Seventeenth Annual Celebration.

Fourth of July to be Celebrated in Clarendon as Usual.

A meeting of the business people was held yesterday and steps taken for the celebration of the Nation's holiday in Clarendon for the seventeenth time. It didn't take long to decide, and committees were appointed as follows:

FINANCE—E. Dubbs, J. S. Fleming, A. J. Williams.
PROGRAM—F. D. Martin, V. K. Wedgworth, Miss Bessie Chamberlain.

BASEBALL—Will Davis, B. F. Shepherd, John McLean, W. H. Cooke, Jr.

ADVERTISING—W. P. Blake, A. M. Beville, J. E. Cooke.

BEEF—L. C. Beverly, W. C. Culwell, D. L. McClellan, Red Williams.

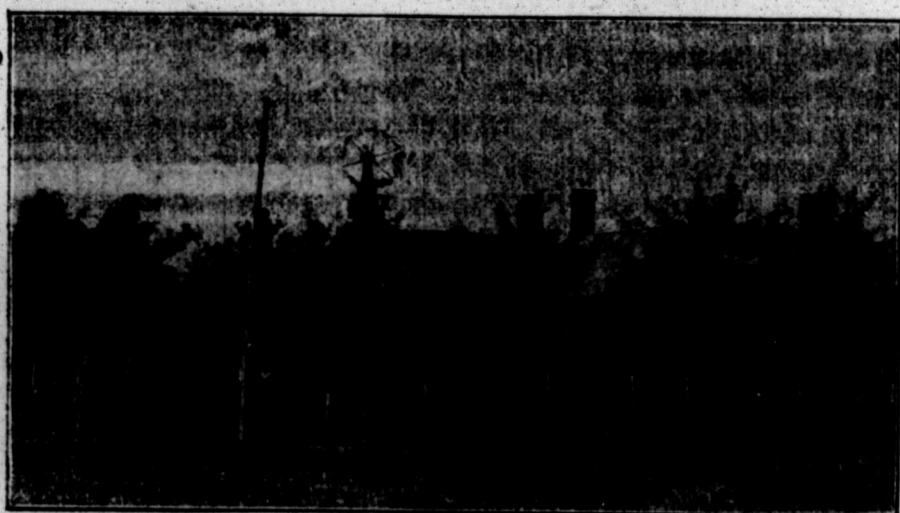

SEATS AND TABLES—J. J. Woodward, J. W. Ryan, A. C. Morgan.

BARBECUE—A. J. Wyatt, G. W. Smith, James Trent.

DANCE—Lloyd Blackwell.

Another meeting is called for Monday at 4 o'clock p. m., at the opera house, at which time final plans will be adopted.

SOME PRETTY CLARENDON HOMES.

Residence of E. C. Maulfair.

Referring to the article in last week's Banner-Stockman concerning the condition of the roads in Precinct No. 1, Mr. N. N. Martin, commissioner from that precinct asks us to say that as soon as he can get the road grader and proper tiling he will at once begin the work of repair. Tiling is absolutely

necessary in fixing these roads and as soon as that ordered by the court arrives it will be placed in culverts and the roads repaired. He further says he will spend every cent of the money available in this precinct on the roads, and that the amount available will be in the neighborhood of \$800.

Stock News.

Fred Horsbrugh, the Amarillo cowman, was here yesterday.

F. N. Page returned last week from the Santa Rosa country in New Mexico, bringing with him a train of big steers for Lewis & Molesworth. They were placed in the old Curtis pasture at Giles.

J. T. Sneed, of Amarillo, was here Tuesday receiving from W. E. Barrow, of Stonewall county, 700 2-year-old steers which he bought at \$18. He also received from Lee Bros. 400 twos at about the same price. The cattle were taken to pasture near Pampa.

While handling cattle in New Mexico last week Will Lewis was marked and branded in the latest approved style with an overslope on the nose. The accident was the result of him coming in contact with the hoof of an unruly steer, and his nose was pretty badly broken, but we are glad to say, will leave no serious results.

THAT NEW DEPOT.

Clarendon, Texas, June 13.
F. T. DOLAN, Gen'l Supt. F. W. & D. C. Ry. Co.

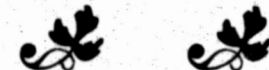

Fort Worth, Texas.

DEAR SIR:—I have delayed answering your letter of recent date upon the subject of railroad facilities at this place, partly on account of pressure of business and partly for the purpose of making some investigation concerning the character of improvements at Dalhart and Quanah, to which you referred in your letter. While we do not desire to be understood as overly exacting and hard to please in the matter, we do think, and hope to be able to show to your entire satisfaction, that the time has arrived when the population of our little city and the volume of passenger traffic peculiar to and arising from the educational advantages of this place, will justify the erection of a neat and commodious passenger depot, separate and apart from the present freight depot, which would be more preferable and satisfactory to our people and the public at large than the arrangement suggested in your letter. I feel assured that statistics at your command will prove the correctness of the assumption that the passenger traffic at this place will greatly surpass that of any other community of like population along your line. I have been giving this matter some attention and my conclusions are by no means over drawn, as you will find by a similar investigation and comparison with the business of other points along your line of railroad. In view of the facts here represented and relying upon your

Irrefutable Facts About Our County

A Story of Its Present and the Possibilities
the Future Holds in Store for It.

[Contents of a folder published by the Donley County Improvement Club.]

