## WATER CARNIVAL AT PLAINVIEW

Committees Have Been Appointed and Date Set for February 24 and 25.

On February 24 and 25, at Plainview, there will be a celebration over the development of the great water supply in that vicinity by a two days' demonstration of the strength of the wells and the application of the water to farming by irrigation. Several wells will be in pumping order at that time, and many others that have been contracted for will be drilling.

The supply test was made at the big well on J. T. Slaton's farm and a continuous run of twenty hours failed to lower the water level or decrease the supply. In fact the well seemed to get stronger. During this run the pump poured out 1,500 to 1,700 gallons per minute. Other wells that have been put down in different parts of the country prove that there is an abundant supply of water for all irrigation purposes. The Slaton well is only 130 feet deep and the water stands, while pumping, within forty feet of the surface.

Special invitations have been sent to all newspapers, all departments of several railroads of the Southwest, to many irrigation companies and irrigation experts, truck and sugar-beet growers, beet manufacturers, and to national and state agricultural commissioners and experts. An irrigation and development conference will be one of the principal features of the meeting.

Everybody is invited and is expected to come. There will be a barbecue and basket dinner on the 25th and a general good time is guaranteed.

### Chester Chatterings.

Chester turned out in force last Wednesday evening and surprised Mrs. Long and Miss Agnes. Mr. Long was absent from home so missed the festivities which followed. Some 25 or 30 neighbors were present and everybody had a good time. The ladies served coffee and about seventeen different brands of pie, all good. Mr. and Mrs. Long and family have been regarded as fixtures in the community. They are good farmers, good neighbors and excellent people. All regret that considerations of health make it necessary for them to leave us for a time and all unite in the earnest wish that they may be permitted to return shortly and become one of us.

Rev. Baker has changed his appointment to the third Sunday in the month. That is next Sunday and everyone is cordially invited to be present. Sunday school at 3:00 o'clock, preaching at 4:00.

Miss Grace Hays of Grinnell, Iowa, who has been visiting Mr. and Mrs. H. G. Hays returned to her home Wednesday eve.

Score another one for Chester! We had the first irrigation well in the community and are about to have another. Mr. McElhenie has let the contract, we understand for a well upon the section north of the school house.

Mr. Berger of Kansas has moved into the house recently vacated by C. W. Gocking. The occupation is temporary as Mr. Berger has purchased and will improve the section adjoining Mr. Dollar on the east.

### Mrs. Susan Bourn Fatally Burned.

A most distressing accident occurred last Tuesday afternoon resulting from which Mrs. Bourn died yesterday afternoon at 9:45 a. m. Her daughter, Mrs. Elsie Dimmitt, of Sanger, Texas, three brothers, Messrs. Mack Alexander, of Childress, Texas; Wm. Alexander, of Hollis, Okla.; and Milton Alexander, of Kelleyville, Okla., and her brother-in-law, Mr. Jack Bourn, of Hereford, Texas, have been telegraphed to and are expected to arrive today when arrangements for interment at Mrs. Bourn's old home at Sanger, Texas, will be made.

While Mrs. Bourn was making a fire at her home Tuesday evening her clothing caught fire and before assistance could arrive she was so seriously burned that she died Wednesday morning.—Erick (Okla.) Altruist.

### Mozart Music Club.

The Mozart Music Club met Saturday, February 11, 1911, and all were present with the exception of a few who had excuses for their absence. There were two visitors, Louise Ricketts and Lucile Hicks. The following was the program:

Roll call—Each member answering with the name of some great composer, telling something about him.

Piano Solo—Jessie Glenn Bullock. The Childhood of Beethoven—Vera Dillard.

Piano Solo—Myrtle Bennett. Anecdotes of Beethoven—Blanche Carl. "Robins' Return"—Leila Patton. Beethoven's Love Letter—Lollie Dillard.

Nice refreshments of oranges and bananas were served by Mary and Gladys Hicks.

