

The Fruit and Melon Crop of Donley County This Year is Immense and is Paying the Producers Very Handsomely.

Mr. Beverly's Wholesale Hospitality

Celebrates Friend's Visit By Killing the Fatted Calf
And Invites Entire Town to the Feast.

One of the most delightful occasions that has fallen to this writer, and I dare say to all who enjoyed the occasion, was the picnic and barbecue tendered on last Saturday by Mr. and Mrs. L. C. Beverly at their home on the LU ranch to their friends, of whom over 200 attended. It is about 8 miles north of Clarendon to the ranch headquarters, which is located very picturesquely on the banks of Carroll creek, where clear rippling waters never fail, but like Tennessee's brook in his world famous poem "go on forever." Allow me to digress enough from the write-up of this occasion to say that one of the most attractive features of Donley county is her some 200 everflowing springs and streams of pure water.

The ride out was greatly enjoyed by the townspeople. The crops along the way were a revelation and convinced us that the reports which had reached us were like the reports to the queen of Sheba about the magnificence of the kingdom of King Solomon, "the half had not been told."

Masters Roy and Willie Beverly took charge of everybody's team, seeing that they were both watered and fed and ready again when wanted. Mr. and Mrs. Beverly and their daughter, Mrs. Walter Taylor, took charge of the guests and saw to it that they all had "the time of their lives."

All early went to the large grove where the tables and barbecue pit, which place at most any old kind of barbecue and picnic proves the most attractive place, but especially so was it on this occasion.

No epicurean could hardly do justice in description of that dinner or rather feast, which all enjoyed. It consisted of barbecued calf, the aroma of which tempted even Bro. Dodson away from fried chicken, cowboy campash or stew. Oh, how fine it was, boiled roasting ears, all kinds of vegetables, pickles, jellies, preserves, pies, fruits, a whole wagon load of watermelons, hot coffee, ice water, etc. Like myself, everyone resolved to "go all the gaits" and eat something of everything and all those who were able to do so went through the course again, always beginning and ending with

the barbecued beef. Bro. Dodson, while eating on his fourth piece of pie, said it did not taste good like it did when he began, while Editor Blake said, after going back to about his third roasting ear, that it did not taste good now "like it did when he was a boy." The eating contest for "the longest there and the most of it" is undecided between W. P. McKenzie, the Jericho hotel man, and Jim Barnett of Clarendon, with Jim Rutherford a close second. The whole occasion was one to be long remembered by everyone present.

After dinner the children waded in the creek with some grownup ones "for guides," while some of the older ones sat under the shade and talked of old times in the Panhandle and elsewhere. Some "others" stole away from the gaze of the quizzical ones, up on the mossy banks and "dealt in futures" and "eyes looked into eyes that spoke back," but, alas, the kodak had found them and all was blushes. Several kodak views were taken that will prove both pleasing and amusing in the future. The occasion was complimentary to Mr. I. A. Hart, of Oklahoma, who was visiting with Mr. Beverly. They were school boys together in old Parker county, though neither will say how many years ago nor give any other details except that they never could settle who could beat playing marbles, and to the great delight of the crowd they again played marbles in the old fashioned way and others joined in until it looked like a crowd of innocent, happy school boys. But the poet truly described it, saying,

Men are only boys grows tall,
Hearts change but little after all.

But enough. The crowd enjoyed every moment of the time to the fullest measure and none seemed happier than Mr. and Mrs. Beverly as their guests assured them of the enjoyment the occasion had afforded them, so much so that they assured one and all that not only were their doors open at all times to their friends but that they expected to repeat the same kind of an occasion next year. Their hospitality knows no bounds and their friends are legion.

ONE WHO WAS THERE.

GEORGE KINCLOE.

That was the Name of the Man Found Dead in Lake Last Week.

Sheriff Patman is in receipt of a letter from the man, Shepherd, of Ladonia, stating that the description furnished him of the dead man found in the Jefferies lake last week tallies exactly with that of a man named George Kinclow who had been working for him as railroad cook, and whom he had sent up this way on account of his health, expecting him to find work with the construction gang now at work on the Denver. He had known Kinclow for a number of years but knew nothing about his relatives except that he thought they lived in St. Louis.

Fruit Shipments.

Local Freight and Express Agent Baldwin reports the demand good for Donley county fruits and vegetables and says he is loading out lots of stuff every day. He says he can handle all the good stuff that the people may have for sale. He has orders now for 1000 pounds of grapes at 2c per pound net. There is being shipped now a great many cantaloupes for which the growers are realizing 25c per dozen. Mr. L. K. Egerton is doing the heaviest shipping of this fruit and claims to be entirely satisfied with results.

C. A. Wright was here this week with a wagon load of new threshed wheat which he had sold at \$1 per bushel. He reports an average yield of 12 1-2 bushels to the acre. The field was pastured all winter up until late in the spring.

Big Peaches—Fine Peaches.

Donley county's peach crop this year is par excellence. Some of the largest and finest specimens of this fruit have been marketed this week we have ever seen in any country. A. M. Beville has on display a plate of large yellow fellows grown by Juan Roderiquez which can hardly be beaten for size, color and flavor. Mr. Hatchett on Wednesday brought in a wagon load of the Chinese Cling peaches which at first sight looked like a load of cantaloupes. One specimen left by him at this office weighed 11 ounces and measured 10 1/2 inches in circumference, and he had secured some even larger than that. Mr. Hatchett is from Alvord and said he thought he knew all about fine peaches but that this was an eye-opener to him. He says that he now knows that this county cannot be beat for raising peaches.

Goodnight Rate.

A rate of one and a third fare for round trip to Goodnight on account of camp meeting. Tickets will be on sale August 18th, 20th, 23rd, 26th, 27th and 30th, and September 2nd and 3rd. The college rooms will be open to campers and meals can be had on the grounds at reasonable rates.

\$10 per Acre.

A trade was consummated this week whereby Capt. E. E. McGee sold his half-section improved place near Lelia to a Mr. Cook, from Erath county. The consideration was \$16 per acre, purchaser to take the crop and all improvements. In reply to the expressed regrets that he had seen fit to sell out and maybe leave us the jolly Captain offered the consolation that the population of the county was increased to the number of twelve by the trade as he only had three children while Mr. Cook was the happy father of fifteen. The Banner-Stockman is not informed of Capt. McGee's future movements, but trusts that he will stay with us, and we believe he will, for if ever a man was married to a country it is E. E. McGee to Donley county. He has been a citizen with us for several years and numbers his friends only by the scope of his acquaintance. No better citizen ever lived among us than Capt. McGee.

Farewell Dance.

At the Chamberlain farm on Tuesday night W. J. Lewis tendered a farewell dance to a large party of friends in honor of Miss Franc Johnson who left next day for her home in Sioux City, Iowa, after a visit of several weeks' duration with her cousin, Miss Bessie Chamberlain. The occasion was perhaps the most widely attended social function of the season, and the host did himself proud in his manner of entertaining. Elegant refreshments, consisting of cake, cream and punch were served, Mrs. F. D. Martini presiding at the punch bowl. Dancing was the order of the evening and the hour was late when the guests reluctantly departed for their homes.

Saturday, while returning from the Beverly ranch the team to R. S. Kimberlin's surrey ran away. The carriage was occupied by A. M. Beville and some of the lady members of the family. The accident was caused by the coupling of the carriage breaking, allowing the vehicle to come in two, the team running off with the front wheels. Mr. Beville was the only occupant of the carriage hurt, suffering bruises about the head and face.