This little folder is issued for the purpose of giving some facts about Donley County, Texas. It contains nothing but facts, and the subject matter is not lurid nor highly colored, but simply a presentation of some of the advantages to be found here by the homeseeker. It is sent out by the Donley County Improvement Club, an organization of the business men, farmers and citizens of Donley county, formed for the purpose of advancing the interests of the county. We realize that the future of our country depends upon the farmer; that we must have more tillers of the soil, and we are confident from long association with the country and experience that no county in the grand old state of Texas offers so many inducements to practical farmers as Donley county. We are not in the real estate business and have no object in settling up the country except for the general benefits which we know will accrue to each and every one of us from a larger farming population. We realize that the farmer is the backbone of any country; that without him no section can be prosperous, and believing so thoroughly in our country we feel no hesitancy in asking any man who wants a new location to come and settle with us. We know that farming in the Panhandle is a success. We believe that a farmer can make more money here than anywhere else in the state. We also know that many false and erroneous ideas prevail as to conditions here, and it is to correct some of these false impressions that we have organized the Donley County Improvement Club. The following pages have been carefully prepared, not by land boomers, but by business men of Clarendon, who have no axe to grind, but who want to see the country settle up and everybody prosperous. We have a secretary whose duty it is to answer all inquiries and give such information as he can truthfully and conscientiously do. If after reading this folder you want to investigate farther, write him; you will get a prompt answer and courteous treatment in all respects.

Location.

Donley county is located in the Panhandle on the Ft. Worth & Denver Railroad, and is the third county from the southern boundary of the Panhandle proper. It is about 275 miles from Ft. Worth. The elevation is 2700 feet. Our location right at the foot of the Plains is a very advantageous one, for in it we have the happy medium of temperature and a maximum of rainfall. Thirty miles above Clarendon, the center of the county, the altitude is about 1000 feet greater, while below us it gradually decreases all the way to Ft. Worth. This location, as before stated seems to have the effect of making the rainfall greater than that enjoyed below and above us. This is accounted for by the theory that the cold air currents of the Plains meeting the warmer currents of the lower altitudes produces precipitation. Be that as it may, it is a fact that we of Donley county do not know the meaning of the word drought, and old settlers who have been here for the past 15 years and longer will vouch for the truthfulness of the statement.

Rainfall.

The average annual rainfall according to the records, is 26 inches. This rain comes principally in the spring and summer months at the time when most needed. It rarely ever rains in the winter months, but we have occasional snows, sometimes heavy but more often light, which is much better for the purpose of putting a season in the ground.

Water.

Part of the county is on the Plains, but the larger portion is in the "breaks," and here the land is rolling, with numerous streams of running water—water which runs the year round. There are more than 100 such streams in the county, and the water is uniformly clear and pure. No country has finer water or more of it than Donley county. You can dig a well anywhere and get all the water you want at a depth ranging from 25 to 200 feet. These wells are generally bored and furnished with windmills. There is always breeze enough to bring up the water, and your mill may turn day and night for weeks and months and the supply is never exhausted. We are above the gyp water belt.

Climate.

There is no finer climate in the world

than we have here. The elevation is just right. We do not have the extremely hot summer weather, the thermometer rarely ever registering over 90 degrees, which is equal to about 70 degrees in the lower country. Neither do we suffer from cold in the winter, the cap-rock of the plains protecting us from the severe wintry weather the "cap-rock" be it understood, is a rough, irregular bluff formation, separating the "plains" from the "breaks." This bluff is somewhat precipitous, rang in height from 400 to 800 feet, but there are comparatively few places where it is impossible to make ascent. It lies to the north of the county and serves as a gigantic wind break for almost the entire county. In the summer there is always a delightful breeze, day and night, and it is a fact that a light covering is necessary for comfortable sleep. You can go to bed when you get ready and sleep the sleep of the just without the worry of heat or mosquitoes. There are no mosquitoes, seed ticks or "chiggers" in this county. In fact, the climate of this country offers all that could be desired to make a perfect health resort. Of course you have heard of those "awful Panhandle sandstorms," how the wind rages for weeks at a time, and makes life unbearable. Well, the wind does blow, and we of the Panhandle would not have it otherwise. There is a short season in the spring before the rains begin when there are sandstorms, and sometimes we are free to admit they are disagreeable, but they are of short duration and you have never yet heard of any deaths resulting nor of anyone being run out of the country thereby. The long and the short of it is that every country has some bad features, and in the Panhandle the worst feature is the sandstorms. But they last for such a comparatively short time and the good features of the country outweigh this bad feature so heavily that it is not to be considered seriously in the selection of a location. Remember, we do not claim the Panhandle to be a paradise but we do believe and claim that it is as near one as is to be found on this earth.

The Soil.

There are several different varieties of soil in the county; a stiff black soil, sandy loam, sandy, etc. Under all is a clay sub-soil at a depth of from two to ten feet. These soils have all proven to be very rich in the qualities necessary to plant life and there has not yet been a crop tried which did not prove successful. We have farmers here who came from the black waxy belt who have no hesitancy in saying that our land is as good as they ever stuck a plow in. We refer to a few of these men without their permission. Write them. Capt. E. E. McGee, Clarendon, late of Denton county; J. E. McCombs, Clarendon, late of Hunt county; John Kibler, Silvertown, late of Denton county; Nat Smith, Rowe, from Grayson county; A. A. Peedy, Rowe, from South Texas; P. J. Smith, Clarendon, late of Arkansas; J. H. Roberts, Clarendon, from Tennessee; H. C. Jackson, Clarendon, from Hood county; Homer Glasco, Bray, from Illinois; G. T. Hamlin, Jericho, from Johnson county.

Crops.

