HEREFORD, TEXAS, THURSDAY, SEPTEMBER 7, 1916

NUMBER 32

OPENING OF THE SCHOOLS.

School opened Monday with an enrollment of 502. At the central building 308 were enrolled and at the High School 194. 50 were enrolled in the 7th grade which is the largest grade in school.

At the High School there was no opening exercises as the auditorium has not been supplied with seats. At the Central Building the following program was given:

Song by the school.
Song, Miss Louise Oberthier accompanied by Miss Mabel Betts.
Prayer, Rev. J. E. McClurkin.
Address, Dr. Faris.
Short talks by Rev. W. M. Baker and Rev. J. R. Henson.

The outlook for a good year for the Hereford public schools is auspicious. Every parent should feel that he is in a measure responsible for the success of the school and should see to it that his boy or girl is there every day and on time.

Contract For Garage Lot.

Mr. E. B. Webb let the contract this week to Teffel Brothers for a handsome new garage building on his lot just north of the Ford Garage. Work will be started at once. The building is to be 50x140 and modern in every respect.

The front part will be given over to show and stock rooms and on one side a handsome ladies' waiting room with every convenience for the traveling as well as the local patrons. The building is to be furnished throughout and when complete will be one of the best in the Panhandle. It will be occupied by Brandt & Kenney, agents for the Ford people here. This firm is composed of E. H. Brandt and E. W. Kenney. Mr. Brandt has been in business for a number of years and is recognized as one of the most substantial and progressive business men of the town. Mr. Kenney, although a more recent acquisition to the business fraternity is a young man of excellent standing coming here from Trenton, Mo., where he was with the Ford agency for five years. This firm has the agency for the four counties of Deaf Smith, Castro, Parmer and Oldham.

This garage will make the fifth substantial brick business building to go up in Hereford since late last fall. The aggregate value of these buildings with the grounds is around fifty thousand.

At the present time there is not one available business house in town and not a desirable unrented residence.

Opening Day, Sept. 7th and 8th. I will be prepared to show the public all the latest creations in Millinery, a new line of patterns just arrived today, remember my prices still remain low, regardless of the advance price in nearly all material used in Millinery. Vogue Millinery Parlor.

Death of W. L. Boys.

The people of Hereford and of Deaf Smith county generally will regret to learn of the death of W. L. Boys, former agricultural demonstration agent for Deaf Smith, Parmer and Castro counties. He died suddenly at Farwell Saturday.

Since leaving Hereford about a year ago, Mr. Boys has lived at Farwell, where he has been engaged in shipping hogs. He bought and fed extensively, his stock always ranking among the best grade stuff and commanding the highest market price. His health, which was not good when he was here had been growing worse, though his condition was not considered immediately dangerous.

W. L. Boys was an exemplary citizen, upright and honorable. His services as farm demonstrator is still bearing fruit in this community in more and better stock and in its more efficient and intelligent handling. His best friends were those who knew him intimately and who understood the brave struggle he made against the ravages of disease—a struggle which ended only with his death and which, until that time, was never able to quench the active interest which he took in the work which meant so much to him. His ambition was to be instrumental in securing for the farmer the benefit of modern methods and education in order that he might get the best results from his labor, every item of which was a real personal experience to Mr. Boys, as he was a farmer boy and to the very depth of his soul a farmer.

His life, brief as it has been, meant much to the people of the Panhandle and his passing will be sincerely mourned. He leaves a wife and four small children who have the deep sympathy of many Hereford friends.

This country can ill afford to lose such citizens as was W. L. Boys.

Miss Griffith Home.

Miss Millicent Griffith arrived in Hereford Sunday morning having spent the greater part of the summer in travel. She went to Canyon Monday where she is on program at the Tri-County Institute. She will return to Hereford the latter part of the week and will enter upon her duties as superintendent of Dinamitt schools, Monday. She was the guest of the family of E. B. Black Sunday.

Property Changes Hands.

Mr. W. L. Farwell has sold his residence and four acres of ground to William Noffsler.

Mr. Noffsler has also bought four houses from Mr. Bond.

Mr. W. L. Farwell and family will leave soon for an extended auto trip. The price paid for the Farwell property was \$2,000.

Mrs. Clarence Mountz Dies.

Carl Mountz was called to Butler, Indiana, Friday evening by a telegram apprising him of the serious illness of his mother Mrs. Clarence Mountz. Mr. Mountz took the first train for Butler but was unable to reach his mother's bedside until after her death which occurred on Saturday evening.

Funeral services were held Monday. Mrs. Mountz was formerly a resident of Hereford, having lived here three years. She was known and loved by many friends who are sincerely grieved to learn of her death.

Sells Car.

Dr. Faris sold his car one day last week to Mrs. G. F. Parker, who will use it on her trips to and from the school which she will teach the coming year.

Gives Book Satchels.

The children of the public school were supplied with neat new book satchels by the Burns Pharmacy, where the school supplies were sold. The kindness of Mr. Burns is greatly appreciated by the children.

Cigarette Law

From the revised statutes of Texas, page 281, Article 1009, we quote the following:

"Any person who shall sell, give, or barter, or cause to be sold, given or bartered, to any person under the age of sixteen years, or knowingly sell to any other person for delivery to such minor, without the written consent of the parent or guardian of such minor, any cigarette or tobacco in any of its forms, shall be fined not less than ten nor more than one hundred dollars."

The boys of Hereford have a right to the protection which this law means to give. That this right is denied them, is known to every one who is sufficiently interested to investigate conditions.

That the cigarette habit is the open door to vice and criminality to say nothing of its fiendish power to dwarf and warp the mental and moral nature, is admitted by all. The legislators of Texas are interested in our boys. Are we?

