Two Contracts Let to McDonald For Big Irrigation Wells With Others In View

FLEECY STAPLE BEING GINNED

Jacobson Gin Running Three Days of Each Week—Nine Bales Out.

The Jacobson Gin, which turned out its first bale last week, is running right along now and has all that it can do. It has been planned to run only three days of each week—Monday, Tuesday and Wednesday.

The first bale ginned was for Joe Thomas from Spring Lake. The others are: two for O. M. Burch, Spring Lake; two for P. Friemel, Umbarger; two for W. S. Dixon, Hart. Mr. Dixon, as will be remembered, brought the first bale to Hereford, but it was sold in the seed and has not been ginned. He returned Wednesday morning with two more bales, driving 32 miles.

Mr. Burch, after having his two bales ginned, hauled them down Main street and the event attracted a good deal of attention. As no buyers were ready to offer a bid, he stored the cotton. Later in the day D. R. Gass bought two bales from Mr. Friemel, paying 9 cents.

Mr. Burch will get 5 bales from 12 acres, and Mr. Friemel will pick 8 bales from 15 acres.

Development of Texas Press.

"While Texas has made remarkable progress in the last twenty-five years, its development has hardly been in keeping with that of the press of the state," said Will H. Mayes, editor of the Brownwood Bulletin and former president of the National Editorial Association, in addressing the Commercial Secretaries & Business Men in Dallas.

"Not many years ago," he continued, "the average country paper was published in a dingy, dirty building around the corner in the rear of some abandoned shack. It was printed from an equipment that could readily be loaded into a one-horse wagon and moved on to the next county when the publisher's credit was exhausted and he could no longer get his 'patent insides' from the express office because it took cash—nor fill his insides at the saloons.

"Now, most of the papers in the state are published in their own buildings—as good building, too, as can be found in the towns where they published—the best presses are used, typesetting machines are common, and printing plants are worth thousands where they were formerly worth dollars—were mere junk heaps, in fact.

"In my own town it used to take three banks to support three newspapers and keep them running, while now two newspapers support five banks and appear to do it pretty well, too.

"Whatever has been accomplished by the Commercial Secretaries has been the co-operation of the press of the state.

"A few years ago, when it looked as if the entire state would be eventually planted continuously in cotton, the press began to preach diversification, until now nearly every farmer is a diversifier.

"The movement for good roads would have died in its infancy had it not been for the press of the state.

"Until the press took up the campaign for civic improvement but lit-

tle had been done in Texas to improve conditions in cities.

"Do you realize, gentlemen, that in newspaper offices in every section of this nation Texas papers, in their respective classes, are regarded as the highest type of American journalism? And when that is said it means the highest type of journalism in the world, for the American press leads the world."

Slap Shots.

Where is the old-time preacher who would announce—"That services would be held beginning at early candle lightin', the Lord being willing."

Many men would be insulted by an invitation to play a game of cards, but who would enter into a deal to "skin" his neighbor in a land deal.

We often condemn a man or woman on the shadowest circumstantial evidence, and pull our cloaks of righteousness tightly around ourselves forgetting our obligation as professed Christians and pass the other way.

When church members cease to condemn each other and learn to exercise charity, the world will come to the church.

A man is a man when he acts like a man.

PRONOUNCE BEETS GOOD

Experts From Garden City Examine Hereford Beet Crop and Buys Entire Lot at Good Price.

On the first days of this week W. H. Hawkins, manager of the Land department of the Garden City Sugar and Land Company, and J. A. Thrasher, assistant manager and sugar beet supervisor, examined the McDonald Farm and found the crop in good condition. They both said that they knew that this country is a fine beet country. "If this soil is not a beet growing soil, then there is no beet soil," they remarked.

Upon examination they found more large sized beets in the McDonald field than they had found in either the Garden City or Portales fields. When seen Mr. McDonald said: "We are ready to harvest our beets. We have a regular beet lifter and will begin the work about Nov. 1st. Following the "lifter," the men will top the plants and lay the beets in piles. Afterwards they will be hauled and loaded on the cars to be shipped to the refinery at Garden City. The tops will be baled and will make fine stock feed."

The price to be received for the beets f. o. b. Hereford will be \$4.00 per ton. Next year the price will be better.

Jim Carroll and wife will go to the Fair today.

Trades.

For lands near Hereford, 160 acre farm near Greely, Colo., in potato belt. 280 acres timber land in Iron Co., Mo., will cut about 10,000 ties at 40c each, ¼ mile to station, about 30 acres cleared. Others want trades. Party wants cheap land, close in, in shallow water belt. Direct from owners. See or write W. J. Vangorder, Hereford, Tex. 11p

Texas Cattle Win Over Those of Illinois.

Texas cattle won premiums over Illinois cattle at the Illinois State Fair, which closed at Springfield last week. While in attendance at the annual meeting of the Commercial Secretaries and Business Men's Association of Texas in session at Dallas Thursday, President F. C. Lasater of the Texas Cattle Raisers Association received a telegram that his herd carried off nearly every prize worthy of mention. The cattle were raised on his stock farm near Falfurrias and rank among the finest in the state.

"Chief," one of Mr. Lasater's valuable show animals, was declared grand champion bull and his "Sultan's Dark Beauty" won as grand champion cow. Other prizes were:

First and third, aged bulls; first, five year old cow; first and third, three year old cow; first and fourth, herd; second, dairy herd; fourth and fifth, yearling; third and fourth, senior calf; second and fourth, junior calf.

