

Chilean visitors arrive today for three-day tour

Three men of a seven-man Group Study Exchange team from Chile, South America will arrive in Hereford today to begin a three day tour of local business and industry facilities. The group, being entertained by local Rotarians, consists of six non-Rotarians and one Rotarian, who serves as leader and coordinator during the trip. The three staying in Hereford are Gustavo Alberto Vega, Alejandro Hernan Villegas and Franklin Arriagada, leader of the group. The four remaining members of the team will spend part of the weekend in Muleshoe and part of their time in Hereford.

The Group Study Exchange Program is a project set up between the Rotarian District 476 in Chile, S. A. and the West Texas District of 573. The two districts exchange touring groups that are hosted by the Rotary Clubs in the districts. The exchanges, though not on an annual basis, is sponsored by the local district through the Rotary International Foundation where grants are set aside specifically for the tours. The West Texas district sent a group of non-Rotarians to Chile last year and the Chile district is exchanging this tour in return.

The two-month long tour began in late January when the team arrived in Odessa. Since their arrival to the United States, the team has spent time visiting with Rotary Clubs throughout the district and taking in tours of interest. The group is expected to arrive here around 5:30 p. m. today and they will be housed at the homes of local Rotarians. Friday morning, the four

Chileans who spend the night in Muleshoe will be brought to Hereford. The entire group will assemble at the Civic Club Center at 9:30 a. m. and from there it will go to King's Manor Rest Home for a brief visit. The group will arrive at the Hereford Community Center around 11:30 a. m. and from there will go to Big Tex Cattle and Grain, Inc. where it will eat lunch.

At 2:30 p. m. Friday, the team will take a tour of Holly Sugar Corporation and from there it will go to Wilson Beef and Lamb Company for a tour. The tour will end with a stop at Texsun Feedyards, Inc. Friday night, the Chileans and local Rotarians will meet at the Civic Club Center for the local club's weekly meeting. The program at the meeting will be provided by the visiting guests. After the meeting, the four members who came to Hereford from Muleshoe, will return there.

On Saturday, the three visitors in Hereford will go to Muleshoe to spend the day and return here Saturday evening. The entire group will have a free day Sunday, then go to Levelland to continue its trip.

On Saturday, the three visitors in Hereford will go to Muleshoe to spend the day and return here Saturday evening. The entire group will have a free day Sunday, then go to Levelland to continue its trip.

H.D. WOMAN OF YEAR — Mrs. Wayne Jones, presented as Deaf Smith County Woman of the Year by Melvin Young, Hereford Brand general manager, responds to applause at the annual appreciation luncheon given Monday by the County H.D. Council. Mrs. Jones, nominated by Wyche H.D. Club, received an engraved silver dish from the Brand, sponsor of the yearly award.

To make up lost days

School kids lose part of vacation

By CHARLES RICHARDS
News Editor

Students in the Hereford schools will return from their Easter vacation four days earlier than scheduled next month because of the snow that caused them to miss two days of school recently.

The Hereford School Board decided Tuesday night to make up the missed days by bringing the students back from their Easter break on Thursday April 15, instead of on Monday, April 19, as originally charted.

School trustees also approved the recommendations of school principals for personnel to be

re-employed for the 1971-72 school year and approved the Textbook Committee's actions concerning adoption of textbooks in certain subjects for the next six years.

School will dismiss at the end of classes on Thursday, April 8.

Several other possibilities were considered, including the possibility of meeting on selected Saturdays and of tacking on a couple extra days at the end of the year.

The board was unanimous in its vote, deciding the Thursday reconvening of classes would allow students and teachers a

reasonably long vacation. If another day is lost because of weather or other reason, the board empowered Supt. Roy Hartman to bring the students back from their vacation one day earlier still, on Wednesday April 14.

The board felt making up the days in late May or early June, at the end of the regularly scheduled school year, would hurt the average daily attendance (ADA), since a sharp enrollment decline traditionally accompanies the end of the school year. The ADA is used to determine the degree of qualification in a number of programs,

ranging from state money to allowed teachers.

In all, the board approved the re-employment of 254 school personnel, including teachers, nurses, speech therapists, counselors, assistant principals, etc.

Administrative personnel — including the school principals — were approved for reemployment earlier this year.

"We're as proud of these teachers as you are," Dr. A. T. Mims, president of the board, told the principals of each school, who were at the meeting and who had recommended the teachers at their individual schools.

"We think we have a great program. Our teachers are doing a great job," Dr. Mims added.

Several of the teachers already have indicated they will be leaving the school system this year because of a move to another city, but they were recommended for reemployment

so that fact will show on their records when represented to another school system.

The Textbook Committee "adopted" each of the five books it had before it in each subject it was considering, but then ordered only one or two of the books in each area. Robert Holman, assistant superintendent, said if a school decided five years from now that it wanted a particular book it could get it at state expense only if the book were on its adopted list.

Hartman said the "controversial" factor — such as the teaching of evolution — that is present usually when textbooks are selected, was missing this time. "There's really nothing controversial about any of this. The state has already gone through and eliminated this type of thing this year," Hartman said.

Jim Holmes, director of special education, told the board the school has applied for a pilot program to operate a language and learning disability program here next year.

Only 12 schools were approved for the past year, and Hereford was not among them. Only eight schools will be approved for the coming year, and Holmes said he hopes the Texas Education Agency will approve Hereford this time.

"This program is applicable to 6-year-olds, and it is something we need badly," Holmes said. He drew the words "dog" and "clog" on the blackboard in the board room and said the children that would be helped in the program include those that might look at "dog" and conceive "clog" instead because of the failure of the right eye to pick up at the same place the left eye leaves off. Another student might hear a teacher's instructions but not understand them.

The school also is applying, Holmes said, for a vocational program for the trainable mentally retarded — providing such things as instruction in how to do laundry services, custodial work, cooking, etc. The school has programs for the trainable

ARMY DOCTOR — Lt. Col. Franklin Jones, Army doctor who was born and grew up in Hereford, testified recently as a psychiatrist in the Calley court martial at Ft. Benning, Ga. This snapshot was taken during a field exercise in 1965, when he was a captain.

AT CALLEY TRIAL

Local soldier testified

A former Hereford resident, Lt. Col. Franklin Jones of Walter Reed Army Hospital, has been in the news recently as one of two Army doctors testifying at the trial of Lt. William L. Calley Jr. at Fort Benning Ga., in connection with the My Lai court martial case.

Son of Mrs. Oren Jones, 218 Ave. A, Jones was born in Hereford and attended school here, graduating from Hereford High. He went to Baylor University at Waco and Baylor Medical School in Dallas, and has been in Army service about nine years.

He testified as a psychiatrist in the Army's rebuttal to counter the Calley defense emphasis on combat stresses, saying there was nothing to indicate Calley was suffering mental impairment.

"All of us were quite surprised at the low number of psychiatric illnesses; the majority were not particularly related to combat, but to life in garrison," said Jones, who served 11 months in Vietnam, treating soldiers.

With other Army doctors, he said psychiatric casualties from Vietnam are far less numerous than from World War I and the Korean war.

70TH YEAR — NO. 10

HEREFORD, TEXAS, 79045, THURSDAY, MARCH 11, 1971

PUBLISHED EVERY THURSDAY

State cuts funds; paving will wait

The proposed \$45,000 project for the widening of South Main street received a surprise setback Wednesday. City officials were notified that state funding

for this and similar projects would be cut temporarily.

City Manager Dudley Bayne received the notification Wednesday from Charles W. Smith, district Engineer for the Texas Highway Department in Amarillo.

The project, which was to consist of widening South Main from the Tierra Blanca Creek bridge south to the intersection with Country Club Drive, was scheduled to start some time this year. Funds for the project were already allocated in the city budget.

Bayne said the temporary halt in funding from the state could possibly stall the project for as long as another year.

"The way it looks now," he said, "the project could come up by January of next year, which would still be in the budget, but we really don't know

when anything will actually be done."

Under the terms of the project, the city would pay for the storm sewer, the property owners the curb and gutter and the state for the widening, paving and construction work.

In the letter, Smith pointed out that no funds, other than those already programmed for projects, will be disbursed by the state department.

Smith said several bills have been introduced in the legislature that, if passed, would have a very serious effect on funds normally available to the highway department.

He said after the present session of the legislature has been completed and an analysis made of the department's financial condition, the highway department will "authorize such programs as our anticipated revenues will justify."

Bill Krisher

Meeting set tonight to create FCA

A former All-America and All-Pro football player is in Hereford today to establish adult and student chapters of the Fellowship of Christian Athletes.

All interested adult men in the community have been urged to be at the High School Cafeteria at 7:30 p. m. today to be a part of the charter organization.

The visiting athlete is Bill Krisher, an All-America football player at both Midwest City, Okla., in high school and the University of Oklahoma and an All-Pro guard with the Pittsburgh Steelers and the Kansas City Chiefs. He is Southwest Regional Director of the Fellowship of Christian Athletes.

About 35 adults met in the cafeteria in January to feel out the interest in forming such a group.

The purpose of the Fellowship of Christian Athlete is "to confront athletes and coaches, and through them the youth of our nation, with the challenge and adventure of following Christ, participating in his church and serving him through our vocations."

Krisher will speak before the Hereford Kiwanis Club at noon today and talk to high school students at a 1:30 p. m. assembly.

Krisher will help students form a student chapter of the FCA, to be known as the "Huddle" club at 2:30 p. m.

Brand gets 'school bell'

DALLAS — The Hereford Brand is one of 20 Texas news reporting organizations that have been named winners of 1971 School Bell Awards in statewide competition sponsored by the Texas State Teachers Association.

The awards will be presented Friday at the second general session of TSTA's state convention at the Dallas Memorial Auditorium. The three-day convention began today.

The Hereford Brand was nominated for its award by the Deaf Smith County Local Association. On hand to accept the award for the Hereford Brand will be Melvin Young, general manager.

The Brand was cited "for outstanding continuous coverage of education news, increasing public understanding of school achievements, problems, and programs" in competition with Texas newspapers of circulation under 25,000.

Making the School Bell Award presentations will be Mrs. Jewell Harns of Abilene, president of TSTA, assisted by president-elect Archie A. Roberts of Beville, president elect of TSTA; and staff members Lloyd Bell and Bob Newbill.

TSTA also will present certificates of merit to 16 Texas news organizations.

The School Bell Award is a handsome certificate for framing and an authentic polished brass school bell seated in an oak plate for desk display. Winners of the certificate of merit will receive a scroll for framing.

The 17 newspapers, 2 radio stations, and one TV station named winners of School Bell Awards are the Arlington Citizen-Journal, Arlington Daily News, Austin American-Statesman, Carrollton-Chronicle, Dallas Times Herald, Fort Worth Press, Fort Worth Star Telegram, Hereford Brand, Houston Chronicle, Houston Post (two awards), Killeen Daily Herald, Longview Daily News-Journal, Morton Tribune, Plainview Daily Herald, Taylor Daily Press, Tyler Courier-Times, Victoria Advocate, KBRZ radio, Freeport; KXYZ radio, Houston; and WFAA-TV, Dallas.

Certificates of merit will go to the Brazosport Facts, Brownwood Bulletin, Canyon News, Fort Worth Star-Telegram, Graham News, Greenville Herald Banner, San Antonio Light (2), Victoria Advocate, KRLD radio, Dallas; KXYZ radio, Houston; WRR radio, Dallas; KHOU-TV, Houston; KRPC-TV, Houston; and a special award to KINE-KPUP radio, Kingsville.

Judges in the competition were George Neill, editor of Education U. S. A. (Washington, D. C.); George Christian, Jr., former U. S. presidential press secretary and now a public relations consultant for Christian-Miller and Honts, Inc. of Austin; Marj Wightman, program director of information services for the Texas Education Agency; Jon Hornaday, director of public relations for the Texas Medical Association; Betty Whitlock, president of Carlocke-Langden, Inc. (Dallas); and Miss Frankie McCarty, education editor for the Albuquerque Journal.

Criminal DA bill advances

AUSTIN — State Rep. Bill Clayton said Wednesday the Texas House subcommittee studying election procedures for the criminal district attorney bill was to send the bill out later that day.

The amended bill, he said, probably can be carried through the House and back through the Senate and be ready for final action next week.

The bill was changed at the request of Deaf Smith County commissioners to provide for an election May 18 to determine who holds the office — Rex Easterwood and County Attorney, Andy Shuval are interested in the job.

Clayton will leave Monday for a week of business activities in Washington, Clayton, considered probably the state's top authority on water problems, will appear before the U. S. Senate Public Works Committee next Tuesday in regard to the Muskie air and water bills and the administration's air and water bills.

Later in the week he will appear before the National Rivers and Harbors Congress and will meet Friday and Saturday with the Natural Resources Task Force Committee, of which he is chairman.

This committee is a part of the Council of State Governments, which works for the betterment of state governments throughout the nation.

Historical Society has annual meet

Election of three board members, a report on additions to Deaf Smith County Museum in the past year, and plans for a membership drive are on the agenda for the annual meeting of Deaf Smith County Historical Society at 2 p. m. Sunday.

All members and those interested in becoming members are invited to the meeting in the "Deaf Smithsonian" Museum, where several interesting acquisitions of the past year will be on display after the short business period.

Palmer Norton, president of the society, has announced that some proposed changes in the by-laws will be voted upon. A nominating committee will offer names for the election of board members to succeed Mrs.

Ben Childers, Mrs. Colby Conkright and George V. Staumbaugh, whose terms are expiring.

