## Magnificent Holiday Display.

Our Holiday Goods are the most attractive and of greater variety than ever before offered in this city.

We have been planning all season for this trade. We have studied what to buy and how to buy at prices and style to suit everyone, no difference how fastidious the taste.

Our counters will be filled at once. Make your selections early while the

stock is yet full. If there is anything we have not got we will order for you so you can save money. Watches, books or anything you may desire. We know that it is often inconvenient to pay cash. Unless there are special inducements offered you will not take the trouble to pay the cash when you buy goods.

We offer the inducements.

1st. We have already marked down

our goods.

2nd. We offer the profit sharing plan. For every \$1.00 worth of goods you buy at our store we will return to you 10 cents in certificates. You save up your certificates until you have bought \$15 worth of goods when you can turn them in for any goods we have in the store (your own selection).

**Moneysworth Suits and Extra Pants.** We are determined

to close out our boys' and youths' suits before our new line comes in—some time in January. Save your money for bargains in these lines.

**The Ripon Glove,** named after "Lord Ripon." Every pair guaranteed. We have full stock in all our lines and the best that money can buy.

Our Clothing Clubs are all full; new applications coming in every day.

Yours for Fair Dealing, Honest Goods and Honest Prices,      **E. Dubbs & Sons**

### A VISIT TO A GOOD STORE

Hayter Bros. Show a B.-S. Reporter A Beautiful Line of Gents' Furnishings.

Every day men establish what is termed a specialty, some of these specialties being of more than usual interest because of the fact that no one has gone before in that particular line to pave the way. It is easier to follow behind in a specialist's footsteps than to specialize something for yourself. An exception, however, is noted in the gent's furnishing store of Hayter Bros. A Banner-Stockman reporter happened into this store Tues-

day at a quiet hour and engaged the proprietors in conversation, having a notion to learn something of the workings of a store that is in a class by itself. Messrs. Hayter informed us that their business since opening had been greater than their most sanguine expectations, and that they considered chances extremely good for steady, healthy growth from this time on. A reporter's business is to know something of everyone's business, and we started in to digest a little knowledge of the business Hayter Bros. are specializing. We were shown; not in the manner in which those from Missouri are shown, but with the courtesy and gentlemanly attention that has already made this store attract favorable com-

ment from not a few. We were shown through a line of Wilson shirts that made us feel as though we would like to crawl into one and go on dress parade. A line of Cooper's patent health underwear in cotton and wool attracted our attention, for it looked good to us when we cast our eye on an eight-foot snow bank outside the window. Messrs. Hayter carry this line in various weights, and all of it looks good. Their line of Stetson and Yeoman hats is complete and attractive. Everyone knows the Stetson hat and so does everyone know the E. & W. collar and the Walkover shoe, both high class, and both handled by this firm. In the glove line they have something to please all comers—dress gloves

for those who desire them and working gloves that wear until one tires of them.

Our reporter isn't a clothes expert, having never had an opportunity to give the subject exhaustive study, but the Rosenwald & Weil clothing, raincoats and fancy vests looked good to us, and the price is a feature that pleases every printer at least. However, candor compels us to admit that the Hart Schaffner & Marx clothing has the R. & W. line beat when it comes to quality. Hayter Bros. say the H. S. & M. clothing is their leader, and it may well be for its quality cannot be beat. Their remaining stock, however, classes high, and they have no apologies to offer the public for their specialty.

### Card of Thanks.

We feel very thankful to the people of Clarendon and Donley county, both young and old, for their liberal patronage and nice treatment, both to us and our horses when driving. Our business has been very gratifying and much better than we expected. We are going to put in some new rigs soon and do our very best to serve you better in the future than in the past. We are ready and willing to respond to any and all calls, day or night, so call on us; a trial will convince you.

After Dec. 1st, 1906, our business will be strictly CASH at the door. A glance at our books will show the reason for this. Your patronage cordially solicited.

Yours for business,

C. L. YOUNG,

## YOUR THANKSGIVING DINNER

Now uppermost in your mind. This applies to every housewife just now, and this is to call your attention to the best place to buy the several necessities for a successful Thanksgiving dinner.

