CLARENDON, TEXAS, FRIDAY, AUGUST 25, 1905.

NO. 44.

Rent Houses are Greatly in Demand in Clarendon. The Opening of the Three Schools Will Increase the Demand.

Clarendon College.

Clarendon College will open her doors for the eighth annual session next Tuesday, Aug. 29. Preparations have been made for another successful term and the prospects are considered very bright. The boarding capacity will be taxed to the utmost and arrangements are being made for additional rooms for the young men boarders.

The faculty this year is as follows:

Rev. G. S. Hardy, President; Mental and Moral Philosophy.

S. E. Burkhead, M. A., Principal; English, Latin, Greek.

Wm. F. Johnston, B. A., Mathematics, Science, History.

Miss Gertrude Sherman, (Sam Houston State Normal), English, Latin, Mathematics.

Miss Gabie Betts, Primary Department.

Mrs. V. K. Wedgworth, B. A., Director Musical Department.

Mrs. Myrtle Tresise, Stringed Instruments, Voice Culture, Elocution.

Miss Mary Burkhead, Assistant Voice Culture and Piano.

Miss Felder, Art.

The Range Contest.

A new candidate enters this week in the person of Mrs. J. O. King of Lelia. Mrs. King starts off with 400 votes. Mrs. Adams still leads with Mrs. McKeown second and Mrs. Bain third. The standing is as follows:

Mrs. W. J. Adams, Clarendon,	1005
Mrs. W. B. McKeown, Clarendon,	440
Mrs. J. T. Bain, Bray,	425
Mrs. J. O. King, Lelia,	400

There are two entries in the watch contest, Misses Aris Baldwin and Mattie Trigg, Miss Aris Baldwin being slightly in the lead.

County Court.

The full time of county court this week has been occupied by two cases. The first was styled A. J. Barnett vs. H. L. Braly, suit for commission on land sale; the jury returned verdict for plaintiff for damages to the amount of \$384 and costs.

The latter part of the week has been taken up with the case of Foreman Stubbs vs. Western Union Telegraph Co. This suit was for damages for failure to deliver a telegram calling a physician to attend the wife of plaintiff. Damages to the amount of \$1000 were asked and yesterday the jury returned a verdict for plaintiff in the sum of \$400.

A Distinguished Visitor.

Congressman J. W. Wadsworth, of Geneseo, N. Y., was here last week, guest of Richard Walsh at the JA ranch. Mr. Wadsworth is a brother of Mrs. Cornelia Adair, owner of the ranch, and this was his first visit to the west. He is chairman of the agricultural committee in the national house of representatives, and is greatly interested in agricultural pursuits. His visit to the ranch was a revelation to him, as he was shown crops, cattle, fruit and other products that simply astonished him.

Prof. Wm. F. Johnston returned this week from Austin where he has been on the State Board of Examiners.

Vestus Jones and Emmett McCombs returned Wednesday night from Greenville.

THE NUPITAL VOW.

Marriage of Mr. G. W. Archer and Miss Lora Kimberlin.

The marriage rites and ceremony with its solemn vows have ever been an occasion of interest to the world in general. Perhaps since the day our first parents were so mysteriously joined in wedlock by the Creator in the Garden of Eden, no couple has been wed but that some friend or relative felt or expressed some anxiety about the matter. So, little surprise was experienced from the fact that the early hour of 6 a. m. Wednesday found a large audience present in the Methodist church to witness a marriage in Clarendon.

The high contracting parties were, Miss Lora E. Kimberlin and George W. Archer. Miss Kimberlin is the daughter of Mr. and Mrs. R. S. Kimberlin, recently here from Sulphur Springs, Texas, but for the last three years she has been making her home with her sister, Mrs. A. M. Beville. Mr. Archer resides in Pomona, California, where he is prosperously engaged in the mercantile business.

While the homes of the bride and groom were far distant apart, this marriage was but the consummation of love's young dream, their attachment for each other dating back to childhood.

The church was beautiful with growing and cut flowers tastefully arranged.

The first announcement that the appointed hour was near was signaled by a vocal duet, softly but artistically rendered by Misses Kittie Fleming and Hazel Jefferies. Following this as Miss Chamberlain played a wedding march the bride and groom proceeded down the aisle following the ushers, Messrs. Ed Graham and Victor Trammell. They were met at the chancel rail by the Rev. J. Sam Barcus, who, assisted by the Rev. B. W. Dodson, performed the impressive ceremony of the Methodist church which made them man and wife.