A drive for new members will be made April 1-4, with Mrs. H. L. Benefield as chairman. Tables will be set up in the Hereford banks to enroll members. Present members are being asked to renew their memberships this month.

Most of the 1970 additions to the Museum have been made in outdoor exhibits, where a Santa Fe Railway caboose restored to the style of the early 1900's has been set up, a new windmill tower erected and painted, and a row crop tractor of 1927 vintage placed in the farm machinery collection.

Mall celebrates 5th anniversary

Boats, bikes, beauties and bargains will be the big thing at Sugarland Mall today through Saturday as the mall celebrates its fifth anniversary.

The first annual Miss Sugarland Mall Beauty Pageant will highlight the three-day celebration which also will include a motorcycle, boat and car show.

Some 19 girls have entered the beauty pageant through the sponsorship of mall merchants, and the winner will receive a \$500 college scholarship. If the winner of the pageant is not of college age, the money will be put into a trust fund until she becomes of age.

The money for the scholarship was provided by the merchants at Sugarland Mall and by the Hereford State and First National Banks.

The pageant will kick off today with half the entrants participating in the talent division and the other half in the campus and casual attire modeling division. Friday, the girls will

switch and then on Saturday, all of the entrants will participate in the swimsuit division. Judging will follow immediately after the swimsuit competition.

The pageant will begin at 5 p.m. each of the three days at the center entrance to the mall.

The winner of the pageant will be required to be available to appear at all Sugarland Mall promotions during the coming year.

Jerry Boehm, weatherman for KGNC-TV in Amarillo, will emcee the pageant.

In conjunction with the beauty pageant, three shows will be conducted in the mall. Cardinal's Trim Shop will exhibit several motorcycles, Precision Imports of Amarillo will display several automobiles, and Jack's Marine Supply of Hereford will display a number of boats and campers.

The annual ping-pong drop will not be held this year.

County to meet with city to discuss hiring jailer

By MARSHALL DAY
Staff Writer

County commissioners agreed Monday to meet with the city commission next week to try and work out an agreement to share the cost of hiring a full-

time jailer to serve both the city and the county.

The commission also will discuss the sharp increase in the county's cost of fire fighting during the past year.

In other action, the commission accepted bids on fuel and oil, approved a request for a water line crossing of a county road, and gave precinct employees a \$40 a month raise.

Travis McPherson, County Sheriff, asked the commissioners for extra help in his office in the way of a relief dispatcher and a full-time jailer. He said the situation at the jail has gotten to the point where he is having to use his deputies as relief dispatchers and as jailers, thus not giving them time to do their regular jobs.

"I have talked the situation over with Don Brush, city police chief, and we have come to the agreement that it would benefit us both if we had a full-time jailer," McPherson said.

"This would give both the sheriff's department and the police department a wider field in which to use their men instead of having them tied up at the jail getting the paper work done."

McPherson said a jailer would give the arresting officers an opportunity to get right "back out on the job" after an arrest instead of having them wait until all the necessary pro-

ceedings are finished after a person is sent to the county jail.

"If we had a jailer, it would give me and the police department another field man," McPherson said.

The commissioners said since the city does not pay for the time and keeping of the prisoners, they would approach the city to see if some working agreement can be reached.

During 1970, some 279 fires were reported to the city fire department and of that total, 119 were county fires. The county's cost of fighting fires last year was \$15,264 of the \$35,497 total.

The present agreement set up between the city and the county is on a percentage basis, with out-of-city fires tabbed to the county and city fires to the city.

The commissioners expressed a desire to meet with the city to see why the monthly cost of fighting fires jumped from \$779 in 1969 to \$1,272 in 1970.

The commissioners also approved a request by Charles Schlabs to cross a county road with a water line, and accepted bids by Texaco, Inc., for bids on gasoline and oil. Texaco outbid three other companies.

The island Malta is 50 miles south of Sicily and 220 miles north of Tripoli in Africa.

DESIGNED by Roger Robinson, the short sleeved dress with back and front panel skirt of woven red cotton brocade all afloer with white is topped by a long-sleeved little jacket from Gino Charles.

Estate workshop begins tonight

The first of two workshops on Estate Management, sponsored by the state Agricultural Extension Service and the Deaf Smith County Family Living Committee, is set for 7:30 p. m. today at the Community Center.

The second workshop is set for March 18 at the same time and place.

Argen Draper, County Home Demonstration Agent who is serving as publicity chairman for the workshops, said the meetings were developed to help "improve financial health of area families and to bolster the social and economic development of the Panhandle."

Ed Garnett, area Farm Management Specialist from Amarillo, will serve as master of ceremonies for the work-

shops. Four local men, Wayne Thomas, Herman Ford, Jack Wilcox and John Messenger, will discuss various factors in estate management.

Thomas will discuss "Wills," Ford will discuss "Insurance in Your Estate," Wilcox will discuss "Trusts," and Messenger will discuss "Tax Aspect in Probates."

SHARING FINANCIAL BURDEN

LONDON — Tyndale Hall, one of the Church of England's theological colleges, has been turned into a limited liability company so that evangelical churchmen and parishes can assume part of the financial burden of training new ministers. The college accepts the doctrinal basis of the Bible Churchmen's Missionary Society. Most theological colleges in England are self-perpetuating private institutions administered by councils and not responsible to any wider body of supporters.

In 1883 New Hampshire pronounced the woodchuck "destitute of any interesting qualities" and slapped a 10-cent bounty on him.

NO FEAR HERE—Head nurse Jean Custer gives a young patient a ride in a red wagon used to transport children to and from the X-ray department at Deborah Hospital in Browns Mills, N.J., to allay their fears.

Walcott School hosts V-ball tourney soon

The Walcott Parent Teacher Organization is sponsoring a volleyball tournament the nights of April 1-2-3 at Walcott School.

Play will be limited to eight men's teams and eight women's teams, who will play in separate brackets. Entry fee is \$6 per team. Trophies will be given for first and second place in both men's and women's play.

Any team wishing to participate should contact Mrs. Ernest Brown (289-5975) or L. B. Russell at Walcott School (289-5874).

Deadline for entries is March 19.

School . . .

(Continued From Page One) retarded now, he said, but should be doing more.

Because of a recent cutback by the federal government in allocations for new programs, Holmes said it is doubtful the school will get approval.

APRIL IS COMING! Big things are in the wind and everyone's wondering, what will Gaston do about it? The decision MUST be made soon.

HHS baseball team journeys to Canyon

The Hereford High School baseballers, off on a sour note with an 0-2 record, hope to collect their first win of the season Saturday when they journey to Canyon for a 1 p. m. game.

The Whitefaces dropped their season opener to the Amarillo Sandies, 2-1 Friday then fell to the Borger Bulldogs, 9-5 in a game here Tuesday.

In Tuesday's loss to Borger, the Whitefaces collected their five runs on eight hits but committed five errors that virtually gave the game to the visiting Bulldogs.

Borger tallied its nine runs on seven hits and committed two errors.

Eugene Suttle led the losing attack with a pair of doubles, followed by Jeff Loerwald with a single and a double and Steve Clark with a pair of singles.

APRIL IS COMING!

Big things are in the wind and everyone's wondering, what will Gaston do about it? The decision MUST be made soon.

The Canyon Eagles opened their diamond season Tuesday with a 4-2 loss to the Caprock Longhorns of district 3-AAAA.

BASE HIT — Jeff Loerwald connects for one of his two doubles in Tuesday's game here against Borger. The

Whitefaces dropped the game to the Bulldogs, 9-5.

Spellers get set for bee

School winners will be named this week to compete in the annual Deaf Smith County Spelling Bee which will be staged

next Thursday and Friday at Aikman School.

The county bee will be next Friday for all junior high students, with all fifth and sixth grade students competing a day earlier.

Both bees will begin at 1:30 p.m. each day. Judges for the events will be Mrs. George Turrentine, Marvin Coffey and Bill Austin. Pic Thompson will be pronouncer.

Each school participating will have two entrants, who each will receive blue ribbons and a ball

point pen.

The county winner will participate in the Regional Spelling Bee, sponsored by the Amarillo Globe-News and West Texas State University, on April 24. The regional champion will be sent to the National Spelling Bee in Washington, D. C. the week of June 7 through June 12.

The first place winner in the Amarillo contest will have possession for one year of a traveling plaque.

Washam funeral services held

Funeral services and burial were arranged at Sweetwater for John Campbell Washam, 79, whose death occurred in Deaf Smith County Hospital Sunday. Local arrangements were in charge of Gilliland Funeral Home.

Mr. Washam came to Hereford last November from Sweetwater to make his home with his daughter, Mrs. Mary Shipley, 508 Ave. I. He was born Dec. 11, 1891 in Bosque and married Eugene Caldwell Jan. 27, 1924, at Sweetwater. She died in 1957.

Survivors in addition to Mrs. Shipley are a son, Billy Washam of Biloxi, Miss.; a sister, Mrs. Betty Lawless of Abilene; six grandchildren and one great-grandchild.

Rebekahs plan aid in supper

Mrs. George Green, vice grand in the Rebekah Lodge here, presided for the meeting in the IOOF Hall Tuesday evening, when 22 members were present. Mrs. Ross Lomenick was hostess.

Plans were completed for assistance in the pancake supper to be served in the hall by IOOF members March 18. Rebekah members are to help make the old-fashioned sourdough pancakes that will be served that evening.

Announcement was made that the degree team will practice next Tuesday evening.

Concert set at church Saturday

The "West Texas Ambassadors" will present a concert of patriotic, folk and religious music at 7 p. m., Saturday, at the Hereford Church of the Nazarene.

This unique group is composed of selected Nazarene teens from the Panhandle area.

Rev. Bill Ray, pastor of the Hereford Church of the Nazarene at 18th and Blackfoot, invites everyone to attend this special service.

Lone Star Club hears student

A question and answer period followed an interesting program brought by Samim Aydin, American Field Service student from Turkey, at a Tuesday afternoon meeting of the Lone Star Study Club held in the home of Mrs. C. O. Phillips.

Aydin showed slides and talked of his country, population 25

million. Among the things he explained concerning Turkey were schools, entertainment, customs and climate. He talked briefly on his country's pollution problem and of the 13-year-long school studies system.

Members attending were Mmes. Hardy Benson, R. G. Blue, Jim Bookout, V. E. Dodson, J. J. Durham, H. E. Henslee, Jim Higgins, John Jacobson Jr., C. D. Kelton, G. W. Newsom, Ed Warren, S. S. Williams and W. S. Fluit.

Letter to the editor

Dear Editor:

I moved here about a year ago and I think Hereford is a great town.

I have a few gripes to the people. Hereford needs more things to do for the teenagers here, such as dances, a better theater and a recreation center which would have a basketball court inside, ping pong tables and different things to do.

This will bring down a lot of problems such as drinking and especially drugs brought into Hereford.

So everyone try to see what they can do to help things like this get started.

Randy L. Holt

Scout leaders kick off effort for conservation

Persons interested in Boy Scouts and their efforts in conservation will meet in the board room of the School Administration Building (Avenue F and Union) at 7:30 p. m. today.

The Cub Scout-Boy Scout Roundtable originally was set for March 2 but was postponed.

Scout leaders will hear a discussion on Project SOAR (Save Our American Resources), a conservation project being sponsored nationwide.

Material from the national council will be presented to kick off the project.

Leo Club plans dance Saturday

The Leo Club will sponsor a dance at the Community Center Saturday night, with all proceeds going to the club's fund for future projects.

The Cold Duck band from Amarillo will provide the music.

The dance, which will start at 9 p. m. and continue until midnight, will carry an admission charge of \$1.50 per person.

Hole in one

Dr. John Channer, after more than 40 years of playing golf, Saturday got his first hole-in-one at the local golf course.

Channer aced the 165-yard No. 5 hole. He used a six iron.

Playing with Channer were Wayne Phillips, Troy Moore, Don Martin, Bill Davis and Earl Stagner.

High-ranking Indonesian politicians sometimes consult Badul tribesmen, who claim soothsaying and spell-casting powers.

Twin accidents send Wilkins' to hospital beds

Broken bones have put a Hereford couple in Amarillo hospitals, the result of separate accidents. Mrs. Cecil Wilkins, driving to a friend's home after a visit with her husband in the Veterans Hospital Tuesday, was injured in an automobile collision and taken to High Plains Baptist Hospital.

With fractures of her right arm and right leg, she was scheduled for surgery Wednesday afternoon. The two-car accident occurred at the corner of Mockingbird and Paramount shortly after noon Tuesday.

Wilkins had been transferred to the veterans' facility Monday after 10 days in Deaf Smith County Hospital. He suffered a broken leg when he fell as a ladder broke while he was at work at his home Feb. 26.

The Wilkins' daughter, Mrs. Bud Hanson of Waco, arrived in Amarillo Tuesday night to be with her parents.

CARD OF THANKS

THE family of Callie Orthman would like to take this opportunity to sincerely thank each and everyone who helped in anyway during the recent illness and loss of our mother. Special thanks go to Dr. Hicks, the nursing staff of Station 2 at Deaf Smith County Hospital, Rev. Fields, Brother Trotter and all friends and relatives who visited her or comforted us at this time. Your kindness was greatly appreciated and will always be remembered.

