Hundreds of parents and interested area citizens thronged the halls and classrooms of Muleshoe Public Schools this week as School Week was observed.

Spotlighted was the annual science fair with their many and various exhibits.

Grand prize winner at Mary Deshazo science fair was Dan Ellis. In the fifth grade, first place winner was Larry Parker; David Smith, second and Robert Shafer, third, Honorable mentions went to Gary Davis, Hector Posados and Sarah Ann McCann.

In the fourth grade, Patty Pena was first place winner with Nicky Bamerting in second place and David Berres winning third. Kip Garth, Ricky Hayes and Gary Gunter all received honorable mentions.

In grades four and five at Richland Hills Elementary School, about 78 students prepared exhibits for the science fair. The students all will receive a certificate given for presentation by the National Science Teachers Association at the end of the school term.

The winners will also receive a Certificate of Award as well as being eligible to take their project to the Regional Science Fair in Lubbock.

Grand Prize ribbon winner at Richland Hills was Joyce Camp. Fourth grade winners included Joyce Camp, first, Plants, Mickey Merritt, second, Tongues; and Joe Don Prather, third, Plants and Water.

Honorable mention went to Billy Barry; Matt Phelps; Leland Lambert; Walter Copley and Lisa Payne.

Fifth grade winners included Alta Ramm and Nancy Ramm, first, development of the chicken; Lashelle Lewis, second, mental illness; and Mark Harris, third, modern rockets. Tracy Burham; Randall Bryant; Donnan Harmon and Lana Wagon; Debbie Bur-

DISASTROUS FIRE--A billowing fire Thursday afternoon destroyed the Cleveland Williams home on West Chicago. Pictured on the left is the blazing Williams' home and on the right is an unoccupied house which has just caught fire. Bailey County Fire Chief Earl Ladd said that the fire began in the kitchen area of the home around the stove and hot water heater. Cause of the fire is unknown.

### Edd Ary Presented Wildlife Award

Charles R. "Pete" Bryant, manager of Muleshoe National Wildlife Refuge 1948 through 1950, presented Edd Ary with a Special Acts Award check for \$150.00 and a letter from William T. Krummes, Regional Director.

An excerpt from the letter reads as follows: "The award is made because you assumed the duties and responsibilities of Acting Refuge Manager during that vacancy and also prepared the year-end reports, as well as continuing to perform your own duties of maintenance. The award is based on intangible savings, local application, and moderate benefits."

"Mr. Ary started his federal career under Pete Bryant in 1949 and will complete his 20th year with the department on May 2, 1969," said Bryant. "Mr. Ary has served under eleven managers during his career and has assumed the duties of Acting Refuge Manager during the time lapse between manager changes. It is felt Mr. Ary has been instrumental in helping maintain the excellent safety record the refuge now enjoys, which is almost nineteen years without a lost-time accident."

Charles R. "Pete" Bryant is the manager of Muleshoe National Wildlife Refuge in southern Colorado and

Blair said many of the members enjoyed visiting the nests of the great horned owl in the southwest corner of the Refuge.

The Muleshoe National Wildlife Refuge is located 20 miles south of Muleshoe on Highway 214. The 5,809 acre site was the first refuge established in Texas.

Society President Max Dodson said that new members are invited to join the Audubon Society and if interested may call him in Lubbock at SH4-1057 or SH4-4385.

**Water Plan Bonds Pass**

K. B. Watson, Water, Inc. President, has stated that on March 4, the Constitutional amendment authorizing \$3.5 billion in bonds for the Texas Water Plan has been passed by the House of Representatives in Austin by a vote of 132-15.

"This is further significant evidence of the statewide support of the Texas Water Plan to replace our depleting ground water," said Watson, "and in addition will provide other areas of the state with their long-range requirements."

The Constitutional amendment was changed on the floor of the House to provide for submission to the voters in 1969 rather than 1970 as originally suggested.

### Girl Scout Week

Action and not just words----that's a philosophy this newspaper has long endorsed, and its the philosophy that has guided the Girl Scouts throughout their 57 years.

