PLAYING WITH FIRE - Last week Spearman residents thought that a home located on Hoskins Street was again on fire, however, local firemen were on the job brushing up on their skills. The home which had been destroyed several weeks ago by a house fire was reset so that firemen could work on their skills. The flames could be seen from throughout the area and smoke filled the neighborhood. (Photo by Daniel Ramos)

Gruver kids learn about American Indians

The fifth grade class would like to tell you about our American History studies on Indians. In Mrs. Overbey's class, we learned about Indian cultures, homes and way of survival. We also learned about famous Indian leaders. We really enjoyed learning about their hunting and their tools. Each class member made a scale-sized model of his/her favorite dwelling. There are pueblos, tepees, wigwams, longhouses, igloos, Aztec and Mayan pyramids and Seminole chickees.

We also had an Indian trunk show from the Square House Museum which featured an exact replica of a Kiowa calendar. We each made a folder showing each group of Indians on it with their tools and lands.

We all really enjoyed this unit, and now we will have much more respect for Native Americans.

Letter to Editor

Editor's Note-Several Spear- knocked our steady foothold of how man Junior High School students recently wrote letters about how they felt about drug abuse in conjunction with Red Ribbon Week.

Dear Editor,

So many problems with drugs are arising in Spearman that we cannot control them. The problem is not only with teenager's, but with older adults as well.

The pain and sorrow with this situation is unbelievable. So many of us think that such a small town could never have drugs or violence. Yet, so many of us are wrong. Drugs are on the streets, in homes, and even in our school system. Obviously we have not done a good job in educating the unfortunate people using drugs.

Using drugs will ruin your life. Most kids take drugs because of peer pressure. They can get pulled until then we must work together to fight the problems.

The residents of Spearman must take a stand for once and just say victims of a fantasy of living in a no. Good things will result if we do take a stand, but what will happen if we don't?

Sincerely, Syd Woodington 7th Grade SJHS

Dear Editor.

The big cities may seem very dangerous to people like us, who live protected and safe in a small town like Spearman. Every once in a while, we may wish for a few more restaurants or shopping malls like larger towns, but with that comes a terror greater than anything imaginable: Drugs.

Everyday, here in Spearman. someone tries a little marijuana or smokes a joint; this will bring violence, crime, and a crumbling community. We must try harder.

Being drug free is very attractive. It means not being stoned and spacey, it means not throwing-up in bathrooms, it means staying out of trouble, and most importantly it means being healthy. Nobody likes a person that is harmful or careless is great, you're alert, feeling great all the time, and being prepared for what ever life hands you.

Let's all band together to reach for a common goal: make Spearman Drug-free!

Sincerely, Kathryn Murphy 7th Grade SJHS

Dear Editor, been born. A problem that has in- will lead a person to a life of crime. creased fears and has asked ques. They are very expensive and users tions that shout, "Are we really usually end up stealing money to safe? Do we have this problem under control? Will we survive it?"

The problem aroused blockades that

safe small-town life really is right off the picture. Many of us saw the problem coming, but it hit others like a brick in the face. The problem, we now know is the abuse of dealing of drugs, is here. It is happening right here, right now, in Spearman. And the only way to stop it is to hold hands tight and join together as one to fight against it with all the strength left inus.

We must do something in which everyone can relate to, and everyone can participate in. A solution that lets every single one of us protest in our own, silent way. A solution that defies what they want-us. This solution, which is at our fingertips, free for us to use at anytime, is the most simplest and easiest thing there could possibly be. the solution, is "No." To be drugfree. To say "No" when you are in that situation head-on. To scream with all your might "No!" that you into bad situations if they don't are not going to stoop yourself that avoid it. These problems and more incredible low. This problem is are very common in our commu- plaguing our country with disease nity. We will find the solution, but and hopelessness. So many of us thought that nothing would ever happen to this tiny, innocent town. But so many of us find ourselves large city; living with real, true, white fear. We must fight this, fight it together, and have faith. We must do this. We must.