STATE COUNCIL OF CHRISTIAN ENDEAVOR TRANSACTS BUSINESS

The Secretary of the Texas Christian Endeavor Union, Miss Ada D. Perry, returned home the past week from Dallas where she attended the State Council meeting for two days. Several members of this Council attended the All-South C. E. Convention which recently closed at the Atlanta convention were made by the State President, W. Ray Bree; State Field Secretary, A. A. Hyde; and the All-South Field Secretary, Karl Lehmann.

The State Council meeting was the best ever held in the state, there being more present than at any previous meeting and more interest manifested. Among those present were: the state president, secretary, treasurer, field secretary, four departmental superintendents, three district presidents, and several denominational trustees. All of these made good reports of their respective departments and Christian Endeavor in Texas is making rapid progress as can be noticed by viewing a few of these reports.

Thirteen new societies in the state were reported as having been organized since the Abilene Convention. Two hundred and sixty-seven new societies have been organized in Texas since the Chicago convention which met a little over a year ago and the goal set for Texas at that time to be accomplished in two years was one hundred and fifty new societies. Thus it can be seen that Texas has far exceeded her goal already in a little over half the allotted time. Since the Chicago Convention Texas has secured 971 new converts in the quiet hour. The goal set for this department to be accomplished in two years was 300.

Daniel A. Poling, the Associated President of the United Society, stated recently that Texas accomplished the goals set for her better than any state in the Union and showed more progress in Christian Endeavor work than any other state. In the Southern states a new society is organized every eleven hours, and a new Christian Endeavor is enrolled every sixteen minutes.

Next year four men will be employed to give their full-time to the advance-

ment of Christian Endeavor in the South. There is only one man in charge South. There is only one man in charge convention it was decided that \$5,000 would be raised in order to carry on the work. Of this amount \$3,000 was pledged in twenty minutes.

Every night during the convention in Atlanta meetings were held at twelve different street corners at which meetings many people were converted. At this convention every State's delegates wore different costumes, so that it could be easily detected which State each delegate was from. Dr. Francis E. Clarke, the founder of the Christian Endeavor could not be there on account of sickness, but sent a photographic message to the convention. The tender of the music at the Atlanta convention was Mr. Rodenberger, who is Billy Sunday's famous song leader. He thrilled the audience at the convention with his masterful talent.

The reason the all south conventions are being held is to strengthen the Christian Endeavor work in the south so that it will be up with that in the north and elsewhere. The leaders of the south work expect to hold three more conventions, the next one being in Memphis in 1918, there being none next year on account of the World Convention at New York. An attempt will be made to get one of the All-South conventions in Texas.

Other things done at the State Council meeting which are of special interest to Texas Endeavorers are as follows:

The time set for the State Convention which meets next year in Houston is June 14th to 17th. The Efficiency and Intermediate Departments made excellent reports. Karl Lehmann is to tour Texas again and is to attend eight or nine of the District Conventions in the State. W. Ray Bree, the State President was made Transportation manager for the State for the World Convention which meets in New York next year.

The Texas Christian Endeavor News will devote space and will place special emphasis on different phases of Endeavor work and will help strengthen it in every way possible. Mr. Bree has already taken steps in securing the best speakers possible for the Houston Convention. The Abilene Daily Reporter,

Old Settler's Picnic.

The annual picnic held by the old settlers on last Friday was a success from every view point. The day was ideal, enabling people to come from a distance and to really enjoy being out in the open. People from all parts of the county availed themselves of the opportunity to renew the friendship of former years, to enjoy the interesting program and to perpetuate the pleasures of the "good old days" by reminiscent song and story.

The program in the main was as had been announced. Judge Hughes in an excellent address welcomed the audience, Mrs. J. E. Ferguson responding most interestingly.

The band furnished good music and was generous in responding to the demand for more, spending the entire day on the grounds.

In the absence of Hon. T. T. Turner of Amarillo, Judge Slaton in most happy vein "talked for his dinner" to the instruction and entertainment of all.

The bountiful dinner, spread at the informal social good cheer which accompanied it, made it one of the pleasantest hours of the day. Games and other amusements added to the day's entertainment.

Officers elected by the association for the coming year are as follows:

E. Carter, president; Judge Gough, 1st vice president; R. W. Baird, 2nd vice president; Mrs. J. E. Ferguson, secretary and treasurer.

Buy Greer Home.

Mr. and Mrs. Frank Fulkerson of the Scherer neighborhood were in town Monday completing arrangements for placing their two oldest children in school.

While here they closed a deal for the Greer property in the north part of town. The property will be occupied by Mr. and Mrs. J. R. Webster with whom the Fulkerson children will stay during the school term.

Owen Boys to Decatur.

Joe and Hope Owen left Saturday afternoon for Decatur, where both will be enrolled as students in Decatur Baptist College, Joe in his senior year and Hope as a Freshman.

These young men are of the type of which the best citizenship of the country is made and their friends will watch with interest the career of both, not only in their school life but in the life of usefulness for which they are now preparing.

Delivering Hogs By Auto.

Mr. Morgan, one of the good farmers west of town delivered his hogs at the stock yards in a trailer behind his auto.

Porkers have reached such a figure that they are entitled to ride in an auto or even in a pullman sleeper. If the price keeps on soaring they will be exhibited in glass cases in show windows soon. They sold up to \$11.50 on the Chicago market last week.

COUNTY FAIR

A meeting of the Civic League was held at the County court room Tuesday evening for the purpose of discussing and organizing Deaf Smith County Fair Association.

Mrs. F. T. Roloson called the meeting to order and asked that committees for the different officers for the association be named, also committees for the different exhibits etc. be appointed.

It was definitely decided to hold a County Fair in September at Hereford, and the purpose of the different committees is to arrange for this fair and to work for the success of same.

Following is a list of officers and committees.