LEGAL NOTICE

Wheat Referendum and Producer Board Election

Being certified by the Commissioner of Agriculture of the State of Texas for this purpose, the Texas Wheat Producers Assn., Suite 600, Bank of the Southwest Bldg., Amarillo, Texas 79109, proposes a referendum election on May 11, 1971 under provision of Article 55c, Vernon's Civil Statutes, on the proposition of whether or not wheat producers in a 34-county area of the State of Texas shall assess themselves a maximum amount of five mills per bushel to be collected at the point of first processing, handling or sale and to elect members for a 9-man Wheat Producers Board to administer proceeds of such assessment to be used for research, disease and insect control, education and promotion designed to encourage the production, marketing, and use of wheat. Counties to be included in the referendum area are: Roberts, Dallam, Gray, Hansford, Hartley, Hutchinson, Lipscomb, Moore, Ochiltree, Sherman, Briscoe, Armstrong, Carson, Castro, Deaf Smith, Floyd, Hale, Oldham, Parmer, Potter, Randall, Swisher, Archer, Baylor, Childress, Clay, Foard, Hardeman, Haskell, Knox, Throckmorton, Wichita, Wilbarger, and Young.

The referendum and election will be held in each county by

personal balloting. Polls will be open from 8:00 a.m. until 5:00 p.m. on the date of the election. The polling places for all counties will be at the County Courthouse. Voting will be conducted on May 11, 1971.

Any person within the area described above engaged in the business of producing, or causing to be produced, wheat for commercial purposes is eligible to vote, including owners of farms and their tenants and sharecroppers, if such person would be required to pay the assessment proposed.

Any person qualified to vote at the referendum may place his name in nomination for election to the proposed commodity producers board by written application to the above organization signed by himself and at least ten other persons eligible to vote in the referendum. Such applications must be filed at least 30 days prior to the election date.

Any person who wishes to vote absentee may obtain a ballot at his local County Agent's office on or before April 27, 1971. Such ballots must be completed and returned to the Texas Wheat Producers Association at the above listed address prior to midnight on the election date.

Referendum, board election scheduled across Panhandle

John C. White, Commissioner of Agriculture, today certified the Texas Wheat Producers Association to conduct a referendum and producer board election in 34 Texas Counties under provisions of the Agricultural

Commodity Act of 1969, according to Bill Nelson, TWPA Executive Vice President of Amarillo.

The certification authorizes the association to sponsor and conduct a referendum whereby producers of wheat in the designated area vote on a proposition of self assessment not to exceed five mills per bushel for research, market development, disease and insect control and more efficient production and marketing practices for wheat. Such a referendum has been set by the Association for Saturday, May 8, 1971 according to Leo Witkowski of Hereford, TWPA farmer-elected president.

Witkowski said that at the same time of the assessment referendum, an election will be held to elect a 9-member producer board to administer the program and direct the use of funds generated.

Any producer may have his name placed on the ballot for election to the producer board by having his request signed by ten other producers and submitting it to the association thirty (30) days prior to the election.

Witkowski said that Texas is now eighth in wheat production, but is one of the only major wheat states that has not had a producer funded promotion and development program. He said that now producers will have an opportunity to initiate such activity in an all-out unified effort to increase individual growers income, by a yes vote.

Texas Wheat Producers Association was founded in 1950 and has since been funded and directed by producers in the High Plains and Rolling Plains areas that produce over 75 percent of the State's wheat. First headquarters office and full-time professional staff for the organization was established on January 1, this year, in response to needs and demands by producers to gain more income from domestic and foreign markets.

In addition to Witkowski and Nelson, other TWPA officers are Dwight Hamilton, Vice President, Olney; Ken Kendrick, Stratford, Vice President; and C. L. Edwards, Panhandle, Secretary-Treasurer. Headquarters offices are located in Suite 600, Bank of the Southwest in Amarillo.

Counties included in the area certified for the referendum and producer board election are: Roberts, Dallam, Gray, Hansford, Hartley, Hutchinson, Lipscomb, Moore, Ochiltree, Sherman, Briscoe, Armstrong, Carson, Castro, Deaf Smith, Floyd, Hale, Oldham, Parmer, Potter, Randall, Swisher, Archer, Baylor, Childress, Clay, Foard, Hardeman, Haskell, Knox,

Museum viewed in club's tour

A historical heritage of this area, preserved in Deaf Smith County Museum, was surveyed by Pioneer Study Club members Tuesday afternoon as they toured the museum under the guidance of Mrs. George Turrentine and Mrs. Juston McBride.

Their program topic was Our Texas Heritage — A Challenge for Our Future. The museum tour arranged by Mrs. Bess Werner gave it a local application. Members paid their membership dues in Deaf Smith County Historical Society, which sponsors the museum.

Comments by Mrs. Werner and some other members who have given items for the museum collections added interest to the tour. It followed the March luncheon of the club, held at Hereford Country Club with Mmes. Herman Ford, J. V. Pickens and C. L. Craig as hostesses.

Movies made at the club's 60th birthday party were shown by Mrs. Ted Panciera, who also presided for business at the Country Club. Scenes from the

Throckmorton, Wichita, Wilbarger and Young.

anniversary party reminded members of their own heritage as one of the early women's organizations of Hereford.

Sale of bulbs will be a project of the club again this year, members voted, to aid in beautification of the city as well as to raise funds for other community services.

Announcement was made of club federation conventions to which Pioneer Club will send delegates, the Top of Texas district meeting in Pampa Apr. 1 and 2 and Texas Federation of Women's Clubs in Fort Worth May 5-7.

Mrs. Turrentine and Mrs. McBride were guests of the club for lunch.

22 are present at TOPS club

A guest, Mrs. Melvin Fowler, met with 21 members of Sugar Blues TOPS Club at Community Center Monday evening, when Mrs. H. G. Cook was given the title of queen for the week since she recorded the greatest weight loss for the period.

A net loss of eight pounds was

Pastor is club speaker

The Rev. Gene Brink, minister of First Christian Church, was the guest speaker for Valeda Study Club Tuesday evening when religion was the program theme. His talk was on the subject, But God Can.

"God has revealed to us that He can, in many ways," the speaker said: "first with words, by the prophets, by His presence in our lives and most perfectly by Jesus' life on earth."

The meeting was in the home of Mrs. Armon Lauderback, who served refreshments during the social hour. Mrs. Gwynne Owen presided for a short business session.

Other members attending were Mmes. George Olson, Hugh Clearman, Gid Brown, James Trail, B. W. Sisson, George Ritter, Richard Ottesen, Bill Bradley, Joe F. Clark and Howard Birdwell.

Shower is given for bride-to-be

A shower-tea honoring Miss Janie Reinart, bride-elect of Mark Andrew Banner, was given last evening in the Community Room of First National Bank.

The couple will be married April 1 in St. Anthony's Catholic Church with the Rev. Bonface Riedmann, pastor, officiating.

Hostesses for the courtesy were Mmes. Thomas Albracht, M. J. Koelzer, Werner Koelzer, Charles Kropff, Henry Kuper, William Kahlich, Carl Last, Edward Paetzold, James Paetzold, Joe Reinauer, Edward Schilling, George Schulte, Joe Schumacher, Lester Wagner and John Warren.

Guests were received by the honoree with her mother, Mrs.

Elmer Reinart, and her fiance's mother, Mrs. Gerald Banner.

Guests were registered by Mrs. Greg Banner at a table laid with a white crocheted linen cloth and centered with a bud vase holding a single blue carnation.

Punch and cake squares in blue and white decor were served by Miss Julie Reinart, sister of the honoree, and Miss Nancy Banner, sister of the prospective bridegroom, from a table covered with blue overlaid with a white cutwork linen cloth.

A spring bouquet carrying out the bride-elect's colors of blue and white, arranged in a wicker basket with burning tapers on either side, centered the serving table.

Members of the houseparty were presented white carnation corsages against blue leaf backgrounds.

For the evening the honoree wore a blue double-knit A-line style frock.

Approximately 100 persons called or sent gifts.

Singing review tickets on sale

Ticket sales for the musical review of the show, "I Do, I Do" indicate a sellout for the program which L'Allegra Club will bring to Hereford March 18, reports of the members indicate.

Mary Allen Vincent of Dallas, with Ray Plagens as piano accompanist, will be presented in the review of the Broadway musical success, an unusual one-woman entertainment in which she sings the hit songs as she tells the story of the play.

Place of the program is the fellowship hall of First Baptist Church and ticket sales will be limited to its seating capacity. All members of the club are selling tickets and they may be reserved by telephone calls to the president, Mrs. Buddy Bloomer, Mrs. J. H. McCrary or any other member.

If any tickets remain after

Miss Jo Hill TOPS queen

Miss Jo Hill, who had a nine-pound weight loss last month, was named TOPS Calorie Patrol February Queen at a meeting Tuesday morning. Mrs. Verle Powell was runner-up.

In the six-week-long apron contest Mrs. Powell won first place, Miss Hill second place and Mrs. Leroy Williamson third.

Another contest will begin at next week's meeting. Each member will contribute one-quarter book of trading stamps and the person losing the most weight in a six-week time period, will receive all the books of stamps.

Mrs. Willis Duggan reviewed the article, "The Amazing 'New You' diet by Joan Gage, writer for Ladies Home Journal.

Mrs. Ancil Greenway, secretary, presided over a brief business session in the absence of the president.

Social security

(Have you a question about social security? Address it to: Travis C. Briggs, District Manager, Social Security Administration, 317 East Third Street, Amarillo, Texas. You will receive an answer in this column or by mail.)

Q. I am already receiving a monthly social security check. I have been told I should come to your office 3 months before my 65th birthday to sign up for Medicare. Is this necessary?

A. Since you already receive monthly benefits you will have the hospital insurance part of Medicare beginning with the month you become 65. About 3 months before your 65th birthday you will receive a card from the Payment Center asking whether you wish to enroll for the Supplementary Medical Insurance part of Medicare. The card should be completed and returned to the Payment Center address.

Q. I have never worked under social security but I receive a widow's benefit from my deceased husband's social security record. Will I be entitled to Medicare when I am 65?

A. Yes. Although you have never worked under social security, you are still eligible for Medicare at age 65 since you receive a widow's benefit.

Q. I understand that when a person accepts social security benefits at age 62 his benefit is reduced by 20 percent, but I heard recently that it goes back to the full amount at age 65. Is that right?

A. No. If you elect a reduced benefit at age 62 and you receive all your checks between age 62 and 65, your benefit will continue to be reduced at age 65 and after.

APRIL IS COMING!

Big things are in the wind and everyone's wondering, what will Gaston do about it? The decision MUST be made soon.

Happiness!

There's a new way of thinking about money. Cash value life insurance makes each dollar work four ways. The best of them all.

Dress-up party amuses club

Members of La Plata Study Club entertained each other at their meeting in the home of Mrs. M. H. Richie Tuesday evening when they came dressed to portray their "suppressed desires."

Mrs. Larry Dippel, in charge of the program, came costumed as a skunk, explaining, tongue in cheek, "I have always been so kind and good-natured that my secret desire is to be a little stinker."

Mrs. Tom Harkey, president, who conducted the brief business meeting, appeared in a lacy gown and robe, explaining poetically her wish to be a lady of leisure.

Displaying hidden yearnings toward being cowgirls, singers, woman astronaut, interior decorators, actors, skiers, and impulsive artists. . . . even contented housewives, were others attending: Mmes. Jay Boston, J. C. Brown, Pat Hughes, Ansel McDowell, J. D. Neill, Elmer Patterson, Ken Rogers, A. J. Schroeter, Phillip Shook, John Thames, Harlan Vanderzee, Raymond White, Louis Woodford, Urlin Streu, Alex Glass, Jack Moreman, Ray Seale and Pete Cash.

Spring holidays were evoked at the lace-laid refreshment table, which was centered with an Easter arrangement of candles, eggs, and greenery. Refreshments in green and white carried out a St. Patrick's Day theme.

Since Tuesday's meeting had been postponed because of a conflict, the club's next gathering will be this coming Tuesday, March 16, in the form of guest day at the home of Mrs. Ansel McDowell.

Aikman election of officers and open house held

Mrs. Burke Inman Jr. was nominated to succeed Mrs. Herschel Black as president of Aikman Parent-Teacher Organization at a meeting Tuesday evening followed by open house with attendance of approximately 500 persons.

Other officers elected to the new term were Mrs. Lee Umsted, first vice president; Mrs. Bill Penn, second; Mrs. Holland Cook, third; Mrs. Joe Henry, secretary; Mrs. Don Waters, treasurer; Mrs. Black, parliamentarian; Mrs. Mike Games, historian; and Mrs. Travis McPherson, reporter.

Fifth grade students directed by Mrs. Nelda Rogers presented a musical program entitled "A Streamlined Cinderella."

Sororities take trip to Amarillo

A group of Xi Epsilon and Alpha Alpha chapter members of Beta Sigma Phi ate supper out and saw a movie during an excursion to Amarillo Tuesday night rather than holding their regular business meetings.

They left the Community Center to meet two members who recently moved to Amarillo, Mrs. Larry Summers and Mrs. Carl Hollingsworth.

Xi Epsilon members making the trip were Mmes. Jim Cramer, Cliff Jones, Rudy Metz, Max Goforth, C. D. Fitzgerald, Jim Aldridge, Melvin Fowler and Bill McDonald.

Those going from Alpha Alpha were Mmes. Howard Gore, Max Stipe, Hicks Roberson, Harold Beauchamp, John Schaefer and Olene Williams.

Club plans for Easter party

Plans were made at a Tuesday evening meeting of Young Mothers Study Club for the annual Easter party for members' children, to be held March 23 at 4 p.m. in Community Center. Mrs. Don Brush will be hostess for the party with Mrs. Eugene Baldwin and Linda Newton serving as co-hostesses.

