DONLEY COUNTY LAND \$38

New Record Established in Price of Land in This County—G. S. Hardy to J. F. Jones.

A new record was established in farming land prices this week when Rev. G. S. Hardy sold to J. F. Jones, of Hardeman county, ninety-two acres of land one mile south of town for \$3500. This figure is a fraction better than \$38 per acre, or \$7 per acre more than the best sale heretofore recorded. The land had a small two-room house, well and windmill and was fenced, with about 40 acres in cultivation; further than this there were no improvements.

Mr. Hardy also sold 20 acres to his brother, Joe Hardy, and 45 acres to S. F. Colville, raw, unimproved land, situated further out, at \$25 per acre. He bought from the last named gentleman 320 acres eight miles southeast of town at a figure which we did not learn.

Prospectors are sometimes heard to say when quoted Donley county land at \$10 to \$20 per acre that "you people are holding your land too high." These same fellows will monkey around, looking for "cheap" land, and see prices continually advancing, and their chances for making money growing beautifully less with almost lightning rapidity. Donley county land is not too high. The fact is being proven every day, and in a very few years there is going to be the sorest lot of "wiseacres" in this county ever seen in any new country.

At The Baptist Church.

Sunday at 11 o'clock, the pastor will discuss the subject, "The Unity of Denominations". This is the beginning of a series of 11 o'clock sermons on "The Church of Jesus Christ." If you are a student, searching for truth, "Searching the Scriptures because they are they which testify of the Christ," these sermons will do you good. But if you are highly prejudiced, they will not.

You are cordially invited to hear them, and you will be treated as a friend and a brother.

WILSON C. ROGERS, Pastor.

Rowe Ramblings.

ROWE, Texas, Jan. 26

EDITOR BANNER-STOCKMAN:

Your scribe had the pleasure of attending Donley county institute last Friday and Saturday, and it made him feel proud that his lot had been cast among the teachers of the Panhandle. The most notable event of the institute was an exposition of the productions of Herbert Spencer by Dr. Burkhead. All were enraptured by his burning words of wit and epigrammatic expressions. The whole affair was interesting, and we hope much good was done. The attendance was good considering the number of teachers in the county.

The public school at Rowe has enrolled 100 pupils with a regular attendance of over eighty. If the school continues to

increase, as it has in the past. Rowe will soon need three teachers. Rowe is making some substantial improvements here lately. Mr. Nat Smith is building an eight room residence which is nearing completion; said building will be occupied by Mr. Winters, the aid-de-camp of Jim Hundley, in directing management of the "Rowe Land Co."

Mr. Preskitt has sold his farm near here and is building a residence in Rowe where he will locate to enjoy our school facilities.

The hotel man at Rowe is over run with business. In fact every line of business has been better since Jan. 1st.

J. L. Johnson, of Ft. Worth, with the Cicero Smith Lumber Co., was in town Tuesday on business.

F. S. Winters, of Quail, was in Rowe one day this week after lumber.

W. R. Miller, of Windy Valley, has just completed a nice residence.

Mr. Dial, of Memphis, a grain buyer, was in Rowe on business this week.

J. G. McDougal is building a nice residence, one mile east of town.

Joe Devine is building a new residence three miles east of town.

The blacksmith shop has changed hands, a Mr. Duncan being the new man.

Jim Hundley had the misfortune to get his hand broken by a mule kicking him. Jim, don't fool with a mule.

SUGGS.

P. C. Johnson, of Giles, was here Wednesday. He reports stock interests in his section in very good shape considering the condition of the range, which is bad. Grass was badly rotted by the unfavorable season in the early part of the winter, and the grazing is consequently poor.

Clarendon College

Miss Betts dismissed her room at noon last Friday in order to attend the Co. Institute as she was on program immediately after noon. The other members of the College faculty went down at 3 o'clock in time to take their places on the program.

Miss Eva Trammell came in from Lelia for the Institute and visited at the College.

Robert Edmondson of Claude, was quite unwell part of last week, and went up town for a few days, but has returned and is at work.

Mr. and Mrs. E. E. Baldwin visited the College one day last week. As Mr. Baldwin was having his vacation, his wife wanted him to see the school at which his daughters were being educated. We were glad to have them.

