BIG CROWDS AT WATER CARNIVAL

Folks From All Over Texas: Many States Also Represented; Hundreds See Wonderflow Wells.

Thru the efforts of the Chamber of Commerce and by many of the citizens individually, and by the publicity given the event in the Brand, if you please, the Water Carnival was well advertised. People were here from Chicago, Kansas City, Dallas, Fort Worth, San Antonio, Waco, Bartlett, Granbury, Midland, Lubbock, Tulia, Plainview, Post City, Canyon, Amarillo, and many other important cities. There were also folks here from Colorado, New Mexico, Illinois, Missouri, Kansas, and all came to see the Wonderflow Wells. That all were more than pleased is evidenced by the expressions of surprise and satisfaction volunteered by the visitors. One man from Illinois said that he had been reading the Brand and thought he had a pretty fair idea of the irrigation wells, but when he saw them, he felt that the paper had not done justice to the proposition. (In answer to this dilatorious work on the part of the Brand will answer by telling him to take it to the plumber.) The people from "down in the sticks," such places as Grandbury, Bartlett and Dallas, all said that they had no idea we had any water at all, and, if we did, it was a weak stream of gypsy stuff that a goat would not drink. And they were so delighted to quaff a real cup of pure water that their hosts were fearful for their hard drinking. But one thing that attracted their attention especially as they had heard of the "treeless plains," and they had believed trees would not grow here, was the many thousands of fine shade and fruit trees in and around Hereford. But when they saw the golden fruit nodding from the limbs, they could hardly be restrained from committing larceny. Unlike Caesar of old; they came, they saw and was conquered by the water flowing wastefully from the Wonderflow Wells. In autoes, in buggies and even in farm wagons, the hundreds of visitors kept the roads hot going out to the wells. They were all astonished at the flow of water; then they were amazed at the growing crops. All of them asked a dozen or more questions, some a hundred. One of the questions which nearly everyone propounded was: "Where does this water come from? Another: "Will it stop flowing?" The answer to the first as well as to the second is found in the everlasting mountains of the Rockies. Go to them and ask if they ever cease to catch the winter's snow; go to them and ask if their secret recesses and paths will ever be closed; ask them will they ever withdraw their liberality from the Plains below? At the wells, the visitors saw small size pumps twirling out from 1,000 to 2,000 gallons of water per minute, the crystal streams flowing hurriedly thru the ditches to slack the thirst of an alfalfa field or to put the bloom on the kaffir heads. They waded shoulder high in oat and wheat fields; they heard the cycle in the alfalfa acres. They saw crops abundant, the like of which their eyes never beheld before.

The water, however, was not all

of the attractive features of the week. The street fair held the boards afternoon and night. Crowds watched or rode on the merry-go-round; they bucked the games, pitched rings too small for the blocks and rolled balls too rolly for the holes. Some won, some lost. The shows, too, were well patronized; the dog and cat show was always the first to open. No sooner would a crowd be "induced" to go in that, than the band would suddenly appear in front of the negro minstrel. After the "positively only one appearance" of the dancing pickaninnies, the band would draw the gaping crowd over to the Dancing Southern Queens. This too was well patronized. Then there was the French dancer (all the boys saw her), and the giggles, and the snake show, and the porcupine, and the walzing mice, etc. The noise, the barking of the speelers, the monotonous music of the merry-go-round organ, the cry of the whistle and whip man, the teddy bear gamblers, the knife rack men, and the din of talking and laughing, all added pandemonium to the worming crowds that stood leg tired from early till late. But it was a flowering success. The street carnival folks did a "land office" business, with plenty of suckers to spare.

Railroad News.