To the farmer who is thinking of moving to this country the question of paramount interest is, "what can you raise." To give you a brief answer we would say "anything you will plant." To go into details will say that cotton, corn, alfalfa, wheat, oats, kafir corn, milo maize, sorghum, millet, June corn, all kinds of fruits, vegetables and berries have been and are being from year to year raised, and the yields will all times equal and in some instances surpass those of same crops in any other section of the state. Alfalfa is the coming crop. It has been demonstrated that this crop will grow readily without irrigation on any of our soils, yielding from two to three cuttings each season with a total of three to five tons to the acre. It sells readily at \$13 per ton and better. Corn makes from 20 to 40 bushels; oats 40 to 60; kafir corn and maize will make 30 to 50 bushels, threshed, to the acre, leaving a big supply of roughness which can always be disposed of in the field as stalk field pasturage; cotton makes from one-fourth to one bale per acre; sorghum 4 to 6 tons; June corn is an especially valuable crop and produces 20 to 40 bushels to the acre, selling readily. Kafir corn is perhaps the most universal crop grown and we will give you an

Ben W. Chamberlain

Oldest Dry Goods House in Donley County

Think
of
Cham-
berlain

instance of its value: Capt. E. E. McGee, eight miles east of Clarendon, this year had 31 acres from which he harvested 1416 bushels of threshed grain; he sold at the very ordinary price of 70 cents per cwt. The cost of making and disposing of the crop was less than \$100, and there are 56 pounds to the bushel. Figure it out and you will see that Mr. McGee netted from this crop a little better than \$14.50 per acre. Land as good as his can be had all over the county at from \$8 to 12.50 per acre. Another man we know bought a section of land at \$5 per acre, put in a sod crop of 100 acres of kafir, maize and Indian corn, and sold his crop for more money than the entire 640 acres cost him. He held the land one year and sold it at \$10 per acre. The same section is now held at perhaps twice that figure. There are hundreds of just such instances and better to which we could cite you but we give these two simply as an illustration of what this country is doing.

Land Prices.

The first thing the prospector wants to get out of his head is the erroneous idea that he can buy lands at a dollar or so an acre. It can't be done. Time was, and just a few years ago, when you could get all the land you wanted at prices around those figures. But those experimental days are past and gone never to return. Good land will now cost you from \$5 to \$20 per acre, according to quality and location. There are still rough grazing lands to be had at something like \$3.50 per acre, but good, smooth tillable land can not be had at that figure, and the time is surely coming when our best agricultural lands will be worth from \$40 to \$75 per acre. The time to act is now.

Hogs, Cattle and Sheep.

One of the surest methods of making money is in the raising and feeding of hogs, sheep and cattle. The feed crops raised here are of the best qualities for feeding, the combination of kafir corn and alfalfa having been proven by numerous tests to be equal to any other food as a fat producer. There is no such thing as hog cholera in the Panhandle, while our dry open winters make feeding both easy and profitable. Our nearness to market and the ability to buy feeders at home without paying freight, combined with the fact that you can raise your feed on cheap land makes the feeding proposition an exceptionally good one.

Fruits.

This county rivals the fruit belt of East Texas as a fruit growing section. Every bona fide settler, almost, has an orchard, and many of them are now bearing. Peaches, plums, apples, apricots, cherries, and all the berries do well, and there is a bright future ahead for the fruit grower. The same is true of vegetables and vine crops. We raise the finest watermelons, canteloupes, squash, pumpkins, etc., in the world. All the vegetables do well, including Irish potatoes. If you want to be shown in this respect it will be the easiest matter in

BLACK-DRAUGHT STOCK & POULTRY MEDICINE

This great stock medicine is a money saver for stock raisers. It is a medicine, not a cheap food or condition powder. Though put up in coarser form than Theodor's Black-Draught, renowned for the cure of the digestion troubles of persons, it has the same qualities of invigorating digestion, stirring up the torpid liver and loosening the constipated bowels for all stock and poultry. It is carefully prepared and its action is so healthful that stock grow and thrive with an occasional dose in their food. It cures hog cholera and makes hogs grow fat. It cures chicken cholera and roup and makes hens lay. It cures constipation, distemper and colds in horses, murrain in cattle, and makes a draught animal do more work for the food consumed. It gives animals and fowls of all kinds new life. Every farmer and raiser should certainly give it a trial.

It costs 25c. a can and saves ten times its price in profit.

PIREBURG, KAS., March 25, 1904.

I have been using your Black-Draught Stock and Poultry Medicine on my stock for some time. I have used all kinds of stock food but I have found that yours is the best for my purpose.

J. B. HASSON.

—Buy racket goods, glassware, queenware, men's and ladies' notions, ice cream, cold drinks, etc., at The Globe and get not only your money's worth but valuable premiums with each purchase. E. Dubbs & Sons.

HEAVY LOSS FROM FIRE.

Plant of Old Fort Worth Packing Company Destroyed.

Fire, which was first discovered about 8 o'clock Sunday morning, completely destroyed the property of the old Fort Worth Packing & Provision company, located about 400 yards southeast of the Swift & Co. plant.

The house was operated by the Southwestern Mechanical company, a subsidiary concern of Swift & Co., and Armour & Co., and consisted of five buildings, four of stone and one of brick.—Fort Worth Live Stock Reporter.

The laxative effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural that you do not realize it is the effect of a medicine. For sale at Dr. Stocking's drug store.

Mrs. Len Ballew and little daughter, Fannie Ray, left Monday for a three-weeks' visit to relatives at Vernon, Ft. Worth and Pilot Point.

A FOOLISH PLAN

"It's a joy to eat—I welcome my dinner hour; because I rout indigestion with August Flower." Constipation is the result of indigestion, biliousness, flatulency, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuralgia in various parts of the system, catarrhal inflammation of the intestinal canal and numerous other ailments that rob life of its pleasures if they do not finally rob you of life itself. "I'm bound in the bowels," is a common expression of people who look miserable and are miserable—yet who persist in "letting nature take its course." What a foolish plan, when nature could be aided by the use of Green's August Flower, which is nature's own remedy for constipation and all stomach ills. August Flower gives new life to the liver and insures healthy stools. Two sizes, 25c and 75c.

For sale by J. D. Stocking, M. D.

Facts About Donley County

(continued from page 2.) the world to satisfy you—we have the goods when it comes to vegetables and fruits.

Towns.

