WIN STATE FAIR PRIZES

Hale County Exhibit Takes Seventeen Blue Ribbons on Garden and Farm Products.

From Plainview News.

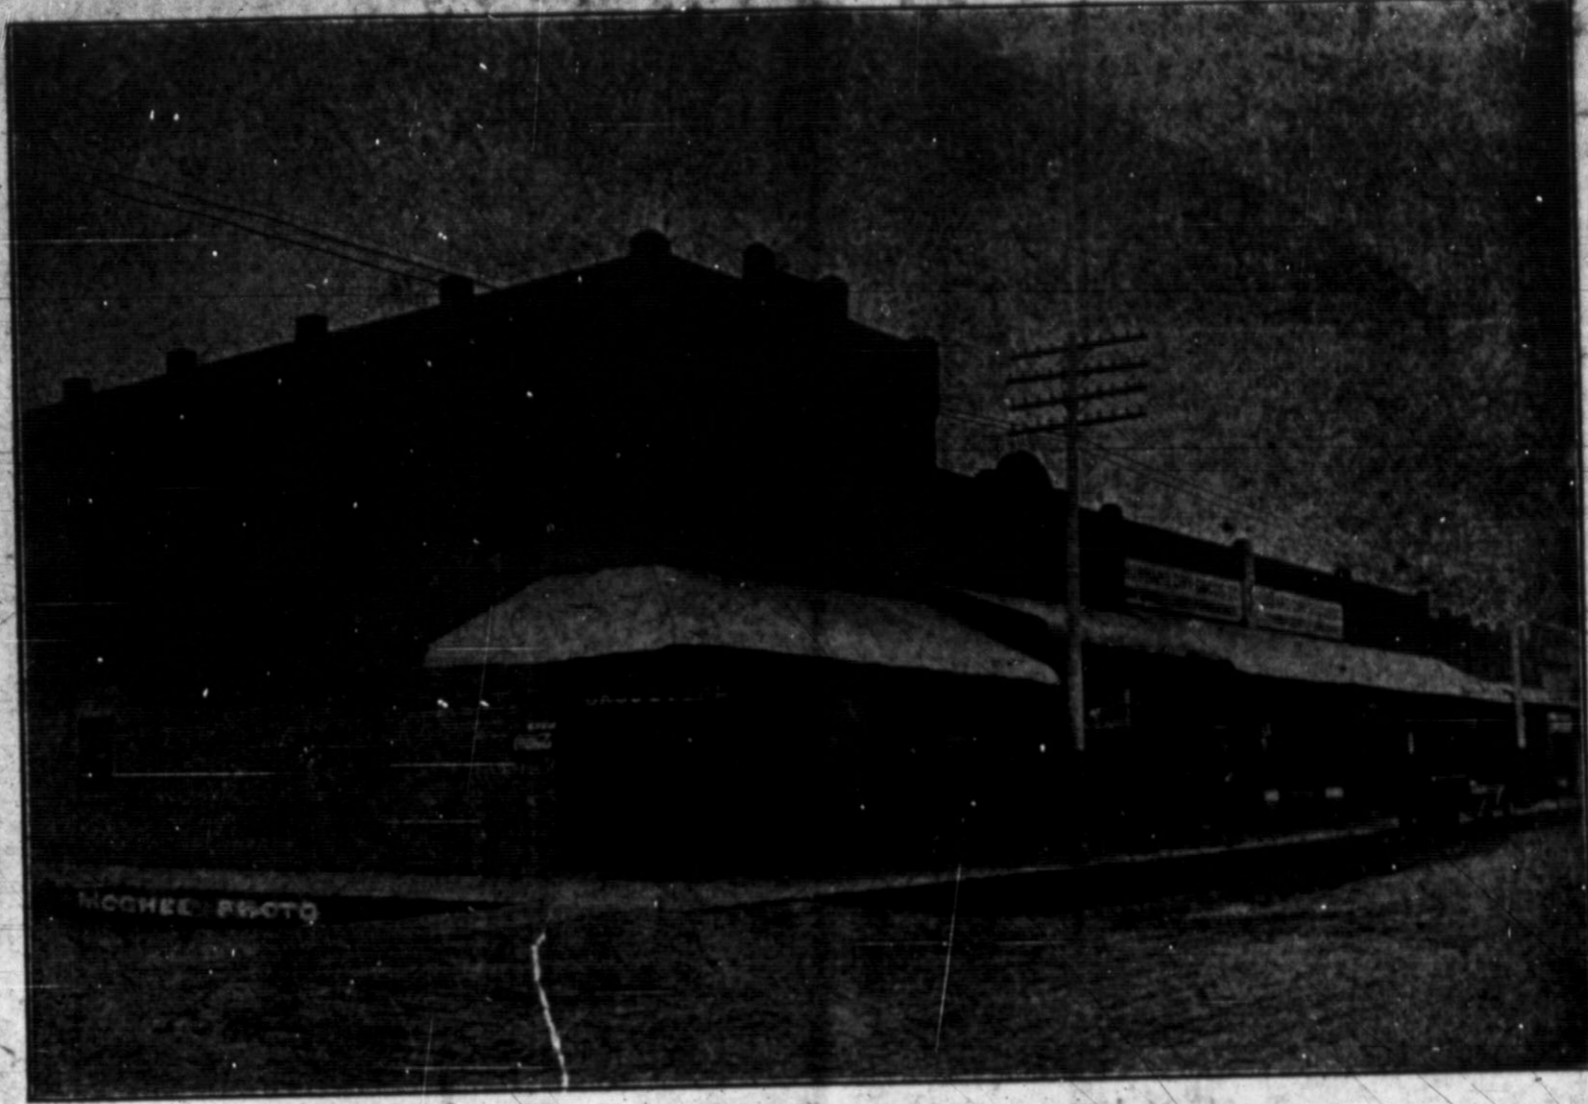

E. Dowden returned Tuesday from Dallas where he and Mr. Unger had charge of the Hale county exhibit at the Dallas fair. Mr. Unger will remain in charge until the fair closes, which will be Sunday.

