COMMISSIONERS COURT

Regular August Term Devoted Principally to the Transaction of Public Road Business.

The Donley county commissioners court was in session last week, adjourning Friday. The greater part of the term was devoted to the hearing of petitions for new public roads, reports of juries of view, and to other matters of a like nature. Several additional juries of view were appointed, and on reports of others two new roads were ordered established. Complaints were also heard concerning the obstructions of public roads, and the county attorney was ordered to investigate same and have the obstructions removed at once. Two such complaints were made; one on the main road leading east to the Collingsworth line, on the premises of W. A. Womack and Mrs. J. B. Riley; the other on the Alanreed road, premises of Levi Braly and F. R. McCracken. A new road overseer was named for road precinct 1 in commissioners precinct 2, George Meltor getting the appointment.

The report of J. T. Patman, tax collector, for June, was examined and approved, as was also his report in the matter of juries and occupation taxes.

The report of the grand jury was examined and filed.

The old court house water tank was sold to the highest bidder, D. L. McClellan being the buyer at \$6.

The trustees of school district 8 were granted permission to sell the

school lots at Old Town for the benefit of the district.

Report of J. M. Clower, treasurer, examined, found correct and approved.

Clerk's action in vacation in issuing warrants examined and approved in all things.

Justice of the Peace Wood's report was examined and approved.

The county treasurer was ordered to transfer \$500 from the general to the jury fund.

Some time was given to the examination of the tax rolls for 1906 as prepared and submitted by Tax Assessor G. W. Baker. The rolls were carefully examined, comparisons made, and were found free from error in every particular. The report was approved. A few accounts were allowed.

Another Wreck.

We had thought there would be no passenger train wrecks to report this week, but No. 1 broke through a bridge near the little station of Ady this side of Tascosa last night. Details are not available, but it is understood that several people were injured. Two coaches went down with the bridge.

The Ladies Cemetery Association will meet tomorrow (Saturday) at the residence of Mrs. W. H. Cooke at 4 p. m. As this will be the occasion for the annual election of officers a full attendance is especially requested.

Mr. and Mrs. T. F. Connelly, of McGregor, are visiting her sister, Mrs. A. M. Smith.

Attorney A. T. Cole made a professional visit to Panhandle this week.

THE CLARENDON COLLEGE

Mr. Ansley, of Channing, Makes a Handsome Gift—Opening Next Tuesday.

Judge S. T. Fagan of Amarillo will send two boys.

Mrs. Wedgworth's music room is being papered and carpeted.

The proprietor of the lumber yard at Rowe, Mr. Blair, enters a son and daughter.

The wealthy cattleman of Hereford, Mr. Jno. L. Wilson, wants a room kept for his son Earl.

Prof. Quigley, who has been rusticated near Memphis, will be in this week with his family.

A handsome new Bush & Gertz piano, to be used for recital purposes, has been ordered from Dallas for the opening exercises.

Mrs. Tresise will have an interesting musical program which all will want to hear. Rev. J. R. Mood makes an address and Dr. Burkhead will follow. The public is cordially invited to be present at these opening exercises, which will begin at 9 o'clock in the morning.

The friends of the College are rejoicing over a gift of \$500 that was made last Sunday by Mr. B. T. Ansley of the Ansley Realty Company of Channing. Bro. Mood filled the pulpit in that town, preaching to a large gathering of young people, and in the afternoon Mr. Ansley was moved to make the above mentioned donation.

We feel sure it is but the "first fruits" that indicate that wide spread interest in the College. It will be a good start towards a fund of \$25,000 for a new main building. Who will duplicate it?

Things move on serenely and successfully at the College. The rooms are being refitted and cleansed for new and old students. Two thirds of the places are already engaged by personal letters to members of the faculty. There will be a good opening next Tuesday—August 28th.

Laundry Notice.

TO THE PUBLIC:—The Clarendon Steam Laundry has been shut down until such time as we can secure the services of a first-class laundry man to take charge of the work. We are doing our best to get such a man immediately and may be able to resume work next Monday, but will not resume until we will be in a position to offer the public satisfactory service. We appreciate the patronage of the past, and solicit your further favors, and solicitor will call when laundry resumes work.

Very truly,
J. M. CLOWER.

Clarendon College Opens

Tuesday, August 28. Buy your books and supplies at Stocking's store. A fine school bag given away to every one who buys as much as two dollars worth of books or supplies.