For next time Myrtle Bennett and Jessie Glenn Bullock were appointed to serve refreshments. Then the Club adjourned to meet Saturday, Feb. 25. Jessie Glenn Bullock, Asst. Secretary.

### Important to Every Voter.

Saturday, February 25th, at 3 p. m., every man interested in the cause of Statewide Prohibition will meet at the courthouse for a thorough organization of the Prohibition forces.

### Summerfield Ships Hogs.

A car load of hogs were shipped from Summerfield last Saturday. They brought 7c per pound and over \$1000 was realized in cash by the farmers around the shipping point.

Your neighbor pays cash, why can't you? Homer Wilkinson.

### Good Rain Falls.

The Hereford country had its first good rain last night since August. The fall measured one inch and came down slow but constant from 10 p. m. to 8 a. m. A light shower of one tenth of an inch fell the night previous. Just one week ago a snow gave one-fifth of an inch of water. Reports from Summerfield, Friona, Dimmitt, Spring Lake indicate that they to have had good rains.

### Uncle Josh to Be Hotel Keeper.

A. Helphrey, who starred as Uncle Josh in the comedy play "Uncle Josh", and who incidentally directed the destinies of the Texas Meat Market at this place, has sold that concern to M. W. Babb, and will in the near future be the genial gentleman behind the register in a big 60-room hotel at Coffeyville, Kansas. Mr. Helphrey traded his farm at Parrott for the hotel, which is the largest in the city. Mr. Helphrey and his family will leave about the 20 inst. for their new home at Coffeyville.

### January Weather.

This month was a very "open" month, there being but one really cold snap of any consequence. This was on the 2nd and 3rd when the mercury stood at 4 and 12 degrees below zero. The average temperature for the month 45.4 degrees. The average daytime temperature was 61.8 degrees; night, 29.1.

### The Commercial Club.

The annual meeting of the Commercial Club held Tuesday night of this week failed to materialize sufficient to get a quorum, and so no annual election was held. Quite different from one year ago when the courthouse room was crowded with those who had paid their membership and were ready to vote. Those present were: Eli Dunlap, the only member of the Board of Directors, Homer Wilkinson, W. H. Ray, J. D. Bourn, B. M. Hester, L. Baskin, and D. L. McDonald.

It appears that there were so many counter attractions in town that there were but few left to attend the meeting. A revival meeting at one of the churches, a show at the opera house, a dance, a picture show, all combined to cut the attendance down.

### From Twenty-Three Sams.

1. "My wife is boss. I shall not deny it."
2. "She maketh me lie down behind the bed when swell company cometh, and she leadeth me behind her up Main street."
3. "She restoreth my pocket-book after she spent all of its contents for hobble skirts and theatre tickets. She leadeth me up the main aisle of the church for her new hat's sake."
4. "Yea though I walk more than half the night through dark rooms with a crying baby, I will get no rest, for she is behind me with her broom slock and her hat pin, they do anything but comfort me."
5. "She prepareth a cold snack for me, then maketh a bee line for the Mothers' Domestic Club. She anointeth my head with a rolling pin occasionally. My arm runneth over with bundles before she is half thru shopping."
6. "Surely her dressmaker and millinery bill shall follow me all the days of my life, and I must dwell in the house of my wife forever."—Ex.

It makes such a great difference in prices when you pay cash at a cash store. Homer Wilkinson. If

### Sunday School Institute.

The institute held at Hereford last Thursday and Friday was not largely attended, but the talks and addresses by Rev. Rogers were highly instructive. A county organization was effected and some other important work done. The following officers were elected:

County president, E. B. Black; county vice-president, J. E. Garrison; county secretary, E. W. Harrison; home visitation supt., C. G. Witherspoon; home department, F. H. Oberthier; adult department supt., A. C. Elliott.

### Parrott Paragraphs.

A week ago last Sunday Mr. and Mrs. Shepherd and son, Dave, spent the day with Mr. and Mrs. Jennings. Ethel Jennings stayed all night with Florence Hacker Wednesday night.