Mr. Dowden is bubbling over at the showing made by Hale county and the blue and red ribbons taken—Hale county having been awarded seventeen blue ribbons and six red ribbons on farm products, which is more ribbons than was taken by any other county which had an exhibit at the fair. Hale county would have taken the first prize on cauliflower, but had only one head on exhibition, whereas the rules said there should be two, and also on best eight varieties of apples, whereas our county had only seven varieties on exhibition.

The following is a list of first and second premiums won by Hale county, and those who grew same:

- Best plate of apple, Missouri pip pin, Will Malone, \$1.
- Best plate of Ben Davis apples, E. Dowden, \$1.
- Second best plate of winesap apples, E. Dowden, \$1.
- Second best plate of apples, any variety, Will Malone, \$1.50.
- Best plate of quince, Joe Leach, \$1.
- Best six beets, Joe Wimberly, \$1.
- Best dozen carrots, Robt. W. Brahan, \$1.
- Best dozen parsnips, —\$1.
- Best dozen tomatoes, H. C. Von Struve, \$1.
- Second best cabbage, two heads, Mrs. Pat Walker, 50c.
- Best four bunches celery, P. C. Russell, \$1.
- Best and largest pumpkin (105 lb. 12 oz.), J. L. Boswell, \$2.
- Second best cantaloupes, E. W. Byers, \$1.
- Best winter cantaloupes, W. J. Espey, ribbon.
- Best peck of onions, C. S. Ebeling, \$2.
- Best peck of turnips, E. W. Byers, \$1.
- Best collection of vegetables in this class, \$10 premium.
- Best ten sugar beets, Charles Brown, \$2.
- Second best peck Mediterranean wheat, T. J. Tilson, \$1.
- Best peck speltz, T. J. Tilson, \$2.
- Best dozen stalks broom corn, Tom Davis, \$2.
- Best ten heads milo maize, \$10.
- Best bale alfalfa hay, Mrs. L. A. Knight, \$2.

This is a fine showing, especially when it is taken into consideration that the exhibit was gotten together in but a few days. Some of the counties had men employed since January getting up their exhibit, and at great expense, Cooke county having spent \$1,040 on her exhibit. Mr. Dowden says there was more interest taken in the Hale county exhibit than any other county exhibit at the fair, as people come and carefully inspect it, then go and get their friends and bring them to see it. The exhibit and the advertising mat-

MAIN STREET, LOOKING NORTH—Hereford, Texas

ter distributed, together with the heart-to-heart talks the managers made to the visitors will likely cause many people to come to Hale county.

S. B. Edwards, president of the State Bank, returned Monday from Missouri where he had been on important business.

IRRIGATION WELL AT FRIONA, TEXAS

Nearby Town to Have Well Installed by Syndicate to Test Water.

The Syndicate has closed a contract with the Stucky Bros. at Friona, to put down a well for irrigation purposes. This is located two and one-half miles east of Friona and about 200 feet of the Santa Fe track, so that its full advertising value can be used. The installation will consist of a modern compressed air system. Crude oil is to be used as only through the use of this cheap fuel that water for irrigation can be economically pumped from that depth. Water in the vicinity is found at 130 feet, but to use air, the well will be sunk to a depth of 450 feet. The engine will be of simple construction, there being no batteries, spark plugs, etc. Mr. Dobbins of the Syndicate, who has charge of experiment, freely admits that he is recommending this project of deep water pumping upon the strength of what has been accomplished by Mr. McDonald at Hereford. Mr. Dobbins figures on using the pump to supplement the rainfall at seasons when needed rather than depending entirely upon irrigation. The well is expected to furnish four or five

hundred gallons per minute.

This experiment will be very valuable to the Plains country as it will be the first attempt to pump water for irrigation where the depth exceeds 100 feet. The McDonald wells average 60 feet pumping depth, while the Syndicate well at Friona will be at least 140 feet. The results will be watched with interest.

More Weather.

Wednesday morning of this week, the wind changed to the northeast

and in a short time a fine snow and sleet began to fall. This continued intermittently all day and night and up to 6 o'clock yesterday, Thursday, when a total of about 4 inches of snow and sleet was on the ground. The thermometer stood at 17 degrees Thursday morning at 7 o'clock.

FIRST WEEK DISTRICT COURT

District Court Begins Session For First Time in County's Marble Palace—Several Cases Disposed Of.

District Court convened at Hereford Monday, Oct. 30th, for the fall term with the following officers in attendance: Judge D. B. Hill, Dalhart, District Judge; J. W. Sellars, Tascosa, District Attorney; R. W. Baird, Hereford, Sheriff; J. S. Jones, Hereford, District Clerk; and Floyd A. Cooper, Dalhart, Shorthand Reporter.

After a full panel of grand jurors was selected, Judge Hill gave them a charge to which the jurors, as well as those in the audience, listened with intense interest. He called attention to certain laws and what it took to make a violation. He pointed out some new laws passed by the last legislature, one of which is known as "Pandering," which deals with the so-called "White Slave Trade." He asked the co-operation of the juries and people of the county to assist the officers in the enforcement of all laws. He advised the grand jury to proceed with care and discretion.

The petit jury list was called and

Our Guarantee

We have a word to say to our subscribers and others. It's worth while, we think. If you will read the ads in The Brand from week to week we will guarantee that you save during the year many times more than the price of the subscription. Often you may be able to save the Dollar in one purchase. You can save from \$1.00 to \$10.00 this week, if you read the ads and make purchases accordingly.

After you read the ads and make the purchases, count up what you have saved. It pays to take The Brand and pays well to read the ads. If you are not a subscriber, often when buying a dress, a suit, an overcoat or a ton of coal, you may fail to learn when and where you can save a dollar—and a dollar saved is a dollar made.

