## CLARENDON COLLEGE NEWS

Our Weekly Budget from the Panhandle's Leading College—News Notes and Items of Interest to School Patrons.

The first week of the new college year has passed and the classes are all at work. The classes have been reporting since the second day, and all the conflicts have been arranged. Some of the classes are large, but arrangements have been made to divide the larger classes. It has been found that it is necessary to have more help in the literary department. The classes are being formed and they will be in the hands of the regular teacher at once.

The special departments are full, but arrangements have been made to accommodate all who may desire to enter any of them. Miss Burkhead will be here soon, and will enter upon her duties in the vocal department.

Pres. Hardy is improving from the hurt received while at Plainview, and will soon be able to walk to town.

Mrs. Tressise was called to the bed side of her father this week. It was reported that Bro. Houk is dead, but a later report came, and he is improving. The health of the pupils is good, and the attendance is fine. Thus far none of the pupils have been indisposed. All seem to be strong and well disposed, capable of good work. The boarding department is being taxed, but arrangements have been made for all who may come. There are more than 100 boarding pupils here now. The baseball boys are beginning to arrange to play after school hours. Some of the new boys will take their places. The societies have organized and are looking after the interests of the halls. The old boys are greatly missed in the hall, but each hall thinks that it will be able to do business at the old stand. Bro. Harris of McLean has arranged to have some fire escapes put on the college building. Mr. Switzer of Georgetown was with the college one day last week, and at chapel he spoke briefly of the great central institution.

Melons are plentiful now. Bro. Hardy has some fine ones on the farm, and many wagons are seen during the day.

The secretary has been very busy this week enrolling and classifying the new pupils. We note the following new pupils who have come in since the opening:

Ina Irwin, Duke, Marvin Law, Dalhart, Marie Gribble, Wellington, Martilla Espy, Plainview, Kenneth E. Bain, Silvertown, Hugh Arnold, Silvertown, Allan Burton, Clarendon, Clifton Egerton, Clarendon, Will Lott, John Lott, Owl, Okla., Chas. Leverton, Quarton, Neomia Smith, Flomont, Berta Smith, J. K. Porter, Sims Burton, Allan Jefferies, Richard Peebles, Lloyd Brown, Nelson Eddins, Bela Martin, Edgar Smith, Turner Roberts, Clarendon, Bounds Howe, Claude, Edgar McCarty, Floydada, Perle Harpe, Plainview; Ada Hawkins, Claude, Luther Gribble, Wellington, Arthur Neely, Quail.

Miss Perle Harpe came over from Plainview Monday and entered school. She was accompanied by Miss Newlin, a teacher from Kansas City, who visited at the

college two days. Miss Perle has had her room in the dormitory repaired and fixed up since coming back.

Miss Felder, the art teacher, is assisting Miss Betts some with the Primary work during vacant periods in the art work.

Dr. Burkhead called together the prospective graduating class this week and arranged courses, etc. This class is composed of about ten young ladies and young men, and promises to be as fine a class as the college has ever had.

The Castalian, Panhandle and Adkissonian Literary Societies each met in their respective society rooms on Friday afternoon at 3 o'clock, and had the first business meeting of the year. New members were enrolled, officers elected and plans made for a good year's work. The Austin Literary Society had already had its first meeting in the Primary room at 2 o'clock.

### Big Deal in Town Property.

A trade was closed this week in which H. D. Ramsey disposes of all of his Clarendon town property, the purchaser being Ed Bromley, of Collingsworth county. Mr. Bromley buys Mr. Ramsey's two-story brick business house on Main street, together with the fixtures therein, and his residence with all household furniture. This is one of the handsomest homes in the city, as well as being in a most desirable location. The total consideration involved in the trade is \$13,000, and the trade is closed. Mr. Bromley will move his family here in a very short time and immediately take possession of his property. Mr. and Mrs. Ramsey will likely leave us, but just where they will go they have not yet decided. They are among our oldest citizens, and Clarendon can ill afford to lose them, but wherever they go the best wishes of the entire community will go with them. The Banner-Stockman sincerely regrets their departure.