THE MAJESTIC

is made of the same material as the
Locomotive

The boiler jacket of a locomotive—exposed to wear, weather and heat—is made of **sheet iron**, because for such purposes sheet iron is more durable than sheet steel. The Majestic Range is made of **sheet iron**—not steel—for exactly the same reason.

It is a long step from locomotives to the range in your kitchen, but the material of which your range is made is of **vital importance in your household economy—less repairs.**

Sheet iron costs twice as much as sheet steel, but steel will rust, and cracks in your cooking apparatus means loss of heat, waste of fuel, and in a few years the range is ready for the junk heap.

In the body of all Majestic Ranges we now use **Majestic Old Style Charcoal Iron.** The top and framework are made of **Majestic Malleable Iron**—the iron that never breaks, cracks or warps, and is so thin that you can do all your cooking without removing the lids.

The locomotive is compelled to stand up under severe tests—good looks will not draw a train of cars. A range built to endure and stand every test is the most economical range that you can buy, and that range is

SUBSCRIPTION \$1.00 PER YEAR.

Entered at the postoffice at Clarendon, Texas as second class matter.

Clarendon, Tex., Aug. 18, 1905

THE Hico Review comes to our office this week clothed in gala habiliments with souvenir edition trimmings. It is an honor to its publisher.

AN anti-onion club has been organized by the women of Portsmouth, Ohio. Those who eat onions are now expected to raise a stink over the matter.

WE notice that the name of D. M. Norwood is at the masthead of the Baylor County Banner. Mr. Norwood established the Banner ten years ago but retired from the newspaper business about three years ago. It is with pleasure we welcome him back into the fold.

THE Childress Index has reduced subscription price from \$1.50 to \$1.00 per year. The Index is worth the extra fifty cents it had getting but the \$1 price has seemingly become a fixture in Texas and one by one the higher priced papers are reducing their terms.

A mighty funny man who won't say anything hard about the Panhandle now.—Silverton Enterprise.

Can't see anything so excruciatingly funny about it. Such a person would either be a fit subject for the foolish factory or a colossal liar.

NICKIE No. 2, chief bottle washer for the kingdom of nihilists, gave away \$10,000 in tips on the occasion of his visit to Cowes, and yet refuses to back his hand in the peace conference game now being played between his representatives and the diplomats of the flowery kingdom. Japan's four flush beats Nickie's pair of aces, Linevitch and whiskevitch, so bad that the bear that walks like a man will find that he is in a game of freeze-out with no openers.

THE Banner-Stockman premium contest is beginning to warm up and a big interest is manifested. The terms of the contest have been stated plainly and we will endeavor to live up to those terms. For the benefit of some who have misunderstood them, however, we will state that no votes will be given on money paid us for advertising or job work. This is strictly a subscription contest and nothing but subscription money will count. A coupon will be found in every paper good for five votes. Every cent paid on subscription entitles the party paying to one vote. It matters not whether the payment is made for subscription in advance or arrears.

The handle has got ahead of the pan. Sure the bottom rail has gotten on the top and Hall county is now shipping melons to that good county of Ellis. John Stewart is now at Waxahachie and has orders for several cars of the fine Upper Red River Valley melons, the first car going out Tuesday.—Hall County Herald.

EACH GETS ONE.

Amarillo and Clarendon Break Even in Two Excellent Ball Games.

Amarillo, Texas, Aug. 14.
Special to Banner-Stockman:
The Clarendon baseball team came to town Saturday, for two games, and they made things extremely interesting both that day and the next. The first game they won by a score of 7 to 5, owing chiefly to unfortunate errors on the part of the locals.

At the second game there was an attendance of about 400 people, and barring the inexcusable delay in calling the game, the patrons were well satisfied. The new ball park is handy for everybody, and the attendance proves clearly that the people are pleased with the change.

There was a stiffening up in this second day game that moved things. Fowler pitched and was there with the goods, striking out ten men and batting a few. Kerbow pitched a good game, too, but the locals simply had their batting clothes on and would not be denied. Kerbow gave way to Atteberry in the seventh, but it did not make much difference to the Amarillos. Following is the detailed score:

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. A Modern Fable.

"You can't most always sometimes tell."

A man had been hunting and on his return saw a friend who had been absent, to whom he offered to give some birds. The prosperous friend with a fifteen dollar panama hat, one size too large, replied, "No, I don't want any plover. I don't like them, they are too fat."

The hunter answered that the birds were not too fat, and that he had only seen four plover that day but was answered, that there were lots of plover, and that they were fat and offensive.

The poor hunter faltered, but reminded his friend that there was a lady visitor at his house who might like the birds and was again answered that the lady was gone.

The next morning when at breakfast the hunter's wife asked him what he was smiling at, to himself, and he replied, "I was thinking that all birds are not plover. I tried to give these birds away yesterday and got snubbed for my generosity."

MORAL: The meat of the plover is dark, the meat of the prairie chicken is dark, the meat of the quail is white; all are good to eat. Accept a small favor if offered unsolicited and give thanks and don't be too particular and jump at conclusions.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured. Guaranteed at Dr. Stocking's drug store; price 50c.

A TRIP TO SILVERTON.

Being a History of the Trials and Tribulations, also an Account of a Royal Good Time with Hospitable People.

The party started from Clarendon on Thursday July 27, at about 7:10 a. m., all quite happy as they knew they were going into a country where sociability and hospitality were practiced by all. Along the road they amused themselves by singing and joking, each one trying to tell the scariest tale, having a good time in general. (Better than you have when you go for a drive with your best.) As they drove through Mrs. Adair's beautiful pastures and gazed on the fine-bred, fat cattle they decided to buy JA cattle after this.

They found the shady grove near the windmill at J. O. Donnel's a very pleasant place to noon and stopped here for about an hour. After dinner Joe amused himself by telling what a bad road they yet had to cross; how they would look after they would swim Red River and climb the Cap Rock; their mother would not know them; and how many people had been drowned while trying to cross that terrible river; how many hack and buggy and automobile loads had, after a toilsome journey of tugging up that Cap Rock, slid all the way back down the rocky road on their bald heads and not until they had tried the third time reached the top and then not safely, for they would all have broken bones. We believe he succeeded in arousing the peculiar nervous feelings of his "frau," for these words grew to be quite common: "Joe you will have to stop and let me walk awhile. I am so nervous I can't sit in this buggy any longer." As for the girls they had been all over the rocky roads and sand hills of New Mexico and had crossed Pike's Peak a few times so Joe's words did not take effect. They drove along even jollier than ever telling their experience of crossing worse roads than the Cap Rock. Well, they crossed the river all right but from the grip the "frau" had on the side of the buggy, we believe she thought it was going to jump a fence.

Oh, that windmill on the other side of the river! We believe that gyp water is a healthful beverage, that it relieves fatigue and physical exhaustion and is just the thing for professional travelers, but oh, if you ever feel despondent and home sick and want to see papa and mama leave it alone.