WE GROW through expression—if you know things there is a strong desire to express them. It is Nature's way of deepening our impressions—this thing of recounting them. And happy indeed are you if you know a soul with whom you can converse year by year in ample measure. "The crops." W. Post,

LOOSENING RAIL CAUSES WRECK

Engineer Killed and Many Passengers Hurt on Denver Road—Work of Fiend.

Bowie, Tex., Oct. 30.—The north-bound Fort Worth & Denver passenger train, which passes here at 9:40 p. m., was wrecked ten miles north of here at 10 o'clock last night.

Some unknown parties drew the bolts from the fish plates, thereby loosening a rail which caused the engine, with tender, baggage car and four well-filled passenger coaches, to roll to the bottom of a twenty-foot embankment, leaving three coaches standing on the track, which were only prevented from going over by the working of the self-locking brakes.

The engineer, Gus Cunningham, who lived in Fort Worth, was instantly killed. He leaves a widow and daughter.

Fireman Yates sustained a compound fracture of the arm between the elbow and shoulder and numerous burns from the steam.

Between thirty and forty passengers were badly shaken and bruised as the coaches turned completely over.

Relief trains with surgeons rushed to the scene from Fort Worth and Wichita Falls. A great many of the injured were brought here and are in charge of the chief surgeon and his assistant, aided by the local surgeon, Dr. Yeakley. The engineer's body was shipped to Fort Worth.

The rear brakeman on running back to flag any approaching trains, saw two horsemen riding rapidly away from the scene in the direction of Bowie.

The bolts to the fish plates were found lying upon the ties.

Last week an attempt was made to wreck a train a short distance north of where this wreck occurred, but was fortunately discovered in time to frustrate the attempt. Every effort is being made to capture the guilty parties.

Engineer Cunningham was in a bad wreck at Rhome, Texas three years ago, in which he lost a leg. Although crippled, he was considered one of the best on the road.

Traffic was resumed today after being tied up fourteen hours.

Weather for the Week.

Forecast—Thursday 10:30 a. m.:

"Tonight and Friday unsettled. Snow flurries. Rising temperature." CLINE

Hereford has had a variety of weather during the past seven days. Beginning Thursday, Oct. 26, a total precipitation of 1.15 inches was recorded, consisting of some rain, sleet and snow, the sleet falling on the night of the 29th. Cloudy weather has prevailed, but Monday and Tuesday were bright and warm. Wednesday morning the wind changed again to the north and a brisk "northern" was the result.

THANKSGIVING PROCLAMATION

President Taft Calls Upon Americans to Celebrate Thursday, November 30.

President Taft has issued his annual Thanksgiving proclamation, calling upon citizens of the United States to celebrate Thursday, the 30th of November next, as a day of thanksgiving and prayer. The proclamation reads as follows:

"The people of this land having by long sanction and practice set apart toward the close of each passing year a day on which to cease from their labors and assemble for the purpose of giving praise to him who is the author of the blessings they have enjoyed, it is my duty as Chief Executive to designate at this time the day for the fulfillment of this devout purpose.

"Our country has been signally favored in many ways. The round of the season has brought rich harvests. Our industries have thriven far beyond our domestic needs, the productions of our labor are daily finding enlarged markets abroad. We have been free from the curses of pestilence, of famine and of war.

Our National counsels have furthered the cause of peace in other lands and the spirit of benevolence

has brought us into closer touch with other peoples, to the strengthening of the bonds of fellowship and good will that link us to the comrades in the universal brotherhood of Nations. Strong in the sense of our own right and inspired by as strong a sense of the rights of others, we live in peace and harmony with the world. Rich in the priceless possession of abundant resources, where, the unstinted bounty of God has endowed us, we are unselfishly glad when other peoples pass onward to prosperity and peace. That the great privileges we enjoy may continue and that each coming year may see our country more firmly established in the regard and esteem of our fellow Nations is the prayer that should arise in every thankful heart.

"Wherefore, I, William Howard Taft, President of the United States of America, designate Thursday, the thirtieth of November next, as a day of thanksgiving and prayer, and I earnestly call upon my countrymen and upon all that dwell under the flag of our beloved country, then to meet in their accustomed places of worship to join in offering praise to Almighty God and devout thanks for the loving mercies he has given to us.

"In witness thereof, I hereunto set my hand and cause the seal of the United States to be fixed.

"Done at the city of Chicago, this thirtieth day of October, in the year of our Lord one thousand and nine hundred and eleven, and of the Independence of the United States of America the one hundred and thirty-sixth.

"By the President:
"P. B. KNOX, Secretary of State."

Texas Exhibit Makes Hit at Pittsburg Land Show.

Pittsburg, Pa., Oct. 23.—The Texas exhibit at the Pittsburg Land Show is attracting more attention than the display from any other state. No other state shows a full line of agricultural products. The Texas bale of cotton is the center of more attention than probably any other single article exhibited, as a majority of the people in attendance never seen one before.

One of the unique features of the show is the daily issue of the San Benito Light in the Texas booth.

The quality of the Texas fruit and vegetable ranks alongside those of California, which state has hitherto been acknowledged supreme in this line. Texas has undoubtedly surpassed every other state in the attractiveness and variety of products placed on exhibition at the Pittsburg Land Show.

Sound Advice.

There is no reasonable excuse for any man to live in a town if he does not like it. If you have no word of commendation to say for your town, your school, the banks, the merchants, or other possible enterprise in it and the people generally, get up and hike. You won't stop business—not much. The school and church bells will have the same musical tone, the children will play as sweetly. The sun will shine as bright and the air will be just as pure without you. Speak well of your neighbor if you can; if you cannot, don't everlastingly enlarge on his faults. If you have become disgruntled, decamp without delay.—Hazel Green (Ky.) Herald.

OVERDRAFTS NOT ALLOWED

Slap Shots.

Hey, quit growling about the way nature has treated you, perhaps it has done its best with the material at hand.