You will need a turkey; we have them; large fat gobblers and hens. Then there is the cranberries to go with the turkey; get 'em here. As for olives, pickles and condiments of all kinds, they are here in profusion, as is also all the materials for pies, cakes and pastries. The latter will be better if made from our famous WHITE SWAN FLOUR—the best on the market and every sack guaranteed. And by the way, the family that has made a habit the past year of buying their groceries from WILLIAMS will have all the more reason to be thankful this Thanksgiving, for WILLIAMS' is the store that sells for cash and sells for less. Phone 51 and let us fill your Thanksgiving order.

### BIGGEST SNOW IN HISTORY

The 'Beautiful' Makes Unprecedented Fall and Ties up Traffic on Denver Road.

The worst snow storm the Panhandle has ever seen, according to a number of old residents of Clarendon, began Sunday about noon. The snow fell rapidly all afternoon, throughout the entire night and almost continuously all day Monday. It was accompanied by a high wind from the north. This wind, while not excessively cold, was very high, and served to make the storm disagreeable in the extreme. The snow was drifted in great piles. Fences were entirely covered and railroad cuts and wagon roads were filled to the top, some of the drifts being ten feet or more in depth. The average depth of the fall is hard to estimate on account of the drifting, but it is variously estimated at from one to two feet. Men who have lived in this county for the past fifteen or twenty years say they never before witnessed as heavy a snow storm as this one.

Traffic on The Denver Road was all but suspended for a time. The road from here south is clear, and we have averaged one train a day since Sunday, but north of here the road is still blocked, and a train which had been stuck in a drift near Goodnight for a day or two had not up to last night been brought out. Above Amarillo the conditions are just as bad, and one passenger train was ditched Tuesday night a few miles from that city. Trains have been turning here and going back to Ft. Worth, and the town is full of passengers every day, and all hungry as bears. It is thought the tracks will be clear today and a semblance of regular traffic resumed.

The snow has caused a great deal of inconvenience locally. Wagon traffic was suspended for a few days, and cotton picking will be delayed considerably. Cattlemen say that the cattle are in excellent

shape and with plenty of feed there will be little loss in this section. Feed is plentiful and reasonably cheap.

The snow will aid in putting a good season in the ground for next year and the farmers will be benefited in the long run.

LATER:—This morning we learn as we go to press that the blockade has been lifted, the road is clear and trains running through.

### Paint "Mixed on the Premises"

The best architects always specify: "Pure White Lead and Pure Linseed Oil in original packages, to be mixed on the premises." There are two reasons for this: first, to make sure no substitute is used in the place of Pure White Lead; and second, that the paint shall be mixed to suit the particular wood and the climatic conditions of the locality.

If architects with scientific knowledge and professional reputation are so careful to make sure that only the best materials shall be used, is it not quite as incumbent on the house owner to do as much for himself, when not employing professional aid?

Painters of reputation never quarrel with these specifications, because they realize the materials called for are necessary to a satisfactory job. If a painter is conscientious, he will of his own accord use nothing but White Lead which is known to be pure. The standard is

### CHANCE FOR MONEYED MAN

Someone of Philanthropic Turn Can Prevent Distress and Line His Pockets With Gold.

Clarendon needs a philanthropist—one with money enough to put in a stock of fuel in the summer sufficient to supply the needs of the city throughout the winter. Besides giving full play to his spirit of philanthropy the said party could also make a bushel of money in the venture.

Every winter we have a coal famine. Local dealers say they haven't the money to put in a supply sufficiently large to carry the town over the winter months. The railroad at times during the winter confiscates coal consigned here. The mines are unable to "deliver the goods" sometimes. Hence, the annual famine.

This week the snow storm caught Clarendon with less than a dozen tons of coal for sale. Woodward & Liesberg secured a car from the railroad people Thursday and with a four-horse team made deliveries in 500 pound lots, and even then the car didn't go around. Today they got another car from the same source. They deserve much credit for the manner in which they handled the proposition.

While, perhaps, there has been no actual suffering for fuel, there has been a great deal of inconvenience. It does look like with all our boasted prosperity of the past few years, and with all the money in bank awaiting a borrower, some means could be devised whereby the necessity of enduring a coal famine could be averted.

There will be preaching at the Methodist church at both hours Sunday by some of the new preachers located here by Conference.

Rev. Dodson and family will leave next week for their new home at Colorado City.

## MAKE A COMPLETE CHANGE

Methodist Church Here Has Entirely  
New Set of Men at its Head.  
District Appointments.