The goal was at last won; they had no trouble climbing the Cap Rock—really enjoyed it. However, they could not truthfully say they were not overjoyed to see the rolling plains once more and to know they were nearing their destination. Not a sign board escaped their eyes and when at a distance they saw Silverton they were happier than ever. Who would not have had a light heart knowing such a good time was theirs? They at last came to a gate opening into a broad field and fine fat cattle could be seen on all sides grazing on the beautiful pastures. In the distance could be seen the residence of the far famed Capt. D. H. Sweeney. Here is where this jolly crowd were to stop and they were received as if they had been a long lost brother. When they reached Capt. Sweeney's it was about 8:30 p. m. They retired early for they had to drive into Silverton the next morning for the barbecue. At 9 o'clock the 28th they were at Silverton, highly enjoying themselves listening to the fine speaking shaking (continued on page 7)

Painting the Town Red

Was at one time the favorite diversion of those who settled this country. The grade of paint used was extremely poor and in a very short time after the paint was applied the buildings began to show cracks—probably caused by the use of too much lead, or maybe the lumber was poor. Present day methods are somewhat different and more sombre colors are now in vogue. Whatever the color Vane Calvert Paint has that color in its correct shade and if properly put on WILL NOT CRACK. Our lumber is a good thing to put Vane Calvert Paint on. Its fine finish makes it especially desirable for work which requires the BEST grade of lumber.

The baby of Mr. and Mrs. Thaxton has been real sick for some weeks but is better at this writing.

Mrs. E. L. Mevis left Monday night for Amarillo where she will visit for a while then she will spend some two months visiting in Chicago and Michigan.

R. H. Matthews passed through Giles Monday night on his way to Amarillo.

The post office has been moved to the residence of J. S. Young during the absence of Mrs. Mevis.

It is Up to the Light Company.

EDITOR BANNER-STOCKMAN:

Referring to your notice of last week in which you say that the city fathers should have located a street light between the double bridges on First street will say that Alderman Taylor, of the Street and Alley Committee, gave an order for a light at this place some three or four months ago. The delay, I suppose, on the part of the electric light company is because they have no line near this particular place, but they assured me some two weeks ago that it would be put up at once—though I do not see it as yet.

Very truly,
A. M. BEVILLE,
Mayor.

T. J. Davis and wife left Tuesday for a visit to Ft. Worth.

Gone to Clarendon.

Dr. T. H. Blackwell left Saturday for Clarendon, Texas, where he will make his permanent home. Dr. Blackwell came to this town three years ago and had gained for himself a nice practice for such a thinly settled country, but owing to the fact that the country is so thinly settled, and not enough practice to keep him employed, decided to seek a better location. Dr. Blackwell is a high toned gentleman and commands the respect of all his acquaintances and during his stay here has made many and lasting friends. Last but not least he is a fine physician and surgeon, this fact no one will deny. He has been very successful in his practice here and we can cheerfully recommend him to the people of Clarendon as a doctor and as a gentleman. The people here regret very much to lose Dr. Blackwell, but all join the Item in wishing him all the success that is possible for him.—Dickens Item.

Cemetery Association.

The ladies of the city are requested to meet with Mrs. R. F. Wood Saturday evening at 5 o'clock for the purpose of organizing a Cemetery Association. Such an organization is greatly needed. The Citizens cemetery is not in as good shape as it should be and never will be until the ladies take hold of the matter and devise ways and means to make improvements. It is hoped that a big attendance of the ladies will be had at this meeting. Every woman in the city is urged to be present.

Sheriff Patman made rather an important arrest Wednesday. The man secured was Sam Chapman who was wanted in Armstrong county for horse theft. It is said that there are about five or six indictments hanging over his head. When arrested he was in the act of taking the train, having come in from Gray county for that purpose.

The Sunday school picnic at Lelia Tuesday was not as well attended as had been expected. The railway company had set out two coaches to accommodate the crowd, but Agent Baldwin reports the sale of only 47 tickets.

—Have added a line of sheet music, both vocal and instrumental. See the line and get prices. J. M. Clower.

Mr. Egbert Thames, of Taylor, came in this week for a visit with his aunt and uncle, Mr. and Mrs. Carl W. Bennett.

Shirts

Shirts are an absolute necessity; the law requires that one shall at all times wear a shirt or a substitute for same. To present a dressy appearance one should be careful in their selection of Shirts. We have just received as pretty a line of Shirts as has ever come into the Panhandle and are offering them at prices that will prove satisfactory to the buyer. It is our desire to please our customers and with few exceptions have succeeded in doing so. If you are not one of our regular customers give us a trial and you may find it to your interest to trade regularly with us. We always keep nice things in cold drinks and can please you along this line.

W. O. W. Unveiling.

As previously announced the local camp Woodmen of the World held the unveiling ceremonies at the Citizens cemetery Sunday afternoon. The monument so unveiled was that over the grave of Sov. H. C. Patton. The unveiling ceremony is a beautiful one as well as impressive, and the details were carried out on this occasion in a splendid manner. There were about 50 Woodmen in line, while the crowd present to witness the ceremony numbered 400 or 500. Arriving at the grave the Woodmen formed a wedge about the grave of the deceased brother. Those having parts in the service were: L. C. Beverly, Master of Ceremonies; Wade Willis, Orator; W. R. Silvey, Poet; H. W. Kelley, Consul Commander; E. A. Taylor, Advisor Lieutenant; A. C. Donnel, Banker; J. J. Alexander, Clerk. There were several visitors from neighboring camps.

The Woodmen lodge is a growing one the world over. The local camp is in a prosperous condition. The fact that all deceased brothers are provided with a \$100 monument free makes the order a popular one; great is Woodcraft.

Mr. and Mrs. W. P. Powell went to Childress the first of the week to attend a neighborhood reunion of friends from their old home near Bartlett. A number of families were represented and Mr. Powell reports a most pleasant occasion.

The Range Contest.

No new candidates are announced this week but interest in the contest is growing. Some of the candidates are evidently holding back votes as not nearly all coupons issued have been voted. The standing this week is as follows:

Mrs. W. J. Adams, Clarendon, 780
Mrs. J. T. Bain, Bray, 325
Mrs. W. B. McKeown, Clarendon, 140

Some interest is also being manifested in the watch contest, two young ladies having so far started to work. At this writing Miss Aris Baldwin is in the lead. Parties contemplating subscribing for the paper should remember that the first fifty new yearly subscribers will receive Holland's Magazine one year free.

Trap Shooting.

Local shooters while awaiting the opening of the bird season are beginning to shoot a little over the trap, getting themselves in practice for the better sport to follow. From the looks of the following figures it would seem that they needed considerable practice, and that if they don't get it the game birds will be quite safe this fall. The shoot was held Wednesday afternoon, and the figures represent the total number of blue rocks broken out of a possible 25:

Every farmer in this section should plant at least a few acres. Call on us and let us know how much seed you want and we will see that you get it. So come early and give us your name and amount of seed wanted.

THE MARTIN-BENNETT CO.

Commissioners court has been in regular session this week transacting routine business. The annual examination of the rolls of Tax Assessor Baker took place the first two days of the session, and paid Mr. Baker a high compliment by saying that it was the best set of rolls ever prepared in Donley county. There were very few changes to be made. Mr. Baker was assisted in the preparation of the rolls by his daughters, Misses Millie and Nellie, and the young ladies deserve great credit for the neatness and accuracy of their work.