Some men had rather be a comet and swing a long tail of hot air after them than to be star of the first magnitude.

Who is going to pay your debts when you leave so many "open" accounts.

Honesty may be the best "policy," but there are lots of men who are stangers to the policy.

When a man goes "wrong" he is still admitted into our homes and best circles, but when a woman makes one false step, she is shunned and despised by her former friends and even her church associates.

Some people not only use religion as a cloak, but as an overcoat in which they carry a loaded pistol of slander, shooting with little regard at marks of innocence.

Call at The Brand when in need of Legal Blanks.

Dynamites Orchard.

T. M. Palmer has been performing a very interesting experiment in dynamiting a piece of ground in which he intends to plant an orchard. With an inch soil auger, he bored down some 18 inches into the soil. Into this he placed one-third of a stick of dynamite, and exploded it by the usual fuse and cap. The result was to lift up and tear up the ground to a depth of three feet and some six feet in diameter. At each point he will plant a tree, and expects to get good results from the experiment.

Canned Watermelon.

What next? Yes, a real watermelon, rind and all, in a can, but the melon is longer than the can and projects out at each end. An average peach tin can with both ends closed, but found its way into W. L. _____, where a wandering vine _____ through said can. Nature _____ a melon about the center of _____ and the result is a melon, the can full, besides a good _____ round ball at each end, giving the "freak" the appearance of a

large dumb bell. This canned melon will be exhibited at the Chicago Land Show.

Sick headache is caused by a disordered stomach. Take Chamberlain's Tablets and correct that and the headaches will disappear. For sale by all dealers.

ZIMMERMAN & SONS

W. H. Rayzor.

As one who knew him well and loved him, I wish to lay this tribute upon his grave. He was a manly, forceful man, with clear decided views, and whatever he believed he would advocate boldly—where a moral issue was at stake he was always on the right side and would never compromise. His disposition was bright and sunny and hopeful, with malice toward none and with charity for all. Love was the main-spring of his life—he loved the land in which he lived and was always working and planning to demonstrate what a wonderful land it is. He loved his fellow man and was never weary in doing some helpful service. One of his favorite hymns was “Will there be any stars in my crown.” He took the position that we could earn stars for our crowns by serving well our God, our country and our fellow man in our daily lives. Being a devout Christian he lived according to his faith. By both precept and example he sought to raise the fallen, and turn the erring from the evil of his way. He loved his home and his family. What he did for them was not a burden to him, but a labor of love which he did with delight and joy. He had lately acquired a new home, and with his own hands was making many improvements. It was in doing this he met his sudden death. Sharing with wife and children in a love of flowers he was building a greenhouse. For this, with his brother George and others, he was hauling gravel from the pit. How typical of the man were his last words: “You are tired George, let me take your place.” As he took his brother’s place the great wall fell, and his life on earth was ended. In his strong, young manhood, amid scenes of joy and gladness and peace and love the end had come.

Oh soldier to your honored rest
Your truth and valor bearing
The bravest are the tenderest
The loving are the daring.

G. A. F. PARKER.

CAUSES MUCH DISEASE.

Advice About Stomach Troubles and How to Relieve Them.

Do not neglect indigestion which may lead to all sorts of ills and complications. An eminent physician once said that ninety-five per cent of all the ills of the human body have their origin in a disordered stomach.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be among the most dependable remedies known for the relief of indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is very prompt. Their use with persistence and regularity for a short time tends to bring about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets help to insure healthy appetite, to aid digestion, and thus promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, prices 25 cents, 50 cents, and \$1.00. Remember, you can obtain them only at our store—The Rexall Store, Corner Drug Store.

The Texas Panhandle Magazine. Will give you more solid enjoyment, more restful diversion than any other magazine in the field. There’s a mighty practical reason, too, for your reading the Texas Panhandle Magazine and sending it to your friends. It was founded, and is owned and operated by the Texas Panhandle Publicity Association, the public spirited organization that is carrying on a tremendous campaign for the education of the north and east to the peerless possibilities of our district. You can get accurate, first hand knowledge of the Texas Panhandle in no better way than by reading the magazine.

Are you a red-blooded Texas Pan-

TEXAS NEEDS GREAT MEN

IX. DISCOVERIES.

COLUMBUS discovered America and Galileo discovered solar systems and planets and throughout all ages, civilization has been indebted to wise men who could think beyond the age in which they lived. We need in State government men who can see across two continents and look into the horizon of Twentieth Century civilization and discover new zones of trade, new worlds of industry and new planets of prosperity.

COLUMBUS DISCOVERING AMERICA.

We are standing on the edge of the ocean of discovery in Texas. Our mountains are the mineral vaults of the universe; artesian lakes of boundless area lie underneath our surface; our agricultural domain awaits men who can work inspiration into the soil and give a powerful impulse to progress. We need a Columbus to sail the high seas of our magnificent possibilities, to discover new continents in agriculture, to explore our mineral kingdoms, colonize our industrial opportunities and give us a new world to live in. Texas needs great men.

handle-citizen? Then subscribe for this magazine—talk it—boost it—emphasize its merits everywhere you go—it is your magazine—your friend—its interests are your interests—get in with the march of progress. Stand up for the whole Texas Panhandle and boosting it, help yourself.

You should also take The Hereford Brand. You know this. Then why not line up with your duty as you see it? Don't sit back and let the other fellow do all the work. The subscription price of the magazine is \$1.00 per year; The Brand is \$1.00 per year; both papers can be had for only \$1.25 per year. This offer holds good until the end of the year.

Making Rain.

Several years ago the United States government spent some \$50,000 in trying to make it rain by the explosion of gun powder sent up in the air by means of paper balloons, the powder being contained in a pressed paper bomb. The experiment was not a pronounced success. Now comes C. W. Post of “There is a Reason” fame, who claims to have succeeded three times in making rain. A recent letter from him to the Dallas News says: Three thousand pounds of dynamite of 60 per cent strength were fired near Post City on October 26, beginning at 2 p. m. and in less than six hours, it began raining. This is the third experiment this year and each time rain has come in ample quantities to benefit the crops.”