Today the Girl Scouts are underlining this philosophy with action that is important to every American. They are intensifying their efforts to find members and leaders; not just a middle class suburbia, but in hard core poverty areas. Their hope is to build bridges of friendship, through Girl Scouting, between the inner and outer cities of our nation.

It's possible that the communication gap which separates these two areas of our society may be bridged better by young people than by adults. The reason is that today's youth is trying to recognize essential values, and to reject the superficial differences that separate people.

We think the Girl Scout effort deserves commendation. In this 57th year of their existence, they are proving a greater force for good than ever, and we hope their example is followed by all Americans.

### Migrant Students In Special Class

Some 100 students in Muleshoe Junior High School occupy a special place in the school. These are the students enrolled in the migrant student program, which was set up by the Federal government.

June Arnold is the teacher of the special Language Arts program. The sixth, seventh and eighth grades are all enrolled in the class. It includes any student who moved into the school district during this school year where his parents are engaged in agricultural work or the agricultural processing units. The students are inter-racial and bi-lingual.

All three of the classes use "English is Our Language." This is the traditional textbook used by each student. The Silver Burdett Spelling Book is included with the English program. This book has the linguistic approach, which is the scientific study of words. A single example is the word "cybernetics," which is the name given to the science in which computers are compared with the human brain and nervous system.

Scheduled during the school week are various activities. On Monday is study of the "Basal Reader." Tuesday is set aside to finish the story begun on Monday. Library Day is Wednesday; and on Thursday the students study a newspaper, "You and Your World." Each Friday, the students take a written test to check on their weekly comprehension of their studies.

Miss Arnold says, "With the help of a teacher aide, Mrs. Bynum, we have implemented a dynamic newspaper reading resource."

### New Row Spacing Urged By Speaker

Bailey County Agent J. K. Adams was one of more than 450 cotton producers county agents and cotton related industries representatives who attended the Western Cotton Production Conference at Lubbock Tuesday and Wednesday.

Conference participants from Texas, New Mexico, Arizona, California and Oklahoma heard Roy E. Davis of Lubbock, chairman of the board of the National Cotton Council, declare in the opening address that the industry can "look forward with some modest but genuine optimism."

Fewer bolls are required per stalk to produce a satisfactory yield, as plant populations increase, said Robert E. Briggs of Tucson, one of the speakers at the conference. This has the advantage of producing a cotton crop in shorter season thus reducing the cost of production.

One basic method to modify plant populations is planting rows closer together with the same within-row spacing and the other basic method involves broadcast.

Yields have varied from year to year, Briggs pointed out, explaining that much remains to be learned regarding the seasonal management of high population cotton.

For the past three years, Briggs reported, yield comparisons have been made for row widths of 20, 30 and 40 inches, each with several within-row spacings.

In 1966, he said, 20-inch rows gave the highest yield. In 1968, there was no statistical difference between the 20 and 30-inch rows. But both those row widths gave yields "significantly higher" than the output from 40-inch rows.

Briggs said new varieties better adapted to high plant population and better management practices for broadcast cotton are needed.

### Bula Cagers Lose Regional

Bula School's girl cagers lost to Spade in an attempt at a Regional Title in Class B basketball Tuesday night.

In a game played in the Texas State Library Center, Levelland, the cagers lost out by a score of 67-54.

Coach Hedges said, "the girls did a real good job, they are a young team, mostly freshmen and juniors. I am disappointed that we lost but not disappointed at all by the performance of the girls."

"There was a real good turnout for the game despite cold, snowy weather." Cont'd on Page 2, Col. 6

### Members Named For Committees

All but one of the members of the Chamber of Commerce Board of Directors met at 6:30 a.m. at the Corral Restaurant for a regular meeting.

Robert Hooten, Neal Dillman and Eddie Faust were named to the Building committee to see about securing new furnishings for the three offices which will be allotted the Chamber of Commerce in the new City Hall when it is completed.

The upcoming Service Banquet was discussed. This is an annual banquet held for people who deal in services for tourists, including motel, service station and restaurant operators and restaurateurs.

Joe Harbin gave a report of the new Bailey County Water Association and discussed the Texas Water Plan.