Our Sunday school met with Mr. and Mrs. L. Ricketts to sing Sunday night.

Miss Gladys Hacker entertained quite a number Sunday. After dinner they all came to Sunday school much to our delight. We should be happy to have a crowd of young people like that every Sunday. They were Miss Mabel Hacker and Messrs. John Guthrie Jr., Carl and Basil Jennings, Floyd Hacker and Tom Shepherd.

I. D. Grant, wife and daughter and A. C. Grant dined with Mr. and Mrs. Dukes Sunday.

A. J. Dukes has not been well but we are glad to say he is now able to return to school.

Mr. Guthrie takes his car back this week. Jake Wagner goes with the car and from Illinois he goes on to Wisconsin. We are sorry to lose Jake as his merry good humor will be very much missed in the neighborhood. He is coming back when it is a little less dry.

(It's time for him to come back. It's wet.—Ed.)

Mr. and Mrs. Williams from Illinois visited Mr. Guthrie this week. They liked Texas very much and think that they will come back and buy land in our vicinity.

Mr. and Mrs. Wagner gave a farewell party to Jake Monday night. Jack & Jill.

### Bethel Bubbles.

Mrs. B. F. Hodges visited with Mrs. W. C. Russell one day this week.

Merlin Brubaker's hand that got mashed in the hay baler the other week, is getting along nicely.

Mrs. Henry Dailey has been suffering with a severe cold the past week but is better at this writing.

B. F. Hodges and family visited at J. N. Askren's last Sunday.

Mrs. Geo. Weir was taken suddenly sick last Saturday. She is improving slowly.

C. C. Bowman took dinner with J. W. Miller Sunday.

G. C. Smith and family attended Sunday school and preaching service at the Day School House last Sunday.

Mrs. E. E. Brubaker is on the sick list this week.

J. W. Miller and C. C. Bowman called at Geo. Weir's Sunday afternoon and spent the evening at E. E. Brubaker's.

Chas. R. Green of Olathe, Kans., was in Hereford this week closing up a deal for a section of land near town. He is a member of the Kansas Historical Society, and has lived in Kansas 40 years. This was his first visit to Hereford and he remarked that he never expected to find such a great country.

## CASTRO COUNTY DIMMITT NEWS

News Items Taken From the Dimmitt Plainsman of February Tenth.

J. W. Houston from fifteen miles south of Dimmitt passed through town Thursday of last week on his way home from Hereford with seven wagonloads of lumber. He was accompanied by his neighbors who were helping him get his lumber on the site where he will build his new home.

F. H. Oberthier was in Dimmitt Monday on his return trip to Hereford from visiting his ranch ten miles southeast of this town. Mr. Oberthier says he will plant 60 acres of cotton on his ranch this season.

C. H. Clifton sold last Monday to Mr. Gray of Tulsa seventeen cows for \$50 each, six yearlings at \$37.50 each, and one six-months-old calf for \$25. How much did he get for the lot? And does raising cattle in Castro county pay? And if so, why? If not, why not?

Rev. Mr. Shore of the Hereford Christian Church preached last Sunday noon and evening at the Dimmitt church. At the evening service there was a large congregation and the minister choose "Manhood" for his subject. The sermon was a good one and profoundly impressed the congregation.

Mr. and Mrs. Harvey Cash went to Hereford Monday and returned home Wednesday. Mr. Cash transacted business in Ravina also while away.

Sheriff Barber reports January collections of taxes at \$16,000 and better than for the same month last year. The delinquent tax list will be smaller than for 1909 and 1910.

Gold Fish, Saturday, February 18. The gold fish have arrived. By purchasing a 25c bottle of White Pine & Tar cough syrup you will be given 2 gold fish and glass bowl free. We have fish food at 10 cents per package. Sale begins at 2 o'clock p. m., Saturday, February 18. It. CORNER DRUG STORE.