Citation by Publication
STATE OF TEXAS,
To the Sheriff or any Constable of Deaf Smith County—GREETING:
YOU ARE HEREBY COMMANDED That you summon by making Publication of this Citation in some newspaper published in the County of Deaf Smith if there be a newspaper published therein, but if not, then in any newspaper published in the 69th judicial district but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 69th judicial district, for four weeks previous to the return day hereof, Ralph L. Himme whose residence is unknown, to be and appear before the Hon. District Court at the next regular term thereof, to be holden in the County of Deaf Smith at the Court House thereof, in Hereford on the 30th day of October, 1916, and then and there to answer a Petition filed in said Court, on the 12th day of April, A. D. 1916, in a suit numbered on the docket of said court No. 1044, wherein Chas. F. Heberer, is plaintiff and J. P. Snyder and Ralph L. Himme, are defendants. The nature of the plaintiff's demand being as follows, to-wit:

Plaintiff avers that on the 19th day of October 1908, the defendant, Snyder, made, executed and delivered to this plaintiff five certain promissory notes dated October 19th, 1908, and due respectively on January 1st, 1910, 1911, 1912, 1913, and 1914. Each of said notes being for the sum of \$488.00 and each bearing interest from date at the rate of 7 per cent per annum, all interest payable annually. Said notes further provided that if they were not paid at maturity or not paid according to their ending and placed in the hands of an attorney for collection that 10 per cent additional should be added to the principal and interest due as attorneys fees, whereby the defendant Snyder became bound and liable to pay and promised to pay plaintiff said several sums of money in said notes specified together with interest and attorneys fees as therein specified. That each and all of said notes were given for part of the purchase money for the following described real estate situat-

ed in Deaf Smith County, Texas, to-wit: All of the Southwest quarter of Section No. 85, Abstract No. 177, Certificate No. 1768 in Block M-7, containing 162 acres of land. That the above described land was on the 19th day of October, 1908 conveyed to defendant, Snyder by plaintiff in his deed in writing of that date, and that in said deed of conveyance a lien was reserved on said land to secure the payment of said notes; that each of said notes are past due and unpaid.

That thereafter, on the 28th day of April, 1909, the defendant, Snyder, sold and conveyed the above described land by his certain deed in writing of that date to the defendant, Ralph L. Himme, and the said defendant Himme in said deed assumed the payment of all the above described five notes according to their reading, tenor and effect, and in addition thereto and as a further consideration the said Ralph L. Himme executed, made and delivered his certain promissory note for the sum of \$413.00 dated April 28th, 1909, and payable to the plaintiff five years after date and bearing interest at the rate of 7 percent per annum, interest payable annually. That in last described deed a vendors lien was retained against all of said land to secure the payment of each and all of said six notes, interest and attorneys fees, said lien being retained in favor of the plaintiff herein; That each and all of said six notes together with interest thereon are past due and unpaid, and defendants and each of them though often requested, have failed and refused and still refuse to pay said notes or either of them or any part thereof to plaintiff's damage, and plaintiff is now the owner and holder of all said notes and

of the liens against the land; That said notes have been placed in the hands of Knight & Slaton for collection and defendants and each of them are hereby notified to produce the two original deeds above described on the trial of this cause or secondary evidence will be offered of their contents. Plaintiff prays that each of the defendants be cited to appear and answer herein and that upon the final trial of this cause he have his judgment against the defendants, jointly and severally for his debt, principal, interest and attorneys fees and for all costs, and for a foreclosure of his lien

retained in said deeds upon the above described land and premises, and that same be decreed to be sold in accordance with law.
HEREIN FAID NOT. And have you before said court on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.
Given under my hand and seal of said court at office in Hereford, this 5th day of September, A. D. 1916.

What 1000 Cars a Day Make Possible

THREE two latest Overland developments again emphasize the enormous economy of enormous production.

1000 a day of cars of this size and class is more than double the production of any other manufacturer.

1000 cars a day permit the use of materials of a much higher quality.

1000 cars a day permit many additional manufacturing economies; many additional purchase savings.

1000 cars a day enforce an accuracy of workmanship which smaller productions of cars in the same price range neither permit nor require.

1000 cars a day make possible better, larger, much more comfortable cars than have ever before been possible at anywhere near these prices.

This newest Overland is the largest Four ever offered for so low a price.

In the first place, note the longer wheel base—112 inches.

The on bloc 35 horsepower motor which has made the Overland famous is continued.

True—it is perfected even more and now it is a fitting climax of the experience obtained from a quarter of a million of these Overland motors in daily use.

Shock absorbing cantilever type rear springs are a big and important improvement.

The gasoline tank placed in the rear is another improvement. The vacuum system insuring a steady, even gasoline flow at all times is still another improvement.

The famous and complete Auto-Lite electric starting and lighting equipment is furnished.

All electric switches are on the steering column—right within reach.

The artistically designed streamline body with one-piece cowl makes this car one of America's most attractive models.

Yet the price of this, our greatest four cylinder value, is less than any car of its size ever sold for before—\$795.

No less a pace-maker is the newest Overland Six.

Here is the Six of Sixes! A snappy five passenger, long stroke 40 horsepower model—easy to handle, light, economical, mighty comfortable, having all the advantages of higher priced sixes, yet it comes absolutely complete at a lower price than any other Six of its size.

Its smart body design is long and low—having lines of artistic simplicity.

And the motor! This will warm the heart of every six cylinder enthusiast in the country.

You've heard all about fast getaways—smoothness—crawling and climbing on high. This Six does all that and then some!

The wheel base is 116 inches. It has the cantilever springs and even-flow vacuum system with the gas tank in rear.

The tires are four-inch. It has the complete Auto-Lite electric starting and lighting equipment with all switches on the steering column.

Some Six! Yet the price is lower than any other six of its size—\$925.