It's the only chance we've got. Sincerely, Brandi Willis 8th Grade SJHS

Dear Editor,

Hi! My name is Lisa Swink. I am thirteen and just now experiencing the peer pressure of doing drugs. If I did drugs, I would have to give up too much. I wouldn't be able to do what I love most-basketball. I might begin not to care how well I played, and I wouldn't play my hardest every time I went on the court. If one of the coaches found out I had been taking drugs, I would be thrown off the basketball team. I'd ruin my reputation and my grades would plummet. My life would be ruined.

I don't see why anyone would ever think of doing drugs. It is very stupid. Drugs could seriously harm or even kill you. The people that with their body. So being drug free take drugs never come out on top even though they might think they do. Some people think it is cool to take drugs, but is it really worth the risk? I don't think so.

Sincerely, Lisa Swink 8th Grade SJHS

Youngsters help raise funds for St. Jude

The Nights of Columbus, Spearman Chapter, held a Bike-A-Thon on Saturday, October 8th. The proceeds will go to the St. Jude Children's Research Hospitals to help with research costs in the fight against leukemia and other childhood cancers.

The Bike-A-Thon was held at the Rocket Slide Park. The participants had to ride their bikes around the park in laps (approx. 7/10th of a mile) and the pledges paid per lap. Travis Sanders and Nicole Sanders won new bicycles for their pledges of approximately \$320. Misti Hand and Tiffany Hand were each awarded plaques for their pledges of \$37 each. All the participants also received tee shirts with St. Jude Children Research Hospital Bike-A-Thon on them.

For every dollar raised, 86% goes to the current and future needs of the hospital. Of the remaining 14%, 5% goes toward administration costs and 9% is spent on fund raising. It is unknown when, or whose child may be stricken with cancer. The St. Jude Children's Research Hospital gives hope to those with

The Knights Of Columbus would like to thank Hickerson Jewelers (Frosty), KRDF Radio, Alco, the children who rode and the people who supported them.

Among The Neighbors

All who read the Generation Y section of the Amarillo Daily News have been admiring the interesting, well-written column of Joni Hart, a student in Gruver High School. Joni is the daughter of Marilyn and Jon Hart and the granddaughter of Mrs. Aleen Lowder and the niece of Mrs. Sally Taylor, both of Spearman.

The column Joni writes appears every third Friday. The last issue dealt with her grandmother, the late Jeanette Combs Hart of Gruver and her basketball career in the 1920s at what is now West Texas A & M University. The heading recalls the days of "bloomers and blouses"-the uniform for girl basketball players at that time. The detailed requirements to be eligible for the team were very demanding. Joni's grandmother "Jet" Combs had an outstanding career.

Joni's article concludes with her own anticipation of the Gruver practice which began on Monday, and her relief that the players are not required to wear bloomers and blouses.

Anyone curious about the garb can see a picture of the Spearman High School team in the annual at the Station House Museum.

Gladiola Flower Club conducts

The Gladiola Flower Club met for its regular meeting in the home of June Jackson on October 20.

Margarette Evans presided over the business meeting.

The subject of roll call was "What makes me happy."

Minutes of the meeting were read and approved.

Plans to start publicity for the annual home tour were made. The home tour is scheduled for December 4. Dorothy Buzzard will be in charge of upcoming features.

The Thanksgiving supper will be on November 10 at First Christian Church Fellowship Hall.

Betty Jean Davis was winner with her borrowed arrangement of mums, Rose Cummings was winner in the specimen category with a red rose, and June Jackson was a winner with an ivy potted plant.

Estelle Jackson showed a video on Wildflowers of Texas. It featured Lady Bird Jackson and the work she has done to promote wildflowers in Texas.

When England wanted to cut government waste, a Texan showed them how to trim the fat

Hardly a surprise, old chap. Since taking office in 1991, John Sharp and his Texas Performance Review team have set the standard for streamlining government agencies, saving taxpayers a documented \$6.2 billion and helping Texas avoid a state income tax. And his reviews of Texas school districts have saved taxpayers

Now he's fighting to cut millions of dollars in welfare fraud and bureaucratic waste by abolishing paper food stamps, which are often stolen and then traded for drugs. Sharp's plan is to replace food stamps with computerized security cards.