Allen Potter of Quitaqua is a new student. He is a cousin of Manning Sutton.

Mr. Kimball of Whiteflat, made a brief visit to his daughter, Miss Mary at the College this week.

Quite a number of the boys and girls from the College attended the Co. Institute Friday and Saturday. As the College always turns out a good many teachers, they are naturally interested in the work. Four teachers in attendance were ex-students of the College.

Messrs. Palmer, Anderson, and Hugh Black, were on the sick list this past week, but all are at work again.

Miss Forest Gray is enjoying a visit from her father from Victory, Okla. His visit was a pleasant surprise to Miss Forest.

The Panhandle Society elected the following officers last Friday:—

Pres. D. A. Neeley; Vice President, W. P. McMicken; Secretary, Hugh Black; Treasurer, Henry Pipkin; Critic, R. H. Cocke; Sergeant at Arms, G. L. Gilbert; Chaplain, D. B. Doak.

Bro. Dodson held chapel for us last Monday morning after which he made one of his earnest thoughtful talks to the student body.

Since it is only a month till the Anniversary Debate, the interest is waxing warm in both Societies and the Debaters are doing some hard work getting ready.

When our reporter dropped in at Williams Bros.' grocery store the other morning he found Mr. A. J. Williams (known locally as "Snodgrass") wearing a smile of that peculiar brand that won't wear off, and on being interrogated as to the meaning of his most transparent joyousness we were informed that it was a girl, weight ten pounds, and age not yet so great that she objected to its being told. The young lady arrived at an early hour Sunday morning, and has already enthroned herself as Queen of Hearts in the Williams household. The Banner-Stockman extends congratulations, and trusts that Miss Norma Blanche Williams may grow up to be ten thousand times better looking than her father, and fully as handsome and accomplished as her mother.

Note the page ad of E. Dubbs & Sons in this issue. They are putting on a big special sale to last ten days, and are quoting some attractive discounts. There is not a firm in Clarendon who appreciate the value of advertising better than this one, and they are frank in stating that they make their advertising pay them handsomely. Read their ad, and be sure to call on them during their big sale.

Valentine's Day.

The Ladies of the Cemetery Association announce that they will give a public entertainment on the evening of St. Valentine's, Day Feb. 14, at the residence of Dr. and Mrs. Wm. H. Cooke. A splendid musical program will be a feature, and refreshments will be served. The price of admission will be 25 cents, and the general public is cordially invited to attend.

Ernest Wright this week sold his residence in town to Henry Wheeler for \$750. Mr. Wheeler has sold his 100-acre farm three miles southwest of the city to Sheriff J. T. Patman and will move to town about the first of February. The farm has some improvements and the consideration was \$1800.

J. C. Asher and family have arrived from Jones county and are living in their new home, the F. N. Page place. Mr. Smith, a son-in-law of Mr. Asher, is also here.

BURNING CORN FOR FUEL

People on the South Plains Cannot Get Coal for Love or Money. Big Prairie Fire.

G. W. Baker returned Wednesday from Lubbock, the little city on the South Plains which is distinguished principally by the fact that it is the furthest situated from a railroad of any county seat town in the United States. Mr. Baker spent about ten days on the trip, and acknowledges to have been prospecting but says he didn't buy anything. It seems that every section of land in Lubbock county is soon to have a railroad across it, and he objects to buying land which is so sure to be cut up that way.

Mr. Baker says he found the people of that county burning Indian corn for fuel. Coal is quoted at \$21 per ton, but cannot be had even at that price. Lubbock is 125 miles from a railroad, and bad weather has so badly damaged the roads that freighting is very expensive, and only attempted in cases of extreme necessity. Corn is selling at 40 cents per bushel and is proving a good substitute for coal.

That country was visited by a most disastrous prairie fire the first of the week. Some 250 sections were burned off and great damage done, not only to grass, but to crops and feed stacks as well. The fire was started by a small boy who was grubbing mesquite roots for fuel, and who undertook to burn the tangled grass from around a stump that he might the more easily dig it out.

Bargain Furniture.