But come in and see these new models. Go over them—note all the very real and important improvements.

We are ready to make demonstrations of both models now.

THINGS WORTH WHILE

In The Show Realm

The great London Shows have spread the dragnet over the amusement and zoological universe, and hauled in the ropes; having made a scientific assortment of the great catch, retained all that was wonderfully striking or sensational and cast the refuse to other shows.

If there is anything really worth while in the show realm today which has been overlooked, the newspapers in the large cities have missed it for they have pronounced the Great London Show as the world's perfect show. Every field of possible innovation has been invaded in the consolidation of these greater shows! Every feature which would bring delight to young and old America I seen with the United Shows! The determined purpose was to make the Great London Shows the largest and greatest of traveling amusement institutions, and at the same time make a radical departure from all set rules in the organization of a show.

The great feature with these shows is the famous Dublin Grays. They have gained fame the world over. The English vocabulary does not contain a word which describes the performance of this big show.

The show features are of the very highest class. The horses are the finest ever carried with a tented enterprise. The clowns are the funniest; elephants the largest; the lions the best trained; acrobats the most supple; aerialists the most daring; riders the most wonderful in fact every feature stands out as the best.

Superlatives are also necessary to describe the beautiful street parade which leaves the show grounds daily at 10 a. m., in which four hundred well-groomed and well-matched horses are attached to the band wagons, open carriages and massive carved floats. The parade alone is worth coming mile to see.

STATE OF TEXAS.

To the Sheriff or any Constable of Deaf Smith County—GREETING:

YOU ARE HEREBY COMMANDED, That you summon by making Publication of this Citation in some newspaper published in the county of Deaf Smith if there be a newspaper published

therin, but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 60th judicial district, for four weeks previous to the return day hereof, Ernest Harders whose residence is unknown, to be and appear before the Hon. District Court at the next regular term thereof, to be holder in the county of Deaf Smith at the Court House thereof in Hereford on the 30th day of October, 1916 then and there to answer a petition filed in said Court, on the 29th day of August, A. D. 1916, in a suit numbered on the docket of said court No. 1057, wherein Mrs. Elsa Harders, is plaintiff and Ernest Harders, is defendant. The nature of the plaintiffs demand being as follows, to-wit:

Plaintiff avers that she is a bona fide resident citizen of Deaf Smith County, Texas and has been such continuously since the middle of July, 1908; that the residence and whereabouts of the defendant is unknown to her. Plaintiff alleges that she was legally married to the defendant in Kansas City, Jackson County, Missouri, on or about the 9th day of July, 1908; that her maiden name, prior to and at the time she married defendant was Elsa Reimann; that immediately after her marriage with defendant they came to and established their residence in Hereford, Deaf Smith County, Texas, where the defendant was then engaged in business. That plaintiff and defendant purchased a small home in Hereford and furnished same and began house-keeping; that they lived happily together as husband and wife from the time of their marriage up to the month of November, 1908, when on account of plaintiff's physical condition by reason her marriage with defendant, she was persuaded by the defendant to return to her parents in Arnstadt, Germany, to remain until after she would become a mother. Plaintiff alleges that it was the purpose of the defendant at the time he caused her to leave Hereford and return to her parents, to abandon and forsake her, and she charges that defendant did so forsake and abandon her in the month of November 1908, although plaintiff had lived with defendant as his wife as above stated, was kind, loving and dutiful wife and that without reason or provocation defendant did abandon plaintiff and that they have never lived together as husband and wife since said time and defendant during all of said

time has failed and refused to contribute anything whatever to the support of plaintiff or their child; Plaintiff would show to the court that the son born to her and defendant was born on the 18th day of April, 1909 and was christened Hans Harders, that since his birth she has had the constant care, custody and control of said child and furnished all the means for his support and education. Wherefore, premises considered, plaintiff prays that defendant be cited as required by law to appear and answer herein, and that upon final hearing that the court make and enter a decree dissolving the bonds of matrimony now existing between plaintiff and defendant, and that plaintiff

be decreed the care, custody, management and control of said child, Hans Harders, and for all such further relief both in law and equity, to which she may show herself entitled, and shall ever pray.

HEREIN FAIL NOT. And have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for the gripe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

Don't Think A Modern Windmill Looks Like This

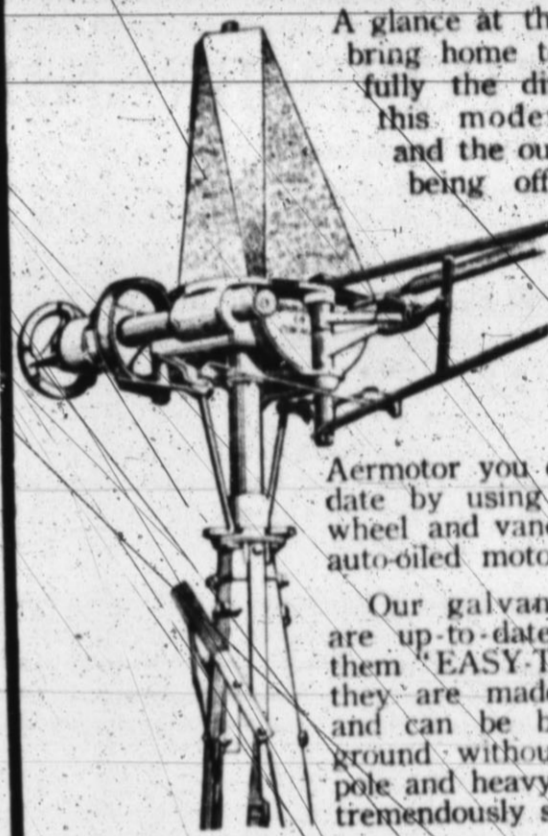

The same kind of ingenious, inventive ability that has perfected the automobile, flying machine and submarine has been at work on the windmill.