COPPER COLORED COON CUT

Local Darkey Trims Up a Transient Son of Ham in Latest Approved Style of the Art.

Ed Thomas, a local negro with the reputation of being a hard worker and a good scrapper, put the fixin's Wednesday on a yellow gentleman from Kansas whose wife cooks for a living for the two, and who had only honored the city with his presence for a few weeks. The fight occurred over in negro town, and was the result of each negro accusing the other of some minor meanness perpetrated the night before.

The strange negro's name is Charley Wilson, but Dr. Stocking, who sewed him up after the fight, said his name came very near being changed to "Dennis." Thomas used a pocket knife on him, gashing him in several places, the worst wound being a stab under the left shoulder. He was also gashed under the arm, and around the chin. Dr. Stocking reports the chances for the darkey's recovery as being good.

Thomas is out on \$750 bond.

L. A. White, who for the past several years has been assistant cashier and book-keeper for the Citizens Bank, left Sunday night for Los Angeles, Cal., where he takes a position with another banking house. Lou is an old Clarendon born and bred boy, and numbers his friends here by the hundred, all of whom will join the Banner-Stockman in wishing for him all the good luck obtainable in the Golden State.

A BELIEVER IN ALFALFA THE BIG ORPHEUM SHOW

H. C. Jackson Believes in Alfalfa, Produces Millet and Raises Turnips by Carload.

H. C. Jackson, the brag farmer of the Windy Valley country south of town, was in town Monday accompanied by his neighbor, A. F. Waldron, who bought last week the old Ellis place from P. A. Carr, one-half section, consideration \$5,700. Mr. Waldron is from Knox county, and has already moved his family here. Mr. Jackson, when asked about the crops in his section stated that they could not be finer. He cut three acres of Big German millet, and as an illustration of the yield said that it required five pounds of twine per acre to bind the bundles. Ordinarily two pounds per acre is sufficient. Speaking of turnips he said that three years ago he sowed an acre or so and raised about a carload, and that there are still turnips growing on that piece of ground. He has just finished sowing 24 acres of alfalfa, and reports having made three cuttings from an eleven-acre piece of two year growth, and will get another cutting yet. Asked about the yield of alfalfa Mr. Jackson stated he had not kept any figures on the crop this year as he was storing it all for his own use, but that last year off of a five-acre tract he sold \$165 worth of hay. The Valley is settling up right along, there being lots of new ground broken even now, and many new settlers locating.

Electric Lights.

We understand that the new ginning company of Burkett, Moreman & Eddleman will put in an electric light plant in Memphis during the next few months. They already have the immense boiler and engine for supplying motive power and the installing of a dynamo and stringing of wire will be only a nominal cost. The plant then can be run both night and day during the ginning season. It is always an extra expense to get up steam every morning at a gin, and by running the plant both night and day this expense can be avoided. The rapid growth of the city is making a lighting plant an absolute necessity and we had rather see some home men take hold of the matter and secure this valuable franchise. The new council will perhaps be called on in its early history to take action and grant this franchise.—Hall County Herald.

"Make hay While the Sun Shines"

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by Dr. Stocking's drug store.

Cagle & Bain this week sold four quarters of Pope land. Three were from J. B. Pope and one from J. M. Elliott all near Lesley. They are as follows. Pope to Hubbard at \$12.50. Pope to Whittington at \$17.50. Elliott to Whittington, Jr., at \$15.00. Pope to Wheeler at \$10.00 per acre. All these purchasers are from Ellis county, residing near Itasca. They will settle on and improve same about January 1st.—Hall Co. Herald.

That good Huston-Franklin show returns to Clarendon, Monday, August 27th.

Will Return to Clarendon for One Night only, Under a Good Tent Monday, Aug. 27.

That good Huston-Franklin Show, the one that made a big hit in the opera house last winter and was pronounced one of the best shows ever in Clarendon, will return for one night only, Monday, August 27.

The feature of the show last winter was a real troupe of Japanese but the management never has the same people in any tour twice, therefore the entire performance is new from start to finish. New acts, new people, new pictures, new songs and new electrical effects.

A high class act and the feature of this season's tour, is the Five Musical Hewettes, America's greatest musical family. This is only one of the ten big acts or numbers. Others are Dan O'Neil, champion dancer of the West. The Train Wreckers, Buster Brown, Sis Hopkins, Baby Francis, Dan and Clara O'Neil, character sketch artists, The Elks Dream, Radium dance, The Seven Ages, Illustrated Songs, and last but not least Prof. Howard and his educated Japanese rats, the only act of its kind in the world.