### Ex-Cowboy Still Sparkles Celebrating 96th Birthday

A bright-eyed ex-cowboy with a keen sense of humor observed his ninety-sixth birthday March 5 at West Plains Memorial Hospital where he has been a patient

the past month. Joe S. Baker, Sr., of East Star Route, Portales, beamed from his wheelchair as nurses presented him with a decorated cake they made for the occasion.

Hospitalized about a year ago in Portales, Baker has lived in the home of a daughter and a son and daughter-in-law at Portales when necessary but lived alone most of the time and cared for his own needs, insisting he was able to care for himself. Many a man would envy this nonagenarian his fine head of hair.

Born March 5, 1873 at Berryville, Arkansas, Baker moved with his family when he was about fifteen years old to Stephenville. He recalls being in Plainview at the time the town was organized and that he worked around Arch, New Mexico for "Riley" and Coldwater Ranch as a cowboy before he was married and that this was before there was a town of Texico.

In 1902 Miss Annie Wallace and Baker were married at Clarendon and it was at this time he "went to cowboying to make a living". Mrs. Baker died about twelve years ago and most of the time since he has lived at

# STATE CAPITAL Highlights AND Sidelights

by Wern Sanford

AUSTIN, Tex. -- Legislation dealing with peace officers and rebellious students are the dominant bills under consideration by the lawmakers.

Approved by the House was a measure that would provide criminal penalties for anyone involved in violent campus disruptions at both public and private schools throughout the state. Vote on the bill, by Rep. Joe Shannon of Fort Worth, was 125 to 12. It now goes to the Senate for action.

One of the two Negro members in the House, Rep. Curtis Graves of Houston, spoke against the bill saying it was "the kind of legislation that causes a backlash. If this passes, I predict this type of violence may come to our state, and each of us will regret passing it."

A clause in the bill outlawing disruptions by "loud or boisterous conduct" was deleted from the bill after some members said it was ambiguous and feared it might find the same fate as the state's disorderly conduct ordinance.

Last year a three judge panel in Waco ruled the disorderly conduct ordinance unconstitutional for not being specific enough. An appeal was made and the US Supreme Court still is considering the measure.

Several amendments were added to the proposed bill, including one that would bar a student from attending a State-financed or assisted school for two years following three convictions for violation of the act. If a student were convicted twice under the act, he could not receive any State loans. Another amendment assured students taking part in demonstrations the right to peaceful protest.

A trespass bill by Rep. Minton Murray of Harlingen is awaiting action. This bill would make it unlawful for anyone "with a malicious and mischievous intent" to trespass on the property of someone else, including campuses. It now is in the House Committee on Criminal Jurisprudence.

Other bills were filed dealing with law enforcement.

Senate Youth Affairs Committee voted to report favorably to the Senate two bills designed to provide fairer hearings on juvenile offenders, which could include some of the demonstrators -- especially at high schools.

One of the proposals would require the court to appoint an attorney to represent a juvenile offender, if the parents cannot afford one. If the judge determines that the parents can afford an attorney, he can require that they get one.

Both of the bills were proposed by Sen. Criss Cole of Houston, who is chairman of the committee.

Another measure would require the defense attorney

in juvenile actions to furnish transcripts of the trial in case of an appeal.

Sen. Jack Hightower of Vernon introduced a measure to help raise the standards of law enforcement officers.

This bill would give the Commission on Law Enforcement Officers Standards and Education the authority to certify persons as being qualified for police or other law enforcement jobs, and would set minimum standards. After Sept. 1, 1970, all appointive peace officers would be required to meet the educational, training, physical, mental and moral criteria set by the Commission. Elected officers, such as sheriffs and constables, would not have to qualify.

MONEY, McNEY, MONEY -- \$71.5 million of Gov. Preston Smith's \$26.5 million revenue package under constitutional challenge and another \$38.5 million source under sharp criticism, Texas' chief executive apparently will be offering some alternative recommendations soon.

Smith told newsmen that if the attorney general holds substantial parts of his program unconstitutional, that is just what he will do.

Atty. Gen Crawford Martin was due to hand down an opinion this week on the validity of diverting permanent school fund - bond bond-lease money to current education spending. Most authorities agreed earlier with Lane Commissioner Jerry Sadler that the diversion is unconstitutional. Also, few were willing to wager much on the governor's suggestion for raising \$38.5 million by a 30 surtax on traffic tickets.