You would not think of buying an automobile with the transmission gears uncovered and exposed to dirt and water. Nor would you buy one which required that each bearing be oiled separately. We simply urge you to use the same good judgment in selecting a windmill.

There is ONE, but ONLY ONE, thoroly modern and up-to-date windmill.

You will find in it every feature which you know to be desirable in a windmill. It runs in the lightest wind, it is strong and durable, all working parts are inclosed and flooded with oil from the supply in the gear case. The oil supply needs replenishing only once a year. The brake and furling device are simple and effective.

A glance at this illustration will bring home to you very forcefully the difference between this modern wind motor and the out-of-date windmills being offered for sale. If you have a mill of another make it will pay you to replace it, on your old tower, with an Auto-Oiled Aermotor.

If you have an Aermotor you can bring it up to date by using your old tower, wheel and vane and installing an auto-oiled motor.

Our galvanized steel towers are up-to-date also. We call them "EASY-TO-BUILD-UP," as they are made in 7-foot lengths and can be built up from the ground without the use of gin pole and heavy tackle. They are tremendously strong.

Progressive windmill dealers in every locality are taking up the sale of the Auto-Oiled Aermotor. Ask them about it or write us direct for fuller information. Aermotor Co., 2500 West Twelfth St., Chicago, Ill.

Watch for the date of the County Fair!

That the population of Hereford and Deaf Smith County is steadily on the increase is shown by the number of new families that have recently been added to the census of both. Count them in this week's issue—and last week and the week before it was just the same. This substantial, steady growth means permanent prosperity.

People are coming here now with a view of making homes and not for speculation. They will invest, not some money alone, but their citizenship, their integrity and a spirit of progress and helpfulness. They are the type of people that this country wants and needs and the day when these productive prairies are owned and occupied by just such people will be a real emancipation day for the Panhandle.

The County Fair, originated and launched by the ladies of the Civic Club is now an assured fact and will be promoted by the entire citizenship of the county. It is an enterprise worthy of its origin and every one who can in any way be of assistance in making it the success which it can and must be made, should feel that he is direct sponsor for the Deaf Smith County Fair.

The committees that have been appointed are evidence of capable direction and leadership but they alone can not make the Fair a success. They must have the hearty support and co-operation of the people of the county. This is earnestly solicited and will doubtless be freely given.

Talk for the fair, work for the fair and believe in the fair and it will be the biggest and best thing that has ever come to Hereford.

STRIKE SETTLEMENT

By congressional action the threatened strike that was to be put in operation last Monday has been averted. The entire United States breathed easier and felt a sense of relief when this occurred. President Wilson did what seemed a necessary thing in soliciting congress to pass a law asking that eight hours be declared a day in reckoning wages of employes on all interstate roads, only exempting roads of less than one hundred miles in length. However, it remains a question whether the remedy employed in settling the strike is not as dangerous in the precedent set as the strike itself. It is certainly class-legislation of the most pronounced type. The railroad employes are already as well paid as any other class of labor in the United States and better paid than most of the manual labor and much of the professional labor. Then why, as a matter of principle, should they be favored by special legislation and the millions who toil in shops and mines and especially those who toil on the farms to feed the world be forgotten? If this increase in railroad expense came from the railroads it might be all well but it will not. It will be added to freight rates on the commodities of life and the burden, in the end, will fall upon those who toil. If it is a step toward government ownership of railroads it may be justified but on no other ground can it be, save the one of expediency.

The County Fair will be just what we make it.

Two Good Entertainments.

On Thursday and Friday evenings respectively, two entertainments, both of a high order of excellence were given, one at the high school auditorium, the other at the court house. Under the auspices of the Y. W. A. the young people of the Baptist church gave an entertaining program, the proceeds of which was sent to the Buckner Orphan's Home.

The entertainment given by the Young Woman's Missionary society of the M. E. Church was also very excellent. Both programs were listened to by large audiences and reflected much credit upon their promoters.

WITH THE CHURCHES

Lutheran Church.
Next Sunday, Sept. 10th there will be English services with preaching at the court house. Sunday school at 10 preaching services at 11 a. m. All friends are welcome.
O. E. Schmidt, Pastor.

The primary department of the Christian Sunday school enjoyed a picnic at the home of the primary supt., Mrs. E. E. Ramsey on Saturday afternoon. The threatening weather interfered with the attendance but those who went report a most delightful afternoon.

The attendance at the Christian Sunday school on last Sunday was gratifying to its officers and teachers. The Sunday school is recognized as one of the strongest and most efficient departments of the work of this church and with the coming of cooler weather conditions seem favorable for continued growth and still better work.

The annual election of officers will be held on next Sunday and a full attendance of the membership is urged.

The sermon to the children on Sunday morning was appreciated by both the older and younger folks in the audience. In view of the fact that a number of children have recently taken membership with the church, the sermon was especially timely. The first of the series of sermons which will be preached by Dr. Farris on Sunday evenings was listened to by a good audience in the evening. Every member of the congregation should hear these sermons and the general public is also cordially invited.

The district convention of Christian churches will be held in Hereford, Sept. 15-16-17 inclusive. Program will be announced next week.

District Convention.
The Panhandle District Convention of the Disciples of Christ will convene with the First Christian Church here Friday the 15th and will continue over Sunday. There is a goodly number of delegates expected from the churches of the Panhandle country.

Mr. and Mrs. George Shephard spent the day last Sunday at J. W. Hanlan's. Frank Metcalf and children and Mr. Ewers called at W. E. Hackers Sunday morning.

Minnie and Alfred Grant, Lewis Barber and Wm. Guthrie visited at George Shepherds Sunday night.

Esther Noble went to Plainview last Tuesday. She will attend school at Wayland College this year.