The bride was most becomingly attired in a reseda green chiffon taffeta traveling suit, finished with applique ornaments, lingerie waist, point lace collar, chiffon velvet hat, trimmed with pink chrysanthemums and bird of paradise. The groom looked knightly in a handsome black suit of the Chesterfield cut.

The train being thirty minutes late the bridal party remained in their carriages near the church for a few minutes receiving the congratulations of their friends, then drove to the depot and took the train for their future home, Pomona, California. At the train they were showered with rice and good wishes by their friends.

Miss Kimberlin's personal traits of character are such as will make her the queen of the household and a congenial companion. Though unassuming, she possesses a mind rich in its imagination, filled with noble sentiments and deep piety that especially fits her for all the exigencies of life. She taught for two years in Clarendon Public school, and has a host of friends among the children and young people.

Starting out as this couple did in the red and glow of the early morning, indicating zeal and hope, may the morning brighten into the mid-day of the realization of their

fondest hopes, and may the gently sloping sun shed a halo of light around lives well spent.

A FRIEND.

The Ladies Organize.

Pursuant to call a number of ladies met with Mrs. R. F. Wood Saturday last and organized the Clarendon Cemetery Association. Officers were elected as follows:—Mrs. James Trent, President; Mrs. R. F. Wood, Vice President; Mrs. W. H. Cooke, Treasurer; Mrs. Marguerite McCormick, Secretary. The purpose of the organization will be to take care of the local cemetery.

Another meeting will be held at the home of Mrs. James Trent next Saturday (tomorrow), from five to seven o'clock, at which time constitution and by-laws will be adopted and the organization perfected. The occasion will also partake of the financial, in that the association will entertain the general public with a "Ten Cent Tea," to which all are invited and which it is hoped will swell the treasury of the organization materially.

—How about that winter suit? We have some elegant new samples and can take your order and guarantee to fit and please you. E. Dubbs & Sons.

THE MAJESTIC

is made of the same material as the
Locomotive

The boiler jacket of a locomotive—exposed to wear, weather and heat—is made of *sheet iron*, because for such purposes sheet iron is more durable than sheet steel. The Majestic Range is made of *sheet iron*—not steel—for exactly the same reason.

It is a long step from locomotives to the range in your kitchen, but the material of which your range is made is of *vital importance in your household economy—less repairs.*

Sheet iron costs twice as much as sheet steel, but steel *will* rust, and cracks in your cooking apparatus means loss of heat, waste of fuel, and in a few years the range is ready for the junk heap.

In the body of all Majestic Ranges we now use *Majestic Old Style Charcoal Iron.* The top and framework are made of *Majestic Malleable Iron*—the iron that never breaks, cracks or warps, and is so thin that you can do all your cooking without removing the lids.

The locomotive is compelled to stand up under severe tests—good looks will not draw a train of cars. A range built to endure and stand every test is the most economical range that you can buy, *and that range is*

R. C. Weatherly this week purchased the Rusk residence on Third street at private terms.

R. E. Avery, of Houston, came in last week and is doing jury service in Cupid's court.

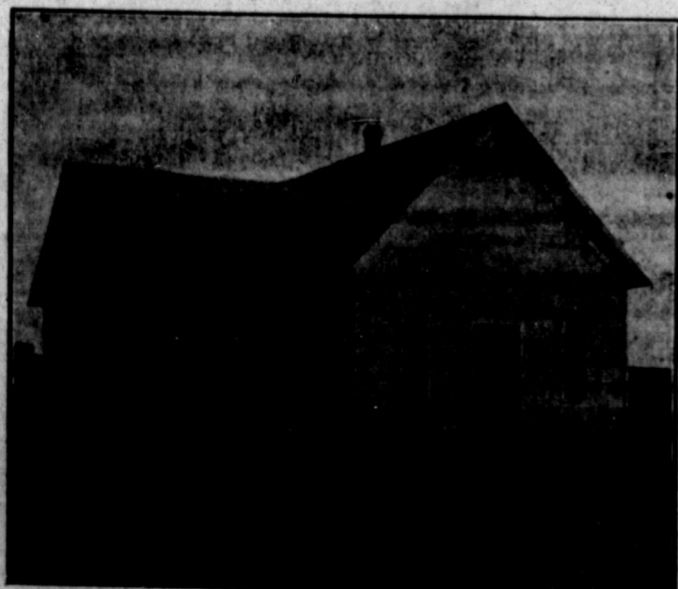

J. W. Morrison returned Saturday from his California-Oregon trip. He says he found all kinds of country, good, bad and indifferent, but found nothing that suited him better than Donley county.