While Smith's tax program drew widespread grumbling, nobody had anything better to offer.

House Speaker Gus Mutscher viewed with "alarm" the governor's all-consumer-tax approach and said he had hoped for a "better package" of business-consumer levies.

Mutscher outlined ideas for a meeting with his revenue and tax committee and predicted a tax bill "run in the House about April 6."

Meanwhile, the tax committee held its first full-dress session. Out of seven bills aired, two offered some hope of additional revenue. One would raise an estimated \$51 million by increasing the liquor tax 40 cents a four - fifth bottle. Another sought to subject Texas-based insurance companies to personal property taxation. The others, in one way or another, would cost the state money by reductions of, or exemptions from, existing levies.

**BILLS, BILLS AND MORE BILLS** -- Legislators are wading in a pond of bills that soon will pass the 1,000 mark.

Sen. Henry C. Gover of Houston has introduced a

resolution directing the Texas Coordinating Board for Colleges and Universities and the University of Texas Board of Regents to enter into negotiations to buy the Baylor College of Medicine at Houston.

A five-man sub-committee of the Higher Education Committee is studying a bill which would do away with the required six-hours of government or political science and six-hours of American or Texas history in Texas colleges. It is proposed by Rep. Don Cavness of Austin.

A proposal to create a state-wide library system was sent to a sub-committee by the Senate Committee on State Affairs. Sen. A. M. Alkin of Paris and Senator Hightower are co-sponsors of the bill.

Rep. Joe Salm of Corpus Christi has introduced a resolution asking the House of Representatives to do something about poverty. His proposal calls for a five-man study committee made up of house members.

Senator Grover also has introduced a bill which would allow the state to aid cities in raising policemen's and firemen's salaries.

A proposal that would permit Texas cities to lend each other police officers in emergencies has gone to a subcommittee of the House Urban Affairs Committee. Rep. Felix McDonald of Edinburg is sponsor of the bill. A bill backed by chain optometrists (TSO, Lee and

others) to limit the state Board of Optometrist's law-making powers has Senate committee approval.

Proposed constitutional amendments to lower the voting age to 18, knock out annual voter registration requirement and grant old folks a \$3,000 overall property tax exemption found its way to the Senate calendar.

Houston legislators have offered bills to strengthen the state's open meeting law, to require posting of advance notices of all government agency sessions.

San Antonio Sen. V. E. (Red) Berry has introduced a proposed constitutional amendment to divide Texas into two states -- North Texas and South Texas.

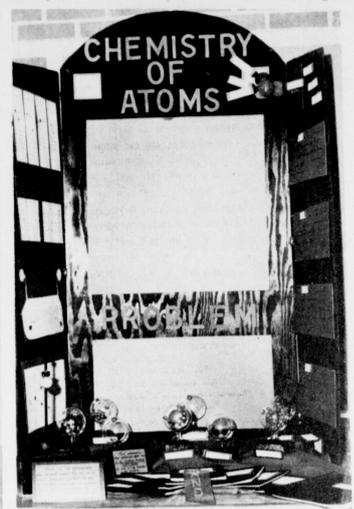

**LEGISLATION ADVANCES** -- In the sharpest debate of the session, the House passed a tough bill to control disruptive activities on Texas school campuses and sent it to Senate.

Earlier the House approved a long string of bills including creation of a new medical school at San Antonio, changing the name of Stephen F. Austin State College at Nacogdoches to Stephen F. Austin State University, and shortening the minimum time between local sales tax elections from two years to one. Later, representatives passed a law requiring eggs to be labeled as Texas or out-of-state products. A bill to increase city employee retirement benefit employee retirement benefits was dropped after

an amendment excluded the billion water bond constitutional amendment. Senate voted authority for separate State Commission for Rehabilitation Service to be expected on the \$3.5

PLANTS -- Joyce Camp, daughter of Mr. and Mrs. Bernis Camp, was winner of the Grand Champion ribbon at Richland Hills Elementary school with her exhibit on Plants. The exhibit was shown as part of open house for parents at the school.