Mrs. Orle Renfro and children spent the day on Thursday of last week with Mrs. J. W. Hanlan.

August 29th was Mrs. John Hackers birthday. August 30th was Charlton Neely's. On the evening of the 29th Mrs. Hacker invited the following guests, to a six o'clock dinner at her home. Charlton Neely B. F. Neely, Mr. and Mrs. J. W. Hanlan, Mr. and Mrs. Fay Neely, Roy Wagner, Jerry Miller, Neely Harold and Earl Hanlan. After enjoying a most elaborate and delicious prepared dinner a social hour was spent then came the watermelon feast and then the leave taking. Each guest requested to be remembered at the next birthday of the two who have seen sixteen summers.

Portia and Roy Wagner and his old Hanlan account, Meta Wagner to Cary on last Sunday.

Mrs. Frank Shepherd and sons Geo. and Clyde, visited at J. F. Haett's on Sunday last week.

Ben Tait is still improving.

Several parties narrowly escaped death last Monday when a car owned by Elmer Ireland of Dimmitt turned over. These parties had been to Hereford and when returning at a curve in the road started to pass a car driven by Judge Kerr when in passing the car tipped over bruising its occupants up pretty badly. The top being up kept them from being thrown any distance. So far as known none are seriously hurt. The top of the car was badly broken and otherwise damaged.

Little Jimmie Lee Noble has been very sick for the past ten days.

Pefey Shephard is still suffering injuries received last Thursday when his team of six horses ran away with a two row lister. The point of the lister sunk in the sod thereby throwing him off. He was dazed by the fall and unconscious for a time, and can not tell just how the accident really did happen. But a heavy double tree came loose from the plows in some manner and struck one of his horses with such force as to break both hind legs. Frank Shepherd a brother, was in another part of the field and as soon as possible came to the rescue. The horses were all tangled in a frightful manner, two were down and one was so near the one with the broken legs that in floundering was constantly kicking her, thereby injuring her internally so they were obliged

to kill her.

Hazel Hacker visited Monday with Alva Metcalf.

R. S. Neely of Portales and Elsie Smith of the Wyche-Lakeview community were visiting in Parrott Sunday evening.

Mrs. Tom Tait of Dimmitt is visiting friends in San Angelo.

Grover Sanders has bought a place near Jowell Switich and moved his family there last week.

Mrs. Orle Renfro received word last Friday from Colorado that her mother was very low and on Saturday Mr. and Mrs. Renfro and children and Mr. and Mrs. Will Tobb of Tulla left in their cars for Colorado to be at the bed side of the aged mother.

Last Thursday morning after the hard rain Floyd Hacker tried dragging the roads with his body, his feet in the saddle stirrups and using his hands for paddles. However, the stunt didn't prove very successful or the position look so graceful as one might imagine and all that was thrilling about it was the experience and Floyd is not talking much about the incident.

Wyche-Lakeview.

Clint Hicks of Mangum, Okla., and Sam Bridges and children of Paris, Texas, left for their homes Monday after some time in the R. C. Bridges home.

Mrs. Jim Nutter visited with Mrs. Scandy Wednesday afternoon.

Phillip Ector of Mexico, Mo., came in Friday and is visiting in the home of his niece, Mrs. Chas. McNerney.

Mr. and Mrs. Herman Robertson moved to Hereford last Saturday.

J. H. Smith and daughter, Miss Elsie were guests Sunday in the S. E. Brown.

Mrs. J. A. Wear and Miss Lula Wear of Hereford visited several days the first of the week in the L. N. Wolfe home.

Mr. Walter Hurlbut has returned from his visit at Amarillo.

Mrs. Parker of Hereford was visiting at the Askren home.

Mr. Roy Bobford and Eva Rice took dinner Sunday with the latter's sister, Mrs. Hollis Gally and attended Sunday school.

Mr. and Mrs. Wallis have been to Goodnight on a visit.

Rev. Baker and Edgar Norman and Esther Rice took dinner Sunday with Hollis Gally's.

A very inspiring and enjoyable meeting at the close of our Sunday school at the Askren school house on Sunday last. Our former neighbors, Edgar and Norman Rice were with us and it also being Bro. Baker's regular appointment with us. He surprised us and the boys both by asking them to give talks on things pertaining to our future welfare, which they did in a pleasing manner.

The Rice Bros. start this week for Kingfisher, Okla., to attend college.

Tulla Has New Depot.

That Tulla, the capitol of Swisher county, is keeping in line with Panhandle progress and prosperity is evident by the fact that the Santa Fe has recognized the city's need of a new depot and has commenced work on a substantial new concrete building to meet the demands of her passenger and freight traffic.

The Same Old Story.

Under the spreading willow tree, a stubborn auto stands, and Smith, an angry man is he, with trouble on his hands. He gasses softly to himself and crawls beneath the car and wonders why it didn't burst before he got so far. The carburetor seems to be the cause of all the woe; he tightens half a dozen bolts, but still it doesn't go. And then he tries the steering gear, but finds no trouble there, till wet with perspiration he quits in sheer despair. He squats beside the road to give his brain a chance to cool, and ponder on his training in the correspondence school; and then he starts the job once more, until by chance it's seen, the cause of all the trouble is, he's out of gasoline—Ex.

MORE MEN THAN WOMEN HAVE APPENDICITIS

Surgeons state men are slightly more subject to appendicitis than women. Hereford people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-ka often relieve or prevent appendicitis. This mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. The INSTANT easy action of Adler-ka is surprising. To Amarillo.

Mr. and Mrs. Paul Barnett, returned from Amarillo Friday and packed their household goods for immediate shipment to Amarillo where they have now gone to make their home.

Mr. Barnett, who has been with Blackburn Bros. recently has accepted a position as bookkeeper for the Amarillo Steam Laundry. People generally will regret to lose Mr. and Mrs. Barnett but will wish them prosperity in their new home.