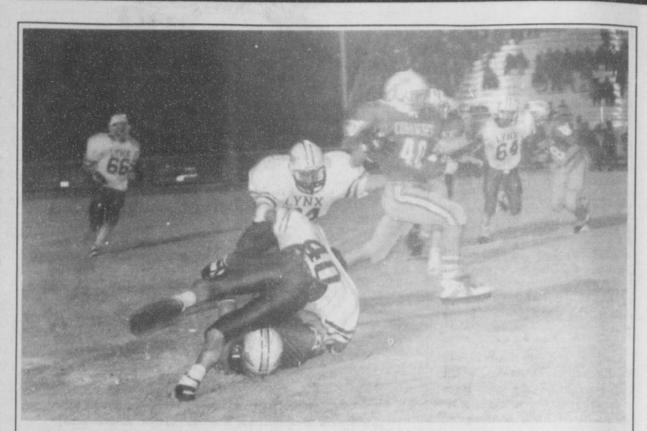

No wonder U.S. News and World Report (1/4/94) says: "John Sharp has become the mastermind behind a sweeping overhaul of the bureaucracy that has put Texas at the forefront of the nationwide effort to...root out waste.

Yet, despite all the additional duties and initiatives taken on by the Comptroller's Office, Sharp still managed to reduce the number of his employees and return \$9 million of his budget to the taxpayers.

Of course, there's a lot more waste in Texas state government just waiting to be cut, so the job is far from over. That's why we need to keep John Sharp on the job

West Texas soon capitalized on this and just 5 plays later, they were again in striking distance of another score. Despite a great pass break-up of a would-be Comanche touchdown on the first play of the drive by Greg Elliot, West Texas scored their second touchdown on the sweep for 5 yards to Sullivan. He kicked the extra point again for the Comanches, and their lead was increased by 14 with 2:44 still left in the first quarter.

For The Sbort Of It

Here is the scoop on this week's gigantic ball game at Greyhound Stadium against the West Texas Comanches. The winner of this game will be District 1-2A Co-Champion with Stratford, and will face Canadian in a bi-district football game next week. At press time, that match-up, Gruver-Canadian or West Texas-Canadian, has been tentatively set for Perryton, Friday night November 11 at. 7:30 P.M.

If you go by all-time records, this week does not bode well for the Hounds. Only White Deer, of all the teams the Hounds have played more than a handful of times, has beaten the Hounds as regularly as West Texas (Stinnett). Gruver is only 11-20-1, .359, against the Stinnett team. But only the last three games will be highlighted.

In 1987, the Comanches dealt the Hounds their second worst defeat in history, 71-0, at Stinnett. They ran up the score. Then the two teams did not play again until 1992.

Two years ago, 1992, at Stinnett. Gruver won 30-19 in a big upset. It was a game in which Gruver fell behind 19-8, and it was Coach Doug Frick's biggest, most important victory up until last week's 18-0 conquest of Spearman. The Hounds had fire in their eyes for what the Comanches had done to them five

they had done to them the year before. The Comanches scored early and often, devastating the Hounds 47-0 at Greyhound Stadium. It was a great performance by WT, a terrible performance for the Hounds.

That brings us to this year, again at Greyhound Stadium for the second year in a row. What can we expect?

The Hounds' defense is a we some. They have four shutouts in their last five games, giving up only 14 points to Stratford. West Texas gave up 47 points to Stratford.

But West Texas regrouped against the Lynx, and beat them 35-14. The Hounds beat the Lynx 18-0. WT won by 21, Gruver by 18. Take away 3 points from WT for homefield advantage, and it is dead even between WT and Gruver.

last six games, they have out-scored the opposition 180-20. They beat the Lynx - yes. But for it to be a really successful season, they must get by WT High.

There are only two teams in the Texas- Oklahoma- New Mexico Panhandle area which have given up fewer points than the Hounds this year. They are Archer City (427-19), and Springlake-Earth (404-38). Gruver leads the entire area in team defense, giving up only 660 yards rushing and 1149 total yards through eight games. Their average of 143.6 yards allowed per game also leads the entire area.