Clarendon, the county seat, is a little city of some 2500 population, and is known and esteemed for two things: First, as an educational center; second, as the prettiest town in the Panhandle. We have more pretty homes, more trees, more flowers and shrubbery, than any other town in Northwest Texas. Trees grow wherever planted. Big locust groves are being planted all over the county and yield big returns on the investment. Clarendon's school facilities consist of a splendid system of public schools whose enrollment reaches 450 annually, employing eight teachers. It is conducted in a splendid brick building which cost \$10,000. This school is the pride of the whole country. Clarendon College is a chartered institution, under the auspices of the M. E. Church. South. It has an enrollment of 345 and employs nine teachers, offering instruction in all the departments including music, art and oratory. Its equipment consists of a large three-story brick school building, and two big two-story dormitories, one for boys, the other for girls. The capacity for caring for boarding pupils is 125, and this summer will see this capacity enlarged, the money for the work having already been secured. This school is pointed to with pride by the whole Panhandle, and it derives its patronage from all over this country. St. Mary's Academy is our other educational institution. It is conducted by the Sisters of Charity of the Incarnate Word under the direction of the Roman Catholic church. It has a large boarding capacity, which is also to be increased this summer. Clarendon has an electric light plant, an ice factory, water works, telephone system, cold storage plant, two banks, two newspapers, and the usual run of business institutions including several incorporated firms with very large capital. It is quite a little city and offers excellent market facilities.

Rowe is the next largest community in the county. It is about 14 miles east, on the railroad, and has a good school, two big general merchandise stores, hotel, cotton gin, lumber yard, drug store, etc. and is right in the center of the richest part of the county and where agriculture is most followed.

Jericho is in the center of the small grain section of the county. On the Choctaw railroad in the northern portion of the county on the Plains. It is a thriving little town, with good school, church and business facilities. There are prospects here for oil and gas and same is now being investigated by oil experts.

Giles is about 6 miles east of Rowe, is on the railroad, and has several stores, a gin, etc., and is a thriving community. There are several other smaller localities over the county.

Schools, Churches and Society.

Donley county is populated by the best class of people in the world. The "poor white trash" element has never migrated to the Panhandle yet, and our society is represented by the well-bred and most highly respected classes of the east, north, south and west. Ours is a cosmopolitan citizenship, where one man is always as good as another so long as he obeys the law and respects the rights of his neighbors. There are in the county 18 public schools, which run from 5 to 10 months in the year. At nearly all of these school houses religious services are held quite regularly, there being regular pastorates at some. Rowe has a fine church building, used by the several denominations; Giles is now building a new church. Clarendon has six denominations, each with a house of worship. They are Baptist, Methodist, Christian, Presbyterian, Catholic and Episcopal. There is no reason why any citizen of the county should not attend church every Sabbath if he feels so inclined, or send his children to school regularly, for the accommodations are ample.

Now friend, in concluding this little talk we want to again say to you that we have no axe to grind in trying to interest you in this country. It is your own good we are looking to first; we know that if you don't come west someone else will. We know this country is going to settle up, but we are interested in seeing it done quickly and so have organized our Club to help the good work along. If you are interested write our secretary and he will take the matter up with you further. If the correspondence leads to a desire on your part to come and be one of us he will turn you over to some one

who has what you want for sale and will try and see that you get what you want. Let us hear from you if you contemplate coming this way. Address, JNO. E. COOKE, Secretary Donley County Improvement Club.

Dying of Famines

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Fleming & Maulfair's drug store, price 50c and \$1.00 a bottle. Trial bottle free.

Mrs. Homer Mulkey of Clarendon came up this week to see her husband who has been catching the shadows of all the handsome young people around Claude for the past week. Mulkey still continues to "catch the shadows," however, and his work gives satisfaction to his patrons.—Claude News.

Do not use cheap house paints, they cost the most in the end. Use the best as it costs less at the end of a few years. Try Mastic Mixed Paint, "The kind that lasts." Sold by H. W. Taylor & Sons.

A bunch of cowboys came to town Tuesday and instead of imbibing fiery booze, turned their appetites upon a bunch of bananas at the Oklahoma grocery and ate 5 1/2 dozen before they were satisfied.—Higgins News.

Mastic Mixed Paint, "the kind that lasts," is as pure as any painter can make in a bucket and stir with a stick, besides it is made better. Powerful machinery makes better paint than hand power. Sold by H. W. Taylor & Sons.

Wm. Petty et al of Lynn and Dawson counties are here with 1300 2's and 3's to be delivered to H. E. Siders of South Dakota—Hereford Brand.

South African Diamond Mines. South African diamond mines now produce 98 per cent of the world's supply and they are prospering more than ever before.

Words of Wisdom.

To hate is to waste your time twice, for while you're hating you could be loving.—Chicago Record-Herald.

Transplant Trees at Night.

Trees transplanted at night are more likely to live than those transplanted in daytime.

On Pay Day.

A man has plenty of friends when he doesn't need them.—New York Press.

Many Sailing Vessels Left.

Steam has by no means made sailing vessels obsolete. The total number of them in the world is still 65,934 as against only 30,561 steamers.

"Irish Eggs."

It appears that eggs are sent from Austria to Ireland and thence to England, where they are sold as fresh "Irish eggs."

Brick a Lasting Material.

A stone house is not so durable as one of brick. A brick house, well constructed will outlast one built of granite.

Cost of Golf.

It is calculated that in England, Ireland, Scotland and the United States \$50,000,000 a year is spent in golf. There are 879 golf clubs in England, 760 in America, 632 in Scotland, and 134 in Ireland, numbering altogether 600,000 players.

Misdirected Energy.

A little reflection will make many people wiser as to how much energy they may be wasting. By husbanding their intellectual and physical resources they can avoid misdirecting their energies and enjoy healthier and longer lives.

Analysis Of Vane Calvert

Palace Car Paints

COLLEGE STATION, TEXAS, Mar. 13, '03. Analysis of Paint, Palace Car Brand, made for the Vane-Calvert Paint Company of, St. Louis, Mo.

SUBSCRIPTION \$1.00 PER YEAR.

Entered at the postoffice at Clarendon, Texas as second class matter.

Clarendon, Tex., June 16, 1905

FOURTH of July as usual.

A CLEAN town makes a healthy city.