On next Monday, the 29th, we will sell all our furniture, stoves, cooking utensils, etc. Furniture practically new, quarter-sawn, hand polished oak. Will give liberal discount. All are invited to come and look; call at residence Monday; old Prather place on Railroad street.

MRS. C. M. WITT.

Capt. E. E. McGee was here Tuesday interviewing carpenters in regard to building a home at Rowe. He has bought lots there from Uncle Nat Smith and informs us he will build a home to cost about \$2000. We are very glad to know the captain will remain a citizen of Donley county.

Arthur Scoggins has bought the Mrs. Ida Goodson farm of 106 acres just north of town, consideration \$2000. Mrs. Goodson will probably move to town and build.

J. S. Timmons, of Blair, O. T., is here this week prospecting. He paid this office an appreciated visit and expressed himself as being delighted with Donley county.

Conflicting Opinions

A farmer owns 640 acres of land worth \$20 per acre. The public demands a first-class road around same, and by consequence require a strip 30 feet wide around said section, being about 15 acres, worth \$300. The said farmer demands full pay, notwithstanding he is only to convey an easement. He also insists on two miles of new fence, costing about \$140; also pay for removing same number of miles of old fence at a cost of, say, about \$60, making a sum total of \$500 damages.

Suppose the county agrees to pay same, and does so, and pay-out besides a large sum to put said road in good condition. This done, the nester is happy; happy because from his standpoint nothing but exact justice has been done him. Who could ask more? Who would ask less? His conscience is at ease and he feels kindly toward every one.

But how about the non land-paying tax payer? How does he view said transaction? Were his opinion given in writing, I imagine that it would bristle with interrogation points, such as the following: How much has the farmer's land been enhanced in value by the transaction? At least \$1 per acre, has it not? If so, then how much has the farmer made? \$950; has he not? If he were now ready to sell, would he not get more than double payment on said strip? How can this transaction be differentiated from a straight gift? How about exact and equal justice to all and special privileges to none? You can fool some of the people all the time, and all the people some of the time; but you can't fool all the people all the time, hey?—Wichita Times.

A Grim Tragedy

is daily enacted, in thousands of homes, as death claims, in each one, another victim of 'Consumption' or 'Pneumonia'. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up." Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds which cured her, and today she is well and strong. It kills the germs of all diseases. One dose relieves. Opera House for Memphis.

Arrangements are nearly perfected by Sam Harle and C. M. Montgomery to erect another fine brick block in Memphis on their lots on the north side of the square. The plans are now to put in a double building two stories high, the second story to be sufficiently high to be utilized as an auditorium for opera house. The contractors are now at work figuring on the plans and it is believed that active work will begin on the new structure in a side of six weeks. The lots are some of the best business property in town and will bring the owners a fine rental when completed. Such enterprise is what makes Memphis move to the front and is what will gradually put her in the first rank of the Panhandle towns. Let them build two-story bricks, they are good things in town.—Hall County Herald.

Spotted Her Beauty.

Harriet Howard, of W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum or eczema for years, but nothing would cure it until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at Dr. Stocking's drug store.

SANTA IN SALT LAKE.

To a thrifty Mormon household came the patron saint of Yale; He was puffing like an engine, he was laden like a mule. For he knew a row of stockings such as nowhere else is seen Would be yawning there before him in the home of Elder Green. So he shoved his pack ahead of him and started down the flue, While he muttered, "This is something that I hate like smoke to do." Then he followed with reluctance through the sooty, smudgy air. Quickly landing where the hosiery was hung in many a pair. There were papa's socks and twenty pairs of lengths, wifely hose; There were socks for Eddie, Willie, Eliphalet and Mose. There were stockings of Matilda's, Esmeralda's and Susanne's, There were Charley's and Molly's, Cora B. He's and little Daa's, Amaryllis, George, Alphonso, Peter, Joseph, Maud, Eugene, Arthur, Lizzie, James, Amelia, Mary, Frances and Irene, Briggie, Reed, Lucile, Clorinda, Arethusa, John, Estelle, Mattie, Lucifer, Elfrida—from his lips their titles fell. But about the shelf there dangled other hose whose owner's names He could not recall to save him as he watched the dying flames. Seven pairs, all baby sizes, each in age not quite a year—"Geel!" cried Nick. "Been something doing since the last time I was here. Glad I brought a stock of rattles and a lot of teething rings—Utah always gives a market for such kindergarten things From 'race suicide' she ever has discreetly held aloof, And there's not a home in Zion free from stork-tracks on the roof." STRICKLAND W. GILJAN, in Judge.