I don't know what score to predict - except to guess the most fantastic score I can. Here it is. A 0-0 tie, with Gruver winning on penetrations, 1-0 - in a driving rainstorm. Figure that prediction out,

Here is some hot basketball 15 at 5 P.M. news. The Gruver Lady Hounds are scheduled to play in two scrimmages upcoming, prior to the opening of the 1994-95 basketball season at Dumas against the Demonettes on Tuesday, Novem-

The Lady Kiowas-Lady Hounds scrimmage on November 8 will mark the return to Gruver of Booker head coach Mike Banks, now in his second year as Lady Kiowas coach. Banks was head basketball coach of the Lady Hounds 1988-1991, then head basketball coach at Idalou 1991-92, then hfead basketball coach for the Vega Lady Longhorns 1992-93, then at Booker since 1993.

More basketball news. Coach Steve Myatt may open the season with just 8 varsity players, plus Molly McLain on injured reserve, from his 29-6 team of a year ago. If that is the case, if there are only eight at the start, then our JV Lady Hounds team would be no slouch. Returning for Coach Jim Davis from his 13-12 team of year ago will be juniors; Joni Hart, Robbi Mathew; sophomores; Erikka Barrera, Crystal Christian, Erin Derington, Amy Gillispie, Cara Hathaway, Mary Dawn Henson, Lexy Spivey; and three promising newcomers are sophomore Rayne Lindsey and freshmen Jill Odom and Kathy Slough. GISD sub-varsity teams meet Sunray

The Gruver Hounds junior varsity cinched up their belts for the first of the two final games of the year, and defeated the Sunray Bobcats JV at Sunray this past Thursday night, October 27, 20-0. Prior to that game the two junior high teams lost to the Bobcats - the 7th grade losing 18-8, and the 8th grade osing 28-16.

According to Coach Tim Garland, here is the scoop on the junior high

In the 7th grade game, Gruver scored on a 50 yard run by back Jared Christian. The two point conversion was on the sweep pass, which worked for the second time this year. Quarterback Dallas Henson handed the ball to Chris-

from quarterback Jason TeBeest, who has returned from a broken hand. TeBeest hit Charlie Stavlo for 35 yards and the first score; and the two point conversion was scored on a sweep by back Dustin Ross.

The second touchdown was a pass from TeBeest to Jim Potts for 30 yards; and the two point conversion was a run by Clint Robinson on the power lead play. According to Coach Garland, the 8th grade team played well in defeat.

The JV game was a much needed jewel. Here is the scoop from Hounds coach John Duncan.

The first score for the Hounds came on the second possession, after Jason Smith recovered a fumble. It came on a 20 yard pass play from tian in the backfield on the sweep, quarterback Brant Armes to James and he passed the ball to Derik Sursa. Gruver took an 8-0 lead, as Grotegut in the end zone for the Armes hit Kyle McNett on the two point conversion on the pass play.

The second score came with one touchdowns and a safety. The safety minute to go until halftime. It was also a touchdown pass, from Armes to Buster McLain, covering 30

BREAKING LOOSE- The Spearman eighth grade football improved their record to 7-0 last Thursday in Spearman by destroying the West Texas Comanches, 48-0. The team is the only Lynx football squad to go undefeated so far this year, and win next week against the Boys Ranch Roughriders would mean a perfect season for the youngesters. Spearman eighth graders hand Comanches a 48-0 thrashing

By CHAD DAVIS REPORTER-STATESMAN STAFF WRITER

The only Lynx team with a perfect record, better known as the Spearman 8th grade, took the field again last Thursday night, and, of course, they had a cake walk with the Comanches, defeating them, 48-

From the start, Spearman took control of the game, with just 5 carries for 38 yards. On the drive, Mason Kuehl, who accounted for 8 of the yards, teamed up with his two star running backs, Aaron Witten and Michael Lusby to set up the first score for Spearman. With Witten took the left side hand off from Kuehl to score the easy 19 yard touchdown. Kuehl went on to waltz in the 2-point conversion, and Spearman had an early lead by 8.