### Card of Thanks.

To the citizens of Hereford: Today I leave here and I find myself going over in mind the many kindnesses shown me. On Saturday evening, January 7, I came here a stranger, and on the following Monday took sick and, though I was a perfect stranger, every need has been abundantly supplied and those who are members of the various churches and many who were members of no church have showered favors on me. Especially do I thank Mr. and Mrs. J. L. Fuqua and Mr. and Mrs. J. E. Garrison who have kept me in their homes. It would take a fortune for me to return all the kindnesses shown me, and I can do nothing but thank you all with a heart full of gratitude. Truly can I give to you the passage from Matthew 25, 34-35: "I was an hungered and ye gave me meat; I was thirsty and ye gave me drink; I was a stranger and ye took me in; I was sick and ye visited me." May He who said those words do such for you and much more. Gratefully yours, Miss Ollie Cochran. Pickton, Texas.

"Charge it" is a bad habit, get out of it. Homer Wilkinson. 52-14

## WATER PROBLEM AT HEREFORD

Entire Country Underlaid With Inexhaustible Supply—To Be Used for Irrigation.

From Star Telegram.

It has been said of the Plains country that the Great Ruler of the Universe made it first for His own workshop from which He designed and made the rest of the world; that the proof of the assertion is borne out on the fact of its thousands of acres of rich rolling prairie lands, etc. If the statement be true (and the indications point very strongly that it is) the Hereford country must have been His table, for underneath it flows the elixir of life—water.

The development of the water proposition for irrigation purposes in the Hereford country has just been begun. Residents of many years knew that water for household and stock purposes was here in abundance at a shallow depth—they knew the water was excellent for drinking, and were satisfied in their own minds that its supply was inexhaustible, but beyond that they cared not or heeded not. In those days farming was looked upon as a very slow process of making a living, and stock-raising and selling land were the two diversions, but later days have brought about great changes in the country—the land having grown rapidly in value has moved out the large cattle barons transforming the country into what must now be termed an "agricultural stock farming country." With this transformation came about conditions that brought to the agriculturists pleasant memories of the Eastern and Northern home in years that had gone by. But those times are commencing to rapidly fade into the pale significance—a new area of development has the land—the Plains water problem has been solved in the Hereford valley—that which the Great Ruler of the Universe put here for a purpose is being taken from its lair underneath the earth and lifted to its surface and thrown into ditches to bear the precious moisture to the fields and the meadows, which mean the advance of from 100 to 500 per cent on land values in the course of a short time.

The Hereford country is rapidly passing the stage of experiment and pioneering into one of achievement.

Last week a delegation of Albuquerque citizens visited the great Members valley that is rapidly developing into an irrigation country by pumping process just as is being commenced in the Hereford country and in speaking of the great advantages to be found in an irrigation district the Albuquerque Journal has this to say, editorially:

"With his own well and motor, the farmer here will be thoroughly independent; he will have to wait neither on the clouds nor the capri-

cious pleasure of the unreliable Rio Bravo. He will not have to wait until his neighbor gets through watering his land before he can irrigate; when he needs water he can press the button and the wizardry of the electricity will make his alfalfa blossom as a rose; to mix up our metaphorical blossoms a trifle. He will have, so to speak, Jupiter Pluvius roped, tied, branded and hitched to a stake."

"I had been troubled with constipation for two years and tried all of the best physicians in Bristol, Tenn., and they could do nothing for me," writes Thos. E. Williams, Middleboro, Ky. "Two packages of Chamberlain's Stomach and Liver Tablets cured me." For sale by all dealers.