The Brand has inquiries frequently from out-of-state subscribers asking about the North and South railroad, or the one that was projected from Adrian, Texas, on the Rock Island to some point south, passing thru Deaf Smith county, Castro, Lamb, etc. This road known as the Colorado, Hereford & Gulf was graded from Adrian to Hereford, a distance of 36 miles. The old grade of the Panhandle Short Line from Hereford to Dimmitt was acquired (?) by the construction company and they intended to use that, a distance of 21 miles. Since the failure of the construction company, little has been done to revise the road. The last company spent about \$75,000 of their own money and lost some \$10,000 for the local people. The former or first company never had any money of their own to spend, and the local subscribers and supply men sunk what they put into it. Occasionally, however, some one will spring the subject and make an effort to "start something." The Brand believes that this road or some other will eventually be built. The best prospects are found in the road that has been built to the foot of the Plains at Spur, Texas. It is only a short distance up to Crosbyton which is already connected with a road to Lubbock. The owners of the Crosbyton Line have had an eye on Hereford and some day, not a hundred years off, will run their line into the rich fields of the Hereford country and the dream of the past boom days will come true.

Shadowgraph Story.

Who is Who?

The Shadowgraph of this subject indicates that he possesses some noble traits of character. He is, however, fond of himself and likes to stand before the mirror and brush his forelocks. He thinks he is popular with the girls, but his super smile too often runs quickly into a plain grin, and he thus spoils the otherwise good impression he might have made on the fair sex. He is often absent-minded; that is to say, he forgets his own existence and allows himself to lapse into a state of nonremiscentiality. He would like to appear sporty, but limits his pastime to the lighter outdoor exercises and will never risk a dime on a private game. His combativeness is low, but his contumaciousness will often lead him to resist. His friendship is strong and he would make a model Damon; his bump of secretiveness is large and therefore is fond of lodge work and is a regular "jiner" of secret orders. If you can name "Who is Who," don't tell anybody. Some other shadowgraph will appear next week.

Shall Hereford Fall Behind?

If Hereford hopes to win or even be in the race in Holland's Clean Town Contest, somebody must "gather their weeds," before the "doctor comes." After all that has been done and said by the City Commission and by the people, and after as many home owners have cleaned up their premises, there are still many, many good folks who persistently refuse to budge, and are allowing the weeds to run riot over their places. The Brand cannot believe that it is a case of stubbornness or snubbiness, but a virulent case of indifference both as to the looks of their own premises or that of the general appearance of the town. It certainly does not "bad" to have visitors come to Hereford and to drive along some beautiful street, all the front and back yards being neat and clean, except possibly one; and that one mars the whole landscape. Before the Carnival, many made a thoro cleaning of their yards, front and back, others refused. Visitors here were loud in their praise of the fine yards and trees, but they could not understand why some of the homes were so untidy and unkept. The Mayor suggested in an article published some weeks ago that if the people wanted the sanitary ordinance enforced that he would see that it was done, but that he must have the co-operation and moral support of a larger part of the citizenship in order to make it effective. The Brand calls upon the city authorities to enforce the law, sanitary ordinances included, and if some folks refuse to budge, let the City Commission know the reason. There is more to be gained in the matter of health if we keep a clean town than to win first place in Holland's Clean Town Contest, but Hereford certainly has more pride than some of her best citizens have manifested in the weed cutting and clean-up campaign.

Warning to Country Newspapers.

The Syer Advertising Agency of Battle Creek, Mich., sent out last Fall an ad for the Solace Remedy Co. They carry on the stationery this: "Keep old business—create new; established in 1899; C. Syer, copy writer for Postum Cereal Co.; giving as references The Trade & Central National Bank of Battle Creek." After running their ad four months, we thought it time that they pay up, the contract called for monthly payments. They paid no attention to our statements. On March 31, we sent their account to a collection agency and they, with their usual persuasive powers, could not as much induce a reply from them. After trying four months to wake them up, the collection agency makes a report that the "debtor is execution proof and pays no attention to our demands or that of our attorney." A hopeless case. The Brand wants to see this gentleman put out of business. Country newspapers have long been the prey of fake and fraud advertising agencies and they should not be allowed to enter the sacred precincts of our advertising columns. If any of the exchanges are carrying any of Syer's stuff, they would do well to cut it out as they will certainly lose out. We have always had a good opinion of Battle Creek and the business integrity of its business men, largely thru the bearing of Mr. Post, but if the Postum Cereal Company has had in their employ a man of Syer's type, we do not think we can eat Post Toasties with good grace any more.

The Ramey House Party.