Conference adjourned at Brownwood Tuesday after completing the business of the session. In the appointments for the next year the slate was wiped clean for Clarendon and new men sent here. J. G. Miller, of Brownwood, will be the presiding elder of this district, while W. C. Hilburn, of Mexia, will be pastor of the Clarendon church. For Clarendon College Rev. J. R. Mood remains as president, S. E. Burkhead as principal, and W. B. Wilson financial agent.

Revs. J. M. Sherman, B. W. Dodson and G. S. Hardy, who have so acceptably filled the local stations as presiding elder, pastor and College president during the past few years, are transferred elsewhere. Bro. Sherman goes to Gatesville as presiding elder; Bro. Hardy goes to Plainview in the same capacity, while Bro. Dodson is sent to Colorado City as pastor. The people of Clarendon, independent of church affiliation, will regret the loss to the town of these men, but will extend hearty good wishes for their prosperity and happiness.

The appointments in full for the Clarendon district are as follows:

J. G. Miller, presiding elder; Clarendon, W. C. Hilburn; Rowe circuit, A. T. Culbertson; Memphis, B. F. Hardy; Claude circuit, E. B. Chennoworth; Amarillo, C. N. Ferguson; Canyon City, M. E. Hawkins; Channing, J. W. Hunt; Dumas mission, W. A. Derrick, supply; Plemmons mission, Ed Graham; Hansford mission, Lesley Robinson; Dalhart, C. L. Cartwright; Stratford circuit, A. W. Waddill; Panhandle mission, J. C. Carpenter; Miami circuit, P. G. Huffman; Canadian circuit, Samuel B. Sawyers; Higgins mission, Geo. F. Harris; McLean circuit, W. L. Harris; Wheeler mission, L.

B. Sawyer, President Clarendon College, J. R. Mood; principal College, S. E. Burkhead; financial agent, Clarendon College, W. B. Wilson.

John B. Schmitz, a business man of Denton, and republican nominee a few years ago for governor of Texas, was a passenger on Monday's No. 7 which was stuck in a snow drift all night eight miles west of Clarendon. Our reporter saw him at the depot when the train finally got loose and backed in to town. He stated that the passengers were without food from noon Monday until noon Tuesday, and that the word "hungry" didn't half express the situation. Otherwise they passed a very comfortable night as the cars were warm. Mr. Schmitz was trying to get to Amarillo where his daughter is sick.

Charley Derrick came in last week from South St. Joseph, Mo., where he has been stationed during the past shipping season as inspector for the Panhandle Stockmen's Association. Charley's friends were scarce able to recognize him, as he had put on 30 or 40 pounds of averdupois which seemingly he was not entitled to. He will be located at this point for a time.

Editor G. O. Hunter, of the Sherman Democrat, accompanied by his daughter, Miss May, came in Sunday for a short visit with their friends, F. E. Harrington and family. Bro. Hunter's reception was very cold from a weather standpoint, and we trust his next visit will be more timely in that respect.

R. N. Gillis has sold his residence at Rowe to Will Lafferty and will move at once to Memphis. He is a fine fellow and we are glad to see him return to this city.—Hall County Herald.

The court house owl has come back and his nightly serenades are once more delighting (?) the citizens in that district.

Lee Blair, the efficient manager of the Cicero Smith Lumber Company's interests at Rowe, was here last Friday and made us a pleasant though short call just after we had gone to press with the week's paper. He reported the death the night before of the little 3-year-old daughter of Mr. and Mrs. O. R. Caldwell, the child having been ill for some weeks with fever. Mr. Blair says that his lumber people will put in another yard at the new town, placing a full stock on the ground as soon as possible, thus giving both old town and new town the benefit of a first-class lumber yard.

The Panhandle Steam Laundry has purchased from The Cold Storage Power Co. one of the boilers which has been furnishing steam for the latter plant the past year. It is a 25-horse power boiler, and will fill a long-felt want at the laundry. Mr. Trent will buy a larger and better boiler to replace it, and when it is installed in the spring other substantial improvements will be made in his plant.

W. F. White has sold his interests and will again locate here or at Rowe. He has some lands near the latter place and will put up a couple of rent houses, but he will perhaps locate in Memphis, so he informs us. Our people will all extend him a hearty welcome, as he is a bright business man, and always has something doing.—Hall County Herald.

Frank Harrington was on the road from his Beaver county place to Clarendon with a bunch of cattle when the snow storm overtook him. He was lucky enough to locate himself and herd at the Jefferies ranch, however, where he is said to be weathering the storm all o. k.