Mrs. Jerry Tisdale, guest,

participated in games of dummy bridge and enjoyed refreshments provided by Mrs. Charles Brown and Mrs. Paul Jones.

Other members in attendance were Mmes. Larry Dobbs, Raymond Gerke, Chesley Johnston, Travis McPherson, Burl Spears, Bud Thomas, Tommy Updyke, Don Samuels and Harvey Milton.

Connie Etheridge named top bowler

Connie Etheridge went 16 pins over her average Monday to win Bowler of the Week honors in the Sunset Keglers League.

Pat Stevens had a 535 for the high individual series scratch, a 577 for the high individual series handicap and a 217 for the high individual game. Alice Lueb won the high individual game scratch with a 204.

Converting splits were Carrie Shirley, 5-4-10; Peggy Milloy, 5-10; Margie Neill, 4-5-7; Phyllis Channer, 3-10; Betty Taylor, 6-7; Eleanor Hudspeth, 4-5-7; Carol Dyer, 2-7-10; Connie Etheridge, 5-4-10; Doris Davis, 3-10; June Fisher, 2-7-8; Jody Laughlin, 4-5; and Connie Freel, 3-5-10; and 2-7.

Team No. 2 won the high team series with a 2696 and the high

team game with a 925. In play last week, Team No. 2 won four from Lone Star Agency, Pants Cage won three from H&H Sporting Goods, Hereford Welding won three from Sunset Lanes and Clarks House of Flowers won four from Cypress Club.

Standings have Team No. 2, 66½-29½; Lone Star Agency, 66-20; Pants Cage, 55-41; H&H

Sporting Goods, 50-46; Sunset Lanes, 46½-49½; Hereford Welding, 45-51; Clarks House of Flowers, 33-63; and Cypress Club, 22-74.

GIFFORD-HILL'S 360 SPRINKLER SYSTEM

Beautiful days oft times come at the wrong time. You might just as soon see a gentle, soaking, half-inch rain. But because Mother Nature isn't always as dependable as she might be, Gifford-Hill has stolen some of her thunder.

The electrically powered 360 sprinkler system lets you schedule your own rain. The exclusive sprinkler spacing concept applies the same amount of water at one end of the system as it does at the other. No puddling. No runoff.

The 360 goes in either direction, uphill or down. It will water a quarter-circle, a half-circle, any portion of your field with the exact amount needed. And the positive gear drive motor lets it move only when you want it to.

You should have a 360. On those beautiful sunny days, you'll have everything going for you, including the rain.

Gifford-Hill & Company, Inc.

Industrial Commission recognizes help of local business, civic leaders

You've Never Seen Such Thorough Service STOP IN SOON
Phillips "66" Products EAST SIDE "66" Rocky Stewart
1303 E. 1st 364-2644

Sixteen Hereford business and civic leaders received citations Wednesday from the Texas Industrial Commission and Governor Preston Smith for having made a "significant contribution to Texas' industrial development."

The citations were presented to local recipients by E. H. Sheffield of the commission staff in a meeting culminating nearly a

year's work towards incorporating pertinent industrial location information on Hereford into the nation's most sophisticated computerized site location data bank.

Called "Insta-Site," the commission's computer program has already received two distinguished awards itself from the Southern Industrial Development Council, a professional society covering sixteen Southern states.

Participation of local leaders in gathering information for

"Insta-Site" means that information on Hereford industrial assets will be instantly available to all industrial firms considering new plant sites in Texas.

Sheffield presented Nolan Grady, who served as the commission's local coordinator for the project, a massive 88-page printout containing 1444 items of information on the Hereford Area. Local award recipients collected data for 393 items of information on the printout and the balance were collected for the community by the commission staff.

As soon as the local group has reviewed the information and suggested any changes necessary, a computerized Com-

munity Analysis Report will be available that shows how Hereford compares with other cities of similar size on the factors that industrialists look for in locating new plants. Using the Community Analysis Report as a guide, Hereford leaders will be able to plan effective measures to spur local economic growth.

"The next phase in the development of the computer program is to match Hereford plant location resources with a profile of the location requirements of all types of expanding industries," Sheffield continued. Statewide, more than 14,000

business and civic leaders in 300 Texas cities will receive the special citations for their part in making the new program possible.

Local leaders receiving citations were Nolan Grady, Dudley Bayne, Dale Young, W. T. Thompson, H. C. Williams, Mike Patrick, Vernon Inmon, G. T. Slaughter, Melvin Jayroe, William R. Phillips, Nell Miller, Orpha L. Click, Helen Smith, W. E. Williams, M. E. Morgan and Don French.

George Washington stood six feet two and weighed 200 pounds.

Missouri Beef promotes LaFleur to executive V.P.

David LaFleur of 123 Mimosa, Hereford, has been appointed executive vice president of Missouri Beef Packers near Friona.

LaFleur, 39, fills the corporate vacancy created when J. C. Walker was named in December 1969 as president of the company.

LaFleur was made a vice president in September 1969 and has served as general manager of Missouri Beef's Friona division since joining the company in 1968.

In his new position, LaFleur will supervise the company's day-to-day plant and production operations, according to Walker. When the new Plainview plant comes fully on stream, Missouri Beef's sales will be running at an annual rate of \$300 million.

LaFleur has some 20 years of experience in the meat packing industry. He had been with Armour, Iowa Pork Co., and Iowa Beef Packers in several capacities.

David LaFleur wins promotion

He noted that the current VA loan guaranty maximum is \$12,500, or 60 percent of the loan, whichever is less — a maximum in effect since May 7, 1968.

This compares with the \$4,000, or 50 per cent maximum guaranty, set when VA started its home loan program after World War II. This maximum was increased to \$7,500 or 60 percent on September 1, 1951, and was raised to the current \$12,500 maximum May 7, 1968.

Coker explained that any veteran who financed his home with a VA-guaranteed loan before May 7, 1968, now has either \$5,000 or \$8,000 home loan entitlement available — depending on when he received his loan.

Veterans and servicemen who want to establish eligibility for entitlement remaining from their original GI loans are urged to contact their nearest VA office, or their local service organization representative.

Consumers shop more carefully today. Here's why they buy Fords.

Ford LTD, quiet and strong, is the luxury car without the luxury car price. Ford LTD is the car that can match the luxury of cars costing hundreds of dollars more. And LTD's quiet ride is the standard that those same more expensive cars have to match themselves. That quiet strength is one reason for consumers choosing LTD over all other luxury cars in its class.

Torino is sized and priced right in the middle. Room for six, small car handling. Consumers know the mid-size Torino gives them the roominess of a big car plus the easy handling of a small car. For a price that's right in the middle. As a result, Torino has become the most popular 4-door in its class. Your Ford Dealer has thirteen other models to choose from.

Maverick, the simple compact car, offers 2 doors or 4; 6 or V-8 power. Take Maverick. Consumers know that the simple machine is simple to own and simple to run. And they learned recently that a leading independent survey found Maverick has the best frequency of repair record of any American car. That might explain why it's America's best-selling compact.

1971 Maverick 2-Door Sedan
1971 Torino Brougham 4-Door Hardtop
1971 Ford LTD Brougham 2-Door Hardtop

What with the advances made in medicine, keeping abreast of new pharmaceuticals is a "must" here!

NEXT YEAR'S OFFICERS — Elected recently by Hereford Study Club, these officers will begin their duties at an installation ceremony in May. Mrs. S. L. Garrison, seated center, is surrounded by her aides, from left Mrs. Bob Poston, secretary; Mrs. N. D. Bartlett, reporter; Mrs. Don

Robinson, historian; Mrs. Ed Wilson Jr., treasurer, and Mrs. W. H. Gentry, who is president this year and will serve as parliamentarian next season. Not pictured are Mrs. Garland Solomon, vice president, and Mrs. Noble Howard, correspondent.

Mrs. W. Jones woman of year

Woman of the Year for 1971 in Deaf Smith County Home Demonstration Clubs is Mrs. Wayne Jones, young president of Wyche H. D. Club which nominated her for the honor.

A silver dish was presented to her by Melvin Young, manager of the Hereford Brand, at the annual appreciation luncheon of Deaf Smith H. D. clubs Monday in the County Bull Barn. The newspaper gives the award each year to the woman selected from nominees of the county's H. D. Clubs.

Mrs. Jones, mother of two children and a worker with youth in her church as well as a participant in projects of Wyche club and in district and state H. D. Associations, was selected by a committee of judges from six nominees, each named Woman of the Year from her club.

The other five, also introduced at the luncheon, are Mrs. J.E. McCabe of Dawn H. D. Club, Mrs. Gene Bradley of Messenger, Mrs. Roger Williams of North Hereford, Mrs. Tom Mor-

gan of Progressive and Mrs. J. V. Perrin of Bippus. Honored for perfect attendance in 1970 at County H. D. Council meetings were Mrs. Jimmie Bradley and Mrs. Wayne Sifford, who gave their club, Bippus, a perfect record; the council president, Mrs. J. G. Gandy, and Mmes. S. N. Thweatt, Paul Corbett, H. D. Fowler and Miss Mary Bradley. Mrs. Gandy presided at the luncheon, introducing the honorees who included the county commissioners court, news media representatives and others to whom the clubs expressed appreciation for aid to the H. D. program.

A delightful program was given by pupils from the first four grades at Walcott School, directed by Mrs. Merlin Kaul and Mrs. George Brakebill. The first half was in patriotic theme focused on Washington and Lincoln birth dates. Folk and action songs and dances made up the second half.

Sidney Sawyer was costumed to impersonate Washington, Mi-

chael Brakebill, Lincoln, and Kirk Minchew, Uncle Sam. Shannon Fulgham was the reader and Sammy Brown led the flag pledge. Short speeches were by Lisa Duggan, Joseph Orthman, Joe Waliguri, Douglas Tice, Joe Padilla, Ernest Cantu, Becky Mungia, Nita Fortenberry and Michelle Butler.

Heather Fortenberry was announcer for the second part of the entertainment, Elizabeth Tice, Douglas Tice, Lisa Duggan and Don Hall the folk dancers.

Club has all day meeting

Due to the death of a member, Mrs. Earl Cole, Mother's Needle Club met recently, a week late, in the home of Mrs. A. H. Cook for an all day meeting and covered dish luncheon. Members quilted a quilt for the hostess at that time.

The next meeting will be March 18 in the home of Mrs. L. J. Jones, 225 Elm.

Scattered through Earth's 300 million cubic miles of seawater are an estimated 10 million tons of gold, 500 million tons of silver and 20 billion tons of uranium.

At the library White House diary

What type of story can be more interesting than one about the life of a president and his wife, especially when the event takes place in your own lifetime? Available at Deaf Smith County Library this week is the diary Lady Bird Johnson kept of her own and President Johnson's days in the White House.

A WHITE HOUSE DIARY by Lady Bird Johnson For five years and two months, the period of Lyndon Johnson's Presidency, Lady Bird Johnson kept a record of events, great and small, public and personal. No other First Lady has so thoroughly and honestly chronicled her days in the White House, nor has it heretofore been possible to have an inside portrait of those exciting years shown here in style that is at once poignant, candid, vivid, and warm.

From November 22, 1963, when the tragedy in Dallas unexpectedly altered the Johnson's lives, to January 20, 1969, when her husband left the office, Lady Bird Johnson lived in close proximity to the most powerful man in the world. The Johnsons had been married for nearly thirty years when they moved their young daughters from their comfortable, private home, The Elms, to 1600 Pennsylvania Avenue.

No transition could have been sharper, and it is described here in her own poignant, eyewitness narrative of the assassination and its aftermath and continues with her impressions of the intense activity that characterized the period of transition.

While the Presidency and affairs of state comprise much of "A White House Diary," it is essentially the story of a wife and mother, managing the busiest household in the world from the details of moving to a new home to the emotional adjustments of her family as it faces the responsibility of being the nation's First Family.

As First Lady, Mrs. Johnson was a devoted and valued advisor and comforter to her husband, who served his country under immense pressures during one of the most turbulent periods in American history. Again and again in these pages she proves herself a decisive, intelligent woman as she brings attention and focus on her own special interests-beau-

tification and the arts, at the grass-roots level.

A campaigner in her own right, as her successful Whistle-stop tour during the 1964 campaign demonstrated, she helped awaken the nation to increasing problems of poverty and the need for better education-speaking out in muted tones as the President's most effective and charming ambassador.

This diary provides ample evidence that Lady Bird Johnson is one of the most remarkable women to have occupied the White House. Her place in history is secure as one of the great ladies of our time.

ARFIVE by A. B. Guthrie, Jr.

With Arfive A. B. Guthrie completes his four-novel series about the West, from mounted fur hunter (The Big Sky) to oxen-rolled traveler (The Way West) to cattleman (These Thousand Hills) and now, to small settler and schoolteacher and automobile. The scope of his four works is, roughly, from 1830 to the edge of America's involvement in World War I.

Though the settings are in the West that he knows so well, the books are far from westerns in the popular sense. Here is high drama but no all-conquering heroes, no evil masters of the quick draw, no maidens waiting rescue, no myth.

Guthrie deals with people, imaginary to be sure, but true to their times, themselves, and to humanity; some brave, some timid, some wise, some foolish, some mean and some generous and, often and palusibly, each mixed in qualities.

In "Arfive" he has chosen as underlying theme the conflict of

midwestern and by extension, eastern Victorianism with looser attitudes of a yet uncurried West. To the schoolteacher, Benton Collingsworth, the saloon and the brothel are abominations. To Mort Ewing, rancher, they are facts, bad or good or in between.