### Notice to Farmers.

Believing that the raising of alfalfa in this section is going to be of immense value to this country, and wishing to do all in our power to encourage the planting of same, we have made arrangements with the largest and most successful growers in Kansas to supply us with choice Turkestan Highland alfalfa seed. Every farmer in this section should plant at least a few acres. Call on us and let us know how much seed you want and we will see that you get it. New crop seed will be ready for shipment about the last of August. We want to know as early as possible about how much seed we must order. So come early and give us your name and amount of seed wanted.

THE MARTIN-BENNETT CO.

Leslie Saunders, agent at Rowe, was struck by the passenger train last Friday night and seriously injured. He flagged the train and failed to get off the track quickly enough, the pilot beam striking him in the region of the hip. He was laid out cold for a while, and it was at first thought he would die. Dr. Carroll went down next morning and immediately sent him to the company hospital at Fort Worth. Reports from there say he is doing well and will recover.

## THE MAJESTIC

is made of the same material as the  
**Locomotive**

The boiler jacket of a locomotive—exposed to wear, weather and heat—is made of **sheet iron**, because for such purposes sheet iron is more durable than sheet steel. The Majestic Range is made of **sheet iron**—not steel—for exactly the same reason.

It is a long step from locomotives to the range in your kitchen, but the material of which your range is made is of **vital importance in your household economy—less repairs.**

Sheet iron costs twice as much as sheet steel, but steel will rust, and cracks in your cooking apparatus means loss of heat, waste of fuel, and in a few years the range is ready for the junk heap.

In the body of all Majestic Ranges we now use **Majestic Old Style Charcoal Iron.** The top and framework are made of **Majestic Malleable Iron**—the iron that never breaks, cracks or warps, and is so thin that you can do all your cooking without removing the lids.

The locomotive is compelled to stand up under severe tests—good looks will not draw a train of cars. A range built to endure and stand every test is the most economical range that you can buy, **and that range is**

## CONTESTANTS AT WORK.

Many Votes Polled in the Range Contest this Week—But Little Change in the Standing.

There is little change in the standing of the contestants in the Banner-Stockman Range Contest this week. Mrs. Bain goes back to third place with a gain of 685 votes over last week. Mrs. Adams remains in the lead, but Mrs. McKeown gained on her this week.

The question has been asked us repeatedly if a candidate can withdraw and throw the votes which have been cast for her to some other candidate. Most assuredly this will not be permitted. It would be so manifestly unfair to all other contestants that such an action would not be considered. After the votes are placed in the ballot box they can not be changed.

The standing now is as follows:

Mrs. W. J. Adams, Clarendon.....	2125
Mrs. W. B. McKeown, Clarendon.....	1380
Mrs. J. T. Bain, Bray.....	1055
Mrs. J. O. King, Lelia.....	800

In the watch contest Miss Mattie Trigg is still slightly in the lead. A new contestant for the watch has entered in the person of Miss Lamberson, of Bray, who has a good country to work and we expect to

hear favorable from her in the next few weeks.

The editor drove out to the Windy Valley neighborhood with Dr. T. W. Carroll Wednesday and found that a most prosperous looking community. Crops of all kinds are looking fine, and we found one man, H. C. Jackson, breaking land on which to plant more alfalfa, he having found it a money-making crop. Claude Ellis is just moving into his new home in this locality. He has a nice place and a new and comfortable residence. There are thousands of acres of the very best tight land in this valley, and it is dotted with farms and farm houses, where a few years ago there was nothing but an immense cattle pasture. Here, as elsewhere, the man with the hoe has done wonders.

—If you want any more of that cheap lard at the Cold Storage Market you will have to hurry as it is going fast. Advertising in the Banner-Stockman has brought the people in a hurry to take advantage of the low prices and the stock on hand is almost gone. The price will go up when this lot is exhausted so better call early if you want to buy lard while it is cheap. Cold Storage Market. tf

T. H. Allen this week closed a deal whereby he becomes the owner of the Driskell & Trent brick business house on Kearney street. Mr. Allen also bought the remnant of the stock of groceries from Frank Lowrey in the building and will enter the grocery business in earnest. He has ordered a large new stock of fresh goods and will soon be stocked up with all kinds of staple and fancy groceries. Mr. Allen is a popular man and a good business man, and having ample capital for the conducting of a first-class business will no doubt get his share of the local grocery trade. He invites your attention to his store through an ad in another column of this issue.