W. G. Stewart and family came in Saturday from California. He decided that he did not like the "promised land" to which he and his party had emigrated, and took the back trail on short notice. He will locate in Ft. Worth. Hall is expected back on any train.

Dr. Albert J. Caldwell, the Amarillo eye, ear, nose and throat specialist, advertises to be here again on the 30th and 31st inst., office with Dr. T. W. Carroll. Dr. Caldwell has been coming regularly to Clarendon for the past year and has been very successful in all cases applying to him for treatment. The editor recently called on the doctor in his offices at Amarillo and found him fitted up with the very latest, best and most expensive instruments and devices for the practice of his specialties. He is of a disposition content only with the best, and has fitted himself to take care of his business in an uptodate manner. Any parties needing his services will find Dr. Caldwell a gentleman, and a well posted, finished specialist.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Lytle is Pleased.

Kansas City, Aug. 19.—John T. Lytle, secretary and general manager of the Texas Cattle Raisers' Association, arrived in Kansas City last night from Chicago, where he has been in attendance upon the national reciprocity convention. Mr. Lytle expects great results from the meeting in the way of benefits to the live stock men of the country.

"We had a conference with Secretary James Wilson of the department of agriculture," he said, "and the secretary agreed with us that what is known as the twenty-eight-hour law should be altered. I have no doubt now that the desire of the stockmen for this change will be acceded to. The law provides that stock in transit must be unloaded and fed and watered

within twenty-eight hours of the time they are loaded. Stockmen have objected to this as a hardship and I believe that they will find the officials soon ready to permit them to send their shipments of stock through to destination where the latter is not more than a few hours farther than the twenty-eight hour limit.

"I do not know that there will be any stipulated time limit in this matter, but I do believe that it will greatly benefit stockmen at large.

"Generally speaking, I should say that the results of the conference were highly beneficial.

"A committee of fifteen was named to further prosecute the purposes of the organization.

"This committee will begin work at once and I believe will be able to do much."

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at Dr. Stocking's drug store; price 50c.

Mr. and Mrs. Tom Buntin, Mr. and Mrs. Walter Taylor, Mrs. L. C. Beverly, Mr. R. E. Avery (of Houston) and Misses Lou Ryan and Grace Taylor formed a merry party who left town Tuesday for a trip of several days to Timber Lake.

Charley Heisler was in from Brice the first of the week to see wife who has been sick in town for some time. He reported her not doing well, and that another operation would be necessary.

GENERAL STOCK NEWS

Wm. H. Craven announces that twenty sections of the Shoenaill ranch lands are now on the market. The land lies north of Red river.

W. R. Monday, of Knoxville, Tenn., last week bought a five-section ranch from W. J. Wheeler, five miles from Hereford, consideration \$14,400. Some improvements.

J. A. Patterson sold 60 cows to Louis Held at \$20 around. The cows and calves shipped from here by J. W. Hoppes and J. A. Patterson to St. Joe last Sunday sold as follows: The cows brought \$19.50 net and the calves net \$9.50.—Panhandle Herald.

The Hereford Brand reports the sale by G. W. Irwin to J. A. Johnson and J. H. Bowers of a four-section ranch 14 miles south of Hereford. The price paid was \$4.50, bonus. Two hundred and fifty head of cattle went along with the land at \$15 per head.

Sid Kyle was down from his ranch near Riverton the first of the week. He reports his cattle and range in good shape. Last week he delivered 100 head of fine yearling steers to Lee Reagan at Riverton, for which he received \$12 around. They were shipped to Portales. Wat Reynolds, Will Courtney and Col. Rush delivered 53 head of fine 3-year-old steers to W. R. Tandy at the Pecos Valley pens last Friday, for which they received \$20 around.—Pecos Times.

L. Light, of the Kiowa, sold 125 yearlings to John Dorsey, for \$18 this week. The Judge has fine cattle and gets the top price.

Henry Frass and Ben Dreyfoos sold 120 head of fine yearling steers to Missouri parties for \$21, this week. Ben Roberts sold to Jim Patterson 100 calves for \$7.50 this week and is well pleased with the sale. Will Spangle sold John Dorsey 36 head of 2-year-old steers for \$20 and 12 head of cows at \$15 per head. Will Kelley sold John Dorsey 80 head of calves and 30 head of cows this week. Bill says the terms are private but that he got a high price for them.—Higgins News.

Use Steamed Bone Meal.