### John C. Coffey Dead.

Mr. John C. Coffey died at his residence here last Saturday at 1:45 p. m. after having been a patient sufferer for more than a year. His death was not unexpected and when the end came he was surrounded by his immediate family. For about eight years last past Mr. Coffey had been one of the leading men of affairs of Erick. He was born April 30, 1854, in Murray county, Tennessee, moved to Navarro Co., Texas, with his parents when he was about 19 years old, where he lived for a number of years, later moving to Hereford, Texas, and from there to Erick. He was married in 1879 to Miss Sallie Mount at Dawson, Texas, and his life with her in the sacred relationship of husband and wife, has been conspicuous because of their tender devotion to each other. During the closing hours of his life he frequently took occasion to comment upon the loyal devotion his wife had bestowed upon him. Mr. Coffey joined the Presbyterian church in early life and for the past several years had been an elder in that church. Before death came to him he assured those about him that he was prepared to meet his God, and his daily walk before men indicated as much. Funeral services were held at the Presbyterian church last Sunday afternoon conducted by his pastor, Rev. P. B. Henderlite. Most impressively, the Masonic, Oddfellow and Modern Woodmen fraternities of which orders Mr. Coffey was a member, participated in administering the last sad rites at his funeral. Every seat and all available standing room in the house and on the gallery of the church was occupied by the friends of Mr. Coffey who attended his funeral. Interment was made at Erick cemetery.

He is survived by his widow, four daughters, two sons, and two grandchildren, as follows: Mrs. Sallie Coffey, Mrs. Maggie Smith, wife of Chas. E. Smith, ex-treasurer of Deaf Smith county, Texas, Mrs. Roy Hutto, Miss Mamie Coffey, Messrs T. J. and L. F. Coffey, of Erick, Miss Gracie Smith and Miss Nannie Coffey, daughters of Mr. and Mrs. Chas. E. Smith and Mr. and Mrs. L. F. Coffey respectively. Besides these, five sisters, one brother and numerous others less nearly akin survive him.

John C. Coffey was a superlatively positive man, either ardently favorable to conditions and individuals or sternly antagonistic to them, but those with whom he agreed alike and with those with whom he disagreed had the most profound esteem for him as a man who courageously expressed himself in condemnation of what he opposed or in defense of what he favored and his demise will, because of this, be sincerely mourned as a personal bereavement by a greater number than would have been the case had he been a man less positive in his character.

No man in this vicinity was more widely known than he and sympathy and condolence for his loved ones is universal.—Erick (Okla.) Altruist.

## HOW RAILROAD TIME IS DETERMINED

The international "date line" from which the world starts each day is located in mid-Pacific ocean, beginning with the 180 meridian west from Greenwich in Bering Strait; thence southwest to Near Island in the Aleutian group; thence due south to a point near Wake Island and at about 15 degrees north latitude; thence due east to the 150 meridian west longitude; thence south to a point near the Society Island and about 15 degrees south latitude; thence east about 5 degrees; thence south and southwest back to the 180 meridian. When an ocean steamer going west strikes this line, one day is jumped; that is, if it was Sunday morning 6 o'clock, the calendar would be marked up to Monday morning 6 o'clock, and there would be no Sunday. But on their return trip, if the steamer passed the line at Monday morning 6 o'clock, time would be turned back, and the passengers would enjoy two Sundays.

For the convenience of railroads, a standard time was established in the United States by mutual agreement in 1882. It is often called "railroad time". The United States, extending from 65 to 125 degrees west longitude, was divided into four sections of about 15 degrees each, which is exactly equivalent to one hour of time. The first section, known as the Eastern Time division, includes all territory between the Atlantic coast and an irregular line drawn from Detroit, Mich. to Charleston, S. C. The second section, known as the Central Time division, includes all territory between the last named line and an irregular line drawn from Bismark, N. D. to the mouth of the Rio Grande. The third section, (Mountain Time) begins with the last named line and extends to an irregular line drawn with the western lines of Idaho, Utah and Arizona. The fourth section (Pacific Time) extends beyond to the Pacific Ocean. Time in each of these divisions is the same but they differ from each other by exactly one hour.

