counting your fats by teaspoons. Also, keep in mind that there are no "junk" foods. You can include most any food in moderation as long as you plan or allow for it in the total food you have within that day or the next two or three days. Forgetting to adjust for them is what gets us into trouble with those extra pounds that seem to come from nowhere.

Pierre's two quick lunches are part of the 1,800 calories a day for women and 2,800 calories a day for men. She allows 30 percent of the calories to come from fat and for 2400 mg. of sodium a day. Each food must be individually wrapped for freshness and safe at warm or room temperatures. The kits are short on fruits and vegetables so add them later.

Briefcase emergency kit --
• Women: One low-fat granola bar (4-6 grams of fat per bar); shelf-stable low-fat (2 percent) chocolate milk; 1 1/2 - ounce box of raisins. This adds up to 420 calories, 9 grams

of fat, 170 mg. sodium. Cost: 87¢.

• Men: The above, plus two more granola bars. Total: 640 calories, 17 grams of fat, 300 mg. sodium. Cost: \$1.35. Desk drawer kit --

• Women: 3-ounce pop-top water-packed tuna; snack pack of light vanilla pudding; fruit snacks mix, includes dried fruits, (no nuts); 8-ounce box orange juice; two packages sesame bread sticks (salad bar type or 5-6 saltine crackers in a sandwich bag.) Total: 452 calories, 7 grams of fat, 400 mg. sodium. Cost: \$2.36.

• Men: All the above, plus 1 ounce salted peanuts. Total: 622 calories, 21 grams of fat, 538 mg. sodium. Cost \$2.96.

Keep Holiday Meals Healthful

Although holidays are special times -- they present unique challenges especially for those with special food needs. It is a time when many people may gain unwanted weight thus compromising their health. It may take a holiday meal make-over to enjoy the holidays with no weight gain. Overweight predisposes people to the development of heart disease, diabetes, etc. So keeping your weight within normal limits is important to help prevent these diseases.

If you are hosting a healthy meal, some basic changes you can offer your guests are a variety of lower-fat, lower calorie foods along with traditional favorites. Modify recipes using some of the many low-fat choices such as low or non-fat sour cream, skim milk and low fat cheeses. Use more oils to replace hydrogenates or solid fats. Baste meats with wine, fruit juice, or broth instead of with butter of margarine. Use non-stick spray instead of butter, margarine or shortening on the pan when baking. Two egg whites can be substituted for a whole egg in most recipes to reduce cholesterol content. Replace buttered bread crumbs on tops of casseroles with crushed cereal. You not only reduce the fat, but you also increase complex carbohydrates -- a recommendation of the dietary guidelines. Another excellent complex carbohydrate source is special request, lower fat or air popped popcorn. Use a variety of flavored salts to add flavor and interest to this high fiber snack.

Meat processors are offering a variety of lower fat alternatives for holiday fare. Low-fat varieties of cocktail sausages, lower fat beef or turkey sausages, and lower fat cold cuts. Serve these processed meats on top of a variety of whole wheat, rye, pumpernickel, or other breads with mustard, horseradish or low-fat mayonnaise or salad dressing that will add nutrition and flavor with less fat. Also add some vegetable dippers such as green peppers, broccoli, cherry tomatoes, radish roses, celery and carrot sticks with low-fat dips to add flavor, nutrition and interest to holiday snacks. Fruit such as apples, pears or grapes served with a special dip made with light cream

cheese flavored with brown sugar and vanilla also adds interest and flavor to any holiday meal.

Cutting portions for each food group is also important. Select leaner cuts from the (leg/loin) meat group to two 3-ounce portions which is about the size of a deck of cards. A skinless chicken breast is about three ounces also. Choose two or more servings of milk from low-fat choices. One half cup cooked or one cup of raw vegetables is a serving. Try to eat at least three servings of vegetables and two servings of fruit daily.

Introduce new lower fat holiday recipes and start some new family traditions. These are just a few ideas to start you off with your holiday make-over.

The flying fish, when pursued by enemies, can soar above the water from two to 15 seconds and cover distances of 45 to 200 yards.