The company travels in two cars and are showing in their own pavilion theatre with full stage, electrical effects and all paraphernalia of a first-class opera house.

This is the only real, high class show coming under canvas this season, so have your affairs arranged so that you can go to see it. Monday night, August 27th, under rain proof tents.

Fame of Clarendon Fruit.

The fame of Clarendon's fruit is abroad in the land. A compliment on our fruit is on everyone's tongue, and everyone that can obtain it has also the fruit on their tongue. A gentleman who visited Amarillo this week states that he saw three wagons on the street at one time, all hawking Clarendon fruit. They were selling it, too, and that with very little trouble, for its fame had gone before to prepare the way for its ready sale. It is stated that the people of Amarillo will have nothing but Clarendon fruit if it can be obtained, saying that its flavor is much superior to that of any other section. Apropos of this subject it might not be amiss to state that a lady from down-state avers that the vegetables as well as the fruit of this section possess finer flavor than that down in Texas.

Mr. and Mrs. P. A. Buntin entertained a number of friends at luncheon Monday evening. Almost all the invited guests were former schoolmates of the children of Mr. and Mrs. Buntin and this fact made the gathering especially pleasant. The male members of the party asserts that the success of the luncheon was due to Mrs. Buntin's excellent cuisine, which statement we have no occasion to doubt for we have been there ourself.

Watermelons Wanted.

I will buy your watermelons in any quantity. Bring them in and see me. **A. H. COWSAR.**

A. C. Morgan and W. H. Patrick made a flying visit to Jericho Tuesday.

That good Huston-Franklin show returns with an entire new company of the best acts obtainable, Monday, August 27th, under rain proof tents.

Summer Diarrhoea in Children.

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, pastor of the first M. E. Church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by Dr. Stocking's drug store.

—Dr. Bushnell is meeting with great success in his optical work in Clarendon. "I can now see better than I ever did before," is not an uncommon expression from those who have been fitted by his method.

MALE AND FEMALE

The Leading School of the Great Panhandle of Texas. Clarendon, Texas, is 2,700 feet above sea level. Matriculation past year 350. Thoroughness our motto. Nine in faculty. Write for catalogue. Rev. G. S. Hardy, Agent. Rev. J. R. Mood, B. D., President, Philosophy. S. E. Burkhead, M. A., English. W. B. Quigley, B. S., Mathematics and Science. A BOYS' DORMITORY is situated on the college campus. Prof. W. B. Quigley and wife will have general supervision of the young men's hall, exercising such oversight and rendering such assistance as their welfare and comfort may demand. The young ladies from a distance will board in the GIRLS' BOARDING HALL. Prof. and Mrs. S. E. Burkhead will live in the building and have personal care and oversight of the young ladies. General healthfulness and location unsurpassed. Pupils can accomplish much more in a cool, bracing climate than in the lower counties of Texas where the enervating heat interrupts consecutive study. This is why we can begin early.

Next Session Begins August 28, 1906

Unnecessary Expense.

Acute attacks of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases and no family should be without it. For sale by Dr. Stocking's drug store.

Arnold Henson, of Erath county, is here. He bought 100 acres from his father, J. L. Henson, five miles northwest of town, and will move his family out here at once. He is greatly impressed with Donley county, and says there will be some more people from Erath to locate here yet.

Rev. R. E. L. Farmer, of Memphis, is holding a revival meeting at the Jackson Valley school house, some twelve miles south of town. A big interest is reported.

HOSPITALITY OF THE WEST

Banner-Stockman's Business Manager
Treated Royally and Inspects
Fine Crops.

There are many kinds of hospitality. The old time South made claim to the most perfect hospitality, for every man was every other man's guest whenever he chose to be. Everyone kept open house and strangers were as welcome as the warmest friends. Western hospitality stands in a class of its own. Not only do the people of the West throw open their house to the traveler but they also open their hearts to him, and for the time being at least you are as one of the family. The junior member of the Banner-Stockman firm had occasion to witness an instance of true Western hospitality this week and the impression it made will last for many a day. In company with several visiting relatives we visited the home of Mr. and Mrs. Roy Kendall Monday. After arriving at Mr. Kendall's farm the house and the farm and the fullness thereof were turned over to us. In fact our treatment was royal, and we reserve a special corner in memory's archives for this occasion with a mental provision that this corner is never to be disturbed until we have occasion to visit this hospitable home again.