JOIN the Donley County Improvement Club.

GET behind and push, or get in the lead and pull for Donley county and a greater farming population. The Improvement Club needs your help and expects every citizen to do his part.

DON'T knock. The knocker has no respect for himself and everybody else hates him. Hide your hammer and fall in line for the good of Clarendon and Donley county, or else get off the earth.

THE matter of cleaning up the town before the hot weather sets in should have attention right now. Clarendon has always been a clean town but the usual spring cleaning has not yet taken place. Let's get busy on this proposition at once.

About every other town in the Panhandle will celebrate the 4th of July in becoming style, that is, every town except Amarillo. The Queen City has had all the celebrations it wants and besides that, it owes it to the little fellows who turn out to its conventions to help them have an inning occasionally themselves. If the celebration that has been planned for Clarendon is pulled off, about half of Amarillo will be there, and the other half will be distributed among the other Plains towns.—Amarillo Herald.

Receipts and Shipments.

E. E. Bakwin, local agent for the Denver, furnishes us with the following interesting figures concerning the car lot receipts and shipments of the Clarendon station since January 1, 1905:

January—Shipments: 1 car grain. Receipts: 56 cars merchandise.

February—Shipments: 12 cars cattle, 1 car horses. Receipts: 31 cars merchandise.

March—Shipments: 9 cars grain, 2 cars cattle, 1 car hogs. Receipts: 28 cars merchandise.

May—Shipments: 4 cars corn, 52 cars cattle, 1 car horses, 189 bales cotton. Receipts: 37 cars merchandise.

The receipts enumerated above were solid cars of general merchandise, coal, lumber, etc., and do not include local shipments of less than a carload. The summary shows that during the five months nearly 400 solid carloads of freight were handled in and out of Clarendon, not mentioning the stuff "loaded" in and out.

Vestus Jones left Tuesday for his home in Greenville.

Mrs. J. H. Anderson, of Greenville, is here visiting the family of Dr. Wm. Gray, and other friends.

W. T. Youree, of Bras, was in yesterday and called on the B.-S.

Taylor-Beverly.

Last Wednesday evening at the Methodist church, just as the goddess of night had bespangled the heavens with her glorious jewels, and evening breezes were echoing the harmonious cadences from the pulses of love, Mr. Walter W. Taylor and Miss Minnie Beverly were made man and wife.

The church was beautifully decorated with evergreen festooning, flowers, palms, etc. On either side of the altar, suspended from the foliage crescents were the "wedding bells" of white bearing the letters forming "Taylor-Beverly," in gold. Above this the date, 1905. The entire altar was banked in a profusion of foliage, ferns and flowers. At the terminus of the main aisle was a rustic gate decorated with foliage, and surmounted by an arch of the same, bearing most artistically the decorator's touch.

When Miss Chamberlain, at the pipe-organ, began Lohengrin's famous wedding march, the flower children, Allen Beville, Jr., and Annie Mary Taylor (sister of the groom) with their baskets heaped with lovely blossoms, marched up the center aisle and held the gate for the bridal party.

Messrs. Victor Trammell and Jno. McLean came first as ushers, followed by Mr. Edward Graham and Miss Grace Taylor, (groom's cousin) Mr. Currie Powell, and Missie Louise Ryan. Bride and groom came next; and our thoughts followed in the channel of the poet's mind as we viewed the fair bride with

"Grace in all her steps, heaven in her eye,
In every gesture dignity and love."

Her dress was made of pearl white crepe de chine over taffeta silk with fishscale appliques, and chiffon plaitings. The bridal illusion hung in graceful sway, and was held in place upon the head by dainty white roses. In her hand she carried a bouquet of beautiful roses tied with ribbons.

The groom wore the usual conventional suit of black. Bridesmaids were gowned in pure white. After Rev. G. S. Hardy had pronounced the impressive words of the Methodist marriage ceremony, and the early vows were now consummated, Mendelssohn was played; and the flower children, scattering fragrance and beauty from their baskets, preceded the bride and groom down the aisle.

Mr. Taylor and Miss Beverly were both raised in Clarendon, and fell victims to Cupid's arrows during their early schooldays; and the little god of love was faithful in his mission to lead them to the altar. Each has won a prize: For true manhood and womanhood constitute their character-balance.

The proofs of esteem and love of their acquaintances and friends are attested by the many handsome presents sent.

They left on the 8:45 train for points of interest in Colorado. In about two weeks they will be at home to their friends in their handsome new cottage on third street.

L. K.

A. V. Lipe, the champion house mover of this section, last week completed a most difficult job when he moved the Henry Stockett barn from the old location on the hill down to the lower end of Kearney street. It was a good big job at best, but when the rough ground over which the building was moved is taken into consideration the magnitude of the undertaking seems a little remarkable. Mr. Stockett has embarked in the livery stable business in his new location, and has bought the livery business of J. W. Looney. He is well equipped to do a good business and give good service.

Our Country Correspondents

Bray Briefs.

BRAY, TEXAS, June 13.

EDITOR BANNER-STOCKMAN:

Farmers are well up with their work, crops generally promising. Some damage to crops by worms, though not serious as yet.

DIED—On the 2nd inst. at his father's home near Bray, young Mr. Grover Hornsby, of consumption. The family had lately moved here from Thurber, Texas. The stricken family have the sympathy of the community.

BORN—On the 6th inst. to Mr. and Mrs. J. T. Bain, a girl.

The young people report a nice time at an ice cream supper at Mrs. Lamberson's last Friday night.

McLean Minnows.

MCLEAN, TEXAS, JUNE 14.

EDITOR BANNER-STOCKMAN:

This locality was visited by a fine rain last night. Everything looks prosperous and farmers are happy.

Our Children's Day was indeed fine. The house was filled to overflowing. The sermon was fine. The exercises were very nice and the dinner all that heart could wish.

Our young people have quite a craze for horse back riding at present.

