## Cattle Clatter

Bob McMurtry, of the Tule outfit, was here Monday.

Joe Horn took out a train of the John Slaughter cattle Saturday to Wyoming pastures.

W. C. Silvey sold to Brewster, of Wyoming, 108 yearling steers at \$19. Dr. Cooke also put in a few head at same price.

Jeff Campbell, of the JJ ranch, was down from Claude Monday and paid us a pleasant call. He reports cattle interests in fine shape generally.

C. E. Jowell returned from a trip with cattle to South Dakota Monday. He reports the Kansas floods very severe and crops ruined in places and badly damaged everywhere. The corn crop will be almost an entire failure.

Inspector Pyle was over at Canyon the first of the week. Two trains of big steers belonging to Frank Collinson, C. J. Parke and John Molesworth were shipped to Sitka, Kas., the purchaser being a Mr. McCampbell. Mr. Pyle says cattle are looking fine on the plains.

Forty-five thousand men, employees of the different packing houses at Chicago, Kansas City, Omaha, St. Joseph, Fort Worth, St. Paul, St. Louis and Sioux City, are out on a strike and many plants are closed down. At Fort Worth everything is at a standstill. The strike was ordered by the Butcher Workmen Union.

### Ice Factory.

Work has been pushed on the ice factory of the Cold Storage Power Co. this week and the preliminary run was made last night. Today they are making ice and it will be only a few days now until Clarendon people will be using the home-made product. The new machinery is of the latest and best pattern and has been set up by an expert, and Clarendon can boast of as complete a 5-ton plant as there is in Texas.

Mrs. Bryer, the wonderful spirit medium, is in the city. Any one wishing to consult her as to past, present or future will call at Mrs. Blake's.

### The Precinct Convention.

The democratic precinct convention for Clarendon precinct was called to order by Chairman F. D. Martin at 2:30 p. m. last Saturday at the opera house. The attendance was not heavy, but some of the participants made speeches heavy enough to balance up for the numerous absentees.

W. H. Cooke, A. T. Cole and A. J. Barnett were appointed to name delegates to the county convention. The precinct has 23 votes and the following 22 delegates were selected by the committee:

V K Wedgworth, A M Beville, A T Cole, A J Barnett, J B McClelland, R F Wood, E E McGee, Jas Trent, B E Drake, F D Martin, D E Posey, J H Hall, W B Ware, J E Cooke, D L McClelland, J A Barnett, C P Baker, W H Meador, T M Pyle, W F White, J G Mart, J W. Kenedy, H J Stockett.

Moved by W. H. Cooke that delegates be instructed to vote for John W. Robbins for state treasurer. Moved by A. T. Cole that the name of Sterling P. Strong be substituted for that of Mr. Robbins. After considerable wind jamming a rising vote resulted in favor of Robbins.

J. W. Stephens and Lee Blanchett for comptroller were the next candidates to occupy the time of the convention. Then the wind jamming began in earnest. Cole opened up his battery of 6-inch guns in favor of Blanchette. Beville, Cooke et al., replied with Stephens grape and cannister, while Capt. Barnett dug up his old '61 musket and fired a few shots where they would do the most good for the Beaumont man. Judge Morgan stood it as long as he could then unlimbered a 22-calibre pop-gun and moved that previous motions be tabled; carried. He then moved that delegates be sent uninstructed which also carried and the crowd melted into an adjournment after electing F. D. Martin precinct chairman for the next two years.

R. A. Preston went out to A. B. Gardenhire's Gray county ranch yesterday to do a big job of plumbing work. Dick has one of the best improved places in the Panhandle and is constantly adding to its conveniences.

**Cured of Chronic Diarrhoea After Ten Years of Suffering.**

I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burgo, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by H. D. Ramsey.

**Valuable Animal Dead.**

Roswell, N. M., July 9.—Sir Bredwell, the \$8,000 thoroughbred bull, died this morning at the Slaughter Hereford home near this city after an illness of one week.

The bull took first prize at the Omaha Exposition in 1893 and was purchased at that time by George M. Slaughter for \$5,000. Recently Mr. Slaughter refused an offer of \$7,500 for the animal. His register number was 63635 and his weight 2,600 pounds. There was not any life insurance on the animal. Sir Bredwell was bred in Chillicothe, Mo., by T. F. B. Sotham, and his sire was Corrector. He was born March 4, 1895. The head and horns will be sent to Dallas and will be placed in the office of Col. C. C. Slaughter. The balance of the remains will be buried at the Slaughter Hereford home and a marble monument will be erected to his memory.