A good many farmers are putting bone meal on their lands at the rate of 200 pounds to the acre, for the purpose of restoring the phosphorus. Many of them are, however, making the mistake of putting on raw bone meal instead of steamed bone meal. In all cases the steamed bone meal should be used, as it is as rich or richer in phosphorus than the other kind and costs less. This lessened cost is due to the fact that the bones before being ground were steamed to get the value of the nitrogen they contain. All the phosphorus was left in, and that is what the farmer is principally after when he buys bone meal. Professor Hopkins and other experimenters are continually calling the attention of the farmer to this matter, but there are many that seem to pay no heed and go on buying the more expensive kind. This is a case where the cheapest is the best.

A GOOD NIGHT'S REST

"Speak for it!" she cried to doggie, For she knew in her little heart, That German Syrup, home's great treasure, Could health and joy impart.

The greatest tonic on earth is a good night's rest. Restless nights and the terrible exhaustion of a hacking cough are dread dangers of the poor consumptive. But why this fear of the night when a few doses of Dr. Boschee's German Syrup will insure refreshing sleep, entirely free from cough or night sweat? Free expectoration in the morning is made certain by taking German Syrup.

We know by the experience of over thirty-five years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders.

A Town's Beauty.

To make a city beautiful requires concentrated effort. It is easy for one man to beautify his property, but general work only can do the same for a town. Clarendon has been particularly lucky in this respect during the past year or two, and the improvement in the town's appearance is manifest. More than a half-dozen new houses, valued at \$2000 and upwards, have been built; the city dads have done some good work along civic improvement lines, and in other ways the town has come a few notches closer to the "city beautiful." The latest piece of work of importance has been the building of the residence of Richard Walsh. This building is of rather peculiar design, being of the Oriental style of architecture, which is very little used in the west. The interior is finished up in hard oil and presents a very pleasing appearance. Taken as a whole this building is one of the neatest pieces of work that has ever been produced in Clarendon and reflects credit on the creative ability of its architect, R. C. Weatherly. It is to be hoped that many more like structures will go up in Clarendon at no very distant day.

Grandma Naylor.

Mrs. B. F. Naylor, known to all as "Grandma Naylor," died at the home of her son-in-law, Roy Kendall, last Friday afternoon at 2 o'clock, after an illness which had lasted some six months but which showed serious symptoms only a few hours before her death. Deceased was 65 years of age, and was a consecrated Christian woman. She leaves two sons and two daughters as follows: Messrs. Frank and Tom Naylor and Mrs. Eunice Kendall, all of this county, and Mrs. Annie Davenport of Vernon, all of whom were present at her death. The funeral services were held at the M. E. Church, South, Saturday, the interment being at the Citizens cemetery. The following tribute has been handed in for publication.

In Memoriam.

Another soul has gone to join the Angelic Throng. While our hearts are sad because of separation, we rejoice in the hope of meeting again in a never ending eternity. Grandma Naylor was the wife of Uncle Ben Naylor who departed this life some years ago. She was a member of the M. E. Church South.

She was a real christian following the meek and lowly Jesus each day and every day.

Sunday profession was not blighted by Monday living. In truth she lived more than she professed. To know her, was to love her, and those who knew her best loved her most.

It is always a blessing to me to claim the friendship of the aged. In every community in which I have lived, I have always found at least one to fill Grandmother's place in my life.

Dear Grandmother, how we reverence her memory. Grandma came into my life so soon after my own Grandmother went out, that I loved her as one supplying a heartfelt need. She was so motherly and kind that I always felt when in her company "It is good to be here."

To her bereaved children we commend to you her Savior and friend. Only live as she lived and you shall spend Eternity with her.

Mother's way, how the children love it; Love the path her feet have trod. 'Tis their narrow way to heaven, 'Tis their shortest road to God.

Mother's way; Oh walk ye in it, Never doubting it is best; Follow her as she did Jesus, For 'twill lead to perfect rest.

Cheer up loved ones, cease your sorrow. He has only gone before; And upon that glad tomorrow Shall meet to part no more. We are only true to Jesus, Standing by the right, To meet our sainted loved ones Of pure delight.

Receipts of hogs thus far this week are 10,900; last week, 10,400. Monday's market was 5 to 7 1/2c lower but today opened strong to 5c higher, closing easy. Bulk of sales were from \$5.00 to 6.15; top 6.17 1/2.

Receipts of sheep thus far this week are 7,400; last week, 5,300. Monday's market was dull at weak to 15c lower rates but today the demand was strong and prices were firm to 10c higher. We quote: Choice lambs, \$7.10 to 7.25; choice yearlings, \$5.25 to 5.50; choice wethers, \$5.00 to 5.15; choice ewes, \$4.50 to 4.75.

The editor and family return thanks to Mrs. D. J. Murphy for a splendid treat to cantaloupes one day this week. The melons were of the Rocky Ford variety and were very fine.