In actual practice, however, the railroads have established their own points of division. For example, all of the Panhandle and Southwest Texas are in Mountain Time division, but roads do not actually change time until Clovis, Roswell and Pecos are reached. At each one of these places, they keep two times, two clocks, one for Central Time, the other for Mountain Time, and the difference the time shown on the face of the clocks is exactly one hour. At El Paso, the people keep three times: called Central, Mountain and Alfalfa, according to the division, the Alfalfa Time being sun time.

Accordingly, Hereford should have the same time as the Alfalfa or sun time of El Paso, being in the Mountain division. But the railroads will not change. St. Louis ticks but one minute of being the

true time; that is, the Central or railroad at that place is 1 minute faster than sun time. Hereford tries to enjoy the same time as St. Louis; hence the railroad or Central Time at Hereford is about 49 minutes faster than sun time or the true time. This makes the noonday meal come 49 minutes before the middle of the day. That is to say, when our watches point to the 12th hour or high noon, St. Louis time, which is Central Time, our true time is 50 minutes earlier or 11:10 a. m. From the other point of view if our noonday meal should begin at 1:50 we would begin in the middle of the day.

The Brand favors a general change at Hereford in the time of our noonday meal, placing the hour at 1 o'clock instead of 12 o'clock; or if thought better at 12:45 as this would lack but 5 minutes of being the true time. Then the Sunday schools and day schools would have a longer morning and the pupils and teachers and parents would not be rushed to meet the hour of opening.

### EXTEND YOUR REPUTATION.

The Hereford Brand has coined a new phrase for paying your subscription. They call it "extending your reputation." Now if any of our subscribers want to extend their reputation they will find us at the Standard office ready to extend the glad hand and accommodate them.

The Brand does not claim to have coined the phrase but gives the full credit to one of its subscribers, but it's a good thing to have around a print shop and while the subscriber is "extending his reputation," it at the same time enables the paper to add years of influence to its life.

"It pays to advertise, especially in the paper that gets the quick results." Therefore it pays to advertise in The Brand. As an example of quickness, Clarence Wheeler brought in a want ad for some lost article and so quick was the result that the article was found and returned to him 10 hours before the paper came off the press.

The Dimmitt Plainsman made its reappearance on our exchange table this week. Mr. J. N. Thornton, who our people will remember has been working up the Special Irrigation Edition of the Brand is the new editor. Mr. Thornton is a newspaper man of wide experience and has held responsible positions on some of the big dailies in varied fields. His initial number of the Plainsman shows that he will give Castro county a well edited, newsy paper. The county needs the paper and its up to them to stand by Mr. Thornton and the Plainsman.

### After The Grippe

"I am much pleased, to be able to write and thank you for what Cardui has done for me," writes Mrs. Sarah J. Gilliland, of Siler City, N. C.  
 "Last February, I had the Grippe, which left me in bad shape. Before that, I had been bothered with female trouble, for ten years, and nothing seemed to cure it.  
 "At last, I began to take Cardui. I have taken only three bottles, but it has done me more good than all the doctors or than any other medicine I ever took."

# Take CARDUI

## The Woman's Tonic

For the after-effects of any serious illness, like the Grip, Cardui is the best tonic you can use. It builds strength, steadies the nerves, improves the appetite, regulates irregularities and helps bring back the natural glow of health.

Cardui is your best friend, if you only knew it. Think of the thousands of ladies whom Cardui has helped! What could possibly prevent it from helping you? Remember you cannot get the benefit of the Cardui ingredients in any other medicine, for they are not for sale in any drug store except in the Cardui bottle. Try Cardui.

Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent free.

### HONORING GUESTS.

Mrs. Chris Garrison was with Mrs. W. H. Garrison in an exceedingly pleasant party Tuesday evening of last week, honoring their guests, Mr. and Mrs. G. P. Garrison of Blue Fields, Central America. The many friends of the Messrs and Mesdames Garrison were glad of this opportunity to form the acquaintance of this brother and his wife.

After an hour of pleasant conversation score cards were passed and the game of "42" became the all absorbing pastime. A delicious salad course was served, after which the guests were delighted by readings given by Miss Carter and piano selections by Mrs. Parker.