The grand jury will have a case of cow stealing to investigate next week. Parties have been selling Mill-Iron hides in Childress, and they may have to prove how they came in possession of them.—Childress Index.

SAY, have you got your Thanksgiving turkey?

SENATOR BAILEY'S mother died Sunday at her home in Crystal Springs, Miss.

THANKSGIVING is near. We are thankful that we have something to be thankful for.

AMARILLO will be called on to entertain the Methodist Conference next year. Whew!—!!—!!!

PANHANDLE people have much to be thankful for; just now they are thankful that they were not entirely lost in a snow drift the past week.

THE people of Clarendon extend a welcome to the members of the Panhandle Teachers' Association which meets with us next Friday and Saturday.

MR. HEARST says he is through with running for office, and will hereafter be a high private in rear ranks. Mr. Hearst, like other people, lives and learns.

MRS. BROOKS says that the average home is no place for a child. This is the way the average child seems to consider it, judging from the way they stay away from home.

FROM everywhere comes praise of the split log drag. Probably the Panhandle would try this way of making good roads if it cost a little more—now it looks too cheap and too simple.

DR. PHILLIPS, who committed suicide at Rocheport, Mo., last week has inaugurated a new style of epitaph. Instead of the regular stereotyped epitaph he asked to have only the words, "He was Secretary of State in Texas under Governor Pease."

GENERAL WEYLER at this late day is asking for adequate reward for victories in Cuba. Wouldn't that freeze your Tribys? If adequate reward were made for Weyler's services he would have to pay Spain more than he could make in a couple of life times.

AMARILLO and Canyon City baseball fans are already beginning to talk of a "Panhandle League" for next season. They expect to take in Dalhart and Childress and have a four-club circuit. The first two towns are baseball crazy and will perhaps be able to support a team. But we doubt the ability of a league to last the season.

TOM W. PERKINS, editor of the McKinney Democrat-Gazette, Mayor of McKinney, President of the Texas Press Association, President of the Collin County Possum and Sweet Tater Association, and owner perhaps of half a dozen other titles, was a visitor at the Banner-Stockman saucrum Saturday. We enjoyed the call and hope to be favored again.

THE question with the farmer ought not to be so much what is cotton going to be worth, as how well filled is the pantry, the smokehouse and the crib with the products of the farm.—Wellington Courier.

And how regular and complete is the attendance at the "little red school house."

#### Reception.

The reception given Miss Davies Tuesday of last week from 3 to 5 at the M. E. parsonage was largely attended by the ladies.

The parlor and dining room were decorated with beautiful flowers furnished by Mesdames Brittain and Jefferies.

Mrs. Ross helped Mrs. Davies receive and in their cordial manner made everyone feel welcome.

Mesdames Clower, Barnett and Kelley made mysterious visits to the kitchen, which mystery was solved later by them appearing with delicious refreshments. That same night, Miss Davies lectured at the church to a large and appreciative audience. No one regretted having gone. In fact she proved her argument so conclusively that one felt, that a collection would have been a fitting close, but they were denied (?) that privilege. At 3 on Wednesday, as well as that night, Miss Davies lectured, leaving Thursday morning. A welcome will always await her at Clarendon. (F. W.)

While this is given especially on account of the Panhandle Teachers' Association, every citizen of Clarendon, we feel sure, would receive some information as to the nature of this work undertaken by the state of Texas.

The other day a local merchant happened to see a farmer receiving some goods at a freight office and noticed that they came from Sears, Roebuck & Co., the Chicago mail order house. He noticed also that the goods were right in his line and the same he had carried in his store for years. He immediately approached the farmer and said: "I could have sold you every article you have there for less money than you paid the Chicago house and saved you freight besides." "Then why didn't you say so," answered the farmer. "I have taken two county papers for a year and have never seen a line about you selling these goods. Sears, Roebuck & Co. sent advertising matter to me asking for my trade—they got it. If you have any bargains why didn't you put them in the paper so we can see what they are?"—Ex.

**WEEK WITH EDUCATORS**

Being a Weekly Digest of Events Transpiring on College Hill as Told by Miss Betts.

It snowed on College Hill. Then it snowed some more. As a consequence, things have been rather quiet, not much of importance has happened.