G. W. Antrobus this week received one of the biggest cars of buggies and wagons ever brought to Clarendon. It contained a large number of jobs of various designs and all of the famous Studebaker make. Mr. Antrobus says he is now fixed to supply the demands of anyone wanting anything in the vehicle line, and that he will make prices that will astonish the buying public. 43-11

Sheriff Patman went down to Giles Wednesday in response to a request from some of the citizens to come down and rid them of the presence of a tramp who had been haunting the neighborhood for some weeks and who had become something of a terror to the women and children of the community. After a brief interview with the sheriff (during which time Mr. Hobo had a rope around his neck with the other end over a cross beam) his trampship agreed to leave the county. Jim turned him loose and he went off down the railroad track in a dead run. Jim says he was the worse scared man he ever saw.

Inability to get up brisk and fresh in the morning, lack of appetite, pallor, muddied complexion and poor spirits—these all indicate a disordered stomach and bad digestion—in adults and children, too. They also indicate the urgent need of taking Green's August Flower regularly for a few days.

A Trip to Silverton.

(continued from page 3)
dances with old friends and meeting
new ones and Silverton's Band was
making her silver instruments
ring. The company had dinner in
the Methodist church.

After dinner all attended the
broncho, steer and burro riding
contests. Clarendon won third
prize in the broncho riding; there
was also a sweepstakes race.

The concert given by the chil-
dren was highly appreciated by all
who attended, and if they had
wanted larger audience they would
have had to build a larger house.
After the concert the Company
once more assembled and started
"home," well satisfied with the
day's pleasures. They reached
home about twelve, and the re-
mainder of the night and the lar-
gest portion of next day was spent
in dreamland.

On the 29th the Company was
royally entertained at the home of
Mr. Crawford where a good por-
tion of a jolly club met and was
entertained until midnight, then
the Company started "home" once
more. (They style Sweeney's as
"home" at Silverton.) On the
30th the Company was invited to
the home of Mr. Tom Morris for
dinner. It is needless to say the
invitation was accepted. Silverton
can boast of her fine cooks. Music
and songs by the young folks served
to pass the time until dinner, after
which the Company went over to
the Tule Canyon, passing through
Uncle Tom Morris' pasture on the
way and seeing his fine fat cattle.
The afternoon spent in the Tule
was one of the most enjoyable
features of the visit. Homer Mul-
key's kodak came into good play;
don't forget he is the finest photo-
grapher yet, and no outing is com-
plete without one of his kodaks.
Early Sunday night the Company
went home, for they had to start
back to Clarendon early Monday
morning—snow, rain, or even if
Red River was up (which it was).
The Company had been so royally
entertained by the Captain and
family they could not help but
promise to come back again soon
and stay a few weeks instead of a
few days. For sociability the Silverton
people can not be surpassed.

Although it rained Sunday the
road was all right. The Company
always did enjoy sliding so they
were in great glee when they came
to the Cap Rock, and just slid all
the way down; but when they came
to the river it was up, and readers
of the Banner-Stockman, I wish
you could have seen Sal and Felix
Rostal and their two brave daugh-
ters, Tildy Jane and Smythy Ma-
riar. Felix always did have one
bad eye and after all of his wife
Sal's cautioning was still a careless
kind of a fellow, and right in the
middle of the of the river the bug-
gy hit a stump and of course old
Bat and Billie pulled too hard and
broke both the single and the
double tree, and ran to the bank,
leaving the buggy standing, but
Felix caught them and brought
them back. The rear wheels
sunk in the sand up to the
axles. Felix made the women do
the work while he busied himself
making new single and double
trees out of ropes, and when he
was ready I wish we could have
gotten a picture of the outfit. Sal
acted as driver and Felix and the
brave daughters dug the wheels
out of the sand. The water was
waist deep but we got out on dry
land all right. It ceased to be
funny to Sal but never to the girls.
Felix was too interested to laugh
much. We had dinner on the
river bank and Felix made a mes-
quite double tree which served to

bring the Company home, arriving
here about midnight, tired out but
still bragging of the good time they
had had.

As Lonnie Sweeney says,
AMEN.

A Touching Story

is the saving from death, of the baby
girl of Geo. A. Eyer, Cumberland, Md.
He writes: "At the age of 11 months,
out little girl was in declining health,
with serious throat trouble, and two
physicians gave her up. We were almost
in despair, when we resolved to try Dr.
King's New Discovery for consumption,
coughs and colds. The first bottle gave
relief; after taking four bottles she was
cured, and is now in perfect health."

or cold. At Dr. Stocking's drug store,

The Farm and Ranch last week
contained a splendid write-up of
the Panhandle country from north
line down to Armstrong county.
It was an interesting sketch and
was largely substantiated by the
facts. It was plainly apparent,
however, that the town which failed
to put up for a good ad in the dis-
play columns fail to get a big slice
of pie when it came to the descrip-
tive article. It was evidently a fact
that the editorial office was on
close speaking terms with the busi-
ness office. For instance the article
says Hartley is the leading town
of Hartley county outside of Dal-
hart. Now, it is a well known
fact that Channing is the county
seat and forty times larger than
Hartley and still Channing is not
mentioned at all.—Hall County
Herald.

This fact is well known to druggists

R. W. Scales of Rowe, was here
Monday and made us a call. He

ing is particularly bad, and Mr.
Scales characterizes it as danger-
ous for night travel.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant

There is not one of them, however, who
may not be bought back to health and

ulate the bowels. For sale at Dr. Stock-

The Banner-Stockman of Claren-

soon as the farmers of the Panhan-

will they be successful. There is
no doubt sheep would be a valuable
acquisition to every farmer in

Important Memorandum—The price is the most important factor in
painting. A job completed, done by a
good painter with the best quality of paint, costing say \$50.00 (\$40.00 labor, \$10.00 paint)
will last five years. The same paint applied by a lesser (\$25.00 labor, \$25.00 paint)
will last only two years. That is "per-year-cost" of the good painter's job is \$12.50
—the poor painter's \$25.00.
When we sell you paint, you buy the linseed oil separately.
We know from our experience that paint without fresh linseed oil

The Fruit and Melon Crop of Donley County This Year is Immense and is Paying the Producers Very Handsomely.

Mr. Beverly's Wholesale Hospitality

**Celebrates Friend's Visit By Killing the Fatted Calf
And Invites Entire Town to the Feast.**

One of the most delightful occasions that has fallen to this writer, and I dare say to all who enjoyed the occasion, was the picnic and barbecue tendered on last Saturday by Mr. and Mrs. L. C. Beverly at their home on the LU ranch to their friends, of whom over 200 attended. It is about 8 miles north of Clarendon to the ranch headquarters, which is located very picturesquely on the banks of Carroll creek, where clear rippling waters never fail, but like Tennessee's brook in his world famous poem "go on forever." Allow me to digress enough from the write-up of this occasion to say that one of the most attractive features of Donley county is her some 200 everflowing springs and streams of pure water.

The ride out was greatly enjoyed by the townspeople. The crops along the way were a revelation and convinced us that the reports which had reached us were like the reports to the queen of Sheba about the magnificence of the kingdom of King Solomon, "the half had not been told."

Masters Roy and Willie Beverly took charge of everybody's team, seeing that they were both watered and fed and ready again when wanted. Mr. and Mrs. Beverly and their daughter, Mrs. Walter Taylor, took charge of the guests and saw to it that they all had "the time of their lives."

All early went to the large grove where the tables and barbecue pit, which place at most any old kind of barbecue and picnic proves the most attractive place, but especially so was it on this occasion.