If C. W. Post,

namite, has succeeded in solving the rain question for West Texas, he has made a great demonstration, and has brought a greater blessing to the people than the introduction of Post Toasties or Grape Nuts. But Mr. Post possesses an unconquerable spirit and when he undertakes a thing, he will succeed, if success can be had. Three thousand pounds of dynamite exploded at suitable intervals to suit the needs of the crops is a small item of expense as compared with the results. Let's encourage Mr. Post to try this shaking up of the elements next year.

To Exchange for South Plains Land.

A three story concrete building, made to represent brick, two lots, 26 room lodging house. One half block from the Argentine Electric Car Line in Kansas City, Kansas. Is in good repair, clear of debt, valued at \$8,000.00. Would exchange it for one section good, smooth land located within 15 miles of Hereford. Must be worth the money. Address: Neely, Amarillo, Texas.

WHAT'CHER goin' to do about it?

THE Texas Panhandle Magazine is the gem of the magazine field, with the most interesting part of our whole country for its setting. Not one dry page. Every paragraph throbs with the real life of this land whose thrilling past and wonderful present are so fascinating that you'll scarcely be able to lay down the magazine once you have begun reading it.

Texas Industrial Notes

There is \$100,000,000 invested in the oil industry in Texas and there are 1,250 miles of pipe line in the state.

One hundred farmers near San Angelo have formed a company for ginning and milling purposes.

Randell county is represented by four cars of fine cattle at the Kansas City Fat Stock Show.

Rock salt in paying quantities has been found about forty miles west of Amarillo at Adrian, Texas, where a company is drilling for oil.

Through the efforts of the Spur Commercial Club a state experimental farm has been established near that city.

About December first, work will begin on a three thousand foot well at San Angelo, the money for the work being raised by public subscription.

The Amarillo Real Estate Exchange is a new organization composed of the leading real estate dealers of the Panhandle. The development of that section of the state is the aim of the Exchange.

During the past thirty years 29,962,000,000 feet of timber were cut in Texas.

The Galveston causeway from the mainland to the island will soon be completed. It is 10,675 feet long and 273 feet wide. It has accommodations for a wide road, street car and railroad tracks.

It is estimated that Texas has 120,000,000 acres of land suitable for growing cotton.

During the period from June 7, 1911, to September 1, 1911, eighteen state banks have been authorized to do business in Texas.

The Midland Commercial Club is preparing to begin an aggressive campaign for advertising the Midland country and their plans for extended irrigation in the northern and middle western states.

much worth pondering upon in Thomas Harrison's "A People Who Are Making Good" for the figures about Hall county tell of marvelous development. "Oil"—what a word to conjure with! Read what Cecil Smith has to say about the Shamrock country. Frank R. Jamison and F. G. Hickey ask you to look on "this picture and on that" as they draw upon the past and the present. The problem of the individual and his relation to the Panhandle is cleverly shown by Geo. K. McDougal in "The Paternal End of the Deal," a close range study of Dr. G. A. Vawter, and by John R. Graham, who writes interestingly about C. O. Keiser under the caption "What You Can Do Alone." You will readily recognize the Czar, the Mayor, the Wart and Mac for L. K. Newman was in excellent humor when he contributed "Fishin'." "Just Jericho," C. H. Annin, and "Economic Housekeeping," Emma Bush Smith, are rare bits of prose. All the illustrations reach front rank standards and the verse, in style, diction and phraseology, can hardly be improved upon. Cut out and preserve the poem, "To A Little Child," by Hilton R. Greer, the poet laureate of the Panhandle. It touches the soft spot of the great world's heart.

If you have young children you have perhaps noticed that disorders of the stomach are their most common ailment. To correct this you will find Chamberlain's Stomach and Liver Tablets excellent. They are easy and pleasant to take, and mild and gentle in effect. For sale by all dealers.

Fast Train on Santa Fe.

Officials of the Santa Fe road announce that on or about November 12 a new train will be added between Chicago and California via the New Belen Cut-Off.

This line of the Santa Fe is now the main line for freight service. Gradually the Santa Fe is working this route into their main line for fast passenger service and it is to be their main line on account of the shortage in mileage between eastern points and California.

W. H. Rayzor.

In the death of W. H. Rayzor, Hereford loses one of her most enterprising real estate men. He came here in 1901 and established a business in which he had engaged with success, accumulating considerable property. He was born in Collin County, Texas, April 23, 1868, and hence was in his 44th year. His death as noted in last week's Brand, was caused by a "cave-in" at the sand pit, the accident occurring Wednesday, October 25, at 11:30 a. m. The funeral services were conducted from the family residence Saturday following at 2 p. m., Revs. G. T. Bailey and J. M. Sherman officiating. His remains were laid to rest in the City Cemetery, the services being conducted jointly by the Knights of Pythias and Odd Fellows' Lodges, he being a member of both. A tribute to Mr. Rayzor written by his near and close friend, Mr. G. A. F. Parker, president of the Western National Bank, appears in this issue.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

He keeps up with the growth and progress and even the vicissitudes of the city by reading the Brand.

Society

BLACK CAT PARTY.