First Cold Wave.

Monday night of this week the tail end of a cold wave swung over the Panhandle and slipped the thermometer down to 31 degrees by Tuesday morning, but only a small trace of ice were found. The most tender plants were bitten. Again on Wednesday night while the population of Hereford was at the negro minstrel, the small end of another aurora puff swooped down and by Thursday morning had whipped the mercury down to 35 degrees. Both of these native Texas "northerns" were "dry," that is they came without clouds or precipitation.

Postal Account Grows.

The postal savings accounts are steadily increasing. The total for this week being \$88.70 as against \$64.10 for last week, showing \$22.60 deposited during the week. The little ten cent stamp will grow famously if you will once get started in the right direction—go to buying them. Once you start, it gets to be a habit. Habits are hard to break, but the stamp saving one won't hurt you.

Accounts may be opened and deposits made by any person of the age of 10 years or over in his or her own name and by a married woman in her own name and free from any interference or control by her husband.

No person connected with the Post Office Department or the postal service is permitted to disclose the name of any depositor or give any information concerning an account except to the depositor himself, unless directed to do so by the Postmaster General.

Found.

There are several "found" articles at this office—a baby's gold ring, a store key, a watch charm and an initial pin. Owners can have same by calling and paying for a part of this notice.

Preaching About Hell.

Several of the ministers at Fort Worth recently preached about hell. Sid Williams at Midland about the same time delivered himself of a hot message about that warm climate. The police only a few days ago had raided several "joints" in the Panther City which had become loose at the joints and some fifty persons

changed residences to the city lock-up. Don't know what has happened in Midland, but the preachers seem to have had a tip that something like that was to come off. All of the preachers said outright that hell was a place filled with fire and brimstone and rigging with the squirming wicked. Williams warned his audience to stay away from such a place. "It seems that some folks have about forgotten that such a place existed," said Rev. Williams.

Fire!

Number of calls to fires from Jan. 15, 1911, to Oct. 15, 1911, time 9 months; number of fires 7; damage done estimated at \$985.00; covered by insurance \$550.00; net loss estimated at \$435.00. Average number of fire boys present, 4; number of feet of hose laid, 3,700 feet.

We need 8 more men in the Department. Attend our meeting night of Oct. 24th and help us out.

Very Respt.

C. L. SULLIVAN,
Chief of Department.

The Minstrel.

The negro minstrel Wednesday night attracted a good crowd and the Hereford people enjoyed a novel entertainment. As Hereford has no colored population of its own the advent of the colored minstrel created considerable interest.

CRITICISES PRELATES

Senator Bourne Says Safe-Guards Prevent Anything Like Mob Action.

Washington, Oct. 15.—Senator Jonathan Bourne Jr., president of the National Progressive Republican League, in a statement today took to task Cardinal Gibbons and Archbishop Ireland for their criticism of the initiative, referendum and recall as practiced in Oregon.

The Senator said both reason and experience were ignored by the two prelates in their use of the words "mob law" and "mobocracy," in describing the Oregon system.

"Mobs act under the sudden impulse of anger, fear or hatred," says the Senator. "Mob action is absolutely impossible under the initiative or referendum, because there is not less than four months of discussion before a vote can be taken.

"It is also impossible under the recall because the recall can not be invoked until petitions have been circulated and signed by at least 25 per cent of the voters. This takes weeks and gives the widest publicity. Then the recall election can not be held within less than twenty days after filing the petition. Voting under such circumstances can not be mob action.

"Nine years' experience in Oregon demonstrates that the initiative, referendum and recall are not injurious to any personal right or legitimate property interest."

Thompson's Cattle Wins.

At the Fat Stock Show held at Kansas City last week F. D. Thompson's steers and heifers carried off some good premiums. His yearling Hereford yearling won two premiums and his yearling heifers took one. The steers averaged 724 pounds and were sold at \$6.50; the heifers averaged 714 and sold for \$6.25.

TWO MORE BIG WELLS

Work Will Begin At Once—Standard Equipment To Be Put In for All Wells.

On returning from Ohio D. L. McDonald, of the McDonald & Company, announced ready to make contracts for putting in irrigation wells. His company not only does the work of installing the equipment and guarantees the result, but offers to finance the contracts. As a result, two contracts were closed early in the week and a half dozen others are under consideration.

The first to get a well will be Baskin & Hester on their 160-acre tract just east of town. Work will begin next week, and the big drilling machine will sink a hole 26 inches in diameter down the entire depth of the well, thus allowing a large inflow of water. The second to get a big irrigation well will be A. W. Gregg, whose splendid farm lies 2 miles east of town. Both of these wells will be alike and their equipment will be standard as to the engine, casing and pump. Each well will have a capacity sufficient to supply 3 feet of water to 160 acres during the crop season. The time required to drill such wells will be from 3 to 4 weeks, depending upon the success of the drilling. There will be some satisfaction and a feeling of assurity in owning one of these big wells. Their equipment has been pronounced by experts to be first class in every respect. Mr. Fuller, government well and water engineer, says: "The equipment of the McDonald wells is the most modern of any individual plants in the United States." In fact, Mr. Fuller, who has charge of the government work at Garden City, has used the wells at Hereford as a model and standard in equipping the wells at that point.