Mrs. V. K. Wedgworth, musical instructor at Clarendon College, received last week a Virgil's Practice Clavier, which will be used by the pupils in her class for practice. This instrument saves the use of a piano for practice and is a splendid aid to the student in gaining experience in finger exercises. It is perhaps the only instrument of its kind in use in this section of the west.

Baby Dead.

The four-months-old baby girl of Mr. and Mrs. W. J. Berry died at the family home on First street last evening at six o'clock after a long illness. The funeral will be held this afternoon. Mr. and Mrs. Berry are comparatively new comers in Clarendon, and the sympathy of the entire community is extended them in their sad bereavement. The Banner-Stockman joins in the universal sympathy extended them.

Notice to Farmers.

Believing that the raising of alfalfa in this section is going to be of immense value to this country, and wishing to do all in our power to encourage the planting of same, we have made arrangements with the largest and most successful growers in Kansas to supply us with choice Turkeystan Highland alfalfa seed. Every farmer in this section should plant at least a few acres. Call on us and let us know how much seed you want and we will see that you get it. New crop seed will be ready for shipment about the last of August. We want to know as early as possible about how much seed we must order. So come early and give us your name and amount of seed wanted.

Cheap Lard.

Cold Storage Lard is the best on this market. We are overstocked with it, however, and to move it out we have reduced the prices as follows:

5-lb. buckets from 70c to 60c.
10-lb. buckets from \$1.40 to \$1.20.
50-lb. cans from \$6.25 to \$5.

This is the cheapest price ever offered on good lard. Supply yourself before it is all gone. A strict guarantee goes with every pound sold 41-1f

THE AYERS FAMILY

Miniature Glass Blowers.

Come and see the glass peaches, pears, apples, cherries, prunes, grapes on vine, lemons and imitations of all the California fruits made before your eyes.

See the Lady Spin Glass

One inch of glass spun will reach three miles. Can bend it and tie it into a knot, or can be made into glass cloth. See the lady knit glass into Ships, Jardiniers, Birds, Baskets, Deers, Dogs, Antelopes, Goats and Lamps—all accomplished out of glass.

COME! and we will convince you that there is music in glass. The Lady takes 30 glasses consisting of wine glasses, tumblers and beer glasses and plays on them with ease. Chas. K. Harris' latest songs will be illustrated in the most beautiful colors on a 15 square foot canvass. Chas. K. Harris' most fashionable and latest song, "I'm Trying so Hard to Forget You," will be illustrated at each entertainment with others. This alone will be worth the price of admission.

We Give Each and Everyone a Present

holding a paid admission ticket, some of the presents being worth many times the price of admission. We will teach one party in each town the secret of making glass fruit. This will start you in a nice, clean and profitable business, as this is a new secret in America.

St. Mary's Academy.

The Mother Superior and her teaching staff arrived this week from San Antonio and are at work getting the Academy in preparation for the next term of school which begins on the first Tuesday in September. The new additions which were in prospect during the vacation season were not made, as it was found impossible to do the work as soon as expected but a force of workmen are now at work on the interior of the building, putting in some new ceilings, painting, plastering, etc., and the building will be in thorough repair by the time school opens.

The faculty this year will consist of five Sisters, and besides the regular literary course the commercial class will open on September 15, and special courses will be offered in Music, Art and Embroidery. Attention is called to the advertisement of the institution appearing in another column.

To Whom it may Concern.

I have purchased the interest of Miss Lora Kimberlin in the business of Mrs. A. M. Beville & Co., and will continue the business as before.

In order that the partnership may be settled at once, all who know themselves indebted to the firm will very greatly oblige by an early settlement of the same.

The Glass Blowers.

The Ayers Family, miniature glass workers, are in the city and will give two performances each day while here. Mr. A. W. Ayers is a brother of Claude Ayers, formerly of this city but now of Childress. He is an affable gentleman, and the entertainment his family is presenting to the public is first-class and something wonderfully interesting. See the advertising notice in another column.