On Monday morning it was necessary to make paths in order to reach the college from almost any direction. On Tuesday morning it was almost impossible to reach it even with paths. Still the faithful ones got there and the attendance has been fairly good. An occasional snow ball fight or a lively skirmish in the snow has broken the calm, even tenor of our way once in awhile, otherwise the week has been rather devoid of excitement.

Miss Agnes Brummett left for her home at Claude last Saturday. She will shortly accompany her father and mother to the coast where they go for the latter's health. The dormitory girls presented Miss Agnes with a beautiful vase as a farewell gift. Her departure was greatly regretted.

Mr. Blair and his little daughter, Zoe, visited at the college last Friday. Miss Zoe visited the Sapphos and recited for them to their great pleasure.

Mrs. Gertrude Laney and her mother, Mrs. Sherman, visited the Euterpeans last Friday. Mrs. Laney is spending the time of Conference with her mother. She promised a more extended visit to the college but has been prevented by the bad weather.

Miss Susie Harris is now one of the dormitory girls. She had been with her step-sister, Mrs. T. E. Williams, up to this time.

Bro. Burkhead filled the Methodist pulpit on Sunday morning and George Palmer was to have preached Sunday night, but was prevented by the snow.

Mr. Frank P. Tresise is at home again. He had been expected for some weeks, his time in the U. S. Navy having expired, but he was detained on account of his mother's illness at the family home in Ohio.

Remember that the next number of the Lyceum course will be Nov. 30, at the Opera House by Ralph Bingham. Those who know anything of Mr. Bingham as an entertainer are looking forward with much pleasure to his coming. Pres. Works, of the Denton Industrial College will deliver his lecture at about 7 o'clock on the same evening, closing in time for Ralph Bingham.

Season tickets will be issued. Bro. Mood returned from Conference Tuesday. He states that the College received very kindly recognition from the Conference and the church is alive to the great work that Clarendon College is doing in this western country.

The new preachers for Clarendon are reported to be Rev. J. G. Miller of Brownwood, P. E.; Rev. W. C. Hillbush of Mexia, Pastor. Both were doing very successful work in their former charges and come very highly recommended.

Bro. Wilson's appointment as financial agent was sanctioned by the Bishop and he will soon be among us.

Of the Clarendon College young preachers we see the following appointments: Dimmitt Mission, Plainview Dist., V. H. Trammell; Plemons Mission, T. E. Graham; Tulia, J. A. Laney; Higgins Mission, George Harris; Belton Circuit, D. B. Doak.

Thanksgiving is almost here. Don't forget the big dinner the College Circle ladies will serve to you down town. So many good things to eat are seldom heard of as they have in preparation.

**Card of Thanks.**

Though our spirits are bowed with sorrow, we remember with thankful hearts the kindness of friends and neighbors during the recent illness of our lost darling, Josephine, aged three years.

MR. AND MRS. O. R. COLWELL,  
 MR. AND MRS. S. L. ADAMSON.

Dear parents and grand-parents do not grieve as those who have no hope, but look forward to the meeting in a better home.

Oh, our hearts are sad and weary  
 Since our darling went away,  
 Yet we know the Savior called her  
 To the realms of endless day.  
 Oh, how gladly we will greet her,  
 Never more to say goodbye,  
 When we meet our own dear baby  
 In the home beyond the sky.

**Another Arrest.**

Sheriff Patman was called on Tuesday to take charge of a man arrested in Fort Worth on the charge of being implicated in the murder of the Dockray boy at Amarillo. The Amarillo officer had the prisoner on the snow-bound train Tuesday, and after spending the night with him in the Southard snow bank, and finding that it would be impossible to get through to Amarillo turned the prisoner over to Sheriff Patman for safe keeping until the weather should clear up and a train get through. The Ft. Worth Record tells of the arrest as follows:

J. R. Snyder, city marshal of Amarillo, and L. J. Bolton, special detective for The Denver, were in Fort Worth yesterday with a warrant for the arrest of Charles Fornier, who is in jail here on a charge of robbery, having been indicted by the last grand jury. It is alleged that Fornier was implicated in the killing of Earl Dockray, which occurred Oct. 4 in Amarillo. The warrant, issued out of the justice court, charges him with murder.

Fornier stated at the jail last night that he has never been in Amarillo, and would not know what train to take in order to reach that point.

City Marshal Snyder went to the jail last night with Bertie McCoy, who identified Fornier as being a member of a party seen to take a train out of Amarillo a few weeks ago. She says she has known Fornier for several years and states positively that she has seen him in Amarillo.