No epicurean could hardly do justice in description of that dinner or rather feast, which all enjoyed. It consisted of barbecued calf, the aroma of which tempted even Bro. Dodson away from fried chicken, cowboy campash or stew. Oh, how fine it was, boiled roasting ears, all kinds of vegetables, pickles, jellies, preserves, pies, fruits, a whole wagon load of watermelons, hot coffee, ice water, etc. Like myself, everyone resolved to "go all the gaits" and eat something of everything and all those who were able to do so went through the course again, always beginning and ending with

the barbecued beef. Bro. Dodson, while eating on his fourth piece of pie, said it did not taste good like it did when he began, while Editor Blake said, after going back to about his third roasting ear, that it did not taste good now "like it did when he was a boy." The eating contest for "the longest there and the most of it" is undecided between W. P. McKenzie, the Jericho hotel man, and Jim Barnett of Clarendon, with Jim Rutherford a close second. The whole occasion was one to be long remembered by everyone present.

After dinner the children waded in the creek with some grownup ones "for guides," while some of the older ones sat under the shade and talked of old times in the Panhandle and elsewhere. Some "others" stole away from the gaze of the quizzical ones, up on the mossy banks and "dealt in futures" and "eyes looked into eyes that spoke back," but alas, the kodak had found them and all was blushed. Several kodak views were taken that will prove both pleasing and amusing in the future. The occasion was complimentary to Mr. I. A. Hart, of Oklahoma, who was visiting with Mr. Beverly. They were school boys together in old Parker county, though neither will say how many years ago nor give any other details except that they never could settle who could beat playing marbles, and to the great delight of the crowd they again played marbles in the old fashioned way and others joined in until it looked like a crowd of innocent, happy school boys. But the poet truly described it, saying,

Men are only boys grown tall,
Hearts change but little after all.

But enough. The crowd enjoyed every moment of the time to the fullest measure and none seemed happier than Mr. and Mrs. Beverly as their guests assured them of the enjoyment the occasion had afforded them, so much so that they assured one and all that not only were their doors open at all times to their friends but that they expected to repeat the same kind of an occasion next year. Their hospitality knows no bounds and their friends are legion.

ONE WHO WAS THERE.

GEORGE KINCKLOE.

That was the Name of the Man Found Dead in Lake Last Week.

Sheriff Patman is in receipt of a letter from the man, Shepherd, of Ladonia, stating that the description furnished him of the dead man found in the Jefferies lake last week tallies exactly with that of a man named George Kinckloe who had been working for him as railroad cook, and whom he had sent up this way on account of his health, expecting him to find work with the construction gang now at work on the Denver. He had known Kinckloe for a number of years but knew nothing about his relatives except that he thought they lived in St. Louis.

Fruit Shipments.

Local Freight and Express Agent Baldwin reports the demand good for Donley county fruits and vegetables and says he is loading out lots of stuff every day. He says he can handle all the good stuff that the people may have for sale. He has orders now for 1000 pounds of grapes at 2c per pound net. There is being shipped now a great many cantaloupes for which the growers are realizing 25c per dozen. Mr. L. K. Egerton is doing the heaviest shipping of this fruit and claims to be entirely satisfied with results.

C. A. Wright was here this week with a wagon load of new threshed wheat which he had sold at \$1 per bushel. He reports an average yield of 12 1-2 bushels to the acre. The field was pastured all winter and up until late in the spring.

THE MAJESTIC

is made of the same material as the
Locomotive

The boiler jacket of a locomotive—exposed to wear, weather and heat—is made of *sheet iron*, because for such purposes sheet iron is more durable than sheet steel. The Majestic Ranges made of *sheet iron*—not steel—for exactly the same reason.

It is a long step from locomotives to the range in your kitchen, but the material of which your range is made is of *vital importance in your household economy—less repairs.*

Sheet iron costs twice as much as sheet steel, but steel will rust, and cracks in your cooking apparatus means loss of heat, waste of fuel, and in a few years the range is ready for the junk heap.

In the body of all Majestic Ranges we now use **Majestic Old Style Charcoal Iron.** The top and framework are made of **Majestic Malleable Iron**—the iron that never breaks, cracks or warps, and is so thin that you can do all your cooking without removing the lids.

The locomotive is compelled to stand up under severe tests—good looks will not draw a train of cars. A range built to endure and stand every test is the most economical range that you can buy, *and that range is*

*The Majestic Not Cheapest, But
Least Expensive*

EVERYTHING in HARDWARE and FURNITURE

Big Peaches—Fine Peaches.

Donley county's peach crop this year is par excellence. Some of the largest and finest specimens of this fruit have been marketed this week we have ever seen in any country. A. M. Beville has on display a plate of large yellow fellows grown by Juan Roderiquez which can hardly be beaten for size, color and flavor. Mr. Hatchett on Wednesday brought in a wagon load of the Chinese Cling peaches which at first sight looked like a load of cantaloupes. One specimen left by him at this office weighed 11 ounces and measured 10 1/2 inches in circumference, and he had secured some even larger than that. Mr. Hatchett is from Alvord and said he thought he knew all about fine peaches but that this was an eye-opener to him. He says that he now knows that this county cannot be beat for raising peaches.

Goodnight Rate.

A rate of one and a third fare for round trip to Goodnight on account of camp meeting. Tickets will be on sale August 18th, 20th, 23rd, 26th, 27th and 30th, and September 2nd and 3rd. The college rooms will be open to campers and meals can be had on the grounds at reasonable rates.

\$16 per Acre.

A trade was consummated this week whereby Capt. E. E. McGee sold his half-section improved place near Lelia to a Mr. Cook, from Erath county. The consideration was \$16 per acre, purchaser to take the crop and all improvements. In reply to the expressed regrets that he had seen fit to sell out and maybe leave us the jolly Captain offered the consolation that the population of the county was increased to the number of twelve by the trade as he only had three children while Mr. Cook was the happy father of fifteen. The Banner-Stockman is not informed of Capt. McGee's future movements, but trusts that he will stay with us, and we believe he will, for if ever a man was married to a country it is E. E. McGee to Donley county. He has been a citizen with us for several years and numbers his friends only by the scope of his acquaintance. No better citizen ever lived among us than Capt. McGee.

Farewell Dance.

At the Chamberlain farm on Tuesday night W. J. Lewis tendered a farewell dance to a large party of friends in honor of Miss Franc Johnson who left next day for her home in Sioux City, Iowa, after a visit of several weeks' duration with her cousin, Miss Bessie Chamberlain. The occasion was perhaps the most widely attended social function of the season, and the host did himself proud in his manner of entertaining. Elegant refreshments, consisting of cake, cream and punch were served, Mrs. F. D. Martin presiding at the punch bowl. Dancing was the order of the evening and the hour was late when the guests reluctantly departed for their homes.

Saturday, while returning from the Beverly ranch the team to R. S. Kimberlins's surrey ran away. The carriage was occupied by A. M. Beville and some of the lady members of the family. The accident was caused by the coupling of the carriage breaking, allowing the vehicle to come in two, the team running off with the front wheels. Mr. Beville was the only occupant of the carriage hurt, suffering bruises about the head and face.

SUBSCRIPTION \$1.00 PER YEAR.

Entered at the postoffice at Clarendon, Texas as second class matter.

Clarendon, Tex., Aug. 18, 1905

THE Hico Review comes to our office this week clothed in gala habiliments with souvenir edition trimmings. It is an honor to its publisher.