Guthrie has him saying, "A man could stand up for improvement but sit down for reform." Yet the two men, presented as almost equal protagonists, respect, like and support each other, even to the point at which their mutual esteem involves violence. Their tie is honesty.

The West, it has been said, was hell on horses and women. So it was in raw Montana, and in these pages there sound across the years, in some harmony with the present-day chorus, the factual note, the confessed voices, and the tragic beat of accustomed roles between sexes.

Install gas air conditioning now?

You should be so foxy

Installing GAS air conditioning now means you'll beat the rush that always comes with the first hot or dusty spring day. While everyone else is waiting for the overworked installers you'll be cool, calm, and collected.

GAS air conditioning cools your whole house quietly and efficiently. You'll save on repairs, too, because there is no compressor to break down or wear out. And, GAS air conditioning cools your whole house for what you might have been paying to cool just two or three rooms before.

So, be foxy. Call Pioneer and tell them you'd like to find out more about installing GAS air conditioning in the winter. A representative will tell you what it will take to include it in your present forced air heating system. You may be able to use the same ductwork for heating and cooling. It costs nothing to get a complete survey of your home or business.

HECT STUDENT OF THE MONTH — Miss Trisha Herr, companion to the elderly at Westgate Hospital, has been named Home Economics Cooperative Training student for March. Miss Herr, daughter of Mr. and Mrs. Raynold J. Herr of 103 Aspen, is a senior this year at Hereford High School and plans to become a registered nurse in the future. She is shown here with Nelda Reynolds, nurses' supervisor.

Track team runs next at Levelland

The Hereford Whiteface track team will journey to Levelland Saturday for its third meet of the season, and head track coach Don Cumpton held out excellent chances for a high finish.

The team finished runnerup in the Colorado City meet Feb. 27 and fourth in the Top o' Texas meet at Pampa last Saturday.

Hereford will host its own track meet, with competition in a large school and a small school division, on Saturday week, March 20.

George Fuller, a state contestant in 1970, won Hereford's only blue ribbon, taking the broad jump with a meet record leap of 21 feet 8 1/2 inches.

The Herd had five third-place finishes. The 440-yard relay team of Ricki Ward, Ralph Waits, Fuller and Larry McNutt ran a 44.6, six-tenths of a second off the winning time; John Page threw the discus 137-feet 10-inches; and McNutt ran the 100-yard dash in 10.0 seconds and the 220-yard dash in 22.9 seconds.

Charles Allison's 2:09.2 time in the 880-yard dash put him in fourth place, with teammate Bruce Barrett fifth at 2:11.1.

Jimmy Henson was third in the mile at 4:47.1 and Reynaldo Montano was sixth at 5:07.0.

The mile relay team of Hector Rodriguez, George Fuller, Jay Henderson and Ralph Waits ran a 3:40.9, about 10 seconds off the winning time of 3:31.0.

Ralph Waits and Joe Coleman both jumped 5' 6" in the high jump, with Waits taking fourth place on fewer misses and Coleman fifth.

Charles Ross finished sixth in the discus with his throw of 130-8.

Hereford was third in the junior varsity division, claiming three first places.

Luther Mays won the 880-yard dash in 2:14.4, Terry Champ won the high jump at 5' 8" and Wayne Moton won the discus at

118' 5 3/4."

Mike Graver finished second in the half mile to Mays with a time of 2:16.6, and Champ took a second place ribbon in the broad jump with his 19'3" leap.

Both relay teams came in second. The 440-yard baton group of Alvin Eller, Keith Kitchens, Champ and Barry McNutt ran a 46.2 second race and the mile relay foursome of Eller, Ricky Locke, Mays and Champ had a 3:46.2 clocking.

Roland Perez and Ynasacio Hernandez finished fifth and sixth in the mile run, with Perez timed in 5:29.1 and Hernandez in 5:31.2.

MARRIAGE LICENSES

Alfredo Lerma Rodriguez and Mary Ann Ramirez March 5.

Paul Allen Martin and Debra Sue Smith March 5.

Lewis Arthur Poarch and Machiko Nakayama March 5.

Thomas Lee McGowen and Cynthia Kay Scott March 2.

Burros may live to be 25-years-old.

DE STUDENT OF THE WEEK — Miss Kim Ward, saleslady at The Vogue, has been selected as Distributive Education student of this week. Miss Ward, daughter of Mr. and Mrs. Ervin H. Ward, 130 Ranger Drive, is a junior at Hereford High School who plans to attend a business college in the future and then go into training as an airline stewardess. She is shown above with Mrs. Bess Moore, owner-manager of The Vogue.

Lydia De La Cruz named top player

Lydia DeLa Cruz went 41 pins over her average last week to take Bowler of the Week honors in the Kings and Queens league.

She also had the high handicap game of 258 and the high handicap series of 645.

Pauline McDonald rolled a 200 for the Queens high game scratch, and L. J. Clark had the Kings high game scratch of 212. Hap Arnold rolled a 235 for the Kings high handicap game and Ben Lueb rolled a 642 for the Kings high handicap series. Hereford Janitor Supply had the high team series of 2327 and Big Daddy's Restaurant rolled a 834 for the high team game.

Converting splits were Lydia DeLa Cruz, 3-10; Bertha Ar-

nold, 5-4; Joan Milton, 4-7-5; and Harv Milton, 3-10 and 5-7.

In play last week, Reeves Chevrolet won three from Circle Three Feedyards, Vance Hall Sporting Goods, 19-9; Big Daddy's Restaurant, 16-12; Bob's Hickory Pit, 12 1/2-11 1/2; Strickland Shell, 12-12; Circle Three, 12-16; Team No. 7, 8-20; and Reeves Chevrolet, 7-21.

Standings have Hereford Janitor Supply, 21 1/2-6 1/2; Vance Hall Sporting Goods, 19-9; Big Daddy's Restaurant, 16-12; Bob's Hickory Pit, 12 1/2-11 1/2; Strickland Shell, 12-12; Circle Three, 12-16; Team No. 7, 8-20; and Reeves Chevrolet, 7-21.

Lubbock will host 1972 Juco tourney

The Lubbock Chamber of Commerce has announced that Lubbock will host the 1972 National Junior College Region V Basketball Tournament.

The announcement was made in Big Spring by Buddy Travis Region V director and basketball coach at South Plains Junior College. The 1971 tournament is currently being played in Big Spring.

Representatives from the Chamber of Commerce, Lubbock Amateur Athletic Association and South Plains College were on hand in Big Spring for the announcement.

The tournament organization and sponsorship will be handled by the Lubbock Amateur Athletic Association, with assistance coming from South Plains College and the Chamber of Commerce.

Eight teams from Texas and New Mexico will participate in the tournament and the winner will automatically qualify for a spot in the National Junior College Tournament at Hutchinson, Kansas. Dates for the Lubbock tourney have not been announced but Travis indicated that the tournament would probably be played in the first part of March next year.

Adrian news

By ANN BEAVERS
Mr. and Mrs. Joe Speed and Mrs. Floyd Brown showed a film of Hawaii (of which the ladies visited recently) to the 4th, 5th, and 6th grades, Wednesday in Mrs. Ruth Pinnell's room. The class has been studying Hawaii.

Mr. and Mrs. Phillip Pinnell and children of Plainview spent the weekend with Mr. and Mrs. F. A. Kromer and Bruce and Mr. and Mrs. R. L. Pinnell.

Mr. and Mrs. Dave Hilburn of Amarillo visited Sunday with Mr. and Mrs. M. H. Zaring and Patty and Kenneth Zaring.

Mr. and Mrs. Wilbur Harris and Rev. Don Travis went to Shattuck, Oklahoma, last Wednesday where Mrs. Harris is in the hospital for her back. They plan to return home this week.

KGNC-Four Flushers of Amarillo vs Adrian Lions Club, Men and Women Basketball teams will play March 15 in the Adrian Gym, starting at 7 p.m. There will also be a pie and cake auction. All proceeds will go to the Adrian Lions Club, who will be sending a girl to Girls State this year. The Lions will pay all the expense to Girls State. Candidate for Girls State is Beth Lloyd and Alternate is Patty Zaring. Candidate for Boys State is Joe Perrin and Alternate is Cris Burns. So come on out and enjoy the Ballgames and help support the Adrian Lions.

The Adrian High School Boys won the District Championship in the District Tournament, Thursday and Friday at Adrian. Channing won second and Texline won Best Sportsmanship.

Mr. and Mrs. Glen LaPlant and Mr. and Mrs. Shorty Smith of Hereford visited Sunday with Mr. and Mrs. George Gruhkey.

Martha Gruhkey of Lubbock spent the weekend with her parents the Bob Gruhkeys.

Mr. and Mrs. E. E. Allen spent the weekend in Odessa with Mr. and Mrs. P. C. Davis and Mr. and Mrs. L. C. Davis.

Miss Darla McClellan of Friona spent Friday thru Monday night with Rev. and Mrs. Bob Miller and Michelle.

Mr. and Mrs. Terry Williams and boys of Amarillo spent the weekend with Mr. and Mrs. Hoorce Betts.

Mr. and Mrs. Raymond Shelton of Morton visited in Adrian, Monday.

Mr. and Mrs. Oscar Bronnman have been staying in Amarillo the past two weeks, working on their new home, the carpet is supposed to be laid this week and then they will be getting ready to move in.

Mr. and Mrs. Frank Barker and Frankie and Mathew of Levelland spent the weekend with Mrs. Billie Morell.

Mr. and Mrs. Sam Betts were in Oklahoma for a month and returned home Monday.

Mrs. Pat Maupin of Hereford, who flew to Phoenix for surgery Wednesday so she could give her kidney to her nephew, David. Due to complications, David was unable to receive the kidney. Mrs. Maupin was released from the hospital, Monday and she is recuperating at the home of her mother Mrs. Otto in Phoenix.

Mrs. Keith Kromer flew to San Diego, Saturday to be with her father Mr. Wiggins, who is in the hospital there.

Mr. and Mrs. Joe Artho and boys of Hereford visited Sun-

Imports of musical instruments and accessories totaled \$48.5 million in 1969, an increase of 9.9 per cent over the previous year, while U. S. exports of musical instruments, parts and accessories reached \$25.9 million up 12.2 per cent from 1968.

day with Mr. and Mrs. John Brorman and family.

Mr. and Mrs. Joe Myers were in Canyon, Tuesday night to hear Jeane Dixon talk at West Texas State University.

Mr. and Mrs. Jimmy Zaring and family of Stratford and Mrs. Paul Jackson and Tonya of Vega spent the weekend with Mr. and Mrs. M. H. Zaring and Pat-

ty. Rodney Ferguson of Dimmitt spent Friday overnight with Richard Myers.

The Adrian Methodist Church is planning a Lay Witness Mission April 30 thru May 2. Marvin Schmidt of Lawton, Oklahoma will bring the service on Sunday and later he will meet with the Committee Chairman.

There will also be a covered dish luncheon served at noon on Sunday. Everyone of the Church is invited to attend.

Susan Hammond of Amarillo spent the weekend with Jackie Loveless in the home of Mrs. Claudia Loveless and family.

Treesa, Angelia and Paul Heiselman and Norene Garrison spent Monday through Wednesday skiing at Red River.

The Adrian P. T. O. held its regular monthly meeting, Monday night at 7:30 in the auditor-

ium. Mr. John Perry of the United States Public Health Services gave a very interesting talk on Venereal Diseases. Mr. Perry is located in Amarillo and his territory covers more than 25 counties at this time.

Monday was also the first day of Public School Week and Open House was held following the business part of the meeting. A baby sitter was available. Refreshments were served in the cafeteria by Mrs. Ann Wood, Mrs. Francis Engle, Mrs. Alma Zaring and Mrs. Ann Beavers.

Mr. and Mrs. Clinton Earl

Brown and Stephine, Mr. and Mrs. Pete Garnett and Rocky of Clovis and Mrs. Louise Engram and Tim of Texico, visited Sunday with Mr. and Mrs. Earl Brown.

Mr. and Mrs. Hardy Harris of Navajo Dam, New Mexico are visiting in Adrian with relatives, Friday the Harris and Bill James attended the funeral of Mrs. Stella Dye in Claude.

The Adrian Chapter of the F. H. A. attended the area meeting of the Future Homemakers of America in Lubbock

last weekend. They stayed at the Red Raider Inn in Lubbock. Girls attending the meeting from our chapter were Jan Cavin, Susan Webb, Linda Engle, Cherie Betts and Kris Garrison. The meeting opened Friday night with a talent show followed Saturday with the installation of area officers. The meeting was held in the municipal auditorium in Lubbock.

Mrs. Gayle Galley accompanied the girls.

Jan Cavin is F. H. A. girl of the month for the month of February. Carol Finn and Jim

Myer a part of a drama group from Los Angeles were at the Adrian United Methodist Church Sunday morning, doing their thing.

School was dismissed Monday morning at 10:30 due to the weather.

The Adrian School Board election will have 3 incumbent trustees that have filed: Grady Skaggs, Keith Kromer and W.B. Betts. Joe Myer has filed. These are for 2 year terms. The election will be held April 3 in the Adrian School.

Small talk

By SUE COLEMAN
Women's Editor

A SISTER and brother were together for the first time in 13 years when Mr. and Mrs. Jack Drye and son, Glen, had as weekend guests Mr. and Mrs. O. E. Price of Orange, Calif. Price is Mrs. Drye's brother. Glen saw his uncle for the first time on this visit.