Stomach Troubles and Constipation.

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Cullman, a druggist of Pottsville, Mich. They are easy to take and always give satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint. For sale at Dr. J. D. Stocking's Drug Store.

One of our exchanges calls attention to the fact that a young lady advertised some time ago for a husband. Replies were numerous and she got an A1, 18 carat fellow at a nominal price—or to be more exact, twenty-five cents. That is extremely cheap for a good, able bodied husband even at a time when the market is overrun. Within two weeks after marriage the young lady was left a widow. Her husband was hit by a trolley and killed, leaving a \$10,000 life insurance policy. And still some people say it does not pay to advertise. There is nothing sure in this world but death and taxes, but it is almost a cinch that if a fellow does his advertising in the right manner his success is sure.

Think About This.

A business man desires to secure a new customer. He does not stop with one trial but goes after him again and again and finally succeeds. The same business man will put a little 2x4 ad in a newspaper and because his store is not crowded with customers the next day, he declares the whole thing a failure. Why not be fair? Advertising will bring results if applied with the same persistency as in selling goods, but spasmodic advertising will never be satisfactory. It's the continued hammering away that finally drives the argument home. It has been demonstrated in many places, time after time and is being demonstrated in the world every day.—Seneca (Ohio) Tribune.

PAY POPULARITY'S PRICE.

Wichita Times: The campaign for county offices is scheduled to open about Feb. 1. The Times has reached this conclusion from the fact that several of the candidates have authorized us to start them out at about that time. Our "starting" fees are the same as they were two years ago—\$10 for county, \$5 for precinct and city offices.

That doesn't look like a high price, and yet there comes to the ears of State Press in distinct rumblings as if some body were making noises indicating dissatisfaction. In fact, if the truth must be told, as it should almost always be told, the candidates in many sections of the State are complaining loudly of the newspaper charges. They say that while such terms as are set forth above are not excessive in themselves, yet when a candidate has to pay them to all the newspapers he can not do it, unless he is rich. In substantiation of their claim that they are hard pressed, they call attention to the great number of papers published in nearly every county in the State. Not long ago one of the candidates explained to State Press that in Dallas County there were enough publications to swamp any candidate who might offer for office unless he had money enough not to want an office. The complaint may have good foundation, but the matter of running for office is purely voluntary. The office is not seeking the man these days, and is not forcing itself on any one. In fact, the office is not placing any one in a position where he has to pay out money to newspapers. The newspaper is a property, as much as a horse in a livery stable. The candidate uses the paper wholly for his benefit in the way of trying to secure something that will pay him a nice salary. The candidate would not go to the livery stable and ask the owner to give him the use of his property free. He would not explain to him that the number of stables ought to appeal to the owner to the extent of making him turn his horses and vehicles over to him. Yet, he complains because he is charged a reasonable price for the use of newspaper columns, though he is sure to get more benefit from that source than from any other. The candidate who does not think he ought to pay his expenses in running for office ought not to run. His act, as has been stated, is voluntary. If he does not think the papers benefit him he ought not to patronize them. If he thinks they will benefit him he ought to patronize them. It is up to him all along the line.

Resolutions of Respect.

Whereas, Our Heavenly Father in His wise and mysterious providence, has seen fit to remove our much loved sister, Nettie Burton from her family, her duties and associations in this world to those Mansions which He has prepared for His faithful ones in Heaven,

Therefore, be it resolved that she by her sweet Christian character and faithfulness to duty has impressed on those who knew and loved her the beauty of true Christianity and while our hearts are saddened by her going away—for we shall miss her so much—we bow in humble submission to the Divine will who doeth all things well.

Resolved, secondly, that the Clarendon Methodist Church and W.H.M.S. of the M. E. Church South have lost one of their most devoted and faithful members, and while as a society we deeply mourn her loss and feel that by her death we are made poorer, still we are thankful that her deep piety and Godly example have left an influence that will never die, though she is dead her works will follow her.