C. Wilmot Dead.

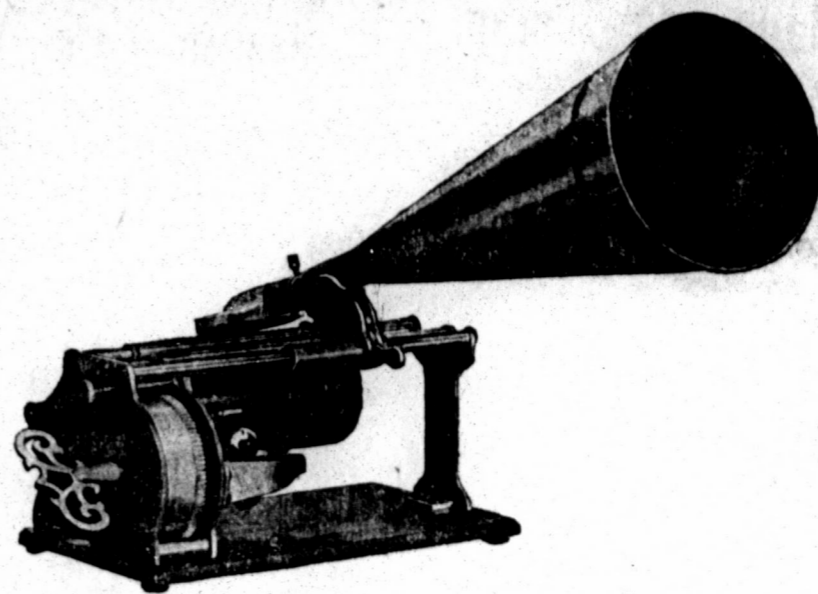

Chas. Wilmot died last night at his home on the old W. F. White ranch south of town. The disease was consumption. Mr. Wilmot came out here from Dallas about a year ago. He leaves a wife and daughter. We go to press too early to learn of the funeral arrangements.

G. Leathers, son of J. R. Leathers, and Miss Edith Brown, daughter of Harry Brown formerly of Clarendon, were married Wednesday evening at the home of the bride's parents on the Teb Bugbee place near Groom. They are both popular young people, well known in the community, and the Banner-Stockman wishes them happiness and prosperity.

Mr. and Mrs. W. C. Culwell returned yesterday from Springtown, where the lady had been visiting her parents.

Jake Stubbs and wife, of Alanreed, have been here this week, guests of Mr. and Mrs. Marion Williams.

As we go to press we learn that T. J. Noland and Mrs. Lillie Harrington were married at Canyon City yesterday afternoon. Both are well known here and are popular people.

FASHION NOTE:—Porous plasters will be worn much lower during the season for the peek-a-boo shirt waist.

THE Panhandle peach is coming in for its full share of attention just now. They have been found weighing all the way from one-half to a full pound.

AN Armstrong county woman captures the cake in respect to having the biggest oat crop in the Panhandle. Mrs. F. O. Wilson threshed out 72 1/4 bushels to the acre.

ONE of our exchanges contains an advertisement that reads something like this: "To exchange, dishwasher for buggy pole or neck yoke." That fellow has ceased to sing, "Let the women do the work."

CUPID lost every arrow in his quiver at Hereford last week. It is thought the visit of so many handsome editors precipitated matters and made the white face boys bold. However that may be it is a fact that the path to Hymen's altar bears evidence of being well traveled, and a half dozen hearts are now supposed to beat as three.

ANOTHER "social equality" incident has been pulled off in the north. John Wannamaker's daughter went in to dinner at a fashionable hotel leaning on the arm of Booker Washington, who, while educated, is, after all, nothing but a nigger. To the people of the south, nay, to all self-respecting people, such an act is disgusting and disgraceful.

Peculiar Disappearance.
J. D. Runyan, of Butlerville, O., laid the peculiar disappearance of his painful symptoms, of indigestion and biliousness, to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at Dr. Stocking's drug store, price 25c.

Peaches weighing half a pound are so common in Donley county this year that they have ceased to attract attention from anyone except the prospectors and new comers. Local parties are shipping large quantities of this fruit, and needless to say they are finding a good market. Express Agent Baldwin has put in a big stock of crates and has worked up a fine shipping trade. The Banner-Stockman has some very fine specimens of Elbertas raised here in town by F. N. Page.

CHICAGO ST. LOUIS KANSAS CITY FT. WORTH

Fat Cattle Sold.

Thomas Gerhardt, of Hutchinson county, was in the city yesterday closing up the details of a fat cattle sale matched some time ago, with Kansas City parties represented by Malcolm Davidson, and is staying over to attend the Farmers' Congress. Mr. Gerhardt is especially proud of his bunch of cattle, 266 head in all, all steers, coming threes, which were fed on kaffir corn last winter, and are now rolling fat. The price is \$27.50 and there were no cutbacks. Mr. Gerhardt is each year paying more attention to farming, steadily increasing his acreage of forage crops, and says that after a quarter of a century of experience he is just beginning to find out how to make the cattle business pay. Hereafter he will feed every winter, whether the weather is bad or not, and is confident that it will pay him to do so. From the prices obtained for the bunch in question it would seem that his view of the matter is founded on reason, too.—Amarillo Herald.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale at Dr. Stocking's drug store.