ALL ABOUT ATOMS -- Kathy Pena, daughter of Mr. and Mrs. Benny Pena, exhibited the Chemistry of Atoms, to win grand prize ribbon in the eighth grade at Muleshoe Junior High School's Science Fair.

Handicapped, approved a \$463,381 emergency appropriation to rebuild the old fire - destroyed gymnasium at Southwest Texas State College, changed the name of

Corpus Christi State School to Bruce Reagan State School (in honor of former senator), and passed a bill to allow Texans to buy long guns and ammunition in contiguous states.

# Mrs. Rennels Speaks on Alcoholism

"Everyone should hear her," said Mrs. Royce Turner, of the talk on the problems of alcoholics and their families given by Mrs. Jack Rennels for Pleasant Valley Social Club Thursday night.

Using religion, philosophy and "plain common sense", day to day living, Mrs. Rennels spoke from the standpoint of one who has lived with "The Days of Wine and Roses" in explaining that doctors now recognize that alcoholism is a two-part disease composed of an allergy to alcohol and obsessions of the mind.

She told her audience that in 1946 when her father was hospitalized at Austin her mother, the late Ola Belle Lamb, wrote a letter to ask if there were any pamphlets or other sources of help for families such as theirs. She was told there were none at that time.

In November, 1968 Mrs. Rennels and others in Muleshoe were appointed to a committee of Wichita Falls State Hospital to work with their coordinator on services to the families of alcoholics, which includes drug addiction. This is a pilot project of the hospital.

Persons who seek to belong to the "understanding fellowship attempt to love without demanding anything in return," said Mrs. Rennels. She reminded her audience that the great and talented Stephen C. Foster was a person in need of such love, that he died a drunkard's death seventy years before public opinion recognized his helplessness and that understanding could strengthen and support him. When he was found dead, a crumpled note in his pocket was addressed to "Dear Harriet

and Gentle People", speaking of the appeal for help.

Mrs. Tracey Angeley, president of the club, presided over a short business meeting. Roll call was answered with 'a way to improve my community.' Proceeds from the bake sale held recently were reported as \$61.50.

Cake, Cokes and coffee were served by the hostesses, Mrs. Ken Dunca and Mrs. Bonnie Haber to Mrs. Ozzie Hughes, Mrs. Harold Allison, Mrs. Oscar Allison, Mrs. Royce Turner, Mrs. Kirk Pitts, Mrs. Grover Greshaw, Mrs. S. K. Flatt, Tracey Angeley, Jack Skipworth, and guests, Mrs. Glen Cardwell and the speaker.

The next meeting will be April 3, when Joe Harbin will speak on mouth-to-mouth resuscitation.

# Shrubs, Roses Progress HD Topic

Progress Home Demonstration Club members met March 4 in the home of Mrs. Davis Gullett. Mrs. E. W. Bass presided over the business meeting.

Roll call was answered with 'a shrub that does well in Bailey County.'

Mrs. W. E. Myers gave a council report and Mrs. Joe Smallwood reported on a THDA meeting she attended in Lubbock.

The program on the selection of shrubs, their care

and pruning, given by Mrs. Harold Mardis. She told club members to select small shrubs because they can be trained to do what you want easier. 'Plants are living things,' she said, 'and must be trained while still young to do what you want them to.' Plants can be trained to be screen plants, background for flowers, for foundation planting which 'tie the house to the ground.'

Recreation was led by Mrs. George Gross.

Using the St. Patrick's Day theme, the hostess served green punch, cookies and coffee to Mrs. Bass, Mrs. C. E. Crumme, Mrs. Albert Davis, Mrs. Gross, Mrs. Mardis, Mrs. Myers, Mrs. Clinton Rogers, Mrs. Manuel Self, Mrs. Smallwood and Mrs. J. C. Wells.

# For Successful Bulb Growing Follow Three Simple Steps

The most beautiful blooms in the garden are often those produced by bulbs, but bulbs have an undesired reputation for difficulty, which prevents many gardeners from trying them.

Bulb Culture is simple. The secret is to start with good stock and follow these three easy steps:

First, dig a hole a few inches deeper than you intend to plant your bulb. A spade or trowel is a fine digging tool, but if you plan extensive planting, try a bulb planter. Available at most garden supply stores, a bulb planter gives a hole of proper circumference with one bite. Throw the excavated soil onto a board or into a pan.