At the beautiful home of Mr. and Mrs. Leslie Moreman Tuesday night, the hostess assisted by Misses McLean and Elder, gave the young folks of Hereford a most enjoyable Black Cat party, the invitations and envelopes being decorated with black cats. The guests met in masquerade dress at the residence of Mr. and Mrs. H. H. Hawkins and from there went over en masse to the place appointed. There were about 20 spook couples present. After the guests were received, each couple was lead down to the basement where their fortunes were told by a witch, who sat in a weird and ghostly looking alcove. On returning up the dimly lighted steps and hall-way, a ghost shook hands with each one, her hand being covered with a cold, wet glove. This experience added to the fright from the visit to the witch was too much for some of the more timid ones. But they were treated to a warm cup of chocolate on their recovery and all felt better. Many were the surprises when the guests unmasked, some having succeeded well in concealing their identity. Two very amusing games were played: Fortune telling by blowing out lighted candles and egg ping-pong, the latter game consisting of blowing an egg shell across a table, the endeavor being to blow the egg over the goal line as in football. This was played amidst a storm of laughter as many could not fix their mouths for blowing when "blowing time" came around. After this, several of the more experienced in ghost lore, told ghost stories which made many afraid to go home and as a result a number of the couples

Good For Sore Throat

When your throat becomes slightly irritated—you neglect it for a few days—it increases in severity and becomes so sore you can hardly swallow—

Be prompt in your treatment—you don't want it to become chronic and probably end in Tonsillitis or Quinsy—that would mean either an operation or prolonged treatment, and much suffering.

Purchase a bottle of

Nyal's Sore Throat Remedy and gargle the throat thoroughly—it allays all irritation, soothes and heals the inflamed membranes and prevents further infection

Unlike most throat remedies Nyal's Sore Throat Remedy is absolutely safe—while most effective as a gargle it is not injurious if swallowed.

Twenty-five cents the bottle.

When we had a chance to get the exclusive selling agency for Nyal Family Remedies we jumped at it. They are known among all druggists as the highest quality line on the market, and are prepared by a great firm of manufacturing chemists, famous for fifty years.

E. T. WOODBURN & SON
"The Nyal Drugstore"

remained an hour longer. Popcorn balls were served as refreshments (?). The reception rooms were "fixed up" to suit the occasion, witches, spooks, headless horsemen and boogerbos were in evidence. Mr. Chas. Kelly gave a number of piano selections which were enjoyed by the spooks present.

HALLOWE'EN PARTY.

One of the liveliest social events for the opening of the winter season was the celebration of Hallowe'en at the home of Miss Lillie Wood in East Hereford. Miss Wood was assisted by her sister, Miss Lula Wood, and her friend, Miss Alma Beach. Some forty friends were present to enjoy the novel party. The guests came in masquerade attire and after the jollities of the evening were past, each one was presented before the Witch where their fortunes were told. When all had been told what the past had given and what the future contained, all the guests unmasked and were served to punch by Miss Wood. The reception rooms presented rather a spooky aspect brought about by the arrangement of a number of Jack-o-Lanterns with a touch of yellow and white chrysanthemums prettily placed as decorations. The fun began when the young people began playing the games. The first was "diving for apples," which was not excelled for fun by the swinging apple in "The Old Apple Tree." The interest did not lag in the magazine game which all entered with enthusiasm. The climax of the evening was reached when the guests were served with generous slices of old fashion pumpkin pie with whipped cream. The hostess and her assistants have won a warm place in the hearts of all the young people who had the honor of an invitation and the guests were not slow in expressing their delights for the evening's past time.

Died on the Train.

From Claude News.
Mrs. J. R. Matlock, wife of Harde-man county's ex-sheriff, of Quanah, had been visiting her daughter, Mrs. Cora Kelly, wife of Editor Jas. Kelly of the Hereford Recorder. Her physicians advised her to go home three or four days before she did because of feeble heart action. Wednesday Mrs. Matlock started for Quanah accompanied by Mrs. Kelly. When nearing Claude Mrs. Matlock arose from her seat, removed her coat and remarked it was hard for her to get her breath. The daughter ran for a glass of water and asked for a physician. Without any apparent struggle or word, Mrs. Matlock's race of 63 years was ended. The body was taken off, carried to the Rest Room in the Warner building, and tenderly cared for by friends at Claude. Editor J. Kelly of the Recorder came down from Amarillo on the morning train, and the body of Mrs. Matlock was taken home Thursday morning. Mrs. Matlock was well known here by Mrs. H. M. Davis, Mrs. T. J. Page and others.

Castro County Clippings.

From The Dimmitt Plainsman of Friday, Oct. 27.

The Methodist Quarterly Conference was held in Dimmitt last Saturday at 7 o'clock. Rev. J. T. Hicks, Presiding Elder of the Plainview district, was present, also R. L. Jameson, pastor of the Methodist church, was present and also preached after Conference was dismissed and again Sunday morning at 11 o'clock. Parrott was selected to be the next meeting of Quarterly Conference.

Last Friday night a four inch snow fell in Castro county. The snow began falling about nine o'clock and continued throughout the night. Hundreds of acres of wheat have been planted in Castro county and was greatly benefited by the snow. About a half inch of rain followed the snow and put quite a bit of moisture in the ground.

E. A. Keyes and wife of Excelsior, Minn., arrived at this place last Friday evening and will spend the winter in Dimmitt.

Thousands of head of cattle will be feed in Castro county this winter. We have the feed to do the stunt.

Cotton pickers and kaffir corn flunkers are badly needed in Castro county.

D. C. Laird of Hereford spent Monday in Dimmitt.

Will Gilbreath of Amarillo was in Dimmitt Wednesday.

Attorney Smith of Tulia attended court in Dimmitt Monday and Tuesday.

Miss Mary Williams went to Hereford Tuesday to visit her parents.

John Renfro, an automobile dealer of Hereford, was in Dimmitt Wednesday.

J. W. Alexander made a trip to Hereford Tuesday in his auto. He was accompanied by his wife and Mrs. Cora Travis.

Attorney North of the firm of Barcus and North at Hereford at-

tended court in Dimmitt this week.

Attorney Knight of the law firm of Knight and Slaton at Hereford attended court here this week.

Joe Reitz of West Nazareth was in Dimmitt last Tuesday. Mr. Reitz says there will be between forty and fifty bales of cotton raised in the Nazareth Colony this year. He also says that the kaffir corn and milo maize crop in that community is the best ever raised. Mr. Reitz says that most of the Nazareth farmers will thresh their feed this year.