Miss Ora Ramey and brothers, Messrs Edwin and Edgar Ramey of Dimmitt gave a house party at their beautiful home five miles southeast of Dimmitt, beginning July 10, and ending on Tuesday of the 16th, which proved to be one of the most pleasant events of the season. By Friday noon every one of the guests was present and ready to participate in the various amusements that was prepared by the genial hostess and hosts. It seemed they had spared no pains to make the occasion enjoyable, and the guests displayed their appreciation of such pains by entering into these amusements with a spirit that was enjoyed by all. All the guests were visitors to Dimmitt from a distance. Nor would it be appreciated not to mention the hospitality which the Dimmitt people showed to the guests of this party. On Friday evening Mrs. Harvey Cash entertained in honor of the guests, which was enjoyed very much by all. On the following evening, Saturday, Mrs. Beecher Rowan entertained, both events was enjoyed and appreciated by all. Everyone was reluctant to greet the coming of the closing days of the house party. But as all good things must end, so did this, every guest having nothing but words of praise for the Rameys, who had entertained so royal. Those present were: Misses Maggie Lockey, Plainview; Carrie Lutrick, Abernathy; Mary Williams, Hereford; Eunice and Maggie Estes of Kress. Messrs. Sims, E. Sheffy, Plainview; John Lutrick, Abernathy; Cliff Estes, Hereford; Alfred Ramey, Panhandle. A Guest.

Mr. W. Leroy Loyd and Miss Nellie Rogers of this county were united in marriage at the Baptist church, Saturday, July 12, Rev. R. H. Purser officiating.

DOINGS OVER THE STATE

Things of State Wide Interest—Big Fine Imposed on Oil Company—Legislature Meets.

Next to the biggest fine ever imposed was placed last Monday on the Standard Oil Company at Greenville amounting to \$500,000. The Magnolia and other companies were found "not guilty." The suit was brought for \$103,493,000 and the fine is a sort of a gentlemen's agreement, and Judge Peirson was so nice that he held his court in the parlors of the hotel instead of taking the defendants to the court house like other criminals.

At the second day's session of the special legislature, an appropriation carrying One Million Dollars for the judiciary was passed. Mr. Templeton, a Panhandle representative, has introduced a bill to provide for the election of U. S. Senators by a direct vote in accord with the amendment to the Federal Constitution. H. R. Greer of Amarillo, the new member from that district, was sworn in at first day.

Will Risk Another Dollar.

Illinois, July, 1913.

Hereford Brand:

I am among the boomers who have land interests in or around Hereford country, and waiting for the opportune time to develop it. The Brand keeps me posted on the trend of affairs and I have read it with much interest for three years. It has come regularly and well wrapped, which I appreciate. The local news in the Brand will determine where I will finally make my permanent home, no doubt, so I will trust you with another dollar bill, which I enclose, for one more year.

Yours very truly,

Wm. H. Morley.

The above letter is a sample of the many which the Brand receives. It would give us much pleasure to publish the communication fac simile as it was written in beautiful style, perfect in composition and punctuation, something seldom seen in letter writing. The Brand thanks Mr. Morley one hundred cents on the dollar.

Palace Barber Shop Improvements.

A look into the Palace Barber Shop will be a revelation to the men folks who grow whiskers. The entire interior has been changed by the paper hangers into a perfect delight, the wall having been covered with a design of white and silver. The bath and tailoring departments have undergone the same changes, so that when the wood work has received its share of white paint, the establishment will present a most inviting appearance. The proprietor, W. F. Orr, is keeping abreast with the demands of this fastidious age. He will have with him on Thursday, Friday and Saturday of next week, an expert tailor who comes for the purpose of taking expert measures for Mr. Orr's customers.

Rowan-Churchill.

A pleasant acquaintance ripened into matrimony last Monday afternoon when Miss Fern Churchill was married to Mr. E. Robert Rowan of Canyon. Mr. John Ayers and Miss Ruth Churchill accompanied the couple to Amarillo where the ceremony was said. The party returned to Hereford that evening.

Kelso Items.
July 21.—There is very little of interest to write, except that we would appreciate a good rain, as it is getting very dry. Crops that are free from weeds are not suffering for rain yet, but where the weeds are thick they have sapped all the moisture.

Several from here attended the celebration at Hollene the 4th. All report a nice time and plenty of dinner.