In speaking of the outfit which Mr. McDonald proposes to put in, he says: "There will accrue to the farmers around Hereford a great advantage to use only standard and uniform equipment for their irrigation wells. All having the same kind of engines, the same kind of pump and other equipment, will enable them to secure new parts, in case of accident, from local dealers, at much less cost avoiding often an expensive delay in making an order from the factory. Then as to the services of an expert to examine and adjust the engine. All having the same style or make, one good engineer could do all the work at much less cost to the farmer, than if we had a half dozen kinds and makes, the purchase of fuel in large quantities will be no little consideration. Our engines use a standard grade of fuel oil and when purchased in tank load lots, cuts the cost of fuel down to an economical basis and places all the farmers on an equal expense in pumping water."

Mr. McDonald thinks that alfalfa and sugar beets should be the main crops, but that rotation should be adopted. He feels confident that a big sugar refinery can be secured for Hereford as soon as a sufficient acreage is assured. "Get the water first, then the acreage, and the refinery will come of itself," he said

THE PANHANDLE IS INSULTED

Land of The Texas Exhibit Ass'n Invites Panhandle Representative to Stay Away From Exhibit at Chicago.

During the past few weeks much has been said about the Texas Exhibit Association, and the work that is under contemplation by that organization. Col. Frederick Opp and John T. Land came to Amarillo in the interest of the organization named, and at a specially called meeting of the Amarillo Chamber of Commerce, set forth the scheme proposed for a consolidation of the exhibits from the Panhandle with those of other sections of the state.

On that occasion Mark Logan, president of the Panhandle Publicity Association, and also president of the Chamber of Commerce, explained to the visitors that the Panhandle association is fully incorporated under the laws of Texas, and had already arranged for space in the Coliseum in Chicago. He also called attention of the visitors to the fact that no change in the plans at present under way, could be made if at all, until the officers and directors might be consulted.

Being the only officer of the Panhandle Publicity Association present, Mr. Logan did not feel like promising anything to the state organization representatives, and so stated. During the evening of the visit of the state representative, Walter E. Gunn, secretary and general publicity agent of the Panhandle organization, returned to Amarillo and consulted with the visitors together with Mr. Logan, promising them that he would take up the matter of the cooperation sought, with some of the principal contributors of the organization with which he is identified.

After wiring a number of the heavier contributors to the Panhandle organization, Mr. Gunn wrote the following letter to Mr. Land:

lowing letter to Mr. Land:

"Hon. John W. Land,
Secretary Texas Exhibit Assn.,
Houston, Texas.

"Dear Mr. Land:

"I have canvassed the directors and many of the members of the Texas Panhandle Publicity Association, and they are almost a unit in the belief that the Texas Panhandle Publicity Association should conduct its own exhibit to be held in the Coliseum, Chicago, November 19 to December 9.

"Permit me to thank you for your courtesy in presenting the proposition of the State Wide Display, and allow me to express the wish that I may be of some service to you when you arrive at Chicago. If there is anything the association can do to support you in your work I feel safe in saying that you can figure upon their heartiest co-operation.

"I have the honor to be,

"Sincerely yours,
"WALTER GUNN,"

"Sec. Panhandle Pub. Assn."

Responsive to the foregoing letter, Mr. Gunn received the following communication from Mr. Land:

"Houston, Tex., Oct. 7, 1911.

"Mr. Walter Gunn,
Secretary Panhandle Pub. Assn.
Amarillo, Texas.

"Dear Sir:

"I have yours of the 5th inst. and note what you say regarding the decision of the Directors of your association. I also note your expression of a wish to be of service to us when we arrive at Chicago.

"Inasmuch as your concern is promulgating an idea that cannot fail to redound to the injury of Texas, and especially to the Panhandle section, and in view of the fact that there is private interest connected with your organization at the Chicago end of the line, you cannot be of any service whatever to the Texas Exhibit Association; as a matter of fact, your attitude regarding the whole state, as well as that splendid section known as the Panhandle, is serving individual interests, renders it advisable that you and other attaches of your organization remain away from the Texas Exhibit at the Coliseum in Chicago. If your program is carried out at the Chicago show, I sincerely trust that I will be saved the embarrassment of answering questions regarding your little exhibit in another part of the Coliseum.

"I have many warm friends in the Panhandle and a very exalted opinion of that portion of the state, but I fear that it will become necessary for me to explain the separation of the exhibits in accordance with the sentiments above expressed.

"Colonel Opp joins me in this and also in the assurance that neither your services or presence about the Texas Exhibit Association's display at Chicago will be desired.

Yours truly,

"TEXAS EXHIBIT ASSOCIATION.
"By JNO. W. LAND, Gen. Man."

MR. GUNN'S REPLY.