Comanches the ball back.

Nonetheless, the Lynx defense would force the Comanches into anther punting situation. Once again, another bad snap by West Texas's center proved to be a huge mistake for the Comanches. Thanks to a brilliant heads-up play by the Spearman's star, Lusby, the Lynx had the ball back on the Comanches 25 yard line. This play gave the Lynx ball with good field position, as well as ended the first quarter.

The second quarter began with the second Lynx turnover of the game. However, on the Comanches first play of their next drive, Carlos Hernandez busted through the entire offensive line of the Comanche's 5:33 still left in the first quarter, to put pressure on #81. Due to his thrashing hit that caused a tip ball, an offensive lineman for West Texas caught the tip and ran for 10 yards. Once again, the Lynx defense would come shining through, however, and on the next play, a wildly thrown pitch to running back #20, ended in

Thanks to a great run by Kuehl on a quarterback keeper for 16 yards, the Lynx had good field position and was knocking on the door of the Comanches on their 4 yard line. From there, Lusby waltzed in for the easy score with 1:06 left in the half. The 2-point conversion, that was called back at first due to a flag on the Lynx, on the side of the end zone was caught by Hernandez, and the Lynx stretched their lead by 18.

After stealing the ball away on a fumble by Lusby, and nice screen play of 16 yards to Landon Miller, the half ended with a Lynx lead of

The third quarter began with a short possession of no yards for West Texas, and they turned the ball over to Spearman on a punt.

The rest of the entire quarter belonged to the Lynx, and as unbelievable as it may seem, they did not produce a score. On the drive to end the quarter, Lusby, Witten, Hernandez, and Kuehl all did their usual fancy footwork and managed to gain 35 yards on 11 carries. However, their brilliant efforts were not enough to score, and the quarter ended, Lynx 18 West Texas 0.

The fourth quarter began with the Lynx towering defense taking control. On the Comanches first drive of the half, Clancy Vanderburg scooped up a fumble on the 10 yard line to give Spearman the ball back with 7:16 left in the game.

Although Spearman was forced to punt on their first drive, they soon got the ball back rather quickly, thanks to a diving grab of a fumble by Teddie Whitefield.

On the first play after the recovery, the Lynx's superstar, Aaron Winegarner, busted up the middle for a 19 yard touchdown with 2:05 still left in the first quarter. It was again Winegarner, who took the pitch from quarterback Clayton Wilkerson for the easy 2-point conversion. The Lynx had an early

It was #20 who took the ball again up the middle again for the 2-point conversion, however, the Lynx defense stopped him dead cold just out side of the goal line.

JV Lynx hold off WT's Comanches final attack for a 14-12 victory

By CHAD DAVIS REPORTER-STATESMAN STAFF WRITER

When it comes to defense and holding on until the final whistle is blown, no other team compares to the Spearman Lynx Junior Varsity team. Thanks to excellent coaching and the Lynx's non-penetrating defense, they held on to beat the Comanches last Thursday in the best game all week, 14-12.

From the start of the game, Spearman and West Texas both knew the game was going to be long and hard-fought. The Comanches, who first to try their luck for a score, kept the ball almost the entire first quarter. After 16 plays for 61 yards, the Comanches were within scoring distance. With only 48 ticks left in the first quarter, the Comanches' quarterback aired out a perfect spiral to receiver #33 for a 15 yard touchdown pass. The 2point conversion on the quarterback keeper was stopped by the defensive line of the Lynx, but West fense held the Comanches again, in. Texas was on the board.

However, Spearman soon countered back. As the first quarter wound down, Frankie Dominguez trotted down the field twice on 2 a little score, again summoned the quarterback keeper. Grayson went carries for 39 yards.

tude, he contributed most of the effort to give the Lynx the win.

It was again Dominguez, along with fellow teammates Blake yawning at the Comanches, 26-0. Beedy, who rushed for 5 yards on 1 carry, and Alan Huddleston, who the ball back, and with very little rushed for 6 yards on two carries, who gave Spearman excellent field position to score. Dominguez himself took the ball from quarterback Eric Cudd for the 16 yard backbreaking touchdown run. The Jamie Townsen extra point kick was slightly wide, but Spearman was neck-and-neck with the Comanches.