Mrs. J. H. Williams and little daughter, Edna, are visiting at the ranch this week.

Elison Bros. put up a windmill at their new well last week.

W. G. Harris was a business visitor at Friona Saturday.

W. S. McDaniel and family are visiting relatives at Texico this week.

H. F. Shelton is sporting a brand new "Buick 31."

Mr. and Mrs. John Gregory were Canyon visitors Monday.

Several from this community went plum hunting up on the Canadian last week and found plenty of plums. Among those who went were: Mr. and Mrs. John Gregory and small sons, L. N. Dillard and Misses Lollie and Vera Dillard and Ana Hall, Mr. and Mrs. R. W. Lovelace and little daughter of Hereford, and Floyd Hall. "Nameless."

A Good Investment.
W. D. Magli, a well known merchant of Whitewater, Wis., bought a stock of Chamberlain's medicines so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the cost of his entire stock of these medicines. For sale by all dealers.—Advertisement.

Parrott Paragraphs.
We had a fine meeting at Sunday school Sunday. Our superintendent and assistant were both absent and Tom Shepard, who is studying for the ministry, acted for us in such an able manner. It was decided that we would have a meeting at the school house Thursday night to practice songs and pray for our meetings which commence July 26, with our presiding elder, Bro. Hicks, Saturday and Sunday and the following week with Bro. Smith, our pastor.

Messrs. Metcalf, Hanlan and B. F. Neely and families and Roy High met at R. S. Neely's to celebrate his birthday. Ice cream and fig newtons were served.

Florence and Gladys Hacker are doing a brave work to help on with our coming meetings.

Jack.

COAL WILL GO UP
Now is the time to get Coal bargains. There is a very good reason for selling coal cheaper in July and August. The mines are not so busy. The last Statement of the American Railway Association says that there are 45,000 less surplus cars than a year ago. Why not place your storage order now.

BROOKLYN TABERNACLE BIBLE STUDY

MAN OF DESTINY

Exodus 5:1-14—July 27.

"Blessed are they that mourn: for they shall be comforted."—Matthew 5:4.

NAPOLION was styled a man of destiny, and surely many things connected with his experiences look as though the Lord had something to do with him. This does not signify that he was a servant of God—far from it! But it signifies that Divine Wisdom can always overrule the wrath of man to serve Him, and the remainder restrain, thus causing all things to work out the Divine purpose. With the eye of faith Bible Students can see many ways in which Napoleon's campaigns worked changes which undoubtedly had to do with the "I will not let Israel go." world's progress during the past century.

The Pharaoh of the Exodus was also a man of destiny. We have the Divine assurance of that fact: "For this cause have I raised thee up, for to show in thee My Power; and that My name might be declared throughout the earth." (Exodus 9:16.) St. Paul declares that God hardened this Pharaoh's heart that he should not let the people go. (Romans 9:18.) God's people have seriously misunderstood these words when in the past they interpreted them to mean that God had created Pharaoh a wicked, hard-hearted man, and that subsequently He still further hardened his heart.

Bible Students now realize that the Apostle meant to tell that from amongst the Egyptian princes God raised up to the throne a stubborn ruler, upon whose heart the mercies of God, in lifting one plague after another, would have only a hardening effect. Thus God illustrated the principle that His greatest blessing to mankind—a free will—may be perverted by Satan to work man's greatest injury.

Viewing the Other Side.

Not all men of destiny are in opposition to God, however. Abraham, Isaac, Jacob, Moses, and others, as well as Jesus and His Apostles and followers, have been men of destiny. Upon these His mercies, tenderness and gracious promises have a softening effect, developing in them the graces of the Holy Spirit—"meekness, gentleness, patience, brotherly-kindness, love."

The destiny of these men is only partly worked out in the present life. They are permitted to pay a goodly price for the maintenance of their fellowship with God and their inheritance of His promises. This costs them the friendship of the world, and the loss of many things highly esteemed amongst men; but it brings them the "peace of God which passeth understanding." This is merely a foretaste of the riches of Divine grace in store for them in Messiah's Kingdom.

Eventually, the destinies of these faithful before the Cross and those faithful since the Cross will be united in that Kingdom, as St. Paul declares. The Ancient Worthies cannot be made perfect until the Church, of still higher destiny, shall have reached her glory. —Hebrews 11:38-40.