Fornier says that he is perfectly willing to go to Amarillo and face the charge against him, knowing that he can prove that he has never been in that city. He will probably be taken to that place this morning.

**To the People of Clarendon.**

Inasmuch as we have closed down the light plant, I wish to say that we are doing everything possible to get coal and as soon as we can get same, will resume operation. Our general manager, Mr. Chase, has gone so far as to send a man to the mines to ascertain the cause of not getting coal, and he states on his return that the mines are unable to get cars.

However, we have not stopped at this, we are trying other places to get coal, and I trust that we will not be in the dark long.

Yours very truly,  
 Clarendon Water, Light & Power Co. Per T. S. Kemp, Manager.

In the Ft. Worth Telegram we note that J. M. Jones, of Oklahoma City, has sued the Ft. Worth & Denver for \$50,000 on account of personal injuries received by his wife in a passenger wreck on May 31, 1906, while riding from Ft. Worth to Clarendon. Mrs. Jones is a daughter of W. J. Parsons of this city.

J. G. Dodson, the Goodnight ranchman who moved to Clarendon about a month ago, buying the George McNeilis place on First street, made us a pleasant call Saturday. He reported his stock doing well at the ranch. Mr. Dodson is a splendid citizen whom Clarendon is glad to welcome.

J. K. Porter and family last week moved to Tucumcari, N. M., where Mr. Porter has filed on a claim.

A TIME OF PRESENTS  
 WHAT WILL YOU GIVE?

When Christmas comes the ordinary mind is in a quandary as to what to give those who may expect presents and whom one would like to remember. A more tasty present cannot be selected than a nice photograph. And they are appreciated, too. It you are worrying over small gifts to a dozen people just remember that you cannot get anything half as good as a dozen photographs. If you attempt to make a dozen presents you will find that you will have to spend quite a sum. Look around and then ask for prices on a dozen; you will find that every statement made in this ad is true.

### Sunday Excursions.

Train No. 7, operating between  
Ft. Worth and Texline, 453, miles  
now leaves Ft. Worth at 7:45 in-  
stead of 8:45 p. m. and No. 8 now  
arrives Ft. Worth at 7:15 instead  
of 7:45 a. m. thus making a dif-  
ference of about 30 minutes at  
points intermediate to Ft. Worth  
and Texline.

"The Denver" has also taken  
another step worthy of comment;  
this being that it has inaugurated  
the sale of half-rate Sunday ex-  
cursion tickets between all points on  
its line; the tickets being available  
at all regular stations for distances  
within 200 miles thereof and the  
liberality of the arrangement will  
undoubtedly be substantially ap-  
preciated and result in greatly in-  
creased social travel.

# HERBINE

The Popular Liver Medicine  
Will Keep You Well

A GUARANTEED CURE for all diseases produced by TOR-

with Arsenic, Calomel and Quinine. They act as rank poisons  
which vitiate the blood, debilitate the system, and leave a trail  
of bad symptoms which require years to obliterate. HERB-  
INE is purely vegetable and contains no mineral or narcotic  
poisons, is absolutely harmless and is the simple remedy of  
nature. It carries off all poison in the system and leaves no  
injurious effects.

CURED BY HERBINE AFTER OTHER  
REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was

### EAGLE LYE

It is better to have plenty of Lye than to imitate a liar. A lazy man lies in bed and Bill Nye said there are many different kinds of lie, but this lye is always the same. It is cheaper to tell the truth about this lye, and you will be pleased with it.

MEMPHIS, TEXAS

C. L. Dickerson and wife, of Silvertown, came in Friday night from Ft. Worth where Mrs. Dickerson had just been discharged from a hospital after a very successful operation for appendicitis. They stopped over with Edgar Britain and family for a short visit. Mr. Dickerson is a druggist at Silvertown, and says the people of that community have already realized the mistake made when the mail route was changed to go by Estelline instead of Clarendon. He says the service is not nearly so satisfactory in any respect.

## The Price of Inferiority

Gold is worth practically the same the world over, because its market value and its coin value is so nearly the same. However the stamp of a nation means value, and as a consequence Uncle Sam's fifty-three cent dollars are worth their face value. A big lumber mill figures that the people don't care to have fifty-three cent values thrust upon them and don't work "culls" over and sell them for finishing lumber. We buy from the big mills and get the best. When you buy inferior lumber you pay the price of inferiority, which is regret.