After West Texas and Spearman exchanged punts, the Comanches 34-0. drove hard down the field. However, on a third-and-twenty six play, agreat defensive sack by nose guard Tony Clement for -7 yards made the Comanches spirits sink. With only 40 seconds left in the half, Eric Varnon came out of nowhere and blitzed the quarterback, as well as picking up the fumble that he

This gave Spearman the ball back on the doorstep of the Comanche 10 yard line. Two plays by Dominguez for 5 yards, and Spearman was ready to score again. With just 26 ticks left on the clock, Dominguez fooled the entire defense of the Comanches when he threw a perfect half back pass to a wide open Clint Goodman for the touchdown. Cudd went on to score the 2-point conversion on the keeper, and Spearman was ahead 14-6.

With only 9 seconds left and a pass that could have been a Comanche touchdown, Spearman's defense came through again. This time it was Britt Savage who made an excellent interception steal as the half time buzzer went off. The half ended, Lynx 14 West Texas 6.

Once again the half started off with great defensive efforts for both squads. West Texas had 6 plays for

23 yards, but thanks to a sack by and West Texas turned the ball Travis Loomis for 2 yards, the Comanches turned the ball back over to the Lynx. This play put Spearman in great field position, as well as ended the third quarter, Lynx 14, West Texas 0.

Spearman started the fourth quarter out with two punts to the Comanches. Unfortunately, the Comanches took advantage of this, and on a quarterback keeper by the Comanches' big man, the drive ended on a 52 yard touchdown run with 6:54 left in the game. The Lynx defense would not let West Texas penetrate through for the 2point conversion, but the Lynx were definitely biting their nails, 14-12.

Although Dominguez carried the ball every time for Spearman on their next drive, his efforts went un-rewarded, and Spearman punted the ball away with 3:26 left

WOOD WORKING- The second grade Cub Scouts, better known as The Wolf Cubs, were recently visited at their Den Mother's house, Jean Ann Behney, by Orville Latham. Mr. Latham is an expert at wood work and the use of tools for the wood. The scouts were taught the many tools of wood working and the benfits of making things from wood. Pictured here are: (Back Row I to r) Mr. Latham, Wayne Gibson, Caleb Gillaspie, Nicholas Behney, Kylie MaGaha, Levi Snyder, Eric Diaz, and Den Mother Jean Ann Behney. More basketball. Here are my predictions for the top six Hounds/ Lady Hounds' teams for 1994-95 (And Coach Myatt didn't think I had the guts to do this)

Cassady, Krystal Deeds and Annie Mayhew as its nucleus, four veteran AAU players from the past sight unseen! My prediction is a They were AAU players, I think. perfect 16-0. They may lose a couple or three games and it would be no disaster. But I don't see them getting beat by any seventh grade team sure, sight unseen. This is a guess, say there won't be any teams that case, a fine team for Coach Duncan. they won't get ...

hadn't lost Molly McLain for the first part of the season. It is mostly with only eight players, they could suffer a handful of defeats. But the any defeats. My prediction is still 25-3, but with Molly, a perfect 6-0 in district competition, a 2-0 record in practice games, then a 6-0 record prediction stands. in the playoffs for the state championship and a final record of 33-3.

3. JV Hounds - With the five juniors returning, all starters for difficult to predict. When this team the JV on and off last year when will gel is not known, but they will they won 11 of their last 12 games, gel. My prediction is 19-10, and the and finished 17-9, I don't see many district championship in a very better JV teams in the area. Brant tough district with a 6-2 record,

per freshmen. It all depends on Gruver winning at Dumas, just like when and if Coach Tim Garland wants to fill that 15th spot on the varsity roster, or give all these boys a lot of playing time on the JV. My prediction is 23-3, as they will perhaps be defeated by teams such as 1. 7th grade Lady Hounds-This Borger and teams in the Borger team has Janae Watley, Becky Tournament. Perhaps not, also. But they will be a perfect 8-0 in district competition.