Resolved, thirdly, that as a society, we cherish her memory and strive to emulate her example and thank God that all God's children can hope to meet again where separation will never come.

Resolved, fourthly, that to the husband and children we tender our sincerest sympathy, love, and prayers, commending them to the Father who gave and hath also taken away and who will give grace for every sorrow and prove an ever present help in every trouble.

Be it resolved further, that a copy of these resolutions be given to our local papers and sent to the Texas Christian Advocate for publication, and that a copy be also sent to the bereaved family.

Respectfully submitted,

Won't be Comforted.

We heard a good joke the other day on a certain newspaper man who lives about sixteen miles east of Bonham, who was an innocent party to the affair, consequently there can't be any harm in giving it to our readers. The said newspaper man was sitting in his office, alone, smoking, when he had occasion to use his telephone. He arose, laid the cigar he was smoking in a chair and took down the receiver. Just as he lifted the receiver a friend stepped into the office and started to sit down in the chair. Not realizing the operator could hear what he was saying,

and just as she was about to say, "Number, please," in her sweetest tones, the editor yelled: "Look out there! You'll burn your pants!" (?) Communication between him and central was at once cut off, and about half an hour later the manager called and demanded an explanation. His explanation was satisfactory to the manager, but central refused to be comforted.—Bonham Favorite.

The Public School.

The intellectual mill still grinds on! Everything is moving on with the utmost regularity.

Just as fast as time rolls us on we are turning out the finished product.

Nothing of discord or the ominous growlings of discontent mars our harmony.

Nothing but the musical hum of industry and tramp of playful feet at recess, with occasional childish laughter vary the calmness of our school life.

Our attendance is number one, and the interest of our teachers and pupils was never better.

Most of larger students especially, seem to be grasping difficulties with the hand of fate and to be fully awake to the possibilities of life.

Addie Wyatt, is absent from school now, being almost sick.

Lee Huffman has been absent a few days this week on account of sickness in her home, but is with us again.

Miss Ollie Willis taught Monday and Tuesday in the place of Miss Lide who was sick.

It seems a little difficult for the public school to keep a supply of kindling on hand at present.

Will some one of our friends kindly inform us, as to a good way out of such a bad fix?

It has been so long since we did the corresponding act, we have almost forgotten how, and will very likely omit some important item simply on account of not knowing where we left off, and consequently of course not knowing where to commence.

Last week the school received over thirty volumes of biography.

These books will be important additions to our growing stock, and are especially adapted to the students on account of their simplicity.

As soon as the beautiful new seats for Prof. Willis' room came, they were placed in rows crosswise of his room, facing the east.

Two evident advantages are secured by this arrangement:

1. The teacher is placed during recitation nearer the student body.
2. The light comes from behind and over the left shoulder, not taxing weak eyes as under the former arrangement.

As most are aware, the teachers' institute held Friday and Saturday—last week was a decided success. With but a very few exceptions all the teachers of the county were present.

Sociability and hearty good will seemed to prevail throughout.

The institute was free from that air of stiffness, which sometimes prevails with extremely large associations.

Many subjects were discussed, and from various standpoints. We would like to mention the proceedings of the institute in detail, but have not room, and it was all so good, that we dare not discriminate against the remainder by mentioning a part. We were indeed pleased at the presence of several visitors as well as some students from both the public school and college. Judge Morgan showed his generosity and friendship in a variety of ways as usual, treating the institute with both a timely speech, and some fine luscious apples. Our next county institute will be held four days next time, commencing on February 21, and lasting till afternoon on the following Saturday.

Piano For Sale.

Sheriff Patman went to Claude as a witness in the case of State vs. Sam Chapman, charged with horse-theft. It will be remembered this is the man arrested by Mr. Patman here at the depot one morning a few months ago. The jury was hung when Jim left Claude Wednesday night.

The Clarendon Mill is now ready to grind feed and make meal for the public. All kinds of feed ground or crushed for cash or for toll. Bring your load to the gin on Friday or Saturday. 10-8t. JOHN H. CLARK.