Rev. Lusk, a Baptist minister, preached here Sunday morning and night. The church here called him as their pastor for this year. Bro. Lusk is talking of locating in our midst and it is to be hoped he will, as he is a fine man.

Miss Maude Floyd is teaching a class in music at Shamrock. She goes down Monday and back Saturday.

Mrs. Arthur Gray who has been very low is improving and has been carried to visit her father and mother, Mr. and Mrs. John Biggers, of McLean. All her friends are greatly rejoiced to see her thus improved.

Mrs. Piper, Grandma Simmon's daughter, died very suddenly at her home in Story, last Friday and was buried here Saturday. She left a husband and two little children. The babe only six weeks old. All the community greatly sympathize with them in this sad affliction.

Mr. W. T. Wilson and family are visiting relatives in Oklahoma, and will be absent several days.

Mr. Arthur Cooke, of the firm of C. C. Cooke & Sons, is in Tennessee, and it is reported he will bring "her" back with him.

Young Mr. Gamble and sister, of Memphis, are here looking for a position in the school.

Giles Glimmerings.

GILES, TEXAS, JUNE 12.

EDITOR BANNER-STOCKMAN:

J. S. Young left Saturday night for Collin county.

Mrs. W. J. Thaxton went down to Memphis Friday.

Several light showers of rain fell here last week but we would be glad to have more.

Mrs. E. H. Watts' big buggy horse died last week.

Rev. Farmer preached at this place Sunday evening.

Mrs. Chas. Crow is spending a few days with her sister, Miss Dessa Young, this week.

Mexia Johnson went up to Clarendon Saturday night.

Little Mamie Shelton, of Rowe, visited her grand parents at this place a few days this week.

The Memphis boys are to come up and play "our boys" Saturday.

Miss Nellie Baker, of Clarendon, was down Friday interviewing the trustees in regard to getting the school at this place for the next term.

Quite a crowd from here went up to Rowe Saturday evening.

Something over six hundred dollars has been raised toward erecting a church at this place, and any amount of work

has been donated to help build the church.

While on the way to Rowe Saturday, the horse driven by Misses Dessa Young, and Clara Wylie ran away, running into a wire fence, over-turning the buggy, throwing the occupants violently to the ground, bruising them up considerably, wrecking the buggy and cutting the horse badly.

Worth Investigating.

W. C. McFall, of Weatherford, Texas, who is State President for the Mutual Life Insurance Association of Texas, is in Clarendon, and has organized an association here which will be run by local citizens with L. C. Beverly as President, W. J. Parsons, Secretary and W. H. Cooke, Treasurer. Our money kept in our local banks and

paid out only when we have a death in our own association. The cost is very small. The protection absolutely good and your money all kept at home. We take 1000 members in our association, which makes it complete, and at the death of a member it costs each living member \$1 and no more. We take ladies and gentlemen who are in good health. Our age limit is from 18 to 60 years. It is so cheap that any man that wants protection for his family can have it, as you only pay \$1 at a time and have 15 days to pay that in. The yearly expense is only one dollar outside of the death assessment. Don't fail to investigate this proposition and take advantage of same.

DONLEY COUNTY FARM SCENES

Published by The Priddy-Reeves Realty Co.,
Clarendon, Texas.

Len Ballew's Cotton Field, 4 miles East of Clarendon.

The printer's pathway is occasionally brightened by kind remembrances of friends and he is made to feel that his rub-a-dub life is after all worth the living. Such was the experience of the Banner-Stockman force Tuesday when all hands from the "devil" down to the "cooke" laid off from their duties and partook at the hands of Mr. T. J. Davis an elaborate treat of ice cream soda. Mr. Davis has secured the agency for the cream made by the Shaw Dairy Company, of Ft. Worth, and the force can bear truthful testimony to the fact that it is as fine cream as was ever made in any man's town. Many thanks, Friend Davis. Your kindness is only exceeded by your extreme good looks and the rare quality of your summer beverages.

Order of The Commissioner's Court.

CLARENDON, Texas, June 14.
Notice is hereby given that the Commissioner's Court of Donley county, Texas, will convene in its final session as a board of equalization on Wednesday, June 28, 1905. Those who are interested take notice and be governed accordingly.

IMPROVEMENT CLUB.

Met Monday and Adopted Bylaws and Regulations—The Interest Growing.

The Donley County Improvement Club held a called meeting Monday for the purpose of hearing the report of the bylaws committee. The secretary's report showed an increasing interest, and the membership has grown to about 65. The executive committee has now in preparation some advertising literature concerning the county and its resources, and the work of the organization will be well in hand in a few days. The bylaws as adopted are as follows:

The name of this organization shall be "The Donley County Improvement Club."

The purpose of this organization shall be to make known the resources of Donley county and this immediate part of the Panhandle, and to encourage immigration and foster improvements. All persons in sympathy with the above purposes may become members.

The officers of this organization shall be a president, vice president, secretary and treasurer, and an executive committee consisting of five members. All officers to be elected annually at the first regular meeting in June of each year.

The President shall preside over the meetings of the Club, appoint committees when required and perform such other duties as may be incumbent upon the presiding officer.

The Vice President shall perform the duties of the President in his absence.

The Secretary shall keep a correct minute of all proceedings of the Club and the executive committee, keep a roll of the membership and collect the dues from members as well as all voluntary contributions, turning same over to the treasurer; to issue vouchers upon the treasurer upon order of the President and executive committee; to answer all correspondence of the Club, and perform all other duties incumbent upon the Secretary, and for his services shall receive such compensation as the executive committee may allow.

The Treasurer shall receive the funds of the Club and safely keep the same and pay out upon order of the President and Secretary.

The Executive Committee shall have general supervision of the interests of the Club and shall direct its affairs in an executive way. Threemembers shall constitute a quorum for business, but where only three are present it shall require a unanimous vote to pass on any business.

The Club shall hold its regular meetings on the first Tuesday in each month at 4:00 o'clock p. m., and special meetings upon the call of the President. Seven members shall constitute a quorum.