4. 7th grade Hounds - This is a two summers. One year they even long-shot, with all of these players went to Nationals in Indiana! There sight unseen. Yes, Dallas Henson. are other super players on this team, Yes, Bray Armes. Yes, Dan Odom. Jared Christian, if he is as good at basketball as football. I know very little of them. Many others, I'm in this area. Coach Sheila Watley but an educated guess. 14-3. That's is ready to say, "Go get 'em!" And I my prediction. We'll see. In any

5. JV Lady Hounds - Coach 2. Varsity Lady Hounds - This Myatt may decimate this team by team could be a perfect 28-0, if they calling up 3 or 4 girls to the varsity at some point this season - maybe even at the start of the season - but great depth that Molly would give if they stick together, my predicthem. There will be games where tion is 17-4, and a perfect 6-0 in they will get themselves in foul district competition for Coach Jim trouble against a good team, and Davis. Four members of this team are getting varsity experience now, just by working out with the vartalent just doesn't drop off among sity. Who knows where they will the eight, and that wouldn't cause stick - varsity or junior varsity? My prediction is even if they lose 3-4 girls, there is enough talent on this team to win anyway. The 17-4

> 6. Varsity Hounds- They did lose Jarrod Hoel, but they gained three tough seniors. This is very

last year. I won't even venture to guess how far they will get in the playoffs. Hopefully all the way. A lot depends on how good a team the become - how good they play as a team, with no really dominant player, like Hoel last year. Like the Lady Hounds, who return eight players, the Hounds will be a veteran ball club, returning 11 players from last year's team that nearly made the playoffs! What if they gel early, shortly after the start of the season? This could be a super team!

Please note: Some of these record change if the Hounds advance in the football playoffs, and that is what we are hoping for!

The first annual GJHS sixth grade football game was held this past Friday, October 28, and the White Team beat the Red Team 12-Bradley Duncan scored from about five yards out, and the White Team took an early 6-0 lead. It looked like that score might hold up, but in the fourth quarter with a little over three minutes left, Aaron Weller scored from a couple of yards out, and the Red Team had tied the game 6-6.

But then, on a very exciting play, Corey Schneider ran the sweep around the left end and scored from about 35 yards out with only four seconds left in the game for the White Team, to give them the victory. It was an exiting first game for the youngest of Hounds.

the stops and drive for another compared to West Texas's domitouchdown. On the drive, Phillip Sanders, who rushed for 14 yards on only 2 carries, and Shawn Moore, who rushed for 35 yards on just 3 carries, helped to set up the score. This time it was Moore who defied the wall of defensive lineman and busted through for the 1 yard touchdown. Elliot went on to kick his second extra point of the night, however, Spearman's effort was not enough and the game ended, 35-14.

Statistically, the Lynx rushed for 94 yards on 31 carries, which brought them to 3.03 yards per carry. Wilky threw the ball 15 times for 4 completions and 19 yards Spearman to a total of 113 yards P.M.

nating 315 yards. Individually, Shawn Moore

rushed for 58 yards on 18 carries and led the Spearman back field. Phillip Sanders rushed for 21 yards on 3 carries, and making his big running back first appearance was Coyt Tigrett, who rushed for 8 yards

As far as receiving, Josh Furlow led the way with 2 catches for 19 yards and one touchdown. Moore also had 1 catch for 4 yards.

The Lynx will play their last home game, as well as their last game of the season Friday night, as they will be hosting the Ranch. and one touchdown. This brought Game time is scheduled for 8:00

anything in their desperation to satisfy their habits. I also know that drugs are not a Christian way of life. They become the most important thing in life, forcing the user away from God and his family. These are just some of the reasons I support Drug-Free Week so strongly.

Quotes to Live By:

"The Majority is almost always wrong.'

"You can't be a leader at all, if you first can't lead yourself." "There's an enormous amount of

8th Grade SJHS

Dear Editor,

To me, being drug free means having an opportunity in life. An opportunity to succeed in school, sports, and life. It's not easy being drug free though. Resisting peer pressure is a major battle for teenagers in today's society.