AN anti-onion club has been organized by the women of Portsmouth, Ohio. Those who eat onions are now expected to raise a stink over the matter.

WE notice that the name of D. M. Norwood is at the masthead of the Baylor County Banner. Mr. Norwood established the Banner ten years ago but retired from the newspaper business about three years ago. It is with pleasure we welcome him back into the fold.

THE Childress Index has reduced its subscription price from \$1.50 to \$1 per year. The Index is worth all of the extra fifty cents it had been getting but the \$1 price has seemingly become a fixture in Texas and one by one the higher priced papers are reducing their terms.

It is a mighty funny man who would say anything hard about the Panhandle now.—Silverton Enterprise.

Can't see anything so excruciatingly funny about it. Such a person would either be a fit subject for the foolish factory or a colossal liar.

NICKIE No. 2, chief bottle washer for the kingdom of nihilists, gave away \$10,000 in tips on the occasion of his visit to Cowes, and yet refuses to back his hand in the peace conference game now being played between his representatives and the diplomats of the flowery kingdom. Japan's four flush beats Nickie's pair of aces, Linevitch and whiskevitch, so bad that the bear that walks like a man will find that he is in a game of freeze-out with no openers.

THE Banner-Stockman premium contest is beginning to warm up and a big interest is manifested. The terms of the contest have been stated plainly and we will endeavor to live up to those terms. For the benefit of some who have misunderstood them, however, we will state that no votes will be given on money paid up for advertising or job work. This is strictly a subscription contest and nothing but subscription money will count. A coupon will be found in every paper good for five votes. Every cent paid on subscription entitles the party paying to one vote. It matters not whether the payment is made for subscription in advance or arrears.

The handle has got ahead of the pan. Sure the bottom rail has gotten on the top and Hall county is now shipping melons to that good county of Ellis. John Stewart is now at Waxahachie and has orders for several cars of the fine Upper Red River Valley melons, the first car going out Tuesday.—Hall County Herald.

EACH GETS ONE.

Amarillo and Clarendon Break Even in Two Excellent Ball Games.

Amarillo, Texas, Aug. 14.

Special to Banner-Stockman:

The Clarendon baseball team came to town Saturday, for two games, and they made things extremely interesting both that day and the next. The first game they won by a score of 7 to 5, owing chiefly to unfortunate errors on the part of the locals.

At the second game there was an attendance of about 400 people, and barring the inexcusable delay in calling the game, the patrons were well satisfied. The new ball park is handy for everybody, and the attendance proves clearly that the people are pleased with the change.

There was a stiffening up in this second day game that moved things. Fowler pitched and was there with the goods, striking out ten men and batting a few. Kerbow pitched a good game, too, but the locals simply had their batting clothes on and would not be denied. Kerbow gave way to Atteberry in the seventh, but it did not make much difference to the Amarillos. Following is the detailed score:

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

A Modern Fable.

"You can't most always sometimes tell."

A man had been hunting and on his return saw a friend who had been absent, to whom he offered to give some birds. The prosperous friend with a fifteen dollar Panama hat, one size too large, replied, "No, I don't want any plover. I don't like them, they are too fat."

The hunter answered that the birds were not too fat, and that he had only seen four plover that day but was answered, that there were lots of plover, and that they were fat and offensive.

The poor hunter faltered, but reminded his friend that there was a lady visitor at his house who might like the birds and was again answered that the lady was gone.

The next morning when at breakfast the hunter's wife asked him what he was smiling at, to himself, and he replied, "I was thinking that all birds are not plover. I tried to give these birds away yesterday and got snubbed for my generosity."

MORAL: The meat of the plover is dark, the meat of the prairie chicken is dark, the meat of the quail is white; all are good to eat. Accept a small favor if offered unsolicited and give thanks and don't be too particular and jump at conclusions.

GIORDAM WHIFFLETREE.

Public is Aroused.

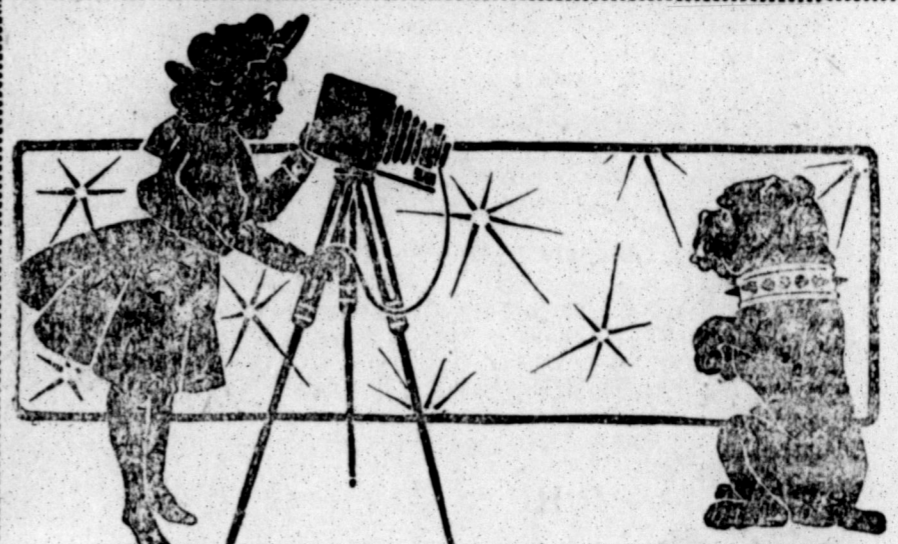

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at Dr. Stocking's drug store; price 50c.

A TRIP TO SILVERTON.

Being a History of the Trials and Tribulations, also an Account of a Royal Good Time with Hospitable People.

The party started from Clarendon on Thursday July 27, at about 7:10 a. m., all quite happy as they knew they were going into a country where sociability and hospitality were practiced by all. Along the road they amused themselves by singing and joking, each one trying to tell the scariest tale, having a good time in general. (Better than you have when you go for a drive with your best.) As they drove through Mrs. Adair's beautiful pastures and gazed on the fine-bred, fat cattle they decided to buy JA cattle after this.

They found the shady grove near the windmill at J. O. Donnel's a very pleasant place to noon and stopped here for about an hour. After dinner Joe amused himself by telling what a bad road they yet had to cross; how they would look after they would swim Red River and climb the Cap Rock; their mother would not know them; and how many people had been drowned while trying to cross that terrible river; how many hack and buggy and automobile loads had, after a toilsome journey of tugging up that Cap Rock, slid all the way back down the rocky road on their bald heads and not until they had tried the third time reached the top and then not safely, for they would all have broken bones. We believe he succeeded in arousing the peculiar nervous feelings of his "frau," for these words grew to be quite common: "Joe you will have to stop and let me walk awhile. I am so nervous I can't sit in this buggy any longer." As for the girls they had been all over the rocky roads and sand hills of New Mexico and had crossed Pike's Peak a few times so Joe's words did not take effect. They drove along even jollier than ever telling their experience of crossing worse roads than the Cap Rock. Well, they crossed the river all right but from the grip the "frau" had on the side of the buggy, we believe she thought it was going to jump a fence.

Oh, that windmill on the other side of the river! We believe that gyp water is a healthful beverage, that it relieves fatigue and physical exhaustion and is just the thing for professional travelers, but oh, if you ever feel despondent and home sick and want to see papa and mama leave it alone.