Fourth: David and Cindy Pearson, and Ricky Thompson.
Third: Craig and Cindy Clyburn.
Second: Kevin Bynum, Chip Eckhardt, Kevin and Ronda Holt, Dean & Sandra McNett, David and Cindy Nash, Cora Thompson, Richard and Lori Winter, and Eduardo and Rosalia Flores.
First: Lynn and Diane Boyd, Danny and Debbie Herrington, Brad and Christy Johnson, Rex and Vana Reid, and Steve and Derryla Stedje.

S.I.S.D. awards bids cont. from pg. 1

Cummings Electric of Amarillo, Deakin Electric of Spearman, Chaparral Electric Supply of Amarillo and Nunn Electric Supply of Amarillo.

Arch Air of Amarillo was awarded the contract for the boiler repair and replacement. They submitted the low bid in the amount of \$20,446.10. The high bid was received from Plains Plumbing for \$30,900. Other bids were submitted by C.W. Plumbing, Inc. and Quality Mechanical.

Snook & Aderton of Lubbock were awarded the contract for the suspension unit heater. They submitted the low bid, \$3,739. The high bid was \$5,254.28 submitted by Cummings Refrigeration. Norflet Supply of Amarillo also submitted a bid.

In other business, the board awarded the monthly gas and diesel contract to Spearman Equity. They submitted a bid of 0.609 for gas and 0.679 for diesel. Golden Spread also submitted bids for the contract.

A resolution was adopted by the board to join the Texas Association of School Boards (TASB) Legal Assistance Fund. The cost to the district was \$250, according to Superintendent Willard Murrey.

TASB Policy Update 43 was approved by the board. This brings the policy up to the standards of the TASB.

Early dismissal days were approved. The days are October 8th, November 23 and December 22, Murrey reported. He added that the time of dismissal is to be determined by the administration.

Two budget amendments were made during the meeting. Murrey explained that funds were transferred to the year book account. He added that a new account was also made. This account is for the \$30,000 the high school will receive for winning the Excellence Award.

The board tabled the advanced refunding of bond issue. Murrey stated that is was tabled so more information could be obtained.

School vehicles were discussed by the board. The age and miles on the vehicles was given. According to Murrey the consensus of the board was to take bids to sell two of the vehicles, but no action was taken.

TASB Policy Update 44 was discussed.

In the superintendent's report, Murrey stated that Pringle-Morse C.I.S.D. had submitted their information to the TEA for the "Sharing of Wealth". The funds from TEA should be received by Spearman I.S.D. by February 15, Murrey reported.

The superintendent also reported on the student enrollment and the average daily attendance.

He closed by speaking of the upcoming football game against Canadian. The game is Friday, Nov. 12, at 7:30 in Pampa.

HCCC cont. from pg. 1

The County holidays for 1994 were discussed and set. They are basically the same as this year, Judge Brown stated.

Sam Gruver, chief of the Gruver Volunteer Fire Department, updated the commissioners on the Gruver Department.

Road easements for Darrell West in precinct #1, and Vernon E. Faulconer, Inc. in precinct #4 were approved. No action was taken on the road easement for Robert Skinner.

The Commissioners took no action on an order to waive taxes on government housing.

In regular business, the minutes from the previous meeting were approved. The treasurer's report and investments were approved. Payment of the bills for the period were also approved.

The American Bible
Society

Today, they are remembering...remembering embraces that could have been their last...battles that brought a bloodstained halt to fast, but abruptly fleeing friendships. They are remembering fighting for the future of their children, their grandchildren, or their great-grandchildren.

With us, even today, are those who served in our Armed Forces from World War I through the most recent conflict in the Middle East. For many of us, it is impossible to conceive of the price they paid for the freedom of our country now and for generations to come. Many of these men and women find their recollections too dreadful to discuss, as if the very act of verbalization would reconstitute the tragedy into actuality; so they spend the day remembering...
This year on Veterans' Day, may we remember those who find their memories too painful to forget.

"Custom Cattle Feeding"

Today, they are remembering...remembering embraces that could have been their last...battles that brought a bloodstained halt to fast, but abruptly fleeing friendships. They are remembering fighting for the future of their children, their grandchildren, or their great-grandchildren.