WANTED:—To lease good fresh pasture about 400 acres with good tank water and no stock on it this year. Apply to Lewis F. Beckner, Clarendon, Texas. tf

W. A. SoRelle left Thursday night for Roswell, Texas, and will move his family back to Clarendon for future residence. Mr. SoRelle is the new partner in the Priddy-Reeves Realty Company. He has secured the Adams residence on First Street until he decides to build.

## SHEEP AND ALFALFA

**A Donley County Farmer Who is Making the Combination Pay Him Handsomely—Alfalfa Nets \$41.40 per Acre.**

The editor of the Banner-Stockman drove out to the farm of J. H. Roberts, four miles south of town, Sunday afternoon, and took a look at that gentleman's alfalfa field and flock of sheep, incidentally gathering a few facts for publication concerning these two money making propositions.

In May, 1904, Mr. Roberts sowed five acres of alfalfa. He has cut it three times this year and another cutting is now about ready. The first cutting was made in May, and the others followed five weeks apart. The cuttings have yielded a little better than 16 tons from the five acres; the fourth cutting to come next week will bring about three more tons from the field.

Mr. Roberts has figured it out that the five acres has already brought him just \$41.40 per acre, besides a considerable quantity of the hay which he has fed to his stock. This last spring he planted eight acres more which is doing well and promises a good yield for next year. He will continue planting each year until he has a good acreage.

The Banner-Stockman has from time to time referred to sheep and sheep feeding as a profitable business and one in which more people in this section of the state should take an interest. Mr. Roberts has

cross sheared 8 1/2-2 pounds of wool which sold at 28c on the market, while the wool from the straight Merinos sold at 15c to 22c. He has now on hand 190 ewes and 160 lambs. He will cull the old ewes and buy new ones for breeding purposes, and will fatten the culls and also the wether lambs and ship to market about next February. In fattening for the market he uses kafir corn, with any kind of hay for roughness. Kafir has proved to be the ideal sheep feed. The sheep eat it in the head and do not waste it as cattle do when fed in a like manner. They eat it clean, graud it well and digest it thoroughly, and it will produce the greatest amount of fat.

Mr. Roberts, in company with T. H. Peebles and W. D. Van Eaton, will leave this week for points on the south plains where they will buy a number of sheep for feeding as well as breeding purposes. They may go on down in to New Mexico if they do not find what they want closer. Mr. Roberts wants two cars of feeders and one car of stock ewes, while the other gentlemen will buy fully as many; in fact, if they find what they want at the right price they will perhaps buy as many as 2000 head in all.

The Banner-Stockman would be glad to see more of our farmers take an interest in sheep. That there is money in it Mr. Roberts has proven, and as he says, the more engaged in the business the better will be the market facilities, as two or more feeders can then

been experimenting with the wools for about two years, and has demonstrated to his own satisfaction that there is more money to be made out of them than out of cattle. He bought 350 ewes last year at \$2 per head. He fed 250 of these ewes during the winter and in February shipped them to Kansas City where they sold within a few cents of the top price for the day, and netted him a little better than \$4 around. The 190 ewes he had left after shipping brought him 160 lambs this spring, besides shearing out \$1.10 each.

shape up a car for shipment much easier than where just one man is working at the business.

We present herewith a picture of the Roberts flock, also a picture of sorghum making on the same farm. These cuts are loaned us by Farm and Ranch, in which journal they were recently used in connection with a write-up of this section. Mr. Roberts makes several barrels of molasses each year and finds a ready market for same. This year he has twelve acres planted in ribbon cane, from which he expects to make a big lot of ribbon cane syrup.

Tom Moreman was in from his place near Rowe Monday and informed us that his brother, John, from Fannin county, would be here in the near future to locate. He will occupy Tom's present place, while the latter will move nearer to Rowe and build, his land running right up to the town. Fred Bales, who was out here a few weeks ago, will also locate at Rowe.

This wool was sold to local parties at 18 1/2c per pound. There is a considerable demand for the lambs for table use here in town, and when thus sold they bring about \$4 each.