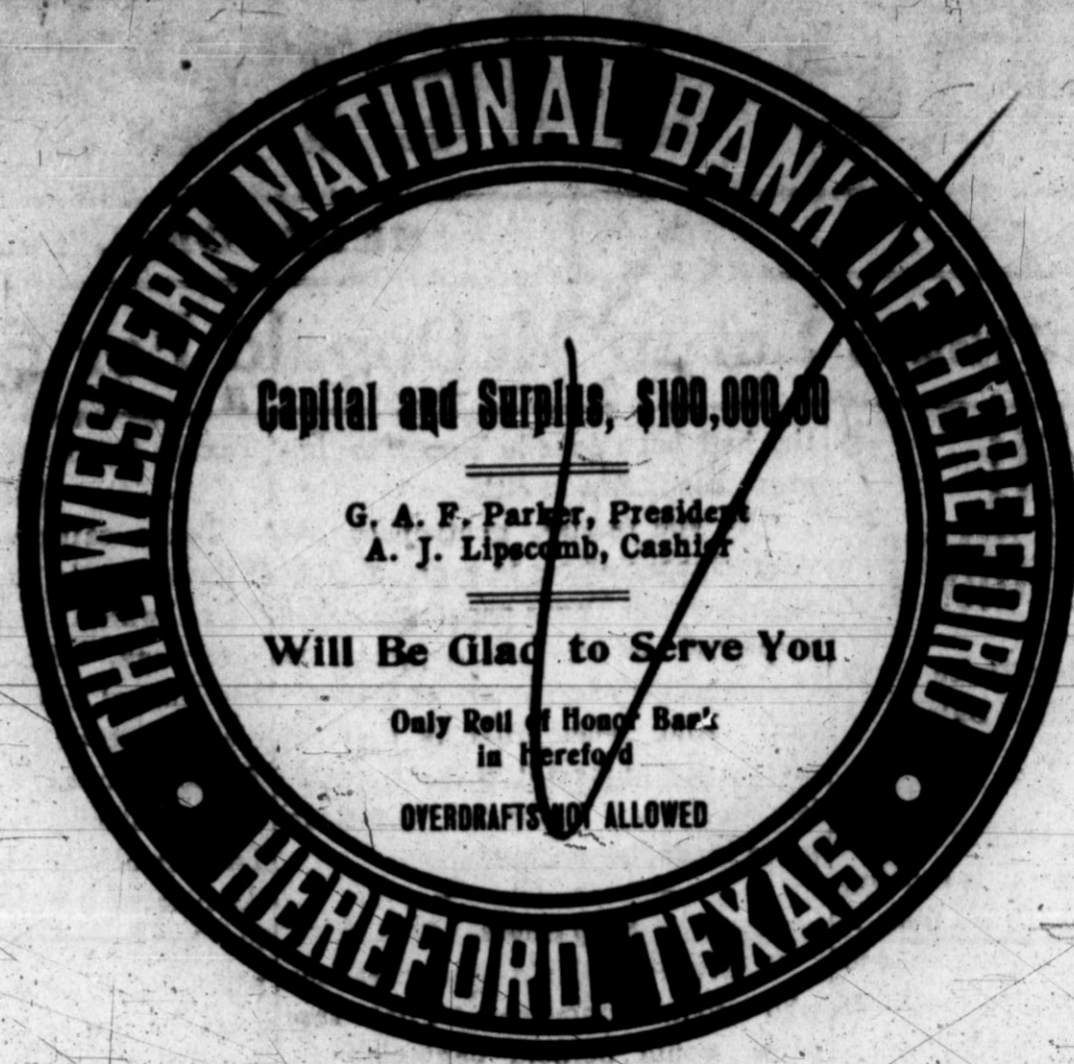

"Mr. John W. Land,
Gen. Mgr. Texas Exhibit Assn.
417-418 Carter Bldg.,
Houston, Tex.

"Dear Sir:

"This will acknowledge the receipt of your favor dated the 7th inst., relative to the United States Land & Irrigation Exposition.

"The Texas Panhandle Publicity Association has not only never evinced any desire to injure the great state of Texas, but by creating a public-spirited organization for country-wide advertising has accomplished much in the development of its own field and, by the same token, the general advancement of the entire state.

"I shall only refer to your childish petulance in stating that there is a private interest "at the Chicago end

Hereford Citizen Talks at K. C.

K. C. Drivers Telegram, a popular stock paper of that market, publishes the following interview:

"Irrigation is spreading very fast in that part of the country in which I live," says C. P. Arthur of Hereford, Tex. "This is something new, but there is no doubt but what it will become general, and develop a country that has few equals when it comes to raising crops. The only thing in the world we lack is water. This can be had by boring wells, and they do not have to be very deep, either. It is a much easier undertaking there than in the mountain districts, where dams have to be constructed. All we have to do is to bore a 13-inch well about 175 feet deep, and we have sufficient water to irrigate 80 acres of land. This season 35 bu. of fine wheat to the acre, and three-fourths of a bale of cotton

were raised on farms that were irrigated. The cotton alone would more than pay for the land. The wheat would pay for it, and other crops in the same proportion can be raised under irrigation. In many seasons no irrigation is necessary."

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. P. H. Hogan, of Wilson, Pa., who says, "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For croup there is nothing that excels it." For sale by all dealers.

The State of Texas,

To the Sheriff or any Constable of Deaf Smith Co., Greeting:

Oath having been made as required by law YOU ARE HEREBY COMMANDED to summon M. L. Kelly, N. T. Smith, C. B. Hughes, N. F. Moore, M. J. Loftis and W. A. Eastan by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 69th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said Judicial District, to appear at the next regular term of the District Court of Deaf Smith County, to be holden at the Court House thereof, in Hereford, Texas, on the last Monday in October A. D. 1911 the same being the 30th day of October A. D. 1911, then and there to answer a petition filed in said Court on the 2nd day of September A. D. 1911 in a suit, numbered on the docket of said Court No. 430, wherein W. S. Higgins is Plaintiff, and M. L. Kelly, N. F. Moore, M. J. Loftis, and W. A. Eastan are Defendants, and said petition alleging that on the first day of May 1908, the Defendant, M. L. Kelly executed and delivered to W. B. Beach, W. H. Rayzor, H. Trow, J. M. Garner, H. B. Webb and Jno. W. DeAtley her three promissory notes, dated May 1st, 1908, two for the sum of \$379.11 each, maturing respectively, on the first day of September, 1908, and on the first day May 1910, and one for the sum of \$251.97.