"I Know Not the Lord."

In due time Moses and Aaron presented themselves before Pharaoh, and delivered the Divine message. Derisively Pharaoh declared, "I know not Jehovah, neither will I let Israel go." It was a time of testing of faith, not only to Moses and Aaron, but also to all Israel. Pharaoh with great hardness of heart sent forth the edict that the tasks of the Israelites be increased.

The Israelites were doing forced work, making brick for public buildings. Apparently the bricks were made of unburnt clay, with straw for a binder. By the new rule, the Israelites must produce the same number of bricks per day, but must additionally scour the fields for stubble to serve as binders. Thus their tasks were practically doubled; and if not performed, they were beaten.

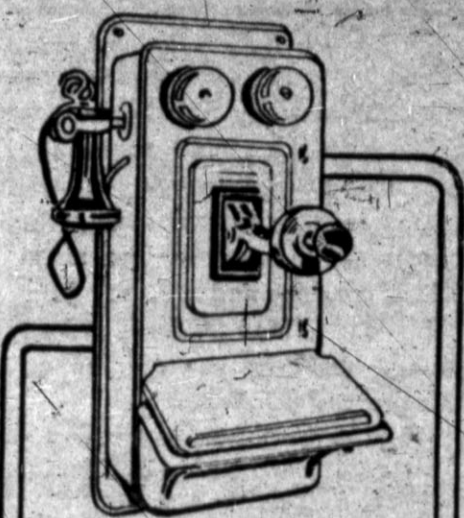

Can we wonder that the Israelites, of less faith, murmured against Moses and Aaron and blamed them for the increase of their tasks? Nevertheless, by these very bitter experiences the people were the more prepared to welcome the liberty subsequently offered them in God's providence.

Confirmations of this account were discovered by M. Naville, in 1884. He found the city of Pithom, which the Israelites built. In the British Museum in London and also in the Metropolitan Museum, New York, there are on exhibition some of those very bricks. In size they are

about four inches to eight inches square and about two inches thick, unbaked but very hard.

Another traveler, describing the walls of Pithom, says: "The lower courses of these walls are of well-made brick, with chopped straw in them. But higher up, the courses are not so good. The straw is coarse and scanty, and the last courses have no straw, but have sedges, rushes and water plants, which had been mingled with the mud in their making." Whoever can discern God's dealings with typical Israel should be able to appreciate Divine providence in his life as a Christian.

A Talk With A Hereford Man

Mr. W. S. Higgins of 610 E. Fourth St., Tells of an Interesting Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We therefore, give here an interview with a Hereford man:

Says Mr. Higgins: "My back was lame and painful and I had dizzy spells and pains in the top of my head. Some time ago I got a supply of Doan's Kidney Pills from Woodburn & Son's Drug Store and one box brought me such great relief that I can heartily recommend them."

The above statement must carry conviction to the mind of every reader. Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Higgins had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

Surprising Cure of Stomach Trouble.
When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stangle, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by all dealers.—Advertisement.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Theford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

Christian Meeting.
The services at the Church of Christ, which began last Lord's day at 11 a. m., grows in interest. Carnival week left the people who attended rather exhausted, but since resting from that, many are coming to the meeting. Good interest is expected Sunday. The meeting will continue over Sunday week. This is a good time to give some attention to religious matters. We aim at simplicity, fairness and truth and request your presence.

A Member.
A Dinner.
A thoughtful courtesy to Prof. E. W. Peterson of Amarillo, who was spending the week in Hereford, was a six o'clock dinner on Sunday by Mr. and Mrs. R. N. Mounts. For this occasion the table, complete in every appointment, had in the center a large bowl of soft, pink roses with sprays of dainty "baby breath." Covers were laid for Misses Elizabeth, Bonita, Mattie and Pauline Putser, Julia Tarver, Messrs. E. W. Peterson and E. Brant, Mr. and Mrs. Mounts. After a very pleasant dinner hour the guests departed, each to attend some church service.