The pleasant purgative effect of these Tablets makes them a favorite with ladies everywhere. For sale by H. P. Ramsey.

**Learned His Business Here.**

Prince Michael Hilkooff, imperial commissioner of the ways of communication in the service of the czar, learned the railroad business in Quaker Wainwright's shop at Philadelphia forty years ago. He assumed the name of Magill, and with his wife lived at a cheap boarding house as a common laboring man. He remained with Wainwright for nearly five years, and did so well that he was steadily promoted. When he returned to Russia he knew the railway business "from the bottom up," and this practical knowledge, together with his family prestige, soon advanced him to the position he now holds.

**The Umbrella Tree.**

The umbrella tree is found in Ceylon in greater profusion than anywhere else in the world. As a matter of scientific fact, these trees grow to their greatest height and attain their greatest size in very wet, rainy countries. This growth frequently is due to the fact that the tree requires a great deal of moisture, and not because it is needed to keep off the rain. The tree forms so complete an umbrella that a number of persons might take shelter under its spreading branches. The foliage is, as a rule, so thick that it serves to keep off the rain almost perfectly even in a heavy downpour.

Japan's distinguished sociologist, Sen Joseph Katayama, laid the foundation for his great labors in behalf of humanity for Iowa and imbibed the first principles of his altruistic views at the feet of Professor Parker at Iowa college at Grinnell. The young Japanese left Iowa college as a graduate with the class of 1892. He is now the head of the most noted social settlement in Japan—Kingsley Hall, Tokio, which he founded—and he is recognized as one of the leading sociological workers of the world. This noted Japanese has had an interesting career that reads much like a romance. He was born of a peasant family in Japan and his education was obtained by his own efforts against overwhelming odds.

**Again Advance Prices.**

Kansas City packers again advanced the wholesale price of both beef and pork Friday. Fresh loins and ribs advanced another cent, making a 2-cent rise in less than two weeks. No. 1 loins now cost 16 cents a pound to the retailers, instead of 15 cents, and ribs of beef 14 cents instead of 13 cents. The price for whole carcasses is being pushed up cautiously, for fear, perhaps, that the straining point will be reached. Only one-fourth cent was added Friday, or an advance equaling that made last week. Dealers are obliged to pay 9 cents a pound for fresh beef such as cost 8 1-2 cents a pound two weeks ago. Chuck steak has advanced one-half cent and now costs 7 1-2 cents a pound in a wholesale way.

Dealers admit that there is some justification for the advance in the price of the best grades of beef because of the usual scarcity of cornfed cattle at this time of the year. Whether or not the packers are taking advantage of natural conditions in excusing themselves for asking "flood" prices for beef now is another question. The fact remains, however, that the lack of competition is always apparent and that the different packers display no activity in attempting to secure patrons. What one does not sell another will and the price is the same in all cases.

Dealers say that there is no special reason for an advance in pork at this time. The daily supply appears adequate to all requirements. Prices for live hogs have not advanced materially.

Rising high prices for meats has cut down the consumption in a remarkable degree. One dealer said his business had fallen off 20 per cent within the last month. Similar reports are made everywhere.

"When the price gets so high many persons can not afford to eat meat more than once a day," said a dealer. "With so many fresh fruits, berries and vegetables in market many housewives manage to get along with very little meat. Then, too, many housewives are buying eggs in place of meat."—Kansas City Star.

**Indigestion.**

With its companions, heart burn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, salivary skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. **She Remained a Bird.**

Mrs. Elizabeth Martin started early in life to feather her nest well, and has always had her eye on the main chance. She began life as Elizabeth Bird, of Harrison county, near Paris, Ky. Her first venture outside the home nest was when she married Bud Martin. When Mr. Martin died she married Edward Crow, a farmer. When the time came to change nests she allied herself with William Robbin, and lived happy until the matrimonial season for Mrs. Robbin again rolled around. Then David Buzzard, a widower, more attractive personally and socially than his name would indicate, appeared, and Mrs. Robbin became Mrs. Buzzard. Into the Buzzard roost Mrs. Buzzard carried one little Martin, two little Crows and one Robbin. One little Buzzard was already there to welcome the other birds.—Exchange.

W. B. Ware went over to Wellington Monday. He says he has his race for re-election to the legislature well in hand, and has no doubt of succeeding himself. He has a pretty good record and is by odds better than many men who might be selected to represent that district.—Ball County Herald.