FREE IF IT FAILS.

Your Money Back if You Are Not Satisfied With the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxative or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold only at our store—The Rexall Store.

Corner Drug Store.

Finds This City Morally Better.

W. C. Witherspoon of Hereford, Texas, owner of the "marble lot," where Myrt's theatre now stands, on Chester avenue, arrived here yesterday and was warmly greeted by many persons whose friendship he had won on previous visits.

Mr. Witherspoon comes now to establish his home here. His family will follow him a little later and his father is also coming. Mr. Witherspoon will become a factor in the up-building of the city, and besides his Bakersfield property he has investment interests in the county.

Not the least interesting thing connected with Mr. Witherspoon's return and his determination to make his home here is the fact that he had previously and reluctantly refused to do so because he did not think, under conditions then prevailing, that the city was a good one in which to bring up a family.

A letter which he wrote on this subject was the cause of joint committees being appointed by the Realty Board and the Minister's Union. Sharp discussions followed and it was then that the city's moral condition took on an economic aspect and the real up-lift movement began.

During his long absence Mr. Witherspoon has been in correspondence with Rev. W. H. Reedy, several real estate men and others. That he sees the dawning of a better day is evidenced by the fact that he is here and hereafter. —Bakersfield (Calif.) Morning-E-Bo.

Feed in Castro County.

R. R. Gilbreath of the Dimmitt Mercantile Co., was in the Spring Lake country last Wednesday. He says he saw more feed while he was gone than he has seen since he has been in the Panhandle. He also says there is some good cotton in the county. —The Plainsman, Dimmitt.

"Holeproof" Costs No More Than Others

There are just two kinds of hosiery—the kind that wears and the kind that tears. Yet they both sell for the same price.

Certainly you would not buy unguaranteed hosiery when for the same money you can get the famous "Holeproof" guaranteed against holes for six months. You pay no more for "Holeproof" but it wears six times as long.

Every box of Holeproof Hosiery contains a written

guarantee. If any holes appear within six months you present the guarantee and get new hosiery free.

This hosiery is as smooth and soft as silk. It is shaped to fit the ankle like a glove, fits the hand—it is both stylish and comfortable.

Learn what this hosiery really is—come in and see it for yourself today. Price from 25 to 50 cents a pair.

FAMOUS Holeproof Hosiery FOR MEN WOMEN AND CHILDREN

"SUPERB" Clothing is Worth the Money

we ask for it. Some say it is worth more money than we ask for it. When you buy "Superb" Clothing you can be assured that you have the very best clothing that can be had for the price you pay, in workmanship, quality of material and a perfect fit. We ask you to call and let us show you through the line. And then we have a handsome new line of neckwear we would be glad to have you see at the same time.

Our Guarantee Your Safe-Guard

THE PACIFIC MONTHLY SPECIAL RATES ON THE LEADING MAGAZINE OF THE WEST.

The Pacific Monthly of Portland, Oregon, is publishing a series of splendid articles about the various industries in the West. The September number contained an article on Success with Cherries. The October number had a beautifully illustrated article on Success in Growing Apples. Other articles shortly to be published are Success with Live Stock, Success in Growing Walnuts, Success with Fodder Crops. These articles are written by experts, and are not only authoritative, but very interesting.

In addition to the above, The Pacific Monthly each month publishes a large number of clean,

wholesome, readable stories and strong independent articles on the questions of the day.

The price of The Pacific Monthly is \$1.50 a year. To introduce it to new readers, it will be sent for six months for \$.50 if this paper is mentioned.

Address: Pacific Monthly, Portland, Oregon. 38-3t

Ships Car Load Exhibits.

Chicago, Nov. 2.—Word comes from Chicago that the arrival of the Texas Panhandle exhibit for the Land Show will require to be nicely timed in order that no occasion for storage facilities may arise. Speculators are carrying such a great stock of eggs in the cold storage houses of the Windy City that it is almost an impossibility to get ac-

comodations at any price. Secretary Gunn, of the Texas Panhandle Publicity Association, has planned to have the boxes containing crop samples ready for shipment from their initial points not later than November 3rd. They are to be assembled in Amarillo and, without being opened, packed in a Santa Fe car for Chicago. The Santa Fe has very kindly expressed a willingness to refund charges on exhibits for the Land Show on a written assurance from exhibitors that the material carried will not be sold, but will be returned, given away or destroyed if unfit for return. This is allowable under provisions of the Interstate Commerce law.

The Marlin Model 20 REPEATING RIFLE

You can buy no better gun for target work and all small game up to 200 yards.

Without change of mechanism it handles .22 short, long or long-rifle cartridges perfectly. The deep Ballard rifling develops maximum power and accuracy and adds years to the life of rifles.

The solid top is protection from defective cartridges—prevents powder and gases from being blown back. The side ejection never lets ejected shells spoil your head and allows quick, accurate repeat shots. With simple take-down construction, removable action parts, least parts of any .22—it is the quickest and easiest to clean. A great vacation rifle. Ask any gun dealer.

The 136 page Marlin catalog will help you decide what rifle best suits your individual desire. Send 3 stamps for it today.

The Marlin Firearms Co.
42 Willow Street New Haven, Conn.

Gave Up Hope

"I suffered five years, with awful pains, due to womanly troubles," writes Mrs. M. D. McPherson, from Chadbourn, N. C. "They grew worse, till I would often faint, I could not walk at all, and I had an awful hurting in my side; also a headache and a backache. I gave up and thought I would die, but my husband urged me to try Cardui, so, I began, and the first bottle helped me. By the time the third bottle was used, I could do all my work. All the people around here said I would die, but Cardui relieved me."

TAKE CARDUI The Woman's Tonic

For more than 50 years, Cardui has been relieving woman's sufferings, and making weak women strong and well. During this time, thousands of women have written, like Mrs. McPherson, to tell of the really surprising results they obtained by the use of this purely vegetable, tonic remedy for women. Cardui strengthens, builds, restores, and relieves or prevents unnecessary pain and suffering from womanly troubles. If you are a woman, begin taking Cardui, today.