A Stranger's Opinion of Our County.

Representative of Farm And Ranch Throws a
Few Rhetorical Boquets.

Coming south, or, speaking more exactly, southeast, along the Denver Road, one descends somewhat rapidly on leaving the Panhandle to the lower country of the foothills. While the altitude is not so high as that of the plains country, it is still high enough to insure pure air and a healthful climate, ranging from 3,700 feet in the upper portion of Donley county to 2700 feet at Clarendon, near the center of that county, and thence decreasing gradually as one travels on towards Ft. Worth. Starting at Goodnight in the eastern part of Armstrong county, and passing through Donley, and the northern part of Hall county, one crosses what is locally termed "the rain belt," a stretch of country about fifty miles wide and extending for a considerable distance northeast and southwest, where the residents claim there is very rarely a scarcity of water, and that grass and other vegetation is green when it is dry and parched in other parts of Northwest Texas. At the season when I passed through this belt, however, there was little to distinguish it from the adjacent counties, particularly those lying to the southeast. All were clothed in verdure, and field crops, fruits and flowers were flourishing alike in all.

Below the plains, the crops are somewhat more varied than in the Panhandle proper. Cotton growing is becoming an important industry; wheat oats and rye have proved more certain, so far, in their yields, and a greater number of crops have been tested. The population is greater and more experimental farming has been done than in the extreme northwestern part of the state. Water is nearer the surface than in the higher plains country and throughout the "rainbelt" can be secured by sinking wells from 25 to 200 feet. There is a breeze at all times to operate the windmills which raise the water, so that, practically, each home has its own waterworks system.

Hall and Donley counties are very much alike in soil and products and the two may be well considered together. Each produces fine cotton, wheat, corn, oats, milo maize, kaffir corn, sorghum, millet and fruits, vegetable and berries in great abundance. Alfalfa is growing rapidly in favor, and some of the finest alfalfa fields I have seen this year were in Donley county, grown without irrigation. Alfalfa in this section can be cut from two to three times during the season and the annual yield for the past two years has been from three to five tons per acre. Corn, of either the common Indian or the June variety, yields 20 to 40 bushels per acre; oats, 30 to 50 bushels; cotton produces 1/4 to one bale per acre; sorghum, 4 to 6 tons; kaffir corn and milo maize yield 30 to 50 bushels of threshed grain, in addition to the roughage used for stalk field pasturage. A very large part of the kaffir corn crop is never threshed, but is used for cattle feeding on the farms where it is grown, for this is a splendid cattle growing country. Years ago it was exclusively given to cattle growing, but as Col. T. S. Bugbee, president of the Panhandle Cattle-men's Association, remarked to me: "The cattle men were driven to farming in self-defense." One acre under cultivation, he stated, was worth 40 acres of grass for

stock raising purposes. About five years ago Col. Bugbee put 100 acres in cultivation as an experiment. He was so well satisfied that he has increased the acreage under cultivation each season, and this year he has 1,500 acres, mostly in feedstuffs, under the plow on his ranch near Clarendon.

"Years ago," said he, "no man in the West was more opposed to the nester or small farmer than myself, and I was honest in my opinion—but I've changed my mind now."

When the Donley County Improvement Club was formed at Clarendon, a few weeks ago, of furnishing to immigrants reliable information relative to that county and assisting them in finding suitable locations, Col. Bugbee was one of the most enthusiastic workers, and presided as temporary chairman at the organization of the club.

For the growth of sweet potatoes and melons, the soil of Donley and Hall counties seems to be extremely well adapted, and while most of them are young, I saw numerous orchards of peaches, plums, apples and apricots, which appeared to be in a very flourishing condition.

There are several kinds of soil in these counties, varying from a stiff black, to sandy, or sandy loam. Land values run from \$5 to \$20 per acre, according to location and fertility, though some grazing land may be had as low as \$3.50 per acre.

Memphis is the county seat and chief town of Hall county, and Clarendon holds a similar position in Donley county. In both of these towns, as well as in the smaller villages, are good schools, well built churches, and pleasant homes, around which shade trees, set out a few years ago, are spreading their leafy branches.

Organized along the same lines as the Donley County Improvement Club of Clarendon, is the Red River Valley Immigration Club of Memphis, Hall county, which is actively at work furnishing information to prospective settlers in that section.—Farm and Ranch.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyer, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious throat trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for consumption, coughs and colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At Dr. Stocking's drug store, 50c and \$1.00 guaranteed. Trial bottle free.