The goal was at last won; they had no trouble climbing the Cap Rock—really enjoyed it. However, they could not truthfully say they were not overjoyed to see the rolling plains once more and to know they were nearing their destination. Not a sign board escaped their eyes and when at a distance they saw Silverton they were happier than ever. Who would not have had a light heart knowing such a good time was theirs? They at last came to a gate opening into a broad field and fine fat cattle could be seen on all sides grazing on the beautiful pastures. In the distance could be seen the residence of the far famed Capt. D. H. Sweeney. Here is where this jolly crowd were to stop and they were received as if they had been a long lost brother. When they reached Capt. Sweeney's it was about 8:30 p. m. They retired early for they had to drive into Silverton the next morning for the barbecue. At 9 o'clock the 28th they were at Silverton, highly enjoying themselves listening to the fine speaking shaking (continued on page 7)

Painting the Town Red

Was at one time the favorite diversion of those who settled this country. The grade of paint used was extremely poor and in a very short time after the paint was applied the buildings began to show cracks—probably caused by the use of too much lead, or maybe the lumber was poor. Present-day methods are somewhat different and more sombre colors are now in vogue. Whatever the color Vane Calvert Paint has that color in its correct shade and if properly put on WILL NOT CRACK. Our lumber is a good thing to put Vane Calvert Paint on. Its fine finish makes it especially desirable for work which requires the best grade of lumber.

EDITOR BANNER-STOCKMAN:

Referring to your notice of last week in which you say that the city fathers should have located a street light between the double bridges on First street will say that Alderman Taylor, of the Street and Alley Committee, gave an order for a light at this place some three or four months ago. The delay, I suppose, on the part of the electric light company is because they have no line near this particular place, but they assured me some two weeks ago that it would be put up at once—though I do not see it as yet.

Very truly,
A. M. BEVILLE,
Mayor.

Gone to Clarendon.

Dr. T. H. Blackwell left Saturday for Clarendon, Texas, where he will make his permanent home. Dr. Blackwell came to this town three years ago and had gained for himself a nice practice for such a thinly settled country, but owing to the fact that the country is so thinly settled, and not enough practice to keep him employed, decided to seek a better location. Dr. Blackwell is a high toned gentleman and commands the respect of all his acquaintances and during his stay here has made many and lasting friends. Last but not least he is a fine physician and surgeon, this fact no one will deny. He has been very successful in his practice here and we can cheerfully recommend him to the people of Clarendon as a doctor and as a gentleman. The people here regret very much to lose Dr. Blackwell, but all join the item in wishing him all the success that is possible for him.—Dickens Item.

Cemetery Association.

The ladies of the city are requested to meet with Mrs. R. F. Wood Saturday evening at 5 o'clock for the purpose of organizing a Cemetery Association. Such an organization is greatly needed. The Citizens cemetery is not in as good shape as it should be and never will be until the ladies take hold of the matter and devise ways and means to make improvements. It is hoped that a big attendance of the ladies will be had at this meeting. Every woman in the city is urged to be present.

Sheriff Patman made rather an important arrest Wednesday. The man secured was Sam Chapman who was wanted in Armstrong county for horse theft. It is said that there are about five or six indictments hanging over his head. When arrested he was in the act of taking the train, having come in from Gray county for that purpose.

The Sunday school picnic at Lelia Tuesday was not as well attended as had been expected. The railway company had set out two coaches to accommodate the crowd, but Agent Baldwin reports the sale of only 47 tickets.

L. K. Egerton is now shipping every day about 15 crates of cantaloupes. Express Agent Baldwin finds a ready market for them, and Mr. Egerton realizes about \$1 per crate, there being four dozen to the crate. These cantaloupes are of the very finest flavor, much better than any that has ever been shipped in here.

W. O. W. Unveiling.

As previously announced the local camp Woodmen of the World held the unveiling ceremonies at the Citizens cemetery Sunday afternoon. The monument so unveiled was that over the grave of Sov. H. C. Patton. The unveiling ceremony is a beautiful one as well as impressive, and the details were carried out on this occasion in a splendid manner. There were about 50 Woodmen in line, while the crowd present to witness the ceremony numbered 400 or 500. Arriving at the grave the Woodmen formed a wedge about the grave of the deceased brother. Those having parts in the service were: L. C. Beverly, Master of Ceremonies; Wade Willis, Orator; W. R. Silvey, Poet; H. W. Kelley, Consul Commander; E. A. Taylor, Advisor; Lieutenant; A. C. Donnel, Banker; J. J. Alexander, Clerk. There were several visitors from neighboring camps.

The Woodmen lodge is a growing one the world over. The local camp is in a prosperous condition. The fact that all deceased brothers are provided with a \$100 monument free makes the order a popular one; great is Woodcraft.

Mr. and Mrs. W. P. Powell went to Childress the first of the week to attend a neighborhood reunion of friends from their old home near Bartlett. A number of families were represented and Mr. Powell reports a most pleasant occasion.

The Range Contest.

No new candidates are announced this week but interest in the contest is growing. Some of the candidates are evidently holding back votes as not nearly all coupons issued have been voted. The standing this week is as follows:

Mrs. W. J. Adams, Clarendon, 780
Mrs. J. T. Bain, Bray, 325
Mrs. W. B. McKeown, Clarendon, 140

Some interest is also being manifested in the watch contest, two young ladies having so far started to work. At this writing Miss Aris Baldwin is in the lead. Parties contemplating subscribing for the paper should remember that the first fifty new yearly subscribers will receive Holland's Magazine one year free.

Trap Shooting.

Local shooters while awaiting the opening of the bird season are beginning to shoot a little over the trap, getting themselves in practice for the better sport to follow. From the looks of the following figures it would seem that they needed considerable practice, and that if they don't get it the game birds will be quite safe this fall. The shoot was held Wednesday afternoon, and the figures represent the total number of blue rocks broken out of a possible 25:

Notice to Farmers.

Believing that the raising of alfalfa in this section is going to be of immense value to this country, and wishing to do all in our power to encourage the planting of same, we have made arrangements with the largest and most successful growers in Kansas to supply us with choice Turkeystan Highland alfalfa seed. Every farmer in this section should plant at least a few acres. Call on us and let us know how much seed you want and we will see that you get it. New crop seed will be ready for shipment about the last of August. We want to know as early as possible about how much seed we must order. So come early and give us your name and amount of seed wanted.

THE MARTIN-BENNETT CO.

Commissioners court has been in regular session this week transacting routine business. The annual examination of the rolls of Tax Assessor Baker took place the first two days of the session, and paid Mr. Baker a high compliment by saying that it was the best set of rolls ever prepared in Donley county. There were very few changes to be made. Mr. Baker was assisted in the preparation of the rolls by his daughters, Misses Millie and Nellie, and the young ladies deserve great credit for the neatness and accuracy of their work.

G. W. Antrobus this week received one of the biggest cars of buggies and wagons ever brought to Clarendon. It contained a large number of jobs of various designs and all of the famous Studebaker make. Mr. Antrobus says he is now fixed to supply the demands of anyone wanting anything in the vehicle line, and that he will make prices that will astonish the buying public. 43-tf

Sheriff Patman went down to Giles Wednesday in response to a request from some of the citizens to come down and rid them of the presence of a tramp who had been haunting the neighborhood for some weeks and who had become something of a terror to the women and children of the community. After a brief interview with the sheriff (during which time Mr. Hobo had a rope around his neck with the other end over a cross beam) his trampship agreed to leave the county. Jim turned him loose and he went off down the railroad track in a dead run. Jim says he was the worse scared man he ever saw.