Second, add the soil conditioning mineral vermiculite to the earth you've removed. Vermiculite, known commercially as Terra-Lite soil conditioner, is porous and absorbent--thus aerates

the soil, provides a reservoir for moisture, and hastens germination.

A proper mix is two parts soil to one part Terra-Lite. To the soil-Terra-Lite mixture, add a level teaspoon of plant food. Now refill the mixture to the desired planting level.

Third, plant the bulbs at the depth best suited to each variety. The following chart tells the number of inches of soil which should cover various bulbs, as well as the number of inches apart each bulb should be planted.

Crocus, 2-1/2" deep, 3" apart; Grape Hyacinth, 2" deep, 3" apart; Scilla, 3-1/2" deep, 3" apart; Jonquil, 3-1/2" deep, 6" apart; Tulip, 4-1/2" deep, 5" apart; Hyacinth, 4-1/2" deep, 6" apart; Gladiolus, 4" deep, 5" apart; Narcissus, 5" deep, 6" apart; Dahlia, 5" deep, 10" apart; and Lily, 6" deep, 12" apart.

### Mighty 'M' Band In UIL Contest

by Ann Douglas

On Saturday, March 1, thirty-five members of the Mighty "M" Band participated in the University Interscholastic League Solo and Ensemble Contest in Lubbock. The players performed before judges at Colorado High School and were given ratings. Soloists receiving first-division were Cindy Crane, Vicki Kelley and Kathy Williams, and a French horn quartet made up of Debbie Burrows, Ann Douglass, Doris Horsley, and Darrell Wilson. These groups and soloists qualify for the state contest to be held in Austin during June.

Members of the band receiving second-divisions were soloists Kathy Seymour, Patty Murray, Rey Sanchez, and Melanie Precure.

Ensembles receiving second-divisions were a clarinet trio, Carolyn Wedel, Cynthia Wrinkle and Lee Ann Yerby, a clarinet trio consisting of Penny Langner, Susan Vela, and Carolyn Wedel, a clarinet trio made up of Linda Middlebrooks, Becky Milner, and Patty

Murray, a cornet trio consisting of Curtis Burhman, Randy Burrows, and Lonnie Ferris, and a drum trio consisting of Delton Bass, David Gupton, and Brent Tanner.

### Speech Class Participated In UIL Tech Tourney

Pitted against thirty-seven schools, Muleshoe High was well-represented at the Texas Tech Speech Tournament February 28 and March 1. Eight of its members reached the semi-finals. Joe Duke and Roy DuBose made the semi-finals in prose reading and Sheryl Mason and Greta Bamert also scored in the girls' division. Leland Ferris reached the finals in boy's poetry interpretation and Jim Mardis took top honors in boy's persuasive speaking, winning first. Betty Harbin and Martha Jane Chapman placed third in girl's debate - compiling a record of six wins and one loss.

The Speech II class, having entered its last major tournament is now busily preparing for district UIL contest.

Royce Harris was first place winner in the Physical Division and Gary Morris took first in the Biological Division. Second place winners were Jan Creamer in Biological and Donna Woodard in Physical.

Descriptions of the winning exhibits follow:

GRAND CHAMPION by Bryan Brady II

The exhibit was entitled "A Cancer Experiment in Two Parts". It dealt with the prevention and cure of cancer. Almost forty years ago, a French doctor theorized that magnesium chloride was the factor that kept the cancer rate so low in Egypt. After drinking the Arab's well water for some time a cancer on his ear disappeared. Three pairs of rats are fed various sources of magnesium chloride. One pair is a control group. An attempt will be made to induce cancer on them. The rats on the chemical should not contract the disease. As the project is being timed for the Lubbock Science Fair, no conclusions can be drawn at the present.

# Bula News

By Mrs. John Blackman

Bula School honor-roll for the fourth six-weeks of 1968-69 term of school as released by the school secretary Mrs. Marion McDaniel.

First grade, Tony Hall and Mike Nichols.

Second grade, Lyn Robertson and Jarrol Layton.