Resisting peer pressure gives you an opportunity to be who you are and not a tag-along. You have to stand up for what you believe in. Drugs are not cool or a way to waste your weekend, they are very dangerous. They can cause emphysema, brain damage, and even death. Even though we live in a small town, we still have drugs. No matter how big or small a community is, drugs are

Sincerely, Julie Scroggs 8th Grade SJHS

Dear Editor,

I believe that there are many great advantages to leading a drugfree life. First off, it could save you from getting into a lot of trouble, because drugs are illegal. It can also keep you from feeling so down. Yeah, at first they may make you feel terrific, but just wait--in a couple of hours you won't feel so hot anymore.

I have never done drugs and never hope to do them. I don't want to make my family, friends, and myself live through that hardship.

People may think that this couldn't ever happen in this small community, but watch--here it comes.

You must always be prepared for it. It can happen anywhere, and it does happen almost everywhere. Teenagers are killing their brains with fatal drugs. Even teenagers in this small town of Spearman are using drugs everyday. So help us and our community, and be drugfree! Just Say No!

Sincerely, Halee Beasley 7th Grade SJHS

Dear Editor, On the news, the paper, and on

the streets, drugs are everywhere! When a person chooses to take drugs, or to just follow the crowd, they are choosing to ruin their life.

Drugs and alcohol are taking over the country. Towns, small or large alike, are both paying the deadly price that drugs cost. Besides being financially expensive, drugs are costly to you, your body, your friends, and your family. If you have a friend who is on drugs, try to help them by talking to them to see a counselor or a rehab center.

All drugs are deadly, whether it be from cigarettes and alcohol up to cocaine. They all have the same effect, horror. In a small community like Spearman, many families have ignored the problem of drugs. Though drugs have taken a longer time to infect Spearman, they are now sneaking up right under our noses! The children and teens of small towns and huge city streets are slowly dying off. So before you decide to ruin your life, remember that there is still time to clean the streets!

Sincerely, Audra Sanders 7th Grade SJHS

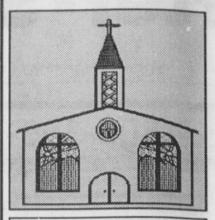

Dear Editor,

As an eighth grade student and a leader at Spearman Junior High School, I am strongly in favor of a drug free life! Drugs can mess up a life so easily. Doing drugs has no purpose, because what kind of career would you have if you do drugs? The younger generations look up to the older generations, so what kind of role would you be playing if drugs were a part of your life. Young ones will get the idea of "If they do drugs why shouldn't we?" Drugs lead to a faster death rate. Brain cells are lost and your immune system is damaged. My goals in my life are to first, graduate out of Spearman High School with a high grade point average. Then I would like to go to Weatherford College and become a physical therapist or a cardiologist. After college I would like to get married and have two children. Last, but certainly not least, I would like to live happily ever after! Trying to attain these high set goals would not be accomplished if I used drugs. I would not be able to get such a high paid job, I probably would not be able to marry the man want to, I would not be able to have healthy children if any at all because the use of drugs wile pregnancy does not just hurt your life but another poor innocent life, and especially if I wanted to live a long lasting life drugs would interact in some way. What is the purpose in doing drugs? It does not make you look "cool!" It make you look like you do not have any self-respect. So, why do drugs?

Sincerely, Chrissy Bensinger, 8th Grade SJHS

A Moment in Majesty

For a majestic moment the deer stands with stately poise; then, with ghostly grace and a soft swish, he

How incredible to imagine that God would, in yet a final stage of creation, go on to surpass such magnificence as He had already created. The psalmist David expressed this so eloquently in Psalm 8:3-5..."When I look at the heavens, the work of Thy fingers, the moon and the stars which Thou hast established: what is man that Thou art mindful of him?"

Yet God was mindful, bestowing upon humankind the royal crown of creation in His image and dominion over all of creation. As we worship each Sabbath, may we be mindful of our unique hierarchy...our God-given moment in majesty.