**Safeguard the Children.**

Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of the summer months in large cities. There is not probably one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by H. D. Ramsey.

SUBSCRIPTION PER YEAR, \$1.00

Entered at the postoffice at Clarendon, Texas, second-class matter.

PUBLISHED EVERY FRIDAY.

Wm. H. Cooke & Son, Proprietors.  
John E. Cooke, Editor and Publisher.

THE county democratic convention will be held at the court house tomorrow at 1:30 p. m.

We have received numbers one and two of the Amarillo Herald. No. 1 was good; No. 2 is better, and is the best paper from a news point of view ever printed in Amarillo.

TEXAS primaries of last Saturday show that the following State officers are elected: Lanham, governor; Neal, lieutenant governor; Davidson, attorney general; Stephens, comptroller; Cousins, superintendent public instruction; Robbins, treasurer.

We call attention to the proposed amendments to the state constitution to be voted on at the November election. These amendments are published as state advertising matter and will be found on another page of this issue. In order to vote intelligently on these amendments every voter should peruse them carefully.

HON. W. B. Ware attended the precinct convention at Amarillo last Saturday. He received the instruction of that county, and, so far as heard, of every other county in the district except Deaf Smith. Mr. Ware is assured of succeeding himself to the legislature and has the satisfaction of knowing that he has made a clean race, strictly on his merits and not on the demerits of his opponent.

OSWALD WILSON'S cotton report concerning the Panhandle has been extensively distributed in pamphlet form by the Denver Road. It is one of the best pieces of advertising ever sent out for the Panhandle country. The Denver officials can be relied upon to do their part in advertising this country and never lose a good opportunity to apprise the world of our advantages as a farming country. Mr. Wilson's report was printed in these columns several weeks ago. It mentioned Donley county most favorably.

We have received a lengthy circular from W. F. Storley, general freight agent of the Denver, giving some results of the tree planting campaign started by the Denver Road with the assistance of government experts. The testimonials show that good success has been met with by nearly all who planted, and indicates that heavy planting of forest trees will be indulged in next spring. The J. A.

ranch and S. B. Burnett's Dickson Creek ranch will be among the heaviest planters. Every farmer in the Panhandle should not fail to set out a locust grove.

There will be a mass meeting of the citizens of Giles at the school house Saturday at 3 p. m., for the purpose of getting up some resolution touching on public roads, ex officio salaries and bonds, etc.

**Night Was Her Terror**

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure coughs, colics, in grippe, bronchitis and all throat and lung troubles. Price 50c and \$1.00. Trial bottles free at H. D. Ramsey's drug store.

The fresh paint crusade has spread until nearly every business house in town has received its share. The appearance of the town has been greatly changed thereby.

## GRAND JURY REPORTS.

Seven Bills for Misdemeanors, One  
 for Felony—Jury Discharged.

Following is the text of the Don-  
 ley county grand jury's report to  
 July term district court:

To Hon. Ira Webster, Judge  
 47th Judicial District of Texas:

We, the grand jury, empanel-  
 ed at the July term, 1904, of the  
 district court of Donley county,  
 herewith submit this, our final  
 report:

We have carefully inquired into  
 and investigated violations of the  
 criminal laws of Texas committed  
 in Donley county and have re-  
 turned into open court seven in-  
 dictments for misdemeanors and  
 one for felony.

We have inspected the public  
 buildings and premises and find  
 all kept in a reasonably good con-  
 dition of repair, except that we  
 respectfully recommend that the  
 commissioners court inspect the  
 roof of the court house to cause  
 any needed repairs to be made  
 that may be necessary on ac-  
 count of late hail storm.

We have found, upon investi-  
 gation that there have been num-  
 erous cases of malicious mischief  
 committed in the town of Claren-  
 don, such as breaking out win-  
 dows, turning out water, etc.,  
 and also petty theft. But in no  
 case have we found sufficient evi-  
 dence upon which to find indict-  
 ments. We trust however, future  
 grand juries of the county will  
 not find such misdemeanors as  
 prevalently committed.

We find the local option law  
 and the gaming laws vigilantly  
 enforced by the peace officers  
 and we desire to compliment  
 them for it.

We have caused an examina-  
 tion of the books of the county  
 officers to be made by a com-  
 mittee of three appointed by the  
 jury from our number and they  
 report them all regularly kept.

The jury desires to express  
 thanks to the district judge and  
 the district attorney and county  
 attorney for aid to us in our  
 labor.