Mr. Kendall is one of the country's crack farmers. Several times he has received commendation from out-of-the-county parties on the excellence of his products, and this commendation is deserved for we have never seen a farm run so near on model principles. In the middle of a fine alfalfa field a herd of high-grade hogs were putting on the flesh necessary to top the market at Fort Worth, which Mr. Kendall's hogs are in the habit of doing. Another thing that attracted our special attention was a grape arbor about two hundred yards long, every foot of which was weighted down with luscious fruit. Although Mr. Kendall is an excellent farmer and a great lover of fruit we can't help but believe that this grape arbor owes its excellence to the care of Mrs. Kendall. Everything around this place showed signs of being well cared for, and it is no wonder, for a man who cares for the transient guest in such a whole souled manner can't neglect the things around him.

The End of The World

of troubles that robbed E. H. Wolfe, of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago kidney trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of general debility." Sure cure for all stomach, liver and kidney complaints, blood diseases, headache dizziness and weakness or bodily decline. Price 50c. Guaranteed at J. D. Stocking's drug store.

SHEARS AND SAWBUCK.

Shears and Sawbuck kept a store such as never was before. City folks they wouldn't sell. Wouldn't let 'em have a smell. Fetched their money—but by jing! Couldn't buy a blessed thing! Couldn't meet 'em face to face. An' then sell 'em with good grace. Country trade was what they sought. Folks who'd pay for what they bought. Fore they saw it, hide or tail. They sent catalogues by mail. Out to ev'ry blessed one. Gittin' mail at Possum Run. We set up at night and read. When we'd orter been to bed. Book was 'bout as big as sin— Had a lot of pictures in. And a list of merchandise. Ev'ry kind and ev'ry size— Givin' prices that they swore. Knocked out ev'ry country store. Looked so straight and seemed so true I bit at it—Jim did, too.

Jim's my neighbor 'cross the way— Best man ever worked in hay. Just let him top off a stack— Sheds rain likes a turtle's back. Pleasure jest to see him work, Never knew ol' Jim to shirk; Swings a scythe like it was play— Love to watch him in the hay.

Well, we like a pair of fools Sent off—got some hayin' tools. Jim got harness and a plow. I, a range—I see it now; Drat the thing! it was so light Used it for a torch one night; Throw'd the darn thing in the yard— Use it now for renderin' lard.

'Fore Jim used the plow an hour Found the blame thing wouldn't scour; Tried his harness—broke a tug— Sought for solace in his jug— In the cooler all that night Jim reflected on his plight; In the morning, Richard Stout, Hardware merchant, bailed him out.

Jim said after that he'd stick Close as bark to good ol' Dick; Since he left the Possum jail Says he won't buy goods by mail, Says Dick's cheaper, anyhow— Might have saved some on the plow, On the other goods some more, At his ol' friend's hardware store.

Jim says, "We can't sell no truck To sich folks as Shears-Sawbuck, They'll take all our cash away But won't buy our corn or hay." That seemed purty strange to me, So I told ol' Jim I'd see— So I wrote to them that night Just to see if Jim was right.

As 'em "What they'd pay for oats?" Could they use some likely shoats? Had about four tons of hay I could ship 'em right away. Could I furnish Mr. Shears With his family roastin' ears? Also would my friend Sawbuck Buy some of my garden truck?" Answer came one summer day, Said they "Couldn't use our hay, Couldn't use our oats or shoats, Didn't like our billy goats. When they needed truck to eat, Bought it down on Water street— Sorry, but they must refuse Anything but cash to use."

I sat down an' wrote 'em then: "Hate to trouble you again, But I want to thank you, sirs, For your bunch of cockle burrs. If you love your feller man, Do him, good, sir, when you can— While our merchants sweetly sleep Shears and Sawbuck shear your sheep."

THE usual Panhandle bumper crop is in sight.

DONLEY county is now making a noise like prosperity.

THE Denver Road announces that the line will be thoroughly rebuilt and ballasted from end to end, and that the work will begin soon. Good enough.

COTTON in Donley county is doing well, thank you. With plenty of warm weather from now on the "bale-to-acre" farmer will be seen on every hand this fall.

THE Donley county prospect was never brighter. With a continuance of the weather of the past week the cotton farmer will soon be wearing a smile as long as his picking sack.