Plaintiff alleges further that said note for \$379.11 maturing Sept. 1st, 1908, and said note for \$251.97 have been paid off and satisfied, and that the said note for \$379.11 maturing the first day of May, 1910 is now owned and held by the Plaintiff; that said note, no part thereof, no interest thereon has been paid to Plaintiff's damage.

Plaintiff further alleges that said note bear interest from date, at the rate of 8 per cent per annum, and provides that in case it is placed in the hands of an attorney for collection, an additional amount of 10 per cent on both principal and interest shall be added as attorney's fees; that on the first day of May 1910, Plaintiff placed said note in the hands of Carl Gilliland, a practicing attorney of this bar for collection. That no part of said attorney's fees have been paid to Plaintiff's further damage.

The plaintiff further alleges that said note was given in part payment for the following described tract of land: Situated in Castro County, Texas, and being S. one-half of section 45 Bk. 1, Cert. No. 346, Original grantee, R. M. Thompson, containing 167 5-10 acres.

Plaintiff further alleges, that the Defendant, W. A. Eastan, M. J. Loftis, N. F. Moore, M. L. Kelley, N. T. Smith, and C. B. Hughes, are claiming and asserting some title and interest and estate in said land, but that Plaintiff's Vendor's Lien securing said note is superior to any right, title or estate, that the Defendants or either of them have to said land.

Plaintiff prays that Defendant be cited to appear and answer that he have judgment for the amount of the note due, and sued on, together with interest, attorneys fees, and cost, and a foreclosure of his Vendor's Lien, and that said Vendor's Lien be adjudged to be superior, to any right, title, estate or claim of the Defendants, or either of them.

HEREIN FAIL NOT, but have before Said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, J. S. Jones, Clerk of the District Court of Deaf Smith County.

Given Under my Hand and the Seal of said Court, at office in Hereford, Texas this the 21st day of September A. D. 1911.

[Seal] J. S. JONES, Clerk, District Court, Deaf Smith County.

The State of Texas,

To the Sheriff or any Constable of Deaf Smith Co., Greeting:

Oath having been made as required by law YOU ARE HEREBY COMMANDED to summon M. L. Kelly, F. R. McCarthy, Edward Bischoff, W. H. Hall, C. P. Brown, and Wm.

T. Dawson by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 69th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said Judicial District, to appear at the next regular term of the District Court of Deaf Smith County, to be holden at the Court House thereof, in Hereford, Texas, on the last Monday in October A. D. 1911 in a suit, numbered on the docket of said Court No. 429, wherein W. S. Higgins is Plaintiff, and M. L. Kelly, F. R. McCarthy, Edward Bischoff, W. H. Hall, C. P. Brown and Wm. T. Dawson are Defendants, and said petition alleging the Defendant, M. L. Kelly on the 1st day of May 1908, executed and delivered to W. B. Beach, W. H. Rayzor, H. Trow, J. M. Garner, H. B. Webb, and Jno. W. DeAtley her three promissory notes, dated May 1st, 1908, two for \$546.42 each, maturing respectively, on the first day of September 1908 and on the first day of May 1910, and one for the sum of \$363.25 maturing on May 1st, 1909, each bearing interest at the rate of eight per cent per annum, interest payable annually, and if not paid when due to become principal and bear interest at the rate of 8 per cent per annum. Each of said notes payable at Hereford, which is in Deaf Smith County, Texas, and each providing that in case said note was placed in the hands of an attorney for collection, or if collected by suit an additional amount of 10 per cent would be added thereto as attorney's fees.

Plaintiff further alleges that all of said notes, except the one maturing May 1st, 1910 have been paid, and that Plaintiff is the owner and holder of said note maturing May 1st, 1910, which Plaintiff alleges is long past due, and unpaid; that said note was given as part of the purchase price for the following described tract of land: Situated in Deaf Smith County, Texas, being a part of Section 48, Bk. T, Cert. No. 349, Original Grantee, R. M. Thompson, and described by metes and bounds as follows: Beginning at the S.E. Cor. of said section 48, Thence N. to point in the E. line of said section. 1841 Vrs; Thence W. parallel with S. line of said sec. 982 1-2 Vrs. to a point in the W. line of said sec; Thence South 1841 Vrs. to S.W. cor. of said section; Thence E. 982 1-2 Vrs. to the place of beginning, containing 240 9-10 acres of land.

Plaintiff further alleges that in order to enforce the collection of said note, it became necessary to employ counsel to assist him, and did on the 28th day of August 1911, employ one Carl Gilliland, a practicing attorney of this bar, and did on the last named date place said note in said attorney's hands for collection.

Plaintiff further alleges that no part of said attorney's fees have been paid; to Plaintiff's further damage.

Plaintiff would further allege, that the Defendants and each of them claim some right, title or interest in and to said land, the exact nature of which this Plaintiff does not know, except by the Defendant, Dawson but alleges that the Plaintiff's Vendor's Lien given in part payment for said property, is superior to any right, title or interest of any of the Defendants in said land; that Plaintiffs is the owner and holder of the note sued on.

Plaintiff prays that Defendants and each of them be cited to appear and answer, and that he have his judgment against the Defendant M. L. Kelly for the amount of said note sued on, principal, interest attorney's fees, for cost of suit; and that he have his judgment foreclosing his Vendor's Lien on said land, and that his said Vendor's Lien be adjudged to be superior to any right, title or interest that the Defendants or either of them may claim or have.