The membership fee shall be 50 cents per month, payable in advance.

Respectfully submitted,
A. M. BEVILLE,
D. C. PRIDDY,
J. E. COOKE.

June 12, 1905.

That Kaffir Corn Crop.

Capt. E. E. McGee, of Lelia, was here Wednesday and made us a call. The captain had without having been warned gotten before the public in last week's paper as a champion kaffir corn grower, and being a lover of the truth and wishing to see everything stated correctly upon reading the article in question he armed himself with the exact figures and brought them to us. We secured the item last week from another source, stating that his 31 acres of kaffir corn had brought him net about \$14.50 per acre. The exact figures as furnished by Mr. McGee are as follows:

Product of 31 acres	84,358 lbs.
Sold at, per cwt.	70c
Total	\$590.50
Cost of sacks, threshing toll, hired help, etc.	112.40
Net proceeds	478.10
Net proceeds per acre	15.42

—See Powell Trading Co. for hand threshed, red top, Sumach Sorghum Seed, best for planting; grain not crushed. tf

G. O. Hunter and wife, of the Sherman Democrat, are in the city visiting the family of Frank Harrington.

Mrs. J. W. Thompson, of Whitesboro, Texas, came in Saturday night to visit the family of her son, W. H. Thompson.

War or Peace

We have been waging a war of extermination on high prices and are winning the victory. Our terms of peace are as follows:

- 1 That our customers shall have high grade groceries at living prices.
- 2 That they shall have an absolute guarantee as to quality on everything in the line.
- 3 Money to be refunded if perfect satisfaction is not obtained from goods bought of us, upon return of goods.
- 4 That we sell strictly for spot cash and save you 10 per cent of the cost of living.

The above treaty of peace has been ratified by a large number of the good people of our town and county, and new ones are subscribing thereto.

We handle pure corn chops and rich mill run bran at a very small margin of profit.

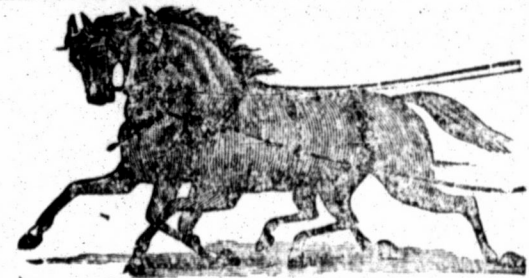

There is only one genuine White Swan flour and we have that one—made in the good old state of Missouri and guaranteed equal to any flour made in the United States, and the price is far below any flour in its class. You have only to try it to insure us your flour trade.

Call and leave your orders for anything in the grocery line. Our phone number is 51.

Yours for war on high prices.

A Runaway Smashup.

GILES, Texas, June 12.
EDITOR BANNER-STOCKMAN:

Last Saturday evening as Mrs. T. C. Ranson, Miss Dessie Young and Clara Wiley, all of Giles, started to Rowe in a single buggy, and when about 1½ miles from Giles the horse became frightened and ran away, throwing the ladies all out and upsetting the buggy by running into the barbed wire fence. They were all three bruised and shaken up considerably. Mrs. Ranson received a very bad

sprained knee. Miss Wiley's shoulder was hurt, as she was thrown twenty feet, striking the ground on her shoulder. Miss Young received internal injuries from which she has suffered very much, but all are better now. The horse was cut very badly on the wire and stopped when the buggy which was smashed up pretty badly was turned over. The parties all reside in Giles. X.

Dr. Cooke, the dentist, is now at home again and his patrons can find him regularly in his office. tf

Gloves!

We have this week received a big shipment of Gloves and have some excellent values to show you. Also a new lot of fancy SHIRTS just in. Remember we are still leading in COLD DRINKS and CONFECTIONERIES. Better get in on that big graphophone deal. Come to see us.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale at Dr. Stocking's drug store.

Land Bargain.

Eight sections school land 5 miles south of Pampa in Gray county, 12 miles from Groom, for sale in tracts to suit at \$3.50 per acre. If you are looking for a bargain write. W. C. CULWELL, Clarendon, Texas.

GENERAL STOCK NEWS

Cattle Sales Reported.

Jas. Leslie to J. A. Patterson, 8 dry cows at \$13; Geo. Wilks to Patterson, 55 speyed heifers at \$17.

E. D. Hunt to the Shoemills, 49 stock cattle at \$13.75, calves not counted.

E. D. Hunt to J. T. Jones, 100 2 and 3-year-old steers, p. t.

Frank Glover to E. D. Hunt, 19 2-year old steers and 10 yearling steers; A. Tate to Hunt, 10 yearlings; J. T. Simmons to Hunt, 10 yearlings; John Keegans to Hunt, two 2-year-old steers; Hagler & Gilbert to Hunt, 192 1 and 2-year-old steers. Prices ranged from \$10 to \$15.

Britt & Sherwood sold to Shaw & Jones, 10 speyed heifers.—Childress Index.

Montgomery Thompson, of Floydada, sold a bunch of about 1500 twos and threes to Kansas parties, the price being \$19 and \$25 respectively. J. R. Burroughs of the same vicinity sold about 800 head at \$18—\$24, ranch delivery.—Amarillo Herald.

Hereford Cattle News.

The following cattle sales have been reported since our last issue.

J. D. Thompson sold to J. P. Burch 400 two-year-old steers which were delivered at the latter's ranch Wednesday.

Murchison & Thompson sold for Ivy & Hord 340 2's to W. W. Parker of Colo. They were delivered at Amarillo Wednesday.

R. N. Mounts sold 350 2-year-old steers to J. D. Williams of South Dakota. They were shipped from Hereford.

Brockman & Flanagan of Neb. bought of F. J. Dalby of Stonewall county 500 yearling steers. Shipped Thursday.

J. E. Rhea bought for Rhea Bros. of Bovina the following: J. E. Spires, of Lubbock, 34 3's, Calwell & Hicks, 60 2's and 40 3's; Biggs & McLean, of Castro, 48 2's and 260 3's.