THE big democrats seem to want to honor this section of Texas. The powers that be have placed Congressman Stephens and Senator Decker on the Bryan reception committee.

THE Donley County watermelon has been in great demand all over the country this summer. Shipments from Clarendon and Rowe have been heavy, and the prices realized have been good.

THE deadly automobile got in its work at Hereford Tuesday. A team, frightened by the machine, ran away, killing instantly two of the occupants of the carriage, forever crippling a third, and seriously injuring the fourth.

THE Daily Panhandle at Amarillo is filling the bill quite well for a first-class morning paper. However, it still gets into Clarendon from 24 to 27 hours after it is published, and from 12 to 15 hours after the Dallas and Ft. Worth papers of the same date reach here.

COUNTY CHAIRMAN A. M. BEVILLE attended the meeting of the district executive committee at Amarillo Saturday, at which time the vote was canvassed on the elections for district judge and representative. The results of the canvass were the same as shown by tabular statements in this issue of the Banner-Stockman, except that Sherman and Hartley counties failed to get their returns in for counting on the judge's race. These were Webster counties, and the failure was damaging to that gentleman's interests, making Browning's majority even greater than the table shows.

With John W. Veale in the senate and Dick Bowman in the house, if there are any public institutions to be created in the way of agricultural colleges, our chances are good. The Panhandle has ample room and use for a big one. We have no use for lunatic asylums and penitentiaries because our people don't patronize them and the rest of the state would have a long haul to get to us.—Daily Panhandle.

Let'er go at that. The Panhandle needs an experimental farm and agricultural college, and if Veale and Bowman get it for us they will have done enough if they never do anything else.

—If you contemplate painting see Stocking and get prices on paint and oil. tf

Resigned.

At Monday's session of the city council Mayor I. W. Carhart tendered his resignation as mayor. No action was taken in the matter by the council, and it is hoped that Mr. Carhart will reconsider and withdraw the resignation. The Banner-Stockman trusts that such will be the case. We realize that being mayor of a small town is a thankless job and one to try the patience of a Job; we realize also that Mr. Carhart has served the town long and ably in this capacity and, if the case could be stated that way, is entitled to a rest. But the fact remains that at the present stage of the game Clarendon can ill afford to lose so able and wise a head from among its councilmen. Mr. Carhart, as mayor, has never undertaken anything that has not been pushed through to a successful termination, and all of the measures which he has advocated have been for the good of the city. We believe we speak "by the card" when we say that his efforts have been appreciated without exception by our entire citizenship, and that all would consider his stepping down and out as a public misfortune. We hope that he will reconsider and fill out the term to which he was elected. Then we trust that his fellow councilmen and the citizenship generally will show their appreciation of his work by rendering unto him the aid and moral support which is his due.

G. W. Baker.

In our announcement column this week will be found the name of G. W. Baker as a candidate for re-election to the office of tax assessor of Donley county. Mr. Baker and his abilities in the office to which he aspires are too well known to require lengthy mention at our hands. Suffice to say that at the last term of commissioners court held last week his rolls for 1906 were carefully checked over by the county fathers and found to be correct in every detail, balancing to a cent, and showing a nicety of work and completeness of detail worthy of high compliment from the commissioners. Mr. Baker's long residence in the county, and his wide acquaintance with the people, conditions, and values of taxable property enable him to fulfill his duties with intelligence and dispatch and to the entire satisfaction of all concerned. He promises the same careful personal attention to his duties if again honored with the office, and instructs the Banner-Stockman to say that he will appreciate your support at the polls at the November election.

IMITATION being the sincerest form of flattery the Banner-Stockman job department is feeling good. From every quarter do we observe the copying of Banner-Stockman ideas, and as a result the supply of good printing is increasing in the Panhandle. The latest compliment to our job artist's taste comes from Memphis in the shape of their public school catalogue. The Memphis printer is an apt student.

THE NEW 36-HOUR LAW

Provisions of the Act Recently Passed by Congress Relating to Cattle Shipment.