THE PANHANDLE IS INSULTED

(Continued from Page Two)

States Land & Irrigation Exposition, Chicago:

"Referring to our conversation this morning will say that the space of the Texas Panhandle Publicity Association is no one of the corners of the two main aisles in the Coliseum. The space is 31 feet along the center aisle, north and south and 11 feet deep along the center aisle east and west from the main entrance. This is the very center of the building and in my opinion the best space in the Coliseum.

"The annex contains the lecture halls of the Union Southern Pacific Railroad, they will have two absolutely sound-proof lecture rooms, as fine as any permanent theater, fitted with opera chairs and beautiful paintings, provided with music and fifteen attendants."

"It will not be difficult, I trust, for you to gather from this letter and from the Coliseum plan attached 1st.—that we have 'the best space in the Coliseum.'"

"2nd.—that the exhibit of the Panhandle alone will be three-fifths the size of the marked Texas State Exhibit.

"3rd.—that the San Benito, Texas, exhibit will also maintain a separate booth.

"4th.—that the annex containing lecture rooms, upon which \$8,000 is being spent in decorating, is much closer to the central space of the Panhandle and to that of San Benito than it is to one of the Texas State Exhibit.

"5th.—that California, Washington, Florida and Idaho, as well as Texas, are to have a number of separate displays.

"I have already advised you that the Texas Panhandle Exhibit will be backed up by the eager, earnest membership of the Texas Panhandle Publicity Association and by the Texas Panhandle Magazine, syndicate services, publication department and beautifully appointed Chicago officers.

"It is a source of regret to me that it will now embarrass you to answer questions regarding the Texas Panhandle, for while in Amarillo you stated that even if our association didn't come in with yours you would still collect a Panhandle display for the state wide booth. Under the circumstances we do not ask or expect us in the way, but we do desire that our relations should be of the most cordial character and our hearts at all times inclined in unison to the best interests of Texas.

"Please accept my good wishes for the success of your project and convey to Colonel Opp an expression of my kind regards.

Yours truly,

TEXAS PANHANDLE PUBLICITY ASSOCIATION."

WHATCHER goin' to do about it?

GUNN AND LAND.

The spirit of any man can be best judged by his words, especially when in deliberation those words are written. By reading the correspondence between Mr. Gunn and Mr. Land as published in this issue the running reader will be able to correctly note the difference between the two men. That they occupy similar positions their attitude counts for much. Please note the gentlemanly style of Mr. Gunn's first letter in declining to give up the Panhandle plans for an exhibit at Chicago, and compare this with Mr. Land's unkind, yes, rather insulting reply. And he says that his sparp words represent the sentiment of his associates in Texas.

Is that the spirit of the Texas Exhibit Association? Mr. Land says it is. But The Brand is not at all surprised. This outburst of "childish petulance" is not only an insult to Mr. Gunn personally, but a slap at the entire Panhandle. It is, however, a full culmination of the press and public spirit that hovers over central and north Texas. The Brand has never seen a single word of favorable comment in any of the weekly papers of those sections of the state in which the Panhandle was even given credit for the good things which it has or may produce. Even when the Panhandle counties with their great exhibits at the Dallas Fair win first premiums over other sections of the state, they receive no notice, but have been accused of grossly misrepresenting their section. The editors and other citizens of Central and North Texas have delighted, yea, gloried in the failures that have come to the Panhandle. They have been guilty of sending out dispatches to northern and eastern papers which were false as to conditions in the Panhandle. Only recently a dispatch sent stated that the scarcity of grass and water in the Panhandle was the cause of death of thousands of cattle and the stockmen were seeking other locations to save their herds, when in fact, just the opposite conditions exist. Grass was never better and at no time do the cattle in the Panhandle ever suffer for water. Indeed, thousands of head have been shipped into the Panhandle this summer from Southwest Texas, Old and New Mexico and Arizona.

With rare exception all the weekly newspapers of other parts of Texas knock with both manufactured and imagined falsehoods. They see no good come from the Plains of the

Panhandle. The Fort Worth Telegram was the first state daily newspaper to discover the Panhandle and give it credit for its achievements.

Will Mr. Land put his wry grimaces in a formalin preservative and place his face on exhibition at the Chicago Land Show? He says he will.

What is the Panhandle going to do about it? First, many of the Panhandle counties have fine exhibits at the State Fair.

2nd. The Panhandle will send a fine exhibit to the Chicago Show and it will be along the center aisle of the Coliseum.

3rd. The Panhandle will continue to ship wheat, oats, corn, maize, kafir, millet and alfalfa to north, central, east and south Texas.

4th. The Panhandle Publicity Association and its magazine will continue as if Mr. Land had not stuck his uninvited nose into our business.

5th. The Panhandle booth attaches at Chicago invite Messrs. Land and Opp to visit the greatest exhibit ever shown from a new country.

Get Exhibit Ready.

It will be remembered that Walter E. Gunn, editor of the Panhandle Magazine, has invited Hereford to send an exhibit to the Chicago Land Show. All those who have specimen products, good average stuff, should take them to the office of A. H. Elliston, who will receive and mark the stuff. Don't wait—bring in anything you have that looks good. The products must be in and ready for shipment by Nov. 1st.

Tulia Fair.