The Garrison home was quite pretty and homelike on this occasion, pot plants having been used to good effect.

### AT THE LIPSCOMB HOME.

A pleasant courtesy was extended by Mr. and Mrs. A. J. Lipscomb, to Mr. and Mrs. G. P. Garrison on Thursday evening, Feb. 9th, when they entertained a number of guests with a "forty-two" party. Dainty hand-painted score cards, in a floral design were used to mark the progressions. At a late hour the guests were invited into the dining-room where appetizing refreshments were served. A reading by Mrs. Kelley was greatly enjoyed. Those present are indebted to Mr. and Mrs. Lipscomb for a very enjoyable evening.

### A DINNER PARTY.

One of the most delightful dinner parties of the season was given on Friday evening, Feb. 10th by Mr. and Mrs. G. A. F. Parker, complimentary to Mr. and Mrs. G. P. Garrison.

In beautiful contrast to the snow-wrapped earth on that wintery evening, was the light, warmth and gra-

gious welcome of the Parker home. The spacious dining-room was especially pretty in a color scheme of pink and white. A cut-glass vase of pink carnations with ferns, marked the center of the elegantly appointed table. The place cards, tied with pink ribbon had on them rhymes appropriate to each guest. Between the courses toasts were given, Mr. Parker in his happy manner acting as toastmaster. The responses were as follows: Mr. Lipscomb, "Pioneer Days"; Mr. G. P. Garrison, "Life in Central America"; Mr. Chris Garrison, "Girls I Have Known"; and Mr. Parker, on "Our Guests." Pleasant conversation and the association of congenial friends, together with the palatable repast, made that evening with Mr. and Mrs. Parker one to be remembered. Carnations were given as favors to Mr. and Mrs. G. P. Garrison, Mr. and Mrs. Chris Garrison, and Mr. and Mrs. A. J. Lipscomb.

### VALENTINE PARTY.

Quite a pleasant occasion was the Valentine party given by Mr. and Mrs. J. F. Barker to a limited number of their friends on Tuesday evening. The receiving rooms were bright and pretty in special decoration, red prevailing in the reception hall, while white and pink were used in the dining room. Pink carnations gave the much admired floral touch. The score cards were red hearts. A number of games of "42" were played and many progression made. The guests were invited to the dining room where pink ice cream and cake were daintily served. Many were the expressions of appreciation to Mr. and Mrs. Barker for a pleasant evening.

### FOR SUNDAY SCHOOL CLASS.

On last Saturday afternoon the hospitable country home of Mrs. E. E. Ramsey was the scene of much fun and jollity. The occasion was a cleverly planned Valentine party for her Sunday school class of girls. An auto and several buggies took them out. Potato and pecan races,

a contest, and a mail box furnished amusement until they were invited into the dining-room where served. Little baskets of home-made candy were given each guest. The dining table was prettily decorated in red and white, a profusion of red hearts being laid carelessly over the white linen cloth. When the rays of the sun were long and slanting the girls took leave, telling Mrs. Ramsey to just let them know when they might visit her again.

After a ten days delightful visit in Hereford, Mr. and Mrs. G. P. Garrison left on Saturday for Cleburne, Texas, to visit with other relatives and friends before returning to their home in Central America.

## THROW OUT THE LINE

Give the Kidneys Help and Many Hereford People Will be Happier.

"Throw Out the Life Line"

The kidneys need help. They're overworked—can't get the poison filtered out of the blood. They're getting worse every minute.

Will you help them?

Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair.

Miss Lula Edwards, Catalpa St., Hereford, Texas, says: "I have enjoyed good health since I used Doan's Kidney Pills and my only regret is that I did not learn of this remedy sooner. For a long time I doctored and tried various kinds of medicine, but I did not get relief from kidney trouble. Finally I procured a supply of Doan's Kidney Pills from Woodburn & Son's drug store and before I had finished the contents of one box, I was free from the pain in my side and felt better in every way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