Mrs. Drye's parents, Mr. and Mrs. Dewey Price of Abernathy, were also here for the family

get-together.

NO MATTER what sort of name you have, seems like you occasionally have troubles with it . . . it's so ordinary that people get you mixed up with all the other Mary Jones . . . or so unusual that who could remember a name like that? . . . or else you have to go around spelling it for everyone . . . or it has a sound that brings giggles, like that of a girl I once knew

named Iva Payne and another who married into a rhyming name, Myrtle Pirtle.

Often the cause of embarrassment is the name we usually associate with a girl, but given to a boy instead, or vice versa. I'll bet Thornton Shirley often gets mail addressed to "Mr." and Shirley Garrison some sent to "Miss".

THERE ARE some styles in names as in other things, and we've grown accustomed in recent years to girls named Leslie or Tracy and men named in the British style, Vivian or Evelyn. I've also known women

named Olin and Richard and Ward, (and there's Bradley Smith) and men who were Lois, Doris, Cleo or Fay.

Then there are lots of Jimmies and Bobbys and Tommys and Billies who may or may not indicate by the spelling whether the name is masculine or feminine.

Duplicate names probably cause the most trouble, and I've always been sorry for the Bill Smiths and Bob Browns who nearly always have neighbors with the same name and the resulting mixed-up mail and bills and bank statements.

LATELY I've learned that there are two Melvin Fowlers here, which seems sort of unreasonable because neither of those names is common and you wouldn't think they would be combined twice in a town the size of Hereford.

But coincidences are not very reasonable, and I'll try to be careful not to confuse names of the Melvin E. Fowlers and the Melvin R. Fowlers. It was Virginia Fowler (Mrs. Melvin E.) who called my attention to this name likeness.

You wouldn't expect to find two Gerald Paynes here, either,

but there are the Gerald W. Paynes as well as Karen and Dr. Gerald G. His title is handy in sorting them out, as in the case of the Howard Johnsons; one is plain Howard and the other Dr. Howard R.

Also, the John A. Smiths, north of town, are not to be confused with the John E. Smiths, to the south.

AT A SUNDAY afternoon piano program in WTSU's Branding Iron Theater the only listener from Hereford I saw was Wave Snyder, who said she planned to go back to Canyon

Monday for a workshop to be conducted by the pianist, Stephen Manes.

Nearly always there are Hereford folks at the special programs and student recitals at WTSU, and frequently Hereford students perform. Joy McCathern is a member of the university orchestra which gave its concert the previous Sunday, the only one listed whom I recognized as being from our town.

Scheduled for Sunday afternoon at 3 is a faculty recital by Charlotte Dalton, cellist. Then on Tuesday evening the well-

publicized consumer champion, Ralph Nadar, will lecture in the Activities Center, sponsored by the Faculty Special Programs Committee. That's a special program with an admission charge to the public, \$2.

OEA students to compete in area contest

Seventeen Office Education Association (OEA) students will represent Hereford High School at the annual OEA Leadership Conference for Area IV to be held this weekend in Lubbock.

Contestants and categories in which they will participate are Michelle Beckman, bookkeeping proficiency and job application; Lucy Perez, bookkeeping; Brenda Saul and Gay Womble, records management or filing and clerical arithmetic.

Also Kaylanette Battenfield, job manual and ten-key adding machine; Jaki Brownlow, job manual; Sandy Trevino, job application; Kathleen Warren, machine transcription and first-year shorthand.

Also Linda Hallows, spelling and shorthand; Sandra Fields, second-year production typewriting; Delma Benavidez, spelling and first-year typewriting; Rhonda Goeringer, verbal communications and extemporaneous speaking; Kathy Smith, parliamentary procedure and ten-key adding machine.

Also Mary Martin, first-year typewriting and parliamentary; Cynthia Boren, parliamentary and second-year typing; Karen Kendrick, machine transcription and parliamentary; and Linda Manley and Kathleen Funk, parliamentary procedure.

The entire group will enter a chapter display and chapter scrapbook which they have compiled over the past several months.

Pat McDonald and Elizabeth Wills, coordinators, will accompany the group to Lubbock. They will leave Friday morning by bus and return Saturday evening.

Since porpoises must surface very minute or so for air, they usually nap with one eye open to gauge the size of the waves, according to National Geographic.

Do you ever consider the meaning of a day?... Just a single day?... One day out of the 365-day year? With you, what does a day mean???

Actually, it means 1440 moments of opportunity. It means 24 hours of precious fleeting lifetime. It means that life at best is short... that it is only a little while we have to make the journey down through the valley of time. Just what are you doing with this day and every day? You sin when you uselessly spend the days God gave you. Each day on the calendar is like "a sheet of paper white whereon each one of us may write his word or two and then comes night... though thou have time but for a line, be that sublime; not failure but low aim is crime."

Go to church this week and ask the Lord to help you keep your aim high. Ask Him to help you plan well every moment of every hour of every day. *What does a day mean to you?*

Delegates chosen for district meeting by county H.D. Council

Combining the February and March meetings of Deaf Smith County Home Demonstration Council, members met in the County Bull Barn Monday afternoon following the annual appreciation luncheon at which they had just played host. The lunch and the regular February meeting were postponed by bad weather.

meeting of Texas H. D. Association in Booker April 29 were chosen from club nominees. They are Mmes. Paul Corbett, Roger Williams and Wayne Jones, with Mmes. Leo Webb, Pat Smith and Kenneth Homfeld as alternates. An alternate will replace any delegate unable to attend.

A. E. Hodges and Mrs. Corbett were appointed to investigate travel cost for groups going from this county. They are to report at the next Council meeting, Apr. 20.

Mrs. J. G. Gandy presided for the session, where 10 clubs were represented, eight with 100 percent attendance. A poem, "What Is An American?" was read by Mrs. Corbett to open the meeting.

Mrs. J. G. Gandy presided for the session, where 10 clubs were represented, eight with 100 percent attendance. A poem, "What Is An American?" was read by Mrs. Corbett to open the meeting.

Others present were Mmes. Jimmie D. Bradley, J. V. Perrin and Wayne Sifford of Bippus Club; Mrs. Raymond Smith of Ford; Mmes. Bill Page and S. N. Thweatt, Messenger; Mmes. Vi Williams, T. E. Brindine and W. J. Lueb, North Hereford; Mmes. E. C. Hewitt and C. F. Newsom, Wyche.

Also Mmes. H. D. Fowler and Leroy Johnson, Dawn; Mrs. Blanche Hardin and Miss Mary Brady, West Hereford; Mrs. J. D. Love, Cultural; Mrs. Andrew Kershen, Westway; Mrs. Allen Evers, Young Homemakers; Mmes. T. J. Parsons and H.L. Hershey, Progressive.

Ray Lump, who played with the 1948 Olympic championship basketball team, is the athletic director at the New York Athletic Club. He is also president of the U. S. Olympians.

ANNIVERSARY HONOREES — When Garden Beautiful Club celebrated its silver anniversary with a guest day tea Friday, it honored charter members and past presidents. The three charter members still in the club are, from left in top photo, Mrs. N. D. Bartlett, in whose home the tea was given, Mrs. Tom Carter, who present-

ed a travelogue of her trip to East Asia and the South Pacific as the program feature, and Mrs. Lisle Woodford. Past presidents at the tea were, from left bottom photo, Mmes. Deward Roberson, Ansel McDowell, Weslie Owen, L. H. Lookingbill, Charlie Noland, Bartlett and E. W. Young.

Pigweed (carelessweed)? Cocklebur? Sunflower? Morning glory?

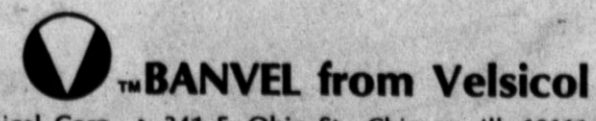

BANVEL GETS TO THE ROOT OF YOUR WEED PROBLEM

More and more grain sorghum producers find certain deep-rooted weed populations building up. Neither other weed killers nor cultivation give effective control of extra-tough and resistant pigweed (carelessweed), sunflower, cocklebur, morning glory, lambsquarter, purslane, other costly broadleaves.

Banvel, the post-emergent herbicide, does control them. For one simple reason. Banvel translocates. Absorbed by foliage and roots, Banvel moves with plant fluids from leaf tip to roots, and back again. Destroys as it goes.

Cost of Banvel? As little as \$1.90 per acre broadcast. Spray 10 to 25 days after emergence of sorghum, when weeds are young, growing most actively. Sorghum, when used as directed, is completely tolerant to Banvel. Ask dealer or custom sprayer for full information on Banvel. Every container of Banvel carries the Velsicol guarantee of sorghum tolerance to Banvel.

Original songs heard by club

Two original songs composed by Royal Brantley, professor of voice at West Texas State University, were sung with his special permission as part of the program at Music Study Club meeting Monday afternoon in the home of Mrs. Joe Hacker. Mrs. T. W. Roberson served as co-hostess.

Mrs. Allen Cansler, a past student of Brantley's sang selections, We'll Go No More A-Roving and With Rue My Heart Is Laden, accompanied by Mrs. Bill Devers.

Mrs. W. T. Carmichael, program leader, spoke on Music of the West with emphasis on Texas Composers' Day. "Our ancestors have turned a savage wilderness into a glorious empire," read Mrs. Carmichael. Among Texas composers listed

were Guion, Britain, Fox, Marsh and Brantley.

One guest, Mrs. R. G. Blue, was present and participated in group singing of The Bluebonnet Flower of Texas by Oscar Fox, Texas Our Texas by Marsh, and Crown Him With Many Crowns, hymn of the month.

During business conducted by Mrs. Dale Young, members voted to contribute to the muscular dystrophy fund.

Discussion followed concerning the state convention of Texas Federated Music Clubs to be held next week in Austin. Mrs. A. O. Thompson, state chairman of insignia, will attend the meet.

Other members in attendance were Mmes. Mack Cansler, Ellis Coombes, Wesley Fisher,

Manor Auxiliary members slate Tuesday session

A new year, its second, will begin for Kings Manor Auxiliary at a membership meeting at 2:30 p. m. Tuesday in Ward Parlor of First United Methodist Church. Officers for 1971-72 will be elected and installed.

This is one of two general

Paul Lyons, A. J. Schroeter and Bill Brady.

meetings held during the year for the Auxiliary, which was formed early in 1970 by women of this area interested in rendering services to residents of the Manor, Methodist retirement home here.

Mrs. Hilton Higgins is the group's first president, who with other officers is completing a year of service.

The first mill to roll copper in the United States was erected by Paul Revere at Canton, Mass. in 1801. It rolled sheets to sheath the hull of the U. S. S. Constitution.

Let's cook something

Desserts on demand

By JANIE REINART
Staff Writer

LUCKY for Raymond Romo, who fancies and insists on a different dessert every day, that his lovely wife Minnie, likes to fix desserts as long as they please him and her family. Each week Mrs. Romo bakes a variety of cakes, pies, and cookies. Twice a week she prepares

LIME DELIGHT

1 box family size lime Jello
1 8-oz. package cream cheese
1/2 cup shredded celery
1/2 cup crushed pecans
3 tablespoons milk

Mix Jello according to directions and let gel slightly. Thin cream cheese with milk as needed and mix other ingredients together. Fold all ingredients into slightly chilled jello and continue to chill until further jelled and ready to serve.

ROMO'S favorite side-servings with Mexican food such as rice, beans and tacos, which he also gets once a week or more often if desired, is

CHILI RELLENO

Long green peppers with top slit slightly. Stuff with shredded cheese. Dip pepper in egg whites and milk seasoned with salt and pepper, and then dip into flour, also seasoned.

Fry in skillet with one-half cup shortening until golden brown and until cheese has melted.

MRS. ROMO said the pepper is really not hot, but quite mild instead.

Six-year-old Cindy attends Alkman kindergarten. The only thing she doesn't like about the kindergarten, she says, is she doesn't have homework like the rest of the kids in school.

One-year-old brother, Raymond, wouldn't know or care about that. He's content just to stay home and watch Sesame Street.

Romo, who works nights at Wilson Beef Company, treats his wife to dancing and bowling on weekends when possible. They enjoy spending most of their time with the children, however. Minnie works as parttime checker at Hereford Meat Market.

A FAVORITE indoor type of hobby, to her, is keeping up ivy and other pot plants she has nursed for more than three years.

Mrs. Romo is originally from Waco but attended Hereford High School and was married in 1963. She is a member of St. Anthony's Antonian Circle.

Romo, born and reared in San Antonio, came here in 1959. Annual summer trips take them back to San Antonio to visit his parents and other relatives.

The Romos are in their fifth year of residence at 616 Stanton Street.

PUEBLO GOVERNORS

ALBUQUERQUE — Religious leaders select governors at 11 of New Mexico's 19 Indian pueblos. Most of the chief executives are named for one year terms beginning each Jan. 1.

At the other eight pueblos, officers are elected by tribal members.

In Liberty, Ken, a woodchuck tunneled up through 20 inches of roadbed and blacktop to open a doorway right in the middle of Main Street, according to National Geographic.

Tech research shows

Corn, wheat or sorghum—pigs do the same on all

No matter how you slice it, the ham turns about the same whether the hog was fed corn, wheat or grain sorghum. That is the preliminary conclusion of a group of Texas Tech University researchers from the Animal Science and Food and Nutrition Departments.