Ike Humphrey bought as follows for Parmlee & Burbanks of Dakota: W. H. Godair, 1389 two-year-old steers; Roy Beal et al of Yoakum Co., 249 2's and 3's.

A bunch of 1000 2-year-old steers belonging to C. C. Patten, were brought to the box T pasture this week. They were from the Adair ranch at Clarendon.—Higgins News.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

At the store of the Powell Trading Co., last Friday the representative of the Liquid Coffee Company held a public demonstration, serving free coffee all the afternoon to all who applied. The beverage was very fine and greatly enjoyed by a large number of people.

WILL CLOSE OUT HOLDINGS.

Texas Cattlemen Will Send No More Southern Steers to Montana.

J. P. Sutton and G. M. Porter, of Mobeetie, Texas, well known cowmen, arrived at Miles City the other day, where they have a string of steers. They are well known among the ranchmen of Wheeler county, in the Panhandle, and their trip to Montana is for the purpose of looking after a bunch of steers that have been on the ranges of Custer county for two years. "It is our intention" says Mr. Sutton, "to close out our cattle interests in Montana this season, as we do not intend to take any more up to that country. These steers are now four and five years old, and with good grass this summer they ought to be as good as they can be made in that country. They wintered well, and are now in fine condition, and as soon as they are ready for shipment from time to time, we will move them until we get them sold off. The movement of Texas steers to Montana, which was carried on so extensively a few years ago, has been falling off right along, and fewer than ever went up this spring."—Live Stock Reporter.

Just What Everyone Should Do.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says, "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold at Dr. Stocking's drug store.

—Investigate the premium offers made by E. Dubbs & Sons. Many valuable and beautiful things given away to our customers. tf

Len Ballew reports his crops in fine shape. He last week cut his alfalfa of which he had only two acres, planted last spring, and is well pleased with the yield. He has this year put in seven acres more and believes alfalfa to be the coming crop of the Panhandle. His cotton is growing fast and is half-leg high, while his Indian corn is booming. Mr. Ballew says he never saw land that will make crops as fast as this Donley county soil. He thinks it is a better country for farming than Denton county, his former home, and never loses a chance to say a good word for Donley county.

Huge Task.

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by Fleming & Maulfair druggists; price 50c."

Miss Bertha Donnell has been elected by the trustees to fill the same position she occupied last year—the primary grades, which meets with the approval of the community.—Silverton Enterprise.

Sprained Ankle, Stiff Neck, Lame Shoulder.

These are three common ailments for which Chamberlain's Pain Balm is especially valuable. If promptly applied it will save you time, money and suffering when troubled with any one of these ailments. For sale at Dr. Stocking's drug store.

—Guaranteed pure comb honey at Powell's. tf

Henry Stevens, Jr., of Kansas City, arrived in Clarendon Monday morning and left immediately for the JA ranch where he will spend the summer.

H. C. Jackson, near Rowe, planted five acres of alfalfa last September. He made the first cutting last week and sold it for \$65. He will get two more cuttings before frost. Nuff sed for alfalfa.

Mrs. James Walsh, of Amarillo, was here yesterday on business and visiting old Clarendon friends.

Mrs. L. D. Rhodes returned to her home at Wichita Falls Wednesday after a two weeks' visit to her mother, Mrs. E. C. Carraway.

George Washington has sold his residence to Alec Ligertwood, of the JA ranch. We understand that Mr. Ligertwood's sister will occupy the house this fall.

The Banner-Stockman was in error last week in stating that Mr. Perrine had just completed a new house at Rowe. The house in question is the home of Uncle Nat Smith, and Mr. Perrine and family are living with them, Mrs. Perrine being Uncle Nat's daughter.

Commissioners court has been in session this week as a board of equalization.

A. J. Rawlings, of the Boydston community, was here Monday. Asked about the oat crop he replied that they had too much rain for the best results and the crop will accordingly be cut short to some extent. He estimates the average yield in his locality at 45 to 55 bushels to the acre. Mr. Rawlings is preparing to embark in the hog raising business on a large scale, and is now in the market for stock hogs. He is also interested in the movement for a county fair for Donley county, and promises to have something to show in the exhibit line.

Married.

At the home of the bride's sister, Mrs. Robert Sawyer, at six o'clock Monday morning, Rev. Wilson C. Rogers united in marriage Miss Josie Southern and Dr. J. G. White. The groom is a physician of Cerulean, Ky., and he and his happy bride left on the early morning train for that city where they will make their home. The wedding was a very quiet one, there being present only a few relatives and near friends. Miss Josie is one of Clarendon's most popular girls, and has innumerable friends who join the Banner-Stockman in extending best wishes for future happiness and prosperity. We congratulate Dr. White upon having secured a capital prize in the marriage lottery.

The local Masonic lodge elected new officers recently as follows: Blue Lodge—James Trent, W. M.; W. H. Patrick, S. W.; I. W. Carhart, Jr., J. W.; W. H. Cooke, Treas.; R. A. Chamberlain, Sec. Chapter—I. W. Carhart, Jr., H. P.; Geo. F. Morgan, K.; G. W. Baker, S.; W. H. Cooke, Treas.; James Trent, Sec.; J. A. Barnett, Guard.

To The People of Donley County.

The farmers and citizens of the county generally are asked to investigate the plans of the Donley County Improvement Club. When you come to town we will take it as a favor if you will call on our secretary, Mr. J. E. Cooke, or on any one of the undersigned executive committee members, and allow them to explain fully the objects of the organization. We want the co-operation of every farmer, stockman and business man in the county, and we would like for you to hand in or send to the secretary lists of names of parties whom you would like to see interested in this country. Give us such names and we will mail them our literature and do our best to get the advantages of the county before them properly. Everybody can help along this line at no cost to themselves whatever, and we urgently request that you give us this encouragement and co-operation.

Respectfully,
W. H. PATRICK, }