WHY IT SUCCEEDS.

Because It's for One Thing Only, and Hereford People Appreciate This.

Nothing can be good for everything.

Doing one thing well brings success.

Doan's Kidney Pills do one thing only.

They help sick kidneys.

They are for backache, and other kidney ills.

Here is Hereford evidence to prove their worth.

Mrs. J. W. Fewell, 306 Miles Ave., Hereford, Texas, says: "About two months ago I got a supply of Doan's Kidney Pills from Woodburn & Son's Drug Store. I had been troubled by backache, lameness across my loins, dizzy spells and headaches and as Doan's Kidney Pills were strongly recommended to me, I decided to try them. I found this remedy to be a most reliable one for troubles of this kind and since using it, I have improved greatly. I now sleep better, am free from the distressing symptoms of kidney complaint and do not have that feeling of languor."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Floyd County Apples Take First Prizes.

Floyd county's expectations were realized when the Floydada Industrial league was informed that, on apples alone, eight first prizes were captured at the Dallas State Fair out of the exhibit sent by the League including the first prize for the best individual exhibit of any variety, and three firsts for best of stimulated varieties. The apple exhibit mentioned also captured four second prizes. L. H. Lewis was the winner of the chief prize, having an extensive orchard of apples, an average of which nine arranged in a row and touching measure a yard.

Jos. Pulitzer Dead.

Accompanied by the widow, his son, Herbert, and his secretary, the body of Joseph Pulitzer, publisher of the New York World, who died aboard his steam yacht Liberty in the harbor Oct. 29, was taken to New York this afternoon. A private car, draped in mourning, was attached to an express train on the Atlantic Coast Line. Mr. Pulitzer's eldest son, Ralph, will meet the funeral train between here and Richmond.

Scores of telegrams of condolence have been received by Mrs. Pulitzer, the expressions coming from people of prominence in many fields.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill? Sold by all dealers.

Arthur Receives Letter.

A letter to C. P. Arthur, tax assessor, from W. P. Lane, State Comptroller, says:

"Your rolls show good form and neat work, and have been checked and approved."

This speaks well for Mr. Arthur and, no doubt, he and his friends will get some satisfaction from the words of commendation. He has taken much care and pains in assessing the taxes and making up the rolls.

Girl Tramp.

At Ft. Worth this week a girl masquerading as a boy was arrested, and it was some time before the officers discovered that "he" was a girl. She posed for a picture in her boys' attire and the picture would deceive and did deceive the trained eye. She went by the name of Clyde Dixon.

T. W. Palmer Lumber Co.

JOB WORK

INASMUCH as we are somewhat short on pure reading matter tonight (Thursday 10:30 p. m.) and The Brand must be off the big Babcock by morning, it gives us great pleasure to use this space to solicit your Job Work. We will not guarantee our prices to be the lowest, but we will guarantee the finished product to give satisfaction. The Brand has one of the best equipped printing offices in the state, and we will put the workmen we employ up against the very best and believe that they will come out with at least even honors. If you are rushed for time, Telephone No. 30 and it will be a pleasure to The Job Department of The Brand to send a man around to see you. N. B.—If sufficiently urged it is likely that we would sell this space next week to some Hereford Merchant for 12 1-2c per inch

FIRST WEEK DISTRICT COURT (CONTINUED FROM FIRST PAGE)

the list completed in the afternoon by bringing in a dozen more men. Several were excused.

The Criminal Docket was set for Monday of the Second Week, Nov. 6th.

Up to Thursday noon the following cases had been disposed of:

Arva Sherk, by Next Friend, vs. J. E. Duvall, suit for partition. Dismissed by plaintiff.

J. S. Beatman vs. Geo. G. Wright, suit for damages. Removed to Federal Court at Amarillo.

C. N. Taylor vs. Geo. G. Wright, suit for damages. Removed to Federal Court at Amarillo.

Geo. G. Wright vs. J. H. King et al., suit on a note and for foreclosure of vendors' lien. Judgment by default for plaintiff.

H. W. Skinner vs. The Pecos & Northern Texas Ry. Co., suit for damages. Settled and dismissed.

Minnie J. Ruhl vs. Wm. Ruhl, suit for divorce. Divorce granted.

B. M. Porter vs. The Pecos Northern Texas Ry. Co. Suit for damages for conversion. On trial.

Among the out-of-town attorneys in attendance on court at Hereford this week are Mr. S. H. Madden and Mr. A. A. Dumpkin of Amarillo, Mr. C. O. French of Kansas City, Mo., and Mr. N. J. Wade of Fort Worth.

Hallowe'en Pranks.

The white-sheeted spooks were out Tuesday night, and all were not thin spirits of the air, judging from the amount of muscular exertion made necessary by some of the innocent pranks. A score or more heavy wagons were pulled about town, buggies and carriages were carried away for blocks, and a number of small one-room houses turned over. But the most laborous effort was required to dump the 1,000-

pound hitch blocks into the gutter. There must have been some giants out that night. The young people had a number of Hallowe'en parties and made merry to the enjoyment of all.

Every home should contain a bottle of Nyal's Vegetable Prescription. Perfect health in women results from its use. The constant strain imposed upon the functional organs will result in complete collapse unless the system is strengthened. E. T. Woodburn & Son, The Nyal Drugstore.

Garrett A. Dobbins, land commissioner for the Snyderate, was here Wednesday for a few hours and was very enthusiastic in talking about the McDonald Irrigated Farms. "He has shown what can be done," he said, "and it will pay big for any man to put down a well to supplement the rainfall in off years, and will enable the farmer to insure his crops against dry weather, just like a merchant insures his stock against fire." Mr. Dobbins expects to see Friona well in operation in sixty days.