Experiments on 120 pigs have been conducted on feeding value of various grains for swine and the study is nearing completion. Some phases, however, still are in progress, according to Dr. Leland Tribble, swine specialist and project leader for the research.

Others who are participating in the research program are Drs. C. B. Ramsey and K. D. Lind and John Howell, graduate animal science major, all of the Animal Science Department; and Dr. S. P. Yang, Food and Nutrition chairman; and Clara McPherson, Dr. Ruth Carus and Marcie Moreland of the Food and Nutrition Department.

Data on the performance of pigs fed corn, wheat or grain sorghum showed no "significant differences" in rate or efficiency of gains.

"A study indicated that the grain sorghum was less digestible by swine than corn or wheat," Tribble said.

The ration containing grain sorghum was found to contain 94.1 per cent as much digestible energy per pound as those containing corn or wheat.

Data showed no significant variations in length, backfat thickness, loin areas or in the four lean cuts of carcasses from the three categories.

"However, there was a trend for the pigs fed grain sorghum to the meatier and have less fat than those fed corn," Tribble said. "Carcasses of pigs fed corn had a significantly lower gravity than those fed wheat or grain sorghum."

No differences were found in color, firmness or marbling of hams and loins from pigs fed

corn, wheat or grain sorghum. The Sonora, an instrument used to measure depth of fat and muscle, was used to evaluate changes in depth of backfat and loin muscle. No significant differences were found in the increase in backfat or loin muscle depth during the experimental feeding period.

Weights of several organs and glands including liver, heart, kidneys, adrenal glands, pancreas and spleen showed no significant differences except the weight of the pancreas from pigs fed corn was significantly smaller than those fed wheat or grain sorghum.

The pancreas is the source of several digestive enzymes and the heavier weight "would indicate a greater activity of the gland for pigs fed wheat or grain sorghum," Tribble said. "The significance of this finding has not been determined."

No differences were found in shelf life of pork chops from pigs fed the different grains. Neither was there difference in the shrinkage of the hams dur-

ing the curing and smoking processes.

However, one taste panel found the flavor of cured ham slices from pigs fed wheat to be significantly more desirable than those from pigs fed corn.

A loin roast from each of three animals from the different categories was given to the Food and Nutrition Department for evaluation of cooking characteristics, palatability and visual characteristics as affected by the different grains.

Data from the first trial indicate no significant differences in the pork obtained from animals fed corn, wheat or grain sorghum.

Characteristics evaluated were evaporative and drip loss during cooking, a taste panel evaluation for appearance, odor, flavor, juiciness and tenderness and the percentage of moisture and crude protein in the raw and cooked pork.

"From the data analyzed to date, we can conclude that there is little, if any difference in corn, wheat or grain sorghum

SW Bell plans continued push for improvement

Southwestern Bell will spend a record \$460 million in Texas during 1971 to keep ahead of demand for telephone services.

The company's expansion program, despite a general economic slowdown last year, is \$66 million more than the amount spent for new plant and equipment in 1970 according to H.D. Schodde, the company's vice president for Texas.

Schodde said the company's 1970 Texas operations showed continued growth, which he

termed "very good," although the rate of that growth slipped somewhat from 1969 operations.

He pointed out that the company added nearly 300,000 phones to its network in Texas during 1970, bringing the total of Southwestern Bell phones in service in the state to more than 5 million. He said another 300,000 are expected to be added during 1971.

Schodde also noted that customers in Texas used their phones more in 1970 than ever before. As an example, he pointed out that the number of completed long distance calls on the average business day increased by nearly 75,000, to a total of more than 850,000 in the state.

Southwestern Bell remained one of the state's largest employers, recording a net gain of 2,000 employees during 1970, which brought the company's Texas work force to just under 35,000. Payroll to these employees jumped nearly \$40 million to about \$273 million annually.

"Considering the general economic conditions that prevailed in 1970, we feel that our growth during the year, while less than in 1969, was very good,"

Large feedlots grow in number over High Plains

The large commercial feedlot is becoming more and more important to the Texas cattle feeding industry.

Feedlots with capacities of

under 8,000 head (at one time) decreased in number while lots with capacities between 8,000 to 15,999 head made the biggest gains in 1970, according to Dr. Ed Uvacek, Extension livestock marketing specialist.

Feedlot marketing in the U.S. reached a record 24.9 million head during 1970, according to a recent USDA "Cattle on Feed" report. Texas feeders turned out 3.1 million head in the calendar year 1970.

Last year Texas had 306 feedlots with a 1,000 head or more capacity operating at any one time. Dr. Uvacek indicated that these feedlots accounted for 97 percent of the fed cattle marketed in the state.

Five large feedlots, with capacities of over 16,000 head, were also in operation last year in Texas.

A separate report issued by

the Packers and stockyards Administration shows that almost 11 percent of the 2.7 million cattle and calves fed in Texas in 1969 were owned by or fed for meat packers.

Texas ranks as the leading state for packer feeding, Dr. Uvacek said.

The Texas feeders figure represents an increase of 432,000 head over last year, considerably smaller than the year earlier gain, Dr. Uvacek commented.

He indicated that Texas remains the third largest feeding state in the nation, surpassed by Iowa and Nebraska. Dr. Uvacek added the ranking of the top ten cattle feeding states remained about the same as the previous year, with Minnesota edging out Arizona for the eighth position.

THREE LITTLE PIGS - This is the story of three little pigs. One ate grain sorghum, another ate corn, and the third was fed wheat. They all grew at about the same rate and produced equally fine ham, pork chops and bacon.

WT Rural Telephone Coop has open house Saturday

The West Texas Rural Telephone Cooperative, Inc. will host open house from 2 to 4:30 p. m. Saturday at its new office facilities located on South 385 at Industrial Park Addition. Dedication will be at 2 p. m. with David Hamil, Rural Electrification Administration Administrator as the special guest. The new facilities include general offices and warehouse facilities on approximately 4,000 square feet of office space and 5,000 square feet of warehouse space. The cooperative has been working toward the construction and providing of its own

headquarters and warehouse facilities for about 10 years. The cooperative was organized in 1950 and chartered in May of the same year through efforts of the original board of directors. Members of that board were E. C. Reinauer of Hereford, G. H. Webb of Dimmitt, Alfred W. May of Dawn, Joe Warren of Nazareth, F. T. Schlenker of Friona, Harold W. Carpenter of Farwell, J. C. Morrison of Hereford and Leo Forrest, then manager of the Deaf Smith County Electric Cooperative, Inc. The application and receiving of the first loan from the REA was made in August of 1951 for

\$454,000 to serve subscribers in Deaf Smith, Parmer and Castro counties. The first offices of the cooperative were turned up for service in 1953 for some 650 persons in Dawn, Frio, Westway, Hub, Parmer, Tharp and Oklahoma Lane. Additional

loans have been made for central office equipment, outside plant and stations from 1951 to provide service to approximately 2,000 customers. The cooperative converted its 8-10 party system to a 5-party system and in 1967 the cooperative applied for a program of a 1-party system in the area served. The cooperative at this time is converting all of its facilities to 1-party service and approximately 90 per cent of the aerial wire is being replaced by buried wire. The cooperative is installing the most modern equipment that can be purchased for its facilities and upon completion, the cooperative will have one-party service, Direct Distant Dialing, and will be able to furnish any and all types of special services available in the communications industry. Since organization, the cooperative has borrowed some \$4,958,000 from the Rural Electrification Administration to furnish service to some 1,852 customers, provide 1-party service, Direct Distance Dialing, special services, mobile dial service for Westway and Hub Exchanges and general office facilities. The 1-party modification, DDD, and general office and warehouse facilities is being scheduled for completion in 1971. During this year, mobile dial facilities are scheduled to be completed for the Hub Exchange and other extensive modifications in equipment. Upon completion of these projects, the cooperative will have approximately 1,250 route miles of lines (cable and aerial wire), 1,500 private line customers, 650 extensions and various special services in its operations. The cooperative's customer average per mile will be approximately 1 to the mile, and will operate with some 15 employees for administration, maintenance and construction of its facilities. Present directors of the cooperative are James Ensor, president, Oklahoma Lane;

George Olson, Frio, secretary; Jimmie Cockerham, Tharp, vice-president; and directors Edwin Morrison, Westway; Robert Strain, Dawn; Keith G. Brock, Hub and James W. Dixon, Parmer Exchange. The employees of the cooperative are Vernon C. Inmon, manager; Robert Harris, office manager; Fred Fox, plant superintendent; Hilda Haves, accountant; Freda Beauchamp, service representative and Kay Stancell, Marian Robinson, Sarabelle Gillespie, clerks; Marsha Horton, secretary; Melvin Brown, Central office equipment and plant maintenance and construction employees are Joe Del Toro, Ambrose Flores, Byron Grover, Danny Stancell, Arlo Deyke and Clyde Carter.

At the Foundation, Valliant has managed research projects in groundwater recharge, bench leveling, contouring, crop production, soil and water management, micro-climate weather observations and other environmental studies on cotton. Valliant has led the way in multiple-purpose well design. Read The Classified Want Ads!

Jim Valliant is nominated for water award

An acknowledged leader in the development of artificial groundwater recharge and methods of water conservation on the Texas High Plains has been nominated as Texas' Outstanding Water Conservationist. He is Jim Valliant, research director, High Plains Research Foundation.

Valliant, an agricultural engineer who received his master's degree in agricultural engineering majoring in soil and water management from Texas Tech University, has studied and designed soil and water con-

servations practices at the High Plains Research Foundation since 1959. He is a native of Pecos.

At the Foundation, Valliant has managed research projects in groundwater recharge, bench leveling, contouring, crop production, soil and water management, micro-climate weather observations and other environmental studies on cotton. Valliant has led the way in multiple-purpose well design. Read The Classified Want Ads!

Permian star signs at WT

CANYON — Bruce Davis, all-stage linebacker on Odessa Permian High School, signed a pre-enrollment application with West Texas State, Coach Gene Mayfield said Monday.

Davis, 18, son of Mrs. Clara Davis, was captain and most valuable player on last year's Permian team which lost to Austin Reagan in the championship game of the Class AAAA football playoffs. It was the only defeat Permian suffered in 15 games. The 6-foot-1, 195-pound Davis was named all-district guard on

offense and linebacker on defense last year. As a junior he was an all-district defensive selection. Permian also lost only one game Davis' junior year. Davis was widely sought by Southwest Conference teams and some out of state schools. He played for Mayfield at Permian before Mayfield was hired as head coach at West Texas State last month. Davis is married to the former Debbie Wilcox of Odessa. She was a freshman student at West Texas State last fall.

Vega stars sign WT grid pacts

Two players from Vega have signed letters of intent to play football at West Texas State University, head grid coach Gene Mayfield said Saturday. They are Ronnie Fangman, a fullback, and Kenny Donathan, a tackle. Mayfield also snared running-back Johnny Jackson of Kress and fullback Jimmy Lisle of Rule.

"We were delighted to find these four outstanding student-athletes so late in the recruiting season," Mayfield said. Fangman, 18, son of Mr. and Mrs. Eugene Fangman of Vega, lettered each of his four years in high school and also played basketball and ran the hurdles in track. His cousin, Rick Fangman of Hereford, played football for the Buffaloes the last three years. Fangman, 6-3, 190, was a fullback on offense and a linebacker

on defense the last two seasons after playing end his first two years. He played only the first four games of his senior season, when Vega compiled an 8-2 record, because of a knee injury but gained 740 yards rushing and scored nine touchdowns. As a junior he rushed for about 900 yards. Fangman was all-district twice in football and basketball and was district champion in the 120-yard high hurdles last year. He has run the highs in 15.1 and the intermediate hurdles in 40.1. Coach Jimmy Duncan of Vega said Fangman is a good pass receiver and a fine blocker. Donathan, 18, son of Mr. and Mrs. J. A. Donathan of Wildorado, is 6-2 and weighs 185 and has run 4.8 for 40 yards. A three-year letter winner, he was named all-district offensive

tackle and defensive end this past season for the Class A school. He also participates in track and a shot putter and discus thrower. A Vega school official said Donathan ranks 13th in the senior class and Fangman is 4th.

Spring sports get underway for Buffaloes

CANYON — West Texas State University's baseball team reached the win column for the first time this year Saturday, defeating University of Texas at El Paso 6-5 in the opening game of a doubleheader at El Paso. The young Buffalo baseballers play another doubleheader today away from home before returning home for the first time this season Sunday. West Texas came home from the Arlington Invitational Track Meet with a sixth place finish and the golf team battled high winds and cool weather through the Border Olympics at Laredo. The Buffaloes dropped three of four games Friday and Saturday in El Paso, falling 11-1 and 9-6 Friday and 2-0 in the second game Saturday. The weekend activity brings the Buff record to 1-4 for the season.

They play at Lubbock Christian College in a doubleheader Thursday afternoon, before returning home for a single game against Southern Colorado State College Sunday afternoon. Like the Buff golf and baseball teams, the track squad was also hindered by high wind at Arlington. Coach Bob Kitchens' Buffs totaled 19 points in the seven-team meet which was won by Oklahoma State's 95 points. Many of Kitchens' squad had been ill the week before, but he hopes they will be recovered enough to make a strong showing Saturday in Beaumont in a duel meet against Lamar Tech. The golf team takes time off this week after firing a 1,307 total for 72 holes. The University of Houston captured the event with a 1,158 total and the University of Texas was second with 1,174.

by MELVIN YOUNG
Our week has been made. There couldn't possibly be anything happen the rest of this week that could mar the pleasure received from news of the resounding defeat Monday night of the Louisville "Lip", Cassius Clay. Joe Frazier did what we have been hoping someone would do soon — "whipped him good."