Having finished our work as a  
 grand jury we respectfully ask  
 to be discharged.

W. F. WHITE,  
 Foreman Grand Jury.  
 Clarendon, Texas,  
 July 9, 1904.

### A Business Proposition.

I will trade for your city prop-  
 erty or farm lands or will employ  
 you on a good salary. Address  
 me and I will call.

F. M. JOSLIN,  
 Clarendon, Texas.

D. C. Priddy, of the Priddy-  
 Reeves Realty Co., attended the  
 Farmers' Congress at College  
 Station on the 5th and 6th inst.  
 He reports having met 1500 farm-  
 ers there, to many of whom he  
 had the opportunity of speaking  
 a good word about the Panhandle  
 and Donley county. He dis-  
 tributed much good literature  
 and expects his trip to yield good  
 results.

The Meador Grocer Co. this  
 week purchased the grocery  
 stock of Moland & Co., except  
 the broken cases and odd lots.  
 This puts Messrs. Moland & Co.  
 out of business as Mr. Powell,  
 the purchaser of their dry goods  
 stock, is here and invoicing is  
 under way.

All parties going to the Baptist  
 Association at Hereford Wednes-  
 day morning will make ample  
 connection at Amarillo with the  
 Pecos Valley train. The fare is  
 one and one-third for round trip.

Russia's Purse.

In the Monthly Review of Maurice A. Gersthwohl, a competent authority, analyzes Russia's financial resources. At the beginning of the year Russia had at its disposal the round sum of \$200,000,000, with a possible reserve of \$5,000,000 more. From this total \$75,000,000 must be deducted to meet the gold charges on the external debt for one year. The cost of supporting the Russian army in Manchuria may be reckoned on the basis of Russia's expenditures in China in 1900. That campaign cost Russia 61,000,000 roubles (about \$30,050,000). The Russian forces in Manchuria and Pechili at that time amounted roughly to 100,000 men. "If, then, today," says Mr. Gersthwohl, "Russia sends to the front 400,000, with the periodic drafts to fill up the gaps, we may multiply the previous bill by 4-1/2, making 270,000,000 roubles a year (about \$130,000,000)." By this reckoning Gersthwohl estimates that Russia has now enough funds for an eighteen months' campaign. In the meantime she can begin to borrow.

Doing Their Best.

War correspondents in the Far East are not allowed to accompany either of the rival armies, but they are doing what they can to earn their salaries nevertheless. One of them gravely tells the readers of his London paper that Chemulpo, the Korean city, got its name from James Murphy, an Irishman who was wrecked in that country years ago and subsequently rose to distinction there. He was known as Jim Murphy but the nearest a Korean could come to pronouncing it was Chem Mulphy, which eventually assumed its present shape, the town being named after him. Another Milesian gentleman who flourished in the Orient some time ago was Patsy Casey. He came to be known as Katsak Kasi.

MRS. CECELIA STOWE, Orator, Entre Nous Club.

175 Warren Avenue, CHICAGO, ILL., Oct. 22, 1902. For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt disheartened as well as I, for home with a sick woman is a desolate place at best. A friendly druggist advised him to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

Cecelia Stowe

Mrs. Stowe's letter shows every woman how a home is saddened by female weakness and how completely Wine of Cardui cures that sickness and brings health and happiness again. Do not go on suffering. Go to your druggist today and secure a \$1.00 bottle of Wine of Cardui.

"Pike's Peck" and "Peek's Pike."

First Lieutenant Rudolph E. Sniper, of the Fourteenth cavalry, is believed to be the youngest commissioned officer in the United States army. He was born December 5, 1882. The tallest officer is Lieutenant Earnest D. Peek, first lieutenant, corps of engineers, a native of Wisconsin. Lieutenant Peek stands 6 feet 4 1/2 inches, and was a star graduate at West Point, where the other boys used to call him "Pike's Peck." He has given especial attention to road construction, and soon after his graduation supervised the building of a military road which is now known as "Peek's Pike."

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c, \$1.00. Sold by H. D. Ramsey.

School for Locomotive Drivers.

Another step in the direction of technical education has been made in the establishment of a school for locomotive driver apprentices. The initiative was taken by the Locomotive Drivers' Association of Saxony, which succeeded in interesting the members of the Dresden city council in the scheme, as well as the directors of the technical school and the administration of the Royal state railroads. The school is for apprentices between 25 and 30 years of age who are employed in the Dresden car shops. Among the subjects taught are German, arithmetic, graphics and the mechanism of locomotives.