GOOD for OLD and YOUNG

August Flower keeps the children healthy and strong—
Full of vigor and frolic the whole day long. So when Mamma needs more they rush off in high glee,
And shout to the druggist: "Please give it to me!"

Inability to get up brisk and fresh in the morning, lack of appetite, pallor, muddy complexion and poor spirits—these all indicate a disordered stomach and bad digestion—in adults and children, too. They also indicate the urgent need of taking Green's August Flower regularly for a few days.
It's a reliable old remedy for all stomach troubles, never fails to cure indigestion, dyspepsia and chronic constipation, and is a natural tonic for body and mind.

A Trip to Silverton.

(Continued from page 3)

hands with old friends and meeting
new ones and Silverton's Band was
making her silver instruments
ring. The company had dinner in
the Methodist church.

After dinner all attended the
broncho, steer and burro riding
contests. Clarendon won third
prize in the broncho riding; there
was also a sweepstakes race.

The concert given by the chil-
dren was highly appreciated by all
who attended, and if they had
wanted larger audience they would
have had to build a larger house.
After the concert the Company
once more assembled and started
"home," well satisfied with the
day's pleasures. They reached
home about twelve, and the re-
mainder of the night and the lar-
gest portion of next day was spent
in dreamland.

On the 29th the Company was
royally entertained at the home of
Mr. Crawford where a good por-
tion of a jolly club met and was
entertained until midnight, then
the Company started "home" once
more. (They style Sweeney's as
"home" at Silverton.) On the
30th the Company was invited to
the home of Mr. Tom Morris for
dinner. It is needless to say the
invitation was accepted. Silverton
can boast of her fine cooks. Music
and songs by the young folks served
to pass the time until dinner, after
which the Company went over to
the Tule Canyon, passing through
Uncle Tom Morris' pasture on the
way and seeing his fine fat cattle.
The afternoon spent in the Tule
was one of the most enjoyable
features of the visit. Homer Mul-
key's kodak came into good play;
don't forget he is the finest photo-
grapher yet, and no outing is com-
plete without one of his kodaks.
Early Sunday night the Company
went home, for they had to start
back to Clarendon early Monday
morning—snow, rain, or even if
Red River was up (which it was).
The Company had been so royally
entertained by the Captain and
family they could not help but promise
to come back again soon and
stay a few weeks instead of a few
days. For sociability the Silverton
people can not be surpassed.

Although it rained Sunday the
road was all right. The Company
always did enjoy sliding so they
were in great glee when they came
to the Cap Rock, and just slid all
the way down; but when they came
to the river it was up, and readers
of the Banner-Stockman, I wish
you could have seen Sal and Felix
Rostal and their two brave daugh-
ters, Tildy Jane and Smithy Ma-
riar. Felix always did have one
bad eye and after all of his wife
Sal's cautioning was still a careless
kind of a fellow, and right in the
middle of the of the river the bug-
gy hit a stump and of course old
Bat and Billie pulled too hard and
broke both the single and the
double tree, and ran to the bank,
leaving the buggy standing, but
Felix caught them and brought
them back. The rear wheels
sunk in the sand up to the
axles. Felix made the women do
the work while he busied himself
making new single and double
trees out of ropes, and when he
was ready I wish we could have
gotten a picture of the outfit. Sal
acted as driver and Felix and the
brave daughters dug the wheels
out of the sand. The water was
waist deep but we got out on dry
land all right. It ceased to be fun-
ny to Sal but never to the girls.
Felix was too interested to laugh
much. We had dinner on the
river bank and Felix made a mes-
quite double tree which served to

bring the Company home, arriving
here about midnight, tired out but
still bragging of the good time they
had had.

As Lonnie Sweeney says,

AMEN.

A Touching Story

is the saving from death, of the baby
girl of Geo. A. Byler, Cumberland, Md.
He writes: "At the age of 11 months,
out little girl was in declining health,
with serious throat trouble, and two
physicians gave her up. We were almost
in despair, when we resolved to try Dr.
King's New Discovery for consumption,
coughs and colds. The first bottle gave
relief; after taking four bottles she was
cured, and is now in perfect health." Never
fails to relieve and cure a cough
or cold. At Dr. Stocking's drug store,
50c and \$1.00 guaranteed. Trial bottle
free.

The Farm and Ranch last week
contained a splendid write-up of
the Panhandle country from north
line down to Armstrong county.
It was an interesting sketch and
was largely substantiated by the
facts. It was plainly apparent,
however, that the town which failed
to put up for a good ad in the dis-
play columns fail to get a big slice
of pie when it came to the descrip-
tive article. It was evidently a fact-
that the editorial office was on
close speaking terms with the busi-
ness office. For instance the article
says Hartley is the leading town of
Dallhart county outside of Dal-
hart. Now, it is a well known
fact that Channing is the county
seat and forty times larger than
Hartley and still Channing is not
mentioned at all.—Hall County
Herald.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists
everywhere, and nine out of ten will
give their customers this preparation when
the best is asked for. Mr. Obe Witmer,
a prominent druggist of Joplin, Mo., in a
circular to his customers, says: "There
is nothing on the market in the way of
patent medicine which equals Cham-
berlain's Colic, Cholera and Diarrhoea Re-
medy for bowel complaints. We sell and
recommend this preparation." For sale
at Dr. Stocking's drug store.

R. W. Scales of Rowe, was here
Monday and made us a call. He
reports crops fine but says if the
road is not fixed between Claren-
don and Bray the farmers will be
unable to market their stuff here
this fall. The Lake Creek Cross-
ing is particularly bad, and Mr.
Scales characterizes it as danger-
ous for night travel.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant
sufferers and appeal to our sympathies.
There is not one of them, however,
who may not be bought back to health
and happiness by the use of Chamberlain's
Stomach and Liver Tablets. These table-
ts invigorate the stomach and liver and
strengthen the digestion. They also regu-
late the bowels. For sale at Dr. Stock-
ing's drug store.

Sick headache results from a disor-
dered condition of the stomach and is quick-
ly cured by Chamberlain's Stomach
and Liver Tablets. For sale at Dr. Stocking's
drug store.

The Banner-Stockman of Claren-
don is talking sheep to the farm-
ers of Donley county. Just so
soon as the farmers of the Panhan-
dle learn to diversify stock raising
as they have diversified farming
will they be successful. There is
no doubt sheep would be a valuable
acquisition to every farmer in
Childress county.—Childress In-
dex.

cers, that eat away your skin. Wm. Be-

dressing I ever found." Soothes and
heals cuts, burns and scalds. 25c at

POLKA DOT CANS

ONE GALLON OF EACH
Kinloch PURE RAW LINSEED OIL
MAKES THE BEST PAINT
Important Memorandum—The painter is the most important factor in
painting. A job completed, done by a
good painter with the best quality of paint, cost only \$40.00 (\$40.00 labor, \$20.00 paint)
will last five years. The same job, applied by a shoddy painter, (25.00 labor, \$20.00 paint)
will last only two years. Thus the "per-year cost" of the good painter's job is \$12.00
—the poor painter's \$20.00.
When we sell you paint, you buy the linseed oil separately.
We know from our experience that paint without fresh linseed oil
is not going to last very long. Of course, it may look well in the
beginning—but in the end—what?