Rivers of Gasoline.
We will consume in this country, this year, almost 2,000,000,000 gallons of gasoline, which is the equivalent of a stream six feet wide and one foot deep flowing at the rate of one mile an hour. Five years ago gasoline retailed at 35 cents in England and from 40 to 70 cents on the Continent, and there are those who even predict 40-cent gasoline here some day. Recent improvements in refining have considerably increased the percentage of gasoline extracted and inventors are confident of perfecting carburetors which will use kerosene; but for the present we are confronted with a decrease in the gasoline contents of the older oil wells and an insufficient capacity in the refining plants. Our exports, however, of gasoline in 1915 were considerably less than in 1914 although more crude oil was sent abroad. There is also a strong probability that with the reconstruction and resumption of business abroad at the close of the war, consumption there will be much greater than now. Horses will be scarce and time will be everything and the motor car and truck will receive a great impetus. Just how

long the present oil wells will continue to produce, or when and where new oil fields will be discovered no one can say with certainty. Before that day arrives, however, it is fair to expect that chemists will have found some substitute, or inventors a method of making one gallon do the work of more.—H. H. Windsor, in the September Popular Mechanics Magazine.

Rev. R. E. L. Farmer Entertains.
Rev. R. E. L. Farmer, president of Wayland College at Plaluvieu attended the Baptist Association which met at Kress last week. Thursday he invited delegates and visitors to the Association to a 6 o'clock dinner, given in the dining hall at Wayland College. Those who accepted his hospitality and partook of the feast have nothing but words of praise for his kindness. They speak of the improvements and of the great future before Wayland. Rev. Farmer is considered the right man in the right place, and with him at the head of this institution there will be nothing to hinder its onward progress.

The ladies from Tulsa who had the pleasure of accepting Rev. Farmer's invitation were, Mesdames McFarling, Pierson, Ramsey, LaPrade and Miss Louise McFarling.—Tulsa Herald.

CALOMEL IS MERCURY! IT SICKENS!
ACTS ON LIVER LIKE DYNAMITE

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful tonight and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless, doesn't gripe and they like its pleasant taste.

SOCIETY AND CLUBS

Master Te Aubrey Cox was the inspiration of the following verses whose sweetness and pathos will bring to mind many another "little yellow cart" whose driver busied now with the larger things of life, has left with his neglected toys an ache and longing in hearts whose dearest treasures are bitter-sweet memories. Te Aubrey spent last winter in the home of his aunt, Mrs. H. J. Kerr, of Granberry, who is the author of the little poem.

The Little Yellow Cart:

(Written for a little boy by his aunt).
There stand upon the mantle, in my snug morning room,
A donkey and his little red-wheeled cart;
And the donkey, all expectant, stands with one foot lifted—so,
Just waiting for the driver's word to start.
As I gently dust the cobwebs from the empty yellow van,
An eager longing fills my lonely heart
To see the cherished features of the happy little man
Who owned the donkey and his little cart.
I know he's growing older, leaving off his games and toys,
And my arms can not detain him any more.

For the wide world beckons to him, with its lure of greater joys
Than the childish things upon the sunlit floor.
Yet the light grows gray about me, and the air seems sudden chill,
And I lean upon the mantle in despair;
For I need his soothing presence and his joyous laughter still,
And I've nothing but the donkey standing there.

On Friday afternoon at the home of Mrs. C. C. Ferguson the friends of Mrs. J. A. Fox gathered to greet and say goodbye to this friend whose leaving Hereford is a source of such sincere regret.

In recognition of the faithful service of Mrs. Fox along all lines of church work, the hostesses for the afternoon consisted of representatives from the various churches of town. They were: Mesdames, R. N. Mounts, H. B. Stevens, Chas. Donald, D. C. Laird, B. S. Arnold, H. L. Broadwell, Ray Barber, A. C. Elliott, H. C. Myrick and Mrs. Ferguson.

Music especially appropriate to the occasion rendered by close friends of the honoree with toasts expressing the esteem and good wishes for her, constituted a pleasing program.

Ench was served by Mrs. Ray Barber and Mrs. Mounts had charge of the guest book. An ice course also was served.

Mr. H. L. Connell of Independence, Kansas, was in Hereford yesterday on business.

Miss Doris Bowers was hostess on Monday to a party of young people invited to meet her cousin, Miss Gladys Hott, of St. Joe, Texas. Cut glass vases of American Beauty roses furnished the decorations.

Tables placed for forty-two were occupied by ten couples. Punch, served in the reception hall and an ice course at the close of the games, were pleasant features of a most enjoyable evening.

One of the prettiest and pleasantest among the children's parties of the week was given on Saturday by Mrs. H. G. Conkright to celebrate the fifth birthday of her little daughter Ruth. Both indoor and outdoor games had

been provided, a "fish pond" proving especially delightful. Ice cream and cake were served to about twenty-three guests, Hazel and Ma'el McQueen assisted Mrs. Conkright in entertaining.

The marriage of Mr. Frank Jacobs of Black will be of interest to many Hereford friends. Mr. Jacobs is a prominent young farmer of the progressive type, who uses his education and general intelligence in up-to-date farm methods. He is one of the rising young men of the county and his many friends will extend heartiest congratulations and give to his bride a warm welcome.

We clip the following from the *Celina Standard*, the paper published in the bride's home town:
"The marriage of Miss Nina Cowan and Frank Jacobs at St. Paul parsonage Saturday evening at six o'clock was the culmination of a romance between the happy pair that dated back to their school days in the Celina High school.