We give below the principal provisions of the "36-hour law" which was recently passed by the U. S. Congress and has been signed by the president. This law is of especial interest to the cattlemen of the Panhandle as they can now take their shipments through to market without unloading to feed as they have been accustomed to doing heretofore:

"That no railroad, express company, car company, common carrier other than by water, or the receiver, trustee, or lessee of any of them, whose road forms any part of a line of a road over which cattle, sheep, swine or other animals shall be conveyed from one State or Territory or the District of Columbia into or through another State or Territory or the District of Columbia, or the owners or masters of steam, sailing or other vessels carrying or transporting cattle, sheep, swine or other animals from one State or Territory or the District of Columbia, shall confine the same in cars, boats or vessels of any description for a period longer than twenty-eight consecutive hours without unloading the same in a humane manner into properly equipped pens for rest, water and feeding, for a period of at least five consecutive hours, unless prevented by storm or other accidental or unavoidable causes which can not be anticipated or avoided by the exercise of due diligence and foresight; provided, that upon the written request of the owner or person in custody of that particular shipment, which written request shall be separate and apart from any printed form of lading or other railroad form, the time of confinement may be extended to thirty-six hours. In estimating such confinement the time consumed in loading and unloading shall not be considered, but the time during which the animals have been confined without such rest, food or water on connecting roads shall be included, it being the intent of this act to prohibit their continuous confinement beyond the period of twenty-eight hours, except upon the contingencies hereinbefore stated; provided, that it shall not be required that sheep be unloaded in the night time, but where the time expires in the night time in the case of sheep the same may continue in transit to a suitable place for unloading, subject to the aforesaid limitation of thirty-six hours.

RULES FOR UNLOADING.

That animals so unloaded shall be properly fed during such rest either by the owner or person having the custody thereof, or, in case of his default in so doing, then by the railroad, express company, car company, common carrier other than by water, or the receiver, trustee, lessee or any of them, or by the owners or masters of boats or vessels transporting the same at the reasonable expense of the owner or person in custody thereof, and such railroad, express company, car company, common carrier other than by water, receiver, trustee or lessee of any of them, owners or masters, shall in such case have a lien upon such animals for food, care and custody furnished, collectable at their destination in the same manner as the transportation charges are collectable, and shall not be liable for any detention of such animals, when such detention is of reasonable duration, to enable com-

pliance with Sec. 1 of this act; but nothing in this section shall be construed to prevent the owner or shipper of animals from furnishing food therefor if he so desires.

That any railroad, express company, car company, common carrier other than by water, or the receiver, trustee or lessee or any of them, or the master or owner of any steam, sailing or other vessel, who knowingly and willfully fails to comply with the provisions of the two preceding sections of this act shall for every such failure be liable for and forfeit and pay a penalty of not less than \$100 nor more than \$500; provided, that when animals are carried in cars, boats or other vessels in which they can and do have proper food, water, space and opportunity to rest the provisions in regard to their being unloaded shall not apply.

That the penalty created by the preceding section shall be recovered by civil action in the name of the United States in the Circuit or District Court holden within the district where the violation may have been committed or the person or corporation resides or carries on business; and it shall be the duty of the United States Attorneys to prosecute all violations of this act reported by the Secretary of Agriculture, or which come to their notice or knowledge by any other means.

Stomach Troubles and Constipation.

No one can reasonably hope for good digestion when the bowels are constipated. Mr. Chas. Baldwin, of Edwardsville, Ill., says: "I suffered from chronic constipation and stomach troubles for several years, but thanks to Chamberlain's Stomach and Liver Tablets, am almost cured." Why not get a package of these tablets and get well and stay well? Price 25 cents. Samples free. For sale by Dr. Stocking's drug store.

P. J. Smith has sold his place eight miles east of town to Mr. Weathersby, of Oklahoma. The price was \$13 per acre, and 640 acres changed hands. Mr. Smith will likely locate at Goodnight. He is one of Donley county's best farmers and most substantial citizens.

—Don't throw away money by patronizing spectacle peddlers when you can call on C. N. Bushnell and have your eyes fitted by scientific methods. Satisfaction guaranteed at reasonable prices. tf.

Count the Cost

Buy paint—not canned oil at paint prices.

Because, when you buy the ready-mixed paint the oil is almost sure to be dead. Killed by months of confinement in airtight cans with the chemicals in the paint. That is why ready-mixed paint peels or washes away so soon. Dead oil. Dead paint.

Hammar Condensed Paint

is the best paint because it is minus the oil. You add your own oil—pure, fresh linseed oil. One gallon of oil, one gallon of Hammar Condensed Paint. Easy enough. Then you know you have a live paint that will stick. Guaranteed for five years. See us and save money. Costs less. Looks better. Wears years longer.