Kinloch PURE RAW LINSEED OIL
HOUSE PAINT
MAKES THE BEST PAINT

Important Memorandum—The painter in the most important factor in painting a job complete, done by a good painter with the best quality of paint, costing say \$50.00 (\$40.00 labor, \$10.00 paint) will last five years. The same paint applied by a cheaper painter, costing say \$20.00 (\$15.00 labor, \$5.00 paint) will last only one year. This is the "per-year-cost" of the good painter's job at \$12.00—the poor painter's \$20.00.

When we sell you paint, you buy the linseed oil separately. We know from our experience that paint without fresh linseed oil is not going to last very long. Of course, it may look well in the beginning—but in the end—what?

We're here in business to stay and when we recommend Kinloch Paint we certainly must be positive of its staying qualities, too. We can give you some real information on painting. When you are ready to buy come and see us about

Kinloch HOUSE PAINT
We will supply you at the same time with fresh, pure linseed oil.

An Enjoyable Party.

Mrs. Dr. J. R. Briggs gave a Contest Party to her daughter, Miss Raymond, complimentary to the visiting young ladies in the city last Friday evening at the residence of Dr. and Mrs. Wm. H. Cooke. She was assisted in receiving by her mother, her sister, Mrs. Albert Erwin, Mrs. John E. Cooke, and Miss Raymond. Neat and catchy folders were provided the guests. On one page appeared a list of fifteen verses of poetry, each descriptive of a certain word beginning with the prefix "can." On another page were illustrations from twelve popular advertisements of the day, without wording. Prizes were offered for the best solutions of the two contests, and a great deal of mental recreation was afforded, as well as considerable amusement. Refreshments were served and some excellent music was rendered during the course of the evening. The guests, of whom there were some forty, departed at a late hour with many protestations of having passed most enjoyable evening.

The prize winners in the guessing contests were: Miss Bessie Chamberlain, Mrs. F. D. Martin, Mr. J. G. Martin and Mr. J. D. Van Horn.

Mr. and Mrs. J. M. Clower and daughters, Misses Edith and Lillie Mertz, accompanied by Jack Coulter and W. Y. Switzer, left Sunday for Plainview to attend the wedding there on Wednesday night of Mr. William Clower and Miss Laus Doe Houk. The wedding party is expected in Clarendon tomorrow and a reception will be tendered the bride and groom by the parents of the latter. The wedding and attendant features will be properly mentioned in our next issue.

Attention is called to the ad of Doctor Stocking's Drug Store in another column. The doctor is making a specialty of school books this season as in the past, and handles all books called for by the course of study in our local schools.

J. W. Looney and family have returned to Clarendon to live after investigating Parker county, Denton county and the north plains. They say Clarendon is the best.

R. A. Preston left Wednesday for El Paso where he expects to locate some of the state school land and make a home for his mother and himself. Robert is a fine young man and the Banner-Stockman hopes he will find things coming his way in the far west.

Elder C. C. Bearden, of Arlington, Texas, is here this week conducting revival services at the Christian church. Bro. Bearden is considering a call to this pastorate.

The family of Dr. and Mrs. Wm. H. Cooke had a family reunion here Sunday, Monday and Tuesday. The five children were all together for the first time in several years. They are as follows: Mrs. Dr. J. R. Briggs of Dallas; Robt. F. Cooke of Ft. Worth; Mrs. Albert Erwin of Denton; Mrs. Marguerite McCormick of Clarendon, and John E. Cooke, editor of the Banner-Stockman.

Ten Cent Tea.

The ladies of the Clarendon Cemetery Association will serve refreshments at the home of Mrs. James Trent tomorrow, Saturday, Aug. 26, from five to seven. The general public is urged to come out and help the good work along by contributing the small sum of ten cents each, for which value received will be given in the shape of nice refreshments.

MRS. MARGUERITE McCORMICK, Secretary.

E. L. McClelland, of Washington, D. C., was here the past week visiting his brother, J. B. McClelland, and family. They had just returned from Las Vegas, N. M., and report T. S. McClelland improving in health. Mr. McClelland is a prominent attorney of Washington City. He complimented the Banner-Stockman highly, having been a constant reader of it for the past six years.

—Miss Bessie Chamberlain, teacher of music for the public school, will open her class on the first Monday in September. Music room with Mrs. E. E. Baldwin at the Ray residence just across the street from the public school building. Having spent several months in the musical conservatory at Sioux City, Iowa, Miss Bessie feels more competent than ever before to offer superior instruction, on piano and guitar, and solicits the patronage of the general public. 2t