STOCKMAN:

**Chamberlain's Cough Remedy the
 Best Made**

"In my opinion Chamberlain's Cough
 Remedy is the best made for colds," says
 Mrs. Coza Walker of Porterville, California.
 There is no doubt about its being
 the best. No other will cure a cold so
 quickly. No other is as sure a preventive
 of pneumonia. No other is so pleasant
 and safe to take. These are good reasons
 why it should be preferred to any other.
 The fact is that few people are satisfied
 with any other after having once used
 this remedy. For sale at Dr. Stocking's
 Drug Store.

Sickening Shivering Fits
 of auge and malaria, can be relieved
 and cured with Electric Bitters. This is
 a pure tonic medicine; of especial benefit
 in malaria, for it exerts a true curative
 influence on the disease, driving it en-
 tirely out of the system. It is much to
 be preferred to quinine, having none of
 this drug's bad after effects. E. S.
 Munday, of Henrietta, Tex., writes:
 "My brother was very low with malarial
 fever and jaundice, till he took Electric
 Bitters, which saved his life." At Dr.
 Stocking's drug store; price 50c, guaran-
 teed.

Sheriff J. T. Patman, of Clarendon,
 was a visitor to our city Tues-
 day. He was on his way to Clar-
 endon from a business and pleasure
 trip to the McLean country. He in-
 formed us that near Rowe Ranch
 on Monday he discovered a large
 wolf in the distance, and with mal-
 ice afore-thought, and a premedi-
 tated design, drew from his pocket
 his automatic revolver, and direct-
 ing same toward the person of Mr.
 Wolf, deliberately pulled the trigger
 and instantly razed the animal to
 the ground, a distance of 82 steps.
 The sheriff declares this was no
 accident either, and we are willing
 to give him the benefit of the doubt
 in the matter.—Jericho Enterprise.

**Chamberlain's Cough Remedy Absolu-
 tely Harmless.**

The fault of giving children medicine
 containing injurious substances, is some-
 times more disastrous than the disease
 from which they are suffering. Every
 mother should know that Chamberlain's
 Cough Remedy is perfectly safe for chil-
 dren to take. It contains nothing harm-
 ful and for coughs, colds and croup is un-
 surpassed. For sale at Dr. Stocking's
 Drug Store.

Solutions of Respect.

Whereas, our Heavenly Father is His
 alwise providence has seen fit to remove
 from our "circle," our much beloved
 sister, Nettie Burton, to a home in
 Heaven prepared for his faithful follow-
 ers; therefore be it resolved:

1st, that although this College Circle
 has sustained an almost irreparable
 loss, we bow in submission to the Divine
 will of our Heavenly Father, who "doeth
 all things well."

Resolved 2nd, that as a College Circle
 we cherish her memory as one of our
 most loyal and faithful members, and
 pray that we may be like her, ever ready
 to perform any duty that may be enjoined
 upon us.

Resolved 3rd, that to the bereaved
 family we tender our sincerest sympathy,
 love and prayer, and commend them to
 the Father, whom she loved and served,
 and pray that His grace may be sufficient
 in this their greatest loss, and would beg
 them to press forward, remembering that
 by living a Godly life, they can meet her
 again where parting will be no more.

Resolved 4th, that a copy of these
 resolutions be given our local papers,
 and that a copy be sent the bereaved
 family.

Respectfully submitted,

State of Texas, County of Donley, November Term, 1905. And now comes on for examination the list of property on which taxes are delinquent, and said list having been examined by the Court, it is ordered that the same be and is approved, and the tax collector is directed to have the same published for three consecutive proceedings under the law be at once entered upon for the enforcement of the collection of all state and county taxes, penalty and cost due upon said property.

The State of Texas, County of Donley, I. C. A. Burton, Clerk of the County Court of Donley County, Texas, do hereby certify that the foregoing is a true and correct copy of the original order of the commissioners' court of said county and state as the same appears of record in my office in book 3, page 71. Given under my hand and seal of said court at office in Clarendon, Texas, this 25th day of Nov., 1905. C. A. BURTON, Clerk.

State of Texas, County of Donley, I. J. T. Patman, tax collector of said county, do hereby certify that the within lands and town lots assessed on the tax rolls of said county for the year 1891 to 1904, inclusive, are delinquent for taxes as shown thereon. J. T. PATMAN, Tax Collector.