Mr. Roberts' first stock sheep were Merinos. He then bought half-breed Persia bucks from Chas. Goodnight and crossed them with the Merinos. The result, in his opinion, is the best sheep for both wool and mutton that can be produced. His yearling lambs of this

### Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." Dr. Stocking druggist, sells and guarantees them, at 50c a bottle.

### WANTS PANHANDLE STOCK

Judge O. H. Nelson to be in the Market Again This Year for the "Good Kind" of Panhandle Young Stuff.

Rumor has it that Judge O. H. Nelson will be in this territory in a few days for the purpose of working up some shipments of Panhandle young stuff on consignment to his sale pens at Ft. Madison, Iowa. Last year Judge Nelson handled about 2000 head of calves, yearlings and twos in this manner, the stuff all being sold at public auction at Ft. Madison, and going to feeders of the corn belt. Panhandle cattle have made a big reputation with the feeders, and the demand this year will be heavy, the only requirements being that the stuff must be well bred and dehorned. Besides handling on consignment Judge Nelson will also buy some stuff this year outright, as we are informed he has some standing orders to fill with parties who know what our cattle are and what they will do in the feed lot. He has already shipped out some stuff over on the Southern Kansas line, and will be down in this territory in a short time.

#### Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world at Dr. Stocking's drug store; 50c and \$1; guaranteed. Trial bottle free.

#### Attention Ladies.

The meeting of the Cemetery Association announced for last Saturday was so poorly attended that it is necessary to call another for tomorrow, Saturday, Sept. 9, at the home of the president, Mrs. James Trent, at 4 o'clock in the afternoon. A full attendance of the membership is desired, and it is also hoped that a number of new names may be added to the rolls.

By order of the association,

Secretary.

#### Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. Sold at Dr. Stocking's drug store.

W. S. Fant came up from Weatherford last week and accompanied his family home, they leaving on the early morning train Friday. They had been visiting Mrs. Fant's parents, Mr. and Mrs. D. J. Murphy. Will Murphy also returned to his home at Sherman Thursday.

#### Got Off Cheap.

He may well think he has got off cheap, who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant, and certain cure for headache, constipation, etc. 25c at Dr. Stocking's drug store; guaranteed.

FIRST—Because we want to show our appreciation of the patronage of our customers and friends.

SECOND—As an inducement to the general public to come in and see what our stock consists of.

YOU HAVE ALL TO GAIN AND NOTHING TO LOSE! TICKETS ARE READY FOR DISTRIBUTION NOW. The drawing will take place in our store on Dec. 23 at 2:30 p. m. Only such tickets as are at the drawing and in the possession of the party to whom it was issued will be valid. In other words, if a certain number draws the Charter Oak and the ticket with that number on it is not presented within 30 minutes it will be drawn for again. WHEN YOU COME TO OUR STORE FOR YOUR TICKET WE WILL EXPLAIN HOW IT IS TO BE DETERMINED TO WHOM THE CHARTER OAK WILL BE PRESENTED.

There can be no favoritism in this plan, no rich no poor, no high no low, all come on a common level. Just the asking secures a ticket for you, and the presenting of it gets the Charter Oak, if you have the lucky number.

**A New Grocery Store**

I have bought the remnant of the Lowrey stock of groceries and have ordered a big assortment of the freshest and best Staple and Fancy Groceries which are now arriving. I am ready for business and solicit the trade of the public, promising that all business transactions will be strictly on the square and that I will do as well by you as any other merchant in the county. I own the building, have no excessive clerk hire to pay and buy my groceries for the cash, taking advantage of all discounts. The result is I will be able to sell you CHEAP groceries and GOOD groceries at MODERATE PRICES. Call and see me. I am here to stay and want your business. Very truly,

**T. H. ALLEN**

**CORRECT ABSTRACTS**

When you need an abstract of title to a piece of property you want to go to the abstracter that has the best facilities for doing the work neatly, quickly and accurately. I have the ONLY SET OF ABSTRACT BOOKS IN THE COUNTY WHICH ARE COMPLETE UP TO DATE. I guarantee every piece of work to be correct. My abstract books were compiled from the deed records of the county, have been compared and checked with those records time and again, and when an abstract is made from my books it is made right. I appreciate your patronage and solicit your further favors. My prices for services in this line are always reasonable.