The happy groom who was a graduate of the class of 1899, went to the southwest and after teaching school settled on a ranch with his father at Black, Texas. His pretty girl-sweetheart remained in Celina and following her work in the telephone exchange was most happily and efficiently connected with the *Daily Standard* as news gatherer, a place of trust and confidence which she filled for almost two years. A correspondence was maintained and a few weeks ago Mr. Jacobs joined her while at her sisters in Effingham where he persuaded her that a marriage in the near future was imperative to his happiness.

When Miss Cowan came back from Effingham, Mr. Jacobs accompanied her and Prof. and Mrs. Quillin on the motor trip to Celina. Their marriage service was read at St. Paul's parsonage, Saturday evening at six o'clock, the bride's pastor, Dr. W. W. Lance, officiating with the ring ceremony. The bride wore a handsome suit of Copenhagen blue with a black tailored hat. C. A. Stubbs and Miss Lulu Orr both former schoolmates witnessed the ceremony and then motored with Mr. and Mrs. Jacobs to the country home of Mr. and Mrs. Charles Hamline of Hopewell, where a wedding supper awaited them prepared by Mrs. Hamline the bride's sister. Mr. and Mrs. Jacobs remained at the Hamline home to do their final packing before starting on their journey to Texas, on Tuesday, broken by stops at Orlong and Effingham, Ill., and also a visit at Kansas City with Mrs. Mary Cutter, an aunt of the groom.

For the present they will live on the Jacobs ranch near Black, Texas. Best wishes go with the happy pair. Mrs. Jacobs is a young woman of extreme loveliness of disposition and nobility of character. Orphaned at an early age she has virtually made her own way in life and she is held in great esteem by a large circle of warm friends and well wishers who know her to be deserving of all possible happiness and well fitted to adorn and make happy the home of her manly, deserving and ambitious young husband."—*Celina (Ohio) Standard*.

Buys Home.

Ed Connell, the hustling land man, has purchased the Reece Hough property near the high school building and will occupy it about the first of October. Mr. Hough contemplates building in the near future.

Moved to Hereford.

Mr. C. Green and family of Dimmitt have moved to Hereford and are at home now in the north part of town near the H. L. Rice residence.

J. A. Fox and Family Go to Waxahatchee
On Monday, Mr. J. A. Fox and family left Hereford in their car for Waxahatchee where they will make their home temporarily at least.

They go with a view of keeping the family together during the high school and college course of the children. Waxahatchee is the seat of Trinity College where Mr. Gilbert Fox was a student last year and where later Misses Ruth and Esther may become students.

Mr. Fox has retained his residence property and his other large interests here and will still be claimed by Hereford as one of her good citizens.

The absence of this worthy family even for a few years is deplored by their friends which term includes the entire citizenship of Hereford. They have been closely connected with the educational, social and commercial life of the town from an early day and will be missed in many circles. To serve the best interests of the town and community has constituted their own highest interest and their going away is a source of genuine regret. They take with them to their new home the very best wishes of all Hereford.

Card of Thanks.

The Women's Missionary Society of the M. E. Church desires to publicly thank the Corner Drug Store and all others who were instrumental in helping them win the \$30 in the recent voting contest.

Mr. Schellenberg is the third farmer to come from California to Littlefield recently. G. C. Wiebe has just moved in with his family from Canada and reports some six other families from there who will reach here within the next sixty days. New families are moving in almost weekly and this community is enjoying a substantial steady growth.

A splendid rain fell here today, the second recently. Crops are very promising, many farmers having as good a chance for feed crops as last year. A very large average will be planted in wheat this fall.

Special Prize by P. & O. Plow Co.

In Class No. 32 of the premium list of the Panhandle State Fair for the best individual exhibit of farm products premiums of \$20.00 and \$10.00 are offered by the Fair Association. In addition to these, the Parlin & Orendorf Plow Co. offers a special prize of a \$25 cultivator to the winner of the first premium. This is an attractive prize and should stimulate competition in Class No. 32.

Great Attendance Promised.

At this writing, two weeks before the opening of the Panhandle State Fair, reports from workers in the field and the correspondence in the offices of the Fair Association point to an unprecedented attendance at the fair, large numbers of exhibits and a great success for the fourth annual exhibit of this asso-

Announcing Ready
—The Style Show

The New Fall Fashions for women's wear—autumn and winter, 1916-17—are now ready in the Annex.

This is the greatest assemblage of new styles we have ever had, and women throughout the Panhandle will be interested in knowing that the same high standards which have made the annex the wonder of the ready-to-wear trade, have been maintained—and to maintain standards this season has meant a terrific battle with almost numberless difficulties which these unusual times have thrown in our path. Our facilities for serving our patrons' best interests are equaled by very few stores, and a view of the annex shown in the annex will quickly convince you of the superiority of the annex as a style mart.

The Fine Fabrics, Fine Tailoring, the rich trimmings, the grace and refinement of line in the styles shown—these speak volumes to women of taste and refinement

When you come to Amarillo—when you see the Panhandle State Fair, see, also, the new fashions in the annex.

- The new suits and dresses
- The new coats
- The new skirts
- The new shirt waists
- The pretty new millinery

You are welcome to come and see all these new and pretty fashions—to examine them—to try them on and study their lines—beauty—quality, and note the prices. Visit the annex.

THE PLACE TO BUY SHOES

The fair management expresses the opinion that much of the present prospects for success is due to the unusual concessions made by the railroads and the interest taken by the press of the territory in giving all possible publicity to the enterprise. Announcement has been made by the Quanah, Acme

and Pacific Ry., that they will authorize reduced rates from points on their line for this occasion. It is also expected that the Orient will do likewise. This is in addition to the reduced rates by the Amarillo lines.

A good entertainment, reasonably priced, Roy E. Fox Shows.

\$100,000 TO LOAN

On farms or ranches in Deaf Smith, Castro and Farmer Counties. Long time, cheap rates, no inspection expense, no delays.