KANSAS CITY MARKET REPORT

Special to BANNER-STOCKMAN.

Kansas City, Mo., July 6.

The cattle market opened up after the holiday, the 4th, strong, but before the day ended sales were barely steady. Heavy rains and inability of railroads leading in Central Kansas territory to handle any considerable quantities of stock, were down to the level of a few hundred head. The market was very quiet and the few sales were made at a price of \$10.00 to \$11.00 per head. The market was very quiet and the few sales were made at a price of \$10.00 to \$11.00 per head.

## To Donley County Voters:

I hear that some designing person or persons have circulated the false report in the country that I, as city marshal, arrest country boys almost without cause, and do not arrest town boys for similar crimes. Of course this is done to prejudice country voters. I am glad to say, for the credit of Donley county boys, that of the many arrests made by me there have been but two from the country and they promptly plead guilty. The intelligence of the country voters of Donley county is too great to be prejudiced by such unwarranted reports and which are based wholly upon untruths. I play no favorites but treat all alike and do my best to faithfully enforce the law. Again, in town it is said that I hold up town boys and search them for pistols without cause. *Innocent people do not fear the law.* But the reckless habit of boys gathering over in negro town after dark and shooting up the town is about a thing of the past and the would-be "bad men from bitter creek" and the report of his pistol no more reminds the peaceful citizen that we are in the "wild and woolly west." If you hear any howl investigate the cause. If you hear any criticism or "fish stories" investigate them. My record as city marshal, my personal character and life are an open book and I invite the fullest investigation of them all.

As city marshal I have never hesitated when state law were violated and against which the city had no ordinance—to lodge complaints in the state courts, although I never got a cent from it, even where convictions were made, and have expended both time and money to get the proper evidence before the court to make convictions, especially for violations of the local option law.

I have never received any salary except fees in cases of conviction until the past eight months the city has paid \$10 per month for my attention to city affairs.

I make my race upon my own merits as an officer and citizen and ask that you investigate both fully.

Very respectfully,

J. T. PAYMAN,

Candidate for Sheriff and Tax Collector.

### Passing of Mrs. Samuel H. Stout.

Martha Moore Abernathy Stout was born in Giles county, Tenn., Jan. 10, 1831, married Samuel H. Stout April 5, 1848, died in Clarendon, Donley county, Texas, Sunday July 10, 1904, at 5:50 p. m. Buried in Dallas, Texas, July 12, 1904, at the site of her beloved husband. For over 55 years they had shared with each other their joys and sorrows. When Dr. Stout died, Sept. 18, 1893, the parting nearly broke her heart, but with christian fortitude she awaited her summons to the other side, where she is again re-united to him she loved so well. When a mere child she united with the Methodist church. Owing to bad health and inability to attend church she never removed her membership from the Trinity Methodist church of Atlanta, Ga. Loved by all who knew her, she has gone to her rest. Her favorite chapter in the Bible was I Corinthians, 13 chapter, and how nearly she lived up to this all who knew her can testify.

Earth seems to be poorer, but heaven is richer when God's saints go home. The priceless legacy of their holy lives remains to stimulate the perseverance of the earthly pilgrims who are still marching on to that better country.

The Panhandle Medical Association was to meet in Amarillo Tuesday and Wednesday of this week. Clarendon was represented on the program by Drs. Stocking, Wion, White, Carroll and Gray, each of whom were down for papers on important subjects.

### Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Goloback, of Colusa, Calif., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for liver and kidney troubles and general debility. Only 50c. Satisfaction guaranteed by H. D. Ramsey, druggist.

Mrs. Stout died Sunday evening after a lingering illness. The remains were shipped to Dallas for interment by the side of her husband.

Monday and Tuesday, especially Monday, were the hottest days of the season. It don't often get hot enough to kick about in this country, but several vigorous kicks were registered Monday.

R. W. Talley returned Saturday on a visit to his old home in Tennessee. He reports a very pleasant trip but says the country looks much changed since he left there 11 years ago. Seems as if it had "wunk up." But Tennessee is just the same, and the bread prairies of Texas to which Mr. Talley's eyes have become accustomed are responsible for the seeming crowded condition in his former home.

J. O. Ibea, of Giles, was here yesterday with a load of garden produce, chickens, butter and eggs.

A. B. Gardenhire, the irrepresible, only Dick, was here this week from Gray.