With us, even today, are those who served in our Armed Forces from World War I through the most recent conflict in the Middle East. For many of us, it is impossible to conceive of the price they paid for the freedom of our country now and for generations to come. Many of these men and women find their recollections too dreadful to discuss, as if the very act of verbalization would reconstitute the tragedy into actuality; so they spend the day remembering...
This year on Veterans' Day, may we remember those who find their memories too painful to forget.

Obituaries

KENNY LEE BRADLEY
TULIA - Kenny Lee Bradley, 49, died Thursday, Nov. 4, 1993.

Memorial services were held Sunday, Nov. 7, in Wallace Funeral Chapel with H.L. Rowell Jr. of First Baptist Church officiating.

Mr. Bradley was born in Plainview and raised in Tulia, moving away in 1960. He married Judy Johnson in 1964 at Florence, Ariz. He moved from Gruver to Mansfield in 1985. He was a farmer and a Baptist.

Survivors include his wife; two daughters, Tammy Lynn Cole of West Plains, Mo., and Kimberly Marie Duncan of Mansfield; a son, Keith Bradley of Gruver; his parents, Carl and Violet Bradley of Ruidoso, N.M.; a sister, Loretta Cope of Amarillo; two brothers, Wayland Bradley of Amarillo and Lonnie Bradley of Spearman; and 10 grandchildren.

MARY LILLIAN MURRELL
GRUVER - Mary Lillian Murrell, 92, died Friday, Nov. 5, 1993.

Services were held Monday, Nov. 8, in Gruver United Methodist Church with Dr. Lewis Holland, pastor, officiating. Burial was in Gruver Cemetery by Henson-Novak Funeral Directors of Guymon, Okla.

Mrs. Murrell was born in Archer County and moved to Hansford County in 1902. She attended school and church at Great Plains school. She married Walter Richard Murrell in 1923 at Megargel. He died in 1980. She also lived in Vernon. She later moved to Gruver in 1955. She was a member of the Gruver United Methodist Church.

Survivors include a daughter, Mary Katharine Moore of Vernon; a son, William Richard "Buddy" Murrell of Gruver; four sisters, Mary Jean of Beaumont, Bernice of Graham, Ruth of Megargel and Rebecca of Minnesota; six grandchildren; and 11 great-grandchildren.

The family request that memorials be to Gruver United Methodist Church or the Hansford County Hospice. Memorials will be accepted at the Henson-Novak Funeral Home, Box 1306, Guymon, Okla. 73942.

SAMUEL DAVID WELLS III
PAMPA - Samuel David Wells III, 20, died Friday, Nov. 5, 1993.

Services were held Monday, Nov. 8, in Carmichael-Whaley Funeral Directors Colonial Chapel with the Rev. Lyndon Glaesman, pastor of Calvary Baptist Church, officiating. Burial was in Fairview Cemetery.

Mr. Wells was born in San Antonio. He married Ramona Portillo in 1991 at Spearman. He was employed by Copan Corp. He was a member of the Nazarene church.

Survivors include his wife; a daughter, Halie Kaylin Wells of the home; two sisters, Stormy Zimmerman of Bryan and Lindsey Wells of Abilene; a stepsister, Brooke Baggett of Georgia; and a stepbrother, Ryder Baggett of Abilene.

HELEN GAY WOMBLE
MORSE - Helen Gay Womble, 80, died Friday, Nov. 5, 1993, in Lubbock.

Services were held Monday, Nov. 8, in First Baptist Church with the Rev. Lane Boyd, district superintendent of United Methodist Church.

Survivors include his wife; two sons, Charles Lovett of Perryton and Tommy Lovett of Greenville, S.C.; two daughters, Judabeth Floyd of Amarillo and Carol Ann Sheets of League City; nine grandchildren; and seven great-grandchildren.

The family requests memorials be to the Museum of the Plains or a favorite charity.

Wyoming is nicknamed "The Equality State" because Wyoming women were the first in the nation to vote, hold public office and serve on juries.