Tulia and Swisher County will pull off a county fair on Nov. 2, 3, and 4, to which everybody is cordially invited. A good time is promised, and no doubt the Tulia people will make good.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

E. R. READ, Agent

The Bible for a Creed.

A large congregation at the First Baptist church Sunday night at Fort Worth heard the pastor, Rev. J. Frank Norris preach on the union of the denominations from the text:

"The true worshipers shall worship the Father in spirit and in truth."

Mr. Norris said in part:

The first question is the right spirit. A man may be orthodox in truth and be heretical in spirit. A narrow and intolerant spirit is the greatest hindrance to truth. It manifests itself in many ways. It does not all belong to the dark ages. I wish it did. When men or denominations are so blinded by their difference that they are not open to conviction they become a hindrance rather than a help to humanity.

The world is looking for love, not hate; is hungry for sympathy, not envy. As we look at each other's church spires we need to learn again "In honor preferring one another." We need to magnify the good things of our neighbor who differs from us and throw the mantle of charity over his faults. The world has not yet outgrown the mote-and-beam method of judgments.

The prayer of Jesus that all His people shall be one, will be answered. It should be advocated frequently and discussed often by every pulpit. The man who loves truth need not fear. The Pharisees hated Jesus because He destroyed and exposed their narrowness, their exclusiveness. The spirit of the Master is inclusive, "every creature."

My second proposition is "in truth." A man without the framework of bone is a jellyfish. There can be no real union except on the proper basis. There might be a suppressed unanimity, but there could be an expressed unity. The Christian world is fast coming to the new

basis, namely, the word of God as our only creed. The one God, one Father, one Lord, one faith, one church, one obedience to one authority in all things will bring about real New Testament unity.

CONFIDENCE.

We Back Up Our Statements With Our Personal Reputation and Money.
We are so positive that we can relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail.

We think that it is worse than useless to attempt to cure constipation with cathartic drugs. Cathartics may do much harm. They may cause a reaction, irritate and weaken the bowels, and make constipation more chronic. Constipation is often accompanied and may be caused by weakness of the nerves and muscles of the large intestine or colon. To expect a cure you must therefore tone up and strengthen those parts and restore them to healthier activity.

The discovery of the active principle of our remedy involved the labor of skillful research chemists. This remedy produces results such as are expected from the best of the best-known laxative tonics, and it is particularly prompt in its results.

We want you to try Rexall Orderlies as our guarantee. They are exceedingly pleasant to take and are ideal for children. They apparently act directly on the nerves and muscles of the bowels, having, it would seem, a neutral action on other organs or glands. They do not purge or cause inconvenience. If they do not positively cure chronic or habitual constipation and thus relieve the myriads of associate or dependent chronic ailments, your money will be refunded. Try Rexall Orderlies at our risk. Three sizes of packages, 10c., 25c., and 50c. Remember, you can obtain Rexall Remedies in this community only at our store - The Rexall Store.

HUBBARD DRY GOODS & GRO. CO. "EVERYTHING TO EAT AND WEAR"

About Purchasing Chickens.
From Dallas News.

From a standpoint of common sense it would seem that most people would prefer to buy chickens from a man keeping them in clean coops than from one who kept them under filthy conditions. Yet in all cities the most sickening conditions regarding the keeping of live poultry will be found in some places.

Expert poultry raisers in buying a live chicken from even a clean coop, quarantine it for some days before turning it loose with other fowls. Some of us buy chickens out of filthy coops and kill and dress them for the table at once.

Sometimes you find a whole coopful of chickens offered for sale, and there is anything less appetizing than a sick chicken, many of us have never seen it.

The coops of some dealers are never cleaned, or cleaned only when the accumulated dirt makes it neces-

sary to preserve the lives of the fowls, and the cleaning then is merely "a lick and a promise."

In these coops the fowls are huddled night and day, drinking out of the same pan, sick and well alike; some with pale faces and drooping wings; some with contagious diseases, and the odor from the coop is often so obnoxious that people hold their noses in passing.

Yet people buy these chickens and eat them, and as long as people buy chickens out of dirty coops, why should a poultry dealer trouble to make his coops clean?

This is a matter up to the people who buy chickens. They can support the dealer who keeps unclean coops and diseased fowls, or they can trade somewhere else.

The Marlin Model 20 REPEATING RIFLE

You can buy no better gun for target work and all small game up to 200 yards.

Without change of mechanism it handles .22 short, long or long-rifle cartridges perfectly. The deep Ballard rifling develops maximum power and accuracy and adds years to the life of rifles.

The solid top is protection from defective cartridges—prevents powder and gases from being blown back. The side ejection never lets ejected shells spoil your load and allows quick, accurate repeat shots. With simple take-down construction, removable action parts, least parts of any .22—it is the quickest and easiest to clean. A great vacation rifle. Ask any gun dealer.

The 126 page Marlin catalog will help you decide what rifle best suits your individual desires. Send 3 stamps for it today.

Young Women

Read what Cardui did for Miss Myria Engler, of Faribault, Minn. She says: "Let me tell you how much good Cardui has done me. As a young girl, I always had to suffer so much with all kind of pain. Sometimes, I was so weak that I could hardly stand on my feet. I got a bottle of Cardui, at the drug store, and as soon as I had taken a few doses, I began to feel better. Today, I feel as well as anyone can."