And it's none too soon. The sports world — and particularly the world of professional boxing was in a bad way for a real champion; a man who could be admired not only for his ability, but one whose moral fiber has not been tarnished.
Joe Frazier is a fine fighter, a fine champion, and as far as we know, a fine man along with

it. And that's more than can be said for "the Lip."
—HB—
It is unfortunate indeed that a man like Cassius Clay, who could have been a hero to his own race at a time when they sorely needed someone to look up to, refused his obligation to his country by going to court to keep out of military service, and it is more unfortunate that he has been allowed to fight in the ring following that incident.
No one in the professional ranks has ever questioned Clay's ability with his fists. He's fast and he's tough, and really could have been a great champion. He chose the other way however.
—HB—

Incidentally, there is a group of Hereford citizens who are going to burn a document this next week, but it won't be their draft cards. They've already been down that road and all have served their country well or they could not be members of this select group. We're speaking of the members of the local American Legion post who will hold a ceremony next week (Tuesday, March 16), and burn... that's right, burn... the mortgage on their new post home. It's all paid for; they don't owe a dime on it, and by golly, they're proud of that fact.
They're proud too, that they have all served their country with honor.
There will be additional details concerning the meeting in the Sunday paper.
—HB—

And this is the big weekend out at Sugarland Mall. This is the 5th Anniversary of the Mall and there's going to be lots of excitement out there. On tap will be a Sports Car Show, a Cycle Show and a Boat and Camper Show — plus, hundreds of bargains from every store.
But the best of course, will be the Beauty Pageant.
Nineteen lovely young ladies will be vying for the title of Miss Sugarland Mall and the scholarship which will be the first place prize.
Elson Clark will supply the music during the Pageant.
—HB—

The Hereford Brand will be the recipient of the Texas State

Weeds, brush rate as big problems to ranchers

LUBBOCK — Farmers and ranchers in Texas consider weeds and brush on grasslands their No. 1 problem.

The Research Committee of the Association of Texas Soil and Water Conservation Districts — governed by practicing farmers and ranchers — has issued a report on "Conservation Problems in Texas" which considers 29 specific problems.
Of the 188 Soil Conservation Districts in Texas, 121 provided information for the report, and the problem of weeds and brush on grasslands received 25 per cent more votes as the No. 1 problem than the second-rated question of grazing systems.

The committee considered 14 land resource areas covering the state of Texas. Ten of these rated weeds and brush on grasslands their primary conservation problem.

The Cross Timbers Land Resource Area listed soil productivity its primary problem with weeds and brush on grasslands a close second.

In the Gulf Coast Prairies area, drainage is of top interest, flooding second, and weeds

Teacher's Association School Bell Award Friday morning. The award, to be presented at the annual meeting at Dallas, will be one of 20 going to both print and broadcasting media throughout the state.

This is quite an honor for the Brand, and particularly so when you take into consideration that this newspaper, and the Morton Tribune, are the only West Texas weeklies included. Other recipients will be such newspaper and broadcasting giants as the Houston Post, WFAA-TV in Dallas, the Dallas Times-Herald, Houston Chronicle, Fort Worth Press, Arlington Daily News, etc.
—HB—

And as March marches on, and April nears, we're beginning to wonder too... what IS Gaston going to do about it?

and brush on grasslands third.

In the Lower Rio Grande Valley, the problem of weeds and brush on grasslands was rated "high" in interest along with flooding, pollution and the economics of conservation. In this area, however, the "very high" interest was reserved for drainage, salinity and alkalinity and evaporation and seepage.

On the Southern High Plains, including the western half of the Panhandle, weeds and brush on grasslands was rated "high" along with water erosion control, grazing systems, water development and economics of conservation.

Of greater concern, however, and still rated in the "high" category in this area were groundwater and moisture conservation of primary interest; weather hazards and wind erosion control, second; irrigation, compaction and weed control on cropland, third; evaporation and seepage, fourth, followed by the problems listed with weeds and brush on grasslands.

No area rated weeds and brush on grasslands as less than of "high" interest.

Grazing systems also received "high" or "very high" interest ratings throughout the state.

The survey pointed out that "maintaining vigorous grass cover for forage production and soil cover for erosion control is dependent upon good grazing management — including deferment, rotation grazing, and grazing pressure adjustment during drought periods."

The economics of conservation was the only other category rated at least of "high" interest throughout the state with the Central Basin Land Resource Area rating its interest "very high."

Other factors showed either generally "moderate interest" or the interest varied with soil, weather and water conditions within the reporting area. Copies of the report are available through Caterpillar Tractor Company dealers in Texas who underwrote publication costs.

On April 23, five days after a harness racing meeting ends, Green Mountain in Pownal, Vt. will begin a thoroughbred racing meet which runs until Oct. 31. Racing is held Wednesdays through Saturdays at night and on Sunday afternoons.

COCKFIGHT HAUL
FRANKFORT, Ky. — State police made one of their largest hauls in years while raising a cockfight at nearby Versailles. They arrested and charged 110 persons, including a number of women.

Committee seeks promotion of beef produced in Texas

A committee of the West Texas Chamber of Commerce is working to make persons aware that the favorite steak or other cut of beef they are buying was produced in Texas.

The organizations represented on the Texas Grain Fed Beef Promotion Committee that met in Austin recently will be working with restaurants and retail grocers to identify and promote Texas grain-fed beef.

Don Workman, vice president of The First National Bank of Lubbock and the representative of the West Texas Chamber of Commerce, was elected chairman of the group.

"Many people here in Texas are not aware that the excellent

beef they are eating is produced here in the state. With the unified action of the organizations represented on the Texas Grain Fed Beef Promotion Committee, we hope to establish a program that will make Texas beef recognized and appreciated," Workman said.

The committee has adopted two major slogans for promotional purposes: "Tenderness is Texas Grain Fed Beef" and "Real Eating Pleasure. . . Texas Grain Fed Beef."

W. Price, Jr., executive vice president of the Texas Restaurant Association, explained that "the beef coming out of Texas feedlots and processed by packers here in Texas is the

finest beef that can be bought."

Frank Brooks, meat specialist for the Texas Department of Agriculture, added, that the committee "hopes to make everyone in Texas aware that the finest beef in the world is produced right here in the Lone Star State."

Lloyd Bergsma, Executive Vice President of the Texas Cattle Feeders Association said, "Texas now ranks second in the nation in the number of cattle on feed and we are rapidly gaining on Iowa, the No. 1 state."

Jack Springer, executive vice president of the West Texas Chamber of Commerce, who acted as Secretary for the committee, said beef always has been an important part of our Texas economy.

"Even with urbanization and industrialization of our state, we have more cows in Texas today than people," he said.

The latest census shows slightly more than eleven million people and more than twelve and a half million cows.

Other members of the committee and the organizations they represent, are William H. Brigham, Texas Retail Grocers Association; Jack Carrothers, Texas Cattle Feeders Association; Lamar Holley, Texas and Southwest Meat Packers Association; Jim McNease, National Livestock and Meat Board; Elbert Harp, Grain Sorghum Producers Association and Don C. King, Texas and Southwestern Cattle Raisers Association, Inc.

Music club sets open program

An open program for their neighbors in the Dawn area will be given by Dawn Music Club members March 19, and plans were completed at the club's March meeting Tuesday afternoon in Dawn Community Center.

Mrs. Jerry Haley and Mrs. Jerry Parker are in charge of arrangements for the special program, to be given in the community building.

Mrs. William Wimberley hostess and Mrs. R. E. Curtsinger co-hostess Tuesday, to 15 members. Lives of noted musicians were sketched on the program. Life and work of Beethoven was Mrs. Edgar Sowell's subject, and Mrs. Clarence Betzen

illustrated by playing one of that composer's selections, Fur Elise, as a piano solo. Mrs. Edgar Lemons discussed the careers of two famous modern violinists, Fritz Kreisler and Jascha Heifetz.

Other music on the program was a Chopin composition played by Mrs. Parker, pianist, and a song, I Love Thee, by Mrs. Curtsinger with Mrs. Haley as accompanist.

The cash scholarship to a music student, which the club voted last month to be awarded at the end of this season, was discussed in the business session. Choice of the recipient is to be made by a committee.

Futures trading in sorghum is new market tool

Texas grain sorghum producers are able now to take advantage of a new marketing tool — a new futures market.

The market was cleared for trading March 2, with delivery points for grain sorghum futures contracts at Hereford, Plainview, and Amarillo.

In the past, futures trading has been little used by Texas producers, although it is a well established marketing practice in corn, soybeans, wheat, and oats.

Some of the benefits that Texas producers can claim by using futures trading are widely disseminated future prices determined by public auction, continuous markets, and a basis for determining price structures in tributary markets. Other benefits include hedging and an assessment of market predictions on future prices.

Futures trading provides growers, elevator managers, feeders, shippers, and others with a continuous flow of market information they can use as another tool in establishing local prices.

Hedging is one of the most important features offered by a futures market. Hedging is the positioning of oneself to reduce the inherent financial risks in grain inventory ownership. Growers, handlers, feed manufacturers and cattle feeders are among those most likely to use hedging.

When hedging, a trade on the futures market is made which is equal to and directly opposite one taken or to be taken in the cash market. The object is to shift some price change risks to others.

Texans involved in grain sorghum futures trading are not insured profits by hedging, but they can reduce risks.

Country elevators considered as "feeders" of grain sorghum supplies to terminal markets, feed processing plants, shippers, and exporters can use futures pricing in determining their local prices.

Price seeks quick grain pay check

Panhandle Congressman Bob Price today has introduced legislation greatly changing present Agriculture Department regulations that prohibit feed grain farmers from receiving payments of 32 cents per bushel on corn and 29 cents per bushel on grain sorghum until after July 1.

Price's bill would amend USDA regulations to enable feed grain farmers to receive at least half of their allotted payments in April, shortly after program sign-up time.

"If enacted," Price declared, "this advanced payment bill will cause more money to be put into farmers' hands at a time when they desperately need it to pay labor, equipment, operating supplies, and fertilizer costs necessary to prepare farm land for the growing season."

Additional provisions in his bill would extend the advance payment requirement to any diversion payments and public access payments which might be made under the farm program, and would require advance barley payments if USDA

Secretary Clifford Hardin should designate barley as a feed grain under the 1972 or 1973 program.

Price urged swift action on his proposal stating, "As a member of the House Agriculture Committee, I can assure all city and suburban congressmen that passing this bill will help insure that the farmers of this nation will continue to supply abundant, high quality, and reasonably priced food and fiber for the tables of non-farm dwellers. Only 18 percent of disposable income is being spent on farm products now, the least at any time in our country's history," he added.

In later comments to interested colleagues, Price made known his intention to seek similar advanced payments benefits for cotton and wheat producers if his current proposal generates solid support.

APRIL IS COMING!
Big things are in the wind and everyone's wondering, what will Gaston do about it? The decision MUST be made soon.

Netters play in tourney at Canyon

CANYON — West Texas State University's second annual Intercollegiate Team Tennis Tournament opens today and continues through Saturday and features an indoor match Friday evening.

The host Buffaloes will play North Texas State University at 6 p. m. Friday inside the Activities Center. Fans are invited by tourney director David Kent to watch that and all other matches during the tournament free of charge.

North Texas, one of five visiting teams, has won the Missouri Valley Conference championship two of the last three years, finishing second last year.

A pair of Davis Cup players will be visiting the campus — Peter Van Lingen of South Africa and Per Hegna of Norway—during the tourney. Van Lingen, one of the world's top amateurs, is the number one player for Oral Roberts Univer-

sity, and Hegna is the number one player for the University of Wyoming. Other teams are Oklahoma State and the University of Kansas.

The Buffaloes of coach Kent are expected to battle Wyoming and North Texas for the second place berth in the tourney. Oral Roberts is a heavy favorite to win the team title.

West Texas plays Wyoming at 2 p. m. today to open the tournament at the Buffalo Courts. Fans will be able to watch the meet from new, elevated stands, which will seat 425. Spectators in either of the two sets of stands will be able to see action on seven courts at once. Scoreboards have been added so fans will be able to keep with four matches at once.

Each team match will consist of five singles and two doubles matches. Should teams rather play six singles and three doubles matches, that will also be alright with director Kent.

Each team match will count one point toward the team title. Van Lingen holds wins over Davis Cup players Chuck McKinley of the United States, Peter Curtis of Great Britain, Ray Ruffel of Australia, Mike Melkin of Canada, Lou Gerrard of New Zealand and has a recent win over Clark Graber, the number two United States player.

Playing number one for the Buffs will be Leo Estopare. Paul Tobin will play in the number two berth, Mike Bolton three, Scott Pool four and John Phillips five. Dale Corbin will play the sixth berth of six singles matches played and Kent could substitute either letterman Alton Setliff or freshman Joe Carrick.

The Buffs face Kansas at 9 a. m. Friday, Oklahoma State at 9 a. m. Saturday and Oral Roberts at 2 p. m. Saturday. Other matches today are North Texas State-Oral Roberts and Kansas-Oklahoma State.

TURNPIKE DRIVING

NEW YORK — Turnpike speed driving over long distances requires higher air pressure in tires. Underinflated tires build up heat at high speeds causing the tread to soften and erase itself on the road. A report from Owens-Corning Fiberglas Corporation recommends adding four pounds of pressure to tires for high speed, long distance driving.