Hammar Condensed Paint

If you are going to paint this season, count the cost. Come in some day before you paint and let us show you how you can save 25 per cent on your next paint bill.

J. D. STOCKING.

BIOGRAPHY OF CAMPBELL

Some Very Interesting Points Concerning Our Next Governor, Hon. T. M. Campbell.

T. M. Campbell is a native Texan; he was born on a farm near the town of Rusk, in Cherokee county, April 22, 1856. As a lad he worked on the farm and later attended the common schools at Rusk until the year 1873, and then entered Trinity University, then at Tehuacana, Texas, for the term of 1873-74. At the close of this term he found his financial condition such that he could not attend school longer, therefore he went to work.

In the year 1875 he secured employment in the county clerk's office at Longview, Gregg county, and read law at nights. He was admitted to the bar in 1878, left the clerk's office and hung out his "shingle" and anxiously awaited his first client. He practiced law with success at Longview until February, 1889, when he was appointed master in chancery in the International and Great Northern receivership, and in January, 1891, he was appointed receiver of that road, and as such receiver operated it until July, 1892, when the receivership was closed. He was offered the appointment of general manager by the then owners of the property, which offer he accepted. He continued in this position until May 25, 1897, when he resigned and resumed the practice of his profession in Palestine. In 1901 Colonel Campbell announced as a candidate for governor, but early in 1902 withdrew from the race.

Eagles in British Isles.

The eagle has grown scarce in the British Isles. The eggs of the bird grow yearly higher priced. A couple of eggs from Scotland recently brought ten dollars apiece. An old record states that in the seasons of 1831-'34, inclusive, no fewer than 171 mature specimens of the eagle, together with 53 young and eggs, were destroyed in a single county of Scotland.—Sutherland.

Improved by Fires.

Of the 958 lots burned over by the fire of two years ago in Baltimore, building permits covering 820 have been issued. As in the case of the Chicago fire in 1871 and of Boston's in 1872, the valuation of the burned district is increased largely in Baltimore, the gain being put at fully \$100,000,000.

makes life now as safe in that city as on the higher uplands. E. W. Coodloe, who resides on Dutton St., in Waco Tex., needs no sea wall for safety. He writes: "I have used Dr. King's N. & D. covey for consumption the past five years and it keeps me well and safe. Before that time I had a cough which for years had been growing worse. Now it's gone." Cures chronic coughs, la grippe, croup, whooping cough and prevents pneumonia. Pleasant to take. Every bottle guaranteed at J. D. Stocking's drug store. Price 50c and \$1.00. Trial bottle free.

A LARGE RANCH IS SOLD

J. B. Gray Disposes of 13,000-Acre Tract in Cottle Co., Thirty Miles West of Quanah.

Another large ranch in the Panhandle has just been sold and will be cut up into small farms for colonization purposes. J. B. Gray of Fort Worth sold his 13,000-acre ranch in Cottle county to J. S. and Hugh Lewis of Portales, New Mexico. The consideration was \$70,000. This land is considered very choice for farming purposes, lying about twenty-five miles south of Childress and thirty miles west of Quanah. The price is low and it is reckoned that the purchasers will clean up a large profit on their investment.

A Mistake.

It is stated that several cases of small pox have appeared at Wellington. Strict quarantine has been enforced and it is not believed that any spread will be occasioned. —Hall Co. Herald.

The report is gaining currency through our neighboring newspapers and otherwise that there is small pox in Wellington. I wish to say to the people that there is no small pox in Wellington or has not been any. There is one case four miles south of Wellington which has been under strict quarantine since its development. No one has been exposed and there is not the slightest chance for anyone outside of this family to have it.

NEW CHIEF OF STAFF.

Brig. Gen. E. J. Wins Place at Head of Army by Aggressive Military Policy.

Washington.—Brig. Gen. J. Franklin Bell, who has just been appointed chief of staff of the regular army, was born in Kentucky 40 years ago and was sent to West Point in 1874. He was graduated in June, 1878. It was not until December 29, 1890, that he was commissioned a first lieutenant. He was made a captain March 2, 1899, and a brigadier general February 19, 1901.

Gen. Bell is one of the few brigadiers who have never held commissions as major, lieutenant colonel or colonel in the regular service. He was appointed a major of engineers during the Spanish-American

war in the volunteer service, served in the islands under Gens. Merritt and Otis and was made a colonel of the Thirty-sixth United States infantry July 5, 1899, and December 5 his services were rewarded by a commission as brigadier general of volunteers. In 1901 he was named as a brigadier general of regulars.