A Morning Party.
On Tuesday morning from 9 to 11 o'clock the beautiful Laird home was opened to quite a number of the younger girls, complimentary to Miss Vivian Knowls of Kilgore, Texas, and Miss Gene Fowler of Bartlett, Texas. A profusion of cut flowers in the receiving rooms gave the floral touch necessary to complete the decoration. A number of games of "42," music by Misses Doris Bowers and Elzina Mounts, and readings by Misses Vera Pratt and Bessie Snyder made the morning one of unusual pleasure. An appetizing salad course was served.

Residence Burns.
The residence of W. H. Davis near the Christian church was destroyed by fire Wednesday afternoon. Practically none of the clothing and all of the furniture was burned, including that of Mrs. Cox, which was stored in one of the rooms. The new auto fire truck responded to the call and it "behaved" well. The fire boys worked manfully and soon had two streams of water playing on the building. The origin of the fire is unknown as all of the family were away. There was a small amount of insurance on the house, none on the furniture.

J. C. Cucksee of Runge, Texas, was here last week to look after the affairs of his brother, who was killed in the auto wreck near Texico. When Mr. Cucksee first learned of his brother's death, he surmised that he had been murdered in this "wild and woolley west," and feared to come out here himself. After coming, he found himself in a highly civilized community, no one "loaded down with six shooters and dangerous looking knives." He says that he was under the impression that the Panhandle was inhabited by a lawless lot of men and that life was not counted worth much, gaining this idea, he says, from Capt. McDonald's book. But when he came, he was completely surprised to find a highly cultured and refined people. He left for his home Tuesday.

Mr. and Mrs. C. P. Davis and family, after spending the past few months in Pasadena, Calif., arrived in Hereford on the early train Saturday morning for a few days' visit with Mr. and Mrs. B. S. Arnold. Auto trips in and about the city, and especially those to the large irrigation wells with the near by fields of growing grains, made a favorable impression on the guests. A day in Amarillo, a lawn picnic, and supper on the Tierra Blanca, were additional pleasures enjoyed by Mr. and Mrs. Davis. They left Wednesday morning for Hannibal, Mo., to visit with Mr. and Mrs. Willis Arnold.

Mr. and Mrs. Ed Connell had some long-distance visitors during Carnival week, coming 600 miles overland by auto from Bartlett, Tex., and making the trip up here in three days. Their route took them by San Angelo and Big Springs. There were fourteen in the party and they came in three autos: Mr. and Mrs. E. H. Stockton, parents of Mrs. Connell, Mr. and Mrs. A. W. Stockton, Mr. and Mrs. Hayden Perry, Mr. and Mrs. T. W. Talbot and four children, and also Douglas H. Perry and Miss Mary Clemons. The two last named ended their trip rather romantically as on Sunday morning they announced to the household that they had decided to reduce the number to thirteen by becoming "one." So the necessary papers were secured, Rev. Purser was sent for, and the ceremony was pronounced which made them "one." Congratulations were extended and happy wishes made for a safe return trip, which was begun Wednesday. Mr. Perry is a grandson of the elder Stockton. Miss Clemons is an accomplished young lady of Bartlett.

DRAWING THE FAMILY WASHING AWAY FROM THE HOME
Every progressive laundryman looks forward to the day when the entire family wash will be sent to the laundry. To the far-sighted this ideal condition of affairs is rapidly becoming a reality. But there are some less optimistic who still argue that it is practically impossible—that conditions of years standing cannot be overcome, and particularly in their own locality.

BY WAY OF COMPARISON. It was not so very many years ago that in a certain province of China all the inhabitants retired at dusk as their ancestors had done for centuries past, simply because they had no proper illumination. One day the Standard Oil Company invaded the territory, not only with the oil, but with lamps. They changed this custom, centuries old, in almost a day.

AS IT APPLIES TO THE LAUNDRY. And so it is with the laundry work. The man who insists that a thing cannot be done is oftentimes interrupted by someone doing it. There are hundreds of laundrymen who have developed their territory, until to-day they are handling tons of family wash each week.

Notwithstanding the fact that our business has more than doubled since starting up some few weeks ago, we have the capacity and can handle five times as much business. Our charges are reasonable; suppose you give us a fair trial. We are pleasing a great many and more than likely can please you. We are here to stay and are striving to make each week's work better than the last.