TAKE The CARDUI Woman's Tonic

Are you a woman? Then you are subject to a large number of troubles and irregularities, peculiar to women, which, in time, often lead to more serious trouble. A tonic is needed to help you over the hard places, to relieve weakness, headache, and other unnecessary pains, the signs of weak nerves and over-work. For a tonic, take Cardui, the woman's tonic. You will never regret it, for it will certainly help you. Ask your druggist about it. He knows. He sells it.

TO AILING WOMEN.

A Little Sound Advice Will Help Many a Sufferer in Hereford.

No woman can be healthy and well if the kidneys are sick. Poisons that pass off in the secretions when the kidneys are well, are retained in the body when the kidneys are sick. Kidneys and bladder become inflamed and swollen and worse troubles quickly follow. This is often the true cause of bearing down pains, lameness, backache, etc. Uric poisoning also causes headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that helps sick kidneys. You will get better, as the kidneys get better, and health will return when the kidneys are well. Let Hereford women tell you about Doan's Kidney Pills. Mrs. A. E. Simpson, 10 Jackson St., Hereford, Texas, says: "I suffered a great deal from backache and finally was led to try Doan's Kidney Pills by seeing them endorsed by people who had used them. I can vouch for the claims made for this preparation, as I received prompt and positive relief from its use. It gives me pleasure to make the merits of Doan's Kidney Pills known."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Attention.

We, the Volunteer Firemen of Hereford, submit the following for consideration of all parties concerned:

First. As we have lost one half of our former members it does not leave a sufficient number of men in the company. We want to reorganize with two companies instead of one, with seven men in each company. These with the chief and secretary and treasurer making 16 men total. We have set the date for reorganizing at Oct. 24, Tuesday night, 7:30 p. m. at city office at court house. We feel that the business men should take an active part in this as they are directly interested. We extend an invitation to all representative citizens to meet with us and advise as to the best thing to do. We have done the very best we could on every occasion and the boys have always responded to the call and should be commended for their faithful work, but we desire the cooperation of all representative citizens of the city, and again ask that you meet with us on the above date mentioned to help affect our reorganization.

Respectfully,
Volunteer Fire Dept. Company No. 1.

Bryant-Carlyle.

Married—At the residence of the bride's mother, Sunday last, Miss Flora Carlyle to Mr. G. H. Bryant, Rev. J. M. Sherman of the Methodist church, officiating.

Miss Carlyle, until recently, held a position at the delivery window of post office. Both of the contracting parties have many friends in the city who wish their happiness in their new relation.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill. Sold by all dealers.

Russian Thistle.

The farmers of the Panhandle have a problem in the eradication of the Russian Thistle. The seed were introduced in alfalfa seed shipped from Colorado and other states, and as it is a very prolific growing, it has scattered rapidly. Every farmer and stockman should destroy the weeds as much as possible. No doubt the next legislature will pass a law making it a penalty to allow the weeds to seed on the farms and right-of-way, and require the county commissioner to see that the weeds in the public roads are destroyed.

Midland Examiner Quits.

The Midland Examiner after a struggle in the field of newspaperdom for a year very gracefully leaves the field to its older rival and contemporary The Midland Reporter and in doing so its editor Mr. Carnes has this to say:

"After this issue of the Midland Examiner I am quitting the newspaper field in Midland. My actions in this matter I feel are amply justified in as much as Midland has not enough business to support two newspapers. The publication of two papers in a town of this size works a hardship on the citizenship generally and on the business men in particular, as the years past have amply proven in Midland. I regret to leave Midland, feel that I have many friends here, and I thank all for many courtesies and favors, of various and sundry kinds.

In leaving the newspaper field here I do so, advising the people that one paper is sufficient for Midland. Have one good one and no more. You will find this far the best.

T. C. CARNES."

A LIBERAL OFFER.

We Guarantee to Relieve Dyspepsia. If We Fail the Medicine Costs Nothing.

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is carefully prepared so as to develop its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid. Without it the digestion and assimilation of food are impossible.

The Carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee. Three sizes, 25 cents, 50 cents, and \$1.00. Remember, you can obtain Rexall Remedies only at our store — The Rexall Store.

Visits The Brand Office.

A number of friends and subscribers from Iowa and Missouri paid a visit to this office yesterday. H. W. Kruger of Missouri, Chas. F. Heberer, H. H. Myers and R. Shadwell, all of Iowa. The last named gentleman will be in Hereford for several days looking after his land.

A 22c Potato.

Mrs. H. H. Boardman sent to the Brand office Thursday morning a potato that weighed 9 pounds, which at the present market price of 2 1/2c per pound has a cash value of 22 1/2c. Pretty good for one lone potato. How much would an acre of potatoes like that bring?

Big Beet.

TEXAS NEEDS GREAT MEN

VII. JESTING.

KING Henry V. paid his fool a princely sum for his services and King Richard II. knighted his royal jester, but in no instances were the jokers given power to govern. Ability to perform the service was one of the first qualifications in mediaeval government, but under our form of government a candidate can be elected for Railroad Commissioner with scarcely more than a cussing knowledge of the railroad business and we may elect a Comptroller who can hardly add a column of figures and these illustrations could be multiplied indefinitely. Our queer campaign antics would make a benighted king roar with laughter, as well as make the judicious weep.

THE KING'S JESTER.

We can gridiron the State with railroads and dot it with factories and happy homes by electing to the Railroad Commission and to the Legislature men who can feel the mighty surge of civilization as it beats against our border line; who can see the world forces of progress marshalling in the dim horizon of the future and who know how to lay corner stones of empires. Texas needs great men.