Gen. Bell's services as head of the war colleges at Fort Leavenworth have won for him recognition from the president and secretary of war, and it is said that his aggressiveness and belief in maneuvers and outdoor work for troops led to his appointment to the important post to which he has been appointed.

A SPLENDID CAREER

FINANCIAL RECORD OF LYMAN J. GAGE IN WEST AND EAST.

Head of the United States Trust Company Bank of New York to Retire and Seek Rest in Travel.

New York.—Lyman J. Gage, former secretary of the treasury, has just resigned as president of the United States Trust company, of this city.

"I have been working 55 years, and am near 70 now," he said, "and if I'm ever going to take any leisure, it is about time for me to begin. I have been obeying other people's wishes for a long time, and now I am going to do just as I please. As a private citizen I will have the right to follow my own inclinations entirely. I have made no plans for the future, except that I will travel."

Mr. Gage was president of the First National bank, of Chicago, prior to entering President McKinley's cabinet as secretary of the treasury. When he left Washington he decided to make his home in New York, and accepted the presidency of the United States Trust company. For the last five years he has been the directing head of the institution. Recently he has on more than one occasion expressed a wish to his fellow directors to be relieved of his duties, and the death of Marshall Field, it is intimated, has had much to do with his final decision in the matter, for, according to reports, it was Mr. Field who caused Mr. Gage's selection as head of the United States Trust company.

Mr. Gage said the United States Trust company was about the only concern in which he was actively engaged, so with his retirement he would be practically free from all business activity.

"I have been in the public eye for some time," he added, "and am glad to get out of it."

Mr. Gage's career in the financial world has been a brilliant one, and few are able to look back on 50 years of active business life so marked by steady, persistent pushing to the very

topmost place among the leading bankers of the country as Mr. Gage.

A brief sketch of his life is as follows: He was born in De Ruyter, Madison county, N. Y., June 28, 1836. He received a common school education in his native county, and as his parents moved to Rome, N. Y., in 1848, he received the advantage of the Rome academy. He entered the banking business in the lowest position at the age of 18, going west in 1855 to seek a betterment in fortune.

After some trials he obtained, in 1858, a bookkeepers' position in the Merchants' Loan and Trust company of Chicago. His promotion was rapid. In 1868 he was cashier of the bank. Believing that the national banking system was superior to the state law, under which the Merchants' Loan and Trust company was organized, he accepted the appointment as cashier of the First National bank of Chicago in 1868.

Its charter expiring, the bank was reorganized in 1882 with a capital of \$3,000,000, and Mr. Gage was made vice president and general manager, and in 1891 he was elected president. He was often pressed to allow his name to be used for mayor of Chicago. On February 15, 1897, he resigned the presidency of the bank in order to accept the portfolio of the United States treasury. He was appointed March 4 and confirmed by the senate March 5, 1897.

HERBINE

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by **TORPID LIVER** and **IMPURE BLOOD**. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. **HERBINE** is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

A Revival Meeting

Will begin at the Baptist church, on Wednesday night before the second Sunday in September. Rev. J. Frank Norris, of Dallas will do the preaching. He is one of the most successful revivalists in the state. He preaches with great power, and is a true preacher of the word.

We consider ourselves extremely fortunate in securing him. All christians are invited to assist in this meeting. Let's all go to work for a great Holy Ghost revival.

All my stock of

Waists and Skirts.

Young ladies who will attend school can buy these goods ready tailor made for about the cost of the cloth.

Fall Street Hats.

I will exhibit my first line of Fall Street Hats on

Saturday, September 1st

Come in and see them.

I am now booking special orders for SUITS, SKIRTS, WAISTS and HATS. When I go to St. Louis about September 6th if I can serve you by placing your special order consult me before leaving. Encouraged by past success in trade I expect to carry a much larger line of

Millinery and Ladies' Furnishings

this season than ever before.

It is still summer and as yet I have bought very little for the fall trade. Experience has learned me that early buyers get uncertain styles and much last year's goods and at higher prices. I always wait until the season's styles are settled before buying all my fall goods. I pride myself that all my seasonable millinery is the

Correct Season's Style.

I want your trade for the fall of 1906, but only upon the merits of the best goods, correct styles, low prices and courteous treatment.