Third Grade, A - Sherri Claunch, A and B Ronald Beasley, Cary Austin, Nannette Hall, Shonny Autry and Melony Roberts.

Fourth grade, A - Carolyn Stroud, A and B, Johnny Thorp and Robie Blackstone.

Fifth grade, B, Lisa Risinger.

Sixth, none.

Seventh grade, A and B, Nancy Blackstone, Jerry Sowder, Craig McDaniel and Gwen Pollard.

Eighth grade, A and B, Jimmy Risinger.

Freshman, none.

Sophomore, A, Diane Crume.

Juniors, A, Margaret Richardson, A and B, Donna Crume, Judy Snitker and Iva Clawson.

Senior, A, Patricia Grusendorf.

Bula was host to the Bailey County TSTA, Monday evening, in the school lunchroom.

Joel Parsons, principal of Three Way High School and president of the organization had charge of the meeting.

Following a short business meeting, Lamb County School Superintendent, Roy Stevens was speaker for the evening, he spoke principally on the "Legislative Proposed Amendments concerning the schools".

Refreshments of coffee, punch and sweet rolls were served to the 25 teachers in attendance by the hosts.

We were very sorry to hear of the sudden death of Charles Short of Lovington, by an electric shock while working for a pumping company on a job near Denver City, Thursday last week.

Short was a son-in-law of Mr. and Mrs. Clarence Carter, who have recently moved from Bula to Lovington. He was married to the former Gwen Carter.

Mrs. Lura Rhodes, mother of Mrs. Tom Bogard is still confined all the time to her bed at the West Plains Nursing Home at Muleshoe. She has not been feeling well for sometime.

Raymond Teston visited Sunday with his uncle and aunt, Mr. and Mrs. John Blackman of Hale Center.

The Church of Christ enjoyed having as a guest speaker Sunday evening Kent Martin, from the Sunset School of preaching, Lubbock. Brother Martin showed slides on Hong Kong, its location as a small island on the south coast of China. The island is about ten miles long and four or five miles wide, very densely populated so therefore, they have to build their houses high and not take up space on the ground. The country is entirely mountainous. The city built in terraces on the hill side, and faces one of the most beautiful harbors.

Due to its vast population and its attraction for tourists there is much need for spiritual teaching there. Brother Martin and his family plan to leave August 1 for Hong Kong to spend several years over there preaching and teaching na-

tives to also teach the word of God.

Mr. and Mrs. W. L. Clawson had as their guests Tuesday and Wednesday Mr. and Mrs. Charles Collins and Mrs. Sarvadora and small baby, Diedra, all of Amarillo. Collins left Friday from Amarillo for San Diego for three months training prior to going to Viet Nam.

Relatives to visit the past week in the J. W. Layton home were his nephew Bert Newman from Reggins,

Idaho; Mr. and Mrs. Frank Layton, Monahans; Mr. and Mrs. John Kelly, Lubbock and Mr. and Mrs. Earnest Ellison of Lubbock.

Debbie and Tresa Crosby of Littlefield, and Sherri Claunch, Bula spent Friday and Saturday nights with their grandparents, Mr. and Mrs. Gene Bryan.

Mrs. Warner DeSautell and boys, Cris and Cliff, visited Saturday with her parents Mr. and Mrs. John Latham.

Mr. and Mrs. Cecil Jones were in Amarillo Tuesday where Mr. Jones had a check up by his doctors. His report was that he was doing fine.

shalt love the Lord thy God with all thy heart, and with all they soul, and with all thy strength, and with all thy mind; and thy neighbor as thyself.

Luke 10:27

The basis of God's first and greatest commandment is love. God gave man the freedom to choose... and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# Saluting The Girl Scouts!

## DURING GIRL SCOUT WEEK MARCH 9-15

L.R. Jr. Girl Scout, Doris Bartholf and Brownie, Laurey Preston.

The first Girl Scouts pledged themselves in a way of life based on honor, integrity, courtesy and service. Today's Girl Scouts make the same promise.

Their basic values and skills are as solid as they have always been. What's new are the broader horizons and the new worlds of adventure that Scouting offers. This is described in the theme:

### 'Values To Hold - Worlds To Explore'

We thank the leaders and all who work so diligently with our young people.
